

LANDSCAPE STUDIES MINOR

for the Undergraduate Minor in Landscape Studies

Students who pursue a Minor in Landscape Studies develop a comprehensive understanding of landscape and landscape design that can enhance their major field of study.

Study of landscape is valuable in many related fields, such as architecture, art, engineering, geography, sustainability studies, and urban planning. Our Minor in Landscape Studies enables undergraduate students from disciplines across campus to gain knowledge of the ecological, historical, social, and cultural factors that have shaped contemporary understandings of landscape from local to global scales.

Admission to the minor

University of Illinois students with a minimum GPA of 2.0 and completion of the campus Composition I and Quantitative Reasoning I requirements are eligible for admission. Applicants from other institutions must have a minimum GPA of 2.5. Students must declare their intentions and be admitted to the program by the Academic Affairs Coordinator in the Department of Landscape Architecture (ladept@illinois.edu).

Prerequisites

Students must comply with any prerequisite requirements of courses to be taken under this program.

Advising

Advising of students in the minor will be conducted by the Academic Affairs Coordinator in the Department of Landscape Architecture.

Certification of Successful Completion

Completion of the Minor in Landscape Studies will be certified by the student's home college office.

for the Undergraduate Minor in Landscape Studies

Code	Title	Hours
Required introductory course		
LA 101	Introduction to Landscape Arch	2
Select a minimum of 15 hours from the following course list:
