proverbs, customs, rituals and performances. Students will be asked
to develop and use a variety of cultural description and documentation
skills. The goal is to give students a strong sense of variety, persistence,
and flexibility of traditional culture as it lives in the present, and practice
in recording it, writing about it, and analyzing it.

CMN 368  Sexual Communication  credit: 3 Hours.
Describes sex as a fundamental activity in the development and
maintenance of human relationships. Communication about sex
happens in a variety of interpersonal, group, organizational, and mediated
contexts. Explores the many ways in which sexual communication
intersects our personal, relational, cultural, and institutional norms and
values. Topics will include social norms about sexual communication,
sexual harassment, family communication about sex, sexual health
education, doctor-patient communication about sex, and sex in the media
and in advertising. Theory and research on communication processes will
be used to elaborate how talk about sex can achieve multiple goals.

CMN 370  Political Economy of Communication  credit: 3 Hours.
Addresses significant contemporary social issues from the perspective of
the political economy of communication. Issues may include, but are not
limited to, the influence of money on political communication, the role of
the media in American attitudes toward racial inequalities, or the politics
of science reporting. This course will feature a number of recent books
on social problems in the United States that have a communication twist.
Class-time will be focused on discussing the books. Prerequisite: Junior
or senior standing required.

CMN 375  Popular Media and Culture  credit: 3 Hours.
Using the critical lens of theories on race, class, gender, and sexuality,
this class will investigate the complicated relations among popular media
and culture, including how our everyday life and attitudes are thought to
be shaped by the media, and how cultural systems can be said to inform
the media. By exploring a wide range of media (e.g., film, television,
music, the internet, and computer games), students will investigate the
national, political, and personal dimensions of popular media and the
varied ways in which media construct, reflect and intersect with specific
cultural systems, identities, and classifications. May be repeated in
separate terms to a maximum of 6 hours.

CMN 377  Propaganda and Modern Society  credit: 3 Hours.
Traces the social, economic, and political underpinnings of propaganda
and public relations. Examines the rise of corporate propaganda in the
early 20th century and explores how these strategies were adapted by
a wide range of social and political actors. The second part of the
course discusses the above issues from contemporary perspectives.
The role of WWI, WWII, and the more recent Iraqi war, in solidifying the
role of government and commercial propaganda in society and the
frequently blurry distinctions between government propaganda and
commercial public relations will also be discussed. The relationship
between propaganda, PR and the mass media will constitute a constant
site of inquiry. This course focuses on theory, especially critical theory.

CMN 390  Individual Study  credit: 1 to 3 Hours.
Individual investigation of special problems. May be repeated to a
maximum of 6 hours. Prerequisite: Twelve hours of communication
coursework; a grade-point average of 3.25; and consent of head of
department.

CMN 396  Special Topics in Comm  credit: 3 Hours.
Special topics in communication not treated in regularly scheduled
courses. See Class Schedule for current topics. May be repeated as
topics vary.

CMN 410  Workplace Comm Technology  credit: 3 or 4 Hours.
Focuses on how communication technologies shape the creation,
content, and flow of information within and between organizations.
Special attention will be given to the characteristics of the technology;
social and organizational practices; economic considerations; and policy
issues. 3 undergraduate hours. 4 graduate hours.

CMN 411  Organizational Comm Assessment  credit: 3 or 4 Hours.
Organizational communication theory applied to the assessment of
communication practices in organizations; systematic procedures
diagnosing communication problems and facilitating effective
communication in organizations. Extensive use of case studies. 3
undergraduate hours. 4 graduate hours. Prerequisite: CMN 212.

CMN 412  Adv Organizational Comm  credit: 3 or 4 Hours.
Advanced study of theory and research in organizational communication;
considers such topics as communication networks, superior-subordinate
communications, task-related and social information processing, and
communicating with the external environment. 3 undergraduate hours. 4
graduate hours. Prerequisite: CMN 212.

CMN 415  Classical Rhetorics  credit: 3 or 4 Hours.
Survey of the contributions to the theory and practice of rhetoric from
Homer to the Renaissance. Same as CLCV 415 and MDVL 415. 3
undergraduate hours. 4 graduate hours.

CMN 416  Early Modern Rhetorics  credit: 3 or 4 Hours.
Significant developments in European rhetorical theory from 1500 to the
20th Century. 3 undergraduate hours. 4 graduate hours.

CMN 417  Contemporary Rhetorics  credit: 3 or 4 Hours.
Major contributors to rhetorical theory from I.A. Richards to the present. 3
undergraduate hours. 4 graduate hours.

CMN 421  Persuasion Theory & Research  credit: 3 or 4 Hours.
Survey of major theories of persuasion, research on factors influencing
persuasive effectiveness, and application to problems of persuasive
discourse. 3 undergraduate hours. 4 graduate hours.

CMN 423  Rhetorical Criticism  credit: 3 or 4 Hours.
Methods of interpreting and judging persuasive discourse with emphasis
on political speaking and writing; extensive practice in criticism of
rhetorical texts. 3 undergraduate hours. 4 graduate hours.

CMN 424  Campaigning to Win  credit: 3 or 4 Hours.
Using a case study approach to illustrate how campaigns attempt to
persuade and mobilize voters, students learn how to plan and manage
effective political campaigns. Same as PS 411. 3 undergraduate hours. 4
graduate hours.

CMN 427  Children and the Media  credit: 3 or 4 Hours.
Examines the role of the mass media in the lives of children. Focuses
on how developmental differences influence how children process and
respond to the media. Topics include media violence, media advertising,
stereotypes in the media, and educational content. 3 undergraduate
hours. 4 graduate hours.

Information listed in this catalog is current as of 10/2015
CMN 429  Race and the Mass Media  credit: 3 or 4 Hours.
Presents an overview of racial stereotypes in the mass media and the effects of stereotypical imagery on viewers. Discussion of the structural and social origins of stereotypic media from multiple perspectives focusing on published scholarship that systematically assesses the content and effects of racial representations from a social scientific perspective. Intersections between race, ethnicity, class, and gender also will be explored. 3 undergraduate hours. 4 graduate hours.

CMN 432  Gender and Language  credit: 3 or 4 Hours.
Study of actual and perceived differences and similarities in the use of language by women and by men; emphasizes the social contexts of speech. Same as GWS 432, and LING 432. 3 undergraduate hours. 4 graduate hours.

CMN 435  Adv Interpersonal Comm  credit: 3 or 4 Hours.
Study of the major processes involved in an individual’s adjustment to the communication situations of everyday life; emphasis on the development of interpersonal competency and orientations, social perception, interpersonal sentiment and hostility, trust, and the social context as factors influencing the understanding and evaluation of interpersonal messages. 3 undergraduate hours. 4 graduate hours. Prerequisite: CMN 230 or consent of instructor.

CMN 437  Comm in Personal Relationships  credit: 3 or 4 Hours.
Examines theories of communication within personal relationships, including family, friendship, and romantic associations. Specific topics include relationship development, conflict, power, self-disclosure, and relational uncertainty. 3 undergraduate hours. 4 graduate hours.

CMN 450  Adv Topics in Public Discourse  credit: 3 or 4 Hours.
Study of selected periods and genres of public discourse in historical context, including British, American, French, Russian, German, Chinese, and Japanese. 3 undergraduate hours. 4 graduate hours. May be repeated as topics vary to a maximum of 12 undergraduate hours or 16 graduate hours. Prerequisite: One course in rhetorical criticism or consent of instructor.

CMN 462  Interpersonal Health Comm  credit: 3 or 4 Hours.
Examines the role of communication in the management of mental and physical health. Focuses on topics such as communication and illness identity, health and interpersonal relationships, health care provider-patient interactions, impacts of technology on health communication, and health education and prevention efforts. 3 undergraduate hours. 4 graduate hours.

CMN 463  Organizational Health Comm  credit: 3 or 4 Hours.
Focuses on organizational issues shaping communication between providers, patients, and consumers of health care and information, including background on financing personal medical services; organizations, professions, and their interrelationships involved in providing medical services; theorizing communication and organization in personal medical services; and communication between organizations and the public on health issues. Topics include managed care, professional communication, the hospital as a unique communication site, ethics in health communication, direct-to-consumer drug advertising, and health crisis communication. 3 undergraduate hours. 4 graduate hours.

CMN 464  Health Communication Campaigns  credit: 3 or 4 Hours.
Focuses on the theoretical principles behind designing, implementing, and evaluating a health communication campaign. Students will be exposed to campaigns pertaining to alcohol abuse, illicit drug use, organ donation, safe sex, tobacco use, among others. The first part of the course reviews theories used in health communication campaigns, derived from the disciplines of communication, social psychology, and public health. The second part of the course focuses on designing campaigns and creating messages as well as evaluating the effects of those campaigns and messages. 3 undergraduate hours. 4 graduate hours.

CMN 465  Social Marketing Health&Behav  credit: 3 or 4 Hours.
Applies marketing concepts and practices to bring about behavior change for a social good. Social marketing is an approach to planning and implementing projects and programs that emphasizes a customer-centered mindset to learn what people want and need to change their behavior. Designed to give students a thorough orientation to the discipline of social marketing and its application to a range of problems with an emphasis on issues in health contexts. Topics will include audience research, segmentation strategies, communication channels, marketing mix, and the application of behavioral theory. Students will acquire practical skills in the design, implementation, and evaluation of health intervention initiatives that use social marketing. Same as CHLH 465. 3 undergraduate hours. 4 graduate hours.

CMN 476  Commercialism and the Public  credit: 3 or 4 Hours.
Explores the influences of advertising and commercialism and their role in defining our political culture, social institutions, and personal lives. Through readings, written reflection, visual presentations, and class discussions, the course explores a wide range of advertising and consumer issues and discusses how consumers negotiate these forces. The first part of the course is devoted to a historical overview; discussing the risk and evolving nature of advertising throughout the 20th century. Having established a historical framework, the course offers six contemporary topics to be discussed in the remainder of the semester. Topics may include, but not be limited to: the commercial mass media; the public relations industry; gender in advertising; commercialization of childhood; the commercialization of medicine and science; contemporary consumer society; advertising in schools; and food, advertising, and body image. 3 undergraduate hours. 4 graduate hours.

CMN 491  Honors Individual Study  credit: 2 Hours.
Individual investigation of special problems. 2 undergraduate hours. No graduate credit. May be repeated to a maximum of 4 undergraduate hours. Prerequisite: Twelve hours of communication; a grade-point average of 3.50; and consent of head of department.

CMN 493  Honors Senior Thesis  credit: 2 Hours.
Individual study leading to a thesis for honors in the Department of Communication. 2 undergraduate hours. No graduate credit. May be repeated to a maximum of 4 undergraduate hours. Prerequisite: Senior standing; a grade-point average of 3.50; and consent of head of department.

CMN 496  Adv Topics in Communication  credit: 3 or 4 Hours.
Advanced topics in communication not treated in regularly scheduled courses; see Class Schedule for current topics. 3 undergraduate hours. 4 graduate hours. May be repeated as topics vary.

Comparative and World Literature, Program in
Lilya Kaganovsky

Information listed in this catalog is current as of 10/2015
A student who elects comparative literature as a major must complete 48 hours, including at least 12 hours in courses numbered 300 or above. The major comprises two concentrations, a Comparative Literature concentration (p. 363) and a World Literature concentration (p. 363) (foreign literatures in translation). Besides knowing English, the student who chooses the Comparative Literature concentration must have sufficient linguistic skill in at least one foreign language to participate in 200- to 400-level literature courses offered by the various foreign language and literature departments.

As soon as a student contemplates choosing comparative and world literature as a major, the faculty adviser should be consulted. The adviser will assist the student in selecting appropriate courses that will be especially helpful as preparation for the advanced comparative literature training beginning with the junior year. Courses in classical civilization and in literature (particularly courses dealing with works from several countries) are especially recommended at relatively early stages of study. An ample selection of such courses at the 100- and 200-levels exists in the various literature departments.

The distribution of course work allows for considerable flexibility. The major is administered by the Program in Comparative and World Literature.

For the Degree of Bachelor of Arts in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

E-mail: comlit@illinois.edu

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Minimum required major and supporting course work equate to 48 hours with at least 15 hours of Comparative Literature courses in the Comparative Literature concentration and 21 hours of Comparative Literature courses in the World Literature concentration.

Departmental distinction. To be eligible for distinction, a student must have at least a 3.25 cumulative grade-point average and a 3.75 grade-point average in departmental courses, complete a senior thesis (CWL 493), and receive the approval of the departmental honors committee. The departmental honors committee will determine the level of distinction to be awarded.

- Comparative Literature Concentration (p. 363)
- World Literature Concentration (p. 363)

Minor in World Literature

This minor is sponsored by the Program in Comparative and World Literature. Students must choose from either the Europe and the Americas Track or the Asia and Africa Track.

E-mail: comlit@illinois.edu

Total Hours: 18

CWL Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/CWL)

Courses

CWL 111 Bible as Literature  credit: 3 Hours.  
Same as ENGL 114 and RLST 101. See RLST 101.  
This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

CWL 112 Literature of Global Culture  credit: 3 Hours.  
Same as ENGL 112. See ENGL 112.  
CWL 114 Global Consciousness and Lit  credit: 3 Hours.  
Exploration of the cultural and historical roots of globalization and the development of global consciousness from ancient Greece to the present, as reflected primarily in literature, but also with reference to historiography, cartography, religion, art, politics, economics, and popular culture. Course materials including literary texts, articles, historical accounts, political tracts, films, and paintings focus on the mutual perception of, and historical relationships among Europe, the Arab world, Africa, Asia, and the Americas. This course can be used to fulfill either Western or non-Western general education categories, but not both.  
This course satisfies the General Education Criteria for: UIUC: Literature and the Arts  
UIUC: Non-Western Cultures  
UIUC: Western Compartv Cult
CWL 117  Russ & E Euro Science Fiction  credit: 3 Hours.
Same as SLAV 117. See SLAV 117.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 119  Literature of Fantasy  credit: 3 Hours.
Same as ENGL 119. See ENGL 119.

CWL 151  Cross-Cultural Thematics  credit: 3 Hours.
Explores a combination of western and non-western literature through the
focus on a shared theme, exploring differences in treatment both within
and among different cultures. Two such thematic focuses are offered
in rotation; one on concepts of love and one on ways of writing about
death. Both themes introduce students to a wide array of famous texts
from different cultures and also offer some varied perspectives for their
own inevitable thoughts on these major topics. May be repeated to a
maximum of 6 hours if topics vary. Students may register in more than
one section per term.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 189  Lit of Asia & Africa I  credit: 3 Hours.
Comparative study of major works from Africa, the Middle East,
South and East Asia, from ancient times through the medieval period,
emphasizing literary, cultural, philosophical, and religious traditions,
and cross-cultural contact. Topics studied may include Egyptian and
Mesopotamian mythology, Hinduism, Buddhism, Confucianism, Daoism,
and the Abrahamic tradition. All readings in English.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

CWL 190  Lit of Asia & Africa II  credit: 3 Hours.
Comparative study of major works from Africa, the Middle East, South
and East Asia, from the early modern to the contemporary period,
emphasizing literary, cultural, philosophical, and religious traditions
and cross-cultural contact. Topics studied may include Hinduism, Buddhism,
Confucianism, Daoism, Islam, colonialism and globalization. All readings
in English.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

CWL 191  Freshman Honors Tutorial  credit: 1 to 3 Hours.
Study of selected topics on an individually arranged basis. Open only to
honors students or to Cohn Scholars and Associates. May be repeated
one time. Prerequisite: Consent of departmental honors advisor.

CWL 199  Undergraduate Open Seminar  credit: 1 TO 5 Hours.
Credit: 1 to 5 hours. Approved for both letter and S/U grading. May be
repeated.

CWL 201  Comparative Lit Studies  credit: 3 Hours.
Introduction to various methods in comparative literary study,
including genres, thematics, literary relations, literary movements, and
interdisciplinary approaches. Prerequisite: One semester of college
literature or consent of instructor.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 202  Literature and ideas  credit: 3 Hours.
Analysis of several important world-views in Western civilization (such as
classical, Romantic, modern, and so forth), studied comparatively and in
relation to selected figures in Western literature. Prerequisite: CWL 241
and CWL 242; or one year of college literature; or consent of instructor.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 205  Islam & West Through Lit  credit: 3 Hours.
Organized around major cultural/historical/religious topics presented in
literature through Western and Islamic eyes, beginning with the Crusades
and proceeding into the present. This course will examine stereotypes,
fantasies, identifications and political opportunism promoted by the
encounter between the West and the Islamic World. Prerequisite: CWL 241
and CWL 242 or one year of college literature.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 206  Classical Allusions in Cinema  credit: 3 Hours.
Same as CLCV 206. See CLCV 206.

CWL 207  Indian Cinema in Context  credit: 3 Hours.
Introduction to Indian mainstream (mainly Bollywood) cinema and its
evolution through the last seven decades. Topics to be explored include,
but not limited to, the relation between Indian society/culture and its
cinematic representations, cinema’s resistance to dominant nationalist
and patriarchal ideologies, its interactions with the postcolonial nation-
state of India, how globalization has changed the industry. All films will
be screened with subtitles. No knowledge of Hindi or any other Indian
language is required. Same as MACS 207.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

CWL 208  Cultures & Lits of South Asia  credit: 3 Hours.
Same as ASST 208, RLST 208 and SAME 208. See RLST 208.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

CWL 210  Intro to Mod African Lit  credit: 3 Hours.
Same as AFST 210 and ENGL 211. See AFST 210.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

CWL 211  War & Peace in Israeli Lit  credit: 3 Hours.
War has been a constant shadow over the lives of Israelis. We will
examine the history of attitudes to war and peace in Israel as presented
through poetry, film and short stories, and explores the plurality of voices
and experiences in Israel. Same as JS 211 and SAME 211.

CWL 215  Madness, Myth, and Murder  credit: 3 Hours.
Same as SCAN 215. See SCAN 215.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 218  Survey of Ukrainian Literature  credit: 3 Hours.
Same as UKR 218. See UKR 218.

CWL 220  Origins of Western Literature  credit: 3 Hours.
Same as CLCV 220. See CLCV 220.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult
CWL 221  Jewish Storytelling  credit: 3 Hours.
Same as ENGL 223, RLST 220, and YDSH 220. See YDSH 220.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 223  Qur'an Structure and Exegesis  credit: 3 Hours.
Same as RLST 223, SAME 223. See RLST 223.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

CWL 224  German Literature in Trans   credit: 3 Hours.
Same as GER 200. See GER 200.

CWL 225  Constr Afr and Carib Identity  credit: 3 Hours.
Same as AFRO 209, FR 240, and LAST 240. See FR 240.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures

CWL 226  Humanist Persp of Afro-Am Exp   credit: 3 Hours.
Same as AFRO 224. See AFRO 224.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

CWL 227  Golden Age of Russian Lit   credit: 3 Hours.
Same as RUSS 220. See RUSS 220.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 240  Italy Middle Ages & Renaiss   credit: 3 Hours.
Same as ITAL 240 and MDVL 240. See ITAL 240.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 241  Lit Europe & the Americas I   credit: 3 Hours.
Comparative study of major works from Europe and the Americas from
ancient times to the Renaissance, emphasizing literary, cultural,
and philosophical traditions, and cross-cultural contact. Authors' studies
may include Homer, Virgil, Dante, Petrarch, Cervantes, Las Casas, and
Shakespeare. Prerequisite: Completion of campus Composition I general
education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 242  Lit Europe and the Americas II   credit: 3 Hours.
Comparative study of major works from Europe and the Americas from
Enlightenment to the contemporary period, emphasizing literary, cultural,
and philosophical traditions, and cross-cultural contact. Authors' studied
may include Voltaire, Goethe, Melville, Flaubert, Dostoevsky, Joyce, Kafka,
and Calvino. Prerequisite: Completion of campus Composition I general
education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 245  Survey of Polish Literature   credit: 3 Hours.
Same as POL 245. See POL 245.

CWL 249  Russian Lit and Revolution   credit: 3 Hours.
Same as RUSS 225. See RUSS 225.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 250  Grimms' Fairy Tales - ACP   credit: 3 Hours.
Same as ENGL 267 and GER 250. See GER 250.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 251  Viking Mythology   credit: 3 Hours.
Same as MDVL 251, RLST 251, and SCAN 251. See SCAN 251.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 252  Viking Sagas in Translation   credit: 3 Hours.
Same as MDVL 252 and SCAN 252. See SCAN 252.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 253  Medieval Lit and Culture   credit: 3 Hours.
Same as ENGL 202 and MDVL 201. See ENGL 202.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 254  Grimm's Fairy Tales in Context   credit: 3 Hours.
Same as ENGL 266 and GER 251. See GER 251.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 255  Renaissance Lit and Culture   credit: 3 Hours.
Same as ENGL 204. See ENGL 204.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 257  Enlightenment Lit and Culture   credit: 3 Hours.
Same as ENGL 206. See ENGL 206.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 259  Afro-American Literature I   credit: 3 Hours.
Same as AFRO 259 and ENGL 259. See ENGL 259.
This course satisfies the General Education Criteria for:
UIUC: US Minority Culture(s)

CWL 260  Afro-American Literature II   credit: 3 Hours.
Same as AFRO 260 and ENGL 260. See ENGL 260.
This course satisfies the General Education Criteria for:
UIUC: US Minority Culture(s)

CWL 262  Sex & Gender in Antiquity   credit: 3 Hours.
Same as CLCV 240 and GWS 240. See CLCV 240.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 263  The Heroic Tradition   credit: 3 Hours.
Same as CLCV 221. See CLCV 221.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult
CWL 264  The Tragic Spirit  credit: 3 Hours.
Same as CLCV 222. See CLCV 222.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 265  Modern Drama I  credit: 3 Hours.
Same as ENGL 243. See ENGL 243.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 266  Modern Drama II  credit: 3 Hours.
Same as ENGL 244. See ENGL 244.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 267  The Short Story  credit: 3 Hours.
Same as ENGL 245. See ENGL 245.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 269  Brit, Amer & Contin Fiction  credit: 3 Hours.
Same as ENGL 248. See ENGL 248.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 271  The Holocaust in Context - ACP  credit: 3 Hours.
Same as ENGL 268 and GER 260. See GER 260.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 272  Sexuality and Literature  credit: 3 Hours.
Same as GER 270 and GWS 270. See GER 270.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 273  The Holocaust in Context  credit: 3 Hours.
Same as ENGL 269 and GER 261. See GER 261.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 275  Masterpieces of East Asian Lit  credit: 3 Hours.
Same as EALC 275. See EALC 275.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

CWL 277  Slavic Literature Survey  credit: 3 Hours.
Same as SLAV 277. See SLAV 277.

CWL 282  Arctic Narratives  credit: 3 Hours.
Same as EURO 240, SCAN 240. See SCAN 240.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 283  Jewish Sacred Literature  credit: 3 Hours.
Same as ENGL 283 and RLST 283. See RLST 283.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 284  Modern Jewish Literature  credit: 3 Hours.
Same as ENGL 284 and RLST 284. See ENGL 284.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

CWL 307  Classical Chinese Lit  credit: 3 Hours.
Same as EALC 307. See EALC 307.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

CWL 308  Chinese Popular Lit  credit: 3 Hours.
Same as EALC 308. See EALC 308.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

CWL 311  Japan Lit in Translation I  credit: 3 Hours.
Same as EALC 305. See EALC 305.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

CWL 312  Japan Lit in Translation II  credit: 3 Hours.
Same as EALC 306. See EALC 306.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

CWL 317  Intro to Francophone Lit  credit: 3 Hours.
Same as FR 319. See FR 319.

CWL 320  Lit Responses to the Holocaust  credit: 3 Hours.
Same as ENGL 359, RLST 320, and YDSH 320. See YDSH 320.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 321  Russian Writers  credit: 3 Hours.
Same as RUSS 320. See RUSS 320.

CWL 322  The Comic Imagination  credit: 3 Hours.
Same as CLCV 323 and THEA 323. See CLCV 323.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

CWL 323  Tolstoy  credit: 3 Hours.
Same as RUSS 323. See RUSS 323.

CWL 324  Dostoevsky  credit: 3 Hours.
Same as RUSS 322. See RUSS 322.

CWL 325  Chekhov  credit: 3 Hours.
Same as RUSS 325 and THEA 362. See RUSS 325.

CWL 328  Special Topics German Studies  credit: 3 Hours.
Same as GER 396. See GER 396.

CWL 335  Nabokov  credit: 3 Hours.
Same as RUSS 335. See RUSS 335.

CWL 341  Love & Sex in Hebrew Lit  credit: 3 Hours.
Love and Sex have been literary themes from the bible, through the modern ages and into the present day in Hebrew Literature. This course will examine the treatments of these themes in different historical periods, paying attention to external influences and literary forms such as poems, stories, films and novels. This course will consider treatments of the erotic, devotional, affectionate, romantic and sexual; including heterosexual and homosexual representations, as well as love of God and Israel. Same as JS 341, RLST 340 and SAME 341. Prerequisite: Completion of Advanced Composition requirement or a prior college-level literature course is recommended.

*Information listed in this catalog is current as of 10/2015*
CWL 493  Senior Thesis and Honors  credit: 3 to 6 Hours.
Independent research guided by tutor(s), leading to the writing of a comparative thesis. Intended primarily for candidates for honors in comparative literature, but open to other seniors. 3 to 6 undergraduate hours. No graduate credit. May be repeated to a maximum of 12 hours.

CWL 496  Special Topics in Comp Lit II  credit: 3 to 4 Hours.
Selected literary topics of international significance in relation to other cultural expressions. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated to a maximum of 9 undergraduate or 12 graduate hours. Prerequisite: Consent of instructor.

Comparative Literature Concentration

Comparative Literature Courses (minimum of 15 hours required):
- CWL 201  Comparative Lit Studies
- CWL 202  Literature and Ideas

The remaining hours should be selected from different types of courses (e.g., CWL 114, CWL 189, CWL 190, CWL 208, CWL 241, CWL 242, CWL 441, CWL 461, CWL 471).

One Literature in the Original Language (minimum of 15 hours required):
- Ancient or modern (including Far Eastern and African) 12 hours of which are at the 200-level or above, studied in depth and in its historical development. (Normally this is the primary literature of the student's educational background.)

Second Literature in the Original Language (minimum of 9 hours required):
- 200-level or above courses in a second literature in the original language. With the assistance of the adviser, these courses should be carefully chosen so as to correlate meaningfully with the student's primary literature. A student may center his or her interest on a cultural period such as medieval, Renaissance, neo-classical and enlightenment, or modern (nineteenth and twentieth centuries), or on genres, relations, or critical theory. 1

Single National Literature (minimum of 9 hours required) or several national literatures including comparative literature; or in other humanistic fields, such as history, philosophy, speech, art, music, psychology, sociology, theatre, anthropology, and Asian studies. Because some of the courses in these subjects are more suitable than others to balance a student's individual major in comparative literature, the student must follow the guidelines set by his or her adviser.

Total Hours 48

1 Literature in the Original Language is defined by what is currently offered by the University (i.e. mostly English, French, German and Spanish). Literatures generally taught in translation (including, but not limited to, Bengali, Chinese, Hebrew, Japanese, Polish, Russian, and Yiddish) may be chosen in consultation with the Undergraduate Advisor.

2 If one of the literatures studied is English, a student who continues in a graduate program in comparative literature will be required to acquire a reading knowledge of a second foreign language (i.e., one foreign language for the B.A., two foreign languages for the M.A., three foreign languages for the Ph.D.).

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

World Literature Concentration

Core sequence in Comparative Literature Courses (minimum of 18 hours required):
- CWL 201  Comparative Lit Studies
- CWL 202  Literature and Ideas

The remaining hours should be selected from four of the following 100-or 200-level courses: CWL 114, CWL 151, CWL 189, CWL 190, CWL 208, CWL 241, CWL 242.

One of the following upper-level methodology courses 3
- CWL 395  Special Topics Comp Lit I
- CWL 441  Themes in Narrative
- CWL 461  Lit Genres and Forms
- CWL 471  International Lit Relations
- CWL 496  Special Topics in Comp Lit II

Area/Literature Concentrations: Courses must be chosen in consultation with the student's faculty advisor and selected from the approved list of courses housed in the department advising office. All courses chosen must be at the 200 level and above.

Two courses in the literatures of Europe and the Americas
Two courses in the literatures of Asia and Africa
Two courses chosen from the two literature groups above

Area/Culture Concentrations: 9

3 courses, also at the 200 to 400-level, chosen in consultation with the student’s faculty advisor, in other disciplines related to the student’s area of concentration (e.g., anthropology, area studies, art history, cinema studies, history, music history, philosophy, religious studies, women’s studies). Language courses beyond the fifth semester of study may also be used to satisfy this requirement.

Total Hours 48

Twelve hours 300 or 400-level courses in the major must be taken on this campus. All foreign language requirements must be satisfied. A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60 - 75 hours). Please see your adviser.

School of Earth, Society, and Environment

Stephen Marshak, Director of School

Information listed in this catalog is current as of 10/2015
152 Computing Applications Building, 605 East Springfield, Champaign, IL 61820
PH: (217) 333-3440
http://www.earth.illinois.edu/students/

The major in Earth, Society, and Environmental Sustainability (ESE) offers a unique, multidisciplinary program in the College of Liberal Arts and Sciences (LAS). Students will learn about the interconnectedness of environmental, economic, and social systems of the world; the implications of our actions on the environment; factors that determine the sustainability of human institutions, organizations, cultures, and technologies; finding solutions through innovative approaches; and expanding future options by practicing environmental stewardship. Following the classical definition of sustainability, the aim is to develop citizens, businesses, and societies that meet the needs of the present without compromising the ability of future generations to do the same.

Required introductory coursework provide breadth in the essential natural and social sciences needed for interdisciplinary environmental sustainability study. The major offers two concentrations within which majors gain content expertise: Science of the Earth System, and Society and the Environment. Depth of knowledge is achieved by requiring a minimum of five advanced classes in a coherent field of study.

The major is available to both on-campus and off-campus students. On-campus students need only be eligible to be in LAS to transfer to the degree. The program is also designed so that students with an associates (or equivalent) degree, or who have sufficient previous coursework, can transfer to the University and complete a Bachelor of Science degree entirely off-campus. Students interested in completing the course off-campus, but have less than 60 hours of coursework, should consult with the program advisor.

The degree will prepare students for a variety of career paths in either the private or the public sector, as well as for graduate study. The interdisciplinary background in both scientific and human aspects of environmental problems will prepare students for a variety of positions with businesses, state and federal regulatory agencies, research institutions, consulting firms and nongovernmental education and advocacy organizations. The major also provides a platform for entry into professional schools (e.g. law, business, and public policy programs) as well as graduate study in a variety of physical science and social science disciplines, and in interdisciplinary programs related to the environment.

For the Degree of Bachelor Science in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

E-mail: program-info@eses.uiuc.edu

Earth, Society, and Environmental Sustainability

Minimum required major and supporting courses equate to 48-58 hours.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

On-campus UIUC students can transfer to this degree without any special requirements.

Off-campus students who plan to transfer to this degree should have completed, or have in progress, the following:

- the Composition 1 requirement.
- the third level of high school foreign language or second level of college foreign language.

It is highly recommended that off-campus students complete the following requirements before transferring to the online degree - students who have not completed the following requirements may have to take additional coursework (either at UIUC or elsewhere) and should consult the program advisor:

- the UIUC LAS language requirement should be satisfied (either two foreign languages at the 3rd level or one foreign language at the 4th level).
- the General Education Distribution Requirements of the College of Liberal Arts and Sciences should be completed.
- the Cognate Coursework should be completed.

Minimum hours required for graduation: 120 hours

Departmental distinction: Students who maintain grade point averages of at least 3.3 in all courses within the major and who undertake a faculty-guided individual research project for credit in the major are recommended for graduation with distinction.

Students must complete the ESE Core requirements listed below and select one concentration in consultation with an academic advisor.

ESES Introductory Core: Students take one approved introductory or advanced course from at least four of the following five areas. Approved courses within these areas are available from the ESE advisor.

| Environment and the Human Response | 12-14 |
| Sustainability, Policy, and Global Change |  |
| Earth’s Physical Systems, Resources, and Hazards |  |
| Visualizing the Earth System |  |
| Earth’s Biosphere and Ecology |  |
| ESE coursework | 6 |
| GEOG 379 Intro to GIS Systems |  |
| ESE 200 Earth Systems |  |

Advanced Courses 15-20

A minimum of five 300- and 400-level courses, from the approved list and in an academically coherent program approved by the advisor, are required. At least three of these five advanced courses must be listed or cross-listed as an ESE or ENSU course. Courses taken to satisfy the "ESE Introductory Core" requirement cannot simultaneously be used to satisfy the Advanced Course requirement. These courses should be used to help meet the LAS requirement of 21 hours of 300- or 400-level courses overall, and the 12 hours of 300- or 400-level courses in the major. It is strongly recommended that students complete the LAS requirement with 21 hours of 300- or 400-level courses related to the ESE curriculum.

Select a Concentration (hours required depend on concentration chosen): 15-18

- Society and the Environment (SAE) Concentration (p. 368)
- Science of the Earth System (SES) Concentration (p. 368)

Information listed in this catalog is current as of 10/2015
All students wishing to attend graduate school in any field should discuss necessary supplementary course work with their advisor as early as possible.

Twelve hours of 300- or 400-level courses must be taken on this campus.

Substitutions may be made with advisor approval.

All foreign language requirements must be satisfied.

A Major Plan of Study form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Study abroad courses may be substituted for major and minor requirements with approval of advisor.

1 OR in the ESE School office OR at http://www.earth.illinois.edu/students/guides
   - Environmental Fellows Program (EFP) (p. 367)
   - Minor in Earth, Society, and Environment (p. 368)

ENSU Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/ENSU)

Environmental Sustainability Courses

**ENVS 300 Environmental Sustainability** credit: 3 Hours.
Same as LA 370 and NRES 370. See LA 370.

**ENVS 301 Soc Impacts Weather & Climate** credit: 3 Hours.
Same as ATMS 322. See ATMS 322.
This course satisfies the General Education Criteria for: UIUC: Social Sciences

**ENVS 302 Air Pollution to Global Change** credit: 3 Hours.
Same as ATMS 323. See ATMS 323.

**ENVS 303 Sustainable Business I** credit: 4 Hours.
At the dawn of the 21st century, business and society is confronted with a confluence of factors, including environmental degradation, widespread poverty, and the need for renewable sources of energy. The diverse sources of information that point to an uncertain future suggests that a “business as usual” approach has to be replaced with more proactive alternatives that address the needs of the environment, consumer welfare and community development. This course on sustainable marketing management begins to address these issues and engender an appreciation among our students for the challenges that lie ahead for businesses. Looks at the relationship between sustainable business practices, societal welfare, and ecological systems. Student projects will apply marketing and business concepts to create a sustainable business plan for organizations.

**ENVS 310 Renewable & Alternative Energy** credit: 4 Hours.
Fossil fuel supplies are finite and growing energy demands of an ever increasing population will quickly deplete these reservoirs. Focuses on the use and availability of renewable and alternative energy sources such as wind, solar, bio-fuels, ethanol, geothermal and nuclear power as well as the impacts of using these alternative energy sources on climate, society and the global economy. Students will develop the student’s perspective on human energy consumption at all scales through a complete scale analysis of energy production and consumption? from the individual to the national government to the world economy.

Information listed in this catalog is current as of 10/2015

**Environmental Studies Courses**

**ENVS 101 Introduction to Energy Sources** credit: 3 Hours.
Same as NPRE 101. See NPRE 101.
This course satisfies the General Education Criteria for: UIUC: Physical Sciences

**ENVS 201 Environmental Economics** credit: 3 Hours.
Same as ACE 210, ECON 210, NRES 210, and UP 210. See ACE 210.
This course satisfies the General Education Criteria for: UIUC: Social Sciences

**ENVS 220 Communicating Agriculture** credit: 3 Hours.
Same as AGCM 220 and NRES 220. See AGCM 220.
This course satisfies the General Education Criteria for: UIUC: Advanced Composition

**ENVS 299 Ind Studies of Env. Topics** credit: 0 to 4 Hours.
Approved for letter and S/U grading. Prerequisite: Consent of instructor.

**ENVS 301 Tools for Sustainability** credit: 3 Hours.
Develops systems-thinking skills needed to make connections between different disciplines to better understand problems and trade-offs related to sustainability. Students will gain competence in conducting cost-benefit and life-cycle analyses and learn about sustainability metrics while improving their ability to communicate about the integrated dimensions of sustainability within an interdisciplinary setting.
Prerequisite: For students enrolled in the Sustainability, Energy and Environment Fellows Program.

**ENVS 310 Natural Resource Economics** credit: 3 Hours.
Same as ACE 310, and NRES 310. See ACE 310.

**ENVS 330 Environmental Communications** credit: 3 Hours.
Same as AGCM 330 and NRES 330. See AGCM 330.

**ENVS 335 Tomorrow’s Environment** credit: 3 Hours.
Same as CHLH 336 and CPSC 336. See CPSC 336.

**ENVS 336 Environmental Geology** credit: 4 Hours.
Same as GEOL 380. See GEOL 380.

**ENVS 401 ESE Capstone** credit: 3 Hours.
Same as ESE 401. See ESE 401.

**ENVS 406 Urban Ecology** credit: 4 Hours.
Same as UP 406. See UP 406.

**ENVS 420 Conservation Biology** credit: 4 Hours.
Same as CPSC 436 and IB 451. See IB 451.

**ENVS 430 Comm in Env Social Movements** credit: 3 Hours.
Same as AGCM 430, NRES 430, and SOC 464. See AGCM 430.

**ENVS 431 Environmental Sociology** credit: 3 or 4 Hours.
Same as RSOC 447 and SOC 447. See SOC 447.

**ENVS 469 Environmental Health** credit: 3 or 4 Hours.
Same as CHLH 469. See CHLH 469.

**ENVS 474 Principles of Epidemiology** credit: 4 Hours.
Same as CHLH 474 and PATH 474. See CHLH 474.

**ENVS 480 Basic Toxicology** credit: 3 Hours.
Same as CB 449, CPSC 433 and FSHN 480. See FSHN 480.
ENVS 491  Sustainability Experience  credit: 1 to 4 Hours.
Students will work with faculty, staff, and/or the Student Sustainability 
Committee to advance campus sustainability goals and the Illinois 
Climate Action Plan. This course is designed to enable students to 
apply their disciplinary knowledge to tackle inherently interdisciplinary 
problems, while also developing and enhancing their critical analysis, 
leadership, organizational, and project management/evaluation skills 
and preparing them for addressing sustainability issues in their careers. 
1 to 4 undergraduate hours. 1 to 4 graduate hours. Approved for letter 
and S/U grading. May be repeated, if topics vary. Prerequisite: Consent of 
instructor.

ESE Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/ 
DEFAULT/ESE)

Earth, Society, Environment Courses

ESE 103  Earth's Physical Systems  credit: 4 Hours.
Same as GEOG 103. See GEOG 103. 
This course satisfies the General Education Criteria for: 
UIUC: Physical Sciences

ESE 104  Geology of the National Parks  credit: 3 Hours.
Same as GEOL 104. See GEOL 104. 
This course satisfies the General Education Criteria for: 
UIUC: Physical Sciences

ESE 106  Geographies of Globalization  credit: 3 Hours.
Same as GEOG 106. See GEOG 106. 
This course satisfies the General Education Criteria for: 
UIUC: Physical Sciences

ESE 111  Emergence of Life  credit: 3 Hours.
Same as GEOL 111. See GEOL 111. 
This course satisfies the General Education Criteria for: 
UIUC: Physical Sciences

ESE 117  The Oceans  credit: 3 Hours.
Same as GEOL 117. See GEOL 117. 
This course satisfies the General Education Criteria for: 
UIUC: Physical Sciences

ESE 118  Natural Disasters  credit: 3 Hours.
Same as GEOL 118 and GLBL 118. See GEOL 118. 
This course satisfies the General Education Criteria for: 
UIUC: Physical Sciences

ESE 120  Severe and Hazardous Weather  credit: 3 Hours.
Same as ATM 120. See ATM 120. 
This course satisfies the General Education Criteria for: 
UIUC: Physical Sciences

ESE 126  Extinction: Dinosaurs to Dodos  credit: 3 Hours.
Same as GEOL 106 and IB 106. See IB 106. 
This course satisfies the General Education Criteria for: 
UIUC: Physical Sciences

ESE 140  Climate and Global Change  credit: 3 Hours.
Same as ATM 140. See ATM 140. 
This course satisfies the General Education Criteria for: 
UIUC: Physical Sciences

ESE 143  History of Life  credit: 3 Hours.
Same as GEOG 143. See GEOG 143. 
This course satisfies the General Education Criteria for: 
UIUC: Life Sciences

ESE 170  Nature Religion  credit: 3 Hours.
Same as RLST 170. See RLST 170.

ESE 199  Undergraduate Open Seminar  credit: 1 to 5 Hours. 
Special topics in Earth, Society, and the Environment; content is variable. 
May be repeated if topics vary.

ESE 200  Earth Systems  credit: 3 Hours.
Interdisciplinary lecture class intended to introduce Earth Systems 
studies, which focuses on integrating social and natural science 
approaches to studying the Earth and its environments.

ESE 202  American Environmental History  credit: 3 Hours.
This course satisfies the General Education Criteria for: 
UIUC: HistPhilosPerspect 
UIUC: Western Compartv Cult

ESE 208  History of the Earth System  credit: 4 Hours.
Same as GEOL 208. See GEOL 208. 
This course satisfies the General Education Criteria for: 
UIUC: Physical Sciences

ESE 210  Contemp Social & Env Problems  credit: 3 Hours.
Same as GEOG 210. See GEOG 210. 
This course satisfies the General Education Criteria for: 
UIUC: Social Sciences

ESE 215  Resource Conflicts  credit: 3 Hours.
Same as GEOG 215 and GLBL 215. See GEOG 215. 
This course satisfies the General Education Criteria for: 
UIUC: Social Sciences

ESE 222  Big Rivers of the World  credit: 3 Hours.
Same as GEOG 222. See GEOG 222.

ESE 287  Environment and Society  credit: 3 Hours.
Same as GEOG 287, NRES 287, PS 273 and SOC 287. See NRES 287.
This course satisfies the General Education Criteria for: 
UIUC: Social Sciences

ESE 289  Environment & Sust Field Study  credit: 1 Hour.
Group expedition to study environment and sustainability issues at a 
nearby field site. Includes in-class meetings, student-led presentation, 
and a field trip that may be short as part of a day or as long as several 
days. Field trip and field trip fee required. Additional fees may apply. See 
Class Schedule. Approved for letter and S/U grading. May be repeated in 
separate terms if topics vary. Prerequisite: For ESE majors, minors, 
and Sustainability Living Learning Community students. Non majors can 
apply to the waitlist.

ESE 293  Culture and Sustainability  credit: 3 Hours.
Same as ENGL 293. See ENGL 293.

ESE 311  Environmental Issues Today  credit: 3 Hours. 
Seminar exposing students in the Environmental Fellows Program to 
different disciplinary perspectives on specific environmental issues, 
as revealed in the scholarly literature. Specific problems will vary 
from term to term. This seminar helps students make the transition 
from disciplinary to interdisciplinary thinking. Team-taught. Same as 
ATMS 311. Prerequisite: Admission to Environmental Fellows Program or 
consent of advisor.
ESE 320 Water Planet, Water Crisis credit: 3 Hours.
Study of the science of water on planet earth, the developing water crisis, and some possible solutions to it. Topics include water’s unique physical and chemical properties; how it profoundly shapes the earth/ocean/atmosphere system; dynamics of oceans, atmosphere, lakes, rivers, groundwater, and ice masses; current fresh water supplies and their distribution on earth relative to population; current and future water crises and the compounding effects of droughts, floods, and global change; and prospects for some technological and economic approaches to easing the crisis. Same as GEOG 370 and GEOL 370.

ESE 333 Earth Materials and the Env credit: 4 Hours.
Same as GEOL 333. See GEOL 333.

ESE 350 Sustainability and the City credit: 3 Hours.
Same as GEOL 350. See GEOL 350.

ESE 360 Environmental Writing credit: 3 Hours.
Equips students to write about the environment for various audiences, with a focus on specific current efforts to promote sustainability on the Urbana-Champaign campus. We will practice effective techniques for each stage of the writing process—from defining topics, to gathering information, to crafting active, engaging prose. Readings will include models of effective environmental writing and "how to" pieces by experts. Research will include visits to campus sites and student-conducted interviews with subjects. Prerequisite: Completion of campus Composition I general education requirement. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

ESE 379 Intro to GIS Systems credit: 4 Hours.
Same as GEOG 379. See GEOG 379.

ESE 380 GIS II: Spatial Prob Solving credit: 4 Hours.
Same as GEOG 380. See GEOG 380. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning II

ESE 381 Environmental Perspectives credit: 3 Hours.
Same as GEOG 381. See GEOG 381.

ESE 386 Arctic Environm & Society credit: 6 Hours.
Same as GLBL 386 and SCAN 386. See GLBL 386.

ESE 389 Environ &Sust Field Expedition credit: 3 Hours.
Group expedition to study environment and sustainability issues at a field site. Includes in-class meetings, student-led presentation, and field trip; expeditions run during spring break, winter break, in mid-May or in intercession; dates depend on location. Field Trip and field trip fee required. Additional fees may apply. See Class Schedule. May be repeated in separate terms if topics vary. Prerequisite: For ESE majors and Sustainability Living Learning Community students. Non majors can apply to the waitlist.

ESE 401 ESE Capstone credit: 3 Hours.
Capstone experience for majors in Earth, Society, and Environment Sustainability and minors in the Sustainability, Energy, and Environment program. Same as ENVS 401. 3 undergraduate hours. No graduate credit. Approved for Letter and S/U grading.

ESE 411 Geomorphology credit: 4 Hours.
Same as GEOL 411. See GEOL 411.

ESE 421 Earth Systems Modeling credit: 4 Hours.
Same as ATMS 421, GEOG 421, GEOI 481 and NRES 422. See ATMS 421.

ESE 439 Biogeography credit: 3 Hours.
Same as ANTH 436, GEOG 436, IB 439, and NRES 441. See IB 439.

ESE 445 Earth Resources Sustainability credit: 3 Hours.
Introduces the physical (energy, mineral, and soil) resources of the Earth, the environmental consequences of producing and using resources, the controls on resource supplies, and the alternatives to traditional supplies. Focuses on the geological origin and context of resources, the means of exploration and production, the history of production, and sustainability issues related to consumption and depletion. Provides an understanding of why resources can be scarce and expensive, why many are not renewable, and why their use impacts the Earth System. May include field trips. 3 undergraduate hours. 3 graduate hours. Credit is not given for both ESE 445 and GEOL 380. Prerequisite: Junior standing or higher.

ESE 452 Ecosystem Ecology credit: 3 Hours.
Same as IB 452 and NRES 462. See IB 452.

ESE 456 Transp and Sustainability credit: 3 or 4 Hours.
Same as GEOG 465. See GEOG 465. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

ESE 466 Environmental Policy credit: 3 or 4 Hours.
Same as GEOG 466. See GEOG 466.

ESE 470 Introduction to Hydrogeology credit: 4 Hours.
Same as GEOL 470. See GEOL 470.

ESE 481 Intl Environ Cooperation credit: 3 Hours.
Same as GEOG 481. See GEOG 481.

ESE 482 Challenges of Sustainability credit: 3 Hours.
An interdisciplinary approach to investigating the meaning and practice of sustainability in the contemporary Earth system. As a consequence, students explore the sustainability of crucial resources - water, soil, energy, mineral and the biota - in the context of the social and environmental systems in which these resources are used, including the moral, physical, ecological, political and economic. Same as GEOG 482 and GEOL 483. 3 undergraduate hours. 3 graduate hours. Prerequisite: Junior or senior standing, or consent of instructor.

ESE 497 Special Topics in ESE credit: 1 to 4 Hours.
Advanced topics course, consisting of seminar or lectures in subjects not covered by regular course offerings; for advanced undergraduates and graduate students. Possible field study in a prominent geological locality; includes in-class meetings, student-led presentations, and field trip; trips run during spring break, winter break, in mid-end May; dates depend on location. Additional fees may apply. See Class Schedule. 1 to 4 undergraduate hours. 1 to 4 graduate hours. Approved for letter and S/U grading. May be repeated in the same or separate terms to a maximum of 12 undergraduate hours or 8 graduate hours. Prerequisite: Consent of instructor.

Environmental Fellows Program (EFP)
EFP is a selective undergraduate minor for students interested in environmental issues and is open to students from any college or major at the university. Each Environmental Fellow takes an individual program of study to satisfy the minor. A wide range of coursework options spanning the humanities, sciences and the arts - can be taken to satisfy the introductory and advanced coursework requirements. The minor also offers a special seminar class, restricted to EFP students (ESE 311), that examines current environmental issues. All students in the minor must complete an environmental capstone project.
To fulfill the requirements of the Environmental Fellows Program minor, students must:

- Submit an application during the fall or spring application period
- Maintain a 3.0 GPA
- Complete at least 18 hours of environmental studies classes from selected areas (See below)

For more information and a list of approved courses visit: www.earth.illinois.edu (http://www.earth.illinois.edu).

Questions may be addressed to Jonathan Tomkin, tomkin@illinois.edu.

Introductory course from the Earth’s Physical Systems, Resources, and Hazards Area course list.

Introductory course from either the Environment and the Human Response course list or the Sustainability, Policy, and Global Change course list.

Two Advanced Courses from the approved list, at least one of which must be listed or cross listed as an ESE course.

ESE 311 Environmental Issues Today

Capstone Project: This is a project designed to allow students to explore an environmental interest in depth. Students earn independent study credit by working with a professor on campus on a project of their design.

Total Hours 18-22

**Minor in Earth, Society, and Environment**

The ESE minor is designed for students who desire to obtain a background in topics related to environmental studies, in order to support study and practice of their major field. A minimum of 18 hours is required.

For more information and a list of approved courses visit: www.earth.illinois.edu (http://www.earth.illinois.edu).

Questions may be addressed to Jonathan Tomkin, tomkin@illinois.edu.

Introductory course from the Earth’s Physical Systems, Resources, and Hazards Area course list.

Introductory course from either the Environment and the Human Response course list or the Sustainability, Policy, and Global Change course list.

Three Advanced Courses from a list maintained by the minor advisor, at least two of which must be listed or cross listed as ESE courses.

Total Hours 18-23

**Science of the Earth System (SES) Concentration**

ESE Core Requirements:

ESES Introductory Core: Students take one approved introductory or advanced course from at least four of the following five areas. Approved courses within these areas are available from the ESE advisor ¹

- Environment and the Human Response

**Society and the Environment (SAE) Concentration**

ESE Core Requirements:
ESES Introductory Core: Students take one approved introductory or advanced course from at least four of the following five areas. Approved courses within these areas are available from the ESE advisor.

- Environment and the Human Response
- Sustainability, Policy, and Global Change
- Earth’s Physical Systems, Resources, and Hazards
- Visualizing the Earth System
- Earth’s Biosphere and Ecology

ESE coursework

- GEOG 379 Intro to GIS Systems
- ESE 200 Earth Systems

Advanced Courses

A minimum of five 300- and 400-level courses, from the approved list and in an academically coherent program approved by the advisor, are required. At least three of these five advanced courses must be listed or cross-listed as an ESE or ENSU course. Courses taken to satisfy the “ESE Introductory Core” requirement cannot simultaneously be used to satisfy the Advanced Course requirement. These courses should be used to help meet the LAS requirement of 21 hours of 300- or 400-level courses overall, and the 12 hours of 300- or 400-level courses in the major. It is strongly recommended that students complete the LAS requirement with 21 hours of 300- or 400-level courses related to the ESE curriculum.

Society and the Environment Concentration Requirements:

Cognate Course Work

- 10-12 hours-Introductory Social Science (Select three courses from approved list)
- 3 hours-Statistics (Select one course from approved list)
- 3 hours-Economics: ECON 102

Highly recommended: CHEM 101 or CHEM 102

All students wishing to attend graduate school in any field should discuss necessary supplementary course work with their advisor as early as possible.

Twelve hours of 300- or 400-level courses must be taken on this campus.

Substitutions may be made with advisor approval.

All foreign language requirements must be satisfied.

A Major Plan of Study form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Study abroad courses may be substituted for major and minor requirements with approval of advisor.

The Department of East Asian Languages and Cultures offers two concentrations within the East Asian Languages and Cultures major. The goal of the East Asian Languages and Cultures Concentration is that the student gain an introductory knowledge of the civilizations of East Asia, a firm competence in an East Asian language, a solid familiarity with East Asian cultures through multiple disciplines, and a more advanced knowledge of the region including research and writing in a seminar or senior project. This concentration is useful for the student seeking a broad liberal arts education and preparation for graduate or professional study involving East Asia.

The Concentration Preparatory to the Teaching of East Asian Languages is to prepare its graduates for certification for teaching East Asian Languages (currently Mandarin Chinese or Japanese) in the public schools in Illinois.

For the Degree Bachelor of Arts in Liberal Arts and Sciences

E-mail: ealc@illinois.edu

- Concentration in East Asian Languages and Cultures (p. 376)
- Concentration Preparatory for the Teaching of East Asian Languages (p. 375)

Minor in East Asian Languages and Cultures

12 additional hours of East Asia-related courses (at least 6 of these hours must be at the 300 or 400 level)

Total Hours 20

Note: Completion of CHIN 204, JAPN 204, or KOR 204 satisfies the LAS foreign language requirement.

ASST Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/ASST)

Asian Studies Courses

ASST 104 Asian Mythology credit: 3 Hours.

Same as RLST 104. See RLST 104.

This course satisfies the General Education Criteria for:

UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures

ASST 199 Undergraduate Open Seminar credit: 1 to 5 Hours.

May be repeated.

East Asian Languages and Cultures

Jerome Packard, Head of Department

2090 Foreign Languages Building, 707 South Mathews, Urbana

PH: (217) 244-1432
http://www.ealc.illinois.edu
CHIN Class Schedule

Same as ANTH 486. See ANTH 486.

ASST 486   Peoples of Mainland SE Asia   credit: 3 or 4 Hours.
Same as ANTH 465. See ANTH 465.

ASST 465   Oceania's Peoples and Cultures   credit: 3 or 4 Hours.
Same as ANTH 402 and RLST 409. See ANTH 402.

ASST 402   Transnational Islam, Europe-US   credit: 3 or 4 Hours.
Continuation of CHIN 203. Concentration on ability to engage in fluent discourse, on comprehensive grammatical knowledge, and on ability to read ordinary simple text in Chinese. Prerequisite: CHIN 203 or CHIN 202.

CHIN 203   Intermediate Chinese I   credit: 5 Hours.
First term of second year of the Chinese language, including drill for more advanced conversational fluency, introduction to a greater variety of styles and levels of discourse and usage; and increasing study of the written language and more formal grammar. Prerequisite: CHIN 202 or equivalent.

CHIN 204   Intermediate Chinese II   credit: 5 Hours.
Continuation of CHIN 203. Concentration on ability to engage in fluent discourse, on comprehensive grammatical knowledge, and on ability to read ordinary simple text in Chinese. Prerequisite: CHIN 203 or equivalent.

CHIN 221   Elementary Spoken Mandarin I   credit: 4 Hours.
For non-majors who want to develop a basic competence in spoken Mandarin Chinese. Emphasizes the development of pronunciation, vocabulary and grammar skills with a concurrent emphasis on mastery of Pinyin phonetic orthography. Credit is not given for both this course and CHIN 201 or CHIN 202.

CHIN 222   Elementary Spoken Mandarin II   credit: 4 Hours.
Continuation of CHIN 221. Emphasizes development of pronunciation, vocabulary and grammar skills, with a concurrent emphasis on mastery of Pinyin phonetic orthography. Credit is not given for both this course and CHIN 201 or CHIN 202. Prerequisite: CHIN 221.

CHIN 241   Chinese Reading and Writing   credit: 4 Hours.
Students with a basic background in spoken Mandarin will help develop their ability to read and write Chinese characters. This course fulfills the language requirement for those programs with a two-term sequence. Successful completion of CHIN 241 and CHIN 242 fulfills the Liberal Arts and Science foreign language requirement. Credit is not given for both this course and CHIN 201 or CHIN 202. Prerequisite: CHIN 222, or speaking proficiency as determined by placement test.

CHIN 242   Chinese Reading and Writing   credit: 4 Hours.
Continuation of CHIN 241. This course fulfills the foreign language requirement for those programs with a three- or four-term requirement. Credit is not given for both this course and CHIN 203 or CHIN 204. Prerequisite: CHIN 241, or proficiency as determined by placement test.

CHIN 305   Advanced Chinese I   credit: 5 Hours.
An advanced-level course that emphasizes rapid reading, vocabulary acquisition, and newspaper reading. Prerequisite: CHIN 204 or CHIN 242.

CHIN 306   Advanced Chinese II   credit: 5 Hours.
Continuation of CHIN 305. This course fulfills the language requirement for the undergraduate major in Chinese. Prerequisite: CHIN 305.

CHIN 407   Intro to Classical Chinese   credit: 3 or 4 Hours.
Introduction to the classical literary language, style, and structural patterns as reflected in the Confucian classics and other literary, philosophical, and historical texts. 3 undergraduate hours. 4 graduate hours. Prerequisite: CHIN 202 or equivalent.

CHIN 408   Readings in Literary Chinese   credit: 3 or 4 Hours.
Readings in texts selected from the Confucian classics and other literary, philosophical, and historical texts. Attention is given to linguistic patterns and philosophical concepts and to problems of translation. 3 undergraduate hours. 4 graduate hours. Prerequisite: CHIN 407 or equivalent.

CHIN 409   Social Science Rdgs Chinese   credit: 3 or 4 Hours.
Reading and translation of selected Chinese texts in the social sciences with emphasis on specialized terminology and prose style. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 9 undergraduate hours, or 12 graduate hours. Prerequisite: Three years of modern Chinese.

Information listed in this catalog is current as of 10/2015
CHIN 440 Fourth-Year Chinese I  credit: 3 or 4 Hours.
The focus of this course is on reading and discussing modern and pre-modern Chinese literary selections in Chinese. Students continue to develop dictionary, literary and writing skills begun at the advanced (305-306) level. 3 undergraduate hours. 4 graduate hours. Prerequisite: CHIN 440 or equivalent.

CHIN 441 Fourth-Year Chinese II  credit: 3 or 4 Hours.
Continuation of CHIN 440. 3 undergraduate hours. 4 graduate hours. Prerequisite: CHIN 440 or equivalent.

CHIN 471 Intro Second Lang Learn Tchg  credit: 4 Hours.
Same as FR 471, GER 469, HUM 471, JAPN 471, LAT 471, RUSS 471, and SPAN 471. See SPAN 471.

CHIN 475 Intro to Comm Lang Tchg  credit: 4 Hours.
Same as FR 475, GER 475, JAPN 475, LAT 475, RUSS 475, and SPAN 475. See SPAN 475.

CHIN 477 Chin Orth & Grm for Lng Tchg  credit: 3 Hours.
Chinese orthography and grammar for language teaching. Teaching Mandarin Chinese in an English speaking environment. Covers the Chinese writing and sound systems, vocabulary, grammar, dialects and review available teaching materials. Course meets for the first six weeks of the semester only. 3 undergraduate hours. No graduate credit. Prerequisite: CHIN 441 or equivalent.

CHIN 478 Topics Secondary Lang Tchg  credit: 4 Hours.
Same as FR 478, GER 478, JAPN 478, LAT 478, RUSS 478, and SPAN 478. See SPAN 478.

CHIN 490 Readings in Chinese Lit  credit: 3 or 4 Hours.
Guided readings in Chinese literature in the vernacular with regular individual conferences and a paper. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours. Prerequisite: Reading knowledge of Chinese and consent of instructor.

CHIN 499 Study Abroad  credit: 0 to 18 Hours.
Lectures, seminars, and practical work in Chinese language, literature, and civilization and in other academic areas appropriate to the student’s course of study. 0 to 18 undergraduate hours. 0 graduate hours. May be repeated to a maximum of 32 hours per academic year. Prerequisite: Junior standing and a GPA of 2.5.

EALC Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/EALC)

E. Asian Languages Cultures Courses

EALC 114 Introduction to East Asian Art  credit: 4 Hours.
Same as ARTH 114. See ARTH 114.

EALC 120 East Asian Civilizations  credit: 3 Hours.
Same as HIST 120. See HIST 120.

EALC 122 History East Asian Religions  credit: 3 Hours.
Introduction to East Asian religious traditions; emphasizes the ideas of Confucianism, Taoism, and Buddhism in China and their historical interactions. Same as RLST 122.

EALC 130 The Chinese Language  credit: 3 Hours.
An introduction to the sociolinguistic study of the Chinese language. Approved for both letter and S/U grading. This course does not fulfill the campus foreign language requirement.

EALC 132 Zen  credit: 3 Hours.
Same as RLST 132. See RLST 132.

EALC 199 Undergraduate Open Seminar  credit: 1 to 5 Hours.
May be repeated.

EALC 200 Traditional China  credit: 3 Hours.
Same as HIST 200. See HIST 200.

EALC 205 Premodern Japanese History  credit: 3 Hours.
Same as HIST 205. See HIST 205.

EALC 211 Modern China  credit: 3 Hours.
Same as HIST 211. See HIST 211.

EALC 212 Chinese Thght Confucius to Mao  credit: 3 Hours.
Examination of China’s principal philosophical, religious, and political schools of thought - such as Confucianism, Taoism, Zen Buddhism, and Maoism - as ways of understanding one of the world’s major civilizations; the period of the classical philosophers, the glory years of empire, and the troubled era of Western contact receive approximately equal attention. Same as HIST 222 and RLST 224.

EALC 220 Traditional China  credit: 3 Hours.
Same as HIST 220. See HIST 220.

EALC 221 Modern China  credit: 3 Hours.
Same as HIST 221. See HIST 221.

EALC 222 Chinese Thght Confucius to Mao  credit: 3 Hours.
Examination of China’s principal philosophical, religious, and political schools of thought - such as Confucianism, Taoism, Zen Buddhism, and Maoism - as ways of understanding one of the world’s major civilizations; the period of the classical philosophers, the glory years of empire, and the troubled era of Western contact receive approximately equal attention. Same as HIST 222 and RLST 224.

EALC 226 Premodern Japanese History  credit: 3 Hours.
Same as HIST 226. See HIST 226.

EALC 227 Modern Japanese History  credit: 3 Hours.
Same as HIST 227. See HIST 227.

EALC 240 Chinese Civilization  credit: 3 Hours.
Introduction to the historical development of Chinese civilization. Emphasis will be on broad themes and the connections among cultural values, social institutions, political structures, and contacts with outsiders. Visual and literary evidence will be stressed.

EALC 250 Intro to Japanese Culture  credit: 3 Hours.
Topical introduction to Japanese cultural and aesthetic life with attention to cultural and aesthetic patterns as they are reflected in literature, language, and the arts.

Information listed in this catalog is current as of 10/2015
EALC 275  Masterpieces of East Asian Lit  credit: 3 Hours.
Study of major works in the literary traditions of China and Japan, including haiku, noh, Tale of Genji, kabuki, Tang poetry, Ming theater, and the colloquial tale. Same as CWL 275. No knowledge of Chinese or Japanese language required.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures
EALC 285  Intro to Korea Through Film  credit: 3 Hours.
Course uses film, literary, and ethnographic works to explore the impact of Post-Colonial (1945-present) socioeconomic and cultural transformation on the personal and collective South Korean experience. Same as ANTH 285.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures
EALC 287  Introduction to Buddhism  credit: 3 Hours.
Same as RLST 287. See RLST 287.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures
EALC 288  Contemporary East Asia  credit: 3 Hours.
Introduction to aspects of daily life in East Asia in relation to local and extra-local political and economic structures and transformations. Same as ANTH 287.
EALC 305  Japan Lit in Translation I  credit: 3 Hours.
Survey of Japanese literature from earliest times to 1600; readings in prose, poetry, and drama in English translation. Same as CWL 311.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures
EALC 306  Japan Lit in Translation II  credit: 3 Hours.
Survey of Japanese literature from 1600 to recent times; readings in prose, poetry, and drama in English translation; and lectures and papers. Same as CWL 312.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures
EALC 307  Classical Chinese Lit  credit: 3 Hours.
Surveys Chinese literary works from the classical tradition (history, philosophy, poetry, literary criticism) with attention to intellectual and artistic values. Same as CWL 307. No knowledge of Chinese is required.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures
EALC 308  Chinese Popular Lit  credit: 3 Hours.
Surveys Chinese popular literary works written in the vernacular language (short story, novel, and drama), with attention to cultural and artistic values. Same as CWL 308. No knowledge of Chinese is required.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures
EALC 333  Language in Japanese Society  credit: 3 Hours.
Examines aspects of language use in contemporary Japanese society, including cross-cultural communication, social/regional variations, and problems surrounding linguistic/ethnic minorities in Japanese society. Prerequisite: Completion of JPN 202 or equivalent.
EALC 343  Gov & Pol of China  credit: 3 Hours.
Same as PS 343. See PS 343.
**EALC 413**  Premodern Chinese Drama  credit: 3 or 4 Hours.
Survey of Chinese drama from the 12th century through the early 20th century. Students will read major works of Chinese drama in English translation, as well as works on stagecraft, performance styles, the social functions of drama and the social role of actors. Videotaped contemporary performances of traditional drama will be viewed. Same as CWL 415 and THEA 488. 3 undergraduate hours. 4 graduate hours.

**EALC 415**  Mod Japan Lit in Translation  credit: 2 to 4 Hours.
Critical study of selected 20th century writers with an emphasis on cultural background, world view, human relationships, aesthetic theories, Japanese and Western traditions, and universal literary issues. Same as CWL 415. 3 undergraduate hours. 2 or 4 graduate hours. Requires no knowledge of Japanese; readings and films. Prerequisite: Junior standing or consent of instructor.

**EALC 420**  China Under the Qing Dynasty  credit: 2 to 4 Hours.
Same as HIST 420. See HIST 420.

**EALC 421**  Soc-Econ Hist Modern China  credit: 2 to 4 Hours.
Same as HIST 421. See HIST 421.

**EALC 425**  Chinese Poetry and Translation  credit: 3 Hours.
A critical introduction to major Chinese poetic genres and an in depth examination of various translation strategies used in the translation of Chinese poetry. The poetry component acquaints students with essential aspects of Chinese language and poetry and thus enables them to evaluate the translated texts from the perspectives of both an insider and outsider. The translation component entails both the evaluation of existing translations and practice by the students. Same as TRST 430. 3 undergraduate hours. 3 graduate hours.

**EALC 426**  Early Modern Japan  credit: 3 or 4 Hours.
Same as HIST 426. See HIST 426.

**EALC 427**  Twentieth-Century Japan  credit: 3 or 4 Hours.
Same as HIST 427. See HIST 427.

**EALC 428**  Japan at War and Peace  credit: 3 or 4 Hours.
Examination of the changing ways the Japanese have imagined war and peace in the twentieth century as documented in novels, memoirs, essays, plays, films, journalism, and other works. Same as CWL 428. 3 undergraduate hours. 3 or 4 graduate hours. Graduate students taking this course for 4 hours credit will be expected to write the same papers as undergraduates. In addition, graduate students will be expected to produce a term paper that will be due at the time of the final exam. Prerequisite: Junior standing or consent of instructor.

**EALC 430**  Intro to East Asian Ling  credit: 3 or 4 Hours.
Same as LING 430. See LING 430.

**EALC 466**  Japanese Cinema  credit: 3 or 4 Hours.
Same as MACS 466. See MACS 466.

**EALC 469**  The Ethnography of Korea  credit: 3 or 4 Hours.
Survey of the English-language anthropological study and representation of Korea, situating this literature topically, historically, theoretically, and methodologically. Same as ANTH 489. 3 undergraduate hours. 4 graduate hours. Prerequisite: ANTH 103 or ANTH 230, or EALC 285 or EALC 365 or EALC 367, or consent of instructor.

**EALC 475**  Discourse & Grammar in EA Langs  credit: 3 or 4 Hours.
Examines how the regularities in language use that we think of as ‘grammar’ emerge from communicative needs in discourse. Focuses on analysis of grammatical phenomena in East Asian languages. Requires advanced knowledge of Chinese, Japanese, or Korean. 3 undergraduate hours. 4 graduate hours. Prerequisite: LING 430; junior standing or consent of instructor.

**EALC 476**  Classical Chinese Thought  credit: 3 or 4 Hours.
Inquiry into the major schools of Chinese thought in the Classical Period through the Han (206 B.C. - A.D. 220): Confucianism, Taoism and Legalism. Topics such as the concept of history, military thought and logic will be covered. Readings are in English. Same as CWL 478 and HIST 425. 3 undergraduate hours. 4 graduate hours. Prerequisite: One 200 or 300-level course on Chinese culture or consent of instructor.

**EALC 484**  Buddhist Meditation  credit: 3 Hours.
Same as RLST 484. See RLST 484.

**EALC 488**  History of Chinese Buddhism  credit: 3 or 4 Hours.
Survey of the history of Chinese Buddhism since its introduction; analysis of Buddhological trends and styles; and the sociocultural milieu of Chinese Buddhism and its place in the total history of ideas and lifestyles. Same as RLST 488. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: RLST 287 or consent of instructor.

**EALC 490**  Individual Study  credit: 2 to 12 Hours.
Supervised individualized study of a topic not covered by regular course offerings. The topic must be approved by the instructor. 3 to 12 undergraduate hours. 2 to 12 graduate hours. May be repeated to a maximum of 16 hours. Prerequisite: Consent of instructor.

**EALC 495**  Topics in Asian Religions  credit: 3 or 4 Hours.
Same as RLST 495. See RLST 495.

**JAPN Class Schedule**

**JAPN 199**  Undergraduate Open Seminar  credit: 1 to 5 Hours.
May be repeated.

**JAPN 201**  Elementary Japanese I  credit: 5 Hours.
Introduction to Japanese, spoken language skills and the reading and writing of hiragana, katakana, and kanji.

**JAPN 202**  Elementary Japanese II  credit: 5 Hours.
Continuation of JAPN 201. Prerequisite: JAPN 201.

**JAPN 203**  Intermediate Japanese I  credit: 5 Hours.
Prerequisite: JAPN 202 or equivalent.

**JAPN 204**  Intermediate Japanese II  credit: 5 Hours.
Continuation of JAPN 203. Prerequisite: JAPN 203 or equivalent.

**JAPN 305**  Advanced Japanese I  credit: 5 Hours.
Readings in graded Japanese texts with oral practice designed to help students acquire the sophisticated vocabulary and grammatical structures of written Japanese. Prerequisite: JAPN 204 or placement test for students who have Japanese background or who have previously taken a course(s) in Japanese.

**JAPN 306**  Advanced Japanese II  credit: 5 Hours.
Continuation of JAPN 305. Prerequisite: JAPN 305 or be placement test.

**JAPN 407**  Intro to Classical Japanese  credit: 3 Hours.
Introduction to the grammar, morphology, vocabulary, and style of classical Japanese language as found in premodern Japanese literary and historical writings. 3 undergraduate hours. 3 graduate hours. Prerequisite: Three years of modern Japanese language or equivalent.
JAPN 408  Readings in Classical Japanese credit: 3 Hours.
Readings in texts in classical Japanese selected from historical and literary sources of the premodern period. Attention is given to grammatical, morphological, and stylistic features and to problems in translation. Introduction to reading of classical syllabaries and manuscript texts. 3 undergraduate hours. 3 graduate hours. Prerequisite: JAPN 407 or equivalent.

JAPN 409  Social Science Rdgs Japanese credit: 3 or 4 Hours.
Readings in Japanese social science materials, including articles from newspapers, periodicals, and learned journals. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 9 undergraduate hours or 12 graduate hours. Prerequisite: JAPN 306 or equivalent.

JAPN 440  Fourth Year Japanese I credit: 3 or 4 Hours.
Further developments of skills in sophisticated Japanese language use, including readings in authentic materials in a wide variety of writing styles, writing for formal occasions, and speaking appropriately according to the situation while using precise vocabulary in correct level of speech. 3 undergraduate hours. 4 graduate hours. Prerequisite: JAPN 306 or equivalent.

JAPN 441  Fourth Year Japanese II credit: 3 or 4 Hours.
Continuation of JAPN 440. 3 undergraduate hours. 4 graduate hours. Prerequisite: JAPN 440 or equivalent.

JAPN 460  Japanese as a 2nd Language I credit: 3 or 4 Hours.
Introduction to basic theory of Japanese pedagogy; teaching methods, and theory and practice of teaching Japanese grammar. 3 undergraduate hours. 4 graduate hours.

JAPN 461  Japanese as a 2nd Language II credit: 3 or 4 Hours.
Application of pedalinguistics of Japanese; theory and method of instructional exercise development for teaching Japanese in practice teaching of Japanese in the classroom. 3 undergraduate hours. 4 graduate hours. Prerequisite: JAPN 460 or equivalent.

JAPN 471  Intro Second Lang Learn Tchg credit: 4 Hours.
Same as CHIN 471, FR 471, GER 469, HUM 471, LAT 471, RUSS 471, and SPAN 471. See SPAN 471.

JAPN 475  Intro to Comm Lang Tchg credit: 4 Hours.
Same as CHIN 475, FR 475, GER 475, LAT 475, RUSS 475, and SPAN 475. See SPAN 475.

JAPN 478  Topics Secondary Lang Tchg credit: 4 Hours.
Same as CHIN 478, FR 478, GER 478, LAT 478, RUSS 478, and SPAN 478. See SPAN 478.

JAPN 490  Readings in Japanese Lit credit: 3 or 4 Hours.
Guided readings in Japanese literature in the vernacular with regular individual conferences and a paper. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours. Prerequisite: Reading knowledge of Japanese and consent of instructor.

JAPN 499  Study Abroad credit: 0 to 18 Hours.
Lectures, seminars, and practical work in the Japanese language, literature, and civilization, and in other academic areas appropriate to the student's course of study. No graduate credit. Approved for letter and S/U grading. Prerequisite: Junior standing and a GPA of 3.00.

KOR Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/KOR)

Korean Courses

KOR 201  Elementary Korean I credit: 5 Hours.
First semester of Korean for students without any background of the Korean language, starting from the Korean alphabet (Hangul) and learning basic grammar, vocabulary, and commonly used expressions, to achieve beginning level of speaking, listening, reading, writing, and basic grammar skills in Korean. Credit is not given for KOR 201 if credit for KOR 221 has been earned.

KOR 202  Elementary Korean II credit: 5 Hours.
Continuation of KOR 201, and second semester of first year Korean. Students learn basic grammar, vocabulary, and commonly used expressions by practicing conversations and reading conversation based texts, to achieve beginning-intermediate levels of speaking, listening, reading, and writing in the Korean language. Credit is not given for KOR 202 if credit for KOR 222 has been earned. Prerequisite: KOR 201 or as determined by placement test and instructor. Students must have taken KOR 201 at this University. Otherwise, they must take the placement test given in January. Sign up for the test in the office of the EALC Department (244-2725).

KOR 203  Intermediate Korean I credit: 5 Hours.
Continuation of KOR 202 and first semester of the second year Korean. Students practice conversations, study grammar based on conversational materials with variety of styles and levels of discourse and usage, and learn about Korean culture, to achieve intermediate-level fluency. Credit is not given for KOR 203 if credit for KOR 223 has been earned; determination is based on the placement test. Prerequisite: KOR 202 or as determined by a placement exam and an instructor. Students must have taken KOR 202 at this University. Otherwise, they should take the placement exam in August. Sign up for the test in the office of the EALC Department (244-2725).

KOR 204  Intermediate Korean II credit: 5 Hours.
Continuation of KOR 203 and second semester of the second year Korean. Students practice conversations and study grammar based on conversational materials with variety of styles and levels of discourse and usage, to achieve intermediate-level fluency in speaking, listening, reading and writing in the Korean language. Credit is not given for KOR 204 if credit for KOR 241 has been earned. Prerequisite: KOR 203 or as determined by a placement exam and an instructor. Students must have taken KOR 203 at this University. Otherwise, they should take the placement exam in January. Sign up for the test in the office of the EALC Department (244-2725).

KOR 221  Korean Reading and Writing I credit: 4 Hours.
First semester of spoken and written Korean for students with background in spoken Korean. Starting from the Korean alphabet (Hangul) students learn basic grammar, vocabulary, and commonly used expressions, to achieve the beginning level proficiency in reading and writing as well as in speaking. Credit is not given for KOR 221 if credit for KOR 202 has been earned. Prerequisite: Ability to speak and understand spoken Korean as determined by a placement test and an instructor. Students with prior knowledge of Korean must take the placement test in August. Sign up for the test in the office of the EALC Department (244-2725).
KOR 222  
Korean Reading and Writing II  
credit: 4 Hours.
Continuation of KOR 221 and second semester of spoken and written Korean for the students with background in Korean. Students learn basic grammar, vocabulary, and commonly used expressions, to achieve the beginning-intermediate level proficiency in reading and writing as well as in speaking of Korean. Credit is not given for KOR 222 if credit for KOR 202 has been earned; determination is based on the placement test. Prerequisite: KOR 221 or as determined by a placement test and an instructor. Students must have taken KOR 221 at this University. Otherwise, those with prior knowledge of Korean must take placement test in January. Sign up for the test in the office of the EALC Department (244-2725).

KOR 241  
Korean Reading and Writing III  
credit: 4 Hours.
Continuation of KOR 222 and first semester of the second year of spoken and written Korean. Students learn grammar and vocabulary to achieve intermediate-level speaking, listening, reading and writing in Korean. Credit is not given for KOR 241 if credit for KOR 204 has been earned; determination is based on the placement exam. Prerequisite: KOR 222 or as determined by a placement exam and an instructor. Students must have taken KOR 222 at this University. Otherwise, those with prior knowledge of Korean must take the placement exam in August. Sign up for the test in the office of the EALC Department (244-2725).

KOR 242  
Korean Reading and Writing IV  
credit: 4 Hours.
Continuation of KOR 241 and second semester of the second year of spoken and written Korean. Students are exposed to theme-related passages and dialogues, practicing speaking, listening, reading, and writing, in order to achieve advanced-intermediate level proficiency in Korean. Credit is not given for KOR 242 if credit for KOR 306 has been earned. Prerequisite: KOR 241 or as determined by a placement exam and an instructor. Students must have taken KOR 241 at this University. Otherwise, those with prior knowledge of Korean must take the placement test in January. Sign up for the test in the office of the EALC Department (244-2725).

KOR 305  
Advanced Korean I  
credit: 5 Hours.
Continuation of KOR 204 and first semester of third year Korean. Concentrates on enhancing the level of fluency in speaking, listening, reading and writing of Korean. Students learn more advanced-level vocabulary and expressions and read more authentic texts in Korean. Credit is not given for KOR 305 if credit for KOR 241 has been earned; determination is based on placement test. Prerequisite: KOR 204 or as determined by a placement exam and an instructor. Students must have taken KOR 204 at this University. Otherwise, they should take the placement test in August. Sign up for the test in the office of the EALC Department (244-2725).

KOR 306  
Advanced Korean II  
credit: 5 Hours.
Continuation of KOR 305 and second semester of third year Korean. Concentrates on enhancing the level of fluency in speaking, listening, reading and writing of Korean. Students will learn about more advanced-level vocabulary and everyday expressions and read texts in Korean where Korean culture is introduced and discussed. Credit is not given for KOR 306 if credit for KOR 242 has been earned. Prerequisite: KOR 305 or as determined by a placement test and an instructor. Students must have taken KOR 305 at this University. Otherwise, they should take the placement test in January. Sign up for the exam in the office of the EALC Department (244-2725).

KOR 440  
Fourth Year Korean I  
credit: 3 or 4 Hours.
Develop the ability to engage in fluent discourse, to understand authentic texts through the acquisition of advanced-level vocabulary and expressions, and to refine and improve their writing in Korean. Students are expected to engage in class discussions on various topics of Korean culture and society. 3 undergraduate hours. 4 graduate hours. Prerequisite: KOR 306 or KOR 242 or as determined by a placement test and an instructor. Students must have taken KOR 306 or KOR 242 at this University. Otherwise, those with prior knowledge of Korean should take the placement exam in August. Sign up for the test in the office of the EALC Department (244-2725).

KOR 441  
Fourth Year Korean II  
credit: 3 or 4 Hours.
Allows advanced students to further develop their reading comprehension of authentic texts through the acquisition of advanced-level vocabulary and expressions, and to discuss and write on various topics and issues related to contemporary Korea. 3 undergraduate hours. 4 graduate hours. Prerequisite: KOR 440 or as determined by a placement test and an instructor. Students must have taken KOR 440 at this University. Otherwise, those with prior knowledge of Korean should take the placement test in January. Sign up for the test in the office of the EALC Office (244-2725).

Concentration Preparatory for the Teaching of East Asian Languages

This concentration prepares its graduates for teaching an East Asian Language (currently Mandarin Chinese or Japanese) in the public schools in Illinois.

In order to remain in good standing in this program and be recommended for certification, candidates are required to maintain University of Illinois, cumulative content area and professional education grade point averages of 2.5 (A=4.0). Candidates should consult their advisor or the Council on Teacher Education for the list of courses used to compute these grade point averages.

Minimum required course work normally equates to 89 hours.

General education: Consult the Curriculum Preparatory to the Teaching of Foreign Languages (p. 304).

Minimum hours required for graduation: A minimum of 120 hours of credit is required for graduation.

Departmental distinction: To be eligible for departmental distinction, a student must have a minimum grade point average of 3.25 overall, a 3.5 average in the major and complete an approved project or series of projects. Consult the Japanese or Chinese teacher education advisor for details.

Foreign study: Future teachers of Mandarin or Japanese are strongly encouraged to engage in one or more semesters of study abroad in China or Japan. Some of the curricular requirements may be met through the Year-in-Japan Program at Konan University or other approved programs or at an exchange program in China.

Students must complete the Professional education course sequence and one teaching area of specialization sequence. Professional education courses. See the Curricula Preparatory to Teaching Foreign Languages (p. 304).
Teaching Area of Specialization: Japanese

The total of hours for Teaching Area of Specialization may be reduced by as much as 20 hours through prerequisite credit for work equivalent to Japan or Chinese 201 through 204 taken in secondary school or by demonstrated proficiency by examination.

Concentration in East Asian Languages and Cultures

Degree title: Bachelor of Arts in Liberal Arts and Sciences

Minimum required major and supporting course work normally equates to 37-57 hours.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours.

One year of a single East Asian Language beyond the intermediate level (i.e., beyond CHIN 204 or CHIN 242; JAPN 204; KOR 204 or KOR 241). ¹

One course in East Asian history

One course in East Asian literature

Advanced courses:

Four non-language courses at the 300- or 400-level.

EALC 398 Colloquium in EALC (or an approved senior project.) ³

¹ Students testing out of the advanced language requirement (306-level) must take two additional non-language courses from East-Asian-related offerings.

² No course may be counted more than once toward these requirements and at least two courses must be at the 200-level or above.

³ Students selecting the senior project option must submit to the Director of Undergraduate Study a proposal outlining the project to be undertaken, the course in which the project is to be completed and an agreement signed by the faculty member supervising the project.

Twelve hours of 300- or 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

Economics

Martin Perry
101 David Kinley Hall, 1407 W. Gregory, Urbana
PH: (217) 333-2682
http://www.economics.illinois.edu/

Economics is a social science that studies the problems caused by scarcity and how individuals, institutions, and societies may deal with these problems. Economics shares common interests with business-oriented disciplines such as finance and business administration. Economists frequently require quantitative skills, such as calculus and statistics, to derive economic principles that are useful in forming policies designed to solve economic problems.

For the Degree of Bachelor of Arts in Liberal Arts and Sciences

E-mail: econug@illinois.edu

Minimum required major and supporting course work normally equates to 55-56 hours including a minimum of 30 hours of economics courses excluding ECON 199, ECON 220, ECON 398, and ECON 399.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: A student must have a grade point average of at least 3.25 overall and at least 3.5 in economics; complete a research project (e.g., complete ECON 399); and be recommended by the faculty research adviser.

Economics Courses including:
ECON 102 Microeconomic Principles

ECON 103 Macroeconomic Principles

ECON 198 Economics at Illinois

ECON 202 Economic Statistics I

ECON 203 Economic Statistics II

ECON 302 Inter Microeconomic Theory

ECON 303 Inter Macroeconomic Theory

11 additional hours of economics at the 300- or 400-level

Mathematics: 7-8

MATH 220 Calculus
or MATH 221 Calculus I

MATH 231 Calculus II

Additional mathematics courses are recommended

Supporting course work. 18 hours of courses outside economics but related to the student’s major interest in economics (see www.economics.illinois.edu/programs/undergrad for details).

Excluding ECON 398 and ECON 399.

For further information, see www.economics.illinois.edu/programs/undergrad (http://www.economics.illinois.edu/programs/undergrad)

Twelve hours of 300- or 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

ECON Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/ECON)

Courses

ECON 101 Introduction to Economics credit: 4 Hours.

General survey of the operation of the economic system; emphasizes the determination of the level of national income, the pricing and allocation of products, and factors of production under existing conditions in the United States. This is an honors course limited to students currently enrolled in the Chancellor’s Scholar Program. Credit is not given for ECON 101 if credit has been earned in both ECON 102 and ECON 103. This course satisfies the General Education Criteria for: UIUC: Social Sciences

ECON 102 Microeconomic Principles credit: 3 Hours.

Introduction to the functions of individual decision-makers, both consumers and producers, within the larger economic system. Primary emphasis on the nature and functions of product markets, the theory of the firm under varying conditions of competition and monopoly, and the role of government in prompting efficiency in the economy. Credit is not given for ECON 102 and ACE 100.

This course satisfies the General Education Criteria for: UIUC: Social Sciences

ECON 103 Macroeconomic Principles credit: 3 Hours.

Introduction to the theory of determination of total or aggregate income, employment, output, price levels, and the role of money in the economy. Primary emphasis on monetary and fiscal policy, inflation, unemployment, economic growth, and international economics. This course satisfies the General Education Criteria for: UIUC: Social Sciences

ECON 198 Economics at Illinois credit: 1 Hour.

An introductory course intended to help students explore the various fields of economics. Presents brief introductions to various faculty members within the Department of Economics at Illinois and an overview of their respective fields. Enrollment limited to undergraduate Economics majors only. Approved for S/U grading only.

ECON 199 Undergraduate Open Seminar credit: 0 to 5 Hours.

Approved for both letter and S/U grading. May be repeated.

ECON 202 Economic Statistics I credit: 3 Hours.

Introduction of basic concepts in statistics including the presentation of data, descriptive statistics, probability theory, discrete and continuous distributions, sampling distributions, estimation, and hypothesis testing. The approach of the class includes both learning the concepts behind basic statistics and also how to apply these concepts in “real-life” situations. Utilizes a practical project format. To complete the Business Statistics sequence, students must also complete ECON 203. Credit is not given for ECON 202 if credit for a college-level introductory statistics course such as PSYC 235, SOC 280, or STAT 100 has been earned. Prerequisite: Credit or registration in one of MATH 220, MATH 221, MATH 234.

This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

ECON 203 Economic Statistics II credit: 3 Hours.

Continuation of ECON 202. Builds upon point and interval estimation as well as hypothesis testing skills first introduced in ECON 202. Utilizes a practical project format to extend the student skill set to include simple and multiple linear regression and time series techniques. Prerequisite: ECON 202; one of MATH 220, MATH 221, MATH 234.

This course satisfies the General Education Criteria for: UIUC: Social Sciences

ECON 210 Environmental Economics credit: 3 Hours.

Same as ACE 210, ENVS 210, NRES 210, and UP 210. See ACE 210. This course satisfies the General Education Criteria for: UIUC: Social Sciences

ECON 220 Intl Economic Principles credit: 3 Hours.

Principles-level course in international economics for non-majors. The first half of course, international trade, covers such topics as comparative advantage, protectionism (tariff and nontariff), impact on income distribution, and industrial policies. The second half, international finance, covers topics such as balance of payments, exchange-rate determination, currency crises, dollarization, and macroeconomic policy in an open economy. Issues relating to globalization will be covered in both halves. Prerequisite: ECON 101; or ECON 102 (or ACE 100) and ECON 103. Credit in ECON 220 is not applicable toward graduation in the Economics Major.

ECON 302 Inter Microeconomic Theory credit: 3 Hours.

Microeconomic analysis including value and distribution theory; analysis of the pricing of the factors of production integrated in a micro-general equilibrium context which builds towards explaining the resource allocation process. Prerequisite: ECON 102 or equivalent. MATH 220, MATH 221, MATH 234 or equivalent.
ECON 303 Inter Macroeconomic Theory  credit: 3 Hours.
The modern theory of the determination of the level and rate of growth of income, employment, output, and the price level; discusses alternate fiscal and monetary policies to facilitate full employment and economic growth. Prerequisite: ECON 102, ECON 103. Recommended: MATH 125; one of MATH 220, MATH 221, MATH 234.

ECON 397 Senior Research I  credit: 2 to 4 Hours.
Research and readings course for students majoring in economics; may be taken by students in the college honors program in partial fulfillment of the honors requirements. Prerequisite: Cumulative grade-point average of 3.0 or honors in the junior year, or consent of instructor; senior standing.

ECON 398 Senior Research II  credit: 2 to 4 Hours.
Research and readings course for students majoring in economics; may be taken by students in the college honors program in partial fulfillment of the honors requirements. Prerequisite: Cumulative grade-point average of 3.0 or honors in the junior year; senior standing.

ECON 399 Undergraduate Open Seminar  credit: 0 to 9 Hours.
Independent study course covering topics not treated by regular course offerings. This class does not satisfy departmental graduation requirements. Approved for both letter and S/U grading. May be repeated. Prerequisite: Junior or senior standing, ECON 101 or equivalent is recommended. ECON 102 or equivalent is recommended.

ECON 411 Public Sector Economics  credit: 2 to 4 Hours.
Economic analysis of government tax and expenditure policies; topics include public good and externality theory, public choice theory, income distribution, cost-benefit analysis, principles of taxation, tax incidence, economic effects and optimal structures of major taxes, and taxation in developing economies. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: ECON 302 or consent of instructor.

ECON 414 Urban Economics  credit: 3 or 4 Hours.
Analyzes the urban economy. Topics include: economic reasons for the existence of cities; the theory of urban spatial structure; the effects of taxation on housing decisions; the economics of freeway congestion; economics analysis of local public goods and services; economic analysis of rent control, slum policies and land-use controls. Same as FIN 414. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: ECON 302.

ECON 420 International Economics  credit: 2 to 4 Hours.
Introduction to the theory of international trade and finance with selected application to current problems of trade policy, balance of payments adjustment, the international monetary system, and globalization issues. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: ECON 302 or equivalent, or consent of instructor; ECON 303 is recommended.

ECON 440 Economics of Labor Markets  credit: 2 to 4 Hours.
Studies the microeconomic determinants of labor demand and supply, economic effects of unions, and macroeconomic labor market problems. Same as LER 440. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: ECON 302 or equivalent.

ECON 450 Development Economics  credit: 2 to 4 Hours.
Analyzes the economic problems associated with newly developing nations; emphasizes their economic structures, their factor scarcities, and their programs for development. Not open for graduate credit to graduate candidates in economics. 3 undergraduate hours. 2 or 4 graduate hours. Graduate credit is not given for both ECON 450 and ECON 550 or ECON 551. Prerequisite: ECON 102 and ECON 103 or equivalent. ECON 302 strongly recommended.

ECON 452 The Latin American Economies  credit: 2 to 4 Hours.
Focuses on the economic history of the region, the recent industrialization process and its impact, the role of the state and foreign capital, the impact of the recent privatization processes, inflation and stabilization policies, and issues surrounding the distribution of income. Same as ACE 452. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: ECON 102 or ECON 103. ECON 302 or ECON 303 strongly recommended.

ECON 456 Mathematical Economics  credit: 2 to 4 Hours.
Introduction to game theory with applications to economics; emphasizes the analysis of static and dynamic games with or without complete information. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: One of MATH 125, MATH 225, MATH 415; MATH 241 or equivalent; ECON 302.

ECON 469 Economics of Risk  credit: 3 or 4 Hours.
Exploration of economic decisions under uncertainty. Includes expected utility theory and non-expected utility theory; applications to individual decision problems in investment and insurance; general equilibrium in markets under uncertainty, including problems generated by asymmetric information; measurement of risk; the value of information obtained before a decision. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Prerequisite: ECON 302 or equivalent; one of MATH 220 or MATH 221 or equivalent.

ECON 471 Intro to Applied Econometrics  credit: 2 to 4 Hours.
Introduction to specification, estimation, prediction and evaluation of econometric models, emphasizing the interplay between statistical theory and economic applications. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: ECON 203 or equivalent; ECON 302 or ECON 303.

ECON 480 Industrial Comp and Monopoly  credit: 2 to 4 Hours.
Analyzes the ways firms and markets are organized, how they interact, outcomes of various types of firm behavior and performance of markets, and causes and types of market failure. Particular emphasis on the contribution of game theory as the equilibrium concept in oligopoly settings. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: ECON 302.

ECON 481 Govt Reg of Economic Activity  credit: 2 to 4 Hours.
Analysis of economic bases, policies, and consequences of government regulation of economic activity. Reasons for government intervention in market behavior, methods of government intervention, and outcomes are studied. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: ECON 302 or consent of instructor.

ECON 482 Health Economics  credit: 3 or 4 Hours.
Economic analysis of the health care industry to explain the demand for and supply of medical care. Includes analysis of behavior of consumers, producers, and insurers; and public policies to regulate the industry and to provide services for the poor and elderly. 3 undergraduate hours. 4 graduate hours. Prerequisite: ECON 302 is recommended.
The Department of English sponsors two concentrations. English majors at the University of Illinois take 12 courses (36 hours) in English education, film, cultural studies, and closely related fields. These courses help students develop sophisticated interpretation and composition skills through studying a wide range of cultural materials, historical periods, and literatures. The English Concentration (p. 393) is organized to provide instruction in literature in English, the English language, English education, film, cultural studies, and closely related fields. Students who major in English have many choices in planning a field of study, but the basic program is designed to accommodate students who seek to broaden their familiarity with our literature, to intensify their language skills for personal and professional reasons, and to learn more about literature’s relationship to the other arts, history, philosophy, and the modern languages.

The English Concentration (p. 393) is organized to provide instruction in literature in English, the English language, English education, film, cultural studies, and closely related fields. Students who major in English have many choices in planning a field of study, but the basic program is designed to accommodate students who seek to broaden their familiarity with our literature, to intensify their language skills for personal and professional reasons, and to learn more about literature’s relationship to the other arts, history, philosophy, and the modern languages.

The English Teaching Concentration (p. 394) leads to certification to teach in Secondary School. Coursework in this concentration is largely similar to the English Concentration and based on the same core goals as the English Concentration. Students working toward earning a teaching certificate are guided toward additional coursework focused on language and composition. The department also offers a major in Creative Writing (p. 392).

For the Degree of Bachelor of Arts in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

Students must select one concentration.

- English Concentration (p. 393)

The English Teaching Concentration (p. 394)

Minor in English

Total Hours: 21

BTW Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/BTW)

Business and Technical Writing Courses

BTW 199 Undergraduate Open Seminar credit: 1 to 5 Hours.
May be repeated.

BTW 220 Desktop Publishing and Design credit: 2 Hours.
Design and preparation of documents using desktop publishing technology. Students will learn and apply principles governing page design, style sheets, document layout, effective graphics, managing the design process, and usability testing. Students will create a portfolio of design projects.

BTW 250 Principles Bus Comm credit: 3 Hours.
Teaches students to apply the principles of successful professional communication to workplace writing tasks. Students will also practice editing and supervising the writing of others. Assignments replicate typical business cases and situations, including a report that requires students to compile and interpret research. Credit is not given for both BTW 250 and either BTW 261 or BTW 263. Prerequisite: Junior standing and completion of campus Composition I requirement. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

BTW 261 Principles Tech Comm credit: 3 Hours.
Teaches students to apply the principles of successful professional writing to a range of realistic cases in technical communication. Emphasizes flexible problem-solving skills and a clear style for communicating technical information to a range of readers. Assignments will include correspondence, instructions, proposals, and a technical report or similar project. Credit is not given for both BTW 261 and BTW 250 or BTW 263. Prerequisite: Junior standing and completion of campus Composition I requirement. This course satisfies the General Education Criteria for: UIUC: Advanced Composition
BTW 263  Writing in the Disciplines  credit: 3 Hours.
Teaches students to apply principles of professional communication
to the writing tasks typical of specific disciplines or professions.
Assignments will vary, depending on the focus of the course, but will
include a substantial report or project. Credit is not given for both
BTW 263 and either BTW 250 or BTW 261. Prerequisite: Junior standing
and completion of campus Composition I requirement.
This course satisfies the General Education Criteria for:
  UIUC: Advanced Composition

BTW 271  Persuasive Writing  credit: 3 Hours.
Students will study principles of persuasion as applied to writing and
designing written communications for business and the professions.
Included are ads, direct-mail campaigns, argumentative essays,
proposals, and other types of writing designed to move readers to action.
Prerequisite: Sophomore standing and completion of Composition I
requirement.

BTW 272  Report Writing  credit: 3 Hours.
Personal direction in a report writing project which can be integrated
with research in another course; study of report-writing principles and
practices. Classes meet for the first month after which the student and
the instructor arrange a conference schedule. Small group meetings are
arranged for presentation of proposals, progress reports, and summary
reports. Prerequisite: Completion of campus rhetoric requirement and
sophomore standing.

BTW 290  Individual Study  credit: 0 to 3 Hours.
Independent research with a chosen tutor leading to the writing of a
formal report or preparation of some other type of major presentation
of information. Enroll in BTW office, 294 English Building. Approved for
both letter and S/U grading. May be repeated to a maximum of 6 hours.
Prerequisite: Consent of instructor.

BTW 402  Descriptive English Grammar  credit: 3 or 4 Hours.
Same as ENGL 402. See ENGL 402.

BTW 490  Special Topics Prof Writing  credit: 3 or 4 Hours.
Study of the forms, situations, and social practices that define writing
in particular disciplines or professions. Each class will focus on a
specific topic such as science writing, writing in the environmental
movement, legal writing, writing in the social sciences, public policy in
the popular media, and so on. Assignments will vary with the topic. 3
undergraduate hours. 4 graduate hours. May be repeated to a maximum
of 6 undergraduate hours or 8 graduate hours. Prerequisite: Junior
standing.

CWL Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/
DEFAULT/CWL)

Comparative World Literature Courses

CWL 111  Bible as Literature  credit: 3 Hours.
Same as ENGL 114 and RLST 101. See RLST 101.
This course satisfies the General Education Criteria for:
  UIUC: Literature and the Arts

CWL 112  Literature of Global Culture  credit: 3 Hours.
Same as ENGL 112. See ENGL 112.

CWL 114  Global Consciousness and Lit  credit: 3 Hours.
Exploration of the cultural and historical roots of globalization and
the development of global consciousness from ancient Greece to the
present, as reflected primarily in literature, but also with reference to
historiography, cartography, religion, art, politics, economics, and popular
culture. Course materials including literary texts, articles, historical
accounts, political tracts, films, and paintings focus on the mutual
perception of, and historical relationships among Europe, the Arab world,
Africa, Asia, and the Americas. This course can be used to fulfill either
Western or non-Western general education categories, but not both.
This course satisfies the General Education Criteria for:
  UIUC: Literature and the Arts
  UIUC: Non-Western Cultures
  UIUC: Western Comparative

CWL 117  Russ & E Euro Science Fiction  credit: 3 Hours.
Same as SLAV 117. See SLAV 117.
This course satisfies the General Education Criteria for:
  UIUC: Literature and the Arts

CWL 119  Literature of Fantasy  credit: 3 Hours.
Same as ENGL 119. See ENGL 119.

CWL 151  Cross-Cultural Thematics  credit: 3 Hours.
Explores a combination of western and non-western literature through the
focus on a shared theme, exploring differences in treatment both within
and among different cultures. Two such thematic focuses are offered
in rotation; one on concepts of love and one on ways of writing about
death. Both themes introduce students to a wide array of famous texts
from different cultures and also offer some varied perspectives for their
own inevitable thoughts on these major topics. May be repeated to a
maximum of 6 hours if topics vary. Students may register in more than
one section per term.
This course satisfies the General Education Criteria for:
  UIUC: Literature and the Arts

CWL 189  Lit of Asia & Africa I  credit: 3 Hours.
Comparative study of major works from Africa, the Middle East,
South and East Asia, from ancient times through the medieval period,
emphasizing literary, cultural, philosophical, and religious traditions,
and cross-cultural contact. Topics studied may include Egyptian and
Mesopotamian mythology, Hinduism, Buddhism, Confucianism, Daoism,
and the Abrahamic tradition. All readings in English.
This course satisfies the General Education Criteria for:
  UIUC: Literature and the Arts
  UIUC: Non-Western Cultures

CWL 190  Lit of Asia & Africa II  credit: 3 Hours.
Comparative study of major works from Africa, the Middle East, South
and East Asia, from the early modern to the contemporary period,
emphasizing literary, cultural, philosophical, and religious traditions
and cross-cultural contact. Topics studied may include Hinduism, Buddhism,
Confucianism, Daoism, Islam, colonialism and globalization. All readings
in English.
This course satisfies the General Education Criteria for:
  UIUC: Literature and the Arts
  UIUC: Non-Western Cultures

CWL 191  Freshman Honors Tutorial  credit: 1 to 3 Hours.
Study of selected topics on an individually arranged basis. Open only to
honors students or to Cohn Scholars and Associates. May be repeated
one time. Prerequisite: Consent of departmental honors advisor.

CWL 199  Undergraduate Open Seminar  credit: 1 TO 5 Hours.
Credit: 1 to 5 hours. Approved for both letter and S/U grading. May be
repeated.

Same as HIST 436, RLST 420, SLAV 420, and YDSH 420. See YDSH 420.

CWL 428 Japan at War and Peace credit: 3 or 4 Hours.
Same as EALC 428. See EALC 428.

CWL 430 History of Translation credit: 3 or 4 Hours.
Same as CLCV 430, ENGL 486, GER 405, SLAV 430, SPAN 436, and TRST 431. See SLAV 430.

CWL 434 Studies in Francophone credit: 3 or 4 Hours.
Same as FR 479. See FR 479.
CWL 436 Problems of Polish Literature  credit: 3 or 4 Hours.  
Same as POL 446. See POL 446.

CWL 440 Russian Culture Studies  credit: 3 or 4 Hours.  
Same as RUSS 460. See RUSS 460.

CWL 441 Themes in Narrative  credit: 3 or 4 Hours.  
Analysis of literary themes and types in narratives of Western and non-Western literature (e.g., the hero, east and west, dream visions), emphasizing comparative perspectives. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated to a maximum of 9 undergraduate hours or 12 graduate hours. Prerequisite: One year of college literature or consent of instructor.

CWL 444 Problems in Romanticism  credit: 3 or 4 Hours.  
Same as RUSS 444. See RUSS 444.

CWL 445 Problems in Realism  credit: 3 or 4 Hours.  
Same as RUSS 445. See RUSS 445.

CWL 450 Topics in Bodies and Genders  credit: 3 Hours.  
How do gender, sexuality, and the body emerge through cultural representations and across artistic forms? How do literature, film, and the visual arts construct gender identities in various times and places? Topics and regions vary by semester and instructor. All readings in English. Same as GWS 450. 3 undergraduate hours. 3 graduate hours. May be repeated up to 6 hours maximum. Prerequisite: Consent of instructor.

CWL 453 Slavic Cultural Studies  credit: 3 or 4 Hours.  
Same as SLAV 452. See SLAV 452.

CWL 454 Topics in Israeli Lit &Culture  credit: 3 or 4 Hours.  
Seminar covering advanced topics in Israeli literature and culture. Same as JS 454 and SAME 454. 3 undergraduate hours. 4 graduate hours. May be repeated up to 6 undergraduate hours or 8 graduate hours in separate terms if topics vary. Prerequisite: One year of college literature or consent of instructor.

CWL 457 Russian Modernism  credit: 3 or 4 Hours.  
Same as RUSS 424. See RUSS 424.

CWL 458 Lit Genres and Forms  credit: 3 or 4 Hours.  
Structure and development of literary genres and forms in historical perspective (for instance, drama, parody and the grotesque, poetry, fables and fabulists, and modern fiction); essential international components and significant national variations of such genres and forms. Emphasis changes from term to term. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated to a maximum of 9 undergraduate hours or 12 graduate hours. Prerequisite: One year of college literature or consent of instructor.

CWL 461 Modern Scandinavian Drama  credit: 3 or 4 Hours.  
Same as SCAN 463 and THEA 483. See SCAN 463.

CWL 465 Topics in Drama  credit: 3 or 4 Hours.  
Same as ENGL 465. See ENGL 465.

CWL 466 Russia and the Other  credit: 3 or 4 Hours.  
Same as RUSS 461. See RUSS 461.

CWL 470 Imagining the Welfare State  credit: 3 or 4 Hours.  
Same as EURO 470 and SCAN 470. See SCAN 470.

CWL 471 International Lit Relations  credit: 3 or 4 Hours.  
Study of specific relations between authors of different countries; influences of certain works, concepts, or tastes on another work, author, or country; and literary interaction between Eastern and Western cultures. Emphasis changes from term to term. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated to a maximum of 9 undergraduate hours or 12 graduate hours. Prerequisite: One year of college literature or consent of instructor.

CWL 472 Kierkegaard and the Self  credit: 3 or 4 Hours.  
Same as PHIL 472 and SCAN 472. See SCAN 472.

CWL 477 Post-Communist Fiction  credit: 3 or 4 Hours.  
Same as SLAV 477 and REES 477. See SLAV 477.

CWL 478 Classical Chinese Thought  credit: 3 or 4 Hours.  
Same as EALC 476 and HIST 425. See EALC 476.

CWL 490 Topics in Classical Literature  credit: 3 or 4 Hours.  
Same as CLCV 490. See CLCV 490.

CWL 493 Senior Thesis and Honors  credit: 3 to 6 Hours.  
Independent research guided by tutor(s), leading to the writing of a comparative thesis. Intended primarily for candidates for honors in comparative literature, but open to other seniors. 3 to 6 undergraduate hours. No graduate credit. May be repeated to a maximum of 12 hours.

CWL 496 Special Topics in Comp Lit II  credit: 3 to 4 Hours.  
Selected literary topics of international significance in relation to other cultural expressions. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated to a maximum of 9 undergraduate or 12 graduate hours. Prerequisite: Consent of instructor.

ENGL Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/ENGL)

English Courses

ENGL 101 Intro to Poetry  credit: 3 Hours.  
Close reading and analysis of poetry and other literary texts. Introduction to argumentative strategies for writing about poetry. Addresses prosody, poetic language (diction, metaphor, image, tone), and major verse forms (the sonnet, elegy, ode, ballad, dramatic monologue, free verse). Students also study poems from a range of literary periods and movements to learn how formal qualities change and develop over time and are relevant to everyday life. This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

ENGL 102 Intro to Drama  credit: 3 Hours.  
Explores such topics as the history of dramatic form, the major dramatic genres, the dramatic traditions of various cultures, and key terms used in the analysis of dramatic works. Reading plays from the ancient Greeks to the contemporary theatre, students will be taught skills in close reading and literary interpretation. Students will consider the importance of performance, considering how meanings might be represented through visual and aural means. This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

**ENGL 103 Intro to Fiction**  
credit: 3 Hours.  
An introduction to the study of literature and literary history at the university level. Explores such topics as: the historical role and place of fictional narratives, the idea of genre, relationships between context and meaning in fictional works. Student will develop a critical vocabulary for interpreting and analyzing narrative strategies. Credit is not given for both ENGL 103 and ENGL 109. This course satisfies the General Education Criteria for:  
UIUC: Literature and the Arts

**ENGL 104 Intro to Film**  
credit: 3 Hours.  
Thoughtful viewing of diverse films (in required weekly screenings), along with ample discussion and critical reading and writing, to gain understanding of cinematic expression and of film’s capacity to entertain and to exert artistic and social influence. Same as MACS 104. This course satisfies the General Education Criteria for:  
UIUC: Literature and the Arts

**ENGL 106 Literature and Experience**  
credit: 3 Hours.  
Understanding of the relationship between literature and human experience through the study of significant, recurrent themes. May be repeated one time if topics vary.

**ENGL 109 Intro to Fiction-ACP**  
credit: 3 Hours.  
Introduction to critical analysis of prose fiction. Explores a wide range of short and long fiction across historical periods; examines narrative strategies such as plot, character, and point of view. Special emphasis placed on good literary critical writing. Course is similar to ENGL 103 except for the additional writing component. Credit is not given for both ENGL 109 and ENGL 103. Prerequisite: Completion of campus Composition I general education requirement. This course satisfies the General Education Criteria for:  
UIUC: Advanced Composition  
UIUC: Literature and the Arts

**ENGL 110 Intro Lit Study for Non-Majors**  
credit: 3 Hours.  
Introduction to literary genres and literary interpretation, with an emphasis on close reading. For non-majors only. This course satisfies the General Education Criteria for:  
UIUC: Literature and the Arts

**ENGL 112 Literature of Global Culture**  
credit: 3 Hours.  
Through literature and films, studies the impact of historical change on individuals and on cultures, the breakdown of borders, the building of new hierarchies of domination and exploitation, the contact and collision between the local and the global, and the transnational and problematic processes of cultural globalization. Same as CWL 112.

**ENGL 114 Bible as Literature**  
credit: 3 Hours.  
Same as CWL 111 and RLST 101. See RLST 101. This course satisfies the General Education Criteria for:  
UIUC: Literature and the Arts

**ENGL 115 Intro to British Literature**  
credit: 3 Hours.  
Acquaints students with the rich diversity of British prose, poetry, and drama. As a basic introduction to English literature, the course explores a series of literary texts, often thematically related, which appeal to modern readers and at the same time provide interesting insights into the cultural attitudes and values of the periods which produced them. This course satisfies the General Education Criteria for:  
UIUC: Literature and the Arts  
UIUC: Western Comparative Cult

**ENGL 116 Intro to American Literature**  
credit: 3 Hours.  
Explores a sampling of literature written by American authors, including some combination of essays, narratives, drama, fiction, and poems from various periods in American literary history. Texts for reading and discussion will include literature representing a variety of gender and ethnic perspectives. This course satisfies the General Education Criteria for:  
UIUC: Literature and the Arts  
UIUC: Western Comparative Cult

**ENGL 117 Shakespeare on Film**  
credit: 3 Hours.  
Explores the ongoing reinterpretation and appropriation of Shakespeare plays in twentieth- and twenty-first century film. Expect to read around five plays and analyze two productions of each play, and to consider how Shakespeare can be transformed to meet different cultural and contextual demands of the screen. Lecture and discussion. Same as MACS 117. This course satisfies the General Education Criteria for:  
UIUC: Literature and the Arts

**ENGL 119 Literature of Fantasy**  
credit: 3 Hours.  
Introduction to the rich traditions of fantasy writing in world literature. While the commercial category of fantasy post-Tolkien will often be the focal point, individual instructors may choose to focus on alternate definitions of the genre: literatures of the fantastic, the uncanny, and the weird; fantasy before the Enlightenment and the advent of realism; fantasy for young adult or child readers; and so on. Same as MACS 119. This course satisfies the General Education Criteria for:  
UIUC: Literature and the Arts

**ENGL 120 Science Fiction**  
credit: 3 Hours.  
Introduction to the study of science fiction, the genre that has both contributed to scientific knowledge and attempted to make sense of the changes that have taken place in the world since the Enlightenment, the onset of industrialization, and the acceleration of technology. Texts are taken from a variety of literary and pop culture sources: pulps and magazines, novels and films, comics and TV shows. This course satisfies the General Education Criteria for:  
UIUC: Literature and the Arts

**ENGL 121 Comics and Graphic Narratives**  
credit: 3 Hours.  
Introduction to graphic narratives—comic books, comic strips, graphic novels, manga, webcomics, and so on—from a diverse panoply of cultural, formal, and historical traditions.

**ENGL 128 Fictions of Sustainability**  
credit: 3 Hours.  
This Grand Challenge Learning experience course is part of a 3-year pilot and is certified for General Education credit for Literature and the Arts. This course introduces sustainability through stories. Specifically, we will learn about food, water, and energy systems by reading novels and nonfiction narratives that help us answer questions, including: How do human experiences like memory, imagination, and empathy shape our understanding of the natural world? How can we understand our place within complex, global systems like food, water, and energy? How do factors like race, gender, class, and culture affect the way we see the environment and meet our resource needs? In addition to learning foundational strategies for literacy analysis, students in this course will also discover the sustainability landscape of the University of Illinois community by embarking on field trips and, ultimately, by writing sustainability stories of their own. Same as GCL 128. Prerequisite: Restricted to first-time new freshmen. This course satisfies the General Education Criteria for:  
UIUC: Literature and the Arts
ENGL 147  Cultures of Debt  credit: 3 Hours.
This Grand Challenge Learning experience course is part of a 3-year pilot and is certified for General Education credit for Social Science. Students in this course will explore "cultures of debt" at local, urban, national, and global levels. Beginning with the explosion of student debt, and closing with world networks of debt and inequality, our encounters with this grand challenge will be powerfully illuminating as well as "hands on." Students will learn what leading sociologists, economists, political scientists, and journalists propose to address growing inequality. They will collaborate on and publish "StoryCorps"-style audio recordings and feature-length magazine articles based on their own investigative work. Same as GCL 147. Prerequisite: Restricted to first-time new freshmen. This course satisfies the General Education Criteria for:
UIUC: Social Sciences

ENGL 150  Black Literature in America  credit: 3 Hours.
Same as AFRO 105. See AFRO 105.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

ENGL 191  Freshman Honors Tutorial  credit: 1 to 3 Hours.
Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars. May be repeated one time. Prerequisite: Consent of honors advisor.

ENGL 198  Freshman Honors Seminar  credit: 4 Hours.
Introduction to the study of literature, with emphasis on individual work in fundamental problems of literary analysis; works studied are usually a combination either of short poems and short stories or of novels and plays. May be repeated one time if topics vary. Prerequisite: James Scholar standing or other designation as a superior student.

ENGL 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
Topics course that varies each semester and by section. The topics offered each semester will be listed in the Class Schedule. Approved for letter and S/U grading. May be repeated.

ENGL 200  Intro to the Study of Lit  credit: 3 Hours.
Introduction to the study of literature, with an emphasis on interpretive theories and methods as well as the formal distinctions between the major literary genres. For majors only.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

ENGL 202  Medieval Lit and Culture  credit: 3 Hours.
Introduction to the diverse literatures and cultures of the global Middle Ages (Approx. 500-1500 CE). Students will read works by medieval authors in Modern English translation, with particular attention to placing works in their historical and material contexts. Same as CWL 253 and MDVL 201. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 204  Renaissance Lit and Culture  credit: 3 Hours.
Readings in English and continental literary masterpieces with attention to significant cultural influences. Same as CWL 255. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 206  Enlightenment Lit and Culture  credit: 3 Hours.
Study in Anglophone and global texts from the period 1600 to 1800, with attention to cultural and historical contexts. Same as CWL 257. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 207  Romantic Lit and Culture  credit: 3 Hours.
Study of literature, philosophy, visual arts, and social criticism of the British Romantic period, with attention to broader cultural issues. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 208  Victorian Lit and Culture  credit: 3 Hours.
Study of literature, philosophy, visual arts, and social criticism of the British Victorian period, with attention to broader cultural issues. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 209  British Lit to 1800  credit: 3 Hours.
Historical and critical study of selected works of British literature to 1800 in chronological sequence. For majors only. Prerequisite: Completion of the Composition I requirement and ENGL 200.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 210  British Lit 1800 to Present  credit: 3 Hours.
Historical and critical study of selected works of British literature after 1800 in chronological sequence. For majors only. Prerequisite: Completion of the Composition I requirement and ENGL 200.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 211  Intro to Mod African Lit  credit: 3 Hours.
Same as AFST 210 and CWL 210. See AFST 210.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

ENGL 213  Modernist Lit and Culture  credit: 3 Hours.
Study of literature, philosophy, visual and performing arts, social criticism, and popular sciences of the Anglo-American Modern period (1880-1920), with attention to broader cultural issues. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 218  Introduction to Shakespeare  credit: 3 Hours.
Representative readings of Shakespeare’s drama and poetry in the context of his age, with emphasis on major plays; selections vary from section to section. Does not fulfill Shakespeare requirement for the English major. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
ENGL 223  Jewish Storytelling  credit: 3 Hours.
Same as CWL 221, RLST 220, and YDSH 220. See YDSH 220.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 224  Latina/o Popular Culture  credit: 3 Hours.
Same as LLS 240 and SPAN 240. See LLS 240.

ENGL 225  Intro to Latina/o Literature  credit: 3 Hours.
Same as LLS 242 and SPAN 242. See LLS 242.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

ENGL 241  Beginnings of Modern Poetry  credit: 3 Hours.
An inquiry into some of the more complex and innovative poetry written in English. Students will read poets such as Frost, Robinson, Sandburg, Lindsay, Hardy, Hopkins, Housman, Yeats, Lawrence, the Imagists, and the early Pound and Eliot. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Western Compartv Cult

ENGL 242  Poetry Since 1940  credit: 3 Hours.
An exploration of English-language poetry written since World War II. Students study some or all of the following major poetic movements of the period: the Beats, the New York School, the Black Mountain poets, the Confessional school, the Deep Image poets, the British "movement" and post-"Movement" poets, the Black Arts movement, Feminist poets, Post-colonial poetry, Language poets, and the current multifarious poetry scene. Prerequisite: Completion of the Composition I requirement.

ENGL 243  Modern Drama I  credit: 3 Hours.
Ibsen to O'Neill. Same as CWL 265. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

ENGL 244  Modern Drama II  credit: 3 Hours.
Pirandello to the present. Same as CWL 266. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

ENGL 245  The Short Story  credit: 3 Hours.
Historical and critical study of the short story (American and European) from the early nineteenth century to the present. Same as CWL 267. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

ENGL 247  The British Novel  credit: 3 Hours.
A study of some of the more noteworthy and influential writers of the last two hundred and fifty years. The course traces the development of the novel as a genre that both celebrated and critiqued Britain and British nationalism. Examines how the novel has been important culturally over time. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 248  Brit, Amer & Contin Fiction  credit: 3 Hours.
Examination of important thematic and structural relationships - influences, parallels, and variations - among selected major works of the nineteenth and twentieth centuries; readings chosen from works of Bronte, Hardy, Lawrence, Woolf, James, Faulkner, Bellow, Oates, Dostoevsky, Tolstoy, Stendhal, Flaubert, Camus, Kafka, Mann, Hesse, Moravia, and Pavese. All works read in English. Same as CWL 269.
Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

ENGL 250  The American Novel to 1914  credit: 3 Hours.
Critical study of selected American novels from the late eighteenth century to 1914. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 251  The American Novel Since 1914  credit: 3 Hours.
Critical study of selected American novels from 1914 to the present. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 253  Topics in Lit and New Media  credit: 3 Hours.
Introduction to the role technological invention has played in history of print media and how literary aesthetics are changing with the advent of new media, such as software, video games, and graphic novels. We will consider material formats, genres, and modes of production along with the cultural, political, and societal implications of different forms and formats. May be repeated in separate terms up to 6 hours.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

ENGL 255  Survey of American Lit I  credit: 3 Hours.
American literature and its cultural backgrounds to 1870. For majors only. Prerequisite: Completion of the Composition I requirement and ENGL 200.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 256  Survey of American Lit II  credit: 3 Hours.
American literature and its cultural backgrounds after 1870. Prerequisite: Completion of the Composition I requirement and ENGL 200.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 259  Afro-American Literature I  credit: 3 Hours.
Historical and critical study of Afro-American literature in its social and cultural context from the beginning to 1915. Same as AFRO 259 and CWL 259. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: US Minority Culture(s)

ENGL 260  Afro-American Literature II  credit: 3 Hours.
Historical and critical study of Afro-American literature in its social and cultural context since 1915. Same as AFRO 260 and CWL 260.
Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: US Minority Culture(s)
ENGL 261  Topics in Lit and Culture  credit: 3 Hours.
Introductory study of variety of topics in literature and culture, including
those that bridge traditional historical periods, focus on themes or
movements, and cross disciplinary boundaries. May be repeated up to 6
hours in same or separate terms if topics vary. Prerequisite: Completion
of the Composition I requirement.

ENGL 265  Intro to American Indian Lit  credit: 3 Hours.
Same as AIS 265. See AIS 265.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

ENGL 266  Grimm's Fairy Tales in Context  credit: 3 Hours.
Same as CWL 254 and GER 251. See GER 251.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartment Cult

ENGL 267  Grimm's Fairy Tales - ACP  credit: 3 Hours.
Same as CWL 250 and GER 250. See GER 250.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Literature and the Arts
UIUC: Western Compartment Cult

ENGL 268  The Holocaust in Context - ACP  credit: 3 Hours.
Same as CWL 271 and GER 260. See GER 260.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Literature and the Arts
UIUC: Western Compartment Cult

ENGL 269  The Holocaust in Context  credit: 3 Hours.
Same as CWL 273 and GER 261. See GER 261.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartment Cult

ENGL 270  American Film Genres  credit: 3 Hours.
Introduction to the study of the dominant genres or types U.S. cinema.
Examines the elements that constitute genres (such as visual and
narrative patterns), the formation and reshaping of genres by filmmakers
and the entertainment industry, the social and cultural factors that
influence the genre cycles and subgenres, and the landmark works of
each genre. The course treats several genres in historical perspective or
focus on a single genre. May be repeated in separate terms up to 6 hours
if topics vary.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

ENGL 272  Minority Images in Amer Film  credit: 3 Hours.
Addresses how a range of films made in the United States have
represented diverse ethnicities and cultures in relation to each other
and to dominant American media conventions and social ideas.
A comparative, case study approach examines racial and gender
stereotyping, historical and economic factors, and reactions of various
audiences to the films. Same as AFRO 272. Prerequisite: Fulfillment of
the Composition I English requirement; sophomore standing or above.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

ENGL 273  American Cinema Since 1950  credit: 3 Hours.
Explores key issues in American cinema from 1950 to the present,
structured around central problems of film studies (such as authorship,
genre, narratology, film style, gender analysis, and the spectacle of
violence), contextualizing them within moments of major transition in
the American film industry. Viewing and discussion of a major film each
week. Same as MACS 273. Prerequisite: Completion of the Composition I
requirement.

ENGL 274  Literature and Society  credit: 3 Hours.
Major literary works presented within the context of social issues of their
time. May be repeated with the permission of English advising office
to a maximum of 6 hours if topics vary. Prerequisite: Completion of the
Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

ENGL 275  Am Indian and Indigenous Film  credit: 3 Hours.
Same as AIS 275 and MACS 275. See AIS 275.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

ENGL 280  Women Writers  credit: 3 Hours.
Study of British and American women authors. Same as GWS 280. May
be repeated with permission of English advising office to a maximum of
6 hours if topics vary. Prerequisite: Completion of the Composition I
requirement.

ENGL 281  Women in the Lit Imagination  credit: 3 Hours.
Study of the way various writers, both male and female, have portrayed
woman's image, social role, and psychologies in British, American,
or Anglophone literature. Same as GWS 281. May be repeated with
permission of English advising office to a maximum of 6 hours if topics
vary. Prerequisite: Completion of the Composition I requirement.

ENGL 283  Jewish Sacred Literature  credit: 3 Hours.
Same as CWL 283 and RLST 283. See RLST 283.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

ENGL 284  Modern Jewish Literature  credit: 3 Hours.
Surveys imaginative literature by Jewish authors from the Enlightenment
to the present, including fiction, poetry, drama, and autobiography written
in English or translated from other languages. Same as CWL 284 and
RLST 284. Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

ENGL 285  Postcolonial Lit in English  credit: 3 Hours.
Examination of selected postcolonial literature, theory, and film as texts
that "write back" to dominant European representations of power, identity,
gender and the Other. Postcolonial writers, critics and filmmakers
studied may include Franz Fanon, Edward Said, Aimé Césaire, Ousmane
Sembene, Chinua Achebe, Michelle Cliff, Mahesweta Devi, Buchi
Emecheta, Derek Walcott and Marlene Nourbese-Philip. Prerequisite:
Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures
ENGL 286  Asian American Literature  credit: 3 Hours.
Introduction to Asian American literary studies and culture through
the reading of major works of literature selected from but not limited
to the following American ethnic subgroups: Chinese, Filipino,
Japanese, Korean, Indian, Pakistani, and Vietnamese. Same as AAS 286.
Prerequisite: Completion of the Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

ENGL 290  Individual Study  credit: 0 to 3 Hours.
Study of selected topics. Approved for both letter and S/U grading. May
be repeated to a maximum of 6 hours. Students may register in more
than one section per term. Prerequisite: Consent of instructor.

ENGL 293  Culture and Sustainability  credit: 3 Hours.
An introduction to the study of sustainability in a global humanistic
context, with specific focus on the historical, ethical, and cultural
dimensions of sustainability. Topics include the major historical turning
points in human communities' relationship to their environment and
natural resources discourses of environment we inherit from major
traditions in philosophy and art; and the full range of sustainability issues
confronting human civilization today, considered in cultural context.
Readings will be drawn from a range of humanistic disciplines, including
literary and cultural studies, science studies, philosophy, anthropology,
psychology, political science, and art history. Same as ESE 293.

ENGL 300  Writing About Lit Text&Culture  credit: 3 Hours.
Writing-intensive, variable topic course designed to improve English
majors' ability to write clear, well-organized, analytically sound and
persuasively argued essays relevant to literary studies. Introduces
students to some strategies of literary criticism and research through
examination of critical texts appropriate to course topic. For majors only.
Prerequisite: Completion of the Composition I requirement; one year of
college literature or consent of instructor.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

ENGL 301  CriticalApproaches to Lit&Text  credit: 3 Hours.
Introduction to influential critical methods and to the multiple
frameworks for interpretation as illustrated by the intensive analysis
of selected texts. For majors only. Prerequisite: Completion of the
Composition I requirement and ENGL 200.

ENGL 325  Topics in LGBT Lit & Film  credit: 3 Hours.
Explores topics on representations of non-heteronormative sexuality in
canonical and recovered historical texts and in contemporary literature,
on literature by LGBT authors, and on theories of sexuality that pertain
to systems of textual and cultural meaning. May be repeated in separate
terms to a maximum of 6 hours.

ENGL 330  Slavery and Identity  credit: 3 Hours.
Explores slavery in the Americas through its representation in literature
over time. Using a variety of disciplinary approaches, we will look at the
enslaved, the enslavers, and the middle merchants who facilitated the
slave trade, and will examine the experience of slavery and the economic,
political, religious, and scientific justifications used to maintain it. We
will also examine the African cultural traditions from which the slaves
emerged and the aspects of it that lent to creation of the new U.S.
culture.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

ENGL 333  Memoir & Autobiography  credit: 3 Hours.
Same as GWS 333. See GWS 333.

ENGL 359  Lit Responses to the Holocaust  credit: 3 Hours.
Same as CWL 320, RLST 320, and YDSH 320. See YDSH 320.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ENGL 373  Special Topics in Film Studies  credit: 3 Hours.
Extended investigation of major subjects and issues in cinema and other
media; topics vary and typically include studies of author/directors,
genres, historical movements, critical approaches, and themes. Same as
MACS 373. May be repeated with permission of English advising office
to a maximum of 6 hours if topics vary. Prerequisite: One college-level
course in film studies or literature.

ENGL 374  World Cinema in English  credit: 3 Hours.
Course systematically addresses cinema movements and films
of different periods, genres, themes and styles produced in one or
two Anglophone countries other than the U.S. (e.g., Great Britain,
Ireland, Australia, New Zealand, Canada, South Africa, and regions
with Anglophone film movements or strands like South Asia and the
Caribbean). Topics could include cinema in relation to relevant
distinctive national and cultural histories, local audiences and production
circumstances, and the challenges of international distribution in light
of Hollywood's global dominance. Meets for 110 minutes twice a week,
with some class time devoted to film screenings (not always on same
day) and some longer feature films scheduled in required out-of-class
screenings announced well in advance. May be repeated to a maximum
of 6 credit hours in separate terms if topics vary.

ENGL 378  Fairy Tales & Gender Formation  credit: 3 Hours.
Same as GWS 378. See GWS 378.

ENGL 380  Topics in Writing Studies  credit: 3 Hours.
Advanced-level work in the field of Writing Studies. Building upon
a traditional disciplinary understanding of writing as rhetoric, this course
invites students to call upon sociological, anthropological, and/or
ideological approaches to the study of writing in order to understand
the myriad ways that writing makes meaning(s). See Class Schedule
for topics. May be repeated in separate terms to a maximum of 6 hours.
Prerequisite: Completion of the Composition I requirement.

ENGL 390  Advanced Individual Study  credit: 3 Hours.
Advanced study of selected topics. Approved for both letter and S/U
grading. May be repeated in the same or separate terms to a maximum of
6 hours. Prerequisite: Consent of instructor.

ENGL 391  Honors Individual Study  credit: 3 Hours.
Study of selected topics. Restricted to English and English education
majors with a 3.33 average who are working towards the degree with
distinction in English or in English education. May be repeated to a
maximum of 6 hours. Prerequisite: Enroll in undergraduate advising
office.

ENGL 396  Honors Seminar I  credit: 3 Hours.
Themes, movements, and forms in British, American, and Anglophone
literature. May be repeated. Prerequisite: A 3.33 grade-point average or
consent of the English Department's Director of Undergraduate Studies.
Restricted to English and Rhetoric majors.

ENGL 397  Honors Seminar II  credit: 3 Hours.
Periods in British, American, and Anglophone literature. May be repeated.
Prerequisite: A 3.33 grade-point average or consent of the English
Department's Director of Undergraduate Studies. Restricted to English
and Rhetoric majors.
ENGL 418 Shakespeare credit: 3 or 4 Hours.
Survey of the plays and poems of William Shakespeare. Reading assignments will reflect the generic diversity and historical breadth of Shakespeare's work. 3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 421 Later Renaisss Poetry & Prose credit: 3 or 4 Hours.
3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 422 Milton credit: 3 or 4 Hours.
3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 426 Early 18th Century Literature credit: 3 or 4 Hours.
British Literature between 1600—the restoration of Charles II to the throne—and 1740. Focus on the plays, poems, and fiction by male and female authors with particular attention to issues of gender relations, colonialism and imperial expansion, and class tensions. Writers covered may include Aphra Behn, Alexander Pope, Eliza Haywood, Jonathan Swift, John Dryden, the Earl of Rochester, Daniel Defoe, and others. 3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 427 Later 18th Century Literature credit: 3 or 4 Hours.
Focused study of texts produced in Great Britain and its empire between roughly 1740 and 1790. Writers may include Laurence Sterne, Mary Leapor, Thomas Warton, and others. 3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 428 British Drama 1660-1800 credit: 3 or 4 Hours.
Focused study of the major male and female playwrights who wrote between 1660 (the reopening of the theaters after the Interregnum) and roughly 1800. Particular attention will be devoted to the social, cultural, political, and economic contexts of theatrical performance, and to the major issues dealt with on the London stage: sexual morality, the role of women in a patrilineal society, and the problems of empire, trade, and colonialism. 3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 429 18th Century Fiction credit: 3 or 4 Hours.
Focused study of British and Anglophone fiction in the eighteenth century. Authors may include Defoe, Swift, Haywood, Fielding, Richardson, Sterne, Burney, Walpole, Radcliffe, and others. 3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 431 Topics in British Romantic Lit credit: 3 or 4 Hours.
Focused study of British literature between roughly 1785 and 1832. Authors may include Wollstonecraft, Wordsworth, Coleridge, Keats, Byron, Austen and others. 3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 435 Victorian Poetry & Prose credit: 3 or 4 Hours.
Study of such major poets as Tennyson, Browning, Arnold, and Hardy; and of prose writers including Carlyle, Mill, Arnold, Pater, and Huxley. 3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 441 British Lit 1900-1930 credit: 3 or 4 Hours.
3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.
ENGL 442  British Lit Since 1930  credit: 3 or 4 Hours.
3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 449  American Lit 1820-1865  credit: 3 or 4 Hours.
3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 450  American Lit 1865-1914  credit: 3 or 4 Hours.
3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 451  American Lit 1914-1945  credit: 3 or 4 Hours.
3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 452  American Lit 1945-Present  credit: 3 or 4 Hours.
3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 455  Major Authors  credit: 3 or 4 Hours.
Intensive study of the work of one or two major authors. 3 undergraduate hours. 4 graduate hours. May be repeated with permission of English advising office to a maximum of 6 undergraduate hours if topics vary. May be repeated for graduate credit if topics vary. Prerequisite: One year of college literature or consent of instructor.

ENGL 458  Latina/o Performance  credit: 3 or 4 Hours.
Same as LLS 458. See LLS 458.

ENGL 459  Topics in American Indian Lit  credit: 3 or 4 Hours.
Same as AIS 459. See AIS 459.

ENGL 460  Lit of American Minorities  credit: 3 or 4 Hours.
Advanced topics seminar exploring literary expressions of minority experience in America. 3 undergraduate hours. 4 graduate hours. May be repeated with permission of English advising office to a maximum of 6 undergraduate hours if topics vary. May be repeated for graduate credit if topics vary. Prerequisite: One year of college literature or consent of instructor.

ENGL 461  Topics in Literature  credit: 3 or 4 Hours.
Advanced seminar on any of a variety of literary topics. 3 undergraduate hours. 4 graduate hours. May be repeated with permission of English advising office to a maximum of 6 undergraduate hours if topics vary. May be repeated for graduate credit if topics vary. Prerequisite: One year of college literature or consent of instructor.

ENGL 462  Topics in Modern Fiction  credit: 3 or 4 Hours.
Advanced seminar devoted to topics in British, American, and Anglophone fiction from approximately 1800 to the present day. Continental fiction in English translation may occasionally be considered. 3 undergraduate hours. 4 graduate hours. May be repeated with permission of English advising office to a maximum of 6 undergraduate hours if topics vary. May be repeated for graduate credit if topics vary. Prerequisite: One year of college literature or consent of instructor.

ENGL 465  Topics in Drama  credit: 3 or 4 Hours.
Seminar covering advanced topics (such as genre, performance context, period, or theme) in drama studies. Same as CWL 465. 3 undergraduate hours. 4 graduate hours. May be repeated with permission of English advising office to a maximum of 6 undergraduate hours if topics vary. May be repeated for graduate credit if topics vary. Prerequisite: One year of college literature or consent of instructor.

ENGL 470  Modern African Fiction  credit: 3 or 4 Hours.
Same as AFST 410, CWL 410, and FR 410. See AFST 410.

ENGL 475  Lit and Other Disciplines  credit: 3 or 4 Hours.
Advanced topics seminar exploring the intersection of literary study and other scholarly disciplines. The disciplines students study vary each term, but past courses have examined connections between literature and psychology, forensic science, environmental studies, and the law. 3 undergraduate hours. 4 graduate hours. May be repeated with permission of English advising office to a maximum of 6 undergraduate hours if topics vary. May be repeated for graduate credit if topics vary. Prerequisite: One year of college literature or consent of instructor.

ENGL 476  Topics in Lit & Environment  credit: 3 or 4 Hours.
From the developing field of "ecocriticism" to new historical examinations of canonical writers such as Thomson, Thoreau, or the "nature poets", to the new field of Science Studies, this advanced seminar examines a range of specialized topics related to literature and the environment. 3 undergraduate hours. 4 graduate hours. May be repeated with permission of English advising office to a maximum of 6 undergraduate hours if topics vary. May be repeated for graduate credit if topics vary. Prerequisite: One year of college literature or consent of instructor.

ENGL 481  Comp Theory and Practice  credit: 3 or 4 Hours.
Study of the history and theory of written composition. This course explores basic rhetorical principles, various theoretical perspectives in the field of composition/rhetoric, and helps students form practical approaches to the guidance of, response to, and structuring of student writing. 3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 482  Writing Technologies  credit: 3 or 4 Hours.
Examines the relationship of computer technology to the larger field of writing studies. Topics include a historical overview of computers and other writing technologies; current instructional practices and their relation to various writing theories; research on word processing, computer-mediated communication, and hypermedia; and the computer as a research tool. Same as LIS 482. 3 undergraduate hours. 4 graduate hours. Prerequisite: Junior standing and consent of instructor. Students must have a basic knowledge of word processing.

ENGL 485  Literature for the High School  credit: 3 or 4 Hours.
3 undergraduate hours. 4 graduate hours. Prerequisite: One year of college literature or consent of instructor.

ENGL 486  History of Translation  credit: 3 or 4 Hours.
Same as CLCV 430, CWL 430, GER 405, SLAV 430, SPAN 436, and TRST 431. See SLAV 430.

RHET Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/RHET)

Rhetoric and Composition Courses

RHET 100  Rhetoric Tutorial  credit: 1 Hour.
Tutoring in writing skills to be scheduled by individual tutors. Open only to students placed in and registered for RHET 101 or RHET 102. Approved for S/U grading only. May be repeated to a maximum of 2 hours. Prerequisite: Concurrent registration in RHET 101 or RHET 102.
Creative Writing

Michael Rothberg

208 English Building, 608 South Wright, Urbana
PH: (217) 333-2391
http://www.english.illinois.edu

The Creative Writing major, administered by the Department of English, combines small workshops (poetry, fiction, nonfiction) and a variety of literature courses. The result is a strong but flexible program of study that develops students’ analytical and creative skills and prepares them for work of graduate study in any number of fields.

For the Degree of Bachelor of Arts in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

E-mail: english@english.uiuc.edu

Degree title: Bachelor of Arts in Liberal Arts and Sciences

Information listed in this catalog is current as of 10/2015
CW Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/CW)

Courses

CW 100 Intro to Creative Writing credit: 3 Hours.
Acquaint students with the technical choices a writer makes in creating a story or a poem. Mondays are given to lectures on specific elements of poetry and fiction. Wednesdays are dedicated to readings by faculty and visiting writers. Fridays allow students the opportunity to work in small group discussion sections applying the week's techniques and skills to a close reading of stories and poems. This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

CW 104 Introductory Narrative Writing credit: 3 Hours.
Practice in the writing of narrative prose, with primary emphasis on short fiction. Prerequisite: Completion of campus Composition I general education requirement.

CW 106 Introductory Poetry Writing credit: 3 Hours.
Practice in the writing of poetry; experimentation with a number of fixed forms and free verse, but emphasis mainly on the student's freedom to develop a personal style. Prerequisite: Completion of campus Composition I general education requirement.

CW 200 Reading for Writers credit: 3 Hours.
Emphasizes the craft of short stories and poems through the study of formal elements central to the production of creative writing (e.g., plot, character, setting, point of view in short fiction and rhythm, meter, line break, imagery, simile, metaphor, formal patterns in poetry). Prerequisite: CW 104 or CW 106. For majors only.

CW 202 Topics in Creative Writing credit: 3 Hours.
Independent writing projects and examination of literature as the cultural basis of the student's specialized fields. May be repeated as topics vary.

CW 204 Intermediate Narrative Writing credit: 3 Hours.
Practice in the writing of fiction, with emphasis on the short story. Prerequisite: CW 104 or equivalent.

CW 206 Intermediate Poetry Writing credit: 3 Hours.
Builds upon the workshop format of CW 106, with an emphasis on prosody and poetic technique. Students will deepen their sense of craft by putting into practice their study and understanding of a variety of poetic forms (e.g., syllabic poetry, dramatic monologue, sonnet, bound/free verse) and technical concerns (e.g., voice, tone, line, line break, image). The workshop component of the course typically includes 8-12 completed poems and their revisions. Prerequisite: CW 106.

CW 208 Creative Nonfiction Writing credit: 3 Hours.
Types of nonfiction prose, including the personal essay, memoir, literary journalism, and historical writing. Prerequisite: RHET 233 or CW 243, or equivalent, or consent of instructor.

CW 243 Inter Expository Writing credit: 3 Hours.
Practice in expository types, with emphasis on style and critical analysis. Restricted to Creative Writing majors. Credit is not given for CW 243 and either RHET 243 or RHET 233. Prerequisite: Completion of campus Composition I general education requirement. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

CW 404 Advanced Narrative Writing credit: 3 or 4 Hours.
Continued practice in the writing of fiction, with emphasis on the longer story. 3 undergraduate hours. 4 graduate hours. May be repeated for a maximum of 6 undergraduate hours or 8 graduate hours. Prerequisite: CW 204 or equivalent.

CW 406 Advanced Poetry Writing credit: 3 or 4 Hours.
Practice of the writing of poetry aided by intensive study of examples. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours. Prerequisite: CW 206 or equivalent.

CW 455 Creative Writing Tutorial credit: 3 or 4 Hours.
Personal direction in a writing project: fiction (novel or short stories), poetry or creative nonfiction. Frequency of conference to be determined by the type of project. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours. Undergraduate Rhetoric majors in Creative Writing with a 3.25 average who are working towards the degree with Distinction or High Distinction in Rhetoric may, with the consent of the Director of Creative Writing and the English honors advisor, take this course for honors credit. Prerequisite: CW 208, CW 404 or CW 406, and consent of the Director of Creative Writing.

CW 460 Intro to Literary Editing credit: 3 Hours.
Practicum in which students learn all the stages of developing and editing a literary publication. Students will solicit, read, and select poems and stories for an online supplement to the Ninth Letter literary journal. At the end of the semester, the supplement will be published on the Ninth Letter website (www.ninthletter.com). Students will gain experience in professional communications, copyediting, and marketing. 3 undergraduate hours. No graduate credit. Prerequisite: CW 104 or CW 106.

CW 463 Adv Topics in Creative Writing credit: 3 or 4 Hours.
Advanced topics course in Creative Writing. Students study selected topic through a workshop model, pursuing advanced development in one or more approaches to writing in a specialized field or genre. 3 undergraduate hours. 4 graduate hours. May be repeated, if topics vary. Prerequisite: Junior standing required.

English Concentration

E-mail: englishadvising@illinois.edu

Degree title: Bachelor of Arts in Liberal Arts and Sciences

Minimum required major and supporting course work equates to 42 hours including a minimum of 36 hours of English Department courses. Students must complete at least 15 hours of coursework at the 300-level or above (ENGL 300, ENGL 301, and 9 more hours). Twelve hours of 300- and 400-level courses in the major must be taken on this campus. All foreign language requirements must be satisfied.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental Distinction: Students interested in graduating with distinction or high distinction are encouraged to consult the departmental honors adviser. In addition, students interested in the departmental honors program should contact the English department advising office.

Topical Streams: Course descriptions are tagged to indicate the topical streams each course is a part of. These streams are not part of any requirement; the streams exist to help student guide themselves through the major. To learn more about topical streams you may be interested in studying, visit www.english.illinois.edu/undergraduate/streams.html (http://www.english.illinois.edu/undergraduate/streams.html).

Information listed in this catalog is current as of 10/2015
Introduction to the Study of Literature, Text, and Culture

ENGL 200 Intro to the Study of Lit (prerequisite for other English courses; can be taken at the same time as a course that satisfies the Composition I requirement) 1 3

ENGL 209 British Lit to 1800 3

ENGL 255 Survey of American Lit I 3

Textual Analysis in Action

ENGL 301 Critical Approaches to Lit & Text 3

ENGL 300 Writing About Lit Text & Culture (fulfills the university’s Advanced Composition requirement) 3

Period Courses (American, British, transatlantic, anglophone, etc.) 2

At least two courses focused on literature, text, and/or culture in two or more of the following categories: 6

- Medieval (before 1550)
- Shakespeare
- Early modern (1550-1660 other than Shakespeare)
- The long eighteenth century (1600-1800)

One course focused on literature, text and/or culture in the category 1800-1900 3

Additional Coursework 2,3

At least four courses chosen from those controlled by or crosslisted with the Department of English (Business and Technical Writing, Creative Writing, and English). 12

One course must focus on race/ethnicity/indigeneity/post-coloniality/sexuality. This course can be used to fulfill part of the Textual Analysis, Period Courses, or Additional Coursework requirements. 2

Supporting Coursework—History and Culture Coursework: 6

Choose one of the following pairs:

- CWL 241 Lit Europe & the Americas I & CWL 242 Lit Europe and the Americas II
- HIST 141 Western Civ to 1660 & HIST 142 Western Civ Since 1660
- HIST 171 US Hist to 1877 & HIST 172 US Hist Since 1877
- HIST 255 British Isles to 1688 & HIST 256 and Britain and World Since 1688

Total Hours 42

1 Students are encouraged to take ENGL 209 and ENGL 255 as early as possible after completing ENGL 200.
2 Chosen from the list maintained in the Department of English.
3 Student may count 1 Independent Study course (ENGL 290, ENGL 390 or BTW 290) toward the additional coursework requirement.
4 Students must complete at least 15 hours of coursework at the 300-level or above (ENGL 300, ENGL 301, and 9 more hours.)

English Teaching Concentration

www.english.illinois.edu (http://www.english.illinois.edu)

This concentration is designed for students preparing to teach English at the secondary level.

In order to remain in good standing in this program and be recommended for certification, candidates are required to maintain UIUC, cumulative, content area, and professional education, grade-point averages of 2.5 (A= 4.0). Candidates should consult their advisor or the Council on Teacher Education for the list of courses used to compute these grade-point averages.

E-mail: englishadvising@illinois.edu

Degree title: Bachelor of Arts in Liberal Arts and Sciences

Minimum required concentration and supporting course work normally equates to 78 hours: 36 hours of English Department courses, 6 hours of supporting coursework (History and Culture Coursework), and 37-38 hours of courses from the Teaching Education Minor in Secondary School Teaching. Twelve hours of 300- and 400-level courses in the major must be taken on this campus. All foreign language requirements must be satisfied.

General education: Students must complete the Campus General Education requirements (https://courses.illinois.edu). In addition students must take a speech performance course, CMN 101, or course sequence CMN 111 and CMN 112. Completion of the CMN 111/CMN 112 sequence also satisfies the Campus Composition I requirement.

Departmental Distinction: Students interested in graduating with distinction or high distinction are encouraged to consult the departmental honors adviser. In addition, students interested in the departmental honors program should contact the English department advising office.

Prerequisites to transfer to the Teaching Concentration. In addition to EPSY 201 and EPS 201, students must also complete ENGL 200 and at least nine hours from ENGL 209, ENGL 210, ENGL 255, or ENGL 256 prior to transfer into the Teaching Concentration.

Note: In addition to the requirements for the concentration listed below, students must complete the Teaching Education Minor in Secondary School Teaching (p. 135) (37-38 hours). Conferral of the degree of Bachelor of Arts in Liberal Arts and Sciences prior to completion of the minor requires approval by petition to the LAS Student Affairs Office. While it is possible to complete this program in 8 semesters, many students may require an extra semester or two.

Topical Streams: Course descriptions are tagged to indicate the topical streams each course is a part of. These streams are not part of any requirement; the streams exist to help student guide themselves through the concentration. To learn more about topical streams you may be interested in studying, visit www.english.illinois.edu/undergraduate/streams.html (http://www.english.illinois.edu/undergraduate/streams.html).

**Supporting Coursework**

History and Culture Coursework: Choose one of the following pairs:

- CWL 241 & CWL 242: Lit Europe & the Americas I & II
- HIST 141 & HIST 142: Western Civ to 1660 & Since 1660
- HIST 171 & HIST 172: US Hist to 1877 & Since 1877
- HIST 255 & HIST 256: British Isles to 1688 & Britain and World Since 1688

Teacher Education Minor in Secondary School Teaching: 37-38

The professional education component of the program will be divided into two phases:

- Pre-education courses:
  - EPSY 201 Educational Psychology (prerequisite: PSYC 100)
  - EPS 201 Foundations of Education

- The professional education sequence as approved by the Council on Teacher Education:
  - 5 semester hours in the fall of the junior year
  - 6 in the spring of the junior year
  - 8 in the fall of the senior year

**Total Hours**: 80-81

1. Students are encouraged to take ENGL 209 and ENGL 255 as early as possible after completing ENGL 200.
2. Chosen from the list maintained in the Department of English.
3. Student may count 1 Independent Study course (ENGL 290, ENGL 390 or BTW 290) toward the additional coursework requirement.

**French and Italian**

Marcus Keller
2090 Foreign Languages Building, 707 South Mathews Avenue, Urbana
PH: (217) 333-2020
http://www.frit.illinois.edu
french-italian@illinois.edu

The Department offers three majors—French, Italian and Teaching of French—and two minors—French and Italian.

The BALAS in French allows students to specialize in one of the following concentrations:

- The French Studies concentration focuses on courses in literature, language, linguistics, and civilization.
- The Commercial French Studies concentration combines a focus in French with appropriate courses in business.
- The BALAS in Italian allows students to study Italian language, literature, film, linguistics, and cultural studies.
- The B.A. in the Teaching of French prepares students to teach French.
- Study Abroad opportunities enhance the undergraduate education in French and Italian.
- The minors in French and Italian offer a unique opportunity for students to enhance their education with the study of language and culture courses.

**French**

Minor in Italian (p. 401)

FR Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/FR)

French Courses
FR 101 Elementary French I  credit: 4 Hours.
Four-skill course leading toward elementary proficiency in oral expression, listening comprehension, reading, writing, and cultural understanding. Online language laboratory and internet assignments required.

FR 102 Elementary French II  credit: 4 Hours.
Continuation of FR 101. Introduces cultural and supplementary enrichment materials; requires online laboratory sessions as in FR 101. Prerequisite: FR 101 or one year of high school French.

FR 103 Intermediate French I  credit: 4 Hours.
Continuation of FR 102. Introduces students to a full range of structures to complete their initial study of the grammatical system; emphasizes the development of all four skills and cultural understanding through readings and audiovisual enrichment materials. Online language laboratory and internet assignments required. Students planning to major or minor in French should take FR 133 in lieu of FR 103. Prerequisite: FR 102 or equivalent, or a placement score showing high school achievement equivalent to FR 102.

FR 104 Intermediate French II  credit: 4 Hours.
Continuation of FR 103. Comprehensive grammar review with emphasis on oral expression and the continued development of reading and written skills. Completion satisfies graduation requirement in the College of Liberal Arts and Sciences. Students planning to take advanced French courses should take FR 134 in lieu of FR 104. Prerequisite: FR 103 or equivalent, or a placement score showing high school achievement equivalent to FR 103.

FR 133 Accel Intermediate French I  credit: 4 Hours.
Similar to FR 103, but accelerated for those interested in pursuing French in advanced courses; includes comprehensive grammar review and readings in literature and culture. Prerequisite: FR 102, or two semesters of college French, or a placement score showing high school achievement equivalent to FR 102. Normally for students with a "B" average in French or with consent of instructor.

FR 134 Accel Intermediate French II  credit: 4 Hours.
Continuation of FR 133. Comprehensive grammar review and readings in French literature and culture preparatory for continued work at the advanced level; emphasizes all four skills and culture. Prerequisite: FR 133, or FR 103 with department approval, or three semesters of college French, or a placement score showing high school achievement equivalent to FR 103.

FR 156 Exploring Paris  credit: 3 Hours.
Examines the role of Paris at the heart of French culture and the idea of the "French exception." Focus will be on the city and its representation in French culture. Attention will be given to Parisian notions of food, the arts, sexualities, and the role of the individual. All readings are in English. All films will be shown with subtitles. No knowledge of French required. This course satisfies the General Education Criteria for: UIUC: Literature and the Arts
UIUC: Western Compartv Cult

FR 179 Migration & Fr Nat ID  credit: 3 Hours.
Studies books and films that emphasize cultural difference and the complexities of the post-colonial world, focusing on the impact of migration and cultural interaction on contemporary France. Stresses themes of immigration and exile, tensions between relations of domination and exploitation and between colonizing and colonized peoples, and the cultural pluralities of community and nation. This course satisfies the General Education Criteria for: UIUC: Literature and the Arts
UIUC: Western Compartv Cult

FR 191 Freshman Honors Tutorial  credit: 1 to 3 Hours.
Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars and Associates. May be repeated one time. Prerequisite: Consent of departmental honors advisor.

FR 195 French Intellectual Tradition  credit: 3 Hours.
Close reading and in-depth discussion of texts by major French intellectuals from the sixteenth to the mid-twentieth century. Aims to explore the centrality of epistemology (How can we know? Can we know that which we know is true? How can we reason in the face of evil?) in selected texts that will be discussed within their historical contexts, investigating why these issues were raised then and how their contemporaries might have responded to them, as well as their relationship to issues still debated in the twenty-first century. Taught in English.
This course satisfies the General Education Criteria for: UIUC: HistPhilosoph Perspect

FR 199 Undergraduate Open Seminar  credit: 1 TO 5 Hours.
Credit: 1 to 5 hours. May be repeated.

FR 205 Oral French  credit: 2 Hours.
Developing oral facility and aural comprehension, focusing on everyday events. Prerequisite: FR 104 or FR 134 or equivalent.

FR 207 Grammar and Composition  credit: 3 Hours.
Training in French syntax, translation from English into written French, and directed composition. Prerequisite: Four years of high school French or equivalent, or FR 134 or, with departmental approval, FR 104.

FR 208 Critical Writing and Reading  credit: 3 Hours.
Intensive practice of writing and reading skills in French, emphasizing vocabulary and critical concepts important to analyzing literary and cultural texts. Prerequisite: FR 207 or equivalent must be taken prior to this course.

FR 209 Intro to French Lit I  credit: 3 Hours.
Survey of French literature from the Middle Ages to the French Revolution. Prerequisite: FR 207 or equivalent. FR 208 must be taken prior to or concurrently with this course.
This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

FR 210 Intro to French Lit II  credit: 3 Hours.
Survey of French literature since the French Revolution. Prerequisite: FR 207 or equivalent. FR 208 must be taken prior to or concurrently with this course.
This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

FR 213 French Phonetics  credit: 2 Hours.
Practical introduction to French phonetics, stressing pronunciation. Prerequisite: FR 104 or FR 134 or equivalent.

Information listed in this catalog is current as of 10/2015
FR 240  Constr Afr and Carib Identity  credit: 3 Hours.
Introduces students to cultural pluralism by comparing and contrasting African and Caribbean identities, as they are represented in literature and film. Taught in English. Same as AFST 209, CWL 225, and LAST 240. Credit is not given towards the major or minor in French.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures

FR 299  Study Abroad  credit: 0 to 18 Hours.
Lectures, seminars, and practical work in French language, literature, civilization, and in other academic areas appropriate to the student's course of study. Approved for both letter and S/U grading. May be repeated in the same term to a maximum of 18 hours; may be repeated in separate terms to a maximum of 36 hours; may be repeated in a summer session to a maximum of 8 hours. Maximum of 34 hours per academic year. Prerequisite: FR 209 and two of the following: FR 205, or FR 207, 2.75 overall average; 3.0 average in French courses.

FR 309  Poetry  credit: 3 Hours.
The study of major movements and figures in French poetry. Traditions and innovations. Poetic genres. Introduction to versification and metrics. Close readings of individual poems. Topics will vary. May be repeated to a maximum of 6 hours. Prerequisite: FR 207, FR 208, FR 209, and FR 210; or equivalents.

FR 311  Narrative Literature  credit: 3 Hours.
Reading and interpretation of selected French novels and short narratives from all periods. History and analysis of narrative literature as a genre. Topics will vary. May be repeated to a maximum of 6 hours. Prerequisite: FR 207, FR 208, FR 209, and FR 210; or equivalents.

FR 312  Theater and Performance  credit: 3 Hours.
Reading and interpretation of plays and other performative genres, with attention to historical development and critical analysis. Topics will vary. May be repeated to a maximum of 6 hours. Prerequisite: FR 207, FR 208, FR 209, and FR 210; or equivalents.

FR 319  Intro to Francophone Lit  credit: 3 Hours.
Examination of selected major novels from the French-speaking world outside France along thematic and formal lines; literary responses to colonialism, political independence and departmentalization in a variety of former (and current) French territories; study of critical approaches to narrative and related issues of individual and communal identity and culture. Same as CWL 317. May be repeated to a maximum of 6 hours if topics vary. Prerequisite: FR 207, FR 208, FR 209, and FR 210; or equivalents.

FR 322  Movements and Perspectives  credit: 3 Hours.
Focused study and discussion of a major literary movement or critical perspective. Topics will vary. May be repeated to a maximum of 6 hours. Prerequisite: FR 207, FR 208, FR 209, and FR 210; or equivalents.

FR 323  Major Literary Figures  credit: 3 Hours.
Prepresents the works of one or several major figures of French or francophone literary traditions in their cultural contexts. Topics will vary. May be repeated to a maximum of 6 hours. Prerequisite: FR 207, FR 208, FR 209, and FR 210; or equivalents.

FR 324  Literature and the Other Arts  credit: 3 Hours.
Explores relationships between French literature and such fields as art, architecture, and music. Topics will vary. May be repeated to a maximum of 6 hours. Prerequisite: FR 207, FR 208, FR 209, and FR 210; or equivalents.

FR 385  Politics of the European Union  credit: 3 Hours.
Same as EURO 385, GER 385, and PS 385. See PS 385.

FR 387  French & Comparative Cinema I  credit: 3 Hours.
The art, techniques, sociology, politics of French cinema in the context of French culture, world history, and general film development from 1895 to approximately 1950. Selected trends studied through films from several countries with stress on major French filmmakers including Lumiere, Melies, Gance, Clair, Vigo, Renoir, Carne, Cocteau, Prevert, Clouzot. Knowledge of French not required. Same as CWL 387, HUM 387, and MACS 382. Credit is not given for both FR 387 and FR 488. Prerequisite: One college-level Media or Media and Cinema Studies course or consent of instructor.

FR 389  French & Comparative Cinema II  credit: 3 Hours.
The art, techniques, sociology, politics of French cinema in the context of French culture, world history, and general film development from approximately 1950 to the present. Selected trends studied through films from several countries with stress on major French filmmakers such as Clouzot, Bresson, Chabrol, Resnais, Godard, Truffaut, Varda, Marker, Rohmer, Beineix, Kassovitz, and Assayas. Knowledge of French not required. Same as CWL 389, HUM 389, and MACS 383. Credit is not given for both FR 389 and FR 489. Prerequisite: One college-level Media or Media and Cinema Studies course or consent of instructor.

FR 390  Indiv Study Major Tutorial  credit: 1 to 12 Hours.
Tutorial taken by students during two of their last four terms of undergraduate study. Students read the works on a departmental reading list with the guidance of a tutor. Approved for letter and S/U grading. May be repeated to a maximum of 12 hours. Prerequisite: FR 205, FR 207, FR 209, and FR 210, or equivalent; a declared major in French; junior standing.

FR 410  Modern African Fiction  credit: 3 or 4 Hours.
Same as AFST 410, CWL 410, and ENGL 470. See AFST 410.

FR 413  French Phonetics and Phonology  credit: 3 Hours.
Introduction to theoretical aspects of French phonetics and phonology, research methods, and pronunciation exercises on speaking styles in French. 3 undergraduate hours. 3 graduate hours. Prerequisite: FR 213 or equivalent.

FR 414  Advanced Grammar and Style  credit: 3 Hours.
Advanced theoretical and practical study of present-day French, with free composition and some consideration of stylistics. 3 undergraduate hours. 3 graduate hours. Prerequisite: FR 207 (with a grade of C or better), or equivalent.

FR 416  Structure of French Language  credit: 3 Hours.
General survey of the linguistic structure of modern standard French, including phonology, morphology, and syntax; emphasis on the differences between its spoken and written forms. Same as LING 416. 3 undergraduate hours. 3 graduate hours. Prerequisite: FR 413 or equivalent training in phonetics.

FR 417  History of the French Language  credit: 3 or 4 Hours.
Introduction to the historical development of the French language, from its Latin origins to the present. Analysis of texts from a variety of genres across the written history of the language, and an examination of the social role of the language in the definition of France. Same as MDVL 417. 3 undergraduate hours. 4 graduate hours. Prerequisite: FR 414.
FR 418 Language & Minorities in Europe credit: 3 or 4 Hours.
Introduction to political, judicial, linguistic, and cultural issues concerning indigenous and migrant/immigrant languages in the countries of the European Union. Focuses on political and judicial issues, such as legal aspects of bilingual education and minority language use, as well as linguistic and cultural aspects, such as assimilation, language-mixing, and language change. Taught in English. Same as GER 418, ITAL 418, LING 418, PS 418, SLAV 418, and SPAN 418. 3 undergraduate hours. 4 graduate hours.

FR 419 Techniques in Translation I credit: 2 or 3 Hours.
Practical course in the techniques of translating technical, commercial, scientific, and literary texts from English into French and vice versa. 3 undergraduate hours. 2 graduate hours. Prerequisite: FR 414 or consent of instructor.

FR 421 Techniques in Translation II credit: 2 or 3 Hours.
Continuation of FR 419. Practical exercises in translating from French to English and vice versa in a variety of texts, along with an introduction to theoretical aspects of translation. 3 undergraduate hours. 2 graduate hours. Prerequisite: FR 419 or consent of instructor.

FR 435 French Civilization I credit: 3 Hours.
Survey of French life and French institutions, intended as a background for literary studies and as a preparation for the teaching of French; given in French. 3 undergraduate hours. No graduate credit. Prerequisite: FR 205, FR 207, FR 209, and FR 210, or equivalent.

FR 436 French Civilization II credit: 3 Hours.
Continuation of FR 435. May be taken independently of FR 435. 3 undergraduate hours. No graduate credit. Prerequisite: FR 205, FR 207, FR 209, and FR 210, or equivalent.

FR 443 Studies in French credit: 3 to 4 Hours.
See Schedule for current topics. 3 undergraduate hours. 3 to 4 graduate hours. May be repeated in the same or separate terms to a maximum of 12 undergraduate hours or 16 graduate hours. Prerequisite: Junior standing.

FR 460 Principles of Language Testing credit: 3 or 4 Hours.
Same as EIL 460, EPSY 487, GER 460, ITAL 460, PORT 460, SLS 460, and SPAN 460. See EIL 460.

FR 462 Intro Romance Ling credit: 3 or 4 Hours.
Same as ITAL 435, LING 462, PORT 435, RMLG 435, and SPAN 435. See SPAN 435.

FR 471 Intro Second Lang Learn Tchg credit: 4 Hours.
Same as CHIN 471, GER 469, HUM 471, JAPN 471, LAT 471, RUSS 471, and SPAN 471. See SPAN 471.

FR 475 Intro to Comm Lang Tchg credit: 4 Hours.
Same as CHIN 475, GER 475, JAPN 475, LAT 475, RUSS 475, and SPAN 475. See SPAN 475.

FR 478 Topics Secondary Lang Tchg credit: 4 Hours.
Same as CHIN 478, GER 478, JAPN 478, LAT 478, RUSS 478, and SPAN 478. See SPAN 478.

FR 479 Studies in Francophonie credit: 3 or 4 Hours.
Studies of various genres, periods, and topics of French literature outside of France, with a different geographical emphasis each term. Regions include black Africa, the Caribbean, Canada, North Africa, the Middle East, and Switzerland. Same as CWL 434. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated to a maximum of 12 undergraduate hours or 16 graduate hours.

FR 481 Theoretical Foundations of SLA credit: 3 or 4 Hours.
Same as GER 489, ITAL 489, LING 489, PORT 489, and SPAN 489. See LING 489.

FR 485 Commercial & Econ French I credit: 2 or 3 Hours.
Studies French business practices: company structures, selling and buying techniques, banking, import/export and other commercial negotiations, employment, formalities, and conventions of letter-writing; involves both theory and practice. 3 undergraduate hours. 2 graduate hours. Prerequisite: FR 414 or equivalent, or consent of instructor.

FR 486 Commercial & Econ French II credit: 2 or 3 Hours.
Emphasizes business correspondence and simulation of business practices in the areas introduced in FR 485; also focuses on geographic and economic topics pertaining to France within the European community and Europe in general. 3 undergraduate hours. 2 graduate hours. Prerequisite: FR 485 or equivalent, or consent of instructor.

FR 492 Senior Thesis credit: 2 Hours.
For candidates for honors in French and for other seniors. 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 4 hours. Prerequisite: Senior standing.

FR 498 Senior Seminar credit: 3 Hours.
Studies in authors, genres, themes, and movements in French literature; conducted entirely in French. 3 undergraduate hours. No graduate credit. May be repeated. Prerequisite: Senior standing.

ITAL Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/ITAL)

Italian Courses

ITAL 101 Elementary Italian I credit: 4 Hours.
For students who have no credit in Italian.

ITAL 102 Elementary Italian II credit: 4 Hours.
Continuation of ITAL 101. Prerequisite: ITAL 101 or one year of high school Italian.

ITAL 103 Intermediate Italian I credit: 4 Hours.
Rapid reading, review of grammar, composition, and conversation. Prerequisite: ITAL 102 or two years of high school Italian.

ITAL 104 Intermediate Italian II credit: 4 Hours.
Continuation of ITAL 103. Prerequisite: ITAL 103 or three years of high school Italian.

ITAL 191 Freshman Honors Tutorial credit: 1 to 3 Hours.
Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars and Associates. May be repeated one time to a maximum of 6 hours. Prerequisite: Consent of departmental honors adviser in Italian.

ITAL 199 Undergraduate Open Seminar credit: 1 to 5 Hours.
Approved for letter and S/U grading. May be repeated to a maximum of 5 hours.

ITAL 200 Intro Italian Literature credit: 3 Hours.
Emphasis on methodology for critical analysis of literary texts and on major periods and movements in their cultural and historical contexts. Prerequisite: ITAL 104 or consent of instructor.

ITAL 210 Practical Review Italian credit: 3 Hours.
Reviews major challenges in Italian grammar, with particular emphasis on the verb system (major tenses and moods, morphology, and aspect) and areas of contrast with English. Prerequisite: Credit or concurrent enrollment in ITAL 104 or equivalent.
ITAL 220  Comtemp Italian Oral & Written  credit: 3 Hours.
Training in oral-aural skill and in writing. Prerequisite: ITAL 210 or consent of instructor.

ITAL 240  Italy Middle Ages & Renaiss  credit: 3 Hours.
The development of Medieval Italian civilization in a literary context from the Sicilian School of love poetry to the early Renaissance in Florence; lectures and readings are in English. Same as CWL 240 and MDVL 240. This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

ITAL 270  Introduction to Italian Cinema  credit: 3 Hours.
Introduction to major films, movements and directors in the Italian tradition, paying particular attention to questions of national identity, gender and political and social history. Knowledge of Italian not required. This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

ITAL 310  Advanced Grammar  credit: 3 Hours.
Study of the structure of modern Italian in both its phonological and syntactic aspects for the student who already has a functional command of the language, with an emphasis on developing ability to analyze and interpret grammatical structures. Prerequisite: ITAL 210 or equivalent.

ITAL 380  Ital Business & Profess  credit: 3 Hours.
Builds preexisting language skills through the study of Italian business practices: financial systems, transactions, banking, import/export and commercial correspondence. Prerequisite: ITAL 210 or equivalent.

ITAL 390  Spec Topics Italian Studies  credit: 2 to 4 Hours.
Selected substantive readings for independent study on a given special topic of Italian literature, culture, language, or linguistics. May be repeated. Prerequisite: ITAL 104 and consent of instructor.

ITAL 406  Italian Culture  credit: 3 Hours.
Introduction to factors that have shaped present-day Italy; basic concepts contributing to understanding its present social and cultural development; taught in Italian. 3 undergraduate hours. 3 graduate hours. Prerequisite: ITAL 200 or ITAL 220, or consent of instructor.

ITAL 413  Dante  credit: 3 or 4 Hours.
Interpretation of Dante's Divine Comedy with special attention to its position in the medieval world; a knowledge of Italian not required. Same as CWL 413 and MDVL 413. 3 undergraduate hours. 4 graduate hours.

ITAL 414  Petrarch & Boccaccio  credit: 3 or 4 Hours.
Studies in Petrarch and Boccaccio; nonmajors in Italian may read the works in translation; lectures are in English. Same as CWL 414 and MDVL 414. 3 undergraduate hours. 4 graduate hours. Prerequisite: Fulfillment of campus rhetoric requirement.

ITAL 415  Europe and the Mediterranean  credit: 3 or 4 Hours.
Same as EURO 415 and PS 415. See EURO 415.

ITAL 418  Language&Minorities in Europe  credit: 3 or 4 Hours.
Same as FR 418, GER 418, LING 418, PS 418, SLAV 418, and SPAN 418. See FR 418.

ITAL 420  Masterpieces Renaiss Lit  credit: 3 or 4 Hours.
Reading of masterpieces of the 1400 and 1500s and a study of their predecessors and influence; nonconcentrators in Italian may read the works in translation; lectures are in English. Content rotates. Same as CWL 420 and MDVL 420. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 8 hours with consent of instructor. Prerequisite: Fulfillment of campus rhetoric requirement.

ITAL 435  Intro Romance Ling  credit: 3 or 4 Hours.
Same as FR 462, LING 462, PORT 435, RMLG 435 and SPAN 435. See SPAN 435.

ITAL 440  Modern Italian Novel  credit: 3 Hours.
Appreciation of the modern Italian novel through a close reading of some representative works (e.g., Verga, Moravia, Vittorini, Pavese). 3 undergraduate hours. 3 graduate hours. Prerequisite: ITAL 200 or consent of instructor.

ITAL 450  Italian Syntax & Phonology  credit: 3 Hours.
Introduction to the essential syntactic and phonological structures of Modern Standard Italian in combination with appropriate discussion of corresponding linguistic concepts. 3 undergraduate hours. 3 graduate hours. Prerequisite: ITAL 310 or consent of instructor.

ITAL 460  Principles of Language Testing  credit: 3 or 4 Hours.
Same as EIL 460, EPSY 487, FR 460, GER 460, PORT 460, SLS 460, and SPAN 460. See EIL 460.

ITAL 470  Topics in Italian Cinema  credit: 3 or 4 Hours.
An in-depth examination of a particular director, genre or school from the Italian cinematic tradition (e.g., Fellini, Italian horror, or noorealism); topic will vary each semester. No knowledge of Italian is required. Same as MACS 470. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours.

ITAL 489  Theoretical Foundations of SLA  credit: 3 or 4 Hours.
Same as FR 481, GER 489, LING 489, PORT 489, and SPAN 489. See LING 489.

ITAL 490  Italy, Modernity & Theory  credit: 3 or 4 Hours.
Selected substantive readings on a specialized topic in Italian literature, culture, theory, or linguistics. 3 undergraduate hours. 4 graduate hours. May be repeated in the same semester to a maximum of 6 undergraduate hours or 8 graduate hours if topic varies. May be repeated in separate semesters to a maximum of 9 undergraduate hours or 12 graduate hours if topic varies. Prerequisite: At least two 200-level courses in Italian, or consent of instructor.

ITAL 491  Honors Senior Thesis  credit: 2 Hours.
For candidates for honors in Italian. No graduate credit. May be repeated.

Curriculum Preparatory to the Teaching of French

In order to remain in good standing in this program and be recommended for certification, candidates are required to maintain UIUC, cumulative, content area, and professional education, grade-point averages of 2.5 (A= 4.0). Candidates should consult their advisor or the Council on Teacher Education for the list of courses used to compute these grade-point averages.

E-mail: french-italian@illinois.edu

Web address for department: www.frit.illinois.edu (http:// www.frit.illinois.edu)

Degree title: Bachelor of Arts in the Teaching of French

Minimum required course work normally equates to 68 hours. The required coursework could be 16 additional hours, respectively, if the student does not already have the equivalent of 101-102-133-134. NOTE: FR 299 is strongly recommended.
General education: Consult the Curricula Preparatory to Teaching Foreign Languages (p. 304).

Minimum hours required for graduation: 120 hours. Consult the certification officer Council on Teacher Education at 505 East Green Suite 203 for additional information.

Departmental distinction: A student must have a minimum 3.5 cumulative grade point average, including a ‘Satisfactory’ in the teaching practicum; complete two additional advanced-level courses in French or the teaching minor; complete FR 492, and provide two letters of recommendation as evidence of exceptional teaching potential. Consult the teacher education adviser for details.

Professional education courses. (See Foreign Languages: Curricula Preparatory to Teaching Foreign Languages.) (p. 304)

FR 205 Oral French
FR 207 Grammar and Composition
FR 208 Critical Writing and Reading
FR 209 Intro to French Lit I
FR 210 Intro to French Lit II
FR 213 French Phonetics
FR 414 Advanced Grammar and Style

Five additional courses in French language, literature, and civilization

Total Hours 68

French Commercial Studies Concentration

For the Degree of Bachelor of Arts in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

Email: french@illinois.edu

Minimum required major and supporting course work normally equates to 45 hours beyond the 100-level plus the Western Civilization requirement.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: A student must have at least a 3.45 LAS cumulative grade point average, complete a senior thesis FR 492, and complete two additional advanced-level courses in French or in supporting course work. Consult the honors adviser for details.

FR 205 Oral French
FR 207 Grammar and Composition
FR 208 Critical Writing and Reading
FR 209 Intro to French Lit I
FR 210 Intro to French Lit II

FR 419 Techniques in Translation I
FR 421 Techniques in Translation II
2 hours of French electives approved by the Departmental Advisor

Four courses in French civilization, French literature, French linguistics, or Francophone studies
FR 485 Commercial & Econ French I
FR 486 Commercial & Econ French II

Approved supporting course work in business administration, finance, and/or economics selected in consultation with the concentration adviser.

Western civilization. Select from:

CWL 241 Lit Europe & the Americas I & CWL 242 and Lit Europe and the Americas II
HIST 140 (or HIST 141) & HIST 142 (or HIST 143)
FR 435 French Civilization I & FR 436 and French Civilization II
ARTH 111 Ancient to Medieval Art & ARTH 112 and Renaissance to Modern Art

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60 - 75 hours). Please see your adviser.

Information listed in this catalog is current as of 10/2015
2 hours of French electives approved by the Departmental advisor

French Literature Courses: Four courses in French Literature (can include FR 443 - Studies in French, when dealing with a literary topic and FR 479 - Studies in Francophonie)

Two courses in French language, linguistics, film studies, culture or literature

Western Civilization requirement. Select from:

- FR 435 French Civilization I
- FR 436 French Civilization II
- CWL 241 Lit Europe & the Americas I
- CWL 242 Lit Europe and the Americas II
- HIST 140 (or HIST 141) & HIST 142 (or HIST 143)
- ARTH 111 Ancient to Medieval Art
- ARTH 112 and Renaissance to Modern Art

Total Hours 45

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60 - 75 hours). Please see your adviser.

Italian

For the Degree of Bachelor of Arts in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

E-mail: french-italian@illinois.edu

Minimum required major and supporting course work normally equates to 45-51 hours including at least 30 hours in Italian courses beyond 104.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: To be considered for departmental distinction, a student must maintain a 3.5 grade point average and fulfill special additional requirements. See the department's honors adviser.

Select 18 credits (max) from the following: 18

- ITAL 200 Intro Italian Literature
- ITAL 210 Practical Review Italian
- ITAL 220 Contemp Italian Oral & Written
- ITAL 240 Italy Middle Ages & Renaiss
- ITAL 270 Introduction to Italian Cinema
- ITAL 310 Advanced Grammar
- ITAL 380 Ital Business & Profess
- ITAL 390 Spec Topics Italian Studies
- ITAL 491 Honors Senior Thesis

Select 12 credits (min) from the following: 12

- ITAL 406 Italian Culture
- ITAL 413 Dante

- ITAL 414 Petrarch & Boccaccio
- ITAL 420 Masterpieces Renaiss Lit
- ITAL 440 Modern Italian Novel
- ITAL 450 Italian Syntax & Phonology
- ITAL 470 Topics in Italian Cinema
- ITAL 490 Italy, Modernity & Theory

Supporting course work or a minor chosen in consultation with an adviser, in one related area (or a combination, with no fewer than 8 hours in each). Areas may include, for example, any other language and literature, history, political science, biology (premed), international law (prelaw), economics, finance, business administration, education, architecture, fine arts, journalism. ¹

Course work in Italian must include at least one course in each of the following areas: advanced language/linguistics (Choose from: ITAL 310, ITAL 380, ITAL 450), literature (Choose from: ITAL 200, ITAL 413, ITAL 414, ITAL 420, ITAL 440), and culture (Choose from: ITAL 240, ITAL 270, ITAL 406, ITAL 470, or ITAL 490).

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

¹ A minor consists of 16-21 hours.

Minor in French

FR 205 Oral French 2
FR 207 Grammar and Composition 3
FR 208 Critical Writing and Reading 3
FR 209 Intro to French Lit I 3
FR 210 Intro to French Lit II 3
FR 213 French Phonetics 2
Select one of the following: 3

- FR 435 French Civilization I
- FR 436 French Civilization II
- One other 300 or 400-level French course 3

Total Hours 22

Minor in Italian

E-mail: french@illinois.edu

Minimum of 19 hours of course work in Italian language and literature beyond ITAL 103 including:

- ITAL 104 Intermediate Italian II 4

Minimum of 15 hours of electives at the 200- to 400-level. ¹

Choose from the following: 15

- ITAL 200 Intro Italian Literature
- ITAL 210 Practical Review Italian
- ITAL 220 Contemp Italian Oral & Written
- ITAL 240 Italy Middle Ages & Renaiss
ITAL 270  Introduction to Italian Cinema  
ITAL 310  Advanced Grammar  
ITAL 380  Ital Business & Profess  
ITAL 390  Spec Topics Italian Studies  
ITAL 406  Italian Culture  
ITAL 413  Dante  
ITAL 414  Petrarca & Boccaccio  
ITAL 420  Masterpieces Renais Lit  
ITAL 440  Modern Italian Novel  
ITAL 450  Italian Syntax & Phonology  
ITAL 470  Topics in Italian Cinema  
ITAL 490  Italy, Modernity & Theory  
ITAL 491  Honors Senior Thesis  

Total Hours  19  

At least 6 of the 15 hours must be taken from among the following advanced-level courses: ITAL 310, ITAL 380, ITAL 406, ITAL 413, ITAL 414, ITAL 420, ITAL 440, ITAL 450, ITAL 470, ITAL 490.

Gender and Women's Studies
Stephanie Foote
1205 W. Nevada Street, Urbana
PH: (217) 333-2990
www.gws.illinois.edu (http://www.gws.illinois.edu)

The mission of the Department of Gender & Women's Studies is to examine relationships of power, identity and transformation by:

1. reading narratives and representations  
2. questioning institutions and cultures  
3. challenging discrimination and inequity; and  
4. understanding racialized, sexualized, and queer bodies

A major in Gender & Women's Studies encourages students to think broadly about intersections of race, gender and sexuality while challenging discrimination and inequities. Students majoring in Gender & Women's Studies gain foundational skills to examine gender, race, class, ethnicity, religion and sexuality in relation to local, national, colonial, post-colonial and transnational contexts. The major forges together an array of feminist and intersectional approaches which draw upon social sciences, humanities, sciences, arts and community engagement. Students will sharpen their abilities to critically analyze gender, approach problems theoretically, and utilize cross-disciplinary research methods to question institutions and cultures.

For the Degree of Bachelor of Arts in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum
E-mail: gws@illinois.edu
www.gws.illinois.edu (http://www.gws.illinois.edu)

Minimum required courses: 33 hours.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Information listed in this catalog is current as of 10/2015

Departmental distinction. To be eligible for graduation with distinction, a student must have a cumulative grade-point average (GPA) of 3.5 and a 3.5 GPA within the major.

High distinction. To be eligible for graduation with high distinction, a student must have a cumulative grade point average (GPA) of 3.5, a GPA of 3.7 within the major, and complete a thesis or project in a 400-level GWS course that is approved by the department.

Advising: The Department of Gender and Women's Studies provides advising for students to help plan a coherent program of study.

Additional Coursework

At least 15 additional hours of coursework offered by the Gender & Women’s Studies Department, with no more than 3 hours at the 100 or 200 level. Required courses are offered by the Department of Gender & Women's Studies and are on an approved list maintained in the department office and with the GWS advisor.

Area Electives

Two courses, at least one of which must be transnational, non-U.S. No more than one may be counted from the 100 or 200 level. For a list of approved courses contact the GWS department or the GWS advisor.

Total Hours  33

Topics courses (GWS 199, GWS 295, GWS 395, GWS 495) may count up to 3 hours toward the additional coursework with consent of the GWS advisor. GWS 390 or GWS 490 may count up to 3 hours toward additional coursework with consent of the GWS advisor.

Twelve hours of 300- and 400-level courses must be taken on this campus.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your advisor.

• Minor in Gender and Women's Studies (p. 407)
• Minor in LGBT/Queer Studies (p. 407)

GWS Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/GWS)

Courses

GWS 100  Intro Gender & Women's Studies  credit: 3 Hours.
Interdisciplinary introduction to the study of gender, women, and sexuality. Addresses issues such as social experience, representation and popular culture, femininities and masculinities, family structure, education, employment, economics, literature and the arts, religion, history, and technology. Explores interrelationships of race, ethnicity, sexuality, gender, ability, and age from a transnational perspective. Same as HDFS 140 and SOC 130.
This course satisfies the General Education Criteria for: UIUC: Social Sciences
GWS 103  Black Women in the Diaspora  credit: 3 Hours.  
Same as AFRO 103 and AFST 103. See AFRO 103.  
This course satisfies the General Education Criteria for:  
UIUC: US Minority Culture(s)

GWS 150  Contemp Women's Issues  credit: 3 Hours.  
Explores the most recent debate and research related to contemporary 
issues which affect primarily women. Reviews issues related to sexual 
and domestic violence, gender socialization, feminization of poverty, 
women's health, sexual harassment, work and family, politics, and media 
infuences from a multi-discipline and multi-cultural perspective.

GWS 199  Undergraduate Open Seminar  credit: 0 to 5 Hours.  
Approved for letter and S/U grading. May be repeated.

GWS 201  Race, Gender & Power  credit: 3 Hours.  
Presents multiple windows into perceptions and perspectives upon 
gender, sexuality, power, identity and culture, and their multiple 
intersections. The concept of race in its many manifestations is used to 
examine relationships of self to society, state institutions and cultures.  
By paying greater attention to race and power, nuanced understandings 
of the way the gender systems are maintained, patrolled and formed 
will be examined. Topics may include: film, media, technology, culture, 
religion, identities, sexualities. Same as SOC 201.  
This course satisfies the General Education Criteria for:  
UIUC: Western Compartv Cult

GWS 202  Sexualities  credit: 3 Hours.  
Surveys sexualities from multiple perspectives, standpoints, disciplines, 
and theories. How have different cultures, different people, and different 
viewpoints understood, shaped, and interpreted sex, sexualities and 
genders? Course places the concept of sexuality at its core to examine 
citizenship, education, reproduction, science, tourism, urban/rural 
place, and politics. Topics may include: gender, race, identities, power, 
transformation, reproduction. Same as SOC 202.  
This course satisfies the General Education Criteria for:  
UIUC: Western Compartv Cult

GWS 215  US Citizenship Comparatively  credit: 3 Hours.  
This course satisfies the General Education Criteria for:  
UIUC: HistPhilosoph Perspect  
UIUC: US Minority Culture(s)

GWS 218  Intro to Social Issues Theatre  credit: 3 Hours.  
Same as THEA 218. See THEA 218.

GWS 225  Women in Prehistory  credit: 3 Hours.  
Same as ANTH 225. See ANTH 225.  
This course satisfies the General Education Criteria for:  
UIUC: Social Sciences

GWS 226  Black Women Contemp US Society  credit: 3 Hours.  
Same as AFRO 226 and SOC 223. See AFRO 226.

GWS 230  Latina/o Genders & Sexualities  credit: 3 Hours.  
Same as LLS 230. See LLS 230.

GWS 240  Sex & Gender in Antiquity  credit: 3 Hours.  
Same as CLCV 240 and CWL 262. See CLCV 240.  
This course satisfies the General Education Criteria for:  
UIUC: Literature and the Arts  
UIUC: Western Compartv Cult

GWS 245  Women & Gender Pre-Mod Europe  credit: 3 Hours.  
Same as HIST 245 and MDVL 245. See HIST 245.  
This course satisfies the General Education Criteria for:  
UIUC: HistPhilosoph Perspect  
UIUC: Western Compartv Cult

GWS 250  Gender and Representation  credit: 3 Hours.  
Focused primarily on gender, race, sexuality, and their intersections, this 
introductory course analyzes the politics of representation drawn from 
popular culture, painting, television and film, literature, music, religion, 
and new media.  
This course satisfies the General Education Criteria for:  
UIUC: Social Sciences

GWS 255  Queer Lives, Queer Politics  credit: 3 Hours.  
Investigates queer lives in relation to dominant ideas about "deviance" 
and "equal rights." Drawing on case studies, the course investigates 
questions related to nation, race, economy, bodies, drugs, health, 
identities, agency and action as they intersect with contemporary queer 
politics. Students will learn conceptual and qualitative methods to 
investigate issues related to queer lives. Same as SOC 255.

GWS 258  Sex in Nature and Culture  credit: 3 Hours.  
Same as ANTH 258. See ANTH 258.

GWS 261  Gender Transnatl Perspective  credit: 3 Hours.  
Same as ANTH 261. See ANTH 261.  
This course satisfies the General Education Criteria for:  
UIUC: Social Sciences

GWS 262  Women's Lives  credit: 3 Hours.  
Same as ANTH 262. See ANTH 262.  
This course satisfies the General Education Criteria for:  
UIUC: Social Sciences

GWS 263  US History of Medicine  credit: 3 Hours.  
Same as HIST 263. See HIST 263.  
This course satisfies the General Education Criteria for:  
UIUC: HistPhilosoph Perspect  
UIUC: Western Compartv Cult

GWS 265  Gender, Place & Space  credit: 3 Hours.  
What can we learn about gender by examining cultural spaces and 
places? Through a specific topic or theme, students will gain an 
introduction to meanings of space and location through the lens of gender.  
Areas may include: architecture/design; production/consumption; ritual/material space; urban/domestic landscape; public/private arenas. Attention will be given to the way that place and space relate to gender identities, politics, and cultural understandings.

GWS 270  Sexuality and Literature  credit: 3 Hours.  
Same as GER 270 and CWL 272. See CWL 272.  
This course satisfies the General Education Criteria for:  
UIUC: Literature and the Arts

GWS 272  Women and Politics  credit: 3 Hours.  
Same as PS 272. See PS 272.

GWS 280  Women Writers  credit: 3 Hours.  
Same as ENGL 280. See ENGL 280.

GWS 281  Women in the Lit Imagination  credit: 3 Hours.  
Same as ENGL 281. See ENGL 281.

GWS 285  US Gender History to 1877  credit: 3 Hours.  
Same as HIST 285. See HIST 285.  
This course satisfies the General Education Criteria for:  
UIUC: HistPhilosoph Perspect
GWS 286  US Gender History Since 1877  credit: 3 Hours.
Same as HIST 286. See HIST 286.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

GWS 287  African-American Women  credit: 3 Hours.
Same as AFRO 287 and HIST 287. See HIST 287.
This course satisfies the General Education Criteria for:
UIUC: US Minority Culture(s)

GWS 295  Beginning Topics GWS  credit: 3 Hours.
Approved for letter and S/U grading. May be repeated in the same term to
a maximum of 9 hours; may be repeated in separate terms to a maximum
of 12 hours.

GWS 301  GWS Lab, Studio & Practicum  credit: 3 Hours.
Develops students’ research and writing skills in gender and women’s
studies, highlighting the complexity of the research process and
exploring various topics and issues from a variety of methodological
perspectives, including activist and/or interventionist approaches, and
experimental productions.

GWS 315  War, Memory, and Cinema  credit: 3 Hours.
Same as AAS 315. See AAS 315.

GWS 320  Gender & Latina/o Migration  credit: 3 Hours.
Same as LLS 320 and SOC 321. See LLS 320.

GWS 325  Lesbian/Queer Media Cultures  credit: 3 Hours.
Discusses how various LGBT/Q communities were consolidated or
drawn together by print and invented in the very acts of writing,
distributing, purchasing, and reading print artifacts. Students examine
early homophile publications, the rise of presses dedicated to LGBT/
Q literature, independent bookstores and distribution networks, as well
as the contemporary world of zines, blogs, chatrooms, fanfiction, and
online journals, to see the intersection of sexuality, community, identity,
and the print sphere. Students will learn how to historicize the rise of
various LGBT/Q subcultures through a long history of print and how to
navigate and understand the gregarious contemporary world of online
publishing and social networking. Prerequisite: Previous course in GWS
recommended.

GWS 330  Bodies & Tech in Pop Culture  credit: 3 Hours.
Examines gender, race, sexuality and nation as embodied in visions of
science and technologies in popular culture. Topics include medicine,
work, leisure, domesticity, games, films, fiction, geopolitics, and the body.
Prerequisite: GWS 100 or GWS 250 or GWS 350 or consent of instructor.

GWS 333  Memoir & Autobiography  credit: 3 Hours.
Explores the phenomenon of autobiography in the contemporary world.
Students will read theories of autobiography, and ask questions about
how writing about the self is gendered, and how representations of the
self fare in the outside world. An important aspect of the course will be
examinations of how changing media such as film, television talk shows
and the Internet shape these representations. Students will be assigned
to read and make a presentation on one of the supplementary texts of
autobiographies chosen from authors in the First and Third worlds. Same
as ENGL 333.

GWS 334  Brazilian Women’s Lit Trans  credit: 3 Hours.
Same as PORT 334. See PORT 334.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

GWS 335  Film, TV, and Gender  credit: 3 Hours.
Examines the history and theory of film, television, and their
interrelationship through one or more specific case studies. Topics may
include: film and feminist movements; girl films; queer TV; gender, sport
and TV. Focuses attention on gender and related issues such as race,
ethnicity, sexuality, age, ability and disability, class, and nationality.
Addresses issues of representation, narrative, genre, industry, audience,
exhibition, media convergence, new and mobile media, and social space.
Same as MACS 335.

GWS 337  Interrogating Masculinities  credit: 3 Hours.
Explores the social construction of gender as it pertains to masculinities
in conjunction with analyses of race, class, gender, ability, and sexuality.
Masculinities, in its various forms, shapes and lives of both women and
men and this course will examine the construction, reproduction, and
impact of masculinities on the institutions of politics, education, work,
religion, sports, family, media, and the military to name a few. Paying
careful attention to the conjunctions between materiality and culture, this
course will interrogate how masculinities shape individual lives, groups,
nationalisms, organizations, and institutions and will analyze the ways
in which power functions within local transnational contexts. Above all,
this course offers a road map for forging new, progressive models of
masculinity.

GWS 340  Gender, Relationships & Society  credit: 3 Hours.
Same as HDFS 340 and SOC 322. See HDFS 340.

GWS 345  Digital & Gender Cultures  credit: 3 Hours.
This interdisciplinary course uses the lens of gender critique and pairs it
with social activism to provide students analytical tools to engage with,
reshape, and create digital cultures. Examines recent research and public
policies related to the gendered, raced, and classes dimensions of digital
cultures and inequality; the broad range of labor issues embedded in the
growing income disparity related to digital cultures; the various ways
that digital inequality has been defined by public policy, sociologists,
and activists, and real examples of collective activism and social change
related to emerging technologies. Same as INFO 345, MACS 345, and
SOC 345.

GWS 350  Feminist & Gender Theory  credit: 3 Hours.
Interdisciplinary survey of feminist and gender theory. Traces
developments in feminist theory and LGBT/Q approaches and explores
contemporary debates.

GWS 355  Beauty and Culture  credit: 3 Hours.
Examines beauty and culture, in particular how tropes, ideologies, and
politics bolster the construction of beauty as an aesthetic value. Looks
at the ways in which beauty is imagined, visualized, narrated, naturalized,
reproduced, privileged, and contested through various venues such as art,
performance, philosophy, media, history, and popular culture. Attention
will be given to race, class, gender, sexuality, and the implications thereof.

GWS 356  Sex & Gender in Popular Media  credit: 3 Hours.
Same as MACS 356. See MACS 356.
This course satisfies the General Education Criteria for:
UIUC: Western Compartv Cult

GWS 360  Women and the Visual Arts  credit: 3 Hours.
Same as ARTH 360. See ARTH 360.

GWS 361  Women in East Asia  credit: 3 Hours.
Same as EALC 361. See EALC 361.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures
UIUC: Social Sciences

Information listed in this catalog is current as of 10/2015
GWS 363  Gender, Health & Pop Culture  credit: 3 Hours.
Aspects of popular culture, including television, magazines, newspapers, social networking sites, and internet sources to name a few, are ways that health information is disseminated. Students will examine how we define health and understand disease as related to popular culture. Discusses how people resist or reinforce these messages about health, well being, fitness, and diet. Also discusses how understandings of race, sexuality and class affect the ways that we think about sickness, health and constructions of gender.

GWS 365  Gender & Technoscience credit: 3 Hours.
Examines the relationship of gender to scientific practice and technological development. The course looks at the professionalization of scientists in STEM fields (Science, Technology, Engineering, Mathematics) and the category of women in science. Addresses how assumptions about gender and science mutually influence each other. Attention also given to the relationship of gender identities to the use and design of technologies (for the body, in transportation, or architecture for example), and how both are produced and informed by one another. No scientific or technical background required.

GWS 366  Feminist Disability Studies credit: 3 Hours.
Explores the complex relationship between gender and disability. Approaching disability as a social and political category rather than a strictly medical one, we will ask: how is the language of disability used to produce and police a variety of gender, sexual, and racial identities as non-normative? How might debates over medicine, technology, and the concept of "natural" pit gender and disability against one another? How have feminist, queer, and transgender scholarship and activism engaged disability? Prerequisite: One of the following: GWS 100, GWS 201, GWS 202.

GWS 370  Queer Theory credit: 3 Hours.
Traces the development of queer theory as a mode for understanding queer studies methodologies and the changing intellectual landscape of key issues in the field. As part of the course, students will review key concepts and theoretical schools of thought, navigating important debates guiding the field. Theories will engage questions of the social and cultural through topics including race, gender, nation, family, history, identity formation, sexology, the state, and capital. Same as SOC 320. Prerequisite: GWS 100, GWS 201, GWS 202, or consent of instructor.

GWS 376  Children and Youth Literature credit: 3 Hours.
Same as CWL 376, EURO 376, and SCAN 376. See SCAN 376.

GWS 378  Fairy Tales & Gender Formation credit: 3 Hours.
Discusses how femininity and gender formation are related through fairy tales. As children grow they are taught the difference between male and female roles. One of the main ways this instruction takes place is through the pleasurable media of fairy tales in books, poems, and more recently, films. Sleeping Beauty, Snow White, Beauty and the Beast, and the Little Mermaid, among others, will be examined to understand how sexual identity is constructed differently in different cultures, and how issues such as rape and incest are addressed within the narratives. The readings explore the ways that fairy tales work to express psychological reactions to maturation while conditioning both characters and readers to adopt specific social roles in adulthood. Same as ENGL 378.

GWS 380  Black Women Hist & Cultures credit: 3 Hours.
Interdisciplinary study of black women's multiple histories and varied cultures including black women from North America, Africa, and the Caribbean. Same as AFRO 380. Prerequisite: AFRO 100 or GWS 100 or GWS 250 or consent of instructor.
This course satisfies the General Education Criteria for: UIUC: Non-Western Cultures

GWS 382  Black Women & Popular Culture credit: 3 Hours.
Explores how Black women have been are currently portrayed in popular media, such as television, internet, movies, and popular mediums such as magazines, popular fiction, newspapers, and other cultural phenomenon. Examines what these portrayals reveal about Black women's role in society and how black women as consumer and participants respond to these stereotypes, and create alternative oppositional images. This course satisfies the General Education Criteria for: UIUC: US Minority Culture(s)

GWS 383  Hist of Blk Women's Activism credit: 3 Hours.
Same as AFRO 383 and HIST 383. See AFRO 383.

GWS 385  Transnational Sexualities credit: 3 Hours.
Investigates the ways in which sexual identities change as national contexts change, as borders are imagined, valued, and crossed, and as definitions of race, gender, and religion shift. Interrogates how national and transnational identities (at home and abroad), modernities, histories, and colonial and global narratives are built on ideas of racialized sexualities, and as such, is particularly interested in the study of queer diaspora. Importantly, this course utilizes transnational feminist frameworks for re-thinking issues related to sexuality, immigration, nation-building, race and gender. Areas of inquiry include imperialism, immigration, war, tourism and globalization. Same as HIST 385. Prerequisite: GWS 100, GWS 201 or GWS 202 or consent of instructor.

GWS 387  History of Sexuality in U.S. credit: 3 Hours.
Explores a wide variety of sources to understand how notions of sexuality have emerged and been contested at key moments in U.S. history. Our guiding questions include: How have "official" or governing discourses of sexuality (in law, medicine, religions, science) been formulated? In turn, how have "ordinary" people understood and practiced their sexuality? How has the meaning of particular sexual practices changed over time? How have ideas about race, gender, and/or class been embedded within the discourse of sexuality at different moments in U.S. history? What methods of reading and interpretation are most useful for the historical study of sexuality? Also emphasizes skills such as critically analyzing primary sources within their historical context; interpreting different types of primary sources; locating, understanding, and evaluating scholarly secondary sources; and presenting historical arguments, based on both primary and secondary sources. Same as HIST 387.

GWS 390  Individual Study credit: 0 to 3 Hours.
Special topics not treated in regularly scheduled classes. Approved for letter and S/U grading. May be repeated to a maximum of 6 hours if topics vary. Prerequisite: One course in Gender and Women's Studies; consent of instructor.

GWS 392  Chicanas&Latinas: Self&Society credit: 3 Hours.
Same as LLS 392 and SOC 392. See LLS 392.
This course satisfies the General Education Criteria for: UIUC: Advanced Composition

GWS 395  Intermediate Topics GWS credit: 3 Hours.
Approved for letter and S/U grading. May be repeated in the same term to a maximum of 9 hours; may be repeated in separate terms to a maximum of 12 hours.

GWS 397  Sexuality in Modern Europe credit: 3 Hours.
Couse Information: Same as HIST 397. See HIST 397.

GWS 403  Women in Muslim Societies credit: 3 or 4 Hours.
Same as ANTH 403, GLBL 403, HIST 434, RLST 403 and SAME 403. See RLST 403.

GWS 409  Women's Health credit: 3 Hours.
Same as CHLH 409. See CHLH 409.
GWS 415 Africana Feminisms  credit: 3 or 4 Hours.
Same as AFRO 415 and AFST 420. See AFRO 415.

GWS 417 Leading Post-Perform Dialog  credit: 4 Hours.
Same as THEA 417. See THEA 417.

GWS 418 Devising Social Issues Theatre  credit: 3 or 4 Hours.
Same as THEA 418. See THEA 418.

GWS 421 Sex Role Theory in Counseling  credit: 4 Hours.
Same as EPSY 421. See EPSY 421.

GWS 424 Gender & Race in Contemp Arch  credit: 3 Hours.
Same as ARCH 424. See ARCH 424.

GWS 428 Sociolinguistics of Gender  credit: 3 or 4 Hours.
Same as ANTH 428 and LING 428. See LING 428.

GWS 432 Gender and Language  credit: 3 or 4 Hours.
Same as CMN 432 and LING 432. See CMN 432.

GWS 435 Commodifying Difference  credit: 3 or 4 Hours.
Same as AAS 435, AFRO 435, LLS 435, and MACS 432. See LLS 435.

GWS 442 Body, Culture & Society  credit: 3 or 4 Hours.
Same as KIN 442. See KIN 442.

GWS 445 US Latina Lit and Iconography  credit: 3 or 4 Hours.
Same as LLS 442 and SPAN 442. See LLS 442.

GWS 450 Topics in Bodies and Genders  credit: 3 Hours.
Same as CWL 450. See CWL 450.

GWS 454 Social Work with Women  credit: 3 or 4 Hours.
Same as SOCW 455. See SOCW 455.

GWS 455 Girls and Popular Culture  credit: 3 or 4 Hours.
Examination of the relationship between girls and popular culture from various interdisciplinary perspectives. Topics include historical representations of girls, prominence of girls in contemporary popular culture, and how girls use, produce and interact with popular culture. Previous course in GWS recommended. 3 undergraduate hours. 4 graduate hours.

GWS 459 Gender, Sex, & Postcoloniality  credit: 3 or 4 Hours.
Explores the relationship of imperialism, sexuality, and race through the lens of postcolonial theory. Same as HIST 459. 3 undergraduate hours. 4 graduate hours. Prerequisite: GWS 100 or GWS 250 and GWS 350 or GWS 370; or consent of instructor.

GWS 462 Hip Hop Feminism  credit: 3 or 4 Hours.
Explores how hip hop has shaped the culture, aesthetics, experiences, and perspectives of an emergent generation of artists, scholars, and writers with several aims: 1) To challenge systemic social inequalities. 2) To articulate new visions of justice that depend on the power young people possess. To better understand how and why the relationship between hip hop and feminism is coherent, meaningful, and compelling, students will become familiar with artists working within and beyond various elements of hip hop (rap, graffiti, emceeing, de-jaying, etc.), social critics concerned with documenting hip hop’s cultural practices, and critical educator (broadly defined). 3 undergraduate hours. 4 graduate hours.

GWS 465 Race, Sex, and Deviance  credit: 3 or 4 Hours.
Same as AAS 465, AFRO 465, and LLS 465. See LLS 465.

GWS 467 Locating Queer Culture  credit: 3 Hours.
Our goal is to learn different methods for researching "queer culture," with a special focus on the local context. Explores two research methods in depth: history and ethnography. Students will produce their own original research based on genuine gaps in existing knowledge. Provides an opportunity to learn both received knowledge about queer culture, as well as that which we do not yet know. By the end of this course, the class will collectively produce new knowledge about queer culture using local stories. Same as HIST 468. 3 undergraduate hours. No graduate credit.

GWS 470 Transgender Studies  credit: 3 or 4 Hours.
What are the issues and politics related to transgender and transsexual identities? Students will examine and critically evaluate historical and contemporary debates that contest normative male/female binaries and traditional categorizations of sexuality. The course moves beyond these initial inquiries into gender theory to consider the effects of institutional discourses produced through stage and civil society. Taught with particular attention given to questions of race, national formations, medical, and legal discourses. Areas of inquiry may include gender theory, transnational identities, gendered and racial performances, medical and psychological diagnoses, violence, the law, and the Prison Industrial Complex. Through these topics, students will be asked to consider important questions about political and legal representation, autonomy, the rights of citizenship, and the practice of everyday life. 3 undergraduate hours. 4 graduate hours. Prerequisite: One course in Gender and Women’s Studies at the 200- or 300-level, or consent of instructor.

GWS 478 Sex, Power and Politics  credit: 3 or 4 Hours.
Examines representations of the relationship between sex, power, and subjectivity and how they have shaped feminism. Explores critical approaches to feminist analyses of women's oppression and debates about sexuality, including issues such as consent, rape and prostitution. Same as PS 413. 3 undergraduate hours. 4 graduate hours. Prerequisite: One course in Gender and Women’s Studies at the 200- and 300-level or consent of instructor.

GWS 485 The Politics of Fashion  credit: 3 or 4 Hours.
Interdisciplinary and transnational study of the historical and cultural development of fashion. Examines the social and political tensions embodied in fashion, the fashion industry, and sartorial practices in relation to gender, race, nation, and sexuality. Same as AAS 485. 3 undergraduate hours. 4 graduate hours. Prerequisite: One course in Gender and Women’s Studies at the 200 or 300 level, or consent of instructor.

GWS 490 Individual Study  credit: 2 to 4 Hours.
Supervised reading and research in Gender and Women’s Studies chosen by the student with instructor approval. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated to a maximum of 6 hours. Prerequisite: Two courses in Gender and Women’s Studies at the 200-400 levels; or junior standing; or consent of instructor.

GWS 495 Advanced Topics GWS  credit: 3 or 4 Hours.
3 undergraduate hours. 4 graduate hours. Approved for letter and S/U grading. May be repeated in the same term to a maximum of 9 undergraduate hours or 12 graduate hours; may be repeated in separate terms to a maximum of 12 undergraduate or 12 graduate hours.

Information listed in this catalog is current as of 10/2015
Minor in Gender and Women’s Studies

A minor in GWS provides complementary tools for many majors in the humanities, arts and sciences. The minor advocates actively reading, questioning, challenging, and understanding racialized, sexualized, and gendered bodies. The Department of Gender and Women’s Studies must approve a student’s minor course plan. Students must register their minor with the Gender and Women’s Studies advisor. E-mail: gws-email@illinois.edu

Select two of the following:

- GWS 201 Race, Gender & Power
- GWS 202 Sexualities
- GWS 350 Feminist & Gender Theory

Additional Coursework - At least 9 additional hours of coursework offered by the Gender and Women’s Studies Department at the 300- or 400-level. Required courses consist of a selected list of courses offered by the Department of Gender & Women’s Studies; they are on an approved list maintained in the department office and with the GWS advisor.

3 hours of area electives at any level. For a list of approved courses contact the GWS department office or the GWS advisor.

Total Hours: 18

Or GWS 255 Queer Lives, Queer Politics

Additional Coursework - Select three of the following:

- GWS 325 Lesbian/Queer Media Cultures
- GWS 385 Transnational Sexualities
- GWS 387 History of Sexuality in U.S.
- GWS 459 Gender, Sex, & Postcoloniality
- GWS 467 Locating Queer Culture
- GWS 470 Transgender Studies
- GWS 478 Sex, Power and Politics

Area electives at any level. For a list of approved courses contact the GWS Department office or the GWS advisor.

At least 6 hours of advanced coursework must be distinct from credit earned for the student’s major or another minor.

Students may choose to major in Gender & Women’s Studies and Minor in LGBT/Queer Studies, but classes may not count towards both.

Minor in LGBT/Queer Studies

The LGBT/Queer Studies minor provides students the opportunity to explore how various political, social, and cultural definitions of sexual identities and their expression have been constructed and challenged in different places and points in time. Attention is given to queer politics, and interactions with nation, race, ethnicity, and gender. A minor in LGBT/Queer Studies provides complementary tools for many majors in the humanities, arts and sciences.

The Department of Gender and Women’s Studies must approve a student’s minor course plan. Students must register their minor with the Gender and Women’s Studies advisor.

GWS 202 Sexualities
The Human Geography option gives students an opportunity to pursue specialization in the social science aspect of modern geography. The curriculum includes the systematic study of human social organization and its environmental consequences through patterns and processes. Employment opportunities for the Human Geographer include: urban and regional planning, transportation, marketing, real estate, tourism, and international business.

Physical Geography (http://www.geog.illinois.edu/undergrad/physical) The Physical Geography option is for those wishing to specialize in the earth science emphasis of modern geography. Patterns of climates, land forms, vegetation, soils, and water are all included in this option. As a graduate, Physical Geography majors will be equipped for careers in weather forecasting, land and water resources management, rangelands, and river management.

The department also offers a minor in Geography and GIS. The minor will expose students to a comprehensive selection of courses embracing our three broad areas of study: human geography, physical/environmental geography, and geographic information science.

For the Degree of Bachelor of Arts in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

E-mail: geograph@illinois.edu

Minimum of at least 35 hours of Geography and Geographic Information Science courses are required for the major.

General education: Students must complete the Campus General Education requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction. All students majoring in Geography and Geographic Information Science who have maintained a University grade point average of 3.25 and who satisfactorily complete an independent project (GEOG 391) in their senior year will be eligible to graduate with distinction. Students should consult their advisors regarding distinction requirements as soon as they enter the major (no later than the end of their junior year).

Students must complete the core requirements listed below and select one concentration in consultation with an academic advisor.

- General Geography Concentration (p. 413)
- Geographic Information Science Concentration (p. 413)
- Human Geography Concentration (p. 414)
- Physical Geography Concentration (p. 414)

Geography and Geographic Information Science Core

For all concentrations: Students are strongly encouraged to elect GEOG 473. Students are also encouraged to elect one or more of the following techniques courses as part of their coursework: GEOG 280, GEOG 371, GEOG 373, GEOG 390, GEOG 473, GEOG 476, GEOG 477, GEOG 478, GEOG 479, and GEOG 480.

Minor in Geography and GIS

The minor in Geography and GIS will expose students to a comprehensive selection of courses embracing our three broad areas of study: human geography, physical/environmental geography, and geographic information science. Students select 6 hours at the 100 level, then 3 hours each from the human, physical/environmental, and geospatial sub-disciplines (as listed below), and then 3 additional hours from any of the three sub-disciplines for a total of 18 credits. At least 6 hours total must be at the 300 or 400 level.

Two courses selected from the following: 6

At least 6 hours total must be at the 300 or 400 level.

GEOG Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/GEOG)

Courses

GEOG 100  Introduction to Meteorology  credit: 3 Hours.
Same as ATMS 100. See ATMS 100.
This course satisfies the General Education Criteria for:
UIUC: Physical Sciences
UIUC: Quant Reasoning II

GEOG 101  Global Development&Environment  credit: 3 Hours.
Introduces geographical perspectives on environment and development studies with case studies drawn from Africa, Asia, and Latin America.
Investigates the origins of the global South in relation to the global North, especially the historical and contemporary processes driving environmental, economic, and cultural change.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures
UIUC: Social Sciences

GEOG 103  Earth's Physical Systems  credit: 4 Hours.
A basic introduction to the environmental systems of the Earth's surface, including landforms, soils, and ecosystems and how these systems are affected by global change. Emphasizes the importance of human-Earth relations and a holistic view of environmental systems. Same as ESE 103.
This course satisfies the General Education Criteria for:
UIUC: Physical Sciences

GEOG 104  Social and Cultural Geography  credit: 4 Hours.
Introduces the basic concepts of social and cultural geography, and the application of these concepts to a variety of topics; mental maps, territoriality, cultural regions, cultural elements and their diffusion, population movement and migration, settlement patterns, environmental hazards, and spatial patterns of social problems.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

GEOG 105  The Digital Earth  credit: 3 Hours.
Geospatial technologies such as global positioning systems (GPS) and geographic information systems (GIS) are becoming increasingly important tools in research and policy arenas and in everyday life. This course will provide an introduction to these emerging technologies and to the principles of mapping science that underpin them. At the same time, the course will explore how these innovative technologies are changing the spaces and places around us, including how we interact with the environment and each other. Lab exercises provide hands-on experience in collecting and mapping geospatial information, interpreting digital imagery and the Earth's environments, and critically thinking about the social implications of the digital Earth.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

GEOG 106  Geographies of Globalization  credit: 3 Hours.
A survey of major world regions by systematically considering five themes: environment, population and settlement patterns, cultural coherence and diversity, geopolitical fragmentation and unity, and economic and social development. While examining the persistence of unique regions, the course will both scale up to global linkages and scale down to place-specific impacts of globalization processes. Same as ESE 106. This course can be used to fulfill either Western or Nonwestern general education categories, but not both.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures
UIUC: Social Sciences
UIUC: Western Compartv Cult

GEOG 110  Geography of Intl Conflicts  credit: 3 Hours.
Focuses on contemporary cultural conflicts, competition among nations for economic and mineral resources; treats territorial disputes from a cultural and geographic perspective. Case studies vary to illustrate types of contemporary conflicts. Same as GLBL 110.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

GEOG 198  Freshman Honors Seminar  credit: 3 Hours.
Through discussions and research projects, the seminar is designed to provide an in-depth understanding of topics in the field of systematic or regional geography which are selected for group study. Appropriate geographic methodology is emphasized. Prerequisite: James Scholar standing or other designation as a superior student.

GEOG 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
May be repeated.
GEOG 204 Cities of the World credit: 3 Hours.
In-depth exploration of global urbanization. Using a comparative regional approach, discuss the recent history of global urbanization, dissect its problems, and offer possible solutions. Approximately ten major regions of the world will be examined, exploring the significant urban patterns and processes, built and natural environments, and social, economic, and cultural landscapes of each. This course satisfies the General Education Criteria for: UIUC: Social Sciences

GEOG 205 Business Location Decisions credit: 3 Hours.
Analyzes location decision-making emphasizing industrial and commercial location patterns; identifies important institutional factors and their changing roles over the recent past; and focuses on plant closings, economic disruptions, and problems of structural change. Same as BADM 205. Prerequisite: ECON 102 or ECON 103, or equivalent.

GEOG 210 Contemp Social & Env Problems credit: 3 Hours.
Geographic perspectives on contemporary national and international problems. Topics vary each term and include such themes as environmental quality, food production, urban problems, particular social and political conflicts. Same as ESE 210.
This course satisfies the General Education Criteria for: UIUC: Social Sciences

GEOG 215 Resource Conflicts credit: 3 Hours.
Geographic concepts of place, scale, region, and territoriality are used to explore the causes and consequences of competition for control of natural resources. Situations that lead to violent conflict are discussed as well as mechanisms for the peaceful resolution of resource conflicts. Resources discussed include oil, water, access to land, and the impact of climate change. Same as ESE 215 and GLBL 215.
This course satisfies the General Education Criteria for: UIUC: Social Sciences

GEOG 222 Big Rivers of the World credit: 3 Hours.
An interdisciplinary approach to the study of big rivers, encompassing geomorphology, engineering, ecology, risk assessment and planning. Commencing with an assessment of the nature of big rivers; their hydrology and geomorphic setting; hazards associated with large rivers, and issues of river impoundment and management, then proceed to examine the geography, geomorphology, and ecology and management of a range of the World's greatest rivers, focusing on how a geomorphological understanding of such large rivers can aid study of riverine ecocultures and inform decisions regarding water usage and engineering management. If the weather permits, a one day field-trip will be organized in the second half of the course to view aspects of a local river in Illinois/Indiana. Same as ESE 222.

GEOG 224 Geog Patterns of Illinois credit: 3 Hours.
Systematic analysis of the environmental and human processes that have shaped the regional landscapes of rural and urban Illinois. This course satisfies the General Education Criteria for: UIUC: Social Sciences

GEOG 280 Intro to Social Statistics credit: 4 Hours.
Same as SOC 280. See SOC 280.
This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

GEOG 287 Environment and Society credit: 3 Hours.
Same as ESE 287, NRES 287, PS 273 and SOC 287. See NRES 287.
This course satisfies the General Education Criteria for: UIUC: Social Sciences
UIUC: Western Compatri Cult

GEOG 310 Political Geography credit: 3 Hours.
Problems and issues surrounding the geographic distribution of political actions and outcomes in the context of globalization. Topics include war and peace, access to natural resources, nationalism, democratization, terrorism, and the politics of identity. Prerequisite: Junior standing or consent of instructor.

GEOG 350 Sustainability and the City credit: 3 Hours.
Examination of the tools, techniques, strategies, and rationales that can be used by urbanists to produce and sustain a productive, fair, and equitable city. Emphasis is placed on diagnosing, implementing, and sustaining an ideal U.S. city as a complex whole that embeds an array of interconnecting parts (neighborhoods, retail districts, downtowns, city economies). Lectures and discussion cover the broad background of theories, concepts, and principles that will be essential for imagining and implementing these ideals, strategies and plans.) Same as ESE 350.

GEOG 356 Geography of South Asia credit: 3 Hours.
Geographic survey of the region of South Asia (India, Nepal, Pakistan, Afghanistan, Bangladesh, Sri Lanka). Geographic analysis of development processes since the colonial period, with particular emphasis on the interrelated processes of environment, society, and politics.

GEOG 370 Water Planet, Water Crisis credit: 3 Hours.
Same as ESE 320 and GEOL 370. See ESE 320.

GEOG 371 Spatial Analysis credit: 4 Hours.
Overview of the spatial analysis (nomothetic) approach to geographic research, both physical and human; includes discussion of the scientific method, with explanations and uses of analytic geographic concepts in studying real world problems. Prerequisite: A course in geography.

GEOG 373 Spring Field Course credit: 4 Hours.
Field observation and mapping of human and physical phenomena using basic geographic field techniques; required ten-day field trip during spring term break. Prerequisite: Geography majors, or non-majors with consent of instructor.

GEOG 379 Intro to GIS Systems credit: 4 Hours.
Investigates the fundamentals of geographic information science as well as the basic skills in the execution of that theoretical knowledge with industry standard software packages. Student will learn the basics of projections and coordinate systems, how geographic information is stored and manipulated, and the theory and practice behind the production of thematic maps. Includes lecture and hands-on laboratory components. Same as ESE 379.

GEOG 380 GIS II: Spatial Prob Solving credit: 4 Hours.
Study of the analytical capabilities of geographic information systems with an emphasis on learning to solve spatial problems in both the vector and raster data formats. Students will develop the skills necessary to answer questions or solve problems in their areas of interest, with particular emphasis on problems and questions that require multiple steps to resolve. Students will learn the fundamental theory behind spatial problem solving, but also learn to execute these procedures with industry-standard software packages. Thus, this class contains both lecture/discussion elements and hands-on laboratory work. Same as ESE 380. Prerequisite: GEOG 379
This course satisfies the General Education Criteria for: UIUC: Quant Reasoning II

GEOG 381 Environmental Perspectives credit: 3 Hours.
Focus on the major ideas in contemporary environmentalism, especially on how humans do and should interact with the environment. Same as ESE 381. Prerequisite: Junior or senior undergraduate standing.

Information listed in this catalog is current as of 10/2015
GEOG 384 Population Geography  credit: 3 Hours.
Problems and issues surrounding the geographic distribution of populations at the world, regional, and local levels; emphasizes problems associated with population growth and decline, recent population redistribution, births and deaths, and elderly and minority populations.

GEOG 390 Individual Study  credit: 2 to 4 Hours.
Supervised independent study of special topics or regions. May be repeated once. Prerequisite: Junior standing; at least one formal course in the topic or region of interest; consent of instructor.

GEOG 391 Honors Individual Study  credit: 2 to 4 Hours.
Individual study and research projects for students who are working toward the degree with distinction in geography. May be repeated to a maximum of 8 hours. Prerequisite: Junior standing; consent of honors adviser.

GEOG 394 Special Topics Social Geog  credit: 4 Hours.
Introduction to current research in social geography; includes such topics as access to public facilities, geography of crime, innovation diffusion, geography of communications, spatial assimilation of minorities, and geography of social well-being. See Schedule for current topics. May be repeated.

GEOG 401 Watershed Hydrology  credit: 3 Hours.
Same as NRES 401. See NRES 401.

GEOG 406 Fluvial Geomorphology  credit: 4 Hours.
Systematic overview of the forms and processes associated with rivers and drainage basins; topics include basin hydrology, drainage networks, river hydraulics, sediment transport processes, channel morphology, channel change, and human impacts on fluvial systems. Same as GEOL 406, and NRES 406. 4 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 101, and GEOG 103 or GEOL 107, or consent of instructor.

GEOG 408 Watershed Analysis  credit: 4 Hours.
Systematic analysis of the geomorphological processes operating in watersheds and the impact of humans on these processes. The course will emphasize the importance of watershed geomorphology in watershed management. Class discussion and a class project will focus on a practical watershed assessment problem. 4 undergraduate hours. 4 graduate hours. Prerequisite: GEOG 103 or equivalent.

GEOG 410 Geography of Dev and Underdev  credit: 4 Hours.
Patterns and processes of Third World development geography. Lectures and discussion draw upon theoretical and case study material by development geographers working in Asia, Africa, and Latin America. 4 undergraduate hours. 4 graduate hours. Prerequisite: GEOG 101, GEOG 110, and ECON 101 are highly recommended.

GEOG 412 Geospatial Tech & Society  credit: 3 Hours.
Examines the use of geographic information systems (GIS), geographical positioning systems (GPS), and other geospatial technologies in everyday life with emphasis on their implications for social, economic, and environmental change. Topics include critical cartography, GIS, and social theory, crime and health, environmental justice, feminism, economic development and environmental change. 3 undergraduate hours. 3 graduate hours. Prerequisite: GEOG 105 or consent of instructor.

GEOG 421 Earth Systems Modeling  credit: 4 Hours.
Same as ATMS 421, ESE 421, GEOL 481 and NRES 422. See ATMS 421.

GEOG 436 Biogeography  credit: 3 Hours.
Same as ANTH 436, ESE 439, IB 439 and NRES 441. See IB 439.

GEOG 438 Geography of Health Care  credit: 3 or 4 Hours.
Methods and perspectives of health care. Emphasizing the spatial analysis of health and health care. The organization, provision and competition of health care will be highlighted. Same as SOC 478. 3 undergraduate hours. 4 graduate hours. Prerequisite: GEOG 384 or SOC 274 or consent of instructor.

GEOG 439 Health Applications of GIS  credit: 3 Hours.
Same as CHLH 439 and PATH 439. See PATH 439.

GEOG 446 Sustainable Planning Seminar  credit: 4 Hours.
Same as NRES 446 and UP 446. See UP 446.

GEOG 455 Geog of Sub-Saharan Africa  credit: 3 Hours.
Regional geography of Africa south of the Sahara. Geographic analysis of Africa which includes topics in both physical and human geography and provides a general overview of the processes and interactions between human and environmental factors that shape Africa's physical and human geography. 3 undergraduate hours. 3 graduate hours.

GEOG 460 Aerial Photo Analysis  credit: 3 or 4 Hours.
Review of methods for extracting quantitative and qualitative information from aerial photographs using computer-based techniques and visual interpretation. The first part of the course will cover basic photogrammetry and mapping. The second part will focus on interpretation of physical, biological, and cultural features. Same as NRES 460. 3 undergraduate hours. 4 graduate hours. Prerequisite: Knowledge of trigonometry (MATH 014 or equivalent) and basic physical geography (GEOG 103 or equivalent).

GEOG 465 Transp and Sustainability  credit: 3 or 4 Hours.
Descriptors of transportation systems; transportation as an industrial activity and public good; and transportation and spatial development, including the role of transportation in urban and regional development. Emphasis on the economic, environmental, and social aspects of sustainability as they apply to transportation systems and the activities they enable at local, regional, national and global levels. Field trip required. Same as ESE 465. Additional fees may apply. See Class Schedule. 3 undergraduate hours. 4 graduate hours. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

GEOG 466 Environmental Policy  credit: 3 or 4 Hours.
Examination of the geographical and political aspects of human-environmental relations; focusing on how environmental problems are defined, negotiated, and addressed through policy formulation. Specific approaches to environmental policy will be considered at different geographical scales. Same as ESE 466. 3 undergraduate hours. 4 graduate hours. Prerequisite: One course in Geography or Political Science or consent of instructor.

GEOG 468 Biological Modeling  credit: 3 or 4 Hours.
Interdisciplinary modeling course for students interested in dynamic system modeling of living processes; each student will build a model by the end of the course. No special mathematical background required. Same as ANSC 449, CPSC 448, and IB 491. 3 undergraduate hours. 4 graduate hours. Prerequisite: IB 444 or equivalent, depending on curriculum.

GEOG 471 Recent Trends in Geog Thought  credit: 4 Hours.
Examination of recent trends in human and physical geography. Themes include empiricism, logical positivism, regionalism, Marxism, realism, phenomenology, and post-modernism as applied to geographic research. Emerging geographic literature is explored to identify the latest conceptual developments. 4 undergraduate hours. 4 graduate hours.

Information listed in this catalog is current as of 10/2015
GEOG 473 Digital Cartography & Map Design  credit: 4 Hours. Instruction and practice in the basic techniques of map making followed by a consideration of problems involved in the construction of maps for presentation in a reproduced form (i.e., printed, photographed); the selection of proper source materials for the base and body of the map, the compilation and correlation of these materials, and methods of mechanical and photographic reproduction. 4 undergraduate hours. 4 graduate hours.

GEOG 476 Applied GIS to Environ Studies  credit: 3 Hours. Demonstrates how geographic information systems (GIS) have become a major technology ubiquitously applied to solve important problems encountered in geospatial and environmental applications. 3 undergraduate hours. 3 graduate hours. Prerequisite: GEOG 103 or GEOG 104, consent of instructor.

GEOG 477 Introduction to Remote Sensing  credit: 3 Hours. Fundamentals of energy-matter interaction mechanisms, and the manifestation of reflected and emitted radiation on photographs and images; introduces characteristics of aerial films and filters, electro-optical scanners, and digital processing; and emphasizes applications in environmental problems. Same as NRES 477. 3 undergraduate hours. 3 graduate hours. Prerequisite: GEOG 280 (beginning statistics) or equivalent, or consent of instructor.

GEOG 478 Techniques of Remote Sensing  credit: 4 Hours. Optical and digital information processing of imagery acquired from aircraft and satellite remote sensing platforms; includes systems design, mensuration theory, photographic enhancement techniques, and automatic digital classification for all of the standard sensor systems, and laboratory focusing on the design and implementation of information processing techniques with application limited to a survey of uses. 4 undergraduate hours. 4 graduate hours. Prerequisite: GEOG 477 or equivalent.

GEOG 479 Advanced Topics in GIS  credit: 3 Hours. Introduces advanced concepts in Geographic Information Science. Course topics may vary. 3 undergraduate hours. 3 graduate hours. May be repeated, if topics vary, in separate terms to a maximum of 9 hours, but not more than 6 hours in any one term. Prerequisite: GEOG 379 or equivalent.

GEOG 480 Principles of GIS  credit: 3 Hours. Focuses on Geographic Information Science (GIScience) principles that underlie the development of Geographic Information Systems (GIS) software and its intelligent use. Helps students adapt to rapidly changing geospatial technologies. Knowledge gained in this course will be general and, thus, not be limited to any specific software product that may be revised in the future. 3 undergraduate hours. 3 graduate hours. Prerequisite: GEOG 379 and GEOG 380 or equivalent, or consent of instructor.

GEOG 481 Intl Environ Cooperation  credit: 3 Hours. Examines the problems, politics and policies related to environmental issues that require international cooperation to address effectively. Transboundary, regional, and global environmental issues will be analyzed, spanning the atmosphere (acid rain, protection of the ozone layer, and climate change), the oceans (pelagic fisheries), and biodiversity (whaling, trade in endangered species). Discusses methods for increasing international environmental cooperation, such as unilateral actions, trade sanctions, financial aid, non-governmental monitoring and innovations in institutional design. Same as ESE 481. 3 undergraduate hours. 3 graduate hours. Prerequisite: One course in Geography or Political Science or consent of instructor.

GEOG 482 Challenges of Sustainability  credit: 3 Hours. Same as ESE 482 and GEOL 483. See ESE 482.

GEOG 483 Urban Geography  credit: 3 Hours. Broad background of theories, concepts, and methods of research for understanding how and why our cities have reached their current status. Focus on examining the internal structure of the North American city, including analysis of the commercial, industrial, and residential sectors of the urban environment. Particular emphasis is placed on the range of urban theories developed to explain both urban structure and contemporary urban ills. 3 undergraduate hours. 3 graduate hours.

GEOG 484 Cities, Crime, and Space  credit: 3 or 4 Hours. Focusing on US cities, this theory-intensive course surveys traditional and critical perspectives on relations between crime, space, and place. We will explore this interplay within broader contexts of industrial and post-industrial urbanization, concentrating on dynamics including governances, economic processes, and social transformations. Emphasis will be placed on the extent to which these interwoven processes generate, classify, organize, and react to crime across cityscapes. 3 undergraduate hours. 4 graduate hours.

GEOG 489 Programming for GIS  credit: 4 Hours. Introduction to programming to customize and extend the capabilities of geographic information systems. Topics include the principles of programming, advanced function and tools coding, visualization, fundamental spatial data structures, and spatial algorithms. 4 undergraduate hours. 4 graduate hours. Prerequisite: GEOG 379 and GEOG 380 or equivalents, or consent of instructor.

GEOG 491 Research in Geography  credit: 2 Hours. Detailed examination and discussion of the methods of initiating and executing research projects in human or physical geography (taught in separate sections); requires students to write a research proposal of a quality suitable for a graduate thesis. 2 undergraduate hours. 2 graduate hours. Prerequisite: GEOG 471; either graduate standing in geography or senior standing as a geography major and consent of department.

GEOG 493 Democracy and Environment  credit: 3 or 4 Hours. Explores the effects of local democracy on natural resource management and the ways natural resource management can leverage the establishment and consolidation of local democracy. Investigates theoretical foundations of localism and decentralization, and analyzes the policy process by which theory is inscribed in law and project documents and translated into practice. Cases of global environmental policy, such as climate adaptation, UN Reduced Emissions from Deforestation and Degradation of the World Banks' Community Driven Development policies will be used for theoretical and empirical analysis. Draws case examples from developing countries. Same as NRES 494, SOC 493 and UP 493. 3 undergraduate hours. 4 graduate hours. Prerequisite: GEOG 210, course work in social science, or consent of instructor.

GEOG 496 Climate & Social Vulnerability  credit: 3 or 4 Hours. Existing climate variability and likely climate change call for policies to protect vulnerable people who make their livelihoods in a changing environment. Students will explore: 1) causes of climate related stress and disaster; 2) theories of vulnerability and adaptation; 3) practices and policies designed to reduce economic loss, hunger, famine and dislocation in the face of climate trends and events. Focus on multiple policy scales affecting poor and marginal populations, who are disproportionately vulnerable when facing climate stress, drawing on case examples primarily from the developing world. Same as ATMS 446 and SOC 451. 3 undergraduate hours. 4 graduate hours. Prerequisite: GEOG 410, GEOG 466, GEOG 471, GEOG 520, or consent of instructor.

Information listed in this catalog is current as of 10/2015
General Geography Concentration

Geography and Geographic Information Science
Core Requirements:

Select one of the following:  3-4

- ATMS/GEOG 100  Introduction to Meteorology
- GEOG 103  Earth's Physical Systems
- GEOG 222  Big Rivers of the World

Select one of the following:  3-4

- GEOG 101  Global Development & Environment
- GEOG 104  Social and Cultural Geography
- GEOG 105  The Digital Earth
- GEOG 106  Geographies of Globalization
- GEOG 110  Geography of Intl Conflicts
- GEOG 210  Contemp Social & Env Problems

Choose one of the following:  4

- GEOG 371  Spatial Analysis
- GEOG 379  Intro to GIS Systems

Total Hours  10-12

General Geography Concentration Requirements:

Geography and Geographic Information Science courses, selected from 200- to 400-level courses, of which 6 hours must be at the 300 or 400 level

For all concentrations: Students are strongly encouraged to elect GEOG 473. Students are also encouraged to elect one or more of the following techniques courses as part of their coursework: GEOG 280, GEOG 371, GEOG 373, GEOG 390, GEOG 473, GEOG 476, GEOG 477, GEOG 478, GEOG 479, and GEOG 480.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your advisor.

Geographic Information Science Concentration

Geography and Geographic Information Science
Core Requirements:

Select one of the following:  3-4

- ATMS/GEOG 100  Introduction to Meteorology
- GEOG 103  Earth's Physical Systems
- GEOG 222  Big Rivers of the World

Select one of the following:  3-4

- GEOG 101  Global Development & Environment
- GEOG 104  Social and Cultural Geography
- GEOG 105  The Digital Earth
- GEOG 106  Geographies of Globalization

Choose one of the following:  4

- GEOG 371  Spatial Analysis
- GEOG 379  Intro to GIS Systems

Total Hours  10-12

Geographic Information Science Concentration Requirements:

Students must take one of these courses as part of the core requirements and the other as part of the GIS concentration requirements:

- GEOG 371  Spatial Analysis
- GEOG 379  Intro to GIS Systems
- GEOG 380  GIS II: Spatial Prob Solving

Select one of the following courses:  3

- CS 105  Intro Computing: Non-Tech
- Other Computer Science course approved by Department’s Advisor

Select a minimum of three courses from the following:  9-11

- GEOG 205  Business Location Decisions
- GEOG 412  Geospatial Tech & Society
- ATMS/GEOG 421  Earth Systems Modeling
- PATH/GEOG 439  Health Applications of GIS
- GEOG 460  Aerial Photo Analysis
- GEOG 468  Biological Modeling
- GEOG 473  Digital Cartography & Map Design
- GEOG 476  Applied GIS to Environ Studies
- GEOG 477  Introduction to Remote Sensing
- GEOG 478  Techniques of Remote Sensing
- GEOG 479  Advanced Topics in GIS
- GEOG 480  Principles of GIS
- GEOG 489  Programming for GIS

Select two additional Geography and Geographic Information Science courses from the Human Geography Concentration and/or Physical Geography Concentration course lists  6-8

Required total concentration hours  26

For all concentrations: Students are strongly encouraged to elect GEOG 473. Students are also encouraged to elect one or more of the following techniques courses as part of their coursework: GEOG 280, GEOG 371, GEOG 373, GEOG 390, GEOG 473, GEOG 476, GEOG 477, GEOG 478, GEOG 479, and GEOG 480.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your advisor.
Human Geography Concentration

Geography and Geographic Information Science

Core Requirements:

Select one of the following:  3-4

- ATMS/GEOG 100  Introduction to Meteorology
- GEOG 103  Earth's Physical Systems
- GEOG 222  Big Rivers of the World

Select one of the following:  3-4

- GEOG 101  Global Development & Environment
- GEOG 104  Social and Cultural Geography
- GEOG 105  The Digital Earth
- GEOG 106  Geographies of Globalization
- GEOG 110  Geography of Intl Conflicts
- GEOG 210  Contemp Social & Env Problems

Choose one of the following:  4

- GEOG 371  Spatial Analysis
- GEOG 379  Intro to GIS Systems

Total Hours  10-12

Human Geography Concentration Requirements:

200- to 400-level Geography and Geographic Information Science courses (of which at least 6 hours must be at the 300 or 400 level) selected from the following:

- GEOG 204  Cities of the World
- GEOG 205  Business Location Decisions
- GEOG 210  Contemp Social & Env Problems
- GEOG 224  Geog Patterns of Illinois
- NRES/GEOG 287  Environment and Society
- GEOG 310  Political Geography
- GEOG 350  Sustainability and the City
- GEOG 356  Geography of South Asia
- ESE 320/GEOG 370  Water Planet, Water Crisis
- GEOG 371  Spatial Analysis
- GEOG 373  Spring Field Course
- GEOG 381  Environmental Perspectives
- GEOG 384  Population Geography
- GEOG 390  Individual Study
- GEOG 391  Honors Individual Study
- GEOG 394  Special Topics Social Geog
- GEOG 410  Geography of Dev and Underdev
- GEOG 412  Geospatial Tech & Society
- LA 427  Amer Vernacular Cultural Land
- GEOG 438  Geography of Health Care
- PATH/GEOG 439  Health Applications of GIS
- UP/GEOG 446  Sustainable Planning Seminar
- GEOG 455  Geog of Sub-Saharan Africa
- GEOG 465  Transp and Sustainability

For all concentrations: Students are strongly encouraged to elect GEOG 473. Students are also encouraged to elect one or more of the following techniques courses as part of their coursework: GEOG 280, GEOG 371, GEOG 373, GEOG 390, GEOG 473, GEOG 476, GEOG 477, GEOG 478, GEOG 479, and GEOG 480.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your advisor.

Physical Geography Concentration

Geography and Geographic Information Science

Core Requirements:

Select one of the following:  3-4

- ATMS 100  Introduction to Meteorology
- GEOG 103  Earth’s Physical Systems
- GEOG 222  Big Rivers of the World

Select one of the following:  3-4

- GEOG 101  Global Development & Environment
- GEOG 104  Social and Cultural Geography
- GEOG 105  The Digital Earth
- GEOG 106  Geographies of Globalization
- GEOG 110  Geography of Intl Conflicts
- GEOG 210  Contemp Social & Env Problems

Choose one of the following:  4

- GEOG 371  Spatial Analysis
- GEOG 379  Intro to GIS Systems

Total Hours  10-12

1  Students in the Physical Geography Concentration may fulfill the core by completing ATMS 100 and GEOG 103 and one of the five courses: GEOG 101, GEOG 104, GEOG 105, GEOG 106 and GEOG 110, with GEOG 371 or GEOG 379 not required.

Physical Geography Concentration Requirements:

200- to 400-level Geography and Geographic Information Science courses (of which at least 6 hours must be at the 300 or 400 level) selected from the following:

- GEOG 210  Contemp Social & Env Problems

Information listed in this catalog is current as of 10/2015
All students in this concentration must take the following courses:

- **12-14 hours**
- **MATH 220 Calculus**
- or **MATH 221 Calculus I**
- Select one of the following:
  - **PHYS 101 College Physics: Mech & Heat**
  - or **PHYS 21 University Physics: Mechanics**
- Select one of the following:
  - **CHEM 102 General Chemistry I**
  - **CHEM 11I and General Chemistry Lab I**
  - or
  - **CHEM 104 General Chemistry II**
  - **CHEM 11II and General Chemistry Lab II**

**Required total concentration hours:** 37

For all concentrations: Students are strongly encouraged to elect GEOG 473. Students are also encouraged to elect one or more of the following techniques courses as part of their coursework: GEOG 280, GEOG 371, GEOG 373, GEOG 390, GEOG 473, GEOG 476, GEOG 477, GEOG 478, GEOG 479 and GEOG 480.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your advisor.

**Geology**

Tom Johnson  
156 Computing Applications Building, 605 East Springfield, Champaign, IL 61820  
PH: (217) 333-3540  
http://www.geology.illinois.edu

The **Sciences and Letters Curriculum major in Geology**, administered by the Department of Geology, is designed for students who want a more flexible course of study than is provided by the Specialized Curriculum in Geology and Geophysics. It may be used by those wishing to obtain a more liberal education and/or background in geology for use in fields such as anthropology, business, mineral economics, regional planning, journalism, law, sales, or library and information science. It is not intended to prepare a student for graduate work in the geological sciences unless the student selects additional courses in mathematics, chemistry, and physics comparable to those required in the Specialized Geology and Geophysics Curriculum. Students must choose one concentration: Geology, Earth and Environmental Sciences, or Earth Science Teaching. The Earth Science Teaching Concentration is designed for students preparing to teach earth science at the secondary school level.

The **Specialized Curriculum in Geology and Geophysics** is designed for students who plan to pursue graduate study in geology or geophysics or who wish to work professionally in the environmental field upon obtaining the bachelor's degree. It consists of geology, geophysics, and environmental geology concentrations, and offers more training in geology and related science than is required of students who make geology their major in the Sciences and Letters Curriculum. Students must choose one concentration: Geology, Geophysics, or Environmental Geology.

The Department of Geology also sponsors the Minor in Geology.

---

**For the Degree of Bachelor of Science in Liberal Arts and Sciences**

**Major in Sciences and Letters Curriculum**

E-mail: geology@illinois.edu

Minimum required major and supporting course work normally equates to 47-52 hours including at least 29 hours in Geology and 18 hours of supporting course work selected in consultation with an adviser.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: Students who maintain grade point averages of at least 3.5 in all geology courses and 3.0 in all other science and mathematics courses and who complete an acceptable senior thesis, including at least four hours of credit in GEOL 492 or GEOL 493, are recommended for graduation with distinction.

Select one concentration in consultation with an adviser.

- Earth and Environmental Science Concentration (p. 420)
- Earth Science Teaching Concentration (p. 419)
- Geology Concentration (p. 421)
For the Degree of Bachelor of Science in Geology

Major in Specialized Curriculum in Geology and Geophysics

Graduation requires a grade point average of at least 2.0 overall and a 2.0 average in all required science and technical courses (geology, physics, mathematics, chemistry, and technical requirements listed below). The Department of Geology will supply upon request a Guide for Geology Undergraduates giving more information about the curriculum.

E-mail: geology@illinois.edu

Web address for department: www.geology.illinois.edu (http://www.geology.illinois.edu)

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 126 hours

Departmental distinction: Students who maintain a grade point average of at least 3.5 in all geology courses and 3.0 in all other science and mathematics courses and who complete an acceptable senior thesis, including at least 4 hours credit in GEOL 492 or GEOL 493, are recommended for graduation with distinction.

Select one concentration in consultation with an adviser.

- Geology Concentration (p. 421)
- Geophysics Concentration (p. 422)
- Environmental Geology Concentration (p. 420)

Minor in Geology

The geology minor is designed for students who desire a significant background in Geology to support study and practice of their major field. Selection of courses at the 300- or 400-level will depend on the major and interests of the student.

E-mail: geology@illinois.edu

Web address for department: www.geology.illinois.edu (http://www.geology.illinois.edu)

GEOL 107  Physical Geology  4
GEOL 208  History of the Earth System  4
Select at least 10 hours of advanced geology courses from the following:

- GEOL 333  Earth Materials and the Env  1
- GEOL 380  Environmental Geology  4

400-level courses taught by the Department of Geology  10-11

Total Hours  18-19

Students who decide to follow the curriculum after first taking GEOL 100 or GEOL 103 should enroll in GEOL 208. GEOL 100 or GEOL 103 will be accepted as a substitute for GEOL 107, but students should be aware that these courses are not intended for science majors.

GEOL Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/GEOL)

Information listed in this catalog is current as of 10/2015

Courses

GEOL 100  Planet Earth  credit: 3 Hours.
Introduces non-science majors to physical aspects (earthquakes, volcanoes, floods, tsunamis, mountains, plate tectonics) and historical aspects (formation of earth and life, dinosaurs, ice age, evolution of climate) in earth science. Presents information on earth resources, natural hazards, and development of natural landscapes. Focuses on humanistic issues; provides context for understanding environmental change. Optional lab demonstrations and field trips with co-registration in GEOL 110. Credit is not given for both GEOL 100 and GEOL 101, GEOL 103 or GEOL 107.
This course satisfies the General Education Criteria for: UIUC: Physical Sciences

GEOL 103  Planet Earth QRII  credit: 3 Hours.
Topics covered are very similar to those of GEOL 101. Emphasizes application of quantitative methods in deriving geological knowledge. A weekly computer laboratory is an essential component of the course. Credit is not given for both GEOL 103 and GEOL 100, GEOL 101 or GEOL 107.
This course satisfies the General Education Criteria for: UIUC: Physical Sciences

GEOL 104  Geology of the National Parks  credit: 3 Hours.
Develops geologic background, concepts, and principles through study of selected national parks and monuments. Examines the geologic framework and history, modern geologic processes, and factors influencing the present day landscape for each park area. Same as ESE 104.
This course satisfies the General Education Criteria for: UIUC: Physical Sciences

GEOL 106  Extinction: Dinosaurs to Dodos  credit: 3 Hours.
Same as ESE 126 and IB 106. See IB 106.
This course satisfies the General Education Criteria for: UIUC: Life Sciences

GEOL 107  Physical Geology  credit: 4 Hours.
Introduces Earth phenomena and processes. Includes minerals and rocks, continental drift, plate tectonics, rock deformation, igneous and sedimentary processes, geologic time, landscape evolution, internal structure and composition of the earth, groundwater, seismology and earthquakes, and formation of natural resources. Emphasizes the chemical and physical aspects of the Earth, and the basis for geological inference. Field trip required. Additional fees may apply. See Class Schedule. Credit is not given for both GEOL 107 and GEOL 100, GEOL 101 or GEOL 103. Prerequisite: Intended for science and science-oriented students.
This course satisfies the General Education Criteria for: UIUC: Physical Sciences

GEOL 110  Exploring Geology in the Field  credit: 1 Hour.
Introduces practical techniques for identification of rocks, minerals, and fossils; interpretation of geologic maps and cross-sections; appreciation of Midwestern geologic history and geologic features and landforms in the field. Additional fees may apply. See Class Schedule.
GEOL 111  Emergence of Life  credit: 3 Hours.
Examines important theoretical and practical questions regarding the origin and evolution of life, as well as the search for life elsewhere in the universe. Uses the pioneering work of Carl Woese, whose "Tree of Life" revolutionized our understanding of the fundamental structure and evolutionary relatedness of all living entities on Earth. Same as ESE 111. Additional fees may apply. See Class Schedule. This course satisfies the General Education Criteria for:
UIUC: Life Sciences

GEOL 117  The Oceans  credit: 3 Hours.
Integrated introduction to oceanography and marine geology and geophysics. Topics include ocean-basin formation and evolution (in the context of plate tectonics), ocean ecology, the hydrologic cycle, water chemistry, currents and waves, the interaction of oceans with climate, coastal hazards, resources, pollution, and the Law of the Sea. Course is oriented toward students not majoring in science. Same as ESE 117. This course satisfies the General Education Criteria for:
UIUC: Physical Sciences

GEOL 118  Natural Disasters  credit: 3 Hours.
Introduces the nature, causes, risks, effects, and prediction of natural disasters including earthquakes, volcanoes, landslides, subsidence, global climate change, severe weather, coastal erosion, floods, mass extinctions, and meteorite impacts; covers scientific principles and case histories of natural disasters as well as human responses (societal impact, mitigation strategies, and public policy). Same as ESE 118 and GLBL 118. This course satisfies the General Education Criteria for:
UIUC: Physical Sciences

GEOL 143  History of Life  credit: 3 Hours.
Evolution of life from its beginning, illustrating changing faunas and floras through time; the invasion of land and of the skies; the effects of a changing atmosphere, changing climates, and continental drift. Emphasis on dinosaur evolution, ecology, and extinction; also other vertebrates, including mammal-like reptiles, mammals, and the emergence of humans, as well as plants and invertebrates. Same as ESE 143. This course satisfies the General Education Criteria for:
UIUC: Life Sciences

GEOL 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
May be repeated.

GEOL 201  History of Geology  credit: 3 Hours.
Traces the development of key ideas in the science, beginning with musings of the ancient Greek and Roman philosophers and early observations of the Earth by European and Arab scholars. Considers advances in mapmaking that span thousands of years and examines the origins of the Geologic Time Scale, including determination of the ages of rocks. Looks at early geologists from around the world, in the US, in Illinois, and at the U of I. Reads some classic papers establishing the grand unifying theory of geology: plate tectonics. Prerequisite: A 100-level geology course (excluding GEOL 110 and GEOL 143). Intended for both non-science students and geology majors. This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect

GEOL 208  History of the Earth System  credit: 4 Hours.
Presents systematic analysis of formation and evolution of the Earth and its dynamic systems (lithosphere, hydrosphere, atmosphere, and biosphere). Also introduces methods of reconstructing Earth's history through use of geochronology, paleontology, and the stratigraphic records. Introduces the geological history of life evolution, mountain belts and continents, geochemical systems, climate, sea level, and the Earth's interior. Field trip required. Same as ESE 208. Additional fees may apply. See Class Schedule. Prerequisite: One of GEOL 100, GEOL 101, GEOL 103, GEOL 104 or GEOL 107; or consent of instructor. This course satisfies the General Education Criteria for:
UIUC: Physical Sciences

GEOL 333  Earth Materials and the Env  credit: 4 Hours.
Studies the origin, identification, and environmental significance of earth materials (minerals, rocks, and soil). Environmental topics include: mineral resources; acid mine drainage; volcanic hazards; swelling soils; engineering strength, porosity/permeability, and architectural uses of earth materials; and asbestos. One day field trip is required. Same as ESE 333. Additional fees may apply. See Class Schedule. Credit is not given for both GEOL 333 and GEOL 432. Prerequisite: CHEM 102 and CHEM 103; GEOL 100 and GEOL 110, or one of GEOL 101, GEOL 103, GEOL 104 or GEOL 107; or consent of instructor.

GEOL 370  Water Planet, Water Crisis  credit: 3 Hours.
Same as ESE 320 and GEOG 370. See ESE 320.

GEOL 380  Environmental Geology  credit: 4 Hours.
Increases student understanding of environmental issues of water supply and pollution, waste disposal, energy, environmental health, global change, and land evaluation and use by emphasizing the role of geology and its relationships to human activities. Course requires a one-day field trip. Same as ENVS 380. Additional fees may apply. See Class Schedule. Credit is not given for both GEOL 380 and ESE 445. Prerequisite: CHEM 102 and CHEM 103; and GEOL 100 and GEOL 110, or one of GEOL 101, GEOL 103, GEOL 104 or GEOL 107; or consent of instructor.

GEOL 390  Individual Study  credit: 1 to 4 Hours.
Research and individual study in geology. May be repeated. A maximum of 8 hours of GEOL 390 plus GEOL 391 may be counted toward graduation. Prerequisite: GEOL 208 or equivalent; consent of supervising faculty member; advance approval by Department of Geology.

GEOL 391  Individual Honors Study  credit: 1 to 4 Hours.
Research and individual study in geology for honors credit. May be repeated. A maximum of 8 hours of GEOL 390 plus GEOL 391 may be counted toward graduation. Prerequisite: GEOL 208 or equivalent; consent of supervising faculty member and of departmental honors advisor; advance approval by Department of Geology.

GEOL 401  Geomorphology  credit: 4 Hours.
History, origin, and characteristics of land forms produced by weathering, fluvial, glacial, wind, and wave processes or by a combination of these acting upon the major kinds of geologic materials and structures. Lectures, laboratory, and field trips. Same as ESE 411. Additional fees may apply. See Class Schedule. 4 undergraduate hours. 4 graduate hours. Prerequisite: GEOL 208 or consent of instructor.

GEOL 406  Fluvial Geomorphology  credit: 4 Hours.
Same as GEOG 406 and NRES 406. See GEOG 406.
GEOL 411  Structural Geol and Tectonics  credit: 4 Hours.
Introduction to principles of rock deformation, stress, and strain; description and interpretation of geologic structures; study of methods for structural analysis; outline of geotectonic processes; three hours of lecture and a three-hour lab per week. Required four-day field trip. Additional fees may apply. See Class Schedule. 4 undergraduate hours. 4 graduate hours. Prerequisite: GEOL 107 or consent of instructor.

GEOL 415  Field Geology  credit: 2 to 8 Hours.
Group field study in a prominent geologic locality; includes in-class meetings, student-led presentation, and field trip; trips run during spring break, winter break, in mid-end May or intercession; dates depend on location. Additional fees may apply. See Class Schedule. 2 to 8 undergraduate hours. 2 to 8 graduate hours. May be repeated. Prerequisite: Consent of instructor.

GEOL 417  Geol Field Methods, Western US  credit: 6 Hours.
Field course based in the mountains of the western United States. Provides intensive practical experience in geologic mapping, as well as instruction in field structural, stratigraphic, geomorphic, and petrologic analysis. Offered during summer session only. Additional fees may apply. See Class Schedule. 6 undergraduate hours. 6 graduate hours. Prerequisite: Eight hours of 400-level credit in geology, or consent of instructor; GEOL 411, GEOL 432, and GEOL 440 are recommended.

GEOL 432  Mineralogy and Mineral Optics  credit: 4 Hours.
Introduction to: crystallography; crystal optics; structure, composition, properties, stability and geological occurrences of minerals; and mineral identification. Additional fees may apply. See Class Schedule. 4 undergraduate hours. 4 graduate hours. Credit is not given for both GEOL 333 and GEOL 432. Prerequisite: GEOL 208 and CHEM 104 and CHEM 105.

GEOL 436  Petrology and Petrography  credit: 4 Hours.
Study of the minerals, compositions, textures, structures, classifications, and origins of igneous and metamorphic rocks; lectures emphasize rock forming processes (petrology), and laboratories emphasize use of the petrographic microscope (petrography). Additional fees may apply. See Class Schedule. 4 undergraduate hours. 4 graduate hours. Prerequisite: GEOL 432.

GEOL 440  Sedimentology and Stratigraphy  credit: 4 Hours.
Introduces dynamics of sedimentation, geology of sedimentary basins, the distribution of geologic processes through time, definition and correlation of stratigraphic units, principles of paleogeography, stratigraphy and tectonics. Additional fees may apply. See Class Schedule. 4 undergraduate hours. 4 graduate hours. Prerequisite: GEOL 208 or consent of instructor.

GEOL 450  Probing the Earth's Interior  credit: 3 Hours.
Overview of how seismology, magnetics, gravity, geodesy, and surface geology can help us understand the Earth from its surface to its core as well as its temporal evolution. Topics include the internal composition and dynamics of Earth, generation of Earth's gravitational and geomagnetic fields, driving mechanisms for tectonic plate motion, continental deformation, and surface topography. Students wanting a more quantitative treatment of geophysics should enroll in GEOL 452. 3 undergraduate hours. 3 graduate hours. Credit is not given for both GEOL 450 and GEOL 452. Prerequisite: PHYS 102 or 212, GEOL 107 or 101, or consent of instructor.

GEOL 451  Env and Exploration Geophysics  credit: 4 Hours.
Discusses geophysical methods to reveal subsurface structures. Topics include seismic methods, gravity, magnetics, electrical methods, ground penetrating radar, borehole geophysics, and their applications to hydrocarbon and mineral exploration as well as engineering and environmental investigations. 4 undergraduate hours. 4 graduate hours. Several required local trips for field experiments. Prerequisite: MATH 241 and PHYS 212, or consent of instructor.

GEOL 452  Introduction to Geophysics  credit: 4 Hours.
Provides a broad overview of basic concepts and fundamental knowledge of the physics of the Earth. Topics include seismology, gravity, geomagnetism, Earth's thermal state, and geodynamics. Intended for undergraduates in the geophysics concentration and other students who want a more quantitative treatment of the subject than GEOL 450. 4 undergraduate hours. 4 graduate hours. Credit is not given for both GEOL 452 and GEOL 450. Prerequisite: MATH 241 and PHYS 211, or consent of instructor.

GEOL 454  Introduction to Seismology  credit: 3 or 4 Hours.
Introducing the basic theory of seismic wave generation and propagation and its application to Earth structure and earthquakes, including body waves, surface waves, inference of Earth structure, seismic prospecting, earthquake mechanisms, and strong ground motions. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Students participating in optional class projects receive an additional hour of credit. Prerequisite: MATH 285 or consent of instructor.

GEOL 460  Geochemistry  credit: 3 Hours.
Fundamental chemical and physical concepts applied to geological processes; topics include: origin, distribution, and geochemical behavior of elements; chemical evolution of the Earth; geochemistry of natural waters and sedimentary rocks; isotope geochemistry, crystal chemistry, trace element geochemistry and organic geochemistry. 3 undergraduate hours. 3 graduate hours. Prerequisite: GEOL 101 or GEOL 107; CHEM 104; CHEM 105; MATH 220 or MATH 221; or consent of instructor.

GEOL 470  Introduction to Hydrogeology  credit: 4 Hours.
Introduction to environmental and economic aspects of the occurrence and movement of groundwater through the earth's crust; topics include the hydrologic cycle, groundwater contamination, petroleum migration, formation of mineral resources, and groundwater chemistry. Same as ESE 470. 4 undergraduate hours. 4 graduate hours. Prerequisite: MATH 220 or MATH 221; senior standing is recommended; or consent of instructor.

GEOL 481  Earth Systems Modeling  credit: 4 Hours.
Same as ATMS 421, ESE 421, GEOG 421 and NRES 422. See ATMS 421.

GEOL 483  Challenges of Sustainability  credit: 3 Hours.
Same as ESE 482 and GEOG 482. See ESE 482.

GEOL 488  Environmental Stable Isotopes  credit: 3 Hours.
Same as ATMS 422, NRES 478, and IB 488. See IB 488.

GEOL 490  Undergraduate Research  credit: 1 to 3 Hours.
Students will conduct research under the direct supervision of a geology faculty member. Research topics will vary, and either a summary paper or a poster presentation at a regional or national science conference is required. 1 to 3 undergraduate hours. No graduate credit. Approved for Letter and S/U grading. May be repeated up to six hours. A maximum of 6 credit hours of GEOL 490 and GEOL 491 may be counted toward graduation. Prerequisite: GEOL 208 or equivalent; Consent of supervising faculty member; advance approval by Department of Geology. Intended primarily for sophomores and juniors; not available to freshman students.
GEOL 491 Honors Undergraduate Research credit: 1 to 3 Hours. Students will conduct research for honors credit under the direct supervision of a geology faculty member. Research topics will vary, and either a summary paper or a poster presentation at a regional or national science conference is required. 1 to 3 undergraduate hours. No graduate credit. May be repeated up to 6 hours. A maximum of 6 credit hours of GEOL 490 and GEOL 491 may be counted toward graduation. Prerequisite: GEOL 208 or equivalent; Consent of supervising faculty member and of departmental honors advisor; advance approval by Dept. of Geology. Intended primarily for sophomores and juniors who are James Scholars or Chancellor’s Scholars; not available to freshman students.

GEOL 492 Senior Thesis credit: 2 to 8 Hours. Research in geology, with thesis; a thesis must be submitted for credit to be received. 2 to 8 undergraduate hours. No graduate credit. May be repeated. A maximum of 10 hours of GEOL 492 plus GEOL 493 may be counted toward graduation. Prerequisite: Consent of supervising faculty member.

GEOL 493 Honors Senior Thesis credit: 2 to 8 Hours. Research in geology with honors thesis; a thesis must be submitted for credit to be received. 2 to 8 undergraduate hours. No graduate credit. May be repeated. A maximum of 10 hours of GEOL 492 plus GEOL 493 may be counted toward graduation. Prerequisite: Consent of supervising faculty member and of departmental honors advisor.

GEOL 497 Special Topics in Geology credit: 1 to 4 Hours. Seminar or lectures in subjects not covered by regular course offerings; for advanced undergraduates and graduate students. Additional fees may apply. See Class Schedule. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated if topics vary. Prerequisite: Consent of instructor.

Earth Science Teaching Concentration within the Sciences and Letters Curriculum

Completion of this concentration fulfills state certification requirements to teach both earth science and general science. In order to remain in good standing in this program and be recommended for certification, candidates are required to maintain UIUC, cumulative, content area, and professional education, grade-point averages of 2.5 (A= 4.0). Candidates should consult their advisor or the Council on Teacher Education for the list of courses used to compute these grade-point averages.

E-mail: geology@illinois.edu
Web address for department: www.geology.illinois.edu (http://www.geology.illinois.edu)
Degree title: Bachelor of Science in Liberal Arts and Sciences
Minimum required course work normally equates to 56-60 hours
General education: Students must complete the Campus General Education requirements. In addition, students must take one of the following speech performance courses: CMN 101, CMN 113, CMN 321, or CMN 323.
Minimum hours required for graduation: 120 hours
Departmental distinction: The student must have a grade-point average of at least 3.5 in all geology courses as well as all courses in the Teacher Education Minor and a GPA of at least 3.0 in all other science and mathematics courses and must present evidence of exemplary teaching.

Prerequisites to transfer to the Teaching Concentration (must be completed or be in progress):

In addition, the student is required to pass the State Basic Skills Test before application to the teaching minor.

Requirements

In addition to the requirements for the concentration listed below, students must complete the Teacher Education Minor in Secondary School Teaching (p. 135) (37 - 38 hours). See the College of Education section for requirements of the minor - www.ed.uiuc.edu/CTE. (http://www.ed.uiuc.edu/CTE) Conferral of the degree of Bachelor of Science in Liberal Arts and Sciences prior to completion of the minor requires approval by petition to the LAS Student Affairs Office. Ordinarily, all students will require 10 semesters to complete this program.

Information listed in this catalog is current as of 10/2015
and Literatures and an MA in German. In order to be admitted to this program, student can apply during their second or third year of studies. Requirements for this program are identical to those for the BALAS and the MA in the Department of Germanic Languages and Literatures.

In order to be admitted to the 5-year BALAS/MA during their second year, students will need to be in good standing, have finished GER 211 and GER 331, have a general GPA of 3.0 and a German GPA of 3.0, and be required to write a short essay in German.

In order to apply for the 5-year BALAS/MA during their third year, students will have to have finished GER 401 and GER 420, have a general GPA of 3.0 and a German GPA of 3.0, and be required to write a short essay in German.

The department will continue to monitor the GPAs of students admitted to the BALAS/MA program into their third and fourth years and before formal admission to the Graduate College. The decision about students' admission to the 5-year program will be made by the graduate admissions committee in conjunction with undergraduate and graduate advisors of the department. The Department will consider students in the fifth year of this program for departmental support as Teaching Assistants and Research Assistants, or for fellowships and scholarships.

The minimum total number of hours required for graduation from the BALAS/MA program is 152. Up to 12 hours not required for the BALAS (120 hours) taken during the fourth year can be used to meet the requirements for the MA (32 hours). Students admitted to the program will receive both degrees once all requirements for the 5-year BALAS/MA degree program have been successfully completed. More detailed information may be obtained from the departmental office.

For the Degree of Bachelor of Arts in the Teaching of German

Curriculum Preparatory to the Teaching of German (p. 427)

- Minor in German (p. 428)
- Minor in Scandinavian Studies (p. 428)

GER Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/GER)

German Courses

**GER 101** Beginning German I  credit: 4 Hours.
Oral practice, reading, and grammar for beginners.

**GER 102** Beginning German II  credit: 4 Hours.
Continuation of GER 101. Prerequisite: One semester of college German or equivalent.

**GER 103** Intermediate German I  credit: 4 Hours.
Continuation of GER 102. Prerequisite: Two semesters of college German or equivalent.

**GER 104** Intermediate German II  credit: 4 Hours.
Continuation of GER 103. Prerequisite: Three semesters of college German or equivalent.

**GER 189** Living German - German Living  credit: 1 Hour.
Practice in speaking German for students living in the German House. Approved for letter and S/U grading. May be repeated to a maximum of 3 hours. Prerequisite: Elementary speaking knowledge of German.

**GER 191** Freshman Honors Tutorial  credit: 1 to 3 Hours.
Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars and Associates. May be repeated once. Prerequisite: Consent of departmental honors advisor.

**GER 199** Undergraduate Open Seminar  credit: 1 TO 5 Hours.
Credit: 1 to 5 hours. May be repeated.

**GER 200** German Literature in Trans  credit: 3 Hours.
Introduction to German literature for students with no knowledge of German. Same as CWL 224. May be repeated if topics vary.

**GER 201** German Popular Culture  credit: 3 Hours.
Introduction to the study of modern and contemporary german culture through examining examples of popular culture from the late-eighteenth century to the present. Looks at texts and films as a mirror and critique of modern German society. Topics to be discussed: nationalism, gender, ethnicity, minority cultures, Jewish life in Germany, German images of other cultures, etc. Course taught in English.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

**GER 205** Germany and Europe  credit: 3 Hours.
Introduction into major issues in contemporary German society with a special focus on Germany's functioning within Europe and the European Union through novels, films, essays, interviews etc. Course taught in English.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

**GER 211** Conversation and Writing I  credit: 3 Hours.
Prerequisite: GER 104 or equivalent, or consent of instructor.

**GER 212** Conversation and Writing II  credit: 3 Hours.
Continuation of GER 211. Prerequisite: GER 211 or equivalent, or consent of instructor.

**GER 250** Grimms' Fairy Tales - ACP  credit: 3 Hours.
Special attention is paid to the Grimms' tales in terms of traditional narrative genres, elements of life in early modern Europe, and versions from Italy and France as well as Germany. Course is conducted in English. Same as CWL 250 and ENGL 266. Credit is not given for both GER 250 and GER 251. Prerequisite: Completion of the Campus Composition I requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

**GER 251** Grimm's Fairy Tales in Context  credit: 3 Hours.
Special attention is paid to the Grimms' tales in terms of traditional narrative genres, elements of life in early modern Europe, and versions from Italy and France as well as Germany. Course is conducted in English. Same as CWL 254 and ENGL 266. Credit is not given for both GER 251 and GER 250.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult
GER 260 The Holocaust in Context - ACP credit: 3 Hours.
Jewish contributions to German Literature from 1200 to the present
day. Includes trips to the University Library's Rare Book Room. Same
as CWL 271 and ENGL 269. Credit is not given for both GER 260 and
GER 261. Prerequisite: Completion of the Campus Composition I general
education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

GER 261 The Holocaust in Context credit: 3 Hours.
Examines cultural representations of the Holocaust in literature, film,
and critical essays. Same as CWL 273 and ENGL 269. Credit is not given for
both GER 261 and GER 260. This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

GER 270 Sexuality and Literature credit: 3 Hours.
Examination of the historical contexts in which sexuality has been
deemed during the past three centuries, and to what extent sexuality is
perceived differently in diverse cultures. Part one will look at the Western
tradition, especially Germany. Part two will shift focus to the non-Western
world, especially to the colonial history of Indonesia. Same as CWL 272
and GWS 270. This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

GER 299 Study Abroad credit: 0 to 18 Hours.
Lectures, seminars, and practical work in German language, literature,
civilization, and in other academic areas appropriate to the student's
course of study. Approved for letter and S/U grading. May be repeated in
the same term to a maximum of 18 hours; may be repeated in separate
terms to a maximum of 36 hours. Prerequisite: GER 104 or equivalent;
2.75 overall average; 3.0 average in German courses.

GER 320 German for Business credit: 3 Hours.
Introduces German business language as used in basic operations in
retail/wholesale, export/import, banking transactions. Prerequisite:
GER 211 or consent of instructor.

GER 321 German for Economics credit: 3 Hours.
German language as used in professional contexts involving economic
matters: texts and documents relating to forms of enterprises and
their financing, to macroeconomic structures of domestic and foreign
trade, and to reports on the economies of German-speaking countries.
Prerequisite: GER 320 or consent of instructor.

GER 331 Intro to German Literature credit: 3 Hours.
Introductory study of representative works (prose, drama, lyric) by
outstanding German, Austrian, and Swiss writers of the modern period.
Prerequisite: Two years of college German or equivalent.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

GER 332 German Literature and Culture credit: 3 Hours.
In German. Seminar in the literature and culture of German-speaking
countries since 1750. Topic varies. Format: lecture; discussion; film
screenings. Prerequisite: GER 331 or equivalent.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

GER 385 Politics of the European Union credit: 3 Hours.
Same as EURO 385, FR 385, and PS 385. See PS 385.

GER 396 Special Topics German Studies credit: 3 Hours.
Introductory study in such topics as individual authors, selected literary
movements or periods, modes of inquiry in literary study, minor genres,
subgenres, extraliterary influences, etc. Same as CWL 328. May be
repeated to a maximum of 6 hours if topics vary. Prerequisite: Reading
fluency in German beyond the fourth-semester college level.

GER 401 Global Issues in German credit: 3 Hours.
Introduction to global issues in German media. Taught in German.
3 undergraduate hours. 3 graduate hours. Prerequisite: GER 212 or
equivalent.

GER 403 Translation, Theory & Practice credit: 3 Hours.
Theory and practice of translating technical, commercial, scientific,
and literary texts from German into English and vice versa. Same as
TRST 403. 3 undergraduate hours. 3 graduate hours. Prerequisite:
GER 401 or consent of instructor.

GER 405 History of Translation credit: 3 or 4 Hours.
Same as CLCV 430, CWL 430, ENGL 486, SLAV 430, SPAN 436, and
TRST 431. See SLAV 430.

GER 418 Language&Minorities in Europe credit: 3 or 4 Hours.
Same as FR 418, ITAL 418, LING 418, PS 418, SLAV 418, and SPAN 418.
See FR 418.

GER 420 German Cultural History credit: 4 Hours.
A general introduction to German culture from the pre-Christian period
to the twenty-first century, focusing on the tension between forces of
history and modernization in German culture. Course materials include
literary and philosophical texts, film, painting, and music. Particular
attention will be paid to the role of art in society. 4 undergraduate
hours. 4 graduate hours. Prerequisite: One 200-level German course and
GER 331; or consent of instructor.

GER 460 Principles of Language Testing credit: 3 or 4 Hours.
Survey of the linguistic structures of German in historical, geographic,
and social context. 3 undergraduate hours. 3 graduate hours.
Prerequisite: Three years of college German or equivalent.

GER 465 Ling Structures of German credit: 3 Hours.
Survey of the linguistic structures of German in historical, geographic,
and social context. 3 undergraduate hours. 3 graduate hours.
Prerequisite: Three years of college German or equivalent.

GER 469 Intro Second Lang Learn Tchg credit: 4 Hours.
Same as CHIN 471, FR 471, HUM 471, JAPN 471, LAT 471, RUSS 471, and
SPAN 471. See SPAN 471.

GER 470 Middle Ages to Baroque credit: 3 Hours.
Literary, thematic, cultural, and bibliographical analysis of the major
authors, works, genres, and movements in German literature from
750-1720. Same as MDVL 470. 3 undergraduate hours. 3 graduate hours.
Prerequisite: GER 332 or equivalent.

GER 471 Enlightenment to Romanticism credit: 3 Hours.
Literary, thematic, cultural, and bibliographical analysis of the major
authors, works, genres, and movements in German literature from 1720 to
1830. 3 undergraduate hours. 3 graduate hours. Prerequisite: GER 332 or

GER 472 Realism to Expressionism credit: 3 Hours.
Literary, thematic, cultural, and bibliographical analysis of the major
authors, works, genres, and movements in German literature from 1830 to
1920. 3 undergraduate hours. 3 graduate hours. Prerequisite: GER 332 or equivalent.
GER 473 1920s to Today  credit: 3 Hours.
Literary, thematic, cultural, and bibliographical analysis of the major authors, works, genres, and movements in German literature from 1920 to the present. 3 undergraduate hours. 3 graduate hours. Prerequisite: GER 332 or equivalent.

GER 475 Intro to Comm Lang Tchg  credit: 4 Hours.
Same as CHN 475, FR 475, JAP 475, LAT 475, RUS 475, and SPAN 475. See SPAN 475.

GER 478 Topics Secondary Lang Tchg  credit: 4 Hours.
Same as CHN 478, FR 478, JAP 478, LAT 478, RUS 478, and SPAN 478. See SPAN 478.

GER 489 Theoretical Foundations of SLA  credit: 3 or 4 Hours.
Same as FR 481, ITAL 489, LING 489, PORT 489, and SPAN 489. See LING 489.

GER 491 Honors Senior Thesis  credit: 1 to 4 Hours.
Intended primarily for candidates for honors in German, but open to other seniors. 1 to 4 undergraduate hours. No graduate credit. May be repeated to a maximum of 4 hours. Prerequisite: Senior standing; consent of instructor.

GER 493 German Cinema I  credit: 3 Hours.
Focus on the rise of German film from its earliest beginnings until 1945. Same as MACS 493. 3 undergraduate hours. 3 graduate hours.

GER 494 German Cinema II  credit: 3 Hours.
Study of German film from 1945 until the present. Same as MACS 494. 3 undergraduate hours. 3 graduate hours.

GER 496 Special Topics German Studies  credit: 3 Hours.
Intensive study of restricted topics in German language, literature, and culture. 3 undergraduate hours. 3 graduate hours. May be repeated as topics vary to a maximum of 9 undergraduate hours or 8 graduate hours. Prerequisite: Three years of college German or equivalent.

SCAN 104 Intermediate Scandinavian II  credit: 4 Hours.
Fourth course in the Scandinavian language sequence (usually Swedish). Emphasis is on close reading, translation and analysis of authentic texts, such as novels and drama in the target language. Instruction is by immersion. Prerequisite: SCAN 103 or consent of instructor.

SCAN 215 Madness, Myth, and Murder  credit: 3 Hours.
Focuses on the achievements of major Scandinavian writers of prose fiction, from 1850 to today. Explores topics of madness, myth, and murder in literature. All reading, discussion, and writing in English. Same as CWL 215.

SCAN 225 Vikings to Volvos: Scandinavia  credit: 3 Hours.
An introduction to the history, literature, and culture of Scandinavia and the Nordic region, from the Viking age until the modern era (700s-present). Includes discussion of Denmark, Norway, Sweden, Finland, Iceland, Faroe Islands, Svalbard, and Greenland. All readings in English. Same as HIST 254.

SCANDINAVIAN COURSES

SCAN 101 Beginning Scandinavian I  credit: 4 Hours.
First course in the Scandinavian language sequence (usually Swedish). Instruction is by immersion, emphasis is on basic skills: reading, writing, speaking, and aural comprehension.

SCAN 102 Beginning Scandinavian II  credit: 4 Hours.
Second course in the Scandinavian language sequence (usually Swedish). Instruction is by immersion, emphasis is on further developing basic skills: reading, writing, speaking, and aural comprehension. Prerequisite: SCAN 101 or consent of instructor.

SCAN 103 Intermediate Scandinavian I  credit: 4 Hours.
Third course in the Scandinavian language sequence (usually Swedish). Emphasis is on conversational skills, discussion techniques and aural comprehension through the study of authentic texts, television and films, with emphasis on learning about contemporary issues in Sweden, including its relationship to the European Union. Instruction is by immersion. Prerequisite: SCAN 102 or consent of instructor.
SCAN 305  Introduction to Old Norse I  credit: 3 Hours.
Provides a solid proficiency in reading texts in Old Norse, the language of the Viking sagas and mythology. Meets concurrently with SCAN 505. Prerequisite: Any SCAN course or knowledge of one or other foreign language.

SCAN 306  Introduction to Old Norse II  credit: 3 Hours.
Assumes general competence in reading Old Norse. Readings and exploration of a wide assortment of essential text in the original language. Meets concurrently with SCAN 506. Prerequisite: SCAN 305 or consent of instructor.

SCAN 376  Children and Youth Literature  credit: 3 Hours.
Explores the understanding of childhood and youth in Scandinavia, with comparative focus on the US and the UK through children's literature and classic accounts of childhood in fiction, film, and related media. Will investigate how childhood is construed in books self-described as children's literature as well as in adult-audience fiction and memoirs; and how representations of childhood correlate with evolving ideas about family formation, child-rearing, the welfare state, and education in twentieth- and twenty-first century Scandinavia. This is put in comparative context with British and/or US children's literature. Same as CWL 376, EURO 376, and GWS 376. Credit is not given for both SCAN 376 and SCAN 576.

SCAN 386  Arctic Environment & Society  credit: 6 Hours.
Same as ESE 386 and GLBL 386. See GLBL 386.

SCAN 463  Modern Scandinavian Drama  credit: 3 or 4 Hours.
Thematic and conceptual study of the Scandinavian dramatic tradition, from the late-nineteenth century classics of Henrik Ibsen and August Strindberg, to mid-century intermediality in works by Ingmar Bergman, and to hyperrealism, postmodernism, and digital performativity by contemporary playwrights. Interpretive contexts include text-image studies, performativity, socio-cultural aspects of the Nordic region, theatre and production history, and gender and sexuality studies. Same as CWL 463 and THEA 483. 3 undergraduate hours. 4 graduate hours. Prerequisite: One college-level literature or theatre course, or consent of instructor.

SCAN 470  Imagining the Welfare State  credit: 3 or 4 Hours.
Investigate conceptions of the Nordic and West-European welfare state from the early twentieth-century to today from critical interpretive, historical, and cultural studies perspectives. Building on close analysis of influential works in literature, film, arts, and architecture from primarily Denmark, Sweden, and Norway, the course will address historical factors and characteristics of the socio-cultural imaginary surrounding the rise and, some argue, subsequent dismantling of the Nordic welfare state. Same as CWL 470 and EURO 470. 3 undergraduate hours. 4 graduate hours. Prerequisite: At least one course in literature, film, or the arts; or consent of the instructor.

SCAN 472  Kierkegaard and the Self  credit: 3 or 4 Hours.
Soren Kierkegaard is an early author who wrestled with the concept of the individual self and championed subjective experience as a counterbalance to objective rationalism. Students in this seminar-style course will gain extensive familiarity with Kierkegaard's major works, as well as how they relate to two currents in 19th century society, existentialism and pietism. These works will be evaluated within their particular Nordic literary context, through critical analysis of related novels, plays and films by Andersen, Ibsen, Bremer, Strindberg, Lagerlof, Blixen, and Bergman (readings in English translation). Same as CWL 472 and PHIL 472. 3 undergraduate hours. 4 graduate hours.

SCAN 490  Green Screen: Film and Nature  credit: 3 or 4 Hours.
Provides a thorough examination of documentary and feature film in relation to the natural environment, sustainability studies, ecocriticism, and landscape representation especially in the Scandinavian film tradition. Incorporates theory, film culture and production analysis, and thematic interpretation. Films by Victor Sjostrom, Ingmar Bergman, Mai Zetterling, Lars von Trier, Susanne Bier, Jan Troell, and others. Same as EURO 489 and MACS 490. 3 undergraduate hours. 4 graduate hours.

SCAN 492  New Scandinavian Cinema  credit: 3 Hours.
Represents the breadth and critical importance of contemporary Scandinavian film culture and cinema practices. Significant themes, movements, and production features will be addressed, including transnational and minority filmmaking and the international export of Scandinavian film. Also provides an introduction to contemporary Scandinavian culture. All materials in English. Same as MACS 492. 3 undergraduate hours. 3 graduate hours.

SCAN 493  Honors Senior Thesis  credit: 2 to 4 Hours.
2 to 4 undergraduate hours. No graduate credit. May be repeated to a maximum of 4 hours. Prerequisite: Senior standing; consent of instructor.

SCAN 494  Topics in Scan Languages  credit: 1 to 4 Hours.
Advanced Scandinavian languages instruction. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in separate terms to a maximum of 9 undergraduate or 9 graduate hours if topics vary. Prerequisite: SCAN 104 or equivalent as approved by instructor.

SCAN 496  Special Topics in Scan Studies  credit: 1 to 4 Hours.
Individual study in selected topics, such as individual authors, literary movements, periods, genres, or themes, and Scandinavian culture. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated. Prerequisite: Consent of instructor.

YDSH Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/YDSH)

Yiddish Courses

YDSH 101  Beginning Yiddish I  credit: 4 Hours.
Course develops basic conversational and reading skills as well as the essentials of Yiddish grammar.

YDSH 102  Beginning Yiddish II  credit: 4 Hours.
Continuation of YDSH 101 focusing on comprehension and reading skills. Prerequisite: YDSH 101.

YDSH 103  Intermediate Yiddish I  credit: 4 Hours.
Continuation of YDSH 102. Develops more advanced conversational, comprehension, reading and writing skills as well as introducing more advanced features of Yiddish grammar. Prerequisite: YDSH 102 or equivalent placement score.

YDSH 104  Intermediate Yiddish II  credit: 4 Hours.
Continuation of YDSH 103. Prerequisite: YDSH 103 or equivalent placement score.
YDSH 220  Jewish Storytelling  credit: 3 Hours.
Course will introduce the great Jewish storytellers such as Nachman of Bratslav, Scholem-Aleichem, and I.B. Singer through readings of Yiddish tales, short stories, poetry, drama and excerpts from novels and autobiographies from the 19th and 20th centuries. In addition, Yiddish films and folklore will be used to exemplify the variety of Jewish cultural expression in Eastern Europe, Russia, and America. Course will also present a sample of critical approaches to Yiddish literature. Taught in English translation. Same as CWL 221, ENGL 223, and RLST 220.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Civilization

YDSH 320  Lit Responses to the Holocaust  credit: 3 Hours.
Course introduces a variety of Jewish literary responses to the Holocaust written during and after the Second World War (from 1939). The discussion of Holocaust memoirs, diaries, novels, short stories, poems, and other texts will focus on the unique contribution of literary works to our understanding of the Holocaust. In addition, the works and their authors will be situated in their Jewish cultural historical context. Taught in English translation. Same as CWL 320, ENGL 359, and RLST 320.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Civilization

YDSH 420  Jewish Life-Writing  credit: 3 or 4 Hours.
Jewish life-writing from the late 18th century until today. Emphasis on cultural historical context, literary styles, and forms. All texts will be available in English translation. Same as CWL 421, HIST 436, RLST 420, and SLAV 420. 3 undergraduate hours. 4 graduate hours.
The total of 47 hours may be reduced by as much as 16 hours through prerequisite credit for work equivalent to GER 101-GER 104 taken in secondary school.

Professional education courses. (See Foreign Languages: Curricula Preparatory to Teaching Foreign Languages.) (p. 304)
GER 101  Beginning German I  4
GER 102  Beginning German II  4
GER 103  Intermediate German I  4
GER 104  Intermediate German II  4
GER 211  Conversation and Writing I  3
GER 212  Conversation and Writing II  3
GER 331  Intro to German Literature  3
GER 332  German Literature and Culture  3
GER 401  Global Issues in German  3
GER 420  German Cultural History  4
Select one of the following:  3
GER 470  Middle Ages to Baroque
GER 471  Enlightenment to Romanticism
GER 472  Realism to Expressionism
GER 473  1920s to Today
GER 465  Ling Structures of German  3
Two German courses as electives  6
Total Hours  76

NOTE: GER 299 is strongly recommended.

German and Commercial Studies Concentration
Designed to provide students with an understanding of the language and customs of the business world in German-speaking countries, together with study of international affairs and commerce, especially trade with Europe.

Minimum of 31 hours of German courses including:  31
GER 205  Germany and Europe
GER 211  Conversation and Writing I
GER 212  Conversation and Writing II
GER 320  German for Business
GER 321  German for Economics
GER 331  Intro to German Literature
GER 401  Global Issues in German
GER 403  Translation, Theory & Practice
GER 420  German Cultural History
GER 465  Ling Structures of German
Supporting coursework outside German selected in consultation with an adviser.  20

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.
A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

**Language Studies Concentration**

Designed to acquaint students with the structure and development of Germanic languages.

Courses outside of German language and literature selected in consultation with an adviser (e.g., history, political science).

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

Scandinavian Studies Concentration

Designed for students with a broad interest in Scandinavian Studies, including acquiring proficiency in a modern Scandinavian language. Fulfilling the requirements for the Major usually involves one semester of study abroad at a Scandinavian university. 30 credit hours of Scandinavian courses are required for the concentration.

Supporting coursework comprised of study in areas relevant for Scandinavian Studies, chosen in consultation with the Scandinavian Studies faculty advisor. Areas could include: Germanic Languages and Literatures, English, Linguistics, History, Political Science, Comparative and World Literatures, International and Area Studies, European Studies.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

Global Studies

Thomas Bassett
703 S. Wright Street, 3rd Floor, MC-301, Champaign, IL
www.globalstudies.illinois.edu (http://www.globalstudies.illinois.edu)

The Global Studies major develops knowledge sets, skills and values necessary for the analysis and solution of contemporary world problems. The requirements of the major enrich, complement, and coordinate departmental offerings with the goals of:

- providing knowledge of diverse cultures: their social, economic and political interactions and impacts on the world;
- developing skills for successfully negotiating realities of contemporary societies;
- fostering values that respect diverse ways of living and deepen commitment to sustainability.

The Global Studies major is interdisciplinary, drawing upon the resources of faculty and departments across the university. The major has three elements. The Foundations requirement introduces a variety of global issues and skills necessary for their analysis. The Language and Culture requirements allow students to develop area expertise in one world region through on-campus coursework and a semester-long study abroad. The Thematic Area focuses student programs on a topic of global importance to allow for an in-depth and multidisciplinary understanding of relevant historical and emerging issues, how they are analyzed and addressed. Students work with an advisor to customize the major curriculum most appropriate to their individual interests and career plans.

This program of study was developed in response to the growing demand for knowledge and skills to successfully navigate concerns at
international and global levels. The competencies established through this program are critical for students preparing for careers or further study in a variety of fields including international affairs, public policy, business, law, finance, education, and communications.

**For the Degree of Bachelor of Arts in Liberal Arts and Sciences**

**Major in Sciences and Letters Curriculum**

E-mail: globalstudies@illinois.edu

Minimum required major and supporting course work equates to 51-56 hours and includes a semester-long full time study abroad program and a minimum of 12 hours of 300- and 400-level courses.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: The department may award distinction, high distinction, or highest distinction to any Global Studies major whose overall and major grade point averages are 3.25 or higher, who successfully completes 3 hours of GLBL 494 or other approved research methods course and who completes a distinction research project. See the departmental academic advisor for details.

**Foundations Requirements**

GLBL 100  
*Intro to Global Studies*  
3

Global Studies. Four courses must be selected from the approved course list; they must include no more than one course from four of the following six departments: Anthropology, Economics, Geography, History, Political Science, and Sociology.

Global Studies Seminars. Students study current events and contemporary global issues. Select three courses from GLBL 296 or one GLBL 298 course and one GLBL 296 course.

**Language and Culture Requirements**

Language. Select courses from the approved course list in a language other than your primary language(s). These various courses represent the 5th and 6th level of study.

Area Studies. 200- to 400-level courses which complement the language requirement must include work in at least two disciplinary departments. Area Studies and Language must be geographically related and correspond to language and study abroad location.

One Semester (Fall or Spring) Study Abroad. Students study a variety of subjects in an approved study abroad program that furthers their language and cultural knowledge or their cultural knowledge and thematic area knowledge. Students must be enrolled full-time to receive credit toward this requirement.

**Thematic Area Requirements**

Students choose an approved thematic area and, in consultation with a Global Studies advisor, construct an appropriate customized curriculum of a minimum of 18 hours. Students cannot include more than 3 hours of 100-level work and must complete 9 hours of 300- and 400-level coursework. Courses must be taken from more than one department. Approved thematic areas are:

A. Cultures in Contact

B. Wealth and Poverty in a Globalized World
C. Human Rights
D. Governance, Conflict and Resolution
E. Knowledge, Communication and Information Systems
F. Environment, Sustainability, and Social Responsibility
G. Global Health
H. Special Topic: Curriculum must be approved prior to pursuing a special topic.

GLBL 494  
*Research Methods I*  
& GLBL 495  
*Research Methods II* (Senior Capstone. Students do an individual research project based on their Thematic Area.)  
0-4

**Total Hours**  
51-56

A Major Plan of Study Form must be completed and submitted to the Global Studies academic advisor before the end of the fourth semester (60 hours) and prior to the required study abroad. Please see your advisor.

**Minor in Global Studies**

The Global Studies Minor provides a multidisciplinary study of a global theme with the requirement of advanced language training to promote the development of intercultural skills. In consultation with an advisor, students select 21 hours of thematically-related courses from a variety of departments to form a coherent program of study suited to individual interests, educational and/or career aspirations. The Global Studies Minor can complement any major.

E-mail: globalstudies@illinois.edu

Global Studies. Three courses must be selected from the approved course list; they must include no more than one course each from three of the following departments: Anthropology, Economics, Geography, History, Political Science, and Sociology.

Language and Culture: Select courses from the approved course list in a language other than your primary language. These various courses represent the 5th level of study or above.

Thematic Area: Students choose an approved thematic area and, in consultation with a Global Studies advisor, construct an appropriate customized curriculum. Students must choose 200- to 400-level courses and at least 6 hours must be at the 300- or 400-level.

**Total Hours**  
21

A minimum of 6 hours of 300- and 400-level course work must be completed.

GLBL Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/GLBL)
Courses

GLBL 100  Intro to Global Studies  credit: 3 Hours.
Foundation course for understanding a range of contemporary issues and learning to analyze them from multiple disciplinary perspectives. Students consider globalization trends within themes of wealth and poverty, population, cultures, and human rights; environment and sustainability; and governance, conflict, and cooperation. Course objectives are to enhance knowledge of human cultures, their interactions and impacts on the world; develop skills for successfully negotiating realities of contemporary societies; and promote values for global learning, diversity, and sustainable futures.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences
UIUC: Western Compartv Cult

GLBL 110  Geography of Intl Conflicts  credit: 3 Hours.
Same as GEOG 110. See GEOG 110.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

GLBL 118  Natural Disasters  credit: 3 Hours.
Same as ESE 118 and GEOG 118. See GEOL 118.
This course satisfies the General Education Criteria for:
UIUC: Physical Sciences

GLBL 199  Undergraduate Open Seminar  credit: 1 to 6 Hours.
Approved for letter and S/U grading. May be repeated in the same or separate terms to a maximum of 6 hours.

GLBL 200  Foundations of Research  credit: 3 Hours.
Introduction to the foundations of interdisciplinary, social science research. Topic include understanding the purpose for research, identifying researchable issues, finding evaluating and using sources effectively, recognizing methods associated with different types of data and disciplines, and writing a literature review. Prepares students for course-based research papers and advanced research methods courses. Guest faculty present their Global Studies-relevant research as students (b)log their own research interests.

GLBL 201  Energy Systems  credit: 2 or 3 Hours.
Same as NPRE 201. See NPRE 201.

GLBL 215  Resource Conflicts  credit: 3 Hours.
Same as ESE 215 and GEG 215. See GEG 215.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

GLBL 220  Governance  credit: 3 Hours.
Gateway course into the Governance thematic area for Global Studies majors providing an introduction to important themes, problems and approaches to global governance in a series of issue areas, including security, economics, migration, and the environment. Covers the historical development of the international system as well as contemporary controversies. Case studies are used to explore the strength and weaknesses of current governance approaches, and students will conduct independent research into existing structures. Prerequisite: GLBL 100.

GLBL 225  Career Development:Internships  credit: 1 Hour.
Teaches students with global studies academic interests how to identify internships and service-learning learning opportunities relevant to their major. Students prepare application materials, conduct informational interviews, participate in mock job interviews, explore networking strategies, and create a career narrative that represents their academic interests and skills. Prepares students on what to expect from their internships and how to develop and apply leadership skills.

GLBL 226  Intl Competence - Study Abroad  credit: 1 Hour.
Same as ANTH 226. See ANTH 226.

GLBL 227  Unpacking Intl Experience  credit: 1 Hour.
Same as ANTH 227. See ANTH 227.

GLBL 240  Global Health  credit: 3 Hours.
Introduction to issues and problems in global health. As the world becomes more and more interconnected it is important for students to be aware of health issues from a global perspective. We will consider a variety of issues that influence the health of different population and countries. The topics to be discussed include: the environment, nutrition, education, the medical system, culture, and agency involvement in health. Case studies will be used to demonstrate some successes at addressing these issues and problems that were encountered. Prerequisite: GLBL 100 or consent of instructor.

GLBL 250  Development  credit: 3 Hours.
An interdisciplinary introduction to the theory and practice of international development. Topics include: defining development, how ideas have changed over time, and the interventions used in development work and their impacts. Prerequisite: GLBL 100 or consent of instructor.

GLBL 251  Warfare Milit Instrs & Soc  credit: 3 Hours.
Same as HIST 251. See HIST 251.

GLBL 260  Global Human Rights  credit: 3 Hours.
Examines how ideas about human rights are defined and how they are differentially deployed. Looks at human rights claims and crises, and examines how governmental and non-governmental individuals and organizations have sought to deal with human rights violations in order to address problems of justice, retribution, and reconciliation at personal, national, and international levels.

GLBL 283  Intro to Intl Security  credit: 3 Hours.
Same as PS 283. See PS 283.

GLBL 296  Global St Foundation Seminar  credit: 1 Hour.
Examination of current controversies and larger ethical issues in today's global society. Topics could include: immigration, global environmental debates, and population issues. May be repeated in the same or separate terms to a maximum of 3 hours if topics vary. Prerequisite: GLBL 100.

GLBL 298  Global Studies Seminar Abroad  credit: 3 or 6 Hours.
Seminars introduce students to aspects of globalization through a case study of a particular location abroad. On campus, students explore historical and contemporary aspects of the location abroad to prepare for their field visit. Abroad, students engage with local resources and people to better understand how the local site contributes to and is impacted by relevant global processes under focus. Course activities will include a field site visit abroad, discussions, lectures, short essays, student presentation, and final projects. Topics vary according to site location and instructor expertise. For more information, go to: http://www.ias.uiuc.edu/coursesabroad/globalstudies.html. May be repeated in separate terms to a maximum of 6 hours.
GLBL 340 Global Health: Policy & Governance credit: 3 Hours.
Identifies central and emerging global health issues and analyzes them through the lenses of governance, policy and gender. Focuses on structural, policy, and institutional perspectives on global health, with emphasis on how decisions are influenced and made. Prerequisite: GLBL 240.

GLBL 350 Poverty in a Global Context credit: 3 Hours.
Examines global poverty in the context of international development debates an practice. Despite global commitments (for example, the Millennium Development Goals), decades of research, and new and innovative policies, the "solution" to widespread and lasting poverty alleviation remains elusive. Class will define poverty and how it is measured, considered who is poor and why some people are more vulnerable to the negative effects of poverty than others, and examine what causes some countries to remain poor. Prerequisite: GLBL 250 or consent of instructor.

GLBL 356 Comparative Political Economy credit: 3 Hours.
Same as PS 356. See PS 356.

GLBL 357 Ethnic Conflict credit: 3 Hours.
Same as PS 357. See PS 357.
This course satisfies the General Education Criteria for: UIUC: Advanced Composition

GLBL 386 Arctic Environmmt & Society credit: 6 Hours.
Interdisciplinary study of the European Arctic for science and non-science students, providing an historical survey of the relationship between its environment and societies with the goal of understanding current and possible future conditions, in light of climate change. The course takes place in Scandinavia and includes a field site component in the Arctic.

GLBL 392 Int Diplomacy and Negotiation credit: 3 Hours.
Examines the complexities of international diplomacy and negotiations among states and other actors. Focuses on three main subject areas: negotiation analysis, applied negotiation, and the interaction of practical considerations that affect negotiations. Utilizes theoretical, case-based, and active-learning approaches during the semester as topics are explored in detail. Issues and topics include security, public health, economic development, human rights, and the environment. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

GLBL 403 Women in Muslim Societies credit: 3 or 4 Hours.
Same as ANTH 403, GWS 403, HIST 434, RLST 403, and SAME 403. See RLST 403.

GLBL 450 Poverty Interventions and Eval credit: 3 or 4 Hours.
Over the last few decades a wide range of strategies and initiatives have been applied to alleviate poverty in developing countries. The record of these initiatives is mixed. While millions of people may have moved out of poverty, over a billion remain persistently impoverished. We will examine a range of anti-poverty approaches that have been implemented and evaluates their effectiveness. Students will gain a familiarity with the interventions and an understanding of the techniques used to evaluate them. 3 undergraduate hours. 4 graduate hours. Prerequisite: GLBL 250 and 350 or consent of instructor.

GLBL 480 Energy and Security credit: 3 Hours.
Same as NPRE 480 and PS 480. See NPRE 480.

GLBL 481 Writing on Technol & Security credit: 3 Hours.
Same as NPRE 481. See NPRE 481.
This course satisfies the General Education Criteria for: UIUC: Advanced Composition

GLBL 483 Seminar on Security credit: 1 Hour.
Same as NPRE 483. See NPRE 483.

GLBL 492 UG Research Assistance credit: 0 to 3 Hours.
Assist Global Studies and program-affiliated faculty in ongoing research. Topics and nature of assistance vary. Capstone paper required. 0 to 3 undergraduate hours. No graduate credit. May be repeated in separate terms up to 6 hours. No more than 6 hours may be counted toward completion of the Global Studies major from any combination of GLBL 492 and other independent study, internship, or research assistance coursework. This includes coursework from other departments on campus or during study abroad. Prerequisite: GLBL 200; evidence of adequate preparation for such study; consent of faculty member supervising the work; and approval of Global Studies program. Global Studies majors only. Not available to freshman. Instructor approval required.

GLBL 494 Research Methods I credit: 3 Hours.
Optional Capstone experience for Global Studies students. Students will develop research, communication and presentation skills and develop a proposal for an independent research project, goals and timeline. The proposal will include a literature review and methods section for their final project. Topics include: research approaches, design and implementation, as well as methods, analysis and ethics of data collection. 3 undergraduate hours. No graduate credit. Prerequisite: GLBL 200.

GLBL 495 Research Methods II credit: 1 Hour.
Second semester of the optional Capstone experience for International/Global Studies students. Designed to guide the interpretation of the data, development of conclusions and implications. In addition to the final project, students will learn how to write a paper abstract and conference proposal, as well as acquire presentation skills. 1 undergraduate hour. No graduate credit. Prerequisite: GLBL 494.

GLBL 499 Special Topics credit: 3 Hours.
Selected reading and research in Global Studies. See schedule for current topics. 3 undergraduate hours. 1 to 4 graduate hours. May be repeated, if topics vary, in the same or separate terms to a maximum of 6 undergraduate or 8 graduate hours. Prerequisite: GLBL 100 or six hours of global studies, anthropology, social geography, political science, sociology, or economics; consent of instructor.
309 Gregory Hall, 810 South Wright, Urbana
PH: (217) 333-1155
www.history.illinois.edu (http://www.history.illinois.edu)

Administered by the Department of History, students in the history concentration should acquire a broad background from the study of the human experience in different cultures and time periods. A wide distribution of courses is therefore advisable. This is especially true for those who wish to enter government service, or professional schools for law, social work, museum and library science, business administration, or labor and industrial relations. The Social Science: History Teaching Concentration (p. 445) prepares students to teach social studies in Secondary School. The department also offers an undergraduate minor.

For the Degree of Bachelor of Arts in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

Students must select one concentration.

- History Concentration (p. 444)
- Social Science: History Teaching Concentration (p. 445)

Minor in History

A history minor is designed for students who desire to understand the historical background of their major field and to provide an evolutionary or developmental perspective on the study and practice of their major field. Selection of courses will depend on the major and on the interests of the student.

E-mail: history@illinois.edu

Web address for department: www.history.illinois.edu (http://www.history.illinois.edu)

Students must have at least 9 hours in one of the following fields: US, European, or Nonwestern and 6 hours in a second of those fields.

Information listed in this catalog is current as of 10/2015
HIST 130  History of South Asia credit: 3 Hours.
Multidisciplinary introduction to the history of modern South Asia from the consolidation of early modern state formations, the negotiation of religious, cultural and linguistic formations, European colonial interactions, and the rise of the modern nation states of Bangladesh, India, Pakistan and Sri Lanka. Same as ANTH 130.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures

HIST 135  History of Islamic Middle East credit: 3 Hours.
Introduction to fourteen centuries of Middle East history from the rise of Islam to modern times. Examines the development of Islamic thought, and of religious, social, and political institutions; as well as the transformations of the 19th and 20th centuries in the area consisting of Egypt, the Fertile Crescent, Arabia, Turkey, and Iran.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures

HIST 140  Western Civ to 1660-ACP credit: 4 Hours.
Course is identical to HIST 141 except for the additional writing component. See HIST 141. Credit is not given for both HIST 140 and HIST 141. Prerequisite: Completion of campus Composition I General Education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 141  Western Civ to 1660 credit: 3 Hours.
Fundamental developments in the history of Western societies from antiquity to early modern Europe; includes the Greek and Roman worlds, the influence of Christianity and Islam, the emergence of medieval monarchies, the rise of cities, the commercial and intellectual revolutions of the Middle Ages, the birth of the university, the conquest and colonization of the Atlantic world, the Renaissance and Reformation, the political and religious upheavals of the sixteenth and seventeenth centuries. Credit is not given for both HIST 141 and HIST 140.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 142  Western Civ Since 1660 credit: 3 Hours.
Fundamental developments - social, economic, cultural, intellectual, and political - in the history of mankind and Western society since 1660; includes the rise of modern science, the French and Industrial revolutions, the Romantic movement, the growth of nationalism and socialism, imperialism, urbanization, the Russian Revolution, Nazi Germany, the world wars, and the West and the developing world. Credit is not given for both HIST 142 and HIST 143.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 143  Western Civ Since 1660-ACP credit: 4 Hours.
Course is identical to HIST 142 except for the additional writing component. Credit is not given for both HIST 143 and HIST 142. Prerequisite: Completion of campus Composition I General Education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 159  Advanced Composition

HIST 160  Advanced Composition

HIST 161  Advanced Composition

HIST 162  Advanced Composition

HIST 163  Advanced Composition

HIST 164  The Automobile credit: 3 Hours.
Interdisciplinary examination of the automobile industry, its production systems, its marketing strategies, and the way automobiles reflect the changing landscapes of consumer tastes and value over time.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 165  A History of Judaism credit: 3 Hours.
Same as RLST 120. See RLST 120.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect

HIST 166  US Hist to 1877-ACP credit: 4 Hours.
Course is identical to HIST 171 except for the additional writing component. Credit is not given for both HIST 166 and HIST 171.
Prerequisite: Completion of campus Composition I General Education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 167  US Hist to 1877 credit: 3 Hours.
Colonial foundations, movement for independence, and early years of the Republic. Credit is not given for both HIST 171 and HIST 170.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 168  US Hist Since 1877-ACP credit: 4 Hours.
Evolution of an industrial, urbanized, and pluralistic society, grappling with domestic and global problems. Credit is not given for both HIST 172 and HIST 173.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 169  US Hist Since 1877 credit: 3 Hours.

HIST 170  A History of South Asia credit: 3 Hours.
Multidisciplinary introduction to the history of modern South Asia from the consolidation of early modern state formations, the negotiation of religious, cultural and linguistic formations, European colonial interactions, and the rise of the modern nation states of Bangladesh, India, Pakistan and Sri Lanka. Same as ANTH 130.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 171  Black America, 1619-Present credit: 3 Hours.
Same as AFRO 101. See AFRO 101.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

HIST 172  Freshman Honors Tutorial credit: 1 to 3 Hours.
Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars and Associates. May be repeated once. Prerequisite: Consent of departmental honors advisor.

HIST 173  Freshman Seminar credit: 3 to 4 Hours.
Through research, reports, and discussion in a selected field of historical study, the seminar provides a thorough understanding of the problems of that field and of the methods of history as a discipline. May be repeated to a maximum of 6 hours. Prerequisite: James Scholar standing or other designation as a superior student; consent of instructor.
HIST 199 Undergraduate Open Seminar credit: 1 to 5 Hours.  May be repeated.

HIST 200 Intro Hist Interpretation credit: 3 Hours.  Through the careful examination of a specific topic or theme, this course provides a thorough introduction to historical interpretation.  Particular attention will be devoted to research strategies, writing practices, handling primary and secondary sources, and the analysis of historiography.  May be repeated to a maximum of 6 hours with permission of the Director of Undergraduate Studies.

HIST 202 American Environmental History credit: 3 Hours.  Introduction to the historical study of Americans' relationship with the natural world.  Examination of the ways that "natural" forces have helped to shape American history; the ways that human beings have shaped, altered, and interacted with nature over time; and the ways that cultural, philosophical, scientific, and political attitudes toward the environmental have changed from pre-history to the present.  Same as ESE 202 and NRES 202.  This course satisfies the General Education Criteria for:  UIUC: HistPhilosoph Perspect  UIUC: Western Compartv Cult

HIST 205 LatAm Hist: Primary Accounts credit: 3 Hours.  Examining the history through the primary texts written by Latin Americans, this course introduces students to theories, contents and methods of historical inquiry, as well as the nuances and the complexities of Latin American history.  Reading primary texts written by all strata of society, students will look through the eyes of the diverse populations in Latin America.  Students will analyze the traditional narrative of Latin America and gain insight into the lived experience of Latin Americans.  Together we will advance our individual and collective understanding of Latin America's rich and complex past.  This course satisfies the General Education Criteria for:  UIUC: HistPhilosoph Perspect  UIUC: Non-Western Cultures

HIST 211 History of Southern Africa credit: 3 Hours.  Survey of major themes and events in Southern African history, with emphasis on the period after World War II: the inception and development of apartheid in South Africa, the growth of contests over African nationalism in the subcontinent, wars of liberation and the demise of white domination.  This course satisfies the General Education Criteria for:  UIUC: HistPhilosoph Perspect  UIUC: Non-Western Cultures

HIST 212 History of Eastern Africa credit: 3 Hours.  Introduction to the history of Eastern Africa from the nineteenth century to the present.  Attention to the region's pre-colonial history and institutions is stressed, in order to understand both the transformations brought by European colonialism as well as its limits.  The final weeks of the course will examine the differing political, economic, and religious trajectories of the new nation-states since independence in the 1960s.  This course satisfies the General Education Criteria for:  UIUC: HistPhilosoph Perspect  UIUC: Non-Western Cultures

HIST 219 History of the Prison credit: 3 Hours.  Same as AFRO 221 and LA 221.  See LA 221.

HIST 220 Traditional China credit: 3 Hours.  Historical background to the modern age, tracing the Chinese state and empire from the earliest times until 1644 A.D.  Basic political, social, and economic patterns; cultural, intellectual, and technological achievements; and China's impact on Asia and the world.  Same as EALC 220.  This course satisfies the General Education Criteria for:  UIUC: HistPhilosoph Perspect  UIUC: Non-Western Cultures

HIST 221 Modern China credit: 3 Hours.  General introduction to the major themes of the Chinese Revolution from 1840 to the present, emphasizing the interplay between politics, ideas, and culture.  Themes include the tension between cultural integrity and Western ideologies; between democratic participation and the tradition of centralized control, and the representation of cultural identity in high and mass cultures.  Same as EALC 221.  This course satisfies the General Education Criteria for:  UIUC: HistPhilosoph Perspect  UIUC: Non-Western Cultures

HIST 222 Chinese Thght Confucius to Mao credit: 3 Hours.  Same as EALC 222 and RLST 224.  See EALC 222.  This course satisfies the General Education Criteria for:  UIUC: HistPhilosoph Perspect  UIUC: Non-Western Cultures

HIST 225 Southeast Asian Civilizations credit: 3 Hours.  Same as ANTH 286 and ASST 286.  See ANTH 286.  This course satisfies the General Education Criteria for:  UIUC: HistPhilosoph Perspect  UIUC: Non-Western Cultures

HIST 226 Premodern Japanese History credit: 3 Hours.  Introduction to the history of the Japanese people, their social and cultural systems, politics, and economy, from the earliest times to the sixteenth century.  Same as EALC 226.  This course satisfies the General Education Criteria for:  UIUC: HistPhilosoph Perspect  UIUC: Non-Western Cultures

HIST 227 Modern Japanese History credit: 3 Hours.  Introduction to the history of the Japanese people, their social and cultural systems, politics, and economy, from the mid-sixteenth century to the mid-twentieth century.  Same as EALC 227.  This course satisfies the General Education Criteria for:  UIUC: HistPhilosoph Perspect  UIUC: Non-Western Cultures

HIST 241 History of Ancient Rome credit: 3 Hours.  Survey of the political, social, economic, military, institutional, religious and cultural development of Rome from 753 BCE until 480 CE.  This course satisfies the General Education Criteria for:  UIUC: HistPhilosoph Perspect  UIUC: Western Compartv Cult

HIST 245 Women & Gender Pre-Mod Europe credit: 3 Hours.  Examines the history of women and the evolution of concepts of gender in western Europe from roughly 400 to 1700.  Topics include the interactions of class and ethnicity with women's experiences, the social construction of sexuality and gender, the misogynist tradition, and women's self-images.  Same as GWS 245 and MDVL 245.  This course satisfies the General Education Criteria for:  UIUC: HistPhilosoph Perspect  UIUC: Western Compartv Cult
HIST 247  Medieval Europe  credit: 3 Hours.
From the fragmentation of the Roman Empire to the formation of territorial monarchies, this course surveys the events, innovations, crises, and movements that shaped western Europe in a pivotal era known as "the Middle Ages." Topics will include the spread of Christianity, the migration of peoples, fundamental changes in economic and social structures, the development of political institutions, the role of women, and the cultural achievements of different communities (the monastery, the town, the court). Same as MDVL 247.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 251  Warfare Milit Insts & Soc  credit: 3 Hours.
History of warfare and its relationship to changing technologies, tactics, and political structures, with an emphasis on the ways that military institutions are integrated with society as a whole. Same as GLBL 251.

HIST 252  The Holocaust  credit: 3 Hours.
Exploration of the Holocaust in historical perspective by examining European anti-Semitism, political developments in Germany, the rise to power of the Nazis, and the origins of the Holocaust with first-hand accounts, films, and historical texts, concluding with the legacy of the Holocaust in the contemporary world.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 253  Enlightenment to Existentialism  credit: 3 Hours.
Survey of the major authors, ideas, events, and styles in the cultural and intellectual history of Europe from the seventeenth to the mid-twentieth centuries, focusing on the intellectual traditions of France, Germany, and Great Britain.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 254  Vikings to Volvos: Scandinavia  credit: 3 Hours.
Same as SCAN 225. See SCAN 225.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

HIST 255  British Isles to 1688  credit: 3 Hours.
Survey of the political, social and economic, religious, and cultural history of the British people from the "prehistoric" era through the revolution of 1688. Same as MDVL 255.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 256  Britain and World Since 1688  credit: 3 Hours.
Historical survey of the British Isles and the British Empire since the late seventeenth century.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 258  20thC World to Midcentury  credit: 3 Hours.
Economic, social, political, and cultural developments in twentieth-century world history from late nineteenth-century to Second World War era.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 259  20thC World from Midcentury  credit: 3 Hours.
Economic, social, political, and cultural developments in twentieth-century world history from Second World War era to the present.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 260  History of Russia  credit: 3 Hours.
Main themes and problems of Russian history from earliest times to the present.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 261  Intro Russian-Jewish Culture  credit: 3 Hours.
Same as RUSS 261. See RUSS 261.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 264  Technology in Western Society  credit: 3 Hours.
Explores the role of technology as a transforming social force; examines innovations from the stirrup and heavy plow to the airplane and computer, that restructured economic and political life and realigned values; examines cultural representations of technology.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 265  Science in Western Civ  credit: 3 Hours.
Topics in the intellectual and social history of science in the West.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 266  Jewish History Since 1700  credit: 3 Hours.
Explores how life was lived by Jewish women and men through the past three centuries. Will also focus on wider place of the Jews in European society, and the achievements and tragedies of the modern Jewish-non-Jewish relationship. Same as RLST 269.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 270  United States History to 1815  credit: 3 Hours.
Social, economic, and political survey of the region and its relation to the evolving Atlantic community.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 271  Nineteenth Century America  credit: 3 Hours.
History of the United States from 1815 to 1900.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

Information listed in this catalog is current as of 10/2015
HIST 272  Twentieth Century America  credit: 3 Hours.
One major emphasis on foreign policy, including the emergence of the
United States as a great power after 1898; a second emphasis on the
Progressive movement and recurrent attempts at the reform of American
society; and racial and urban problems and the conservation of natural
resources included.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 273  Illinois History  credit: 3 Hours.
History of Chicago and Illinois from prehistoric times to the present,
illustrating the jarring conflicts and great achievements of peoples
from all over the world. Politics, economics, popular and high culture,
education, mass media, racial problems, and ethnic diversity are
especially featured. There is an emphasis on the relation of city, state,
and region to one another.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

HIST 274  US & World Since 1917  credit: 3 Hours.
Over the course of the twentieth century the United States rose to
superpower status, in the process profoundly shaping world affairs.
Students will study the connections between U.S. and global history in
this pivotal period. Explores the impact of the United States on world
affairs from roughly 1917 through the end of the Cold War. Attention
given to the perspectives of people affected by U.S. policies and the
limits of U.S. power in the face of developments such as anticolonial
nationalism and great power rivalries.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

HIST 275  Afro-American History to 1877  credit: 3 Hours.
History of Africans in the Americas, surveying the African slave trade,
slavery in the European colonies of the Americas, early United States
slavery, and the Afro-American in the Civil War and Reconstruction. Same
as AFRO 275.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

HIST 276  Afro-American Hist Since 1877  credit: 3 Hours.
History of Afro-Americans in the age of white supremacy; the rise of
modern protest organizations; the era of integration; and the black power
movement. Same as AFRO 276.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

HIST 277  Encounters in Native America  credit: 3 Hours.
An examination of pivotal events in the history of Native peoples in North
America. Students will explore the complexity of encounters between
American Indians and others through a focus on key moments. These will
include religious encounters, military confrontations, and legal struggles
as well as social and artistic interactions. Same as AIS 277.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

HIST 278  Native American History  credit: 3 Hours.
A survey of the Native American experience in North America from the
time of first contact to the present. The course will examine the dynamics
and consequences of Native dispossession as well as the continuities
in American Indian life and culture. Course materials will include writing
and testimony by Native people as well as historical narratives, court
decisions and government documents. Same as AIS 278.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

HIST 279  Mexican-American History  credit: 3 Hours.
Same as LLS 279. See LLS 279.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

HIST 280  Caribbean Latina/o Migration  credit: 3 Hours.
Study of the economic, political, and social forces which shaped
migration, settlement, and community formation of Puerto Ricans,
Cubans, and Dominicans living in the United States. Same as LLS 280.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

HIST 281  Constructing Race in America  credit: 3 Hours.
Interdisciplinary examination of the historical, cultural, and social
dimensions of race and ethnicity in the United States. Explores the
complex and intricate pursuit of multiracial and multicultural democracy.
Same as AAS 281, AFRO 281, and LLS 281.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

HIST 282  Nature and American Culture  credit: 3 Hours.
Same as LA 242, NRES 242, and RST 242. See RST 242.
This course satisfies the General Education Criteria for:
UIUC: Western Compartv Cult

HIST 283  Asian American History  credit: 3 Hours.
Exploration of the migrations of peoples from the Asian continent into
the United States, their attempts to build family and community, and their
subsequent impact on American history. Same as AAS 283.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

HIST 284  Af Am Urban Hist Since 1917  credit: 3 Hours.
Same as AFRO 290. See AFRO 290.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

HIST 285  US Gender History to 1877  credit: 3 Hours.
Traces the experiences of North American women and men from the
earliest encounters between Europeans and Native Americans; examines
gender systems in the colonies, under slavery, during industrialization
and westward expansion; assesses impact of the Civil War and
Reconstruction on gender roles; considers gendered division of labor
in factories and domestic environments and construction of gender
ideologies. Same as GWS 285.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
HIST 286  US Gender History Since 1877  credit: 3 Hours.
Examines the experiences of women and men in modern America,
focusing on variations according to class, race, ethnicity, religion, region,
and sexual preference; considers the impact of social movements
on gender politics; gender and the wars of the 20th century; gender,
reform, and social welfare policy; and the place of popular culture in
the production of gender ideologies. Same as GWS 286.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

HIST 287  African-American Women  credit: 3 Hours.
Examines the history of African American women, beginning with the
West African background during the transatlantic slave trading era,
emphasizing the experiences of black women in the United States during
slavery and their political, civic, community and reform activities from
slavery to the present, analyzed within the context of racism, sexism, and
economic deprivation. African women in the diaspora, and the impact
of feminism/womanism, Afrocentrism, and multicultural diversity on
the African American woman are considered. Same as AFRO 287 and
GWS 287.
This course satisfies the General Education Criteria for:
UIUC: US Minority Culture(s)

HIST 288  American Indians of Illinois  credit: 3 Hours.
Same as ANTH 288 and AIS 288. See ANTH 288.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

HIST 289  History of Religion in America  credit: 3 Hours.
Same as RLST 235. See RLST 235.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

HIST 290  Religion, Violence & America  credit: 3 Hours.
Same as RLST 236. See RLST 236.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

HIST 291  History of the Bible  credit: 3 Hours.
Same as RLST 203. See RLST 203.

HIST 292  Latina/o Social Movements  credit: 3 Hours.
Same as LLS 238. See LLS 238.

HIST 295  Honors Colloquium  credit: 3 Hours.
Topics will vary. May be repeated. Prerequisite: Chancellor's Scholar or
consent of department and director of Campus Honors Program.

HIST 300  Topics in Film and History  credit: 3 Hours.
Examines films as a significant medium of commentary on society and
history. Explores the motives and careers of moviemakers, the ways
in which films are influenced by their audiences, and how audiences'
perception of historical processes are affected by films. Topics will vary.
Same as MACS 300. May be repeated to a maximum of 6 hours if topics
vary. Students may register in more than one section per term. May be
repeated to a maximum of 6 hours.

HIST 305  Andean Countries of S America  credit: 3 Hours.
The history of Colombia, Ecuador, Peru, Bolivia, and Chile; emphasizes
common problems and diverse responses, from European conquest in
the sixteenth century to the struggles for development in the twentieth.

HIST 306  History of Central America  credit: 3 Hours.
Major themes of Central American history since conquest: the colonial
regimes, ethnic diversity, the independence movement, fragmentation in
the nineteenth century, export economies and imperialism, 1880-1932,
social movements and populism in the twentieth century, revolution and
intervention since the 1950s.

HIST 310  Global Capitalism in History  credit: 3 Hours.
Explores the historical relations between multinational corporations and
host countries focusing on political and economic issues.

HIST 314  Material Culture  credit: 3 Hours.
Historical and theoretical investigation of everyday objects, artifacts,
structures, landscapes, built environments. Students will learn to
question existing perceptions of material phenomena, will engage in
the work of historicizing and contextualizing them, and will arrive at a
more informed understanding of the ways that they influence, shape, and
reflect human history.

HIST 315  Discovery, Tourism and Travel  credit: 3 Hours.
History of discovery, travel and tourism in Western history from classical
antiquity to the present. Focus on two themes: first is the history of
discovery, Greek adventures in the Mediterranean, European missionary
trips to China, or modern European expansion into the Americas and the
Pacific; second is the psychological and spiritual transformations that
may accompany travel to foreign places. Pays special attention to how
people from different cultures are able to communicate with each other
and how travel writings document globalization in the nineteenth and
twentieth century. Readings include original source material by travelers,
fictional travel accounts, and narratives by recent historians. Also makes
use of visual materials, cultural artifacts, and music as sources with
much to teach us about travel encounters between cultures. Same as
RST 312.

HIST 325  History of Korea  credit: 3 Hours.
Same as EALC 367. See EALC 367.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures

HIST 334  Modern Palestinian History  credit: 3 Hours.
Examines the main themes of Palestinian history since 1800. The Israeli-
Palestinian conflict frames the latter part of this history, but it is not the
central issue. The focus of the course is Palestinian political, social, and
cultural history.

HIST 335  Middle East 1566-1914  credit: 3 Hours.
Political, social, cultural, and ideological developments in Egypt, Arabia,
the Fertile Crescent, Iran and Turkey from the mid 16th century to the
eve of World War I. Premodern society and institutions, the question of
"decline" and "awakening", encounters with Europe and self-strengthening
reforms, relations between Muslims, Christians, and Jews, the role
of women and the family, class formation, and religion and nationalism.

HIST 337  Middle East Since World War I  credit: 3 Hours.
Political-economic, social and ideological developments in Egypt, Arabia,
and Fertile Crescent (including Israel), Iran and Turkey since 1918 to the
present, including U.S. involvement.
HIST 339  The Early Russian Empire  credit: 3 Hours.
Introduction to one of the most transformative events in early modern world history: the creation of the Russian Empire. We will study how Moscow, a modest medieval kingdom, suddenly expanded into the world's largest state, fated to play an outsized role in world politics and culture. Chronologically, the course extends from 1500-1750, and considers topics ranging from religion and rebellion to material culture and everyday life.

HIST 342  Cultural Hist of Technoscience  credit: 3 Hours.
Addresses the myriad ways American culture interacts with scientific and technological artifacts, practices, and knowledge. Some of the issues addressed are: how science and technology are deployed and used for cultural ends; how cultural beliefs and ideologies are "built" into science and technology; how the interaction of cultural experience, science, and technology shapes the built environment; how science and technology privilege certain cultural communities in America. Course requirements include participation, leadership in class discussions, as well as a research project.

HIST 343  Technology & Sport  credit: 3 Hours.
Traditionally sport has been a competition between humans or humans and nature. Recent technological developments have altered this arrangement. Now technology is a constitutive component of sport and has changed modes of play. Examines the history of the evolving relationships between contemporary sport, emerging technology, and cultural experience. The fundamental question this course will address is: how has technology, in its multiple forms, reshaped sport? Same as RST 357.

HIST 344  Medieval Civilization  credit: 3 Hours.
The architectural, artistic, philosophical, political, and religious components of medieval culture, thought, and patterns of behavior; includes monasticism and society and the individual. Same as MDVL 345 and RLST 346.

HIST 346  The Age of the Renaissance  credit: 3 Hours.
An introduction to the cultural history of Europe in the fifteenth and sixteenth centuries, embracing the Renaissance movements in Italy and in Northern Europe. Same as MDVL 346 and RLST 346.

HIST 347  Protestant & Catholic Refs  credit: 3 Hours.
New sources of secular power and spiritual authority define the age of the Protestant and Catholic Reformations. In this advanced European history course students expand their knowledge of the people, events, and ideas of the fifteenth and sixteenth centuries while deepening their understanding of a wide range of primary sources created by theologians and peasants, nuns and monks, and artists and rebels. Key works by Luther, Calvin, and Loyola are placed in their intellectual and social contexts. Same as RLST 347.

HIST 348  Early Euro Absolut & Expansion  credit: 3 Hours.
In the seventeenth and eighteenth centuries Europeans transformed political relations within Europe and their economic relationships with the wider world. This course examines continuities and change from 1600 to 1789, following the themes of authority and power. Topics include the rise of "absolute monarchy" and its alternatives in countries like, England and the Netherlands, as well as European trade and consumption, popular culture, the family, food, clothing, sexuality, and labor.

HIST 349  Age of Revolution, 1775-1815  credit: 3 Hours.
Comparative survey of domestic upheavals in the North Atlantic world: America, Haiti, England, Prussia, and France; the rise of Napoleon and the response of Europe; and the fate of innovation and reform in the immediate aftermath.

HIST 350  19thC Romanticism & Politics  credit: 3 Hours.
Among the topics of this course will be Romanticism, which is still the basic form of modern culture today, with its emphasis on feeling, imagination, and self-expression; the nation-state, a new form of political organization; and the creation of a globalized world for the first time in human history.

HIST 352  Europe in the World  credit: 3 Hours.
Colonial encounters between Europe and today's Third World viewed in comparative historical perspective. Equal emphasis placed on (colonizing) Europe and colonial experience of Asia, Africa, and South America.

HIST 353  European History 1918 to 1939  credit: 3 Hours.
Survey of European society from 1918 to 1939, with emphasis on the impact of World War I, the Russian Revolution, fascism, and the intellectual trends of the twenties and thirties.

HIST 354  Twentieth Century Europe  credit: 3 Hours.
Cultural history of Europe in an age of global warfare and political, social, and economic upheaval.

HIST 355  Soviet Jewish History  credit: 3 Hours.
An examination of how Jewish life and culture contributed to the creation of the world's first socialist society. Makes use of primary sources, scholarly essays and monographs, archival documents, literature, memoirs, film, and visual culture as a way of introducing students to Soviet Jewish History, from the reign of the last tsar, Nicholas II, to the dissolution of the Soviet Union in 1991. Special topics to be examined include: the breakup of the Pale of Settlement during the Great War; the role of Jews in revolution and revolutionary culture; Soviet nationality policy; shtetl culture; antisemitism; everyday life; the purges of the 1930s; the Jewish experience in World War II; the Holocaust; and mass emigration.

HIST 357  Modern France  credit: 3 Hours.
The development of modern France, with special attention to social and cultural phenomena.

HIST 361  Euro Thght & Soc Since 1789  credit: 3 Hours.
Examines the reciprocal relationship between thought and society in western Europe from the French Revolution to the present.

HIST 362  Spain and Portugal to 1808  credit: 3 Hours.
Introduction to the history of the Iberian peninsula to 1808. After a brief overview of Roman and Visigoth Iberia, the course will study the cultural, technological, and intellectual accomplishments of Moorish Iberia and the imperial expansion of Christian Spain and Portugal in the early modern period.

HIST 365  Fict & Historical Imagination  credit: 3 Hours.
Explores the relationship between history and fiction by focusing on specific cultural locations.

HIST 367  History of Western Medicine  credit: 3 Hours.
Rise and development of medicine in the West since the sixteenth century; interrelationships of physiology, pathology, and social demands with the theory and practice of medicine; pattern of professionalization; social role of the physician; conflict among ideas of medicine as an art, a science, and a social service; and problems of mental illness, medical ethics, and nontraditional forms of practice.

Information listed in this catalog is current as of 10/2015
HIST 368 The Darwinian Revolution credit: 3 Hours.
The ideas of Charles Darwin initiated one of the most profound and
provocative transformation in human thought, science, and culture. This
course examines the intellectual origins, scientific content, and social,
cultural, and religious impacts of Darwinian evolutionary theory in the
19th and 20th centuries, provides students with a historical case study in
the development and diffusion of radical scientific ideas, and explores the
origins of the most successful and comprehensive theory in the modern
life sciences.

HIST 369 Spain and Portugal from 1808 credit: 3 Hours.
A modern history of Spain and Portugal.

HIST 370 Colonial America credit: 3 Hours.
An interpretive survey of American colonial history from 1492 through
1763. Themes include encounters between Natives and Europeans
in the New World, contests for colonization, settler societies and the
development of various colonial social patterns in North America and
the Caribbean, the beginnings of slavery, and the gradual emergence
of distinctive provincial cultures in the North American colonies of the
British Empire. Throughout all of this, there is an examination of colonial
American history as part of the larger Atlantic World, understanding early American history as a process of exchange and interaction which
included Europe, Africa, the Caribbean, and North America.

HIST 371 The American Revolution credit: 3 Hours.
Examines the momentous founding age of United States history.
Explores the growing estrangement of the American colonies from
Great Britain and the culmination of this process in the Declaration of
Independence. It then examines the controversial process of creating a
new nation, and the government of the United States. Intense focus on
primary source materials from the period.

HIST 372 America's Republic, 1780-1880 credit: 3 Hours.
A study of political life in the U.S. during the century following the
Revolution. The course covers the appearance and evolution of
government, the Constitution, the expansion of voting rights,
the rise and fall of political parties, and the relationship of all these things
to the development of economic and social relationships.

HIST 373 Origins of the Civil War credit: 3 Hours.
Examination of changes in economic, social, cultural, and political life in the
United States that ultimately plunged the nation into the bloodiest
and most important war in its history. Particular attention is paid to the
way in which diverse segments of the country's population - North and
South, urban and rural, rich and poor, slave and free, black and white,
man and female - affected and were affected by these changes.

HIST 374 Civil War and Reconstruction credit: 3 Hours.
The United States' civil war (1861-1865) and the years of postwar
"reconstruction" (conventionally dated as 1865-1877). During this period
as a whole, the nation underwent its second revolution -- a revolution
more radical in its impact than the one that freed it from the British
Empire. Much about U.S. history for the next century and more was
decided during these critical years.

HIST 375 Soc History Indus Am to 1918 credit: 3 Hours.
The impact of industrialization, immigration, and urbanization on
American society to the end of World War I.

HIST 376 Soc History Indus Am from 1918 credit: 3 Hours.
Study of the impact of industrial technology, business enterprise,
immigration, and urbanization on American society.

HIST 377 United States since 1932 credit: 3 Hours.
Discusses the New Deal, the Cold War, Franklin D. Roosevelt and
subsequent presidents, the structure of American imperialism, and
America's role in world politics.

HIST 379 Latina/os and the City credit: 3 Hours.
Same as LLS 379. See LLS 379.

HIST 380 US in an Age of Empire credit: 3 Hours.
Study of the imperial dimensions of U.S. history from about 1877 to 1920.
This was an era marked by an imperial world system, unprecedented
levels of international trade and investments, massive labor migrations,
significant missionary endeavors, and consolidation of U.S. power over
Native Americans, and growing U.S. political and military assertion in
the international arena. Considers how the United States and its peoples
positioned themselves in an international context by investigating not
only government policies but also commercial endeavors and cultural
practices.

HIST 381 Urban History credit: 3 Hours.
Examines the history of urban centers, paying special attention to
the relationship between the city and its surrounding territory, the
impact of migration and immigration, the delineation of space and
the transformation of the built environment, and the role of a city's
inhabitants in creating social networks, political structures, and cultural
institutions. May be repeated in separate terms to a maximum of 6 hours
if topics vary.

HIST 382 Race and Migration in Chicago credit: 3 Hours.
Same as LLS 382. See LLS 382.

HIST 383 Hist of Blk Women's Activism credit: 3 Hours.
Same as AFRO 383 and GWS 383. See AFRO 383.

HIST 384 Class Politics & Blk Community credit: 3 Hours.
Same as AFRO 372. See AFRO 372.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

HIST 385 Transnational Sexualities credit: 3 Hours.
Same as GWS 385. See GWS 385.

HIST 386 Public History credit: 3 Hours.
An examination of major genres historians have employed to present
history in the public arena, including documentary films, public
memorials, legal testimony and museum exhibits. Students will explore
both the social dynamics of public commemoration and the techniques
historians employ when communicating complex ideas and events to a
general audience.

HIST 387 History of Sexuality in U.S. credit: 3 Hours.
Same as GWS 387. See GWS 387.

HIST 389 Race and Revolutions credit: 3 Hours.
Same as AFRO 378. See AFRO 378.

HIST 390 Sport and Society credit: 3 Hours.
In various societies, organized sport has operated as site of
nation-building, the struggle for inclusion, and indicator of societal
advancement. Examines the history of the roles that sport has played in
society through a series of topical foci, as selected by the professor each
semester. Course readings revisit popular and scholarly debates about
sport and discuss the different actors and social forces that shaped
those discussions. Same as KIN 345. May be repeated in separate terms
to a maximum of 6 hours if topics vary.

Information listed in this catalog is current as of 10/2015
HIST 391  Oral History Methods  credit: 3 Hours.
Introduces students to the ethical discourses and practical methods in oral history. Its primary purpose is to prepare students with oral and archival research skills that are crucial for the examination of the history and memory of communities. Among the questions that the class will consider are: what is the connection between the historical record and the remembered past? How reliable are these memories and does reliability matter? How do people mobilize and manipulate accounts of the past for purposes of community building, historic preservation, and political development? Same as LLS 391.

HIST 393  The World of Jewish Sepharad  credit: 3 Hours.
Same as ANTH 393 and RLST 393. See ANTH 393. This course satisfies the General Education Criteria for:
UIUC: HistPhilos Perspect
UIUC: Non-Western Cultures
UIUC: Western Compgr Cult

HIST 395  Topics in Law and Society  credit: 3 Hours.
Topics and problems in the history of laws, legal institutions, jurisprudence, concepts of justice, and their role(s) in shaping societies over time. Specific readings and foci will vary. May be repeated in the same or separate terms for a maximum of 6 hours if topics vary.

HIST 396  Special Topics  credit: 3 Hours.
Topics are given on an experimental one-time-only basis. May be repeated if topics vary.

HIST 397  Sexuality in Modern Europe  credit: 3 Hours.
What is sexuality? How is it practiced, policed, represented, liberated and controlled? How do religion, the state, the law and the media influence sexual identities and practices? Focusing on modern Europe, we will examine the history of sexuality from the late eighteenth century to the present in order to explore how historians have answered these questions. We will investigate topics from pornography, prostitution, sex and totalitarianism, queer sexualities, sex and colonialism, and masturbation, to sex education, sexual revolutions, hermaphroditism, sex surveys and AIDS. Same as GWS 397.

HIST 398  Internship in Public History  credit: 1 TO 3 Hours.
With a faculty sponsor, a qualified students will develop a program of study or research related to an internship or other relevant employment opportunity. Consult departmental undergraduate advisor or Director of Undergraduate Studies. Approved for letter and S/U grading. May be repeated in separate terms to a maximum of 6 hours. Prerequisite: Consent of faculty sponsor and Director of Undergraduate Studies required.

HIST 399  Independent Study  credit: 1 to 3 Hours.
Readings in selected fields in consultation with the instructor resulting in a 20-30 page paper. May be repeated with permission of the Director of Undergraduate Studies. Prerequisite: Junior or senior standing pursuing a History major; written consent of instructor and History undergraduate advisor required.

HIST 400  War, Soc, Politics, & Culture  credit: 2 to 4 Hours.
Topics will be listed in the department's course guide at http://www.history.illinois.edu. 3 undergraduate hours. 2 to 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours in the same or subsequent terms if topics vary.

HIST 401  History of Terrorism  credit: 3 or 4 Hours.
Historical examination of strategies of terror, their relationship to conventional warfare, and their political, social, cultural, and religious contexts. 3 undergraduate hours. 4 graduate hours.

HIST 405  History of Brazil from 1808  credit: 2 to 4 Hours.
Problems of a neocolonial society; themes include family structure, slavery, imperialism, modernization, and the crisis of traditional institutions. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 406  History of Mexico from 1519  credit: 2 to 4 Hours.
Development of Mexico from the conquest to the postrevolutionary present. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 407  Slavery & Race in Latin Am  credit: 2 to 4 Hours.
Selected topics on Indians and Spaniards, whites and blacks, emphasizing Mexico, the Caribbean, and Brazil. Same as AFRO 407. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 410  Decolonization in Africa  credit: 3 or 4 Hours.
Almost all African countries fell under European colonial rule by the beginning of the 20th century, but formal colonialism did not last the century. Surveys the crucial ideological, political, social, and military strategies enlisted by African people and movements to shed colonial rule. Also examines the paradox of the coupling of "flag independence" with continuing economic dependence on Europe. 3 undergraduate hours. 4 graduate hours.

HIST 411  20thC Africa Intellectual Hist  credit: 2 to 4 Hours.
The development of influential political and cultural ideas on the African continent over the course of the long 20th century, highlighting the interactions of individuals (as members of educated elites and of rural societies) and institutions (such as universities) in developing trademark African intellectualism. These concepts include: Pan-Africanism, the need for political independence, Negritude, feminism/womanism, calls for the promotion of indigenous languages and ubuntu; as well as the contested justifications for one-party rule. Students will gain an appreciation of the breadth, depth and creativity of African thought and activism. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 412  Southern Africa Race & Power  credit: 3 or 4 Hours.
Interdisciplinary survey of both the internal and international dimensions of the changing situation in Africa south of the Zambezi; focuses on the historical background - and a political, economic, and social analysis of current events in the Republic of South Africa, Mozambique, Namibia, and Zimbabwe, emphasizing the central significance of race and power in this region. Same as AFST 425. 3 undergraduate hours. 4 graduate hours.

HIST 420  China Under the Qing Dynasty  credit: 2 to 4 Hours.
The period of Manchu domination in China (1644-1912); emphasis on Chinese reactions to Western influences during the nineteenth century. Also examines the paradox of the coupling of "flag independence" with continuing economic dependence on Europe. Same as EALC 420. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 422  Soc-Econ Hist Modern China  credit: 3 to 4 Hours.
Selected topics on Indians and Spaniards, whites and blacks, emphasizing Mexico, the Caribbean, and Brazil. Same as AFRO 407. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 425  Classical Chinese Thought  credit: 3 or 4 Hours.
Same as CWL 478 and EALC 476. See EALC 476.

HIST 426  Early Modern Japan  credit: 3 or 4 Hours.
Study of the people, culture, and society from 1600 to 1868. Traces the rise of Japan's first truly national culture. Same as EALC 426. 3 undergraduate hours. 4 graduate hours.

Information listed in this catalog is current as of 10/2015
HIST 427  Twentieth-Century Japan  credit: 3 or 4 Hours.
Study of the people, culture, and society of Japan from 1868 to the present. Traces Japan's transformation from an insular bastion of "centralized feudalism" into a cross-cultural crucible of post-industrial democracy. Same as EALC 427. 3 undergraduate hours. 4 graduate hours.

HIST 430  India from Colony to Nation  credit: 2 to 4 Hours.
Mughal Empire and British Raj, Indian national awakening, and struggle for independence under Ghandi and Nehru. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 432  History of Early Judaism  credit: 3 Hours.
Same as RLST 442. See RLST 442.

HIST 433  History of Jews in Diaspora  credit: 3 or 4 Hours.
Deals with the history of the Jewish people from the destruction of the Jewish state by Rome to the reestablishment of a Jewish state in 1948. The emphasis is on the interaction between the Jewish and non-Jewish worlds as well as changes internal to the Jewish communities. Same as RLST 434. 3 undergraduate hours. 4 graduate hours.

HIST 434  Women in Muslim Societies  credit: 3 or 4 Hours.
Same as ANTH 403, GLBL 403, GWS 403, RLST 403, and SAME 403. See RLST 403.

HIST 436  Jewish Life-Writing  credit: 3 or 4 Hours.
Same as CWL 421, RLST 420, SLAV 420, and YDHS 420. See YDHS 420.

HIST 438  Egypt Since World War I  credit: 2 to 4 Hours.
Examines the twentieth-century history of Egypt, emphasizing the internal social, political, economic, and ideological developments, with attention to Egypt's role in regional and international politics. Readings include novels and short stories to introduce students to modern Egyptian culture. Same as AFST 437. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 439  The Ottoman Empire  credit: 2 to 4 Hours.
Economy, society, law, and government; the Ottomans and Mediterranean society; Ottoman culture and Islamic tradition; minorities; trade, diplomacy, and capitulations; "decline" and dismemberment; and traditional and westernizing attempts at revival. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 440  Roman Republic to 44 B.C.  credit: 3 or 4 Hours.
Examination of the political, social, economic, military, institutional, religious and cultural development of Rome from 753 BCE until 14 CE. Same as CLCV 440. 3 undergraduate hours. 4 graduate hours.

HIST 441  The Roman Empire  credit: 3 or 4 Hours.
Examination of the political, social, economic, military, institutional, religious and cultural development of the Roman Empire from the reign of Augustus (27 BCE - 14 CE) through the fall of the Western Roman Empire ca. 480 CE. 3 undergraduate hours. 4 graduate hours.

HIST 442  Roman Law and Legal Trad  credit: 3 or 4 Hours.
Examines Roman law and legal tradition in the context of historical, political, and social developments; origins of law in primitive and ancient classical societies; surveys development of precedent, codification, and preservation of Roman law, and the impact of Roman law on western legal traditions. 3 undergraduate hours. 4 graduate hours.

HIST 443  Byzantine Empire AD 284-717  credit: 3 or 4 Hours.
Examination of the political, social, economic, military, institutional, religious and cultural development of the early Byzantine Empire from the reign of Diocletian (AD 284-305) through the Heraclian Dynasty (AD 610-717). Same as MDVL 443. 3 undergraduate hours. 4 graduate hours.

HIST 444  European Education to 1600  credit: 3 or 4 Hours.
Same as EPS 403 and MDVL 403. See EPS 403.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect
UIUC: Western Compartment Cult

HIST 445  Medieval England  credit: 2 to 4 Hours.
Key sources and topics of English history, from the end of Roman rule in Britain (c. 410) to the fifteenth century. Recurrent themes include the development of law, the role of women, the status of commoners, intellectual trends, and the importance of public media for the dissemination of ideas (writing, performance). Same as MDVL 444. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 446  Early Modern British Isles  credit: 2 to 4 Hours.
Social, economic, cultural and political history of the "four Kingdoms" of England, Scotland, Wales, and Ireland between 1450 and 1800. Covers the Tudor and Stuart dynasties, Shakespeare, the English Civil War, the development of British colonial holdings across the globe, and the effects of empire at home. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 448  Modern Britain  credit: 2 to 4 Hours.
History of modern Britain's social, economic, cultural and political life with a special emphasis on the role of empire in shaping its career as a global power and its "domestic" national culture at home. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 449  British Imperialism  credit: 2 to 4 Hours.
Thematic approach to Britain's role as an imperial power, its impact on global issues and affairs, and the effect of colonies and colonial peoples on the history of its development as a Western "nation". 3 undergraduate hours. 2 or 4 graduate hours.

HIST 450  European Working Class History  credit: 2 to 4 Hours.
Comparative study of the rise of the working class in European countries; formation, culture, and daily life; stratification within the working class; workers in organized labor and revolutionary movements. Same as LER 450 and SOC 422. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 456  Twentieth-Century Germany  credit: 3 or 4 Hours.
Political upheavals of twentieth-century Germany; topics include the First World War's impact on German society, the war's revolutionary aftermath, the political struggles and cultural achievements of the Weimar Republic, the rise of Hitler, the Third Reich, the Holocaust, the Second World War, and the divided postwar Germanies; novels and films complement readings. 3 undergraduate hours. 4 graduate hours.

HIST 457  European Education since 1600  credit: 2 to 4 Hours.
Same as EPS 404. See EPS 404.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect
UIUC: Western Compartment Cult

HIST 458  Christians and Jews 1099-1789  credit: 3 or 4 Hours.
Same as RLST 458. See RLST 458.

HIST 459  Postcolonial/Queer  credit: 3 or 4 Hours.
Same as GWS 459. See GWS 459.

HIST 461  Russia- Peter the Great to Rev  credit: 2 to 4 Hours.
Culture, society, and politics in Imperial Russia, focusing on power and resistance, the lives and culture of ordinary Russians, and competing ideas about the state, the individual, community, nation, religion, and morality. 3 undergraduate hours. 2 or 4 graduate hours. For higher credit, graduate students will be required to do more reading and to write an additional paper.
HIST 462  Soviet Union Since 1917  credit: 2 to 4 Hours.
Political, social, and economic development of the USSR since the 1917 revolutions that brought the Bolsheviks to power; social change and social engineering; political struggles among Stalin and his rivals; the "Stalin revolution" from above and economic modernization; the USSR's emergence through World War II and the Cold War as a world power; "developed socialist" society. 3 undergraduate hours. 2 or 4 graduate hours. Graduate students will write an additional substantial paper and engage in special discussion sections.

HIST 466  The Balkans  credit: 3 or 4 Hours.
The political, economic, and cultural history of this region's peoples, including the Rumanians, South Slavs, Greeks, and Albanians; the impact of Ottoman rule; the rise of nationalism and the formation of national states; and the Orthodox Church. 3 undergraduate hours. 4 graduate hours.

HIST 467  Eastern Europe  credit: 3 or 4 Hours.
The political, economic, and cultural history of Poland, Czechoslovakia, Hungary, Rumania, Yugoslavia, Bulgaria, Greece, and Albania; particular emphasis upon the post-World War II era. 3 undergraduate hours. 4 graduate hours.

HIST 468  Locating Queer Culture  credit: 3 Hours.
Same as GWS 467. See GWS 467.

HIST 470  Plantation Soc in Americas  credit: 3 or 4 Hours.
Same as AFRO 453. See AFRO 453.

HIST 472  Immigrant America  credit: 3 or 4 Hours.
History of immigration and immigrant groups in the United States from 1830 to 1980. Covers major waves of immigration and focuses on the diverse cultural heritage, social structure, and political activism of immigrants from Europe, the Americas, and Asia. 3 undergraduate hours. 4 graduate hours.

HIST 473  Crises of Political Tolerance  credit: 2 to 4 Hours.
Investigates the character of American political tolerance and freedom in times of crisis, through a series of case studies: images of the American "enemy"; the Red Scare after World War I; the internment of Japanese-Americans in World War II; McCarthyism; and the resentments generated by protest movements in the late 1960's. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 475  Formation of US Public Health  credit: 3 or 4 Hours.
Introduction to the history of American public health and health policy. Emergence of modern public-health institutions in America; relation of public health to conceptions of disease, social order, and the role of government; emergence and development of public policy issues in public health and medical care, of the environment for the formulation of policy, and the relation of policy to broader issues of social development, incidence of disease, and assumptions about the proper distribution of public and private responsibility. 3 undergraduate hours. 4 graduate hours.

HIST 476  History of the American West  credit: 3 or 4 Hours.
Examines the changing image of the American West by focusing on the process of conquest and resistance present within the region's history. Same as LLS 475. 3 undergraduate hours. 4 graduate hours.

HIST 478  Black Freed Move, 1955-Present  credit: 3 or 4 Hours.
Same as AFRO 474. See AFRO 474. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

HIST 479  19thC US Intel & Cultr Hist  credit: 2 to 4 Hours.
Examines diverse strains of cultural and intellectual life in the US from the early Republic through the 1890s. Emphasizes popular culture, religious revivalism, educational institutions, reform movements, art, science, and literature and the roles of cultural elites, women, working-classes, African Americans, Native Americans and immigrants in shaping national, regional and local cultures. Same as RLST 478. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 480  US Work Class Hist Since 1780  credit: 2 to 4 Hours.
Focuses on working class formation, culture, ideas, and organization; examines daily experience of work and community life; special emphasis on race, ethnicity, and gender in the process of class formation; labor relations and the changing patterns of working class protest and accommodation. Same as LER 480. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 481  20th Century US Culture Wars  credit: 2 to 4 Hours.
What ideas does "American Culture" include? How does it incorporate diverse religious traditions as well as new scientific perspectives? How are ethnicity, gender and race important? Topics of current "cultural wars", these and other questions about cultural conflict in the US have been hotly debated for over a century. This course explores such culture wars in the 20th century US and helps students evaluate contested cultural concepts they have produced, including pragmatism, pluralism, religious diversity, scientific objectivity, economic equality, as well as "popular," "high" and "democratic" culture. Same as RLST 479. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 482  Slavery in the United States  credit: 3 or 4 Hours.
Same as AFRO 460. See AFRO 460. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

HIST 483  Race & Science  credit: 3 or 4 Hours.
Same as AFRO 466. See AFRO 466.

HIST 486  Revivalism and Evangelicalism  credit: 3 or 4 Hours.
Same as RLST 435. See RLST 435.

HIST 487  Great Books in History  credit: 3 or 4 Hours.
An approach to History through a selection of prize-winning, influential, and lasting books, the point being to consider the role of the book in History and its relation to other forms of historical interpretation, including essays, web sites, films, lectures, and exhibits. It will hone students' composition abilities through careful attention to writing, craft, and genre. Each iteration of this course will focus on a particular theme. 3 undergraduate hours. 4 graduate hours. May be repeated as topics vary to a maximum of 6 undergraduate hours or 8 graduate hours.

HIST 490  Honors Independent Study  credit: 3 Hours.
Independent reading, research, and writing under the supervision of an individual instructor. Seniors in the History Honors Program taking this course in place of the Honors Senior Thesis must complete a substantive research paper (25-30 pages). No graduate credit. May be repeated to a maximum of 6 hours. Each 3-hour class must be taken with a different instructor. Prerequisite: Admission to the History Honors Program; or junior or senior of high standing with the consent of the Director of Undergraduate Studies.
HIST 492  Historiography and Methodology  credit: 3 Hours.
A seminar for all students in the History Honors Program, to be taken no later than the spring of the Junior year. Students will study the development of the historian’s craft and will be exposed to new research methods and techniques. The course will culminate in the preparation of a research proposal for the Honors Senior Thesis, developed in consultation with an individual faculty advisor. The instructor of HIST 492 and the Director of Undergraduate Studies will assist students in the selection of an appropriate mentor. Even those students who may not be planning to write the Honors Senior Thesis must enroll in this course and prepare a research proposal. 3 undergraduate hours. No graduate credit. Prerequisite: Admission to the History Honors Program or consent of the Director of Undergraduate Studies. This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

HIST 493  Honors Senior Thesis  credit: 3 Hours.
Two-term independent research and writing project under the supervision of a faculty advisor. Students enrolled in this course must submit a completed Honors Senior Thesis at the end of the second term, for evaluation by the faculty advisor and a second reader. 3 undergraduate hours. No graduate credit. Must be repeated for a total of 6 hours. Students will receive separate grades for each semester's work. Prerequisite: Admission to the History Honors Program and consent of supervising professor; HIST 492 and HIST 495; concurrent enrollment in HIST 499 is required.

HIST 495  Honors Research & Writing Sem  credit: 3 Hours.
A topic-specific course required of all students in the History Honors Program, and meeting with HIST 498. Each student’s work will be evaluated and graded by the instructor of the HIST 498. In addition, students will complete a self-assessment exercise supervised by the Director of Undergraduate Studies. 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. Prerequisite: HIST 200 and admission to the History Honors Program. This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

HIST 497  History of Historiography  credit: 2 to 4 Hours.
An exploration of the different approaches to the conceptualization and narration of history in various times and places, with special emphasis on the social, cultural, and political role(s) of the historian. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 498  Research and Writing Seminar  credit: 3 Hours.
Capstone course required of all majors. Students will make history by researching and writing a work of original scholarship. Several of these seminars are offered each term and each focuses on a special topic, thus allowing students with similar interests to work through the process of gathering, interpreting, and organizing historical evidence under the direction of an expert in the field. The topics on offer each semester will be listed in the Class Schedule and described in the department’s course guide at http://www.history.illinois.edu. 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

HIST 499  Thesis Seminar  credit: 1 to 2 Hours.
A required seminar for all seniors writing Honor Theses in history, this course will meet throughout the year and will supplement individual students’ meetings with their primary advisors. Provides an intellectually supportive environment in which students work together on common methodological problems, share the results of their research, and critique developing projects. 1 to 2 undergraduate hours. 1 to 2 graduate hours. Approved for S/U grading only. May be repeated in separate terms to a maximum of 3 hours. Prerequisite: Admission to the History Honors Program; HIST 492; and HIST 495. Concurrent enrollment in HIST 493 is required.

History Concentration

E-mail: history@illinois.edu

Minimum required major course work normally equates to 36 hours of History courses.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction:

To be eligible for distinction, a student must be admitted to the Honors Program in History and complete its required coursework. Those admitted (ideally before the beginning of the junior year) must have earned at least a 3.5 GPA in History and a 3.25 GPA overall. They will then pursue a sequence consisting of HIST 495, HIST 492 and successful completion of either:

1. HIST 493 and HIST 499 in two consecutive semesters (in which case, the level of distinction awarded to student will be decided by the examining committee) OR
2. the completion of two approved independent research projects under the supervision of two different advisors (HIST 490). (in which case, students will be eligible for an award of distinction only (not high or highest distinction).

Minimum of 36 hours of History courses including:

Two introductory History courses at the 100 level (preliminary coursework) 6

African, Asian, Global, Latin American, Middle Eastern History courses at the 200-level or above, at least 3 hours at the 300 level or above 1

European History courses at the 200-level or above, at least 3 hours at the 300 level or above 1

U.S. History courses at the 200-level or above, at least 3 hours at the 300 level or above. 3 hours must be in U.S. Minority History. 1

Hours of history electives (at the 200-level or above). NOTE: HIST 200 and HIST 498 (or HIST 495) are required. HIST 200, HIST 495, and HIST 498 may count toward any of the area requirements or the 12 hours of History electives. For those students in the Honors Program, HIST 490 or HIST 493 may count toward any of the area requirements or the 12 hours of History electives. HIST 492 and HIST 499 must be taken as part of the 12 hours of required History electives.

Information listed in this catalog is current as of 10/2015
Of the 36 hours of History courses, students must take 6 hours in a pre-modern period, one defined as before 1600 and one defined as before 1800 (HIST 100 and HIST 142 may not be used to fulfill this requirement).  

1. HIST 493 and HIST 499 in two consecutive semesters (in which case, the level of distinction awarded to student will be decided by the examining committee) OR

2. the completion of two approved independent research projects under the supervision of two different advisors (HIST 490) (in which case, students will be eligible for an award of distinction only (not high or highest distinction)).

Prerequisites to transfer to the Teaching Concentration:

Requirements that must be completed or in-progress at the time of application to the program. These courses can be counted toward the Campus General Education requirements.

- ANTH 143  Biology of Human Behavior  
- ECON 102  Microeconomic Principles  
- ECON 103  Macroeconomic Principles  
- HIST 140  Western Civ to 1660-ACP  
- or HIST 141 Western Civ to 1660  
- HIST 142  Western Civ Since 1660  
- or HIST 143 Western Civ Since 1660-ACP

Select one of the following:

- HIST 170  US Hist to 1877-ACP  
- HIST 171  US Hist to 1877  
- HIST 172  US Hist Since 1877  
- HIST 173  US Hist Since 1877-ACP

One additional History course (HIST 200 - Intro Hist Interpretation recommended)

1 HIST 200 is required for the major and recommended for transfer into the program.

The four history courses above will count toward the 36 hours required in history courses overall to complete the concentration but only one of the 4-hour Advanced Composition History courses (HIST 140, HIST 143, HIST 170, HIST 173) may be used.

In addition to the requirements for the concentration listed below, students must complete the Teacher Education Minor in Secondary School Teaching (p. 135) (37-38 hours). See the College of Education (p. 120) for requirements of the minor. Conferral of the degree of Bachelor of Arts in Liberal Arts and Sciences prior to completion of the minor requires approval by petition to the LAS Student Affairs Office.

You must also complete 50 hours of tutoring at the secondary level and pass the Illinois Basic Skills Test. Please contact the Director of Secondary Education Programs for more information about these and all of the requirements for the teaching concentration.

and the health professions, research, organisms, and the environment. The School of Integrative Biology also sponsors two minors. The Minor in Integrative Biology is designed for students intending to have a career for which a background in integrative biology is complementary, e.g. law, technology, bioinformatics, business, scientific writing, and engineering. The Minor in Ecology and Conservation Biology prepares students for diverse careers, including environmental lawyer, environmental consultant, conservation technician, environmental educator, and environmental engineer.

- Minor in Integrative Biology (p. 453)
- Minor in Ecology and Conservation Biology (p. 453)

IB Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/IB)

**Courses**

**IB 100 Biological Sciences credit: 3 Hours.**
Introduction to biology for the non-major. In-depth focus on three contemporary problems - maintaining a livable environment, issues of human health, and evolution. Lecture and discussion. This course satisfies the General Education Criteria for: UIUC: Life Sciences

**IB 103 Introduction to Plant Biology credit: 4 Hours.**
Basic principles of growth and form, physiology, genetics, evolution, and ecology in plant biology. Lecture and laboratory. This course satisfies the General Education Criteria for: UIUC: Life Sciences

**IB 104 Animal Biology credit: 4 Hours.**
Introductory zoological concepts with emphasis on the diversity and comparative anatomy of animals and the fundamentals of physiology, genetics, evolution, and behavior. Lecture and laboratory. The laboratory includes vertebrate dissection.

**IB 105 Environmental Biology credit: 3 Hours.**
Introduction to ecological principles in relation to understanding environmental problems; lecture and discussion emphasize impacts upon ecosystems by human activities such as air and water pollution, usage of pesticides and pest control measures, expansion of agriculture in tropics and arid regions, harvesting the oceans, and development of energy sources. This course satisfies the General Education Criteria for: UIUC: Life Sciences

**IB 106 Extinction: Dinosaurs to Dodos credit: 3 Hours.**
Examines the role of extinction in shaping the history of life on Earth. Explores the "big five" extinction events - including the two mass extinctions that mark the rise and fall of the dinosaur - and other periods of rapid ecological change. Lecture and discussion examine the causes of these mass extinctions on the past, and studies how animal and plant life recovered from them. A major theme of the course will be the ongoing modern extinction crisis, the lessons we can learn from the past when addressing modern biodiversity loss, from the loss of the dodo bird in the 17th century to the threat of extinction faced by polar bears and other plants and animals today. Same as ESE 126 and GEOL 106. This course satisfies the General Education Criteria for: UIUC: Life Sciences

**Integrative Biology, School of**

Carla Caceres

286 Morrill Hall, 505 South Goodwin Avenue, Urbana

PH: (217) 333-3044

http://sib.illinois.edu/

Students in Integrative Biology (http://sib.illinois.edu/options) focus on the disciplines of genetics, physiology, behavior, ecology and evolution. In Integrative Biology, the emphasis is on bringing multiple disciplines to bear on complex scientific questions. From genomics to global change, Integrative Biology seeks to discover the complex interrelationships between organisms and the physical and biological environment in which they live. This major prepares students for careers in medicine
IB 107  Global Warming, Biofuels, Food  credit: 3 Hours.
Introduction for non-science majors to the biology and ecology underlying the likely impacts of global change on our society this century. Lecture and discussion emphasize: global warming, alternative biofuels, future food security, and conservation of biodiversity. For non-majors only.
This course satisfies the General Education Criteria for:
UIUC: Life Sciences

IB 109  Insects and People  credit: 3 or 4 Hours.
Fundamentals of insect biology as reflected in human culture; insect physiology, ecology, and behavior discussed in the context of art, literature, movies, medicine, sports, law, and history. Optional two-hour laboratory for 1 hour additional credit.
This course satisfies the General Education Criteria for:
UIUC: Life Sciences

IB 150  Organismal & Evolutionary Biol  credit: 4 Hours.
Introduction to physiology, genetics, and evolution of organisms, and their ecology and diversity.
This course satisfies the General Education Criteria for:
UIUC: Life Sciences

IB 151  Organismal & Evol Biol Lab  credit: 1 Hour.
Topics follow lecture topics in IB 150 and include labs in ecology, plant and animal function, and genetics and evolution. Designed for non-majors needing a year of biology with lab. Credit is not given for IB 151 for Integrative Biology or Molecular and Cellular Biology majors. Prerequisite: Credit or concurrent registration in IB 150.

IB 199  Undergraduate Open Seminar  credit: 0 to 5 Hours.
Approved for both letter and S/U grading. May be repeated to a maximum of 5 hours.

IB 202  Anatomy and Physiology  credit: 3 OR 4 Hours.
How animals function in acquiring, processing, and allocating resources in the face of environmental constraints. The inquiry-based laboratory emphasizes testing of hypotheses related to functioning of anatomical and physiological components of the basic systems of animals. Lecture only, 3 hours; with laboratory, 4 hours. Students must complete the laboratory portion of the course to receive 4 hours of credit. The laboratory includes vertebrate dissection. Prerequisite: IB 150 and MCB 150.

IB 203  Ecology  credit: 4 Hours.
The links between evolution and ecology, population dynamics, community structure and function, and ecosystem function on local and global scales. Basic ecology needed to understand environmental problems and to conserve biodiversity. Investigations in both field and laboratory included. Prerequisite: IB 150 and MCB 150. This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

IB 204  Genetics  credit: 3 or 4 Hours.
The fundamentals of inheritance, with an emphasis on eukaryotes. Major topics include transmission genetics, quantitative genetics, cytogenetics, genomics, genetics of development and behavior, and population genetics. Laboratory emphasizes an experimental, inquiry-based approach to modern and classical genetics. Lecture only, 3 hours; with laboratory, 4 hours. Students must complete the laboratory portion of the course to receive 4 hours of credit. Prerequisite: IB 150 and MCB 150.

IB 220  Applied Entomology  credit: 3 Hours.
Same as CPSC 270 and NRES 270. See CPSC 270. This course satisfies the General Education Criteria for:
UIUC: Life Sciences

IB 270  Evolution of Molecules & Cells  credit: 5 Hours.
The major evolutionary transitions of biomolecules and cells including: energy acquisition and metabolism; information inheritance, system regulation, and genomes; the origin of life and of the prokaryotic cell, eukaryotic cell, and multicellularity. Lecture and laboratory. Credit is not given for both IB 270 and either MCB 250 or MCB 252. Prerequisite: Admission to the IB honors biology option; credit or concurrent registration in organic chemistry.

IB 271  Organismal Biology  credit: 5 Hours.
Integrated study of the diversity and structure and function of plants and animals in evolutionary and environmental contexts. Conceptual themes and techniques of molecular and cellular levels of biological organization will be integrated as well. Lecture and laboratory. The laboratory includes vertebrate dissection. Credit is not given for both IB 271 and IB 202. Prerequisite: IB 270; good standing in the honors biology option.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

IB 299  Undergraduate Special Course  credit: 0 to 5 Hours.
Approved for letter and S/U grading. May be repeated in the same term; may be repeated in separate terms to a maximum of 6 hours.

IB 302  Evolution  credit: 4 Hours.
Broad introduction to evolutionary biology, including natural selection and microevolution, phylogeny, speciation, molecular evolution, macroevolution and the fossil records. The laboratory emphasizes a survey of biodiversity and processes and patterns of evolution. Prerequisite: IB 204 or consent of instructor.

IB 329  Animal Behavior  credit: 3 Hours.
Introductory course emphasizing how patterns of behavior promote survival, change through evolution, and are modified by the environment. Same as ANSC 363 and ANTH 342. Credit is not given for both IB 329 and ANSC 363. Prerequisite: IB 150 and MCB 150; or consent of instructor.

IB 335  Systematics of Plants  credit: 4 Hours.
Introduces the principles and methods of the identification, naming, classification, systematics, and evolution of flowering plants; includes a survey of selected flowering plant families with information on their interrelationships. Prerequisite: One of the following: IB 100, IB 101, IB 102, IB 103, or IB 150; consent of the instructor.

IB 348  Fish and Wildlife Ecology  credit: 3 Hours.
Same as NRES 348. See NRES 348.

IB 360  Evolution and Human Health  credit: 3 Hours.
Our health is inseparably tied to our evolutionary history. As a result, evolution is an important underpinning discipline for health professionals. This course first provides an overview of evolutionary processes, molecular evolution, human evolution, life history theory, and evolutionary-developmental biology. Second, it illustrates the application of these principles to our understanding of nutrition and metabolism, reproduction, disease and stress, and behavior. Third, it shows in practical terms how the principles of evolutionary medicine can be applied in medical practice and public health. Same as ANTH 360. Prerequisite: IB 302 or MCB 250 or MCB 244, or consent of instructor.
IB 361 Ecology and Human Health credit: 3 Hours.
Exploration of the emergence of infectious diseases and other human health issues from an ecological perspective, including vector-borne diseases, diseases spread from wildlife in terrestrial and aquatic ecosystems, and the role of pathogens and parasites in community and population ecology, food webs, and ecosystem functioning. Attention will be placed on how current and future global change and biodiversity loss will contribute to the increasing prevalence of human emerging diseases. Same as ANTH 361. Prerequisite: IB 203 or consent of instructor.

IB 363 Plants and Their Uses credit: 3 Hours.
Consideration of plants which are useful or harmful: their origins and history, botanical relationships, chemical constituents which make them economically important, and their roles in prehistoric and modern cultures and civilizations. Same as ANTH 376. Prerequisite: IB 102, IB 103, or IB 150; consent of instructor.

IB 364 Genomics and Human Health credit: 3 Hours.
Highlights advances in understanding the human genome, by utilizing the latest techniques in bioinformatics, i.e. acquiring, analyzing, storing, and displaying the information from the entire genome and protein sequences. The course describes the theory and practices behind modern sequencing techniques and explores the genome with a particular emphasis on the use of extensive online databases and software. Students will analyze one human disorder using bioinformatics software and databases in order to update older published literature about the genomics underpinning the disorder. Prerequisite: IB 204 or consent of instructor.

IB 368 Vertebrate Natural History credit: 4 Hours.
Introduction to the classification, life histories, adaptations, and ecology of fishes, amphibians, reptiles, birds, and mammals. Focus is on species of the Midwest region. Laboratory emphasizes identification and distribution of Illinois’ vertebrate fauna. Some Saturday field trips are required. Same as NRES 368. Prerequisite: IB 203 or NRES 219 or consent of instructor.

IB 372 Ecology and Evolution credit: 5 Hours.
Integrated study of ecology, population genetics, and evolution. Conceptual themes and techniques from the molecular, cellular, and organismal levels of biology will be integrated as well. Lecture, laboratory, and field work. Credit is not given for both IB 372 and either IB 203 or IB 302. Prerequisite: IB 271; good standing in the IB honors biology option.

IB 390 Introductory Research credit: 1 to 5 Hours.
Laboratory and/or field research and/or reading supervised by faculty members in the School of Integrative Biology. Approved for S/U grading only. May be repeated. Credit is not given for more than a combined maximum of 10 hours of IB 390 or IB 490 towards graduation for IB majors. Prerequisite: Consent of instructor.

IB 401 Introduction to Entomology credit: 3 or 4 Hours.
Integrated studies of the principal morphological, physiological, ecological and behavioral relationships among insects. Lecture and laboratory. 3 or 4 undergraduate hours. 3 or 4 graduate hours. An insect collection will be required for 4 hours credit. Prerequisite: IB 150; or consent of instructor.

IB 403 Behavioral Inference & Fossils credit: 3 or 4 Hours.
Same as ANTH 446. See ANTH 446.

IB 405 Ecological Genetics credit: 3 Hours.
Study of the genetics of natural populations, stressing empirical observations and experiments. Emphasis on recent theories of genotype/environmental interactions and their relationship to evolutionary processes. Offered in alternate years. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 204; or consent of instructor.

IB 410 Evolution and Development credit: 3 Hours.
Every animal is the product of two processes: development from an egg and evolution from its ancestors. The new field of evolutionary development biology, or "evo-devo", examines the relationship between these two processes. This course examines the developmental mechanism underlying the evolution of animal design, particularly with regard to the patterning of animal body plans and body parts. Takes an integrative approach, synthesizing data from paleontology, embryology, and genetics. Designed for students with prior coursework in evolution who are interested in understanding the mechanisms behind evolution. No previous background in development is required. Offered in alternate years. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 302 or IB 372 or consent of instructor.

IB 411 Bioinspiration credit: 3 Hours.
Focuses on how experts in biology and technological fields find inspiration in nature and use it as a model to make technological innovation and solve human problems. In the future, our day-to-day living, health, and the environment will benefit from using finding in basic research in biology for technological innovation. Topics to be explored include efficient architecture, cooperative control, robotics, multimodal sensory integration for controlling behavior, and advanced materials. 3 undergraduate hours. 3 graduate hours.

IB 416 Population Genetics credit: 3 or 4 Hours.
Same as ANSC 446. See ANSC 446.

IB 420 Plant Physiology credit: 3 Hours.
General course concerned with plant functions, including water relations, mineral nutrition, metabolism, growth, and reproduction. Same as CPSC 484. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 103 or IB 150 and MCB 150; CHEM 232; IB 202 recommended; or consent of instructor.

IB 421 Photosynthesis credit: 3 Hours.
Comprehensive description of photosynthesis. Topics include: the photosynthetic membranes, light absorption, electron and proton transfer, photophosphorylation, water oxidation, RUBP carboxylase/oxygenase, photoserepilation, whole plant photosynthesis, gas exchange and atmospheric interactions, and impacts of global environmental change. Same as BIOP 432 and CPSC 489. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 420, MCB 354, MCB 450, BIOP 401, or equivalent; or consent of instructor.

IB 424 Plant Development credit: 3 Hours.
Mechanisms underlying plant development: cytodifferentiation and the cell cycle, regulation of gene expression, inducion, determination, morphogenesis, and pattern formation. 3 undergraduate hours. 3 graduate hours. Offered in alternate years. Prerequisite: IB 103 or IB 150; and MCB 150; IB 202 recommended; or consent of instructor.

IB 426 Env and Evol Physl of Animals credit: 3 Hours.
Physiological adaptations of invertebrate and vertebrate animals to diverse aquatic and terrestrial environments and the extreme habitats embodied therein. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 150; IB 202; CHEM 232; or consent of instructor.
IB 427 Insect Physiology credit: 4 Hours.
The principal physiological and biochemical functions of insects. Lecture and laboratory. Offered in alternate years. 4 undergraduate hours. 4 graduate hours. Prerequisite: IB 202 and IB 401; or consent of instructor.

IB 428 Primate Form and Behavior credit: 3 or 4 Hours.
Same as ANTH 443. See ANTH 443.

IB 430 Animal Behavior Lab credit: 3 Hours.
Inquiry-driven laboratory course in animal behavior. Students work in groups to generate hypotheses, design experiments, collect and analyze data, and write up their results. Experiments will be carried out in both the field and lab. Discussions emphasize the scientific process, including hypothesis testing, and experimental design and statistics. 3 undergraduate hours. No graduate credit. Prerequisite: IB 329. For majors only.

IB 431 Behavioral Ecology credit: 3 Hours.
In-depth examination of areas of current interest at the interface of behavior, ecology, and evolution; focuses on communication, foraging, and social behavior. 3 undergraduate hours. 3 graduate hours. Offered in alternate years. Prerequisite: IB 329; or consent of instructor.

IB 432 Genes and Behavior credit: 3 Hours.
Concepts, methods, and problems in the analysis of the relationship between genes and behavior, the complex neurobiological processes that mediate action on behavior, in appropriate ecological and evolutionary contexts. Same as ANTH 432, NEUR 432, and PSYC 432. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 150 and IB 204; or consent of instructor.

IB 433 Comparative Vertebrate Anatomy credit: 5 Hours.
Comparative structure, evolution, and classification of chordate animals emphasizing vertebrates. Strong attention to relationships of fossils to present animals. Function of parts, their evolution, and some developmental aspects. Lab involves dissection of vertebrates. Lecture and Laboratory. Same as ANTH 434. 5 undergraduate hours. 5 graduate hours. Prerequisite: IB 202, IB 302, or consent of instructor.

IB 437 Primate Behav Endocrinology credit: 3 or 4 Hours.
Same as ANTH 437. See ANTH 437.

IB 439 Biogeography credit: 3 Hours.
Spatial and temporal patterns of biological diversity and the factors that govern the distribution and abundance of taxa. This course addresses two of its subfields: historical biogeography - the origin, dispersal, and extinction of taxa and biota; and ecological biogeography - the role physical and biotic environments have played in determining taxonomic distributions. Also explores the ecological, evolutionary, climatological, and paleontological foundations for the distribution of species and biological communities. Includes a review of many of the field's classical papers, the current synthesis of biogeographic theory, and the relevance of biogeography to modern conservation goals. Offered in alternate years. Same as ANTH 436, ESE 439, GEOG 436, and NRES 441. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 150 or other introductory biology course, or consent of instructor.

IB 440 Plants and Global Change credit: 3 Hours.
Same as CPSC 431 and NRES 431. See CPSC 431.

IB 442 Evolution of Infectious Disease credit: 3 Hours.
Same as MCB 435. See MCB 435.

IB 443 Evolutionary Ecology credit: 3 Hours.
Emphasizes the evolution of life-history strategies in plants and animals (reproductive rates, life cycles, sex ratios, breeding and mating systems) and the coevolution of animals and plants (pollination, dispersal, and herbivory). 3 undergraduate hours. 3 graduate hours. Offered in alternate years. Prerequisite: IB 203 or equivalent; IB 302; or consent of instructor.

IB 444 Insect Ecology credit: 3 or 4 Hours.
Discussion of the practical and theoretical aspects of ecology in relation to insects as individuals, populations, and communities; emphasis on the role of insects in the environment. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Offered in alternate years. Lecture only, 3 hours; with laboratory, 4 hours. Prerequisite: IB 150 and MCB 150 or consent of instructor.

IB 445 Chemical Ecology credit: 3 Hours.
Chemical bases of ecological interactions among organisms; topics include the chemical structures and functions of messenger compounds important in inter- and intraspecific interactions among plants, insects, higher animals, fungi, microbes, and their environments. 3 undergraduate hours. 3 graduate hours. Offered in alternate years. Prerequisite: IB 150 and MCB 150 and CHEM 232; or consent of instructor.

IB 447 Field Ecology credit: 1 Hour.
Study of habitats in various sections of North America during spring vacation or intersession. Outdoor cooking and camping; transportation in University cars. Additional fees may apply. See Class Schedule. 1 undergraduate hour. 1 graduate hour. May be repeated to a maximum of 3 hours. Prerequisite: IB 203, or consent of instructor.

IB 449 Limnology credit: 3 or 4 Hours.
Fresh water biology; study of the lake, pond, and river with emphasis on the physical environment as well as on the plants and animals which live in fresh water. Lectures, discussions, laboratory, and field work. Students must complete the laboratory portion of the course to receive 4 hours of credit. Offered in alternate years. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Prerequisite: IB 203 or consent of instructor.

IB 451 Conservation Biology credit: 4 Hours.
Synthesis of conservation biology with an emphasis on the preservation of biological diversity and its evolutionary potential. Laboratory includes an introduction to the use of modern molecular techniques in conservation biology, computer simulation modeling, and field conservation problem solving. Same as CPSC 436 and ENVS 420. 4 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: IB 203 or consent of instructor.

IB 452 Ecosystem Ecology credit: 3 Hours.
Distribution and structure of ecosystems on earth; integration of multiple disciplines to gain a holistic view of ecosystem function; ecosystem concepts as they apply to understand natural and anthropogenic environmental change. Offered in alternate years. Same as ESE 452 and NRES 462. 3 undergraduate hours. 3 graduate hours. Prerequisite: CHEM 102 and CHEM 104; or consent of instructor.

IB 453 Community Ecology credit: 3 Hours.
The direct and indirect interactions among species that determine the structure and composition of plant and animal communities. Emphasis will be on the maintenance of species diversity and its consequences at both local and regional scales. Offered in alternate years. Same as NRES 452. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 203 or consent of instructor.
IB 461 Ornithology credit: 4 Hours.
Structure, function, ecology, behavior, and evolution of the birds of the world; laboratory devoted to anatomy and identification; and field studies devoted to identification and behavior of birds. Independent research project and two optional weekend field trips. Same as NRES 461. 4 undergraduate hours. 4 graduate hours. Prerequisite: IB 203; or consent of instructor.

IB 462 Mammalogy credit: 4 Hours.
Classification, distribution, structure, function, life history, evolution and identification of mammals. Lecture/discussions, laboratory and field work. The laboratory includes vertebrate dissection. 4 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: IB 202 and IB 203; or consent of instructor.

IB 463 Ichthyology credit: 4 Hours.
Classification, anatomy, ecology, behavior, distribution, and evolution of fishes of the world. Emphasis is on morphological, ecological, and behavioral diversification of fishes in a phylogenetic context. Laboratory devoted to anatomy and identification. 4 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: IB 302; or consent of instructor.

IB 464 Herpetology credit: 4 Hours.
Classification, diversity, structure, function, ecology, behavior and evolution of amphibians and reptiles. Laboratory devoted to anatomy and identification. Offered in alternate years. 4 undergraduate hours. 4 graduate hours. Prerequisite: IB 302; or consent of instructor.

IB 467 Principles of Systematics credit: 4 Hours.
Comprehensive survey of the theory and methodology of systematics as they are applied today to all groups of organisms, with a practical experience in the acquisition and analysis of systematic data. 4 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: IB 302 and IB 335 or IB 468; or consent of instructor.

IB 468 Insect Classification and Evolution credit: 4 Hours.
Analytical survey of the classification and evolution of the orders and principal families of insects, with practical experience in the identification of insects at these taxonomic levels; field trips required. Lecture and laboratory. 4 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: IB 401 or consent of instructor.

IB 471 General Mycology credit: 4 Hours.
Structure, classification, and identification of fungi, including those of economic importance. Offered in alternate years. 4 undergraduate hours. 4 graduate hours. Prerequisite: IB 150 and MCB 150; IB 302 recommended; or consent of instructor.

IB 472 Plant Molecular Biology credit: 1 Hour.
The basic concepts and methodologies of measuring plant gene expression and gene product activity and constructing transgenic plants are presented and discussed. Serves as a gateway to specialized methodology approaches covered in IB 473, IB 474, and IB 475. Same as CPSC 462. 1 undergraduate hour. 1 graduate hour. Prerequisite: MCB 150 and IB 204; or consent of instructor.

IB 473 Plant Genomics credit: 1 Hour.
Provides broad overview of structural and functional genomics, including genetic and physical mapping, whole genome sequencing, comparative genomic analysis, evolution of gene families and repetitive sequences, genome-wide expression analysis. Emphasis on structural and comparative genomics with brief introduction to functional genomics and bioinformatics. Same as CPSC 467. 1 undergraduate hour. 1 graduate hour. Prerequisite: MCB 250; IB 472; or consent of instructor.

IB 474 Plant Proteomics- Metabolomics credit: 2 Hours.
Broad introduction to plant proteomics and metabolomics, including a survey of contemporary methods and their applications for protein and metabolite identifications. Proteomics will include the study of posttranslational modifications and protein-protein interactions. Metabolomics will introduce the complexities on pathway tracing and elucidation. The focus of the course is on the application of proteomic-metabolomic approaches to answer biological questions. Tours of proteomic and metabolomic facilities will occur. Same as CPSC 468. 2 undergraduate hours. 2 graduate hours. Prerequisite: MCB 354; IB 472; or consent of instructor.

IB 477 Genomics for Plant Improvement credit: 2 Hours.
Same as CPSC 466. See CPSC 466.

IB 478 Evol Genetics and Genomics credit: 3 Hours.
Same as CPSC 452. See CPSC 452.

IB 481 Biology of Disease Vectors credit: 4 Hours.
The major groups of arthropods and associated pathogens that affect the health and well-being of humans and other animals. Training will include identification, classification, methods of injury, habits, vector competence, and control of insects, ticks and mites that are predators, parasites, or vectors of disease. The course will examine and use both classical and molecular technologies to address epidemiological, ecological, and diagnostic factors associated with arthropod-borne diseases. 4 undergraduate hours. 4 graduate hours. Graduate students required to write a term paper. Offered in alternate years. Prerequisite: One year college biology, IB 401; or consent of instructor.

IB 482 Insect Pest Management credit: 3 Hours.
The principles underlying the control of important insect pests of agriculture and of human and animal health; emphasis on integrated pest management involving a systems approach which combines biological, cultural, and chemical suppressive factors into ecologically sound and socially and economically acceptable technology. Lecture and laboratory. Same as CPSC 479. 3 undergraduate hours. 3 graduate hours. Offered in alternate years. Prerequisite: IB 150 or equivalent; or consent of department.

IB 483 Insect Pathology credit: 4 Hours.
The general principles of pathology as they apply to insects; includes non-infectious and infectious diseases caused by viruses, bacteria, fungi, protozoa, and nematodes. Studies the epizootiology of naturally occurring insect disease and the use of insect pathogens as microbial control agents. Lecture and laboratory. Same as CPSC 475 and NRES 443. 4 undergraduate hours. 4 graduate hours. Offered every three years. Prerequisite: IB 150 and MCB 150 or consent of instructor.

IB 485 Environ Toxicology & Health credit: 3 Hours.
Explores toxicological, environmental, public health, occupational and ecological aspects of the use and release of toxic substances in the environment; features case histories of environmental contamination that illustrate ecological, health, and social aspects of pollution; emphasizes biochemical mechanisms and ecosystem consequences. Same as CHLH 461 and ENVS 431. 3 undergraduate hours. 3 graduate hours. Prerequisite: A college chemistry course and a college biology course; or consent of instructor.
IB 486  Pesticide Toxicology  credit: 3 or 4 Hours.  
Examines the biological effects of major classes of insecticides and 
herbicides, and of selected individual fungicides, including: toxicity 
to nontarget organisms, persistence and fate in the environment, 
biotransformation, and ecological consequences. Current regulations 
on pesticide testing will also be presented. The mechanism of action on 
target species will be discussed only in relation to effects on nontarget 
organisms. Same as CB 434 and ENVS 433. 3 undergraduate hours. 
4 graduate hours. Offered in alternate years. Prerequisite: One year 
of college chemistry and one year of college biology, or consent of 
instructor. 

IB 487  Math Modeling in Life Sciences  credit: 3 or 4 Hours. 
Same as ANSC 448 and STAT 458. See ANSC 448. 

IB 488  Environmental Stable Isotopes  credit: 3 Hours. 
Stable isotopes are powerful tools for studying environmental processes, 
acting as tracers of resource origin, fate, and flux and integrators of 
system processes. The goal of this course is to provide a fundamental 
knowledge base and hands-on training for students to become practitioners of natural abundance and enriched stable isotope 
techniques. The course will focus on stable isotopes of biologically-
relevant light elements (C, H, N, O, S). We will also review case studies demonstrating application of these techniques to disciplines including 
anthropology, animal, insect, and plant biology, biogeochemistry, 
biometeorology, ecosystem ecology, forensics, microbial ecology, 
paleoecology, and paleoecology. Offered in alternate years. Same as 
ATMS 422, GEOL 488, and NRES 478. 3 undergraduate hours. 3 graduate 
hours. Offered in alternate years. Prerequisite: CHEM 104 or equivalent; 
or consent of instructor. 

IB 489  Undergraduate Research Abroad  credit: 1 to 4 Hours. 
Students assist in research under University of Illinois faculty supervision at 
a location outside of the United States. Topics and type of assistance vary. 1 to 4 undergraduate hours. No graduate credit. May be repeated 
in separate terms up to 6 hours. Prerequisite: Evidence of adequate preparation for such study; consent of UI faculty member supervising the work (who will have examined the proposed research plan); and approval of the school. Not available to freshman. 

IB 490  Independent Study  credit: 1 to 5 Hours. 
Laboratory and/or field research supervised by faculty members in the 
School of Integrative Biology. A written report is required. 1 to 5 
undergraduate hours. No graduate credit. May be repeated. Credit is not 
given for more than a combined maximum of 10 hours of IB 390 or IB 490 
towards graduation for IB majors. Prerequisite: Consent of instructor. 

IB 491  Biological Modeling  credit: 3 or 4 Hours. 
Same as ANSC 449, CPSC 448, and GEOD 468. See GEOD 468. 

IB 492  Science Communication Skills  credit: 2 Hours. 
A successful career in scientific research, teaching and service requires tools and skills for communicating research. Students interested in 
going into science careers need to know how to write a competitive graduate school or job application, a thesis proposal for graduate research, a fellowship or grant proposal, and how to give a good scientific presentation. This course is designed to teach students these skills with targeted in and out of class exercises. No graduate credit. Prerequisite: IB 203 or IB 271; AND one of the following: IB 299, IB 390, IB 490, or consent of instructor. Junior IB majors only. 

IB 494  Theoretical Biology + Models  credit: 4 Hours. 
Biologists are increasingly using mathematical and computer-based models to complement fieldwork and experimental data. These models provide a context in which to understand and answer existing questions, and also lead us to new questions and new insights. Students will encode biological mechanisms into mathematical models, develop the skills to find solutions to these models and relate them to biological data, and analyze and discuss relevant primary literature. Examples will be drawn largely from ecology and evolutionary biology. 4 undergraduate hours. 4 graduate hours. Prerequisite: MATH 220 or MATH 221; Introductory courses in Ecology and Evolution. 

IB 495  Philosophy of Biology  credit: 3 or 4 Hours. 
Same as PHIL 473. See PHIL 473. 

IB 496  Special Courses  credit: 1 to 5 Hours. 
Experimental and temporary courses. Additional fees may apply. See 
Class Schedule. 1 to 5 undergraduate hours. 1 to 4 graduate hours. 
Approved for letter and S/U grading. May be repeated as topics vary. 
Prerequisite: Consent of instructor. 

Integrative Biology Concentration 

For the Degree of Bachelor of Science in 
Liberal Arts and Sciences 

Major in Sciences and Letters Curriculum 

E-mail: sib@illinois.edu 

The Integrative Biology Concentration provides students with a solid preparation in genetics, evolution, anatomy, physiology, ecology, and 
molecular biology. After completion of the foundational 100- and core 
200-300-level courses in IB, students complete the required advanced coursework by taking a variety of IB and other courses or focusing on 
a limited area of IB. Plans for the student’s combination of advanced courses are developed in consultation with an adviser. 

All undergraduates in this field are required to have a strong background in 
the biological and physical sciences. Students who do not begin 
mathematics, chemistry, and biology in their freshman year generally will 
be at a disadvantage. 

Students pursuing a degree in Integrative Biology will be allowed to earn 
a second degree in the Specialized Curriculum in Biochemistry. Students pursuing a degree in Integrative Biology will not be allowed to double 
major in Molecular and Cellular Biology. 

Minimum Required Courses normally equate to 66-76 hours. 

General Education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements. 

Minimum Hours Required for Graduation: 120 hours 

Integrative Biology Distinction: To be eligible for distinction a student must graduate with a grade-point average of at least 3.25 and submit a report of an independent student project (IB 490) about two months prior to graduation for approval by the Integrative Biology Distinction Committee. 

MATH 220  Calculus 4-5 
or MATH 221  Calculus I 
Statistics (an approved introductory statistics course). See 
the IB website for a course list: http://sib.illinois.edu/IB_Major 

Information listed in this catalog is current as of 10/2015
Select one group of courses: 8-10

CHEM 102 General Chemistry I
CHEM 103 General Chemistry Lab I
CHEM 104 General Chemistry II
CHEM 105 General Chemistry Lab II

or

CHEM 202 Accelerated Chemistry I
CHEM 203 Accelerated Chemistry Lab I
CHEM 204 Accelerated Chemistry II
CHEM 205 Accelerated Chemistry Lab II

Select one group of courses: 5-6

CHEM 232 Elementary Organic Chemistry I
& CHEM 233 Elementary Organic Chem Lab I
CHEM 236 Fundamental Organic Chem I
& CHEM 237 Structure and Synthesis

Select one group of courses: 8-10

PHYS 101 College Physics: Mech & Heat
& PHYS 102 and College Physics: E&M & Modern
PHYS 211 University Physics: Mechanics
& PHYS 21 and University Physics: Elec & Mag
PHYS 101 College Physics: Mech & Heat
& PHYS 211 and University Physics: Mechanics
PHYS 102 College Physics: E&M & Modern
& PHYS 21 and University Physics: Mechanics

IB 150 Organismal & Evolutionary Biol 4
MCB 150 Molec & Cellular Basis of Life 4
IB 202 Anatomy and Physiology 3 OR 4
IB 203 Ecology 4
IB 204 Genetics 4
IB 302 Evolution 4

At least 14 hours of coursework from the Approve List of Advanced Courses for IB majors, including:

At least one course from two of the following three areas:
Area I: Organismal and Evolutionary Biology
Area II: Behavior, Ecology, and the Environment
Area III: Integrative Anatomy, Physiology, and Molecular Biology

One advanced course with a laboratory and/or field component.

1 IB 202 requires animal dissection and no equivalent alternative is available. IB majors are required to enroll in the 4-hour version of this course.

Integrative Biology Honors Concentration

For the Degree of Bachelor of Science in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

Integrative Biology Honors is designed for superior students wishing to pursue an intensive program in integrative biology and, concurrently, to gain a strong background in the physical sciences and mathematics. Admission is by interview in spring of the freshman year prior to registration for fall. An overall 3.0 GPA is required to apply for admission. Integrative Biology Honors provides preparation suitable for graduate and professional training in biology, as well as for biology careers in the private and public sectors.

E-mail: honors@sib.illinois.edu (ibhonors@life.illinois.edu)

Minimum required courses normally equate to 82-89 hours including 25 hours of 300- and 400-level courses.

Students earning the Integrative Biology Honors Concentration will automatically complete the Chemistry minor.

Students pursuing a degree in Integrative Biology Honors will be allowed to earn a second degree in the Specialized Curriculum in Biochemistry. Students pursuing a degree in Integrative Biology Honors will not be allowed to double major in Molecular and Cellular Biology.

General education: Students must complete the Campus General Education requirements (https://courses.illinois.edu).

Minimum hours required for graduation: 120 hours

Departmental distinction: Candidates for distinction must:

1. Consult with an IB Honors adviser no later than the beginning of their junior year to discuss their proposed research plan.
2. Present an acceptable written report on the research to the Integrative Biology Distinction Committee about two months prior to graduation. The research must have been an in-depth experience and produced substantial results to be considered eligible for distinction. Additional details on requirements, procedures, and deadlines are available at sib.illinois.edu (http://www.sib.illinois.edu).

Students must consult with their Integrative Biology honors adviser at least once each semester.

IB 150 Organismal & Evolutionary Biol 4
MCB 150 Molec & Cellular Basis of Life 4
IB 270 Evolution of Molecules & Cells 5
IB 271 Organismal Biology 5
IB 372 Ecology and Evolution 4
MATH 220 Calculus 4-5
or MATH 221 Calculus I 4
MATH 231 Calculus II 3
MATH 241 Calculus III 4
Select one group of courses: 14-16

CHEM 102 General Chemistry I 2
CHEM 103 General Chemistry Lab I
CHEM 104 General Chemistry II
CHEM 105 General Chemistry Lab II
CHEM 236 Fundamental Organic Chem I
CHEM 237 Structure and Synthesis

Information listed in this catalog is current as of 10/2015
Minor in Integrative Biology

The minor, administered by the School of Integrative Biology, is designed for students intending to have a career in a field other than biology, but for whom a background in biology is nevertheless complementary, e.g. law, technology, bioinformatics, business, scientific writing, and engineering. A minor in integrative biology provides an understanding of fundamental principles for one major subdiscipline of biology, whether this be organismal and evolutionary biology; behavior, ecology and the environment; or integrative anatomy, physiology, and molecular biology.

Students must contact an SIB advisor for acceptance into the minor.

Web address for School advising information: sib.illinois.edu/advising/ (http://sib.illinois.edu/advising).

Two additional courses at the 300 or 400 level (3-4 hours, some 5 hours) These courses to be selected from IB Area Courses: http://sib.illinois.edu/courses/area_courses. The prerequisite course(s) must be taken if specified by an advanced course.

Total Hours: 16-20

Other possible combinations of courses are possible for the Integrative Biology minor, if an SIB advisor approves the combination.

Interdisciplinary Studies

LAS Program Advisor: Associate Dean for the Humanities
Program Office: 2090 Lincoln Hall, 702 South Wright Street, Urbana www.las.illinois.edu (http://www.las.illinois.edu)

Interdisciplinary Studies Majors

Departments in the College of Liberal Arts and Sciences, in addition to their own disciplinary majors, have developed and sponsor an interdisciplinary program of study, which encompasses several distinct programs designed to acquaint students in a coherent manner with topics that cross disciplinary boundaries. Administered by the College
of Liberal Arts and Sciences, the interdisciplinary studies major includes program concentrations in American Civilization, Jewish Studies, Medieval Civilization, and Renaissance Studies. Although it is not possible to offer concentrations in all specialties or topics of humanistic study, students whose interests do not coincide with one of the specific concentrations are encouraged to consider developing their own programs through the Individual Plans of Study (IPS) major. Enrollment in the major in interdisciplinary studies requires election of one of the concentrations. The College of Liberal Arts and Sciences also sponsors an Interdisciplinary Minor in Science and Technology in Society.

Each concentration of the major in interdisciplinary studies is supervised by faculty members whose own scholarship and educational interests have involved them in interdisciplinary teaching and research. An advisor for students is available in each concentration and is responsible for approving students’ plans of study.

For the Degree of Bachelor of Arts in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

E-mail: ips@illinois.edu

Minimum required major and supporting course work equates to 45-51 hours.

General education: Students must complete the Campus General Education requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction. To be eligible for graduation with distinction, a student must have a college grade point average of 3.5, a major concentration grade point average of 3.5, completion of HUM 498 with a grade of A, and completion of a semester paper in HUM 498 that is judged to be deserving of "distinction" by a committee of at least two faculty members.

High distinction. To be eligible for graduation with high distinction, a student must have a college grade point average of 3.5, a major concentration grade point average of 3.7, and must have completed HUM 492 (instead of HUM 498) with a grade of A and a thesis in HUM 492 that is judged to be deserving of "high distinction" by a committee of at least two faculty members.

Requirements for the Major

Elect one of the concentrations offered within the major and file a concentration declaration with the LAS Student Academic Affairs Office no later than the end of the first semester of the junior year. Students who do not begin work on concentration requirements by the junior year will be at a disadvantage.

Select specific courses counted toward completion of a concentration with the advice and approval of the concentration advisor, subject to specific concentration requirements. Students are strongly encouraged also to enroll in 6-7 hours of Western civilization (HIST 140 or HIST 141 and HIST 142 or HIST 143, or CWL 241 and CWL 242).

For the elected concentration, complete the stated minimum number of hours in courses applicable toward the major and in accord with the distribution requirements listed below; at least 25 hours must be at the 200,300 or 400 level.

All campus General Education and foreign language requirements must be satisfied.

- American Civilization Concentration (p. 455)
- Jewish Studies Concentration (p. 456)
- Medieval Civilization Concentration (p. 456)
- Renaissance Studies Concentration (p. 457)

Minor in Science and Technology in Society

The Interdisciplinary Minor in Science and Technology in Society requires students to integrate and synthesize a wide variety of materials. Students will enrich their experiences in diverse disciplines with a substantive engagement with science studies. Required courses in the minor emphasize critical and creative thinking and many courses require substantial writing and research. This minor is administered by the LAS Student Academic Affairs Office.

All courses must be selected in consultation with the adviser from the list of courses approved for the minor. No more than 3 hours of course work may be 100-level. Students must maintain a 3.0 GPA in course work in the minor.

Courses

LAS 101 Freshman Seminar credit: 1 Hour.
Orientation seminar for first-year students enrolled in LAS curricula. Prepares students for collaborative learning environments through campus orientation, study skills, and project-based assignments. Introduces students to the multiple perspectives represented by the Humanities, the Social Sciences, and the Physical and Life Sciences, and helps them appreciate the strengths and weaknesses of both qualitative and quantitative data in addressing real world problems. Prerequisite: Restricted to first-year students in LAS.

LAS 110 Workshop-Tutorial credit: 0 to 4 Hours.
Independent study and experimental seminars open to Unit One students and to others; specific offerings vary each term. Approved for letter and S/U grading. May be repeated if topics vary. Credit toward college or departmental requirements is contingent upon approval by the appropriate unit. A total of 12 hours of LAS 110 credit may be applied toward graduation in the College of Liberal Arts and Sciences. Prerequisite: Unit One students or consent of Unit One Director.

LAS 122 Leadership and Society credit: 1 Hour.
Engages first-year LAS honors students in the realms of citizenship, stewardship and leadership for the 21st century. En route to becoming competent and agile learners, first-year honors students experience an orientation to Illinois that fosters greater awareness and knowledge of campus resources and an examination of scholarly and personal leadership, global issues, and civic engagement. The course serves as a means for students to enhance their independence, cultural awareness and connection to community. Students work with a small cohort of peer scholars in a one-hour weekly graded session led by an upper-level LAS James Scholar peer mentor. Students are expected to work together and individually on projects involving community partners and campus groups. Assignments will incorporate the concept of service in connection with civic engagement.

LAS 199 Undergraduate Open Seminar credit: 5 TO 5 Hours.
Credit: 5 to 5 hours. Same as GCL 199. May be repeated.

LAS 290 FLAS Seminar credit: 0 to 12 Hours.
Foreign Language and Area Studies Off-Campus Studies provides campus credit for off-campus study by undergraduate Foreign Language and Area Studies Fellows. Final determination of appropriate credit is made by a faculty review committee upon completion of the student’s approved foreign language program. May be repeated in separate terms to a maximum of 12 hours. Prerequisite: Junior standing; intermediate or advanced study of a less-commonly taught language; awarding of FLAS fellowship by campus Title VI National Resource Center; prior review and approval of the student’s program by Center’s FLAS Fellowship Coordinator.

LAS 299 LAS Study Abroad credit: 0 to 18 Hours.
Provides credit toward the undergraduate degree for study at accredited foreign institutions or approved overseas programs. Final determination of credit is made upon the student’s completion of the work. Approved for letter and S/U grading. (Summer session, 0 to 8 hours). May be repeated to a maximum of 36 term hours per academic year or to a total of 44 term hours, all of which must be earned within one calendar year. Prerequisite: One year of residence at UIUC, good academic standing, and prior approval of the major department and the College of Liberal Arts and Sciences.

LAS 399 Leadership & Prof Development credit: 3 Hours.
Leadership and professional development seminar for LAS 101 and LAS 122 student interns. Interns will learn teaching, mentoring, leadership and professional skills that will enable them to lead a section of LAS 101 or LAS 122 and share their successful academic experiences with first-year undergraduate students. Interns will help their students develop the skills necessary to succeed at the U of I. May be repeated in separate terms to a maximum of 6 hours. Prerequisite: Instructor approval required.

LAS 490 LAS Advanced Seminar credit: 1 to 6 Hours.
See Class Schedule for current topics. 1 to 6 undergraduate hours. Approved for letter and S/U grading. May be repeated in the same or separate terms to a maximum of 6 hours.

LAS 494 Senior Project credit: 2 or 4 Hours.
For students seeking graduation with distinction in IPS. 2 or 4 undergraduate hours. No graduate credit. May be repeated to a maximum of 4 undergraduate hours. Prerequisite: Consent of instructor and IPS Advisory Committee; open only to students whose major is IPS and who have a cumulative grade point average of at least 3.25.

American Civilization Concentration

This concentration offers a comprehensive introduction to the study of American civilization primarily through the study of art, history, literature, philosophy, and the social sciences.

Two introductory courses chosen with the approval of the concentration advisor; the introductory courses should provide a broad overview of the development of American culture; for example, HUM 141 and HUM 142.

Nine hours selected from the following:
- ENGL 250 The American Novel to 1914
- ENGL 251 The American Novel Since 1914
- ENGL 255 Survey of American Lit I
- ENGL 259 Afro-American Literature I
- ENGL 260 Afro-American Literature II
- ENGL 449 American Lit 1820-1865
- ENGL 450 American Lit 1865-1914
- ENGL 451 American Lit 1914-1945
- ENGL 462 Topics in Modern Fiction

Nine hours selected from the following:
- HIST 270 United States History to 1815
- HIST 271 Nineteenth Century America
- HIST 272 Twentieth Century America
- HIST 370 Colonial America
- HIST 371 The American Revolution
- HIST 373 Origins of the Civil War

Select in consultation with the concentration advisor from courses offered in the departments of anthropology, economics, geography, political science, and sociology. Substitutions for any of the above specific courses may be permitted with the approval of the concentration advisor only in exceptional cases.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours). Please see your advisor.

### Jewish Studies Concentration

The Program in Jewish Culture & Society (http://www.jewishculture.illinois.edu/academics/major) sponsors this concentration.

This concentration provides the student with knowledge of the Hebrew language, the opportunity to begin a study of Yiddish, and a broad appreciation of Jewish religion, culture, and history.

One course at the 100 or 200 level from each of the following clusters in the Jewish Studies Minor: Religion, Culture, and History. List maintained by the Advisor in the Program in Jewish Culture and Society Office.

Three courses at the 300 level or above from any of the four clusters in the Jewish Studies Minor: Religion, Culture, History, and Language. List maintained by the Advisor in the Program in Jewish Culture and Society Office.

All substitutions must be approved by the Advisor in the Program in Jewish Culture and Society Office (http://www.jewishculture.illinois.edu/academics/major).

Substitution for specific courses listed above will be approved by the concentration advisor only in exceptional cases.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours). Please see your advisor.

### Medieval Civilization Concentration

The Program in Medieval Studies (http://www.medieval.illinois.edu/education/undergrad) sponsors this concentration.

This concentration introduces students to medieval (ca. 500- ca. 1500 CE) cultures across the world, providing them with an understanding of periods and movements, institutions, material culture, ideas, beliefs, and values of the diverse cultures that comprise the medieval globe. The coursework spans both geographic regions and disciplines to introduce students to the breadth of medieval cultures as well as to the diversity of methods and perspectives for their study.

The concentration includes a minimum of 45 hours, divided into (I) an introductory course in global medieval literatures and cultures; (II) geographical distribution coursework as specified below; (III) advanced medieval coursework selected by the student in consultation with a Medieval Studies faculty advisor; and (IV) a capstone experience involving an intensive writing and research project. Because Medieval Studies is an interdisciplinary field of study, students are urged to consult with a Medieval Studies faculty advisor to ensure that they take a diverse range of courses providing some exposure to the fields of History and Anthropology; Literature; the Arts; and Philosophy or Religion. Although study of medieval languages is not a requirement, students who intend to pursue graduate study in Medieval Studies should complete at least two courses in an appropriate language; up to twelve hours of appropriate language study can be applied to the Additional Medieval Studies Coursework.

**Additional Medieval Studies Coursework**

Medieval-related coursework from participating departments selected in consultation with the concentration advisor. At least 12 hours must be at the 300- or 400-level. A list of courses in Medieval Studies is maintained on the Medieval Studies Program website. Up to 12 hours of appropriate language study can be applied to meet this requirement with approval of a Medieval Studies faculty advisor.

**Capstone Experience**

A capstone experience (normally in the student’s senior year) involving intensive interdisciplinary research and writing on a medieval topic. Any 400-level MDVL course (or medieval-related course not cross-listed with MDVL, with the approval of a Medieval Studies faculty advisor) can be designated as a capstone experience with approval of the instructor. For the course to qualify as a capstone experience, the student must undertake a substantial research project that supplements the standard course requirements, in the form either of an additional project or of a longer and more research-intensive version of an existing course project. The project must involve both primary and secondary research using advanced disciplinary methodologies and resources.

<table>
<thead>
<tr>
<th>Total Hours</th>
<th>45</th>
</tr>
</thead>
</table>

1. A student may substitute the "Medieval World" section of HIST 100, by petition to a Medieval Studies faculty advisor. Only the section of HIST 100 devoted to the Middle Ages may be substituted.

2. A student may substitute up to 6 hours in geographical distribution coursework with courses on the medieval civilizations of the Americas: ANTH 277, ANTH 278, or both. However, at least one course must still be taken from each of the three regional areas.

3. List of courses to fulfill Additional Medieval Studies Coursework. (http://www.medieval.illinois.edu/education/undergrad)

4. A student may also petition to satisfy the capstone experience by enrolling in MDVL 500, Seminar in Medieval Studies. Enrollment requires approval of the instructor and Director of the Program in Medieval Studies.

Substitution for specific courses listed above will be approved by the concentration advisor only in exceptional cases.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours). Please see your advisor.

**Renaissance Studies Concentration**

This concentration incorporates course work in the Renaissance and related periods and places an emphasis on independent study and the completion of research papers in the junior and senior years.

NOTE: Students must acquire a reading knowledge of a variable foreign language relevant to their interests in Renaissance study, selected in consultation with the concentration advisor. These hours will not count towards the minimum of 45 hours required for this concentration.

Renaissance-related course work in a single discipline at the 200 to 400 level from among the following: art, history, literature, or music.

Renaissance-related course work in the following areas with at least one course in each: art, history, music, philosophy, and literature. At least one of these courses must be in classical literature or culture.
HUM 397  Special Topics Junior (An advanced-level course with a Renaissance focus may be substituted with the approval of the advisor.)  3

HUM 498  Special Topics Senior (which will lead to the completion of a significant research paper)  3

Substitution for specific courses listed above will be approved by the concentration advisor only in exceptional cases.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours). Please see your advisor.

Jewish Culture and Society, Program in

Brett Kaplan, Interim Director
608 South Wright Street, Urbana, Illinois 61801
PH: 217-333-7978
www.jewishculture.illinois.edu (http://www.jewishculture.illinois.edu)

Interdisciplinary Minor in Jewish Culture and Society

The Program in Jewish Culture and Society offers an interdisciplinary minor and a concentration in Jewish Studies (through the LAS Interdisciplinary Studies Major (p. 456)).

E-mail: jewishculture@illinois.edu

One course in the cluster of Religion, chosen from a list of courses maintained by the Advisor in the Program in Jewish Culture and Society Office.  3

One course in the cluster of Culture, chosen from a list of courses maintained by the Advisor in the Program in Jewish Culture and Society Office.  3

One course in the cluster of History, chosen from a list of courses maintained by the Advisor in the Program in Jewish Culture and Society Office.  3

Electives within the minor. Students may choose additional courses from any of the three clusters or can choose from the following language courses:  9

HEBR 199  Undergraduate Open Seminar
HEBR 205  Intensive Biblical Hebrew
HEBR 403  Intermediate Modern Hebrew I  1
HEBR 404  Intermediate Modern Hebrew II  1
HEBR 405  Advanced Modern Hebrew I
HEBR 406  Advanced Modern Hebrew II
HEBR 407  Topics Hebrew Lang & Lit I
HEBR 408  Topics Hebrew Lang & Lit II
YDSH 103  Intermediate Yiddish I
YDSH 104  Intermediate Yiddish II

Total Hours  18

Of the 18 required hours, two courses (6 hours) must be 300- or 400-level courses. HEBR 403 and HEBR 404 cannot be used to satisfy this requirement.

1  HEBR 403 and HEBR 404 cannot be used to satisfy LAS Advanced Hours requirement (http://www.las.illinois.edu/students/requirements/minimum) or the 6 hours of 300- or 400-level courses for the Jewish Culture and Society Interdisciplinary Minor.

No more than 6 hours (two courses) may be at the 100 level.

The 18 hours selected by students for a minor in Jewish Culture and Society should form a coherent program and must be approved by the undergraduate advisor for the Program in Jewish Culture and Society.

A list of courses, regularly updated by the Program in Jewish Culture and Society, is available from the Program Office, 109 English Bldg., 608 South Wright Street, Urbana, Illinois, 61801.

JS Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/JS)

Courses

JS 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
Faculty offer seminars in a range of areas that provide an opportunity for undergraduates to be exposed to key dimensions of Jewish Studies. May be repeated in the same or separate terms to a maximum of 10 hours.

JS 211  War & Peace in Israeli Lit  credit: 3 Hours.
Same as CWL 211 and SAME 211. See CWL 211.

JS 341  Love & Sex in Hebrew Lit  credit: 3 Hours.
Same as CWL 341, RLST 340 and SAME 341. See CWL 341.

JS 399  Special Topics  credit: 3 Hours.
Faculty offer special topics in their areas of expertise that provide an opportunity for undergraduates to be exposed to some of the most current developments in faculty research. May be repeated in the same or separate term to a maximum of 9 hours.

JS 454  Topics in Israeli Lit &Culture  credit: 3 or 4 Hours.
Same as CWL 454 and SAME 454. See CWL 454.

JS 495  Independent Study  credit: 2 to 4 Hours.
Readings in selected fields in consultation with the instructor along with the completion of a specified writing assignment. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in the same term to a maximum of 4 undergraduate hours or 8 graduate hours. May be repeated in separate terms to a maximum of 8 undergraduate hours and 16 graduate hours. Prerequisite: Consent of instructor.

Latin American and Caribbean Studies, Center for

Anna Maria Escobar, Director of Center
201 International Studies Building, 910 South Fifth Street, Champaign
PH: (217) 333-3182
http://www.clacs.illinois.edu

A major in Latin American Studies, which is administered by the Center for Latin American and Caribbean Studies, provides an integrated exploration of a major world area. Depending upon the student’s interests and career aspirations, individual programs of study are designed in close consultation with the Associate Director of the Center, who also serves as the academic adviser. Consultation revolves around the career goals
of the student. The undergraduate program reflects an integrative, cross-disciplinary approach, and courses must be taken in at least three of these five areas or perspectives:

1. anthropological and geographical;
2. historical;
3. humanistic;
4. social, political, and economic;
5. ecological and environmental.

Courses for the major must be selected in consultation with the Associate Director of the Center.

Students are also expected to demonstrate a substantial command of a Latin American language (Spanish, Portuguese, Quechua or other Native American language indigenous to Middle or South America), either by passing a proficiency examination or through advanced courses of Latin American language(s) beyond the general Liberal Arts and Sciences language requirement.

**Major in Latin American Studies**

**Major in Sciences and Letters Curriculum**

E-mail: clacs@illinois.edu

Degree title: Bachelor of Arts in Liberal Arts and Sciences

Minimum required major and supporting course work equates to 45 hours

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: To be eligible, a student must achieve at least a 3.5 grade point average in the major, complete a senior thesis, and receive the approval of the center’s research committee.

LAST 170 Introduction to Latin America 2
LAST 490 Individual Study 2
3

Approved courses with Latin American content including courses in the following perspectives: 4

- Historical Perspective. Normally courses in history.
- Social, Political, and Economic Perspective. Normally courses in sociology, rural sociology, political science, economics, and agricultural economics.
- Ecological and Environmental Perspective. Normally courses in biology, forestry, and physical anthropology (primatology).

When appropriate, approved courses with Latin American content in other scientific and professional areas may be substituted for courses in the five perspectives listed above with the consent of the Associate Director of the Center for Latin American and Caribbean Studies.

Advanced conversation and composition in a Latin American language (Spanish, Portuguese, Quechua or other Native American language indigenous to Middle or South America) beyond the level specified by the LAS language requirement, or the equivalent as demonstrated by special examination. Students successfully completing the examination are expected to use these 5 or 6 hours in approved courses of Latin American content from any of the above perspectives (including literature courses). At the end of their language study, all students are urged to take an oral proficiency test based on ACTFL guidelines.

1 Each student’s course of study is devised in consultation with the Associate Director of the Center for Latin American and Caribbean Studies and is subject to the Associate Director’s approval.
2 Normally taken in the freshman or sophomore year.
3 Normally taken in the senior year.
4 Includes 12 hours in one of the listed perspectives, 9 semester hours each in two other perspectives. Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

**Interdisciplinary Minor in Latin American Studies**

The Center for Latin American and Caribbean Studies offers an interdisciplinary minor for students majoring in another discipline. The minor in Latin American Studies consists of a total of 21 credit hours selected from offerings by the Center and various departments. This program must be approved by the Associate Director.

The minor is for those students who wish to concentrate their work in a specific discipline yet maintain a Latin American focus in their coursework. For students completing a major sponsored by the College of Liberal Arts and Sciences, the department or unit sponsoring the student’s major must approve the minor.

E-mail: clacs@illinois.edu

Web address for department: http://www.clacs.illinois.edu

Two courses in a Latin American language (Spanish, Portuguese, Quechua or other Native American language indigenous to Middle or South America) beyond the level specified by the LAS language requirement, or the equivalent as demonstrated by special examination. At the end of their language study, all students are urged to take an oral proficiency test based on ACTFL guidelines.

Courses drawn from the Latin American Studies curriculum. The curriculum normally consists of courses with 50 percent or more Latin American content and is defined according to a list maintained and regularly updated by the Center for Latin American and Caribbean Studies. Courses include:

LAST 170 Introduction to Latin America
The Undergraduate Major in Latina/Latino Studies explores the experiences and lives of Latina/os in the context of the United States. The major provides a broad and deep approach to theory, research, and multidisciplinary study of the Latina/o experience. Students will complete 34 hours of required and elective courses, and a minimum of 18 hours of supporting course work or a minor in an area outside of the major. Students majoring in Latina/Latino Studies receive excellent preparation for graduate study or careers in education, social and welfare policy, counseling, law, public policy, and other fields that address Latino issues.

**Major in Latina/Latino Studies**

**Major in Sciences and Letters Curriculum**

Minimum required hours: 52 hours required, including 34 hours in Latina/Latino Studies courses

General education: The LAS General Education requirements will fulfill the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Advising: The Department of Latina/Latino Studies provides advising for students. Students will also be assigned a faculty advisor to help plan a coherent program in their selected area of study.

Departmental distinction: To graduate with distinction in Latina/Latino Studies, a student must have at least a 3.25 overall GPA, a minimum 3.5 GPA in the major, and complete a senior honors thesis. To complete the honors thesis requires a student to enroll in four hours of LLS 495, normally distributed evenly across two consecutive semesters. Students graduating with at least a 3.5 GPA in the major (and meeting the other conditions) will be awarded Distinction; those with at least a 3.7 GPA in the major will be given High Distinction.

LLS 100 Intro Latina/Latino Studies 3
LLS 385 Theory and Methods in LLS 3

**Thematic Areas**

Students must take two courses in each of the following three areas. A list of courses is maintained in the Department’s office.

A. Literature, Media and Culture 6
B. Race, Gender, and Sexualiy 6
C. History, Politics, and Society 6

LLS 490 Senior Research Project 4
or LLS 495 Senior Honors Thesis

LLS Electives selected from the list of all LLS and cross-listed LLS classes

Supporting coursework chosen in consultation with an advisor; may be a campus approved minor 18

Total Hours 52

---

Jonathan Inda, Chair
Office: 1207 W. Oregon Street, Room 127A, Urbana
PH: (217) 265-0370

http://www.lls.illinois.edu

Email: lls-studies@illinois.edu

UIUC: Social Sciences

Information listed in this catalog is current as of 10/2015
Interdisciplinary Minor in Latina/Latino Studies

The Interdisciplinary Minor in Latina/Latino Studies will allow students following any major plan of study to gain extensive knowledge in Latina/Latino Studies by completing seven courses (at least 21 credit hours) chosen in consultation with the Department of Latina/Latino advisor. The courses must form a coherent program of study and be approved by the Department of Latina/Latino Studies or Latina/Latino Studies advisor.

LLS 100 Intro Latina/Latino Studies 3
LLS 385 Theory and Methods in LLS 3

Thematic Areas

Students must take one course in each of the following three areas. A list of courses is maintained in the Department’s office.

A. Literature, Media, and Culture 3
B. Race, Gender, and Sexuality 3
C. History, Politics, and Society 3

2 elective courses selected from the list of all LLS and cross-listed LLS classes 6

Total Hours 21

No more than 3 hours may be at the 100 level and at least 6 hours must be 300 and 400-level courses.

Students must officially declare their minor by registering with the Latina/Latino Studies advisor.

Completion of the program requires a minimum grade point average of 2.75 (A+ = 4.0) in Latina/Latino Studies courses.

LLS Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/LLS)

Courses

LLS 100 Intro Latina/Latino Studies credit: 3 Hours.
Interdisciplinary introduction to the basis for a Latina/Latino ethnicity in the United States. Topics include immigration and acculturation experiences and their commonalities and differences, comparison of Latina/Latino experiences to those of other racial, ethnic and immigrant groups, and the potential for a pan-ethnic identity. This course satisfies the General Education Criteria for:
UIUC: Social Sciences
UIUC: US Minority Culture(s)

LLS 199 Undergraduate Open Seminar credit: 1 to 5 Hours.
May be repeated.

LLS 201 US Racial & Ethnic Politics credit: 3 Hours.
Same as AAS 201, AFRO 201, and PS 201. See PS 201. This course satisfies the General Education Criteria for:
UIUC: Social Sciences
UIUC: US Minority Culture(s)

LLS 215 US Citizenship Comparatively credit: 3 Hours.
Same as AAS 215, AFRO 215, AIS 295, and GWS 215. See AAS 215. This course satisfies the General Education Criteria for:
UIUC: HistPhilos Perspect
UIUC: US Minority Culture(s)

LLS 220 Mexican & Latin Am Migration credit: 3 Hours.
General overview of international migration to the United States, using Latin American migration to the U.S., especially the Midwest, as the focal point. Topics discussed include the history of international migration to the United States, the relationship between history and the contemporary context, the development of U.S. immigration policy, the incorporation of Latino immigrants in U.S. society, and immigrant and community responses to migration. Same as SOC 221.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

LLS 227 Latina/Latinos in Contemp US credit: 3 Hours.
Same as SOC 227. See SOC 227.
This course satisfies the General Education Criteria for:
UIUC: US Minority Culture(s)

LLS 230 Latina/o Genders & Sexualities credit: 3 Hours.
Survey of major theories and debates surrounding the gendered and sexualized dimensions of the Latina/o experience in the United States. The course is comprised of three major units: Gender, Sexuality, and Sex. In these units, students will read about and discuss issues pertaining to femininity/masculinismo, masculinity/machismo, family/familism, desire, sexual behavior, sex work, sexual and gendered violence, and gendered and sexualized representations in pop culture. Same as GWS 230.

LLS 238 Latina/o Social Movements credit: 3 Hours.
Focuses on the history and theory of Latina/o social movements. Topics include immigrant mobilizations, transnational organizing, agrarian and farm worker movements, political representation, feminisms and reproductive rights, environmental justice, labor and educational struggles, and urban social movements. Same as HIST 292.

LLS 240 Latina/o Popular Culture credit: 3 Hours.
Provides an introduction to Latina/o popular culture in the United States. Specific modes of popular culture might include mass media, music, film, video, performance, and other expressive forms. Lecture and readings are in English. Same as ENGL 224 and SPAN 240.

LLS 242 Intro to Latina/o Literature credit: 3 Hours.
Survey of literature by and about people of Mexican, Puerto Rican, Cuban, and other Latina/o descent in the United States. Taught in English. Same as ENGL 225 and SPAN 242.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

LLS 246 Gender&Sexuality Latina/o Lit credit: 3 Hours.
Same as SPAN 246. See SPAN 246.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

LLS 250 Latina/os on the Bronze Screen credit: 3 Hours.
Critical, historical, and theoretical exploration of Latinos representations in U.S. film from the 1900s to the present. Examination of cinematic representations as well as the social, political, and cultural context in which those representations are produced. The focus is on Mexican American and Puerto Rican images, but Hollywood’s treatment of other Latinos communities and ethnic groups will be discussed. Students will be required to attend weekly movie screenings. Same as MACS 250.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)
LLS 258 Muslims in America  credit: 3 Hours.
Same as AAS 258 and RLST 258. See AAS 258.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences
UIUC: US Minority Culture(s)

LLS 259 Latina/o Cultures  credit: 3 Hours.
Same as ANTH 259. See ANTH 259.

LLS 260 Graffiti and Murals  credit: 3 Hours.
Same as ARTH 260. See ARTH 260.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

LLS 265 Politics of Hip Hop  credit: 3 Hours.
Examines hip hop as politics, culture, and commodity. Emphasis given to hip hop's relation to urban spaces deeply impacted by state surveillance, cuts in social welfare programs, immigration, and the global restructuring of capital. Also considers the viability of a "politics of hip hop" in the wake of the music's rising value as a global commodity and analyzes hip hop as a transnational site in which gendered and sexual identities are created, contested, and rearticulated. Same as AAS 265.

LLS 278 Mapping Latina/o Inequalities  credit: 3 Hours.
Explores contemporary structural forces that contribute to the concentration of Latinas/os in segregated neighborhoods, and the detrimental effects of housing inequality on Latina/o communities. Focuses on the influence of geographic context in creation and maintenance of racial inequalities as they affect urban, suburban, and small town locals. Further examines the role of space and place in the development and persistence of community identities. Same as AAS 278.

LLS 279 Mexican-American History  credit: 3 Hours.
Examination of the history of Mexican Americans living within the United States from the Spanish Conquest to the twentieth century. Explores the process of migration, settlement, assimilation, and discrimination with emphasis on continuity and change in Mexican cultural development. Same as HIST 279.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

LLS 280 Caribbean Latina/o Migration  credit: 3 Hours.
Same as HIST 280. See HIST 280.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

LLS 281 Constructing Race in America  credit: 3 Hours.
Same as AAS 281, AFRO 281, and HIST 281. See HIST 281.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

LLS 296 Topics Latina/o Studies  credit: 3 Hours.
Course examines specific topics in Latina/Latino Studies not addressed in regularly offered courses. Examples include theories of ethnic identity, historical foundations, cultural expression, and relevant topics in public policy studies of Latina/Latino communities. May be repeated in same or separate terms to a maximum of 6 hours.

LLS 301 19thC US Latina/o Lit-ACP  credit: 4 Hours.
Focuses on the fiction (historical novels and poetry) as well as the critical essays of the 1848 Mexican-American War and the 1898 Spanish-American War, the two key 19th century events that determined the status of the people of the Caribbean and Mexican descent in the United States. Prerequisite: Completion of campus Composition I general education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

LLS 308 Spanish in the United States  credit: 3 Hours.
Same as SPAN 308. See SPAN 308.

LLS 310 Race and Cultural Diversity  credit: 4 Hours.
Same as AAS 310, AFRO 310, and EPS 310. See EPS 310.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: US Minority Culture(s)

LLS 316 Latina/Latino Politics  credit: 3 Hours.
Same as PS 316. See PS 316.

LLS 320 Gender & Latina/o Migration  credit: 3 Hours.
Study of the gendered social process of international immigration, focusing on Latin American migration to the United States. Established theories of migration, the history of international immigration to the U.S., and historical and contemporary Mexico, Caribbean and Central American migration flows will be discussed in great detail. Primary focus on how gender shapes the migration experiences of immigrants and the gendered impact of migration on the economic, political, and social status of individuals. Same as SOC 321 and GWS 320. Prerequisite: LLS 100 or SOC 100.

LLS 335 Race and Mixed Race  credit: 3 Hours.
Explores the history of racial classification in the U.S. with special attention to the census and the role of the state more generally in defining race. Emphasis on how race-mixing has been understood in American culture, and on the current literature on "multiracials" and the future of "race" in the U.S. Readings are drawn from interdisciplinary sources, but examined from a sociological perspective. Same as AAS 335 and SOC 335. Prerequisite: Any lower division LLS or SOC or AAS course.

LLS 339 Adv Topics in Latina/o US  credit: 3 Hours.
Same as ANTH 339. See ANTH 339.
This course satisfies the General Education Criteria for:
UIUC: US Minority Culture(s)

LLS 360 Contemporary US Latina/o Lit  credit: 3 Hours.
Focuses on the major U.S. Latina/Latino writers and texts and their depictions of the events that have shaped 20th- and 21st-Century U.S. Latina/Latino cultures.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

LLS 370 Latina/o Ethnography  credit: 3 Hours.
Addresses the theoretical, methodological, and ultimately political implications and questions generated by a range of ethnographic materials on Latina/os. Specifically explores culture and power (e.g., racism, sexism, and activism) through ethnographic methods and modes of representation, including literature. Fundamental to the course is the requirement that students engage in ethnographic practice, producing ethnographic research on Latina/os at the University of Illinois. Same as ANTH 370. Prerequisite: Any lower division course in LLS or ANTH.
LLS 375 Latina/o Media in the US credit: 3 Hours.
Same as MACS 375. See MACS 375.

LLS 379 Latina/os and the City credit: 3 Hours.
Examination of the migration and settlement of Latina/o populations (Mexicans, Puerto Ricans, Cubans, Dominicans, and Central and South Americans) in U.S. cities. Focus on the historic, economic, social and political factors that influenced these migrations and the choices migrants made to come to the United States and to urban areas in particular. Study of the regional variation among Latina/o groups, and coalition building and collaborative ventures between Latina/os and other communities of color in urban areas. Same as HIST 379.

LLS 382 Race and Migration in Chicago credit: 3 Hours.
As the "Second City" located in the heartland of America, Chicago is central to many debates on urban space, race, and nation. Specifically, it is an influential site in which Latina/os, African-Americans, Asian-Americans, and ethnic whites have come to understand meanings of race in a highly segregated setting. This course takes an interdisciplinary approach to the study of racial and ethnic groups in this city, examining issues of migration, gender, segregation, labor, and education from the late nineteenth century to the present. Same as HIST 382. Prerequisite: One course in either LLS or HIST.

LLS 385 Theory and Methods in LLS credit: 3 Hours.
Introduction to the interdisciplinary theories and methods of Latina/Latino Studies. Traditional approaches to the study of ethnicity and race will be interrogated through critical scholarship produced by Latina/Latino Studies scholars across a variety of approaches (anthropology, communications, literature, history, sociology, among others). By learning about a variety of methodological approaches, students will become proficient in conducting ethnic studies research projects about U.S. Latina/o populations. Prerequisite: LLS 100. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

LLS 387 Race, Gender and the Body credit: 3 Hours.
Focuses generally on the relation between power and the body. In western culture, the body is typically thought of as a natural, biological entity. However, as a number of social theorists have pointed out, the body can never be reduced to mere biology. It is also always a product of culture and therefore necessarily implicated in relations of dominance and subordination. Using this framework, the class is specifically concerned with how raced, gendered, and sexed bodies have been imagined in US culture (as abnormal, diseased, criminal, etc.) and with how such bodies have been rendered objects of surveillance, discipline, and regulation. Same as SOC 387. Prerequisite: LLS 100.

LLS 390 Independent Study credit: 0 to 3 Hours.
Special topics not treated in regularly scheduled courses; designed especially for advanced Undergraduates. Approved for letter and S/U grading. May be repeated in the same or subsequent terms as topics vary to a maximum of 6 hours. Prerequisite: One course in Latina/Latino Studies and consent of instructor.

LLS 391 Oral History Methods credit: 3 Hours.
Same as HIST 391. See HIST 391.

LLS 392 Chicanas&Latinas: Self&Society credit: 3 Hours.
Explores the experiences of Chicanas and Latinas through the lens of contemporary sociological research. Topics to be discussed include: community formation and activism, Chicana/Latina feminisms, sexuality, religion, health, family, immigration, education, work, media, and artistic expression. Readings emphasize the link between the structural inequalities of society, and the day-to-day lived experiences of Chicana/Latinas. Same as GWS 392 and SOC 392. Prerequisite: Any 100, 200, or 300-level LLS, GWS, or SOC course. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

LLS 396 Adv Topics Latina/o Studies credit: 3 Hours.
Examines specific topics in Latina/Latino Studies not addressed in regularly offered courses. Examples include theories of ethnic identity, historical foundations, cultural expression, and relevant topics in public policy studies of Latina/Latino communities. May be repeated in the same or separate terms to a maximum of 6 hours.

LLS 410 Writing Latina/o Chicago credit: 3 or 4 Hours.
Examination of novels, poetry, film and memoirs by Latinas and Latinos writing from and/or about Chicago. Through these texts, the course will simultaneously track a Chicago-based Latina/o literary history and analyze articulations of Latina/o everyday life and politics grounded in the city's distinct topographical and social contexts. Issues of migration, gentrification, segregation, youth culture, gender, sexuality, race, violence, poverty, class consciousness, and struggles for social justice will figure prominently in lectures and class discussions. 3 undergraduate hours. 4 graduate hours. Prerequisite: LLS 100.

LLS 412 Hispanics in the U.S. credit: 3 or 4 Hours.
Same as SOCW 412. See SOCW 412.

LLS 422 US Latina and Latino Families credit: 3 or 4 Hours.
Same as HDF 422. See HDF 422.

LLS 433 Found of Bilingual Educ credit: 2 to 4 Hours.
Same as CI 433. See CI 433.

LLS 435 Commodifying Difference credit: 3 or 4 Hours.
An interdisciplinary examination of how racial, ethnic and gender difference is negotiated through media and popular culture, and how racial, ethnic and gendered communities use cultural forms to express identity and difference. Among the theoretical questions explored are the politics of representation, ethnic/racial authenticity, cultural commodification and transnational popular culture. Some of the cultural forms examined are cultural festivals/parades, ethnic/race-based beauty pageants, cinematic and televiusal texts and musical forms, such as Hip-Hop and Salsa. Same as AAS 435, AFRO 435, GWS 435, and MACS 432. 3 undergraduate hours. 4 graduate hours. Prerequisite: Any combination of 6 hours from Latina/o Studies, Asian American Studies, Afro-American Studies, Gender and Women Studies or Media and Cinema Studies; graduate standing, or consent of instructor.

LLS 442 US Latina Lit and Iconography credit: 3 or 4 Hours.
Systematically addresses contemporary Latina feminism, its contexts, and its origins through the study of influential female cultural icons from the 16th century to the present. This critical approach allows contemporary Latina feminism to construct historical and cultural narratives based on women's contributions to culture. Students will also learn how contemporary theoretical approaches Postcoloniality, Gender Studies, Nationalism, etc. influence the study of Latina identity. Same as GWS 445 and SPAN 442. 3 undergraduate hours. 4 graduate hours. Prerequisite: At least one previous course in U.S. Latina/Latino Studies or Gender and Women's Studies, or consent of instructor.

Information listed in this catalog is current as of 10/2015
LLS 449 Issues in Latina/o Educ  credit: 2 to 4 Hours.
Same as CI 449. See CI 449.

LLS 458 Latina/o Performance  credit: 3 or 4 Hours.
Focuses on Latina/o performances to underscore the relationship between practices of everyday life and acts on stage. Pays particular attention to the material (human) body and bodies of work. Students will critically engage with performance theory and scripts, media works of performances, and theorizations of Latinidad and the body. Same as ENGL 458. 3 undergraduate hours. 4 graduate hours.

LLS 465 Race, Sex, and Deviance  credit: 3 or 4 Hours.
Explores how racial stereotypes rely on sexual stereotypes by examining the intersections of ethnic studies, gender and women’s studies, and queer studies. Interdisciplinary course that draws from critical legal studies, sociology, anthropology, literary criticism, and history. Same as AAS 465, AFRO 465, and GWS 465. 3 undergraduate hours. 4 graduate hours. Prerequisite: Any lower division course in LLS, AAS, AFRO, or GWS.

LLS 472 Border Latina, Latino Cultures  credit: 3 or 4 Hours.
Same as ANTH 472. See ANTH 472.

LLS 473 Immigration, Health & Society  credit: 3 or 4 Hours.
This interdisciplinary seminar examines the social determinants of US racial and ethnic health inequalities through the lens of (im)migration. Topics to be addressed include: conceptualizations of race and ethnicity, immigrant-adaptation theories, discrimination, place, and the intersections of race, ethnicity, poverty, immigration and health. Same as CHLH 473, SOC 473, and SOCW 473. 3 undergraduate hours. 4 graduate hours.

LLS 475 History of the American West  credit: 3 or 4 Hours.
Same as HIST 476. See HIST 476.

LLS 479 Race, Medicine, and Society  credit: 3 or 4 Hours.
The idea of race has historically been central to how Western cultures conceptualize and think about human difference. This course examines the historical significance of race through one domain of knowledge: medicine. Specifically, it will be concerned with “race” as a central category in the medical construction and management of individuals and populations. Case studies might focus on colonial medicine, race and public health, sexuality and reproduction, global health disparities, and genetics and genomics. Same as AAS 479 and ANTH 479. 3 undergraduate hours. 4 graduate hours. Prerequisite: LLS 100 or consent of instructor.

LLS 490 Senior Research Project  credit: 2 or 4 Hours.
Research project leading to a senior paper. 2 or 4 undergraduate hours. No graduate credit. May be repeated in separate terms to a maximum of 4 undergraduate hours. Prerequisite: Senior standing; enrollment as a major in Latina/Latino Studies; and consent of instructor.

LLS 495 Senior Honors Thesis  credit: 2 or 4 Hours.
Research project leading to a thesis. 2 or 4 undergraduate hours. No graduate credit. May be repeated in separate terms to a maximum of 4 undergraduate hours. May be taken by honors students in partial fulfillment of department honors requirement. Prerequisite: Senior standing; enrollment as a major in Latina/Latino Studies; a cumulative grade point average of at least 3.25; a minimum 3.5 grade point average in the major; and consent of supervising professor.

LLS 496 Seminar in Latina/o Studies  credit: 3 or 4 Hours.
3 undergraduate hours. 4 graduate hours. May be repeated up to a maximum of 6 undergraduate hours or 12 graduate hours.

---

**Linguistics**

James Yoon
4080 Foreign Languages Building, 707 South Mathews, Urbana
PH: (217) 333-3563
www.linguistics.illinois.edu (http://www.linguistics.illinois.edu)

The Department of Linguistics offers undergraduate instruction of four types: courses in linguistics, in English as an International Language, English as a Second Language, and in non-Western languages.

Linguistics courses focus on empirical and theoretical issues connected with how languages are structured, how they are used, and how they change through time. These courses are of interest not only to linguistics majors, but to students in any field where the analysis of languages is important: anthropology, speech and hearing science, psychology, philosophy, computer science, foreign languages, and others.

English as an International Language courses are concerned with the teaching of English to speakers of other languages, and are useful to any students planning a career in language teaching.

English as a Second Language courses are for students whose first language is not English, to build up skills in speaking, understanding, reading, and writing English.

Non-Western Language courses build up skills in speaking, listening, reading and writing a specific language; familiarize students with literatures and cultures connected with the language; and examine linguistic issues peculiar to the language itself. These courses are of interest to students planning international careers, or simply desiring to broaden their perspective and learn about a different language and culture.

**Undergraduate Major offered by the Department of Linguistics**

- Linguistics

In addition, students may pursue linguistics as part of the LAS Major in Computer Science and Linguistics (p. 559)

**Undergraduate Minors offered by the Department of Linguistics**

- Arabic Studies
- English as a Second Language
- Hindi Studies
- Linguistics
- Sub-Saharan African Languages
- Teacher Education Minor in English as a Second Language

**Languages Offered by the Department of Linguistics**

- African Languages (Bamana, Lingala, Swahili, Wolof, and Zulu)
- Arabic
- Hindi
- Modern Greek
- Persian
- Sanskrit

*Information listed in this catalog is current as of 10/2015*
Major in Linguistics

Major in Sciences and Letters Curriculum

E-mail: lasersoh@illinois.edu

Degree title: Bachelor of Arts in Liberal Arts and Sciences

Minimum major and supporting course work normally equates to 50-52 hours.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: Students are strongly encouraged to fulfill the requirements for completing their program with distinction. Candidates for the degree with distinction must register their candidacy with their advisers no later than the end of the second semester of the junior year. They must achieve a grade point average of at least 3.4 for the required 36 hours in linguistics, and register for at least 4 hours of LING 391 - Honors Individual Study, plus submit a senior honors thesis to the Department of Linguistics by the first day of the month preceding the month of graduation.

Major core courses: 18

Major electives: 15 hours of Linguistics courses at the 200- to 400-level, chosen in consultation with the student’s advisor. Students must fulfill the LAS foreign language requirement, and in addition, complete at least 8 hours in a second foreign language. One of these languages must be a non-Western language chosen from the following list or approved in consultation with the student’s advisor: American Sign Language, Arabic, Bamana, Basque, Chinese, Hebrew, Hindi/Urdu, Japanese, Korean, Lingala, Persian, Quechua, Sanskrit, Swahili, Turkish, Wolof, Zulu. Courses used to complete this requirement may also be used to meet the requirement of "Courses in linguistically relevant areas," below.

Courses in linguistically relevant areas chosen in consultation with the student’s advisor. There are two ways of meeting this requirement:

A. The courses may come from any of the following disciplines: any foreign language, anthropology, classics, computer science, English, English as an international language, philosophy, psychology, speech and hearing science, communication.

B. Students desiring to specialize in the linguistics of a particular language should complete at least four semesters of instruction in that language beyond the elementary level, and a linguistics course or independent study focusing on the selected language or its language family.

Students must complete 21 hours of coursework at the 300- or 400-level, including at least 12 hours of 300- or 400-level linguistics courses on this campus. These courses may be included in the core courses or electives required above.

Twelve hours of 300- or 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

- Minor in English as a Second Language (p. 473)
- Minor in Hindi Studies (p. 474)
- Minor in Linguistics (p. 474)
- Minor in Sub-Saharan African Languages (p. 474)
- Teacher Education Minor in English as a Second Language (p. 475)

ARAB Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/ARAB)

Arabic Courses

ARAB 150  Lang&Culture of Arab World  credit: 3 Hours.
Interdisciplinary overview of the major aspects of the contemporary Arab culture. Based on scholarly research, textual resources, media, and literature from both the Arab World and elsewhere, examines the Arab people’s historical background; language varieties; literary traditions; and representative social institutions. Same as SAME 150.

This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures

ARAB 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
May be repeated.

ARAB 201  Elementary Standard Arabic I  credit: 5 Hours.
Mastery of the Arabic alphabet and phonetics; elementary formal grammar and the development of reading and writing skills; and conversation in the formal noncolloquial style. Participation in the language laboratory is required.

ARAB 202  Elementary Standard Arabic II  credit: 5 Hours.
Continuation of ARAB 201. Participation in the language laboratory is required. Prerequisite: ARAB 201.

ARAB 210  Colloquial Arabic I  credit: 4 Hours.
Development of conversational fluency in one of the major colloquial dialects; see Class Schedule for dialect to be taught each term.

ARAB 211  Colloquial Arabic II  credit: 4 Hours.
Continuation of ARAB 210. Prerequisite: ARAB 210.

ARAB 403  Intermediate Stand Arabic I  credit: 4 Hours.
Survey of more advanced grammar; emphasis on increasing conversational fluency in the formal noncolloquial style; and reading of prose texts reflecting aspects of Arabic culture. 4 undergraduate hours. 4 graduate hours. Prerequisite: ARAB 202.
ARAB 404 Intermediate Stand Arabic II credit: 4 Hours.
Continuation of ARAB 403. 4 undergraduate hours. 4 graduate hours. Prerequisite: ARAB 403.

ARAB 405 Advanced Standard Arabic I credit: 3 Hours.
Practice to attain conversational fluency in the formal noncolloquial style; introduction to Arabic literature; and readings in social, political, and historic writings. 3 undergraduate hours. 3 graduate hours. Prerequisite: ARAB 404.

ARAB 406 Advanced Standard Arabic II credit: 3 Hours.
Continuation of ARAB 405. 3 undergraduate hours. 3 graduate hours. Prerequisite: ARAB 405.

ARAB 407 Topics Stand Arabic LangLit I credit: 3 Hours.
Selected readings from Modern Standard Arabic authors, with a focus on novels, plays, and basic poetry illustrative of Arab cultural issues and advanced level MSA grammar, as well as development of expository writing skills. 3 undergraduate hours. 3 graduate hours. Prerequisite: ARAB 406.

ARAB 408 Topics Stand Arabic LangLit II credit: 3 Hours.
Continuation of ARAB 407 with increased emphasis on the reading and comprehension of literary texts exemplified in advanced level novels, plays, and poetry, as well as on advanced mastery of expository writing skills. 3 undergraduate hours. 3 graduate hours. Prerequisite: ARAB 407.

ARAB 409 Adv Top Stand Arabic LangLit I credit: 3 or 4 Hours.
Introduction to Modern Standard Arabic in the professions as documented in selected newspapers, educational radio and TV programs, works of fiction, biographies, anthologies, and professional journals. Students will be introduced to argumentative writing in MSA, expected to make oral presentations, and to write a research paper in their field. 3 undergraduate hours. 4 graduate hours. Prerequisite: ARAB 408.

ARAB 410 AdvTop Stand Arabic LangLit II credit: 3 or 4 Hours.
Continuation of ARAB 409 with increased emphasis on the development of comprehension and writing of professional language. 3 undergraduate hours. 4 graduate hours. Prerequisite: ARAB 409.

ARAB 411 Survey of Arabic Varieties credit: 3 or 4 Hours.
Same as LING 411. See LING 411.

ARAB 413 Arabic-English Translation credit: 3 or 4 Hours.
Introduction to translation methodology and the profession of translation, with particular emphasis on the development of Arabic-to-English translation techniques and the acquisition of related knowledge above and beyond language skills. Students will be exposed to a variety of text types from different Arabic-speaking countries and learn to produce quality, professional translations and apply effective strategies to deal with the challenges of fully preserving the meaning of the original text while conveying the appropriate tone (style/register) and paying attention to grammar, mechanics, and audience-specific needs. Same as TRST 413. 3 undergraduate hours. 4 graduate hours. Prerequisite: Advanced standing in Arabic.

BMNA 202 Elementary Bamana II credit: 5 Hours.
Continuation of BMNA 201, with introduction of more advanced grammar; emphasis on more fluency in speaking, reading, and writing simple sentences in standard Bamana. Participation in the language laboratory required. Same as AFST 202. Prerequisite: BMNA 201.

BMNA 204 Intermediate Bamana II credit: 4 Hours.
Continuation of BMNA 203; emphasis on ability to engage in reasonably fluent discourse in Bamana and comprehensive knowledge of formal grammar, and ability to read ordinary texts in standard Bamana. Same as AFST 404. 4 undergraduate hours. 4 graduate hours. Prerequisite: BMNA 203.

BMNA 205 Intermediate Bamana I credit: 4 Hours.
Continuation of BMNA 403; emphasis on increased facility in reading, comprehension, writing in response to authentic Bamana texts such as those documented in selected newspapers, magazines, and other Bamana-speaking communities' cultural materials. Same as AFST 431. 3 undergraduate hours. 3 graduate hours. Prerequisite: BMNA 405.

BMNA 206 Advanced Bamana II credit: 3 Hours.
Continuation of BMNA 405 with increased emphasis on conversational fluency and on increased facility in reading, comprehension, writing in response to authentic Bamana texts such as those documented in selected newspapers, magazines, and other Bamana-speaking communities' cultural materials. Same as AFST 432. 3 undergraduate hours. 3 graduate hours. Prerequisite: BMNA 406.

EIL Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/EIL)

English as an Intl Language Courses

EIL 199 Undergraduate Open Seminar credit: 1 to 5 Hours.
May be repeated.

EIL 214 TESL in the Elementary School credit: 3 Hours.
On-site practical experience in an elementary school, involving at least 100 hours of classroom observations, consultations, teaching, tutoring, and assisting, to acquaint students with the many facets of ESL/bilingual education in a public school setting. Hours to be arranged with the cooperating teacher. Satisfies one requirement for those who wish to obtain an Illinois ESL endorsement on an Illinois teaching certificate.

EIL 215 TESL in the Secondary School credit: 3 Hours.
On-site practical experience in a secondary school, involving at least 100 hours of classroom observations, consultations, teaching, tutoring, and assisting, to acquaint students with the many facets of ESL/bilingual education in a public school setting. Hours to be arranged with the cooperating teacher. Satisfies one requirement for those who wish to obtain an Illinois ESL endorsement on an Illinois teaching certificate.

EIL 411 Intro to TESL Methodology credit: 3 or 4 Hours.
Introduction to TESL/TEFL, including the concept of "communicative competence" and its components; teaching contexts; current research on teaching second language skills; syllabus, lesson, and materials design; and classroom techniques. 3 undergraduate hours. 4 graduate hours.

Information listed in this catalog is current as of 10/2015
**English as a Second Language Courses**

**ESL 110 Engl Pronun for Acad Purposes** credit: 0 Hours.
Designed to improve the international student’s ability to speak and understand English at normal conversational speed and to give the student the ability to continue improving pronunciation skills after the course is finished. Focus on the rhythm, stress, intonation, and sounds of natural speech, and the use of ordinary English spelling to guide the pronunciation of newly encountered words. Approved for S/U grading only. Student must be an undergraduate to receive credit. Students should consult their college concerning use of credit from this course. Prerequisite: Recommendation from UIUC English as a Second Language Placement Test.

**ESL 111 Intro to Academic Writing I** credit: 3 Hours.
Introduction to the process of writing: fundamentals of paragraph development: analysis of rhetorical patterns: development of oral skills. This course is the first term of a two-term sequence (ESL 111-ESL 112) that fulfills the campus Composition I general education requirement. Credit is not given for both ESL 111 and ESL 115. Prerequisites: 111 placement result on the English Placement Test. This course satisfies the General Education Criteria for: UIUC: Freshman Composition I

**ESL 112 Intro to Academic Writing II** credit: 3 Hours.
Continued instruction of the fundamentals of the multi-paragraph essay and introduction to research writing; instruction on basics of library research, synthesizing sources, and elements of style. This is the second term of a two-term sequence (ESL 111-ESL 112) that satisfies the campus Composition I general education requirement. Credit is not given for both ESL 112 and ESL 115. Prerequisite: Completion of ESL 111. This course satisfies the General Education Criteria for: UIUC: Freshman Composition I

**ESL 115 Principles of Academic Writing** credit: 4 Hours.
Introduction to the research paper, including the writing process: pre-research, academic style and organization, and a variety of writing and skill-building tasks; development of peer and self-editing skills. ESL 115 fulfills the campus Composition I requirement for non-native speakers of English. Credit is not given for both ESL 115 and any other Comp I courses: RHET 101, RHET 102, RHET 103, RHET 104, RHET 105, CMN 111, CMN 112, ESL 111, ESL 112. Prerequisite: 115 placement result on the English Placement Test.
This course satisfies the General Education Criteria for: UIUC: Freshman Composition I

**Hindi Courses**

**HNDI 115 Language and Culture in India** credit: 3 Hours.
Same as LING 115 and RLST 115. See LING 115. This course satisfies the General Education Criteria for: UIUC: Non-Western Cultures

**HNDI 199 Undergraduate Open Seminar** credit: 1 to 5 Hours.
May be repeated.

**HNDI 201 Elementary Hindi-Urdu I** credit: 5 Hours.
Introduction to the Hindi/Urdu language; includes conversation with a native Hindi/Urdu-speaking tutor under the direction of a linguist instructor, and a minimum of formal grammar and Devanagari writing; introduction to Arabic-Persian script by arrangement. Participation in the language laboratory is required.
HNDI 202  Elementary Hindi-Urdu II  credit: 5 Hours.
Second term of spoken Hindi/Urdu; includes conversation with a native Hindi/Urdu-speaking tutor under the direction of a linguist instructor, formal grammar based on conversational materials, and work on written Hindi; concentration on written Urdu by arrangement. Participation in the language laboratory is required. Prerequisite: HNDI 201.

HNDI 403  Intermediate Hindi I  credit: 4 Hours.
First term of second year of the Hindi language, including drill for more advanced conversational fluency; introduction to a greater variety of styles and levels of discourse and usage; and increasing study of the written language and more formal grammar. 4 undergraduate hours. 4 graduate hours. Prerequisite: HNDI 403 or equivalent.

HNDI 404  Intermediate Hindi II  credit: 4 Hours.
Concentration on ability to engage in reasonably fluent discourse in Hindi, on comprehensive knowledge of formal grammar, and on ability to read ordinary texts in Hindi. 4 undergraduate hours. 4 graduate hours. Prerequisite: HNDI 403 or equivalent.

HNDI 405  Advanced Hindi I  credit: 3 Hours.
Course for advanced knowledge of spoken and written Hindi. Participation in the language laboratory is required. 3 undergraduate hours. 3 graduate hours. Prerequisite: HNDI 404 or consent of instructor.

HNDI 406  Advanced Hindi II  credit: 3 Hours.
Course for advanced knowledge of spoken and written Hindi with emphasis on modern Hindi literature and language. Participation in the language laboratory is required. 3 undergraduate hours. 3 graduate hours. Prerequisite: HNDI 405 or consent of instructor.

HNDI 408  Intro to South Asian Lit  credit: 3 Hours.
Introduces selected literatures of South Asia in a cross-cultural and comparative perspective: emphasizes relating literary texts and trends to the historical, sociocultural, political, and literary contexts of the subcontinent. Texts for South Asian languages are offered in English translation; in addition, there will be texts by South Asian authors written in English. Knowledge of a South Asian language not required. 3 undergraduate hours. 3 graduate hours. Prerequisite: HNDI 403 or consent of instructor.

HNDI 412  Business Hindi  credit: 3 Hours.
Study and analysis of Business Hindi in a wide variety of contexts and settings (from Metropolitan to rural). 3 undergraduate hours. 3 graduate hours. Prerequisite: HNDI 404 or higher or consent of instructor.

LGLA 403  Intermediate Lingala I  credit: 4 Hours.
Survey of more advanced grammar, with emphasis on increasing conversational fluency, composition skills, study of written texts in the standard and spoken Lingala dialects, and discussion of grammatical variations. Same as AFST 413. 4 undergraduate hours. 4 graduate hours. Prerequisite: LGLA 202.

LGLA 404  Intermediate Lingala II  credit: 4 Hours.
Continuation of LGLA 403. Emphasizes ability to engage in reasonably fluent discourse in Lingala, comprehensive knowledge of formal grammar, and ability to read ordinary texts in various Lingala dialects. Same as AFST 414. 4 undergraduate hours. 4 graduate hours. Prerequisite: LGLA 403.

LGLA 405  Advanced Lingala I  credit: 3 Hours.
Third-year Lingala with emphasis on conversational fluency and on increased ability in reading and comprehending texts, including newspaper prose and Central African cultural materials, in at least two Lingala varieties. Course will also deal with the advanced level grammar found in such texts. Same as AFST 415. 3 graduate hours. 3 graduate hours. Prerequisite: LGLA 404 or equivalent.

LGLA 406  Advanced Lingala II  credit: 3 Hours.
Continuation of LGLA 405 with increased emphasis on conversational fluency and comprehension of advanced level grammar in the reading of a variety of prose texts on current cultural issues. Same as AFST 416. 3 undergraduate hours. 3 graduate hours. Prerequisite: LGLA 405 or equivalent.

LGLA 407  Topics Lingala Lang & Lit I  credit: 3 Hours.
Selected readings from modern Lingala authors and composers, with a focus on novels, plays, music, and basic poetry illustrative of Central African cultural issues and advanced level Lingala grammar, as well as development of expository writing skills. Same as AFST 417. 3 undergraduate hours. 3 graduate hours. Prerequisite: LGLA 406.

LGLA 408  Topics Lingala Lang & Lit II  credit: 3 Hours.
Continuation of LGLA 407 with increased emphasis on the reading and comprehension of literary texts exemplified in advanced level novels, plays, and poetry, as well as on advanced mastery of expository writing skills. Same as AFST 418. Prerequisite: LGLA 407.

Linguistics Courses
LING 100  Intro to Language Science  credit: 3 Hours.
Introduction to the theory and methodology of general linguistics; includes the various branches and applications of linguistics. This course satisfies the General Education Criteria for: UIUC: Social Sciences

LING 104  Talking Culture  credit: 3 Hours.
Same as ANTH 104. See ANTH 104. This course satisfies the General Education Criteria for: UIUC: Social Sciences

LING 105  Language in Daily Life  credit: 3 Hours.
Analysis of what constitutes knowledge of language, how it is used in daily life, and how speakers are perceived by others. Emphasis on discovering what makes language function as it does through an examination of its forms and functions in real life. This course satisfies the General Education Criteria for: UIUC: Social Sciences

Information listed in this catalog is current as of 10/2015
LING 111 Language in Globalization credit: 3 Hours.
Introduction to the role of language in globalization by examining communication issues concerning language use across cultural, political and geographic boundaries. Explores the interaction of language and other cultural forms in the global context. Among the topics discussed are issues of identity, spread of English and its acculturation to local contexts of use, creativity in language mixing, language in global pop cultures, language in cyberspace, as well as minority language experiences, and loss of indigenous languages. This course can be used to fulfill either Western or Nonwestern general education categories, but not both.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures
UIUC: Western Comparitv Cult

LING 115 Language and Culture in India credit: 3 Hours.
Examines the relationship between language and culture in the multilingual and multicultural context of India. Special topics of focus are: linguistic and cultural diversity in India, impact of the language and cultural contact on the structure and function of languages (convergence, diglossia, code-mixing, pidgins and creoles), language and identity, language of religion, language and gender, language in the media, literature and culture, language and power, language and globalization.
Same as HNDI 115 and RLST 115.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures

LING 191 Freshman Honors Tutorial credit: 1 to 3 Hours.
Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars. May be repeated once. Prerequisite: Consent of departmental honors advisor.

LING 199 Undergraduate Open Seminar credit: 1 to 5 Hours.
May be repeated.

LING 210 Language History credit: 3 Hours.
Addresses the question "Why does language change?" Specific topics include: the history and origin of writing; why pronunciation changes; change in vocabulary and what it tells us about change in culture and society; the relation between "language" and "dialect"; multilingualism and its consequences, including Pidgins and Creoles; genetic relationship between languages, with focus on the "Indo-European" family (English, German, French, Russia, Latin, Greek, and Sanskrit, etc.) and the relationships between human languages. Prerequisite: Fulfillment of the foreign language requirement of the College of Liberal Arts and Sciences. This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

LING 221 American Sign Language II credit: 4 Hours.
Same as SHS 221. See SHS 221.

LING 225 Elements of Psycholinguistics credit: 3 Hours.
Introduction to the theory and methodology of psycholinguistics with emphasis on language acquisition and linguistic behavior.
This course satisfies the General Education Criteria for:
UIUC: Behavioral Sciences

LING 240 Language in Human History credit: 3 Hours.
Role of language in the life of nations as a tool of communication, as a symbol of identity, and as a means of power. Scripts and orthographies, language planning, culture and language glossopolitics. Prerequisite: Three years of high school foreign language study or fulfillment of the foreign language requirement of Liberal Arts and Sciences.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

LING 250 Language Diversity in the USA credit: 3 Hours.
Investigation of the uses and users of different language varieties - English and non-English - as well as issues of language discrimination, gender/race/class, youth culture, and new communication technologies. This course satisfies the General Education Criteria for:
UIUC: Social Sciences

LING 270 Language, Technology & Society credit: 3 Hours.
What technologies have humans developed to augment the quintessential human ability: language? We start with the development of writing, the first technology that was specifically designed for language, and trace its history through the invention of printing, and into the digital age. With the advent of computers the relevance of language for technology has broadened significantly. We review technologies such as automatic speech recognition, speech synthesis and automatic translation, and discuss their implications for present and future human-machine interaction. Prerequisite: LING 100 or consent of instructor.
This course satisfies the General Education Criteria for:
UIUC: Behavioral Sciences
UIUC: Western Comparitv Cult

LING 290 Individual Study credit: 2 to 4 Hours.
Individual readings and research reports on special topics dealing with the theoretical or applied aspects of the linguistic sciences. May be repeated to a maximum of 8 hours. Prerequisite: Written consent of instructor.

LING 300 Anat & Physiol Spch Mechanism credit: 4 Hours.
Same as SHS 300. See SHS 300.

LING 301 Elements of Syntax credit: 3 Hours.
Introduction to concepts and techniques essential for syntactic analysis and description, with special attention to testing analyses and justifying them. Prerequisite: LING 100 or consent of instructor.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

LING 302 Elements of Phonology credit: 3 Hours.
Introduces elements of phonological theory and data analysis. Emphasis is placed on both Structuralist and Generative theories, introducing students to the principles of phonological contrast, allophony, neutralization, and markedness. Formal phonological models are considered, including both distinctive feature theory and prosodic theory. Equal emphasis is placed on linguistic data analysis. Prerequisite: LING 100 or consent of instructor.

LING 303 General Speech Science credit: 4 Hours.
Same as SHS 301. See SHS 301.

LING 307 Elmnts Semantics & Pragmatics credit: 3 Hours.
Introduction to the theory of meaning for natural language, including techniques for the description of lexical meaning, compositional determination of phrase and sentence meaning, and pragmatic effects on interpretation in context. Same as PHIL 307. Prerequisite: LING 100 or consent of instructor.

LING 321 American Sign Language III credit: 4 Hours.
Same as SHS 321. See SHS 321.

Information listed in this catalog is current as of 10/2015
LING 357 Introduction to Conversation Analysis  credit: 3 Hours.  
Analysis of everyday conversation and talk in institutional settings, 
including basic organizational features of talk such as turn-taking, 
sequences of actions, openings and closings, and repair; ways that 
participants use talk to perform social actions such as complimenting, 
inviting, arguing, blaming, and apologizing; and ways that talk is used 
in professional settings such as 911 emergency calls, courtroom 
interactions, and doctor-patient interviews to perform the work of these 
social institutions. Same as CMN 357.

LING 391 Honors Individual Study  credit: 2 to 4 Hours.  
Study and research for honors thesis; open only to seniors in the 
linguistics major who are eligible for departmental distinction. May be 
repeated to a maximum of 8 hours. Prerequisite: Written consent of 
instructor and linguistics course average of 3.4.

LING 400 Introduction to Linguistic Structure  credit: 3 or 4 Hours.  
Introduction to the theory and methodology of the science of linguistics 
with special reference to phonology, morphology, syntax and semantics. 
Not intended for undergraduate majors in linguistics. 3 undergraduate 
hours. 4 graduate hours.

LING 401 Introduction to General Phonetics  credit: 3 or 4 Hours.  
Introduction to the main branches of general phonetics and phonological 
theory; emphasis on analysis of non-Western languages and research techniques. 3 undergraduate hours. 4 graduate hours.

LING 402 Tools & Tech Spch & Lang Proc  credit: 3 Hours.  
Introduction to aspects of the tools and methods of studies in speech 
and natural language processing (NLP), with a focus on programming 
for NLP and speech applications, statistical methods for data analysis, 
and tools for displaying and manipulating speech data. 3 undergraduate 
hours. 3 graduate hours.

LING 404 Tutorials in Non-Western Lang  credit: 1 to 5 Hours.  
Advanced or intensive language instruction in a selected non-Western 
language; excludes instruction in East or Southeast Asian languages. 1 
to 5 undergraduate hours. 2 to 4 graduate hours. May be repeated with 
approval. Prerequisite: Consent of instructor.

LING 406 Introduction to Computational Ling  credit: 3 or 4 Hours.  
Introduces the field of natural language processing and computational 
linguistics. Topics include finite-state methods, parsing, probabilistic 
methods, machine learning in NLP, computational semantics and 
applications of NLP technology. The course is mostly about concepts 
rather than programming, though some programming assignments 
will be given. 3 undergraduate hours. 4 graduate hours. Prerequisite: 
LING 402 or a 100-level computer science programming course, or 
consent of instructor.

LING 407 Logic and Linguistic Analysis  credit: 3 or 4 Hours.  
Introduction to the theory of logic as applied in linguistic analysis. Same 
as PHIL 407. 3 undergraduate hours. 4 graduate hours. Prerequisite: 
For undergraduate students: LING 307 or equivalent background with 
consent of instructor.

LING 410 Historical Linguistics  credit: 2 to 4 Hours.  
Introduction to historical and comparative linguistics with particular 
attention to theoretical issues. 3 undergraduate hours. 2 or 4 graduate 
hours. Prerequisite: LING 401 (or concurrent registration), and either 
LING 301 and LING 302, or LING 400.

LING 411 Survey of Arabic Varieties  credit: 3 or 4 Hours.  
Survey of the grammar of Standard/Classical Arabic and the Colloquial 
Dialects focusing on the lexical, phonetic, phonological, morphological 
syntactic, sociolinguistic, and discourse properties of Arabic varieties. 
Introduces students to the structure of Arabic varieties, formal and 
spoken, and to the similarities and differences between them. Same 
as ARAB 411. 3 undergraduate hours. 4 graduate hours. Prerequisite: 
ARAB 201 and ARAB 202; or LING 100; or consent of instructor.

LING 412 Language in African Culture & Soc  credit: 3 or 4 Hours.  
Introductory survey of the role of language in African cultures and 
societies, with particular emphasis on the study of indigenous African 
linguage francs in multilingual settings, their spread, and use as media of 
communication in various domains, and as tools of development. Same 
as AFST 412. 3 undergraduate hours. 4 graduate hours. Prerequisite: 
AFST 222 or consent of instructor.

LING 416 Structure of French Language  credit: 3 Hours.  
Same as FR 416. See FR 416.

LING 418 Language & Minorities in Europe  credit: 3 or 4 Hours.  
Same as FR 418, GER 418, ITAL 418, PS 418, SLAV 418, and SPAN 418. 
See FR 418.

LING 420 Introduction to African Linguistics  credit: 3 or 4 Hours.  
Introduction to the genetic and typological classification of the 
main language families of Africa; concentration on grammatical and 
phonological characteristics. 3 undergraduate hours. 4 graduate hours. 
Prerequisite: LING 100 or LING 400; consent of instructor.

LING 423 Language Acquisition  credit: 3 or 4 Hours.  
Same as MACS 423 and PSYC 423. See PSYC 423.

LING 425 Introduction to Psycholinguistics  credit: 3 or 4 Hours.  
Introductory survey of psychological and linguistic approaches to the study of communication. Same as MACS 425. 3 undergraduate hours. 4 graduate hours. Credit is not given for both LING 425 and PSYC 425. 
Prerequisite: An introductory course in linguistics or psychology.

LING 426 Child & Adult Lang Acquisition  credit: 3 or 4 Hours.  
The study of first and second language acquisition by children and 
adults. Course topics will include the following: first language acquisition, 
including signed and spoken languages; bilingualism and second 
language acquisition; the comparison of monolingual and bilingual 
language development. 3 undergraduate hours. 4 graduate hours. 
Prerequisite: An introductory course in linguistics or psychology.

LING 427 Language and the Brain  credit: 3 or 4 Hours.  
Same as PSYC 427 and SHS 427. See SHS 427.

LING 428 Sociolinguistics of Gender  credit: 3 or 4 Hours.  
Survey of a number of frameworks analyzing gender as a sociolinguistic 
category (variationist, dominance, difference, feminist, social 
constructivist, performativity) with the goal of finding out how these 
different perspectives have evolved over time and what they have 
contributed to (socio)linguistic theory beyond the study of gender. 
Same as ANTH 428 and GWS 428. 3 undergraduate hours. 4 graduate 
hours. Prerequisite: An introductory course in linguistics or consent of 
instructor.

LING 430 Introduction to East Asian Ling  credit: 3 or 4 Hours.  
Introduction to the genetic relation of the Far Eastern languages with 
other languages; concentration on synchronic analysis of phonology and 
syntax. Same as EALC 430. 3 undergraduate hours. 4 graduate hours. 
Prerequisite: LING 400; consent of instructor.

LING 432 Gender and Language  credit: 3 or 4 Hours.  
Same as CMN 432 and GWS 432. See CMN 432.
LING 438 Philosophy of Language credit: 3 or 4 Hours.  
Same as PHIL 438. See PHIL 438.

LING 450 Sociolinguistics I credit: 2 to 4 Hours.  
Introduction to the fundamental concepts, philosophy, and research methods of the study of language in its social contexts. Special attention to language spread, and language variation; language attitudes; language diversity; code-switching; language standardization; and language identity and loyalty. 3 undergraduate hours. 2 or 4 graduate hours.

LING 462 Intro Romance Ling credit: 3 or 4 Hours.  
Same as FR 462, ITAL 435, PORT 435, RMLG 435, and SPAN 435. See SPAN 435.

LING 469 Structure of Semitic Languages credit: 3 or 4 Hours.  
In-depth survey of comparative issues in Semitic Linguistics, with particular emphasis on morphology, syntax, phonology and language change from the perspectives of current linguistic theories. Same as AFST 469. 3 undergraduate hours. 4 graduate hours. Prerequisite: LING 100, LING 400, or consent of instructor.

LING 480 Intro to Slavic Linguistics credit: 3 or 4 Hours.  
Same as SLAV 480. See SLAV 480.

LING 489 Theoretical Foundations of SLA credit: 3 or 4 Hours.  
General introduction to second language acquisition (SLA) theory. Examines nativist, interactionist and cognitive approaches to SLA and explores the role of learner characteristics. Same as FR 481, GER 489, ITAL 489, PORT 489, and SPAN 489. 3 undergraduate hours. 4 graduate hours. Prerequisite: LING 100, LING 400, or consent of instructor.

LING 490 Special Topics in Linguistics credit: 3 or 4 Hours.  
Course provides an opportunity to focus on various subfields of the linguistic sciences, depending on the interests of the faculty and student. 3 undergraduate hours. 4 graduate hours. May be repeated as topic varies to a maximum of 9 undergraduate hours or 12 graduate hours. Students may register for up to two sections in the same term. Prerequisite: LING 100, LING 400, or consent of instructor.

PERS 453 Advanced Persian I credit: 3 or 4 Hours.  
Students will develop the ability to read and understand paragraph level text, expand on their oral skills, continue to refine Persian writing skills and expand knowledge on Persian-speaking cultures. 3 undergraduate hours. 4 graduate hours. Prerequisite: PERS 403 and PERS 404; or consent of Persian Studies Program Director (determined after placement test taken by student).

PERS 454 Advanced Persian II credit: 3 or 4 Hours.  
Continuation of PERS 453. Students will become independent users of the language by studying more complex structures and contexts such as stories, news reports and movies. Students will also learn details of Persian grammar and apply them in written tasks. 3 undergraduate hours. 4 graduate hours. Prerequisite: PERS 453; or consent of Persian Studies Program Director (determined after placement test taken by student).

PERS Class Schedule (https://courses.illinois.edu/schedule(DEFAULT/PERS)

Sanskrit Courses

SNSK 199 Undergraduate Open Seminar credit: 1 to 5 Hours.  
May be repeated.

SNSK 201 Elementary Sanskrit I credit: 4 Hours.  
Introduction to Sanskrit, treating in full the grammar of the language as preparation for reading.

SNSK 202 Elementary Sanskrit II credit: 4 Hours.  
Continuation of SNSK 201. Prerequisite: SNSK 201.

SNSK 403 Readings in Sanskrit I credit: 3 or 4 Hours.  
Introduction to the reading of Sanskrit texts. Same as RLST 412. 3 undergraduate hours. 4 graduate hours. Prerequisite: SNSK 202.

SNSK 404 Readings in Sanskrit II credit: 3 or 4 Hours.  
Readings in Sanskrit texts. Topics may vary according to students’ needs; they may include religious texts, classical literature, or a general survey of texts. Same as RLST 413. 3 undergraduate hours. 4 graduate hours. May be repeated if topics vary. Prerequisite: SNSK 403 and consent of instructor.

SWAH Class Schedule (https://courses.illinois.edu/schedule(DEFAULT/SWAH)

Swahili Courses

SWAH 201 Elementary Swahili I credit: 5 Hours.  
Beginning standard Swahili; emphasizes grammar, pronunciation, reading and conversation in standard Swahili. Same as AFST 231. Participation in language laboratory required.

SWAH 202 Elementary Swahili II credit: 5 Hours.  
Continuation of elementary Swahili, with introduction of more advanced grammar; emphasizes more fluency in speaking, reading, and writing simple sentences in standard Swahili. Same as AFST 232. Participation in language laboratory required. Prerequisite: SWAH 201.

SWAH 403 Intermediate Swahili I credit: 4 Hours.  
Second-year Swahili with emphasis on developing conversational fluency; some readings on Swahili culture and customs. Same as AFST 433. 4 undergraduate hours. 4 graduate hours. Prerequisite: One year of Swahili.
SWAH 404 Intermediate Swahili II  credit: 4 Hours.
Continuation of SWAH 403; emphasis on the development of appropriate
classroom skills in Standard Swahili, and understanding of East African culture. Same as AFST 434.
4 undergraduate hours. 4 graduate hours. Prerequisite: SWAH 403 or equivalent.

SWAH 405 Advanced Swahili I  credit: 3 Hours.
Third-year Swahili with emphasis on conversational fluency and on
increased facility in reading Swahili texts, including current newspaper
prose and (East) African culture materials. Same as AFST 435. 3
undergraduate hours. 3 graduate hours. Prerequisite: SWAH 404 or equivalent.

SWAH 406 Advanced Swahili II  credit: 3 Hours.
Third-year Swahili with emphasis on conversational fluency and on
increased facility in reading Swahili texts, including current newspaper
prose and (East) African culture materials. Same as AFST 436. 3
undergraduate hours. 3 graduate hours. Prerequisite: SWAH 405 or equivalent.

SWAH 407 Topics Swahili Lang & Lit I  credit: 3 Hours.
Selected readings from modern Kiswahili authors, with a focus on novels,
plays, and basic poetry illustrative of East African cultural issues and
advanced level Kiswahili grammar, as well as development of expository
writing skills. Same as AFST 405. 3 undergraduate hours. 3 graduate hours. Prerequisite: SWAH 406.

SWAH 408 Topics Swahili Lang & Lit II  credit: 3 Hours.
Continuation of SWAH 407 with increased emphasis on the reading and
comprehension of literary texts exemplified in advanced level novels,
plays, and poetry, as well as on advanced mastery of expository writing
skills. Same as AFST 406. 3 undergraduate hours. 3 graduate hours. Prerequisite: SWAH 407.

SWAH 409 Adv Topics Swahili Lang&Lit I  credit: 3 or 4 Hours.
Introduction to Kiswahili in the professions as documented in selected
newspapers, educational radio and TV programs, works of fiction,
biographies, anthologies, and professional journals. Students will be
introduced to argumentative writing in Kiswahili, expected to make
oral presentations, and to write a research paper in their field. Same
as AFST 407. 3 undergraduate hours. 4 graduate hours. Prerequisite: SWAH 408.

SWAH 410 Adv Topics Swahili Lang&Lit II  credit: 3 or 4 Hours.
Continuation of SWAH 409 with increased emphasis on the development
of comprehension and writing of professional language. Same as
AFST 408. 3 undergraduate hours. 4 graduate hours. Prerequisite: SWAH 409.

TURK Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/TURK)

Turkish Courses

TURK 199 Undergraduate Open Seminar  credit: 1 to 5 Hours.
Approved for letter and S/U grading. May be repeated in separate terms
to a maximum of 10 hours.

TURK 201 Elementary Turkish I  credit: 5 Hours.
Mastery of Turkish alphabet and phonetics; elementary formal grammar
and the development of reading and writing skills; and conversation in
the formal non colloquial style. Participation in the laboratory is required.

TURK 202 Elementary Turkish II  credit: 5 Hours.
Continuation of TURK 201, with introduction of more advanced grammar;
emphasis on more fluency in speaking, reading, and writing simple
sentences in standard Turkish. Participation in the language laboratory
required. Prerequisite: TURK 201 or equivalent.

TURK 403 Intermediate Turkish I  credit: 4 Hours.
Continuation of TURK 202; emphasis on the development of appropriate
reading, writing, speaking, and comprehension skills in Standard and
Colloquial Turkish, with increased attention to ordinary written texts.
4 undergraduate hours. 4 graduate hours. Prerequisite: TURK 202 or equivalent.

TURK 404 Intermediate Turkish II  credit: 4 Hours.
Continuation of TURK 403; emphasis on the development of better
receptive and productive language skills in Standard and Colloquial
Turkish, with increased attention to both written and spoken texts.
4 undergraduate hours. 4 graduate hours. Prerequisite: TURK 403 or equivalent.

TURK 405 Advanced Turkish I  credit: 3 Hours.
Third-year Turkish with emphasis on conversational fluency and
on increased ability in reading and comprehending texts, including
newspaper prose and Turkish cultural materials. Course will also deal
with the advanced level grammar found in such texts. 3 undergraduate
hours. 3 graduate hours. Prerequisite: TURK 404 or equivalent.

TURK 406 Advanced Turkish II  credit: 3 Hours.
Continuation of TURK 405 with increased emphasis on conversational
fluency and comprehension of advanced level grammar in the reading of
a variety of prose texts on cultural issues. 3 undergraduate hours.
3 graduate hours. Prerequisite: TURK 405 or equivalent.

TURK 490 Special Topics in Turkish  credit: 2 to 4 Hours.
Provides an opportunity to focus on various aspects of Turkish language,
culture, and society. 2 to 4 undergraduate hours. 2 to 4 graduate hours.
Approved for letter and S/U grading. May be repeated in separate terms.

WLOF Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/WLOF)

Wolof Courses

WLOF 201 Elementary Wolof I  credit: 5 Hours.
Introduction to Wolof; emphasizes grammar, pronunciation, reading,
and conversation in standard Wolof. Same as AFST 241. Participation in
language laboratory required.

WLOF 202 Elementary Wolof II  credit: 5 Hours.
Continuation of elementary Wolof, with introduction of more advanced
grammar; emphasizes more fluency in speaking, reading, and writing
simple sentences in standard Wolof. Same as AFST 242. Prerequisite:
WLOF 201. Participation in language laboratory required.

WLOF 403 Intermediate Wolof I  credit: 4 Hours.
Survey of more advanced grammar, with emphasis on increasing
conversational fluency, composition skills, study of written texts in
standard and Dakar Wolof, and discussion of grammatical variations.
Same as AFST 443. 4 undergraduate hours. 4 graduate hours.
Prerequisite: WLOF 202.

WLOF 404 Intermediate Wolof II  credit: 4 Hours.
Continuation of WLOF 403. Emphasizes ability to engage in reasonably
fluent discourse in Wolof, comprehensive knowledge of formal grammar,
and ability to read ordinary texts in standard and Dakar Wolof. Same
as AFST 444. 4 undergraduate hours. 4 graduate hours. Prerequisite:
WLOF 403.
WLOF 405  Advanced Wolof I  credit: 3 Hours.
Third year Wolof with emphasis on conversational fluency and on increased ability in reading and comprehending texts, including newspaper prose and West African cultural materials. Course will also deal with the advanced level grammar found in such texts. Same as AFST 445. 3 undergraduate hours. 3 graduate hours. Prerequisite: WLOF 404 or equivalent.

WLOF 406  Advanced Wolof II  credit: 3 Hours.
Continuation of WLOF 405 with increased emphasis on conversational fluency and comprehension of advanced level grammar in the reading of a variety of prose tests on current cultural issues. Same as AFST 446. 3 undergraduate hours. 3 graduate hours. Prerequisite: WLOF 405 or equivalent.

WLOF 407  Topics Wolof Lang & Lit I  credit: 3 Hours.
Selected readings from modern Wolof authors, with a focus on novels, plays, and basic poetry illustrative of West African cultural issues and advanced level Wolof grammar, as well as development of expository writing skills. Same as AFST 447. 3 undergraduate hours. 3 graduate hours. Prerequisite: WLOF 406.

WLOF 408  Topics Wolof Lang & Lit II  credit: 3 Hours.
Continuation of WLOF 407 with increased emphasis on the reading and comprehension of literary texts exemplified in advanced level novels, plays, and poetry, as well as on advanced mastery of expository writing skills. Same as AFST 448. 3 undergraduate hours. 3 graduate hours. Prerequisite: WLOF 407.

ZULU Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/ZULU)

### Zulu Courses

**ZULU 201  Elementary Zulu I**  credit: 5 Hours.
Introduction to Zulu; emphasis on grammar, pronunciation, reading and conversation in standard Zulu. Same as AFST 251. Participation in the language laboratory is required.

**ZULU 202  Elementary Zulu II**  credit: 5 Hours.
Continuation of ZULU 201 with introduction of more advanced grammar; emphasis on more fluency in speaking, reading, and writing simple sentences in standard Zulu. Same as AFST 252. Participation in the language laboratory is required. Prerequisite: ZULU 201.

**ZULU 403  Intermediate Zulu I**  credit: 4 Hours.
Survey of more advanced grammar; emphasis on increasing conversational fluency, composition skills, study of written texts in standard Zulu and discussions of grammatical variations. Same as AFST 451. 4 undergraduate hours. 4 graduate hours. Prerequisite: ZULU 202.

**ZULU 404  Intermediate Zulu II**  credit: 4 Hours.
Continuation of ZULU 403; emphasis on increasing conversational fluency, composition skills, study of written texts in the standard and spoken Zulu dialects, and discussion of grammatical variations. Same as AFST 452. 4 undergraduate hours. 4 graduate hours. Prerequisite: ZULU 403.

**ZULU 405  Advanced Zulu I**  credit: 3 Hours.
Third year Zulu with emphasis on conversational fluency and on increased facility in reading, comprehension, writing in response to authentic Zulu texts such as those documented in selected newspapers, magazines, and South African cultural materials. Same as AFST 453. 3 undergraduate hours. 3 graduate hours. Prerequisite: ZULU 404.

**ZULU 406  Advanced Zulu II**  credit: 3 Hours.
Continuation of ZULU 405 with increased emphasis on conversational fluency and increased facility in reading and comprehending authentic literary texts including prose and cultural materials from South Africa. Same as AFST 454. 3 undergraduate hours. 3 graduate hours. Prerequisite: ZULU 405.

### Minor in Arabic Studies

The minor in Arabic Studies is designed for students interested in developing an expertise in one, or more, aspect of the Arab World, as complement to their disciplinary major. Completion of the minor requires at least 18 hours in applicable courses.

Total Hours 18

### Minor in English as a Second Language

This minor, sponsored by the Department of Linguistics, prepares a student to teach English overseas and in contexts other than U.S. public schools. Completion of the minor fulfills the course work requirement for a Certificate in Teaching English as a Second Language (TESL). To receive a Certificate in TESL and a letter of completion from the department, the student must apply for the Certificate after completing all certificate requirements. Students must declare their minor at the
Minor in Hindi Studies

The minor in Hindi Studies is designed for students interested in receiving training in processing and using Hindi in a wide variety of authentic (from informal to institutional) contexts. Students will be encouraged to read authentic Hindi material from different genres and registers (including Hindi print media). Completion of the minor requires at least 19 hours in applicable courses.

Hindi language requirement

- **HNDI 404** Intermediate Hindi II  
- **HNDI 405** Advanced Hindi I  
- **HNDI 406** Advanced Hindi II

Two courses in Indian Linguistics/sociolinguistics (to be chosen from the following list in consultation with advisor)

- **LING 115** Language and Culture in India  
- **HNDI 412** Business Hindi  
- **LING 111** Language in Globalization

One historically significant language course related to Modern Hindi or a course on Indian/South Asian Literature

- **SNSK 201** Elementary Sanskrit I  
- **SNSK 202** Elementary Sanskrit II  
- **ARAB 201** Elementary Standard Arabic I  
- **ARAB 202** Elementary Standard Arabic II  
- **PERS 201** Elementary Persian I  
- **PERS 202** Elementary Persian II  
- **HNDI 408** Intro to South Asian Lit

Students with prior knowledge of any of the languages mentioned above can also meet the 3-5 credit requirement by taking upper level courses of the languages.

**Total Hours** 19-21

Minor in Linguistics

The Linguistics Minor is designed for students who seek a basic familiarity with the field and is especially suited for students with majors in foreign language and other language-related fields such as anthropology, computer science, English, psychology, communication, and for anyone interested in the nature of language.

Select two of the following:

- **LING 301** Elements of Syntax  
- **LING 302** Elements of Phonology  
- **LING 307** Elmts Semantics & Pragmatics

Nine additional hours of linguistics courses, including at least six hours chosen from the following:

- **LING 301** Elements of Syntax (if not chosen for the second requirement above)  
- **LING 302** Elements of Phonology (if not chosen for the second requirement above)  
- **LING 307** Elmts Semantics & Pragmatics (if not chosen for the second requirement above)  
- **LING 210** Language History  
- **LING 225** Elements of Psycholinguistics  
- **LING 250** Language Diversity in the USA  
- **LING 400** Intro to Linguistic Structure  
- **LING 401** Intro to General Phonetics  
- **LING 406** Intro to Computational Ling

**Total Hours** 18

Minor in Sub-Saharan African Languages

The minor in Sub-Saharan African Languages is designed for students who are interested in developing proficiency in any one of the languages for which there is faculty expertise, and to develop their understanding of the region, as a complement to their disciplinary major. Available African Languages include: Bamana, Lingala, Swahili, Wolof and Zulu. Completion of the minor requires at least 18 hours.

E-mail: k(bokamba@illinois.edu)reidel@illinois.edu

Language

Advanced African Language courses beyond the second year courses chosen in consultation with the minor advisor. Only one African Language can be chosen to fulfill this requirement.

African Linguistics

- 3 hours: Introductory course chosen from the following:  
  - **LING 100** Intro to Language Science  
  - **LING 400** Intro to Linguistic Structure  

3 hours: 300 or 400-level course chosen from the following:

- **LING 412** Lang in African Culture & Soc  
- **LING 420** Intro to African Linguistics

A similar course at the 300- or 400-level approved by the advisor

African Studies

- One course chosen from the list of approved introductory courses; and
- One course chosen from the list of approved courses at the 300 or 400-level.

**Total Hours** 19-21

Information listed in this catalog is current as of 10/2015
Note that many courses on the list require a prerequisite such as AFST 222 or HIST 110.

**Total Hours** 18

### Teacher Education Minor in English as a Second Language

For those in another teacher education curriculum who want to prepare themselves to gain an ESL approval on their teacher’s certificate related to their major field. Teacher education minors are available only to students seeking to add additional teaching fields to their teaching majors.

Students are advised that additional course work is necessary to teach middle grades six through eight. Consult the certification officer at 505 East Green suite 203 for additional information.

E-mail: rsadler@illinois.edu

Select one of the following:

- EIL 214 TESL in the Elementary School 3
- EIL 215 TESL in the Secondary School 3
- EIL 422 Engl Grammar for ESL Teachers 3
- EIL 411 Intro to TESL Methodology 3

Select one of the following:

- EIL 456 Lang and Social Interaction I 3
- CI 446 Culture in the Classroom 3
- EIL 460 Principles of Language Testing 3
- EIL 488 English Phon & Morph for TESL 3
- LING 489 Theoretical Foundations of SLA 3
- LING 100 Intro to Language Science 3

**Total Hours** 23

### Mathematics

Matthew Ando, Department Chair
273 Altgeld Hall, 1409 West Green, Urbana
PH: (217) 333-3350
www.math.illinois.edu (http://www.math.illinois.edu)

Mathematics is a broad discipline that contains a range of areas of specialization within it. The required core courses in Part I provide fundamental background for mathematics in general. The concentrations in Part II allow the student to broaden this background or begin to specialize. Students must complete the core courses (Part I) and a concentration (Part II).

An entering student in mathematics should have academic preparation to enroll in MATH 220 during the first semester. Admission to MATH 220 requires an acceptable ALEKS score. A student should attain grades of B in calculus in order to complete the advanced courses successfully.

The Department of Mathematics sponsors the Mathematics major, including the Teaching of Mathematics concentration; the Mathematics minor; Teacher Education Minors; the Actuarial Science (p. 481) major; and a major in Mathematics and Computer Science (p. 484) in coordination with the Department of Computer Science.

- Actuarial Science (p. 481)

- Mathematics (p. 482)
- Mathematics and Computer Science (p. 484)
- Minor in Mathematics (p. 485)
- Teacher Education Minor in Mathematics, Grades 6-8 (p. 486)
- Teacher Education Minor in Mathematics, Grades 9-12 (p. 486)

MATH Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFUALT/MATH)

### Courses

**MATH 002 Introductory Algebra** credit: 3 Hours.
Methods of elementary algebra, including simplification of algebraic expressions, solving linear and quadratic equations, equations of lines, systems of linear equations, and radicals. Enrollment is restricted. Credit may not be used toward graduation in the College of LAS. Prerequisite: Score on appropriate placement test, or consent of Mathematics Department.

**MATH 103 Theory of Arithmetic** credit: 4 Hours.
Analyses of the mathematical issues and methodology underlying elementary mathematics in grades K-5. Topics include sets, arithmetic algorithms, elementary number theory, rational and irrational numbers, measurement, and probability. There is an emphasis on problem solving. Priority registration will be given to students enrolled in teacher education programs leading to certification in elementary or childhood education. Prerequisite: MATH 012 or equivalent. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

**MATH 112 Algebra** credit: 3 Hours.
Rapid review of basic techniques of factoring, rational expressions, equations and inequalities; functions and graphs; exponential and logarithm functions; systems of equations; matrices and determinants; polynomials; and the binomial theorem. Prerequisite: 1.5 units of high school algebra; 1 unit of high school geometry.

**MATH 114 Trigonometry** credit: 2 Hours.
Studies degrees and radians, the trigonometric functions, identities and equations, inverse functions, oblique triangles and applications. Credit is not given for MATH 114 and either MATH 014 or MATH 115. Prerequisite: 1.5 units of high school algebra; 1 unit of high school geometry.

**MATH 115 Preparation for Calculus** credit: 3 Hours.
Reviews trigonometric, rational, exponential, and logarithmic functions; provides a full treatment of limits, definition of derivative, and an introduction to finding area under a curve. Intended for students who need preparation for MATH 220, either because they lack the content background or because they are not prepared for the rigor of a university calculus course. Credit is not given for both MATH 115 and either MATH 014 or MATH 114. Credit is not given for MATH 115 if credit for either MATH 220 or MATH 221 has been earned. Prerequisite: An adequate ALEKS placement score as described at http://math.illinois.edu/ALEKS/, demonstrating knowledge of the topics of MATH 012. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

Information listed in this catalog is current as of 10/2015
MATH 117 Elementary Mathematics credit: 4 Hours.
Analyses of the mathematical issues and methodology underlying elementary mathematics in grades 6-8. Topics include the Real number system and field axioms, sequences and series, functions and math modeling with technology, Euclidean and non-Euclidean geometry, probability and statistics. Priority registration will be given to students enrolled in teacher education programs leading to certification in elementary education. Prerequisite: MATH 012 or equivalent. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

MATH 119 Ideas in Geometry credit: 3 Hours.
General education course in mathematics, for students who do not have mathematics as a central part of their studies. The goal is to convey the spirit of mathematical thinking through topics chosen mainly from plane geometry. Prerequisite: Two units of high school algebra; one unit of high school geometry; or equivalent. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

MATH 124 Finite Mathematics credit: 3 Hours.
Introduction to finite mathematics for students in the social sciences; introduces the student to the basic ideas of logic, set theory, probability, vectors and matrices, and Markov chains. Problems are selected from social sciences and business. Prerequisite: MATH 012 or an adequate ALEKS score. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

MATH 125 Elementary Linear Algebra credit: 3 Hours.
Basic concepts and techniques of linear algebra; includes systems of linear equations, matrices, determinants, vectors in n-space, and eigenvectors, together with selected applications, such as Markov processes, linear programming, economic models, least squares, and population growth. Credit is not given for both MATH 125 and any of MATH 225, MATH 410, or MATH 415. Prerequisite: MATH 012 or an adequate ALEKS score. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

MATH 181 A Mathematical World credit: 3 Hours.
Introduction to selected areas of mathematical sciences through application to modeling and solution of problems involving networks, circuits, trees, linear programming, random samples, regression, probability, inference, voting systems, game theory, symmetry and tilings, geometric growth, comparison of algorithms, codes and data management. Prerequisite: Three years of high school mathematics, including two years of algebra and one year of geometry. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

MATH 198 Freshman Seminar credit: 3 Hours.
Guides the student in the study of selected topics not considered in standard courses. Prerequisite: Enrollment in the mathematics honors program; consent of department.

MATH 199 Undergraduate Open Seminar credit: 1 to 5 Hours.
Approved for both letter and S/U grading. May be repeated.

MATH 210 Theory of Interest credit: 3 Hours.
Study of compound interest and annuities; applications to problems in finance. Prerequisite: MATH 231 or equivalent.

MATH 213 Basic Discrete Mathematics credit: 3 Hours.
Beginning course on discrete mathematics, including sets and relations, functions, basic counting techniques, recurrence relations, graphs and trees, and matrix algebra; emphasis throughout is on algorithms and their efficacy. Credit is not given for both MATH 213 and CS 173. Prerequisite: MATH 220 or MATH 221, or equivalent. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning II

MATH 220 Calculus credit: 5 Hours.
First course in calculus and analytic geometry; basic techniques of differentiation and integration with applications including curve sketching; antiderivation, the Riemann integral, fundamental theorem, exponential and trigonometric functions. Credit is not given for both MATH 220 and either MATH 221 or MATH 234. Prerequisite: An adequate ALEKS placement score as described at http://math.illinois.edu/ALEKS/, demonstrating knowledge of topics of MATH 115. Students with previous calculus experience should consider MATH 221. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning II

MATH 221 Calculus I credit: 4 Hours.
First course in calculus and analytic geometry for students with some calculus background; basic techniques of differentiation and integration with applications including curve sketching; antiderivation, the Riemann integral, fundamental theorem, exponential and trigonometric functions. Credit is not given for both MATH 221 and either MATH 220 or MATH 234. Prerequisite: An adequate ALEKS placement score as described at http://math.illinois.edu/ALEKS/ and either one year of high school calculus or a minimum score of 2 on the AB Calculus AP exam. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning II

MATH 225 Introductory Matrix Theory credit: 2 Hours.
Systems of linear equations, matrices and inverses, determinants, and a glimpse at vector spaces, eigenvalues and eigenvectors. Credit is not given for both MATH 225 and any of MATH 125, MATH 410, or MATH 415. Prerequisite: MATH 220 or MATH 221, or equivalent.

MATH 231 Calculus II credit: 3 Hours.
Second course in calculus and analytic geometry; techniques of integration, conic sections, polar coordinates, and infinite series. Prerequisite: MATH 220 or MATH 221. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

MATH 234 Calculus for Business I credit: 4 Hours.
Introduction to the concept of functions and the basic ideas of the calculus. Credit is not given for both MATH 234 and either MATH 220 or MATH 221. Prerequisite: An adequate ALEKS placement score as described at http://math.illinois.edu/ALEKS/, demonstrating knowledge of the topics of MATH 012. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

MATH 241 Calculus III credit: 4 Hours.
Third course in calculus and analytic geometry including vector analysis: Euclidean space, partial differentiation, multiple integrals, line integrals and surface integrals, the integral theorems of vector calculus. Credit is not given for both MATH 241 and MATH 292. Prerequisite: MATH 231. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning II

Information listed in this catalog is current as of 10/2015
MATH 249 Honors Supplement  credit: 1 Hour.
Supplemental credit hour for honors courses with additional material or special projects. Prerequisite: Concurrent registration in a specially designated honors section and consent of department.

MATH 284 Intro Differential Systems  credit: 4 Hours.
First order differential equations; mathematical models and numerical methods; linear systems and matrices; higher-order linear differential equations; eigenvalues and eigenvectors; linear systems of differential equations; Laplace transform methods. Credit is not given for both MATH 284 and either MATH 285 or MATH 286. Prerequisite: MATH 231 or equivalent.

MATH 285 Intro Differential Equations  credit: 3 Hours.
Techniques and applications of ordinary differential equations, including Fourier series and boundary value problems, and an introduction to partial differential equations. Intended for engineering majors and others who require a working knowledge of differential equations. Credit is not given for both MATH 285 and any of MATH 284, MATH 286, MATH 441. Prerequisite: MATH 241.
This course satisfies the General Education Criteria for:
UIUC: Quant Reasoning II

MATH 286 Intro to Differential Eq Plus  credit: 4 Hours.
Techniques and applications of ordinary differential equations, including Fourier series and boundary value problems, linear systems of differential equations, and an introduction to partial differential equations. Covers all the MATH 285 plus linear systems. Intended for engineering majors and other who require a working knowledge of differential equations. Credit is not given for both MATH 286 and any of MATH 284, MATH 285, MATH 441. Prerequisite: MATH 241.
This course satisfies the General Education Criteria for:
UIUC: Quant Reasoning II

MATH 290 Symbolic Computation Lab  credit: 1 Hour.
Laboratory component to courses using a symbolic programming package. Prerequisite: Consent of department; concurrent registration in a designated section of a mathematics course with symbolic computation component. May be taken only once for credit.

MATH 292 Vector Calculus Supplement  credit: 2 Hours.
Course in multivariable calculus. Topics include gradient, divergence, and curl; line and surface integrals; and the theorems of Green, Stokes, and Gauss. Intended for transfer students whose multivariable calculus course did not include the integral theorems of vector calculus. Credit is not given for both MATH 292 and MATH 241. Prerequisite: Consent of instructor.

MATH 299 Topics in Mathematics  credit: 1 to 4 Hours.
Topics course; see Class Schedule or department office for current topics. May be repeated in the same or subsequent semesters to a maximum of 8 hours. Prerequisite: MATH 220 or MATH 221; consent of instructor.

MATH 347 Fundamental Mathematics  credit: 3 Hours.
Fundamental ideas used in many areas of mathematics. Topics will include: techniques of proof, mathematical induction, binomial coefficients, rational and irrational numbers, the least upper bound axiom for real numbers, and a rigorous treatment of convergence of sequences and series. This will be supplemented by the instructor from topics available in the various texts. Students will regularly write proofs emphasizing precise reasoning and clear exposition. Credit is not given for both MATH 347 and MATH 348. Prerequisite: MATH 231.
This course satisfies the General Education Criteria for:
UIUC: Quant Reasoning II

MATH 348 Fundamental Mathematics-ACP  credit: 4 Hours.
Course is identical to MATH 347 except for the additional writing component. Credit is not given for both MATH 348 and MATH 347. Prerequisite: MATH 231 and completion of the campus Composition I general education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Quant Reasoning II

MATH 357 Numerical Methods I  credit: 3 Hours.
Same as CS 357. See CS 357.

MATH 362 Probability with Engrg Applic  credit: 3 Hours.
Same as ECE 313. See ECE 313.

MATH 370 Actuarial Problem Solving  credit: 1 Hour.
Methods and techniques of solving problems in actuarial mathematics for advanced students intending to enter the actuarial profession. Approved for S/U grading only. May be repeated in the same or separate terms to a maximum of 4 hours. Prerequisite: Consent of instructor.

MATH 390 Individual Study  credit: 0 to 3 Hours.
Guided individual study of advanced topics not covered in other courses. May be repeated to a maximum of 8 hours. Approved for both letter and S/U grading. Prerequisite: Consent of instructor.

MATH 399 Math/Actuarial Internship  credit: 0 Hours.
Full-time or part-time practice of math or actuarial science in an off-campus government, industrial, or research laboratory environment. Summary report required. Approved for S/U grading only. May be repeated in separate terms. Prerequisite: After obtaining an internship, Mathematics majors must request entry from the Mathematics Director of Undergraduate Studies; Actuarial Science majors must request entry from the Director of the Actuarial Science Program.

MATH 402 Non Euclidean Geometry  credit: 3 or 4 Hours.
Historical development of geometry; includes tacit assumptions made by Euclid; the discovery of non-Euclidean geometries; geometry as a mathematical structure; and an axiomatic development of plane geometry. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241; MATH 347 or MATH 348, or equivalent; consent of instructor.
This course satisfies the General Education Criteria for:
UIUC: Quant Reasoning II

MATH 403 Euclidean Geometry  credit: 3 or 4 Hours.
Selected topics from geometry, including the nine-point circle, theorems of Ceva and Menelaus, regular figures, isometries in the plane, ordered and affine geometries, and the inverese plane. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241; MATH 347 or 348, or equivalent; consent of instructor.
This course satisfies the General Education Criteria for:
UIUC: Quant Reasoning II
MATH 405 Teacher’s Course credit: 3 or 4 Hours.
In-depth, advanced perspective look at selected topics covered in the secondary curriculum. Connects mathematics learned at the university level to content introduced at the secondary level. Intended for students who plan to seek a secondary certificate in mathematics teaching. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241; MATH 347 or MATH 348, or equivalent; or consent of instructor.
This course satisfies the General Education Criteria for: UIUC: Quant Reasoning II

MATH 406 History of Calculus credit: 3 or 4 Hours.
Examination of the historical origins and genesis of the concepts of the calculus; includes mathematical developments from the ancient Greeks to the eighteenth century. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or equivalent.

MATH 408 Actuarial Statistics I credit: 4 Hours.
Same as STAT 408. See STAT 408.

MATH 409 Actuarial Statistics II credit: 4 Hours.
Same as STAT 409. See STAT 409.

MATH 410 Lin Algebra & Financial Apps credit: 3 or 4 Hours.
Emphasizes techniques of linear algebra and introductory and advanced applications to actuarial science, finance and economics. Topics include linear equations, matrix theory, vector spaces, linear transformations, eigenvalues and eigenvectors and inner product spaces. In addition, current research topics such as modeling, data mining, and generalized linear models are explored. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 410 and any of MATH 125, MATH 225, MATH 415 or MATH 416. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241; MATH 210 or FIN 221; or consent of instructor.

MATH 412 Graph Theory credit: 3 or 4 Hours.
Examines basic concepts and applications of graph theory, where graph refers to a set of vertices and edges that join some pairs of vertices; topics include subgraphs, connectivity, trees, cycles, vertex and edge coloring, planar graphs and their colorings. Draws applications from computer science, operations research, chemistry, the social sciences, and other branches of mathematics, but emphasis is placed on theoretical aspects of graphs. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 347 or MATH 348 or equivalent experience or CS 373. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning II

MATH 413 Intro to Combinatorics credit: 3 or 4 Hours.
Permutations and combinations, generating functions, recurrence relations, inclusion and exclusion, Pólya’s theory of counting, and block designs. Same as CS 413. 3 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and completion of additional work of substance. Prerequisite: MATH 347 or MATH 348 or equivalent experience.

MATH 414 Mathematical Logic credit: 3 or 4 Hours.
Introduction to the formalization of mathematics and the study of axiomatic systems; expressive power of logical formulas; detailed treatment of propositional logical and predicate logic; compactness theorem and Godel completeness theorem, with applications to specific mathematical theories; algorithmic aspects of logical formulas. Proofs are emphasized in this course, which can serve as an introduction to abstract mathematics and rigorous proof; some ability to do mathematical reasoning required. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 347 or MATH 348 or equivalent experience.
This course satisfies the General Education Criteria for: UIUC: Quant Reasoning II

MATH 415 Applied Linear Algebra credit: 3 OR 4 Hours.
Introductory course emphasizing techniques of linear algebra with applications to engineering; topics include matrix operations, determinants, linear equations, vector spaces, linear transformations, eigenvalues, and eigenvectors, inner products and norms, orthogonality, equilibrium, and linear dynamical systems. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 415 and any of MATH 125, MATH 225, MATH 410, or MATH 416. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or consent of instructor.

MATH 416 Abstract Linear Algebra credit: 3 or 4 Hours.
Rigorous proof-oriented course in linear algebra. Topics include determinants, vector spaces over fields, linear transformations, inner product spaces, eigenvectors and eigenvalues, Hermitian matrices, Jordan Normal Form. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 416 and either MATH 410 or MATH 415. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or consent of instructor; MATH 347 is recommended.

MATH 417 Intro to Abstract Algebra credit: 3 or 4 Hours.
Fundamental theorem of arithmetic, congruences. Permutations. Groups and subgroups, homomorphisms. Group actions with applications. Polynomials. Rings, subrings, and ideals. Integral domains and fields. Roots of polynomials. Maximal ideals, construction of fields. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: Either MATH 416 or one of MATH 410, MATH 415 together with one of MATH 347, MATH 348, CS 373; or consent of instructor.
This course satisfies the General Education Criteria for: UIUC: Quant Reasoning II

MATH 418 Intro to Abstract Algebra II credit: 3 or 4 Hours.
Rings of quotients of an integral domain. Euclidean domains, principal ideal domains. Unique factorization in polynomial rings. Fields extensions, ruler and compass constructions. Finite fields with applications. Modules. Structure theorem for finitely generated modules over principal ideal domains. Application to finitely generated abelian groups and canonical forms of matrices. Introduction to error-correcting codes. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 417 or consent of instructor.
MATH 423 Differential Geometry  credit: 3 or 4 Hours.
Applications of the calculus to the study of the shape and curvature of curves and surfaces; introduction to vector fields, differential forms on Euclidean spaces, and the method of moving frames for low-dimensional differential geometry. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or equivalent.

MATH 424 Honors Real Analysis  credit: 3 Hours.
A rigorous treatment of basic real analysis via metric spaces. Metric space topics include continuity, compactness, completeness, connectedness and uniform convergence. Analysis topics include the theory of differentiation, Riemann-Darboux integration, sequences and series of functions, and interchange of limiting operations. As part of the honors sequence, this course will be rigorous and abstract. 3 undergraduate hours. No graduate credit. Approved for honors grading. Prerequisite: An honors section of MATH 347 or an honors section of MATH 416, and consent of the department.

MATH 425 Honors Advanced Analysis  credit: 3 Hours.
A theoretical treatment of differential and integral calculus in higher dimensions. Topics include inverse and implicit function theorems, submanifolds, the theorems of Green, Gauss and Stokes, differential forms, and applications. As part of the honors sequence, this course will be rigorous and abstract. 3 undergraduate hours. No graduate credit. Approved for honors grading. Prerequisite: MATH 424 and either MATH 415 or MATH 416, and consent of the department.

MATH 427 Honors Abstract Algebra  credit: 3 Hours.
Group theory, counting formulae, factorization, modules with applications to Abelian groups and linear operators. As part of the honors sequence, this course will be rigorous and abstract. 3 undergraduate hours. No graduate credit. Approved for honors grading. Credit is not given for both MATH 427 and MATH 417. Prerequisite: Consent of the department is required. Prerequisite courses are either an honors section of MATH 416, or MATH 415 together with an honors section of MATH 347.

MATH 428 Honors Topics in Mathematics  credit: 3 Hours.
A capstone course in the Mathematics Honors Sequences. Topics will vary. As part of the honors sequence, this course will be rigorous and abstract. 3 undergraduate hours. No graduate credit. May be repeated in the same or separate terms to a maximum of 12 hours. Prerequisite: Consent of the department.

MATH 432 Set Theory and Topology  credit: 3 or 4 Hours.
Informal set theory, cardinal and ordinal numbers, and the axiom of choice; topology of metric spaces and introduction to general topological spaces. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 347 or MATH 348 or consent of instructor.

MATH 439 Philosophy of Mathematics  credit: 3 or 4 Hours.
Same as PHIL 439. See PHIL 439.

MATH 441 Differential Equations  credit: 3 or 4 Hours.
Basic course in ordinary differential equations; topics include existence and uniqueness of solutions and the general theory of linear differential equations; treatment is more rigorous than that given in MATH 285. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 441 and any of MATH 284, MATH 285, MATH 286. 4 hours of credit requires approval of the instructor and completion of additional work of substance. Prerequisite: MATH 241; MATH 347 or MATH 348 is recommended.

MATH 442 Intro Partial Diff Equations  credit: 3 or 4 Hours.
Introduces partial differential equations, emphasizing the wave, diffusion and potential (Laplace) equations. Focuses on understanding the physical meaning and mathematical properties of solutions of partial differential equations. Includes fundamental solutions and transform methods for problems on the line, as well as separation of variables using orthogonal series for problems in regions with boundary. Covers convergence of Fourier series in detail. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and completion of additional work of substance. Prerequisite: One of MATH 284, MATH 285, MATH 286, MATH 441.

MATH 444 Elementary Real Analysis  credit: 3 or 4 Hours.
Careful treatment of the theoretical aspects of the calculus of functions of a real variable; topics include the real number system, limits, continuity, derivatives, and the Riemann integral. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 444 and MATH 447. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241; MATH 347 or MATH 348, or equivalent.

MATH 446 Applied Complex Variables  credit: 3 or 4 Hours.
For students who desire a working knowledge of complex variables; covers the standard topics and gives an introduction to integration by residues, the argument principle, conformal maps, and potential fields. Students desiring a systematic development of the foundations of the subject should take MATH 448. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 446 and MATH 448. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241.

MATH 447 Real Variables  credit: 3 or 4 Hours.
Careful development of elementary real analysis including such topics as completeness property of the real number system; basic topological properties of n-dimensional space; convergence of numerical sequences and series of functions; properties of continuous functions; and basic theorems concerning differentiation and Riemann integration. 3 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 447 and MATH 444. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or equivalent; junior standing; MATH 347 or MATH 348, or equivalent experience; or consent of instructor.

MATH 448 Complex Variables  credit: 3 or 4 Hours.
For students who desire a rigorous introduction to the theory of functions of a complex variable; topics include Cauchy's theorem, the residue theorem, the maximum modulus theorem, Laurent series, the fundamental theorem of algebra, and the argument principle. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 448 and MATH 446. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 447.

MATH 450 Numerical Analysis  credit: 3 Hours.
Same as CS 450, CSE 401 and ECE 491. See CS 450.
MATH 453 Elementary Theory of Numbers credit: 3 or 4 Hours.
Basic introduction to the theory of numbers. Core topics include divisibility, primes and factorization, congruences, arithmetic functions, quadratic residues and quadratic reciprocity, primitive roots and orders. Additional topics covered at the discretion of the instructor include sums of squares, Diophantine equations, continued fractions, Farey fractions, recurrences, and applications to primality testing and cryptography. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or equivalent. This course satisfies the General Education Criteria for:
UIUC: Quant Reasoning II

MATH 461 Probability Theory credit: 3 or 4 Hours.
Introduction to mathematical probability; includes the calculus of probability, combinatorial analysis, random variables, expectation, distribution functions, moment-generating functions, and central limit theorem. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 461 and either MATH 408 or ECE 313. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or equivalent.

MATH 463 Statistics and Probability I credit: 4 Hours.
Same as STAT 400. See STAT 400.

MATH 464 Statistics and Probability II credit: 3 or 4 Hours.
Same as STAT 410. See STAT 410.

MATH 469 Methods of Applied Statistics credit: 3 or 4 Hours.
Same as STAT 420. See STAT 420.

MATH 471 Actuarial Theory I credit: 4 Hours.
Distribution of the time-to-death random variable for a single life, and its implications for evaluations of insurance and annuity functions, net premiums, and reserves. 4 undergraduate hours. 4 graduate hours. Prerequisite: MATH 408 and MATH 210.

MATH 472 Actuarial Theory II credit: 3 or 4 Hours.
Continuation of MATH 471. Emphasis is on multiple-life functions. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and completion of additional work of substance. Prerequisite: MATH 471.

MATH 473 Fundamental Algorithms credit: 3 Hours.
Same as CS 473 and CSE 414. See CS 473.

MATH 475 Formal Models of Computation credit: 3 or 4 Hours.
Same as CS 475. See CS 475.

MATH 476 Actuarial Risk Theory credit: 3 or 4 Hours.
Mathematical analysis of the risk to an insurer due to variations in expected claim numbers and amounts; optimal insurance systems; the probability of ruin in the long run; reinsurance; dividend formulas. 3 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and completion of additional work of substance. Prerequisite: Credit or concurrent registration in STAT 409 or STAT 410.

MATH 478 Actuarial Modeling credit: 3 or 4 Hours.
Considers the specification and evaluation of various types of actuarial models. Examines severity, frequency, and compound distributions useful in modeling the insurance loss process. Credibility theory is also discussed. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: MATH 408, MATH 461 or MATH 463; credit or concurrent registration in MATH 409 or MATH 464.

MATH 479 Casualty Actuarial Mathematics credit: 3 or 4 Hours.
An introduction to property/casualty actuarial science, exploring its mathematical financial, and risk-theoretical foundations. Specific topics include risk theory, loss reserving, ratemaking, risk classification, credibility theory, reinsurance, financial pricing of insurance, and other special issues and applications. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Prerequisite: MATH 210; credit or concurrent registration in MATH 409; or consent of instructor.

MATH 481 Vector and Tensor Analysis credit: 3 or 4 Hours.
Introductory course in modern differential geometry focusing on examples, broadly aimed at students in mathematics, the sciences, and engineering. Emphasis on rigorously presented concepts, tools and ideas rather than on proofs. The topics covered include differentiable manifolds, tangent spaces and orientability; vector and tensor fields; differential forms; integration on manifolds and Generalized Stokes Theorem; Riemannian metrics, Riemannian connections and geodesics. Applications to configuration and phase spaces, Maxwell equations and relativity theory will be discussed. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 and one of MATH 415 or MATH 416 or equivalent.

MATH 482 Linear Programming credit: 3 or 4 Hours.
Rigorous introduction to a wide range of topics in optimization, including a thorough treatment of basic ideas of linear programming, with additional topics drawn from numerical considerations, linear complementarity, integer programming and networks, polyhedral methods. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 410, MATH 415, or MATH 416.

MATH 484 Nonlinear Programming credit: 3 or 4 Hours.
Iterative and analytical solutions of constrained and unconstrained problems of optimization; gradient and conjugate gradient solution methods; Newton's method, Lagrange multipliers, duality and the Kuhn-Tucker theorem; and quadratic, convex, and geometric programming. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241; MATH 347 or MATH 348; or equivalent; MATH 415 or equivalent; or consent of instructor.

MATH 487 Advanced Engineering Math credit: 3 or 4 Hours.
Complex linear algebra, inner product spaces, Fourier transforms and analysis of boundary value problems, Sturm-Liouville theory. Same as ECE 493. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One of MATH 284, MATH 285, MATH 286, MATH 441.

MATH 488 Math Methods In Engineering credit: 3 or 4 Hours.
Matrices, determinants, bounds and approximations to eigenvalues, introduction to linear operator theory and inner product spaces, orthogonal expansions, and Fourier transforms. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or equivalent.
MATH 489  Dynamics & Differential Eqns  credit: 3 or 4 Hours.
Studies mathematical theory of dynamical systems, emphasizing both discrete-time dynamics and nonlinear systems of differential equations. Topics include: chaos, fractals, attractors, bifurcations, with application to areas such as population biology, fluid dynamics and classical physics. Basic knowledge of matrix theory will be assumed. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and completion of additional work of substance. Prerequisite: One of MATH 284, MATH 285, MATH 286, MATH 441.

MATH 490  Advanced Topics in Mathematics  credit: 1 to 4 Hours.
Deals with selected topics and applications of mathematics; see Class Schedule or department office for current topics. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated with approval. Prerequisite: Consent of instructor.

MATH 492  Undergraduate Research in Math  credit: 1 to 3 Hours.
Work closely with department faculty on a well-defined research project. Topics and nature of assistance vary. Capstone paper or computational project required. 1 to 3 undergraduate hours. No graduate credit. May be repeated in separate terms up to 8 hours. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work; and approval of the department head.

MATH 496  Honors Seminar  credit: 3 Hours.
Careful study of a selected area of mathematics, carried out either deductively from axioms or inductively through problems; subject matter varies with instructor. 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. Prerequisite: Consent of Mathematics Honors Committee.

MATH 499  Introduction Graduate Research  credit: 1 Hour.
Seminar is required of all first-year graduate students in Mathematics. It provides a general introduction to the courses and research work in all of the areas of mathematics that are represented at the University of Illinois at Urbana-Champaign. 1 undergraduate hour. 1 graduate hour. Approved for S/U grading only. May be repeated to a maximum of 2 hours. Prerequisite: Graduate standing or consent of instructor.

Actuarial Science

Matthew Ando
273 Altgeld Hall, 1409 West Green, Urbana
PH: (217) 333-3350
http://www.math.illinois.edu/~gorvett

This major is sponsored by the Department of Mathematics, and is an interdisciplinary subject involving mathematics, statistics, and financial economics. It is designed to prepare students to enter the actuarial profession, as well as to provide a background in quantitative finance and risk management. See also Mathematics (p. 475) and Mathematics and Computer Science (p. 484).

For the Degree of Bachelor of Science in Liberal Arts and Sciences
Major in Sciences and Letters Curriculum
E-mail: math@illinois.edu

Minimum required major and supporting course work normally equates to 57-59 hours including 29-30 hours of mathematics beyond calculus.

General education: Students must complete the Campus General Education requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: To qualify for distinction, the student must take MATH 472, have a grade point average in mathematics courses of at least 3.25, and pass at least six hours of examinations offered by the professional actuarial societies. To qualify for high or highest distinction, the student must have passed at least eight hours of professional exams, with highest distinction going to those whose grade point averages in mathematics are at least 3.75. Finance courses and additional professional exams may also be given consideration in close decisions.

One additional 400- or 500-level Math course 3

1. Students should have credit for MATH 220/MATH 221 and MATH 231 before enrolling in MATH 241.
2. Beginning in Fall 2012, students may not receive credit for both MATH 416 and either MATH 410 or MATH 415. However, if one course is taken prior to Fall 2012, credit may be earned for both MATH 416 and either of MATH 410 or MATH 415.
3. If MATH 424 or MATH 447 is completed, a group requirement for the Graduate Preparatory concentration has been satisfied.
4. If MATH 417 or MATH 410 is completed, a group requirement for the Operations Research concentration has been satisfied.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours) except for students in the Teaching of Mathematics concentration. Please see your adviser.

### Graduate Preparatory Concentration

Each student must fulfill the core requirements of Part I and the concentration requirements of Part II.

Information listed in this catalog is current as of 10/2015

1. Students should have credit for MATH 220/MATH 221 and MATH 231 before enrolling in MATH 241.
2. Beginning in Fall 2012, students may not receive credit for both MATH 416 and either MATH 410 or MATH 415. However, if one course is taken prior to Fall 2012, credit may be earned for both MATH 416 and either of MATH 410 or MATH 415.
3. If MATH 424 or MATH 447 is completed, a group requirement for the Graduate Preparatory concentration has been satisfied.
4. If MATH 417 or MATH 410 is completed, a group requirement for the Operations Research concentration has been satisfied.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours) except for students in the Teaching of Mathematics concentration. Please see your adviser.

### Mathematics

For the Degree of Bachelor of Science in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

E-mail: mathadvising@illinois.edu
Minimum required major and supporting coursework normally equates to 46-57 hours including 27-35 hours of mathematics beyond calculus, 3-4 hours of computer science, and 12 hours of supporting coursework.

Within the core there is a choice of courses with differing numbers of credit hours, and the number of required courses in a concentration varies from four to six. The number of required hours of mathematics beyond calculus in the core varies between 15 and 17, depending on the choice of MATH 347 or MATH 348 and the choice of MATH 461 or MATH 463. The minimum number of hours of required mathematics courses beyond calculus is 27, occurring in either the General Mathematics concentration or the Teaching of Mathematics concentration as the result of a choice of 15 hours from the core and 12 hours specified in the concentration. The maximum number of hours of mathematics required beyond calculus is 35, the result in the Graduate Preparatory concentration of choosing 17 hours from the core and 18 hours specified in the concentration. (See footnote 5.)

The minimum number of required hours of mathematics and supporting coursework is 46, consisting of 27 hours of required math courses beyond calculus in the General Mathematics concentration, four hours of MATH 241, three hours of CS 101, and 12 hours of supporting coursework. The maximum number of hours of required mathematics and supporting coursework is 57, consisting of 12 hours of calculus in the Teaching of Mathematics concentration, 17 hours of mathematics beyond calculus in the core, four hours of CS 125, 12 hours of required math courses beyond calculus specified in the concentration, and 12 hours of supporting coursework.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: Distinction will be awarded on the basis of the selection of 400-level courses in mathematics and the grade point average. Graduation with High Distinction or Highest Distinction in Mathematics requires participation in the Program for Distinction in Mathematics or Mathematics Education. Full details are available at the departmental website.

Each student must fulfill the requirements of the core (Part I) and one of the concentrations (Part II).

Concentrations:

- Applied Mathematics Concentration (p. 481)
- Graduate Preparatory Concentration (p. 482)
- Mathematics Concentration (p. 483)
- Operations Research Concentration (p. 485)
- Teaching of Mathematics Concentration (p. 486)

Two additional 400- or 500-level Math courses

Students should have credit for MATH 220/MATH 221 and MATH 231 before enrolling in MATH 241.

Beginning in Fall 2012, students may not receive credit for both MATH 416 and either MATH 410 or MATH 415. However, if one course is taken prior to Fall 2012, credit may be earned for both MATH 416 and either of MATH 410 or MATH 415.

If MATH 424 or MATH 447 is completed, a group requirement for the Graduate Preparatory concentration has been satisfied.

If STAT 400 is completed, a group requirement for the Operations Research concentration has been satisfied.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours) except for students in the Teaching of Mathematics concentration. Please see your adviser.

Mathematics and Computer Science

For the Degree of Bachelor of Science in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

Degree title: Bachelor of Science in Liberal Arts and Sciences

Minimum required major and supporting course work normally equates to 68-70 hours.

General education: Students must complete the Campus General Education requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: To graduate with distinction requires a specified minimum grade point average in all Computer Science and Mathematics courses listed below. A GPA of 3.25 is required for Distinction, 3.5 for High Distinction, and 3.75 for Highest Distinction. In addition, students must complete at least three semester hours of additional Computer Science or Mathematics courses selected from the following:

Requirements

Calculus through MATH 241-Calculus III 11-12

MATH 347 | Fundamental Mathematics | 3 |
| or MATH 348 | Fundamental Mathematics-ACP | |
| CS 125 | Intro to Computer Science | 4 |
| CS 173 | Discrete Structures | 3 |
| CS 225 | Data Structures | 4 |
| CS 233 | Computer Architecture | 4 |
| CS 241 | System Programming | 4 |
| CS 242 | Programming Studio | 3 |
| CS/MATH 357 | Numerical Methods I | 3 |
| CS 373 | Theory of Computation | 3 |
| CS 457 | Numerical Methods II | 3 |
| MATH 415 | Applied Linear Algebra | 3 OR 4 |
| or MATH 416 | Abstract Linear Algebra | |

400-level mathematics and computer science requirements: 21-22

Students must select at least seven 400-level mathematics and computer science courses, including one from each of the following groups:

GROUP I

MATH 461 | Probability Theory |
| or STAT 400 | Statistics and Probability I |

GROUP II

MATH 412 | Graph Theory |
| MATH 417 | Intro to Abstract Algebra |

GROUP III

MATH 441 | Differential Equations |
| MATH 446 | Applied Complex Variables |
| MATH 484 | Nonlinear Programming |

GROUP IV

MATH 444 | Elementary Real Analysis |
| MATH 447 | Real Variables |

GROUP V

MATH 414 | Mathematical Logic |
| CS/MATH 473 | Fundamentals Algorithms |
| CS/MATH 475 | Formal Models of Computation |

GROUP VI

CS 421 | Programming Languages & Compilers |
| CS 423 | Operating Systems Design |

NOTE: A student taking a cross-listed course in this major may designate it as either mathematics or computer science.
Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

**Minor in Mathematics**

1. Students should have credit for MATH 220/MATH 221 and MATH 231 before enrolling in MATH 241.

2. Beginning in Fall 2012, students may not receive credit for both MATH 416 and either MATH 410 or MATH 415. However, if one course is taken prior to Fall 2012, credit may be earned for both MATH 416 and either of MATH 410 or MATH 415.

3. If MATH 424 or MATH 447 is completed, a group requirement for the Graduate Preparatory concentration has been satisfied.

4. If STAT 400 is completed, a group requirement for the Operations Research concentration has been satisfied.

5. If STAT 400 is completed as one of the core courses, this 4 hour requirement has been satisfied.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.
All foreign language requirements must be satisfied.

A Major Plan of Study form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours) except for students in the Teaching of Mathematics concentration. Please see your adviser.

**Teacher Education Minor in Mathematics, Grades 6-8**

For students in teacher education curricula other than mathematics who wish to be qualified to teach mathematics at the middle school level.

Four courses from at least three of the following areas: 12-14

**Calculus**

- MATH 220  Calculus
- or MATH 225 Calculus I
- or MATH 234 Calculus for Business I
- MATH 231  Calculus II

**Topics in Geometry**

- MATH 119  Ideas in Geometry
- MATH 402  Non Euclidean Geometry
- MATH 403  Euclidean Geometry

**Computer Science (one course only)**

- CS 101  Intro Computing: Engrg & Sci
- or CS 105  Intro Computing: Non-Tech

**Probability-Statistics**

- STAT 100  Statistics
- or
- STAT 400/ Statistics and Probability I
- MATH 463

**History of Mathematics**

- MATH 406  History of Calculus

**Modern Algebra or Number Theory**

- MATH 413  Intro to Combinatorics
- MATH 417  Intro to Abstract Algebra
- MATH 453  Elementary Theory of Numbers

**Teacher Education Minor in Mathematics, Grades 9-12**

For students in teacher education curricula other than mathematics who wish to be qualified to teach mathematics at the high school level.

E-mail: dirug@math.uiuc.edu

Web address for department: www.math.illinois.edu (http://www.math.illinois.edu)

To obtain an endorsement to teach mathematics in grades 9-12, students must also pass the Illinois Certification Testing System Test in Mathematics. Information and practice exams are available at www.icts.nesinc.com.

Methods courses in the teaching of mathematics 3

- CI 434  Teaching Secondary Math

A course covering topics in non-Euclidean geometry 3

- MATH 402  Non Euclidean Geometry
- or MATH 403  Euclidean Geometry

At least 7 hours of work from at least two of the following areas: 7

**Computer Science (one course only)**

- CS 101  Intro Computing: Engrg & Sci
- or CS 105  Intro Computing: Non-Tech

**Linear Algebra**

- MATH 125  Elementary Linear Algebra
- MATH 225  Introductory Matrix Theory
- MATH 415  Applied Linear Algebra
- MATH 416  Abstract Linear Algebra

**Modern Algebra**

- MATH 413  Intro to Combinatorics
- MATH 417  Intro to Abstract Algebra
- MATH 453  Elementary Theory of Numbers

**Applied Mathematics**

- MATH 347  Fundamental Mathematics
- or MATH 348 Fundamental Mathematics-ACP
- MATH 285  Intro Differential Equations
- MATH 441  Differential Equations
- MATH 444  Intro to Integral Calculus
- MATH 446  Applied Complex Variables

**Probability-Statistics**

- STAT 400/ Statistics and Probability I
- MATH 463

**History of Mathematics**

- MATH 406  History of Calculus

**Teaching of Mathematics Concentration**

In order to remain in good standing in this program and be recommended for certification, candidates are required to maintain UIUC, cumulative,
content area, and professional education, grade-point averages of 2.5 (A= 4.0). Candidates should consult their adviser or the Council on Teacher Education for the list of courses used to compute these grade-point averages.

General education: Students must fulfill the Campus general education ([https://courses.illinois.edu](https://courses.illinois.edu)) requirements. In addition, students must take a speech performance course chosen from the following list:

- CMN 101 Public Speaking
- CMN 113 Small Group Communication
- CMN 321 Strategies of Persuasion
- CMN 323 Argumentation

or satisfy the Comp I requirement with:

- CMN 111 Oral & Written Comm I
- CMN 112 Oral & Written Comm II

Prerequisites to transfer to the Teaching Concentration:

- EPSY 201 Educational Psychology 3
- EPS 201 Foundations of Education 3
- or EPS 202 Foundations of Education-ACP
- MATH 220 Calculus 5
- or MATH 221 Calculus I
- MATH 231 Calculus II 3
- MATH 241 Calculus III 4

Three advanced mathematics courses, including

- MATH 347 Fundamental Mathematics
- or MATH 348 Fundamental Mathematics-ACP

Prerequisite courses must be completed prior to transfer into the teaching concentration and hence must be in progress or completed at the time of application.

Two additional 400- or 500-level mathematics courses 6

1 Students should have credit for MATH 220/MATH 221 and MATH 231 before enrolling in MATH 241.
2 Beginning in Fall 2012, students may not receive credit for both MATH 416 and either MATH 410 or MATH 415. However, if one course is taken prior to Fall 2012, credit may be earned for both MATH 416 and either of MATH 410 or MATH 415.
3 If MATH 424 or MATH 447 is completed, a group requirement for the Graduate Preparatory concentration has been satisfied.
4 If STAT 400 is completed, a group requirement for the Operations Research concentration has been satisfied.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours) except for students in the Teaching of Mathematics concentration. Please see your adviser.

Medieval Studies, Program In

Eleonora Stoppino, Director
4080 Foreign Languages Building
707 S. Mathews Avenue
Urbana, Illinois 61801
e-mail: medievalstudies@illinois.edu

PH: (217) 265-6254
FX: (217) 244-8430
www.medieval.illinois.edu (http://www.medieval.illinois.edu)

The purpose of the Program in Medieval Studies is to foster the interdisciplinary and cross-cultural study of the history, literature, languages, religion, philosophy, art, and archaeology of cultures across the globe from approximately the fourth through the fifteenth centuries C.E., by sponsoring activities such as seminars, conferences, symposia, and lectures, visiting scholars, and exchange and outreach programs, and by offering an undergraduate Interdisciplinary Studies Medieval Studies Concentration (p. 456) and Minor in Medieval Studies.

Interdisciplinary Minor in Medieval Studies

This minor introduces students to medieval (ca. 500- ca. 1500 CE) cultures across the world, providing them with an understanding of periods and movements, institutions, material culture, ideas, beliefs, and values of the diverse cultures that comprise the medieval globe. The coursework spans both geographical regions and disciplines to introduce
students to the breadth of medieval cultures as well as to the diversity of
methods and perspectives for their study.

The minor includes a minimum of 21 hours, divided into (I) an
introductory course in global medieval literatures and cultures; (II)
geographical distribution coursework as specified below; and (III)
advanced medieval coursework selected by the student in consultation
with a faculty advisor. 3 hours of appropriate language study can be
applied to the Additional Medieval Studies Coursework.

**Introduction to Medieval Studies** 1

<table>

</tbody>
</table>

**Geographical Distribution Coursework** 2

1. 3 hours- Medieval Europe: One course chosen from the following:
   - ARTH/MDVL 111 Ancient to Medieval Art
   - ARTH/MDVL 222 Medieval Art
   - ARTH/MDVL 231 Northern Renaissance Art
   - ITAL/MDVL 240 Italy Middle Ages & Renais
   - HIST/MDVL 245 Women & Gender Pre-Mod Europe
   - HIST/MDVL 247 Medieval Europe
   - SCAN/MDVL 251 Viking Mythology
   - SCAN/MDVL 252 Viking Sagas in Translation
   - HIST/MDVL 255 British Isles to 1688
   - ARCH/MDVL 412 Medieval Architecture

2. 3 hours-Classical and Medieval East Asia: One course chosen from the following:
   - HIST 220 Traditional China
   - HIST 226 Premodern Japanese History
   - EALC 240 Chinese Civilization
   - EALC 275 Masterpieces of East Asian Lit
   - RLST 287 Introduction to Buddhism

3. 3 hours-Medieval Central Asia, South Asia, or the Middle East: One course chosen from the following:
   - HIST 130 History of South Asia
   - HIST 135 History of Islamic Middle East
   - LA 218 S Asian Cultural Landscapes
   - LA 222 Islamic Gardens & Architecture
   - RLST 213 Intro to Islam - ACP
   - RLST 214: Introduction to Islam
   - RLST 223 The Qur'an (Koran)
   - RLST 260 Mystics and Saints in Islam
   - RLST 283 Jewish Sacred Literature
   - CWL 208 Cultures & Lits of South Asia

**Additional Medieval Studies Coursework**

Medieval-related coursework from participating
departments selected in consultation with the minor
advisor. At least 6 hours must be at the 300- or 400-level.
A list of courses is maintained on the Medieval Studies
Program website. 3 hours of appropriate language study
can be applied to meet this requirement with approval of
the Director of the Program in Medieval Studies. 3

**Total Hours** 21

1. A student may substitute the "Medieval World" section of HIST 100 by
petition to the Director of Medieval Studies. Only the section of HIST 100
devoted to the Middle Ages may be substituted.
2. A student may substitute 3 hours in geographical distribution
coursework with a course on the medieval civilizations of the Americas:
ANTH 277 or ANTH 278.
3. List of courses to fulfill Additional Medieval Studies Coursework.
(http://www.medieval.illinois.edu/education/undergrad)

MDVL Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MDVL)

**Courses**

**MDVL 111** Ancient to Medieval Art credit: 4 Hours.
Same as ARTH 111. See ARTH 111.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

**MDVL 201** Medieval Lit and Culture credit: 3 Hours.
Same as CWL 253 and ENGL 202. See ENGL 202.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

**MDVL 222** Medieval Art credit: 3 Hours.
Same as ARTH 222. See ARTH 222.

**MDVL 231** Northern Renaissance Art credit: 3 Hours.
Same as ARTH 231. See ARTH 231.

**MDVL 240** Italy Middle Ages & Renaiss credit: 3 Hours.
Same as CWL 240 and ITAL 240. See ITAL 240.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

**MDVL 245** Women & Gender Pre-Mod Europe credit: 3 Hours.
Same as GWS 245 and HIST 245. See HIST 245.
This course satisfies the General Education Criteria for:
UIUC: HistPhilos Perspect

**MDVL 247** Medieval Europe credit: 3 Hours.
Same as HIST 247. See HIST 247.
This course satisfies the General Education Criteria for:
UIUC: HistPhilos Perspect

**MDVL 251** Viking Mythology credit: 3 Hours.
Same as CWL 251, RLST 251, and SCAN 251. See SCAN 251.
This course satisfies the General Education Criteria for:
UIUC: HistPhilos Perspect

Information listed in this catalog is current as of 10/2015
MDVL 252  Viking Sagas in Translation  credit: 3 Hours.
Same as CWL 252 and SCAN 252. See SCAN 252.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

MDVL 255  British Isles to 1688  credit: 3 Hours.
Same as HIST 255. See HIST 255.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

MDVL 344  Medieval Jewish Thought  credit: 3 Hours.
Same as RLST 344. See RLST 344.

MDVL 345  Medieval Civilization  credit: 3 Hours.
Same as HIST 345 and RLST 345. See HIST 345.

MDVL 346  The Age of the Renaissance  credit: 3 Hours.
Same as HIST 346 and RLST 346. See HIST 346.

MDVL 403  European Education to 1600  credit: 2 to 4 Hours.
Same as EPS 403 and HIST 440. See EPS 403.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

MDVL 407  Introduction to Old English  credit: 3 or 4 Hours.
Same as ENGL 407. See ENGL 407.

MDVL 410  Topics in Medieval Brit Lit  credit: 3 or 4 Hours.
Same as CWL 417 and ENGL 412. See ENGL 412.

MDVL 411  Chaucer  credit: 3 or 4 Hours.
Same as ENGL 411. See ENGL 411.

MDVL 412  Medieval Architecture  credit: 3 Hours.
Same as ARCH 412. See ARCH 412.

MDVL 413  Dante  credit: 3 or 4 Hours.
Same as CWL 413 and ITAL 413. See ITAL 413.

MDVL 414  Petrarch & Boccaccio  credit: 3 or 4 Hours.
Same as CWL 414 and ITAL 414. See ITAL 414.

MDVL 415  Classical Rhetorics  credit: 3 or 4 Hours.
Same as CLCV 415 and CMN 415. See CMN 415.

MDVL 417  History of the French Language  credit: 3 or 4 Hours.
Same as FR 417. See FR 417.

MDVL 420  Masterpieces Renaiss Lit  credit: 3 or 4 Hours.
Same as CWL 420 and ITAL 420. See ITAL 420.

MDVL 423  Romanesque Art  credit: 3 or 4 Hours.
Same as ARTH 423. See ARTH 423.

MDVL 424  Gothic Art  credit: 3 or 4 Hours.
Same as ARTH 424. See ARTH 424.

MDVL 431  Topics: Northern Art 1300-1500  credit: 3 or 4 Hours.
Same as ARTH 431. See ARTH 431.

MDVL 433  Fifteenth-Century Italian Art  credit: 3 or 4 Hours.
Same as ARTH 433. See ARTH 433.

MDVL 440  Early Christian Thought  credit: 3 or 4 Hours.
Same as RLST 440. See RLST 440.

MDVL 443  Byzantine Empire AD 284-717  credit: 3 or 4 Hours.
Same as HIST 443. See HIST 443.

MDVL 444  Medieval England  credit: 2 to 4 Hours.
Same as HIST 445. See HIST 445.

MDVL 460  Medieval Latin  credit: 3 Hours.
Same as LAT 460. See LAT 460.

MDVL 470  Middle Ages to Baroque  credit: 3 Hours.
Same as GER 470. See GER 470.

Molecular and Cellular Biology, School of

Stephen Sligar, Director of School
393 Morrill Hall, 505 South Goodwin Avenue, Urbana
PH: (217) 333-3166
http://mcb.illinois.edu

The Molecular and Cellular Biology major provides students with a solid preparation in molecular biology, molecular genetics, microbiology, cellular biology, biochemistry, physiology, and structural biology. Students will also acquire a strong background in chemistry, math and physical sciences. After completion of the core curriculum in MCB, students may complete the required advanced course work by taking a variety of MCB courses or by selecting a more focused group of courses in any of the following areas: biochemistry, cells and tissues, developmental biology, infection and immunity, microbiology, genetics, neurobiology and physiology. The MCB Advising Program (MAP) staff is available to help students plan their combination of advanced courses.

The Molecular and Cellular Biology Honors Concentration is designed for students whose preparation and interests motivate them to desire a more intensive undergraduate biology experience and to prepare for graduate or professional school. The MCB Honors Concentration is based on the MCB major. Students must satisfy all of the requirements for the MCB major in addition to the requirements for the MCB Honors Concentration. Students interested in the MCB Honors Concentration should contact the MCB Honors Concentration coordinator during the freshman year for more information.

The School of Molecular and Cellular Biology also sponsors the Minor in MCB and the Biochemistry Specialized Curriculum.

The School of Molecular and Cellular Biology offers the following degree programs:

- Molecular and Cellular Biology concentration (p. 496)
- MCB Honors concentration (p. 496)
- Biochemistry major (p. 496)

Basic degree information for each is below. Information on specific courses students must take for each is found via the links above.

For the Degree of Bachelor of Science in Liberal Arts and Sciences

Students choose the Molecular and Cellular Biology concentration (p. 496) or the MCB Honors Concentration (p. 496)

Major in Sciences and Letters Curriculum

E-mail address: undergrad@mcb.illinois.edu

Students receive a Degree of Bachelor of Science in Liberal Arts and Sciences
Minimum required courses: 67-71 hours, including 21 hours of 300- or 400-level courses; 12 hours of 300- and 400-level courses in the major must be taken on this campus.

General Education requirements: Students must complete the Campus General Education requirements.

Minimum hours required for graduation: 120 hours.

Students earning a degree in Molecular and Cellular Biology may not also earn a second degree in the Specialized Curriculum in Biochemistry.

Students earning a degree in Molecular and Cellular Biology may not double major in Integrative Biology.

Distinction: Students in MCB can qualify for Distinction via one of the following:

**Distinction for Excellence in Research:**

*To be eligible for graduation with Distinction a student must:*

Complete 3 semesters of MCB 290 for 2 credit hours or more each semester. Maintain a minimum cumulative GPA of 3.25 at the end of penultimate semester. Give at least one poster presentation at the Undergraduate Research symposium or other approved venue. Obtain a letter of support from their Principal Investigator.

*To be eligible for graduation with High Distinction a student must:*

Complete 2 semesters of MCB 290 for 2 credit hours or more each semester. Complete 1 semester of MCB 492 for 3 credit hours or more. Maintain a minimum cumulative GPA of 3.25 at the end of penultimate semester. Give at least one poster presentation at the Undergraduate Research symposium or other approved venue. Obtain a letter of support from their Principal Investigator. Submit a written thesis that is approved by the Distinction Committee.

*To be eligible for graduation with Highest Distinction a student must:*

Complete 2 semesters of MCB 290 for 2 credit hours or more each semester. Complete 1 semester MCB 492 for 3 credit hours or more. Maintain a minimum cumulative GPA of 3.90 at the end of penultimate semester. Give at least one poster presentation at the Undergraduate Research symposium or other approved venue. Obtain a letter of support from their Principal Investigator. Submit a written thesis that is approved by the Distinction Committee. Distinction for Excellence in Academics:

*To be eligible for graduation with Academic Distinction a student must:*

Achieve a major GPA of 3.90 or higher in the MCB major (biology, chemistry, physics and math courses for the MCB major) at the end of their penultimate semester.

**For the Degree of Bachelor of Science in Biochemistry**

Major in Specialized Curriculum in Biochemistry course requirements (p. 496)

The typical program of courses required to satisfy this degree totals 126-131 hours as outlined below including up to 12 hours of non-primary language (if not completed in high school); in no case will a program totaling less than 120 hours qualify for graduation. In addition, in order to graduate there is a minimum 2.0 cumulative academic grade point average and student must attain a 2.5 academic grade point average in the chemistry, biochemistry, biology, mathematics, physics and advanced electives in science/engineering courses specified in this curriculum. All proposals for course substitutions must be approved by the academic advisor. This curriculum is intended for those students who desire a rigorous education in chemistry, biochemistry, and biology, who have definite research-oriented goals, and whose career objectives include graduate school, MD/PhD programs, or industry.

E-mail: biocug@life.uiuc.edu

Students receive a Degree of Bachelor of Science in Biochemistry

Web address for department: http://mcb.illinois.edu/departments/biochemistry/index.html

All students must complete the General education requirements.

Minimum hours required for graduation: 120 hours

Students earning the Biochemistry degree automatically complete the Chemistry minor. Students earning a degree in the Specialized Curriculum in Biochemistry may not earn a second degree in the Science and Letters Curriculum in Molecular and Cellular Biology.

Departmental distinction: In addition to meeting the above requirements, a student seeking distinction must satisfy the following:

- Complete 10 hours of BIOC 492.
- Earn at least a 3.25 grade-point average.
- Present a senior thesis to the department.

**Minor in Molecular and Cellular Biology**

The minor, administered by the School of Molecular and Cellular Biology, is designed to provide students with an understanding of foundational principles of physiology, cellular and developmental biology, microbiology, molecular genetics and biochemistry. A minor in Molecular and Cellular Biology will prepare students for training in medicine and other health sciences, graduate studies in related disciplines, as well as for employment opportunities in pharmaceutical and biotechnology industries.

Students must contact an MCB advisor (http://www.life.uiuc.edu/mcb/advising) for acceptance into the minor. MCB 150 must be completed or in progress before acceptance into the minor.

Choose one additional 3-5 credit hour course from the approved list of 300- and 400-level courses for MCB majors. 3-5

**Total Hours**: 19-21

BIOP Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/BIOP)
Biophysics Courses

BIOP 401  Introduction to Biophysics  credit: 3 or 4 Hours.
Same as PHYS 475. See PHYS 475.

BIOP 419  Brain, Behavior & Info Process  credit: 3 Hours.
Same as MCB 419 and NEUR 419. See MCB 419.

BIOP 432  Photosynthesis  credit: 3 Hours.
Same as CPSC 489 and IB 421. See IB 421.

Molecular and Cell Biology Courses

MCB 100  Introductory Microbiology  credit: 3 Hours.
Introduction to the principal activities and properties of microorganisms, including bacteria, yeasts, molds, and viruses; consideration of the role of natural processes, such as photosynthesis; and man's use and control of microorganisms in the production of antibodies and vaccines in industrial fermentations, in sanitation and public health, and in agriculture. Credit is not given for both MCB 100 and MCB 300. Prerequisite: There are no prerequisites for MCB 100, but some chemistry is recommended. This course satisfies the General Education Criteria for: UIUC: Life Sciences

MCB 101  Intro Microbiology Laboratory  credit: 2 Hours.
Laboratory introduction to the techniques employed in the investigation of microbial activities and properties; experiments designed to familiarize the student with the handling, identification, and characterization of microorganisms and their activities, particularly those of interest to man. Credit is not given for both MCB 101 and MCB 301. Prerequisite: Credit or concurrent registration in MCB 100.

MCB 150  Molec & Cellular Basis of Life  credit: 4 Hours.
Introductory course focusing on the basic structure, metabolic, and molecular processes (including membranes, energy metabolism, genes) common to all cells. Emphasis on unique properties that differentiate the major sub-groups of organisms (Archaea, Bacteria, plants, and animals), and will discuss how cells are integrated into tissues and organs in multicellular organisms.
This course satisfies the General Education Criteria for: UIUC: Life Sciences

MCB 151  Molec & Cellular Laboratory  credit: 1 Hour.
Introductory laboratory course focusing on basic techniques in molecular and cellular biology. Credit is not given for MCB 151 for students majoring in Molecular and Cellular Biology, or Integrative Biology. Prerequisite: Concurrent enrollment in MCB 150.

MCB 170  Society and the Brain  credit: 3 Hours.
Presents recent findings concerning the brain-society interaction. The facts will span many levels, from molecular and cellular interactions, to the functions of specific brain regions, and on to the behaviors of individuals, groups and societies. Intended to bring a broad range of neurobiological data and ideas into an interesting and relevant context.
This course satisfies the General Education Criteria for: UIUC: Life Sciences

MCB 180  Human Reproduction & Society  credit: 3 Hours.
Lectures and discussions on topics in human reproduction where technological and clinical advances are having economic, social, and ethical consequences.
This course satisfies the General Education Criteria for: UIUC: Life Sciences

MCB 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
Approved for letter and S/U grading. May be repeated to a maximum of 10 hours.

MCB 215  Foundation in Mol & Cell Bio  credit: 3 Hours.
Online course that will provide transfer students with the essential bases in Molecular and Cellular Biology needed to succeed in the MCB core curriculum, when entering it at the sophomore level. Students will be exposed to the major concepts and the experimental aspects of MCB and be presented with an integrated view of a cell and its inner workings. In addition, a strong peer mentoring program will help students transitioning from their previous institutions by introducing them to the complex setting of a large undergraduate campus. Prerequisite: Successful completion of two semesters of college biology. Credit or concurrent enrollment in CHEM 101, CHEM 102, or equivalent, or consent of instructor.

MCB 244  Human Anatomy & Physiology I  credit: 3 Hours.
Organ system biology with an emphasis on normal human anatomy and physiology, physiological processes and associated disease processes of the following systems: skeletal, muscle, nervous, sensory, and endocrine. Prerequisite: Credit or concurrent enrollment in CHEM 101, CHEM 102, or equivalent; or consent of instructor.

MCB 245  Human Anat & Physiol Lab I  credit: 2 Hours.
Laboratory exploration of normal human anatomy and physiology and relevant disease processes for the following systems: tissue, skeletal, nervous, muscular, sensory, and endocrine. Previously dissected human cadavers are an important part of the learning experience in this course, but students will not dissect human cadavers. Neither animal dissection or animal use are elements of this course. Prerequisite: Credit or concurrent enrollment in CHEM 101, CHEM 102, or equivalent; or consent of instructor.

MCB 246  Human Anatomy & Physiology II  credit: 3 Hours.
Organ system biology with an emphasis on normal human anatomy and physiology, physiological processes and associated disease processes of the following systems: digestion, cardiovascular, respiratory, renal, and reproductive. Prerequisite: MCB 244 and credit or concurrent enrollment in CHEM 101, CHEM 102, or equivalent or consent of instructor.

MCB 247  Human Anat & Physiol Lab II  credit: 2 Hours.
Laboratory exploration of normal human anatomy and physiology and relevant disease processes for the following systems: digestive, cardiovascular, respiratory, renal, and reproductive. Previously dissected human cadavers are an important part of the learning experience in this course, but students will not dissect human cadavers. Neither animal dissection or animal use are elements of this course. Prerequisite: MCB 245 and credit or concurrent enrollment in CHEM 101, CHEM 102, or equivalent; or consent of instructor.

MCB 250  Molecular Genetics  credit: 3 Hours.
Fundamentals of molecular biology including structure of DNA, RNA and proteins, mechanisms of DNA replication, transcription and translation, gene organization, genetic variation and repair, and regulation of gene expression in Bacteria, and Eukarya. Students who enter the University Fall 2011 or later are responsible for additional course-based tuition of $300 unless they are already paying differential tuition during the term of course enrollment. Additional fees may apply. See Class Schedule. Prerequisite: MCB 150, CHEM 102 and CHEM 104, or equivalents or consent of instructor.
MCB 251 **Exp Techniqs in Molecular Biol** credit: 2 Hours. Laboratory course emphasizing a range of molecular biology questions, and the experimental approaches and methodologies needed to answer these questions. Lectures will accompany labs to explain theoretical background and experimental rationale. Students who enter the University Fall 2011 or later are responsible for additional course-based tuition of $300 unless they are already paying differential tuition during the term of course enrollment. Additional fees may apply. See Class Schedule. Credit is not given for both MCB 251 and MCB 151. Prerequisite: Concurrent or prior enrollment in MCB 250 or consent of instructor.

MCB 252 **Cells, Tissues & Development** credit: 3 Hours. Functional organization and physiology of cells and tissues, including cellular signaling, cellular interactions, and developmental processes. Students who enter the University Fall 2011 or later are responsible for additional course-based tuition of $300 unless they are already paying differential tuition during the term of course enrollment. Additional fees may apply. See Class Schedule. Prerequisite: MCB 250 or equivalent with consent of instructor.

MCB 270 **Medical Genetics** credit: 3 Hours. Addresses key issues in medical genetics, defined as human genetics for pre-health care professionals. The course covers basic principles of medical ethics, modes of inheritance, the molecular basis of genetic disorders, treatment approaches, gene therapy and emerging technologies like whole genome sequencing. Prerequisite: MCB 252 or equivalent or consent of instructor.

MCB 290 **Undergraduate Research** credit: 1 to 5 Hours. Students assist in and/or conduct research under faculty supervision in an MCB research laboratory. The topics and nature of the work will vary but will be defined as work conducted in MCB research laboratories. For each hour of course credit in fall and spring terms, the student will be expected to complete 5 hours of work in the lab as directed. 75-80 total hours would be the expectation for 1 credit hour during 15-16 week terms. May be repeated to a maximum of 10 hours. Prerequisite: Consent of instructor.

MCB 291 **Undergraduate Research Abroad** credit: 1 to 5 Hours. Students engage in research under faculty supervision at a location outside of the United States. Topics and precise nature of assistance to be determined by MCB faculty in consultation with faculty at the institution. May be repeated in separate terms up to 10 hours. Prerequisite: Consent of MCB faculty who has approved the proposed research plan; consent of faculty member at institution abroad who will be supervising the work and has approved the proposed research plan; evidence of adequate preparation for such study; consent of School of MCB. Not available to freshman.

MCB 297 **MCB Honors Discussion** credit: 1 Hour. Honors discussion section associated with MCB 250, MCB 252, and MCB 354. Concurrent enrollment in the appropriate lecture course is required. May be repeated in separate terms to a maximum of 3 hours.

MCB 298 **MCB Honors Lab Discussion** credit: 1 Hour. Discussion section associated with the Honors lab sections of MCB 251 and MCB 253. Concurrent enrollment in the appropriate Honors lab section is required. May be repeated in separate terms to a maximum of 2 hours.

MCB 299 **MCB Merit Program Discussion** credit: 1 Hour. Provides the extra earned credit hours for students enrolled in the Merit Program in MCB 250, MCB 252, or MCB 354. Approved for letter and S/U grading. May be repeated up to 6 hours in a semester, to a maximum of 10 total hours. Prerequisite: Consent of instructor.

MCB 300 **Microbiology** credit: 3 Hours. Emphasizes fundamental concepts of microbiology, including nutrition, physiology, genetics, molecular biology, ecology and evolution of microorganisms, and their role in nature, human health and disease. Credit is not given for both MCB 300 and MCB 100. Prerequisite: MCB 250 and credit or concurrent registration in MCB 252 or consent of instructor.

MCB 301 **Experimental Microbiology** credit: 3 Hours. Laboratory emphasizing the fundamentals of microbiology. Topics include growth, isolation, and identification of bacteria; restriction endonuclease analysis of DNA, genetic cloning, and gene transfer. Computer methods are used for the identification of microorganisms and for the analysis of recombinant DNA molecules. Prerequisite: MCB 250 and 251 and credit or concurrent registration in MCB 300 or consent of instructor.

MCB 312 **Applied Microbiology Methods** credit: 2 Hours. Consideration, through experimentation, of properties of bacteria, yeasts, molds, and actinomycetes important to industrial processes; exploration of methods of control of microbial processes in industry and sanitation. Prerequisite: MCB 100 and MCB 101 or consent of instructor.

MCB 314 **Introduction to Neurobiology** credit: 3 Hours. Introduction to functional and organizational principles of the mammalian nervous system. Topics include the function of nerve cells, neural signaling, sensory and motor systems, learning and memory, attention, motivation, emotions, language, neural development and neurological disorders. A general introduction appropriate for all majors. Same as NEUR 314. Prerequisite: Junior or senior standing.

MCB 316 **Genetics and Disease** credit: 4 Hours. Introduction of the structure, expression, and regulation of genes of higher eukaryotes with an emphasis upon animal cells. Specific topics will include chromatin structure and its relation to gene expression, regulation of gene expression during development, recombination, molecular genetic technologies, gene replacement therapy, and the molecular genetics of cancers. Credit is not given for both MCB 316 and MCB 317. Prerequisite: MCB 150 and credit or concurrent registration in MCB 250 or consent of instructor.

MCB 317 **Genetics and Genomics** credit: 4 Hours. Study of genetics as a discipline, genetic analysis as a tool to understand biology and the role of genome sciences in biology. Credit is not given for both MCB 317 and MCB 316. Prerequisite: MCB 250, MCB 251, MCB 252, and MCB 253; or consent of instructor.

Information listed in this catalog is current as of 10/2015.
MCB 320  Mechanisms of Human Disease  credit: 3 Hours.
The advent of molecular biology and the Human Genome Project has dramatically increased our understanding of the mechanisms of human disease. The underlying molecular causes for many diseases have been elucidated. This course examines how abnormalities that occur at the molecular and cellular level manifest as pathologies affecting the structure and function of human tissues and organs. In addition, this course focuses on the pathophysiology of common human diseases and the environmental, genetic and epigenetic causes of specific disease types. Prerequisite: MCB 252 or consent of instructor.

MCB 354  Biochem & Phys Basis of Life  credit: 3 Hours.
Introduction to biochemistry and structural biology emphasizing the physical and chemical properties of macromolecules. Credit is not given for both MCB 354 and MCB 450. Prerequisite: CHEM 232 or CHEM 236, and MCB 250 and MCB 252, or consent of instructor.

MCB 395  Special Topics Human Physiol  credit: 2 Hours.
Selected topics in general physiology. Prerequisite: Credit or concurrent registration in MCB 401; consent of instructor.

MCB 396  Special Topics Brain Physiol  credit: 2 Hours.
Selected topics in animal physiology. Prerequisite: Credit or concurrent registration in MCB 401; consent of instructor.

MCB 400  Cancer Cell Biology  credit: 3 Hours.
Principles of eukaryotic cell biology with an emphasis on cancer cell biology; consideration of molecular and fine structural components of the cell with an emphasis on experimental analysis of the relationship of structure to function of gene, membrane, cytoskeleton, and extracellular matrix. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 250, MCB 251, MCB 252, MCB 253, and credit or concurrent registration in MCB 354 or MCB 450 or consent of instructor.

MCB 401  Cell & Membrane Physiology  credit: 3 Hours.
Cellular and molecular basis of physiological process with an emphasis on phenomena taking place at the membrane of cells and organelles (e.g., signal transduction, ion transport, synaptic transmission, nerve conduction, bioelectricity, synaptic plasticity.) Structure and function of biological membranes through a quantitative lens. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 252 or consent of instructor.

MCB 402  Sys & Integrative Physiology  credit: 3 Hours.
Examines human systems physiology. Topics to be covered include the nervous and endocrine systems, muscle physiology, cardiac physiology, respiratory physiology, blood and immune homeostasis, renal physiology, and gastrointestinal physiology and energy homeostasis. Special emphasis is on homeostatic control and integration of body systems in both health and disease. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 252 or consent of instructor.

MCB 403  Cell & Membrane Physiology Lab  credit: 1 or 2 Hours.
Experimental investigation of cellular functions common to most eukaryotic cells; emphasis on biochemical, electrical, and mechanical recording techniques. Some animal dissection and the use of animal tissues are required in this course. Alternatives are not available. Inquiries concerning the use of or the dissection of animal tissues can be directed to the Instructor or Head of the Department. 2 undergraduate hours. 1 graduate hour. Prerequisite: Credit or concurrent registration in MCB 401 and previous biology laboratory experience.

MCB 404  Sys & Integrative Physiol Lab  credit: 1 to 2 Hours.
Experimental investigation of organ systems of vertebrates with emphasis on biochemical, electrical and physical recording techniques. Some animal dissection and the use of animal tissues are required in this course. Alternatives are not available. Inquiries concerning the use of, or the dissection of animal tissues can be directed to the instructor or Head of the Department. 2 undergraduate hours. 1 graduate hour. Prerequisite: Credit or concurrent registration in MCB 402 and previous biology laboratory experience.

MCB 406  Gene Expression  credit: 3 Hours.
Introduction to gene expression and how different segments of gene expression pathways including gene transcription, RNA processing, protein translation, targeting, activity and turnover are modulated to maintain cellular homeostasis. The technologies (both general and specialized) used currently to analyze gene expression and the regulation of protein function are also discussed. Same as BiOC 406. Prerequisite: MCB 354 or consent of instructor.

MCB 408  Immunology  credit: 3 Hours.
Introduction to fundamentals of immunology with emphasis on biological application; basic background for understanding immunological responses and techniques applicable to biological research. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 250, MCB 251, MCB 252, MCB 253, and MCB 354; or consent of instructor.

MCB 410  Developmental Biology  credit: 4 Hours.
Survey of molecular and cellular mechanisms involved in development and growth of animals. Topics to be covered include fertilization and early cell lineage, body axis formation, gastrulation, neural induction and patterning, segmentation, and other aspects of pattern formation including organogenesis of branching organs, limb development and regeneration. 4 undergraduate hours. 4 graduate hours. Prerequisite: MCB 252 or consent of instructor.

MCB 413  Endocrinology  credit: 3 Hours.
Physiology and biochemistry of the endocrine system and its hormones with special reference to vertebrates and to human endocrine disorders. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 252 or consent of instructor. One semester of biochemistry is recommended.

MCB 419  Brain, Behavior & Info Process  credit: 3 Hours.
Exploration of the neural basis of animal behavior. Emphasis on the information processing problems that animals face in complex natural environments and how nervous systems have evolved to solve these problems. Introduction to the use of computer modeling and simulation techniques for exploring principles of nervous system design and function. Current literature in computational neurobiology and neuroethology will be incorporated in readings and class discussion. Same as BIOP 419 and NEUR 419. 3 undergraduate hours. 3 graduate hours. Prerequisite: CS 101; and PHYS 102 or PHYS 212; and MCB 252; or equivalent or consent of instructor.

MCB 421  Microbial Genetics  credit: 3 Hours.
Prokaryotic microbial genetic systems; emphasis on typical data analyses, together with the basic classes of genetic phenomena. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 or consent of instructor.

MCB 424  Microbial Biochemistry  credit: 3 Hours.
Examines the biochemical ecology of diverse microbial groups with emphasis on anaerobic systems. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 250 and MCB 354 or MCB 450, or consent of instructor.
MCB 426  Bacterial Pathogenesis  credit: 3 Hours.
Emphasizes prokaryotes that cause important diseases in humans and other animals; host-parasite bacteriology; and chemistry and genetics of mechanisms of pathogenesis. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 and MCB 354, or consent of instructor.

MCB 428  Bacterial Pathogens Laboratory  credit: 2 Hours.
Laboratory study of methods of recognition and differentiation, diagnostic tests, and mechanisms of bacterial and viral pathogenesis. Topics include infections of the urinary tract, respiratory tract, gastrointestinal tract, and sexually transmitted diseases. 2 undergraduate hours. 2 graduate hours. Prerequisite: MCB 300 and MCB 301 or consent of instructor.

MCB 429  Cellular Microbiology & Disease  credit: 3 Hours.
Emphasizes cell biology of infectious diseases, using cellular, molecular, and animal models. Will stress molecular cross-talk that drives host-pathogen interactions, state-of-the-art approaches for investigating host and microbial cell and molecular biology, latest paradigms in host cell biology, and the evolutionary basis by which pathogens can manipulate host cell cytoskeleton, membranes, organelles, cell cycle, gene expression, and signaling in eukaryotic cells. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 and MCB 304 or consent of instructor.

MCB 430  Molecular Microbiology  credit: 3 Hours.
Modern contributions to the science of microbiology; emphasizes the structure, function, and synthesis of informational macromolecules and on the role microorganisms have played in molecular biology. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 and credit or concurrent registration in MCB 354, or consent of instructor.

MCB 431  Microbial Physiology  credit: 3 Hours.
Examines bacterial physiology, including discussions of energetics, regulation of metabolism, and cell structure. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 or equivalent; credit or concurrent registration in a biochemistry course.

MCB 432  Computing in Molecular Biology  credit: 3 Hours.
Examination of computational aspects of biology with an emphasis on the relationships between biological questions and their recastings as mathematical or logical problems. Topics are drawn from biochemistry, genetics, molecular sequence analysis, and molecular structure. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 250, MCB 252, MCB 354, and calculus (one of MATH 220, MATH 221, MATH 231, MATH 234); or consent of instructor.

MCB 433  Virology & Viral Pathogenesis  credit: 3 Hours.
Same as PATH 433. See PATH 433.

MCB 434  Food & Industrial Microbiology  credit: 3 Hours.
Same as FSHN 471. See FSHN 471.

MCB 435  Evolution of Infectious Disease  credit: 3 Hours.
Understanding the evolution and ecology of the microbial world is of great importance to human health and the health of our planet. Students will explore the ecology and evolution principles that apply to viruses, microbial eukaryotes, archaea and bacteria. The primary literature on historical and emerging infectious diseases will be used to illustrate critical applications of these basic principles. Examples include applying genomics tools to understand the evolutionary basis for antibiotic resistance, the spread of emerging pathogens, and the ecology of probiotics and the human microbiome. The objective of this class is to better understand how humans shape the diversity and dynamics of the microbial world living in and around us every day. Same as IB 442. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 or consent of instructor.

MCB 436  Global Biosecurity  credit: 1 Hour.
Designed to provide students with broad coverage of key areas of scientific, legal, social, ethical, and political aspects of biosecurity, emphasizing current problems and research in the areas of biodefense, emerging infectious diseases, synthetic biology, and other topics. In combination with related reading assignments, the weekly special topics-based seminar will integrate knowledge of modern biomedical research, advances in biotechnology, and natural and manmade biological threats with the skills to analyze and develop public policies and strategies for enhancing global biosecurity. 1 undergraduate hour. 1 graduate hour. Prerequisite: MCB 150 or the equivalent or consent of instructor.

MCB 442  Comparative Immunobiology  credit: 4 Hours.
Same as ANSC 450 and PATH 410. See ANSC 450.

MCB 446  Physical Biochemistry  credit: 3 Hours.
Same as CHEM 472 and BIOC 446. See BIOC 446.

MCB 450  Introductory Biochemistry  credit: 3 Hours.
Chemistry and metabolism of carbohydrates, lipids, proteins, nucleic acids, vitamins, and coenzymes and their relation to the regulation and processes of organisms, cells, and subcellular components. Students who enter the University Fall 2011 or later are responsible for additional course-based tuition of $300 unless they are already paying differential tuition during the term of course enrollment. Additional fees may apply. See Class Schedule. 3 undergraduate hours. 3 graduate hours. Credit is not given for both MCB 450 and MCB 354. Prerequisite: CHEM 232 or CHEM 236, or equivalent, or consent of instructor. Not intended for students in the MCB or biochemistry curricula.

MCB 458  Basic Human Pathology  credit: 1 Hour.
MCB 458  Basic Human Pathology  credit: 1 Hour.
MCB 458  Basic Human Pathology  credit: 1 Hour.
MCB 458  Basic Human Pathology  credit: 1 Hour.
MCB 458  Basic Human Pathology  credit: 1 Hour.
MCB 458  Basic Human Pathology  credit: 1 Hour.
Introduction to the basic mechanisms of human disease with a focus on the building blocks of pathologica processes at the sub-organisal and organisal level. Basic biological processes will be stressed including tissue adaptation, injury, inflammation, repair and neoplasia. Pathology synthesizes cellular and molecular biology, biochemistry and immunology holistically so as to understand the body’s limited responses to the cornucopia of experienced physiological insults. 3 undergraduate hours. No graduate credit. Prerequisite: MCB 354 or equivalent, or consent of instructor. For MCB and Biochemistry undergraduate majors only.

Information listed in this catalog is current as of 10/2015
MCB 460 Regeneration and Medicine credit: 3 Hours.
A survey of regeneration biology and medicine at the organ, tissues, and cellular/genetic/molecular/levels. Basic concepts are presented with a focus on contemporary methods and seminal experiments. Students will learn to think critically and creatively about experimentation and analyses of three regenerative medicine strategies: stem cell transplantation, bioartificial tissues, and chemical induction of regeneration in vivo. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 410 or consent of instructor. Recommended: knowledge of vertebrate histology and anatomy.

MCB 461 Cell & Molecular Neuroscience credit: 3 Hours.
Designed as an in-depth foundation course for graduate and undergraduate students with strong neuroscience interests. Covers up-to-date cellular and molecular neurobiology (including basic principles of neuronal function, signaling, and plasticity) and introductory brain anatomy that underlie brain function and animal behaviors. Pathogenic mechanisms of neurological diseases and disorders from the latest research will be heavily explored. Same as NEUR 461. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 252 or MCB 250 or equivalent, or consent of instructor. May be taken concurrently with MCB 462.

MCB 462 Integrative Neuroscience credit: 3 Hours.
Employs integrative, multi-level systems approaches to nervous system and behavior. Focuses on neural circuits in sensory integration, pattern generation, the integration of sensation, internal states and learning in behavioral decision, the neuronal natures of pain, sleep, and biological rhythms, neuroeconomics, new vistas in neural modeling and interfacing brain and machine. Students are presented in neuroethological contexts of evolution and the economics of behavior and physiology. Same as NEUR 462. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 252 or consent of instructor. May be taken concurrently with MCB 462.

MCB 465 Human Metabolic Disease credit: 3 Hours.
Examination of the molecular and physiological basis of human metabolic disease. Disruption of metabolic and energy homeostasis plays key roles leading to metabolic disorders. We will examine how lipid/glucose levels and energy balance are controlled in health and how they are abnormally regulated in disease states. In addition, we will cover current topics related to control of metabolism including aging and circadian rhythms. Methodologies leading to scientific discoveries and potential preventive and therapeutic agents will also be discussed. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 250, MCB 252, or consent of instructor.

MCB 471 Advanced Cell Biology credit: 3 Hours.
Molecular basis of cellular organization focusing on how cells secrete, move, adhere, divide, communicate, and die. Material will emphasize critical analysis of experiments, current controversies and hypothesis testing. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 250 and MCB 252 or consent of instructor. Prior or concurrent enrollment in MCB 354 desirable.

MCB 480 Eukaryotic Cell Signaling credit: 3 Hours.
General principles of molecular signaling regulating membrane, cytoplasmic, and nuclear events in eukaryotic cells with emphasis on mammalian systems. Contemporary methods of investigation and the principles of identifying and solving problems related to signal transduction will be emphasized. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 400 or consent of instructor.

MCB 481 Developmental Neurobiology credit: 3 Hours.
Principles of vertebrate and invertebrate developmental neurobiology with emphasis on the molecular and cellular mechanisms controlling neuronal determination, axon pathfinding, synapse formation, and plasticity. Same as NEUR 481. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 400 or MCB 461 or consent of instructor.

MCB 492 Senior Thesis credit: 3 to 5 Hours.
Research conducted under the direction of a faculty member in the School of Molecular and Cellular Biology. Normally, the student enrolls in MCB 492 during the last semester on campus prior to graduation. In the semester preceding enrollment, interested students should consult with their faculty advisors concerning enrollment procedures. A minimum of 3 credit hours is required, and a thesis must be presented for credit to be received. Successful completion of MCB 492 is required in order to be eligible for graduation with distinction in MCB. 3 to 5 undergraduate hours. No graduate credit. Prerequisite: Two consecutive semesters of at least 2 credit hours of MCB 290 under the guidance of the same faculty member, or consent of instructor.

MCB 493 Special Topics Mol Cell Biol credit: 1 TO 4 Hours.
Discussion of current topics of interest within the broad domain of molecular and cellular biology; seminar or lecture format. Topics vary. May be repeated to a maximum of 12 hours. Prerequisite: Junior standing and consent of instructor.

NEUR Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/NEUR)

Neuroscience Courses

NEUR 314 Introduction to Neurobiology credit: 3 Hours.
Same as MCB 314. See MCB 314.

NEUR 403 Memory and Amnesia credit: 3 or 4 Hours.
Same as PSYC 403. See PSYC 403.

NEUR 405 Cognitive Neuroscience credit: 3 or 4 Hours.
Same as PSYC 404. See PSYC 404.

NEUR 413 Psychopharmacology credit: 3 or 4 Hours.
Same as PSYC 413. See PSYC 413.

NEUR 414 Brain, Learning, and Memory credit: 3 or 4 Hours.
Same as PSYC 414. See PSYC 414.

NEUR 419 Brain, Behavior & Info Process credit: 3 Hours.
Same as BIOP 419 and MCB 419. See MCB 419.

NEUR 421 Principles of Psychophysiology credit: 3 or 4 Hours.
Same as PSYC 421. See PSYC 421.

NEUR 432 Genes and Behavior credit: 3 Hours.
Same as ANTH IB 432, and PSYC 432. See IB 432.

NEUR 433 Evolutionary Neuroscience credit: 3 or 4 Hours.
Same as PHIL 433 and PSYC 433. See PSYC 433.

NEUR 450 Cognitive Psychophysiology credit: 3 or 4 Hours.
Same as PSYC 450. See PSYC 450.

NEUR 451 Neurobio of Aging credit: 0 to 4 Hours.
Same as PSYC 451 and KIN 458. See PSYC 451.

NEUR 453 Cog Neuroscience of Vision credit: 3 or 4 Hours.
Same as PSYC 453. See PSYC 453.

NEUR 461 Cell & Molecular Neuroscience credit: 3 Hours.
Same as MCB 461. See MCB 461.

NEUR 462 Integrative Neuroscience credit: 3 Hours.
Same as MCB 462. See MCB 462.
Molecular and Cellular Biology Concentration

**MATH 220** Calculus 4-5
or **MATH 221** Calculus I
**MATH 231** Calculus II 3
or **STAT 212** Biostatistics

Select one group of courses: 8-10

- **CHEM 102** General Chemistry I
  & **CHEM 11** and General Chemistry Lab I
  & **CHEM 11** and General Chemistry II
  & **CHEM 11** and General Chemistry Lab II
- **CHEM 202** Accelerated Chemistry I
  & **CHEM 203**and Accelerated Chemistry Lab I
  & **CHEM 204**and Accelerated Chemistry II
  & **CHEM 205**and Accelerated Chemistry Lab II
- **CHEM 232** Elementary Organic Chemistry I 3 OR 4
- **CHEM 233** Elementary Organic Chem Lab I 2

Select one group of courses: 10-12

- **PHYS 101** College Physics: Mech & Heat
  & **PHYS 102** and College Physics: E&M & Modern
- **PHYS 211** University Physics: Mechanics
  & **PHYS 212** and University Physics: Elec & Mag
  & **PHYS 213** and Univ Physics: Thermal Physics
  & **PHYS 214** and Univ Physics: Quantum Physics

**IB 150** Organismal & Evolutionary Biol 4
**MCB 150** Molec & Cellular Basis of Life 4
**MCB 250** Molecular Genetics 3
**MCB 251** Exp Techniqs in Molecular Biol 2
**MCB 252** Cells, Tissues & Development 3
**MCB 253** Exp Techniqs in Cellular Biol 2
**MCB 354** Biochm & Phys Basis of Life 3

At least four additional courses at the 300- to 400-level from the Approved List of Advanced Courses for MCB Majors are also required, including one lab course. (http://mcb.illinois.edu/undergrad/courses/advanced)

Certain advanced courses may be taken prior to completion of the MCB 250-MCB 253, MCB 354 sequence with permission of an academic advisor. A minimum of 15 hours of 300- or 400-level courses in MCB from the approved list is required.

In addition, undergraduate research (MCB 290 or departmental equivalent) is strongly recommended for students planning to go to graduate school. No more than 10 hours of MCB 290 or departmental equivalent credit may be counted towards the 120 hours required for a degree in MCB.

All foreign language requirements must be satisfied.

Molecular and Cellular Biology Honors Concentration

The Molecular and Cellular Biology Honors Concentration is designed for students whose preparation and interests motivate them to desire a more intensive undergraduate biology experience and to prepare for graduate or professional school. The MCB Honors Concentration is based on the MCB concentration (p. 496). Students must satisfy all of the requirements for the MCB concentration in addition to the requirements for the MCB Honors Concentration. Students interested in the MCB Honors Concentration (http://mcb.illinois.edu/undergrad/honors) should contact the MCB Honors Concentration coordinator (shawna@illinois.edu) during the freshman year for more information.

Specialized Curriculum in Biochemistry

For the Degree Bachelor of Science in Biochemistry

The typical program of courses required to satisfy this degree totals 126-131 hours as outlined below including up to 12 hours of non-primary language (if not completed in high school); in no case will a program totaling less than 120 hours qualify for graduation. In addition, in order to graduate there is a minimum 2.0 cumulative academic grade point average and student must attain a 2.5 academic grade point average in the chemistry, biochemistry, biology, mathematics, physics and advanced electives in science/engineering courses specified in this curriculum. All proposals for course substitutions must be approved by the academic advisor. This curriculum is intended for those students who desire a rigorous education in chemistry, biochemistry, and biology, who have definite research-oriented goals, and whose career objectives include graduate school, MD/PhD programs, or industry.

E-mail: biocug@life.uiuc.edu

Web address for department: http://mcb.illinois.edu/departments/biochemistry/index.html

All students must complete the General education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Students earning the Biochemistry degree automatically complete the Chemistry minor. Students earning a degree in the Specialized Curriculum in Biochemistry may not earn a second degree in the Science and Letters Curriculum in Molecular and Cellular Biology.

Departmental distinction: A student seeking distinction must satisfy the following:

- Complete a minimum of 6 credit hours of undergraduate research (BIOC 290 and BIOC 492) with a minimum of 4 credit hours of BIOC 492.
- Earn at least a 3.25 grade-point average.
- Present a senior thesis to the department.

Select one of the following: 8-9

- **CHEM 202** Accelerated Chemistry I
  & **CHEM 2X** and Accelerated Chemistry Lab I
  & **CHEM 2X** and Accelerated Chemistry II
  & **CHEM 2X** and Accelerated Chemistry Lab II (preferred sequence)

Information listed in this catalog is current as of 10/2015
CHEM 102  General Chemistry I  
& CHEM 103 and General Chemistry Lab I  
& CHEM 104 and General Chemistry II  
& CHEM 105 and General Chemistry Lab II (with advisor approval)

Organic chemistry, select from: 8-9
CHEM 236  Fundamental Organic Chem I  
& CHEM 237 and Structure and Synthesis  
& CHEM 436 and Fundamental Organic Chem II (preferred sequence)

CHEM 232  Elementary Organic Chemistry I  
& CHEM 233 and Elementary Organic Chem Lab I  
& CHEM 332 and Elementary Organic Chem II (with advisor approval)

Molecular and Cellular Biology 17
MCB 150  Molec & Cellular Basis of Life  
MCB 250  Molecular Genetics  
MCB 251  Exp Techniqs in Molecular Biol  
MCB 252  Cells, Tissues & Development  
MCB 253  Exp Techniqs in Cellular Biol  
MCB 354  Biochem & Phys Basis of Life  
or equivalent as approved by academic advisor

Physical chemistry, select one group of courses: 7-8
CHEM 440  Physical Chemistry Principles (Biological Perspective Section)  
BIOC 446  Physical Biochemistry (preferred sequence)  
or
CHEM 442  Physical Chemistry I  
CHEM 444  Physical Chemistry II (with advisor approval)

Mathematics 11-12
MATH 220  Calculus  
or MATH 221  Calculus I  
MATH 231  Calculus II  
MATH 241  Calculus III  

Physics, select from: 3  10-12
PHYS 211  University Physics: Mechanics  
& PHYS 21 and University Physics: Elec & Mag  
& PHYS 21 and Univ Physics: Thermal Physics  
& PHYS 21 and Univ Physics: Quantum Physics  
(phferred sequence)

PHYS 101  College Physics: Mech & Heat  
& PHYS 102 and College Physics: E&M & Modern (or equivalent as approved by academic advisor  
(with advisor approval)

Biochemistry: 4  13
BIOC 455  Technqs Biochem & Biotech  
BIOC 460  Biochemistry Senior Seminar  
BIOC 406  Gene Expression  
BIOC 445  Current Topics in Biochemistry  

Select 10 hours of Advanced Science/Technical Electives  
(may include up to 7 hours of BIOC 492, Senior Thesis) from approved list. 5

Nontechnical Requirements: 6  variable

General education:

Foreign language - three semesters of college study (or three years of high school study) in a single foreign language to satisfy the campus foreign language requirement  
Composition I writing requirement to satisfy the campus Composition I requirement  
Advanced Composition writing requirement (BIOC 460 is required)

Humanities/Arts to satisfy the campus general education requirements  
Social/Behavioral sciences to satisfy the campus general education requirements  
Cultural Studies to satisfy the campus general education requirement  
Electives (not including any credit in satisfaction of the above variable requirements)

1  Transfer credit must be approved by an advisor in biochemistry in order to be used to satisfy degree requirements.
2  A more detailed description of the requirements is listed in the Biochemistry Curriculum Handbook, available in room 419A of Roger Adams Laboratory.
3  PHYS 213 is not required if CHEM 442/CHEM 444 sequence is taken.
4  Freshman orientation course is under development and will be required. See advisor for details.
5  An approved list of current courses will be updated annually in January/February for the coming year. Contact advisor.
6  The requirements for the Campus General Education categories of Natural Sciences and Technology and Quantitative Reasoning I are fulfilled through coursework in the curriculum.

Philosophy

David Sussman, Acting Chair of Department  
105 Gregory Hall, 810 South Wright, Urbana  
PH: (217) 333-2889  
http://www.phil.illinois.edu

Philosophy is the oldest, broadest, and most fundamental form of inquiry. Some philosophical questions have to do with the understanding of ourselves and whatever else there may be. Others focus upon the nature of different forms of knowledge and experience, and upon ethical issues and problems of value. The study of philosophy is one of the most important elements in a good liberal education. It also improves one’s ability to think clearly, and to construct, analyze, and criticize arguments of any kind. The major and minor are sponsored by the Department of Philosophy.

Major in Philosophy

Major in Sciences and Letters Curriculum

E-mail: phildept@illinois.edu

Degree title: Bachelor of Arts in Liberal Arts and Sciences

Minimum required major and supporting course work normally equates to 44 hours including at least 32 hours of Philosophy courses

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Information listed in this catalog is current as of 10/2015
Minimum hours required for graduation: 120 hours

Departmental distinction: Eligibility for distinction may be pursued by either:

1. the thesis option, which requires at least 35 hours of philosophy courses (including 5 courses at the 300- or 400-level), a grade point average of 3.0 in all philosophy courses, and writing a thesis; or
2. the course work option, which requires 38 hours of philosophy (including 8 advanced courses) and a 3.5 grade point average in all philosophy courses. For further information, inquire in the department office.

32 hours of Philosophy courses including:

Select one of the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHIL 102 Logic and Reasoning</td>
<td>3</td>
</tr>
<tr>
<td>PHIL 103 Logic and Reasoning QR II</td>
<td>3</td>
</tr>
<tr>
<td>PHIL 202 Symbolic Logic</td>
<td>4</td>
</tr>
</tbody>
</table>

At least one course in Ethics and Value Theory chosen from the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHIL 421 Ethical Theories</td>
<td>4</td>
</tr>
<tr>
<td>PHIL 422 Recent Developments in Ethics</td>
<td>4</td>
</tr>
<tr>
<td>PHIL 429 Value Theory</td>
<td>4</td>
</tr>
<tr>
<td>PHIL 435 Social Philosophy</td>
<td>4</td>
</tr>
<tr>
<td>PHIL 436 Phil of Law and of the State</td>
<td>4</td>
</tr>
<tr>
<td>PHIL 441 Existential Philosophy</td>
<td>4</td>
</tr>
</tbody>
</table>

At least one course in Epistemology and Metaphysics chosen from the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHIL 425 Philosophy of Mind</td>
<td>4</td>
</tr>
<tr>
<td>PHIL 426 Metaphysics</td>
<td>4</td>
</tr>
<tr>
<td>PHIL 430 Theory of Knowledge</td>
<td>4</td>
</tr>
<tr>
<td>PHIL 438 Philosophy of Language</td>
<td>4</td>
</tr>
<tr>
<td>PHIL 443 Phenomenology</td>
<td>4</td>
</tr>
</tbody>
</table>

At least 15 additional hours of course work in philosophy, with 12 of those hours being above the 100 level (including at least two 300- or 400-level courses).

A student may select either of two types of programs of supporting course work and should work out a specific program of the type chosen with the help and approval of a departmental adviser.

Twelve hours minimum. Select from:

Option I: Intensive study in another discipline. Courses normally beyond the 100 level in one other discipline. Most approved minors satisfy this requirement. A second major may also be used to satisfy this requirement or

Option II: A special program of study built around a unifying theme or topic. Course work outside philosophy in one or more other discipline(s), normally beyond the 100 level.

Total Hours: 44

If possible, students should take these courses prior to the senior year. Substitutions may be made only with the approval of the chair of the department.

Those considering graduate work in philosophy should take PHIL 202.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

Minor in Philosophy

E-mail: phildept@illinois.edu

Web address for department: www.phil.illinois.edu (http://www.philosophy.illinois.edu)

PHIL 203 Ancient Philosophy 4
PHIL 206 Early Modern Philosophy 4

Four other Philosophy courses, including at least 6 hours at the 300- or 400-level

Total Hours: 20

PHIL Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PHIL)

Courses

PHIL 100 Intro to Philosophy-ACP credit: 3 Hours.
Consideration of some main problems of philosophy concerning, for example, knowledge, God, mind and body, and human freedom. Course is identical to PHIL 101 except for the additional writing component. Credit is not given for both PHIL 100 and PHIL 101. Prerequisite: Completion of campus Composition I general education requirement. This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect

PHIL 101 Introduction to Philosophy credit: 3 Hours.
Consideration of some main problems of philosophy concerning, for example, knowledge, God, mind and body, and human freedom. Credit is not given for both PHIL 101 and PHIL 100. This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 102 Logic and Reasoning credit: 3 Hours.
Practical study of logical reasoning; techniques for analyzing and criticizing arguments, with emphasis on assessing the logical coherence of what we read and write. This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 103 Logic and Reasoning QR II credit: 3 Hours.
Introductory logic course that concentrates on investigating how the formal mathematical structure of statements, as well as the structure of the relationships among such statements, reveals the logical force of arguments that we use everyday. PHIL 102 takes a less formal, less mathematical approach to the same material. Credit is not given for both PHIL 103 and PHIL 102. This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
PHIL 104  Intro to Ethics-ACP  credit: 3 Hours.
Some basic questions of ethics, discussed in the light of influential
ethical theories and with reference to specific moral problems, such as:
What makes an action morally right? Are moral standards absolute or
relative? What is relation between personal morality and social morality,
and between social morality and law? Course is identical to PHIL 105
except for the additional writing component. Credit is not given for both
PHIL 104 and either PHIL 105 or PHIL 106. Prerequisite: Completion of
campus Composition I general education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect

PHIL 105  Introduction to Ethics  credit: 3 Hours.
Some basic questions of ethics, discussed in the light of influential
ethical theories and with reference to specific moral problems, such as:
what makes an action morally right? are moral standards absolute or
relative? what is the relation between personal morality and social
morality, and between social morality and law? Credit is not given for both
PHIL 105 and either PHIL 104 or PHIL 106.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 106  Ethics and Social Policy  credit: 3 Hours.
Examination of the moral aspects of social problems, and a survey of
ethical principles formulated to validate social policy. Credit is not given for
both PHIL 106 and either PHIL 104 or PHIL 105.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

PHIL 107  Intro to Political Philosophy  credit: 3 Hours.
Introduction to core ideas in political and legal philosophy, for example,
rights, equality, political obligations, legitimacy of states, nationalism, and
oppression.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

PHIL 108  Religion & Society in West I  credit: 3 Hours.
Same as ANTH 108, RLST 108, and SOC 108. See RLST 108.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

PHIL 109  Religion & Society in West II  credit: 3 Hours.
Same as ANTH 109, RLST 109, and SOC 109. See RLST 109.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

PHIL 110  World Religions  credit: 3 Hours.
Same as RLST 110. See RLST 110.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures
UIUC: Western Compartv Cult

PHIL 191  Freshman Honors Tutorial  credit: 1 to 3 Hours.
Study of selected topics on an individually arranged basis. Open only to
honors majors or to Cohn Scholars and Associates. May be repeated one
time. Prerequisite: Consent of departmental honors advisor.

PHIL 198  Freshman Seminar  credit: 3 Hours.
Investigation of selected fundamental topics of philosophical inquiry. See
Schedule for current topics. Prerequisite: Freshman James Scholar.

PHIL 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
Approved for letter and S/U grading. May be repeated.

PHIL 201  Philosophy in Literature  credit: 3 Hours.
Consideration of the philosophical themes implicit in a variety of
important literary works, both classical and modern; may include such
authors as Sophocles, Shakespeare, Goethe, Dostoevsky, and Sartre.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 202  Symbolic Logic  credit: 3 Hours.
Introduction to the techniques of formal logic, dealing primarily with
truth-functional logic and quantification theory.
This course satisfies the General Education Criteria for:
UIUC: Quant Reasoning I

PHIL 203  Ancient Philosophy  credit: 4 Hours.
Introduction to ancient philosophy, concentrating on Plato and Aristotle,
dealing with such topics as metaphysics, ethics, and the theory of
knowledge. Same as CLCV 203.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 206  Early Modern Philosophy  credit: 4 Hours.
The history of philosophy from Descartes to Kant, concentrating on such
topics as metaphysics, ethics, and the theory of knowledge.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 210  Ethics  credit: 3 Hours.
Problems in ethical theory; the nature of right and wrong, justice,
conscience, moral feelings, etc.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 214  Biomedical Ethics  credit: 3 Hours.
Philosophical study of selected moral and social problems concerning
medicine and biology, such as euthanasia, abortion, allocation of scarce
medical resources, health care and rights, and genetic engineering.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 230  Philosophy of Religion Intro  credit: 3 Hours.
Introduction to philosophical analysis of religious thought and
experience. Same as RLST 230.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 231  Religion and Philosophy  credit: 3 Hours.
Same as RLST 231. See RLST 231.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 250  Conceptions of Human Nature  credit: 3 Hours.
Comparative examination of important historical and contemporary
conceptions of human nature.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 270  Philosophy of Science  credit: 3 Hours.
Investigation of the nature of scientific knowledge by examining
archetypal examples from physical science (e.g., Ptolemaic and
Copernican astronomy); nature of scientific truth, validation of theories,
nature of scientific theories, evolution of theories, experimental
procedure, role of presuppositions, scientific revolutions, etc.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 307  Elmnts Semantics & Pragmatics  credit: 3 Hours.
Same as LING 307. See LING 307.
PHIL 316  Ethics and Engineering  credit: 3 Hours.
Same as ECE 316. See ECE 316.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect

PHIL 325  Recent European Philosophy  credit: 3 Hours.
Introduction to the major recent philosophical movements in Europe,
such as phenomenology, existentialism, philosophical anthropology, and
neo-Marxism.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

PHIL 351  Thinking and Reasoning  credit: 3 Hours.
Same as PSYC 351. See PSYC 351.

PHIL 356  Evolution of Mind  credit: 3 Hours.
Same as PSYC 356. See PSYC 356.

PHIL 357  Intro Cognitive Science  credit: 3 Hours.
Same as PSYC 357. See PSYC 357.

PHIL 380  Current Controversies  credit: 3 Hours.
Philosophical examination of positions taken on some issue of current
concern, for example, human sexuality, death and dying, feminism, race,
intelligence, war, sociobiology, and environmental ethics. See Class
Schedule for current topics. May be repeated with approval.

PHIL 390  Individual Study  credit: 2 to 4 Hours.
Readings in selected philosophical topics. Course may be taken by
honors students in partial fulfillment of department honors requirements.
May be repeated to a maximum of 6 hours. Prerequisite: Open to juniors
and seniors with a grade-point average of 3.0 only by prior arrangement
with a regular member of the staff and with consent of the department
chair.

PHIL 398  Advanced Undergraduate Seminar  credit: 3 Hours.
Seminar on selected philosophical topics; intended primarily for
advanced undergraduate philosophy majors. May be repeated to a
maximum of 6 hours. Prerequisite: A grade-point average of 3.0 and
consent of instructor.

PHIL 404  Medieval Philosophy  credit: 3 or 4 Hours.
History of philosophy from St. Augustine to William of Ockham. 3
undergraduate hours. 3 or 4 graduate hours. Prerequisite: PHIL 101 or
PHIL 203.

PHIL 407  Logic and Linguistic Analysis  credit: 3 or 4 Hours.
Same as LING 407. See LING 407.

PHIL 410  Classical Ancient Philosophers  credit: 3 or 4 Hours.
Intensive study of one ancient philosopher or the intensive study of a
major philosophical problem through the consideration of a number
of ancient philosophers; chief emphasis on Plato and/or Aristotle. 3
undergraduate hours. 3 or 4 graduate hours. May be repeated with
approval, if topics vary. Prerequisite: One course in philosophy, preferably
PHIL 203.

PHIL 411  Nineteenth Century Philosophy  credit: 3 or 4 Hours.
Examination of the thought of such major figures as Hegel, Marx, and
Nietzsche. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 412  Classical Modern Philosophers  credit: 3 or 4 Hours.
Intensive study of one classical modern philosopher or the intensive
study of major philosophical problem through the consideration of a
number of classical modern philosophers, e.g., Descartes, Leibniz, Locke,
Hume, Kant, and Hegel. 3 undergraduate hours. 3 or 4 graduate hours.
May be repeated with approval, if topics vary. Prerequisite: One course in
philosophy, preferably PHIL 206.

PHIL 414  Major Recent Philosophers  credit: 3 or 4 Hours.
Intensive study of one or two important philosophers of the present
century, e.g., Wittgenstein, Dewey, Heidegger, or Quine. Topics vary;
see Class Schedule. 3 undergraduate hours. 3 or 4 graduate hours. May
be repeated with approval, if topics vary. Prerequisite: One course in
philosophy.

PHIL 419  Space, Time, and Matter-ACP  credit: 3 or 4 Hours.
Same as PHYS 419. See PHYS 419.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

PHIL 420  Space, Time, and Matter  credit: 2 Hours.
Same as PHYS 420. See PHYS 420.

PHIL 421  Ethical Theories  credit: 3 or 4 Hours.
Systematic study of selected classics in moral philosophy by
such philosophers as Aristotle, Hume, Mill, Kant, and Nietzsche. 3
undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in
philosophy.

PHIL 422  Recent Developments in Ethics  credit: 3 or 4 Hours.
Intensive treatment of issues in contemporary ethical theory. 3
undergraduate hours. 3 or 4 graduate hours. May be repeated one time
with approval. Prerequisite: One course in ethics.

PHIL 424  Philosophy of Religion  credit: 3 or 4 Hours.
Considers central issues in the philosophy of religion, e.g., the
justification of religious belief, the nature of God, religious experience,
etc. Same as RLST 424. 3 undergraduate hours. 3 or 4 graduate hours.
Prerequisite: One course in philosophy.

PHIL 425  Philosophy of Mind  credit: 3 or 4 Hours.
Philosophical problems arising in connection with mental phenomena;
the relation of mind and body; free will and determinism; our knowledge
of other minds; and the self and personal identity. 3 undergraduate hours.
3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 426  Metaphysics  credit: 3 or 4 Hours.
Investigation of various metaphysical issues concerning, for example,
existence, particulars and universals, causation, laws of nature, time,
personal identity, material objects, and modality. 3 undergraduate hours.
3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 429  Value Theory  credit: 3 or 4 Hours.
Study of the nature and status of values, and of variable topics in value
theory, e.g., different types of values, and problems of truth, justifiability,
objectivity and relativism with respect to them. 3 undergraduate hours. 3
or 4 graduate hours. May be repeated as topics vary to a maximum of 6
undergraduate hours, or 8 graduate hours. Prerequisite: Junior standing.

PHIL 430  Theory of Knowledge  credit: 3 or 4 Hours.
Investigation of issues concerning, for example, the nature and possibility
of knowledge; its forms and limits; its relation to belief, truth, and
justification; and the nature of truth. 3 undergraduate hours. 3 or 4
graduate hours. Prerequisite: One course in philosophy.

PHIL 433  Evolutionary Neuroscience  credit: 3 or 4 Hours.
Same as NEUR 433 and PSYC 433. See PSYC 433.

Information listed in this catalog is current as of 10/2015
PHIL 435 Social Philosophy credit: 3 or 4 Hours.
Selected topics from the nature of social organization, nature and convention, utility, justice, equality, liberty, rights, and duties. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 436 Phil of Law and of the State credit: 3 or 4 Hours.
Examination of issues in the philosophy of law, such as the nature of law, law and morality, justice, liberty and authority, punishment, and legal responsibility. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 437 Philosophy of Language credit: 3 or 4 Hours.
Historical or comparative study of the philosophy of language. Same as LING 438. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 438 Philosophy of Mathematics credit: 3 or 4 Hours.
Introduction to some of the main philosophical problems and contemporary viewpoints concerning mathematical concepts, mathematical methods, and the nature of mathematical truth. Same as MATH 439. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 439 Existential Philosophy credit: 3 or 4 Hours.
Study of a selection of the major writings of the more important existential philosophers, e.g., Kierkegaard, Nietzsche, Heidegger, Sartre, and de Beauvoir. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 440 Phenomenology credit: 3 or 4 Hours.
Study of the development of phenomenology from Husserl to the present. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 441 Topics in Recent European Phil credit: 3 or 4 Hours.
Examines the continental treatments of selected issues, such as interpersonal relationships, human nature, perception or interpretation; see Class Schedule for current topics. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated in separate terms as topics vary to a maximum of 6 undergraduate hours or 8 graduate hours. Prerequisite: One of PHIL 325, PHIL 411, PHIL 441, or PHIL 443; or consent of instructor.

PHIL 442 Formal Logic and Philosophy credit: 3 or 4 Hours.
Techniques and results of symbolic logic, with special attention to topics of philosophical importance. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: PHIL 202 or consent of instructor. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning II

PHIL 443 Advanced Symbolic Logic credit: 3 or 4 Hours.
Completeness, compactness, and Lowenheim-Skolem theorems for first-order logic; incompleteness and undecidability of formal systems; and additional material on proof theory, model theory, or axiomatic set theory as time permits. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: PHIL 202 or consent of instructor. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning II

PHIL 444 Contemporary Phil of Science credit: 3 or 4 Hours.
Examines important developments and controversies in recent philosophy of science. 3 undergraduate hours. 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 445 Kierkegaard and the Self credit: 3 or 4 Hours.
Same as CWL 472 and SCAN 472. See SCAN 472.
For the Degree of Bachelor of Arts in Liberal Arts and Sciences
Major in Sciences and Letters Curriculum
E-mail: pol@illinois.edu

Minimum required major and supporting course work equates to 50 hours including 30 hours of Political Science courses

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction
To be eligible for distinction, a student majoring in Political Science must complete one of the following two tracks:

1. Individual Study Track. On this track, a student must:
   a. Complete a senior thesis,
   b. Earn a political science major grade point average on this campus of at least 3.25 or higher, and
   c. Earn a grade point average in PS 496 of 3.67 or higher.

2. Honors Program Track. On this track, a student must:
   a. Complete a senior thesis,
   b. Earn a political science major grade point average on this campus of at least 3.25 or higher,
   c. Be admitted to and maintain good standing within the departmental honors program, and
   d. Complete required coursework in the departmental honors program with a grade point average in PS 495 and PS 496 between 2.67 and 3.66.

Admission to the departmental honors program requires the following:

1. Completion of PS 230 or PS 231 or an acceptable substitute,
2. An on-campus political science major grade point average of 3.5,
3. Completion of nine hours (including at least three advanced hours) or political science on this campus,
4. Application and affirmative vote of a departmental committee.

High Distinction
To be eligible for high distinction, a student majoring in Political Science must:

1. Complete a senior thesis,
2. Earn a political science major grade point average on this campus of at least 3.25 or higher,
3. Be admitted to and maintain good standing within the departmental honors program, and
4. Complete required coursework in the departmental honors program with a grade point average in PS 495 and PS 496 of 3.67 or higher.

Students must complete the Political Science Core Requirements and select one concentration in consultation with an academic adviser.

Concentration Requirements (Students must choose one concentration)

38-40

Total Hours

50-52

1 Credit is not given for PS 100 and PS 200.

Concentrations

General Concentration in Political Science (p. 510)

Civic Leadership Concentration (p. 509)

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

Not more than 6 hours of individual study courses in political science (PS 490) or 6 hours for internships (PS 491) or 6 hours of supervised research (PS 492) may be included in the major; a student with any mix of independent study hours and internship hours and supervised research hours may include a maximum of 9 hours of such credit in the major.

PS 496 is reserved for those seniors doing honors theses for distinction in political science and may not be counted in the 50-hour minimum required for the major.

- Political and Civic Leadership Minor (p. 511)
- Political Science Minor (p. 510)

PS Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PS)

Courses

PS 100 Intro to Political Science credit: 3 Hours.
Surveys the major concepts and approaches employed in the study of politics. Credit is not given for both PS 100 and PS 200.
This course satisfies the General Education Criteria for: UIUC: Social Sciences

PS 101 Intro to US Gov & Pol credit: 3 Hours.
Examines the organization and development of national, state, and local governments in the U.S.; the federal system; the U.S. Constitutions; civil and political rights; the party system; and the nature, structure, powers, and procedures of national political institutions. This course may require limited participating as a subject in research.
This course satisfies the General Education Criteria for: UIUC: Social Sciences
PS 152  The New Middle East  credit: 3 Hours.
Same as SAME 152 and SOC 152. See SAME 152.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures
UIUC: Social Sciences

PS 180  Intro to Politics of Globalization  credit: 3 Hours.
Introduction to the politics of globalization, identification of the principal actors, properties, and patterns of the politics of globalization that distinguish global politics from other forms of politics between and within groups, communities, states, and international organizations.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures
UIUC: Social Sciences
UIUC: Western Compart Cult

PS 199  Undergraduate Open Seminar  credit: 1 TO 5 Hours.
May be repeated.

PS 200  Foundations of Pol Sci  credit: 3 Hours.
Surveys the social scientific approach to the study of politics. Credit is not given for both PS 200 and PS 100.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

PS 201  US Racial & Ethnic Politics  credit: 3 Hours.
Examines efforts by racial and ethnic communities to organize politically and by society to allocate resources based on race or ethnicity. Topical focus includes African Americans, Latinos, Asian Americans, Native Americans, and white ethnics. The primary goal of the course is to develop a more comprehensive understanding of racial and ethnic politics by identifying commonalities and differences among these groups and their relationship to the state. Same as AAS 201, AFRO 201, and LLS 201.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences
UIUC: US Minority Culture(s)

PS 202  Religion & Politics in the US  credit: 3 Hours.
Examines how religion and politics influence each other in the United States, both historically and in contemporary society.

PS 220  Intro to Public Policy  credit: 3 Hours.
Surveys the policy process including adoption, implementation, and evaluation. Topics may include reviews of substantive policy issues such as crime, energy, environment, poverty, foreign policy, civil liberties, or economic regulation. Prerequisite: PS 100 or PS 101, or consent of instructor.

PS 222  Ethics and Public Policy  credit: 3 Hours.
Examination of the moral issues in public policy that arise in a in a democratic setting, utilizing conceptual tools from political and moral theory to evaluate policy decisions involving means and ends between conflicting goals. Prerequisite: PS 100, PS 101, or consent of instructor.

PS 224  Politics of the National Parks  credit: 2 or 3 Hours.
Examines the politics of national parks in the United States, including creation of parks, local support or opposition to parks, and park policy as well as policy questions such as the value of wilderness ecosystem management, endangered species protection, and role of parks in national identity and remembrance of events such as the Civil War, the Indian wars, or the civil rights movement. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 10 hours.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

PS 225  Environmental Politics & Policy  credit: 3 Hours.
Examinations of the political, economic, ecological, and cultural trade-offs between the use and the preservation of the environment, with particular emphasis on the preservation of land and water resources in national parks, forests, and other reserved lands.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

PS 230  Intro to Pol Research  credit: 3 Hours.
Surveys the principles that guide empirical research in political science; emphasizes definition of research problems, principles and practices of measurement, use of data as evidence, and data analysis. Prerequisite: PS 100 or PS 101, or consent of instructor.

PS 231  Strategic Models  credit: 3 Hours.
Introduces strategic models of political behavior and their implications for our understanding of politics. Uses simple models, inspired by game theory, to examine fundamental political questions.

PS 240  Intro to Comp Politics  credit: 3 Hours.
Surveys the basic concepts and principles of political analysis from a comparative perspective.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

PS 241  Comp Politics in Dev Nations  credit: 3 Hours.
Provides comparative and historical insights into the problems affecting the developing world by examining social, economic and political changes in Africa, Asia, and Latin America.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures
UIUC: Social Sciences

PS 242  Introduction to Modern Africa  credit: 3 Hours.
Same as AFST 222, ANTH 222, and SOC 222. See AFST 222.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures

PS 243  Pan Africanism  credit: 3 Hours.
Provides an introduction to Pan African political movements and ideologies from the Americas to continental Africa. Examines the political, social, economic, and ideological relationships and connections between Africans and their descendants in the diaspora from an historical and comparative perspective. Same as AFRO 243, AFST 243, and SOC 267.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures

PS 244  Women and Politics  credit: 3 Hours.
Examines the political status and roles of women. Topics include women's political behavior; feminist and anti-feminist politics; and contemporary legislative and public policy issues, such as educational equity, equal rights legislation, and health care delivery for women. Same as WGS 272.

Information listed in this catalog is current as of 10/2015
PS 273  Environment and Society  credit: 3 Hours.
Same as ESE 287, GEOG 287, NRES 287, and SOC 287. See NRES 287.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences
UIUC: Western Compartv Cult

PS 280  Intro to Intl Relations  credit: 3 Hours.
Structure and processes of international relations, trends in international politics, and the future of the international system. Credit is not given for both PS 280 and PS 281.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

PS 281  Intro to Intl Relations-ACP  credit: 3 Hours.
This course is identical to PS 280 except for the additional writing component that fulfills the campus' advanced composition requirement. Credit is not given for both PS 280 and PS 281. Prerequisite: Completion of campus Composition I general education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Social Sciences

PS 282  Governing Globalization  credit: 3 Hours.
Examines the historical, socio-economic, political, and moral dimensions associated with the rise of a global society and its governance. Prerequisite: Completion of campus Composition I general education requirement; completion of one course in a social science or consent of instructor.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Social Sciences

PS 283  Intro to Intl Security  credit: 3 Hours.
Surveys the major issues associated with arms control, disarmament and international security. Also examines the military, socio-economic, and political dimensions of weapons systems, military strategy, the ethics of modern warfare, nuclear proliferation, and regional security issues. Same as GLBL 283.

PS 289  Politics of the Vietnam War  credit: 3 Hours.
Examines questions about the war in Vietnam and the era during which it was fought. Focuses on official policy questions, such as the decision making process, the legality of the war, the question of war crimes, and lessons for international relations. Domestic issues, such as the rise and effect of the antiwar movement, are also discussed. Prerequisite: Allen Hall residency or consent of Unit One director.

PS 299  Study Abroad  credit: 0 to 18 Hours.
Lectures, seminars, and practical work in an approved study-abroad program in Political Science, appropriate to the student's course of study. Approved for letter and S/U grading. May be repeated to a maximum of 34 hours per academic year. Prerequisite: Overall GPA 2.75, 3.00 grade point average in Political Science, admission to approved program.

PS 300  Special Topics  credit: 3 Hours.
Selected readings and research in political science. See Class Schedule for current topics. May be repeated to a maximum of 6 hours if topics vary. Prerequisite: Six hours of political science, or consent of instructor.

PS 301  The US Constitution I  credit: 3 Hours.
Analyzes issues related to judicial interpretation of the constitution; the separation of governmental powers; federalism; checks and balances among the three branches of the national government; and the jurisdiction of federal courts. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 302  The US Constitution II  credit: 3 Hours.
Analyzes issues involved in free speech, freedom of religion, rights of the criminally accused, and government's responsibility to protect persons from discrimination based on race or sexual preference. Pays special attention to the role of law and judges. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 303  The US Congress  credit: 3 Hours.
Examines the legislative function in government; the structure and organization of Congress; legislative procedures; pressure groups and lobbying; the relation of legislature to other branches of government; and problems of legislative reorganization. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 304  The US Presidency  credit: 3 Hours.
Examines the multiple roles of the president; the determinants and growth of presidential influence; presidential decision making; the president's role in the formulation and implementation of public policy; and the president's multiple constituencies. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 305  The US Supreme Court  credit: 3 Hours.
Examines how the modern Supreme Court resolves major issues in American constitutional politics. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor; PS 301 or PS 302.

PS 309  State Gov in the US  credit: 3 Hours.
Surveys the origins and evolution of state government in the United States. Topics include history, structure and dynamics of state governments, laws and the judiciary, state legislatures, political parties, organized interests, bureaucracies, demographic change and electoral patterns, and political conflicts, and coalitions. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 311  Political Parties in the US  credit: 3 Hours.
Examines the organization and operation of the American party system; national, state, and local organizations and their interactions; the convention and primary systems; and campaign methods and finance. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 312  Politics and the Media  credit: 3 Hours.
Examines the processes of mass-mediated political communication in democratic societies. Special emphasis will be given to the role of news media in democratic theory, factors shaping the construction of news such as journalism routines, media economics, and the strategic management of news by political elites. Same as CMN 325 and MACS 322.

PS 313  Congress and Foreign Policy  credit: 3 Hours.
Examines cases of foreign-policy making over 100 years with a focus on the struggle between the legislative and executive branches, constitutional questions, explanations for changes in behavior, and the impact on democratic process. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 315  African American Politics  credit: 3 Hours.
Examines the role of race in stimulating change in American political life; types of strategies employed in the civil rights struggle; how race affects electoral participation and the broader political and economic conditions of African Americans. Same as AFRO 315. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.
PS 316 Latina/Latino Politics credit: 3 Hours.
Examines the role of Latino electorates in shaping state and national politics. Reviews the histories of Latino national origin groups, examines public policy issues of concern to Latinos, successes and failures of Latino empowerment strategies, and the electoral impact of Latino votes. Focus will be primarily on Mexican Americans, Puerto Ricans, and Cuban Americans and an assessment of the degree to which their political agendas are likely to merge over the coming years. Same as AAS 317. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 317 Asian American Politics credit: 3 Hours.
Provides an overview of the role of Asian Americans in the American political system. Topics include: the international context of emigration, the history of different Asian groups in the U.S., demographic patterns, issues of identity, classification, and pan-ethnicity, voting behavior, minority representation, and public policy. Same as AAS 317. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 318 Interests Grps & Soc Movements credit: 3 Hours.
Focuses on two important forces in American politics that provide ways for citizens to affect public policy: interests groups and social movements. Examination of organized interest groups, including their organization, growth, activity, and impact in American politics. Examines the formation and role of social movements. Prerequisite: PS 101, or six hours of Political Science credit, or consent of instructor.

PS 319 Campaigns and Elections credit: 3 Hours.
Examines the dynamics of United States congressional and presidential campaigns, including electoral rules, campaign organization and finance, candidate strategy, role of parties, interest groups, and the media, campaign effects, and proposals for reform. Prerequisite: PS 101 or six hours of Political Sciences credit.

PS 321 Principles of Public Policy credit: 3 Hours.
Examines different approaches to evaluating the performance of public sector organizations, including private sector accountability principles. Focuses on how to improve the performance of governmental agencies, as well as corporate social responsibility. Same as ACCY 321, ACE 321, and BADM 303. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 322 Law and Public Policy credit: 3 Hours.
Examines the nature of law, law makers, and law appliers; the determinants of law-making; and the societal impact of law. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 323 Law and Representation credit: 3 Hours.
Examines political and legal policies related to electoral representation including constitutional protections of voting rights and related topics such as a gerrymandering, vote counting, majority minority districts, and the Voting Rights Act. Prerequisite: PS 101 or six hours of Political Science or consent of instructor.

PS 329 Immigration & Citizenship credit: 3 Hours.
Examination of the conceptual issues associated with citizenship and immigration, considering current political debates from a variety of perspectives: empirical, historical, and normative. Focuses on the United States but will also examine the immigration and citizenship processes of other nations as well. Among topics considered: why people migrate; consequences of migration; efforts to integrate immigrants; public opinion, citizenship traditions and rationales; membership, belonging, and national identify; post national citizenship. Prerequisites: PS 101, 6 hours of Political Science credit, or consent of instructor.

PS 330 Intro to Political Behavior credit: 3 Hours.
Analyzes the relationship between political attitudes and public opinion formation. The course also discusses political participation, political tolerance, and attitudes toward political leaders. Prerequisite: POLS 101, six hours of Political Science credit, or consent of instructor.

PS 331 Intro to Electoral Behavior credit: 3 Hours.
Examines the social, psychological and institutional determinants of individual voting decisions. Prerequisite: POLS 101, six hours of Political Science credit, or consent of instructor.

PS 339 Political Violence credit: 3 Hours.
Survey of various forms of political violence and examination of competing theories about why these types of political violence occur and their implications. The different "categories" of violence under examination constitute pressing topics in the study of conflict in both international relations and comparative politics. These categories, which may overlap conceptually or empirically, include phenomena such as mass collective action in protests, riots, repression and torture, coups, civil war and insurgency, genocide and massacres, sexual violence during war, self sacrifice, and terrorism. Prerequisite: PS 240 or PS 241 or PS 280, six hours of Political Science credit, or consent of instructor.

PS 340 Politics in Intl Development credit: 3 Hours.
Examines the ways in which the wealthy countries of the world, international organizations and non-governmental organizations have tried to catalyze or facilitate economic and human development in the poorer countries of the world. Prerequisite: PS 240 or PS 241 or PS 281, or six hours of Political Science credit, or consent of instructor.

PS 341 Gov & Pol in Africa credit: 3 Hours.
Examines contemporary economic, social, and political processes in Africa, focusing on three basic explanatory themes: historical patterns of development; emerging patterns of class and interest; and leadership strategies. Same as AFRO 341. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 343 Gov & Pol of China credit: 3 Hours.
Introduces the government and politics of modern China. Same as EALC 343. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 345 Gov & Pol of SE Asia credit: 3 Hours.
Provides a comparative analysis of the political development of the countries of Southeast Asia. Emphasis is placed on differing approaches to the governance and public policy formation, as well as economic, social, historical, and cultural influences on political development. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 346 Gov & Pol of South Asia credit: 3 Hours.
Provides a comparative analysis of the political development of India, Pakistan, Sri Lanka, and other nations in South Asia. Emphasis is placed on the differing approaches to governance and public policy formation, as well as the economic, social, historical, geographical and cultural influences on political development. Same as ASST 346. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.
PS 347  Gov & Pol of Middle East  credit: 3 Hours.
Analyzes the transformation of Middle Eastern society from Morocco to Iran, as case studies in political modernization. The politics of the area are studied with special reference to causes and character of modernization, role of leadership, ideologies and institutions, methods and theories for analyzing political systems undergoing fundamental transformation, and implications for U. S. policy. Same as ASST 347. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 348  Gov & Pol in Western Europe  credit: 3 Hours.
Examines the major governmental systems of continental Europe; the evolution, structure, and functioning of the political institutions of France, Germany, Italy, Spain, Switzerland, and the Scandinavian countries. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 351  Gov & Pol Post-Soviet States  credit: 3 Hours.
Examines the evolution, structure, and functioning of post-Soviet governments. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 352  Gov & Pol of East Europe  credit: 3 Hours.
Examines the collapse of communism and efforts to develop capitalism and democracy. Special emphasis is given to national conflict and European integration. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 353  Gov & Pol of Latin America  credit: 3 Hours.
Examines the origin and development of Latin American political institutions. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 355  Democratization  credit: 3 Hours.
Examines the global process of democratization, with special attention to gains and failures in selected areas since 1974. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 356  Comparative Political Economy  credit: 3 Hours.
Examines the effect of domestic political processes on economic performance, including monetary, fiscal, and trade policies. Topics include partisan influences on policy, interest group intermediation, political accountability for economic outcomes, and consequences of product and capital market internationalization. Same as GLBL 356. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 357  Ethnic Conflict  credit: 3 Hours.
Examines themes of political behavior such as political participation, electoral politics, political culture, and contentious politics from a cross-national perspective. Prerequisite: PS 240, or PS 241, or six hours of Political Science credit.

PS 358  Comparative Political Behavior  credit: 3 Hours.
Examines themes of political behavior such as political participation, electoral politics, political culture, and contentious politics from a cross-national perspective. Prerequisite: PS 240, or PS 241, or six hours of Political Science credit.

PS 371  Classical Political Theory  credit: 3 Hours.
Considers the major works of Greek and Roman political theory, stressing their relevance to modern political analysis and action. Prerequisite: PS 270, six hours of Political Science credit, or consent of instructor.

PS 372  Modern Political Theory  credit: 3 Hours.
Provides critical analysis of political theories from the fifteenth century to the present. The discussions focus on topics such as the development of conceptions of human nature, the role of the state, justice, legitimacy, obligation, individual rights, equality, and mechanisms of maintenance and change. Prerequisite: PS 270, six hours of Political Science credit, or consent of instructor.

PS 373  Democratic Theory  credit: 3 Hours.
Examines theories of the nature and conditions of democracy; compares and analyzes contemporary democratic institutions. Prerequisite: PS 270, six hours of Political Science credit, or consent of instructor.

PS 374  Future Politics  credit: 3 Hours.
Examines visions of the future drawn from science fiction literature as a way to engage with political and social theory and to cultivate the political imagination. Prerequisite: Six hours of political science credit or consent of instructor.

PS 376  American Political Theory  credit: 3 Hours.
Surveys American political thought from colonial times to the present. Prerequisite: PS 270, six hours of Political Science credit, or consent of instructor.

PS 377  Topics Contemp Pol Theory  credit: 3 Hours.
Examines specific topics and writers of contemporary political theory. Recent themes have included conceptions of power, rights, justice, and radical political thought. May be repeated to a maximum of 9 hours. Prerequisite: PS 270, six hours of Political Science credit, or consent of instructor.

PS 378  Topics Non-Western Pol Thought  credit: 3 Hours.
Considers political thought outside of the Greco-Roman, European, and North American tradition. May be repeated if topics vary. Prerequisite: PS 270, six hours of Political Science credit, or consent of instructor.

PS 379  Intl Rel & Domestic Politics  credit: 3 Hours.
Examines conceptual linkages between international relations and domestic politics. Emphasizes theoretical explanations of and empirical evidence for these linkages. Prerequisite: PS 280 or PS 281, or six hours of Political Science credit, or consent of instructor.

PS 380  International Cooperation  credit: 3 Hours.
A study of cooperation among states. Cooperation dilemmas and their solutions, with focus on institutional arrangements that are aimed to facilitate cooperation among states. Prerequisite: PS 280 or PS 281, six hours of Political Science credit, or consent of instructor.

PS 381  International Conflict - ACP  credit: 3 Hours.
Examines the conditions that promote war and peace between states. General topics covered are: historical patterns in warfare; causes of war, including arms races and power distributions; outcomes of war; and approaches to peace. This course is identical to PS 396 except for the additional writing component that fulfills the campus' advanced composition requirement. Credit is not given for both PS 381 and PS 396. Prerequisite: PS 280 or PS 281 or PS 283; six hours of Political Science credit; completion of campus Composition I general education requirement; or consent of instructor.

This course satisfies the General Education Criteria for: UIUC: Advanced Composition

Information listed in this catalog is current as of 10/2015
PS 382  Intl Political Economy  credit: 3 Hours.
Examines the interaction between international politics and economics; locates ideologies and practices in the context of international economic relations. Considers such topics as international trade, the global monetary order, multi-national corporations, economic aid relationships, and food and energy politics. Prerequisite: PS 280 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 383  International Organization-ACP  credit: 3 Hours.
Examines the development of basic principles underlying world organization; also considers the principles, structure, methods, and operation of international governmental institutions. Gives special attention to the United Nations and related agencies and to their evolution from the League of Nations system. This course is identical to PS 395 except for the additional writing component that fulfills the campus' advanced composition requirement. Credit is not given for both PS 383 and PS 395. Prerequisite: PS 280 or PS 281 or PS 283, six hours of Political Science credit, or consent of instructor; completion of campus Composition I general education requirement. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

PS 384  Politics of Globalization  credit: 3 Hours.
Examines the basic concepts and politics associated with the emergence of the global society. This course evaluates divergent theoretical explanations for the emergence of global politics, as well as how and why the global society governs itself. It examines the strengths and shortcomings of the nation-state, markets, and democratization as responses to the imperatives of order, welfare, and legitimacy. Prerequisite: PS 280 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 385  Politics of the European Union  credit: 3 Hours.
Considers the history of the European Union and its current functions and operations. Focuses on the ongoing process of political and cultural integration. Consists of sections in Illinois and abroad, interacting extensively via the worldwide web. Same as EURO 385, FR 385, and GER 385. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor; cross-listings require language training appropriate for enrollment in the respective overseas programs.

PS 386  International Law  credit: 3 Hours.
Analyzes the concepts and bases of public international law. Topics include sources and subjects of international law, as well as issues of jurisdiction, territory, law of the sea, and use of military force. Prerequisite: PS 280 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 387  National Security Policy  credit: 3 Hours.
Examines principal theories of international security and evaluates their capacity to explain the security behavior of states and other key international actors. Prerequisite: PS 280 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 389  International Communications  credit: 3 Hours.
Same as MACS 389. See MACS 389.

PS 390  American Foreign Policy  credit: 3 Hours.
Considers the major foreign policy decisions currently confronting the United States government: analyzes their background, principal issues, and alternative actions, as well as the policy formulation process. Prerequisite: PS 280 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 391  Soviet & Post-Sov Foreign Pol  credit: 3 Hours.
Surveys Soviet and Post-Soviet foreign policy from 1917 to the present, with emphasis upon the forces shaping this policy, special attention to the interplay of ideology and national interest in policy formulation. Prerequisite: PS 280 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 392  Intl Organizations&Regionalism  credit: 3 Hours.
Examines regionalism and regional international organizations and their consequences for multilateralism cooperation, and conflict. Prerequisite: PS 280.

PS 393  Diplomatic Studies Practicum  credit: 4 Hours.
Practical introduction to the study of international organizations, consisting of three parts: academic modules in Urbana-Champaign; guest lectures and site visits in Vienna, Austria, and field trips TBA; and a final research paper based on fieldwork in Vienna, extending into late June. Enrollment requires prior admission to the Vienna Diplomatic Program.

PS 394  Crisis Diplomacy  credit: 3 Hours.
A comparative study of foreign policy decision-making and diplomacy among the major states from 1816-1948 with a focus on crisis bargaining, management, and escalation. Foreign relations of Britain, France, Germany, Russia, Italy, Japan, and the United States are covered in light of international relations theories. Emphasis is placed on how domestic political struggles, like those between hard liners and accommodationists, and external factors, like alliances and international norms, affect decision-making. Comparisons are made between those crises that are peacefully settled and those that escalate to war and/or get out of control. Prerequisite: PS 280, PS 281, PS 283, or consent of instructor.

PS 395  International Organization  credit: 3 Hours.
Examines the development of basic principles underlying world organization; also considers the principles, structure, methods, and operation of international governmental institutions. Gives special attention to the United Nations and related agencies and to their evolution from the League of Nations system. Credit is not given for both PS 383 and PS 395. Prerequisite: PS 280 or PS 281 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 396  International Conflict  credit: 3 Hours.
Examines the conditions that promote war and peace between states. General topics covered are: historical patterns in warfare; causes of war, including arms races and power distributions; outcomes of war; and approaches to peace. Credit is not given for both PS 381 and PS 396. Prerequisite: PS 280 or PS 281 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 397  Authoritarian Regimes  credit: 3 Hours.
Examines the various aspects of the politics in authoritarian regimes: their emergence and breakdown, the policy choices and institutions typically adopted, leadership change, and the theories that explain them. Historical case studies and statistical data will be used to examine real-world cases. Prerequisite: PS 240 or PS 241; or six hours of Political Sciences credit; or consent of instructor.

PS 398  Strategic Internl Relations  credit: 3 Hours.
Examination of basic concepts and tools for analyzing foreign policy and understanding international politics and economy. Simple game-theoretic models will be used to explore the logic and the mechanisms behind key policy issues in international economy, cooperation, security, and institutions. Prerequisite: PS 280 or PS 281; or six hours of Political Sciences credit; or consent of instructor.

<tr>
<td></td>
<td>Special topics not treated in regularly scheduled courses; designed primarily for juniors and seniors. 1 to 4 undergraduate hours. No graduate credit. May be repeated. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work; and approval of the department head.</td>
<td></td>
</tr>
</tbody>
</table>
PS 491  Internship  credit: 0 to 6 Hours.
Students follow a program of study and research related to an approved internship under the direction of the internship director and/or a faculty sponsor. Consult departmental undergraduate advisor or internship director. 0 to 6 undergraduate hours. No graduate credit. Approved for letter and S/U grading. May be repeated to a maximum of 12 undergraduate hours. Prerequisite: 45 credit hours completed, one year in residence at an institution of higher learning, minimum 2.5 grade point average, coursework related to the internship, and acceptance to the internship director or undergraduate director and by faculty sponsor. Students enrolled in internship courses may not register for more than 18 hours total for all courses during the semester of the internship course.

PS 492  UG Research Assistance  credit: 0 to 3 Hours.
Assist departmental faculty in on-going research. Topics and nature of assistance vary. Capstone paper required. 0 to 3 undergraduate hours. No graduate credit. May be repeated in separate terms to a maximum of 6 hours. Credit is not given for more than nine hours toward completion of the political science major from any combination of PS 490, PS 491, and/or PS 492. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work; and approval of the department head.

PS 494  Junior Honors Seminar  credit: 3 Hours.
Research, reading, and discussion in selected topics and works in literature of political science. A major research project is required in preparation for PS 495. 3 undergraduate hours. No graduate credit. May be repeated in separate terms to a maximum of 6 hours if topics vary. Credit is not given for non-honors courses and honors seminar on the same topic. Prerequisite: Admission to Political Science Honors Program or consent of department.

PS 495  Senior Honors Seminar  credit: 3 Hours.
Provides an advanced overview of methodological issues in political science especially identification of research questions and design of research strategies in political science appropriate for a senior thesis. Requires completion of a substantial research proposal. 3 undergraduate hours. No graduate credit. Credit is not given for more than six hours towards any combination of PS 495 and PS 496. Neither PS 495 nor PS 496 counts towards the 30 hours required for completion of the political science major. Prerequisite: Admissions to Political Science Honors Program or consent of instructor.

PS 496  Senior Honors Thesis  credit: 2 to 6 Hours.
2 to 6 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. Prerequisite: Written consent of instructor of department approval; open only to seniors whose major is political science and who have a general University grade point of 3.0.

PS 280  Intro to Intl Relations

Civic Leadership Concentration Requirements:

Completion of the Civic Leadership Concentration must include either as major or supporting coursework one course in each of the following areas, chosen from a list maintained by the department:

1. An intermediate or advanced course in public policy (3 hours)
2. A course examining the construction and consequences of social identity relating to race, religion, ethnicity, or gender (3 hours)
3. A course exploring different perspectives on a just, ordered, and moral society (3 hours)

At least four political science courses at the advanced level^2 12
Supporting coursework is required and must be selected in consultation with the student’s adviser. Supporting courses should complement subfields in political science chosen by the student. At least 12 of these 20 hours must be in courses numbered 200 or above.

At least two sections of PS 199 designated as pertaining to the Civic Leadership Program. A list of such sections is available in the Undergraduate Studies Office of the Department of Political Science. 3

<td>Internship</td>
<td>3</td>
</tr>
</tbody>
</table>

One additional course (1-3 credits) in political science at any level 1-3

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

Not more than 6 hours of individual study courses in political science (PS 490) or 6 hours for internships (PS 491) or 6 hours of supervised research (PS 492) may be included in the major; a student with any mix of independent study hours and internship hours and supervised research hours may include a maximum of 9 hours of such credit in the major. PS 496 is reserved for those seniors doing honors theses for distinction in political science and may not be counted in the 50-hour minimum required for the major.

---

1. Credit is not given for both PS 100 and PS 200.
2. Most advanced level courses will require as prerequisites the appropriate 200-level courses (or, in the case of American politics courses, PS 101) or the consent of the instructor. Students may count a maximum of six hours of credit in PS 300 and six hours of credit in PS 494 toward this requirement. Neither PS 495 nor PS 496 toward the 30 credits of PS required for the major.
3. PS 199 is a temporary designation. As these courses are developed and receive PS numbers, these new course numbers will take the place of PS 199.

Information listed in this catalog is current as of 10/2015

Not more than 6 hours of individual study courses in political science (PS 490) or 6 hours for internships (PS 491) or 6 hours of supervised research (PS 492) may be included in the major, a student with any mix of independent study hours and internship hours and supervised research hours may include a maximum of 9 hours of such credit in the major. PS 496 is reserved for those seniors doing honors theses for distinction in political science and may not be counted in the 50-hour minimum required for the major.

1 Credit is not given for both PS 100 and PS 200.
2 Most advanced level courses will require as prerequisites the appropriate 200-level courses (or, in the case of American politics courses, PS 101) or the consent of the instructor. Students may count a maximum of six hours of credit in PS 300 and six hours of credit in PS 494 toward this requirement. Neither PS 495 nor PS 496 toward the 30 credits of PS required for the major.

Minor in Political Science

A minor in political science is designed for students who desire to enhance their ability to deal intelligently and critically with issues and ideas about government and politics. The minor permits choices among five sub-fields, each involving important theoretical and applied questions about the role of citizens, associations, and states in the application of political power. These sub-fields are: American Government and Politics, Comparative Government and Politics, International Relations, Political Philosophy, and Public Policy/Public Administration. Within a given sub-field, a maximum of 12 hours of credit may be counted toward the minor. A minor in political science requires a minimum of 18 credits, and no more than six of these credits may be counted in the major. Students interested in the minor should consult the Department of Political Science for a list of courses available in the minor.

Information listed in this catalog is current as of 10/2015
field, students will be exposed to advanced courses that build on relevant introductory courses. These advanced courses will provide students with in-depth treatments of topics relevant to issues dealt with in their major field of study.

<tr>
<td>GLBL 220</td>
<td>Governance</td>
</tr>
</tbody>
</table>

An intermediate (200 level) or advanced (300 level) course in public policy 3

A course examining the construction and consequences of social identity relating to race, religion, ethnicity, or gender 2

A course exploring different perspectives on a just, ordered, and moral society 2

PS 491 or approved internship course in another department

At least two sections of PS 199 designated as pertaining to the Civic Leadership Program. A list of such sections is available in the Undergraduate Studies Office of the Department of Political Science. 3

Total Hours: 17

1. Credit is not given for both PS 100 and PS 200.

2. Choose from a list maintained by the Department of Political Science.

3. PS 199 is a temporary designation. As these courses are developed and receive PS numbers, these new course numbers will take the place of PS 199.

**Psychology**

Wendy Heller, Head of Department
315 Psychology Building, 603 East Daniel, Champaign
PH: (217) 333-0631
http://www.psychology.illinois.edu

Psychology is the scientific investigation of human and animal behavior. Psychologists study behavior in systems ranging from single cells to the individual person, from small groups of people to communities. Psychologists strive to describe behavior and to understand its underlying biological and social mechanisms. This enterprise, designed to better understand the human condition, accumulates knowledge that can help solve problems faced by individuals and by communities. Students that graduate with a major in psychology acquire a wide range of knowledge and useful skills that allows them to find employment in many different areas.

Areas of interest in psychology, and many of these are reflected in the similarly-titled concentrations that are available within the major:

- Behavioral Neuroscience is the study of the biological mechanisms underlying behavior. Biological psychologists generally are interested in the brain and the nervous system, in the endocrine system, and in other organismic processes.
- Clinical psychology is the study of problems encountered by individuals, groups, and families — especially problems involving psychopathology. Clinical psychologists are interested in the application of psychological knowledge and techniques for the alleviation of these problems.
- Community psychology is the study of the social processes and problems of groups, organizations, and neighborhoods, and the development and evaluation of progress for social change and social policy based on psychological understanding.
- Cognitive neuroscience is concerned with understanding the neuroscientific bases of cognition. Various methods are employed to assess the roles of different brain systems in psychological functions such as memory, attention, language, executive control, decision making, response processing, and emotion.
- Cognitive psychology is the study of basic behavioral and cognitive processes, including learning, memory, problem-solving, motivation, and language.
- Developmental psychology is the study of intellectual development, emerging personality, and the acquisition of language, as well as psychophysiological and social development processes as individuals develop from birth through old age.
- Engineering psychology is the study of human behavior in the context of interactions between humans and machines.
- Organizational psychology is the application of techniques of assessment, prediction, and intervention to areas of human resources in organizations, including, but not limited to, standard personnel selection and training, attitude assessments and interventions, and program evaluations.
- Personality psychology focuses on individual behavior. It is the study of ways to understand and describe an individual's behavior and to predict an individual's future behavior.
Quantitative psychology specialists develop mathematical models of psychological processes and devise methods for quantitative representation and analysis of data about behavior. These are used in the study of differences between individuals in ability, personality, preferences, and other psychological phenomena.

Social psychology is the study of attitudes, social perception and cognition, interpersonal relations, interpersonal interactions, and social and cultural factors affecting human behavior.

Visual cognition and human performance is the study of attention, visual perception, visual memory, and human performance. Visual cognition research uses tools drawn from cognitive psychology and cognitive neuroscience to better understand how visual information is perceived and remembered.

Prescribing Psychologists:

The states of Illinois, New Mexico and Louisiana now allow appropriately qualified psychologists to write prescriptions for psychotropic medications, if they have the necessary training. There are many other states that currently have pending prescriptive authority legislative initiatives. One component of becoming a prescribing psychologist is completion of the following undergraduate courses:

- 2-semester course sequence in chemistry or biochemistry with lab
- 1 semester microbiology with lab
- 1 semester general biology for science majors
- 1 semester physiology
- 1 semester human anatomy
- 1 semester physiology and anatomy
- Medical terminology (class or proficiency)

For more information on becoming a prescribing psychologist and a detailed list of which courses meet these requirements, please consult with one of the academic advisors in psychology.

Undergraduate Program

The Psychology program of study is a broad-based curriculum within a research-focused department. The program is designed both for students interested in a liberal arts education with psychology as a focal area and for students who plan to attend graduate or professional school either in psychology or in a different field such as medicine, law, social work, business administration, counseling, labor relations and many others.

In formulating their Plan of Study, students can decide either to undertake a concentration in General Psychology and select courses that focus on their own unique interests or to specialize in a particular area of Psychology by fulfilling the requirements for one of the other concentrations listed below. As undergraduate students fulfill the requirements, they also have the opportunity to participate in current research projects by working in labs. Students should contact our Undergraduate Advising Office for help in creating a plan of study and research that best meets their goals and interests.

Departmental Distinction: To be eligible for graduation with Distinction in Psychology, a student must complete a two-semester research sequence in PSYC 494, submit a Senior Thesis that must be approved by the department, and maintain an overall 3.0 GPA at the time of submission.

A student can also enroll in PSYC 492 to facilitate the preparation of a Bachelor’s thesis.

To be eligible for High or Highest Distinction, a student must first be admitted to the Honors Program (requirements: junior standing, 3.5 GPA in Psychology overall, and completion of the statistics an laboratory requirements). The student then has to complete the three semester Honors sequence (PSYC 398, PSYC 498, PSYC 499), submit a Senior Thesis that must be approved by the department, and maintain an overall GPA of at least 3.0 to be awarded High Distinction or a GPA of 3.5 for Highest Distinction.

Academic Advising

The Psychology Undergraduate Advising Office is open to help students choose patterns of courses relevant to their interests, as well as to help students explore graduate school, professional school, and career options. Advising is done by an award-winning staff of academic professionals along with mentoring by faculty for students with research interests. Peer registration assistants are also available to help with the registration process.

Major in Sciences and Letters Curriculum

E-mail: advising@psychology.illinois.edu

Degree title: Bachelor of Science in Liberal Arts and Sciences.

Students must meet the requirements for one of the concentrations as listed below. Minimum required concentration and supporting coursework equates to 32-36 hours of Psychology courses. Please see your academic advisor. A Major Plan of Study Form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours).

For all concentrations, twelve hours of 300- and 400-level courses in Psychology must be taken on this campus.

Minimum hours required for graduation is 120.

Students must also complete the Campus General Education requirements (https://courses.illinois.edu/gened/DEFAULT/DEFAULT) and all foreign language requirements.

Concentrations

- General Psychology (p. 520)
- Behavioral Neuroscience (p. 518)
- Clinical/Community Psychology (p. 518)
- Cognitive Psychology (p. 519)
- Developmental Psychology (p. 519)
- Organizational Psychology (p. 520)
- Social/Personality Psychology (p. 520)

PSYC Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PSYC)
Courses

**PSYC 100**  Intro Psych  credit: 4 Hours.
Study of human behavior with special reference to perception, learning, memory, thinking, emotional life, and individual differences in intelligence, aptitude, and personality; emphasis on the scientific nature of psychological investigations; and discussion of research methods and the relation of their results to daily life and everyday problems. Lectures, discussions, and six hours of participation as a subject in psychological experiments. Credit is not given for both PSYC 100 and either PSYC 103 or PSYC 105. This course satisfies the General Education Criteria for:
UIUC: Behavioral Sciences

**PSYC 102**  Psych Orientation  credit: 0 Hours.
Lectures designed to acquaint the psychology major with the various specializations available in the field, career exploration procedures, and a wide range of opportunities of special interest to psychology students. Recommended for freshmen in psychology. Approved for S/U grading only.

**PSYC 103**  Intro Experimental Psych  credit: 4 Hours.
Surveys the field of psychology with an emphasis on experimental approaches to understanding the mind and human behavior; addresses perception, learning, memory, thinking, motivation, emotions, personality, development, intelligence, and other topics in psychology. Credit is not given for both PSYC 103 and either PSYC 100 or PSYC 105. Lectures with discussion, debates, and laboratory experiments in weekly sections. This course satisfies the General Education Criteria for:
UIUC: Behavioral Sciences

**PSYC 105**  Psych Introduction  credit: 4 Hours.
Study of human behavior with special reference to perception, learning, memory, thinking, emotional life, and individual differences in intelligence, aptitude, and personality; emphasis on the scientific nature of psychological investigations; and discussion of research methods and the relation of their results to daily life and everyday problems. Lectures, discussions, and six hours of participation as a subject in psychological experiments. Lectures meet four days per week. See class schedule for enrollment restrictions. Credit is not given for both PSYC 105 and either PSYC 100 or PSYC 103. This course satisfies the General Education Criteria for:
UIUC: Behavioral Sciences

**PSYC 199**  Undergraduate Open Seminar  credit: 1 to 5 Hours.
Approved for letter and S/U grading. May be repeated.

**PSYC 201**  Intro to Social Psych  credit: 3 Hours.
Systematic study of social factors in individual and group behavior; attention to social perception, motivation, and learning; attitudes, norms, and social influence processes; the development and dynamics of groups; and the effects of social and cultural factors on the individual. Prerequisite: PSYC 100 or PSYC 103. This course satisfies the General Education Criteria for:
UIUC: Behavioral Sciences

**PSYC 204**  Intro to Brain and Cognition  credit: 3 Hours.
Introduction to the interdisciplinary field of cognitive neuroscience, which is concerned with how the cognitive systems supporting a broad range of capacities including memory, attention, and social and emotional processing, arise from the functioning of specific brain modules and brain mechanisms. Emphasizes how functional brain imaging and other cognitive neuroscience methods can be brought to bear on answering these questions. Prerequisite: PSYC 100 or PSYC 103 or PSYC 105.

**PSYC 210**  Behavioral Neuroscience  credit: 3 Hours.
Survey of current knowledge and speculation regarding the brain's role in perception, motivation, sexual behavior, thinking, memory, and learning, based upon human clinical data and research in animal models. Prerequisite: PSYC 100, PSYC 103, or consent of instructor. This course satisfies the General Education Criteria for:
UIUC: Life Sciences

**PSYC 216**  Child Psych  credit: 3 Hours.
Study of the psychological development of the child. Credit is not given for both PSYC 216 and EPSY 236. Prerequisite: PSYC 100 or PSYC 103.

**PSYC 220**  Images of Mind  credit: 3 Hours.
Introduction to neuroimaging and cognitive neuroscience, with a particular emphasis on critically evaluating neuroscience in the media. In addition to surveying reports in the popular press and their corresponding science articles, covers basic neuroanatomy, neuroimaging techniques, and a range of topics from cognitive neuroscience. Prerequisite: PSYC 100, PSYC 103, PSYC 105 or consent of instructor.

**PSYC 224**  Cognitive Psych  credit: 3 Hours.
Introduction to the psychological study of human information processing and memory; acquisition, retrieval, and forgetting; and general knowledge, concepts, reasoning, and related issues in cognition. Prerequisite: PSYC 100 or PSYC 103.

**PSYC 230**  Perception & Sensory Processes  credit: 3 Hours.
Survey of the experimental psychology of sensory and perceptual processes and behavior; emphasis on the contribution of behavior science to understanding subjective experience of the physical and social environment. Prerequisite: An introductory course in psychology, physiology, or animal biology.

**PSYC 235**  Intro to Statistics  credit: 3 Hours.
Development of skill and understanding in the application of statistical methods to problems in psychological research; topics include descriptive statistics, probability theory and distributions, point and interval estimation, and hypothesis testing. Credit is not given for both PSYC 235 and any of STAT 100, ECON 202, EPSY 480, PSYC 301, SOC 485. Prerequisite: PSYC 100 or PSYC 103; college algebra or equivalent; or consent of academic advisor. This course satisfies the General Education Criteria for:
UIUC: Quant Reasoning I

**PSYC 238**  Abnormal Psych  credit: 3 Hours.
Conceptions and facts about disordered behavior, including psychoses, neuroses, and other patterns of psychological disturbance. Prerequisite: PSYC 100 or PSYC 103.

**PSYC 239**  Community Psych  credit: 3 Hours.
Redefines human and social problems and the implications for social programs and policies; reviews the historical antecedents, conceptual models, strategies and tactics of social and community programs; and employs examples from selected social systems (e.g., criminal justice, education, employment, and mental health). Prerequisite: PSYC 100 or PSYC 103. This course satisfies the General Education Criteria for:
UIUC: Social Sciences

**PSYC 245**  Industrial Org Psych  credit: 3 Hours.
Systematic study of the application of psychological methods and principles in business and industry; emphasis on personnel selection and factors influencing efficiency. Prerequisite: PSYC 100 or PSYC 103; credit or concurrent registration in a statistics course.
PSYC 248 Learning and Memory credit: 3 Hours.
Survey of basic phenomena in learning and memory emphasizing experimental data from animal and human research. Prerequisite: PSYC 100 or PSYC 103.

PSYC 250 Psych of Personality credit: 3 Hours.
Study of personality from various points of view: biological, experimental, social, and humanistic; surveys theory and empirical research in the study of personality. Prerequisite: PSYC 100 or PSYC 103.

PSYC 265 Power, Status, and Influence credit: 3 Hours.
Explores how individuals experience power, status, and influence. The course will focus on the personality and social factors that lead people to attain an elevated rank in society. We will examine how social position shapes basic psychological processes including social perception, relationship strategies, emotion, and well-being across the life course. Multiple forms of power and status will be studied, including those based on peer respect, class, race, gender, and physical dominance.

PSYC 290 Research Experience in Psych credit: 1 to 4 Hours.
Supervised participation in research and scholarly activities, usually as an assistant to an investigator. Approved for S/U grading only. May be repeated to a maximum of 9 hours. Prerequisite: Ten hours of psychology or cognate area, or written consent of instructor.

PSYC 296 Intro Current Topics in Psyc credit: 3 Hours.
Introductory treatment of current topics in the field of psychology. May be repeated up to 6 hours in the same semester, to a total of 9 hours in subsequent semesters. Prerequisite: PSYC 100 or consent of instructor.

PSYC 301 Psychological Statistics credit: 5 Hours.
Development of skill and understanding of statistical methods for problems in psychological research; topics include descriptive statistics, probability theory and distributions, point and interval estimation, and hypothesis testing. The class also involves a computer laboratory. Strongly recommended to students who plan to pursue graduate studies in Psychology. Credit is not given for both PSYC 301 and any of STAT 100, ECON 202, EPSY 480, PSYC 235, SOC 485. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

PSYC 311 Behavioral Neuroscience Lab credit: 4 Hours.
Introduction to research techniques used in the physiological study of mental processes: includes recording "brain waves," behavioral analysis of drug effects, anatomy of the brain, hormones and behavior, and related topics. The course will give students direct experience working with both human and laboratory animal subjects to qualify for more advanced course and research opportunities. Prerequisite: Credit or concurrent registration in PSYC 210, or consent of instructor.

PSYC 312 Psychology of Race & Ethnicity credit: 3 Hours.
Exploration of the theoretical, empirical, and experiential writings concerning the issues of race and ethnicity as they relate to human behavior from the perspective of the individual in various social contexts. Same as AFRO 312. Prerequisite: PSYC 100.

PSYC 314 Introduction to Aging credit: 3 Hours.
Same as CHLH 314, HDFS 314, RST 314, and REHB 314. See CHLH 314.

PSYC 316 Intro to Psych of Hearing credit: 3 Hours.
Examines the physiology and psychophysics of hearing from the micromechanics of the cochlea to the localization of sound and the acoustics of concert halls, to understand how the auditory system processes information to create perceptions of acoustic events. Prerequisite: PSYC 210.

PSYC 318 Psych of the Infant credit: 3 Hours.
Early infant behavior, emphasizing critical evaluation of the various research techniques; prenatal and perinatal influences, ontogeny of psychological processes, environmental determinants, and infant assessment. Prerequisite: PSYC 216.

PSYC 320 The Teenage Years credit: 3 Hours.
An introduction to development during the teenage years (12-18). The course will cover research on biological, cognitive, social, and emotional development. Topics will include pubertal development and its social consequences, changing relationships with parents, identity development, the increasingly important role of peers, school adjustment, the emergence of psychopathologies, and high risk behaviors such as substance use. The course will focus on normative development in the U.S., but it will also cover cross-cultural development. Prerequisite: PSYC 100 and PSYC 216.

PSYC 321 Human Memory credit: 3 Hours.
Advanced treatment of human memory. Examines basic theory and methodology; types of memory; semantic, episodic, procedural, memory for language, places, and events; knowledge and memory; autobiographical memory; exceptional memory; mnemonics. Prerequisite: Six hours in psychology at or above the 200 level, such as PSYC 224 or PSYC 248.

PSYC 322 Intro Intellectual Disability credit: 3 Hours.
Same as REHB 322 and SPED 322. See SPED 322. This course satisfies the General Education Criteria for: UIUC: Behavioral Sciences

PSYC 324 Developmental Psychopathology credit: 3 Hours.
Overview of major theories and research in the field of developmental psychopathology. An emphasis will be placed on understanding how psychopathology is conceptualized from a developmental perspective. Topics will involve issues related to etiology, assessment, classification/diagnosis, and intervention. A range of psychological problems in childhood and adolescence will be discussed to illustrate the central themes. Prerequisite: PSYC 100 and either PSYC 216 or PSYC 238, or consent of instructor.

PSYC 326 Development and Relationships credit: 3 Hours.
Advanced overview of theory and research on interpersonal relationships across the life course and their implications for emotion, cognition, and behavior. Particular emphasis is placed on close relationships, i.e., romantic partners, family members, and mentors. Same as EPSY 330. Prerequisite: PSYC 216.

PSYC 331 Cognitive Psych Lab credit: 4 Hours.
Examination of the methods used to study human thought processes, including attention, memory, decision-making, language and concepts. Students will learn to design, carry out, and report research in cognitive psychology. Prerequisite: PSYC 224 or PSYC 248; PSYC 235.

PSYC 332 Social Psych Methods Lab credit: 4 Hours.
Lecture and laboratory in the methods and techniques of social psychology research in laboratory settings. Same as SOC 382. Prerequisite: PSYC 201; PSYC 235 or SOC 280.

PSYC 333 Social Psych in Society Lab credit: 4 Hours.
Methods and techniques of social psychological research in natural settings. Students formulate and carry out research problems using procedures appropriate for research in natural settings. Prerequisite: PSYC 201; PSYC 235 or SOC 280.
PSYC 334 Perception Lab  credit: 4 Hours.
Examination of the research methods used to study human visual and spatial processes, including visual illusion, attention, imagery, navigation and spatial memory. Students will learn to design, carry out, and report psychological research. Prerequisite: PSYC 230 and statistics (PSYC 235 or equivalent).

PSYC 336 Topics in Clin/Comm Psych  credit: 3 Hours.
Survey and critical review of subdisciplines in clinical/community psychology; concepts, methods, and assessments, intervention strategies and tactics. Subdisciplines addressed will vary. See Class Schedule for current titles. May be repeated with approval to a maximum of 6 undergraduate hours in same term, or to a maximum of 9 undergraduate hours in subsequent terms. Prerequisite: PSYC 238 or PSYC 239 or both depending on topic.

PSYC 340 Community Projects  credit: 4 Hours.
Principles of psychology applied to service problems in the community; students serve as nonprofessional mental health workers in supervised experiences in schools, hospitals, and other nontraditional settings. May be repeated in the same or subsequent terms to a maximum of 8 undergraduate hours. Prerequisite: PSYC 100; junior or senior standing; and consent of instructor. Individual sections may require additional courses and prerequisites - consult the instructor.

PSYC 341 Advanced Community Projects  credit: 4 Hours.
Advanced discussion and practicum on principles of psychology which may supplement mental health and other human services in a community. Students serve as nonprofessional mental health workers in supervised experiences in school hospitals and other nontraditional settings. May be repeated in the same or subsequent terms to a maximum of 8 undergraduate hours. Prerequisite: PSYC 340 and consent of instructor.

PSYC 350 Personality Lab  credit: 4 Hours.
Study of personality emphasizing active participation in designing, conducting, analyzing, and presenting of research; lectures concern the practical aspects of research methodology and the philosophy of personality research; and laboratory involves conducting original research in small groups. Prerequisite: PSYC 235 or equivalent; and PSYC 250 or consent of instructor; completion of campus Composition I general education requirement.

PSYC 351 Thinking and Reasoning  credit: 3 Hours.
An overview of historical and contemporary research on thinking, reasoning, and problem-solving. Topics will include normative systems of logic, defeasible/non-monotonic reasoning, psychological models of reasoning, heuristic problem-solving, insight and creativity, Bayesian decision-making, decision-making biases, and fast-and-frugal heuristics. Same as PHIL 351. Prerequisite: Either PSYC 100 and PSYC 224, or PHIL 101 and PHIL 102, or consent of instructor.

PSYC 352 Attitude Theory and Change  credit: 3 Hours.
Comprehensive analysis of theories of attitude acquisition, organization, and change; emphasis on attitude change through communication and effects of persuasive communication on public opinion. Same as MACS 352 and SOC 300. Prerequisite: PSYC 201 or equivalent.

PSYC 353 Social Cognition  credit: 3 Hours.
Analysis of theory and research on problems related to the manner in which persons judge themselves and others on the basis of information received; topics include impression formation integration, determinants of interpersonal attractions, and attribution processes. Prerequisite: PSYC 201 and PSYC 235, or consent of instructor.

PSYC 356 Evolution of Mind  credit: 3 Hours.
Interpretation of human thought and behavior through the lens of evolutionary theory. Presents the basics of evolutionary theory as applied to human and animal psychology, describes the results of research on selected subtopics, and evaluates alternative explanations of human behavior that historically have been offered and continue to influence the social sciences today. The goal is to enhance understanding of why we behave the way we do. Special emphasis will be placed on philosophical analysis of the presented material. Same as PHIL 356. Prerequisite: PSYC 100 or PHIL 101 or MCB 150 or consent of instructor.

PSYC 357 Intro Cognitive Science  credit: 3 Hours.
In-depth introduction to cognitive science: the study of mind and intelligence, natural and artificial. Covers major integrative themes including inverse optics and vision; induction and reasoning; learnability; language; philosophy; minds and brains; evolution; computation and computability; experimental and modeling techniques; information theory; knowledge representation; interrelations among these topics. Same as PHIL 357. Prerequisite: One of PSYC 224, PSYC 248, PHIL 202, PHIL 270, or consent of instructor.

PSYC 358 Human Factors  credit: 3 Hours.
Same as IE 340. See IE 340.

PSYC 361 The Psychology of Aging  credit: 3 Hours.
Survey of changes in behavioral function in later adulthood, with emphasis on methodologies for studying aging, cognitive function, personality, social psychology, and psychopathology. Prerequisite: PSYC 100; Recommended: PSYC 216 or PSYC 224.

PSYC 363 Developmental Child Psych Lab  credit: 4 Hours.
Provides students with a background in developmental research methodology, such as observational techniques used with children. Students will gain experience collecting data and learn how to write research papers. Prerequisite: PSYC 216 and PSYC 235, or equivalent.

PSYC 370 Understanding Suicide  credit: 3 Hours.
Exploration of the enigma of suicide, covering its many dimensions including the historical, literary, neurobiological psychological, sociological, cultural, public health, and personal/subjective. Suicide has been studied from each of these perspectives, and while there is agreement that it is a "multidimensional malaise," bringing these dimensions together has been extremely challenging. Explores this challenge through lectures and discussions. Prerequisite: PSYC 238.

PSYC 373 Culture & Psychology  credit: 3 Hours.
Centers on cross-cultural study of substantive areas such as personality, motivation, socialization, interpersonal behavior, psychological environments, cognition and cognitive development, ethnocentrism and stereotypes, and visual perception; emphasis on methodological limitations and contributions of cross-cultural study; and discussion of current problems and research. Same as ANTH 373. Prerequisite: Six hours of psychology or anthropology, or consent of instructor.

PSYC 379 Clinical/Abnormal Psych Lab  credit: 4 Hours.
Introduction to research methods used in clinical psychology covering research concerned with psychopathology. Students will learn concepts and key terms; read and discuss research reports; and obtain first-hand experience designing, carrying out, and reporting on their own research. Students in the class will be the participants for all student-developed research. Prerequisite: PSYC 238.
PSYC 381 Beg Prac in Mental Hlth  credit: 4 Hours.
Didactic instruction and supervised practicum experience in a community
treatment agency; self-report, observational, and physiological
approaches to client assessment; and lecture-discussion and direct
agency experience each week.

PSYC 383 Adv Prac in Mental Hlth I  credit: 4 Hours.
Supervised practicum experiences in a community agency.

PSYC 385 Adv Prac in Mental Hlth II  credit: 4 Hours.
Supervised practicum experiences in a community agency.

PSYC 396 Intermed Curr Topics in Psy  credit: 3 Hours.
Intermediate treatment of current topics in the field of psychology. May
be repeated to a maximum of 6 hours in a semester, to a maximum
of 12 hours in subsequent semesters. Prerequisite: PSYC 100 or
consent of instructor; particular sections may have additional 200-level
prerequisites.

PSYC 398 Junior Honors Seminar  credit: 3 Hours.
Seminar on experimental methods and contemporary psychological
research. Prerequisite: Junior standing and admission to departmental
honors program.

PSYC 402 Intro Clin Neuropsych  credit: 4 Hours.
Fundamental concepts of clinical neuropsychology will be introduced,
and students will learn the neuropsychological measures that are
typically employed in assessment. The course will take a developmental
perspective, and readings will address assessment issues in children and
adolescents as well as adults. The course will be conducted as a lecture/
seminar, with a focus on class participation. Actual testing data will be
distributed to the class, and discussion will focus on interpretation and
case conceptualization. Students will also be required to learn about and
administer tests. 4 undergraduate hours. 4 graduate hours. Prerequisite:
PSYC 210 and PSYC 238 or consent of instructor.

PSYC 403 Memory and Amnesia  credit: 3 or 4 Hours.
Examination of the nature of amnesia and what it teaches us about the
organization of normal human memory. Coverage will include studies
of amnesia and other circumscribed memory impairments in human
patients, taken from the scientific literature, which will be compared to
the descriptions of amnesia in movies, literature, and the media. Same
as NEUR 403. 3 undergraduate hours. 4 graduate hours. Prerequisite:
PSYC 210 and/or PSYC 224, or consent of instructor.

PSYC 404 Cognitive Neuroscience  credit: 3 or 4 Hours.
Examination of research concerned with identifying and characterizing
the cognitive systems supporting such capacities as memory, attention,
and visual processing, and with understanding how such cognitive
activities arise from the functioning of specific brain modules and brain
mechanisms. Same as NEUR 405. 3 undergraduate hours. 4 graduate
hours. Prerequisite: PSYC 210 and/or PSYC 224, or consent of instructor.

PSYC 406 Statistical Methods I  credit: 4 Hours.
Techniques in applied statistics used in psychological research,
including simple linear regression, partial and multiple correlation,
and nonparametric methods; thorough review of statistical estimation
and significance tests; emphasizes applied statistics and statistical
computing. 4 undergraduate hours. 4 graduate hours. Credit is not
given for both PSYC 406 and SOC 586. Prerequisite: Twelve hours in
psychology and PSYC 235, or equivalent.

PSYC 407 Statistical Methods II  credit: 4 Hours.
Continuation of PSYC 406. Experimental design, including Latin Squares,
factorials, and nested designs; expected mean squares; analysis of
covariance; emphasizes the general linear model. 4 undergraduate hours.
4 graduate hours. Credit is not given for both PSYC 407 and SOC 587.
Prerequisite: PSYC 406.

PSYC 410 Hate Crimes  credit: 3 Hours.
Same as AFRO 410. See AFRO 410.

PSYC 413 Psychopharmacology  credit: 3 or 4 Hours.
Behavioral and physiological effects of chemicals either used therapeutically to treat psychological disorders or that may be abused
for their psychotropic effects; emphasizes mechanisms and models for
the study of drug action. Same as NEUR 413. 3 undergraduate hours.
3 or 4 graduate hours. Prerequisite: PSYC 210, MCB 150, or consent of
instructor.

PSYC 414 Brain, Learning, and Memory  credit: 3 or 4 Hours.
Conveys a knowledge of current research on the physiological bases of
learning and memory; considers a wide range of topics from molecular
(e.g., cellular morphological and functional plasticity) to relatively molar
(e.g., effects of clinical and experimental brain damage on learning
and memory processes). Same as NEUR 414. 3 undergraduate hours.
4 graduate hours. Prerequisite: PSYC 210, MCB 150, or consent of
instructor.

PSYC 416 African American Psychology  credit: 3 or 4 Hours.
Same as AFRO 411. See AFRO 411.

PSYC 417 Neuroscience of Eating & Drinking  credit: 3 or 4 Hours.
Eating and drinking are critical to survival. Despite complex and
redundant mechanisms, aberrant ingestive behaviors occur and can
result in extreme body weights. This course is designed to critically
probe and review the current understanding of neural and behavioral
mechanisms of eating and drinking. Students will learn how eating
and drinking are closely related to physical and mental health, and how
to apply this knowledge to live a healthier life. Same as FSHN 417.
3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 100 or
equivalent.

PSYC 420 Theories of Psychotherapy  credit: 4 Hours.
Same as EPSY 420. See EPSY 420.

PSYC 421 Principles of Psychophysiology  credit: 3 or 4 Hours.
Theoretical and practical aspects of human psychophysiology;
measurement techniques and the application of psychophysiological
principles to problems in developmental, clinical, social, and experimental
psychology. Same as NEUR 421. 3 undergraduate hours. 4 graduate
hours. Prerequisite: PSYC 235, six hours of psychology, and an
introductory course in physiology.

PSYC 423 Language Acquisition  credit: 3 or 4 Hours.
Survey of theory and research on the acquisition of language,
concentrating on the acquisition of a first language by the young child.
Same as LING 423 and MACS 423. 3 undergraduate hours. 4 graduate
hours. Prerequisite: Six hours of psychology or linguistics above the 100-
level, or consent of instructor.

PSYC 425 Psych of Language  credit: 3 or 4 Hours.
Survey of theory and research in the psychology of language; topics
include relation of linguistics and psychology, language development,
and influence of language on perception, memory, and thought. 3
undergraduate hours. 4 graduate hours. Credit is not given for both
PSYC 425 and LING 425. Prerequisite: Six hours of psychology or consent
of instructor.
PSYC 427  Language and the Brain  credit: 3 or 4 Hours.
Same as LING 427 and SHS 427. See SHS 427.

PSYC 432  Genes and Behavior  credit: 3 Hours.
Same as ANTH 432, IB 432 and NEUR 432. See IB 432.

PSYC 433  Evolutionary Neuroscience  credit: 3 or 4 Hours.
Current methods, tools, and progress in evolutionary biology and quantitative genetics of brain and behavior of vertebrates. Same as NEUR 433 and PHIL 433. 3 undergraduate hours. 4 graduate hours. Prerequisite: IB 150 or PSYC 210.

PSYC 437  Advanced Psychology Lab  credit: 4 Hours.
An advanced laboratory course in different areas of psychology. Detailed descriptions are provided under the individual sections. 4 undergraduate hours. No graduate credit. May be repeated in separate semesters to a maximum of 8 undergraduate hours. Prerequisite: PSYC 100, additional courses and prerequisites may be required depending on the lab.

PSYC 443  Psychophysiology in Ex & Sport  credit: 3 or 4 Hours.
Same as KIN 443. See KIN 443.

PSYC 447  Psych of Sport Performance  credit: 3 or 4 Hours.
Same as KIN 447. See KIN 447.

PSYC 450  Cognitive Psychophysiology  credit: 3 or 4 Hours.
Survey of the theory and practice of using recordings of brain electrical activity to study normal and abnormal perception, attention, decision-making, memory, response preparation, and language. Same as NEUR 450. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 224 or equivalent; PSYC 210 recommended.

PSYC 451  Neurobio of Aging  credit: 0 to 4 Hours.
Study of the neurobiological consequences of aging with an emphasis on brain changes at the cellular and systems level, using animal models of healthy and pathological aging. Same as KIN 458 and NEUR 451. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 210 or related courses or consent of instructor.

PSYC 453  Cog Neuroscience of Vision  credit: 3 or 4 Hours.
Overview of the neuroscience of the visual system, the eye and subcortical structures, with a focus on the visual cortex and higher-level vision (e.g. attention and object perception). Same as NEUR 453. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 210, PSYC 220, PSYC 224, PSYC 230 or consent of instructor.

PSYC 455  Organizational Psych  credit: 2 to 4 Hours.
Social psychological research and theory applied to industrial problems; emphasis on interaction and communication theory, role theory, leadership theory, motivational and perceptual theory, and group structure theory as an aid in understanding and analyzing industrial problems. 3 undergraduate hours. 2 to 4 graduate hours. Prerequisite: PSYC 201 or PSYC 245.

PSYC 456  Human Performance and Cognition in Context  credit: 3 or 4 Hours.
Same as EPSY 456 and IE 445. See EPSY 456.

PSYC 462  How Children Think  credit: 3 or 4 Hours.
Examines the development of children's thinking from birth through the preschool and elementary school years. Addresses questions such as the following: What do babies know about the world? What can they perceive, and how do their perceptual abilities develop? How do children come to understand other people's actions and mental states? How do they think about biological categories (such as animals and plants) and social categories (such as boys and girls)? When and how do children learn what numbers mean? How is children's development influenced by culture? 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 216.

PSYC 465  Personality and Soc Dev  credit: 3 or 4 Hours.
Major theories of personality and social development, with attention to processes of social learning, individual differences in personality development, and outcomes of social development; applications to school, home, and other field settings. Same as EPSY 405. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 216 or EPSY 236 or equivalent.

PSYC 466  Image and Neuroimaging Analysis  credit: 3 or 4 Hours.
Fundamental concepts, techniques/algorithms, and emerging directions of research in image and neuroimage analysis: image enhancement, image and brain image segmentation, neuroimage registration, functional magnetic resonance imaging (fMRI) time series analysis, and brain connectivity, etc. Same as STAT 466. 3 undergraduate hours. 4 graduate hours. Prerequisite: One of STAT 400, PSYC 406, an equivalent, or consent of instructor; basic programming experience in Matlab, or C/C++, or similar.

PSYC 468  Psych and Law  credit: 2 to 4 Hours.
Examines relationship of the administrative, civil, and criminal justice systems to educational and mental health institutions; individual rights, social issues, and psychological well being. 3 undergraduate hours. 2 to 4 graduate hours. Prerequisite: Six hours of social science.

PSYC 472  Environmental Psychology  credit: 4 Hours.
Same as NRES 472. See NRES 472.

PSYC 475  Personnel Psych  credit: 3 or 4 Hours.
Introduces problems and research relevant to personnel issues in organizations. Topics include: individual differences; selection of personnel; test theory; performance appraisal; equal employment opportunity legislation, regulation, and litigation; assessing bias in selection. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: PSYC 235 or equivalent, and either PSYC 245 or BADM 313.

PSYC 477  Philosophy of Psychology  credit: 3 or 4 Hours.
Same as PHIL 477. See PHIL 477.

PSYC 484  Ethical Practice of Statistics  credit: 3 or 4 Hours.
Study of the ethical practice of statistics, defined as being in accord with the accepted rules and standards for right conduct that govern the discipline of statistics and its many areas of application. An emphasis is placed on the use of statistical and probabilistic reasoning in the social, behavioral, and biomedical sciences, with particular stress on the relation to law and the judiciary. Same as STAT 484. 3 undergraduate hours. 4 graduate hours. Prerequisite: An introductory statistics class, e.g., PSYC 235, PSYC 301, STAT 100, ECON 202, EPSY 480, SOC 280.

PSYC 489  Neural Network Modeling Lab  credit: 3 or 4 Hours.
Introduction to neural network modeling, the principles of neural computation, learning algorithms and the evaluation of neural networks as models of human perception and cognition. 3 undergraduate hours. 4 graduate hours. Prerequisite: College algebra or equivalent; computer programming experience, or consent of instructor.
PSYC 490 Measurement & Test Develop Lab credit: 4 Hours.
The measurement of human behavior in psychological studies; the construction and use of psychological tests; introduction to tests of intelligence, achievement, personality, and interest; and practice in test construction, administration, and validation. Lectures and laboratory. 4 undergraduate hours. 4 graduate hours. Prerequisite: A knowledge of statistics equivalent to that from PSYC 235.

PSYC 492 Capstone Undergrad Research credit: 3 Hours.
Capstone experience for undergraduate students doing advanced research in any area of psychology. Provides in-depth background knowledge of their research, and teaches students to make effective oral and written presentations of their findings. In conjunction with PSYC 494, will facilitate the preparation of a Bachelor’s thesis that can be submitted for the awarding of the departmental distinction at graduation. May be taken for two semesters with the first semester emphasizing a review of the literature and the second semester concentrating on the presentation of the results. 3 undergraduate hours. No graduate credit. May be repeated in separate terms to a maximum of 6 hours. Prerequisite: Senior standing in Psychology, consent of instructor, and students must arrange to do a research project with a faculty member.

PSYC 494 Advanced Research in Psych credit: 1 to 4 Hours.
Supervised independent investigation of special topics in psychology; requires a written report with a final copy submitted for departmental records. 1 to 4 undergraduate hours. No graduate credit. May be repeated to a maximum of 12 hours. Prerequisite: Ten hours of psychology or cognate area, or written consent of instructor.

PSYC 495 Internship Capstone Experience credit: 3 Hours.
This capstone seminar will connect students’ summer internship experiences to their academic major in Psychology and to their career goals. Students will reflect, discuss and build on their internship experiences to help them identify the skills and abilities they have and need to be successful. They will participate in both individual assignments and team projects that will facilitate their ability to communicate in the many different careers available to students with a degree in psychology. 3 undergraduate hours. No graduate credit. Prerequisite: Completion of an internship during previous summer.

PSYC 496 Adv Current Topics in Psych credit: 2 to 4 Hours.
Advanced treatment of current topics in the field of psychology. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated to a maximum of 9 hours. Prerequisite: PSYC 100 and junior standing, or consent of instructor; particular sections may have additional 200-level and/or 300-level prerequisites.

PSYC 498 Senior Honors Seminar credit: 2 Hours.
Continuation of PSYC 398, this course assists students in the Psychology Honors Program with the researching and writing of an undergraduate honors thesis, under supervision of a faculty member, on a problem of appropriate scope and character. 3 undergraduate hours. No graduate credit. Prerequisite: PSYC 398. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

PSYC 499 Senior Honors Seminar II credit: 3 Hours.
The completion of writing of an undergraduate honors thesis, under supervision of a faculty member, on a problem of appropriate scope and character. Students also create posters describing their work for presentation at the Psychology Honors Poster Fair and the Campus Undergraduate Research Symposium. 3 undergraduate hours. No graduate credit. PSYC 398 and PSYC 499 are approved for General Education credit only as a sequence. All courses must be completed to receive Advanced Composition credit. Prerequisite: PSYC 498. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

### Behavioral Neuroscience Concentration

Select one of the following: 4

- PSYC 100 Intro Psych
- PSYC 103 Intro Experimental Psych
- PSYC 105 Psych Introduction
- PSYC 235 Intro to Statistics (or equivalent) 3

Select one course from the following: 3

- PSYC 204 Intro to Brain and Cognition
- PSYC 220 Images of Mind
- PSYC 224 Cognitive Psych
- PSYC 230 Perception & Sensory Processes
- PSYC 248 Learning and Memory

Select two courses from the following: 6

- PSYC 201 Intro to Social Psych
- PSYC 216 Child Psych
- PSYC 238 Abnormal Psych
- PSYC 239 Community Psych
- PSYC 245 Industrial Org Psych
- PSYC 210 Behavioral Neuroscience
- PSYC 311 Behavioral Neuroscience Lab

Take 4 courses from any of the following and undergraduate seminars (PSYC 396, PSYC 496) taught by faculty members in the Behavioral Neuroscience division:

- PSYC 316 Intro to Psych of Hearing
- PSYC 413 Psychopharmacology
- PSYC 414 Brain, Learning, and Memory
- PSYC 432 Genes and Behavior
- PSYC 433 Evolutionary Neuroscience

**Total Hours 35**

### Clinical/Community Psychology Concentration

Select one of the following: 4

- PSYC 100 Intro Psych
- PSYC 103 Intro Experimental Psych
- PSYC 105 Psych Introduction
- PSYC 235 Intro to Statistics (or equivalent) 3

Select two courses from the following: 6

- PSYC 204 Intro to Brain and Cognition
### Cognitive Psychology Concentration

Select one of the following: 4
- PSYC 100 Intro Psych
- PSYC 103 Intro Experimental Psych
- PSYC 105 Psych Introduction
- PSYC 235 Intro to Statistics (or equivalent)

Select one course from the following: 3
- PSYC 204 Intro to Brain and Cognition
- PSYC 210 Behavioral Neuroscience
- PSYC 220 Images of Mind
- PSYC 230 Perception & Sensory Processes

Select two courses from the following: 6
- PSYC 201 Intro to Social Psych
- PSYC 216 Child Psych
- PSYC 238 Abnormal Psych
- PSYC 239 Community Psych
- PSYC 245 Industrial Org Psych
- PSYC 250 Psych of Personality

Select one course from the following: 3
- PSYC 224 Cognitive Psych
- PSYC 248 Learning and Memory
- PSYC 331 Cognitive Psych Lab

Total Hours 35

### Developmental Psychology Concentration

Select one of the following: 4
- PSYC 100 Intro Psych
- PSYC 103 Intro Experimental Psych
- PSYC 105 Psych Introduction
- PSYC 235 Intro to Statistics (or equivalent)

Select three courses from the following two groups including at least one from each group: 9
- PSYC 201 Intro to Social Psych
- PSYC 238 Abnormal Psych
- PSYC 239 Community Psych
- PSYC 245 Industrial Org Psych
- PSYC 250 Psych of Personality
- PSYC 216 Child Psych
- PSYC 363 Developmental Child Psych Lab

Take 4 courses from any of the following and undergraduate seminars (PSYC 396, PSYC 496) taught by faculty members in the Developmental Psychology division:
- PSYC 318 Psych of the Infant
- PSYC 320 The Teenage Years
- PSYC 324 Developmental Psychopathology
- PSYC 326 Development and Relationships
- PSYC 423 Language Acquisition
- PSYC 462 How Children Think
- PSYC 465 Personality and Soc Dev

Total Hours 35

Religion
Valerie Hoffman
3080 Foreign Languages Building, 707 South Mathews, Urbana
PH: (217) 333-2022
http://www.religion.illinois.edu

A major and minor are sponsored by the Department of Religion.

Major in Religion

Major in Sciences and Letters Curriculum
E-mail: religion@illinois.edu

Degree title: Bachelor of Arts in Liberal Arts and Sciences

A minimum of 30 hours of coursework is required for the major. This includes (a) RLST 230 or RLST 231, and (b) completing a Capstone Course, as explained below.

At least 15 of the 30 hours must be at the 300 or 400 level, and no more than 9 hours may be at the 100 level.

Each student must complete two courses in any of the following: Judaism, Christianity, Islam, or religious practices of the ancient Near East, chosen from a list maintained in the departmental adviser's office. And each student must complete two courses in any of the following: Judaism, Christianity, Islam, or religious practices of the ancient Near East, chosen from a list maintained in the departmental adviser's office.

Additionally, each student will establish a primary and secondary field of study. For the primary area of study, a student must complete a minimum of three courses (nine credit hours), and for the secondary area two courses (six credit hours) are required. An individual course may not be counted twice toward fulfilling the requirements of the primary and secondary areas of interest. (Students are encouraged to complete more than the minimum of three courses in the primary area of study.)

The following are the areas of study: Buddhism, Christianity, Hinduism, Islam, Judaism, Philosophy of Religion, Religion in America, or individually designed area of study chosen with the approval of the departmental advisor.

Capstone Experience
Research paper for one 400-level course in RLST: Each major must make special arrangements with a professor teaching a 400-level RLST course to conduct a significant research project that results in a research paper of 20 pages (minimum). The goal of this requirement is to ensure that each RLST major has conducted a significant research project. RLST 493 can be used to satisfy this requirement.

Students considering graduate study in Religion are urged to consult with professors on the necessary preparation for graduate study in their area of interest.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: To be considered for departmental distinction a student must have an overall GPA of at least 3.5. Distinction is granted on the basis of a senior thesis written in the context of RLST 493. The level of distinction is based on evaluation of the thesis.

Students must complete the core courses and additional required courses described below and one concentration.

Minimum of 30 hours of Religion courses including:
PHIL/RLST Philosophy of Religion Intro 230
or RLST 231 Religion and Philosophy

Distribution Requirement: Courses taken must include:

(a) Two courses in the following: Judaism, Christianity, Islam, or religious practices of the ancient Near East, chosen from a list maintained in the departmental adviser's office and

(b) Two courses in the following: Hinduism, Buddhism, Chinese and Japanese Religions, or indigenous American religious practices, chosen from a list maintained in the departmental adviser's office.

Three courses in a primary area of study 1 9
Two courses in a secondary area of study 1 6
Capstone Experience: a 400-level RLST course in which a research project is undertaken and a 20 page research paper is written. This course can be RLST 493 and can also be used to fulfill part of the distribution or primary or secondary area of study requirement.

1 Areas of study include: Buddhism, Christianity, Hinduism, Islam, Judaism, Philosophy of Religion, Religion in America, or an individually designed area of study approved by the departmental advisor. Courses chosen to fulfill the primary area of study cannot also be used to fulfill the secondary area of study.

Twelve hours of 300 or 400-level courses in your major must be taken on this campus.

Foreign Language Requirements: The major in Religious Studies does not require any foreign language study beyond meeting the University's general foreign language requirement. However, majors are strongly encouraged to learn the languages relevant to their primary field of study and to begin that course of study as soon as possible. Please consult with the Director of Undergraduate Studies in Religion or a professor in your area of interest about appropriate foreign language study.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

Minor in Religious Studies
E-mail: religion@illinois.edu

Web address for department: www.religion.illinois.edu (http:// www.religion.illinois.edu)

RLST 110 World Religions 3
One course in Ethics or Philosophy of Religion 3

Recommended courses are as follows:
RLST 230 Philosophy of Religion Intro
RLST 424 Philosophy of Religion

Information listed in this catalog is current as of 10/2015
Five additional courses: 15

Two courses (6 hours) must be from an Asian religious tradition (Hinduism, Buddhism, or Islam, with at least one course in Hinduism and Buddhism)

Two courses (6 hours) must be from the Western religious traditions (Biblical Studies, Judaism, Christianity, Islam, with at least one course in Biblical Studies, Judaism, or Christianity)

Total Hours 21

No more than nine (9) hours may be selected from courses at the 100 level.
At least six (6) hours must be selected from courses at the 300 or 400 level.

RLST Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/RLST)

Courses

RLST 101 Bible as Literature credit: 3 Hours.
Themes and literary genres in the Bible, emphasizing content important in Western culture. Same as CWL 111 and ENGL 114.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

RLST 104 Asian Mythology credit: 3 Hours.
Introductory survey of the mythologies of India, China, and Japan. Same as ASST 104.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures

RLST 106 Archaeology and the Bible credit: 3 Hours.
Examination of archaeological evidence, especially from Syria-Palestine, and discussion of its use in the interpretation of Biblical literature.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect

RLST 108 Religion & Society in West I credit: 3 Hours.
Introduction to classic writers and texts in Western religious and social thought from antiquity to the Enlightenment, with emphasis on their social and historical contexts. Same as ANTH 108, PHIL 108, and SOC 108.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

RLST 109 Religion & Society in West II credit: 3 Hours.
Introduction to classic writers and texts in Western religious and social thought from the Enlightenment to the present, with emphasis on their social and historical contexts. Same as ANTH 109, PHIL 109, and SOC 109.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

RLST 110 World Religions credit: 3 Hours.
Survey of the leading living religions, including Hinduism, Buddhism, Confucianism, Taoism, Judaism, Christianity, and Islam; examination of basic texts and of philosophic theological elaborations of each religion. Same as PHIL 110. This course can be used to fulfill either Western or Nonwestern general education categories, but not both.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures
UIUC: Western Compartv Cult

RLST 111 Elementary Greek I credit: 4 Hours.
Same as GRK 101. See GRK 101.

RLST 112 Elementary Greek II credit: 4 Hours.
Same as GRK 102. See GRK 102.

RLST 115 Language and Culture in India credit: 3 Hours.
Same as HNDI 115 and LING 115. See LING 115.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures

RLST 116 Faith & Self in Global Context credit: 3 Hours.
Whether in fourth-century North African, tenth-century Japan, fourteenth-century Spain, or twentieth-century America, men and women have wrestled with the question of who they are and how they are to relate to the world. Through autobiographic writings, by reading the words of women and men attempting to make sense of the world and their place in it, we hope to focus attention on the personal dimensions of faith and of cross cultural contact at the same time that we provide an introduction to the worlds’ major religions.
This course satisfies the General Education Criteria for:
UIUC: Western Compartv Cult

RLST 120 A History of Judaism credit: 3 Hours.
Examines the social, political, economic, and intellectual history of the Jews from Abraham to the present-day, with particular attention to Jewish thought and society. Same as HIST 168.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilosoph Perspect

RLST 121 Introduction to Christianity credit: 3 Hours.
Typological and historical approaches to major forms of Christianity: Eastern Orthodoxy, Catholicism, and Protestantism.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

RLST 122 History East Asian Religions credit: 3 Hours.
Same as EALC 122. See EALC 122.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures

RLST 127 Introduction to Catholicism credit: 3 Hours.
Introduction to the academic study of Catholicism in its historical, philosophical and religious dimensions with an emphasis on its historical diversity.

RLST 130 Jewish Customs and Ceremonies credit: 3 Hours.
The major festivals and life-cycle rituals of Judaism; focuses on sacred time, interaction of external and internal factors producing change and conservatism, relationship of ritual and theology, and the thematic development inherent in the rituals.

Information listed in this catalog is current as of 10/2015
RLST 132 Zen credit: 3 Hours.
Introduces the history, teachings, and practice of Zen Buddhism in China and Japan. Same as EALC 132.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures

RLST 140 Native Religious Traditions credit: 3 Hours.
Same as AIS 140. See AIS 140.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: US Minority Culture(s)

RLST 160 Ancient Greek & Roman Religion credit: 3 Hours.
Same as CLCV 160. See CLCV 160.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

RLST 170 Nature Religion credit: 3 Hours.
Introductory survey of religious traditions that locate sacred realities in the natural world, and of ecological traditions that attribute spiritual significance to nature. Same as ESE 170.

RLST 191 Freshman Honors Tutorial credit: 1 to 3 Hours.
Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars and Associates. May be repeated one time. Prerequisite: Consent of departmental honors advisor.

RLST 199 Undergraduate Open Seminar credit: 1 TO 5 Hours.
May be repeated.

RLST 200 Classical & Koine Greek I credit: 4 Hours.
Same as GRK 201. See GRK 201.

RLST 201 Hebrew Bible in English credit: 3 Hours.
Analyzes the critical issues in the interpretation of the literature of the Hebrew Bible/Old Testament; surveys the history and religion of Ancient Israel with special reference to Israel's setting in the ancient Near East. Prerequisite: Sophomore standing or consent of instructor.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

RLST 202 New Testament in English credit: 3 Hours.
Analyzes the literature of the New Testament in its social and religious setting, with special reference to the ministry and teaching of Jesus, the emergence of the church as a sect within ancient Judaism, and the development of Christian institutions in the Graeco-Roman world. Prerequisite: Sophomore standing or consent of instructor.

RLST 203 History of the Bible credit: 3 Hours.
Broad historical survey of the formation and impact of Christian and Jewish Bibles through the centuries. Designed to give students an academic setting for investigating the complex (and ongoing) history of the Bible. Two guiding questions will be: How have historical developments informed different versions of the Bible: How have versions of the Bible informed cultural and political developments? Same as HIST 291.

RLST 204 Classical & Koine Greek II credit: 4 Hours.
Same as GRK 202. See GRK 202.

RLST 205 Intensive Biblical Hebrew credit: 5 Hours.
Acquisition of reading knowledge of biblical Hebrew and a familiarity with all major aspects of biblical Hebrew grammar. Same as HEBR 205.

RLST 208 Cultures & Lits of South Asia credit: 3 Hours.
Introduction to the literary traditions of South Asia from the beginnings to the end of the Mughal era. Students will read - in translation - selections from a wide range of texts beginning with the earliest Vedic Hymns to the seventeenth and eighteenth century Sufi poetry and songs. Provides students an understanding of the heterogeneous and rich literary and cultural past of the region. Same as ASST 208, CWL 208, and SAME 208. This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

RLST 213 Intro to Islam - ACP credit: 4 Hours.
Course is identical to RLST 214 except for the additional writing component. See RLST 214. Same as SAME 213. Credit is not given for both RLST 213 and RLST 214. Prerequisite: Completion of campus Composition I general education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: Non-Western Cultures

RLST 214 Introduction to Islam credit: 3 Hours.
History of Islamic thought from the time of Muhammad to the present, including the prophethood of Muhammad, the Qur'an, theology and law, mysticism and philosophy, sectarian movements, modernism and legal reform, and contemporary resurgence. Same as SAME 214. Credit is not given for both RLST 213 and RLST 214. This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures

RLST 220 Jewish Storytelling credit: 3 Hours.
Same as CWL 221, ENGL 223, and YDSH 220. See YDSH 220. This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

RLST 221 American Judaism credit: 3 Hours.
Forms of Judaism in America: Reform, Conservative, Reconstructionist, Orthodox, and Hasidic Judaism; the American rabbi; Zionism in America; American Jewish communal life; national Jewish organizations; the American synagogue; and the secular Jew. Prerequisite: Completion of campus Composition I general education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

RLST 223 The Qur'an (Koran) credit: 3 Hours.
Introduction to the Qur'an (Koran), the holy scripture of Islam, examining its major doctrines, thematic development, literary style, and its relationship to pre-Qur'anic, especially Biblical, traditions. Special attention is given to various methods Muslims have used to interpret the Qur'an. Same as CWL 223, SAME 223. Prerequisite: RLST 213 or RLST 214.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

RLST 224 Chinese Thght Confucius to Mao credit: 3 Hours.
Same as EALC 222 and HIST 222. See EALC 222. This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures
RLST 230  Philosophy of Religion Intro  credit: 3 Hours.
Same as PHIL 230. See PHIL 230.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

RLST 231  Religion and Philosophy  credit: 3 Hours.
Introduces students to philosophical and theological perspectives and methodologies by focusing on one or two key thinkers, books, or topics. Study and critical assessment will attend to the larger historical context.
Same as PHIL 231.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

RLST 232  Ancient Greek Sanctuaries  credit: 3 Hours.
Same as ARTH 218, and CLCV 232. See CLCV 232.

RLST 235  History of Religion in America  credit: 3 Hours.
Examines the religious history of the lands that have become the United States and the people who have become known as Americans through texts written by and about people of all races and creeds. From the precontact era through the twentieth century, this course emphasizes the diversity of American religion, the discord caused by and present in American religion, and the many instances of dialogue that have been a part of America's religious history. Same as HIST 289.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect

RLST 236  Religion, Violence & America  credit: 3 Hours.
Examination of the interactions among religion, violence, and American culture from the colonial period to the twenty-first century. Using a wide range of primary and secondary texts, students will study the perspectives of the perpetrators and victims of religiously motivated and/or religiously justified violence, both in domestic and international affairs. Same as HIST 290.
This course satisfies the General Education Criteria for:
UIUC: Western Compartv Cult

RLST 242  Holocaust Religious Response  credit: 3 Hours.
The theoretical foundation for ideas of national and racial superiority which attended the holocaust and responses to this phenomenon by major Jewish and Christian thinkers, including Rubenstein, Buber, Fackenheim, Berkowitz, Reuther, and Wiesel.

RLST 251  Viking Mythology  credit: 3 Hours.
Same as CWL 251, MDVL 251, and SCAN 251. See SCAN 251. This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

RLST 258  Muslims in America  credit: 3 Hours.
Same as AAS 258 and LLS 258. See AAS 258. This course satisfies the General Education Criteria for:
UIUC: Social Sciences
UIUC: US Minority Culture(s)

RLST 260  Mystics and Saints in Islam  credit: 3 Hours.
Examines mystical concepts and practices in Islam through the ages, through the lives and writings of important mystics and Sufi holy men and women, as well as the integration of mysticism and the Sufi Orders into Muslim society and Islamic orthodoxy. Same as SAME 260. No knowledge of Islam or foreign language is required.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

RLST 269  Jewish History Since 1700  credit: 3 Hours.
Same as HIST 269. See HIST 269. This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

RLST 270  Religion, Ethics, Environment  credit: 3 Hours.
Introduction to various religious and philosophical perspectives on environmental ethics. Asks whether the religious traditions can provide us with any resources that can help us to deal with contemporary environmental problems. Religious and philosophical perspectives on these topics will be central to the course: attitudes to individual animals, to other species, and in general to non-human nature; the place of human beings in nature; the relative importance of human development and environmental protection; relations between rich and poor; whether we might need to change our conception of what it is to live successfully; and the concepts of stewardship and sustainability.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures
UIUC: Western Compartv Cult

RLST 283  Jewish Sacred Literature  credit: 3 Hours.
Literary study of the major post-biblical sacred texts of Judaism; includes readings in translation from Mishnah, Tosefta, Talmudim, midrashim, piyyutim, and mystical treatises. Emphasizes nature, history, function, and development of literary patterns and forms and the relationships between form and content in these texts. Same as CWL 283, and ENGL 283.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

RLST 284  Modern Jewish Literature  credit: 3 Hours.
Same as CWL 284 and ENGL 284. See ENGL 284. This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

RLST 286  Introduction to Hinduism  credit: 3 Hours.
Elements of Hindu thought and practice; selected topics presented in historical order and in the context of Indian cultural history (including the present).
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures

RLST 287  Introduction to Buddhism  credit: 3 Hours.
Thematic approach to the history of Buddhism from its origin in India to its spread throughout China and Japan; explores how the doctrinal and social development of Buddhism in East Asia is related to the process of cultural adaptation. Same as EALC 287.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Non-Western Cultures

RLST 291  Hinduism in the United States  credit: 3 Hours.
Same as AAS 291. See AAS 291.

RLST 320  Lit Responses to the Holocaust  credit: 3 Hours.
Same as CWL 320, ENGL 359, and YDSH 320. See YDSH 320. This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult
RLST 335  Religion in Contemp America  credit: 3 Hours.
Examines the religious dynamics of the twenty-first century United States. Tasks will be to map the religious landscape of contemporary America, to learn something of the history of the many traditions being practiced and lived in our communities, and then to study a series of salient issues involving people of faith; the emergence of new religions, expressions of religious intolerance, religion and politics, race and religion, and religious interpretations of economics and the market.

RLST 340  Love & Sex in Hebrew Lit  credit: 3 Hours.
Same as CWL 341, JS 341, SAME 341. See CWL 341.

RLST 341  Native People and Christianity  credit: 3 Hours.
An interdisciplinary survey of the native religious experience, focusing on the native encounter with Christianity. Charts the cultural context for native religious history and explores native religious diversity in the contemporary period, particularly the relationship between tribal and Christian traditions in reservation and urban communities. Class discussions address the broader theoretical and practical questions raised by the intersections of religion, culture, and politics in a diverse and conflicted world, and are supplemented by audiovisual materials and guest speakers. Prerequisite: Sophomore standing or consent of instructor.

RLST 343  Islamic Philosophy  credit: 3 Hours.
Survey of major developments within Islamic philosophy from the early classical to the early modern period. Focuses on the ideas and figures that have shaped Islamic philosophy through the centuries, as well as the contexts in which those ideas were produced. Topics covered include the transmission of Greek philosophy into Arabic. Islamic Peripatetic philosophy, Illuminationism, Shi’ite philosophy, and philosophical Sufism, including the great synthesis of Mulla Sadra.

RLST 344  Medieval Jewish Thought  credit: 3 Hours.
Study of the distinctive religious ideas, movements, and figures of Medieval Judaism [500 CE-1700 CE]. Topics include theology, philosophy, Talmudic and Biblical exegesis, mysticism, Jewish-Christian polemics, and law. Emphasis will be placed not only on content and form, but also on historical and social context. Same as MDVL 344.

RLST 345  Medieval Civilization  credit: 3 Hours.
Same as HIST 345, and MDVL 345. See HIST 345.

RLST 346  The Age of the Renaissance  credit: 3 Hours.
Same as HIST 346 and MDVL 346. See HIST 346.

RLST 347  Protestant & Catholic Refs  credit: 3 Hours.
Same as HIST 347. See HIST 347.

RLST 350  South Asian Goddesses  credit: 3 Hours.
Introduction to the most well-known Hindu goddesses, at both the pan-Hindu and local level, and explores their mythical narratives, associated powers, iconography, and rituals of worship. Presents different methodological approaches scholars employ in the interpretation of goddess worship in South Asia and abroad. Materials are drawn from textual, historical sources as well as contemporary ethnographic research, and seek to include representative figures from different regions throughout India and the Himalayan region. Same as CWL 350 and SAME 350.

RLST 390  Independent Study  credit: 2 to 6 Hours.
Special topics not treated in regularly scheduled courses; designed primarily for upperclassmen. May be repeated. Prerequisite: Evidence of adequate preparation for such study; consent of staff member supervising the work.

RLST 393  The World of Jewish Sepharad  credit: 3 Hours.
Same as ANTH 393 and HIST 393. See ANTH 393.
This course satisfies the General Education Criteria for:
UIUC: HistPhilos Perspect
UIUC: Non-Western Cultures
UIUC: Western Compartv Cult

RLST 403  Women in Muslim Societies  credit: 3 or 4 Hours.
Examination of gender ideologies and social realities affecting the lives of women in various Muslim countries. Same as ANTH 403, GLBL 403, GWS 403, HIST 434, and SAME 403. 3 undergraduate hours. 4 graduate hours. Prerequisite: A course in Islam or the Middle East, or consent of instructor.

RLST 408  Islam & Politics in Mid. East  credit: 3 or 4 Hours.
Examines the role of Islam in contemporary politics, the contemporary resurgence of Islam, and the articulation of Islamic approaches to the new economic order, nationalism, and the changing role of women. Same as PS 408 and SAME 408. 3 undergraduate hours. 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

RLST 409  Transnational Islam, Europe-US  credit: 3 or 4 Hours.
Same as ANTH 402 and ASST 402. See ANTH 402.

RLST 412  Readings in Sanskrit I  credit: 3 or 4 Hours.
Same as SNSK 403. See SNSK 403.

RLST 413  Readings in Sanskrit II  credit: 3 or 4 Hours.
Same as SNSK 404. See SNSK 404.

RLST 414  Advanced Biblical Hebrew  credit: 3 or 4 Hours.
In-depth study of the grammar and syntax of selected texts from the Hebrew Bible. Texts to be studied will change from year to year. Selections will cover the full range of biblical genres and styles, including prophecy, law, historical narrative, psalms, and wisdom literature. Same as HEBR 414. 3 undergraduate hours. 4 graduate hours. May be repeated for a maximum of 6 undergraduate hours or 8 graduate hours in separate terms. Prerequisite: RLST 205, or demonstrated proficiency at the 205 level.

RLST 415  Intro Readings of the Talmud  credit: 3 Hours.
The Talmud is one of the most important works of Jewish literature. For the last millennium, Talmud study has been a central part of Jewish religious and cultural practice. This course will explain the Talmud's import and durability within Jewish culture while introducing students to the rigors of legal analysis that lie at the heart of most Talmudic passages. The course is ideal for those interested in religion, law, logic games and questions of textual interpretation. The course will study the Talmud entirely in English translation. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 6 hours.

RLST 416  Readings in Rabbinic Midrash  credit: 3 Hours.
Introduces students to the rhetoric, vocabulary, grammar, and argumentation of the Rabbinic Midrashic Collections, especially Mekhilta, Sifre Deuteronomy, and Bereshit Rabbah. The students will read, translate, and analyze portions of these collections daily in class. The course is ideal for those interested in religion, law, logic games and questions of textual interpretation. The course will study the Talmud entirely in English translation. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 6 hours. Prerequisite: Advanced knowledge of Hebrew, especially Hebrew grammar, and the consent of the instructor.

RLST 420  Jewish Life-Writing  credit: 3 or 4 Hours.
Same as CWL 421, HIST 436, SLAV 420, and YDSH 420. See YDSH 420.

RLST 424  Philosophy of Religion  credit: 3 or 4 Hours.
Same as PHIL 424. See PHIL 424.

RLST 434  History of Jews in Diaspora  credit: 3 or 4 Hours.
Same as HIST 433. See HIST 433.

Information listed in this catalog is current as of 10/2015
RLST 435  Revivalism and Evangelicalism  credit: 3 or 4 Hours.
Examination of the history of revivalistic and evangelical Christianities in North America from the colonial period to the twenty-first century. A combination of primary texts and scholarly studies will focus on religious, social, and political legacies, and the current shape of evangelical Christianity in America. Same as HIST 486. 3 undergraduate hours. 4 graduate hours.

RLST 436  Religion in America: 1900-1941  credit: 3 or 4 Hours.
An exploration of the religious lives and thoughts of Americans in the first four decades of the twentieth century and the many overlapping issues confronting American society and American religion during that time. Focuses on four themes: debates over the meaning of modernity, understandings of the relationship between religion and society, the gendering of faith, and the relationship between religion and American identity. 3 undergraduate hours. 4 graduate hours. Prerequisite: RLST 235 or RLST 236.

RLST 440  Early Christian Thought  credit: 3 or 4 Hours.
Study of major developments in early Christian thought (first four centuries) through discussion of primary texts in translation. Same as MDVL 440. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: RLST 121 or RLST 202, or consent of instructor.

RLST 442  History of Early Judaism  credit: 3 Hours.
The history of Judaism from Ezra to the rise of Islam: Hellenism and Judaism, varieties of Judaism, Palestinian Judaism and its documents, Babylonian Judaism, the rabbis, and popular Jewish culture. Same as HIST 432. 3 undergraduate hours. 3 graduate hours. Prerequisite: Credit in one course in religious studies at the 200-, 300-, or 400-level, or consent of instructor.

RLST 447  Modern Catholic Thought  credit: 3 or 4 Hours.
Traces the history of Catholicism in its interaction with the modern world from the sixteenth century to the present, concentrating on the uneasy relationships that Catholicism has sustained with the modern world. 3 undergraduate hours. 4 graduate hours. Prerequisite: RLST 127 or consent of instructor.

RLST 458  Christians and Jews 1099-1789  credit: 3 or 4 Hours.
Examines the complex relations between Christians and Jews in Europe from the high Middle Ages through the Enlightenment. Among our topics are the religious and social roots of medieval persecutions of Jews; the history of Jewish banishments; construction of myths to foster hostilities; Renaissance humanism (especially the Christian absorption of Jewish scholarship); the impact of the Christian reform movements, both Protestant and Catholic, on the status of Jews; mercantilism and the re-admission of Jews; and the emergence of a discourse of religious tolerance in the Enlightenment. Same as HIST 458. 3 undergraduate hours. 4 graduate hours.

RLST 463  Religion and Society  credit: 4 Hours.
Same as ANTH 463. See ANTH 463.

RLST 468  Religions of Africa  credit: 3 or 4 Hours.
Same as AFST 468 and ANTH 468. See ANTH 468.

RLST 478  19thC US Intel & Cultr Hist  credit: 2 to 4 Hours.
Same as HIST 478. See HIST 479.

RLST 479  20th Century US Culture Wars  credit: 2 to 4 Hours.
Same as HIST 481. See HIST 481.
**Introduction to Eastern Europe**

Approaches of different disciplines, while at the same time building an interdisciplinary major and minor in Russian, East European, and Eurasian Studies; South Slavic Studies; Czech Studies; Ukrainian Studies. Unlike major. Both are excellent preparation for law school or graduate school in your supporting coursework for the Russian language and literature of the region offered here. Students often go on to careers in writing and editing, media, or work with international cultural foundations and organizations. The major is an interdisciplinary focus on issues critical to the region, and foundational language training necessary for professional specialization in the area.

**Major in Russian, East European, and Eurasian Studies Center**

David Cooper, Director of Center

104 International Studies Building, 910 South Fifth Street, Champaign

PH: (217) 333-1244

http://www.reeec.illinois.edu

There are two “Russian” majors (and minors) at the University of Illinois. What is the difference between them and which is the right one for you?

The major in Russian, East European, and Eurasian Studies has a multidisciplinary area studies focus. Students take courses in a variety of disciplines (history, sociology, political science) and develop a broad expertise in the history, politics, and culture of the region that includes Russia, but also many other countries, from the Czech Republic to Estonia to Uzbekistan. Language study can be in Russian or in any of the other languages of the region offered here. Students often go on to careers in government service or to work at NGOs.

The major in Slavic Studies enables students to specialize in one of five concentrations: Russian Language, Literature, and Culture; Polish Studies; South Slavic Studies; Czech Studies; Ukrainian Studies. Unlike the major in Russian, East European, and Eurasian Studies, which has a multidisciplinary area studies and current affairs focus, the major in Slavic Studies emphasizes the study of language, literature, and culture in their historical context. Students develop intensive cultural literacy and communication skills through humanities-oriented training, and many go on to careers in writing and editing, media, or work with international cultural foundations and organizations. The major is an excellent preparation for law school, business school, or other graduate study, as well as careers in the N.G.O. world, teaching, or research.

That said, the majors are only as different, or as similar, as you make them. You can choose literature as your primary field for the REEES major, or take social science courses to develop broad area expertise in your supporting coursework for the Russian language and literature major. Both are excellent preparation for law school or graduate school and careers in teaching or research.

The Russian, East European, and Eurasian Center offers an interdisciplinary major and minor in Russian, East European, and Eurasian Studies (REEES). These programs involve students in the study of an important and complex world area in a manner that draws together the approaches of different disciplines, while at the same time building knowledge in a single discipline. A student will construct an individual program of study, depending on the student's interests and career goals, in consultation with the undergraduate advisor of the Center.

The aim of the REEES major is to provide students with a knowledge base in one discipline that will permit them to qualify for graduate study, an interdisciplinary focus on issues critical to the region, and foundational language training necessary for professional specialization in the area.

**Major in Russian, East European, and Eurasian Studies**

**Major in Sciences and Letters Curriculum**

**E-mail:** reec@illinois.edu

**Degree title:** Bachelor of Arts in Liberal Arts and Sciences

**Minimum required major and supporting courses equate to 48 hours.**

**General education:** Students must complete the Campus General Education ([https://courses.illinois.edu](https://courses.illinois.edu)) requirements.

**Minimum hours required for graduation:** 120 hours

**Departmental distinction:** To qualify for departmental distinction, a student must have at least a 3.5 GPA in the courses taken for Component 2 (see below) and must complete a senior thesis in consultation with a faculty member affiliated with the center. Students who wish to qualify for distinction in this major should consult with the center director at the beginning of the junior year or earlier to prepare a suitable plan.

**Component 1:** Completion of three years of college-level study of Russian or another language of Eastern Europe or Eurasia, or equivalent proficiency. This stipulation may be partially satisfied through fulfillment of the LAS two-year language requirement if a regionally appropriate language is chosen for that purpose. A third year of study, however, is demanded beyond this. If a non-Russian, East European or Eurasian language is selected to meet the LAS requirement, then the three years of Russian, East European or Eurasian language study specified here must be taken in addition to those completed to satisfy the LAS requirement. Only the hours earned in the third, most advanced year of language study are calculated into the degree here, as these represent proficiency beyond that required by all LAS BA degree programs and as the first two years of language study are a prerequisite for the third.

**Component 2:** Russian and East European studies core courses, including:

| REES 200 | Intro to Russia and Eurasia |
| REES 201 | Introduction to Eastern Europe |
| REES 495 | Senior Seminar |

15 hours: Choose one course from each of three departments other than the department used for component 3 below. The courses comprising the remaining hours of component 2 may be from the same discipline as those under component 3; however, a course may be counted toward the total for only one component. Language courses that concentrate on the basic skills of speaking, listening, reading, and writing cannot be counted as part of this component.

Information listed in this catalog is current as of 10/2015
Component 3: Courses in a single discipline. Among those disciplines that are most commonly used with this specialization are anthropology, economics, geography, history, political science, Russian language and literature, and sociology. Among disciplines also used are business administration, comparative literature, education, English, fine arts, French, German, journalism, linguistics, mathematics, music, philosophy, psychology, and various natural sciences. Others are permitted. Consult your advisor.  

1 The Center maintains a list of applicable courses on its web site.

2 If a foreign language is used for this component, 20 hours must be taken beyond the requirement of 6 additional hours outlined under component 1 above.

Twelve hours of 300- or 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your advisor.

Interdisciplinary Minor in Russian, East European, and Eurasian Studies

The interdisciplinary minor in Russian, East European, and Eurasian studies allows students in diverse fields to complement their programs with a study of Russia, Eastern Europe, and Eurasia. Programs of study can be tailored to the needs and interests of individual students, in consultation with the undergraduate advisor.

E-mail: reec@illinois.edu

Web address for department: www.reec.uiuc.edu (http://www.reec.uiuc.edu)

The equivalent of three semesters of college-level language study in Russian or another language of Eastern Europe or Eurasia. This stipulation may be satisfied through partial fulfillment of the LAS two-year language requirement if a regionally appropriate language is chosen for that purpose. If a non-REEE language is selected to meet the LAS requirement, then the three semesters of REEE language study specified here must be taken in addition to those completed to satisfy the LAS requirement. Only those hours earned in the second and third semester of language study are calculated into the degree, as the first semester represents a prerequisite for the other two.

Courses on Russia, Eastern Europe, or Eurasia from at least three different academic units. (Literature courses are acceptable for this requirement; language courses are not.) No more than 6 hours may be counted from any one unit; 6 hours must be at the 300- or 400-level.

Total Hours 2 21

1 The Center maintains a list of applicable courses.

2 No more than 9 hours may be taken at the 100-level.

Courses

REES 115  Intro to Polish Culture  credit: 3 Hours.
Same as POL 115. See POL 115.
This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

UIUC: Western Compartv Cult

REES 116  Intro to Russian Culture  credit: 3 Hours.
Same as RUSS 115. See RUSS 115.
This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

UIUC: Western Compartv Cult

REES 200  Intro to Russia and Eurasia  credit: 3 Hours.
Survey of the societies and states formerly constituted as the Soviet Union. Interdisciplinary and team-taught. Combines lectures, discussions, and films covering the history, political science, economics, sociology, and culture of the area. This course satisfies the General Education Criteria for: UIUC: Social Sciences

REES 201  Introduction to Eastern Europe  credit: 3 Hours.
Interdisciplinary survey of Eastern Europe focusing mostly on the 20th century to the present, exploring issues of nationalism, socialism, post socialism and EU accession. Focuses on Central Europe and the Balkans, but also references the Baltic States, Belarus, Ukraine, and Russia. Students will learn about the region using perspectives and methodology from historical, economic, political, sociological, and anthropological texts. This course satisfies the General Education Criteria for: UIUC: Social Sciences

REES 296  Special Topics  credit: 3 Hours.
Topics in the interdisciplinary study of Russia, Eastern Europe, and Eurasia. Approved for letter and S/U grading. May be repeated in separate terms to a maximum of 6 hours.

REES 325  Social Media and Global Change  credit: 3 Hours.
Same as EPS 325, AFST 325, ASST 325, EURO 325, INFO 325, LAST 325, and SAME 325. See EPS 325.

REES 390  Individual Study or Research  credit: 3 Hours.
Directed reading or research on selected topics. May be repeated to a maximum of 6 hours. Prerequisite: Consent of instructor supervising the work.

REES 477  Post-Communist Fiction  credit: 3 or 4 Hours.
Same as SLAV 477 and CWL 477. See SLAV 477.

REES 493  Honors Senior Thesis  credit: 3 Hours.
Undergraduate honors thesis. 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. Prerequisite: REES major with senior standing and 3.5 grade-point average; consent of instructor supervising the work and the REEEC director.

REES 495  Senior Seminar  credit: 3 Hours.
Interdisciplinary seminar normally taken in the senior year. Involving faculty in a number of disciplines, this course approaches understanding Russia, Eastern Europe, and Eurasia and the methodologies of its study through questions of identities, cultural values, and change. Taught in conjunction with REES 550. 3 undergraduate hours. No graduate credit. Prerequisite: Declared major in Russian, East European, and Eurasian Studies or consent of instructor; junior or senior standing.

Information listed in this catalog is current as of 10/2015
REES 496  Topics in REEE Studies  credit: 3 or 4 Hours.
Topics in the interdisciplinary study of Russia, Eastern Europe, and Eurasia. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 9 undergraduate hours or 12 graduate hours.

Slavic Languages and Literatures
Michael Finke
2090 Foreign Languages Building, 707 South Mathews, Urbana
PH: (217) 333-0680
http://www.slavic.illinois.edu

The major in Slavic Studies enables students to specialize in one of five concentrations:

1. Russian Language, Literature, and Culture
2. Polish Studies
3. South Slavic Studies
4. Czech Studies
5. Ukrainian Studies

Unlike the major in Russian, East European, and Eurasian Studies (p. 527), which has a multidisciplinary area studies and current affairs focus, the major in Slavic Studies emphasizes the study of language, literature, and culture in their historical context. Students develop intensive cultural literacy and communication skills through humanities-oriented training, and many go on to careers in writing and editing, media, or work with international cultural foundations and organizations. The major is an excellent preparation for law school, business school, or other graduate study, as well as careers in the N.G.O. world, teaching, or research.

The department also offers a minor in Russian Language and Literature and a minor in Slavic Language, Literature, and Culture.

For the Degree of Bachelor of Arts in Liberal Arts and Sciences
Major in Sciences and Letters Curriculum
E-mail: slavic@illinois.edu

Minimum required major courses equate to 30 hours including 6 hours in advanced language and 24 hours in literature and culture.

General education: Students must complete the Campus General Education (https://courses.illinois.edu/gened/DEFAULT/DEFAULT) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: Graduation with distinction may be earned by completion of one of the following two options:

- GPA in departmental courses of 3.75; or
- GPA in departmental courses of 3.50, plus successful completion of academic study trip to the region, documented by graded transcript. See a departmental adviser to work out details, preferably two semesters before graduation.

Students must select one concentration in consultation with an academic advisor. Students in all concentrations must complete a) 6 hours of language beyond the second year, and b) 24 hours of literature and culture courses.

- Russian Language, Literature, and Culture Concentration (p. 534)
- Polish Studies Concentration (p. 534)
- Slavic Studies Concentration (p. 535)
- Czech Studies concentration (p. 533)
- Ukrainian Studies Concentration (p. 535)
- Minor in Russian Language and Literature (p. 533)
- Minor in Slavic Language, Literature, and Culture (p. 534)

BULG Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/BULG)

Bulgarian Courses
BULG 481  Structure of Modern Bulgarian  credit: 3 Hours.
Analysis of the sound system and grammar of the contemporary Bulgarian language. 3 undergraduate hours. 3 graduate hours. Prerequisite: RUSS 302 or equivalent.

BULG 482  Readings in Bulgarian Lit  credit: 3 or 4 Hours.
Reading, analysis, and discussion of selected excerpts from Bulgarian literature, scientific prose, and the press. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated if topics vary. Prerequisite: BULG 481 or consent of instructor.

CZCH Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/CZCH)

Czech Courses
CZCH 101  Elementary Czech I  credit: 4 Hours.
Develops basic proficiency in Czech in listening, speaking, reading, and writing.

CZCH 102  Elementary Czech II  credit: 4 Hours.
Continuation of CZCH 101. Prerequisite: CZCH 101.

CZCH 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
May be repeated.

CZCH 201  Second-year Czech I  credit: 4 Hours.
Develops intermediate-level proficiency in Czech in listening, speaking, reading, and writing. Prerequisite: CZCH 102 or equivalent.

CZCH 202  Second-year Czech II  credit: 4 Hours.
Continuation of CZCH 201. Prerequisite: CZCH 201 or equivalent.

CZCH 484  Readings in Czech  credit: 3 or 4 Hours.
Reading and analysis of selected texts. 3 undergraduate hours. 4 graduate hours. Prerequisite: CZCH 202 or consent of instructor.

POL Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/POL)

Polish Courses
POL 101  Elementary Polish I  credit: 4 Hours.
Oral and written work on basic pronunciation, grammar, and vocabulary. For students with no prior work in Polish.

POL 102  Elementary Polish II  credit: 4 Hours.
Continuation of POL 101. Prerequisite: POL 101.
POL 115  Intro to Polish Culture  credit: 3 Hours.
Introduction to Polish culture and literature from a broad historical perspective. Drawing on novels and plays, film, the visual arts, and works of historical research, the course provides students with the basic concepts, methodologies and theories of literary and cultural interpretation, with an emphasis on modern Polish culture (1800-2010) within a broader European context. Same as REES 115. This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

POL 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
May be repeated.

POL 201  Second Yr Polish I  credit: 4 Hours.
Grammar review, conversation practice, written exercises, and selected readings. Prerequisite: POL 102 or equivalent.

POL 202  Second Yr Polish II  credit: 4 Hours.
Continuation of POL 201. Prerequisite: POL 201.

POL 245  Survey of Polish Literature  credit: 3 Hours.
Critical survey, in translation, of Polish literature from the Middle Ages to the end of the nineteenth century; special attention given to the works in their cultural context. Same as CWL 245.

POL 301  Third-Year Polish I  credit: 3 Hours.
Reading and discussion of representative prose and poetry works of Polish authors since 1863. All readings are in the original language; the course emphasis is in the development of language skills. Prerequisite: POL 202 or consent of instructor.

POL 302  Third-Year Polish II  credit: 3 Hours.
Reading and discussion of representative prose and poetry works of Polish authors to 1863. All readings are in the original language; the course emphasis is in the development of language skills. Prerequisite: POL 301 or consent of instructor.

POL 401  Fourth-Year Polish I  credit: 3 Hours.
Analysis of the sound system and grammar of the contemporary Polish language. 3 undergraduate hours. 3 graduate hours. Prerequisite: Knowledge of another Slavic language or consent of instructor.

POL 402  Fourth-Year Polish II  credit: 3 Hours.
Reading and analysis of selected texts. 3 undergraduate hours. 3 graduate hours. Prerequisite: POL 401 or consent of instructor.

POL 446  Problems of Polish Literature  credit: 3 or 4 Hours.
Critical study, in translation, of modern Polish fiction, drama, poetry, and essay, from Young Poland to the "New Wave"; their contribution to literary styles and genres in Poland and abroad; special emphasis on Wyspianski, Witkiewicz, and Gombrowicz. Same as CWL 436. 3 undergraduate hours. 4 graduate hours.

RUSS Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/ RUSS)

Russian Courses

RUSS 101  First-Year Russian I  credit: 4 Hours.
Oral-aural practice and elements of grammar, reading, and writing. For students who have no credit in Russian.

RUSS 102  First-Year Russian II  credit: 4 Hours.

RUSS 115  Intro to Russian Culture  credit: 3 Hours.
Introduction to the culture of Russia and the USSR. Course addresses two central themes. First, the very distinctiveness of Russian culture, and the functions of that notion within Russia and for outsiders; Second, Russia as a cultural space between East and West. We will explore Russian culture through the following, the language(s); foundational narratives of collective memory going back to the medieval times; the cultural impact of colonial subjugation both by and of peoples to the East, South, and West; Russian Orthodoxy's connection with the political and cultural spheres; peak achievements in literature, music, architecture and visual arts. Same as REES 116. This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Commartv Cult

RUSS 191  Freshman Honors Tutorial  credit: 1 to 3 Hours.
Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars. May be repeated one time. Prerequisite: Consent of departmental honors advisor.

RUSS 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
May be repeated.

RUSS 201  Second-Year Russian I  credit: 4 Hours.
Oral-aural practice, systematic functional grammar, reading, and writing. Prerequisite: RUSS 102 or equivalent.

RUSS 202  Second-Year Russian II  credit: 4 Hours.
Systematic review of the structure of Russian covered in RUSS 101, RUSS 102, and RUSS 201 through class lectures, drills, and homework exercises. Prerequisite: RUSS 201.

RUSS 219  Russian Cinema Survey  credit: 3 Hours.
Survey of Russian and Soviet film, from Eisenstein to the present. Weekly film screenings. No knowledge of Russian required.

RUSS 220  Golden Age of Russian Lit  credit: 3 Hours.
Survey of Russian literature in the long 19th century; romanticism, realism, nationalism, orientalism, empire; writers may include Pushkin, Gogol, Lermontov, Pavlova, Turgenev, Dostoevsky, Tolstoy, Chekhov, and others; reading and discussion in English. Same as CWL 227. This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

RUSS 225  Russian Lit and Revolution  credit: 3 Hours.
Major works from 1900 to the present; futurism, modernism, Stalinism, post-modernism, and after; writers may include Mayakovsky, Babel, Olesha, Akhmatova, Bulgakov, Nabokov, Solzhenitsyn, Tolstaya, and others; readings and discussion in English. Same as CWL 249. This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

Information listed in this catalog is current as of 10/2015
RUSS 260  Medicine & Russian Literature  credit: 3 Hours.
Examines cultural significance of medicine and the figure of the physician, and understandings of illness and health, primarily in literature of Russia and the USSR from the 1860s to present. Asks what larger issues are at stake in the literary representation of medical practice by physicians and non-physicians alike in the Russian and Soviet contexts; investigates what medicine and literature offer each other, and the bearing on this of the latter's formal, aesthetic qualities. Considers how medical practice is conditioned by the broader culture, how medical discourse, knowingly or unknowingly, 'borrows' from, is conditioned by, or otherwise reciprocally involved with other greater or peripheral discursive spheres. Reads fiction by leading literary figures who were physicians (Chekhov, Bulgakov, Veresaev, and Aksyonov); fiction by "lay" authors about doctors and medical practice (such as Solzhenitsyn); memoirs by physicians (tales of training and practice, apologies, denunciations); memoirs by patients; 'real' and fictional case histories; theoretical and methodological readings.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

RUSS 261 Intro Russian-Jewish Culture  credit: 3 Hours.
Introduction to the interaction of the intellectual, artistic, political, social, and religious life of the Jewish community in Russia through film, literature, art and historical record. Same as HIST 261.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

RUSS 290  Readings in Russian  credit: 1 to 4 Hours.
Individual topics or projects chosen in consultation with a Slavic Department representative. May be repeated to a maximum of 8 hours.
Prerequisite: RUSS 202 or equivalent proficiency.

RUSS 301  Third Year Russian I  credit: 3 Hours.
Grammar review; training in writing Russian; translation from English and free composition. Prerequisite: RUSS 202 or consent of instructor.

RUSS 302  Third Year Russian II  credit: 3 Hours.
Practice in intermediate-level speaking, listening, reading, and writing, based upon advanced grammar and conversation topics and upon readings from current fiction and non-fiction. Students are expected to write essays and give oral reports based on what they read in class and on their outside interests.
Prerequisite: RUSS 301 or consent of department.

RUSS 305  Business Russian  credit: 3 Hours.
Basic tools and skills for conducting business in Russian, including introduction to Russian economy, banking, insurance, media, internet technology, advertising, law and culture, practicum in writing the c.v and business correspondence in Russian. Prerequisite: Successful completion of RUSS 301 or consent of instructor.

RUSS 320  Russian Writers  credit: 3 Hours.
Focused study of the work of a single Russian writer in translation. No Russian required. Same as CWL 321. Prerequisite: At least one other college literature course or consent of instructor. This course may be repeated to a maximum of 6 hours.

RUSS 322  Dostoevsky  credit: 3 Hours.
Introduction to the major works of Fyodor Mikhailovich Dostoevsky. No Russian required. Same as CWL 324. Prerequisite: At least one other college literature course or consent of instructor. This course may be repeated to a maximum of 6 hours.

RUSS 323  Tolstoy  credit: 3 Hours.
Introduction to the major works of Lev Tolstoy. No Russian required. Same as CWL 323. May be repeated to a maximum of 6 hours, if topics vary. Prerequisite: One other college literature course or consent of instructor.

RUSS 325  Chekhov  credit: 3 Hours.
Introduction to the major works of playwright and author Anton Chekhov. Same as CWL 325 and THEA 362. Prerequisite: At least one other literature course or consent of instructor.

RUSS 335  Nabokov  credit: 3 Hours.
Nabokov's Russian and American novels read in a comparative context. All works in English, no knowledge of Russian is required. Same as CWL 335. Prerequisite: At least one other college-level literature course or consent of instructor.

RUSS 401  Fourth Year Russian I  credit: 3 Hours.
Practice in advanced speaking, listening, reading, and writing, based upon reading selected from current fiction and non-fiction, and covering a wide variety of styles: literary, conversational, scientific, etc. Course taught in Russian. Students are expected to write essays and give oral reports based on what they read in class and on their outside interests.
3 undergraduate hours. 3 graduate hours. Prerequisite: Three years of college Russian or consent of instructor.

RUSS 402  Fourth Year Russian II  credit: 3 Hours.
Practice in advanced speaking, listening, reading, and writing, based upon reading selected from current fiction and non-fiction, and covering a wide variety of styles: literary, conversational, scientific, etc. Course taught in Russian. Students are expected to write essays and give oral reports based on what they read in class and on their outside interests.
3 undergraduate hours. 3 graduate hours. Prerequisite: RUSS 401 or consent of instructor.

RUSS 418  18th Century Literature  credit: 3 or 4 Hours.
Reading of texts; historical and literary background of the period. 3 undergraduate hours. 4 graduate hours.

RUSS 424  Russian Modernism  credit: 3 or 4 Hours.
Representative works of the period 1880 to 1917, with emphasis on Chekhov, Gorky, and Blok; readings for non-majors and class discussions in English. Same as CWL 457. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

RUSS 438  Modern Russian Poetry  credit: 3 or 4 Hours.
Study of major Russian poets and their works from romanticism to the present. Historical background, textual analysis and connections with Western European poetry. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Consent of instructor.

RUSS 444  Problems in Romanticism  credit: 3 or 4 Hours.
Study of major authors of the romantic period, and some lesser authors. Historical background, textual analysis, and connections with Western European romanticism. Same as CWL 444. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Consent of instructor.

RUSS 445  Problems in Realism  credit: 3 or 4 Hours.
Study of the major texts of nineteenth century Russian realism, including works by Turgenev, Goncharov, Nekrasov, Dostoevsky, and Tolstoy. Historical background, relevant intellectual currents, textual analysis, and connections with Western European realist authors. Same as CWL 445. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Consent of instructor.
RUSS 460  Russian Culture Studies  credit: 3 or 4 Hours.
Role of Russian literature in the social, political, and intellectual life of Russia from the 1840s to the present. Same as CWL 440. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing.

RUSS 461  Russia and the Other  credit: 3 or 4 Hours.
Interdisciplinary and comparative topics including, but not limited to: Russia and the West, Russia and the East, the Cold War, and post-Soviet cultural studies. Same as CWL 466. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours. Prerequisite: Russian course at the 200 or 300 level or consent of instructor.

RUSS 465  Russian-Jewish Culture  credit: 3 or 4 Hours.
Study of Russian-Jewish cultural, social, and political life through literature and film. No Russian required. 3 undergraduate hours. 4 graduate hours. Prerequisite: One literature course in the Slavic department at the 200 or 300 level, or consent of instructor.

RUSS 466  Russian Women's Writing  credit: 3 or 4 Hours.
Study of fiction and non-fiction writing by Russian women, including discussion of historical context and feminist theory. 3 undergraduate hours. 4 graduate hours. Prerequisite: One literature course in the Slavic department at the 200 or 300 level, or consent of instructor.

RUSS 471  Intro Second Lang Learn Tchg  credit: 4 Hours.
Same as CHIN 471, FR 471, GER 469, HUM 471, JAPN 471, LAT 471, and SPAN 471. See SPAN 471.

RUSS 474  Russian Translation  credit: 3 or 4 Hours.
Theory and practice of translation in Russia from the eighteenth century to the present; "literal" versus "creative" translation; and practical work in translation into English of various Russian texts. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: RUSS 302 or equivalent.

RUSS 475  Intro to Comm Lang Tchg  credit: 4 Hours.
Same as CHIN 475, FR 475, GER 475, JAPN 475, LAT 475, and SPAN 475. See SPAN 475.

RUSS 478  Topics Secondary Lang Tchg  credit: 4 Hours.
Same as CHIN 478, FR 478, GER 478, HUM 478, JAPN 478, LAT 478, and SPAN 478. See SPAN 478.

RUSS 493  Honors Senior Thesis  credit: 2 Hours.
Intended primarily for candidates for honors in Russian but open to other seniors. 2 undergraduate hours. No graduate credit. May be repeated. Prerequisite: Senior standing.

SLAV Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SLAV)

Slavic Courses

SLAV 117  Russ & E Euro Science Fiction  credit: 3 Hours.
Survey of the science fiction writing of Russia and the countries of Eastern Europe since 1750, with particular emphasis on the post-World War II period. The role of the Science Fiction tradition in the respective national cultures. The influence on Russian and East European Science Fiction of Anglo-American Science Fiction. All readings are in English. Same as CWL 117. This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

SLAV 120  Russian & E Euro Folktales  credit: 3 Hours.
Introduction to Russian and East European folktales, focusing on folk beliefs, fairy tales, and folk narratives in Slavic languages from a comparative perspective, with an emphasis on methods of analysis and the role of gender.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

SLAV 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
May be repeated.

SLAV 277  Slavic Literature Survey  credit: 3 Hours.
Examines masterpieces of Czech, Polish, and Yugoslav literatures from medieval times to the present in English translation. Representative works are by Capek, Kundera, Mickiewicz, Milosz, Andric and others. Attention given to the European context and national traditions. Same as CWL 277. Prerequisite: One course in Slavic literature.

SLAV 417  11th-17thC Russ Lit & Lang  credit: 3 or 4 Hours.
Historical grammar, origin, and development of the East Slavic/Russian literary language, survey of literary genres of Old Russian Literature. 3 undergraduate hours. 4 graduate hours. Credit is not given for both SLAV 417 and RUSS 517. Prerequisite: Graduate standing; for undergraduates, completion of or placement beyond RUSS 301-RUSS 302; or, consent of instructor.

SLAV 418  Language&Minorities in Europe  credit: 3 or 4 Hours.
Same as FR 418, GER 418, ITAL 418, LING 418, PS 418, and SPAN 418. See FR 418.

SLAV 419  Russian & East European Film  credit: 3 or 4 Hours.
Study and analysis of major film makers, genres, trends, and theories, including the 1920's Soviet avant garde and the Polish and Czech "New Wave" since 1953; lectures, discussions, screenings, term paper. No reading knowledge of Russian required, except for majors in Slavic Languages and Literatures. Same as MACS 419. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: RUSS 219; or a college level course REES or in CINE; or consent of instructor.

SLAV 420  Jewish Life-Writing  credit: 3 or 4 Hours.
Same as CWL 421, HIST 436, RLST 420, and YDSH 420. See YDSH 420.

SLAV 430  History of Translation  credit: 3 or 4 Hours.
Study of the historical development of translation ideas and practices in Europe and in particular cases across major global regions. Reading and analysis of key texts in the development of translation theory and case studies of practices and roles played by translation in different periods and geographical regions. Same as CLCV 430, CWL 430, ENGL 486, GER 405, SPAN 436, and TRST 431. 3 undergraduate hours. 4 graduate hours.

SLAV 452  Slavic Cultural Studies  credit: 3 or 4 Hours.
Selected topics in the literatures of Russia and Eastern Europe. Topics covered will range from in-depth studies of specific authors, time periods, and thematic discussions of specific genre and literary traditions. Readings in English unless specified. Same as CWL 453. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours in same term; or 9 undergraduate hours or 12 graduate hours in separate terms. Prerequisite: Two years of literature, preferably Russian or East European; or consent of instructor.

Information listed in this catalog is current as of 10/2015
SLAV 477 Post-Communist Fiction credit: 3 or 4 Hours.
Survey of the central and east European novel in the postcommunist period. Explores how fiction has responded to and creatively figured the period of the so-called "transition" to capitalism and the continuities and discontinuities in literary traditions in these societies, as well as the relevance of theories of postmodernism and postmodern literary analysis to these literatures. Same as CWL 477 and REES 477. 3 undergraduate hours. 4 graduate hours. Prerequisite: Two courses in Slavic literature including one at the 300-level or consent of the instructor.

SLAV 480 Intro to Slavic Linguistics credit: 3 or 4 Hours.
The development of Common Slavic from Indo-European and its relationship to contemporary Slavic languages. Same as LING 480. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Knowledge of a Slavic language.

UKR Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/UKR)

Ukrainian Courses
UKR 101 Basic Ukrainian I credit: 4 Hours.
Oral and written work on basic pronunciation, grammar, and vocabulary. For students with no previous study of Ukrainian.

UKR 102 Basic Ukrainian II credit: 4 Hours.
Continuation of UKR 101. Prerequisite: UKR 101 or equivalent proficiency.

UKR 113 Ukrainian Culture credit: 3 Hours.
Course situates Ukrainian culture in the broad context of Slavic nations. acquaints students with Ukrainian culture from the origins of Kievan Rus' in the Middle Ages to the present. Includes highlights of historical-cultural events, an overview of literature and of the arts, as well as an outline of Ukrainian folklore. No knowledge of Ukrainian required. This course satisfies the General Education Criteria for: UIUC: Literature and the Arts UIUC: Western Compartv Cult

UKR 199 Undergraduate Open Seminar credit: 1 to 5 Hours.
May be repeated.

UKR 201 Second-Year Ukrainian I credit: 4 Hours.
Completion of grammar, oral drills, and written exercises. Prerequisite: UKR 102 or equivalent.

UKR 202 Second-Year Ukrainian II credit: 4 Hours.
Selected readings in contemporary Ukrainian literature. Prerequisite: UKR 201 or equivalent.

UKR 218 Survey of Ukrainian Literature credit: 3 Hours.
Critical survey of major works in Ukrainian literature from the beginnings to the modern period in light of their historical and cultural background; lectures and readings in English. Same as CWL 218.

UKR 498 Problems in Ukrainian Lit credit: 3 or 4 Hours.
Critical survey of major works in Ukrainian literature from the beginnings to the modern period in light of their historical and cultural background; lectures and readings in English. 3 undergraduate hours. 3 or 4 graduate hours.

Czech Studies Concentration
Language: A minimum of 6 hours beyond the second year of the Czech language: CZCH 484 Readings in Czech for 6 hours or equivalent; or Students may choose to complete the second year (200-level sequence) of a second Slavic language, including Russian, in addition to Czech

Literature and Culture: A minimum of 24 hours is required in the following areas:

- 6 hours of Introductory Culture courses:
  - SLAV 120 Russian & E Euro Folktales (and)

- Choose one of the following:
  - REES 201 Introduction to Eastern Europe
  - RUSS 261 Intro Russian-Jewish Culture
  - SLAV 117 Russ & E Euro Science Fiction

- 6 hours of Literature Survey courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department. 1

- 12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department. 1

Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from among the following:

- (1) RUSS 493 Honors Senior Thesis (2 hrs); or
- (2) a 300- or 400-level course in the Slavic Department in which a research project is undertaken; or
- (3) Study abroad in the region.

Majors should consult with the Undergraduate Advisor to plan their capstone experience.

1 Up to 9 hours of the literature requirement (but no more than 6 at the upper level) can be replaced by courses at the same level in other departments, chosen in consultation with and approved by the Undergraduate Advisor, that treat the history, culture, and society of the Czech region.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60 - 75 hours). Study abroad courses may be substituted for major and minor requirements with approval of adviser.

Minor in Russian Language and Literature

A minor in Russian language and literature may be useful and enriching for students in many disciplines, from economics and political science through comparative literature and theatre to engineering and mathematics. The 18- to 20-hour program listed below provides considerable flexibility within a general structure. Additional information may be obtained from the undergraduate adviser in the Department of Slavic Languages and Literatures.

E-mail: slavic@illinois.edu

Introduction to Slavic culture. Select from:

Minor in Slavic Language, Literature, and Culture

A minor in Slavic language, literature, and culture may be useful and enriching for students in many disciplines, from economics and political science through comparative literature and theatre to engineering and mathematics. The 18- to 20-hour program listed below provides considerable flexibility within a general structure.

In completing the requirements for the minor, students may choose to pursue study of a particular Slavic language and culture, or may combine study of a single language with other courses that treat the region more broadly. For example, a student could specialize in Polish by taking POL 201, POL 202, POL 301 for the language and POL 115, POL 245, and HIST 467 for the literature and culture requirements. Please consult the Undergraduate Advisor to choose coursework.

Slavic Literature and Culture: Three 200-, 300- or 400-level courses from the list maintained by the undergraduate advisor, including at least one at the 300- or 400-level. Advanced Slavic language (the 301 or 302 level of the language of specialization, or equivalent) can substitute for one course in this requirement. Also, one course at the same level in another department, chosen in consultation with the advisor, that treats the history, culture, and society of the region can count toward this requirement.

Total Hours 18-20

6 hours must be advanced (300- or 400-) level courses.

Polish Studies Concentration

Language: A minimum of 6 hours beyond the second year of the Polish language: POL 301 and POL 302, or equivalent; or students may choose to complete the second year (200-level sequence) of a second Slavic language, including Russian, in addition to Polish.

Literature and Culture: A minimum of 24 hours is required in the following areas (POL 401 and POL 402 can count toward the requirements in any category):

6 hours of Literature Survey courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.

12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.

Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from among the following:

1. RUSS 493 Honors Senior Thesis (2 hrs); or
2. A 300- or 400-level course in the Slavic Department in which a research project is undertaken; or
3. Study abroad in the region.

Majors should consult with the Undergraduate Advisor to plan their capstone experience.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60 - 75 hours). Study abroad courses may be substituted for major and minor requirements with approval of adviser.

Russian Language, Literature, and Culture Concentration

Language: A minimum of 6 hours beyond the second year of the Russian language: RUSS 301, 302 – Third-Year Russian I, II, or equivalent

Literature and Culture: A minimum of 24 hours is required in the following areas (RUSS 401 and 402- Fourth Year Russian I, II- can count toward the requirements of any category):

6 hours of Introductory Culture courses:

Information listed in this catalog is current as of 10/2015
RUSS 115 Intro to Russian Culture (and)
Choose one of the following:
REES 200 Intro to Russia and Eurasia
RUSS 261 Intro Russian-Jewish Culture
SLAV 117 Russ & E Euro Science Fiction
SLAV 120 Russian & E Euro Folktales

6 hours of Literature Survey courses: Two 200-level literature or cinema courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.

12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen from the following:

Author Courses (6 hrs.):
RUSS 320 Russian Writers
RUSS 322 Dostoevsky
RUSS 323 Tolstoy
RUSS 325 Chekhov
RUSS 335 Nabokov

Literature and Culture Courses (6 hrs.):
Two 400-level literature or culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.

Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from among the following:
(1) RUSS 493 Honors Senior Thesis (2 hrs); or
(2) a 300- or 400-level course in the Slavic Department in which a research project is undertaken; or
(3) Study abroad in the region.

Majors should consult with the Undergraduate Advisor to plan their capstone experience.

Up to 9 hours of the literature requirement (but no more than 6 at the upper level) can be replaced by courses at the same level in other departments, chosen in consultation with and approved by the Undergraduate Advisor, that treat the history, culture, and society of the South Slavic region.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60 - 75 hours). Study abroad courses may be substituted for major and minor requirements with approval of adviser.

South Slavic Studies Concentration

Language: A minimum of 6 hours beyond the second year of a South Slavic language: SCR 301, 302-Third-Year Serbian/Croatian I, II- or equivalent; or Students may choose to complete the second year (200-level sequence) of a second Slavic language, including Russian, in addition to SCR.

Literature and Culture: A minimum of 24 hours is required in the following areas:

6 hours of Introductory Culture courses:
BCS 115 South Slavic Cultures (and)

Choose one of the following:
REES 201 Introduction to Eastern Europe
SLAV 117 Russ & E Euro Science Fiction
SLAV 120 Russian & E Euro Folktales

6 hours of Literature Survey courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.

12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department. ¹

Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from among the following:
(1) RUSS 493 Honors Senior Thesis (2 hrs); or
(2) a 300- or 400-level course in the Slavic Department in which a research project is undertaken; or
(3) Study abroad in the region.

Ukrainian Studies Concentration

Language: A minimum of 6 hours beyond the second year of the Ukrainian language: UKR 301, 302- or equivalent; or Students may choose to complete the second year (200-level sequence) of a second Slavic language, including Russian, in addition to Ukrainian

Literature and Culture: A minimum of 24 hours is required in the following areas:

6 hours of Introductory Culture courses:
UKR 113 Ukrainian Culture (and)

Choose one of the following:
REES 200 Intro to Russia and Eurasia
REES 201 Introduction to Eastern Europe
RUSS 261 Intro Russian-Jewish Culture
SLAV 117 Russ & E Euro Science Fiction
SLAV 120 Russian & E Euro Folktales

6 hours of Literature Survey courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department. ¹

12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department. ¹

Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from among the following:
(1) RUSS 493 Honors Senior Thesis (2 hrs); or
(2) a 300- or 400-level course in the Slavic Department in which a research project is undertaken; or
(3) Study abroad in the region.
Majors should consult with the Undergraduate Advisor to plan their capstone experience.

1 Up to 9 hours of the literature requirement (but no more than 6 at the upper level) can be replaced by courses at the same level in other departments, chosen in consultation with and approved by the Undergraduate Advisor, that treat the history, culture, and society of the Ukrainian region.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60 - 75 hours). Study abroad courses may be substituted for major and minor requirements with approval of adviser.

**Sociology**

Kevin Leicht, Head of Department
3120 Lincoln Hall, 702 S. Wright Street, Urbana
PH: (217) 333-1950
http://www.sociology.illinois.edu

Sociologists explore human social life at every level, from personal relationships to global society. Major topics of study include inequality, social movements, race and class relations, gender, social institutions such as religion and education, and fundamental population processes like immigration and morality. Sociologists use a range of methods and theories to develop and evaluate ideas about social life.

Each student should see a sociology departmental adviser at least once a year to choose sociology courses and supporting course work, and to monitor progress.

**Major in Sociology**

**Major in Sciences and Letters Curriculum**

E-mail: soc@illinois.edu

Degree title: Bachelor of Arts in Liberal Arts and Sciences

Minimum required major and supporting course work equates to 44 hours including 32 hours of Sociology courses.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours.

Departmental distinction: In order to achieve distinction, high distinction, or highest distinction, a sociology major must meet the following requirements:

- Have completed SOC 490 or SOC 495
- Attain a UIUC GPA of 3.25 or higher
- If both these requirements are met, then the MAJOR GPA distributes as follows:
  - 3.25 – Distinction
  - 3.50 – High Distinction
  - 3.75 – Highest Distinction

1 If a statistics course is taken outside the Department of Sociology, that course does not count toward the 32 hours of Sociology courses.

2 Supporting course work is designed to expand the student's education in the social sciences. All supporting course work is taken outside the Department of Sociology. A student may take supporting course work from one department, such as psychology, economics, history or statistics, or from a cohesive selection of courses in a variety of departments. With an adviser's approval, departmental or interdisciplinary minors, or a double major may be used to fulfill the requirements of supporting course work.

Twelve hours of 300- or 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

**Minor in Sociology**

A minor in sociology requires that students learn the basic theoretical and methodological approaches in sociology. Students must also learn about the substance of sociology in some depth and are thus required to take at least two sociology courses at an advanced level and a total of at least 18 hours of sociology courses. The course work must include the requirements listed below.

SOC Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SOC)
Courses

SOC 100  Introduction to Sociology  credit: 4 Hours.
Examination of how societies grow and change; reciprocal effects of
economic, political, community, familial, and scientific institutions on
each other and on individual life changes; and social conflict, problems of
bureaucratic growth and planned and unplanned social change.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

SOC 108  Religion & Society in West I  credit: 3 Hours.
Same as ANTH 108, PHIL 108, and RLST 108. See RLST 108.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

SOC 109  Religion & Society in West II  credit: 3 Hours.
Same as ANTH 109, PHIL 109, and RLST 109. See RLST 109.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

SOC 122  Africa in World Perspective  credit: 3 Hours.
Examination of Africa in the context of the world-economy, with particular
attention placed upon enduring cultural and material relationships with
Europe and North America.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures
UIUC: Social Sciences

SOC 124  Asian American Cultures  credit: 3 Hours.
Same as AAS 184 and ANTH 184. See ANTH 184.
This course satisfies the General Education Criteria for:
UIUC: US Minority Culture(s)
UIUC: Social Sciences

SOC 130  Intro Gender & Women's Studies  credit: 3 Hours.
Same as GWS 100 and HDFS 140. See GWS 100.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

SOC 152  Intro to Sociological Theory  credit: 3 Hours.
Prerequisite: Sophomore standing.
Analysis of such classical theorists as Marx, Weber, Durkheim, and Mead
and contemporary theorists. Prerequisite: Sophomore standing.

SOC 160  Global Ineq and Social Change  credit: 3 Hours.
Introduces sociological concepts of poverty, inequality, and social
change within a global context. Themes explored include basic food
security, poverty and hunger; population and resource distribution;
foreign aid and development institutions; and social policies and
movements for change. Course approach is historical and transnational,
and typically includes case studies from Africa, Asia, Latin America, and
the United States. This course can be used to fulfill either Western or
Nonwestern general education categories, but not both.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures
UIUC: Social Sciences
UIUC: Western Compartv Cult

SOC 162  Intro to Intl Health Policy  credit: 3 Hours.
Introduces students to international health policy. Students will learn
about data sources, basic analytical techniques, and theoretical
frameworks for understanding international health policy. From a
sociological perspective, students will explore why health issues are
essential components to discussion of globalization, immigration, and
migration. Students also will learn how health policy and foreign policy
decisions in the developed world influence health policy and health care
delivery in the developing world.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences
UIUC: Western Compartv Cult

SOC 179  Social Organization  credit: 3 Hours.
Beginning with an examination of various examples of organizing, from
street gangs to industrial corporations and modern universities, this
course will discuss common patterns in organizational phenomena.
Basic conceptual frameworks will be provided in the context of
contemporary and local problems, illustrating the core issues.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

SOC 196  Issues in Sociology  credit: 3 Hours.
Origin of problems; consequences of ameliorative strategies. Typical
topics include crime, mental illness, drug use, suicide, sexual behavior,
vigilence, and intergroup conflict. May be repeated as topics vary.

SOC 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
Approved for both letter and S/U grading. May be repeated.

SOC 200  Intro to Sociological Theory  credit: 3 Hours.
Analysis of such classical theorists as Marx, Weber, Durkheim, and Mead
and contemporary theorists. Prerequisite: Sophomore standing.

SOC 201  Race, Gender & Power  credit: 3 Hours.
Same as GWS 201. See GWS 201.
This course satisfies the General Education Criteria for:
UIUC: Western Compartv Cult

SOC 202  Sexuality  credit: 3 Hours.
Same as GWS 202. See GWS 202.
This course satisfies the General Education Criteria for:
UIUC: Western Compartv Cult

SOC 221  Mexican & Latin Am Migration  credit: 3 Hours.
Same as LLS 220. See LLS 220.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

SOC 222  Introduction to Modern Africa  credit: 3 Hours.
Same as AFST 222, ANTH 222, and PS 242. See AFST 222.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures

SOC 223  Black Women Contemp US Society  credit: 3 Hours.
Same as AFRO 226 and GWS 226. See AFRO 226.

SOC 224  Asian Am Historical Sociology  credit: 3 Hours.
Same as AAS 224. See AAS 224.
This course satisfies the General Education Criteria for:
UIUC: US Minority Culture(s)

SOC 225  Race and Ethnicity  credit: 3 Hours.
Sociological and social-psychological analysis of minority groups;
illustrative material drawn from representative racial, ethnic, and status
groups. Same as AFRO 225. Prerequisite: SOC 100.

Information listed in this catalog is current as of 10/2015
SOC 226 Political Sociology credit: 3 Hours.
Study of power relations within and between the state, bureaucracy, community, social classes, and elites in the United States and other countries.

SOC 227 Latina/Latinos in Contemp US credit: 3 Hours.
Examines the incorporation of the major Latina/Latino subgroups into United States society, surveys the major theoretical approaches that have been used in the social sciences to explain majority-Latino relations, and provides an empirical overview of how major social institutions affect the daily lives of Latina/Latinos. Same as LLS 227. Prerequisite: LLS 100 or SOC 100, or consent of instructor. This course satisfies the General Education Criteria for: UIUC: Social Sciences

SOC 249 Sport & Modern Society credit: 3 Hours.
Same as KIN 249. See KIN 249. This course satisfies the General Education Criteria for: UIUC: Social Sciences

SOC 255 Queer Lives, Queer Politics credit: 3 Hours.
Same as GWS 255. See GWS 255.

SOC 261 Gender Transnat'l Perspective credit: 3 Hours.
Examines how gender inequality is structured on a transnational level. Emphasis will be placed on the interactive relationship among various countries, and how globalization promotes racial, ethnic, sexual, and national hierarchies among women, in both newly and advanced industrialized countries. Same as GWS 261. Prerequisite: SOC 100 or consent of instructor. This course satisfies the General Education Criteria for: UIUC: Social Sciences

SOC 266 Pan Africanism credit: 3 Hours.
Same as AFRO 243, AFST 243, and PS 243. See PS 243. This course satisfies the General Education Criteria for: UIUC: Non-Western Cultures

SOC 269 Food, Culture, and Society credit: 3 Hours.
Same as ANTH 209. See ANTH 209. This course satisfies the General Education Criteria for: UIUC: Social Sciences

SOC 270 Population Issues credit: 3 Hours.
Examines the current world population situation; the historical and current patterns of birth, death, migration, marriage, contraception, and abortion; and the world food and energy resources, crowding, and problems of overpopulation. Same as RSOC 270. This course satisfies the General Education Criteria for: UIUC: Social Sciences

SOC 273 Social Perspn on the Family credit: 3 Hours.
Examines the societal forces shaping aspects of stable and changing family relations in the U. S. and other countries; focuses on social-structural factors affecting marriage, divorce, co-habitation, child-bearing, the division of work and authority, and other features of life. Prerequisite: SOC 100. This course satisfies the General Education Criteria for: UIUC: Social Sciences

SOC 274 Intro to Medical Sociology credit: 3 Hours.
Sociology of health and illness behavior and the social structure of systems which deliver health care services; includes social constraints on illness, the illness role, medical organizations and professions, and the application of the illness model to deviant forms of behavior. Prerequisite: SOC 100.

SOC 275 Criminology credit: 3 Hours.
Nature and extent of crime; past and present theories of crime causation; criminal behavior in the United States and abroad, and its relation to personal, structural and cultural conditions; the nature of the criminal justice system and the influences of the exercise of discretion among actors in the criminal justice system. Prerequisite: SOC 100 or equivalent.

SOC 278 Mapping Latina/o Inequalities credit: 3 Hours.
Same as LLS 278. See LLS 278.

SOC 280 Intro to Social Statistics credit: 4 Hours.
First course in social statistics for students without mathematics beyond the high school level; topics include the role of statistics in social science inquiry, measures of central tendency and dispersion, simple correlation techniques, contingency analysis, and introduction to statistical inference; includes the statistical analysis of social science data using personal computers. Same as GEOG 280. Credit is not given for SOC 280 if credit for a college level introductory statistics course has been earned. This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

SOC 287 Environment and Society credit: 3 Hours.
Same as ESE 287, GEOG 287, PS 273 and NRES 287. See NRES 287. This course satisfies the General Education Criteria for: UIUC: Social Sciences

SOC 300 Attitude Theory and Change credit: 3 Hours.
Same as MACS 352 and PSYC 352. See PSYC 352.

SOC 310 Sociology of Deviance credit: 3 Hours.
Study of traits, conditions, actions, and behaviors that violate social norms and elicit negative societal reactions. Explores social, cultural and individual factors in the etiology of deviance; the establishment and maintenance of deviant categories; the motivations behind deviant behavior; the identification as deviant of individuals and of particular segments of society, by formal and informal means; the effects of institutionalization and social control upon the deviant; and the efforts of deviants to eradicate the label society has placed upon them. Prerequisite: SOC 100.

SOC 320 Queer Theory credit: 3 Hours.
Same as GWS 370. See GWS 370.

SOC 321 Gender & Latina/o Migration credit: 3 Hours.
Same as LLS 320 and GWS 320. See LLS 320.

SOC 322 Gender, Relationships & Society credit: 3 Hours.
Same as GWS 340 and HDFS 340. See HDFS 340.

SOC 325 Black Men and Masculinities credit: 3 Hours.
Same as AFRO 342. See AFRO 342.

SOC 328 Asian Americans & Inequalities credit: 3 Hours.
An examination of various forms of social inequality between Asian Americans and other groups as well as among Asian Americans, including those based on race, gender, class, citizenship and sexuality. Same as AAS 328. Prerequisite: SOC 100 and/or AAS 100 are recommended.

SOC 345 Digital & Gender Cultures credit: 3 Hours.
Same as GWS 345, INFO 345, and MACS 345. See GWS 345.

Information listed in this catalog is current as of 10/2015
SOC 350 Technology and Society  credit: 3 Hours.
Examines the social and cultural origins of modern technology and technological innovation; the effects of technology and its change on society. Topics include the impact of technology on beliefs and values, accommodation and resistance to change, and technology and the Third World.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

SOC 351 Social Aspects of Media  credit: 3 Hours.
Same as MACS 351. See MACS 351.

SOC 355 Race and Mixed Race  credit: 3 Hours.
Same as AAS 355 and LLS 355. See LLS 355.

SOC 364 Impacts of Globalization  credit: 3 Hours.
Introduces sociological theory and research on globalization, in debate with the literature on modernization, world-systems, and development/underdevelopment. Explores recent economic, political, and cultural change at macro-sociological level. Themes include: global governance and world society, global diffusion of American culture, global capitalism, and new forms of social resistance. Prerequisite: SOC 100 or consent of instructor.

SOC 365 Contemporary Korean Society  credit: 3 Hours.
Same as EALC 365. See EALC 365.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures
UIUC: Social Sciences

SOC 366 Postsocialism Eastern Europe  credit: 3 Hours.
Examines the sociological realities of state socialism and postsocialism in Eastern Europe and the former Soviet Union. Prerequisite: SOC 100 or HIST 142, or PS 100, or any REES course.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

SOC 367 Globalization Dynamics Debates  credit: 3 Hours.
Study of the multidimensional character of globalization. Discussion of key processes of globalization and areas of consensus and controversy in the literature, including major current controversies such as are we headed for a global monoculture; what is the relationship between globalization and neoliberal capitalism; which trend is more significant, globalization or empire? Discussions on scenarios and policy options of global futures.

SOC 373 Social Stratification  credit: 3 Hours.
Inequities in power, prestige, income, privilege, and lifestyles in the United States and other countries; class and status as determinants of group interests, ideologies, and interaction; and effects of social change and mobility. Prerequisite: SOC 100.
This course satisfies the General Education Criteria for:
UIUC: Social Sciences

SOC 374 Immigrants in the U.S.  credit: 3 Hours.
The change in origin country composition of U.S. immigrants changed dramatically post-1965 from what it was in the early twentieth century and this shift has generated much public and policy concern over the "new" immigrants and their prospects for economic mobility and integration. Since immigration shows no signs of slowing down, its causes and consequences remain some of the most important topics of the 21st century. Some of the questions considered in this course include: Why do immigrants come to the U.S.? Is the average human capital level of immigrants declining? Are the new immigrants assimilating into U.S. society and what does that mean? Also examines the economic impact of immigration and considers appropriate policy recommendations such as whether the U.S. should adopt a skill-based point system to regulate immigration. Prerequisite: SOC 100.

SOC 378 Law and Society  credit: 3 Hours.
Examination of law and legal institutions sociologically. We begin with an introduction to theoretical perspectives on the problem of order, illustrated by juxtaposing formal law with other means of achieving order. Next, we consider law and legal systems in action, including relations between law and the economy, stratification, culture, ideology and social change. Finally, we investigate the relationship between law's aims and principles, and law's real-world implementation.

SOC 380 Social Research Methods  credit: 4 Hours.
Introduction to the foundations of social research and to the major types of research methods employed in sociology. Provides exposure to the major tools and terminology of social research, including the use of computers in sociology. Topics include: research design, finding and using sociology literature, measurement, sampling, survey research, field methods, use of available data, quantitative data analysis and presentation, and computer resources for research. Prerequisite: SOC 100 and SOC 280.
This course satisfies the General Education Criteria for:
UIUC: Quant Reasoning II

SOC 382 Social Psych Methods Lab  credit: 4 Hours.
Same as PSYC 332. See PSYC 332.

SOC 387 Race, Gender and the Body  credit: 3 Hours.
Same as LLS 387. See LLS 387.

SOC 390 Individual Study  credit: 1 to 6 Hours.
Individual study or research project. May be repeated. Prerequisite: Six hours of sociology; written consent of instructor on form available in the Sociology Department Office.

SOC 392 Chicanas & Latinas: Self & Society  credit: 3 Hours.
Same as GWS 392 and LLS 392. See LLS 392.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

SOC 396 Special Topics in Sociology  credit: 3 Hours.
May be repeated if topics vary. Prerequisite: SOC 100 and consent of instructor.

SOC 400 Internships  credit: 0 to 3 Hours.
Selected internship opportunities in which student and faculty members develop a program of study and research related to internship. Consult departmental undergraduate advisor. 0 to 3 undergraduate hours. No graduate credit. Approved for letter and S/U grading. May be repeated to a maximum of 6 hours. Prerequisite: Junior or senior standing; SOC 100, and six additional hours in Sociology or acceptance of faculty member and Director of Undergraduate Studies.

SOC 410 Labor and the European Union  credit: 4 Hours.
Same as EURO 410 and LER 410. See LER 410.
SOC 420  Sociology of Education  credit: 2 or 4 Hours.  
Same as EPS 420.  See EPS 420.

SOC 421  Racial and Ethnic Families  credit: 2 to 4 Hours.  
Same as AFRO 421, EPS 421, and HDFS 424.  See EPS 421.

SOC 422  European Working Class History  credit: 2 to 4 Hours.  
Same as HIST 450 and LER 450.  See HIST 450.

SOC 426  Race, Ed Pol, and Soc Science  credit: 3 or 4 Hours.  
Examination of the origins and development of sociology as a discipline, as related to the sociology of education, and the reproduction of social and racial inequality. The course focuses on four issues: the production of racial inequality in scientific knowledge, the role that social science plays in reproducing societal patterns of race, class, and gender inequality, the development of sociology and education in the United States and Africa, and the development of American social science and the reproduction of global inequality. Same as EPS 422. 3 undergraduate hours. 4 graduate hours. Prerequisite: SOC 100 or consent of instructor.

SOC 447  Environmental Sociology  credit: 3 or 4 Hours.  
Examination of historical and modern consequences of environmental alteration and pollution and resource limitations on human populations in the context of various social change theories. Explores the environmental movement, population explosion, the "limits to growth" debate, and the impacts of environmental change on food production, land, and water quality. Same as ENVS 447 and RSOC 447. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: SOC 100, RSOC 110, or equivalent; and SOC 380 or equivalent; or consent of instructor.

SOC 451  Climate & Social Vulnerability  credit: 3 or 4 Hours.  
Same as ATMS 446 and GEOG 496.  See GEOG 496.

SOC 464  Comm in Env Social Movements  credit: 3 Hours.  
Same as AGCM 430, ENVS 430, and NRES 430.  See AGCM 430.

SOC 470  Social Movements  credit: 2 to 4 Hours.  
Origins and development of groups in promoting and resisting change, resource mobilization, strategies and tactics, individual and social consequences. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: SOC 100 or six hours of anthropology, social geography, political science, or sociology.

SOC 471  Collective Action & Revolution  credit: 3 or 4 Hours.  
Contemporary theory and research on the life course of social gatherings ranging from small scale and local to nationwide collective actions by people in pursuit of social and political change. Discusses the logic of practice in political, religious and street crowds; collective action of disperse people; and broad-based revolutionary mobilizations. Cases include pre-modern and modern movements from the western and non-western societies. 3 undergraduate hours. 4 graduate hours. Prerequisite: SOC 200, or equivalent, or consent of instructor.

SOC 472  Urban Communities & Public Pol  credit: 3 or 4 Hours.  
Same as AFRO 481 and UP 481.  See AFRO 481.

SOC 473  Immigration, Health & Society  credit: 3 or 4 Hours.  
Same as CHLH 473, LLS 473, and SOCW 473.  See LLS 473.

SOC 474  Population Trends and Patterns  credit: 3 or 4 Hours.  
Introduction to contemporary demographic patterns and their historical development; transition theory and other models of demographic change; components of population growth and distribution; and trends and differentials in mortality and fertility. 3 undergraduate hours. 4 graduate hours.

SOC 476  Organization of Health Care  credit: 2 to 4 Hours.  
Same as CHLH 456.  See CHLH 456.

SOC 477  Sociology of Law  credit: 2 to 4 Hours.  
Social origins and consequences of law and legal process, emphasizing problems of legal change and structure and function of legal sanctions. Law and law-like phenomena in primitive and modern societies. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: SOC 100 or six hours of anthropology, social geography, political science, or sociology. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

SOC 478  Geography of Health Care  credit: 3 or 4 Hours.  
Same as GEOG 438.  See GEOG 438.

SOC 480  Methods of Field Research  credit: 2 to 4 Hours.  
Instruction, training, and supervised practice in methods of field research as a basic tool of sociology; emphasis on the role of the field researcher as participant, observer, and interviewer in various kinds of research settings, and on approaches to and applications of field data. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: SOC 380 or consent of instructor.

SOC 481  Survey Research  credit: 3 or 4 Hours.  
Principles and applications of social science survey research methods; class project designing and conducting a sample survey; training and experience in analysis of survey data; sampling, questionnaire construction, interviewing and data reduction, and file management; and direct use of the computer in survey data analysis. 3 undergraduate hours. 4 graduate hours. Prerequisite: SOC 380 or consent of instructor.

SOC 483  Mid East Societies & Cultures  credit: 3 Hours.  
Overview of the contemporary Middle East from social, political, and cultural perspectives. Explores how the internal dynamics together with the forces of globalization shape the societies of the Middle East today. Topics include social structure, political dynamics, family, gender, urban life Islam, social and religious movements. 3 undergraduate hours. 3 graduate hours. Prerequisite: SOC 100 or six hours of Anthropology, Social Geography, Politics, or Sociology.

SOC 484  African Urbanization  credit: 3 or 4 Hours.  
Examines the causes and consequences of African urbanization in historical perspective. The course will engage with various academic theories of urbanization and seek situate the numerous topics and readings among ongoing debates. However, its substantive focus will be devoted entirely to Africa. Same as AFST 484. 3 undergraduate hours. 4 graduate hours.

SOC 485  Intermediate Social Statistics  credit: 3 or 4 Hours.  
Intermediate course in the theory and application of statistical methods to social science data. Coverage includes overviews of measurement issues, the logic of hypothesis testing and estimation, the general linear model, one-way analysis of variance, correlation and regression. The core of the course is multiple regression analysis and its extensions. Topics include dummy variable analysis, statistical interaction, model assumptions and violations, non-linear and logistic regression, and an introduction to path analysis. Emphasis on the application of statistical computing packages (e.g. SPSS) and the substantive interpretation of results. 3 undergraduate hours. 4 graduate hours. Credit is not given for both SOC 485 and another course with a primary focus on applied multiple regression analysis such as ECON 203, STAT 420, or PSYC 406. Graduate students must incorporate research literature involving statistical analysis from their discipline into their assignments and class discussions. Prerequisite: SOC 280 or equivalent.
SOC 488  Demographic Methods  credit: 3 or 4 Hours.
Introduction to statistical and mathematical procedures in population
analysis; the gathering, processing, and evaluating of registration and
census data; the life table model; and procedures of mortality and fertility
analysis and population projections. 3 undergraduate hours. 4 graduate
hours. Prerequisite: SOC 380 or consent of instructor.
This course satisfies the General Education Criteria for:
UIUC: Quant Reasoning II

SOC 490  Advanced Independent Study  credit: 3 Hours.
3 undergraduate hours. No graduate credit. May be repeated.
Prerequisite: Open only to seniors in the sociology major who have
an overall GPA of 3.25 or higher and therefore may be eligible for
departmental distinction; obtain written consent of instructor on form
available in the Sociology Department Office.

SOC 493  Democracy and Environment  credit: 3 or 4 Hours.
Same as GEOG 493, NRES 494, UP 493. See GEOG 493.

SOC 495  Senior Honors Seminar  credit: 3 Hours.
Intensive scrutiny of current literature on one selected topic. Critical
reading and discussion followed by writing essays and research
proposals. Subject will shift yearly. There may be community work
as an aspect of this course; consult the Class Schedule for details. 3
undergraduate hours. No graduate credit. May be repeated to a maximum
of 6 hours. Prerequisite: For sociology majors only. Student must have
at least 3.5 grade-point average in sociology courses and consent of
instructor.

SOC 496  Advanced Special Topics  credit: 3 Hours.
3 undergraduate hours. No graduate credit. May be repeated if topics
vary. Prerequisite: SOC 100 or six hours of anthropology, social
geography, political science, or sociology.

South Asian and Middle Eastern Studies, Center for

Behrooz Ghamari-Tabrizi, Interim Director
http://www.csames.illinois.edu/

The Center for South Asian and Middle Eastern Studies offers two
Interdisciplinary Minors: South Asian Studies and Study of the Islamic
World.

For additional information, please contact:

Associate Director: Angela Williams
Email:aswilliams@illinois.edu
Phone: 244-5939

- Interdisciplinary Minor in South Asian Studies (p. 542)
- Interdisciplinary Minor in the Study of the Islamic World (p. 542)

SAME Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/
DEFAULT/SAME)

Courses

SAME 150  Lang&Culture of Arab World  credit: 3 Hours.
Same as ARAB 150. See ARAB 150.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures

SAME 152  The New Middle East  credit: 3 Hours.
Discussion of contemporary sociopolitical change and current events
in the Middle East. We will explore the background to these events,
the factors that are driving them, and the short-term and long-term
implications for the region and the world. Course reflects diverse fields
of study, including cultural studies, economics, education, history, law,
linguistics, literature, media, religion, political science, and sociology.
Same as PS 152 and SOC 152.
This course satisfies the General Education Criteria for:
UIUC: Non-Western Cultures
UIUC: Social Sciences

SAME 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
Special topics in Middle Eastern or South Asian studies; content is
variable. May be repeated in the same or separate terms if topics vary.

SAME 208  Cultures & Lits of South Asia  credit: 3 Hours.
Same as ASST 208, CWL 208 and RLST 208. See RLST 208.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

SAME 211  War & Peace in Israeli Lit  credit: 3 Hours.
Same as CWL 211 and JS 211. See CWL 211.

SAME 213  Intro to Islam - ACP  credit: 4 Hours.
Same as RLST 213. See RLST 213.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition
UIUC: HistPhilos Perspect
UIUC: Non-Western Cultures

SAME 214  Introduction to Islam  credit: 3 Hours.
Same as RLST 214. See RLST 214.
This course satisfies the General Education Criteria for:
UIUC: HistPhilos Perspect
UIUC: Non-Western Cultures

SAME 223  The Qur'an (Koran)  credit: 3 Hours.
Same as CWL 223, RLST 223. See RLST 223.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

SAME 260  Mystic and Saints in Islam  credit: 3 Hours.
Same as RLST 260. See RLST 260.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

SAME 325  Social Media and Global Change  credit: 3 Hours.
Same as EPS 325, AFST 325, ASST 325, EURO 325, INFO 325, LAST 325,
and REES 325. See EPS 325.

SAME 341  Love & Sex in Hebrew Lit  credit: 3 Hours.
Same as CWL 341, JS 341 and RLST 340. See CWL 341.

SAME 350  South Asian Goddesses  credit: 3 Hours.
Same as CWL 350 and RLST 350. See RLST 350.

SAME 403  Women in Muslim Societies  credit: 3 or 4 Hours.
Same as ANTH 403, GLBL 403, GWS 403, HIST 434, and RLST 403. See
RLST 403.

SAME 408  Islam & Politics in Mid. East  credit: 3 or 4 Hours.
Same as PS 408 and RLST 408. See RLST 408.

SAME 454  Topics in Israeli Lit &Culture  credit: 3 or 4 Hours.
Same as CWL 454 and JS 454. See CWL 454.

Information listed in this catalog is current as of 10/2015
Interdisciplinary Minor in South Asian Studies

The Center for South Asian and Middle Eastern Studies (http://www.csames.illinois.edu) offers an Interdisciplinary Minor in South Asian Studies. The minor is especially suited for students interested in a program of studies with focus on South Asia, as a complement to their disciplinary study. The structure of the minor provides students a great amount of flexibility; possible areas of emphasis include language and literature, as well as history and social sciences.

A minimum grade-point average of 2.75 in South Asian Studies courses is required for completion of the minor. The 18-20 hours of courses selected by students for the South Asian Studies Minor should form a coherent program of study and must meet the approval of an advisor in the Center for South Asian and Middle Eastern Studies. The program must include at least 6 hours of 300- or 400-level courses. A student’s plan of courses for the minor must be approved by the program.

Fourth-semester course work in an area-relevant language.

Courses that meet this requirement and are currently offered on a regular basis are HNDI 404 (5 hours) AND SNSK 404 (3 hours) The requirement may also be met by comparable courses in these and other South Asian and South Asia-related languages, taught at UIUC or at other universities, through online courses (where available), and through a proficiency examination.

HIST/ANTH History of South Asia 130 3
Courses on South Asian history, language, literature, culture, and society from the following list: 1

ANTH 499 Topics in Anthropology (appropriate sections) 12
ASST 398 Colloquium in Asian Studies (appropriate sections)
CWL 189 Lit of Asia & Africa I (appropriate sections)
or CWL 190 Lit of Asia & Africa II
ECON 450 Development Economics (appropriate sections)
HNDI 405 Advanced Hindi I
& HNDI 406 and Advanced Hindi II
HNDI 408 Intro to South Asian Lit
HIST 430 India from Colony to Nation
LA/ASST S Asian Cultural Landscapes 218
PS/ASSTGov & Pol of South Asia 346
RLST 104 Asian Mythology
RLST 213 Intro to Islam - ACP
RLST 260 Mystics and Saints in Islam
RLST 286 Introduction to Hinduism

Additional courses chosen from the approved course list. The courses must come from at least two disciplines. At least six hours must be at the 300- or 400-level.

Total Hours 19

Interdisciplinary Minor in the Study of the Islamic World

An interdisciplinary minor in the Study of the Islamic World is offered by the Center for South Asian and Middle Eastern Studies. It is designed for students interested in developing an expertise in one or more parts of the Islamic world or in Islamic culture generally, as a complement to their disciplinary major. Completion of the minor requires 19 credit hours in applicable courses with a minimum grade-point average of 2.75.

Completion of a fourth semester course in an Islamic language (e.g. Arabic, Turkish, Swahili, Wolof). Select courses from the approved course list.

Select one of the following: 3

HIST 135 History of Islamic Middle East
SAME 152 The New Middle East
RLST 214 Introduction to Islam or RLST 213 Intro to Islam - ACP

Total Hours 19

Spanish and Portuguese

Silvina Montrul, Head of Department
4080 Foreign Languages Building, 707 South Mathews, Urbana
PH: (217) 333-3390
http://www.spanport.illinois.edu/

The Dept of Spanish and Portuguese offers majors in the following areas: Spanish, Portuguese, and a Curriculum Preparatory to the Teaching of Spanish. The department also offers the following undergraduate minors: Spanish and Portuguese.

• Major in Spanish (p. 548)
• Teaching of Spanish Concentration (p. 547)
• Major in Portuguese (p. 548)
• Minor in Spanish (p. 548)
• Minor in Portuguese (p. 548)
BASQ Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/BASQ)

**Basque Courses**

**BASQ 401 Beginners’ Basque** credit: 3 Hours.
Basic communication skills in Basque (listening, speaking, reading and writing). Introduction to basic information on Basque culture and history. 3 undergraduate hours. 3 graduate hours. Prerequisite: Four semesters or equivalent of Spanish, French or another Romance language.

**BASQ 402 Readings in Basque Studies** credit: 3 Hours.
Directed research providing individualized instruction on specific topics in Basque linguistics and culture. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 6 hours. Prerequisite: BASQ 401 or consent of instructor.

CATL Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/CATL)

**Catalan Courses**

**CATL 401 Intensive Catalan Language** credit: 3 Hours.
Intensive introduction to the Catalan language, appropriate for students familiar with another Romance language; emphasizes acquisition of the four basic skills, listening, speaking, writing, and reading, in order to achieve competence in the language. 3 undergraduate hours. 3 graduate hours. Prerequisite: Basic reading knowledge of another Romance language is helpful but not absolutely necessary.

**CATL 402 Studies in Catalan Literature** credit: 3 Hours.
Studies selected aspects of Catalan literature; taught in Catalan. Topics will be selected from among the major chronological periods and genres of Catalan literature; such as 20th century novel, Ramon Llull and Ausias March. The intention is to offer the student an in-depth view instead of an introductory overview. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 6 hours if topics vary. Prerequisite: CATL 401 or equivalent.

PORT Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PORT)

**Portuguese Courses**

**PORT 199 Undergraduate Open Seminar** credit: 1 to 5 Hours.
Approved for letter and S/U grading. May be repeated.

**PORT 200 Advanced Grammar** credit: 3 Hours.
The study of the structure of modern Portuguese in both its phonological and syntactic aspects for the student who already has a functional command of the language, with emphasis on developing ability to analyze and interpret grammatical structures. Prerequisite: PORT 202 or consent of instructor.

**PORT 201 Intensive Beginning Portuguese** credit: 4 Hours.
Accelerated language learning course designed for beginners, equivalent to two semesters. Early emphasis on production skills; comprehension-based skills will be introduced in rapid succession. Course designed for speakers and non-speakers of Romance languages. Some focus on those linguistics structures specific to Portuguese which differ significantly from equivalents in other Romance languages.

**PORT 202 Intensive Intermediate Portuguese** credit: 4 Hours.
Continued development of reading, writing and conversational skills. Completion of this course fulfills the third-semester level of Portuguese language instruction. Followed by a 200- or 300-level course in Portuguese, this course fulfills the fourth-semester level of Portuguese language instruction. Prerequisite: PORT 201 or consent of instructor.

**PORT 203 Readings in Portuguese** credit: 3 Hours.
Readings and discussion in Portuguese of a variety of texts by leading Luso-Brazilian writers covering various genres and themes. Designed to emphasize reading skills and discussion, rather than literary criticism. May be repeated if topics vary. Prerequisite: PORT 202 or equivalent.

**PORT 334 Brazilian Women's Lit Trans** credit: 3 Hours.
Study of gender, race and class in Brazil through the study of these issues as documented by women's voices. Beginning with an analysis of the early representation of women during the Portuguese colonization of the new world up to the present through translations of contemporary literature written by women. Requires no knowledge of Portuguese language. Same as GWS 334. This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

**PORT 406 Brazilian Film** credit: 3 Hours.
Study of the evolution of Brazilian cinema through selected films to explore the nature and development of contemporary Brazilian aesthetics. 3 undergraduate hours. 3 graduate hours. Prerequisite: PORT 320 recommended.

**PORT 410 Studies in Brazilian Lit** credit: 3 Hours.
3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 6 hours if topics vary. Prerequisite: Consent of instructor.

**PORT 435 Intro Romance Ling** credit: 3 or 4 Hours.
Same as FR 462, ITAL 435, LING 462, RMLG 435, and SPAN 435. See SPAN 435.

**PORT 460 Principles of Language Testing** credit: 3 or 4 Hours.
Same as EIL 460, EPSY 487, FR 460, GER 460, ITAL 460, SLS 460, and SPAN 460. See EIL 460.

**PORT 489 Theoretical Foundations of SLA** credit: 3 or 4 Hours.
Same as FR 481, GER 489, ITAL 489, LING 489 and SPAN 489. See LING 489.

SPAN Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SPAN)

**Spanish Courses**

**SPAN 103 Intermediate Spanish** credit: 4 Hours.
Continued development of reading, writing and conversational skills. Followed by SPAN 141 or SPAN 142, this course fulfills the Liberal Arts and Sciences foreign language requirement. Credit is not given for both SPAN 103 and SPAN 125. Prerequisite: SPAN 102 or SPAN 122, or equivalent placement score.

**SPAN 122 Intensive Elementary Spanish** credit: 4 Hours.
Intensive beginning Spanish, equivalent to the first two semesters, for students with little or no experience in Spanish or whose skills need refreshing. Prerequisite: None or assignment by placement exam. Students with no prior experience in Spanish who wish to work at a slower pace should enroll in SPAN 101 (online only). Students who have the equivalent of four or more years credit in Spanish at the secondary level with not receive credit for SPAN 122.
SPAN 141  Intro to Spanish Grammar  credit: 4 Hours.
Introduction to the major structures of Spanish, from a linguistic perspective. Taught entirely in Spanish, this course seeks to develop students’ formal knowledge of Spanish grammar. Credit is not given for both SPAN 141 and SPAN 142. Recommended for students who plan to major or minor in Spanish. Prerequisite: SPAN 103 or equivalent.

SPAN 142  Spanish in the Professions  credit: 4 Hours.
Introduction to Spanish in business, law/law enforcement, medical, education & social service fields, with a focus on the importance of bilingualism in the U.S., strategies for lifelong learning, and culture considerations. The development of functional use of Spanish within the professional context is the major focus of the course. Recommended for students who want to take SPAN 202. Students who plan to major or minor in Spanish should take SPAN 141. Credit is not given for both SPAN 142 and SPAN 141. Prerequisite: SPAN 103 or equivalent.

SPAN 191  Freshman Honors Tutorial  credit: 1 to 3 Hours.
Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars and associates. May be repeated to a maximum of 3 hours. Prerequisite: Consent of departmental honors adviser in Spanish.

SPAN 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
Approved for both letter and S/U grading. May be repeated.

SPAN 200  Readings in Hispanic Texts  credit: 3 Hours.
Readings and discussion in Spanish of a variety of texts by leading Hispanic and Hispanic-American writers covering genres and themes; designed to emphasize reading, discussion, and enjoyment rather than literary criticism. Open to non-Spanish majors. Credit may be received by Advanced Placement “Language” or “Literature” examination. Prerequisite: SPAN 141 or equivalent.

SPAN 202  Spanish for Business  credit: 3 Hours.
Introduction to vocabulary of Hispanic commerce; composition of business letters and similar texts. Prerequisite: SPAN 142 or consent of instructor.

SPAN 204  Practical Review of Spanish  credit: 3 Hours.
Review of major challenges in Spanish grammar, including the verb system (major tenses and moods, morphology, and aspect), areas of contrast with English, and some lexical/semantic issues. Prerequisite: SPAN 141 or equivalent.

SPAN 208  Oral Spanish  credit: 3 Hours.
Practice in speaking Spanish; to be taken concurrently with or subsequent to SPAN 204; meets four hours per week. Prerequisite: SPAN 141 or equivalent.

SPAN 228  Spanish Composition  credit: 3 Hours.
Basic composition course; problems of written Spanish and principles of Spanish stylistic patterns; weekly written exercises. Prerequisite: Credit or concurrent enrollment in SPAN 204.

SPAN 232  Spanish in the Community  credit: 3 Hours.
Through community-based learning, this course introduces students to Spanish-speaking communities in the Champaign-Urbana area, focuses on issues of particular interest to the local Hispanic community, helps develop contextualized oral proficiency and facilitates student civic engagement. Active student reflection is structured throughout the course. Meets two hours a week in class and two hours a week in community-based service work. In their interactions with community members and organizations students both learn from and contribute to the community. Prerequisite: SPAN 208 with at least a B or consent of instructor.

SPAN 240  Latina/o Popular Culture  credit: 3 Hours.
Same as ENGL 224 and LLS 240. See LLS 240.

SPAN 242  Intro to Latina/o Literature  credit: 3 Hours.
Same as ENGL 225 and LLS 242. See LLS 242. This course satisfies the General Education Criteria for: UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

SPAN 246  Gender & Sexuality Latina/o Lit  credit: 3 Hours.
Examination of questions of gender, sexuality, and identity in contemporary Latina/Latino culture through a discussion of novels, performance pieces, essays and films. Spanish majors must complete writing assignments in Spanish. Same as LLS 246. Prerequisite: 200-level course in LLS literature or culture, or SPAN 200. This course satisfies the General Education Criteria for: UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

SPAN 250  Intro to Literary Analysis  credit: 3 Hours.
An introduction to literary analysis and interpretation. Emphasis will be placed upon close reading and critical analysis of texts representing different genres and periods in Spanish and Spanish America. Prerequisite: SPAN 200, SPAN 204, and SPAN 228.

SPAN 252  Intro to Hispanic Linguistics  credit: 3 Hours.
Introduction to Spanish phonology, syntax, sociolinguistics, dialectology, and history of the language; includes an overview and opportunity to examine an issue in each area in detail. Prerequisite: SPAN 200, SPAN 204, and SPAN 228.

SPAN 254  Intro to Cultural Analysis  credit: 3 Hours.
Introduction to the analysis of culture as concept, practice and representation, including consideration of the debates that the idea of culture has provoked in different contexts. Provides analytical and methodological tools to discuss a full range of cultural forms. Special emphasis on issues of culture and representation, as well as on the notion of cultural difference(s). The theoretical and critical texts studies will represent diverse geographical and cultural locations. Examples and discussion will emphasize cultural issues in the context of Spain, Latin America and U.S. Latinas/os. Prerequisite: SPAN 200, SPAN 204, and SPAN 228.

SPAN 259  Topics Lit and Culture Studies  credit: 3 Hours.
Selected topics in Spanish, Latin American and/or Latina/o literature and cultural studies. Specific topics may vary depending on the instructor. Course taught in Spanish. May be repeated in separate terms to a maximum of 6 hours. Prerequisite: SPAN 200, SPAN 204, and SPAN 228.

SPAN 295  Study Abroad  credit: 0 to 18 Hours.
Non-advanced level course in Spanish language, literature, history, culture, and/or civilization completed in a Study Abroad program in Spain or Latin America. May be repeated in the same term to a maximum of 18 hours. May be repeated in separate terms to a maximum of 36 hours. Prerequisite: SPAN 141, SPAN 142 or equivalent.

SPAN 303  The Sounds of Spanish  credit: 3 Hours.
Practical, introductory course to Spanish phonetics, stressing practice in pronunciation. May be offered as intensive eight-week course. Prerequisite: SPAN 252.

SPAN 305  The Structure of Spanish  credit: 3 Hours.
Intensive study and analysis of Spanish grammar including tense, aspect, and mood; morphological problems; syntactic variation; style in oral and written expression; brief discussion of dialectal variation. Prerequisite: SPAN 252.
SPAN 307  Bilingualism  credit: 3 Hours.
Introduction to the fundamental issues in the study of bilingualism as an individual and social phenomenon, with special emphasis on Spanish bilingual communities in the United States, Spain and Latin America. The course is taught in Spanish. Prerequisite: SPAN 252.

SPAN 308  Spanish in the United States  credit: 3 Hours.
Descriptive and critical overview of the linguistic practices of the different Spanish-speaking communities in the U.S. The main objective of the course is to develop critical and linguistic awareness about the relationship among language, individual, and society. Special emphasis on historical migration patterns and settlements, characteristics of Spanish in contact with English, and language use and attitude patterns. Same as LLS 308. Prerequisite: SPAN 252.

SPAN 309  Varieties of Spoken Spanish  credit: 3 Hours.
Relationship between language, individual and society in the context of the spread of Spanish in the world, concentrating on Spanish varieties spoken in Spain and Latin America, including the United States, but will also give an overview of Spanish in Africa (Equatorial Guinea, Morocco), and other parts of the world (Israel, Turkey, the Philippines). Prerequisite: SPAN 252.

SPAN 310  Premodern Span Lit & Cultures  credit: 3 Hours.
A critical analysis of selected texts and authors representative of the Medieval and Early Modern periods in the context of Iberian cultures. Particular emphasis on the relationship between cultural practices and the construction of national identities prior to 1700, as well as on the plurality of cultures that shaped what is now Spain. Specific sections may emphasize critical topics such as gender, ideology, literary form, nationalisms, race, and sexuality, among others. Prerequisite: SPAN 250 or SPAN 254.

SPAN 312  Modern Spanish Lit & Cultures  credit: 3 Hours.
Critical analysis of selected texts and periods representative of Spain's literary production from the 18th century to the present, with special attention paid to broader literary and cultural contexts. Specific sections may emphasize critical topics such as gender, ideology, literary form, nationalisms, race, and sexuality, among others. Prerequisite: SPAN 250 or SPAN 254.

SPAN 314  Latin Am Lit & Cult to 1800  credit: 3 Hours.
Critical analysis of selected texts and periods representatives of Latin American literary and cultural production from Pre-Columbian until 1800, with special attention paid to broader literary and cultural contexts. Specific sections may emphasize critical topics such as gender, ideology, literary form, nationalisms, race, and sexuality, among others. Prerequisite: SPAN 250 or SPAN 254.

SPAN 316  Latin Am Lit & Cult from 1800  credit: 3 Hours.
Critical analysis of selected texts and periods representative of Latin American literary and cultural production from 1800 to present, with special attention paid to broader literary and cultural contexts. Specific sections may emphasize critical topics such as gender, ideology, literary form, nationalisms, race, and sexuality, among others. Prerequisite: SPAN 250 or SPAN 254.

SPAN 318  Spanish Cultural Studies I  credit: 3 Hours.
A critical analysis of historical events, institutions, artistic production, symbols and values representative of Spanish (Iberian) cultures. Particular emphasis on the relationship between specific cultural practices and/or values and the construction of national identities prior to 1700. May be repeated in separate terms to a maximum of 6 hours, if topics vary. Prerequisite: SPAN 254.

SPAN 320  Spanish Cultural Studies II  credit: 3 Hours.
Critical analysis of selected historical events, artistic production, debates, symbols and values representative of Spanish (Iberian) cultures in the modern and contemporary periods. Particular emphasis on the relationship between cultural practices and national identities, as well as on contextualized analysis of different types of cultural phenomena. May be repeated in separate terms to a maximum of 6 hours, if topics vary. Prerequisite: SPAN 254.

SPAN 324  Cultural Studies Americas I  credit: 3 Hours.
Examination of the complexities, ramifications and ambiguities of the cultural encounters, processes and expressions which took place in Latin America between different racial and ethnic groups from Pre-Columbian times to the 1800. Particular emphasis will be placed on the critical analysis of major cultural events, periods and issues that influenced the formation of identities in these territories. May be repeated in separate terms to a maximum of 6 hours. Prerequisite: SPAN 254.

SPAN 326  Cultural Studies Americas II  credit: 3 Hours.
Panoramic view of Latin American cultures since the end of the colonial period (roughly 1820) to the present. Examination of the major debates, authors and cultural issues that shaped those cultures or that were shaped by them. Specific themes may vary by semester, and may include the following: slavery, colonialism and neocolonialism, revolution, mestizaje, gender, the state, and modernization. Analysis will include diverse cultural phenomena, as well as consideration of cultural perspectives and practices. May be repeated in separate terms to a maximum of 6 hours, if topics vary. Prerequisite: SPAN 254.

SPAN 332  Spanish and Entrepreneurship  credit: 3 Hours.
Entrepreneurship means more than starting a business. This course emphasizes social entrepreneurship, in which the basic process of entrepreneurship-opportunity recognition, resource gathering and value creation is used to address social issues, not to create profits. Students do community-based learning in non-profits serving the local Spanish-speaking community, thereby building their language skills, acquiring cultural knowledge and gaining hands-on experience with social entrepreneurship (theory and practice). Each week class meets two hours in class and two hours in community-based service work. Prerequisite: SPAN 232 with minimum grade of B or consent of instructor.

SPAN 395  Adv Topics Lit & Culture St  credit: 3 Hours.
Selected topics in Spanish, Latin American and/or Latina/o literatures and cultural studies. Specific topics may vary. May be repeated in separate terms to a maximum of 6 hours. Prerequisite: One 300-level course in Spanish/Latin American literature and one 300-level course in Spanish/Latin American Cultural Studies.

SPAN 399  Advanced Study Abroad  credit: 0 to 18 Hours.
Advanced level course in Spanish language, literature, history, culture, and/or civilization completed in a Study Abroad program taking place in Spain and Latin America. May be repeated to a maximum of 36 hours. Prerequisite: SPAN 204 and completion of or concurrent enrollment in SPAN 228.

SPAN 410  Spanish/English Translation  credit: 3 or 4 Hours.
Review of current translation theory and analysis and practice of the translation from Spanish to English (and vice versa) of a variety of text types, ranging from short literary texts to everyday commercial discourse such as that found on product labels. Emphasis on linguistic and cultural aspects of literary discourses as well as non-literary texts. Conducted in Spanish. Same as TRST 412. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 250, SPAN 252, and SPAN 254; or consent of instructor.
SPAN 418  Language & Minorities in Europe  credit: 3 or 4 Hours.
Same as FR 418, GER 418, ITAL 418, LING 418, PS 418, and SLAV 418. See FR 418.

SPAN 430  Spanish Phonology  credit: 3 or 4 Hours.
Systematic introduction to the sound structures of Spanish, concentrating on recent contributions of theoretical linguistics to the understanding of the phonology of Spanish in its standard and selected dialectal varieties. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 303.

SPAN 431  Spanish Morphology  credit: 3 or 4 Hours.
Introductory course to basic concepts of morphological structure and word formation from a functional perspective. The course centers around the specific morphological characteristics of Spanish, considering historical and dialectal variation. Taught in Spanish. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 305 or equivalent; or consent of instructor.

SPAN 432  Spanish Syntax  credit: 3 or 4 Hours.
Systematic introduction to the foundations of Spanish syntax based on standard and more recent treatments of Spanish and syntactic theory. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 305 or consent of instructor.

SPAN 433  Spanish Sociolinguistics  credit: 3 or 4 Hours.
Introduction to the sociolinguistic variation (social, historical, and dialectal) of Spanish-speaking communities, and to the basic theoretical and methodological concepts of sociolinguistic research. Taught in Spanish. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 307 or SPAN 309; or consent of instructor.

SPAN 434  History Spanish Lang  credit: 3 or 4 Hours.
Study of the historical evolution of the Spanish language, from its origins in Latin to its spread and development in Spain and Latin America, considering also the influence of other languages on Spanish. Both internal history (changes in phonology, morphology, syntax and lexicon) and external history are examined. Taught in Spanish. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 252 or equivalent introduction to Spanish or General Linguistics.

SPAN 435  Intro Romance Ling  credit: 3 or 4 Hours.
Comparative and historical analysis of the Romance languages. Same as FR 462, ITAL 435, LING 462, PORT 435, and RMLG 435. 3 undergraduate hours. 4 graduate hours. Prerequisite: Four semesters of a Romance language or Latin, or equivalent; LING 100, SPAN 252, FR 416, or equivalent.

SPAN 436  History of Translation  credit: 3 or 4 Hours.
Same as CLCV 430, CWL 430, ENGL 486, GER 405, SLAV 430, and TRST 431. See SLAV 430.

SPAN 437  The Acquisition of Spanish  credit: 3 or 4 Hours.
Examination of the acquisition of Spanish by monolinguals, bilinguals, and second language learners. After a general introduction to theories of language acquisition, the focus of the course is on empirical investigations of the acquisition of the phonology, lexicon, morphology and syntax of Spanish by each to the learner groups listed above. Taught in Spanish. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 303 and SPAN 305 or equivalent, or consent of instructor.

SPAN 442  US Latina Lit and Iconography  credit: 3 or 4 Hours.
Same as LLS 442 and GWS 445. See LLS 442.

SPAN 460  Principles of Language Testing  credit: 3 or 4 Hours.
Same as EIL 460, EPSY 487, FR 460, GER 460, ITAL 460, PORT 460, and SLS 460. See EIL 460.

SPAN 461  Medieval Spanish Studies  credit: 3 or 4 Hours.
An introduction to major works and writers before 1500 with special attention to their political and cultural contexts. 3 undergraduate hours. 4 graduate hours. May be repeated as topics vary, to a maximum of 6 undergraduate hours or 8 graduate hours. Prerequisite: SPAN 310 and SPAN 318.

SPAN 462  Early Modern Spanish Studies  credit: 3 or 4 Hours.
Study of the major authors and texts of the early modern period (Renaissance and Baroque) with particular attention to the cultural and political contexts of sixteenth and seventeenth century Span. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours if topic varies. Prerequisite: SPAN 310 and SPAN 318.

SPAN 463  18-19th c Spanish Studies  credit: 3 or 4 Hours.
Selected literary and non-literary texts published in Spanish during the 18th and 19th centuries. Focus on analysis of literary and other manifestations of major cultural movements and artistic currents and preoccupations. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours as topic varies. Prerequisite: SPAN 312 and SPAN 320.

SPAN 464  Spanish Studies 1898-1960  credit: 3 or 4 Hours.
Selected literary and non-literary texts published in Spain between 1898-1960. Focus on analysis of literary and other manifestations of major cultural movements and artistic currents and preoccupations. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours as topic varies. Prerequisite: SPAN 312 and SPAN 320.

SPAN 465  20th-21st c Spanish Studies  credit: 3 or 4 Hours.
Examines the cultural production of 20th and 21st century Spain, with emphasis on major works, critical movements and debates. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours if topic varies. Prerequisite: SPAN 312 and SPAN 320.

SPAN 466  Colonial Span Amer Studies  credit: 3 or 4 Hours.
In-depth study of colonial Spanish American discursive and cultural production from Pre-Hispanic times to the eighteenth century. Emphasis is placed upon the intellectual and cultural climate from which these texts emerged. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours if topic varies. Prerequisite: SPAN 314 and SPAN 324.

SPAN 467  19th C Sp American Studies  credit: 3 or 4 Hours.
Provides a panoramic view of literary and cultural production in Spanish America between 1810 and 1900. Special attention paid to the emergence of "national literatures" within specific historical and political contexts. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours if topic varies. Prerequisite: SPAN 316 and SPAN 326.

SPAN 468  20th-21st c Span Am Studies  credit: 3 or 4 Hours.
Examines major works, critical movements and/or theoretical issues in the 20th and 21st century Spanish American literary and cultural studies. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours if topic varies. Prerequisite: SPAN 316 and SPAN 326.
SPAN 471 Intro Second Lang Learn Tchg credit: 4 Hours.
Introduction to models of communication and communicative competence, contemporary approaches to language teaching, current research in second language acquisition, and issues and perspectives on languages testing. Includes twenty-four early field experiences in local schools. Same as CHIN 471, FR 471, GER 469, HUM 471, JAPN 471, LAT 471, and RUSS 471. 4 undergraduate hours. No graduate credit. Prerequisite: Sophomore standing and enrollment in a teacher education curriculum, or consent of instructor. Early field experiences require Illinois State criminal background check and annual bloodborne pathogen training (see Council on Teacher Education for questions).

SPAN 475 Intro to Comm Lang Tchg credit: 4 Hours.
Course focuses on the development of appropriate language teaching materials based on theory and research in classroom language learning. Emphasis is on skill development and testing as well as lesson planning. Includes twenty-eight early field experiences in the form of microteachings and observations in local schools. Same as CHIN 475, FR 475, GER 475, JAPN 475, LAT 475, and RUSS 475. 4 undergraduate hours. No graduate credit. Prerequisite: SPAN 471 and enrollment in a teacher education curriculum, or consent of instructor.

SPAN 477 Span Grammar Comm Lang Tchg credit: 3 Hours.
Survey of major Spanish syntactic and morphological patterns with particular emphasis on the acquisition of Spanish grammar by non-native speakers. Students will develop a sensitivity for appropriate teaching of Spanish grammar. 3 undergraduate hours. No graduate credit. Required for teacher education. Prerequisite: SPAN 475 or consent of instructor.

SPAN 478 Topics Secondary Lang Tchg credit: 4 Hours.
Course provides an overview of some day-to-day issues in contemporary language teaching in the secondary context. Topics include discipline and classroom management, organization, lesson and unit planning, instructional methods, assessment/evaluation, clinical work, standards, technology, among others. Course is the first 10 weeks of instruction in the fall semester (DFR grade for fall) and the first 4 weeks of instruction in the spring semester (grade reported for Spring). At the end of the 14 week course, students will have completed the requirements of Early Field Experience which satisfies the ISBE/CoTE requirement that teacher candidates meet all EFE hours prior to Student Teaching. Same as CHIN 478, FR 478, GER 478, JAPN 478, LAT 478, and RUSS 478. 4 undergraduate hours. No graduate credit. Prerequisite: Enrollment in a teacher education program and completion of SPAN 471 and SPAN 475.

SPAN 489 Theoretical Foundations of SLA credit: 3 or 4 Hours.
Same as FR 481, GER 489, ITAL 489, LING 489, and PORT 489. See LING 489.

SPAN 490 Advanced Readings in Spanish credit: 0 to 3 Hours.
Directed reading course intended to develop an advanced student's interest in a special area of Hispanic linguistics or literature (author, genre, period, group of works, etc.). Topics to be chosen in consultation with an advisor. Only topics not covered in regular offerings will be considered. 0 to 3 undergraduate hours. No graduate credit. May be repeated if topics vary. Prerequisite: SPAN 252 for linguistics topics; and any two of SPAN 310, SPAN 312, SPAN 314, or SPAN 316 for literature topics.

SPAN 491 Topics for Honors Students credit: 1 to 3 Hours.
For candidates for honors in Spanish; intensive study of topics in Hispanic literature or linguistics. 1 to 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. Prerequisite: Consent of instructor and of departmental honors advisor.

------

Curriculum Preparatory to the Teaching of Spanish

For the Degree of Bachelor of Arts in the Teaching of Spanish

E-mail: sip@illinois.edu

In order to remain in good standing in this program and be recommended for certification, candidates are required to maintain UIUC, cumulative, content area, and professional education, grade-point averages of 2.5 (A= 4.0). Candidates should consult their advisor or the Council on Teacher Education for the list of courses used to compute these grade-point averages.

Minimum required course work normally equates to 33-36 hours in Teaching Area of Concentration and 29 hours of professional education courses.

Minimum hours required for graduation: A minimum of 123 hours of credit is required for graduation.

General education: Consult the Curricula Preparatory to Teaching Foreign Languages (p. 304).

Departmental distinction: To be eligible for departmental distinction, a student must have a minimum grade point average of 3.0, display exceptional teaching ability, and complete an approved project or series of projects. Consult the Spanish teacher education adviser for details.

Foreign study: It is strongly recommended that future teachers of Spanish engage in one or more semesters of study in a Spanish-speaking country. A number of the curricular requirements listed above may be met through the Year Abroad Program or other approved programs; see Study Abroad Programs (http://www.sip.illinois.edu/studyabroad/spanish).

Professional education courses. (See Foreign Languages: Curricula Preparatory to Teaching Foreign Languages.) (p. 304)

Teaching Area of Concentration: Spanish

Spanish Electives. Choose 5 SPAN courses, at least 4 of which must be at the 300 or 400 level and no more than 2 of which may be taught in English; Chosen from a list maintained in the Spanish Advisor’s Office.

Additional courses in Portuguese literature/culture beyond the 100 level

Supporting course work or a minor in a related area of study chosen by the student and approved by the adviser.

There is a wide choice of supporting courses because the student’s interests may vary from Iberian literature to animal husbandry in Angola and urbanology in Brazil. Supporting areas may include humanities (comparative literature, comparative religion, linguistics, philosophy), social sciences (anthropology, geography, history, Latin American studies, political science, sociology), education, fine and applied arts, and/or journalism. Other fields, or groups of fields, may be approved by the Portuguese undergraduate adviser. ¹

¹ A minor consists of a minimum of 18 hours.

Twenetwelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

A minor generally consists of 18-21 hours.

Twelve hours of 300 and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the Student Affairs Office before the end of the fourth semester (48-60 hours). Please see your adviser.

## Statistics

Douglas G. Simpson
101 Illini Hall, 725 South Wright St., Champaign, IL 61820
PH: (217) 333-2167
http://www.stat.illinois.edu

Statistics is the science of modeling, summarizing, and analyzing data, and of using mathematics and computing tools to make predictions and decisions in the face of uncertainty. Statistical ideas are applicable in any area involving quantitative measurement and in almost every area of scholarly pursuit. The major, administered by the Department of Statistics, is designed to provide students with an understanding of the concepts of statistical inference and a familiarity with the methods of applied statistical analysis. A major in statistics will prepare students for a career in business, industry, or government, and for further graduate study in statistics or in a related area.

- Major in Statistics (p. 551)
- Major in Statistics and Computer Science (p. 553)

### Minor in Statistics

- Applied Status Track Minor (p. 553)
- Mathematical Statistics Track Minor (p. 553)

The minor, administered by the Department of Statistics, is designed to provide students with an understanding of the concepts of statistical inference and a familiarity with the methods of applied statistical analysis. A minor in statistics will assist students with their major field of study to better prepare them for a career in their chosen field. It will also prepare students to for graduate studies in statistics or in one of many areas where data analysis plays an important role. Interested students should contact the Statistics undergraduate advisor for admission into the minor. Students should have completed the calculus sequence through MATH 241 before entering the minor. Students must choose from either the Applied or Mathematical Statistics Track.

STAT Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/STAT)

---

### Courses

#### STAT 100  Statistics  credit: 3 Hours.

First course in probability and statistics at a precalculus level; emphasizes basic concepts, including descriptive statistics, elementary probability, estimation, and hypothesis testing in both nonparametric and normal models. Credit is not given for both STAT 100 and any one of the following: ECON 202, PSYC 235, or SOC 485. Prerequisite: MATH 012. This course satisfies the General Education Criteria for:

- UIUC: Quant Reasoning I

#### STAT 200  Statistical Analysis  credit: 3 Hours.

Survey of statistical concepts, data analysis, designed and observational studies and statistical models. Statistical computing using a statistical package such as R or a spreadsheet. Topics to be covered include data summary and visualization, study design, elementary probability, categorical data, comparative experiments, multiple linear regression, analysis of variance, statistical inferences and model diagnostics. May be taken as a first statistics course for quantitatively oriented students, or as a second course to follow a basic concepts course. This course satisfies the General Education Criteria for:

- UIUC: Quant Reasoning I

#### STAT 212  Biostatistics  credit: 3 Hours.

Application of statistical reasoning and statistical methodology to biology. Topics include descriptive statistics, graphical methods, experimental design, probability, statistical inference and regression. In addition, techniques of statistical computing are covered. Credit is not given for both STAT 212 and STAT 200. This course satisfies the General Education Criteria for:

- UIUC: Quant Reasoning I

#### STAT 385  Statistics Programming Methods  credit: 3 Hours.

Statisticians must be savvy in programming methods useful to the wide variety of analysis that they will be expected to perform. This course provides the foundation for writing and packaging statistical algorithms through the creation of functions and object oriented programming. Fundamental programming techniques and considerations will be emphasized. Students will also create dynamic reports that encapsulate their implemented algorithms. Students must have access to a computer on which they can install software. Prerequisite: STAT 200 or STAT 212.

#### STAT 390  Individual Study  credit: 1 or 2 Hours.

May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.

#### STAT 391  Honors Individual Study  credit: 1 or 2 Hours.

May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.

#### STAT 400  Statistics and Probability I  credit: 4 Hours.

Introduction to mathematical statistics that develops probability as needed; includes the calculus of probability, random variables, expectation, distribution functions, central limit theorem, point estimation, confidence intervals, and hypothesis testing. Offers a basic one-term introduction to statistics and also prepares students for STAT 410. Same as MATH 463. 4 undergraduate hours. 4 graduate hours. Prerequisite: MATH 241 or equivalent.

Information listed in this catalog is current as of 10/2015
STAT 408 Actuarial Statistics I credit: 4 Hours.
Examines elementary theory of probability, including independence, conditional probability, and Bayes’ theorem; combinations and permutations; random variables, expectations, and probability distributions; joint and conditional distributions; functions of random variables; sampling; central limit theorem. Same as MATH 408. 4 undergraduate hours. 4 graduate hours. Credit is not given for both STAT 408 and either MATH 461 or STAT 400. Prerequisite: MATH 241 or equivalent.

STAT 409 Actuarial Statistics II credit: 4 Hours.
Continuation of STAT 408. Examines parametric point and interval estimation, including maximum likelihood estimation, sufficiency, completeness, and Bayesian estimation; hypothesis testing; linear models; regression and correlation. Same as MATH 409. 4 undergraduate hours. 4 graduate hours. Credit is not given for both STAT 409 and STAT 410. Prerequisite: STAT 408.

STAT 410 Statistics and Probability II credit: 3 or 4 Hours.
Continuation of STAT 400. Includes moment-generating functions, transformations of random variables, normal sampling theory, sufficiency, best estimators, maximum likelihood estimators, confidence intervals, most powerful tests, unbiased tests, and chi-square tests. Same as MATH 464. 3 undergraduate hours. 4 graduate hours. Credit is not given for both STAT 410 and STAT 409. Prerequisite: STAT 400; or STAT 100 and MATH 461.

STAT 420 Methods of Applied Statistics credit: 3 or 4 Hours.
Systematic, calculus-based coverage of the more widely used methods of applied statistics, including simple and multiple regression, correlation, analysis of variance and covariance, multiple comparisons, goodness of fit tests, contingency tables, nonparametric procedures, and power of tests; emphasizes when and why various tests are appropriate and how they are used. Same as MATH 469. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 408 or STAT 400; MATH 231 or equivalent; knowledge of basic matrix manipulations; or consent of instructor.

STAT 424 Analysis of Variance credit: 3 or 4 Hours.
Estimation and hypotheses testing in linear models; one-, two-, and higher-way layouts; incomplete layouts; analysis of covariance; and random effects models and mixed models. 3 undergraduate hours. 4 graduate hours. Prerequisite: Credit or concurrent registration in MATH 415 and STAT 410.

STAT 425 Applied Regression and Design credit: 3 or 4 Hours.
Explores linear regression, least squares estimates, F-tests, analysis of residuals, regression diagnostics, transformations, model building, factorial designs, randomized complete block designs, Latin squares, split plot designs. Computer work is an integral part of the course. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410.

STAT 426 Sampling and Categorical Data credit: 3 or 4 Hours.
Sampling: simple random, stratified, systematic, cluster, and multistage sampling. Categorical data: multiway contingency tables, maximum likelihood estimation, goodness-of-fit tests, model selection, logistic regression. Computer work is an integral part of the course. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410.

STAT 427 Statistical Consulting credit: 3 or 4 Hours.
Students, working in groups under the supervision of the instructor, consult with faculty and graduate students through the Statistical Consulting Service; readings from literature on consulting. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 425 or consent of instructor.

STAT 428 Statistical Computing credit: 3 or 4 Hours.
Examines statistical packages, numerical analysis for linear and nonlinear models, graphics, and random number generation and Monte Carlo methods. Same as CSE 428. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410 or equivalent; knowledge of a programming language.

STAT 429 Time Series Analysis credit: 3 or 4 Hours.
Studies theory and data analysis for time series; examines auto-regressive moving average model building and statistical techniques; and discusses spectral model building and statistical analysis using windowed periodograms and Fast Fourier Transformations. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410.

STAT 430 Topics in Applied Statistics credit: 3 or 4 Hours.
Formulation and analysis of mathematical models for random phenomena; extensive involvement with the analysis of real data; and instruction in statistical and computing techniques as needed. 3 undergraduate hours. 4 graduate hours. May be repeated with approval. Prerequisite: STAT 410 or STAT 420; or consent of instructor.

STAT 440 Statistical Data Management credit: 3 or 4 Hours.
The critical elements of data storage, data cleaning, and data extractions that ultimately lead to data analysis are presented. Includes basic theory and methods of databases, auditing and querying databases, as well as data management and data preparation using standard large-scale statistical software. Students will gain competency in the skills required in storing, cleaning, and managing data, all of which are required prior to data analysis. Same as CSE 440. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 400 or STAT 409.

STAT 443 Professional Statistics credit: 3 or 4 Hours.
This project-based course emphasizes written, visual, and oral communication of statistical results and conclusions. An introduction to statistical consulting is also provided. Additional topics include introductions to statistical methodologies in industry and aspects of careers in statistics. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 420 or consent of instructor.

STAT 448 Advanced Data Analysis credit: 4 Hours.
Several of the most widely used techniques of data analysis are discussed with an emphasis on statistical computing. Topics include linear regression, analysis of variance, generalized linear models, and analysis of categorical data. In addition, an introduction to data mining is provided considering classification, model building, decision trees, and cluster analysis. Same as CSE 448. 4 undergraduate hours. 4 graduate hours. Prerequisite: STAT 400 or STAT 409, and credit for or concurrent registration in STAT 410.

STAT 458 Math Modeling in Life Sciences credit: 3 or 4 Hours.
Same as ANSC 448 and IB 487. See ANSC 448.

STAT 466 Image and Neuroimage Analysis credit: 3 or 4 Hours.
Same as PSYC 466. See PSYC 466.
STAT 480  Data Science Foundations  credit: 3 or 4 Hours.
Examines the methods of data management and analysis for “big data”, characterized by high volume, variety, velocity, and veracity. Attention will be focused on advanced statistical analysis and visualization in data science applications employing parallel processing, storage and distribution techniques necessary for analysis of massive data sets. Data mining techniques, machine learning methods, and streaming technologies will be utilized for real-time analysis. Students must have access to a computer on which they can install software. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 425 and familiarity with high-level language (e.g. Python, Java, C, F#), and command line programming.

STAT 484  Ethical Practice of Statistics  credit: 3 or 4 Hours.
Same as PSYC 484. See PSYC 484.

Statistics

Douglas Simpson

Major in Sciences and Letters Curriculum

E-mail:stat-office@illinois.edu

Degree title: Bachelor of Science in Liberal Arts and Sciences

Minimum required major and supporting course work normally equates to 41-42 hours

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: Distinction will be awarded on the basis of the selection of 300- or 400-level courses and the grade point average in required courses. A GPA of 3.25 is required for Distinction, 3.5 for High Distinction, and 3.75 for Highest Distinction.

Calculus through MATH 241 - Calculus III: 11-12
Select one from: 3
- MATH 415  Applied Linear Algebra
- MATH 416  Abstract Linear Algebra

STAT 200  Statistical Analysis  3
or STAT 212  Biostatistics

STAT 400  Statistics and Probability I  4
STAT 410  Statistics and Probability II  3
STAT 420  Methods of Applied Statistics  3
STAT 425  Applied Regression and Design  3

Select four of the following: 12
- STAT 424  Analysis of Variance
- STAT 426  Sampling and Categorical Data
- STAT 427  Statistical Consulting
- STAT 428  Statistical Computing
- STAT 429  Time Series Analysis

STAT 340  Topics in Applied Statistics

STAT 440  Statistical Data Management

MATH 444  Elementary Real Analysis
or MATH 447  Real Variables

STAT 448  Advanced Data Analysis

Twelve hours of 300- or 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser in room 101 Illini Hall or phone (217)-333-2167.

STAT Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/STAT)

Courses

STAT 100  Statistics  credit: 3 Hours.
First course in probability and statistics at a precalculus level; emphasizes basic concepts, including descriptive statistics, elementary probability, estimation, and hypothesis testing in both nonparametric and normal models. Credit is not given for both STAT 100 and any one of the following: ECON 202, PSYC 235, or SOC 485. Prerequisite: MATH 012.
This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

STAT 200  Statistical Analysis  credit: 3 Hours.
Survey of statistical concepts, data analysis, designed and observational studies and statistical models. Statistical computing using a statistical package such as R or a spreadsheet. Topics to be covered include data summary and visualization, study design, elementary probability, categorical data, comparative experiments, multiple linear regression, analysis of variance, statistical inferences and model diagnostics. May be taken as a first statistics course for quantitatively oriented students, or as a second course to follow a basic concepts course.
This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

STAT 212  Biostatistics  credit: 3 Hours.
Application of statistical reasoning and statistical methodology to biology. Topics include descriptive statistics, graphical methods, experimental design, probability, statistical inference and regression. In addition, techniques of statistical computing are covered. Credit is not given for both STAT 212 and STAT 200.
This course satisfies the General Education Criteria for: UIUC: Quant Reasoning I

STAT 385  Statistics Programming Methods  credit: 3 Hours.
Statisticians must be savvy in programming methods useful to the wide variety of analysis that they will be expected to perform. This course provides the foundation for writing and packaging statistical algorithms through the creation of functions and object oriented programming. Fundamental programming techniques and considerations will be emphasized. Students will also create dynamic reports that encapsulate their implemented algorithms. Students must have access to a computer on which they can install software. Prerequisite: STAT 200 or STAT 212.

STAT 390  Individual Study  credit: 1 or 2 Hours.
May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.
STAT 391  Honors Individual Study  credit: 1 or 2 Hours.
May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.

STAT 400  Statistics and Probability I  credit: 4 Hours.
Introduction to mathematical statistics that develops probability as needed; includes the calculus of probability, random variables, expectation, distribution functions, central limit theorem, point estimation, confidence intervals, and hypothesis testing. Offers a basic one-term introduction to statistics and also prepares students for STAT 410. Same as MATH 463. 4 undergraduate hours. 4 graduate hours. Prerequisite: MATH 241 or equivalent.

STAT 408  Actuarial Statistics I  credit: 4 Hours.
Examines elementary theory of probability, including independence, conditional probability, and Bayes' theorem; combinations and permutations; random variables, expectations, and probability distributions; joint and conditional distributions; functions of random variables; central limit theorem. Same as MATH 408. 4 undergraduate hours. 4 graduate hours. Credit is not given for both STAT 408 and either MATH 461 or STAT 400. Prerequisite: MATH 241 or equivalent.

STAT 409  Actuarial Statistics II  credit: 4 Hours.
Continuation of STAT 408. Examines parametric point and interval estimation, including maximum likelihood estimation, sufficiency, completeness, and Bayesian estimation; hypothesis testing; linear models; regression and correlation. Same as MATH 409. 4 undergraduate hours. 4 graduate hours. Credit is not given for both STAT 409 and STAT 410. Prerequisite: STAT 408.

STAT 410  Statistics and Probability II  credit: 3 or 4 Hours.
Continuation of STAT 400. Includes moment-generating functions, transformations of random variables, normal sampling theory, sufficiency, best estimators, maximum likelihood estimators, confidence intervals, most powerful tests, unbiased tests, and chi-square tests. Same as MATH 463. 3 undergraduate hours. 4 graduate hours. Credit is not given for both STAT 410 and STAT 409. Prerequisite: STAT 400; or STAT 100 and MATH 461.

STAT 420  Methods of Applied Statistics  credit: 3 or 4 Hours.
Systematic, calculus-based coverage of the more widely used methods of applied statistics, including simple and multiple regression, correlation, analysis of variance and covariance, multiple comparisons, goodness of fit tests, contingency tables, nonparametric procedures, and power of tests; emphasizes when and why various tests are appropriate and how they are used. Same as MATH 469. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 408 or STAT 400; MATH 231 or equivalent; knowledge of basic matrix manipulations; or consent of instructor.

STAT 424  Analysis of Variance  credit: 3 or 4 Hours.
Estimation and hypotheses testing in linear models; one-, two-, and higher-way layouts; incomplete layouts; analysis of covariance; and random effects models and mixed models. 3 undergraduate hours. 4 graduate hours. Prerequisite: Credit or concurrent registration in MATH 415 and STAT 410.

STAT 425  Applied Regression and Design  credit: 3 or 4 Hours.
Explores linear regression, least squares estimates, F-tests, analysis of residuals, regression diagnostics, transformations, model building, factorial designs, randomized complete block designs, Latin squares, split plot designs. Computer work is an integral part of the course. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410.

STAT 426  Sampling and Categorical Data  credit: 3 or 4 Hours.
Sampling: simple random, stratified, systematic, cluster, and multi-stage sampling. Categorical data: multiway contingency tables, maximum likelihood estimation, goodness-of-fit tests, model selection, logistic regression. Computer work is an integral part of the course. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410.

STAT 427  Statistical Consulting  credit: 3 or 4 Hours.
Students, working in groups under the supervision of the instructor, consult with faculty and graduate students through the Statistical Consulting Service; readings from literature on consulting. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 425 or consent of instructor.

STAT 428  Statistical Computing  credit: 3 or 4 Hours.
Examines statistical packages, numerical analysis for linear and nonlinear models, graphics, and random number generation and Monte Carlo methods. Same as CSE 428. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410 or equivalent; knowledge of a programming language.

STAT 429  Time Series Analysis  credit: 3 or 4 Hours.
Studies theory and data analysis for time series; examines auto-regressive moving average model building and statistical techniques; and discusses spectral model building and statistical analysis using windowed periodograms and Fast Fourier Transformations. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410.

STAT 430  Topics in Applied Statistics  credit: 3 or 4 Hours.
Formulation and analysis of mathematical models for random phenomena; extensive involvement with the analysis of real data; and instruction in statistical and computing techniques as needed. 3 undergraduate hours. 4 graduate hours. May be repeated with approval. Prerequisite: STAT 410 or STAT 420; or consent of instructor.

STAT 440  Statistical Data Management  credit: 3 or 4 Hours.
The critical elements of data storage, data cleaning, and data extractions that ultimately lead to data analysis are presented. Includes basic theory and methods of databases, auditing and querying databases, as well as data management and data preparation using standard large-scale statistical software. Students will gain competency in the skills required in storing, cleaning, and managing data, all of which are required prior to data analysis. Same as CSE 440. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 400 or STAT 409.

STAT 443  Professional Statistics  credit: 3 or 4 Hours.
This project-based course emphasizes written, visual, and oral communication of statistical results and conclusions. An introduction to statistical consulting is also provided. Additional topics include introductions to statistical methodologies in industry and aspects of careers in statistics. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 420 or consent of instructor.

STAT 448  Advanced Data Analysis  credit: 4 Hours.
Several of the most widely used techniques of data analysis are discussed with an emphasis on statistical computing. Topics include linear regression, analysis of variance, generalized linear models, and analysis of categorical data. In addition, an introduction to data mining is provided considering classification, model building, decision trees, and cluster analysis. Same as CSE 448. 4 undergraduate hours. 4 graduate hours. Prerequisite: STAT 400 or STAT 409, and credit for or concurrent registration in STAT 410.

STAT 458  Math Modeling in Life Sciences  credit: 3 or 4 Hours.
Same as ANSC 448 and IB 487. See ANSC 448.
STAT 466  Image and Neuroimage Analysis  credit: 3 or 4 Hours.  
Same as PSYC 466. See PSYC 466.

STAT 480  Data Science Foundations  credit: 3 or 4 Hours.  
Examines the methods of data management and analysis for "big data", 
characterized by high volume, variety, velocity, and veracity. Attention 
will be focused on advanced statistical analysis and visualization in 
data science applications employing parallel processing, storage and 
distribution techniques necessary for analysis of massive data sets. 
Data mining techniques, machine learning methods, and streaming 
technologies will be utilized for real-time analysis. Students must 
have access to a computer on which they can install software. 3 
undergraduate hours. 4 graduate hours. Prerequisite: STAT 425 and 
familiarity with high-level language (e.g. Python, Java, C, F#), and 
command line programming.

STAT 484  Ethical Practice of Statistics  credit: 3 or 4 Hours.  
Same as PSYC 484. See PSYC 484.

**Applied Statistics Track Minor**

Select one of the following:  
MATH 125 Elementary Linear Algebra  
MATH 225 Introductory Matrix Theory  
MATH 415 Applied Linear Algebra  

Select one of the following:  
ACE 261 Applied Statistical Methods  
CPSC 241 Intro to Applied Statistics  
ECON 202 Economic Statistics I  
EPSY 280 Elements of Statistics  
PSYC 235 Intro to Statistics  
STAT 100 Statistics  
SOC 280 Intro to Social Statistics  
STAT 200 Statistical Analysis  
or STAT 212 Biostatistics  
STAT 400 Statistics and Probability I  
STAT 420 Methods of Applied Statistics  
Choose one 300- or 400-level course from the list maintained 
by the department. Please see the Statistics advisor for a 
current list.

**Total Hours**  
18-21

**Mathematical Statistics Track Minor**

MATH 415  Applied Linear Algebra  
STAT 200  Statistical Analysis  
or STAT 212  Biostatistics  
STAT 400  Statistics and Probability I  
STAT 410  Statistics and Probability II  
or ECE 313  Probability with Engrg Applic  
Choose two 300- or 400-level courses from the list maintained 
by the department. Please see the Statistics advisor for a 
current list.

**Total Hours**  
19-20

1 Students who have completed STAT 408 and STAT 409 will not need to 
take STAT 400.

---

**Statistics and Computer Science**

This major is sponsored jointly by the Departments of Statistics and 
Computer Science. The Statistics and Computer Science major is 
designed for students who would like a strong foundation in computer 
science, coupled with significant advanced coursework in statistics. The 
major prepares students for professional or graduate work in statistics 
and computer science, and for applications of computing in which 
knowledge of statistics is particularly important, such as data mining and 
machine learning. See also Computer Science (p. 559), Mathematics 
(p. 475), Mathematics and Computer Science (p. 484), and Statistics 
(p. 549).

**Major in Sciences and Letters Curriculum**

E-mail: stat-office@illinois.edu or academic@cs.illinois.edu  
(academic@cs.uiuc.edu)

Degree title: Bachelor of Science in Liberal Arts and Sciences

Minimum required major and supporting course work normally equates to 
70-72 hours

General education: Students must complete the Campus General 
Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: To graduate with distinction requires a 
specified minimum grade point average in all Computer Science, 
Statistics, and Mathematics courses listed below. A GPA of 3.25 is 
required for Distinction, 3.5 for High Distinction, and 3.75 for Highest 
Distinction.

Calculus through MATH 241 - Calculus III  
MATH 415  Applied Linear Algebra  

**Required Computer Science Courses:**  
CS 125  Intro to Computer Science  
CS 173  Discrete Structures  
CS 225  Data Structures  
CS 233  Computer Architecture  
CS 241  System Programming  
CS 242  Programming Studio  
CS 357  Numerical Methods I  
CS 373  Theory of Computation  

**Required Statistics courses:**  
STAT 400  Statistics and Probability I  
STAT 410  Statistics and Probability II  

**Other Specified Requirements.** At least six other statistics, 
computer science, and mathematics courses, with at least 
one chosen from each of the following groups:

**Group I: Applied Statistics**

STAT 200  Statistical Analysis (or a 300 or 400-
level statistics course, with STAT 426 
recommended)  

**Group II: Analysis and Differential Equations**

MATH 347  Fundamental Mathematics  
MATH 441  Differential Equations  
MATH 444  Elementary Real Analysis

Information listed in this catalog is current as of 10/2015
MATH 447  Real Variables

Group III: Foundations
CS 473  Fundamental Algorithms
CS 475  Formal Models of Computation

Group IV: Software
CS 421  Progmr Languages & Compilers
CS 423  Operating Systems Design

Group V: Application software
CS 411  Database Systems
CS 418  Interactive Computer Graphics
CS 446  Machine Learning

Group VI: Linear Regression Analysis
STAT 420  Methods of Applied Statistics
STAT 424  Analysis of Variance
STAT 425  Applied Regression and Design

1  STAT 200 should be taken during the first 60 hours of course work (to provide the student with an early introduction to statistical concepts). The latter option of a 300 or 400-level statistics course is designed for students who wish to take STAT 400 before the junior year.

12 hours of 300 and 400-level courses must be taken on this campus.

All foreign language requirements must be satisfied.

Art History

David O'Brien
143 Art and Design Building, 408 East Peabody, Champaign
PH: (217) 333-0855
www.art.illinois.edu (http://www.art.illinois.edu)

Like the other humanities, the history of art as an undergraduate major offers an enrichment of and a preparation for life, rather than training for a specific occupation. The student who goes on to graduate work in the field can pursue a career in teaching, museum work, or employment in a commercial art gallery, or auction house.

Working in consultation with the LAS undergraduate adviser for art history in the School of Art and Design, each student will design a program of study that satisfies the requirements listed below. Students who wish to take a considerable number of studio courses as part of their major should enroll in the history of art option offered by the School of Art and Design within the College of Fine and Applied Arts.

For the Degree of Bachelor of Arts in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum
E-mail address: tweissma@illinois.edu

Minimum required major and supporting course work equates to 48 hours including 30 hours of Art History courses, 15 hours of supporting coursework and 3 hours of studio.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: To be eligible for distinction, a student must earn a high grade point average and complete at least 4 semester hours of independent research to write a senior research paper. See the undergraduate adviser for details.

Supporting Requirements in Art

Studio course in Art and Design 3

Supporting Requirements in Art History

Select three of the following: 1

ARTH 111  Ancient to Medieval Art
ARTH 112  Renaissance to Modern Art
ARTH 113  Introduction to African Art
ARTH 114  Introduction to East Asian Art
ARTH 115  Art in a Global Context

Art or Architectural History 200- to 400-level

ARTH 395  Junior Seminar in Art History 3
ARTH 495  Senior Seminar in Art History 3

One upper-level course from each of the following categories: 2

African or East Asian Art or Architecture

Art or Architectural History before 1700

200- to 400-level courses in supporting areas chosen with the approval of the adviser. Although the program in art history allows considerable latitude in the selection of such courses, they should be chosen with the goal of enhancing the student’s understanding of the cultural context within which works of art and architecture have been created. Recent practice suggests that supporting courses will most commonly be drawn from such fields as anthropology, classics, history, literature, music and dance history, philosophy, psychology, and religious studies.

1  Credit will not be given for ARTH 112 and ARTH 115.

2  Courses in the history of architecture, excluding ARCH 210, may be used with the approval of the adviser for as many as 9 hours of credit in meeting the requirement for 18 hours of art history at the 200-400 level.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied. For students considering graduate work in Art History French or German is strongly recommended for the foreign language requirement. Other languages including Chinese or Japanese may be used with the approval of the adviser as the needs of the student’s program dictate.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

ARTH Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/ARTH)

Information listed in this catalog is current as of 10/2015
Courses

ARTH 111  Ancient to Medieval Art  credit: 4 Hours.
Development of the visual arts in Western Europe and the Near East in their cultural contexts from prehistoric times until the early fifteenth century; includes Egyptian, Greek, Roman, and medieval art and architecture. Same as MDVL 111.
This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

ARTH 112  Renaissance to Modern Art  credit: 4 Hours.
Development of the visual arts in Western Europe and the United States in their cultural contexts from the early fifteenth century to the present. This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

ARTH 113  Introduction to African Art  credit: 4 Hours.
An introduction to the arts of Africa. Sculpture, textiles, architecture, body adornment, and performance will be examined on the basis of aesthetic, religious, political, and social contexts. The main emphasis will be on traditional art, although the course will address many changes and continuities within African art as evidenced in the late 20th century. The course will proceed geographically from western through central to eastern and southern Africa. Videos, music, and museum visits will complement the lectures.
This course satisfies the General Education Criteria for: UIUC: Non-Western Cultures

ARTH 114  Introduction to East Asian Art  credit: 4 Hours.
Thematic introduction to the visual arts of China and Japan, including calligraphy and painting, woodblock prints, sculpture, gardens and architecture. Same as EALC 114.
This course satisfies the General Education Criteria for: UIUC: Non-Western Cultures

ARTH 115  Art in a Global Context  credit: 4 Hours.
Introduces students to basic concepts necessary for understanding the visual arts. It orients students to the visual arts in a variety of international contexts, and in particular in our current globalizing world. This course can be used to fulfill either Western or Nonwestern general education categories, but not both.
This course satisfies the General Education Criteria for: UIUC: Literature and the Arts
UIUC: Non-Western Cultures
UIUC: Western Compartv Cult

ARTH 127  Sustainable Design  credit: 3 Hours.
This Grand Challenge Learning experience course is part of a 3-year pilot and is certified for General Education credit for Humanities (Philosophical Perspectives). This course prepares students to think about, act upon and share their growing knowledge of sustainable design practices. Initially we work to understand environmental philosophy and “systems thinking”; subsequently we turn to a range of design practices that proceed from this way of thinking. The emphasis is on active, engaged participation in a variety of learning activities, design challenges, and field experiences. Same as GCL 127. Prerequisite: Restricted to first-time new freshmen.
This course satisfies the General Education Criteria for: UIUC: HistPhilosoph Perspect

ARTH 137  Documenting Inequality  credit: 3 Hours.
This Grand Challenge Learning experience course is part of a 3-year pilot and is certified for General Education credit for Literature and the Arts. Through the study of documentary film, photography and other kinds of socially conscious art, this course explores how economic and social inequality affects the lives of children and minors in the U.S. Students will watch and critique documentaries made by artists and filmmakers in the areas of Education, Housing, and Law Enforcement; they will go behind the scenes at the Krannert Art Museum in order to investigate the museum’s documentary holdings; and they will make their own documentary projects. Final projects will be exhibited in the Krannert Art Museum at the end of the semester. Same as GCL 137. Prerequisite: Restricted to first-time new freshmen.
This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

ARTH 211  Design History Survey  credit: 3 Hours.
The historical, social and cultural context of design concentrating on manufactured products, communication, media and design from the Industrial Revolution to the present. Lectures, seminars and individual research projects.
This course satisfies the General Education Criteria for: UIUC: Literature and the Arts

ARTH 215  Greek Art  credit: 3 Hours.
Survey of architecture, sculpture, and painting of the Greek world from the geometric period to the beginning of the Christian era. Same as CLCV 217.

ARTH 217  Development of Ancient Cities  credit: 3 Hours.
Same as CLCV 231. See CLCV 231.
This course satisfies the General Education Criteria for: UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

ARTH 218  Ancient Greek Sanctuaries  credit: 3 Hours.
Same as CLCV 232 and RLST 232. See CLCV 232.

ARTH 222  Medieval Art  credit: 3 Hours.
The arts of Byzantium and Western Europe from the early Christian era to the Renaissance. Same as MDVL 222.

ARTH 230  Italian Renaissance Art  credit: 3 Hours.
Architecture, painting, and sculpture of Italy during the Renaissance.

ARTH 231  Northern Renaissance Art  credit: 3 Hours.
Architecture, painting, sculpture, and minor arts of Europe outside Italy in the fifteenth and sixteenth centuries. Same as MDVL 231.

ARTH 235  Baroque Art  credit: 3 Hours.
Studies European painting, sculpture, and graphic work during the period 1580 to 1700.

ARTH 240  Art of the Nineteenth Century  credit: 3 Hours.
Architecture, painting, sculpture, and minor arts of France, Germany, Spain, and England in the nineteenth century.

ARTH 241  20thCen European Art 1880-1940  credit: 3 Hours.
Survey of the major artists and artistic movements in European painting and sculpture from 1880-1940.
This course satisfies the General Education Criteria for: UIUC: Literature and the Arts
ARTh 249  American Visual Humor  credit: 3 Hours.
Investigates the mechanics of visual humor in nineteenth-century American visual and material culture, including graphic satire, painting, sculpture, comics, and early film. Considers this material in the context of social and political attitudes, styles of communication, consumer culture, literary comedic strategies, aesthetic theory, and humor theory more generally. Incorporates in-class screenings of contemporary comedians, visits to the Rare Book Room at the University library, and visits to the Krannert Art Museum.

ARTh 250  American Art  credit: 3 Hours.
Surveys American art and architecture from the colonial period to the present.

ARTh 257  History of Photography  credit: 3 Hours.
Examines a history of photography from its origin to the present, including both documentary and artistic approaches; considers relationships with other arts.

ARTh 260  Graffiti and Murals  credit: 3 Hours.
From Bronx walls to the Berlin Wall, from ancient palatial decorations to spray-can art, murals and graffiti have been revolutionary political tools, objects of aesthetic contemplation, and vehicles for identity formation. Primarily a lecture course that examines ancient and early modern cases from different cultures, as well as focusing on modern examples from Latin America and the USA. Same as LLS 260.

This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Compartv Cult

ARTh 299  Spec Topics in Art History  credit: 3 Hours.
Special topics in Art History Courses. Topics and subject matter to be published in course listings. May be repeated up to 6 hours in a semester, to a maximum of 12 total hours. Prerequisite: Sophomore standing in Art and Design.

ARTh 310  African Art and Society I  credit: 3 Hours.
Introduces the arts of Black Africa, i.e., dance, drama, songs, and poetry, as expressed in a multi-media framework and a social-religious context; surveys the art styles of the Dogon, Senufo, Mende, and Ashanti peoples.

ARTh 312  Central African Art  credit: 3 Hours.
A one-semester introduction to the arts of central Africa. Sculpture, pottery, architecture, body adornment, contemporary art, and performance will be examined and discussed on the basis of aesthetic, religious, political, and social contexts. Discusses many changes and continuities within African artistic traditions as evidenced in late twentieth-century urban, popular, and political arts of central Africa. We shall also investigate some central African artistic influences found in African American arts. Same as AFST 312.

ARTh 313  Modern and Contemp African Art  credit: 3 Hours.
Examines how multiple "modernisms" emerged from African independence movements, and thereby influenced the development of African and African-American art from the 1960s to the present. Same as AFST 313.

ARTh 344  Spanish Modern Art  credit: 3 Hours.
Introduction to the rich visual cultures of Spain beginning with the Bourbon dynasty in the eighteenth century through the early decades of the twentieth century. The course examines a variety of themes: from the mythologized loves of Goya, to the grandeur of canvases recreating Spain’s history; from Spanish Romanticism to the rise of vanguard movements and the advent of Pablo Picasso. 3 undergraduate hours. Prerequisite: Previous introductory level art history course recommended, but not required.

ARTh 350  American Art 1750-1900  credit: 3 Hours.
Studies the two major directions of art in the United States from independence to the centennial, with focus on major figures and the scientific and philosophical movements which influenced them. Prerequisite: One year of art history or consent of instructor.

ARTh 351  Early American Modernism  credit: 3 Hours.
Examines American art, particularly painting and sculpture, 1876-1940, against its cultural background and the relation of the American artist to Europe in an attempt to isolate the roots of Modernism in the United States. Prerequisite: One year of art history or consent of instructor.

ARTh 360  Women and the Visual Arts  credit: 3 Hours.
Explores the complex interconnections of women with the visual arts in Europe and North America from the classical era to the present, including the modes of artistic production and the representation of women in western society. Same as GWS 360.

ARTh 391  Individual Art History Topics  credit: 1 to 4 Hours.
Directed independent research or creative activity. May be repeated to a maximum of 6 hours. Prerequisite: Junior standing in art and design; and consent of instructor, advisor, and associate director of the School.

ARTh 395  Junior Seminar in Art History  credit: 3 Hours.
Offers Art History majors grounding in the discipline’s historiography and exposure to diverse historical methods. Provides students with experience in a range of research techniques as preparation for their Senior Seminar. Prerequisite: Junior standing in Art History curriculum or in Art History minor.

ARTh 401  Chinese Art  credit: 3 or 4 Hours.
History of Chinese art from earliest times to the present. Same as EALC 401. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTh 402  Ways of Seeing in Edo Japan  credit: 3 or 4 Hours.
Focuses on modes of seeing and technologies of vision manifest in the visual arts of Edo Japan, 1615-1868. At the time, imported European instruments of seeing, such as the microscope, made possible unusual visual experiences; revivals of classical Japanese painting manipulated different ways of recreating and visualizing the past. A variety of themes, organized chronologically, will demonstrate the importance of seeing in painting and calligraphy, ceramics, woodblock prints, and architecture. Same as EALC 402. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: ARTH 114, or equivalent background in Japanese history or literature. Junior standing or consent of instructor.

ARTh 403  Word and Image in Chinese Art  credit: 3 or 4 Hours.
Study of the diverse correlations between verbal texts and visual images in Chinese art and art theory from the twelfth through seventeenth centuries. Same as EALC 403. 3 undergraduate hours. 3 or 4 graduate hours.

ARTh 410  West African Art and Ideas  credit: 3 or 4 Hours.
Study of West African art styles in chronological and cultural perspectives with a special interest in the use of interdisciplinary source materials. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTh 413  Sacred African Diaspora Arts  credit: 3 or 4 Hours.
Explores African diaspora arts grounded in the diverse aesthetic, philosophical, historical, political, and religious consciousnesses of peoples of African descent living in the Caribbean and the Americas. Focuses on the preservation and ongoing transformations of African visual and religious cultures surviving in African diaspora communities from the period of the trans-Atlantic slave trade to the present. Same as AFST 421. 3 undergraduate hours. 4 graduate hours.

Information listed in this catalog is current as of 10/2015
ARTH 415 The Archaeology of Greece  credit: 3 Hours.  
Same as CLCV 443. See CLCV 443.

ARTH 416 The Archaeology of Italy  credit: 3 Hours.  
Same as CLCV 444. See CLCV 444.

ARTH 423 Romanesque Art  credit: 3 or 4 Hours.  
Art and architecture of the Romanesque period. Same as MDVL 423. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 424 Gothic Art  credit: 3 or 4 Hours.  
Arts of western Europe from the end of the Romanesque period until the Renaissance. Same as MDVL 424. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 430 Topics: Italian Art 1300-1500  credit: 3 or 4 Hours.  
Special topics in the history of painting, sculpture, and architecture of Italy during the Renaissance selected for intensive study. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 431 Topics: Northern Art 1300-1500  credit: 3 or 4 Hours.  
Special topics in the history of painting, sculpture, and minor arts of France, Germany, Spain, and England during the Renaissance selected for intensive study. Same as MDVL 431. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 432 Sixteenth-Century Italian Art  credit: 3 or 4 Hours.  
Painting, sculpture, and architecture in Italy from 1500 to 1580. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 433 Fifteenth-Century Italian Art  credit: 3 or 4 Hours.  
Study of Italian painting, sculpture and architecture from circa 1300 to 1500. Same as MDVL 433. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 435 Italian Baroque Art  credit: 3 or 4 Hours.  
Italian painting and sculpture during the period 1580-1700, with particular emphasis on art in Rome. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 436 17th Century Dutch Painting  credit: 3 or 4 Hours.  
Seventeenth-century art in the Netherlands with extensive treatment of the careers of Rubens and Rembrandt. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 439 18th Century European Art  credit: 3 or 4 Hours.  
Critical survey of the major developments in European painting of the eighteenth century. Emphasis is placed on French artists, but major figures in England, Spain, and Italy are also considered. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 440 Romantic Art  credit: 3 or 4 Hours.  
Studies English, French, and German art from the end of the eighteenth century through 1840; focuses on revivalist movements, historicism, landscape art, and changing conceptions of art and artist during the period. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 441 Realism to Post-Impressionism  credit: 3 or 4 Hours.  
Studies European art from 1850 to 1900, with emphasis on French painting. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 442 Arts of Colonial Latin America  credit: 3 or 4 Hours.  
Introduction to the major art historical, stylistic and iconographic developments of several Latin American countries of the late sixteenth through eighteenth centuries. Themes to be investigate include: the pictorial representation of race; indigenous workshops, traditions, and the birth of European art academies; the constructions of gender; as well as the translation of styles. The course includes field trips to local museums and libraries. Previous introductory level art history of Latin American history course recommended. Same as LAST 442. 3 undergraduate hours. 3 or 4 graduate hours.

ARTH 445 European Art Between the Wars  credit: 3 or 4 Hours.  
Study of the leading personalities and movements in European painting, sculpture, and architecture, with emphasis on painting. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 446 Art Since 1940  credit: 3 or 4 Hours.  
Critical survey of developments since World War II with emphasis on questions of quality and personal content and with consideration of the most current tendencies. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 447 France and Its Others  credit: 3 or 4 Hours.  
Examines the relationship between art and colonialism in nineteenth-century France. Topics include orientalism, primitivism, and exoticism; the central figures include Delacroix, Flaubert, Gerome, and Gauguin. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 450 Museum Management  credit: 3 or 4 Hours.  
This course is concerned with advanced theoretical issues of art museum work, taught by the professional staff of a museum. Topics covered include collections, curatorial issues, educational program planning, trustee relations, public outreach, fundraising, budgeting, and staff organization. 3 undergraduate hours. 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

ARTH 462 Museum Theory and Practice  credit: 3 or 4 Hours.  
Same as ANTH 462 and LA 472. See ANTH 462.

ARTH 469 Senior Art-History Honors-BA  credit: 2 to 5 Hours.  
Independent guided research and study in a selected area of art history for candidates for the Bachelor of Arts in Art History with departmental distinction. 2 to 5 undergraduate hours. No graduate credit. May be repeated to a maximum of 5 hours. (Counts for advanced hours in LAS). Prerequisite: Senior standing in the art history curriculum; a cumulative grade point average of 3.25; an art history grade point average of 3.5; and consent of instructor, department advisor, and associate director of the School.

ARTH 490 Senior Art-History Honors-BFA  credit: 2 to 5 Hours.  
Directed independent research and study for honors. 2 to 5 undergraduate hours. No graduate credit. May be repeated to a maximum of 5 hours. Prerequisite: Senior standing in Fine and Applied Arts art history, a cumulative grade point average of 3.0, and consent of instructor, advisor, and associate director of the School.

ARTH 491 Topics in Art History  credit: 1 to 4 Hours.  
Variable content; consult the Class Schedule for current topics. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated if topics vary. Prerequisite: Junior standing or consent of instructor.

Information listed in this catalog is current as of 10/2015
ARTH 495  Senior Seminar in Art History  credit: 3 Hours.
Required seminar for undergraduate majors that offers students practical experience in research techniques. Focuses on a specialized theme of the professor's choice, and will incorporate extensive reading in a specific field of Art History and the completion of a substantial research paper. 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 undergraduate hours. Prerequisite: ARTH 395.

Biology

Students interested in applying to either school of biology should simply choose Biology as their major. After taking two introductory courses, students will choose a major in either Integrative Biology or Molecular and Cellular Biology.

Integrative Biology, School of (http://www.life.uiuc.edu/sib).
Director of School: Carla Cáceres
School Office: 286 Morrill Hall, 505 South Goodwin Avenue, Urbana, (217) 333-3044

Molecular and Cellular Biology, School of (http://mcb.illinois.edu),
Director of School: Stephen Sligar
School Office: 393 Morrill Hall, 505 South Goodwin Avenue, Urbana, (217) 333-3166

An interschool option in Teaching of Biology (p. 558) is sponsored by the School of Integrative Biology and the School of Molecular and Cellular Biology.

Also, see majors in Integrative Biology (p. 446) and Molecular and Cellular Biology (p. 489).

Biology Teaching

For the Degree of Bachelor of Science in Liberal Arts and Sciences

See interschool concentrations in Biology (p. 558), major in Integrative Biology (p. 446), and major in Molecular and Cellular Biology (p. 489).

Completion of this concentration fulfills state certification requirements to teach both biology and general science. In order to remain in good standing in this program and be recommended for certification, candidates are required to maintain UIUC, cumulative, content area, and professional education, grade-point averages of 2.5 (A= 4.0). Candidates should consult their advisor or the Council on Teacher Education (p. 596) for the list of courses used to compute these grade-point averages.

E-mail: advising@life.uiuc.edu

Minimum required courses normally equate to 79-81 hours

General Education: Students must complete the Campus General Education requirements. In addition, one course must be selected from CMN 101 or CMN 113.

Minimum hours required for graduation: 120 hours

Information listed in this catalog is current as of 10/2015

Departmental distinction: To graduate with distinction, the student must have at least a 3.5 grade point average for all work completed, and present evidence of exemplary student teaching.

Prerequisites to transfer to the Teaching Concentration

EPSY 201  Educational Psychology  3
EPS 201  Foundations of Education  3
or EPS 202  Foundations of Education-ACP
MATH 220  Calculus  5
or MATH 221  Calculus I

Select one of the following sequences:

CHEM 102  General Chemistry I
& CHEM 103 and General Chemistry Lab I
& CHEM 104 and General Chemistry II
& CHEM 105 and General Chemistry Lab II

CHEM 202  Accelerated Chemistry I
& CHEM 2X and Accelerated Chemistry Lab I
& CHEM 2X and Accelerated Chemistry II
& CHEM 2X and Accelerated Chemistry Lab II

CHEM 232  Elementary Organic Chemistry I  3 OR 4
CHEM 233  Elementary Organic Chem Lab I  2
IB 150  Organismal & Evolutionary Biol  4
MCB 150  Molec & Cellular Basis of Life  4

At least one required 200-level IB course and at least one required 200-level MCB course

In addition, the student is required to take the Illinois Certification Testing System test of Basic Skills by the December before applying to the Teacher Education Minor in Secondary School Teaching. A passing grade on this test is required before admission to the Teacher Education Minor in Secondary School Teaching.

Requirements

In addition to the requirements for the concentration listed below, students must complete the Teacher Education Minor in Secondary School Teaching (p. 135) (37 - 38 hours). See the College of Education section for requirements of the minor. Conferral of the degree of Bachelor of Science in Liberal Arts and Sciences prior to completion of the minor requires approval by petition to the LAS Student Affairs Office. Ordinarily, all students will require ten semesters to complete this program.

MATH 220  Calculus  4-5
or MATH 221  Calculus I
CHEM 102  General Chemistry I  3
CHEM 103  General Chemistry Lab I  1
CHEM 104  General Chemistry II  3
CHEM 105  General Chemistry Lab II  1
CHEM 232  Elementary Organic Chemistry I  3 OR 4
CHEM 233  Elementary Organic Chem Lab I  2
IB 150  Organismal & Evolutionary Biol  4
MCB 150  Molec & Cellular Basis of Life  4
IB 202  Anatomy and Physiology  3 OR 4
IB 203  Ecology  4
IB 204  Genetics  4
IB 302  Evolution  4
MCB 250  Molecular Genetics  3
MCB 251  Exp Techniques in Molecular Biol  2
MCB 252  Cells, Tissues & Development  3
MCB 253  Exp Techniqs in Cellular Biol  2
PHYS 101  College Physics: Mech & Heat  5
PHYS 102  College Physics: E&M & Modern  5
GEOL 107  Physical Geology  4
ASTR 100  Introduction to Astronomy  3
or ASTR 210  Introduction to Astrophysics

Select one of the following:  3-4
EPSY 480  Educational Statistics
STAT 100  Statistics

Additional 300- and 400-level courses selected from IB and/or MCB in consultation with the advisor.

1 Students should speak with an advisor to help choose the appropriate section of CHEM 232.
2 IB 202 and IB 302 requires animal dissection and no equivalent alternative is available.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

Computer Science and Liberal Arts and Sciences Discipline

The LAS major in Computer Science and an LAS Discipline is a flexible program for students who plan to pursue technical or professional careers in arts and sciences areas requiring a sound grounding in computer science. This major allows students to combine study of computer science with training in a field in Liberal Arts and Sciences to offer students novel perspectives in interdisciplinary work. Students can use the supporting coursework to prepare for employment immediately upon graduation or for pursuing graduate study in a wide variety of fields or to complete a significant body of courses in a single area, such as a double major or minor.

Students are strongly encouraged to get involved in undergraduate research through independent studies and funded research experiences, with the goal of learning from the University of Illinois CS and LAS internationally recognized scholars outside the classroom and participating in the exciting quest for new contributions to the field.

Students interested in Mathematics or Statistics should enroll in the Math/CS (p. 484) or Stat/CS (p. 553) degree

Current approved curricula include:

Computer Science and Anthropology
Computer Science and Astronomy
Computer Science and Chemistry
Computer Science and Linguistics

For the degree of Bachelor of Science in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

Please see the computer science advisor as well as the advisor in your LAS discipline.

Current approved curricula include:

Computer Science and Anthropology
Computer Science email: academic@cs.illinois.edu
Anthropology email: anthro@illinois.edu

Computer Science and Astronomy
Computer Science email: academic@cs.illinois.edu
Astronomy email: astronomy@illinois.edu

Computer Science and Chemistry
Computer Science email: academic@cs.illinois.edu
Chemistry email: School of Chemical Sciences advising: scs-advising@illinois.edu

Computer Science and Linguistics
Computer Science email: academic@cs.illinois.edu
Linguistics email: lasersoh@illinois.edu

Minimum required major and supporting course work normally equates to 66 hours, including a minimum of 30 in Computer Science.

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements.

Minimum hours required for graduation: 120 hours

Required Computer Science Courses:  30

LAS Discipline coursework (Min. of 24 hours)  24
An additional 24 hours of coursework in one of the following Liberal Arts and Sciences disciplines: Anthropology, Astronomy, Chemistry, or Linguistics. Coursework must be chosen in consultation with an advisor and approved by the LAS department. Must include at least 12 hours at the 300- or 400-level.

Total Hours  66

1 Students should discuss pursuing a LAS Minor or double majoring in a LAS discipline with the Computer Science academic advisor and the advisor in the appropriate LAS discipline (http://www.las.illinois.edu/students/programs/majors).

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

Information listed in this catalog is current as of 10/2015
All LAS foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office by the beginning of the fifth semester (60-75 hours). Please see the computer science advisor as well as the advisor in your LAS discipline.

Individual Plans of Study (IPS)

Elaina Kutz, LAS Academic Advisor
2002 Lincoln Hall, 702 S. Wright St., Urbana, IL 61801
http://www.las.illinois.edu/students/programs/majors/ips/

For the Degree of Bachelor of Arts in Liberal Arts and Sciences, or Bachelor of Science in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

E-mail: las-ips@illinois.edu

Minimum required major and supporting course work normally equates to 51-70 hours.

General education: Students must complete the Campus General Education requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: To graduate with distinction, a student must

1. have a cumulative grade point average of at least 3.25 and
2. successfully complete a project that has been approved by the IPS advisory committee.

Further information on requirements for graduation with distinction may be obtained from the secretary of the IPS advisory committee.

Students in the College of Liberal Arts and Sciences may choose any of the undergraduate degree programs offered within the college. These majors and specialized curricula, each with its own pattern of requirements and electives, are continuously reviewed by the sponsoring departments and the college and revised as needed. At the same time, it is not possible to anticipate or specify all possible undergraduate fields of study. So, in order to encourage the growth of new academic disciplines, the college sponsors the experimental major-the Individual Plans of Study program. IPS allows the student to create an original major more appropriate for the individual's educational needs and characterized by a unique pattern of upper-level courses with a new academic direction. Recent IPS students have successfully pursued such innovative majors as Cinematography, Entomology, Neuroscience, Meteorology, and Middle Eastern Studies.

The development of an IPS program begins with the student’s perception that a more appropriate field of study could exist beyond the present majors. Consultation with the secretary of the IPS advisory committee and with faculty members in related fields will soon establish whether an original major is appropriate. Then, with the cooperation of one or more faculty members who consent to serve as advisers for this IPS program, an IPS major is planned and justified as carefully as if this were a departmental major.

Once an IPS program is formulated, the student and adviser make formal application to the IPS advisory committee, which evaluates and decides whether a proposed IPS program is appropriate for the aims of both the student and the college. The IPS Advisory Committee and the college will determine whether BA or BS is appropriate for the proposed program of study. Students interested in IPS are encouraged to inquire as early as possible in the sophomore year. In all cases, IPS programs must be initiated and approved before the end of the student’s junior year.

If program innovation sounds challenging and attractive, additional information is available at the LAS Student Academic Affairs Office, 2002 Lincoln Hall.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

Physics

Dale Van Harlingen
209 Loomis Laboratory of Physics, 1110 West Green, Urbana
PH: (217) 333-3761
http://physics.illinois.edu

The major in Physics in the Sciences and Letters Curriculum allows students maximum flexibility to develop scientifically oriented careers in fields requiring a physics background through the Physics Concentration or the Physics Teaching Concentration.

The Physics Concentration is a flexible program for students who plan to pursue technical or professional careers in areas requiring a sound grounding in physical science and mathematics. Students can use the concentration to prepare for employment immediately upon graduation or for continuing on to graduate study in a wide variety of fields.

The Physics Teaching Concentration fulfills state certification requirements to teach both physics and general science.

The LAS Specialized Curriculum in Physics is designed for students who plan to pursue graduate study in physics or a closely allied field. In some cases, however, the greater flexibility of the Science and Letters Curriculum may make it a better choice for graduate school preparation for those who want to pursue a combined major and minor, a double major, or double degrees.

See also Engineering Physics (p. 222) in the College of Engineering. See the Physics Department for additional information.

For the Degree of Bachelor of Science in Liberal Arts and Sciences

Major in Sciences and Letters Curriculum

• Physics Concentration (p. 564)
• Physics Teaching Concentration (p. 565)

For the Degree of Bachelor of Science in Physics

• LAS Specialized Curriculum in Physics (p. 563)
PHYS Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PHYS)

Courses

**PHYS 100  Thinking About Physics  credit: 1 OR 2 Hours.**
Conceptual and problem solving skills in preparation for PHYS 211. Part I (first eight weeks, 1 credit hour): analysis and mathematical descriptions of physical situations; understanding the meaning of the solutions. Part II (remainder of term, 2 credit hours for full term): development of problem solving skills and content from Part I. Approval of the department is required to register. Prerequisite: Credit or concurrent registration in MATH 220 or MATH 221.

**PHYS 101  College Physics: Mech & Heat  credit: 5 Hours.**
Newton's Laws, work and energy, rotational motion, fluids, thermodynamics, and waves. A noncalculus-based approach for majors in the life sciences, preprofessional health programs, agriculture, and veterinary medicine. Credit is not given for both PHYS 101 and either PHYS 211 or PHYS 213. Prerequisite: Trigonometry.

This course satisfies the General Education Criteria for:
- UIUC: Physical Sciences
- UIUC: Quant Reasoning II

**PHYS 102  College Physics: E&M & Modern  credit: 5 Hours.**
Electric forces and fields, electric potential, electric circuits, magnetic forces and fields, geometrical optics, relativity, and modern physics. A noncalculus-based approach for majors in the life sciences, preprofessional health programs, agriculture, and veterinary medicine. Credit is not given for both PHYS 102 and either PHYS 212 or PHYS 214. Prerequisite: PHYS 101.

This course satisfies the General Education Criteria for:
- UIUC: Physical Sciences
- UIUC: Quant Reasoning II

**PHYS 110  Physics Careers  credit: 0 Hours.**
Exploration of careers founded on physics undergraduate training. Introduction to the Physics Department, faculty, research and curricula. Outside speaker presentations. Approved for S/U grading only.

**PHYS 123  Physics Made Easy  credit: 3 Hours.**
Inquiry-based, nonmathematical, hands-on study of physics for elementary school teachers. Coverage of most of the National Science Education K-4 Content Standards. Additional fees may apply. See Class Schedule.

This course satisfies the General Education Criteria for:
- UIUC: Physical Sciences

**PHYS 140  How Things Work  credit: 3 Hours.**
Nonmathematical approach underscoring the generality and ubiquity of basic physical laws in understanding commonplace phenomena: musical instruments, photography, electric and electronic circuits, television, motors, engines, etc. Credit is not given to engineering majors.

This course satisfies the General Education Criteria for:
- UIUC: Physical Sciences
- UIUC: Quant Reasoning II

**PHYS 150  Physics of Societal Issues  credit: 3 Hours.**
Physics topics and applications relevant in the modern world: energy, quantum mechanics, electricity and magnetism, nuclear physics, waves, light, and outer space. Application to satellites, alternative energy, medical imaging, radiation, nuclear weapons, climate change, and electronics. Emphasis on analytical thinking and the applicability to modern societal issues.

This course satisfies the General Education Criteria for:
- UIUC: Physical Sciences
- UIUC: Quant Reasoning II

**PHYS 192  Science and Pseudoscience  credit: 1 Hour.**
Extra-sensory perception, alien abduction, and psychic crime-solving from the standpoint of scientific inquiry and exploration; the scientific method, how science progresses, and the types of argumentative fallacies that pervade the pseudoscientific community; examples of good science and how the scientific method is self-correcting.

**PHYS 193  Physics of Music  credit: 2 Hours.**
Physics of music and musical instruments; acoustical physics, propagation of sound waves, the biological physics of human hearing, and the acoustical physics associated with all types of musical instruments.

**PHYS 194  Behavior of Complex Systems  credit: 1 Hour.**
Exploration of systems with simple rules that nevertheless exhibit complex behavior. Lecture demonstrations on fractal growth, chaos, catastrophes, self-assembly, lightning, turbulence, explosions, and human rhythms. Simple computer models which exhibit regular, irregular, symmetric, and self-similar patterns and dynamics. Dynamics of isolated and coupled complex systems and mathematical tools for quantifying complex behavior.

**PHYS 199  Undergraduate Open Seminar  credit: 0 to 5 Hours.**
Approved for letter and S/U grading. May be repeated.

**PHYS 211  University Physics: Mechanics  credit: 4 Hours.**
Newton's Laws, work and energy, static properties and fluids, oscillations, transverse waves, systems of particles, and rotations. A calculus-based approach for majors in engineering, mathematics, physics and chemistry. Credit is not given for both PHYS 211 and PHYS 101. Prerequisite: Credit or concurrent registration in MATH 231.

This course satisfies the General Education Criteria for:
- UIUC: Physical Sciences
- UIUC: Quant Reasoning II

**PHYS 212  University Physics: Elec & Mag  credit: 4 Hours.**
Coulomb's Law, electric fields, Gauss' Law, electric potential, capacitance, circuits, magnetic forces and fields, Ampere's law, induction, electromagnetic waves, polarization, and geometrical optics. A calculus-based approach for majors in engineering, mathematics, physics, and chemistry. Credit is not given for both PHYS 212 and PHYS 102. Prerequisite: PHYS 211; credit or concurrent registration in MATH 241.

This course satisfies the General Education Criteria for:
- UIUC: Physical Sciences
- UIUC: Quant Reasoning II
PHYS 213  Univ Physics: Thermal Physics  credit: 2 Hours.
First and second laws of thermodynamics including kinetic theory
of gases, heat capacity, heat engines, introduction to entropy and
statistical mechanics, and introduction to application of free energy and
Boltzmann factor. A calculus-based approach for majors in engineering,
mathematics, physics and chemistry. Credit is not given for both
PHYS 213 and PHYS 101. Prerequisite: PHYS 211; credit or concurrent
registration in MATH 241.
This course satisfies the General Education Criteria for:
UIUC: Physical Sciences
UIUC: Quant Reasoning II

PHYS 214  Univ Physics: Quantum Physics  credit: 2 Hours.
Interference and diffraction, photons and matter waves, the Bohr atom,
uncertainty principle, and wave mechanics. A calculus-based course
for majors in engineering, mathematics, physics, and chemistry. Credit is not
given for both PHYS 214 and PHYS 102. Prerequisite: PHYS 212.
This course satisfies the General Education Criteria for:
UIUC: Physical Sciences

PHYS 221  Enrichment Mechanics  credit: 1 Hour.
Supplement to PHYS 211 with a collaborative group learning approach to
improving conceptual understanding and problem solving in introductory
calculus-based mechanics. Prerequisite: PHYS 100; concurrent
registration in PHYS 211.

PHYS 222  Enrichment E & M  credit: 1 Hour.
Supplement to PHYS 212 with a collaborative group learning approach to
improving conceptual understanding and problem solving in introductory
calculus-based electricity & magnetism. Prerequisite: PHYS 100;
concurrent registration in PHYS 212.

PHYS 225  Relativity & Math Applications  credit: 2 Hours.
Theory of Special Relativity, with applications to kinematics and
dynamics. Key mathematical methods as they apply to aspects of
electromagnetic theory and classical mechanics, including vector
analysis, series expansions, matrices, Fourier analysis, partial
differentiation, three-dimensional calculus, and simple differential
equations. Prerequisite: Credit or concurrent registration in PHYS 212.

PHYS 280  Nuclear Weapons & Arms Control  credit: 3 Hours.
Nontechnical analysis of the physics of nuclear weapons, nuclear
weapon effects, delivery systems, and defenses against nuclear attack;
presentation of current issues; basis for making informed judgments
about nuclear armaments and arms control. Same as GLBL 280.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

PHYS 325  Classical Mechanics I  credit: 3 Hours.
Kinematics and dynamics of classical systems, including a review of
Newtonian kinematics and dynamics. Three dimensional motion,
variable mass, and conservation laws; damped and periodically driven
oscillations; gravitational potential of extended objects and motion in
rotating frames of reference; Lagrangian and Hamiltonian mechanics.
Prerequisite: PHYS 225; credit or concurrent registration in MATH 285.

PHYS 326  Classical Mechanics II  credit: 3 Hours.
Continuation of PHYS 325. Central force motion, collisions and
scattering, rotational motion, coupled oscillations, continuous media, and
fluid dynamics. Prerequisite: PHYS 325.

PHYS 329  Atmospheric Dynamics I  credit: 3 Hours.
Same as ATMS 302. See ATMS 302.

PHYS 330  Atmospheric Dynamics II  credit: 4 Hours.
Same as ATMS 312. See ATMS 312.

PHYS 401  Classical Physics Lab  credit: 3 Hours.
Experiments and techniques in classical mechanics and
electromagnetism. Dynamics of electrical and mechanical oscillators in
the linear domain. Fourier analysis of system response. Measurements
of electrostatic fields, transmission lines, waves, and radiation.
Electromagnetic phenomena in dielectrics, conductors, and magnetic
materials. Instruction in data analysis and report writing. 3 undergraduate
hours. 3 graduate hours. Prerequisite: Credit or concurrent enrollment in
PHYS 325.

PHYS 402  Light  credit: 4 Hours.
Wave kinematics; geometrical optics: basic concepts, ray-tracing and
matrix formalism, Gaussian imaging by thick lenses, stops, apertures,
and intensity relations; interference; interference spectroscopy and
coherence; diffraction: Fresnel-Kirchhoff formulation, Fraunhofer case,
Fresnel case, and holography; polarized light. 4 undergraduate hours.
3 or 4 graduate hours. (3 hours without lab). Prerequisite: MATH 285;
PHYS 102 or PHYS 214.

PHYS 403  Modern Experimental Physics  credit: 4 or 5 Hours.
Techniques and experiments in the physics of atoms, atomic nuclei,
molecules, the solid state, and other areas of modern physical research. 5
undergraduate hours. 4 graduate hours. Prerequisite: Credit or concurrent
registration in PHYS 486.

PHYS 404  Electronic Circuits  credit: 5 Hours.
Physics of semiconductor devices; theory and application of discrete
and integrated devices in linear circuits; use of operational amplifiers and
feedback; regulation, oscillators, and modulation; emphasizes practical
experience. 5 undergraduate hours. 4 graduate hours. Prerequisite:
PHYS 325.

PHYS 406  Acoustical Physics of Music  credit: 4 Hours.
Acoustical physics associated with music and musical instruments,
propagation of sound waves in and from musical instruments, and the
biological physics of human hearing. Investigation of topics via advanced
laboratory and data acquisition techniques. 4 undergraduate hours. 4
graduate hours. Prerequisite: PHYS 213 and PHYS 214.

PHYS 419  Space, Time, and Matter-ACP  credit: 3 or 4 Hours.
Identical to PHYS 420 except for the additional writing component
including a final term paper. Same as PHIL 419. 3 undergraduate hours.
4 graduate hours. Credit is not given for both PHYS 419 and PHYS 420.
Prerequisite: PHIL 101; PHYS 101 or PHYS 211.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

PHYS 420  Space, Time, and Matter  credit: 2 Hours.
Philosophical examination of some fundamental concepts and theories
of the physical world, such as time, matter, space, and geometry;
interpretation of quantum theory. Same as PHIL 420. 2 undergraduate
hours. 2 graduate hours. Credit is not given for both PHYS 420 and
PHYS 419. Prerequisite: PHIL 101; PHYS 101 or PHYS 211.

PHYS 427  Thermal & Statistical Physics  credit: 4 Hours.
Equilibrium thermodynamics, statistical mechanics, and kinetic theory
of gases. A unified treatment is used in that the principles of heat
and thermodynamics are discussed along with statistical postulates
and the microscopic approach of introductory quantum mechanics.
4 undergraduate hours. 4 graduate hours. Credit is not given for both
PHYS 427 and any of ME 404, CHEM 444, MSE 500. Prerequisite:
PHYS 213, PHYS 214, and PHYS 325.

Information listed in this catalog is current as of 10/2015
PHYS 435 Electromagnetic Fields I credit: 3 Hours.
Static electric and magnetic fields, their interactions with electric charge and current, and their transformation properties; the effect of special relativity is incorporated. Macroscopic fields in material media are described. 3 undergraduate hours. 3 graduate hours. Prerequisite: MATH 285; credit or concurrent enrollment in PHYS 325.

PHYS 436 Electromagnetic Fields II credit: 3 Hours.
Time-dependent fields. Electromagnetic induction, Maxwell's equations, electromagnetic wave propagation in various media and structures, and electromagnetic radiation from charge and current distributions. Relativistic covariance of Maxwell's equations. Course Information: 3 undergraduate hours. 3 graduate hours. Prerequisite: PHYS 435.

PHYS 460 Condensed Matter Physics credit: 4 Hours.
Bonding and structure of crystals; energy bands in insulators, semiconductors, and metals; electrical conductivity; optical properties; lattice vibrations; elasticity; point defects; dislocations. 4 undergraduate hours. 4 graduate hours. Credit is not given for both PHYS 460 and MSE 304. Prerequisite: PHYS 435; PHYS 485 or PHYS 486.

PHYS 466 Atomic Scale Simulations credit: 3 or 4 Hours.
Same as CSE 485 and MSE 485. See MSE 485.

PHYS 470 Subatomic Physics credit: 4 Hours.
The nature and properties of nuclei and elementary particles, symmetries, interactions, nuclear models, tools and techniques of experimental subatomic physics, and applications to power generation, astrophysics, chemistry, medicine, and biology. 4 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 485 or PHYS 486.

PHYS 475 Introduction to Biophysics credit: 3 or 4 Hours.
Major concepts of physics inherent to biological systems. Basics of biology, including protein and DNA structure and their organization into cells with a focus on single molecule biophysics. Major experimental techniques including x-ray diffraction, optical and magnetic traps, and fluorescence microscopy, including new super-resolution techniques. Applications to cytoplasmic and nuclear molecular motors, bacterial motion, nerves, and vision. Same as BIOP 401. 3 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 435 and BIOP 401.

PHYS 485 Atomic Phys & Quantum Theory credit: 3 Hours.
Basic concepts of quantum theory which underlie modern theories of the properties of materials; elements of atomic and nuclear theory; kinetic theory and statistical mechanics; quantum theory and simple applications; atomic spectra and atomic structure; molecular structure and chemical binding. 3 undergraduate hours. 3 graduate hours. Credit is not given for both PHYS 485 and CHEM 442. Prerequisite: MATH 285 and PHYS 214.

PHYS 486 Quantum Physics I credit: 4 Hours.
Atomic phenomena integrated with an introduction to quantum theory; evidence for the atomic nature of matter and the properties of the Schrodinger equation, single particle solutions in one dimension, the hydrogen atom, perturbation theory, external fields, and atomic spectroscopy of outer electrons. 4 undergraduate hours. 4 graduate hours. Prerequisite: MATH 285; PHYS 214; credit or concurrent registration in MATH 415.

PHYS 487 Quantum Physics II credit: 4 Hours.
Continuation of PHYS 486. Identical particles, spectral hyperfine structure, magnetic properties of matter, atomic spectroscopy of inner electrons, high-energy photon effects, molecular binding and spectra, emission and absorption of light, and symmetry principles. 4 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 486.

PHYS 496 Intro to Physics Research credit: 3 Hours.
Examination of current research topics through extensive reading, writing, and oral-presentation activities. 3 undergraduate hours. No graduate credit. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

PHYS 497 Individual Study credit: 1 to 4 Hours.
Individual study at an advanced level in a subject not covered by course offerings. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated. Prerequisite: Consent of instructor.

PHYS 498 Special Topics in Physics credit: 1 to 4 Hours.
Subject offerings of new and developing areas of knowledge in physics intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in the same or separate terms if topics vary.

PHYS 499 Senior Thesis credit: 3 Hours.
Faculty-guided writing of a senior thesis involving independent research Oral presentations of research and outside journal articles, proposal writing and reviewing, poster presentation, preparation of graduate school applications, and discussion of physics frontiers with outside experts. 3 undergraduate hours. No graduate credit. Prerequisite: PHYS 496.
This course satisfies the General Education Criteria for: UIUC: Advanced Composition

LAS Specialized Curriculum in Physics

E-mail: undergrad-info@physics.illinois.edu

Degree Title: Bachelor of Science in Physics

General Education: Students must complete the Campus General Education requirements.

Minimum hours required for graduation: 126

Departmental distinction: Graduation with distinctions awarded to students who complete 8 additional hours of 300- or 400-level physics courses or advanced courses in closely related technical subjects and who have attained cumulative grade point averages as follows: distinction, 3.5; high distinction, 3.8; highest distinction, 3.8 plus acknowledgement of truly outstanding work/research.

The LAS Specialized Curriculum in Physics is designed for students who plan to pursue graduate study in physics or a closely allied field. However, students who want to pursue a combined major and minor, a double major, or a double degree should consider the LAS Science and Letters Curriculum in Physics because of the greater flexibility it offers. Students in the Specialized Curriculum beyond the freshman year must maintain an overall grade point average of at least 2.5 and also a grade point average of 2.5 in all required mathematics and physics courses.

Entering freshmen typically take calculus, chemistry, rhetoric, and PHYS 110 during the first semester and begin the general physics sequence in the second semester. Students with advance placement in mathematics should begin the general physics sequence in the first semester. All students are strongly encouraged to take a Freshman Discovery Seminar during the first year fall semester and plan ahead to allow space in their programs for undergraduate research.
### Physics Concentration within the Sciences and Letters Curriculum

**E-mail:** undergrad-info@physics.illinois.edu

**Degree title:** Bachelor of Science in Liberal Arts and Sciences

Minimum required major and supporting course work normally equates to 65-73 hours

General education: Students must complete the Campus General Education requirements.

Minimum hours required for graduation: 120 hours

Departmental distinction: Graduation with distinction is awarded to students who complete 8 additional hours of 300- or 400- or 500-level physics courses or advanced courses in closely related technical subjects, and who have attained cumulative grade point averages as follows: distinction, 3.5; high distinction, 3.8; highest distinction, 3.8 plus acknowledgement of truly outstanding work/research.

The Physics Concentration is a flexible program for students who plan to pursue technical or professional careers in areas requiring a sound grounding in physical science and mathematics. Students can use the concentration to prepare for employment immediately upon graduation or for continuing on to graduate study in a wide variety of fields. Students who are certain that they want to go on to graduate study in physics or in a closely allied field should also consider the LAS Specialized Curriculum in Physics. In some cases, however, the greater flexibility of the Science and Letters Curriculum may make it a better choice for graduate school preparation for those who want to pursue a combined major and minor, a double major, or double degrees. Students in the concentration must maintain an overall grade point average of at least 2.0 and also a grade point average of at least 2.0 in all required physics and mathematics courses. To be permitted to enroll in advanced physics courses in this concentration a student must maintain at least a 2.0 average in all attempts at science and mathematics courses taken at the University of Illinois.

Students in this concentration must choose an approved elective technical or professional option no later than the end of the second semester of the sophomore year. A set of pre-approved options is available via the departmental web site (http://physics.illinois.edu/undergrad/las-options.asp) and from the departmental undergraduate studies office. Students may also design and follow a "custom option" subject to departmental approval. Students completing the Astrophysics option will earn a minor in Astronomy, if appropriate Minor form is filed.

Entering freshmen typically take calculus, chemistry, rhetoric, and PHYS 110 during the first semester and begin the general physics sequence in the second semester. Students with advance placement in mathematics should begin the general physics sequence in the first semester. All students are strongly encouraged to take a Freshman Discovery Seminar during the first year fall semester and plan ahead to allow space in their programs for undergraduate research.

**General Education - Students must complete the Campus General Education requirements.**

**Free Electives (No restrictions on these courses.)** 15-35

1. MATH 220 may be substituted with four of the five credit hours applying toward the degree. MATH 220 is appropriate for students with no background in calculus.

Information listed in this catalog is current as of 10/2015
CHEM 102 General Chemistry I
CHEM 103 General Chemistry Lab I
CS 101 Intro Computing: Engrg & Sci

Elective Technical or Professional Option 12

A set of technical or professional courses that addresses an intellectually coherent body of knowledge. At least 9 hours should be at the 200-level or higher. Required courses may not be included in the set. Students may select from a list of pre-approved options or design a custom option, subject to departmental approval.

1 MATH 220 may be substituted with four of the five credit hours applying toward the degree. MATH 220 is appropriate for students with no background in calculus.

Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

All foreign language requirements must be satisfied.

A Major Plan of Study Form must be completed and submitted to the LAS Student Affairs Office before the end of the fifth semester (60-75 hours). Please see your adviser.

Physics Teaching Concentration within the Sciences and Letters Curriculum

Completion of this concentration fulfills state certification requirements to teach both physics and general science. Certification in other areas can also be earned. In order to remain in good standing in this program and be recommended for certification, candidates are required to maintain UIUC, cumulative, content area, and professional education, grade-point averages of 2.5 (A= 4.0). Candidates should consult their advisor or the Council on Teacher Education for the list of courses used to compute these grade-point averages. http://www.cote.illinois.edu/

E-mail: undergrad-info@physics.illinois.edu

Web address for department: http://physics.illinois.edu

Degree title: Bachelor of Science in Liberal Arts and Sciences

General education: Students must complete the Campus General Education (https://courses.illinois.edu) requirements. In addition, students must take one of the following speech performance courses: CMN 101, CMN 113, CMN 321, or CMN 323 .

Minimum hours required for graduation: 120 hours

Departmental distinction: Distinction is determined by a combination of grade point average and achievement in student teaching. The student’s practice teaching experience will be evaluated by the departmental honors adviser and the teaching supervisor. Distinction requires a 3.2 grade point average; high distinction, 3.4; highest distinction, 3.6. Students desiring distinction should consult with the departmental honors adviser during the junior year.

Prerequisites to transfer into the teaching concentration. Candidates must also pass the Illinois Certification Test of Basic Skills before they may be admitted to the program.

In addition to the requirements for the concentration listed below, students must complete the Teacher Education Minor in Secondary School Teaching (http://illinois.dev6.leepfrog.com/2012/fall/programs/undergrad/education/secondary.html) (37 - 38 hours). See the College of Education (http://education.illinois.edu) section for requirements of the minor. Conferral of the degree of Bachelor of Science in Liberal Arts and Sciences prior to completion of the minor requires approval by petition to the LAS Student Affairs Office. Ordinarily, all students will require 10 semesters to complete this program.

Information listed in this catalog is current as of 10/2015
applicant's interest in and demonstrated commitment to a career for which a College of Media degree would be appropriate.

Admission is competitive. While there is no specific requirement regarding grades, a strong GPA is advantageous especially in core classes that are part of the major you wish to transfer in to. Students with the best essays and the best academic or professional qualifications, including any pertinent extracurricular activities or internships, will receive highest priority. For a University of Illinois student, one way to demonstrate interest is to have earned a grade of B or better in introductory courses such as ADV 150, JOUR 200, MACS 100, MACS 101, MACS 261, MACS 262, or Discovery courses taught by the College.

Students currently enrolled in other colleges on campus are accepted on the condition that by the time they join the College at the start of the semester after they apply, they must:

- Have completed at least two semesters in the University of Illinois college to which they were admitted, if admitted as freshmen.
- Be classified by the University as sophomores (at least 30 credit hours) or as juniors (fewer than 90 credit hours).
- Be in good academic standing.
- Have completed approximately one-fourth (if sophomores) or one-half (if juniors) or more of the total credit hours required to satisfy the University’s General Education requirements.
- Have made substantial progress toward completing any departmental requirements for courses outside the College of Media. For example, applicants for Advertising ideally will have completed ADV 150, ECON 102 and ECON 103, STAT 100 and two of these three courses: SOC 100, ANTH 103 and PSYC 100.

Students may apply to any major in the College: Advertising, Agricultural Communications, Broadcast Journalism, Media and Cinema Studies or News-Editorial Journalism. College of Media students may not pursue a Minor in Cinema Studies and may not complete double majors within the College.

Students who would require more than nine total semesters of overall college or university enrollment to complete their degree will be denied admission. Students must complete their College of Media degrees within seven semesters of joining the College as sophomores or within five semesters of joining the College as juniors. A minimum of three semesters within the College is required for students admitted as juniors. A minimum of five semesters within the College is required for students admitted as sophomores.

Minors in areas outside the College are strongly encouraged. However, because considerable coursework in other colleges is implicit within the requirements for all College of Media degrees, students are not admitted to the College of Media for the purpose of pursuing second majors or second undergraduate degrees.

Students completing freshman and sophomore studies at institutions other than the University of Illinois at Urbana-Champaign are strongly advised to defer courses in Media and Cinema Studies, Journalism, Agricultural Communication, and Advertising until they enroll in the College of Media. Students may transfer up to eight hours of Advertising, Agricultural Communication, Journalism, Media and Cinema Studies or College of Media electives. However, those hours will not be applied to the minimum number of hours required in College of Media courses and may not be used to replace required courses.

Graduation
To graduate, students must satisfy all University requirements as to residency, scholarship, and fees and must complete the University's general education requirements. Although the College currently requires completion only of the equivalent of a third-semester college-level course in a language other than English, students planning to join the College as freshmen in future years are strongly urged to plan for completion of the equivalent of a fourth-semester language course as this requirement may change in the future. All students also must fulfill these general requirements of the College of Media:

- Complete a total of 124 semester hours of course credit of which no more than 12 hours total may be in basic physical education activity courses (KIN 100-KIN 111, KIN 122), vocational and technical education courses, basic courses in military science (AFAS, MILS and NS courses numbered below 300), Institute of Aviation courses, Undergraduate Open Seminar (199) courses, and independent study courses and other experimental or special topics courses (such as LAS 110) outside the College of Media. The exception is that Agricultural Communication majors must complete 126 semester hours of credit. Independent study courses additionally must be approved by the College to ensure that credit is given only for academic work directly supervised by a faculty member. The College encourages its students to have appropriate professional internships and to participate in professional activities. While it does not allow academic credit for such experience, one credit hour is possible through an academic course or independent study supervised by a College of Media faculty member and taken in conjunction with an internship.
- Agricultural Communication majors must complete 20 hours from the College of Media in one of three specializations: advertising, broadcast journalism, or news-editorial journalism. All other majors must complete not less than 36 hours in courses offered by or cross-listed with Advertising (ADV), Journalism (JOUR) or Media and Cinema Studies (MS, CINE, or MACS), Agricultural Communications (AGCM) or the College of Media (MDIA).
- Complete not less than 80 hours of credit outside the College of Media, of which 65 hours must be taken in traditional liberal arts and sciences, which may include courses offered outside the College of Liberal Arts and Sciences. Math courses numbered below 100 may not count in this total.
- No course of any number that is offered by or cross-listed with Advertising, Agricultural Communications, Journalism or Media and Cinema Studies or is substantially similar to courses offered by Advertising, Agricultural Communications, Journalism or Media and Cinema Studies may count in this total, regardless of the rubric under which it is taken. For each hour of credit beyond 44 in such courses, the number of hours required for graduation increases by one additional hour to ensure that the requirement of 80 hours outside the College is met.
- Complete not less than 20 hours in courses numbered 200 or above outside the College of Media and not cross-listed in the College of Media, regardless of the rubric under which they are taken. At least 9 of the 20 hours must be in courses numbered 300 and above.
- Complete the specific requirements of one of the five curricula offered by the College.
- Earn a cumulative grade point average of 2.00 (A = 4.00) in all courses presented for the degree and a cumulative 2.00 grade point average for all courses taken in the College.
Special Programs

Dean's List
To be eligible for Dean's List recognition for any semester, students must rank in the top 20 percent of the College in grade point average and must complete at least 14 hours taken for a letter grade (A through F) on the Urbana-Champaign campus. Transfer, study abroad and guided individual study coursework is excluded.

The specific grade point average necessary to achieve Dean's List recognition may vary. College of Media standards are high.

Dean's List recognition is determined before the start of the ensuing semester. Students who are not initially selected but who believe they might qualify because of the late resolution of incomplete, deferred or missing grades may petition before the end of the next semester for retroactive addition to the list.

Honors at Graduation
For graduation with honors, a student must rank in the upper 20 percent of his or her graduation class in overall grade point average. For graduation with high honors, a student must additionally rank in the upper 10 percent. For graduation with highest honors, a student must additionally rank in the upper 5 percent.

For purposes of this award, “graduating class” means all students listed as receiving or as being candidates for receiving bachelor’s degrees in all College majors at the College’s annual commencement convocation each May. This includes students who graduated in the previous December and those who are candidates for graduation in May and August. Grade point averages are computed through the fall semester immediately preceding the annual convocation and include all transfer courses and other grades posted as of that date.

Transfer students, in addition to meeting the general requirement, must have cumulative University of Illinois at Urbana-Champaign grade-point averages as high as the lowest ones listed for students who qualify on the basis of having completed all of their work at the University of Illinois at Urbana-Champaign and must have earned 40 or more semester hours at the University of Illinois at Urbana-Champaign through the fall semester immediately preceding the annual convocation.

Kappa Tau Alpha
Each year, scholastically high-ranking graduating juniors and seniors in the College of Media are considered for membership in Kappa Tau Alpha, the seventh oldest national honorary society, founded to recognize and promote academic excellence and scholarship in journalism and mass communication.

Students must rank in the upper 10 percent of their class, must have completed at least five semesters of degree work and must have completed at least nine semester hours in professional skills courses, as defined by the national society.

Edmund J. James Scholars
The James Scholar Program, named for the University of Illinois’ fourth president, Edmund J. James, focuses on giving high-ability students the opportunity to gain additional knowledge by working closely with instructors.

To remain in good standing as a James Scholar in the College of Media, students must maintain semester and cumulative GPAs of 3.5 and higher, complete at least 14 credit hours for traditional letter grades each semester and complete at least one honors course or project each academic year. Students may choose from taking a Campus Honors Program course, completing an Honors Credit Learning Agreement with a professor in any course, working on an honors project with a College of Media professor as an independent study, or from the pre-approved honors activity list as provided by the honors coordinator to complete the honors requirement. Freshmen must take a College honors course during the spring semester. Students who study abroad will be exempt of the GPA and credit hour requirements during the semester(s) they are abroad. The honors requirement should be completed the semester the student is on campus.

James Scholars’ academic records are reviewed each summer. If a student has not met the stated requirements for each of the two past semesters at the time of the review, he or she will be certified as a James Scholar for the next academic year and the James Scholar designation will be added to his or her transcripts for that academic year. Any student who does not fulfill the requirements will be removed from the James Scholars program. Because James Scholar review takes place once a year, a student who does not meet the requirements in the fall semester will remain in the program for the spring. However, she will be dropped during the summer review period and the James Scholar notation will not appear on the transcript for the previous academic year. In order to graduate with the James Scholar designation, all students must have completed a minimum of four honors activities, with at least one being completed each year the student is in the program.

Students entering the College of Media as freshmen are invited to join the James Scholars program during the summer if they rank in the top 20 percent of the College’s incoming class, as determined by an Office of Admissions and Records standard that combines factors such as standardized test scores and high school GPA.

Students already in the College of Media are invited to become James Scholars for the upcoming fall semester if they have completed fewer than 75 hours, have at least a 3.5 overall GPA and were included on the Dean’s List for the spring semester. If a student loses the James Scholar status, he or she must sit out of the program for at least one semester before becoming eligible for reinstatement. A student may only be reinstated by making the College’s Dean’s List.

Students who transfer into the College of Media from another college on the Urbana-Champaign campus are invited to participate in the James Scholar program immediately if they were a James Scholar in their previous college or for the upcoming fall semester if they have fewer than 75 hours, are in the top 20 percent of the incoming class, and have at least a 3.5 GPA. On-campus students who transfer into Media during a spring semester would fall under the rules of a current student; see description above. Students who transfer to the College from another institution may request to participate if they have a transfer GPA of at least 3.7.

A qualifying student may enter the program for his or her sophomore or junior year, but not for his or her senior year alone. Students who join the James Scholar program during the sophomore or junior year will need to pick up additional honors activities in order to graduate with the minimum four required to graduate with the honor.

For complete policies and procedures, please see: http://media.illinois.edu/current/jscholars_students.html

Information listed in this catalog is current as of 10/2015
Credit/No Credit Grading Option

The College follows credit-no credit provisions described in the Grading System and Other Regulations section of the Programs of Study.

All courses listed or cross-listed with departments in the College, or specifically required by one of those departments for its majors or used to fulfill University General Education requirements, must be taken for a traditional letter grade. For Advertising majors, this means these courses outside the College must be taken for a grade: STAT 100 (or any of the allowed substitutes for it), ECON 102-ECON 103, BADM 320, and two out of the three courses PSYC 100, SOC 100 and ANTH 103. For all majors, courses taken to fulfill the College’s advanced hour requirement (20 hours outside the College in courses numbered 200 and above) also must be taken for traditional letter grades.

For the Degree of Bachelor of Science in Advertising

To graduate from the advertising curriculum, a student must meet all general University and College requirements for the degree and must complete the following courses, all of which must be taken for a traditional letter grade:

### Required Major Courses

- ADV 150 Introduction to Advertising credit: 3 Hours.
- ADV 281 Advertising Research Methods credit: 3 Hours.
- ADV 283 Content, Contact, Connections credit: 3 Hours.
- ADV 284 Consumer Insight credit: 3 Hours.
- ADV 390 Content Creation credit: 3 Hours.
- ADV 460 Innovation in Advertising credit: 3 Hours.
- ADV 483 Audience Analysis credit: 3 Hours.
- ADV 498 The Sandage Project credit: 3 Hours.
- BADM 320 Principles of Marketing credit: 3 Hours.

Combining Required Major Courses and College of Media Electives:

### Advanced Hours Requirement

At least 20 hours in courses numbered 200 or above. These courses must be outside and not cross-listed with the College of Media. At least 9 of the 20 hours must be in courses numbered 300 or above.

Please note: Courses used to fulfill University General Education requirements or to fulfill requirements for a minor may count toward these requirements. Courses used to fulfill the College of Media’s advanced outside hours requirement may also count toward these requirements.

### 124 total hours are required for graduation

1. All courses offered by or cross-listed with Advertising (ADV), Agricultural Communication (AGCM), Journalism (JOUR), Media and Cinema Studies (MACS) or the College of Media (MDIA) count in this total.
2. Or another approved basic course or course sequence in statistical methods, which currently include ECON 202, EPSY 280, PSYC 235, SOC 280, SOCW 225. Such courses may, if they qualify, also be credited toward the requirement of advanced hours and General Education courses outside the College.
3. Which may be credited toward the requirement of advanced hours outside the College.

### Courses

**ADV 150** Introduction to Advertising  credit: 3 Hours.

Introduction to the practice and profession of advertising. Course material covers various functional areas of advertising and integrated brand promotion, including account planning, creative, media, research, consumer behavior, sales promotion and interactive advertising. Topics also include how advertising relates to society in cultural, social, ethical and regulatory contexts. Open to all undergraduate majors. Credit is not given for ADV 150 if credit for ADV 300 has been earned.

**ADV 199** Undergraduate Seminar  credit: 1 TO 5 Hours.

May be repeated to a maximum of 12 hours in separate semesters, if topics vary.

**ADV 281** Advertising Research Methods  credit: 3 Hours.

Introduces students to the wide spectrum of qualitative and quantitative research techniques that are commonly used in the advertising industry. In addition to examining the principles, methods and techniques of advertising research, the course will address issues such as when research should and should not be conducted, analyzing data sets, forming meaningful research questions, figuring out how to answer the questions, and presenting the answers to these questions in a clear and compelling manner. Credit is not given for ADV 281 if credit for ADV 481 has been earned. Prerequisite: ADV 150, STAT 100 or equivalent.
ADV 283  Content, Contact, Connections  credit: 3 Hours.
Designed to help students acquire brand decision-making skills. Advertising and marketing theories, practical problems and traditional cases will be studied as they learn to build a strong brand strategy that will lead to a strong brand advertising strategy. This encompasses every facet of making advertising decisions for a brand. This involves understanding the content a consumer requires, how the consumer will come in contact with the brand, and what is the goal of the connection between consumer and content/contact. Prerequisite: ADV 150, ADV 281.

ADV 284  Consumer Insight  credit: 3 Hours.
Course focuses on methods of eliciting consumer insight. In particular, this class introduces the process and applied outcomes of consumer insight in terms of building brand strategy. Techniques for persuasive presentation of insight will also be introduced. Prerequisite: ADV 281.

ADV 310  Intro to Public Relations  credit: 3 Hours.
Introduces the student to the basic elements and principles of public relations.

ADV 312  Advertising History  credit: 3 Hours.
Teaches the important events, forces, people, and technologies that helped advertising to become an important institution in America. Credit is not given for ADV 312 if credit for ADV 412 has been earned. Prerequisite: ADV 150.

ADV 315  Emerging Media  credit: 3 Hours.
Same as AGCM 315. See AGCM 315.

ADV 350  Writing for Public Relations  credit: 3 Hours.
Focuses on the strategy of crafting and delivering PR messages to various audiences with special emphasis on pre-writing, preparation, revision and presentation. Prerequisite: ADV 310.

ADV 390  Content Creation  credit: 3 Hours.
Explores theories of creativity; situates creativity and creative practices within the social structure of organizations that develop creative content; examines the relationship between creative strategy, creative concepts and creative executions; exposes students to the practice of creating content for traditional and non-traditional media vehicles. Credit is not given for ADV 390 if credit for ADV 450 has been earned. Prerequisite: ADV 284.

ADV 393  Advertising and Society  credit: 3 Hours.
Provides a critical understanding of advertising's role in modern society. Advertising will be studied as a cultural force and social institution. Its role will be examined in relation to communications, economics, and political and legal systems. Credit is not given for ADV 393 if credit for ADV 493 has been earned.

ADV 399  Advertising Study Abroad  credit: 1 to 5 Hours.
Provides credit toward undergraduate degree for undertaking study and/or a research project through faculty led programs or from an accredited foreign institution or approved overseas program. Approved for both letter and S/U grading. May be repeated in the same or separate terms to a maximum of 18 hours. Final determination of appropriate credit will be made upon completion of the work done abroad and/or on campus. Prerequisite: One academic year (or one semester in the case of transfer students) in residence at UIUC, good academic standing, completion of at least thirty semester hours toward the bachelor's degree, and prior approval of the Department of Advertising. Some programs have additional requirements.

ADV 400  Special Problems  credit: 0 to 3 Hours.
Special projects, research, and independent reading in advertising for students capable of individual work under the guidance of a faculty adviser. 0 to 3 undergraduate hours. No graduate credit. May be repeated in the same or in multiple semesters, if topics vary. Prerequisite: Written research proposal and consent of department.

ADV 409  Media Entrepreneurship  credit: 3 Hours.
Introduces students to the foundations of entrepreneurship and evolving business models for media. Students are introduced to the foundation and context of entrepreneurship. The course will cover the skills and practices necessary for new entrepreneurial ventures, as well as the processes of evaluating an idea, assessing the market, and implementing a new venture. Finally, students will examine business case studies for both successful and unsuccessful media start-ups. 3 undergraduate hours. No graduate credit. Prerequisite: Junior or senior standing in the College of Media.

ADV 410  Advanced Public Relations  credit: 3 Hours.
Examines the intersection of public relations strategies and tactical communications used by companies and public institutions to target specific audiences: employees, the news media, the community, the consumer, governmental officials and agencies, stockholders and other relevant groups are included in this group. 3 undergraduate hours. No graduate credit. Prerequisite: ADV 310.

ADV 411  Classic Campaigns  credit: 3 Hours.
Examines the advertising campaigns that have been seen as the best examples of this genre during the past century. Includes the writings of famous advertising authors on the rhetorical principles of advertising. 3 undergraduate hours. No graduate credit.

ADV 452  Creative Concepts I  credit: 3 or 4 Hours.
Planning and execution of advertising across media, with emphasis on the creation of campaigns 3 undergraduate hours. 4 graduate hours. Prerequisite: ADV 390 and consent of instructor (required).

ADV 454  Creative Concepts II  credit: 3 Hours.
This portfolio-oriented course builds upon the core competencies acquired in ADV 452 and applies them to solving real-world advertising problems with integrated creative consumer communications efforts than span traditional and new media. 3 undergraduate hours. 3 graduate hours. Prerequisite: ADV 452.

ADV 460  Innovation in Advertising  credit: 3 Hours.
This course is intended to improve creative and critical thinking skill in advertising planning by understanding the core technology and perspective of digital and other innovative media in the context of integrated communication. This will allow students to understand how consumers perceive and process digital advertising messages; to research critical questions in digital consumer behavior; to learn how to utilize digital and non-digital media in the context of integrated communication; to apply knowledge of digital communication technology to the real-world advertising cases. 3 undergraduate hours. 3 graduate hours. Credit is not given for ADV 460 if credit for the Digital Advertising section of ADV 490 has been earned. Prerequisite: ADV 283, ADV 284.
ADV 461 Computational Advertising  credit: 3 Hours.
This class will survey the emerging landscape of computational advertising. It will provide students with a thorough understanding of the technologies including web-search, auctions, behavioral targeting, and mechanisms for viral marketing that underpin the display of advertisements on a variety of locations. These locations include web pages (banner ads), on prominent search engines (text ads), on social media platforms, as well as cell phones. The students shall also learn about new research areas in computational advertising including electronic billboards, moving objects (banners atop taxi cabs) and algorithmic synthesis of personalized advertisements. This class will also discuss issues related to consumer privacy. 3 undergraduate hours. No graduate credit. Prerequisite: ADV 460, ADV 483. Junior or senior standing required.

ADV 475 Multicultural Advertising  credit: 3 Hours.
Examines the role of multicultural issues upon advertising both as a practice and as an industry. Incorporates historical perspectives to understand the foundational role race, age, and sexual orientation has played in advertising and marketing and will address current issues of racial imagery in advertising, racial diversity in the industry, and a variety of topics related involving multicultural advertising and marketing. 3 undergraduate hours. 3 graduate hours.

ADV 476 Global Advertising  credit: 3 Hours.
Explores theories of culture and communication and applies them to advertising issues in the context of globalization. Through case studies and an applied research paper, students will develop strategies for advertising and communicating messages to local and global audiences. 3 undergraduate hours. 3 graduate hours. Prerequisite: ADV 150 or equivalent.

ADV 478 Psychology of Advertising  credit: 3 Hours.
Course is designed to familiarize students with theory and research at the intersection of advertising and psychology. Explores issues pertaining to advertising psychology, including: basic research methodology, the emergence of trends, attitudes and persuasion, human and brand personality, cross-cultural advertising, implicit consumer cognition, judgment and decision making, and others. 3 undergraduate hours. No graduate credit. Credit is not given for ADV 478 if credit for the Psychology of Advertising section of ADV 490 has been earned. Prerequisite: ADV 281 or equivalent.

ADV 481 Advertising Research Methods  credit: 3 Hours.
Overview of basic concepts of research methodology with particular emphasis on advertising research. Computer analysis and interpretation of actual data sets; measurement with both structured and unstructured techniques; principles of survey and experimental design. 3 undergraduate hours. No graduate credit. Prerequisite: ADV 150 and a specified course in statistical methods.

ADV 482 Qualitative Analysis in Advert  credit: 3 Hours.
Provides students with an understanding of the multiple qualitative methods used in advertising and consumer research; a deeper examination of design and analysis issues are covered with focus on analysis of texts to uncover consumer insights and test advertising strategy. 3 undergraduate hours. No graduate credit. Prerequisite: ADV 150 and ADV 281 or equivalent.

ADV 483 Audience Analysis  credit: 3 Hours.
Analyzes audiences and matches consumer insights with strategic ideas for brand communication, contact, and connection. 3 undergraduate hours. No graduate credit. Prerequisites: ADV 283 and ADV 284.

ADV 484 Quantitative Research Methods  credit: 3 Hours.
Advanced undergraduate course on quantitative research methods in advertising and consumer behavior. In-depth coverage of descriptive research, experimental research, descriptive and inferential statistics, and computer analysis and interpretation of actual data. 3 undergraduate hours. No graduate credit. Prerequisite: ADV 281.

ADV 490 Special Topics in Advertising  credit: 1 to 3 Hours.
Covers current issues in various advertising areas not studied extensively in other courses. 1 to 3 undergraduate hours. 1 to 3 graduate hours. May be repeated in the same or separate terms to a maximum of 6 hours. Prerequisite: Announced separately for each topic.

ADV 491 Advertising Management Plan  credit: 3 Hours.
Application of analytical planning concepts to advertising planning and decision making; covers all of the decision making areas of advertising. 3 undergraduate hours. No graduate credit. Prerequisite: ADV 290, ADV 483.

ADV 492 Tech and Advertising Campaigns  credit: 3 Hours.
With the maturation of the internet as an advertising and media channel, advertising, journalism, and communications students need to know more about technology and how that impacts their messages and designs. Likewise, computer scientists could benefit from knowledge of what the end user is looking for when designing web content, applications and other web-based media. Students in this course will gain design knowledge as well as a hands-on experience in completing a technology-driven advertising campaign. Students will participate in engineering, advertising and project management activities with individual as well as team responsibilities. Same as CS 468. 3 undergraduate hours. No graduate credit. Credit is not given for ADV 492 and ADV 498. Prerequisite: CS 225 or consent of instructors. Junior or senior standing in Advertising or Computer Science.

ADV 494 Persuasion Consumer Response  credit: 3 Hours.
Addresses what makes a mass-mediated message persuasive by reviewing theories of mass communication and persuasion, consumer information-processing, and advertising effectiveness measures. 3 undergraduate hours. No graduate credit. Prerequisite: ADV 281.

ADV 495 Internship Seminar  credit: 0 to 1 Hours.
Seminar based on internship experience. Offered for College of Media students who complete an approved professional, industry related internship. 1 undergraduate hour. 1 graduate hour. Approved for S/U grading only. May be repeated in the same term to a maximum of 2 undergraduate hours or 2 graduate hours. May be repeated in subsequent terms to a maximum of 3 undergraduate hours or 3 graduate hours. Prerequisite: Consent of instructor.

ADV 496 UG Research Project  credit: 0 to 3 Hours.
Participate in departmental faculty research. Topics and nature of assistance vary. Capstone paper required. 0 to 3 undergraduate hours. No graduate credit. Approved for Letter and S/U grading. May be repeated up to 3 hours in the same term or 6 hours in separate terms. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work; and approval of the department head. Majors only. Not available to freshman.
ADV 497  Colloquium in Advertising  credit: 1 Hour.
Current topics, cases, and research in advertising are presented in a
forum that fosters critical thinking and engagement. Weekly presentation
and discussion of current research and cases by faculty, undergraduate/
graduate students, visiting scholars and visiting professionals. 1
undergraduate hour. No graduate credit. Approved for S/U grading
only. May be repeated up to 2 hours in separate terms, if topics vary.
Prerequisite: ADV 281 and consent of instructor.

ADV 498  The Sandage Project  credit: 3 Hours.
This course is named after the founder of the Advertising Department,
Charles H. Sandage (known as the "father of advertising education"). His
vision of educating the future of the industry was grounded in theoretical
and foundational courses emphasizing the "why of advertising" - not
just the "how." In this course, students will integrate the concepts,
experiences, and skills that have been learned in the curriculum with
a service-learning project. 3 undergraduate hours. No graduate credit.
Prerequisite: ADV 283, ADV 390 and ADV 460 or consent of instructor.

journalism)

For the Degree of Bachelor of Science in
Journalism
To graduate from the Department of Journalism, a student must meet
all general University and College requirements for the degree and
must complete the following courses, all of which must be taken for a
traditional letter grade and for which all pre-requisites will be enforced:

Core Curriculum  26
JOUR 200  Introduction to Journalism  1  3
JOUR 210  Newsgathering Across Platforms  1  4
JOUR 215  Multimedia Reporting  4
JOUR 311  Media Law  3
One of the following three-course sequences (12 hours
minimum):
News-Editorial
JOUR 315  Adv Public Affairs Reporting  4
JOUR 320  News Editing  4
JOUR 425  Multimedia Editing and Design  4
OR
Broadcast  1
JOUR 335  Audio Journalism  4
JOUR 340  Video Reporting & Storytelling  4
JOUR 445  Video Storytelling 2-Producing  4
College of Media Electives  18-26

College Electives must include at least three 3- or 4-hour
Journalism courses numbered 200 or above and not cross-
listed with other departments (12 hours minimum) must be
taken. Courses in the sequence not chosen may be used to
fulfill this requirement. Remaining College of Media elective
hours offered by or cross-listed with Advertising (ADV),
Agricultural Communications (AGCM), Journalism (JOUR),
Media and Cinema Studies (MACS) or the College of Media
(MDIA) count in this total.

Hours outside the College of Media (72 hours minimum)
Special Department Requirements
Including at least six hours in each of these seven areas:
Economics
History
Philosophy
Political Science
Sociology or Anthropology
Natural Science or Technology

Two Areas of Specialization
12 hours in each of two specialized areas outside the College
of Media

Advanced Hours Requirement
At least 20 hours in courses numbered 200 or above. These
courses must be outside and not cross-listed with the College
of Media. 9 of the 20 hours must be in courses numbered 300
or above.

Please note: Courses used to fulfill University General
Education requirements or to fulfill requirements for a minor
may count toward these requirements. Courses used to fulfill
the College of Media’s advanced outside hours requirement
may also count toward these requirements.

Free electives to reach minimum required for graduation  0-8
Minimum total hours required for graduation  124

1. Must be taken one at a time and in sequence

JOUR Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/
DEFAULT/JOUR)

Courses
JOUR 199  Undergraduate Open Seminar  credit: 1 TO 3 Hours.
A changing array of courses focusing on special topics in journalism.
May be repeated to a maximum of 12 hours in separate semesters, if
topics vary.

JOUR 200  Introduction to Journalism  credit: 3 Hours.
Discussion of the history, freedom, technologies, ethics, and functions
of the news media. Training in clear, descriptive writing techniques, using
journalistic models. Prerequisite: Completion of Composition I general
education requirement.
This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

JOUR 205  History of American Journalism  credit: 3 Hours.
Surveys the history of the field of journalism since pre-colonial times.
Includes the evolution of the media in the United States and the evolution
of cultural concepts concerning the media, including rights granted under
the First Amendment. Credit is not given for JOUR 205 if credit for JOUR
405 has been earned.

Information listed in this catalog is current as of 10/2015
JOUR 210 Newsgathering Across Platforms  credit: 4 Hours.
Fundamentals of journalistic reporting and writing across print, broadcast and digital platforms. Credit is not given for JOUR 210 if credit for JOUR 400 has been earned. Prerequisite: JOUR 200.

JOUR 215 Multimedia Reporting  credit: 4 Hours.
Designed to acquaint students with the fundamentals of digital photography, video, audio and multimedia as it applies to journalism. Instruction will include conceptual frameworks and techniques to create multimedia journalism content; the conception, planning and creation of multimedia projects; coverage of events with audio, video and photographs; the technical and creative aspects of digital photography, video, and multimedia; delivery platforms for multimedia content including the Web and evolving communication technologies. Credit is not given for JOUR 215 if credit for JOUR 410 has been earned. Prerequisite: JOUR 210 or consent of Journalism Department.

JOUR 220 JOUR 340 Video Reporting & Storytelling  credit: 4 Hours.
The course will survey contemporary public relations to clarify several elements: publicity, advertising, branding, press agentry, public affairs, issues management, lobbying, investor relations and development. Students will learn to work with the press and the ethical dimensions of the relationships that form. The course will employ real and hypothetical case studies. Teams will develop strategies to reach a PR goal. Each team will make presentations to be judged by real clients or the instructor and guest judges.

JOUR 225 JOUR 311 Media Law  credit: 3 Hours.
Detailed analysis of the theories of freedom of expression, the legal doctrines of greatest concern to mass communicators, and contemporary issues related to free speech and press, including libel, copyright, and news-gathering in a digital age. Credit is not given for JOUR 311 if credit for JOUR 411 has been earned. Prerequisite: JOUR 210.

JOUR 230 JOUR 315 Adv Public Affairs Reporting  credit: 4 Hours.
Study and extensive practice of in-depth public affairs reporting - its concepts, techniques, traditions, ethics, and social obligations. Credit is not given for JOUR 315 if credit for JOUR 415 has been earned. Prerequisite: JOUR 210.

JOUR 231 JOUR 320 News Editing  credit: 4 Hours.
Editing and headline writing, news judgment, ethics and leadership. Credit is not given for JOUR 320 if credit for JOUR 420 has been earned. Prerequisite: JOUR 210.

JOUR 235 JOUR 330 Audio Journalism  credit: 4 Hours.
Reporting and writing news for audio programs and websites. Credit is not given for JOUR 335 if credit for JOUR 435 has been earned. Prerequisite: JOUR 210.

JOUR 240 JOUR 340 Video Reporting & Storytelling  credit: 4 Hours.
Introduces news studio and field production and principles of field reporting and editing of news video; principles of planning, producing, and directing news and public affairs programs. Credit is not given for JOUR 340 if credit for JOUR 440 has been earned. Prerequisite: JOUR 335.

JOUR 300 JOUR 335 Audio Journalism  credit: 4 Hours.
The course will address the ethics and diversity in news-gathering with regard to scope, privacy, bias, economic concerns, and accountability. Examines real-life news decisions and the thoughts of journalists who lived through famous and infamous ethics situations. Key provisions in the Society of Professional Journalists Code of Ethics regarding use of diverse voices will be discussed and applied in practical ways, and both students and the instructor will find current examples of ethics issues to present to the class. Diversity education is part of the required standard for achieving journalism accreditation from the discipline's national accrediting body.

JOUR 311 Media Law  credit: 3 Hours.
Study and extensive practice of in-depth public affairs reporting - its concepts, techniques, traditions, ethics, and social obligations. Credit is not given for JOUR 311 if credit for JOUR 411 has been earned. Prerequisite: JOUR 210.

JOUR 320 News Editing  credit: 4 Hours.
Editing and headline writing, news judgment, ethics and leadership. Credit is not given for JOUR 320 if credit for JOUR 420 has been earned. Prerequisite: JOUR 210.

JOUR 330 Audio Journalism  credit: 4 Hours.
Reporting and writing news for audio programs and websites. Credit is not given for JOUR 335 if credit for JOUR 435 has been earned. Prerequisite: JOUR 210.

JOUR 340 Video Reporting & Storytelling  credit: 4 Hours.
Introduces news studio and field production and principles of field reporting and editing of news video; principles of planning, producing, and directing news and public affairs programs. Credit is not given for JOUR 340 if credit for JOUR 440 has been earned. Prerequisite: JOUR 335.

JOUR 350 JOUR 425 Multimedia Editing and Design  credit: 4 Hours.
Advanced techniques for reporting, producing, writing, shooting, and editing video news stories and for producing and airing regularly scheduled news programs on deadline. 3 undergraduate hours. 4 graduate hours. Prerequisite: JOUR 215.

JOUR 360 The Media and You  credit: 3 Hours.
The course will address the ethics and diversity in news-gathering with regard to scope, privacy, bias, economic concerns, and accountability. Examines real-life news decisions and the thoughts of journalists who lived through famous and infamous ethics situations. Key provisions in the Society of Professional Journalists Code of Ethics regarding use of diverse voices will be discussed and applied in practical ways, and both students and the instructor will find current examples of ethics issues to present to the class. Diversity education is part of the required standard for achieving journalism accreditation from the discipline's national accrediting body.

JOUR 420 Advanced Composition.

JOUR 425 JOUR 445 Video Storytelling 2-Producing  credit: 4 Hours.
Advanced techniques for reporting, producing, writing, shooting, and editing video news stories and for producing and airing regularly scheduled news programs on deadline. 4 undergraduate hours. 4 graduate hours. Prerequisite: JOUR 215.

JOUR 425 Multimedia Editing and Design  credit: 4 Hours.
Principles of visual reporting and editing; seeks to instill application-level competency in a wide array of non-linear, non-narrative techniques of journalistic storytelling across various media. 4 undergraduate hours. 4 graduate hours. Prerequisite: JOUR 215.

JOUR 445 Video Storytelling 2-Producing  credit: 4 Hours.
Advanced techniques for reporting, producing, writing, shooting, and editing video news stories and for producing and airing regularly scheduled news programs on deadline. 4 undergraduate hours. 4 graduate hours. Prerequisite: JOUR 340.

JOUR 450 Media and Public Opinion  credit: 3 Hours.
Theory of public opinion and communications; relation of communication systems to public opinion, social systems, and the political order. 3 undergraduate hours. 3 graduate hours. Prerequisite: Completion of Quantitative Reasoning I.

JOUR 451 Research Methods in Journalism  credit: 3 Hours.
Introduction to social science principles of measurement, sampling, statistical inferences and logic of research design in collection, analysis and interpretation of information used in journalism and mass media. 3 undergraduate hours. 3 graduate hours. Prerequisite: Completion of Quantitative Reasoning I requirement. JOUR 200 recommended, or graduate standing. This course satisfies the General Education Criteria for:

UIUC: Quant Reasoning II

JOUR 452 Great Books of Journalism  credit: 3 Hours.
Books written by journalists have had great impact on U.S. public policy and understanding, covering such topics as corporate power, political corruption, rural poverty, the atomic bombing of Japan, Watergate, and a soldiers-eye view of war. From hard-edged investigations to nonfiction literature, the readings broaden and deepen understanding of the power and purpose of journalism beyond breaking news and celebrities. Readings from eight groundbreaking books, assessment of social and professional impact, ethical issues, reporting and writing approaches, and extensive class discussion. 3 undergraduate hours. 3 graduate hours. This course satisfies the General Education Criteria for:

UIUC: Literature and the Arts
UIUC: US Minority Culture(s)
JOUR 453 Crisis Communications credit: 3 Hours.
Students will take on the role of a public relations/public affairs officer to learn how to deal with the media when managing a crisis for a client, whether a multinational corporation or a professional athlete. Students will use case studies of actual events to examine how the media dealt with the crisis. Students will get a look at the inner workings of a major PR firm devoted to telling the truth while managing the message. 3 undergraduate hours. 3 graduate hours.

JOUR 460 Special Topics credit: 1 to 4 Hours.
A changing array of special projects, research or reading in journalism. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in the same or subsequent semesters if topics vary.

JOUR 470 International Reporting credit: 3 Hours.
Role of international news in daily lives. Examines those who report it and those who pioneered it. Students monitor how U.S. and international media cover selected countries and learn how to write international news. In selected semesters, students may research issues and life in a foreign country in preparation for an international reporting trip. 3 undergraduate hours. 3 graduate hours.

JOUR 471 Science Journalism credit: 3 Hours.
Students will explore media coverage of science. They will examine the interconnections of scientific advances and public understanding. The seminar format will allow students to interview scientists and journalists, to discuss work, and to become science communicators. Subject matter of reporting projects will be determined by the background and interests of the students. Field trips and Illinois science will be featured. 3 undergraduate hours. 3 graduate hours.

JOUR 472 Business Reporting credit: 3 Hours.
Learning to follow the money is a key part of covering corporate America, professional sports or Hollywood. No need to fear financial statements: This course shows you easy methods to pick them apart and turn them into smart stories. Students learn to report and write stories using the Wall Street Journal's feature methods. 3 undergraduate hours. 3 graduate hours. Prerequisite: JOUR 210 or JOUR 400. Journalism or Agricultural Communications major(s). Restricted to students with Sophomore, Junior, Senior, or Graduate class standing.

JOUR 475 Magazine Writing credit: 3 Hours.
Preparation of feature stories and articles; techniques of marketing, market analysis, and publishing articles written in the course. 3 undergraduate hours. 3 graduate hours. Prerequisite: JOUR 210.

JOUR 480 Advanced Reporting Topics credit: 3 Hours.
Advanced reporting projects or techniques, with separate sections for a varying array of topics such as investigative reporting, immersive journalism, literary journalism, business and financial journalism, online publishing, radio news features, sports writing, broadcast documentary production, digital journalism, and photo journalism. 3 undergraduate hours. 3 graduate hours. May be repeated in the same or subsequent semesters if topics vary. Prerequisite: JOUR 210.

JOUR 481 Literary Feature Writing credit: 3 Hours.
Course focuses on concept, reporting practice, and ethics of literary approaches to create evocative, story-like journalism articles. Students report and write a single in-depth story that will be re-reported and re-written three times. Includes extensive readings illustrating the finest literary journalism. The class includes extensive self, class and professor criticism and editing. Articles for this class have been published in the News-Gazette and other publications. An archive of published stories can be found at intimatejournalism.com. 3 undergraduate hours. 3 graduate hours. Prerequisite: JOUR 210. Journalism majors only.

JOUR 482 Immersion Journalism credit: 3 or 4 Hours.
The interview methodology students learn is seen as the best way to provide the ethnographer/writer/reporter with insight into social phenomena. The methodology can be used to examine living conditions, family history and attitudes of ethnic groups at any class level – wealthy, affluent, middle class, poor or underclass. Students with insatiable curiosity about behavior will be able to extract from participants surprising revelations about their needs, desires and motivations. Students will learn how personalities, circumstances, and choices made by participants' parents and forebears affect the participant's life today. Same as AFRO 482. 3 undergraduate hours. 4 graduate hours. Prerequisite: Juniors, Seniors and Graduate students of any discipline.

JOUR 483 Investigative Journalism credit: 3 Hours.
The investigative methodology students learn is seen as the best way to provide the producer/editor/reporter with insight into social issues, government and businesses practices and systems. The methodology can be used to examine topics or issue. Students will use data, documents, interviews and field observation to collect information, do basic data analysis, test hypotheses, and produce stories in text, audio, or video or all. Students will learn how to do deep research, organize complex material, and produce presentations that are easy for the public to understand. 3 undergraduate hours. 3 graduate hours.

JOUR 490 Professional Project credit: 3 Hours.
Individual and team-produced advanced enterprise projects in specialized fields. 3 undergraduate hours. 3 graduate hours. May be repeated in the same or subsequent semesters if topics vary.

JOUR 495 Internship Seminar credit: 0 to 1 Hours.
Seminar based on internship experience. Offered for College of Media students who complete an approved professional, industry related internship. 0 to 1 undergraduate hours. 0 to 1 graduate hours. Approved for S/U grading only. May be repeated in the same term to a maximum of 2 undergraduate hours or 2 graduate hours. May be repeated in separate terms to a maximum of 3 undergraduate hours or 3 graduate hours. Prerequisite: Consent of instructor.

Media and Cinema Studies

Dr. C. L. Cole, Department Head
119 Gregory Hall, 810 South Wright Street, Urbana
PH: (217) 333-1549
www.media.illinois.edu/macs/ (http://www.media.illinois.edu/macs)

The Department of Media and Cinema Studies in the College of Media offers a B.S. Degree in Media and Cinema Studies with two concentrations, Media Studies and Cinema Studies. Students from outside the College can earn an undergraduate Minor in Cinema Studies and a graduate Minor in Cinema Studies. College of Media students may not pursue the Minor in Cinema Studies.

Students in the Media and Cinema Studies program develop an understanding of modern communications, media, and cinema from an interdisciplinary perspective. They explore the theory behind contemporary media and the origins, structures and implications for our society. Students also address the history of media and cinema both in the United States and internationally. The development of all mediated forms is considered in light of more general concerns about technology, culture, society, and politics.

Information listed in this catalog is current as of 10/2015
For the Degree of Bachelor of Science in Media and Cinema Studies

To graduate from the media and cinema studies curriculum, a student must meet all general University and College requirements for the degree and must complete the following courses:

- Media Studies Concentration (p. 579)
- Cinema Studies Concentration (p. 578)

Minor in Cinema Studies

The Minor in Cinema Studies provides undergraduate students with certain core courses in the discipline while also allowing them the freedom to explore the various approaches to the subject presented by different departments.

The Minor in Cinema Studies requires a minimum of 21 hours distributed over seven courses as follows. At least six hours of advanced (300 or 400) level courses must be included:

Two additional courses on film offered by or cross-listed with MACS, other than those used to fulfill the requirements above. A list of approved courses is maintained by the department.

MACS Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MACS)

Courses

MACS 100 Intro to Popular TV & Movies credit: 3 Hours.
This course is for students to begin to develop a critical understanding of the role of popular movies and television in their own lives and in U.S. culture. The course looks at issues of the relationship of media to social violence, gender identities, sexual identities, adolescents, minority cultures, and the role of the U.S. media globally. It also considers some of the major media genres that characterize U.S. popular television and movies.

This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Western Civilization

MACS 101 Intro to the Media credit: 3 Hours.
Introduces students to core issues in communication, ranging from the role of language in human history to political questions posed by electronic and digital technologies. Exploring key contemporary problems through timely readings, students learn and write about how the media affect everyday life. Prerequisite: Freshman or sophomore standing.

This course satisfies the General Education Criteria for:
UIUC: Advanced Composition

MACS 104 Intro to Film credit: 3 Hours.
Same as ENGL 104. See ENGL 104.

This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

MACS 117 Shakespeare on Film credit: 3 Hours.
Same as ENGL 117. See ENGL 117.

This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

MACS 166 Contemporary Media Literacy credit: 3 Hours.
Develops skills to assess the importance of new media in contemporary culture. The course emphasizes both social and technical aspects of media. As part of the course, students prepare their own media and evaluate current media literacy projects. Prerequisite: Freshman or sophomore standing.

This course satisfies the General Education Criteria for:
UIUC: Social Sciences

MACS 199 Undergraduate Open Seminar credit: 1 TO 5 Hours.
May be repeated to a maximum of 12 hours in separate semesters if topics vary.

MACS 202 Social Aspects Info Tech credit: 3 Hours.
Same as INFO 202 and LIS 202. See INFO 202.

This course satisfies the General Education Criteria for:
UIUC: Social Sciences
MACS 203  Contemporary Movies  credit: 3 Hours.
Provides a critical context for recent international cinema by exploring several kinds of genres, aesthetics, and technologies. We will discuss transnational trends in cinema relating to the influence of other media such as gaming, social networking, and personal electronics, as well as consider impacts of economic structures of global filmmaking production and exhibition. We will view popular and art movies, and query longstanding categories such as the teen pic, “woman’s” film, and documentary.

MACS 207  Indian Cinema in Context  credit: 3 Hours.
Same as CWL 207. See CWL 207.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: Non-Western Cultures

MACS 211  Intro to African-American Film  credit: 3 Hours.
Examination of the history, theory, and aesthetics of African-American filmmaking from the silent era to the present. Films are analyzed within their sociocultural contexts, with particular attention to how constructions of race, identity, and community interact with class, gender, and sexuality; and the link between film and other forms of Black expressive culture. The impact of African-American film on popular culture, links to the African Diaspora, and relations with other communities of color will also be discussed. Same as AFRO 211.
This course satisfies the General Education Criteria for:
UIUC: US Minority Culture(s)

MACS 250  Latina/os on the Bronze Screen  credit: 3 Hours.
Same as LLS 250. See LLS 250.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

MACS 261  Survey of World Cinema I  credit: 3 Hours.
Survey of the development of equipment, techniques, and themes of the cinema from its origins through the coming of sound; lectures, discussions, and showings of selected films.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

MACS 262  Survey of World Cinema II  credit: 3 Hours.
Survey of the development of equipment, techniques, and themes of the cinema from the coming of sound to the present; lectures, discussions, and showings of selected films.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

MACS 264  Creative and Information Economies  credit: 4 Hours.
An introduction to the political economy of the media in the U.S. The purpose of the class is to acquaint students with a core understanding of how the media system operates, and with what effects, in a capitalist society. The course examines the role of advertising, public relations, corporate concentration, and government regulation upon journalism, entertainment, culture, and participatory democracy. The class also examines issues such as the Internet, globalization, and public broadcasting.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

MACS 273  American Cinema Since 1950  credit: 3 Hours.
Same as ENGL 273. See ENGL 273.

MACS 275  Am Indian and Indigenous Film  credit: 3 Hours.
Same as AIS 275 and ENGL 275. See AIS 275.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

MACS 295  Intro Media/Cinema Topics  credit: 3 Hours.
Introduction to the study of special topics in media and cinema studies, including cultural, social, historical, economic, and/or political issues in media and/or cinema. Topics vary but may include: genres, stars, historical movements, thematic studies, television, convergence culture, new media. May be repeated in the same or separate terms to a maximum of 6 hours if topics vary.

MACS 300  Topics in Film and History  credit: 3 Hours.
Same as HIST 300. See HIST 300.

MACS 317  Media History  credit: 3 Hours.
Presents the nature and development of communication systems; history of communication media; history of journalism, advertising, and broadcasting; and communications in the modern world.

MACS 320  Popular Culture  credit: 3 Hours.
Examines the critical literature on mass media entertainment; reviews significant contemporary issues and develops perspectives for understanding popular culture.

MACS 321  Film Culture  credit: 3 Hours.
Introduces students to key issues of, major theoretical approaches to, and current debates about the cultural function of films. Course addresses theories of spectatorship, the politics of pleasure, the culture of entertainment, and the cinematic construction of race, class, and gender.
This course satisfies the General Education Criteria for:
UIUC: Western Compartv Cult

MACS 322  Politics and the Media  credit: 3 Hours.
Same as CMN 325 and PS 312. See PS 312.

MACS 323  Studies Film/Media Production  credit: 1 to 3 Hours.
Provides analytical framework for pursuing film/media production. Emphasizes critical analysis of various aspects of production: e.g., scripting, storyboarding, cinematography, editing, set and costume design, location and studio shooting, sound. Covers theories of representation, narrative, meaning-making, experimentation, and audience in relation to film/media production practices. Does not, however, teach students how to do film and media production (e.g., how to work a camera, etc.). Therefore, students must come to the course with experience in film and/or media production (can be self-taught). Both individual and group projects are encouraged. Students should expect to work as crew for other students in class. Culminates in a public screening at which students present an analysis of their own project–both the process and the finished product. To apply for course, students (individually or in groups) must propose an idea or concept for a film/media project they would like to produce during the class. May be repeated in separate terms to a maximum of 6 hours. May be repeated by students who wish to pursue a longer project in two consecutive semesters (may include summer). Students may not repeat the course to pursue separate projects. Prerequisite: Consent of instructor.

Information listed in this catalog is current as of 10/2015
MACS 326  New Media, Culture & Society  credit: 3 Hours.
Digital media is an immensely pervasive and powerful form of communication that despite its rapid growth has yet to reach most of the world’s population. This lecture-based survey course for undergraduates traces the history and formation of personal computing and the Internet, the development of virtual communities and virtual worlds, evolving forms of digital representation and communication, digital visual cultures, features of new media industries, and the rise of participatory media. Evaluation and assessment is based on written exams, quizzes, class discussion in section, and practice-based assignments using new media technologies such as wikis, blogs, games, and digital video. Emphasis is on mastering key concepts of digital media through theory and history, and on critical discussion of distinctive features of digital media objects. Lectures and discussion sections are held in computer-equipped classrooms. Same as INFO 326.

MACS 331  Media and Democracy  credit: 3 Hours.
Studies the philosophical bases of the functions and the responsibilities of mass communications.

MACS 335  Film, TV, and Gender  credit: 3 Hours.
Same as GWS 335. See GWS 335.

MACS 345  Digital & Gender Cultures  credit: 3 Hours.
Same as GWS 345, INFO 345, and SOC 345. See GWS 345.

MACS 346  Case Study: Endless Summer  credit: 3 Hours.
Same as KIN 346 and RST 346. See KIN 346.

MACS 351  Social Aspects of Media  credit: 3 Hours.
Explores media structures in relation to cultural content and social functions; examines problems of life and society as treated in mass-produced communications. Same as SOC 351.

MACS 352  Attitude Theory and Change  credit: 3 Hours.
Same as PSYC 352 and SOC 300. See PSYC 352.

MACS 356  Sex & Gender in Popular Media  credit: 3 Hours.
Examines the notion that the mass media influence our development as gendered individuals, looking at those who argue for and against this notion. Considers different forms of feminist theory applied to the study of mass media, the history and scholarly criticisms of the media and their portrayal of women, and feminist attempts to create alternatives to mainstream media images. Throughout, the course considers representation of minorities in the dominant media and examines newly created alternative representations. Same as GWS 356. This course satisfies the General Education Criteria for:
UIC: Western Compartment Cult

MACS 361  Film Theory and Criticism  credit: 3 Hours.
Study of major aesthetic and critical theories about film; study of theory and practice of film criticism.

MACS 364  Topics in Media Business  credit: 3 Hours.
Addresses the business, industry, and economic implications of the interaction of Internet, television, radio, film, and print outlets through digitization-driven platform and interactive technologies. Explores historical and emergent business models, ownership and work patterns, and investment arrangement related to media convergence. Investigates novel forms of individual and collective labor structures and globally distributed modes of production and consumption. Includes attention to economic and scholarly models seeking to analyze media business structures. Specific topics vary by semester, but may include Google, Disney, and Hollywood studio system, or activist media organizations. May be repeated for a maximum of 6 hours if topics vary.

MACS 365  Asian American Media and Film  credit: 3 Hours.
Same as AAS 365. See AAS 365.

MACS 373  Special Topics in Film Studies  credit: 3 Hours.
Same as ENGL 373. See ENGL 373.

MACS 375  Latina/o Media in the US  credit: 3 Hours.
Examines the portrayal and participation of Latinas and Latinos in the U.S. media using a variety of interdisciplinary approaches. Addresses historical and political movements that have been critical to Latina/Latino print, broadcast, and electronic communication within the broader context of cultural diversity. Same as LLS 375.

MACS 377  Global Communications  credit: 3 Hours.
Introduces students to the multiple dimensions of cross-national and comparative communications. Specific topics will vary according to instructor’s focus, but may include human dimensions of global communication, intercultural communication, media impact, structure and processes of institutional communication (i.e. propaganda, diplomacy).

MACS 381  Black Women and Film  credit: 3 Hours.
Same as AFRO 381. See AFRO 381.

MACS 382  French & Comparative Cinema I  credit: 3 Hours.
Same as CWL 387, FR 387, and HUM 387. See FR 387.

MACS 383  French & Comparative Cinema II  credit: 3 Hours.
Same as CWL 389, FR 389, and HUM 389. See FR 389.

MACS 389  International Communications  credit: 3 Hours.
Provides an interdisciplinary approach to international communications; its structure and content; the role of international communications in conflict and conflict resolution; the semantics of international communication; the technical and economic aspects of international mass communications; and government-industry relations in communications. Same as PS 389.

MACS 391  Individual Study  credit: 0 to 3 Hours.
Individual research and exploration of media and cinema studies topics under the guidance of a faculty advisor. May be repeated in the same or in multiple semesters, if topics vary. Prerequisite: Consent of instructor.

MACS 395  Special Media/Cinema Topics  credit: 3 Hours.
Cultural, social, historical, economic, and/or political issues in media and/or cinema; topics vary but may include: genres, historical movements, thematic studies, television, convergence culture, new media. May be repeated to a maximum of 6 hours if topics vary.

MACS 408  TV Studies  credit: 3 or 4 Hours.
Examines factors reshaping TV and its relationship to culture, including genres, industry practices (advertising, production, distribution), new media technologies (YouTube, Twitter, and newer developments), and computer gaming. Analyzes places/spaces of television, mobility, surveillance, television as instruction/guide (dating, cooking, fashion), citizenship, consumption, and TV in everyday life. Focuses on contemporary aspects of TV, with some attention to earlier forms and practices of television. Students required to view and analyze some television programs outside of class. 3 undergraduate hours. 4 graduate hours.

MACS 410  Media Ethics  credit: 3 or 4 Hours.
Surveys the major ethical problems in news, advertising, publications and entertainment media; includes case studies and moral reasoning on confidentiality, privacy, conflicts of interest, deception, violence, and pornography. 3 undergraduate hours. 4 graduate hours.

MACS 419  Russian & East European Film  credit: 3 or 4 Hours.
Same as SLAV 419. See SLAV 419.

MACS 423  Language Acquisition  credit: 3 or 4 Hours.
Same as LING 423 and PSYC 423. See PSYC 423.
MACS 425 Intro to Psycholinguistics credit: 3 or 4 Hours.
Same as LING 425. See LING 425.

MACS 432 Commodifying Difference credit: 3 or 4 Hours.
Same as AAS 435, AFRO 435, GWS 435, and LLS 435. See LLS 435.

MACS 461 Politics of Popular Culture credit: 3 or 4 Hours.
Same as AIS 461. See AIS 461.

MACS 464 Film Festivals credit: 3 or 4 Hours.
Examines the history and significance of film festivals: What they mean for the film industry (marketing, distribution, production), audiences (both at the festival and beyond), film history, and the evolution of filmmaking. Covers specific local, national, and international festivals including festivals focused on particular issues (e.g., Chicago International Children's Film Festival, San Francisco International Asian American Film Festival, Miami Gay and Lesbian Film Festival, and our own local IUB 48-Hour Film Contest). Coordinated with Roger Ebert's Film Festival (which is held in Champaign every April) including internship/volunteer opportunities, screenings, and meetings with guests. Class culminates with a UIUC student film festival, organized, judged, and sponsored by the class. 3 undergraduate hours. 4 graduate hours.

MACS 466 Japanese Cinema credit: 3 or 4 Hours.
Examines the influence of Japan's traditional aesthetics on its cinema and surveys its major film movements, genres, and directors. Same as EALC 466. 3 undergraduate hours. 4 graduate hours. Prerequisite: One course in the College of Media or East Asian Languages and Cultures, or consent of instructor.

MACS 470 Topics in Italian Cinema credit: 3 or 4 Hours.
Same as ITAL 470. See ITAL 470.

MACS 490 Green Screen: Film and Nature credit: 3 or 4 Hours.
Same as EURO 489 and SCAN 490. See SCAN 490.

MACS 492 New Scandinavian Cinema credit: 3 Hours.
Same as SCAN 492. See SCAN 492.

MACS 493 German Cinema I credit: 3 Hours.
Same as GER 493. See GER 493.

MACS 494 German Cinema II credit: 3 Hours.
Same as GER 494. See GER 494.

MACS 495 Internship Seminar credit: 0 to 1 Hours.
Seminar based on internship experience. Offered for College of Media students who complete an approved internship. 0 to 1 undergraduate hours. No graduate credit. Approved for S/U grading only. May be repeated in the same term to a maximum of 2 undergraduate hours. May be repeated in separate terms to a maximum of 3 undergraduate hours. Prerequisite: Consent of instructor.

MACS 496 Advanced Media/Cinema Topics credit: 3 or 4 Hours.
Advanced study of cultural, social, historical, economic, and/or political issues in media and/or cinema; topics vary but may include national and transnational cinemas, directors, genres, historical movements, social and political movements, thematic studies, television, convergence culture, new media. 3 undergraduate hours. 4 graduate hours. May be repeated in the same or separate terms to a maximum of 6 undergraduate hours or 8 graduate hours as topics vary. Prerequisite: One College of Media course or consent of instructor.

MACS 498 Senior Seminar credit: 3 Hours.
Seminar and tutorial in selected Media and Cinema Studies topics. 3 undergraduate hours. No graduate credit. May be repeated in the same or subsequent semesters to a maximum of 6 hours. Prerequisite: Senior standing, a declared Media and Cinema Studies major, or consent of instructor.

MACS 499 Senior Thesis credit: 3 Hours.
Individual research for majors in Media and Cinema Studies leading to the completion of a thesis. 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. Prerequisite: Senior standing, a declared Media and Cinema Studies Major, and consent of advisor.

Cinema Studies Concentration

Required Major Courses: 15
MACS 261 Survey of World Cinema I 3
MACS 262 Survey of World Cinema II 3
MACS 361 Film Theory and Criticism 3

Select ONE of these Non-US Cinema Courses:
MACS 207 Indian Cinema in Context 3
MACS 419 Russian & East European Film 3
MACS 466 Japanese Cinema 3
MACS 470 Topics in Italian Cinema 3
MACS 490 Green Screen: Film and Nature 3
MACS 492 New Scandinavian Cinema 3
MACS 493 German Cinema I 3
MACS 494 German Cinema II 3
ITAL 270 Introduction to Italian Cinema 3
ANTH 266 African Film and Society 3

Select ONE of these Identity, Culture, and Politics Courses: 3
MACS 211 Intro to African-American Film 3
MACS 250 Latina/o on the Bronze Screen 3
MACS 275 Am Indian and Indigenous Film 3
MACS 335 Film, TV, and Gender 3
MACS 356 Sex & Gender in Popular Media 3
MACS 365 Asian American Media and Film 3
MACS 375 Latina/o Media in the US 3
MACS 381 Black Women and Film 3
MACS 432 Commodifying Difference 3
MACS 461 Politics of Popular Culture 3
AAS 120 Intro to Asian Am Pop Culture 3
ENGL 272 Minority Images in Amer Film 3

Sequence Elective Requirements 6-7
Select TWO courses from the following Media Studies core requirements:
MACS 264 Creative and Information Economies 4
MACS 317 Media History 3
MACS 320 Popular Culture 3
MACS 331 Media and Democracy 3
MACS 351 Social Aspects of Media 3
MACS 410 Media Ethics 3

College of Media Electives 21-30
Students must earn at least 44 hours in the College of Media. Remaining hours are completed with ADV, AGCM, JOUR, MACS, or MDIA electives.

Required Area of Study or Minor outside the College of Media 72

Information listed in this catalog is current as of 10/2015
In addition to the 44+ hours within the College described above, students must complete at least 18 hours in one or 9 hours in two approved areas outside of the College of Media, such as African American Studies, American Indian Studies, Anthropology, Art History, Asian American Studies, Economics, Gender and Women’s Studies, History, Latina/o Studies, Linguistics, Literature, Non-English Languages, Philosophy, Political Science, Psychology, Regional Area Studies, Communication, or Sociology. A university-approved minor that requires at least 18 hours may substitute for this requirement. Courses may, if they qualify, also count against the requirement for advanced hours outside the College.

**Advanced Hours Requirement**

At least 20 hours in courses numbered 200 or above. These courses must be outside and not cross-listed with the College of Media. At least 9 of the 20 hours must be in courses numbered 300 or above.

**124 total hours are required for graduation**

### Media Studies Concentration

**Required Major Courses:**

- MACS 264 Creative and Information Economies 4
- MACS 317 Media History 3
- MACS 320 Popular Culture 3
- MACS 351 Social Aspects of Media 3
- MACS 410 Media Ethics 3
- or MACS 331 Media and Democracy 3

**Sequence Elective Requirements**

TWO Cinema focused courses selected from separate categories (Category 1 is World Cinema, Category 2 is Non-US Cinema, Category 3 is Culture and Politics). ONE COURSE MAXIMUM FROM EACH CATEGORY.

**World Cinema:**

- MACS 261 Survey of World Cinema I 3
- or MACS 262 Survey of World Cinema II 3

**Non-US Cinema:**

- MACS 207 Indian Cinema in Context 3
- MACS 382 French & Comparative Cinema I 3
- MACS 419 Russian & East European Film 3
- MACS 466 Japanese Cinema 3
- MACS 470 Topics in Italian Cinema 3
- MACS 490 Green Screen: Film and Nature 3
- MACS 492 New Scandinavian Cinema 3
- MACS 493 German Cinema I 3
- MACS 494 German Cinema II 3
- ITAL 270 Introduction to Italian Cinema 3
- ANTH 266 African Film and Society 3

**Culture and Politics:**

- MACS 211 Intro to African-American Film 3
- MACS 250 Latina/os on the Bronze Screen 3
- MACS 275 Am Indian and Indigenous Film 3
- MACS 335 Film, TV, and Gender 3
- MACS 365 Asian American Media and Film 3
- MACS 381 Black Women and Film 3

### College of Media Electives

22-30

Students must earn at least 44 hours in the College of Media. Remaining hours are completed with ADV, AGCM, JOUR, MACS, or MDIA electives.

### Required Area of Study or Minor Outside the College of Media

72

In addition to the 44+ hours within the College described above, students must complete at least 18 hours in one or 9 hours in two approved areas outside of the College of Media, such as African American Studies, American Indian Studies, Anthropology, Art History, Asian American Studies, Economics, Gender and Women’s Studies, History, Latina/o Studies, Linguistics, Literature, Non-English Languages, Philosophy, Political Science, Psychology, Regional Area Studies, Communication, or Sociology. A University-approved minor that requires at least 18 hours may substitute for this requirement. Courses may, if they qualify, also count against the requirement for advanced hours outside the College.

**Advanced Hours Requirement**

At least 20 hours in courses numbered 200 or above. These courses must be outside and not cross-listed with the College of Media. At least 9 of the 20 hours must be in courses numbered 300 or above.

**124 total hours are required for graduation**

### Minor in Cinema Studies

Dr. C. Cole, Department Head

119 Gregory Hall
810 S. Wright Street
PH: 217-333-1549

media.illinois.edu/macs/ (http://media.illinois.edu/macs)

The Minor in Cinema Studies provides undergraduate students with certain core courses in the discipline while also allowing them the freedom to explore the various approaches to the subject presented by different departments.

The Minor in Cinema Studies requires a minimum of 21 hours distributed over seven courses as follows. At least six hours of advanced (300 or 400) level courses must be included:

**Required Courses:**

- MACS 261 Survey of World Cinema I 3
- MACS 262 Survey of World Cinema II 3
- Select ONE of the following Non-US Cinema/Foreign Language courses: 3-4
  - MACS 207 Indian Cinema in Context 3
  - MACS 382 French & Comparative Cinema I 3
  - MACS 383 French & Comparative Cinema II 3
  - MACS 419 Russian & East European Film 3
  - MACS 470 Topics in Italian Cinema 3
  - MACS 490 Green Screen: Film and Nature 3
  - MACS 492 New Scandinavian Cinema 3
  - MACS 493 German Cinema I 3
  - MACS 494 German Cinema II 3
  - ITAL 270 Introduction to Italian Cinema 3
  - ANTH 266 African Film and Society 3

**Language courses:**

- MACS 207 Indian Cinema in Context 3
- MACS 382 French & Comparative Cinema I 3
- MACS 383 French & Comparative Cinema II 3
- MACS 419 Russian & East European Film 3
- MACS 470 Topics in Italian Cinema 3
- MACS 490 Green Screen: Film and Nature 3
- MACS 492 New Scandinavian Cinema 3
- MACS 493 German Cinema I 3
- MACS 494 German Cinema II 3
- ITAL 270 Introduction to Italian Cinema 3

Advanced Hours Requirement: 6

Six hours of advanced (300 or 400) level courses must be included

Please note, we cannot guarantee that all of these courses will be taught on a regular basis, so keep this in mind when selecting courses.

Courses

**MACS 100 Intro to Popular TV & Movies credit: 3 Hours.**

The goal of this course is for students to begin to develop a critical understanding of the role of popular movies and television in their own lives and in U.S. culture. The course looks at issues of the relationship of media to social violence, gender identities, sexual identities, adolescents, minority cultures, and the role of the U.S. media globally. It also considers some of the major media genres that characterize U.S. popular television and movies.

This course satisfies the General Education Criteria for:
- UIUC: Literature and the Arts
- UIUC: Western Comp

**MACS 101 Intro to the Media credit: 3 Hours.**

Introduces students to core issues in communication, ranging from the role of language in human history to political questions posed by electronic and digital technologies. Exploring key contemporary problems through timely readings, students learn and write about how the media affect everyday life. Prerequisite: Freshman or sophomore standing.

This course satisfies the General Education Criteria for:
- UIUC: Advanced Composition

**MACS 104 Intro to Film credit: 3 Hours.**

Same as ENGL 104. See ENGL 104.

This course satisfies the General Education Criteria for:
- UIUC: Literature and the Arts

**MACS 117 Shakespeare on Film credit: 3 Hours.**

Same as ENGL 117. See ENGL 117.

This course satisfies the General Education Criteria for:
- UIUC: Literature and the Arts

**MACS 166 Contemporary Media Literacy credit: 3 Hours.**

Develops skills to assess the importance of new media in contemporary culture. The course emphasizes both social and technical aspects of media. As part of the course, students prepare their own media and evaluate current media literacy projects. Prerequisite: Freshman or sophomore standing.

This course satisfies the General Education Criteria for:
- UIUC: Social Sciences

**MACS 199 Undergraduate Open Seminar credit: 1 TO 5 Hours.**

May be repeated to a maximum of 12 hours in separate semesters if topics vary.

**MACS 202 Social Aspects Info Tech credit: 3 Hours.**

Same as INFO 202 and LIS 202. See INFO 202.

This course satisfies the General Education Criteria for:
- UIUC: Social Sciences

**MACS 203 Contemporary Movies credit: 3 Hours.**

Provides a critical context for recent international cinema by exploring several kinds of genres, aesthetics, and technologies. We will discuss transnational trends in cinema relating to the influence of other media such as gaming, social networking, and personal electronics, as well as consider impacts of economic structures of global filmmaking production and exhibition. We will view popular and art movies, and query longstanding categories such as the teen pic, "woman’s” film, and documentary.

**MACS 207 Indian Cinema in Context credit: 3 Hours.**

Same as CWL 207. See CWL 207.

This course satisfies the General Education Criteria for:
- UIUC: Literature and the Arts
- UIUC: Non-Western Cultures
MACS 211 Intro to African-American Film  credit: 3 Hours.
Examination of the history, theory, and aesthetics of African-American filmmaking from the silent era to the present. Films are analyzed within their sociocultural contexts, with particular attention to how constructions of race, identity, and community interact with class, gender, and sexuality; and the link between film and other forms of Black expressive culture. The impact of African-American film on popular culture, links to the African Diaspora, and relations with other communities of color will also be discussed. Same as AFRO 211.
This course satisfies the General Education Criteria for:
UIUC: US Minority Culture(s)

MACS 250 Latina/os on the Bronze Screen  credit: 3 Hours.
Same as LLS 250. See LLS 250.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

MACS 261 Survey of World Cinema I  credit: 3 Hours.
Survey of the development of equipment, techniques, and themes of the cinema from its origins through the coming of sound; lectures, discussions, and showings of selected films.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

MACS 262 Survey of World Cinema II  credit: 3 Hours.
Survey of the development of equipment, techniques, and themes of the cinema from the coming of sound to the present; lectures, discussions, and showings of selected films.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts

MACS 264 Creative and Information Economies  credit: 4 Hours.
An introduction to the political economy of the media in the U.S. The purpose of the class is to acquaint students with a core understanding of how the media system operates, and with what effects, in a capitalist society. The course examines the role of advertising, public relations, corporate concentration, and government regulation upon journalism, entertainment, culture, and participatory democracy. The class also examines issues such as the Internet, globalization, and public broadcasting.
This course satisfies the General Education Criteria for:
UIUC: HistPhilosoph Perspect
UIUC: Western Compartv Cult

MACS 273 American Cinema Since 1950  credit: 3 Hours.
Same as ENGL 273. See ENGL 273.

MACS 275 Am Indian and Indigenous Film  credit: 3 Hours.
Same as AIS 275 and ENGL 275. See AIS 275.
This course satisfies the General Education Criteria for:
UIUC: Literature and the Arts
UIUC: US Minority Culture(s)

MACS 295 Intro Media/Cinema Topics  credit: 3 Hours.
Introduction to the study of special topics in media and cinema studies, including cultural, social, historical, economic, and/or political issues in media and/or cinema. Topics vary but may include: genres, stars, historical movements, thematic studies, television, convergence culture, new media. May be repeated in the same or separate terms to a maximum of 6 hours if topics vary.

MACS 300 Topics in Film and History  credit: 3 Hours.
Same as HIST 300. See HIST 300.

MACS 317 Media History  credit: 3 Hours.
Provides analytical framework for pursuing film/media production. Emphasizes critical analysis of various aspects of production: e.g., scriptwriting, storyboarding, cinematography, editing, set and costume design, location and studio shooting, sound. Covers theories of representation, narrative, meaning-making, experimentation, and audience in relation to film/media production practices. Does not, however, teach students how to do film and media production (e.g., how to work a camera, etc.). Therefore, students must come to the course with experience in film and/or media production (can be self-taught).
Both individual and group projects are encouraged. Students should expect to work as crew for other students in class. Culminates in a public screening at which students present an analysis of their own project—both the process and the finished product. To apply for course, students (individually or in groups) must propose an idea or concept for a film/media project they would like to produce during the class. May be repeated in separate terms to a maximum of 6 hours. May be repeated by students who wish to pursue a longer project in two consecutive semesters (may include summer). Students may not repeat the course to pursue separate projects. Prerequisite: Consent of instructor.

MACS 321 Film Culture  credit: 3 Hours.
Introduces students to key issues of, major theoretical approaches to, and current debates about the cultural function of films. Course addresses theories of spectatorship, the politics of pleasure, the culture of entertainment, and the cinematic construction of race, class, and gender.
This course satisfies the General Education Criteria for:
UIUC: Western Compartv Cult

MACS 322 Politics and the Media  credit: 3 Hours.
Same as CMN 325 and PS 312. See PS 312.

MACS 323 Studies Film/Media Production  credit: 1 to 3 Hours.
Provides analytical framework for pursuing film/media production. Emphasizes critical analysis of various aspects of production: e.g., scriptwriting, storyboarding, cinematography, editing, set and costume design, location and studio shooting, sound. Covers theories of representation, narrative, meaning-making, experimentation, and audience in relation to film/media production practices. Does not, however, teach students how to do film and media production (e.g., how to work a camera, etc.). Therefore, students must come to the course with experience in film and/or media production (can be self-taught).
Both individual and group projects are encouraged. Students should expect to work as crew for other students in class. Culminates in a public screening at which students present an analysis of their own project—both the process and the finished product. To apply for course, students (individually or in groups) must propose an idea or concept for a film/media project they would like to produce during the class. May be repeated in separate terms to a maximum of 6 hours. May be repeated by students who wish to pursue a longer project in two consecutive semesters (may include summer). Students may not repeat the course to pursue separate projects. Prerequisite: Consent of instructor.

MACS 326 New Media, Culture & Society  credit: 3 Hours.
Digital media is an immensely pervasive and powerful form of communication that despite its rapid growth has yet to reach most of the world's population. This lecture-based survey course for undergraduates traces the history and formation of personal computing and the Internet, the development of virtual communities and virtual worlds, evolving forms of digital representation and communication, digital visual cultures, features of new media industries, and the rise of participatory media. Evaluation and assessment is based on written exams, quizzes, class discussion in section, and practice-based assignments using new media technologies such as wikis, blogs, games, and digital video. Emphasis is on mastering key concepts of digital media through theory and history, and on critical discussion of distinctive features of digital media objects. Lectures and discussion sections are held in computer-equipped classrooms. Same as INFO 326.

MACS 331 Media and Democracy  credit: 3 Hours.
Studies the philosophical bases of the functions and the responsibilities of mass communications.

MACS 335 Film, TV, and Gender  credit: 3 Hours.
Same as GWS 335. See GWS 335.
MACS 345 Digital & Gender Cultures credit: 3 Hours.
Same as GWS 345, INFO 345, and SOC 345. See GWS 345.

MACS 346 Case Study: Endless Summer credit: 3 Hours.
Same as KIN 346 and RST 346. See KIN 346.

MACS 351 Social Aspects of Media credit: 3 Hours.
Explores media structures in relation to cultural content and social functions; examines problems of life and society as treated in mass-produced communications. Same as SOC 351.

MACS 352 Attitude Theory and Change credit: 3 Hours.
Same as PSYC 352 and SOC 300. See PSYC 352.

MACS 356 Sex & Gender in Popular Media credit: 3 Hours.
Examines the notion that the mass media influence our development as gendered individuals, looking at those who argue for and against this notion. Considers different forms of feminist theory applied to the study of mass media, the history and scholarly criticisms of the media and their portrayal of women, and feminist attempts to create alternatives to mainstream media images. Throughout, the course considers representation of minorities in the dominant media and examines newly created alternative representations. Same as GWS 356. This course satisfies the General Education Criteria for: UIUC: Western Compartv Cult

MACS 361 Film Theory and Criticism credit: 3 Hours.
Study of major aesthetic and critical theories about film; study of theory and practice of film criticism.

MACS 364 Topics in Media Business credit: 3 Hours.
Addresses the business, industry, and economic implications of the interaction of Internet, television, radio, film, and print outlets through digitization-driven platform and interactive technologies. Explores historical and emergent business models, ownership and work patterns, and investment arrangement related to media convergence. Investigates novel forms of individual and collective labor structures and globally distributed modes of production and consumption. Includes attention to economic and scholarly models seeking to analyze media business structures. Specific topics vary by semester, but may include Google, Disney, and Hollywood studio system or activist media organizations. May be repeated for a maximum of 6 hours if topics vary.

MACS 365 Asian American Media and Film credit: 3 Hours.
Same as AAS 365. See AAS 365.

MACS 373 Special Topics in Film Studies credit: 3 Hours.
Same as ENGL 373. See ENGL 373.

MACS 375 Latina/o Media in the US credit: 3 Hours.
Examines the portrayal and participation of Latinas and Latinos in the U.S. media using a variety of interdisciplinary approaches. Addresses historical and political movements that have been critical to Latina/Latino print, broadcast, and electronic communication within the broader context of cultural diversity. Same as LSS 375.

MACS 377 Global Communications credit: 3 Hours.
Introduces students to the multiple dimensions of cross-national and comparative communications. Specific topics will vary according to instructor’s focus, but may include human dimensions of global communication, intercultural communication, media impact, structure and processes of institutional communication (i.e. propaganda, diplomacy).

MACS 381 Black Women and Film credit: 3 Hours.
Same as AFRO 381. See AFRO 381.

MACS 382 French & Comparative Cinema I credit: 3 Hours.
Same as CWL 387, FR 387, and HUM 387. See FR 387.

MACS 384 Digital & Gender Cultures credit: 3 Hours.
Same as GWS 345, INFO 345, and SOC 345. See GWS 345.

MACS 388 International Communications credit: 3 Hours.
Provides an interdisciplinary approach to international communications; its structure and content; the role of international communications in conflict and conflict resolution; the semantics of international communication; the technical and economic aspects of international mass communications; and government-industry relations in communications. Same as PS 389.

MACS 391 Individual Study credit: 0 to 3 Hours.
Individual research and exploration of media and cinema studies topics under the guidance of a faculty advisor. May be repeated in the same or in multiple semesters, if topics vary. Prerequisite: Consent of instructor.

MACS 395 Special Media/Cinema Topics credit: 3 Hours.
Cultural, social, historical, economic, and/or political issues in media and/or cinema; topics vary but may include: genres, historical movements, thematic studies, television, convergence culture, new media. May be repeated to a maximum of 6 hours if topics vary.

MACS 408 TV Studies credit: 3 or 4 Hours.
Examines factors reshaping TV and its relationship to culture, including genres, industry practices (advertising, production, distribution), new media technologies (YouTube, Twitter, and newer developments), and computer gaming. Analyzes places/spaces of television, mobility, surveillance, television as instruction/guide (dating, cooking, fashion), citizenship, consumption, and TV in everyday life. Focuses on contemporary aspects of TV, with some attention to earlier forms and practices of television. Students required to view and analyze some television programs outside of class. 3 undergraduate hours. 4 graduate hours.

MACS 410 Media Ethics credit: 3 or 4 Hours.
Surveys the major ethical problems in news, advertising, publications and entertainment media; includes case studies and moral reasoning on confidentiality, privacy, conflicts of interest, deception, violence, and pornography. 3 undergraduate hours. 4 graduate hours.

MACS 419 Russian & East European Film credit: 3 or 4 Hours.
Same as SLAV 419. See SLAV 419.

MACS 423 Language Acquisition credit: 3 or 4 Hours.
Same as LING 423 and PSYC 423. See PSYC 423.

MACS 425 Intro to Psycholinguistics credit: 3 or 4 Hours.
Same as LING 425. See LING 425.

MACS 432 Commodifying Difference credit: 3 or 4 Hours.
Same as AAS 435, AFRO 435, GWS 435, and LLS 435. See LLS 435.

MACS 461 Politics of Popular Culture credit: 3 or 4 Hours.
Same as AIS 461. See AIS 461.

MACS 464 Film Festivals credit: 3 or 4 Hours.
Examines the history and significance of film festivals: What they mean for the film industry (marketing, distribution, production), audiences (both at the festival and beyond), film history, and the evolution of filmmaking. Covers specific local, national, and international festivals including festivals focused on particular issues (e.g., Chicago International Children’s Film Festival, San Francisco International Asian American Film Festival, Miami Gay and Lesbian Film Festival, and our own local IUB 48-Hour Film Contest). Coordinated with Roger Ebert’s Film Festival (which is held in Champaign every April) including internship/volunteer opportunities, screenings, and meetings with guests. Class culminates with a UIUC student film festival, organized, judged, and sponsored by the class. 3 undergraduate hours. 4 graduate hours.

Information listed in this catalog is current as of 10/2015
MACS 466  Japanese Cinema  credit: 3 or 4 Hours.
Examines the influence of Japan's traditional aesthetics on its cinema
and surveys its major film movements, genres, and directors. Same as
EALC 466. 3 undergraduate hours. 4 graduate hours. Prerequisite: One
course in the College of Media or East Asian Languages and Cultures, or
consent of instructor.

MACS 470  Topics in Italian Cinema  credit: 3 or 4 Hours.
Same as ITAL 470. See ITAL 470.

MACS 490  Green Screen: Film and Nature  credit: 3 or 4 Hours.
Same as EURO 489 and SCAN 490. See SCAN 490.

MACS 492  New Scandinavian Cinema  credit: 3 Hours.
Same as SCAN 492. See SCAN 492.

MACS 493  German Cinema I  credit: 3 Hours.
Same as GER 493. See GER 493.

MACS 494  German Cinema II  credit: 3 Hours.
Same as GER 494. See GER 494.

MACS 495  Internship Seminar  credit: 0 to 1 Hours.
Seminar based on internship experience. Offered for College of Media
students who complete an approved internship. 0 to 1 undergraduate
hours. No graduate credit. Approved for S/U grading only. May be
repeated in the same term to a maximum of 2 undergraduate hours. May
be repeated in separate terms to a maximum of 3 undergraduate hours.
Prerequisite: Consent of instructor.

MACS 496  Advanced Media/Cinema Topics  credit: 3 or 4 Hours.
Advanced study of cultural, social, historical, economic, and/or
political issues in media and/or cinema; topics vary but may include
national and transnational cinemas, directors, genres, historical
movements, social and political movements, thematic studies, television,
convergence culture, new media. 3 undergraduate hours. 4 graduate
hours. May be repeated in the same or separate terms to a maximum of
6 undergraduate hours or 8 graduate hours as topics vary. Prerequisite:
One College of Media course or consent of instructor.

MACS 498  Senior Seminar  credit: 3 Hours.
Seminar and tutorial in selected Media and Cinema Studies topics. 3
undergraduate hours. No graduate credit. May be repeated in the same
or subsequent semesters to a maximum of 6 hours. Prerequisite: Senior
standing, a declared Media and Cinema Studies major, or consent of
instructor.

MACS 499  Senior Thesis  credit: 3 Hours.
Individual research for majors in Media and Cinema Studies leading to
the completion of a thesis. 3 undergraduate hours. No graduate credit.
May be repeated to a maximum of 6 hours. Prerequisite: Senior standing,
a declared Media and Cinema Studies Major, and consent of advisor.

Agricultural Communications

Dr. Lulu Rodriguez, Director

academics.aces.illinois.edu/majors/agcom (http://
academics.aces.illinois.edu/majors/agcom)

For the Degree of Bachelor of
Science with a Major in Agricultural
Communications

The major in Agricultural Communications is for students wishing to
pursue careers as professionals in writing, editing, and publishing; public
relations; advertising; radio and television broadcasting; photography;
and related activities with an emphasis on the fields of food, agriculture,
the environment, energy and consumer behavior. Concentrations in
journalism or advertising allow students to pursue these professional
interests. Program requirements in each concentration include the
completion of an interdisciplinary minor in Food and Environmental
Systems. The College of Media and the College of Agricultural, Consumer
and Environmental Sciences jointly offer this curriculum.

A minimum of 126 hours are required for graduation, including:
General Education Requirements
Agricultural Communications major requirements
Minor in Food and Environmental Systems requirements
College of Media concentration requirements

Prescribed Courses including Campus General
Education

Composition I and Speech
Select one of the following: 6-7
RHET 105  Writing and Research
& CMN 101  and Public Speaking (See College
Composition I requirement)
OR
CMN 111  Oral & Written Comm I
& CMN 112  and Oral & Written Comm II

Advanced Composition
Select from campus approved list. (JOUR 200; AGCM 220). 3-4

Cultural Studies
Select one course from Western/Comparative culture and
one from non-Western/U.S. minority culture from campus
approved list. 6

Foreign Language
Coursework at or above the third level is required for
graduation.

Quantitative Reasoning I
Select one of the following: 3-4
ACE 261  Applied Statistical Methods
CPSC 241  Intro to Applied Statistics
ECON 202  Economic Statistics I
EPSY 280  Elements of Statistics
PSYC 235  Intro to Statistics
SOC 280  Intro to Social Statistics
SOCW 225  Intro Stat for Social Work
STAT 100  Statistics (or its equivalent)

Quantitative Reasoning II
Select from campus approved list. 3-4

Natural Sciences and Technology

Physical Science
Select one from the following: 3-5
ATMS 100  Introduction to Meteorology
ATMS 120 Severe and Hazardous Weather
ATMS 140 Climate and Global Change
CHEM 102 General Chemistry I
& CHEM 11 and General Chemistry Lab I
ENVS 101 Introduction to Energy Sources
ESE 117 The Oceans
ESE 118 Natural Disasters
GEOL 107 Physical Geology
PHYS 101 College Physics: Mech & Heat

**Life Science**
Select one from the following: 3-4
- ANSC 207 Companion Animal Biology & Care
- ANTH 249 Evolution and Human Disease
- CPSC 112 Introduction to Crop Sciences
- CPSC 113 Environment, Agric, & Society
- FSHN 120 Contemporary Nutrition
- IB 103 Introduction to Plant Biology
- IB 105 Environmental Biology
- IB 107 Global Warming, Biofuels, Food
- IB 109 Insects and People
- MCB 100 Introductory Microbiology
  & MCB 101 and Intro Microbiology Laboratory

**Humanities and the Arts**
Select from campus approved list. 6
- PSYC 100 Intro Psych 4

**Social and Behavioral Sciences**
- ACE 100 Agr Cons and Resource Econ
- PS 101 Intro to US Gov & Pol

**Agricultural Communications Required**
- AGCM 110 Intro to Ag and Env Comm 3
- AGCM 320 Public Information Campaigns 4
- JOUR 200 Introduction to Journalism 3
Select two of the following: 6-7
- AGCM 220 Communicating Agriculture
- AGCM 270 Ag Sales and Persuasive Communication
- AGCM 315 Emerging Media
- AGCM 330 Environmental Communications
- AGCM 398 Undergraduate Seminar
- AGCM 430 Comm in Env Social Movements

Students must also complete the ACES Minor in Food and Environmental Systems (http://catalog.illinois.edu/undergraduate/aces/food-environ-systems-minor)

**COLLEGE OF MEDIA CONCENTRATION** 21-23
Students must choose one of two concentrations:

**ADVERTISING** 21
Required courses:
- ADV 150 Introduction to Advertising 3
- ADV 281 Advertising Research Methods 3
- ADV 283 Content, Contact, Connections 3
- ADV 284 Consumer Insight 3
Choose three of the following:
- ADV 390 Content Creation

**JOURNALISM** 23
Required courses:
- JOUR 210 Newsgathering Across Platforms 4
- JOUR 215 Multimedia Reporting 4
- JOUR 311 Media Law 3
Choose three of the following:
- JOUR 315 Adv Public Affairs Reporting
- JOUR 320 News Editing
- JOUR 425 Multimedia Editing and Design
- JOUR 335 Audio Journalism
- JOUR 340 Video Reporting & Storytelling
- JOUR 445 Video Storytelling 2-Producing

AGCM Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/AGCM)

**Courses**
- AGCM 110 Intro to Ag and Env Comm credit: 3 Hours.
  Development and role of communication in relation to food, feed, fiber, energy, natural resources, international development and other dimensions of agriculture. Introduction to channels, methods, challenges and opportunities for improving communication within agriculture and communicating agriculture to the public.
- AGCM 199 Undergraduate Open Seminar credit: 1 to 5 Hours.
  Experimental course on a special topic in agricultural communications. May be repeated in the same or separate terms as topics vary.
- AGCM 220 Communicating Agriculture credit: 3 Hours.
  Skills necessary to communicate complex information about the broad agriculture domain to different audiences. Application of communication theories. Emphasis on essential communication skills, including writing, conducting interviews, planning, and critical evaluation of information sources. Same as ENVS 220 and NRES 220. Prerequisite: Completion of a Composition I course.
  This course satisfies the General Education Criteria for:
  UIUC: Advanced Composition
- AGCM 270 Ag Sales and Persuasive Communication credit: 3 Hours.
  Sales concepts and persuasive business communication techniques. Role, dynamics, and principles of sales communications related to food, agriculture, and the environment. Sales objectives, market segmentation, prospecting, handling obligations, relationship building, and the nuances of sales communications.
- AGCM 293 Communications Internship credit: 1 to 3 Hours.
  Supervised experience in a field directly pertaining to agricultural communications. Approved for S/U grading only. May be repeated. Prerequisite: Sophomore standing. AGCM Program approval required.
- AGCM 294 Research Internship credit: 1 to 4 Hours.
  Supervised, on-campus, learning experience with faculty engaged in research. Approved for S/U grading only. May be repeated in the same or subsequent terms to a maximum of 10 hours. Prerequisite: Sophomore standing.

*Information listed in this catalog is current as of 10/2015*
AGCM 295  Independent Study or Research  credit: 1 to 3 Hours.  
Individual research, special problems, thesis, development and/or design work under the supervision of an appropriate member of the faculty. May be repeated. Prerequisite: AGCM Program and instructor approval required.

AGCM 315  Emerging Media  credit: 3 Hours.  
Theories, principles and practices of applying emerging tools, technology, and norms to communicate agriculture to broad audiences. Focus on the strategies and tactics of using new media to communicate food, fuel, fiber, natural resources, health, human nutrition and related topics. Same as ADV 315. Prerequisite: AGCM 220 or ADV 150 or consent of instructor.

AGCM 320  Public Information Campaigns  credit: 4 Hours.  
Coordinated approach to planning, implementing and evaluating information campaigns in the broad domain of food and agriculture. Students work with groups, agencies and organizations in designing communication campaigns strategies and tactics. Prerequisite: Sophomore standing and Composition I course. This course satisfies the General Education Criteria for: UIUC: Advanced Composition

AGCM 330  Environmental Communications  credit: 3 Hours.  
Basics of communicating about environmental issues to various audiences, emphasizing communication to lay publics. Gathering information about a current environmental issue, analyzing interests of groups involved, and examining strategies for communicating clearly to different groups. Same as ENVS 330 and NRES 330. Prerequisite: Sophomore standing.

AGCM 396  Honors Research or Thesis  credit: 1 to 4 Hours.  
Individual research, special problems, thesis, development and/or design work under the direction of the Honors advisor. May be repeated in the same or subsequent terms. Prerequisite: Junior standing, admission to the ACES Honors Program.

AGCM 398  Undergraduate Seminar  credit: 1 to 3 Hours.  
Special topics in a field of study directly pertaining to subject matter in agricultural communications. May be repeated in the same or subsequent terms to a maximum of 12 hours.

AGCM 430  Comm in Env Social Movements  credit: 3 Hours.  
Examines the interests, values systems and communications strategies of key participants in the environmental movement. Students examine environmental issues and predict possible reactions from key participants in the environmental arena. 3 undergraduate hours. 3 graduate hours. Same as ENVS 430, NRES 430, and SOC 464. Prerequisite: Composition I course.

AGCM 499  Seminar  credit: 1 to 4 Hours.  
Special topics in agricultural communications. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in the same or subsequent terms to a maximum of 12 undergraduate or graduate hours as topics vary.

Overview of Curriculum and Requirements

The purpose of undergraduate social work education at the School of Social Work is to provide a comprehensive educational experience for students that is grounded in a liberal arts tradition and prepares graduates for excellence in the areas of social work practice, policy, social engagement and leadership.

Upon degree completion, graduates will be prepared for entry into generalist social work practice, advanced standing in graduate social work education, and a multitude of career opportunities. These can include careers in communications, corrections, education, government, health care, human resources, law, non-profit organizations, religious studies, and public service. Obtaining an undergraduate degree in Social Work gives students the opportunity to pursue a License of Social Work (LSW). A BSW degree also makes students eligible to pursue Advanced Standing status in many masters of Social Work (MSW) programs. The advanced standing status enables BSW graduates to receive a MSW in only one year.

The focus of undergraduate curriculum delivery is through a student-centered strengths-based educational model that fosters student understanding by providing a challenging, yet supportive environment of high expectations that encourage the development of well-informed and engaged citizens.

Degree title: Bachelor of Social Work

The social work major prepares practitioners for generalist social work practice with individuals, groups, families and communities. The curriculum requires a minimum of 120 hours for graduation. Minimum required course work in the major equates to 50 course hours of core professional education, including 8 hours for an agency-based field practicum (internship) where students receive additional supervision and training 4 days per week for one semester.

Admission Requirements

The following requirements must be met for consideration for admission into the BSW Program:

- Completion and documentation of a minimum of 50 (fifty) hours of volunteer\(^1\) or paid work experience prior to submission of the BSW application. These hours must be completed by working with or for an underrepresented population or population in need. All volunteer hours must have been completed within 2 calendar years of application date.
- Cumulative minimum GPA 2.5 or higher
- Evidence of strong communication and interpersonal skills
- Evidence of personal attributes that are suitable for the profession of social work
- Successful completion of the application process for professional program entry https://socialwork.illinois.edu/academics/bachelor-of-social-work/admissions-information/bsw-application/.

\(^1\) Volunteer hours can be completed through service learning projects completed for course requirements, as well as, through volunteer experiences with community organizations, registered student organizations, Greek organization affiliation, etc. The office of Volunteer Programs at the University http://union.illinois.edu/get-involved/office-of-volunteer-programs/programming (http://union.illinois.edu/get-involved/office-of-volunteer-programs/programming) is a good resource for ideas on how to get involved.
Applications for both fall and spring are accepted. Applications are accepted on a rolling admissions basis.

**General Education**

**Communication Skills and Composition**
- CMN 101 Public Speaking & RHET 105 Writing and Research
- or CMN 111 Oral & Written Comm I & CMN 112 Oral & Written Comm II

Advanced Composition - SOCW 300 will meet the Advanced Composition Requirement

**Language other than English**
Complete of the third level or equivalent is required for graduation. American Sign Language is also acceptable.

**Humanities and the Arts**
- Literature and the Arts
- Historical and Philosophical Perspective

**Social and Behavioral Science**
Any course that has been approved as a Social and Behavioral Science course from the General Education course list.

**Cultural Studies**
- Western cultures
- Non-Western/ U.S. minority

**Natural Sciences and Technology**
- Life Science
- Physical Science

**Quantitative Reasoning**
- SOCW 225 Intro Stat for Social Work
- STAT 100 Statistics
- EPSY 280 Elements of Statistics
- SOC 280 Intro to Social Statistics
- PSYC 235 Intro to Statistics
From the approved campus list

**BSW Requirements**

**SOCW 200** Introduction to Social Work
**SOCW 300** Diversity: Identities & Issues
**SOCW 401** Practice I

**SOCW 330** International Perspectives
**SOCW 360** Social Work and the Military

**SOCW 380** Current Topics in Social Work (may be repeated)

**SOCW 415** Social Services for the Aged
**SOCW 416** Child Welfare Issues & Trends
**SOCW 418** Independent Study
**SOCW 420** Subst Use in Social Context
**SOCW 475** Undergraduate Research Abroad
**SOCW 480** UG Research Project

Total 50

Minimum hours required for graduation 120

**Departmental Distinction**
The top 10% of the BSW graduating class will graduate with distinction.

**Minor in Social Work**
The Social Work Minor is designed for students interested in combining a primary academic area with social welfare and professional social work content. It emphasizes synthesis and application of social work theories, policies and research in the development of comprehensive solutions to major social problems.

**SOCW Class Schedule** ([https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SOCW](https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SOCW))

**Courses**

**SOCW 101** SOCW Orientation Seminar  credit: 2 Hours.
Informational orientation seminar for Social Work majors to enhance their understanding of college life and social work as a profession.

**SOCW 199** Undergraduate Open Seminar  credit: 1 to 4 Hours.
Approved for letter and S/U grading. May be repeated.
SOCW 200  Introduction to Social Work  credit: 3 Hours.
Broad survey of the field of social work; introduction to social services, social welfare organizations, major social problems and target population groups, and the methods used in working with individuals, groups, and communities; includes the range of personnel and skills in social work agencies, and the means of education and training for social work professionals.
This course satisfies the General Education Criteria for:
  UIUC: Social Sciences

SOCW 225  Intro Stat for Social Work  credit: 3 Hours.
Introduction of basic concepts in statistics with emphasis on the application of statistical methods in social work research. Topics include: descriptive statistics, probability theory and distributions, point and interval estimation, hypothesis testing, central tendency, variability, independence, contrasts, correlation and regression, non-parametrics, concepts of levels of measurements, and statistical vs. practical significance. Priority will be given to Social Work majors. Credit is not given for SOCW 225 if credit for a college level introductory statistics course has already been earned.
This course satisfies the General Education Criteria for:
  UIUC: Quant Reasoning I

SOCW 240  Death & Dying  credit: 3 Hours.
This course will focus on various aspects of death and dying. Content will examine different types of death, impact of death throughout the lifespan, cultural beliefs and practices regarding death and dying, grief, healing after loss, legal and ethical issues related to death, and the role of social workers at the end of life. Students will be encouraged to examine their own thoughts, values, feeling, and beliefs about death and dying.
This course satisfies the General Education Criteria for:
  UIUC: Social Sciences

SOCW 297  Asian Families in America  credit: 3 Hours.
Offers a comparative analysis of Asian families as they cope and adapt to American society. Examines: 1) how families from four major Asian-American groups (Chinese, Indian, Japanese and Korean) function in American society; 2) how these families compare to families in their country of origin; and 3) how these families are similar to or different from the 'typical American' family. Includes visits to Asian cultural institutions and with Asian families. Same as AAS 297 and HDFS 221.
This course satisfies the General Education Criteria for:
  UIUC: Social Sciences
  UIUC: US Minority Culture(s)

SOCW 299  Study Abroad  credit: 0 to 18 Hours.
Lectures, seminars, and practical work in an approved study-abroad program in Social Work appropriate to the student's course of study. Approved for letter and S/U grading.

SOCW 300  Diversity: Identities & Issues  credit: 3 Hours.
This introductory course explores multiple dimensions of diversity in a pluralistic and increasingly globalized society. Using a social work strengths perspective as well as historical, constructivist, and critical conceptual frameworks; the course examines issues of identity, culture, privilege, stigma, prejudice, and discrimination. The social construction and implications of race, class, gender, sexual orientation, and other dimensions of difference are examined at individual, interpersonal, and systems levels. Students are expected to use the course material to explore their personal values, biases, family backgrounds, culture, and formative experiences in order to deepen their self-awareness and develop interpersonal skills in bridging differences. Finally, students apply learning from the course to identify characteristics of effective social work and other health and human service provision among people culturally different themselves; and to identify opportunities for change contributing to prejudice reduction and cross-cultural acceptance at home, work and in society.
This course satisfies the General Education Criteria for:
  UIUC: Advanced Composition
  UIUC: US Minority Culture(s)

SOCW 310  UG Research Assistance  credit: 0 to 3 Hours.
Assist departmental faculty in on-going research. Topics and nature of assistance vary. Capstone paper required. Approved for Letter and S/U grading. May be repeated in separate terms up to 6 hours. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work; and approval of the department head.
Majors only.

SOCW 321  Social Entre & Social Change  credit: 3 Hours.
intended for undergraduates who have an interest in creating programs and products that have social values for communities. Features social entrepreneurship as an approach to social development and will consider its application and related change strategies to a wide array of social problems. Social entrepreneurship has emerged as a change approach that features the application of entrepreneurial practices to social ventures. Social entrepreneurship is similar to business entrepreneurship in its emphasis on selected program development and management principles and processes, but social entrepreneurs have the primary goal of creating social value in communities rather than personal or shareholder wealth. The initial part of the class will emphasize instructing students in broad concepts and principles related to entrepreneurship, while the latter portion of the course will feature students working on teams to design social projects.

SOCW 330  International Perspectives  credit: 3 to 6 Hours.
This course provides cross-cultural learning experiences within the context of international community-based service learning. Students will explore human service delivery through direct involvement with international social service institutions. This cultural immersion course is a collaborative partnership between the University of Illinois School of Social Work and selected international universities. Countries visited, varies by semester. May be repeated in separate terms up to 12 undergrad hours if topics vary.

SOCW 335  Cities and Immigrants  credit: 3 Hours.
Same as UP 335. See UP 335.

SOCW 350  Health Promotion Practicum  credit: 3 Hours.
Same as CHLH 340. See CHLH 340.
SOCW 360  Social Work and the Military  credit: 3 Hours.
This course provides an overview of military social work practice including: military culture, issues and needs of soldiers and their families, ethical considerations, and the role of social workers. Prerequisite: For majors only.

SOCW 380  Current Topics in Social Work  credit: 3 to 6 Hours.
Presents and analyzes special topics related to current social work practice, policy and research. Topics vary; see Class Schedule for current offering. May be repeated in the same or separate terms.

SOCW 400  Generalist SW Practice Methods  credit: 4 Hours.
Foundation methods course that is a prerequisite for all advanced methods courses. Overview of generalist social work practice and intervention with individuals, groups, organizations and communities; introduction to core concepts, value base and ethical principles of the profession. Emphasis is given to the bio-ecological framework, person-in-environment and systems theory. Skills in developing beginning professional relationships are addressed via a skills lab component. Students begin the process of professional self-awareness to begin to identify how the personal values and beliefs they hold impact upon their interactions. 4 undergraduate hours. 4 graduate hours. Prerequisite: Admission to MSW program.

SOCW 401  Practice I  credit: 4 Hours.
Overview of generalist social work practice with individuals, families, groups, organizations, and communities. Designed to introduce core concepts, values, and ethical principles of the profession as well as to provide basic skills, and knowledge related to generalist social work practice with a broad array of client systems. Emphasis is given to the biological-psychological-social-spiritual framework, person-in-environment, strengths perspective, and system theory. Skills in developing beginning professional relationships, which are characterized by mutuality, collaboration, empowerment, and client self determination within the problem-solving process are addressed. 3 undergraduate hours. 4 graduate hours. No graduate credit. Prerequisite: SOCW 200.

SOCW 402  Practice II  credit: 3 Hours.
Provides students with culturally responsive, micro-level skills development for working with and on behalf of individuals, families, and groups. Builds on the basic helping skills learned in SOCW 401 and offers further practice on interviewing skills, more emphasis on ethical decision-making, assessment, and intervention, evaluation applied to individuals, families, and groups. 3 undergraduate hours. No graduate credit. Prerequisite: SOCW 401.

SOCW 403  Practice III  credit: 3 Hours.
Provides knowledge and skills about the theory and practice of planned change in communities and organizations using a generalist model of social work practice. Builds on the foundation knowledge and skills gained in SOCW 401 with emphasis on assessment, planning, intervention, and evaluation skills for macro-level practice. 3 undergraduate hours. No graduate credit. Prerequisite: SOCW 401.

SOCW 410  Social Welfare Pol and Svcs  credit: 3 or 4 Hours.
Examination of social welfare within a historical context, addressing the economic, political, social and ideological influences that have shaped the social welfare system and programs. Critical study of the income maintenance system in the United States as a response to the problems of inequality of opportunity and income, poverty, and income security; consideration of alternative approaches with discussion of the social worker's role in the system. 3 undergraduate hours. 4 graduate hours.

SOCW 412  Hispanics in the U.S.  credit: 3 or 4 Hours.
Hispanics constitute a growing population in the United States. The size and heterogeneity of Hispanics raises complex issues in crafting public policy and in designing and delivering social services. This course offers an extensive portrait of Hispanics in the United States. Students will explore questions and demographic characteristics, language and religious practices, education, criminal justice, neighborhood and economic restructuring, immigration, social service systems, and community action in the context of creating an effective public policy agenda. Same as LLS 412. 3 or 4 undergraduate hours. 3 or 4 graduate hours.

SOCW 415  Social Services for the Aged  credit: 3 or 4 Hours.
Focus on the aging process, special needs of older adults, and the role of social work in addressing these needs. All levels of social work intervention are considered, including direct work with older persons and their families, service delivery systems in local communities, and state and national policies. Special consideration is given to older women and older persons of color. 3 undergraduate hours. 4 graduate hours. Prerequisite: Admission to MSW program or consent of instructor.

SOCW 416  Child Welfare Issues & Trends  credit: 3 or 4 Hours.
This course examines theoretical and programmatic aspects for child welfare practice. Emphasis is placed on the roles and functions of child welfare workers, including engagement, assessment, intervention and permanency planning. 3 undergraduate hours. 4 graduate hours. Prerequisite: SOCW major.

SOCW 418  Independent Study  credit: 1 to 4 Hours.
Independent study of a topic of special interest in the field of social work. 1 to 3 undergraduate hours. 4 graduate hours. Prerequisite: Consent of instructor.

SOCW 420  Subst Use in Social Context  credit: 3 or 4 Hours.
Introduces students to the problem of substance abuse and its impact on society. Examines the physiological, psychological, social, and cultural aspects of substance abuse. At the individual and familial levels, the course examines the causes, development, prevention, and treatment of substance abuse. At the societal level, the course examines public policy efforts to regular and control substance use from both historical and contemporary perspective. Implications for social and economic justice are also examined. 3 undergraduate hours. 4 graduate hours. Approved for letter and S/U grading. Prerequisite: Admission to MSW program or consent of instructor.

SOCW 427  Social Work Research Methods  credit: 3 or 4 Hours.
Basic principles of social science research and importance for social work practice: overview of research principles including the stages of a research project, design of research; quantitative and qualitative methodologies, design of questionnaires, methods of data collection and preparation of reports. Introduction to various research designs such as the survey, program evaluation, single subject design, quasi-experiments, and experimental design. Enrollment preference given to students in the MSW program. 3 undergraduate hours. 4 graduate hours.

SOCW 436  Intl SW & Development  credit: 3 or 4 Hours.
This online course introduces students to policy and practice issues associated with international social work. It emphasizes ethical dilemmas, with the goal of sensitizing students to the importance of culturally sensitive practice for marginalized populations in global contexts. Weekly online discussion sessions use the Blackboard Online Platform. Students must have high speed internet connection and headset with microphone for course interaction. 3 undergraduate hours. 4 graduate hours.
SOCW 451  HBSE I: Human Development  credit: 3 or 4 Hours.
Examination of the major theories that inform social work's understanding of human behavior in a variety of social contexts. A bi-ecological systems framework, together with a developmental approach in understanding the ways in which individuals, families, groups, organizations, institutions, and communities interact, is presented. Issues of gender, race, ethnicity, socioeconomic status, disability and sexual orientation are introduced so students can gain understanding of how these components affect and influence development across the lifespan. Enrollment preference given to students in the MSW program. 3 undergraduate hours. 4 graduate hours.

SOCW 455  Social Work with Women  credit: 3 or 4 Hours.
Focuses on women and now cultural belief systems related to gender are instantiated through the differential treatment of females and males in our education, mental health, social welfare and health care systems; and the consequences of such practices throughout the lifespan. Includes consideration of policies and practices that support women emphasizing issues of special concern to women of color, lesbians, older women, impoverished women and disabled women. Same as GWS 454. 3 undergraduate hours. 4 graduate hours.

SOCW 457  Health Planning  credit: 3 Hours.
Same as CHLH 457. See CHLH 457.

SOCW 461  Prof Practice Seminar I  credit: 4 Hours.
The goal is to start the process of integrating all the foundation knowledge of generalist social work that students have learned and begin applying it to real life situations. Students will complete a portfolio and a service learning experience that will help them to be making the connection between the 10 core competencies, theories and applications to real life experiences. During this course students will begin the process of being matched with the agency where they will serve their internship during the last semester of their senior year. Additional fees may apply. See Class Schedule. 4 undergraduate hours. No graduate credit. Prerequisite: SOCW 401.

SOCW 470  Field Practicum  credit: 8 Hours.
Field practicum is the final semester of the student's senior year. Students participate in field experiences for 16 weeks, 4 days a week. Provides a supervised in-depth generalist social work practice experience. The goal of this practicum is to prepare students for self-directed professional social work practice. Students apply theories and concepts from course work to develop generalist social work skills in direct practice with individuals, families, groups, communities, and organizations. Additional fees may apply. See Class Schedule. 8 undergraduate hours. No graduate credit. Approved for S/U grading only. Prerequisite: SOCW 461; concurrent registration in SOCW 471.

SOCW 471  Prof Practice Seminar II  credit: 4 Hours.
This is the accompanying seminar for the field practicum (SOCW 470). Students will build on knowledge obtained in SOCW 461 to successfully apply their generalist knowledge and skills within the structure of a community agency. As students apply their generalist skills in their internship, the course will support them and guide them in developing the 10 core competencies for social work. Additional fees may apply. See Class Schedule. 4 undergraduate hours. No graduate credit. Prerequisite: SOCW 461; concurrent registration in SOCW 470.

SOCW 472  BSW Special Field Project  credit: 3 Hours.
Students will explore more fully an identified problem related to their internship. Through this special project, the students are expected to explore a pressing issue while applying social work practice, policy, and research learned through BSW coursework. The special projects are intended to provide broad opportunities for exploring social work practice and policy issues. 3 undergraduate hours. 3 graduate hours. Prerequisite: Concurrent enrollment in SOCW 470 and 471 required. Class Schedule: For majors only.

SOCW 473  Immigration, Health & Society  credit: 3 or 4 Hours.
Same as CHLH 473, LLS 473, and SOC 473. See LLS 473.

SOCW 475  Undergraduate Research Abroad  credit: 1 to 4 Hours.
Students assist in research under faculty supervision at a location outside of the United States. Topics and type of assistance vary. 1 to 4 undergraduate hours. No graduate credit. May be repeated in separate terms up to 6 hours. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work (who will have examined the proposed research plan); and approval of department. Not available to freshman.

SOCW 480  UG Research Project  credit: 0 to 3 Hours.
Conduct research study under the supervision of a departmental faculty member. Topics and nature of assistance vary. Capstone paper required. 0 to 3 undergraduate hours. No graduate credit. Approved for letter and S/U grading. May be repeated in separate terms up to 6 hours. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work; and approval of the department head. Majors only. Not available to freshman and sophomore.

Dentistry

Dentistry is a career requiring a professional degree (D.D.S. or D.M.D). Students wishing to apply to dental school are encouraged to choose an undergraduate major that aligns with their interests and strengths. Because course requirements may change from year to year, students should research the admissions requirements for their schools of interest. The requirements for each school can be found in the Official Guide to Dental School (http://www.adea.org/publications/Pages/OfficialGuide.aspx), published by the American Dental Education Association (ADEA). This print resource is available at The Career Center. Additional information about preparation for dental school can be found at www.adea.org (http://www.adea.org/jg/GoDental (http://www.adea.org/GoDental). Admission to one of the 65 U.S. dental schools is highly competitive, requiring solid academic performance, demonstrated interpersonal skills, exposure to the profession, and completion of the Dental Admission Test (DAT). In addition to academic advising provided by the colleges and academic departments, students pursuing dentistry
Health Professions Advising at The Career Center (https://www.careercenter.illinois.edu/health%20professions)

The Career Center provides health professions advising for students interested in pursuing dentistry as a career, including discussion of required and recommended coursework, preparation outside the classroom, details of the application process, and characteristics of competitive applicants. In addition to one-on-one appointments, health professions advisors present workshops, host events, and coordinate campus visits for deans and admissions officers. More information for both current and prospective students (https://www.careercenter.illinois.edu/sites/default/files/u8846/Prospective%20Students_0.pdf) is available on the Career Center’s website at http://www.careercenter.illinois.edu.

Current students can make an appointment with a Health Professions Advisor at The Career Center by calling (217) 333-0820, stop by during weekly drop-in hours, or email the health professions advising team at tcc-healthgrad@illinois.edu. Information about upcoming programs and services is available via the Health Careers Chronicle (https://www.careercenter.illinois.edu/connect) weekly e-newsletter.

The following chart represents common course requirements to prepare for dental school. Colleges of Dentistry may require additional coursework and/or expect students to go beyond minimum preparation. Students are strongly encouraged to research their specific schools of interest.

### Composition I requirement
- Advanced Composition requirement 3

### General Biology with laboratory
- MCB 150 Molec & Cellular Basis of Life
- MCB 151 Molec & Cellular Laboratory
- IB 150 Organismal & Evolutionary Biol
- IB 151 Organismal & Evol Biol Lab

### Anatomy and Physiology
- MCB 244 Human Anatomy & Physiology I
- & MCB 246 and Human Anatomy & Physiology II
- IB 202 Anatomy and Physiology
- & IB 426 and Env and Evol Physl of Animals

### Genetics
- MCB 250 Molecular Genetics
- or IB 204 Genetics

### General Chemistry with laboratory
- CHEM 102 General Chemistry I
- CHEM 103 General Chemistry Lab I
- CHEM 104 General Chemistry II
- CHEM 105 General Chemistry Lab II

### Organic Chemistry with laboratory
- CHEM 232 Elementary Organic Chemistry I
- & CHEM 233and Elementary Organic Chem Lab I
- & CHEM 332and Elementary Organic Chem II
- MCB 450 Introductory Biochemistry

### Physics with laboratory
- PHYS 101 College Physics: Mech & Heat
- PHYS 102 College Physics: E&M & Modern

1. MCB and IB majors do NOT take MCB 151 or IB 151; Pre-dentistry students in any major who choose to take upper level labs do not need to take MCB 151 and/or IB 151; Dentistry schools require a minimum of two biology labs.

### Medicine

www.aamc.org (http://www.aamc.org)

Preprofessional Requirements for Medicine

Medicine is a career requiring a professional degree (M.D. or D.O.). Students wishing to apply to medical school are encouraged to choose an undergraduate major that aligns with their interests and strengths. Because course requirements may change from year to year, students should research the admissions requirements for their schools of interest. These requirements are available through the Medical School Admissions Requirements (https://www.aamc.org/students/applying/requirements/msar) (MSAR) website managed by the Association of American Medical Colleges (http://www.aamc.org) (AAMC) and the Osteopathic Medical College Information Book (http://www.aacom.org/news-and-events/publications/cib_final) (CIB), published by the American Association of Colleges of Osteopathic Medicine (http://www.aacom.org) (AACOM). Both resources are available at The Career Center. Additional information about preparation for medical school can be found at www.aamc.org (http://www.aamc.org) and www.aacom.org (http://www.aacom.org). Admission to medical school is highly competitive, requiring solid academic performance, demonstrated interpersonal skills, exposure to the profession, and completion of the Medical College Admission Test (MCAT). In addition to academic advising provided by the colleges and academic departments, students pursuing medicine are encouraged to take advantage of Health Professions Advising services at The Career Center early in their academic career at Illinois.

The Career Center provides health professions advising for students interested in pursuing medicine as a career, including discussion of required and recommended coursework, preparation outside the classroom, details of the application process, and characteristics of competitive applicants. In addition to one-on-one appointments, health professions advisors present workshops, host events, and coordinate campus visits for deans and admissions officers. More information for both current and prospective students (https://www.careercenter.illinois.edu/sites/default/files/u8846/Prospective%20Students_0.pdf) is available on the Career Center’s website at www.careercenter.illinois.edu (http://www.careercenter.illinois.edu). Current students can make an appointment with a Health Professions Advisor at The Career Center by calling (217) 333-0820, stop by during weekly drop-in hours, or email the health professions advising team at tcc-healthgrad@illinois.edu. Information about upcoming programs and services is available via the Health Careers Chronicle (https://www.careercenter.illinois.edu/connect) weekly e-newsletter.

1 Midwestern University requires one anatomy lab

Nursing

Preprofessional Requirements for Nursing

The University offers a degree program leading to the bachelor of science in nursing for students with two or more years of selected general education courses and for registered nurses who meet a specific set of requirements. Students transferring to the College of Nursing are encouraged to have completed 57 hours of courses, including an Upper Division course. The upper division course requirement can be fulfilled after admission into the College of Nursing.

The program is made up of two phases: two preprofessional years at UIUC or at any other accredited college or university and the professional phase which is offered at the Chicago and Urbana sites of the University of Illinois at Chicago College of Nursing. Students in the BSN program are required to complete 63 semester hours of nursing courses, which may be completed in 4 semesters (two academic years). There is also an option for students who are RN’s to complete their BSN online in as little as 16 months. More information about this online option can be found at online.uic.edu/nurses (http://online.uic.edu/nurses).

Admission to the professional phase is on recommendation of the Admissions Committee of the College of Nursing after completion of the following requirements with a cumulative gpa of 2.75 (A=4.0) and a gpa of 2.5 for the 5 required science courses. A minimum grade of C is required in all prerequisite courses.

For additional information about the programs in nursing, write to the University of Illinois at Chicago College of Nursing-Urbana Regional Program, 408 S. Goodwin Avenue, Urbana, IL 61801, or email to conurbana@illinois.edu.

Web address for most current program requirements: www.uic.edu/nursing (http://www.uic.edu/nursing)

Pharmacy

Preprofessional Requirements for Pharmacy

Pharmacy is a career requiring a professional degree (Pharm.D.). Students wishing to apply to pharmacy school are encouraged to choose an undergraduate major that aligns with their interests and strengths. Because course requirements may change from year to year, students should research the admissions requirements for their schools of interest. These requirements can be found at www.pharmcas.org (http://www.pharmcas.org). Additional information about preparation for pharmacy school can be found at www.aacp.org (http://www.aacp.org). Admission to pharmacy school is highly competitive, requiring solid academic performance, demonstrated interpersonal skills, exposure to the profession, and completion of the Pharmacy College Admission Test (PCAT). In addition to academic advising provided by the colleges and academic departments, students pursuing optometry are encouraged to take advantage of Health Professions Advising services at The Career Center early in their academic career at Illinois.
Physical Therapy

Preprofessional Requirements for Physical Therapy

Physical therapy is a career requiring a professional degree (DPT). Students wishing to apply to physical therapy school are encouraged to choose an undergraduate major that aligns with their interests and strengths. Because course requirements may change from year to year, students should research the admissions requirements for their schools of interest. These requirements are listed in the Course Prerequisites Summary, available through the Physical Therapist Centralized Application Service (PTCAS) at www.ptcas.org (http://www.ptcas.org), as well as through individual physical therapy program websites. Additional information about preparation for physical therapy programs can be found at www.aptap.org (http://www.aptap.org). Admission to physical therapy school is highly competitive, requiring solid academic performance, demonstrated interpersonal skills, exposure to the profession, and completion of the Graduate Records Exam (GRE). In addition to academic advising provided by the colleges and academic departments, students pursuing physical therapy are encouraged to take advantage of Health Professions Advising services at The Career Center early in their academic career at Illinois.

The Career Center provides health professions advising for students interested in pursuing physical therapy as a career, including discussion of required and recommended coursework, preparation outside the classroom, details of the application process, and characteristics of competitive applicants. In addition to one-on-one appointments, health professions advisors present workshops, host events, and coordinate campus visits for deans and admissions officers. More information for both current and prospective students can be found at www.careercenter.illinois.edu (http://www.careercenter.illinois.edu). Current students can make an appointment with a Health Professions Advisor at The Career Center by calling (217) 333-0820, stop by during weekly drop-in hours, or email the health professions advising team at tcc-healthgrad@illinois.edu. Information about upcoming programs and services is available via the Health Careers Chronicle (https://www.careercenter.illinois.edu/connect) weekly e-newsletter.

The following chart represents common course requirements to prepare for physical therapy school. Physical therapy programs may require additional coursework and/or expect students to go beyond minimum preparation. Students are strongly encouraged to research their specific schools of interest.

MCB and IB majors do NOT take MCB 151 or IB 151. Pre-physical therapy students in any major who choose to take upper level labs do not need to take MCB 151 and/or IB 151. Pharmacy schools require a minimum of two biology labs.

Veterinary Medicine

Preprofessional Requirements for Veterinary Medicine

For information regarding the College of Veterinary Medicine at the University of Illinois at Urbana-Champaign contact the Office of the Associate Dean for Academic and Students Affairs (217)-265-0380 for more detailed information. Information listed in this catalog is current as of 10/2015.
academic advising questions or refer to the Office's website at http://vetmed.illinois.edu/asa/.

Specific admissions questions may be answered by reference to: http://publish.illinois.edu/vetmed-admissions/. More individualized or specific admissions questions can be addressed to admissions@vetmed.illinois.edu.

Students wishing to complete the preprofessional requirements for veterinary medicine may do so within a variety of curricula. Science course prerequisites are similar to those required for most post-graduate medical professions curricula.

Because of the competition for admission, students should strongly consider completing a bachelor's degree. In recent years, there have been approximately eight applicants for each space available in the entering class for the D.V.M. (Doctor of Veterinary Medicine) program. The mean grade point average of recently admitted students has been 3.5.

Teacher Education

Chris Roegge, Executive Director
505 E. Green Street, Suite 203
Champaign, IL 61820

PH: 217-333-7195
FX: 217-265-5188
www.cote.illinois.edu (http://www.cote.illinois.edu)

The Council on Teacher Education formulates, modifies, implements, and monitors compliance with policies related to the education of future educators. The Council also facilitates communication and promotes collaboration among all participants involved in the preparation and continuing professional development of educators. The Council is the designated unit responsible for the coordination of teacher, school support personnel, and administrator education curricula at the Urbana campus and serves as the liaison between the campus and state educator licensure and program approval authorities.

Six colleges and two schools of the University of Illinois at Urbana-Champaign offer degree programs in teacher, school support personnel, and administrator education curricula: the Colleges of Agricultural, Consumer and Environmental Sciences; Applied Health Sciences; Education; Fine and Applied Arts; Liberal Arts and Sciences; and the Graduate College. The list of teacher education curricula can be found at the end of this section.

Candidates may consult their teacher education advisers or the Council for additional information about academic regulations and other policies affecting teacher education. Consult the Executive Director of the Council for information about the Grievance Policy and Procedures for Students Enrolled in Educator Preparation Programs under the purview of the Council on Teacher Education.

Licensure requirements are subject to change without notice as a result of new mandates from the Illinois State Board of Education (ISBE) or the Illinois General Assembly.

Requirements

Admissions

Applicants to educator preparation programs must meet the admission requirements of the colleges and departments offering the chosen curricula. Council policy mandates candidates pass an ISBE approved test of basic skills before they may be admitted to an educator preparation program. With final approval from ISBE, candidates may use an ACT or SAT score to meet the test of basic skills if it meets ISBE requirements for substitution. See www.cote.illinois.edu/certification/documents/act_procedures_for_admission.pdf (http://www.cote.illinois.edu/certification/documents/act_procedures_for_admission.pdf) for information regarding specific requirements.

Applicants are advised that certain felony convictions, enumerated in Articles 10-21.9 and 21B-80 of the School Code of Illinois (http://www.ilga.gov/legislation/ilcs/ilcs3.asp?ActID=1005& ChapAct=105%2C%20ILCS%26160;5/ ChapterID=17&ChapterName=SCHOOLS&ActName=School+Code.html), prohibit licensure or employment in public schools. Questions pertaining to this matter should be addressed to the Council.

Continuation in Teacher Education

To be eligible for continuation in teacher education, candidates must satisfy all requirements of the applicable Common Assessment Plan (CAP), which includes maintaining University of Illinois at Urbana-Champaign and overall grade point averages of 2.5 (A = 4.0) or higher. In addition, candidates must meet the content area and professional education grade-point requirements specific to their programs. The full text of the three Common Assessment Plans is available on the Council website (http://www.cote.illinois.edu/about/professional/cap.html).

The Council on Teacher Education reviews each candidate's academic progress after the fall and spring semesters. Candidates who do not meet the criteria of the appropriate CAP will receive a warning letter from the Council advising them that their continuation in the program, entry into student teaching, and receiving a recommendation for licensure from the University are at risk. Candidates will be directed to their college deans for more information. Candidates may be dropped from licensure programs by the Council if they fail to meet the criteria of the appropriate CAP after receiving an initial warning letter.

Teaching effectiveness is influenced not only by academic proficiency, but also by the dispositions and professional behaviors of the candidate. Therefore, faculty members take these characteristics into account as they evaluate candidates' progress in the program. Teaching effectiveness can also be influenced by the candidate's health. For this reason, the University provides counseling and medical services for all students. A candidate wishing additional information about these services may call or visit the Council office.

Because it is essential that counseling and medical services be offered as soon as the need becomes apparent, teacher education advisers and faculty members are asked to recommend for assistance or examination any candidate about whom they feel concern. A candidate who is recommended for assistance or examination will receive a written request to make an appointment to discuss the situation. It is a requirement of the Council on Teacher Education that a candidate receives such a request must respond. Failure to do so will jeopardize the candidate's continuation in teacher education. During the appointment, the candidate will be informed of the counseling (http://www.counselingcenter.illinois.edu) and medical services (http://www.mckinley.illinois.edu) available at the University. The candidate's use of these services is usually optional. In exceptional cases, however, the Council may require a candidate to satisfactorily complete a mental health or physical examination with one of the campus services. Candidates who wish to continue in teacher education must comply with such referrals.
**Student Teaching**

State law mandates candidates pass the appropriate content area test prior to student teaching. Students who have not passed the appropriate content area test will not be permitted to student teach. Student teaching application forms are available in the college clinical experiences office that houses each program. (Candidates may obtain referrals to the appropriate office by contacting the Council.) A candidate seeking placement in student teaching should contact the appropriate program’s clinical experiences office no later than October 1 of the academic year preceding the desired placement to determine departmental deadlines and meeting dates. Departments may set earlier deadlines. Candidates who apply after their departments’ deadlines cannot be guaranteed a student teaching assignment during the next academic year. A candidate who will not be on campus during the fall semester, but who expects to enroll in educational practice (student teaching) during the next school year, should secure an application form from his or her program’s clinical experiences office before leaving campus. A candidate who has submitted an application will receive a student teaching assignment pending verification that he or she has completed all requirements of the appropriate Common Assessment Plan.

Only those candidates officially registered in teacher education curricula are eligible for student teaching placements. The Council reserves the right to deny student teaching placement to candidates who have not met all requirements of the appropriate Common Assessment Plan. Candidates may also be denied a student teaching placement for health reasons.

Candidates in teacher education should anticipate and plan for student teaching assignments. For most candidates, additional expense will be incurred during the semester in which student teaching is scheduled. Candidates cannot be guaranteed assignments in local schools. Student teaching is a full-time commitment on the part of teacher candidates. Teacher candidates should not plan to take additional coursework outside their program during student teaching, nor should they plan to be employed. School districts have the right to not accept a candidate and therefore, the Council cannot guarantee each candidate a placement. However, each program will exhaust every effort to seek a placement for each candidate.

Candidates are expected to complete all field experiences, including student teaching, at the University of Illinois at Urbana-Champaign. A candidate who wishes to complete student teaching through another university, yet receive a University of Illinois at Urbana-Champaign degree and recommendation for licensure, must secure the prior approval of his or her adviser, clinical experiences program coordinator, college, and the Council on Teacher Education via petition. The petition must be supported by verification from the other university that it will accept the candidate as a student teacher and will comply with all Council on Teacher Education requirements. Approvals of such arrangements are rare, and candidates should expect to incur additional costs. Consult the Council for additional information.

**Teacher Licensure**

A candidate who completes all of the coursework and other requirements in a program approved for purposes of licensure by the Illinois State Board of Education is entitled to receive the recommendation of the University for the appropriate license and endorsement(s), provided the candidate has met all of the requirements of the appropriate Common Assessment Plan and has passed all licensure tests and assessments required by the State of Illinois. In addition, all professional education and content-area coursework that forms part of an application for licensure, endorsement, or approval must have been passed with a grade no lower than “C” or equivalent in order to be counted towards fulfillment of the applicable requirements. CR/NC and proficiency credit may not be used toward licensure, endorsement, or approvals. However, AP credit may be used.

In some instances a candidate may be denied a recommendation for licensure but be granted a degree by his or her college. A candidate who believes that the recommendation for licensure has been withheld unjustly may seek redress through the grievance policy established by the Council on Teacher Education.

**General Education**

Candidates for licensure are required to complete coursework that includes the theoretical and practical understanding generally expected of a liberal arts graduate. General education includes developing knowledge related to the arts, communications, history, literature, mathematics, philosophy, sciences, and the social studies from multicultural and global perspectives. This requirement is satisfied by the University of Illinois general education pattern incorporated into all undergraduate teacher education programs.

**Licensure Tests**

All candidates for licensure as teachers, school administrators, and school support personnel must pass tests mandated by the Illinois State Board of Education as a condition for licensure. Illinois law requires that applicants to all educator preparation programs pass a test in basic skills (reading, writing, grammar, and mathematics) and a separate test in their major area. All candidates in programs leading to teaching must also pass an Assessment of Professional Teaching. In addition, teacher education candidates who receive their license on or after September 1, 2015 must also pass a teacher performance assessment (edTPA). Candidates for Learning Behavior Specialist I licensure must pass a fourth test: Special Education General Curriculum.

State law requires prospective candidates for licensure as school administrators or school support personnel pass a test of basic skills, as determined by the State, if the Illinois Test of Basic Skills was not passed previously. If the basic skill tests was not already taken and passed, the Test of Academic Proficiency must be passed prior to admission to the educator preparation program. In addition, candidates must pass the appropriate content-area test. With final approval from ISBE, candidates may use an ACT or SAT score to meet the test of basic skills if it meets ISBE requirements for substitution. See www.cote.illinois.edu/certification/documents/act_procedures_for_admission.pdf for information regarding specific requirements.

**Time Limit on Licensure**

Because licensure requirements are subject to change at any time as a result of new mandates from the Illinois State Board of Education and the Illinois General Assembly, the University is unable to guarantee a recommendation for licensure to anyone who does not apply for licensure immediately upon completion of licensure requirements. A candidate completing an approved program is strongly encouraged to apply for licensure during his or her last term on campus and claim said license on the Educator Licensure Information System (ELIS) once it has been entitled. Applications for licensure are available on the candidate’s student portal or in the Council office. Failure to claim a license through the Educator Licensure Information System once it has been entitled.

Information listed in this catalog is current as of 10/2015
could result in additional requirements should candidate seek to claim
license at a later date.

**Background Investigation of Applicants for Field Placement and Employment**

State law mandates that all candidates for public school licensure in programs under the purview of the Council on Teacher Education complete a criminal background check and checks of the Statewide Sex Offender Database and Statewide Child Murderer and Violent Offender Against Youth Database before they may be placed in schools. Candidates are responsible for all fees connected with this procedure.

Final decisions regarding the placement of candidates in schools are made in agreement between the relevant department/college/program and the school/district.

The criminal background check is typically conducted at the time a candidate enters the program and before student teaching or internship.

Each applicant for employment, which includes student teaching, in an Illinois school district is required to authorize the employing school district to initiate a criminal background check which will include a request for fingerprints. A school district may employ a person, or host a student teacher, only after a background check has been initiated and may not knowingly employ a person, or host a student teacher, who has been convicted of a felony or of attempting to commit certain offenses enumerated in The School Code of Illinois. This criminal background check is in addition to that required for field placements at the University of Illinois at Urbana-Champaign.

**Curricula**

A candidate seeking licensure must complete the requirements of both his or her chosen curriculum, Council on Teacher Education requirements, and all additional State mandated requirements. Teacher education, school support personnel, and administrator curricula and the colleges and departments that offer them are listed below. All curricula have been approved by the Illinois State Board of Education.

Candidates are advised that licensure requirements may be altered at any time by the Illinois State Board of Education or the legislature. In such cases, candidates may be compelled to satisfy the new requirements to qualify for the University’s recommendation for licensure.

**College of Liberal Arts and Sciences (p. 302)**
- English Language Arts
- Foreign Language: Chinese (Mandarin)
- Foreign Language: French
- Foreign Language: German
- Foreign Language: Japanese

Speech-Language Pathologist: Nonteaching

- Department of Speech and Hearing Science

Superintendent

- Department of Education Policy, Organization and Leadership

Teacher Leader

- Department of Education Policy, Organization and Leadership

1 Individuals completing these programs who wish to be able to teach departmentalized subjects in grades five through eight must complete additional coursework and receive the endorsement prior to January 1, 2018. Contact the Council on Teacher Education for additional information.

2 Individuals entering this program Fall 2014 will be entitled for grades 1-6 upon completion of all requirements. Individuals who were admitted Fall 2013 or earlier will be entitled for K-9 upon completion of all requirements if their program is completed by September 1, 2017 and a license is claimed prior to September 1, 2018. Candidates in this category who wish to be able to teach departmentalized subjects in grades five through eight must complete additional coursework and receive the endorsement prior to January 1, 2018. Contact the Council on Teacher Education for additional information.

3 This minor is a required component of the teaching option within the following Science and Letters majors in the College of Liberal Arts and Sciences: biology, chemistry, English, geology, history, mathematics, and physics. It is available only to students registered in these programs.

Teacher Education Minors

- English as a second language
- Mathematics: Grades 6-8 (must be completed and endorsement received prior to January 1, 2018.)
- Mathematics: Grades 9-12

Candidates should be aware that the state recognizes teaching fields that are not listed above. Candidates may obtain subsequent teaching endorsements for any fields for which they satisfy the state minimum requirements. Contact the Council on Teacher Education for additional information regarding the endorsement fields available and the qualifications for each. Endorsement requirements (http://www.cote.illinois.edu/certification/Endorsements.html) are also listed on the Council on Teacher Education Web site. (http://www.ed.uiuc.edu/cte/cert) Further questions may be directed to the Council on Teacher Education.

Minor in Informatics

Guy Garnett, Director, Illinois Informatics Institute

3014 NCSA
1205 W. Clark, MC-257
Urbana, IL 61801
PH: 217-333-4930
FX: 217-333-5878
http://informatics.illinois.edu

Contact info- (inf-minor@illinois.edu)minor@illinois.edu, or Karin Readel, the Informatics Education Coordinator at 244-1220, if you have any questions.

The Minor in Informatics will teach you to become a better creator and user of computing technology in your major area and to think critically about new technology's role in society. No other field has, and will have, a greater influence on humanity in our generation.

Informatics studies the design, application, use and impact of information technology. The ability to handle vast amounts of information cheaply has changed the way we live. Advances in computer power, the World Wide Web, search engines, social networking, mobile technology, GIS, and large-scale collaborative initiatives, to name a few, have revolutionized the way knowledge is created and shared. Information has become a ubiquitous, indispensable component of our everyday lives, as we strive to manage information, create knowledge, and make decisions.

The Informatics Minor signals that you have concrete expertise in computing and Information Technology (IT) and understand their human implications.

Students from any major interested in applying technology or studying its affect on humanity are encouraged to apply, preferably by the end of sophomore year. Although there are no prerequisites, basic familiarity with computers is expected.

To receive the Informatics Minor students must complete three core INFO courses plus three upper-level classes with sufficient informatics or computational content from an approved list of courses offered from a wide range of disciplines. The core courses are INFO 102, CS 105, and INFO 202. INFO 102 is a broad introduction to computer science and provides an understanding of the nature, capabilities, and limitations of IT. CS 105 is an introduction to computer programming for non-science and non-engineering majors. INFO 202 explores the ways in which IT has and is transforming society and how these technologies affect a range of social, political, and economic issues from the individual to societal levels. Some substitutions can be made. The list of upper-level courses that count toward the minor is here: http://www.informatics.illinois.edu/informatics-minor/upper-level-related-course/. This list is dynamic as new classes are added.

### Minor in Global Labor Studies

Global Labor Studies analyzes the interplay of class, gender, race, and labor organizations in the workplace, the economy, and the political arena from a multi-disciplinary and global perspective. A minor in Global Labor Studies requires 18 credit hours in LER Global Labor Studies Courses.

A minimum grade point average of 2.75 is required for completion of the minor and all courses required for the minor must be taken for a grade.

Legend: College/School

Legend: Programs

Legend: Information
Concentrations

A graduate concentration constitutes a coherent program of study requiring additional breadth or considerable depth of knowledge. A concentration may refer to a subfield within a discipline, or to an interdepartmental and/or interdisciplinary area of knowledge. Concentrations appear on academic transcripts.

Some concentrations (major-based) are only open to a student majoring in the offering department. Other concentrations (floating) are open to students in a broad range of majors. Both types are listed here, with the eligible programs listed below each concentration.

Accountancy (p. 616)
  • Business Administration (M.B.A. (p. 666) and M.S. (p. 660))
  • Finance (M.S.) (p. 731)
  • Technology Management (M.S.) (p. 660)

Acting
  • Theatre (M.F.A.) (p. 875)

Actuarial Science
  • Applied Mathematics (M.S.) (p. 789)

African American Studies (p. 622)
  • African Studies (M.A.) (p. 624)
  • Educational Policy Studies (M.A. and Ph.D.) (p. 711)
  • Educational Psychology (all, except online degrees) (p. 717)
  • History (all) (p. 749)
  • Political Science (all) (p. 834)
  • Sociology (all) (p. 859)

Analytics
  • Statistics (M.S.) (p. 871)

Animal Sciences
  • Bioinformatics (M.S.) (p. 634)

Applied Statistics
  • Statistics (M.S.) (p. 871)

Astrochemistry (p. 646)
  • Astronomy (Ph.D.) (p. 648)
  • Chemistry (Ph.D.) (p. 674)

Bioengineering (p. 656)
  • Bioinformatics (M.S.) (p. 654)

Biomechanics (p. 800)
  • Bioengineering (M.S.) (p. 655)
  • Electrical and Computer Engineering (M.S.) (p. 725)
  • Materials Science and Engineering (M.S.) (p. 788)
  • Mechanical Science and Engineering (M.S.) (p. 798)

Business Data Analytics (p. 663)
  • Business Administration (M.B.A. (p. 666) and M.S. (p. 660))

Business and Public Policy (p. 733)
  • Accountancy (M.A.S., M.S.) (p. 614)
  • Business Administration (M.S.) (p. 660)
  • Finance (M.S.) (p. 731)
  • Technology Management (M.S.) (p. 660)

Cancer Nanotechnology (p. 657)
  • Bioengineering (M.S.) (p. 655)
  • Electrical and Computer Engineering (M.S.) (p. 725)
  • Materials Science and Engineering (M.S.) (p. 788)
  • Mechanical Science and Engineering (M.S.) (p. 798)

Chemical and Biomolecular Engineering
  • Bioinformatics (M.S.) (p. 671)

Children, Youth and Family Services
  • Social Work (M.S.W. on campus and extramural) (p. 853)

Choral Music
  • Music (M.Mus. and A.Mus.D.) (p. 806)

Civic Leadership
  • Political Science (M.A.) (p. 837)

Crafts
  • Art and Design (M.F.A.) (p. 645)

Crop Sciences
  • Bioinformatics (M.S.) (p. 697)

Computer Science
  • Bioinformatics (M.S.) (p. 692)

Corporate Governance and International Business (p. 662)
  • Accountancy (M.A.S., M.S.) (p. 614)
  • Business Administration (M.B.A. (p. 666) and M.S. (p. 660))
  • Finance (M.S.) (p. 731)

Design and Technology
  • Theatre (M.F.A.) (p. 876)

Digital Libraries
  • Library and Information Science (C.A.S. on-campus and online) (p. 780)

Ecology, Ethology & Evolution
  • Biology (M.S., Ph.D.) (p. 633)

Educational Administration and Leadership
  • Educational Organization and Leadership (Ed.M., M.S., C.A.S., Ed.D., Ph.D.) (p. 711)

Energy Systems
  • Engineering (M.Eng.) (p. 683)

Major: Accountancy
Degrees Offered: M.A.S., M.S., Ph.D.
Graduate Concentration: Business and Public Policy (p. 733) (M.A.S., M.S.), Corporate Governance and International Business (p. 662) (M.A.S., M.S.), Finance (p. 733) (M.A.S. only), Information Technology and Control (http://catalog.illinois.edu/graduate/graduate-majors/bus-
Graduate Degree Programs

The Department of Accountancy offers on campus graduate programs leading to the degrees of Master of Accounting Science (M.A.S.), Master of Science in Accountancy (M.S.A.), and Doctor of Philosophy in Accountancy. The M.A.S., M.S.A. and Ph.D. degrees are offered on the Urbana-Champaign campus. We also offer the Master of Science in Taxation (M.S.T.) at the Illini Center in Chicago. The master’s degree requirements can be completed in one year. The Ph.D. degree takes approximately four to five years of full-time study and research.

Admission

All applicants for the M.S.A. and Ph.D. programs, domestic or international, are required to take the Graduate Management Admission Test (GMAT). This test should be taken early enough to ensure that the results will be available to the department before action on admission. The admission requirements of the Graduate College also apply, including prior academic performance and references. In addition, all international applicants must take the Internet-Based Test of English as a Foreign Language (TOEFL iBT) or the International English Language Testing System (IELTS) test. The M.S.T. offered in Chicago does not require the GMAT for applicants who meet the two-year minimum work experience requirement. Applications for admission to the doctoral program, supported by three letters of recommendation, must be approved by the department admissions committee, which may require an oral or a written examination.

- Master of Accounting Science (M.A.S.) (p. 616)
- Master of Accounting Science (M.A.S.), Taxation Concentration (p. 616)
- Master of Science in Accountancy (p. 617)
- Master of Science in Taxation (p. 617)

Doctor of Philosophy

The student’s doctoral program is determined in consultation with a faculty advisory committee. The student’s evolving plans for the doctoral thesis serve as a guide in planning the program. Program coursework is comprised of two general categories: core studies and advanced studies within an area of specialization (i.e., a supporting field). The latter coursework is tailored to facilitate the student’s dissertation.

In addition, candidates must pass a written accountancy core examination and both oral preliminary and oral final examinations on the doctoral thesis. In the accountancy core examination, candidates must demonstrate a thorough knowledge of research methods and accounting theory; a general acquaintance with the subject matter of the variety addressed within accountancy doctoral core studies; and proficiency in the required areas of economic theory, quantitative methods, behavioral science and financial economics.

Requirements

Graduate study, at least 16 hours of which are in a supporting field (e.g., economics, finance, psychology). Students generally take at least one graduate course in finance and at least one graduate course in psychology. They take additional courses in their supporting field.

- A two-course introduction to mathematical statistics and probability theory
- Accountancy core doctoral seminars:
  - ACCY 592 Intro to ACCY Research
  - ACCY 585 Constructs in Atg Research
  - ACCY 593 Special Research Problems (section B)
  - ACCY 593 Special Research Problems (section C)
  - ACCY 594 Special Research Problems (section S)
- Microeconomics at the graduate level (ECON 500), and another economics course at the graduate level from an approved listing
- ACCY 599 Thesis Research

Total Hours 96

Other Requirements

- Masters Degree Required for Admission to PhD? No
- Qualifying Exam Required (Accountancy Core Examination) Yes
- Preliminary Exam Required Yes
- Final Exam/Dissertation Defense Required Yes
- Dissertation Deposit Required Yes
- Minimum GPA: 3.0

1 For additional details and requirements refer to the department’s program information online (https://business.illinois.edu/accountancy/programs/phd) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).
Graduate Minor in Accountancy

The minor in Accountancy seeks to develop business leaders who understand the role of accountancy and accounting in the conduct of business and the allocation of resources within society.

This minor requires twelve graduate hours of coursework. Admission to the minor requires an application to the Department and admission to one of the M.S. programs in the College of Business or a graduate program in a related discipline approved by the Department. Admission is limited and acceptance is on a competitive basis.

Note: Students within the major cannot minor in the same program.

Other Requirements

In addition to the minor requirements, students must also complete the requirements of their major degree.

Please contact your department for more information regarding the addition of a minor to your program of study.

1 For additional details and requirements refer to the Graduate College Handbook [http://www.grad.illinois.edu/gradhandbook](http://www.grad.illinois.edu/gradhandbook).

Graduate Concentration in Accountancy

This concentration is available to students in the following degree programs:

- Master of Science in Finance (MSF)
- Master of Science in Technology Management (MSTM)
- Master of Business Administration (MBA)
- Master of Science in Business Administration (MSBA)

Total Hours: 12

Other Requirements

In addition to the concentration requirements, students must also complete the requirements of their major degree.

1 For additional details and requirements refer to the department’s program information online [https://business.illinois.edu/accountancy/programs/mas](https://business.illinois.edu/accountancy/programs/mas) and the Graduate College Handbook [http://www.grad.illinois.edu/gradhandbook](http://www.grad.illinois.edu/gradhandbook).

Master of Accounting Science (M.A.S.) in Accountancy

The M.A.S. program is a one-year program for students who have completed or are pursuing a Bachelor of Science in Accountancy from the University of Illinois. Graduate concentrations in finance (p. 733), corporate governance and international business (p. 662), information technology and control (http://catalog.illinois.edu/graduate/graduate-majors/bus-admin-ms/grad-conc-info-tech-control), business and public policy (p. 733), and supply chain management (http://catalog.illinois.edu/graduate/graduate-majors/bus-admin-ms/graduate_concentration_in_supply_chain_mgmt) are also available to M.A.S. students. The Department also offers a graduate concentration in taxation (http://catalog.illinois.edu/graduate/graduate-majors/accountancy/taxation-concentration) designed to provide students with sufficient knowledge and skills to begin a career in taxation. Admission to a concentration requires application to the Department no later than February 1 for fall admission.

Total Hours: 32

Other Requirements

Other requirements may overlap

A concentration is not required.

Minimum 500-level Hours Required: 20

Overall:

24 of the 32 total graduate hours must be earned while enrolled in the Graduate College at the Urbana Campus.

The electives, both accountancy and non-accountancy, shall form a coherent program of study, approved by a program advisor.

Students pursuing a Concentration in Taxation only need to complete 4 hours of non-Accountancy electives.

Minimum GPA: 3.0

1 For additional details and requirements refer to the department’s program information online [https://business.illinois.edu/accountancy/programs/mas](https://business.illinois.edu/accountancy/programs/mas) and the Graduate College Handbook [http://www.grad.illinois.edu/gradhandbook](http://www.grad.illinois.edu/gradhandbook).

Master of Accounting Science (M.A.S.) in Accountancy, Taxation Concentration

The M.A.S. program is a one-year program for students who have completed or are pursuing a Bachelor of Science in Accountancy from the University of Illinois. The Department also offers a graduate
concentration in taxation designed to provide students with sufficient
knowledge and skills to begin a career in taxation. The prerequisite for
admission is admission to the Master of Accounting Science program.
Admission to the tax concentration is limited and acceptance is on a
competitive basis. Admission to the concentration requires application to
the Department no later than February 1 for fall admission.

ACCY 517 Financial Statement Analysis 4
ACCY 512 Risk Measurement/Reporting II 4
Graduate hours of taxation 12
Electives in either accountancy or non-accountancy 8
Electives in non-accountancy 4
Total Hours 32

Other Requirements 1
Other requirements may overlap
A concentration is not required.
Minimum GPA: 3.0

1 For additional details and requirements refer to the department’s
program information online (https://business.illinois.edu/
accountancy/programs/mas) and the Graduate College Handbook
(http://www.grad.illinois.edu/gradhandbook).

Master of Science in Accountancy

The M.S. in Accountancy (M.S.A) program is a one-year program
designed to meet the professional accounting career development needs
of individuals seeking to pursue a career in accountancy. The program
offers options both for students who did not major in accountancy as
an undergraduate and for students with an undergraduate degree in
accountancy.

The MSA program consists of at least 20 hours in graduate-level
accounting courses, together with 12 hours of appropriate graduate
electives, at least 4 hours of which must be in non-accountancy graduate
courses.

For students who do not have an undergraduate degree in accountancy,
the 20 accounting hours are ACCY 501 through ACCY 505 (each of
the five courses awards 4 hours). With the approval of a program
advisor, students that have an accounting undergraduate degree with
appropriate course work may substitute other graduate accounting
courses for some or all of these courses. For example, advanced
accountancy students may substitute ACCY 511, ACCY 512 and
ACCY 560 for ACCY 501, ACCY 502 and ACCY 503.

The MSA program begins in June each year with Summer Session II.

program information online (https://business.illinois.edu/
accountancy/programs/msa) and the Graduate College Handbook
(http://www.grad.illinois.edu/gradhandbook).

Master of Science in Taxation

The Master of Science in Taxation (M.S.T) is an executive-style degree
offered only at the Illini Center in Chicago. The M.S.T. is a one-year
program for students with at least two years of work experience. The
program begins in May and meets weekly on Friday afternoons and all
day Saturday. Students applying for admission should have acquired a
background in business and an accounting undergraduate major from an
accredited college or university. Graduation requires 36 graduate hours of
study that consists of twelve required courses delivered in three thirteen-
week semesters.

ACCY 551 Corporate Income Taxation        4
ACCY 552 Partnership Income Taxation       4
ACCY 554 International Taxation            4

PH: (217) 244-3077
media.illinois.edu/advertising (http://media.illinois.edu/advertising)
kwise@illinois.edu (pvargas@illinois.edu)

Degrees Offered: MS

Major: Strategic Brand Communication

Graduate Degree Program

The Department of Advertising offers a graduate program leading to the Master of Science degree. This program is designed to prepare graduates for an advanced degree in advertising research or industry careers in research and strategy. The preparatory nature of the curriculum combines the theoretical foundations, methodological tools, and practical applications. The Department of Advertising at the University of Illinois is the oldest such program in the country. We are grounded in the principles of our founder and “father of advertising education” Charles H. Sandage, that students must understand the theory of advertising as well as the practice. His goal was to enable students to become leaders and problem solvers. We honor that vision by maintaining a cohesive curriculum that provides foundational courses, but also allows for flexibility of interest through electives both within and outside the college.

The Master of Science in Strategic Brand Communication (MS SBC) degree program is jointly sponsored by the Charles H. Sandage Department of Advertising in the College of Media and the Department of Business Administration in the College of Business. Graduates from this program receive the MS SBC degree awarded by the Graduate College. Strategic Brand Communication (SBC) is a data-driven, purposeful conversation with a brand’s stakeholders. SBC combines traditional advertising practices with contemporary business thinking that pertains to delivering consistent, meaningful messages to consumers. In so doing, SBC seeks to integrate multiple consumer contact points that occur through the purchase of commercial messages in paid, earned, and owned media to deliver persuasive and impactful statements about brands and companies. This management process integrates all aspects of marketing communications such as advertising, public relations, personal selling, social media, sales promotion, and direct marketing. Such integration impacts a firm’s business-to-business, marketing channel, customer-focused, and internally directed communications.

The MS SBC degree program is designed for current working professionals with at least two years full-time experience in their field. It is designed to be completed in 15 months. The curriculum prepares students to be strategic leaders in an ever-changing global medial environment; be analytic and integrative thinkers; be effective brand communicators and managers; respond agilely to new technologies, emerging media, new demographics, and market trends; be team-oriented in their approach to management and communications; and be prepared to continue to learn as the media environment evolves.

Admission

Admission to graduate study in advertising requires completion of the requirements for a bachelor’s degree in an accredited institution of recognized standing. Applicants are required to submit results from either the Graduate Record Examination (GRE) or the Graduate Management Admission Test (GMAT) and are required to upload to the application a short essay indicating why they want to pursue graduate work in advertising. The Department of Advertising requires non-native English-speaking applicants to show evidence of English proficiency, which is provided by a satisfactory score on the Test of English as a Foreign Language (TOEFL). Minimum scores for TOEFL (international students only): 253 (CBT), 104 (IBT), 607 (PBT), and IELTS greater than 6.5. Three letters of recommendation are required. Transcripts from all universities that you have attended must be submitted (note: can be uploaded in your application). The required method of applying is online through the Graduate College Web site, and the Graduate College admission requirements also apply, see http://www.grad.illinois.edu/admissions/apply/requirements. Completed applications are due February 1, and applications are accepted for fall admission only.

Admission to the MS in Strategic Brand Communication program requires a minimum of two years of full-time work experience. All applicants are expected to have a minimum grade point average of at least 3.0 (A = 4.0) for the last two years of undergraduate study and a 3.0 for any previous graduate work completed. A course in statistics or calculus from an accredited institution is a prerequisite. Applicants whose native language is not English must submit a minimum Test of English as a Foreign Language (TOEFL) score of 102 (IBT), 253 (CBT), or 610 (PBT) or minimum International English Language Testing System (IELTS) exam scores of 6.5 overall and 6.0 in all subsections. Admission will be based upon an evaluation of each applicant’s work experience, GPA, English aptitude, and letters of recommendation.

Faculty Research Interests

Faculty profiles (http://media.illinois.edu/faculty/advertising.html) are available at the Advertising Department’s Web site.

M.B.A. Joint Degree Program

Students in this unit may choose to earn their major degree and simultaneously complete an M.B.A., with 12 fewer required hours than when pursuing both degrees independently. Students must be enrolled in the M.B.A. program for three terms and complete all the requirements of their primary degree. Interested students should see the joint program requirements and contact the M.B.A. program and their major department office for more information.
MASTER OF SCIENCE IN ADVERTISING

Students are required to complete 36 hours towards the degree, including a professional project or thesis requirement. Full-time status requires 12 hours per semester, making it possible to complete the degree in three semesters. Admission is only granted for fall semester.

A graduate course listing for Advertising students is available online.

Minimum GPA: 2.75

For additional details and requirements for all degrees, please refer to the department’s Graduate Degree Requirements at the Graduate College Handbook (http://http://www.grad.illinois.edu/gradhandbook).

**Graduate Degree Programs**

The Department of Aerospace Engineering (AE) offers graduate programs leading to the degrees of Master of Science and Doctor of Philosophy. The AE graduate program provides students with a strong background in engineering and applied science while placing emphasis on aircraft and spaceflight engineering. Students may major in one of the following general areas: aerodynamics, astrodynamics, combustion and propulsion, control systems, dynamical systems, fluid mechanics, structural mechanics, and materials. Opportunity also exists for specializing in
1. computational science and engineering,
2. energy and sustainability engineering, and
3. systems engineering within the department’s graduate programs via the Computational Science and Engineering (CSE) Option, (http://cse.illinois.edu/students/graduate-program) the Energy and Sustainability Engineering (EaSE) Option, (http://ease.illinois.edu) and the Systems Engineering Option (SE) (http://aerospace.illinois.edu/graduate-programs/aerospace-systems-engineering).

The Medical Scholars Program (http://www.med.illinois.edu/msp) permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Aerospace Engineering. Additional information about the Aerospace Engineering
Admission

The Department of Aerospace Engineering accepts applications for admission to the graduate program for both fall and spring semesters. The application deadline for the fall semester for the Ph.D. and M.S. with Thesis programs and for full consideration for funding opportunities is January 15. The application deadline for the MS Non-thesis and the MS Non-thesis Systems Engineering option for the fall semester is June 1. The deadline for spring admission for all programs is October 8.

Typically, the prerequisite for graduate study is the equivalent of the B.S. in aerospace engineering; however, graduates of curricula leading to degrees in other fields of engineering, the physical sciences, or mathematics may also be admitted to advanced study. A minimum grade point average of 3.00 (A = 4.00) for the last two years of undergraduate study is required. However, having a GPA higher than the minimum is no guarantee of admission. Scores on the Graduate Record Examination (GRE) (http://ets.org) general test are required of all applicants. There are no minimum score requirements.

Applicants to the Aerospace Engineering graduate program are asked to complete a supplemental form that will capture additional information about their specific interests. Applicants receive an email after submitting the online application which contains the link to the supplemental form. Applicants may select up to three areas from the following list:

- aerodynamics
- aeroelasticity
- astrodynamics
- combustion
- computational mechanics
- control and estimation
- dynamical systems
- experimental mechanics
- fluid mechanics
- information technology
- materials
- propulsion
- robotics
- structural mechanics-structural dynamics
- systems engineering

All applicants whose native language is not English are required to submit a minimum TOEFL (http://www.toefl.org) score of 103 (iBT), 257 (CBT), or 613 (PBT); or minimum International English Language Testing System (IELTS) (http://www.ielts.org) academic exam scores of 7.0 overall and 6.0 in all subsections. No exemptions from the TOEFL are granted by the department. Full admission status (http://grad.illinois.edu/admissions/instructions/04c) is granted for those meeting the minimum requirements and having taken the TOEFL or IELTS since the scores required for admission to Aerospace Engineering are above the minimum scores demonstrating an acceptable level of English language proficiency. Applicants wishing to be considered for teaching assistantships must score 24 on the SPEAK portion of the TOEFL exam.

Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both Aerospace Engineering and the College of Medicine. An application to the Medical Scholars Program will also serve as the application to the Aerospace Engineering graduate program. Further information on this program is available by contacting the Medical Scholars Program (125 Medical Sciences Building, (217)-333-8146, mspo@illinois.edu).

Full information on admission requirements and how to apply, see the department's graduate programs Web site (http://aerospace.illinois.edu).

Medical Scholars Program

Students in the Medical Scholars program must meet the specific requirements for both the medical (http://med.illinois.edu/mdphd) and graduate degrees. On average, students take eight years to complete both degrees. The first year of the combined program is typically spent meeting requirements of the Aerospace Engineering graduate degree.

Graduate Teaching Experience

M.S. students are not required to hold a teaching assistantship. Ph.D. students are required to hold a 25% teaching assistantship for at least one semester in order to meet the requirements for the Department of Aerospace Engineering doctoral program. Information about teaching assistantships can be found in the department's Web site (http://aerospace.illinois.edu).

Faculty Research Interests

Research activities in the AE Department encompass a wide range of problem areas in aerospace engineering and related engineering disciplines cited in the Graduate Programs section above and more fully described at the department’s research area Web site (http://aerospace.illinois.edu/research).

Centers, Programs, and Institutes

Several nationally renowned interdisciplinary centers exist within the College of Engineering in which Aerospace Engineering faculty members along with many other campus faculty engage in research. A list of these, along with links to full descriptions, appears at the department's interdisciplinary centers Web site (http://aerospace.illinois.edu/research/interdisciplinary-centers). Among these are the Beckman Institute for Advanced Science and Technology, the Center for the Simulation of Advanced Rockets (CSTAR), the Coordinated Science Laboratory (CSL), the Micro and Nanotechnology Laboratory, and the National Center for Supercomputing Applications (NCSA).

Facilities and Resources

Members of the Aerospace Engineering Department have access to a wide range of excellent research facilities. These laboratories support a wide range of activity and are described at the department’s research laboratories Web site (http://aerospace.illinois.edu/research/research-laboratories).

Financial Aid

Students in the M.S. non-thesis option are not provided funding by the department. Financial aid for graduate students in thesis graduate programs is available in the form of fellowships, teaching and research assistantships, and tuition waivers. A block grant from the National
Aeronautics and Space Administration supports a multidisciplinary research and training program. Qualified candidates are considered for financial support upon application. In addition, graduate students making satisfactory progress toward their degrees may also be considered for financial support. All applicants, regardless of U.S. citizenship, whose native language is not English and who wish to be considered for teaching assistantships must demonstrate spoken English language proficiency (http://www.grad.illinois.edu/admissions/taengprof.htm) by achieving a minimum score of 24 on the speaking subsection of the TOEFL iBT or 8 on the speaking subsection of the IELTS. For students who are unable to take the iBT or IELTS, a minimum score of 4CP is required on the EPI test (http://cte.illinois.edu/testing/oral_eng/epi_overview.html), offered on campus. All new teaching assistants are required to participate in the Graduate Academy for College Teaching (http://cte.illinois.edu/programs/ta_train.html) conducted prior to the start of the semester.

Elective courses – chosen in consultation with advisor
(subject to Other Requirements and Conditions below).

Total Hours 28-29

Other Requirements and Conditions

A minimum of 16 hours of AE course credit overall at the 500 level, beyond the bachelor’s degree.

A minimum of 24 credit hours overall at the 500 level, beyond the bachelor’s degree.

A maximum of 8 hours of AE 597 (or other independent study) may be applied toward the elective course work requirement.

A 25% or more teaching assistantship for at least one semester.

A Master’s degree is not required for admission to the Ph.D. program, but the Master’s level requirements must be met (32 hours).

Qualifying exam

Preliminary exam

Final exam or dissertation defense

Dissertation deposit

Minimum GPA: 3.0

1 For additional details and requirements refer to the department’s Website (http://aerospace.illinois.edu) and the Graduate College Handbook (http://grad.illinois.edu/gradhandbook).

2 Qualifying Exam information (http://aerospace.illinois.edu/graduate-programs/graduate-degree-programs/phd-program/#Quals)

Direct Entry

In addition to the traditional Ph.D., a "Direct" Ph.D. is available. This program allows a student with a bachelor’s degree to go directly into the Ph.D. program without writing a M.S. thesis. For the Direct Ph.D., a B.S. student submits a graduate application. Generally, admission to the Direct Ph.D. program is granted for GPA equal to 3.75 and higher. Students currently in the M.S. program may petition the AE Graduate Policy Committee for entry into the Direct Ph.D. program before the end of the second semester after enrollment. The Direct Ph.D. requires students to complete both the M.S. and Ph.D.

Online Program

The degree requirements are the same as for the on-campus non-thesis M.S. program (p. 621)—32 hours of course work—and the degree awarded to online students is the same degree awarded to resident students. Online students have five years to complete the program.

Students should develop a course program plan in consultation with their advisor. Suggested program tracts are provided for each of the three main technical divisions in the department:

1. Aerodynamics, Fluid Mechanics, Combustion and Propulsion (AFMCP);
2. Astrodynamics, Controls and Dynamical Systems (ACDS); and

The Aerospace Systems Engineering option is also available online.

Joint M.B.A. Program

Students in this unit may choose to earn their major degree and simultaneously complete an M.B.A., with 12 fewer required hours than when pursuing both degrees independently. Students must be enrolled in the M.B.A. program for three terms and complete all the requirements of their primary degree. Interested students should see the joint program requirements (p. 668) (link to MBA POS) and contact the M.B.A. program and their major department office for more information.

African American Studies

Ronald Bailey
1201 West Nevada
Urbana, IL 61801
PH: (217) 333-7781

Graduate Concentration: African American Studies
Participating Programs: African Studies (M.A.), Educational Policy, Organization and Leadership (M.A. and Ph.D.), Educational Psychology (all, except online degrees), History (all degrees), Political Science (all degrees), Sociology (all degrees)

Graduate Minor: African American Studies

Graduate Minor in African American Studies

The Department of African American Studies also offers a graduate minor in African American Studies. The minor is designed to complement graduate work in a variety of disciplines. Students wishing to take advantage of the minor must be in good standing, and must apply for acceptance into the minor.

AFRO 500 Core Probs African-Am Studies 4

Elective hours from approved departmental list, 4 of which must be at the 500 level 8

Total Hours 12

Other Requirements

In addition to the minor requirements, students must also complete the requirements of their major degree.

Hours counted toward completion of a minor may not also be applied toward any other transcripted credential.

1 For additional details and requirements refer to the department’s program information online (http://www.afro.illinois.edu/education/gradminor) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).
Graduate Concentration in African American Studies

The Department of African American Studies (DAAS) offers an interdisciplinary graduate concentration in African American Studies. This concentration is designed to complement doctoral work in the social sciences or humanities; applicants must demonstrate an interest in African American Studies and be in good standing in one of the following doctoral programs:

- History
- Educational Policy, Organization and Leadership
- Educational Psychology
- African Studies
- Sociology
- Political Science

Those wishing to apply for the concentration must submit three letters of recommendation, as well as a brief personal essay describing their background and career plans and explaining how a concentration in African American Studies enhances their primary program of study. Students must be accepted into the concentration. Students also would be expected to have a faculty member affiliated with the department on their doctoral committee. For admission to the concentration or for more information, please contact DAAS. A student's intent to pursue a graduate concentration must be approved by the student's adviser and graduate program director.

AFRO 500 Core Probs African-Am Studies 4
AFRO 597 Problems in African-Am Studies 4
AFRO 598 Res Sem in African-Am Studies 4
Elective hours from approved departmental list 12
Total Hours 24

Other Requirements 1

In addition to the graduate concentration requirements, students must also complete the requirements of their major degree.

1 For additional details and requirements refer to the department’s program information online (http://www.afrst.illinois.edu/education/gradminor) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Degrees offered: M.A.
Graduate Concentration: African American Studies

Graduate Minor: African Studies

Joint Degree Program: African Studies and Library and Information Science
Degrees offered: M.A. and M.S.

Graduate Degree Programs

The Center for African Studies administers a two-year program of area studies courses and intensive African language instruction leading to a Master of Arts degree designed to give students an interdisciplinary perspective on the study of Africa. The program provides both language and area training for three constituencies of students: those seeking to match area expertise with professional training; those proceeding to disciplinary-based doctoral work; and those for whom the degree would stand on its own. For more information about the Center's graduate programs, please visit: www.afrst.illinois.edu/academics (http://www.afrst.illinois.edu/academics/grad.html).

Admissions

The Center for African Studies admits students in the fall term only. Applicants to the Masters degree in African Studies should hold at least a Bachelor’s degree from an accredited college or university in the United States or from a recognized institution of higher education abroad. All graduate college admission requirements also apply. The Center does not require the Graduate Record Examination (GRE) scores, but it is highly recommended for students applying for the Foreign Language and Area Studies (FLAS) fellowship. Successful applicants should have a grade point average of at least 3.0 (4.0=4) calculated for the last 60 semester hours of undergraduate course work. International applicants or applicants whose native language is not English must have a minimum TOEFL score of 550 on the paper-based test (PBT) – 210 on the computer-based test (CBT) or 79 on the internet-based test (IBT).

For more information about the Center’s admission requirements and procedures, and deadlines please visit www.afrst.illinois.edu/academics/grad/apply/ (http://www.afrst.illinois.edu/academics/grad/apply). Students interested in the minor must be in good standing in a graduate program, have permission from the major program, and demonstrate an interest in African Studies. For more information, contact the Center.

Faculty Research

The Center for African Studies’ has both core and affiliate faculty represented in over 34 units across campus encompassing various disciplines in the humanities and social sciences, as well as in professional schools. The faculty is the backbone of the Center and constitutes the most critical element of the graduate experience. They excel in teaching at all levels and have a strong commitment to innovative research. Both Center faculty and teaching assistants have received numerous college and campus teaching awards. For more information about the Center faculty, please visit: www.afrst.illinois.edu/about/faculty.html (http://www.afrst.illinois.edu/about/faculty.html)

Facilities and Resources

Established since 1970, the Center for African Studies is one the largest and most dynamic African National resource Centers in the country. The Center promotes excellence in research and teaching on Africa in all disciplines. The Center also exists to increase and disseminate knowledge about Africa to the larger community through various outreach activities to colleges, schools, community groups and businesses. At a time when the university of Illinois is expanding its international dimension, the Center for African Studies is dedicated
to promoting a vibrant African Studies program and to fostering an understanding of Africa and African peoples through research, teaching and various Africa-related programs and events. The Center organizes a wide range of activities including conferences, lectures, film festivals, art exhibits, language institutes, workshops, and symposia. In addition, the Center regularly hosts visitors from the United States and abroad, namely Africa, and is strongly committed to developing linkages with individuals and institutions based in the African continent.

The Africana Library is among the finest in the world. The collection covers all African countries and includes materials in more than 150 African languages. The collections are interdisciplinary, in all formats, and concentrated mainly in the humanities, social sciences, and agriculture. The Library has an extraordinary collection of primary source materials for Africana, and has acquired approximately 100 printed sources and 85 microform collections (over 10,000 pieces) covering all areas of Africa. The collection also includes 120,000 pages of Arabic manuscripts and thousands of government documents. African materials in European and African languages at the University of Illinois Libraries include more than 180,000 books (including 15,000 in Arabic, and 3,000 in Bamana, Hausa, Lingala, Swahili, and Zulu); 2,800 journals; 46,000 maps; 10,000 microforms; over 250 videotapes, 37 newspapers, and several CD-ROMs.

The African studies bibliographer runs the Africana library and teaches LIS 530, one of the Center’s core courses and plays a key role in the Center’s graduate program. For further information about the Africana library, please visit: www.afrst.illinois.edu/resources/africana.html.

Financial Aid

The Center for African Studies is a Title VI African National Resource Center funded by the U.S. Department of Education. Each year the center is generally able to assist a limited number of graduate students in area studies through awards of Foreign Language and Area Studies (FLAS) Fellowships. The Center evaluates and ranks incoming students on the basis of academic promise. Funding usually covers the fall and spring semesters. The center cannot guarantee multiple years of funding, but considers it a priority to provide financial support to eligible students until completion of their program. African Studies MA Students can also apply for the FLAS fellowship through the Center for Global Studies. The Center for African Studies has graduate assistantships which include a tuition and fee waiver, but they are very limited. Students may be eligible to compete for other fellowships on campus. Students are also encouraged to check with the graduate fellowships office (https://www.grad.illinois.edu/fellowship) for funding opportunities. Students in the joint program that do not hold a FLAS fellowship are eligible for, but not guaranteed, fellowship or assistantship support in the semesters in which they are enrolled in GSLIS. Any assistantship awarded to these students provides a waiver of the base in-state tuition and service fee as well as a stipend. Non-Illinois residents must pay the difference between in- and out-of-state tuition. More information about funding opportunities is available at: www.afrst.illinois.edu/grants/index.html.

M.S. African Studies and M.S. Library and Information Science

This joint master’s degree includes a program of language and area studies courses leading to an interdisciplinary Master of Arts degree in African Studies as well as a program of study leading to the Master of Science in Library and Information Science. The joint degree matches area expertise with professional education, and prepares students for professional careers in all types of information organizations, including libraries. Students will enroll in LIS their first semester and thereafter be enrolled as students in African Studies.

Agricultural Education

David Rosch, Associate Director of Agricultural Education Programs
174 Bevier Hall
905 South Goodwin Avenue
Urbana, IL 61801
PH: (217) 333-3165
aged.illinois.edu/ (http://aged.illinois.edu)

E-mail: aces-aged@illinois.edu

Major: Agricultural Education
Degrees offered: M.S.

Online and Off-Campus Programs: Agricultural Education
Degrees offered: M.S.
Graduate Degree Programs

The M.S. in Agricultural Education is a professional degree for training community and classroom based educators to address psychological, educational, and research issues as they pertain to teaching and learning in and about the agricultural, life, and environmental sciences. Students may choose among the teacher education option (teaching certification, non-thesis), applied research (non-certification, thesis) option, the program development (non-certification, non-thesis) option, and the online option. Students completing the teacher education option will be eligible for Illinois teacher certification in agricultural education for grades 9-12.

Admission

We are looking for highly motivated students with strong academic records. Students with backgrounds in education, behavioral or social sciences are especially encouraged to apply. The minimum grade-point average for admission is 3.0 (A = 4.0). Applicants for the online/off-campus program are not required to take the Graduate Record Examination (GRE), however applicants for the on-campus options must take the GRE. As a guideline, GRE scores should be greater than 500 for the quantitative and verbal tests and 4.0 for analytical writing, though the Admissions Committee may admit candidates with lower scores who demonstrate compelling strengths in other areas. International applicants from non-English-speaking countries must have official TOEFL scores of at least 575 (written version) or 233 (computer-based version) to be eligible for admission. Our application deadline for the on-campus program is January 15 for possible admission the following fall semester. Applications for the online program are accepted March 15, June 15, and November 15 for possible admission the following semester.

In addition to meeting the above criteria, applicants to the teacher education option in the Master of Science program in agricultural education must pass the Illinois Certification Testing System test of Basic Skills test prior to admission. If taking this examination prior to admission presents substantial hardship (e.g., the applicant is from another state), the applicant should contact the director of the agricultural education graduate program to discuss the possibility of a conditional admission. Students conditionally admitted must pass the examination by the end of the first semester of enrollment. Each applicant’s undergraduate transcript will be evaluated for completion of general education courses required for certification by the Illinois State Board of Education. Students with deficiencies may be admitted with the stipulation that these be met before completion of the master’s program.

Financial Aid

We are committed to funding all of our students who are making timely progress. The duration and amount of our commitment varies by program. Funding may include fellowships, research assistantships, and/or teaching assistantships. These opportunities typically include stipends and tuition waivers. In some cases, fees are also waived. All applicants are automatically considered for all department funding opportunities; there is no separate application process. Federal and state financial aid are automatically considered for all department funding opportunities; in some cases, fees are also waived. All applicants completing the teacher education option will be eligible for Illinois teacher certification in agricultural education for grades 9-12.

Other Requirements

Other requirements may overlap

Minimum 500-level Hours Required Overall: 12, 8 must be in the unit
Minimum GPA: 2.75

1 Requirement may be waived if taken as an undergraduate at UIUC. If waived, student may substitute this credit requirement with an agricultural education or technical subject matter elective.

2 Students may take up to four credit hours in agricultural education to fulfill the technical subject matter course requirements. This is only recommended for students completing a thesis (AGED 599 credits) or for students who desire to take an agriculture content course for teachers (i.e. AGED 500).

3 The applied research option requires the completion of a thesis, and the program development and online options require the completion of a project in the area of agricultural education, broadly defined, and submission of a research/professional paper.

4 For additional details and requirements refer to the department’s Graduate Program Information (http://aged.illinois.edu/grad/reqs) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Major: Agricultural Production
Degrees Offered: M.S.
Graduate Concentration: Professional Science Master’s (M.S. only)

Graduate Degree Programs
The College of Agricultural, Consumer and Environmental Sciences (ACES) offers graduate work leading to the Master of Science degree with a Major in Agricultural Production and Concentration in Professional Science Master’s (PSM). Fields of specialization within this interdisciplinary program include Food Animal Production, Crop Production, and Sustainable Production Systems. In addition to the rigorous scientific training in the area of agricultural production, instruction is provided in applied business knowledge and skills. This program is designed for those who seek careers in a science-based setting with significant managerial and leadership responsibilities.

Admission
Candidates for admission to the M.S. and Ph.D. programs must have a bachelor’s degree from an accredited institution equivalent to those from the University of Illinois at Urbana-Champaign. A grade point average of 3.0 or higher (A = 4.0) for the last 60 hours of undergraduate work and for any graduate study is required for admission. Graduate Record Examination (GRE) scores are required of all applicants and the minimum acceptable Test of English as a Foreign Language (TOEFL) score is 590 on the paper-based test, 243 on the computer-based test, or 79 on the internet-based test. Applications are only accepted for the fall semester. Transfer credit may not be applied.

Financial Aid
Illinois PSM students may not hold assistantships or other tuition and fee waiver-generating appointments; statutory waivers and tuition scholarships are accepted.

338 Agricultural Engineering Sciences Building
1304 West Pennsylvania Avenue
Urbana, IL 61801
(217) 333-3570
Department Website: abe.illinois.edu (http://abe.illinois.edu)
E-mail: abe@illinois.edu

Major: Agricultural and Biological Engineering
Degrees offered: M.S. and Ph.D.

Major: Technical Systems Management
Degrees offered: M.S.
Graduate Concentration: Professional Science Master’s
Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Agricultural and Biological Engineering and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://med.illinois.edu/mdphd)

Graduate Degree Programs

The Department of Agricultural and Biological Engineering offers a graduate degree program which is at the forefront of the application of engineering principles to solve problems of agricultural production, utilization, environmental control, and biological systems and to improve the quality of life. Students may concentrate study in one of the faculty research interest areas listed below. Supporting course work includes: mathematics; computer science; statistics; engineering mechanics; chemical, civil, electrical, and mechanical engineering; animal science; crop sciences; food science; and other appropriate fields. Opportunity also exists for specializing in

1. computational science and engineering and
2. energy and sustainability engineering within the department’s graduate programs via the Computational Science and Engineering (CSE) Option (http://cse.illinois.edu/students/graduate-program) and the Energy and Sustainability Engineering ( EaSE) Option (http://ease.illinois.edu)

The Medical Scholars Program (http://med.illinois.edu/mdphd) permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Agricultural and Biological Engineering.

Admission

Admission requirements for either master’s program include completion of an undergraduate program equivalent to the Agricultural and Biological Engineering (ABE) curriculum (in the case of the ABE M.S.) or the Technical Systems Management (TSM) curriculum (in the case of the TSM M.S.) with at least a 3.0 grade point average (A = 4.0) for the last two years of undergraduate course work. Applicants must submit Graduate Record Examination (GRE) scores.

Admission to the Ph.D. program is limited to individuals who have demonstrated exceptional ability through outstanding performance in obtaining a Master of Science degree and/or through a high degree of technical and professional accomplishment. Candidates must also satisfy entrance requirements for the M.S. degree program.

All applicants whose native language is not English must submit a minimum TOEFL (http://www.toefl.org) score of 88 (iBT), 230 (CBT) or 570 (PBT); or minimum International English Language Testing System (IELTS) (http://www.ielts.org) academic exam scores of 6.5 overall and 6.0 in all subsections. Applicants may be exempt from the TOEFL if certain criteria (http://grad.illinois.edu/admissions/instructions/04c) are met. For those taking the TOEFL or IELTS, full admission status (http://grad.illinois.edu/admissions/instructions/04c) is granted for scores greater than 102 (TOEFL iBT), 253 (TOEFL CBT), 610 (TOEFL PBT), or 6.5 (IELTS). Limited status (http://grad.illinois.edu/admissions/instructions/04c) is granted for lesser scores and requires enrollment in English as a Second Language (ESL) courses (http://linguistics.illinois.edu/students/esl/guidelines) based on an ESL Placement Test (EPT) taken upon arrival to campus.

Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both Agricultural and Biological Engineering and the College of Medicine. An application to the Medical Scholars Program will also serve as the application to the Agricultural and Biological Engineering graduate program. Further information on this program is available by contacting the Medical Scholars Program (125 Medical Sciences Building, (217) 333-8146, mspo@illinois.edu).

Medical Scholars Program

Students in the Medical Scholars program must meet the specific requirements for both the medical (https://www.med.illinois.edu/mdphd) and graduate degrees. On average, students take eight years to complete both degrees. The first year of the combined program is typically spent meeting requirements of the Agricultural and Biological Engineering graduate degree.

Graduate Teaching Experience

Experience in teaching is considered a vital part of the graduate program and is required as part of the academic work of all Ph.D. candidates in this program. For details of expectations, see the department’s Graduate Handbook (http://abe.illinois.edu/grad_programs/handbook).

Faculty Research Interests

Current research interests of the faculty include off-road equipment engineering (robotics and machinery automation, remote sensing and precision agriculture, machinery management systems, pesticide application technology, engines and biofuels); soil and water resources (hydrology, erosion and sediment transport, water management, wetlands, and water quality); bioenvironmental engineering (building environment and energy conservation, air quality, renewable energy, biomass to bioenergy conversion, structural analysis and facility design, building materials evaluation, environmental control and ergonomic design for plant, animal, and human housing systems and facilities); food and bioprocess engineering (engineering properties of foods, physical properties of biological products, grain drying, grain quality evaluation, dry-grind corn processing, wet and dry milling, modified bioprocesses for improved co-products, fuel and chemicals, fermentation, and transport phenomenon in biological materials); or electronic and electrical systems (biosensors and controls, energy systems, machine vision, near-infrared spectroscopy applications, bionanotechnology, microfabricated devices, bioconjugation techniques, transcriptional control, modeling life support systems, and multiscale biological processes). For more details, visit the department’s graduate program Web site. (http://abe.illinois.edu/grad_programs)

Financial Aid

Illinois PSM students may not hold assistantships or other tuition and fee waiver-generating appointments; statutory waivers and tuition scholarships are accepted. For all other students, fellowships, supported by University, College of Agricultural, Consumer and Environmental Sciences, and College of Engineering funds, are available on a competitive basis. A limited number of assistantships, providing both teaching and research experience, are often available on a half-time basis. All applicants, regardless of U.S. citizenship, whose native language is not English and who wish to be considered for teaching assistantships must demonstrate spoken English language proficiency (http://grad.illinois.edu/admissions/taenprof.htm) by achieving a minimum score of 24 on the speaking subsection of the TOEFL iBT or 8 on the speaking subsection of the IELTS. For students who are unable to take the iBT or IELTS, a minimum score of 4CP is required on the EPI test (http://cte.illinois.edu/testing/oral_eng/epi_overview.html), offered on campus. All new teaching assistants are required to participate in

Agricultural and Consumer Economics

Head of the Department: Paul N. Ellinger
326 Mumford Hall, MC-710
1301 West Gregory Drive
Urbana, IL 61801
www.ace.illinois.edu (http://www.ace.illinois.edu)

(217) 333-1810
Fax: (217) 333-5538
Director of Graduate Studies: Amy Ando
E-mail: ace-grad@illinois.edu

Major: Agricultural and Applied Economics
Degrees offered: M.S. and Ph.D.

Graduate Degree Programs

The Department of Agricultural and Consumer Economics (ACE) offers courses of study that lead to the Master of Science and the Doctor of Philosophy degrees. Applicants with a baccalaureate degree are initially admitted to the M.S. program. Students who fulfill specific requirements in the first year of the M.S. program may request transfer into the Ph.D. program.

Admission

Graduate College requirements apply, including a 3.0 (A = 4.0) GPA for the last two years of undergraduate coursework and any graduate work completed. International applicants whose native language is not English must have a Test of English as a Foreign Language (TOEFL iBT) score of at least 88 (230 computer-based and 570 paper-based) or an International English Language Testing System (IELTS) academic examination overall score of at least 6.5 with a minimum sub-section score of 6 in each of the four modules (speaking, listening, writing, and reading). Graduate Record Examination (GRE) general test scores are required for candidates seeking financial aid and are requested for all applicants. Applicants to the Ph.D. program are requested to provide a sample of their academic writing. Students having an inadequate background in theory or quantitative methods will be asked to take additional coursework to prepare for graduate study. An applicant with a master’s degree in an appropriate discipline will be considered for the Ph.D. degree. Students may commence study in either semester, but initial enrollment in fall semester is preferable.

Student Thesis and Dissertation Research

Our students’ research uses economics to address important social and economic challenges. Thesis and dissertation topics include designing policies for environmental protection and resource management, evaluating international efforts to reduce poverty and hunger, and enhancing the performance of commodity and speculative markets.

Graduate Teaching Experience

Although teaching is not a general Graduate College requirement, experience in teaching is considered an important part of the graduate experience in this program and is strongly recommended for those intending to pursue an academic career.

Financial Aid

Graduate fellowships, assistantships, and tuition and fee waivers are awarded on a competitive basis.

Fellowships. The department offers fellowships from internal resources and by nominating students for college and campus fellowships. These fellowships, often combined with assistantship support, provide monetary stipends and, in most cases, exemptions from tuition and some student fees. Recipients must register for the equivalent of at least 12 hours of graduate credit in each semester and four hours in an eight-week summer session. Fellowship holders are encouraged to involve themselves with research and teaching in the department.

Assistantships. Research and teaching assistantships provide an opportunity for graduate students to work with faculty. Most research assistantships are funded by grants and contracts involving the analysis of contemporary issues. Most assistantships carry waivers of tuition and some fees.

Tuition and Fee Waivers. Waivers may be awarded. In most cases they are awarded to students with fellowship support from certain external programs.

Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Agricultural and Applied Economics. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

Master of Science in Agricultural and Applied Economics

The M.S. offers considerable flexibility. Students using the degree as a foundation for a doctorate emphasize economic theory and analytical research tools. Students seeking the terminal master’s degree focus their study on the concepts and analytical techniques used by analysts and managers in industries, governments, and other organizations.

Students must earn a 3.0 (A = 4.0) GPA for a minimum of 32 graduate hours of credit. M.S. students entering the ACE graduate program will be admitted only to the Thesis Option. For the Thesis Option, a thesis is prepared under the supervision of a faculty advisory committee. The thesis is defended in a formal oral examination, which usually
**Doctor of Philosophy in Agricultural and Applied Economics**

The Doctor of Philosophy is a research-oriented degree that prepares successful candidates for positions in higher education, governmental agencies, nongovernmental organizations, and the research and management functions of the private sector. In consultation with a faculty advisor, students develop an area of specialization to fit their career aspirations. Typical areas of specialization include:

- agricultural finance
- environmental and natural resource economics
- family and consumer economics
- farm and agribusiness management
- international and policy economics
- price analysis and agricultural marketing
- regional economics and public policy

Students pursue coursework in theory, quantitative methods, and their area of specialization; pass a written core exam, a second-year research paper requirement, an oral preliminary examination which includes the formal proposal for dissertation research, and complete and defend a dissertation. The core courses cover the theory and quantitative methods upon which advanced research, teaching, and service in ACE are based. The specialty courses build on the knowledge gained in the core courses and provide an understanding of the application of economic theory and the tools of economic analysis. Students are encouraged to complete substantial coursework in other departments, such as economics, finance, and business administration.

A 3.0 (A = 4.0) GPA is required in all courses completed in the program.

### Core courses

24-28

- 8 hours in ACE at the 500 level to define primary field
- 4 hours (minimum) of quantitative methods beyond the courses specified in the core
- 8 additional hours (minimum) in quantitative methods, methods, theory, complementary field, or other area to strengthen or diversify the student’s program
- 4 hours in Advanced Research and Scholarly Communication (ACE 561)

### Masters Degree Required for Admission to PhD?

Yes, but students meeting specific conditions may petition to move from the M.S. to the Ph.D. program within three semesters. Students who take this route must complete 96 total hours.

---

Information listed in this catalog is current as of 10/2015
Consult the department’s M.U.P. joint degree committee. Students must be in residence in Urban Planning for at least two semesters. The M.U.P. Joint Degree Program

For joint programs, at least 40 hours must be in Urban Planning, including all core courses and capstone requirements. The two programs must total a minimum of (a) 80 hours, or (b) the sum of 40 Urban Planning hours plus the required number of hours for the second degree, whichever is greater. (In the latter case, the other program may at its discretion count up to 8 hours of Urban Planning courses as electives in meeting its degree requirements as long as students are required to take no fewer than 40 additional hours in that program.) The MUP capstone requirement may be waived for a thesis completed in another program provided faculty from both programs participate in the thesis committee. Students must be in residence in Urban Planning for at least two semesters.

Consult the department’s M.U.P. joint degree web page for more information about the admissions process and joint degree requirements. For additional guidance, please contact the Director of the M.U.P. Program.

Animal Biology

Contact: Lisa J. Smith

Major: Biology
Degrees Offered: M.S., Ph.D.
Graduate Concentration: Ecology, Ethology & Evolution (in all degrees)

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Biology-Ecology, Ethology & Evolution and Doctor of Medicine (M.D.) through the Medical Scholars Program (https://www.med.illinois.edu/mdphd)

Graduate Degree Programs

The Department of Animal Biology administers graduate degree programs as concentrations in biology. Areas of training include physiological, population, community, and evolutionary ecology; population, molecular and quantitative genetics; evolutionary biology, behavioral ecology and evolution, physiology, evolution and development, functional anatomy, systematics, and conservation biology.

Admission

Acceptance for graduate study in animal biology is based on the applicant’s research potential and academic achievement. An undergraduate degree in the life sciences is the usual preparation, but students majoring in mathematics, computer science, or the physical and social sciences are also considered. Courses required for admission are inorganic and organic chemistry, a year of physics, and mathematics through calculus. Students lacking one or more of these courses may be admitted with the provision that such deficiencies be completed in addition to the normal graduate course load. A grade point average of at least 3.0 (A = 4.0) for the last two years of undergraduate work in a four-year undergraduate degree program or the last three years of a five-year undergraduate program and for any graduate study is mandatory, and good scores on the Graduate Record Examination (GRE) are necessary. Considerable emphasis is placed on a student’s interest and ability in research as demonstrated by previous work and letters of recommendation. Applications are considered for fall admission only.

The deadline for application materials is January 1. A minimum paper-based Test of English as a Foreign Language (TOEFL) score of 570 (230 on the computer-based version, 88 on the internet-based version) is preferred for international applicants.

Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Biology-Ecology, Ethology & Evolution. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp.

Financial Aid

Financial aid is available in the form of fellowships and teaching and research assistantships for qualified students.

Master of Science in Biology with Concentration in Ecology, Ethology & Evolution

E-mail: ansci-gradprog@illinois.edu

Major: Animal Sciences
Degrees offered: M.S., Ph.D.

Major: Bioinformatics
Degrees offered: M.S.
Graduate Concentration: Animal Sciences

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Animal Sciences and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.illinois.edu/mdphd)

Graduate Degree Programs

The Department of Animal Sciences offers graduate work leading to the Master of Science and Doctor of Philosophy degrees. Fields of specialization include:

- animal breeding and genetics
- animal behavior
- biochemistry
- environmental physiology
- immunobiology
- meat science and muscle biology
- microbiology
- nutrition
- systems of animal management and production
- physiology of lactation
- physiology of reproduction

Beef and dairy cattle, horses, poultry, sheep, swine, and a variety of companion and laboratory animals are available for study.

The genomic and proteomic projects are generating large amounts of complex biological data that require effective storage, retrieval, analysis and interpretation. The bioinformatics degree program provides students with the skills necessary to augment the understanding and use of agricultural, biological and medical information and resources through the application of molecular, chemical, physical, computational, statistical, mathematical and informatic techniques. Students interested in this program may come with undergraduate training in one of the following areas:

1. biological and agricultural sciences,
2. statistical, mathematical and computer sciences,
3. informatics and engineering sciences.
Graduates from the Bioinformatics program will be able to integrate basic and applied concepts in the three areas and apply them to biotechnology and medical research.

**Admission**
Candidates for admission to the M.S. and Ph.D. programs must have a bachelor’s degree from an accredited institution equivalent to those from the University of Illinois at Urbana-Champaign. Candidates for admission to the Ph.D. program must meet Masters level requirements. A grade point average of 3.0 or higher (A = 4.0) for the last two years of undergraduate work and for any graduate study is required for admission. Students must take the Graduate Record Examination (GRE) and are recommended to take the advanced test in biology. English proficiency requirement for admission follow Graduate College requirement. Emphasis is placed on a student’s interest and ability in research as demonstrated by previous work and letters of recommendation. Admission is possible for spring and summer semesters.

**Medical Scholars Program**
The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Animal Sciences. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

**Graduate Teaching Experience**
Experience in teaching is considered a vital part of the graduate program and is encouraged as part of the academic work of students in this program.

**Financial Aid**
Financial aid for graduate students is available in the form of fellowships, teaching and research assistantships, tuition and partial fee waivers, and traineeships. Qualified candidates are considered for financial support upon application. Graduate students making satisfactory progress toward their degrees generally receive a full tuition waiver and a partial fee waiver, as well as a stipend.

- Master of Science in Animal Sciences (p. 635)
- Master of Science in Bioinformatics, Animal Sciences Concentration (p. 635)

**Doctor of Philosophy in Animal Sciences**
Students must pass preliminary and final examinations administered by committees appointed by the dean of the Graduate College. The final examination is limited to a presentation and defense of the thesis research.

Advanced lecture and laboratory courses (400- and 500-level courses; excludes ANSC 590 and ANSC 599) 20-28

Anthropology

www.anthro.illinois.edu (http://www.anthro.illinois.edu)

Head of the Department: Andrew Orta
Director of Graduate Studies: Ellen Moodie
Museum Studies Program Coordinator: Susan Frankenberg
109 Davenport Hall
607 South Mathews Avenue
Urbana, IL 61801
(217) 333-3616
E-mail: anthro@illinois.edu

Major: Anthropology
Degrees offered: M.A., Ph.D.
Graduate Concentration: Second Language Acquisition and Teacher Education (p. 848) (Ph.D. only)

Graduate Minor: Museum Studies

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Anthropology and Doctor of Medicine (M.D.) through the Medical Scholars Program (https://www.med.illinois.edu/msp).

Graduate Degree Programs

The Department of Anthropology offers graduate programs leading to the Master of Arts and the Doctor of Philosophy degrees. We generally do not accept students for a terminal M.A.

Admission

Students without the equivalent of the department’s undergraduate concentration may be admitted to either degree program, but they may be required to make up any deficiencies in their anthropological backgrounds. In addition to the Graduate College admission requirements, students are required to submit Graduate Record Examination (GRE) scores. Students whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL) (http://www.grad.illinois.edu/admissions/instructions/04c), with minimum scores set by the Graduate College. Students are admitted for the fall term only.

Students wishing to pursue the minor in Museum Studies must be in good standing in the graduate program of an academic department, and must apply for acceptance into the minor. Admission to the minor is contingent upon approval of the student’s home department and the Museum Studies Steering Committee. Students may apply to the minor during the first week of the fall and spring semesters in any academic year, and should contact the Museum Studies Program Coordinator for application instructions or more information.

Degree Requirements

Each subfield (Archaeology, Biological Anthropology, and Sociocultural/Linguistic Anthropology) requires a specific set of courses for graduation. Achieving doctoral candidacy in all three subfields entails passing (a) language (and/or skill) exam(s), (b) passing a set of preliminary examinations, and (c) successfully submitting a predissertation paper, and/or a doctoral proposal, all to be defended in an oral examination. For specific details and requirements for admission to and navigation of the Ph.D. program, please refer to the Anthropology Department Graduate Programs Handbook (http://www.anthro.illinois.edu/programs/graduate/resources/AnthGradHandbook.pdf) and the University of Illinois Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Anthropology. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146, or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

Graduate Teaching Experience

Although teaching is not a general Graduate College requirement, the Anthropology Department recognizes the importance of teaching experience as part of a graduate education. Most Anthropology graduate students will have the opportunity to work as teaching assistants, to learn to design their own classes, and possibly teach their own classes.

Faculty Research Interests and Facilities

Courses and individualized study provide broad coverage of sociocultural, linguistic, archaeological, and physical anthropology. The department provides special emphases in the analyses of state ideologies and cultural transformations; complex societies in transition; kinship and gender relations; politics, economics, and business studies; social movements and youth; border studies, criminalities, violence, and security; religion, race, and ethnicity; democracy, governance, and
policing; social classification; performance and embodiment; food and environment; language and culture; discourse and narrative analysis; transnationalism and diasporas; human evolution; agricultural origins and development; landscape histories and heritage; hunter-gatherer adaptations; climate change and sustainability; diet and nutrition; paleoecology and paleobiology; evolutionary genetics; population genetics; peopling of the Americas; ancient DNA; biomechanics of locomotion; exercise and neurobiology; functional morphology; comparative and analytical osteology; forensics; demography; immunology; evolutionary medicine; microbe-host interaction; reproductive ecology; female reproductive physiology; conservation; and nonhuman primate evolution, morphology, behavior, and ecology. The department’s research facilities include laboratories for archaeology, GIS and spatial computing, faunal analysis, casting, stable-isotope analysis, ethnography, ancient DNA, skeletal biology, locomotion and motion analysis, and endocrinology.

Departmental funds and a grant from the National Science Foundation, as well as from area studies centers, are available for graduate students’ summer field research. An archaeology field school is held at various locations in Illinois and outside of the US (location varies from year to year). Graduate student programs are enriched by close departmental relationships with the various interdisciplinary units, including area studies centers on campus (African, East Asian and Pacific, European Union, Latin America and Caribbean, Russian and East European, South Asian and Middle Eastern Studies), the ethnic and gender studies units (the American Indian Studies Program and the departments of African-American Studies, Asian American Studies, Gender and Women’s Studies, and Latinx/Latina Studies), along with the Women and Gender in Global Perspectives Program, Spurlock Museum, the Museum of Natural History, Krannert Art Museum, the Institute for Genomic Biology, and the Program in Ancient Technologies and Archaeological Materials.

Agreements between the University and various governments and institutes facilitate research in many nations. Training is available in various languages (some with funding available), including Arabic, Bengali, Burmese, Chinese, Hausa, Hebrew, Hindi, Indonesian, Japanese, Korean, Portuguese, Quechua, Lingala, Russian, Shona, Swahili, Thai, and Urdu. Students have ready access to the extensive computer facilities of the University and to the department’s facilities.

Financial Aid
University fellowships, Graduate College fellowships for underrepresented minorities, and teaching and research assistantships provide variable levels of funding for most graduate students who do not hold external awards. Tuition and service fee waivers accompany most fellowships and assistantships. Foreign Language and Area Studies (FLAS) fellowships are available through various area centers. University of Illinois public archaeology programs, including the Illinois State Archaeological Survey and the Public Service Archaeology and Architecture Program, have provided support and research employment for graduate students in the past, as has the U.S. Army Construction Engineering Research Laboratory in Champaign.

Master of Arts in Anthropology
The master’s degree can be a first stage toward the doctorate or may be used by students wishing to apply knowledge of anthropology to a related field. Candidates must present a thesis or paper in lieu of a thesis acceptable to their advisers and another member of the graduate faculty within the department.

Graduate Minor in Museum Studies

The Graduate Minor in Museum Studies is designed for MA and PhD students who wish to complement their degree program with interdisciplinary study of the theory, organization and management of museums and museum collections. The program offers broad coverage of different disciplines’ approaches to museum theory, and practice, including interdisciplinary perspectives from Anthropology, Art History, Landscape Architecture, History, Education, and Library and Information Sciences. The program also focuses on the collaborative, international and multicultural nature of museum work in curating, researching and communicating the tangible and intangible evidence of people and their environment. Students acquire the applied theory required to successfully work on, with or in museums. Students may tailor the minor to their career goals by choosing among electives that emphasize different theoretical and technical aspects of museum studies.

MUSE 500 Core Prob Museum Theory & Prac 4
Electives from an approved list of museum-related courses, at least one of which must be at the 500-level. 12

The student must participate in a capstone experience consisting of an approved museum-based internship, museum-related project or museum-related research paper. Every student must provide a product of this experience in the form of either a formal professional presentation or a written document. If a student chooses to write their MS thesis or PhD dissertation on a museum topic, this will fulfill the capstone experience, provided that a member of the Museum Studies Steering Committee is a formal member of the student’s thesis or dissertation committee. Student may receive academic credit for their capstone experience through their home department or MUSE 590.

Total Hours 16

Other Requirements 1
Minimum 500-level Hours Required 8

In addition to the minor requirements, students must also complete the requirements of their major degree.

Hours counted toward completion of a minor may not also be applied toward any other transcripted credential.

1 For additional details and requirements refer to the department and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Graduate Degree Programs

The School of Architecture offers two graduate programs, leading to a Masters degree:

1. a two-year Master of Architecture (Professional Degree) and
2. a one-year Master of Science in Architectural Studies (Post-professional Degree).

The Master of Architecture program is for students holding a four-year Bachelor of Science in Architectural Studies (or similar degree in architecture). One may be admitted to the Master of Architecture program with Limited Standing if the student holds a bachelor's degree (or higher) in any field other than architecture. Student in M. Arch (Limited Standing) typically take two years to complete undergraduate prerequisite courses to attain full standing in the M. Arch program. The Master of Architecture degree is a professional degree accredited by the National Architectural Accreditation Board (NAAB).

The Master of Science in Architectural Studies (Post-professional Degree) program is for students holding a five-year Bachelor of Architecture professional degree. The MSAS degree is not accredited by NAAB.

The School of Architecture, together with the graduate programs of business administration, computer science, urban and regional planning, and civil and environmental engineering, offers graduate programs leading to the following joint degrees: Master of Architecture and Master of Business Administration, Master of Architecture and Master of Computer Science, Master of Architecture and Master of Urban Planning, and Master of Architecture and Master of Science in Civil and Environmental Engineering (Construction Engineering and Management) (Structures).

The School of Architecture, together with the Department of Landscape Architecture, offers a graduate program leading to the Doctor of Philosophy degree.

Admission

The admission grade point average for full standing in the Graduate College and the school must be at least 3.0 (A = 4.0). For applicants...
who meet the other requirements but have an admission GPA under 3.0, admission with limited standing may be permitted if evidence of exceptional qualification is presented.

Applicants are selected for admission on the basis of undergraduate academic performance and profession-related experience. Application material is evaluated by faculty members. The faculty’s recommendations are based upon an appraisal of the admission grade point average determined from official transcripts, a portfolio or brochure of applicant’s past work in architecture, a statement of objectives, three letters of recommendation, and relevant professional work experience.

Application forms for graduate admission and financial aid may be obtained from the Web site above. Application may be made on-line. Completed applications for the Masters or Doctoral programs must reach the Graduate Programs Office by January 15; students are admitted in the fall semester only. Graduate Record Examination (GRE) scores are not required for School of Architecture Masters Degree applicants; the GRE is required for all Doctor of Philosophy applicants.

All applicants whose native language is not English must submit Test of English as a Foreign Language (TOEFL) scores. A minimum score of 590 on the paper-based test or 243 on the computer-based test or 96 on the internet-based test is required. The University of Illinois also accepts IELTS (academic exam) score in lieu of TOEFL, with a minimum score of 6.5 and 6 in all sub-sections required.

**Graduate Teaching Experience**

Although teaching is not a general Graduate College requirement, experience in teaching is considered an important part of the graduate experience in this program.

**Financial Aid**

Financial aid for graduate students in architecture is available in the form of fellowships and assistantships (teaching, research, and graduate or resource). Qualified candidates are considered for financial support upon application and in subsequent years of study.

- Master of Architecture (Professional Degree) (p. 641)
- Master of Architecture (Limited Standing) (p. 640)
- Master of Science in Architectural Studies (Post-professional Degree) (p. 641)

**Doctor of Philosophy in Architecture**

This program offers advanced, rigorous education for those students whose goal is the advancement of the intellectual base of the discipline through a career of research and scholarship. Three areas of concentration are offered: history and theory, environment and technology, and behavioral and cultural factors in design. The program is administered jointly with the Department of Landscape Architecture.

All students are required to enroll in the PhD colloquium during the fall of their first year of course work.

| Elective coursework in major field | 28 |
| ARCH 589 PhD Colloquium (twice) | 2 |
| Outside study (courses outside of Landscape Architecture and Architecture) | 8 |
| Electives | 32 |

**Master of Architecture and Master of Urban Planning**

This joint degree program offers an opportunity to obtain an education for a career that combines the disciplines of architecture and urban planning. For entry into this program, applicants must satisfy the admission requirements of each academic unit. Application for admission may be made either simultaneously to both units or in sequence.

Candidates entering the program with a four-year baccalaureate in architectural studies must complete at least 86 hours of graduate work (54 in Architecture and 32 in Urban Planning) and, if admitted with full status, may complete the program in six semesters and one summer session. Candidates entering the program with a five-year Bachelor of Architecture degree must complete at least 64 hours of graduate work (32 in Architecture and 32 in Urban Planning) and, if admitted with full status, may complete the program in four semesters and a summer session.

**Master of Architecture and Master of Business Administration**

This joint master's degree program prepares graduate degree candidates for the broad range of management activity now developing in architectural practice.

For entry into this program, applicants must satisfy the admission and performance requirements of each academic unit. Application for admission may be made simultaneously to both units or admission to one unit may be sought after gaining entry to the other.

Candidates entering the Master of Architecture/Master of Business Administration joint degree program with a four-year baccalaureate in

Information listed in this catalog is current as of 10/2015
architectural studies must complete 110 hours of graduate work, 50 hours in Architecture and 60 hours for the M.B.A.

Master of Architecture and Master of Computer Science
This joint master’s degree program prepares graduate degree candidates for the broad range of management activity now developing in architectural practice.

For entry into this program, applicants must satisfy the admission and performance requirements of each academic unit. Application for admission may be made simultaneously to both units or admission to one unit may be sought after gaining entry to the other.

The combination of Master of Architecture and Master of Computer Science degrees requires 74 graduate hours if no prerequisites are needed in computer science. Candidates entering either of these programs with a five-year bachelor of architecture degree must complete at least 64 hours of graduate work and, if admitted with full status, may complete the program in four semesters.

Master of Architecture and Master of Science in Civil Engineering (Construction Management) or (Structures)
This joint degree program offers qualified applicants the opportunity to develop competence in a career that combines the disciplines of architecture and civil engineering (construction management) or (structures). For entry into these programs, applicants must satisfy the admission and performance requirements of each academic unit. Application for admission should be made to the School of Architecture. Admission to the other unit may be sought after the first semester of graduate study in architecture.

Candidates entering the program with a four-year baccalaureate in architectural studies must complete at least 78 (32 in Civil Engineering and 46 in Architecture) hours of graduate work and, if admitted with full status, may complete the program in five semesters. Candidates entering the program with a five-year Bachelor of Architecture degree must complete 64 hours of graduate work and, if admitted with full status, may complete the program in four semesters.

- Medieval Studies Concentration (p. 801)
- Structures Concentration (p. 642)

Master of Architecture Limited Standing
The variable-length professional degree program has been designed for applicants who have a bachelor’s degree in any field other than architecture. Emphasis is placed on the development of sufficient background in introductory architectural studies so that the applicants may successfully complete the equivalent of the two-year graduate program described above.

Applicants accepted into this program will initially be admitted with limited status. Full status may be attained by completion of introductory architectural studies. Once full status is attained, a minimum of 54 hours of graduate work is required for completion.

The time necessary to complete the program will depend on the nature of undergraduate coursework completed by the applicant.

Candidates attaining full standing may complete the program in two years of full-time academic study.

Thesis Option
One course in architectural practice
One core elective each from a select list of courses in architectural thought
One core elective each from a select list of courses in professional practice
Four studios including two semesters of comprehensive design
One course in structural planning
Students must also complete prerequisites, which are determined individually and do not count toward the required number of hours required

Master of Science in Architectural Science Structures Concentration

The School of Architecture offers a Structures Concentration under its MS in AS degree program. Completion of this in-depth plan of study will result in recording of Structures as a Concentration on the student's transcript under the MS in AS degree. Students interested in participating in the Structures Concentration must be admitted to the School of Architecture's MS in AS degree program; register their intent to enter the Structures Concentration with the School's Graduate Office prior to completing their first semester in their degree program and complete 27 graduate credit hours of architectural structures courses from the required courses list below. Prerequisite subjects for the Structures Concentration include the following: calculus I and II; statics and dynamics; mechanics of materials; one course in structural steel design and one course in reinforced concrete design. Students without these prerequisites may enter the Structures Concentration upon completion of their prerequisite courses.

Major: Art and Design
Degree offered: M.F.A.
Concentrations: Crafts, Graphic Design, Industrial Design, Metals, Painting, Photography, Printmaking, Sculpture

Major: Art Education
Degrees offered: Ed.M., M.A., Ph.D.
Graduate Concentrations: Writing Studies (Ph.D. only)

Major: Art History
Degrees offered: M.A., Ph.D.
Graduate Concentrations: Medieval Studies (available to M.A. and Ph.D.); Writing Studies (Ph.D. only)

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Art Education or Art History and Doctor of Medicine (M.D.) through the Medical Scholars Program (https://www.med.illinois.edu/mdphd)

Graduate Degree Programs

The School of Art and Design offers the Master of Arts in Art Education and in Art History, the Master of Education in Art Education, the Master of Fine Arts in Art and Design, the Doctor of Philosophy in Art Education, and the Doctor of Philosophy in Art History. In addition to the listed concentrations, we also offer a specialization in New Media in the M.F.A. program.

Admission

Applications are considered for Fall Semester admissions only. The Art History Program requires Graduate Record Examination (GRE) scores. International applicants or applicants who are not native English speakers must present a TOEFL score of at least 590 on the paper-based version, 250 score on the Computer-based exam, and a score of 96 on IBT.
exam. Applications are not currently being accepted for the concentration in Printmaking.

Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Art History and Art Education. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

Graduate Teaching Experience

Although teaching is not a general Graduate College requirement, experience in teaching is considered an important part of the graduate experience for master and doctoral students.

Facilities and Resources

Resources for graduate students in art and design include the Krannert Art Museum’s excellent permanent collections and changing exhibitions; the Ricker Library of Art and Architecture, one of the largest art and architecture libraries in the nation; the Krannert Center for the Performing Arts; School of Art and Design facilities, which include extensive computer laboratories, digital photography and video editing equipment, wireless networking, ink-printing facilities, ceramic, woodworking, and metal shops, rapid prototyping and laser cutting, black/white and color darkrooms, shooting studios, and a wide selection of production and presentation equipment via reservation and checkout facility. A variety of lectures, symposia, musical programs, dramatic productions, and other cultural events associated with a large and progressive university complement the Art and Design Facilities.

Financial Aid

Fellowships, assistantships, and tuition and service fee waivers are awarded each year on a competitive basis, with consideration given to the applicant’s grade point average and, in the case of applicants for the M.F.A. programs, quality of creative work.

- Doctor of Philosophy in Art Education (p. 643)
- Doctor of Philosophy in Art History (p. 643)

Minor in Art History

The Graduate Minor in Art History is designed to provide UIUC graduate students, both at the master’s and doctoral levels from any discipline, a foundation in the histories, theories and methods of art history and visual cultures. The Minor is taken in conjunction with, and is intended to complement the student’s work in their primary disciplines.

In addition to the minor requirements, students must also complete the requirements of their major degree. Students interested in the Art History Graduate Minor should contact the Director of Graduate Studies in Art History.

Doctor of Philosophy in Art Education

The doctoral program in art education is designed for advanced graduate students who want to pursue scholarly study and research in art education. Doctoral level coursework includes studies in both art education and in relevant disciplines and departments within the university. Applicants for admission must hold a master’s degree in art education or the equivalent from an accredited institution. Admission is determined by a sample of academic writing, official records of previous education and experience, and letters of recommendation.

Master of Arts, Art Education

This program provides basic preparation for teaching at the college level, background in the history of art for museum work, and preliminary study for the doctoral degree. In addition to the general requirements, the prerequisite for admission is ordinarily an undergraduate degree in art history or a strong preparation in related humanistic studies. Applicants with little background in art history but who have done exceptionally well as undergraduates in other disciplines will be seriously considered. A thesis or scholarly essay is required for completion of the degree.

Thesis Option

Graduate hours in the history of art and architecture, including 16 hours in art history graduate seminars

Non-Thesis Option

Graduate hours in the history of art and architecture, including 16 hours in art history graduate seminars

Language Requirement: Proficiency in a language outside of English and appropriate to the student’s field of study must be demonstrated by the end of the first year of residence.

Master of Education in Art Education

The program of study leading to the degree of Master of Education in Art Education is designed to provide advanced level study for students of two main kinds. It serves as professional development for art teachers and supervisors in the public schools and as preparation for those interested in a variety of careers, such as museum education, arts advocacy or community arts.

In addition to required courses in art education, students may choose electives in studio, art education or art history, and any other graduate courses offered by the university that complement their studies or professional aspirations. Specific course selection is determined in consultation with the student’s adviser. Students may simultaneously study for teaching certification but graduate credit is not usually granted for such study. A thesis is not required.

Master of Fine Arts in Art and Design

The degree of Master of Fine Arts in Art and Design is designed to prepare qualified individuals for distinctive achievement in the professional area of their choice. Fields of concentration include Graphic Design, Industrial Design, Photography, Metal, Ceramics, and an interdisciplinary Studio which includes concentrations in Painting, Sculpture, and specialization in New Media. A minimum of 64 hours of graduate credit is required for the M.F.A. degree, requiring three years of full-time residence. Individual studio space and specialized resources essential to the acquisition of a high-quality professional education are available to students in all areas of study. The Graphic Design, Photography, Metal, Ceramics, and interdisciplinary Studio which includes Painting, Sculpture, and New Media programs require a graduation exhibition of creative work and a written thesis approved by a thesis committee for deposit in the School of Art and Design's graduate office. The Industrial Design Program requires a graduation exhibition, a written thesis approved by a thesis committee and a thesis deposit in the Graduate College Thesis Office. Admission for all programs is determined by a faculty review of a portfolio of the applicant’s creative work, records of previous education and experience, letters of recommendation, and other significant achievements that may be viewed as predictors for success in the program.

Astrochemistry

Ben McCall, Coordinator
166 Roger Adams Laboratory
600 S. Mathews Avenue
Urbana, Illinois 61801
PH: (217) 244-0230
E-mail: bjmccall@illinois.edu

Graduate Concentration: Astrochemistry
Participating Programs: Astronomy (PhD only) and Chemistry (PhD only)

Graduate Degree Programs

Astrochemistry is an interdisciplinary area of knowledge at the intersection between chemistry and astronomy. As a few examples, topics of active research in this area include identifying organic molecules in interstellar space, building models of the chemical reactions that occur in interstellar space, laboratory measurements of astronomically important molecules, searching for Earthlike planets using molecular signatures, and understanding the contributions of interstellar molecules to the chemical origin of life. In order to succeed in this field, students require training in both of the traditional disciplines of chemistry and astronomy.

The Astrochemistry graduate concentration (http://astrochemistry.illinois.edu) is intended for Ph.D. students in Chemistry or Astronomy who wish to gain the necessary background to perform original research in the emerging interdisciplinary field of astrochemistry. It is an addition to the Chemistry and Astronomy Ph.D. programs at Illinois and offers transcript recognition that will ensure that students are recognized as qualified by scientists in both traditional fields (chemistry and astronomy).

Admission

As the Astrochemistry graduate concentration (http://astrochemistry.uiuc.edu/concentration.php) is a part of the Chemistry and Astronomy Ph.D. programs, students should submit applications directly to either the Department of Chemistry (http://chemistry.uiuc.edu/graduates) or the Department of Astronomy.

Faculty Research Interests

A variety of faculty members in the departments of Chemistry, Astronomy, and Physics have research interests related to astrochemistry. A partial listing of research groups is available on the Astrochemistry concentration website (http://astrochemistry.illinois.edu/groups.php).

Facilities and Resources

Facilities that can be utilized by astrochemistry students in their thesis research include a wide variety of laboratory spectroscopy equipment in Chemistry, the Combined Array for Research in Millimeter-wave Astronomy, computing facilities in both Chemistry and Astronomy, and other national and international observational astronomy facilities.

Financial Aid

Financial aid in the form of teaching assistantships and/or research assistantships is generally provided for admitted students by the Departments of Chemistry and Astronomy.

The requirements for the Astrochemistry graduate concentration (http://astrochemistry.illinois.edu/concentration.php) are supplemental to the degree requirements of the Ph.D. in either Chemistry or Astronomy, and are summarized in the table below. For this concentration, at least 24 hours of graduate level coursework (at the 400- and 500- level) are required, of which at least 12 must be in chemistry courses and at least 12 in astronomy courses. A list of recommended courses is given on the Astrochemistry concentration website (http://astrochemistry.illinois.edu/concentration.php), but students may substitute other courses with consent of the Astrochemistry concentration steering committee.

All students in the concentration are required to take CHEM/ASTR 450, Astrochemistry, which may count toward either the astronomy or chemistry requirements. Students concentrating in astrochemistry should have at least one member from each department on their thesis committee.

Other Requirements

Other requirements may overlap

At least one member of each department must serve on the PhD thesis committee.

Thesis research must be related to astrochemistry.

In addition to the graduate concentration requirements, students must also complete the requirements of their major degree.

For additional details and requirements refer to the department's graduate concentration program (http://astrochemistry.illinois.edu/concentration.php) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Astronomy

www.astro.illinois.edu (http://www.astro.illinois.edu)

Chair of the Department: Brian Fields
103 Astronomy Building
1002 West Green Street
Urbana, IL 61801
(217) 333-3090
E-mail: astronomy@illinois.edu

Major: Astronomy

Degrees offered: M.S., Ph.D.

Graduate Concentration: Astrochemistry (p. 646) (Ph.D. only)
Graduate Degree Programs
The Department of Astronomy offers graduate programs leading to the Master of Science and Doctor of Philosophy degrees. The goal of the graduate program in astronomy is to provide broadly based training in modern astrophysics and astronomy for a small and carefully selected student body. Individually designed programs involving close contact with faculty members are encouraged, and an understanding of fundamental principles and techniques and their applications to research problems of current interest is emphasized. Students are expected to acquire a solid knowledge of modern physics as well as of general astronomy. A major objective is to maintain an exciting intellectual environment in which students can develop their scientific creativity and their enthusiasm for astronomy.

Admission
Admission to the astronomy graduate program requires an outstanding record of accomplishment and clear evidence of considerable academic promise, as judged by test scores, resume (or c.v.), letters of recommendation, personal statement, and strong intellectual achievements. A bachelor’s degree or its equivalent in astronomy, physics, chemistry, mathematics, or another related technical field from an accredited college or university in the U.S. or an approved institution of higher learning abroad is required for admission.

A minimum grade point average of 3.0 (A = 4.0) and satisfactory scores on the Graduate Record Examination (GRE) (verbal, quantitative, and advanced physics portions) are required for admission. Course preparation in intermediate and advanced undergraduate physics and astronomy are essential. Students are expected to make up deficiencies during the first graduate year.

All applicants whose native language is not English are required to submit the results of the TOEFL or IELTS as evidence of English proficiency, as required by Graduate College policy. More information on the English Proficiency Requirement can be found at the Graduate College Admissions Web site (http://www.grad.illinois.edu/admissions/instructions/04c).

Admission decisions are normally made once a year in the spring. Applications for admission and financial assistance must be received by January 15. In rare circumstances, applicants may be admitted for the spring semester, in addition to the customary fall semester admissions.

See the Astronomy graduate admissions Web site (www.astro.illinois.edu/academics/graduate/) for more information and application materials.

Graduate Teaching Experience
Although teaching is not a general Graduate College requirement, experience in teaching is considered an important part of the graduate experience in this program.

Faculty Research Interests
Research activity in the Department of Astronomy includes observational and theoretical investigations of a wide array of astronomical objects:

• Large-scale structure of the universe (galaxy clusters, cosmic nucleosynthesis, cosmic microwave background, and cosmology)
• Extragalactic systems (galaxy structure and evolution, interacting galaxies, active galaxies, jets, and quasars)
• Interstellar medium (multiple phases, molecular clouds, HII regions, bubbles and superbubbles, planetary nebulae, supernova remnants, magnetic fields, and galactic structure)
• Stars (formation, structure and evolution, atmospheres, nucleosynthesis, novae, supernovae, pulsars, and stellar statistics)
• Compact objects (black holes, neutron stars, white dwarfs)

Theoretical astrophysics is also a strong research interest many faculty members in the Department of Astronomy and the Department of Physics. Current activity centers on:

• Astrophysical fluid dynamics, magnetohydrodynamics and radiation hydrodynamics
• Physics of dense stellar matter
• Accretion phenomena
• High energy and relativistic astrophysics
• Cosmic inflation and structure formation
• Nuclear and particle processes in cosmology and astrophysics
• Black hole physics and astrophysics
• Gravitational lensing
• Gravitational wave phenomena

Facilities and Resources
• The Dark Energy Survey
• The Large Synoptic Survey Telescope
• The South Pole Telescope
• The Combined Array for Research in Millimeter-wave Astronomy

The Department also jointly founded the Laboratory for Cosmological Data Mining to apply novel algorithms to the rich datasets now available for cosmological analysis, including those from the SDSS and Wilkinson Microwave Anisotropy Probe.

Financial Aid
University fellowships are available and may be combined with part-time teaching assistantships. Most resident students are supported for their first two or three years by half-time teaching assistantships. The typical teaching assistant takes two or three graduate courses per semester and spends twenty hours per week handling quiz sections in elementary astronomy courses. Teaching assistantships are responsible positions,
and the concomitant duties are considered to be a valuable part of the student's educational experience. Advanced students may compete for research assistantships offered by faculty members whose research is partially supported by federal grants.

Research/Project/Independent Study Hours (e.g. ASTR 590; min/max applied toward degree): 4-8

Based on Placement Exam results, students may be required to complete ASTR 404, ASTR 405, ASTR 406, and/or ASTR 414 during their first year. A maximum of 8 hours of these courses may be applied to the degree (Max. 8).

Total Hours 32

**Other Requirements**

Other requirements may overlap

Of the additional formal coursework, the minimum number of hours in the unit (excluding thesis research, non-thesis research, and independent study credit hours)

Of the additional formal coursework, the minimum number of 500-level hours (excluding thesis research, non-thesis research, and independent study credit hours)

1 Research Project (minimum 4 hours)
   - The student will complete a research project with an Astronomy Department faculty member (i.e. ASTR 590). A paper reporting the results is required, which must be prepared in scientific journal style and approved by the faculty member.

2 Demonstrated Proficiency in Astronomy
   (ASTR 404, ASTR 405, ASTR 406 and ASTR 414)

   Students must show proficiency in the four courses by one of the following options:
   - Pass the appropriate section of the placement exam (four sections aligned to the four courses), which is offered at the start of every Fall semester. A student can petition to take the exam once more the following year. The decision on petition approval by the graduate advisor will depend on the student's background and proficiency plan.
   - Pass the course with a B grade or better.
   - Students who have had an equivalent course at another institution (B grade or better) may petition for those courses to count as proficiency.

3 For additional details and requirements refer to the department's Graduate Programs (http://www.astro.illinois.edu/academics/graduate/programs) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

**Doctor of Philosophy in Astronomy**

**Entering with approved B.A./B.S. degree**

- ASTR 501 Radiative Processes & ASTR 502 and Astrophysical Dynamics
- Additional formal coursework (excluding thesis research, non-thesis research and independent study credit hours, e.g., ASTR 599, ASTR 590) 24
- Based on Placement Exam results, students may be required to complete ASTR 404, ASTR 405, ASTR 406, and/or ASTR 414 during their first year. A maximum of 8 hours of these courses may be applied to the degree.
- Research/Project/Independent Study Hours (e.g. ASTR 590; min/max applied toward degree): 4-32
- ASTR 599 Thesis Research (min/max applied toward degree) 32-60

Total Hours 96

**Other Requirements**

Other requirements may overlap

Students may add a graduate concentration in Astrochemistry.

- Qualifying Exam Required No
- Preliminary Exam Required Yes
- Final Exam/Dissertation Defense Required
- Dissertation Deposit Required Yes
- Minimum GPA: 3.0

**Entering with approved M.A./M.S. degree**

- ASTR 501 Radiative Processes & ASTR 502 and Astrophysical Dynamics

Based on Placement Exam results, students may be required to complete ASTR 404, ASTR 405, ASTR 406, and/or ASTR 414 during their first year. A maximum of 8 hours of these courses may be applied to the degree.

Research/Project/Independent Study Hours (e.g. ASTR 590; min/max applied toward degree): 4-24

ASTR 599 Thesis Research (min/max applied toward degree) 32-52

Total Hours 64

**Other Requirements**

Other requirements may overlap

Students may add a graduate concentration in Astrochemistry.

Doctor of Philosophy in Astronomy

**Entering with approved B.A./B.S. degree**

- ASTR 501 Radiative Processes & ASTR 502 and Astrophysical Dynamics
- Additional formal coursework (excluding thesis research, non-thesis research and independent study credit hours, e.g., ASTR 599, ASTR 590) 24
- Based on Placement Exam results, students may be required to complete ASTR 404, ASTR 405, ASTR 406, and/or ASTR 414 during their first year. A maximum of 8 hours of these courses may be applied to the degree.
- Research/Project/Independent Study Hours (e.g. ASTR 590; min/max applied toward degree): 4-32
- ASTR 599 Thesis Research (min/max applied toward degree) 32-60

Total Hours 96

**Other Requirements**

Other requirements may overlap

Students may add a graduate concentration in Astrochemistry.

- First Summer Research Project (4 hours)
  - During the first summer in residence, each student will enroll in ASTR 590 (Independent Study) and will complete a research project with an Astronomy Department faculty member. A paper reporting the results is required, which must be prepared in scientific journal style and approved by the faculty member.

- Master’s Degree Required Before Admission to PhD? No
- Qualifying Exam Required No

Information listed in this catalog is current as of 10/2015
**Admission**

Applications for admission are encouraged from students with bachelor's degrees in atmospheric sciences, meteorology, physics, mathematics, computer science, geography, engineering, oceanography, and related fields. It is strongly recommended that students who intend to study for advanced degrees in atmospheric sciences know the fundamentals of classical physics and applied mathematics. Applicants whose native language is not English are required to take the English Placement Test if accepted. All applicants are required to take the Graduate Record Exam (GRE) and submit three letters of reference.

**Faculty Research Interests**

The atmospheric science degree programs are designed for students interested in research and applications on a wide variety of atmospheric topics. Faculty areas of research include the physics of aerosol, clouds and precipitation; atmospheric radiative processes, radar and satellite meteorology, remote sensing, convective phenomena including severe storms, synoptic and mesoscale meteorology, boundary layer meteorology, tropical meteorology, numerical weather prediction, atmospheric dynamics, climate variability and climate modeling including chemical, radiative, and transport effects; atmospheric chemistry, land-atmosphere interactions, boundary layer meteorology, human and natural perturbations of global ozone and climate, biogeochemical cycles, and climate impacts and policy. This research is carried out in national field campaigns, in theoretical studies, and in numerical modeling efforts using a wide range of models.

**Research Facilities**

With more than 2.5 computers per person, the department maintains a capable and extensive computing infrastructure as this is a vital component of all of its educational, research and outreach endeavors. All graduate students, staff, and faculty members have a desktop computer, usually a Windows PC or Mac. There is a departmental computer lab for hands-on class exercises, computers and display projectors in each of the classroom areas and wireless access throughout the buildings. An up-to-date high-capacity network connects these to various departmental computing resources including e-mail, file and web servers, resources provided by the campus as well as our linux-based research computing systems.

These research systems include the department's ever-expanding computing cluster, dozens of terabytes worth of storage, other departmental systems and a number of systems specific to each faculty member's research group. These systems are used for numerical simulations, analysis and modeling of atmospheric processes ranging from the formation of individual ice crystals to century long climate simulations over the globe and are used for storing, analyzing and visualizing the results.

We receive and process a large quantity of real-time meteorological data and numerical forecasts from a variety of sources including agencies like NOAA, UCAR, international sources and other peer institutions. These are available for visualization with a variety of tools to aid in the understanding of current weather events and case studies of recent major events. We have a synoptic lab that is used for weather briefings. The synoptic lab includes a 15 panel "electronic map wall".

---

**Information listed in this catalog is current as of 10/2015**
which normally displays current weather maps but is used for research visualization purposes as well, as is our 3D Geowall display.

Because computers are only good when they work and you understand how to use them, the department maintains a dedicated computer support staff which is responsible for maintaining everything and personally assisting users with problems, questions and accomplishing their research goals.

Additionally we have access to the resources of the University as well as supercomputing centers, such as those at NCSA (which is on campus), NCAR and others.

Financial Aid
Financial aid is available in the form of research and teaching assistantships, University fellowships, and waivers of tuition and service fees. More information is available at the Department Website (http://www.atmos.illinois.edu/academics/grad_financial_aid.html).

A student may select either the thesis or non-thesis option. Further information can be obtained from the department’s description of the Master's Degree requirements (http://www.atmos.illinois.edu/academics/grad_ms.html) on the Department Website (http://www.atmos.illinois.edu).

Master of Science in Atmospheric Sciences

Thesis Option

ATMS 599  Thesis Research (max applied toward degree)  4 or 8
Total Hours  32

Other Requirements 1

Other requirements may overlap

The student is required to write a thesis and give a seminar on his/her thesis research.

Minimum Hours Required within the 16 (not including 599) unit:

Minimum 500-level hours required overall in program 12
Minimum GPA:  3.0

Non-Thesis Option

Research/Project Hours (max applied toward degree):  4

Total Hours  32

Other Requirements 1

Other requirements may overlap

The student is required to develop a project that focuses on a topic in one of three areas and present an informal (non-seminar series) talk to a committee.

Minimum hours required within the unit 16
Minimum 500 level hours required overall in program 12
Minimum GPA:  3.0

1 For additional details and requirements refer to the department’s Graduate Programs (http://www.atmos.illinois.edu/academics/graduate.html) web site and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Doctor of Philosophy in Atmospheric Sciences

All candidates for the Ph.D. degree are required to pass a qualifying examination on basic principles of atmospheric sciences, a preliminary examination based on a written thesis proposal, and a final examination based on the completed thesis. Further information on course requirements and these examinations can be obtained from the department Website (http://www.atmos.illinois.edu/academics/grad_phd.html) description of the Ph.D. program.

ATMS 599  Thesis Research (min/max applied toward degree)  0

Total Hours  64

Other Requirements 1

Other requirements may overlap

Student must take at least one course per semester (not including 599) until preliminary exam is passed.

Masters Degree Required for Admission to PhD?  No, but Masters Degree is strongly encouraged before pursuing the Ph.D. and Masters level requirements must be met (32 hours min)

Qualifying Exam Required  Yes
Preliminary Exam Required  Yes
Final Exam/Dissertation Defense Required  Yes
Dissertation Deposit Required  Yes
Minimum GPA:  3.0

1 For additional details and requirements refer to the department’s Graduate Programs (http://www.atmos.illinois.edu) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

ATMS Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/ATMS)

Courses

ATMS 500  Dynamic Meteorology  credit: 4 Hours.
Examines the observed behavior of the atmosphere through the application of physical and hydrodynamical principles to analyses of real meteorological data; develops concepts for studying atmospheric circulations, particularly extratropical cyclones and anticyclones. Laboratory work includes the development of diagnostic techniques suitable for a better understanding of the current weather.
ATMS 501 Mesoscale Meteorology  credit: 4 Hours.
Basic concepts and ideas on atmospheric processes that occur on scales of motions from a few kilometers to a few hundred kilometers, a scale loosely classified by meteorologists as "mesoscale". After an introductory discussion of mesoscale classifications and attendant forecast problems, the course will introduce various mesoscale phenomena, internally generated circulations, externally forced circulations, and mesoscale instabilities. Covers all three fundamental aspects of mesoscale meteorology: observations, theory and modeling, with particular emphasis on the dynamics of precipitating mesoscale systems.

ATMS 502 Numerical Fluid Dynamics  credit: 4 Hours.
Addresses numerical techniques for solving linear and nonlinear differential equations in initial value fluid flow problems. Students receive a thorough background in the principles used to evaluate numerical methods, the ability to critically interpret these methods as presented in the literature, and in particular, the practical application of these techniques in modeling multi-dimensional flow on high-performance computers. Temporal and directional splitting, finite differencing/volume methods, and adaptive nesting will be discussed. Same as CSE 566. Prerequisite: MATH 285.

ATMS 504 Physical Meteorology  credit: 4 Hours.
Examines the physical processes that occur in the atmosphere. Topics include atmospheric thermodynamics, cloud physics and atmospheric radiation.

ATMS 505 Weather Systems  credit: 4 Hours.
Examination of the structure and dynamics of mid-latitude weather systems, integrating weather observations, with the current state of dynamic theory, numerical weather prediction models, and the physical principles of atmospheric thermodynamics, cloud and precipitation physics, and radiation to the problems of weather analysis and forecasting. Students will be required to give weather forecast briefings to develop an understanding of the weather forecasting process, and gain experience in communicating weather forecasts. Prerequisite: Graduate standing.

ATMS 507 Climate Dynamics  credit: 4 Hours.
Investigates the dynamical and physical processes that govern Earth's paleo, current, and future climates. Emphasizes principles of climate change, natural and anthropogenic, and regional, national, and global. Global climate models and their predictions are examined in the context of scenarios for future population growth and energy consumption.

ATMS 510 Precipitation Physics  credit: 4 Hours.
Develops an understanding of precipitation processes through cloud observations, microphysics, dynamics, and comprehensive theoretical models; includes growth by condensation, coalescence, and riming; and studies ice crystals, hail, and weather modification. Prerequisite: ATMS 504 or consent of the instructor.

ATMS 511 Atmospheric Radiation  credit: 4 Hours.
Physical concepts and various methods of analysis of radiation scattering by atmospheric molecules, particulates, and clouds; infrared radiative transfer in a stratified inhomogeneous atmosphere; radiation and ozone photochemistry in the stratosphere; and remote temperature and composition sensing techniques using satellite radiation data. Prerequisite: ATMS 504 or consent of the instructor.

ATMS 512 Clouds and Climate  credit: 4 Hours.
The following topics are addressed to examine the role of clouds in the climate system: aerosols and aerosol cloud interactions, direct, semi-direct and indirect aerosol effects, in-situ measurements of clouds, properties of liquid and ice clouds, precipitation mechanisms and representation in models, scattering by cloud particles and model representations, remote sensing of cloud properties, and representation of clouds in climate models. Prerequisite: ATMS 504 or consent of instructor.

ATMS 535 Aerosol Sampling and Analysis  credit: 4 Hours.
Same as CEE 545. See CEE 545.

ATMS 571 Professional Development  credit: 1 Hour.
Aimed at professional development in the atmospheric sciences so that students recognize the importance of breadth of knowledge, effective oral and written scientific communication, and other skills they will need as professionals. Approved for S/U grading only. May be repeated to a maximum of 2 hours. Prerequisite: Graduate student in Atmospheric Sciences or consent of instructor.

ATMS 590 Individual Study  credit: 2 to 4 Hours.
Individual study or reading in a subject not covered in normal course offerings. May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.

ATMS 591 Atmospheric Sciences Seminar  credit: 0 Hours.
Seminar on topics of current interest. Approved for S/U grading only. Prerequisite: Consent of instructor.

ATMS 596 Non-Thesis Research  credit: 0 to 12 Hours.
Non-thesis research in the Atmospheric Sciences. Approved for S/U grading only. May be repeated. No more than 4 hours may be counted toward a master's degree in ATMS. Prerequisite: Restricted to students in the non-thesis option.

ATMS 597 Special Topics in Atmos Sci  credit: 0 to 4 Hours.
Lecture course in topics of current interest; subjects such as tropical meteorology, aerosol physics, and geophysical fluid dynamics will be covered in term offerings on a regular basis. Approved for both letter and S/U grading. Prerequisite: Consent of instructor.

ATMS 599 Thesis Research  credit: 0 to 16 Hours.
Check with the department to identify which CRN is needed for your advisor and any related registration questions. Approved for S/U grading only. Prerequisite: Consent of instructor.

Director of Graduate Studies: David M. Kranz
419 Roger Adams Laboratory
600 South Mathews Avenue
Urbana, IL 61801
(217) 333-2013
E-mail: biochem@mcb.uiuc.edu

Major: Biochemistry
Degrees offered: M.S., Ph.D.
Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Biochemistry and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.illinois.edu/mdphd)

### Graduate Degree Programs

The Department of Biochemistry offers graduate programs leading to the Master of Science and the Doctor of Philosophy degrees. For an application and departmental materials that provide greater detail on programs, offerings, admission, degree requirements, and financial aid, visit our website at www.mcb.illinois.edu/graduate/gradprospect.html. During the first semester, students perform three laboratory rotations, choosing from any laboratory in the School. Students select a laboratory for their thesis research in December in mutual agreement with their desired advisor and formally join the appropriate graduate program/department at that time.

### Admission

Interested students must apply directly to the School of Molecular and Cellular Biology (www.mcb.illinois.edu/graduate/gradprospect.html). During the first semester, students perform three laboratory rotations, choosing from any laboratory in the School. Students select a laboratory for their thesis research in December in mutual agreement with their desired advisor and formally join the appropriate graduate program/department at that time.

Students electing biochemistry as a major for an advanced degree should have a strong background in chemistry, biology, physics, and calculus and a grade point average of a 3.0 or higher (A = 4.0). Admission requirements include: a bachelor's degree, Graduate Record Examination (GRE) scores. In addition to the above requirements, international students must attain a minimum paper-based Test of English as a Foreign Language (TOEFL) score of 590 (243 on the computer-based test). A score of 96 on the internet-based test (iBT), with a score of 24 on the speaking section, is also accepted. The department does not normally admit students directly into the M.S. program.

### Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Biochemistry. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

### Graduate Teaching Experience

Experience in teaching is considered a vital part of the graduate program and is required as part of the academic work of all Ph.D. candidates in this program.

### Faculty Research Interests

Faculty research in the Department of Biochemistry covers a broad spectrum of the most dynamic areas of current research in biological chemistry and molecular biology: physical approaches to the structure and function of macromolecules and membranes; nucleic acid biochemistry and enzymology, enzyme mechanisms and evolution; membrane biochemistry and bioenergetics; protein-lipid interactions; protein-nucleic acid interactions and molecular recognition; molecular biological approaches to gene organization and expression; immunology; microbial physiology, and signal transduction.

### Centers, Programs, and Institutes

Biochemistry faculty are appointed and active in several cross-campus academic and research units, including the Center for Biophysics & Computational Biology, the Beckman Institute for Advanced Science and Technology, the Institute for Genomic Biology, as well as the interdepartmental graduate programs in Biophysics & Computational Biology, and Neuroscience, and the joint M.D./Ph.D. Medical Scholars Program of the College of Medicine.

### Facilities and Resources

Campus resources for science research are state-of-the-art and available to all faculty research programs. Notably among these is the Roy J. Carver Biotechnology Center, which comprises the W.M. Keck Center for Comparative and Functional Genomics (Custom Library Services, High-Throughput Sequencing and Genotyping, DNA Core Sequencing, Fragment Analysis, Oligonucleotide Synthesis, Functional Genomics and Bioinformatics), Proteomics Services (Protein Science Facility, Immunological Resource Center and Flow Cytometry Facility), a Metabolomics Center and a Transgenic Mouse Facility. It also provides career counseling through the Career Services Office. Many other cross-campus facilities are important for the faculty research programs in Biochemistry, including the Fred Seitz Materials Research Laboratory, the National Center for Supercomputing Applications (NCSA), the high-field VOICE NMR Laboratory, Mass Spectrometry Center, Microanalysis Laboratory, Cell Media Facility, and many electronics, machine and glass shop service facilities. The University of Illinois is also a full member of the LS-CAT beamline for macromolecular crystallography at the Advanced Photon Source, Argonne National Laboratory.

### Financial Aid

Financial aid for Ph.D. graduate students in biochemistry is available in the form of fellowships, teaching and research assistantships, and tuition and partial fee waivers. In addition, interdepartmental training grants from the National Institutes of Health support multidisciplinary training programs. Qualified candidates are considered for financial support upon application. Graduate students making satisfactory progress toward their degrees generally receive a stipend, as well as a full tuition waiver and a partial fee waiver.

Information listed in this catalog is current as of 10/2015
Master of Science Biochemistry
A coursework master’s degree requires a minimum of two full-time semesters. A thesis master’s degree usually requires a minimum of three semesters.

Bioenergy

bioenergy.illinois.edu (http://bioenergy.illinois.edu)

Director of Graduate Studies: Hans Blaschek
Rooms 34-36 Animal Sciences Laboratory
1207 W. Gregory Drive
Urbana, IL 61801
(217) 244-9270
E-mail: blaschek@illinois.edu

Major: Bioenergy
Degrees Offered: M.S.
Graduate Concentration: Professional Science Master’s (p. 837) (M.S. only)

Graduate Degree Programs

The Integrated Bioprocessing Research Laboratory in the College of ACES offers a Master of Science with a Major in Bioenergy and a Concentration in Professional Science Master’s. In addition to receiving training in the general field of bioenergy, students gain relevant professional experience in business and related topics through coursework and an internship. This program is designed for those who seek careers in a science-based setting with significant managerial and leadership responsibilities.

Admission

In addition to meeting the Graduate College admission requirements, applicants should have a baccalaureate degree in a recognized field of biological, physical, agricultural, socio-economic or engineering science. Graduate Record Examination (GRE) scores are required of all applicants. The minimum recommended Test of English as a Foreign Language (TOEFL) score is 580 on the paper-based test, 237 on the computer-based test, and 79 on the internet-based test. Applications are only accepted for the fall semester. Transfer credit may not be applied to this program due to the cohort nature of this program.
Financial Aid
Illinois PSM students may not hold assistantships or other tuition and fee waiver-generating appointments; statutory waivers and tuition scholarships are accepted.

Master of Science in Bioenergy
The curriculum requires 42 graduate hours, consisting of a core and elective program, in addition to the required PSM concentration. The areas of specialty are Plants, Soils and Feedstocks; Production, Processing and Use; Environment, Economics and Policy & Law, and Tools and Methods.

ACS 409 Bioenergy Systems 3
or ACS 509 Advanced Bioenergy Systems
ACS 501 Advanced Bioenergy Topics 2
Courses (7 to 9) in the area of specialty from a designated list, and in consultation with the Director of Graduate Study 27
Business courses prescribed by the Illinois PSM program 10
PSM 501 PSM Industry Seminar I 0
PSM 502 PSM Industry Seminar II 0
PSM 503 PSM Industry Seminar III 0
PSM 555 PSM Internship 0

Total Hours 42

Other Requirements
Other requirements may overlap
A concentration is required.
Minimum 500-level Hours Required 12
Overall:
Minimum Hours Required Within the Unit: 8 at the 500 level
Students will not be eligible to transfer graduate credit into this major. See individual program pages for specific details of disciplinary requirements.
Minimum GPA: 2.75

1 For additional details and requirements for all degrees, please refer to the program’s Graduate Degree Requirements (http://www.bioenergy.illinois.edu/education/major.html) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Graduate Degree Programs
The Department of Bioengineering offers studies leading to the Master of Engineering in Bioinstrumentation (M.Eng.), the Master of Science in Bioengineering (M.S.), and the Doctor of Philosophy (Ph.D.) in Bioengineering. The Bioengineering Graduate Program provides students with educational and research experiences that integrate the sciences of biology and medicine with the practices and principles of engineering. For the M.S. and Ph.D. programs, areas of focus include Bio-imaging, Cell & Tissue Engineering, Micro and Molecular Technologies, and Computational Biology. Opportunity also exists for specializing in (1) computational science and engineering and (2) energy and sustainability engineering via the Computational Science and Engineering (CSE) Option (http://cse.illinois.edu/students/graduate-program) and the Energy and Sustainability Engineering (EaSE) Option (http://ease.illinois.edu).

The Medical Scholars Program (https://www.med.illinois.edu/mdphd) permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Bioengineering.

Admission
For the M.S. and Ph.D. programs, applicants should have an undergraduate degree in a natural science, computer science, or engineering. A minimum grade point average of 3.00 (A = 4.00) for the last two years of undergraduate study is required. Applicants should show evidence of strong quantitative skills and of serious interest in the life sciences. Applicants with a grade point average of greater than 3.00 (A = 4.00) may be considered for admission to the Ph.D. program. In addition, applicants to the Ph.D. program must submit results from the Graduate Record Examination (GRE) (http://www.ets.org) general test.

All applicants whose native language is not English must submit a minimum TOEFL (http://www.toefl.org) score of 97 (iBT), 243 (CBT), or 590 (PBT); or minimum International English Language Testing System (IELTS) (http://www.ielts.org) academic exam scores of 6.5 overall and 6.0 in all subsections. Applicants may be exempt from the TOEFL if certain criteria (http://grad.illinois.edu/admissions/instructions/04c) are met. For those taking the TOEFL or IELTS, full admission status (http://grad.illinois.edu/admissions/instructions/04c) is granted for scores of 103 (TOEFL iBT) or greater, 253 (TOEFL CBT), 610 (TOEFL PBT), or 6.5 (IELTS). Limited status (http://grad.illinois.edu/admissions/instructions/04c) is granted for lesser scores and requires enrollment in English as a Second Language (ESL) courses (http://linguistics.illinois.edu/students/esl/guidelines) based on an ESL Placement Test (EPT) taken upon arrival to campus.

Please see the admission requirements for the M.Eng. in Bioinstrumentation under the "Masters" tab.

Degree Requirements
For additional details and requirements for all degrees, please refer to the department’s Graduate Studies Web site (http://
Faculty Research Interests
Bioengineering faculty perform research in the areas of Bio-imaging at Multi-Scale, Molecular, Cellular and Tissue Engineering, Bio-Micro and Nanotechnology, Computational Bioengineering, and Synthetic Bioengineering. In addition to Bioengineering faculty (http://bioengineering.illinois.edu/directory), Department of Bioengineering has more than 50 affiliate faculty (http://bioengineering.illinois.edu/directory).

Financial Aid
For the M.S. and Ph.D. programs, qualified students may apply for financial aid in the form of fellowships, teaching and research assistantships, and waivers of tuition and service fees. All applicants, regardless of U.S. citizenship, whose native language is not English and who wish to be considered for teaching assistantships must demonstrate spoken English language proficiency (http://grad.illinois.edu/gradhandbook) by achieving a minimum score of 24 on the speaking subsection of the TOEFL iBT or 8 on the speaking subsection of the IELTS. For students who are unable to take the iBT or IELTS, a minimum score of 4CP is required on the EPI test (http://testing/oral_eng/epi_overview.html), offered on campus. All new teaching assistants are required to participate in the Graduate Academy for College Teaching (http://cte.illinois.edu/programs/ta_train.html) conducted prior to the start of the semester.

Please see the financial aid eligibility for the M.Eng. in Bioinstrumentation under the "Masters" tab.

Graduate Concentration in Cancer Nanotechnology

The Cancer Nanotechnology Concentration requires students to earn a B or better in each concentration course. Students must complete 12 credit hours, including at least one core Cancer course and one core Nanotechnology course. Participants may take a second core Cancer course and/or a second core Nanotechnology course as an elective. Fulfillment of these requirements will be monitored by the graduate coordinator in Bioengineering.

Total hours required for the concentration: 12

Courses taken toward this concentration will count toward the student’s graduate degree.

Students must notify their department of their plan to pursue this concentration.

When choosing courses, students must work directly with their department to ensure that all degree requirements will be met.

Note that students who intend to complete both a Biomechanics Concentration and a Cancer Nanotechnology Concentration may only overlap one course between the two concentrations.

Master of Engineering in Bioinstrumentation

Major: Bioinstrumentation

Degrees Offered: M.Eng.

Graduate Degree Programs

The Department of Bioengineering offers studies leading to the Master of Engineering in Bioinstrumentation. For more information, visit bioinstrumentation.illinois.edu (http://bioinstrumentation.illinois.edu).

Admission

For the M.Eng. program, applicants should have an undergraduate engineering degree or must have taken engineering-related coursework. Applicants should have a minimum grade point average of 3.00 (A = 4.00) or equivalent for the last two years of undergraduate study. Applicants should show evidence of strong quantitative skills and of serious interest in the life sciences. In addition, applicants must submit results from the Graduate Record Examination (GRE) (http://www.ets.org) general test. Students in the program are not expected to continue in and do not have automatic admission to the Ph.D. program in any engineering department.

All applicants whose native language is not English must submit a minimum TOEFL (http://www.toefl.org) score of 103 (iBT), 257 (CBT), or 613 (PBT); or minimum International English Language Testing System (IELTS) (http://www.ielts.org) academic exam scores of 7.0 overall and 6.0 in all subsections. Applicants may be exempt from the TOEFL if certain criteria (http://grad.illinois.edu/admissions/instructions/04c) are met. Applicants with lesser scores may still apply. Limited status (http://grad.illinois.edu/admissions/instructions/04c) is granted for lesser scores and requires enrollment in English as a Second Language (ESL) courses (http://linguistics.illinois.edu/students/esl/guidelines) based on an ESL Placement Test (EPT) taken upon arrival to campus.

Degree Requirements

*For additional details and requirements for all degrees, please refer to the department’s Graduate Studies Web site (http://bioen.illinois.edu/graduate/grad_requirements.html) and the Graduate College Handbook (http://grad.illinois.edu/gradhandbook).

Graduate Degree Programs
The M.S. in Biology allows students to increase their knowledge of biology and become involved with graduate-level research in biology without the long-term commitment of a Ph.D. program. The work is personally designed by each student in consultation with an adviser. Breadth of training is encouraged.

Admission
The Master of Science in Biology Program is being phased out and is no longer accepting applications or transfer students.

Financial Aid
Financial assistance is not available to M.S. students through the program.

Master of Science in Biology
To maintain active status in the program students must register for 12 credit hours in 400- or 500-level biology courses per semester. If a student has a teaching or research appointment he or she may register for 8 credit hours. A research report or thesis is required of all candidates for the degree. To maintain active status in the program students must register for 12 credit hours in 400- or 500-level biology courses per semester. E-mail: biophysics@life.illinois.edu

Major: Biophysics and Quantitative Biology

Degrees offered: M.S. and Ph.D.

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Biophysics and Quantitative Biology and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.illinois.edu/mdphd).

Graduate Degree Programs

Biophysics and Quantitative Biology offers a doctor of philosophy degree program. In rare circumstances and with special permission of the director and advisor, a current student may obtain a terminal master’s degree after meeting the requirements of the degree. Biophysics students are not admitted initially into the program for a Master’s Degree. Opportunity also exists for specializing in computational science and engineering within the department’s graduate programs via the Computational Science and Engineering (CSE) Option (http://www.cse.illinois.edu/admissions/biop).

Admission

The objective of the program in biophysics program is to give students sufficient training in physics, chemistry, and biology to enable them to apply the conceptual, instrumental, and mathematical approaches of the physical sciences for solving biological problems. The curriculum is broadly based and provides sufficient flexibility for students entering in either previous training in the physical sciences or for students with a background in biology and some experience in the physical sciences.

Admission requirements are usually one year of college biology, one year of college physics, chemistry through organic chemistry, and mathematics through calculus; however deficiencies in one of these areas can be corrected during the first two years of study. Most applicants who are accepted into the program have general Graduate Record Examination (GRE) scores in the 70%-90% range. The Biophysics and Quantitative Biology Program does not require the subject GRE for admission. The Test of English as a Foreign Language (TOEFL iBT) or IELTS is required for international applicants.

Please refer to the Biophysics and Quantitative Biology Admissions Web page (http://www.life.illinois.edu/biophysics/program/admissions.html) for additional information and application deadlines.

Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Biophysics and Quantitative Biology. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees.

On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

Graduate Teaching Experience

Experience in teaching is considered a vital part of the graduate program and is required as part of the academic work of all Ph.D. candidates in this program. Every biophysics student is required to serve as a teaching assistant for one semester at the quarter time level or higher.

Faculty Research Interests

Over 40 faculty members from the Schools of Molecular and Cellular Biology, Chemical Sciences, and Medicine, and the College of Engineering, are affiliated with the Center for Biophysics and Quantitative Biology. Faculty interests range from experimental biophysics (single molecule spectroscopy, protein and RNA folding, molecular dynamics, cellular biophysics, imaging, etc.) to computational and theoretical biophysics (utilizing a wide range of computer platforms to simulate diverse biological phenomena at many levels as well as bioinformatics). Individual faculty interests can be found on the Biophysics Website (http://biophysics.illinois.edu/people/faculty).

Facilities and Resources

Center faculty and students have access to world-class research facilities at the University of Illinois, including the Beckman Institute, the Illinois Electron Paramagnetic Resonance Research Center, the Biomedical Imaging Center, the Institute for Genomic Biology, the Biototechnology Center, the National Center for Supercomputing Applications, Blue Waters, and the School of Chemistry Mass Spectroscopy Lab.

Financial Aid

All incoming graduate students in biophysics will be supported by the Center for the first semester in the program. Continuing support for subsequent years will be granted as long as students remain in good standing and continue to make satisfactory academic progress, contingent upon the availability of funds. This support can be in the form of research assistantships, teaching assistantships, traineeships, or fellowships. After the first semester of study, most students are supported directly by their research advisor in the form of a research assistantship.

Master of Science in Biophysics and Quantitative Biology

Thesis Option

10 hours of 500-level biophysics courses with a minimum GPA of 3.25 (does not include seminar courses and/or research units and can include no more than 2 hours of tutorials). 500-level courses in other departments count towards this 500-level formal course requirement if they are on the approved Biophysics course list.

Elective hours approved by Center Director to bring total course work hours to 32

Total Hours 32

Other Requirements 1

Other requirements may overlap

Minimum 500-level Hours Required 12
Overall:
Minimum GPA: 3.0

For additional details and requirements refer to the department’s Student Handbook (http://biophysics.illinois.edu/programs/courses.html) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Doctor of Philosophy in Biophysics and Quantitative Biology

The Ph.D. degree is a research degree, and the program is designed with a major emphasis on individual research.

A qualifying examination is offered each spring. This qualifier must be passed by the end of the second year. After formulating a definite research problem, and by the end of the third year, the student takes a preliminary examination where the chosen research topic is presented to the student’s faculty committee. The committee also examines the candidate on their chosen general research area. Finally, a thesis is defended at the final examination. The Ph.D. thesis is based on original work of the student. The thesis and the exam must demonstrate a thorough knowledge of theory and techniques in one of the areas of biophysics.

BIOP 401 Introduction to Biophysics (or equivalent) 3
BIOP 595 Biophysics Seminars (Sections A & B) 3
BIOP 586 Special Topics in Biophysics & BIOP 590 and Individual Topics 10
MCB 580 Res Ethics & Responsibilities 1
BIOP 581 Lab Rotation I 2
BIOP 582 Lab Rotation II 2
BIOP 583 Lab Rotation III 2
Two 500-level courses from the pre-approved Biophysics course list
One computational or experimental lab course – based on the student’s research focus

BIOP 599 Thesis Research (32 max applied toward degree) 32

Total Hours 64

Other Requirements 1

Other requirements may overlap

Students are required to teach for a minimum of one semester during their graduate career
Masters Degree Required in Biophysics and Computational Biology for Admission to PhD? No, but Masters level requirements must be met (32 additional hours min)
Qualifying Exam Required Yes
Preliminary Exam Required Yes
Final Exam/Dissertation Defense Required Yes
Dissertation Deposit Required Yes
Minimum GPA: 3.0

For additional details and requirements refer to the department’s Student Handbook (http://biophysics.illinois.edu/programs/courses.html) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Graduate Degree Programs

The Department of Business Administration offers graduate programs leading to the Master of Science in Technology Management, Master of Science and the Doctor of Philosophy (Ph.D.) in Business Administration degrees.

Admission

Admission to the Ph.D. program requires an undergraduate degree with a scholastic average of at least B for the last 60 hours, acceptable scores on the Graduate Management Admission Test (GMAT) or Graduate Records Examination (GRE), three letters of recommendation, and a statement of career goals including research interests.

Applicants whose native language is not English are also required to submit scores from the Test of English as a Foreign Language (TOEFL), CBT, iBT or IELTS. Ph.D. candidates must achieve the University minimum scores on these examinations.

www.grad.illinois.edu/admissions/apply (http://www.grad.illinois.edu/admissions/apply)

The Ph.D. program allows fall admission only. Please check the Departmental listing for current requirements and program information:

www.business.illinois.edu/ba/programs/phd/ (http://www.business.illinois.edu/ba/programs/phd)

Admission to the MS in Technology Management program requires an undergraduate degree with a scholastic average of at least B for the last 60 hours, three letters of recommendation, and a statement of career goals.

Applicants whose native language is not English are also required to submit scores from the Test of English as a Foreign Language (TOEFL), CBT, iBT or IELTS. Candidates must achieve the University minimum scores on these examinations (currently 550 on the paper-based TOEFL or 213 on the computer-based TOEFL or 79 on the iBT).

Faculty Research Interests

Faculty research interests are in the areas of marketing, organizational behavior, organization theory, decision sciences, information systems, strategic management, risk analysis, judgment under uncertainty, international business, production and operations management, accounting, economics, entrepreneurship, and finance. The College of Business houses computer facilities, a behavioral science laboratory, accounting, economics, entrepreneurship, and finance. The College of Business maintains contacts with industry and government through its Survey Research Laboratory, Illinois Business Consulting, the Academy for Entrepreneurial Leadership and several professional and scholarly journals edited by its faculty.

www.business.illinois.edu/ba/people/ (http://www.business.illinois.edu/ba/people)

Financial Aid

Most Ph.D. students receive some form of financial assistance. This assistance is likely to be in the form of a teaching or research assistantship, which includes a waiver of tuition and some fees, and/or the award of a merit-based fellowship. The M.S. in Business Administration, the M.S. in Strategic Brand Communication, and the M.S. in Technology Management do not provide assistantships.

• Master of Science in Business Administration (p. 665)
• Master of Science in Technology Management (p. 665)

Doctor of Philosophy in Business Administration

This program offers an in-depth education in teaching and research in selected areas of business and administration. Doctoral students can specialize in marketing, organizational behavior/theory, management science/process management, information systems, and strategic management. The program is intensive, flexible, and adapted to individual needs.

Each student’s program entails sufficient study and preparation to achieve the following:

1. competence in a common core covering substantive and research methods courses, which are formulated by the faculty in each area;
2. in-depth expertise in a major area;
3. expertise in at least one area in addition to the chosen major area, with this minor area selected from within or outside the department;
4. teaching experience; and
5. research or problem-solving competence.

Competency is determined by comprehensive written and/or oral examinations. Following successful completion of all coursework and comprehensive examinations in major and minor areas, students must propose and gain approval of a thesis topic at a public colloquium. The final program requirement is the successful oral defense of the thesis. Applicants should contact the department for current requirements and program design.

The program usually is completed in four years. Although teaching is not a general Graduate College requirement, experience in teaching is considered an important part of the graduate experience in this program.

Entering with approved M.S./M.A. degree

Graduate Concentration in Corporate Governance and International Business

The concentration in Corporate Governance and International Business is designed to develop leaders in various business fields who understand international business and corporate governance issues within the global economy. It specifically covers topics such as (1) how to create value for multinational partners, employees with diverse cultural backgrounds, and shareholders by designing better organizations and corporate governance structures; and (2) how managerial practices differ in various national/cultural contexts and why managers must be able to understand the strategic, financial, and economic implications of these differences in managing multinational corporations. The concentration will provide a strong foundation in the International Business and Governance area and can be tailored to fit the specific career needs of students.

This concentration requires submission of twelve graduate hours of Corporate Governance and International Business related coursework. Successful completion of the concentration assumes certain knowledge of business and prior coursework.

Admission to the concentration requires a Graduate Student Request Form submitted to the Department and Graduate College and admission to one of these programs:

- Master of Science in Business Administration
- Master of Business Administration
- Master of Science in Accountancy
- Master of Science in Finance
- Master of Accounting Science

Admission is limited, and acceptance is on a competitive basis.

Select three of the following: 12

Total Hours 12

Other Requirements

Course substitutions may be approved by the Department after consultation with the IB & Business Law Area faculty.

In addition to the concentration requirements, students must also complete the requirements of their major degree.
Graduate Concentration in Business Data Analytics

The concentration in Business Data Analytics is designed to develop leaders in various business fields who understand (1) how to leverage data to identify new customer segments and market; (2) how to optimize the supply chain and logistics; and (3) how to collect, manipulate, and visualize data for business decisions. The concentration will develop skills using data as a foundation for sound decision making in business.

The concentration is open to students enrolled in the Master of Business Administration, Master of Science in Business Administration, and Master of Science in Technology Management programs in the College of Business but required of none.

This concentration requires twelve graduate hours of Business Data Analytics related coursework and completion of an analytics-related project in their Practicum or an equivalent course. Successful completion of the concentration assumes certain knowledge of business and prior coursework.

Admission to the concentration requires a Graduate Student Request Form submitted to the Department and Graduate College and admission to one of the programs approved for the concentration. Admission is limited, and acceptance is considered based on a student’s academic standing and space availability.

Select four hours of course work from each of the three areas below:

1. Customer
   - BADM 590 Consumer Analytics
   - BADM 590 Social Media Analytics

2. Operation and Supply Chain
   - BADM 590 Predictive Data Analytics
   - BADM 590 Business Process Improvement

3. Information Systems
   - BADM 554 Enterprise Database Management
   - BADM 557 Decision Support and Knowledge Mgt
   - BADM 590 Decision Support Systems and Knowledge Management

In addition, students pursuing this concentration will be required to select an analytics-related project in their Practicum or an equivalent course.

In addition to the concentration requirements, students must also complete the requirements of their major degree.

Graduate Concentration in Supply Chain Management

The concentration in Supply Chain Management is designed to develop leaders who understand (1) how to assess the trade-offs and make the decisions necessary to sustain high quality products and services at lower costs while maintaining the flexibility necessary to adapt and to respond to evolving market trends; and (2) how to coordinate and integrate supply chain solutions across various intra-organizational and inter-organizational interfaces in any business or organization. The minor or concentration not only will provide a strong foundation in supply chain management principles and practices, but also can be tailored to fit the specific needs of students interested in careers across a wide variety of industries. This minor or concentration requires submission of twelve graduate hours of Supply Chain Management coursework. Successful completion of the minor or concentration assumes certain knowledge of business and prior coursework.

Admission to the minor or concentration requires submitting a Curriculum Change Form to the Department and Graduate College and admission to one of these programs:

- Master of Science in Technology Management
- Master of Science in Business Administration
- Master of Business Administration
- Master of Science in Accountancy
- Master of Accounting Science

Admission is limited, and acceptance is on a competitive basis.

BADM 566 Supply Chain Management 2-4
BADM 567 Process Management 2-4
Select from the following:
- BADM 568 Planning and Control Systems
- BADM 589 Project Management
- BADM 590 Seminar in Business Admin (Section OM)
- BADM 590 Seminar in Business Admin (Section SS)

Total Hours 12

Other Requirements

In addition to the concentration requirements, students must also complete the requirements of their major degree.

Graduate Minor in Corporate Governance and International Business

The minor in Corporate Governance and International Business is designed to develop leaders in various business fields who understand international business and corporate governance issues within the global economy. It specifically covers topics such as

1. how to create value for multinational partners, employees with diverse cultural backgrounds, and shareholders by designing better organizations and corporate governance; and
2. how managerial practices differ in various national/cultural contexts and why managers must be able to understand the strategic, financial, and economic implications of these differences in managing multinational corporations.

The minor will provide not only a strong foundation in the International Business and Governance area but could be tailored to fit the specific career needs of our students.

This minor requires twelve graduate hours of related coursework. Admission to the minor requires an application to the Department and admission to one of the M.S. programs in the College of Business or a graduate program in a related discipline approved by the Department. Admission is limited and acceptance is on a competitive basis.

Information listed in this catalog is current as of 10/2015
Select three of the following: 12

BADM 582 Multinational Management
BADM 583 Current Topics in Intl Bus
BADM 584 Global Marketing
BADM 586 Intl Comparative Management
BADM 590 Seminar in Business Admin (Corporate Governance in International Context)
BADM 590 Seminar in Business Admin (Management Challenges in Emerging Economies)

or substitutions approved by the Department of Business Administration

Total Hours 12

Other Requirements

In addition to the minor requirements, students must also complete the requirements of their major degree.

Please contact your department for more information regarding the addition of a minor to your program of study.

1 For additional details and requirements refer to the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Graduate Minor in Information Technology and Control

The minor in Information Technology and Control is designed to develop leaders in various business fields who understand

1. how to leverage information technology to create value for customers, external partners, and shareholders by designing better information systems to improve business processes and controls; and

2. how managers can assess the strategic, financial, and economic benefits of investing in advanced information systems.

The minor will provide not only a strong foundation in IS/IT area but could be tailored to fit the specific career needs of our students.

Admission to the minor requires an application to the Department of Business Administration and admission to one of the MS programs in the College of Business or a graduate program in a related discipline approved by the Department. Admission is limited and acceptance is on a competitive basis.

Select three of the following: 12

BADM 554 Enterprise Database Management
BADM 555 Info Sys Development and Mgt
BADM 556 Electronic Commerce
BADM 557 Dec Support and Knowledge Mgt
BADM 559 Enterprise IT Governance

or substitutions approved by the Department of Business Administration

Total Hours 12

Other Requirements

In addition to the minor requirements, students must also complete the requirements of their major degree.

Please contact your department for more information regarding the addition of a minor to your program of study.

1 For additional details and requirements refer to the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Graduate Minor in Supply Chain Management

The minor in Supply Chain Management is designed to develop leaders who understand (1) how to assess the trade-offs and make the decisions necessary to sustain high quality products and services at lower costs while maintaining the flexibility necessary to adapt and to respond to evolving market trends; and (2) how to coordinate and integrate supply chain solutions across various intra-organizational and inter-organizational interfaces in any business or organization. Other Requirements
In addition to the minor requirements, students must also complete the requirements of their major degree.

Please contact your department for more information regarding the addition of a minor to your program of study.

Master of Science in Business Administration

The Master of Science in Business Administration is a 40 graduate hours master’s program best suited for those with a strong technical expertise in one of the concentrations offered within the Ph.D. program. The focus is on preparation for advanced study in the doctoral program or for a research-oriented position. The coursework can usually be completed in four semesters. A major must be specified from one of six areas offered within the Department of Business Administration: organizational behavior/theory, strategic management, marketing, decision sciences and information systems, and process management/management science. At least two courses should be chosen from another area within the Department of Business Administration or a related area outside the department or college.

Total Hours 40

Other Requirements 1

Minimum 500-level Hours Required 12
Overall:
Minimum GPA: 2.75

1 For additional details and requirements refer to the department’s Program Curriculum (http://business.illinois.edu/msba/academics) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Master of Science in Technology Management

The Master of Science in Technology Management is focused on understanding how to manage the dynamic environment found in a technology-based enterprise. The curriculum covers core business topics tailored to address the issues and challenges inherent in companies that depend on technology. The course work of this intensive 12-month long program includes product development, marketing, simulation and risk analysis, finance, and strategy, as well as managing processes, intellectual property, innovation, human resources, and an option of an internship or curricular practical training - all focusing on technology. This is an intensive program for those who use, deploy, shape, or create technology.

In addition to formal coursework, students participate in a series of management development seminars, which provide an overview of American business concepts and practices. Business and industry field trips, seminars with American executives, and other special activities provide another dimension to the program.

Currently, the MSTM program is offering two tracks, Graduate and Advancement. The Graduate Track is designed for students recently graduated from undergraduate programs in the sciences, mathematics, engineering, and business. The Advancement track is designed for career professionals. To reflect the experiential knowledge possessed by members of the Advancement track, coursework requirements are slightly different in each track.

Champaign, IL 61820
(217) 300-2481
E-mail: onlineMBA@illinois.edu
Major: Business Administration
Degrees offered: M.B.A.

Graduate Degree Programs
The College of Business offers a degree program leading to the Master of Business Administration (M.B.A.) in four delivery modes. The traditional full-time MBA and the part-time, evening MBA are offered on the Urbana campus. The Executive MBA is offered weekends in downtown Chicago, and the online edition is offered for students who need more flexibility in their MBA program.

The Executive MBA (EMBA) program is offered in a lockstep, face-to-face cohort program comprised of eighteen courses covering all major disciplines of business study. The courses are organized into
ten modules with only two courses running at any moment in time, each lasting about four weekends. This focused format, using four days per month (Friday and Saturday) maximizes learning while minimizing disruption to professional and personal commitments.

The online MBA (iMBA) uses a flexible program format. As with the EMBA program, the iMBA consists of eighteen four-credit courses for a total of 72 credit hours. During each course, virtual study teams are created that are designed to draw upon the diverse academic and professional backgrounds of the class. The online MBA caters to a segment of the population that values mobility, convenience, and believes that the online programs better fit their learning styles and life circumstances.

Admission
The Executive MBA begins a new class cohort each October in Chicago. Admissions decisions are made on a rolling basis beginning in January. Candidates must have a minimum of seven years of full-time professional work experience to be considered for the program. All applicants are expected to be employed full-time while pursuing the degree. The Executive MBA application does not require the GMAT or GRE.

Applicants to the Illinois iMBA program must have completed an earned undergraduate degree. Applicants must submit scores on the Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) if available, two letters of recommendation, and essays. Applicants whose native language is not English are also required to submit scores from the Test of English as a Foreign Language (TOFEL) or the IELTS.

Scholarships/Financial Aid
The Illinois Executive MBA offers a limited number of scholarships to outstanding applicants. Scholarships are awarded at the time of admission. U.S. citizens and permanent residents may be eligible for federal and private student loans. The program also offers a month-to-month payment plan which can extend payments beyond your final semester thus lowering your average monthly payment.

Scholarships are generally not available for the iMBA.

Executive MBA (EMBA)
The program culminates with an international study experience in which students consult on real business issues with international organizations and travel overseas to present their recommendations to these companies.

This program caters to senior executives. Each course in the EMBA program is conducted over four weekends. Since the class schedule is compressed over a short period of time, exams / final projects / final assignments are due two weeks after the last class meeting.

**Required Courses:**
- Modules 1-10 (19 courses): 72 hours
- Total Hours: 72

**Other Requirements**
Other requirements may overlap
- Minimum Hours Required Within the Unit: 72
- Minimum 500-level Hours Required: 72
- Overall: 72

Minimum GPA: 2.75

1 For additional details and requirements refer to the department’s curriculum overview (http://www.mbachicago.illinois.edu/curriculum/overview.aspx) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

iMBA (online)
The goal for the iMBA program at Illinois is to deliver a high-quality program that is accessible to global audiences. A mirror of the EMBA curriculum, the online MBA (iMBA) uses a flexible program format. During each iMBA course, virtual study teams are created that are designed to draw upon the diverse academic and professional backgrounds of the class. The program caters to a segment of the population that values mobility, convenience, and believes that the online programs better fit their learning styles and life circumstances.

**Required Courses:**
- BADM 508 Leadership and Teams: 2 or 4
- BADM 509 Managing Organizations: 2 or 4
- BADM 520 Marketing Management: 2 or 4
- BADM 544 Strategic Management: 2 or 4
- BADM 567 Process Management: 2 or 4
- BADM 572 Stat for Mgt Decision Making: 2 or 4
- BADM 590 Seminar in Business Admin: 0 to 4

- ACCY 503 Managerial Accounting: 4
- FIN 511 Investments: 2 or 4
- FIN 520 Financial Management: 4
- ECON 528 Microeconomics for Business: 4
- ECON 529 Macroeconomics for Business: 4

**Total Hours:** 72

**Other Requirements**
Other requirements may overlap
- Minimum Hours Required Within the Unit: 72
- Minimum 500-level Hours Required: 72
- Overall: 72
- Minimum GPA: 2.75

1 For additional details and requirements refer to the department’s curriculum overview (http://www.mbachicago.illinois.edu/curriculum/overview.aspx) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Business Administration - Illinois MBA

www.mba.illinois.edu (http://www.mba.illinois.edu)

www.mba.illinois.edu (http://www.mba.illinois.edu) - Full-time MBA
www.ptmba.illinois.edu (http://www.ptmba.illinois.edu) - Professional MBA

Assistant Dean: Darcy Sementi
Business Instructional Facility
The online MBA caters to a segment of the population that values mobility, convenience, and believes that the online programs better fit their learning styles and life circumstances.

**Admission**

Admission to the Illinois MBA is dependent upon an earned undergraduate degree, acceptable scores on the Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE), two letters of recommendation, professional resume and essays. Applicants whose native language is not English are also required to submit scores from the Test of English as a Foreign Language (TOEFL) or the IELTS. For additional requirements the applicant should refer to the MBA application.

The full-time MBA program begins in August only. Admissions decisions are made by rounds with the first deadline of October 5 and subsequent deadlines of January 18 and March 15. May 24 is the late application deadline for domestic students only. Decisions will be made in early January for the first round of applications and within six weeks for each of the following rounds. For admission to a joint program, students must apply to both programs separately.

The Professional MBA program begins in January only. Applicants must submit the same materials and information as the full-time MBA program. The Professional MBA application does not require the GMAT or GRE. All applicants are expected to be employed full-time while pursuing the degree. The application deadline for the Professional MBA is October 1 with admission decisions made on a rolling basis beginning in September.

Applicants to the Illinois iMBA program must have completed an earned undergraduate degree and submit scores on the Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) if available. Two letters of recommendation and essays are also required. Applicants whose native language is not English are required to submit scores from the Test of English as a Foreign Language (TOEFL) or the IELTS.

**Financial Aid**

The Illinois MBA offers a limited number of merit scholarships to outstanding domestic and international applicants. The merit scholarships are awarded at the time of admission. U.S. citizens and permanent residents may be eligible for federal and private student loans.

- Master of Business Administration (MBA), Full-time option (p. 668)
- Master of Business Administration (MBA), Professional option (p. 668)

**M.B.A. and Master’s or Ph.D.**

The M.B.A. can be earned jointly with any masters or Ph.D. program offered on campus. All joint degree programs require the completion of 60 credit hours of MBA coursework, as well as the requirements of the other program, as described here (p. 668). For admission to a joint program, students must receive approval from both programs.

**M.B.A. and Master of Architecture in Architecture**

For entry into this program, applicants must satisfy the admission and performance requirements of each academic unit. Application for
admission may be made simultaneously to both units or admission to one unit may be sought after gaining entry to the other.

Candidates entering the Master of Architecture/Master of Business Administration joint degree program with a four-year baccalaureate in architectural studies must complete 110 hours of graduate work, 50 hours in Architecture and 60 hours for the M.B.A.

**M.B.A and Master of Human Resources and Industrial Relations**

This joint program with the Master of Human Resources and Industrial Relations (p. 771) program is usually completed in two-and-one-half years. Independent admission decisions are made by each unit, and the student must be accepted by both. The degrees are awarded simultaneously upon completion of all joint degree requirements.

**M.B.A. and J.D. in Law**

Contact the M.B.A. program for more information about the joint program with Law.

**M.B.A. and M.D. in Medicine**

Contact the M.B.A. program for more information about the joint program with Medicine.

**M.B.A. and Master's or Ph.D.**

**Joint M.B.A. Program**

The M.B.A. can be earned jointly with any masters or Ph.D. program offered on campus. All joint degree programs require the completion of 60 credit hours of MBA coursework, described below, as well as the requirements of the other program. For admission to a joint program, students must receive approval from both programs.

**Master of Business Administration, Professional Option**

The Professional MBA program provides a general management curriculum and focus. The curriculum includes 72 credit hours that are
completed over a two and a half year period. This program is designed especially for employed professionals who want to continue working while they pursue the MBA degree.

**Graduate Degree Program**

The graduate curriculum in Cell and Developmental Biology is designed to educate students for careers in research and teaching in the biological sciences. Departmental faculty are concerned with the structural and functional relationships of cells and organisms, with research emphases upon eukaryotic cell and molecular biology, neurobiology, developmental biology, and molecular genetics. The department has embarked on a major program to develop research strengths in molecular aspects of developmental, neural, structural, and eukaryotic cell biology to complement existing faculty interests. Students are not admitted to the M.S. program; M.S. requirements are completed as part of the Ph.D. program.

**Admission**

Students interested in this program must apply directly to the School of Molecular and Cellular Biology (www.mcb.illinois.edu/gradprospect.html). During the first semester, students perform three laboratory rotations, choosing from any laboratory in the School. Students select a laboratory for their thesis research in December and formally join the appropriate graduate program/department at that time. Important factors in the evaluation of applications are general academic performance, background in the biological and chemical sciences and mathematics, Graduate Record Examination (GRE) scores, and letters of recommendation from college professors. The department does not admit students to the M.S. program.

**Medical Scholars Program**

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Cell and Developmental Biology. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

**Graduate Teaching Experience**

Experience in teaching is considered a vital part of the graduate program and is required as part of the academic work of all Ph.D. candidates in this program.

**Facilities and Resources**

Facilities include modern, well-equipped laboratories for cellular, developmental, genetic, molecular, and structural studies. The University offers exceptional and broadly based research support services. These include the Center for Electron Microscopy, with state-of-the-art instrumentation; the Center for Biotechnology, which includes facilities for molecular cloning, DNA and protein synthesis and sequencing, and transgenic animals; the Cell Science Center, which houses and staffs a hybridoma facility and flow cytometry unit; School of Molecular and Cellular Biology-subsidized shops; and a superb university library system, the third largest in the nation. The University offers outstanding computer
services and is home to the National Center for Supercomputing
Applications. The Beckman Institute for Advanced Science and
Technology combines research in the physical and biological sciences.
Opportunities for interaction in the cellular and molecular sciences
are also available in many other units within the Schools of Molecular
and Cellular Biology, Integrative Biology, and Chemical Sciences and
the Colleges of Medicine, Agricultural, Consumer and Environmental
Sciences, and Engineering.

Financial Aid
Financial aid is available to qualified applicants in the form of university
fellowships (awarded on a competitive basis), teaching assistantships
(awarded by the department), research assistantships, and tuition and fee
waivers. Outstanding applicants are nominated for support from the Cell
and Molecular Biology, Molecular Biophysics.

Chemical Physics

Head of the Department of Chemistry: Gregory S. Girolami
Head of the Department of Physics: Dale Van Harlingen

Students with undergraduate degrees in chemistry should direct inquiries
and applications to the Department of Chemistry
106 Noyes Laboratory
505 South Mathews Avenue, Urbana, IL 61801.

Students with undergraduate degrees in physics should direct inquiries
and applications to the Graduate Advising Office, Department of Physics
227 Loomis Laboratory of Physics
1110 West Green Street, Urbana, IL 61801-3080

Major: Chemical Physics
Degree Offered: Ph.D.

Graduate Degree Programs

A chemical physics program leading to the Doctor of Philosophy makes
it possible for students to gain the necessary background and perform
original research in this interdisciplinary field of science. Fundamental
research on many properties of molecular and solid-state systems is
based on an understanding of chemistry, physics, and mathematics that
can best be obtained by training in more than one department. Students
may use the facilities in both the School of Chemical Sciences and the
Department of Physics.

Information listed in this catalog is current as of 10/2015
Admission
Applicants who have fulfilled the usual undergraduate course requirements, including at least 25 semester hours in chemistry (properly distributed) and a grade point average of 3.0 (A = 4.0), may be considered for admission to the graduate programs. Applications from students with less than the usual preparation in chemistry or with grade point averages below 3.0 may be considered on an individual basis. In addition, applicants must submit results from the Graduate Record Examination general test and the Graduate Record Examination chemistry subject test.

International students whose native language is not English are required to have a minimum paper-based TOEFL score of 580 (237 on the computer-based test). In addition, teaching is a requirement in the Chemistry graduate program and there are special requirements for applicants whose native language is not English. The University requires a minimum TOEFL iBT speaking score of 24 for a contact teaching assistant appointment. Any applicant whose native language is not English is expected to provide TOEFL scores in order to receive full consideration for admission and financial aid.

Please contact chemistry graduate admissions for further information.

Financial Aid
Students may apply for fellowships and assistantships from either the Department of Chemistry or the Department of Physics.

Doctor of Philosophy in Chemical Physics
Students entering through the Department of Chemistry must satisfy the registration examination, literature seminar, preliminary examination, and original research proposal requirements of Physical Chemistry. The guidelines for these requirements are in the Department of Chemistry Graduate Manual. Students entering through the Department of Physics must satisfy the PhD requirements of the Department of Physics. Research for the thesis is performed under the direction of faculty members who are currently active in chemical physics. Many of these staff members are affiliated with the Materials Research Laboratory (MRL). MRL is a multidisciplinary facility shared by staff and students from the Departments of Physics, Chemistry, Materials Science and Engineering, Electrical and Computer Engineering, and other related departments that have common interests in materials science.

Entering with approved M.S./M.A. degree

Chemical and Biomolecular Engineering
chbe.illinois.edu (http://chbe.illinois.edu)

Head of the Department: Paul J.A. Kenis
114 Roger Adams Laboratory
600 South Mathews Avenue
Urbana, IL 61801
(217) 244-9214
E-mail:ChBE-GradRecruiting@Illinois.edu

Major: Chemical Engineering
Degrees Offered: M.S., Ph.D.

Major: Bioinformatics
Degree Offered: M.S.
Graduate Concentration: Chemical and Biomolecular Engineering

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Chemical Engineering and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.uiuc.edu/mdphd)

Graduate Degree Programs

The Department of Chemical and Biomolecular Engineering offers graduate programs leading to the Master of Science and the Doctor of Philosophy degrees. Those interested should write to the address above for application materials and a departmental brochure, which gives greater detail on programs, offerings, admission, degree requirements, and financial aid. Opportunity also exists for specializing in computational science and engineering within the department’s graduate programs via the Computational Science and Engineering (CSE) Option (http://cse.illinois.edu/students/why-cse).
Admission
Candidates for advanced degrees in chemical engineering should have a background in chemistry and chemical engineering comparable to the training offered in the undergraduate chemical engineering curriculum at the University of Illinois at Urbana-Champaign. Students whose prior training is deficient in one or more basic areas of chemistry or chemical engineering will be admitted with the understanding that their deficiencies will be removed to the extent prescribed by their advisers. Graduate College admission requirements also apply. In addition, applicants must submit results from the Graduate Record Examination (GRE) general test.

International students whose native language is not English are required to have a minimum paper-based Test of English as a Foreign Language (TOEFL) score of 610 (257 on the computer-based test). In addition, teaching is a requirement in the chemical engineering graduate program and there are special requirements for applicants whose native language is not English. The University requires a minimum Test of Spoken English (TSE) score of 50 for a contact teaching assistant appointment. It is desirable for applicants whose native language is not English to provide TSE scores in order to receive full consideration for admission and financial aid.

Multi-institutional Ph.D. Degree with National University of Singapore
Students in this program will spend approximately equal proportions of their study at the Urban-Champaign campus and at the National University of Singapore (NUS), taking courses and/or working on their research. The project comprising the research component of the Ph.D. will be cooperatively overseen by faculty at Illinois and NUS. Students pursuing the multi-institutional degree must meet all of the requirements of the existing Ph.D. programs at each of the two institutions. Courses taken at each university must be approved by the other university before they are taken in order to be credited toward degree requirements.

Medical Scholars Program
The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Chemical Engineering. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

Graduate Teaching Experience
Experience in teaching is considered a vital part of the graduate program and is required as part of the academic work of all Ph.D. candidates in this program.

Faculty Research Interests
Please see chbe.illinois.edu/research (http://chbe.illinois.edu/research).

Doctor of Philosophy in Chemical Engineering

Chemistry

www.chemistry.illinois.edu/ (http://www.chemistry.illinois.edu)

Head of the Department: Gregory Girolami
107 Noyes Laboratory
505 South Mathews Avenue
Urbana, IL 61801
(217) 333-0711
E-mail: chemadm@scs.uiuc.edu

Major: Chemistry
Degrees Offered: M.A., M.S., Ph.D.
Graduate Concentration: Astrochemistry (p. 646) (Ph.D. only)

Major: Teaching of Chemistry
Degree Offered: M.S.

Joint Degree Program: the Master of Science in Chemistry can be earned jointly with the following
Degrees Offered:
J.D. in Law
M.B.A. in Business Administration

Information listed in this catalog is current as of 10/2015
Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Chemistry and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.illinois.edu/mpdphd)

Graduate Degree Programs
The degrees offered in chemistry are the Master of Science in Chemistry, Master of Science in the Teaching of Chemistry, and Doctor of Philosophy in Chemistry. This catalog also provides information on a joint program leading to the Doctor of Philosophy in Chemical Physics (see Chemical Physics (p. 670)). Opportunity also exists for specializing in computational science and engineering within the department's graduate programs via the Computational Science and Engineering (CSE) Option (http://www.cse.illinois.edu/academics).

Admission
Graduate College requirements apply. Further, applicants should have at least 25 semester hours in chemistry (properly distributed) and a grade point average of 3.0 (A = 4.0), to be considered for admission to the graduate programs. Applications from students with less than the usual preparation in chemistry or with grade point averages below 3.0 may be considered on an individual basis. In addition, we ask applicants to submit results from the Graduate Record Examination (GRE) General Test and the GRE Chemistry Subject Test.

International students whose native language is not English are required to have a minimum paper-based Test of English as a Foreign Language (TOEFL) score of 580 (237 on the computer-based test). In addition, teaching is a requirement in the chemistry graduate program, and there are special requirements for applicants whose native language is not English. The University requires a minimum Test of Spoken English (TSE) score of 50. Any applicant whose native language is not English is expected to provide TSE scores in order to receive full consideration for admission and financial aid.

Students who are currently enrolled in graduate programs at other institutions are advised that they should first complete degree work at their current institution before they will be considered for admission to the chemistry PhD program at the University of Illinois. In addition, we require a statement from the applicant and a letter from the applicant's research adviser or department head detailing the situation. Students might be admitted without a degree from their current institution under exceptional circumstances that will need to be described in detail via a letter from the applicant and a separate statement from the department head of the student's current graduate program.

Contact chemistry graduate admissions for further information. The department does not currently accept applications for the MA program.

Medical Scholars Program
The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Chemistry. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

Graduate Teaching Experience
Experience in teaching is considered a vital part of the graduate program and is required as part of the academic work of all Ph.D. candidates in this program.

Financial Aid
Support for graduate students is available through fellowships and assistantships. All candidates are considered for these upon application. Graduate students making normal progress toward their degrees generally receive a tuition waiver as well as a stipend.

- Master of Science in Chemistry (p. 675)
- Master of Science in Teaching of Chemistry (p. 675)

Doctor of Philosophy in Chemistry
Doctoral programs are offered in a wide range of specialties, including the traditional areas of analytical, inorganic, organic, and physical chemistry as well as materials chemistry and chemical biology. The formal course requirements involve 12 or more hours of 500-level courses, plus 8 or fewer hours of 400-level courses, for a total of 20 hours in chemistry and allied relevant fields. Besides completing formal coursework, students will present a literature seminar, have a formal review of progress following the completion of coursework, pass an oral preliminary examination on research preparation, present and defend an original research proposal not related to their thesis research, and submit a thesis on original research, which is defended at a final oral examination.

Information listed in this catalog is current as of 10/2015
### J.D. in Law and M.S. in Chemistry

This joint degree program is intended principally for law students who desire to specialize in an area of law in which expertise in chemistry would be a clear asset. Students electing the joint degree option will select a major area of emphasis within chemistry that complements their chosen area of legal emphasis. Each student must develop and gain approval of a coherent, focused plan of study that draws upon related coursework in both law and chemistry.

The JD/MS program involves interdisciplinary work and a flexible plan of study. Students will consult with a faculty adviser in selecting courses. While enrolled in the Department of Chemistry, students have the opportunity to hold an assistantship with a tuition and service fee waiver. It is possible that joint degree students may accelerate their programs by attending summer sessions over one or more summers and thus complete the requirements for both the MS and the JD degrees in three years.

In order to enter the joint degree program, students must be admitted separately to each program. Each program’s application requirements and deadlines for admission must be met.

- J.D. in Law and M.S. in Chemistry (p. 675)
- M.B.A. Joint Degree Program (p. 675)

### M.B.A. Joint Degree Program

Students in this unit may choose to earn their major degree and simultaneously complete an M.B.A., with 12 fewer required hours than when pursuing both degrees independently. Students must be enrolled in the M.B.A. program for three terms and complete all the requirements of their primary degree. Interested students should see the joint program requirements and contact the M.B.A. program and their major department office for more information.

### Master of Science in Chemistry

The program leading to the degree of Master Science in Chemistry is designed to be completed in one year of full-time study by students entering without deficiencies. A research thesis is optional.

### Master of Science in Teaching of Chemistry

The Master of Science in the Teaching of Chemistry (MSTC) at the University of Illinois provides advanced studies for those interested in teaching chemistry at the secondary or community college level. The program serves two different audiences:

1. For additional details and requirements refer to the department’s Graduate Programs (http://chemistry.illinois.edu/graduates) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).
Those who already have a teaching certificate or will teach in situations which do not require a certificate; 

Those who wish to obtain a master's degree and a teaching certificate simultaneously.

The MSTC degree (without certification) can be completed in one year. The MSTC degree (with certification) requires two years.

**Graduate Degree Programs**

The Department of Civil and Environmental Engineering, consistently ranked as having one of the best graduate programs in the country, offers graduate work leading to master's and doctoral degrees. These are in a variety of specialized areas through departmental and joint programs which are described on this page. Opportunity also exists for earning certificates in

1. computational science and engineering and
2. energy and sustainability engineering within the department’s graduate programs via the Computational Science and Engineering (CSE) Option (http://cse.illinois.edu/students/graduate-program) and the Energy and Sustainability Engineering (EaSE) Option (http://ease.illinois.edu).

The Medical Scholars Program (https://www.med.illinois.edu/mdphd) permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Civil and Environmental Engineering. In working toward the department's graduate degrees, an emphasis is placed on advanced study and participation in creative research.

**Admission**

Admission to the Graduate College with full status in civil engineering or in environmental engineering in civil engineering is granted to graduates of accredited institutions whose requirements for the bachelor's degree are substantially equivalent to those of the University of Illinois, provided the applicant's preparation is appropriate for advanced study in his or her chosen major field and his or her scholastic average is at least 3.00 (A = 4.00). The Graduate Record Examination (GRE) (http://www.ets.org/portal/site/ets/menuitem.fab2360b1645a1de9b3a0779f1751509/?vgnextoid=b195e3b5f64f4010VgnVCM10000022f95190RCRD) and the Graduate College Handbook (http://grad.illinois.edu/gradhandbook) are met. Applications are considered for both spring and fall admissions. In general, a 3.00 grade point average for the last two years of the undergraduate program and for any previous graduate work is a minimum requirement for admission to the M.S. program. Requirements for admission to the Ph.D. program are variable, but are usually substantially higher. For additional information, see the departmental Web site (http://cee.illinois.edu/programs/Grad/GradApps).

All applicants whose native language is not English must submit a minimum TOEFL (http://www.toefl.org) score of 79 (iBT), 213 (CBT), or 550 (PBT); or minimum International English Language Testing System (IELTS) (http://www.ielts.org) academic exam scores of 6.5 overall and 6.0 in all subsections. Applicants may be exempt from the TOEFL if certain criteria (http://grad.illinois.edu/admissions/instructions/04c) are met. For those taking the TOEFL or IELTS, full admission status (http://grad.illinois.edu/admissions/instructions/04c) is granted for scores greater than 102 (TOEFL iBT), 253 (TOEFL CBT), 610 (TOEFL PBT), or 6.5 (IELTS). Limited status (http://grad.illinois.edu/admissions/instructions/04c) is granted for lesser scores and requires enrollment in English as a Second Language (ESL) courses (http://linguistics.illinois.edu/students/esl/guidelines) based on an ESL Placement Test (EPT) taken upon arrival to campus.

Applicants to the joint M.Arch or M.B.A degree programs must meet the admissions standards for both programs and be accepted by both programs.

Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for
and be accepted into both Civil and Environmental Engineering and the College of Medicine. An application to the Medical Scholars Program will also serve as the application to the Civil and Environmental Engineering graduate program. Further information on this program is available by contacting the Medical Scholars Program (125 Medical Sciences Building, 217-333-8146, mspo@illinois.edu).

**Medical Scholars Program**

Students in the Medical Scholars program must meet the specific requirements for both the medical (https://www.med.illinois.edu/mdphd) and graduate degrees. On average, students take eight years to complete both degrees. The first year of the combined program is typically spent meeting requirements of the graduate degree.

**Faculty Research Interests**

Areas of study and research pursued by our world-renowned faculty are focused in the following specializations:

- construction management
- environmental engineering and science
- environmental hydrology and hydraulic engineering
- geotechnical engineering
- information technology
- materials
- structural engineering
- transportation engineering
- sustainable and resilient infrastructure systems
- energy-water-environment sustainability
- societal risk management

Within these specializations, current research programs include:

- air quality
- aquatic biology and ecology;
- computer-aided engineering systems (artificial intelligence, expert systems, and neural networks)
- construction engineering and management
- construction materials (concrete composition, microstructure, and engineering properties)
- earthquake engineering
- environmental chemistry
- environmental fluid mechanics
- geotechnical engineering (rock mechanics, soil mechanics, and foundation engineering)
- hazardous-waste management
- hydrology and hydraulic engineering
- information technology including distributed sensors and monitoring
- nondestructive diagnostics
- railway engineering
- river mechanics and morphology, stochastic structural dynamics and random vibrations
- structures (analysis, design, and behavior)
- structural and computational mechanics
- traffic engineering
- transportation (facilities, planning, systems design, and operations)
- water quality process engineering

- water resources and environmental systems analysis

**Centers, Programs, and Institutes**

**Mid-America Earthquake (MAE) Center** (http://mae.cee.illinois.edu) – originally established by the National Science Foundation, works to develop an integrated framework and application tools for loss assessment due to earthquake and other disruptive events, disaster planning, response and mitigation strategies, and decision-making engines that enable policy makers to effectively manage risk.

**Illinois Center for Transportation (ICT)** (http://ict.uiuc.edu) – funded by the Illinois Department of Transportation and the State of Illinois, promotes innovation and progress in transportation through interdisciplinary research.

**Center of Excellence for Airport Technology (CEAT)** (http://www.ceat.uiuc.edu) – founded in 1995 as a Federal Aviation Administration (FAA) Center of Excellence, aims to develop new scientific knowledge and technology for the development, maintenance, and operation of airports.

**Fabricated Geomembrane Institute** (http://www.fabricatedgeomembrane.com) – conducts research and disseminates technical information about geomembranes that can be factory fabricated, transported to a project, and deployed, e.g., polypropylene, PVC, LDPE, and EPDM geomembranes, and answers technical questions regarding testing, design, fabrication, installation, and performance of these geomembranes.

**Safe Global Water Institute** (http://cee.illinois.edu/SGWI_established)—founded in 2012 with the goal of seeking sustainable solutions to the world’s safe water and sanitation challenges.

**Facilities and Resources**

The Newmark Structural Engineering Laboratory (NSEL) features a nearly 6,000 square foot structural testing floor (strong floor), a three-story clear height, and a multiplicity of testing equipment (including a shake table, stand-alone universal testing machines, reaction frames, actuators, controllers, transducers, and a data acquisition) that can be used for conducting large-scale experimental structural, materials, and earthquake engineering research. The Environmental Engineering and Science Laboratories contain over 11,000 square feet with state-of-the-art analytical equipment. The Hydrosystems Laboratory covers an area of more than 11,000 square feet and includes several flumes, a rainfall generator, a stratified flow tank, and a water tunnel. The Advanced Transportation Research and Engineering Laboratory (ATREL) is a unique and comprehensive transportation research, educational, and testing laboratory. It is located on 47 acres, 15 miles north of the main campus, and it contains 60,000 square feet of laboratories, continuing education classrooms, office space, and a technical library. It is home to the Illinois Center for Transportation (ICT). The Multi-Axial Full-Scale Sub-Structured Testing and Simulation (MUST-SIM) Facility is one of 15 networked national facilities conducting research that will lead to significant advances in seismic design and analysis. It provides a new experimental environment for conducting integrated distributed hybrid tests on components of large bridge and building structures. The Smart Structures Technology Laboratory seeks to implement advanced sensing and control technologies to more effectively monitor and protect our nation’s civil infrastructure. The Laboratory houses a new medium-scale 6 Degree-of-Freedom seismic simulator, as well as extensive instrumentation and telepresence capabilities.
Financial Aid

Financial aid is available in the form of fellowships and research and teaching assistantships. All applicants, regardless of U.S. citizenship, whose native language is not English and who wish to be considered for teaching assistantships must demonstrate spoken English language proficiency (http://www.grad.illinois.edu/admissions/taengprof.htm) by achieving a minimum score of 50 or 24 on the speaking subsection of the TOEFL iBT or 8 on the speaking subsection of the IELTS. For students who are unable to take the iBT or IELTS, a minimum score of 4CP is required on the EPI test (http://cte.illinois.edu/testing/oral_eng/epi_overview.html), offered on campus. All new teaching assistants are required to participate in the Graduate Academy for College Teaching (http://cte.illinois.edu/programs/ta_train.html) conducted prior to the start of the semester.

Master of Science, all majors

Thesis Option

<table>

Elective courses (subject to Other Requirements and Conditions below) 20-28

Total Hours 32

Other Requirements

Other Requirements and Conditions may overlap

Individual programs are developed by the students in consultation with their academic advisors.

A minimum of 16 hours of credit within the major field with 8 graded and at the 500 level.

A minimum of 12 hours at the 500 level overall.

A maximum of 8 hours of CEE 597 (or other independent study) may be applied toward the elective course work requirement.

At least half of the minimum hours required for the degree must be in Illinois courses meeting on the Urbana-Champaign campus or in courses meeting in other locations approved by the Graduate College for resident credit for the degree.

The minimum program GPA is 2.75

1 For additional details and requirements refer to the department’s Graduate Handbook (http://cee.illinois.edu/handbooks) and the Graduate College Handbook (http://grad.illinois.edu/gradhandbook).

Non-Thesis Option

Elective courses (subject to Other Requirements and Conditions below) 36

Total Hours 36

Doctor of Philosophy, all majors

The degree of Doctor of Philosophy, primarily a research degree, requires from three to four years of graduate study beyond the master’s degree. The major area of specialization encompasses courses and research that are closely related, but the courses need not be offered by a single major department. Candidates must demonstrate a capacity for independent research by preparing an original thesis on a topic within the major field of study, must meet the qualifying requirements or examination in the area of specialization, and must pass both preliminary and final examinations.

Elective courses (subject to Other Requirements and Conditions below) 32

Total Hours 64

Other Requirements

Other Requirements and Conditions may overlap

A maximum of 8 hours of CEE 597 (or other independent study) may be applied toward the elective course work requirement; approval required.
There is no department-wide foreign language requirement. However, the faculties of some areas of specialization may require foreign language proficiency if essential to the conduct of research in that area.

64 graduate hours must be completed in residence.

A Masters degree is required for admission to the Ph.D. program.

Ph.D. exam and dissertation requirements:

Qualifying exam
Preliminary exam
Final exam or dissertation defense
Dissertation deposit

The minimum program GPA is 2.75.

1 For additional details and requirements refer to the department’s Graduate Handbook (http://cee.illinois.edu/handbooks) and the Graduate College Handbook (http://grad.illinois.edu/gradhandbook).

2 Qualifying Exam Information (http://cee.illinois.edu/PhDQualificationProcedures)

Joint Degree Programs

Master of Science in Civil Engineering and Master of Architecture

The M.Arch.-M.S.C.E. joint degree program with the School of Architecture requires a total of 78 graduate hours (Architecture Track II), 70 graduate hours (Architecture Track III), or 64 graduate hours (Architecture Track I). Full details of requirements are presented at the School of Architecture’s Web site (http://arch.illinois.edu/programs/degree/march/options); the thesis option is not available.

Joint M.B.A. Program

Students in this unit may choose to earn their major degree and simultaneously complete an M.B.A., with 12 fewer required hours than when pursuing both degrees independently. Students must be enrolled in the M.B.A. program for three terms and complete all the requirements of their primary degree. Interested students should see the joint program requirements (p. 668) and contact the M.B.A. program and their major department office for more information.

Online Program

The degree requirements are the same as for the on-campus non-thesis M.S. program—36 hours of course work—and the degree awarded to online students is the same degree awarded to resident students. Online students have five years to complete the program.

The M.S. degree in Civil Engineering offered online is currently available for specialization in Construction Management, Infrastructure, Structural Engineering, and Transportation Engineering. Students can also develop cross-disciplinary programs in consultation with their advisers. Additional courses are available online in the following areas of concentration to complement the student’s area of specialty above: Construction Materials, Environmental Engineering and Science, Environmental Hydrology and Hydraulic Engineering, and Geotechnical Engineering.

Classics

www.classics.illinois.edu (http://www.classics.illinois.edu)

Head of the Department: Ariana Traill
Director of Graduate Studies: Craig Williams
4080 Foreign Languages Building
707 South Mathews Avenue
Urbana, IL 61801
(217) 333-1008
E-mail: classics@illinois.edu

Major: Classics
Degrees offered: M.A.
Graduate Concentrations: Greek (p. 682), Latin (p. 681), Medieval Studies (p. 801)

Major: Teaching of Latin
Degrees offered: M.A.

Major: Classical Philology
Degrees offered: Ph.D.
Graduate Concentration: Medieval Studies

Graduate Degree Programs

The Department of the Classics offers programs of study leading to the Master of Arts in Classics. Within the master’s degree program, students may choose from three options: both Greek and Latin (= Classics), Greek, or Latin. In addition, the department offers the Master of Arts in the Teaching of Latin and the Doctor of Philosophy in Classical Philology. A further concentration in Medieval Studies is available to students pursuing graduate degrees in the Classics.

Although the graduate program is designed to provide a thorough education in classical studies in the widest sense, students may concentrate at different stages upon Greek and Latin language and literature (including papyrology, paleography, gender studies, and medieval and renaissance Greek and Latin authors); classical archaeology; ancient philosophy or, in conjunction with the appropriate department, comparative literature, ancient history, and classical linguistics. Additional information is available at: www.classics.illinois.edu (http://www.classics.illinois.edu).

Admission

Applicants for admission to the master’s program in the classics curriculum must ordinarily present a minimum of 20 semester hours in either Greek or Latin and 15 semester hours in the other language; candidates for admission to the master’s program with specialization in Greek or Latin or the teaching of Latin must ordinarily present at least 20 semester hours in that language. Previous work in ancient history, ancient art and archaeology, philosophy, literary criticism, or linguistics is desirable.

Applicants should apply online (www.grad.illinois.edu/admissions/apply (http://www.grad.illinois.edu/admissions/apply)) and submit a statement of purpose, three letters of recommendation and a writing sample of approximately 20 pages (one or two papers) that showcases the applicant’s ability to work in the original classical languages and incorporates relevant secondary sources as appropriate. Original
transcripts showing all undergraduate and graduate work completed should be sent to:

SLCL Graduate Student Services
3070 Foreign Languages Bldg.
707 S. Mathews Ave.
Urbana, IL 61801

Graduate Record Examination (GRE) scores are required and should be submitted to institution code 1836. Applicants whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL) and must score at least 79 on the internet-based test (iBT); they must also pass the speaking sub-section of the iBT with a minimum score of 24 (see [www.grad.illinois.edu/Admissions/instructions/04c](http://www.grad.illinois.edu/Admissions/instructions/04c)). Applications are accepted for fall admission only. Application questions may be directed to SLCL Graduate Student Services at slclgradservices@illinois.edu.

**Certifications**

Students wishing to add teacher certification in Latin to an MAT, M.A. in Latin, or Ph.D. must apply to the Foreign Language Teacher Education Program and consult its Director, Hugh Bishop (hbishop@illinois.edu) about requirements.

Students must complete an M.A. in Classics with a concentration in Latin, an M.A. in Classics with a concentration in Greek and Latin or an M.A. in the Teaching of Latin in order to receive certification.

**Medical Scholars Program**

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Classical Philology. Students must apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at [www.med.illinois.edu/msp](http://www.med.illinois.edu/msp).

**Graduate Teaching Experience**

Although teaching is not a general Graduate College requirement, experience in teaching is considered an important part of the graduate experience in this program, and almost all students teach. Non-native English speakers must first pass a test of their oral English ability (see [www.grad.illinois.edu/admissions/taengprof.htm](http://www.grad.illinois.edu/admissions/taengprof.htm)).

**Faculty Research Interests**

Greek and Latin literature of all periods, Greek and Roman epic, Greek and Roman tragedy, Greek and Roman comedy, Greek and Latin epigraphy, ancient philosophy (Epicureanism, Hellenistic moral theory), Greek political theory, Greek and Roman religion, Roman historiography and biography, gender studies of the Greco-Roman world, ancient Greek music theory, Greek mythology, Medieval Greek and Latin philology, the ancient world in film, the reception of Greek and Latin literature history of classical scholarship, Greek and Roman archaeology. For details see [Information listed in this catalog is current as of 10/2015](http://www.classics.illinois.edu/people/)

**Facilities and Resources**

The superb Classics Library (see [www.library.illinois.edu/clx/](http://www.library.illinois.edu/clx/)) at the University of Illinois houses over 60,000 volumes on open shelves and boasts two specialist librarians. The University of Illinois Library's Rare Book Room houses the Turyn Archive of Greek manuscript photographs and the American Center of the International Photographic Archive of Papyri. The Department of the Classics also publishes the journal Illinois Classical Studies and its Supplements. The Krannert Art Museum and the Spurlock Museum of World Cultures have outstanding collections of ancient vases and other artifacts.

**Financial Aid**

University fellowships are available for the academic year. Teaching assistantships are available for both the academic year and Summer Session II.

The Master of Arts may be taken in Classics requiring advanced work in both Greek and Latin (Master of Arts in Classics), or with a concentration in either Greek, or a concentration in Latin. Only the Master of Arts in Classics leads to Ph.D. level work in Classical Philology. The master's degrees with concentrations in Latin or Greek and likewise the Master of Arts in the Teaching of Latin are all terminal degrees.

- Master of Arts in Classics (p. 681)
- Master of Arts in Classics, Greek Concentration (p. 682)
- Master of Arts in Classics, Latin Concentration (p. 681)
- Master of Arts in Teaching of Latin (p. 682)

**Doctor of Philosophy in Classical Philology**

The Doctor of Philosophy is offered only in classical philology, which requires advanced work in both Greek and Latin. Candidates for the Ph.D. program are eligible for acceptance upon completion of the master’s degree in classics or its equivalent. Once admitted, they must complete at least 64 additional graduate hours of coursework. Admission to Stage III requires passing examinations in Greek and Latin sight-translation, the history of Greek and Latin literature, and a special author, as well as the preliminary oral examination.

College of Engineering

engineering.illinois.edu (http://engineering.illinois.edu)

William Buttlar
Associate Dean for Graduate and Professional Programs
402 Engineering Hall
1308 West Green Street
Urbana, Illinois 61801
(217) 333-0678
Fax: (217) 333-0015
E-mail: gpp@illinois.edu

Major: Engineering
Degrees Offered: M.Eng.
Graduate Concentration: Energy Systems (p. 823)

Graduate Degree Programs

The College of Engineering offers a Master of Engineering (M.Eng.) degree program for students whose primary intent is a professional career in industry or government. This degree differs from the Master of Science (M.S.) degree in that it is a terminal degree and not a pathway to a doctoral program. The Major in Engineering for the M.Eng. degree requires the selection of an interdisciplinary concentration.

Admission

Students with bachelor’s or master’s degrees in engineering or related sciences will be considered for admission if they have a grade point average of at least 3.00 (A = 4.00) for the last two years of undergraduate study. Admission is possible for the spring semester, but most admissions are for the fall semester. Full details of admission requirements are on the Web page of the department offering the concentration. Currently a Concentration in Energy Systems is administered by the department of Nuclear, Plasma and Radiological Engineering.

All applicants whose native language is not English must submit a minimum TOEFL (http://www.toefl.org) score of 103 (IBT), 257 (CBT), or 613 (PBT); or minimum International English Language Testing System (IELTS) (http://www.ielts.org) academic exam scores of 7.0 overall and 6.0 in all subsections. Applicants may be exempt from the TOEFL if certain criteria (http://grad.illinois.edu/admissions/instructions/04c) are met. Full admission status (http://grad.illinois.edu/admissions/instructions/04c) is granted for those meeting the minimum requirements and having taken the TOEFL or IELTS since the scores required for admission to M.Eng. are above the minimum scores demonstrating an acceptable level of English language proficiency.
Available Concentrations

Energy Systems (p. 823), Department of Nuclear, Plasma, and Radiological Engineering (p. 821).

Master of Engineering in Engineering, must include a Concentration

Professional Development (an internship with a company, laboratory, or agency with a subsequent archiveable report; a design project; or business-oriented or leadership courses)

<table>
<thead>
<tr>
<th>Concentration hours</th>
<th>28</th>
</tr>
</thead>
<tbody>
<tr>
<td>Technical course work in primary area and one course from outside the primary area (12-20 hours)</td>
<td></td>
</tr>
<tr>
<td>Elective courses 0-8 hours chosen in consultation with advisor.</td>
<td></td>
</tr>
</tbody>
</table>

Total Hours 32

Other Requirements and Conditions

Other Requirements and Conditions may overlap

A concentration is required.

A minimum of 12 500-level credit hours with a minimum of 8 500-level credit hours applied toward the concentration.

A minimum of 8 hours must be in ENG or the home unit of the concentration.

Minimum program GPA: 3.0

1 For additional details and requirements, please refer to the Web page of the concentration's home unit and the Graduate College Handbook (http://grad.illinois.edu/gradhandbook).

Communication

www.communication.illinois.edu (http://www.communication.illinois.edu)

Acting Head of the Department: David Tewksbury
Director of Graduate Study: David Tewksbury
3001 Lincoln Hall, 702 S. Wright Street
(217) 333-2683
communication@illinois.edu

Major: Communication

Degrees Offered: M.A., Ph.D.

Graduate Concentrations: Medieval Studies (available to all degrees), Second Language Acquisition and Teacher Education (Ph.D. only), Writing Studies (Ph.D. only)

Online Program: Health Communication

Degrees offered: M.S.

Online Program: Communication (not currently offered; apply to M.S. in Health Communication)

Degrees offered: M.A.

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Communication and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.illinois.edu/mdphd)

Graduate Degree Programs

The Department of Communication offers a broad curriculum in communication research. In consultation with an advisor, students assemble individualized programs, concentrating in organizational and group communication, interpersonal and family communication, health communication, communication technology, political communication, rhetoric and public discourse, communication in cultural contexts, or mass communication. Interdisciplinary programs are also encouraged.

Admission

An application must include official transcripts from every post-secondary institution the applicant has attended; scores on the general aptitude parts of the Graduate Record Examination (GRE); at least three letters of recommendation, preferably from academic recommenders; a major paper or essay as a sample of academic writing; and a statement of purpose. Students whose native language is not English must present their official scores on the Test of English as a Foreign Language (TOEFL) examination as part of their applications. The department follows the Graduate College’s recommendations for English proficiency. Detailed information about admissions and financial aid can be found on the department’s Web site (http://www.communication.illinois.edu/prospective/grad/apply). Ordinarily, students are admitted to begin graduate study in the fall semester.

Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Communication. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

Graduate Teaching Experience

Although teaching is not a general Graduate College requirement, experience in teaching is considered an important part of the graduate experience in this program.

Financial Aid

Financial aid is usually offered in the form of part-time teaching assistantships; some fellowships and research assistantships are available.

• Master of Arts in Communication (p. 684)
• Master of Science in Health Communication (p. 684)

Doctor of Philosophy in Communication

To be accepted as a candidate for the Ph.D. degree, a student must either present a well-rounded undergraduate education with an emphasis in
communication and a master's in a cognate discipline, or hold a master's degree in communication from an accredited institution.

In addition to meeting general requirements of the Graduate College, the student must satisfactorily complete written and oral preliminary examinations, an oral defense of the thesis prospectus, and an oral defense of the thesis. Students must demonstrate competency in research procedures and tools that may include proficiency in one or more foreign languages, various research methods, or cognate academic work. Students must enroll in CMN 595 in the semester of the preliminary examination and in CMN 599 (thesis hours) in semesters spent working on the dissertation.

Minimum in appropriate research method; these are in addition to the 40 hours of additional coursework. (8 min)

Courses from outside the department 12
Elective hours (not in method or thesis hours) 40
Independent Study Hours (8 max applied toward degree) 8
Language Requirement: based on major

CMN 599 Thesis Research (0 min applied toward degree) 0

Total Hours 64

Other Requirements
Other requirements may overlap
Minimum Non-Method/Thesis Hours Required Within the Unit: 20
Masters Degree Required for Admission to PhD? Yes
Qualifying Exam Required: No
Preliminary Exam Required: Yes
Final Exam/Dissertation Defense Required: Yes
Dissertation Deposit Required: Yes
Minimum GPA: 2.75

1 For additional details and requirements refer to the department's Graduate Programs (http://www.communication.illinois.edu/prospective/grad/degrees) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Online Program in Health Communication
The Department of Communication also offers an online Master of Science degree (M.S.) in Health Communication. The required hours are listed in Master of Science in Health Communication (p. 684). Apply to the Master of Science program only; applications to the online Master of Arts in Communication are not being accepted. More information about the online program is available at www.hcom.illinois.edu.

Master of Arts in Communication
The entering student should present the equivalent of 16 semester hours of undergraduate work in communication or a related area. In some cases an oral examination is also stipulated. A thesis is optional.

Thesis Option
Elective hours 24

Non-Thesis Option
Elective hours (32 min) 32
Independent Study Hours (4 max applied toward degree) 0-4

Master of Science in Health Communication
Health Communication Research Methods I and II; Capstone Individual Study 8
Elective hours (24 min) 24
Independent Study Hours (4 max applied toward degree) 4

Total Hours 32

Other Requirements
Other requirements may overlap
Minimum Hours Required Within the Unit: 24
Minimum 500-level Hours Required 12 (8 in CMN)
Overall:
Minimum GPA: 2.75

1 For additional details and requirements refer to the department's Graduate Programs (http://www.communication.illinois.edu/prospective/grad/degrees) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).
Community Health

Department of Kinesiology & Community Health

Head of the Department: Wojtek Chodzko-Zajko

Director of Graduate Studies: Steven Petruzzello

Graduate Office: Julie Jenkins

906 South Goodwin Ave
112 Freer Hall MC-052
Urbana, IL 61801
(217) 333-1083

Major: Community Health

Degrees offered: M.S., Ph.D.

Major: Public Health

Degrees offered: M.P.H.

Major: Rehabilitation

Degrees offered: M.S.

Joint Degree Program: the M.P.H. can be earned jointly with the following:

Community Health, Ph.D. (p. 686)
Food Science and Human Nutrition, Ph.D. (p. 735)
Human & Community Development, Ph.D. (p. 754)
Kinesiology, Ph.D. (p. 767)
Nutritional Science, Ph.D. (p. 826)
Social Work, Ph.D. (p. 855)
Urban Planning, M.U.P. (p. 880)

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Community Health and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.uiuc.edu/mdphd)

Graduate Degree Programs

The Community Health Program in the Department of Kinesiology & Community Health offers programs of study leading to the Master of Science in Community Health, Master of Science in Rehabilitation, Master of Public Health (M.P.H.), and Doctor of Philosophy in Community Health degrees.

The Chronic Disease, Disability, and Society specialization prepares graduates for advanced research or as health specialists who are well versed in social determinants of health. Graduates from this specialization will have a strong foundation related to health disparities, chronic disease and disability. The specialization in Epidemiology prepares students for the analysis of disease occurrences and problems in populations and instruction in the various methodologies, statistical techniques and designs for obtaining such understanding. The Global Health specialization focuses on international health from an interdisciplinary perspective. Students in this concentration may take courses that provide a broad view of global health contexts from various departments across campus. Finally, the specialization in Health Policy and Administration prepares students for the examination of management principles related to health care institutions and in procedures and methods for the analysis of health policy development, implementation and evaluation.

The M.S. in Community Health has specializations in Chronic Disease, Disability, and Society; Epidemiology; Global Health; and Health Policy and Administration. The M.S.P.H. program is not currently accepting applications, and individuals interested in pursuing a Master’s degree in public health are encouraged to apply to the M.P.H. degree program. The M.P.H. degree is a professionally focused degree designed to prepare students for a career in public health practice. The M.P.H. degree offers a specialization in health policy and management and an area of concentration in health behavior and promotion. The Ph.D. program is designed to prepare graduates for positions of leadership in teaching, research, and service in universities, industries, and private and government agencies in the United States and in other countries.

Admission

Applications for all degrees except the Master of Public Health (MPH) are due on January 15 for fall admission. Applications for spring semester are due October 1. Applications for the Master of Public Health (MPH) degree are only accepted for Fall admission until April 1.

The Graduate College admission requirements apply for all applicants. Candidates for admission to master’s degree programs should have a grade point average of at least 3.0 (A = 4.0) for the last 60 semester hours of their undergraduate degree work (excluding fieldwork, student teaching, and physical activity courses). In addition, satisfactory scores on the Graduate Record Examination (GRE) are required. Applicants should have a bachelor’s degree in a health or disability-related discipline and/or a strong background in social and biological sciences and quantitative methods. A statement of education and career goals, and three letters of recommendation are required. All degree programs with the exception of the Master of Public Health (MPH) require one example of professional writing with the date of its completion.

Admission requirements for the Ph.D. program include the following: a grade point average of at least 3.0 (A = 4.0) for the last 60 hours of undergraduate degree work (excluding fieldwork, student teaching, and physical activity courses), a GPA of 3.6 for master’s degree work with thesis, and acceptable scores on the Graduate Record Examination. Candidates are encouraged to have a personal interview with the coordinator of graduate studies or other representative of the department. Preference is given to students who have had at least two years of professional experience.

Applicants for all degrees whose native language is not English, or who have not obtained a university degree from an institution in a country where the native language is English, are required to submit the results of the TOEFL or IELTS as evidence of English proficiency. Applicants submitting TOEFL scores must obtain a minimum score of 600 on the paper-based, 250 on the computer-based, or 100 on the internet based (IBT) Test of English as a Foreign Language (TOEFL). Applicants submitting IELTS scores must obtain a 6.5 on all subsections. Applicants whose native language is not English and who are seeking a teaching assistantship must provide evidence of spoken English language proficiency by meeting minimum score requirements specified by the University (see www.grad.illinois.edu/admissions/taengprof.htm (http://www.grad.illinois.edu/admissions/taengprof.htm)).

Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a...
second discipline, including Community Health. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp.

Graduate Teaching Experience

Although teaching is not a general Graduate College requirement, experience in teaching is considered an important part of the graduate experience in this program.

Faculty Research Interests

Faculty research interests cover a wide range of subjects, including global health, health education, community health development, health behavior, health policy, health planning and management, rehabilitation and disability studies, chronic disease, epidemiology, biostatistical and epidemiologic research methodology, health economics, evaluation research, and aging studies.

Financial Aid

Financial aid is available on a competitive basis to qualified students in the form of teaching and research assistantships, as well as tuition and service fee waivers.

- Master of Science in Community Health (p. 689)
- Master of Science in Rehabilitation (p. 690)
- Master of Science in Public Health (p. 690)
- Master of Public Health (p. 688)

Graduate course experience in public health and statistics with grades of B or better is expected prior to admission. Before admission to the Ph.D. program, students may be required to take up to 12 hours of additional coursework to remedy deficiencies. The candidate is required to pass written preliminary examinations covering disciplinary and professional aspects of community health, the literature and theoretical perspectives in the major area of study and methodological perspectives and research techniques. Students must also pass an oral preliminary examination on the area of specialization and dissertation proposal; and to pass an oral defense of dissertation research.

Master of Public Health and Master of Urban Planning

The M.P.H. can be earned jointly with the Master of Urban Planning. M.U.P. Joint degree programs provide the opportunity to complete two degrees in a compressed time frame. For the joint program, at least 40 hours must be in Urban Planning, including all core courses and capstone requirements. The two programs must total a minimum of 88 hours, however the M.U.P. program may at its discretion count up to 8 hours of Urban Planning courses as electives in meeting its degree requirements as long as students are required to take no fewer than 40 additional hours in the M.P.H. program. Students must be in residence in Urban Planning for at least two semesters. Consult the department’s M.U.P. joint degree web page for more information about the admissions process and joint degree requirements. For additional guidance, please contact the Director of the M.U.P. Program.

CHLH Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/CHLH)

Community Health Courses

CHLH 501 Issues in Health Education credit: 4 Hours.
Analyzes current developments, trends, and controversies in health education with emphasis on developing student competencies for intervention planning, implementation, and analyses; and examines issues affecting the health educator in various work settings, including patient care, public health, school health, and higher.

CHLH 502 Cancer Epidemiology credit: 4 Hours.
Class on cancer epidemiology will address the investigation of the descriptive and analytic epidemiology of cancer. It will include information on the development of malignancy and characteristics of tumor cells. The advanced investigation of the relationship between various risk and protective factors and the development of different types of cancer will be discussed in an epidemiologic context. The role of primary prevention and secondary prevention (screening) will also be covered. Prerequisite: Previous or concurrent class in epidemiology or consent of instructor.

CHLH 510 Public Health Dev credit: 4 Hours.
Advanced study of the principles, practice and current issues of public health at the local, state, national and international levels, including the relationships between public health departments, voluntary health agencies, and other community organizations.

CHLH 517 Principle/Method Epidemiology credit: 4 Hours.
Same as PATH 517. See PATH 517.

CHLH 527 Statistics in Epidemiology credit: 4 Hours.
Description and application of quantitative issues and statistical techniques prominent in the analysis of classification data arising from epidemiologic cohort or case-control aetiology studies; studies of preventive public health; and therapeutic clinical interventions. Practice using available computing software for implementation is stressed. Same as ENVS 527 and PATH 525. Prerequisite: CHLH 474 and minimum of two statistics courses covering multiple regression and correlation.

CHLH 530 Childhood Obesity I credit: 3 Hours.
Same as FSHN 530, HDFS 551, KIN 530, NUTR 530, SOCW 570. See NUTR 530.

CHLH 531 Childhood Obesity II credit: 4 Hours.
Same as FSHN 531, HDFS 552, KIN 531, NUTR 531, SOCW 571. See NUTR 531.

CHLH 540 Health Behavior: Theory credit: 4 Hours.
Analysis of social science theories and perspectives that comprise the foundation of health education theory and practice. Includes development of a conceptual framework of reference for understanding, predicting, and facilitating change in health behaviors. Same as KIN 540. Prerequisite: Graduate standing.

CHLH 550 Health Policy: United States credit: 4 Hours.
Comprehensive analysis of the policy process in health care in the United States; systematic and critical review of health policy development, implementation, and evaluation; impact of government at all levels and the role of providers, industry, labor, and consumer in health policy. Prerequisite: Admission to graduate program in community health or the MBA Administration Program; CHLH 429; or consent of instructor.

CHLH 565 Teaching in the Professoriate credit: 4 Hours.
Same as KIN 565, RST 560, and SHS 565. See KIN 565.

CHLH 570 Intro Public Hlth Practice credit: 1 Hour.
An introduction to principles of public health practice, covering a range of topics including history of public health, determinants of health, structure and function of the public health system, ethics, and public health approaches to prevention and to improving population health. Approved for S/U grading only. Prerequisite: MPH student or consent of the instructor.

CHLH 572 Principles of Epidemiology credit: 4 Hours.
Advanced course designed to provide an introduction to the fundamental concepts and principles of epidemiology and demonstrate their applicability in the field of public health. Emphasizes the use of epidemiologic data and research to a) describe the pattern of diseases in communities, and b) identify risk factors for diseases and for health disparities. Prerequisite: Completion or concurrent enrollment of basic statistics course is encouraged.

CHLH 573 Biostatistics in Public Health credit: 4 Hours.
Introduction to fundamental topics in biostatistics in public health, covering univariate and bivariate statistics as well as basic topics in multivariate analysis. Including practice in analyzing health data through computer laboratory sessions.

CHLH 575 Chronic Disease Prevention credit: 4 Hours.
Advanced course in population-based approaches to chronic disease prevention, with emphasis on policy and environmental strategies affecting lifestyle risk factors. Provides an understanding of common diseases, screen tests, community assessment, systematic evidence reviews, and evidence-based community interventions. Prerequisite: MPH students or consent of instructor.

Information listed in this catalog is current as of 10/2015
CHLH 577  Health Program Evaluation  credit: 4 Hours.
Use of research methods and theory for evaluation of initiatives and programs in public health and medical care. Emphasis on acquiring skills in evaluation and conducting evaluations whose results have impact on public health practice. Covers different theories and perspectives on health evaluation. Review of published evaluations used to illustrate research methods and practical issues in program evaluation. Prerequisite: MPH student or consent of instructor.

CHLH 578  Applied Epidemiology  credit: 4 Hours.
Advanced epidemiologic analysis of disease problems. Covers research designs including cohort, case-control, and intervention trials; methods of analysis including multivariate adjustment for confounding and description of effect modification; and application of statistical computer software with emphasis on chronic diseases. Same as PATH 520. Prerequisite: CHLH 474, PATH 517, or equivalent and advanced course work in statistics through multivariate analysis.

CHLH 580  Landscapes and Human Health  credit: 3 Hours.
Same as GEOG 561 and LA 570. See LA 570.

CHLH 585  Community Health Internship  credit: 4 Hours.
Observation, study, and practical work in student's area of specialization under supervision in professional field situations; student works for a minimum of 12 weeks in a University-approved agency or site. Prerequisite: CHLH 429, CHLH 474 and CHLH 510; or graduate standing in community health; or consent of the department.

CHLH 587  MPH Practicum  credit: 1 to 4 Hours.
Provides MPH students with planned, supervised and evaluated field experience in a public health practice setting where students will synthesize knowledge and skills acquired through the course of MPH study. Approved for letter and S/U grading. May be repeated up to 4 hours in separate terms. Prerequisite: Completion of all Core MPH Courses.

CHLH 589  Public Health Capstone Expnce  credit: 2 Hours.
Provides MPH students an opportunity to synthesize, integrate, and apply knowledge and skills acquired in MPH coursework, through work on a project relevant to public health practice. Generally offered for MPH students in their last semester of study in the MPH program. Prerequisite: MPH student.

CHLH 591  Seminar  credit: 1 Hour.
Lecture, discussions, and critiques on kinesiology and community health related subjects by faculty members and visiting professional leaders; presentation and criticism of student research. Approved for S/U grading only. May be repeated in subsequent terms as topics vary.

CHLH 593  Special Projects  credit: 2 to 4 Hours.
Independent research on special projects. May be repeated to a maximum of 8 hours. Prerequisite: EPSY 480, KIN 501, and CHLH 540 or equivalent.

CHLH 594  Special Topics  credit: 1 to 4 Hours.
Lecture course in topics of current interest; specific subject matter announced in the Class Schedule. May be repeated.

CHLH 599  Thesis Research  credit: 0 to 16 Hours.
Preparation of theses in community health. Approved for S/U grading only. May be repeated to a maximum of 16 hours.

REHB Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/REHB)

Rehabilitation Counseling Courses

REHB 501  Rehabilitation Research  credit: 4 Hours.
Methods and techniques of conducting and evaluating rehabilitation research; experimental and survey designs and procedures; data collection and current directions of rehabilitation research. Prerequisite: REHB 401, EPSY 480, and consent of instructor.

REHB 520  Psycho-Social Aspects  credit: 4 Hours.
Study of the social and emotional adjustment of individuals with disabilities; evaluation of effects imposed by societal attitudes; analysis of the implications for rehabilitation professionals in dealing with individuals who have a disability; review of relevant research. Same as SPED 520.

REHB 536  Assessment in Rehabilitation  credit: 4 Hours.
Theory and practice of vocational evaluation techniques for persons with disabilities. Reviews basic psychometric instruments and adds practical experience with work samples and computer-based testing. Includes hands-on experience in the evaluation of disabled clients. Prerequisite: REHB 401 or one basic course in testing.

REHB 545  Transition and Voc Planning  credit: 3 Hours.
Same as SPED 545. See SPED 545.

REHB 583  Counseling Internship  credit: 4 Hours.
Development of individual counseling skills in a rehabilitation setting; emphasis on vocational evaluation and placement skills as developed in case management and planning experiences as well as adjustment to disability, vocational choice, and job placement techniques. May be repeated to a maximum of 8 hours. Prerequisite: REHB 401, REHB 520, REHB 536, and consent of instructor.

REHB 585  Rehabilitation Practicum  credit: 4 Hours.
Practical experience in a major area of rehabilitation; discussion/laboratory sections cover such practicum topics related to administration, counseling, or supported employment and other rehabilitation services. Prerequisite: REHB 301 and consent of instructor.

REHB 593  Special Problems  credit: 2 to 4 Hours.
Independent research on special projects. Open only to majors. May be repeated to a maximum of 8 hours. Prerequisite: REHB 401, consent of instructor.

REHB 594  Special Topics  credit: 1 to 4 Hours.
Lecture course on topics of current interest; specific subject matter announced in Schedule. May be repeated to a maximum of 8 hours. Prerequisite: Will be determined for each topic and will be indicated in Schedule; REHB 401; consent of instructor.

REHB 599  Thesis Research  credit: 0 to 8 Hours.
Preparation of thesis in rehabilitation. Approved for S/U grading only. May be repeated to a maximum of 8 hours. Prerequisite: Satisfactory standing in the master's program.

Master of Public Health

http://mph.illinois.edu/

The MPH degree program requires a minimum of 48 hours. The program includes:

1. six required core courses in basic content areas of public health;
2. three required courses in the Health Behavior and Promotion concentration, as well as one additional concentration course from an approved list;
3. a practicum;

Information listed in this catalog is current as of 10/2015
4. a capstone project; and
5. seminars and electives.

MPH students must complete all core coursework before enrolling in the MPH practicum. It is highly preferable for the practicum to occur during summer term. The capstone project must be completed in the last term of study. There is no thesis requirement. A pre-requisite for applying to the MPH program is a college level course in mathematics, statistics, biostatistics, or epidemiology. Applications for the Master of Public Health (MPH) are only accepted for Fall admission, and are accepted until April 1. The program generally takes 1.5 to 2 years to complete.

University of Illinois undergraduate students who major in Kinesiology, Community Health, or I-Health are eligible to apply for a 5 year joint BS MPH degree program after their 3rd (junior) year of undergraduate study. Students in the BS MPH program begin some MPH coursework in their 4th (senior) year of undergraduate study, and take MPH coursework in a 5th year of study in fall, spring, and summer terms.

Master of Science in Community Health

http://kch.illinois.edu/Default.aspx

The specializations in Epidemiology and Health Policy & Administration require completion of 12 hours of core courses, which are intended to provide overall knowledge of the public health field and the tools necessary for successful functioning as a health specialist.

Students entering the Epidemiology specialization will be expected to have completed undergraduate coursework in data collection and processing, including issues of measurement and questionnaire design, computerization, descriptive health measures, and statistical analysis through regression. Courses must have been completed with grades of B or better. Deficiencies in these areas will require additional coursework, as necessary, for successful completion of the Master of Science degree.

The specialization in Health Policy and Administration generally takes two years, depending upon prior education and experience. Students entering the program are expected to have completed undergraduate coursework in economics, social sciences, and data collection and processing, which includes issues of measurement, questionnaire design, computerization, descriptive health measures, and statistical analysis through regression. Courses must have been completed with grades of B or better. Deficiencies in these areas will require additional coursework, as necessary, for successful completion of the degree.

Epidemiology Specialization

CHLH 429   Research Techniques 4
CHLH/ENVS/ PATH 474 Principles of Epidemiology 4
CHLH 510   Public Health Dev 4

The program generally takes two years, depending upon prior education and experience. The program includes 26 hours of required courses that are intended to provide an overall knowledge of the public health field and the tools necessary for successful functioning as a community health education specialist; hours of fieldwork experience in the summer; and a thesis. Students entering the program are expected to have completed undergraduate course work in data collection and processing, including issues of measurement and questionnaire design, computerization, descriptive health measures, and statistical analysis through regression. Courses must have been completed with grades of B or better. Deficiencies in these areas will require additional course work, as necessary, for successful completion of the degree. A non-thesis option is available with permission from the department.

Candidates for the M.S. in Rehabilitation may choose to complete the CORE accredited counseling program, for which a minimum of 48 hours must be completed. Students entering the program will be expected to have completed an undergraduate degree in a rehabilitation-related discipline and/or have a strong background in the social and biological sciences, and a course in introductory statistics. A full-time student can complete the program in three or four semesters. As with all programs, the Graduate College allows students to petition to transfer up to 12 hours of coursework completed prior to admittance to the department. Any approved graduate courses taken on campus in the summer immediately prior to admission count toward the degree and do not have to be transferred.

Major: Comparative Literature

Degrees Offered: M.A., Ph.D.

Graduate Minors, Certificates, and Concentrations: Medieval Studies (p. 801) (available to all degrees); Criticism and Interpretive Theory (http://criticism.english.illinois.edu/affiliation.htm#Cert) (available to all degrees); Gender and Women's Studies (p. 892) (available to all degrees); Cinema Studies (p. 891) (available to all degrees). For a full list, please see the Director of Graduate Study.

Graduate Degree Programs

The Program in Comparative & World Literature offers graduate programs leading to the degrees of Master of Arts and Doctor of Philosophy and is designed to provide a systematic study of subjects and problems common to several literatures. Its purpose is to enable students who have varied linguistic competence and preparation to explore the theory of literature and criticism; the interrelations of several literatures; the main currents, periods, and movements in literary history; the development of literary themes and types; and the relations between literature and the other arts.

Admission

A student entering the program should have an undergraduate major in Comparative Literature, English, the classics, or a foreign language. Majors in history and philosophy or other humanistic areas that present suitable linguistic and literary competence may also be granted admission by the Admissions Committee. All students are admitted at the MA level. Students entering with a recognized Masters degree from another university or from another department of this University have the option of taking the comparative literature and critical theory component and a literary component of this program's regular Master of Arts examination at the end of the first year as a qualifying test. For internal applicants to the Ph.D. curriculum, the Master of Arts will function as the qualifying test.

Applicants should apply online (www.grad.illinois.edu/admissions/apply/ (http://www.grad.illinois.edu/admissions/apply)), submit a statement of purpose, three letters of recommendation and a writing sample.

Original transcripts showing all undergraduate and graduate work completed should be sent to SLCL Graduate Student Services, 3070 Foreign Languages Bldg., 707 S. Mathews Ave., Urbana, IL 61801. Graduate Record Examination (GRE) scores are required and should be submitted to institution code 1836. Applicants whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL) and must score at least 105 on the internet-based test (iBT); they must also pass the speaking sub-section of the iBT with a minimum score of 24 (see www.grad.illinois.edu/Admissions/instructions/04c (http://www.grad.illinois.edu/Admissions/instructions/04c)). Applications are accepted for fall admission only.

Application questions may be directed to SLCL Graduate Student Services at slclgradservices@illinois.edu.

Graduate Teaching Experience

Although teaching is not a general Graduate College requirement, experience in teaching is considered an important part of the graduate experience in this program. Non-native English speakers must first pass a test of their oral English ability (see www.grad.illinois.edu/admissions/taengprof.htm (http://www.grad.illinois.edu/admissions/taengprof.htm)).

Financial Aid

A limited number of University fellowships and teaching assistantships, in cooperation with other departments, are available.

The Program attempts to support as many graduate students as possible through teaching and other means, but support is always contingent on the student making timely progress to the degree. Such progress is measured by course load, taking exams on time, grades, and other factors.

Master of Arts in Comparative Literature

The candidate must demonstrate a competency in at least two foreign languages as well as in English. Latin is required for students specializing in European and/or American literatures before 1800. Competence in the languages offered is measured either by the successful completion of one advanced course in the literature of each of the languages chosen or by passing an examination administered by the program in comparative

Information listed in this catalog is current as of 10/2015
literature with the assistance of an expert in the language concerned. This choice is intended to provide for languages that may not be taught in regular departments.

The candidate must complete a minimum of 32 gh of credit, including two courses in the theory of literature (CWL 501 and CWL 502), and two seminars in comparative literature selected from CWL 551, CWL 561, CWL 571, and CWL 581. At least 12 of the other 16 gh should be taken in two or three national literatures in a distribution approved by the adviser. The candidate must pass a written examination based on a reading list, which is designed to test knowledge of literary history as well as ability to interpret a literary or critical text.

CWL 501 Theory of Literature & CWL 502 and Methods of Comparative Lit
Select two of the following:
- CWL 551 Seminar Lit Movements
- CWL 561 Seminar Genres - Forms
- CWL 571 Seminar in Literary Relations
- CWL 581 Seminar Lit Themes

One or two courses in the major literature
At least one course in the minor literature
One or two courses from the above categories. (A student may take one course in a non-literary field that will provide cultural and historical contexts for the study of the student's literatures.)

Total Hours 32

Other Requirements
Other requirements may overlap
The candidate must pass a written examination based on a reading list, which is designed to test knowledge of literary history as well as ability to interpret a literary or critical text.

Minimum 500-level Hours Required Overall:
Minimum GPA: 3.25

Doctor of Philosophy in Comparative Literature

A candidate for the Doctor of Philosophy degree must fulfill the general requirements of the Graduate College in addition to those specified for the master's degree. At least 12 additional gh of work, normally at the 500 level, should be taken in courses regularly offered by the literature departments; among these, courses cross listed with the program in comparative literature are especially recommended. The candidate is responsible for a knowledge of the history of the literature in one modern language. The student also selects a period of major interest and is responsible for a knowledge of two other literatures in this period, which are considered as minors. The periods may be the Middle Ages, Renaissance, Neoclassicism and the Enlightenment, or the modern (nineteenth and twentieth centuries). Some chronological variations in coordinating the minors will be allowed for students studying non-Western literatures. A preliminary examination, i.e. a four-part written examination based on the individual program, and an oral examination with emphasis on the thesis project must be passed. The candidate must present an acceptable thesis embracing several national literatures and pass a final oral examination on the thesis.

CWL 582 Proseminar 4
Select three of the following:
- CWL 551 Seminar Lit Movements
- CWL 561 Seminar Genres - Forms
- CWL 571 Seminar in Literary Relations
- CWL 581 Seminar Lit Themes

Two courses in the major literature 8
One course in each of the minor literatures of specialization 8
Language Requirement: Command of at least three languages besides English. Three of these four languages must coincide with the student's areas of specialization and with the dissertation field.

CWL 599 Thesis Research (min/max applied toward degree) 24-32

Total Hours 64

Other Requirements
Other requirements may overlap
Students must be enrolled in graduate seminars until the preliminary examinations are taken and passed.

Masters Degree Required for Admission to PhD? Yes
Qualifying Exam Required: No

Degrees Offered: M.C.S. in Computer Science

Joint Degree Programs: the M.C.S. in Computer Science can be earned jointly with the following
Degrees Offered:
M.Arch. in Architecture
J.D. in Law

Graduate Degree Programs

The Department of Computer Science is one of the longest established computer science departments in the world and is consistently ranked as a top-5 graduate program. The department offers graduate work leading to a master's or doctoral degree, with an interdisciplinary master's degree program in bioinformatics. In addition, the department offers an online professional master's degree to reach students who are working full-time and unable to come to campus.

The Medical Scholars Program (https://www.med.illinois.edu/mdphd) permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Computer Science. Computer Science is not currently admitting to any joint master's programs at this time.

Admission

Applicants must hold a bachelor's degree equivalent to that granted by the University of Illinois at Urbana-Champaign. The recommended background for graduate students entering a Computer Science graduate degree program is a bachelor's or master's degree in computer science or computer engineering. The Graduate Record Examination (GRE) general aptitude tests (Verbal, Quantitative, and Analytical) are no longer required. However, in some cases, GRE general scores may provide helpful supporting information.

Applicants to the computer science Ph.D. program must have a minimum grade point average (GPA) of 3.40 (A = 4.00) in their undergraduate studies (international GPAs are systematically converted) to be considered. The department reserves the right to admit applicants with lower GPAs under rare and exceptional circumstances. MS and M.C.S. applicants must have a minimum GPA of 3.20. If an applicant also holds a graduate degree, the minimum GPA for that degree must be 3.00. Full details of the programs offered by Computer Science, admisissibility, application procedures, and deadlines can be found at the department's Prospective Graduate Student Information Web site (http://cs.illinois.edu/prospective-students/graduate-students). To apply, click here (http://www.grad.uiuc.edu/admissions/apply).

All applicants whose native language is not English must submit a minimum TOEFL (http://www.toefl.org) score of 79 (IBT), 213 (CBT); or minimum International English Language Testing System (IELTS) (http://www.ielts.org) academic exam scores of 6.5 overall and 6.0 in all subsections. For those taking the TOEFL or IELTS, full admission status (http://grad.illinois.edu/admissions/instructions/04c) is granted for scores greater than 102 (TOEFL iBT), 253 (TOEFL CBT) or 6.5 (IELTS). Limited status (http://www.grad.illinois.edu/admissions/instructions/04c) is granted for lesser scores and requires enrollment in English as a Second Language (ESL) courses (http://linguistics.illinois.edu/students/esl/guidelines) based on an ESL Placement Test (EPT) taken upon arrival to campus.

Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both Computer Science and the College of Medicine. An application to the Medical Scholars Program will also serve as the application to the Computer Science graduate program. Further information on this program is available by contacting the Medical Scholars Program (125 Medical Sciences Building, 217-333-8146, mspo@illinois.edu).

Medical Scholars Program

Students in the Medical Scholars program must meet the specific requirements for both the medical (https://www.med.illinois.edu/mdphd) and graduate degrees. On average, students take eight years to complete both degrees. The first year of the combined program is typically spent working on requirements of the Computer Science graduate degree.

Faculty Research Interests

Illinois has been an international leader in computing research for almost five decades. Broadly organized around 9 research areas (http://engineering.illinois.edu), Siebel Center is an interactive computing habitat, made possible by a gift from alumnus Tom Siebel. The vision for the building was not only to create a magnificent space to work in, but to offer opportunities to investigate and apply computing tools on the building itself. Advanced wireless and wired communication networks, sensors, actuators, video capture and display equipment, video walls and information panels and storage and computing capabilities within the building allow researchers to examine communication and computation issues related to pervasive computing, multimedia infrastructure, building intelligence, security and privacy, and art.

Financial Aid

Fellowships, research assistantships, and teaching assistantships (all of which include tuition and partial fee waivers) are awarded on a competitive basis. All applicants, regardless of U.S. citizenship, whose native language is not English and who wish to be considered for teaching assistantships (the most common form of financial aid for new graduate students in the department) must demonstrate spoken English language proficiency (http://grad.illinois.edu/admissions/taengprof.htm) by achieving a minimum score of 24 on the speaking subsection of the TOEFL iBT or 8 on the speaking subsection of the IELTS. For students who are unable to take the iBT or IELTS, a minimum score of
5 is required on the EPI test (http://cte.illinois.edu/testing/oral_eng/epi_overview.html), offered on campus. All new teaching assistants are required to participate in the Graduate Academy for College Teaching (http://cte.illinois.edu/programs/ta_train.html) conducted prior to the start of the semester.

### Master of Computer Science and Master of Architecture

A total of 70 graduate hours of credit are required: 32 for the M.C.S. degree as prescribed above and 38 for the Master of Architecture (p. 639) degree. Course credit required for the individual degrees is mutually exclusive.
Master of Computer Science and Juris Doctor in Law

Specific graduate hours of credit for each degree are required: 32 hours for the M.C.S. as prescribed above and 90 for the Juris Doctor (p. 776). However, some credits used in each program may apply to the other, allowing students to earn both degrees in a shorter time. For the M.C.S. degree

1. at least 12 credit hours must be law course work relating to legal protections for intellectual property or in related business law fields and
2. at least 6 credit hours must be from approved law courses as determined by the College of Law.

For the J.D. degree, 12 credit hours may be computer science or other scientific course work leading to the M.C.S. degree.

Online Program

Master of Computer Science (I2CS M.C.S.)

The Illinois Internet Computer Science option allows individuals to earn a Master of Computer Science (p. 695) degree from a leader in information technology entirely online with no required campus visits. All students receive the same lectures, class assignments, exams and projects as on-campus students. The degree requirements are the same as for the on-campus M.C.S. program (p. 695). Off-campus students have 5 years in which to complete the program. The degree awarded is the same as the on-campus M.C.S. degree. Admissions procedures and forms can be found at Degree Admissions (http://cs.illinois.edu/prospective-students/graduate-students/professional-masters-apply-now).

Master of Computer Science

This degree (http://cs.illinois.edu/prospective-students/graduate-students/professional-masters-mcs) is offered as an on-campus program or via the Internet through the I2CS program.

Breadth Requirement: four different courses, each from a different core area out of the eight core areas. (http://cs.illinois.edu/current-students/graduate-students/professional-masters-mcs)

Advanced courses – chosen from CS 500 – CS 590 and CS 598, CS 597, or an approved non-CS 500-level course may satisfy 4 credit hours of this requirement.

Elective courses (subject to Other Requirements and Conditions below) 4-8

Total Hours 32

Other Requirements and Conditions

Other Requirements and Conditions may overlap

A minimum of 24 CS credit hours must be taken from the University of Illinois at Urbana-Champaign campus.

A minimum of 12 500-level credit hours overall.

A maximum of 4 hours of CS 591 and CS 491 may be applied toward the degree.

A grade of B- or higher is required for Breadth course work.

At most, 12 semester credit hours of previous graduate course work may be transferred and applied to the M.C.S. degree requirements and 12 credit hours of non-degree graduate courses completed in the Department of Computer Science at the University of Illinois at Urbana-Champaign campus may be transferred and applied to the M.C.S. degree requirements.

All degree requirements must be completed within three consecutive semesters (only fall and spring semesters are counted).

Off-campus students have 5 years in which to complete this degree.

The minimum program GPA is 3.0.

1 For additional details and requirements refer to the department’s Graduate Degree Requirements (http://cs.illinois.edu/prospective-students/graduate-students) and the Graduate College Handbook (http://grad.illinois.edu/gradhandbook).

Master of Science in Bioinformatics, Computer Science Concentration

The CS concentration for the M.S. in Bioinformatics is an interdisciplinary degree that can be counted toward the Computer Science Ph.D.

Other Requirements

Other Requirements and Conditions may overlap

A minimum of 12 500-level credit hours overall.

The Minimum program GPA is 3.0

All degree requirements must be completed within five consecutive semesters (only fall and spring semesters are counted).

3 For additional details and requirements refer to the department’s Graduate Degree Requirements (http://cs.illinois.edu/prospective-students/graduate-students) and the Graduate College Handbook (http://grad.illinois.edu/gradhandbook).

Master of Science in Computer Science

The Master of Science (M.S.) in Computer Science is a research-oriented degree that can be counted toward the Computer Science Ph.D.
Creative Writing

creativewriting.english.illinois.edu/ (http://creativewriting.english.illinois.edu)

Head of the Department: Michael Rothberg
Director of Graduate Studies: Eleanor Courtemanche
Director of Creative Writing: Jodee Stanley
Associate Director of Creative Writing: Steve Davenport
210 English Building
608 South Wright Street
Urbana, IL 61801
(217) 333-3646
E-mail: engl_resources@ad.uiuc.edu

Major: Creative Writing
Degrees offered: M.F.A.

Information listed in this catalog is current as of 10/2015

Graduate Degree Programs
The Department of English offers a program of study leading to a Master of Fine Arts. A candidate for the MFA must spend at least four semesters or the equivalent in residence and complete at least 48 graduate hours. A full-time student typically completes this program in three academic years.

Admission
Graduate Record Examination (GRE) scores are required, but the GRE subject test for literature in English is not. All applicants whose native language is not English are required to submit Test of English as a Foreign Language (TOEFL) scores. Currently, a minimum score of 550 on the paper-based test (213 on the computer-based test) is required. Before teaching assistantship involving classroom instruction or student consultation can be awarded to a non-native speaker of English, the applicant must take the Test of Spoken English (TSE) and achieve a score of 50 or higher (230 or higher before 1996). Because applications for admission usually far exceed capacity, in recent years undergraduate grade point averages of students admitted have been significantly higher than the 3.0 (A = 4.0) required by the Graduate College. The committee on admissions tends to select those applicants who have a solid array of undergraduate courses, strong recommendations, and a compelling writing sample: in short, an academic record that shows promise of a student capable of doing outstanding work in the field and earning a degree within a reasonable time. Preference is given to applicants who will be full-time students and active degree candidates. Applicants are considered only in spring for fall admission, and the deadline for submitting applications is December 17.

Graduate Teaching Experience
Experience in teaching is considered a vital part of the graduate program and is required as part of the academic work of all MFA candidates in this program.

Financial Aid
Financial aid is available to students in the form of fellowships, teaching assistantships, and waivers of tuition and service fees. For complete information about the program, prospective applicants should consult our website at http://creativewriting.english.illinois.edu/graduate/about/.

Master of Fine Arts in Creative Writing

| Workshops                                       | 16 |
| Craft course in the appropriate genre          | 4  |
| Proseminar                                     | 4  |
| Approved Literature courses at the 400 and 500 level | 8  |
| Electives                                      | 8  |
| CW 595 Final Project                           | 0-12 |
| Total Hours                                    | 40-52 |

Other Requirements

Other requirements may overlap

Four semesters in residence
Teaching experience is required.
A public reading from the completed project is required for graduation
Minimum 500-level Hours Required Overall: 12
Minimum GPA: 2.75

Other Requirements

Other Requirements and Conditions may overlap

A minimum of 16 CS credit hours must be taken from the University of Illinois at Urbana-Champaign campus.

A minimum of 12 500-level credit hours overall.

A maximum of 4 hours of CS 591 and CS 491 may be applied toward the degree.

A grade of B- or higher is required for Breadth Requirement course work.

At most, 12 semester credit hours of previous graduate course work may be transferred and applied to the M.S. degree requirements and 12 credit hours of non-degree graduate courses completed in the Department of Computer Science at the University of Illinois at Urbana-Champaign may be transferred and applied to the M.S. degree requirements.

It is each student’s responsibility to secure a M.S. thesis advisor and start thesis research no later than the beginning of the third semester in the program.

All degree requirements must be completed within five consecutive semesters (only fall and spring semesters are counted).

The minimum program GPA is 3.0.

1 For additional details and requirements refer to the department’s Graduate Degree Requirements (http://cs.illinois.edu/prospective-students/graduate-students) and the Graduate College Handbook (http://grad.illinois.edu/gradhandbook).
For additional details and requirements refer to the department’s program requirements and the Graduate College Handbook.

Crop Sciences

www.cropsci.illinois.edu

Head of the Department: G. A. Bollero
AW-101 Turner Hall
1102 South Goodwin Avenue
Urbana, IL 61801
(217) 244-0396
E-mail: sdcarson@illinois.edu

Major: Crop Sciences
Degrees Offered: M.S., Ph.D.

Major: Bioinformatics
Degrees Offered: M.S.
Graduate Concentration: Crop Sciences

Online Program: Crop Sciences
Degrees Offered: M.S.

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Crop Sciences and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.illinois.edu/msp).

Graduate Degree Programs

The Department of Crop Sciences offers programs leading to the Master of Science and Doctor of Philosophy degrees. Great flexibility exists for planning programs in various areas, and no rigid curricula are prescribed. The following areas of specialization, along with some of the corresponding disciplines, indicate the breadth of opportunities:

- plant pathology including epidemiology, control, mycology, phytobacteriology, virology, nematology, and host plant resistance;
- plant breeding and genetics including cytotgenetics, molecular genetics, quantitative genetics, and genetics of host-pathogen interactions;
- molecular biology and physiology including biochemistry, plant physiology, tissue culture, and plant-pathogen interactions;
- crop production including management, crop ecology, plant nutrition, and international crop production;
- weed science including biology, control, and ecology;
- bioinformatics;
- biometry including experimental design and data analysis;
- integrated pest management including response of crops to climate changes and fate of agricultural chemicals.

These areas of specialization apply to both agronomic and horticulture crops including ornamentals, turf grasses, fruits and vegetables.

The genomic and proteomic projects are generating large amounts of complex biological data that require effective storage, retrieval, analysis and interpretation. The bioinformatics degree program provides students with the skills necessary to augment the understanding and use of agricultural, biological and medical information and resources through the application of molecular, chemical, physical, computational, statistical, mathematical and informatic techniques. Students interested in this program may come with undergraduate training in one of the following areas:

1. biological and agricultural sciences,
2. statistical, mathematical and computer sciences,
3. informatics and engineering sciences.

Graduates from the bioinformatics program will be able to integrate basic and applied concepts in the three areas and apply them to biotechnology and medical research. For additional information, please see our website at cropsci.illinois.edu/graduate/programs/.

Admission

Applicants are considered for admission to the Master of Science program if they have a bachelor’s or equivalent degree comparable to that granted by the University of Illinois. Admission to the Ph.D. program will be considered for applicants with the M.S., those nearing completion of the M.S., and in some cases, those with the B.S. Because of the diversity of programs in the Department of Crop Sciences, the preparation that is needed varies considerably. Strong letters of reference, evident motivation to undertake graduate study, and good preparation in basic science courses enhance an applicant’s credentials. For some programs, greater emphasis is given to previous training in plant sciences, chemistry, or mathematics. A grade point average equivalent to at least a B in the last 60 semester hours of undergraduate course work plus any graduate level work completed is required. All applicants whose native language is not English are required to submit the results of the TOEFL or IELTS as evidence of English proficiency. Official scores are required to be submitted directly from TOEFL/ETS or IELTS to the University. Additional information for international applicants is available at: www.grad.illinois.edu/prospective/international.htm. Results of the Graduate Record Examination (GRE) are required for applicants to all programs except the Online Master of Science degree program. Please see our web page for additional information: cropsci.illinois.edu/graduate/admission.

Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Crop Sciences. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp.

Graduate Teaching Experience

Although teaching is not a general Graduate College requirement, experience in teaching is considered an important part of the graduate experience in this program.
**Faculty Research Interests**

Please refer to the following webpage for a detailed listing of our faculty and their areas of interest: [cropsci.illinois.edu/directory/faculty](http://cropsci.illinois.edu/directory/faculty).

**Facilities and Resources**

The department of crop sciences has excellent laboratory, greenhouse, and field research facilities available for all types of research. A network of experimental locations throughout the state and cooperative arrangements with other states make thesis research possible under a wide range of environmental and climatic conditions. The department’s involvement in international programs may provide opportunities to conduct thesis research abroad. All phases of research, from bioinformatics, molecular biology and biophysics to field testing and crop production, are supported by state-of-the art facilities. A map of the facilities can be seen at [cropsci.illinois.edu/about/facilities](http://cropsci.illinois.edu/about/facilities).

**Financial Aid**

Fellowships and assistantships are available to outstanding students on a competitive basis. Awards for financial assistance are based principally on a candidate’s academic record, statement of plans, letters of reference, and GRE scores.

- Master of Science in Crop Sciences (p. 699)
- Master of Science in Bioinformatics, Crop Sciences Concentration (p. 699)

**Doctor of Philosophy in Crop Sciences**

Students are required to pass a preliminary examination within five semesters of first enrolling, not including the summer terms, and after substantial completion of the Ph.D. graded coursework requirement. The preliminary examination is comprised of both an oral and written component and students are expected to defend their Thesis Proposal at the oral component of the examination. Those students on the BA to PhD plan must also pass a Qualifying Exam. An acceptable dissertation is required. Residence requirements are the same as those of the Graduate College.

**Entering with approved B.S./B.A. degree**

Coursework approved by the graduate guidance committee an including CPSC 594, with a grade point average of at least a B, including 16 hours outside the core specialization area are required. (CPSC 594 is not required if it was taken in fulfillment of the master’s degree.)

1 For additional details and requirements refer to the department’s [graduate handbook](http://cropsci.illinois.edu/sites/cropsci.illinois.edu/files/pdf/Grad_Student_Handbook_2013.pdf) and the [Graduate College Handbook](http://www.grad.illinois.edu/gradhandbook).

The Online M.S. in Crop Sciences program enables students to strengthen their education typically through part-time study, as most students are working professionals. Courses are delivered mainly through online and other distance education technologies and occasional site-based programming (site-based courses are optional and not required to complete the degree). The Crop Sciences online M.S. program is typically completed as a non-thesis degree, but a thesis option can be pursued pending Departmental approval. (p. 699) The program has a 30 plus year history of providing high quality University of Illinois courses and began granting off-campus MS degrees in 1986 to agriculture professionals across Illinois, as well as in neighboring states. Students may enroll in individual courses for personal or professional advancement or may apply for admission to the master’s degree program in Crop Sciences. Students who successfully complete three qualifying courses may also receive a Professional Development Certificate in Crop Sciences.
The Online M.S. in Crop Sciences program also works in conjunction with the Natural Resources and Environmental Studies Online M.S. program and the Agriculture Education Online M.S. program to offer a diverse set of courses. The Department of Crop Sciences is looking to the future and the needs of non-traditional students. Therefore, new courses are continually in development for online delivery and blended formats. A student may complete their entire degree requirements online from anywhere in the world and they are available to in-state students and out-of-state students at the same tuition rates. For more information on Crop Sciences, the Online M.S. in Crop Sciences degree program or certificate offerings, please visit cropsci.illinois.edu/online-program.

### Master of Science in Bioinformatics, Crop Sciences Concentration

The Crop Sciences concentration within the M.S. degree in Bioinformatics can be earned with a thesis option or a non-thesis option, which requires optional supervised research experiences.

Curriculum and Instruction

education.illinois.edu/ci (http://education.illinois.edu/ci)

Head of the Department: Fouad Abd El Khalick
Director of Graduate Studies: Karla Möller
Graduate Admissions Information: Myranda Lyons
311 Education Building
1310 South Sixth Street
Champaign, IL 61820
(217) 244-8286
E-mail: cigradprograms@ed.illinois.edu

Major: Curriculum and Instruction
Degrees offered: Ed.M., M.S., M.A., C.A.S., Ph.D., and Ed.D.
Graduate Concentration: Second Language Acquisition and Teacher Education (Ph.D. only), Writing Studies (Ph.D. only)

Major: Early Childhood Education
Degrees offered: Ed.M. with teacher licensure

Major: Elementary Education
Degrees offered: Ed.M. with teacher licensure

Major: Secondary Education
Degrees offered: Ed.M. with teacher licensure

Graduate Concentrations: English, Mathematics, Sciences, Social Studies

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Curriculum and Instruction and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.illinois.edu/mdphd)

Graduate Degree Programs

The Department of Curriculum and Instruction offers graduate programs leading to the degrees of Master of Education (Ed.M.), Master of Science (M.S.), Master of Art (M.A.), Certificate of Advanced Study (C.A.S.), Doctor of Philosophy (Ph.D.), and Doctor of Education (Ed.D.). An example of faculty research areas:

- Aesthetics Education
- Bilingual/ESL Education
- Curriculum Studies
- Early Childhood Education
- Early Literacy
- Elementary Education
- English Education
- Literature for Children and Adolescents
- Mathematics Education
- Multicultural Education
- Reading Education
- Science Education
- Second Language Literacy
- Secondary Education
- Social Studies Education
- Teacher Education
- Technology Studies
- Writing Education

Graduate students interested in writing can obtain a concentration in Writing Studies (http://www.cws.illinois.edu/graduate) at the Ph.D. level.

Through the Master of Education and the Certificate of Advanced Study, experienced teachers are prepared to become more competent and better informed practitioners who serve as leaders for educational reform in local schools and school districts.

Also offered are master's degree programs leading to teacher licensure for individuals who have a degree in a field other than education and wish to become teachers. The three majors leading to licensure are Early Childhood Education, Elementary Education, and Secondary Education. In addition to completing the courses required for an Ed.M. degree, students in these programs follow the same sequence of professional education courses as undergraduate students.

Only master’s students wishing to become licensed teachers in one of these three areas should apply to the Early Childhood Education, Elementary Education, or Secondary Education majors. Master’s candidates who do not wish to become teachers, or are already teachers, should apply to the major in Curriculum and Instruction.

Two doctoral degree programs are offered. The Ph.D. program prepares degree candidates for careers involving research and scholarship, including those in colleges and universities where research is generally combined with teacher education. The Ed.D. Program prepares scholarly practitioners for leadership positions in teacher training institutions, state education agencies, and public school districts.

Length of time for a degree: an Ed.M. program can be completed in a calendar year, while the M.S. or M.A. often takes longer. The Ed.M. with licensure typically takes two years to complete. Doctoral programs usually require four to five years of full time study.

Admission

Applicants should apply online at www.education.illinois.edu/ci/admissions (http://www.education.illinois.edu/ci/admissions). In addition to the application, the applicant is required to submit the following information: a statement of purpose, updated resume, official transcripts from all colleges attended, and three letters of recommendation. Scores for the Graduate Record Examination (GRE) must be submitted for Ph.D. applicants who wish to specialize in mathematics, science, or instructional technology. No GRE test scores are necessary for other areas of study or degrees. A scholarly writing sample in English, such as a master’s thesis, article, or paper, is required for application to a doctoral program. Applicants for the master’s degree with teacher licensure must submit passing scores on the Illinois Licensure Testing System Test of Academic Proficiency (TAP) or use their ACT/SAT score in lieu of passing the TAP (http://education.illinois.edu/students/prospective-students/ACT) and for secondary education licensure, the appropriate content area examination. Note: The master’s with teacher licensure program only admits students for the fall term.

International applicants must submit TOEFL scores. The Department of Curriculum and Instruction’s TOEFL requirement for full status
admission is greater than 102; the minimum score for limited status is 550 on the paper-based test, 79 on the internet-based test and 213 on the computer-based test. International applicants must also submit a Declaration and Certification of Finances. Please note: TOEFL or IELTS scores must be less than two years old from the first day of class at the proposed term of entry in order to be valid. In addition, individual academic programs may require a higher score, or evidence of spoken English language proficiency; contact your proposed program of study office (http://www.grad.illinois.edu/admissions/depts) for the minimum TOEFL, TSE, or IELTS requirement for admission. For additional details, refer to the Graduate College Handbook www.grad.illinois.edu/admissions/instructions/04c (http://www.grad.illinois.edu/admissions/instructions/04c).

Degree Requirements
- Masters (p. 701)
- Doctoral (p. 701)
- C.A.S. (p. 701)

For additional details and requirements refer to the department's Web site (http://www.education.illinois.edu/ci), the College of Education Graduate Programs Handbook (http://www.ed.illinois.edu/students/grad_handbook), and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Medical Scholars Program
The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Curriculum and Instruction. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

Faculty Research Interests
For information about specific faculty research interests, current grants, and publications, please visit the Faculty Research Profiles web site: www.ed.illinois.edu/ci/frp (http://education.illinois.edu/ci/people).

Facilities and Resources
Departmental resources consist of cooperation with Children's Research Center, Center for Small Urban Communities, as well as other resources in the College. Students who are interested in second language acquisition can become a part of the SLATE program. The department is connected to the University of Illinois Writing Project and the following journals: International Journal of Education & the Arts, Journal of Curriculum Studies, and American Educational Research Journal. The department also has resources for graduate students such as the Language and Literacy Student Organization and other student-initiated groups in Curriculum, Aesthetics, and Teacher Education; and Mathematics, Science, and Technology.

The College of Education also has many resources to assist graduate students through their academic career. The Bureau of Educational Research works with students to secure research funding. The Council on Teacher Education (http://cote.illinois.edu) entitles candidates seeking a Professional Educator License and provides accreditation of professional education programs. Each student completing a degree program is assigned a graduate adviser, who is available to assist the student with planning the program of study and determining degree requirements, courses and timelines for degree completion.

Information on University resources can be found at www.grad.illinois.edu/campus-resources (http://www.grad.illinois.edu/campus-resources).

Financial Aid
Financial aid in the form of assistantships, scholarships, fellowships, and tuition waivers can be found throughout the college and campus. There are opportunities available through the department (http://education.illinois.edu/ci), the College of Education (http://education.illinois.edu/students/grad_financialaid), and the Bureau of Educational Research (http://www.ed.illinois.edu/ber/fundingresources.html) Please note: Graduate students employed as Staff by the University of Illinois at Urbana-Champaign are not eligible for a College of Education Award or Scholarship. Campus opportunities can be found at the Graduate College (http://www.grad.illinois.edu/funding-jobs) and the Office of Student Financial Aid (http://www.osfa.illinois.edu).

Human Subjects Approval

Joint M.B.A. Program

Students in this unit may choose to earn their major degree and simultaneously complete an M.B.A., with 12 fewer required hours than when pursuing both degrees independently. Students must be enrolled in the M.B.A. program for three terms and complete all the requirements of their primary degree. Interested students should see the joint program requirements (p. 668) and contact the M.B.A. program and their major department office for more information.
Master of Education in Curriculum and Instruction

Psychological Foundations Courses in Educational Psychology

Select one of the following: 4
EPSY 400 Psyc of Learning in Education
EPSY 401 Child Language and Education

### Dance

- [www.dance.illinois.edu](http://www.dance.illinois.edu)

Head of the Department of Dance: Jan Erkert
MFA Program Director: Jennifer Monson
907 1/2 West Nevada Street
Urbana, IL 61801
(217) 333-1010
Fax: (217) 333-3000
E-mail: dance@illinois.edu

Major: Dance

Degrees Offered: M.F.A.

### Graduate Degree Program

The Department of Dance offers a graduate program leading to the Master of Fine Arts degree. The mission of the MFA Program is to foster substantive choreographic research that posits dance as a force in contemporary culture. The program embraces a wide spectrum of individual movement research and embodied practice to create a dynamic learning atmosphere for critical engagement with choreographic process.

The Dance Department expects MFA candidates to conduct a creative inquiry that leads to the development of a sophisticated sense of self-definition. Individual research and analysis should culminate in the development of a personal artistic process and mission and should be evident in the following contexts:

**Choreographing:** Candidates will develop a distinctive choreographic research methodology and demonstrate its skillful application in a performative context. This artistic process/vision/field of interest must establish a solid foundation for ongoing research and engagement that contributes to the global dialogue about dance and contemporary culture.

**Communicating:** Candidates will develop the ability to express their choreographic vision and process in verbal and written language that is clear, cogent, and demonstrates clear analytic skill, critical thinking, awareness of historical context, and knowledge of contemporary culture.
Moving: Candidates will demonstrate a commitment to movement investigation and practice that defines, advances, and sustains their choreographic vision.

Teaching: Candidates will apply their research vision in clear pedagogic principles while fostering a stimulating teaching/learning environment.

Developing a Career Plan: Candidates will devise bold and innovative career strategies in order to advance their artistic mission in the field and demonstrate the capacity to implement these plans with professionalism in all the above contexts.

**Admission Requirements**

Prerequisites for admission to the MFA program are:

1. An undergraduate degree in dance is preferred, but we do accept students with undergraduate degrees in other subjects. Depending on background and skills, students may be expected to complete other dance requirements.
2. Demonstrated potential to engage in critical thinking and writing.
3. Demonstrated choreographic achievement and potential to make innovative contributions to the field.
4. A minimum grade point average of 3.0 on a 4 point scale, computed from the last 60 hours of undergraduate work and any graduate work completed.

International students must have a minimum TOEFL score of 79 on the internet-based test, 213 on the computer-based tests, or 550 on the paper test for limited status admission. Students with these minimum scores must take the English as a Second Language Placement Test (EPT) upon entry to the University. International students who receive a score greater than 103 on the internet-based test, 257 on the computer-based test, or 613 on the paper test are eligible for full status admission. Students with these scores are exempt from the English as a Second Language Placement Test. The GRE is not required.

International students must have a minimum TOEFL score of 79 on the internet-based test, 213 on the computer-based tests, or 550 on the paper test for limited status admission. Students with these minimum scores must take the English as a Second Language Placement Test (EPT) upon entry to the University. International students who receive a score greater than 103 on the internet-based test, 257 on the computer-based test, or 613 on the paper test are eligible for full status admission. Students with these scores are exempt from the English as a Second Language Placement Test. The GRE is not required.

**Faculty Research Interests**

An extraordinary faculty of artists, researchers and scholars has gathered at Illinois, who are creating new paradigms for interactions between the professional arena and the academic training ground. Our group of professional artists includes Jan Erkert, Sara Hook, Philip Johnston, Linda Lehovec, Jennifer Monson, Rebecca Nettl-Fiol, Tere O'Connor, Cynthia Oliver, Kirstie Simson, Endalyn Taylor, John Toenjes, Renee Wadleigh, and Abby Zbikowski, all of whom share a commitment to teaching and preparing students for leadership roles in the field of dance.

**Financial Aid**

Two forms of financial aid are offered to graduate students by the Department of Dance:

- Teaching, video and administration assistantships are available to graduate students. Assistantships of 25% or greater qualify the student for a tuition waiver. All students are required to apply for Federal Work Study.
- A variety of Fellowships are available through The Graduate College each year, including: (A full listing of Fellowships can be found at: www.grad.illinois.edu/fellowships (http://www.grad.illinois.edu/ fellowships)
  - The Creative and Performing Arts Fellowship, which may include stipends up to a maximum of $6,000 for a student demonstrating outstanding choreographic and performance talent.
  - The Graduate College Fellowship for Underrepresented Students provides fellowships in the amount of $8,000 and are available to outstanding minority students.

Graduate teaching assistantships are awarded to experienced teachers. Prospective students who have had prior teaching experience may apply for a teaching interview by completing the enclosed Teaching Audition Application Form. A letter of recommendation from a dance professional who has observed the applicant’s teaching is required with the application.

Prospective MFA candidates are encouraged to apply for financial assistance through the Office of Student Financial Aid, 420 Student Services Bldg., University of Illinois at Urbana-Champaign, Champaign, IL 61820. (217) 333-0100.

**Master of Fine Arts in Dance**

Some degree of curricular flexibility is permitted depending on previous experience and current interests and goals. Cross-disciplinary work and independent study in areas of interest are encouraged. The ability of the candidates to pursue graduate study is assessed at the midterm of the second semester in the first and second year in residence, at which time a decision is made regarding continuation in the program. A third year review in the fall semester will determine if thesis production and writing are progressing sufficiently.

- Physical Practice, at least 2 hours through DANC 560 6
- Historical and Theoretical Studies 8

- 400/500 level elective course outside the Department of Dance in related area of research 4
- Electives which may be taken in Dance or related areas of interest 17

**Total Hours** 60

**Other Requirements**

- Other requirements may overlap
- Course work taken to completed undergraduate deficiencies will not receive graduate credit.
- Residency requirement of three years (six semesters)

*Information listed in this catalog is current as of 10/2015*
Minimum GPA: 2.75

For additional details and requirements refer to the department’s MFA Handbook (http://dance.uiuc.edu/for-current-students-and-faculty/ handbooks-and-policies) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

- Minor in Dance (p. 891)

East Asian Languages and Cultures

www.ealc.illinois.edu (http://www.ealc.illinois.edu)

Head of Department: Jerome Packard
Director of Graduate Studies: Makoto Hayashi
2090 Foreign Languages Building
707 South Mathews Avenue
Urbana, IL 61801
(217) 244-1432
E-mail: ealc@illinois.edu

Major: East Asian Studies
Degrees Offered: M.A.

Major: East Asian Languages and Cultures
Degrees Offered: Ph.D.
Graduate Concentration: Medieval Studies (p. 801) (Ph.D.), Second Language Acquisition and Teacher Education (p. 848) (Ph.D. only)

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in East Asian Languages and Cultures and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.illinois.edu/mdphd).

Graduate Degree Programs

The Department of East Asian Languages and Cultures offers academic programs in the languages and the humanistic cultures of China, Japan, and Korea, and of the East Asian region as a whole, leading to the Master of Arts in East Asian Studies and the Doctor of Philosophy in East Asian Languages and Cultures.

www.ealc.illinois.edu/programs/graduate/ (http://www.ealc.illinois.edu/ programs/graduate)

Admission

Applicants are expected to have a strong background in at least one East Asian language; normally, this means a minimum of two years of formal study. Applicants to the graduate program must submit an application for admission online (www.grad.illinois.edu/admissions/apply (http://www.grad.illinois.edu/admissions/apply)) and submit a statement of purpose, three letters of reference completed by teachers, advisers, or recent employers, and a 10-20 page writing sample. Original transcripts (with English translations if applicable) showing all undergraduate and graduate work completed should be sent to:

SLCL Graduate Student Services
3070 Foreign Languages Bldg.
707 S. Mathews Ave.
Urbana, IL 61801

Graduate Record Examination (GRE) scores are required and should be submitted to institution code 1836. Applicants whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL) and must score at least 103 on the internet-based test (iBT) for admission with full standing; they must also pass the speaking sub-section of the iBT with a minimum score of 24 (see www.grad.illinois.edu/Admissions/instructions/04c (http://www.grad.illinois.edu/Admissions/instructions/04c)). Students with a B.A. or B.S. only should apply to the M.A. Applications are accepted for fall admission only. Application questions may be directed to SLCL Graduate Student Services at slclgradservices@illinois.edu (slclgradservices@illinois.edu)

Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including East Asian Languages and Cultures. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at https://www.med.illinois.edu/mdphd/.

Graduate Teaching Experience

Although teaching is not a general Graduate College requirement, experience in teaching is considered an important part of the graduate experience in this program. Therefore, applicants are requested to include information on teaching background as part of the application, and students can normally be expected to teach at least one semester as part of their graduate experience. Non-native English speakers must first pass a test of their oral English ability.

www.grad.uiuc.edu/admissions/taengprof.htm (http://www.grad.uiuc.edu/admissions/taengprof.htm)

Financial Aid

The Department makes every effort to assist graduate students in securing financial aid. Financial aid packages usually combine some form of fellowship support with teaching or research assistantships in a manner that allows for both teaching experience and timely completion of the degree. In recent years, almost all EALC graduate students have received some form of financial support. Financial aid for graduate students in the Department of East Asian Languages and Cultures may include:

- University Fellowships
- Foreign Language and Area Studies (FLAS) Fellowships
- University Dissertation Completion Fellowships
- Minority Academic Partnership Plan (MAPP) Fellowships
- teaching assistantships
- research assistantships

All awards of financial aid are made following competitive application.

Minimum 500-level Hours Required 12
Overall: Minimum GPA: 2.75

Doctor of Philosophy in East Asian Languages and Cultures

Applicants to the Ph.D. program normally must hold a master's degree in East Asian studies or a related discipline with an East Asian concentration.

Candidates for the Ph.D. may specialize in culture (e.g., religion, literature, history, anthropology), language acquisition, or language pedagogy, with a major concentration in China, Japan, or Korea.

Other general requirements include: an annual review of progress, including an evaluation of research capability; a written and oral preliminary examination in the major and two minor fields (after completion of coursework); presentation of a dissertation proposal (often as part of the preliminary exam); and completion and defense of the dissertation. www.grad.illinois.edu/gradhandbook/chapterVI/section01

Entering with approved M.S./M.A. degree

Courses in the major field defined by culture and discipline (500-level) 16
Research seminars (500-level) 8
Elective 500-level courses 8
Two graduate courses in a second discipline and two in a second culture must be completed as part of the Ph.D. coursework

Language Requirement:

Candidates must demonstrate a knowledge of one East Asian language at the fourth-year level by satisfactory completion of appropriate (400-level) coursework or examination and passage of a written examination covering material studied while in residence.

Demonstration of proficiency in a second language relevant to the student’s course of study usually Chinese, Japanese, Korean evidenced by either a) completion of minimum of two years of an approved sequence courses; or b) by examination.

EALC 599 Thesis Research (32 max applied toward degree) 0-32

Total Hours 64

Other Requirements

Other Requirements may overlap

In addition to the language requirements noted above, Ph.D. students whose primary focus is Japan are required to take one year of classical Japanese, and those whose primary focus is China are required to take one year of classical Chinese. These may be counted toward degree requirements.

Qualifying Exam Required No
Preliminary Exam Required Yes

Information listed in this catalog is current as of 10/2015

Major: Economics
Degrees Offered: M.S., Ph.D.
Graduate Concentration: Policy Economics (M.S. only)

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Economics and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.illinois.edu/mdphd)

Graduate Degree Programs

The Department of Economics offers graduate programs leading to the Master of Science in Policy Economics and Doctor of Philosophy degrees. The candidate for a Ph.D. may specialize in the following fields:

- microeconomic theory
- public economics
- macroeconomic theory
- international economics
- labor economics
- development economics
- mathematical economics
- econometrics
- industrial organization

The department is not admitting students to the M.A. at this time.

Admission

Admission to the Ph.D. program is available only for the fall semester. In addition to the standard undergraduate preparation in economics, students are expected to have had at least two semesters of calculus and one of linear algebra to be admitted to the Ph.D. program. The results of the Graduate Record Examination (GRE) should accompany applications for admission. Graduate College admission requirements apply. In addition, international students must submit Test of English as a Foreign Language (TOEFL) or IELTS results; if they wish to apply for a teaching assistantship, the Test of Spoken English (TSE) or completion of the speaking section of the TOEFL-IBT or IELTS is also required.

Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Economics. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the Department of Economics and the College of Medicine. Students in the combined program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at https://www.med.illinois.edu/mdphd/.
Graduate Teaching Experience

Experience in teaching is considered an important part of the graduate program and is encouraged as part of the academic work of all Ph.D. candidates in this program.

Financial Aid

In recent years, the Department of Economics has been able to offer assistantships to most students who meet the standards for admission or continuation in the Ph.D. program. In order to qualify for a teaching assistantship, non-native speakers of English must pass a speaking proficiency test of the English language.

- Master of Science in Economics (p. 710)
- Master of Science in Economics, Policy Economics Concentration (p. 711)

Doctor of Philosophy in Economics

Students must pass comprehensive qualifying examinations on Econometrics, Macroeconomics and Microeconomics. Those who fail the comprehensive examinations will have a 2nd chance in the start of the fall semester and a 3rd chance at the end of the fourth semester (in this 3rd chance they will take the exams with the first year students of the next cohort). Students who have failed the 3rd chance will not be allowed to register for the following year. Upon meeting course and GPA requirements, they will be eligible to receive a master's degree in Economics, provided they have not previously received such a degree from another institution.

Candidates must also successfully complete two fields through coursework and/or a written examination. A research paper must be submitted prior to the start of the third year and approved prior to the end of that year. Students who fail to meet these deadlines will have reduced financial support and be placed on academic probation. Unless they return to good standing by satisfying the requirement, they will be dropped from the program at the end of the following semester.

A dissertation is also required. In addition, candidates are required to give an oral defense of the dissertation proposal and pass an oral final examination covering the Ph.D. degree in four years beyond the bachelor's degree. An additional year or more is usually necessary, especially for those holding part-time assistantships. Students in the Ph.D. program may earn a master's degree as they work toward the Ph.D. degree.

Optional: A not-for-credit Math Camp after campus orientation, consisting of 12 hours of instruction. The aim of the Math Camp is to prepare students with no master's level coursework in mathematical economics for the program's first year classes. However, it will be open to all incoming students.

Additional information can be found at www.economics.illinois.edu/programs/phdprogram/ and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Master of Science in Economics, Policy Economics Concentration

This is a specially designed one- to two-year program to address the needs of two groups of students. One is promising young professionals and administrators who need additional training in the areas of economic analysis and quantitative techniques. The other is students who are potentially interested in pursuing a Ph.D. degree but require additional qualification to enable them to do so. While earning the master’s degree and acquiring the necessary tools for further studies, they will learn if the pursuit of a Ph.D. degree is within their reach and suits their purposes.

Students enter the program only in the fall term.

The required coursework is further enriched through
1. academic advising wherein an academic advisor with an open-door policy allows the MSPE students to drop by his office at their convenience, discuss their academic questions with him, and re-optimize their program of study on a continual basis. The academic advisor also provides guidance on study plans beyond graduation and provides support in achieving them;
2. an orientation program that includes an intensive mathematics course; this course serves as a refresher for the math content to be utilized during the students’ courses in the program;
3. opportunities to participate in field trips to observe the operation of financial institutions, modern industrial production facilities, federal and state government agencies, and international institutions;
4. scheduled lectures by outstanding, internationally known economists;
5. discussion groups and tutoring for participants who are having difficulty;
6. program staff assistance with visas, housing, and other nonacademic concerns; and
7. participation in social activities, including graduation dinners, holiday parties, picnics, and special luncheons.

This is a designated full-cost recovery program and no financial aid is available for the students in this program.

Please see www.mspe.illinois.edu (http://www.mspe.illinois.edu) for detailed information on the MSPE Program.

ECON 500  Microeconomics  4
ECON 501  Macroeconomics  4

Major: Education Policy, Organization and Leadership

Off-Campus Program: Ed.M., C.A.S., Ed.D.
Graduate Concentration: Educational Administration and Leadership.

Online Programs: Ed.M.

Graduate Minor: College Teaching

Joint Degree Program: Education Policy, Organization and Leadership and Business Administration

Information listed in this catalog is current as of 10/2015
Degrees Offered: Ed.M./M.B.A., M.A./M.B.A.

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Education Policy, Organization and Leadership and Doctor of Medicine (M.D.) through the Medical Scholars Program. (https://www.med.illinois.edu/mdphd)

Graduate Degree Programs

Degree programs in the Department of Education Policy, Organization and Leadership are designed to meet the academic and professional interests of individuals preparing for careers as academic professionals, adult educators, college professors, corporate trainers, educational policy analysts, governmental administrators, instructional designers/technologists, non-profit representatives, organizational development specialists, and university administration leaders. The department has adopted a division structure that currently includes the following: (1) Education Policy and Social Outcomes; (2) Higher Education; (3) Educational Administration and Leadership; (4) Human Resource Development; (5) Social and Philosophical Foundations; and (6) Global Studies in Education.

Admission

The Department of Education Policy, Organization and Leadership carefully considers all applicants for graduate study. Applicants should consult the department website for more detailed application information http://education.illinois.edu/epol/admissions/howtoapply and should apply online at http://www.grad.illinois.edu/admissions/apply. The quality of the applicant’s undergraduate and graduate training and grade point average are primary considerations. Other important factors evaluated include the three letters of recommendation and statement of purpose. International applicants must submit a TOEFL score.

Off-Campus Programs

The Education Policy, Organization and Leadership department offers selected off-campus programs in the Chicago region, through the use of a cohort model. The Ed.M. and C.A.S. degree options with General Administrative Endorsement are offered in the Chicago region. An Ed.D. degree cohort also is available in School Executive Leadership. Students enrolled in the Ed.D. program may also attend selected classes on the Urbana-Champaign campus. Requirements for the off-campus Ed.M., C.A.S., and Ed.D. programs are identical to the on-campus degrees.

Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

Facilities and Resources

The College of Education also has many resources to assist graduate students through their academic career. The Bureau of Educational Information listed in this catalog is current as of 10/2015 Research works with students to secure research funding. The Council on Teacher Education entitles candidates seeking a Professional Educator License and provides accreditation of professional education programs. Each student completing a degree program is assigned a graduate adviser, who is available to assist the student with planning the program of study and determining degree requirements, courses and timelines for degree completion.

Information on University resources can be found at www.grad.illinois.edu/campus-resources (http://www.grad.illinois.edu/campus-resources).

Financial Aid

Financial aid in the form of assistantships, scholarships, fellowships, and tuition waivers can be found throughout the college and campus. There are opportunities available through the department (http://education.illinois.edu/epol), the College of Education (http://education.illinois.edu/students/graduate-financialaid), and the Bureau of Educational Research (http://www.ed.illinois.edu/bet/fundingresources.html). Please note: Graduate students employed as Staff by the University of Illinois at Urbana-Champaign are not eligible for a College of Education Award or Scholarship. Campus opportunities can be found at the Graduate College (http://www.grad.illinois.edu/financial-aid) and the Office of Student Financial Aid (http://www.osfa.illinois.edu).

Degree requirements for the two masters degrees in Education Policy, Organization and Leadership (EPOL), the Master of Education (M. Ed.) and the Master of Arts (M.A.) are listed below. Students may select an optional concentration (p. 715). Concentrations are available in Educational Administration and Leadership, Global Studies in Education, Higher Education, Human Resource Development, and Learning Design and Leadership. The African American Studies concentration (p. 622) is available for the M.A. degree.

Master of Education (M. Ed.) in Education Policy, Organization and Leadership

Psychological Foundations Courses in Educational Psychology

Select one of the following:

* EPSY 400  Psyc of Learning in Education
* EPSY 401  Child Language and Education
* EPSY 402  Sociocultural Infl on Learning
* EPSY 404  Adjustment in School Settings

EPS 423 Politics of Education
EPS 424 Economics of Education
EPS 426 Comparative Education

500-Level Courses Required in Education (Thesis Research Credit not included) 12
400/500-Level Courses approved by Advisor (Thesis Research Credit and Independent Study can be applied up to a maximum of 8 hours each) 12
(Optional) Concentration Courses. May overlap with other coursework requirements 12-24

Thesis Research Credit (min/max applied toward degree) 2-8

Total Hours 32

Other Requirements
Requirements may overlap.
A concentration is not required.
Minimum GPA 3.0

For additional details and requirements refer to the department's program information online (http://education.illinois.edu/epol) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Degree requirements for the two doctoral degrees in Education Policy, Organization and Leadership (EPOL), the Doctor of Education (Ed. D.) and the Doctor of Philosophy (Ph. D.) are listed below. Students in may select an optional concentration (p. 715). Concentrations are available in Educational Administration and Leadership, Global Studies in Education, Higher Education, Human Resource Development, and Learning Design and Leadership. The African American Studies concentration (p. 622) is available for the Ph.D. degree.

Doctor of Education of Education in Education Policy, Organization and Leadership

Required Courses: Required Hours
Cognate requirement (minimum applied toward degree) 16
Research methods 8
Elective hours (includes 24 hours required in the specialization and 0-12 hours of independent study) 36

Dissertation research hours required (min/max applied toward degree) 4-16

(Optional) Concentration Courses. 12-24

May overlap with other coursework requirements

Total minimum hours 64

Other Requirements

Other requirements may overlap

A concentration is not required

Masters degree required for admission to Ed. D.

Residency: 16 hours over 4 consecutive semesters of study on campus

Qualifying exams

Human subjects approval

Preliminary exam

Final exam/dissertation defense

Dissertation deposit

Minimum GPA: 3.0

1 For additional details and requirements refer to the department’s program information online (http://education.illinois.edu/epol) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Certificate of Advanced Study in Education Policy, Organization and Leadership

The University of Illinois at Urbana-Champaign's College of Education complies with the U.S. Department of Education's Gainful Employment requirements by disclosing information to applicants regarding our Certificate of Advanced Study program. Required information can be found here (http://provost.illinois.edu/ProgramsOfStudy/2014/fall/programs/graduate/2015%20Disclosures/CAS_EPOL/Gedt.html). Please note: Financial Aid eligibility is pending approval by the US Department of Education.

If the student does not have a Master's degree from the University of Illinois at Urbana-Champaign, the foundation courses listed below must be completed. The minimum GPA is 3.0.

Psychological Foundations Courses in Educational Psychology

Select one of the following:

EPSY 400 Psyc of Learning in Education
EPSY 401 Child Language and Education
EPSY 402 Sociocultural Infl on Learning
EPSY 404 Adjustment in School Settings
EPSY 405 Personality and Soc Dev
EPSY 406 Psyc of Classroom Management
EPSY 407 Adult Learning and Development
EPSY 408 Learning & Hum Dev w/ EdTech
EPSY 430 Early Adolescent Development
EPSY 490 Developments in Educ Psyc
OR EPSY 485 for 2 hours plus 2 hours of a previously named EPSY course

Philosophical and Social Foundations Courses in Educational Policy Studies

Select one of the following:

EPS 400 History of American Education
EPS 401 History of Educational Ideas
EPS 402 Asian American Education
EPS 403 European Education to 1600
EPS 404 European Education since 1600
African American Studies

The graduate credit needed for this concentration fulfills general coursework requirements for the M.A. (p. 712) and Ph. D. (p. 713) degrees. The requirements for this concentration are determined by the Department of African American Studies (p. 622).

Educational Administration and Leadership

The graduate credit needed for this concentration fulfills general coursework requirements for the Ed. M. (p. 712), M.A. (p. 712), C.A.S. (p. 714), Ed. D. (p. 713) and Ph. D. (p. 713) degrees.

Select from the following courses:

- EOL 540 Intro to Educational Leadership
- EOL 541 Supervision of Learning Envir
- EOL 542 Leading Learning-Centrd Schls
- EOL 543 Leading School Improvement
- EOL 544 School Dist Improvement
- EOL 546 Public School Finance
- EOL 547 Education Law
- EOL 548 Poli & Cultural Context of Ed
- EOL 549 Administration Theory
- EOL 550 Ed Ldrshp & Prof Development
- EOL 560 Clinical Experience Admin
- EOL 561 Ed Politics and Policies
- EOL 562 School District Management
- EOL 563 The School Superintendency
- EOL 564 Democracy/Politics
- EOL 565 Human Resource Management
- EOL 566 Financial Administration
- EOL 567 Program Planning & Evaluation
- EOL 568 Diversity, Leadership & Policy
- EOL 588 Capstone Experience I & II
- EOL 595 Independent Study
- EOL 599 Thesis Research

Total Hours: 24

Global Studies in Education

The graduate credit needed for this concentration fulfills general coursework requirements for the Ed. M (p. 712), M.A. (p. 712) and Ph. D. (p. 713) degrees.

Select from the following courses:

- EPS 530 Education and Globalization
- EPS 533 Global Youth & Citizenship
- EPS 537 Globalizing Educational Policy

Total Hours: 12

Higher Education

The graduate credit needed for this concentration fulfills general coursework requirements for the Ed. M (p. 712), M.A. (p. 712), C.A.S. (p. 714), Ed. D. (p. 713) and Ph. D. (p. 713) degrees.

Select from the following courses:

- EOL 570 Organization of Higher Ed

Other Requirements

In addition to the minor requirements, students must also complete the requirements of their major degree.

Hours counted toward completion of a minor may not also be applied toward any other transcripted credential.

For additional details and requirements refer to the department's Web site, the College of Education Graduate Programs Handbook, and the Graduate College Handbook.
EOL 571  Foundation of Higher Edu
EOL 572  The College Student
EOL 573  The Community College
EOL 580  Critical Issues in Higher Ed
EOL 583  Student Affairs Admin
EOL 585  College Teaching
EOL 589  Internship in Higher Ed
EOL 590  Advanced Seminar (Sections A, AA, CCL, CHE, DHE, HEF, HEL, PPH, HPM, AHE, LDR, MPR, OA, R1, or R2)
EOL 595  Independent Study

**Total Hours** 24

### Human Resource Development

The graduate credit needed for this concentration fulfills general coursework requirements for the Ed. M. (p. 712), M.A. (p. 712), C.A.S. (p. 714) and Ph. D (p. 713), degrees.

HRD 400  Principles of HRE 4
or HRD 440  Work Analysis 4
HRD 411  Training System Design 4
or HRD 472  Learning Technologies 4
HRD 530  Organization Development 4
or HRD 540  Learning on the Job 4

**Total Hours** 12

### Learning Design and Leadership

The graduate credit needed for this concentration fulfills general coursework requirements for the Ed. M. (p. 712) and M. A. (p. 712) degrees.

EPS 431  New Learning 4
HRD 472  Learning Technologies 4
HRD 585  Program Evaluation 4
or EPSY 474  Evaluating Learning Technology 4

**Total Hours** 12

We offer a Master of Education degree that enables students to receive a University of Illinois education without ever coming to our campus. The online Master of Education in Education Policy, Organization and Leadership follows the requirements as listed under the Masters tab (p. 712), and students in the online program may select from the same optional concentrations as on the Concentrations tab (p. 715).

### M.B.A. Joint Degree Program

Students in this unit may choose to earn their major degree and simultaneously complete an M.B.A., with 12 fewer required hours than when pursuing both degrees independently. Students must be enrolled in the M.B.A. program for three terms and complete all the requirements of their primary degree. Interested students should see the joint program requirements and contact the M.B.A. program and their major department office for more information.

### Certificate of Advanced Study in Education Policy, Organization and Leadership

The University of Illinois at Urbana-Champaign’s College of Education complies with the U.S. Department of Education’s Gainful Employment requirements by disclosing information to applicants regarding our Certificate of Advanced Study program. Required information can be found here (http://provost.illinois.edu/ProgramsOfStudy/2014/fall/programs/graduate/2015%20Disclosures/CAS_EPOL/Gedt.html).

If the student does not have a Master’s degree from the University of Illinois at Urbana-Champaign, Foundation Courses must be completed:

Major: Educational Psychology
Degrees offered: Ed.M., M.S., M.A., C.A.S., Ph.D.
Graduate Concentration: African American Studies (http://www.afro.illinois.edu/education/gradconc) (available to all on-campus degrees), Second Language Acquisition and Teacher Education (http://www.french.illinois.edu/grad/specializations/SLATE) (Ph.D. only)

Online Program: Educational Psychology
Degree offered: Ed.M.

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Educational Psychology and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.illinois.edu/mdphd)

Graduate Degree Programs
The Department of Educational Psychology offers admission to doctoral programs in the following areas of specialization:

- Cognitive Science of Teaching and Learning (CSTL)
- Child Development
- Studies in Interpretive, Statistical, Measurement, and Evaluative Methodologies for Education (QUERIES)
- Counseling Psychology

Students entering without a master's degree must first complete the requirements for a Master of Science (including a master's thesis).

The Department offers admission to terminal master's degrees in the following instances only:

- An on-campus Master of Science (M.S.) degree, with a focus on Studies in Interpretive, Statistical, Measurement, and Evaluative Methodologies for Education (QUERIES)
- An online Master of Education degree (Ed.M.) degree, with focus on Evidence-Based Reasoning.

The Department offers a Certificate of Advanced Study (C.A.S.), a terminal degree for education professionals beyond the master's degree (http://education.illinois.edu/saao/handbooks/ghandbook_dr_cas).

There is no admission to terminal masters degrees in Cognitive Science of Teaching and Learning, Child Development, or Counseling Psychology areas of specialization.

Admission
The department accepts applications for the Ph.D. degree, from both applicants who have completed their bachelor’s degrees and those who have a master’s degree. Applicants who enter the program without a prior master’s incorporate their master’s class work and research into their doctoral program, and earn a master’s degree as the first step toward their Ph.D. The department offers two terminal master's programs, an on-line Master of Education (Ed.M.) degree with a focus on Curriculum, Technology, and Education Reform (CTER) and an on-line Master of Education (Ed.M.) degree with a focus on Quantitative Literacy. The department does not accept applications for master’s degrees in CSTL, Child Development or Counseling Psychology.

Applications
Doctoral candidates are admitted into one of four divisions: CSTL, Child Development, QUERIES and Counseling Psychology. When making admission decisions, division committees consider academic performance (e.g., grade-point average, GPA), GRE scores, letters of recommendation, and statement of purpose. Preference is given to those with research experience and research interests that are aligned with existing research programs in the Department.

Master's candidates are only admitted into QUERIES.

Grade Point Average
The preferred department standard for grade point average is 3.5 on a 4.0 scale. The University calculates undergraduate GPAs on the last two years of grades for degree applicants and in the last one year for students who have not yet completed their bachelor's degree. Gradurate GPAs are calculated on the total of all graduate level courses taken beyond the undergraduate degree.

Test of English as a Foreign Language (TOEFL)
International applicants must have demonstrated English language competence with TOEFL scores of greater than 610 (paper and pencil test), greater than 253 (computer-based test), or greater than 102 iBT. An IELTS score of greater than 6.5 overall, with at least 6 in each sub-section,
can be substituted for the TOEFL score. Students who are accepted with lower scores will be required by the University to enroll on a limited status basis for at least their first semester.

Area of Study Affiliation

All applicants to the Educational Psychology doctoral program must specify one of four areas in which they wish to study:

- Cognitive Science of Teaching and Learning (CSTL)
- Counseling Psychology (Counseling);
- Child Development
- Studies in Interpretive, Statistical Measurement, and Evaluative Methodologies for Research (Queries)

Detailed information about each area and about the research interests of the faculty can be found on the department Web site (http://www.education.illinois.edu/edpsy).

Although all Ph.D. students are admitted to a specific area of study, the actual coursework, research, and faculty often overlap area boundaries. Departmental policy makes it possible for a student to change advisers and affiliation from one area to another when interests and research foci become more clearly defined or change. Many faculty members are affiliated with more than one area of study.

Medical Scholars Program

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Educational Psychology. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

Faculty Research Interests

The faculty’s research agendas span a wide range of topics related to the study and application of psychological principles to develop and inform educational interventions and facilitate human development across the life span. Faculty conduct basic and translational research that explores the cognitive, life-span developmental, social-emotional, and socio-cultural factors that affect behavior, learning, and achievement in educational, clinical, and community contexts. They also engage in research on approaches to educational inquiry and the development of quantitative, qualitative and evaluative methodologies that underpin the development of evidence-based, policy-relevant studies. Faculty research profiles are available on the department Web site (http://www.education.illinois.edu/edpsy).

Center, Programs, and Institutes

Department faculty are affiliated with both research centers and institutes in the College of Education and the university more broadly, including the Adult Learning Lab, the Center for Education in Small Urban Communities, the Center for Advanced Study, the Beckman Institute, the Center for the Study of Reading, the Social Development Consortium, and others.

Facilities and Resources

The Department of Educational Psychology puts a high priority on working with its graduate students to secure fellowships and other awards.

The College of Education also has many resources to assist graduate students through their academic career. The Bureau of Educational Research works with students to secure research funding. The Council on Teacher Education entitles candidates seeking a Professional Educator License and provides accreditation of professional education programs. Each student completing a degree program is assigned a graduate adviser, who is available to assist the student with planning the program of study and determining degree requirements, courses and timelines for degree completion.

Information on University resources can be found at www.illinois.edu/campus-resources (http://www.illinois.edu/campus-resources).

Financial Aid

Financial aid in the form of assistantships, scholarships, fellowships, and tuition waivers can be found throughout the college and campus. There are opportunities available through the department (http://education.illinois.edu/edpsy), the College of Education (http://www.ed.illinois.edu/students/graduate-financialaid), and the Bureau of Educational Research. (http://www.ed.illinois.edu/ber/fundingresources.html) Please note: Graduate students employed as Staff by the University of Illinois at Urbana-Champaign are not eligible for a College of Education Award or Scholarship. Campus opportunities can be found at the Graduate College (http://www.grad.illinois.edu/funding-jobs) and the Office of Student Financial Aid (http://www.osfa.illinois.edu).

The department does not require a separate financial aid application.

- Master of Education in Educational Psychology (p. 721)
- Master of Education in Educational Psychology, African American Studies Concentration (p. 721)
- Master of Science and Master of Arts in Educational Psychology, African American Studies Concentration (p. 722)
- Doctor of Philosophy (Ph.D.) in Educational Psychology (p. 720)
- Doctor of Philosophy (Ph.D.) in Educational Psychology, African American Studies Concentration (p. 720)
- Certificate of Advanced Study (C.A.S.) in Educational Psychology (p. 719)
- Certificate of Advanced Study (C.A.S) in Educational Psychology, African American Studies Concentration (p. 719)

Master of Education in Educational Psychology

Educational Psychology offers an online professional Master of Education (Ed.M.) degree specialization in Evidence-Based Decision Making. Admissions requirements are somewhat different and
applicants should consult the college’s on-line program Web site (http://education.illinois.edu/online/offcampus/ebdm/mdex.html) for current admissions criteria and specific course requirements.

Electrical and Computer Engineering

ece.illinois.edu (http://ece.illinois.edu)

Head of the Department: William H. Sanders
Director of Graduate Studies: Steven J. Franke

Graduate Programs
2120 Electrical and Computer Engineering Building
306 N. Wright St.
Urbana, IL 61801
(217) 300-2414
Email: ece-grad-apps@illinois.edu

Major: Electrical and Computer Engineering

Degrees Offered: M.Eng., M.S., Ph.D.

Medical Scholars Joint Degree Program: Doctor of Philosophy (Ph.D.) in Electrical and Computer Engineering and Doctor of Medicine (M.D.) through the Medical Scholars Program (https://www.med.illinois.edu/mdphd)

Graduate Degree Programs

The department offers graduate study and research in electrical and computer engineering leading to the degrees of Master of Engineering, Master of Science, and Doctor of Philosophy. Virtually every specialty within electrical and computer engineering is represented. Courses and research opportunities exist in the following areas:

- applied computation theory
- bioengineering, acoustics, and magnetic resonance engineering
- communications
- computer-aided design and test
- computer systems
- computer vision and robotics
- decision and control
- electromagnetic fields
- electrooptics, lasers, and plasmas
- integrated circuits
- microelectro-mechanical systems
- mobile computing and communication
- optoelectronics
- power and energy systems
- power electronics
- remote sensing and propagation
- semiconductor materials and devices
- semiconductor physics and computational electronics
- signal, image, and speech processing

The Master of Engineering degree in ECE is designed for students having a B.S. degree in ECE or a related field and offers an opportunity to broaden knowledge of areas in ECE beyond what is possible in a four-year undergraduate curriculum. The M.Eng. is a professional degree and is not intended for students interested in obtaining research experience. Students interested in a research-oriented career and all students interested in obtaining a Ph.D. should instead apply to the traditional M.S. program.

The programs are very flexible to encourage interdisciplinary studies and research. Opportunity also exists for specializing in:

1. computational science and engineering and
2. energy and sustainability engineering within the department’s graduate programs via the Computational Science and Engineering (CSE) Option (http://cse.illinois.edu/students/graduate-program) and the Energy and Sustainability Engineering (EaSE) Option. (http://ease.illinois.edu)

The Medical Scholars Program (https://www.med.illinois.edu/mdphd) permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Electrical and Computer Engineering. The department is not currently accepting applications for the online M.S. degree.

For complete program information, visit the Electrical and Computer Engineering graduate program Web site (http://www.ece.illinois.edu/students/grad).

Admission

Applicants must have completed an electrical engineering curriculum or a computer engineering curriculum substantially equivalent to those of the University of Illinois at Urbana-Champaign. A minimum grade point average of 3.00 (A = 4.00) for the last two years of undergraduate study is required. However, because of space limitations, applicants with GPAs below 3.50 are rarely admitted. All applicants must submit scores from the general test of the Graduate Record Examination (GRE) (http://www.ets.org).

A master’s degree is required for admission to the PhD program. Applicants with master’s degrees are admitted only if a faculty member is willing to serve as the Ph.D. thesis advisor. Accordingly, such applicants should write, call, or e-mail prospective Ph.D. advisors and discuss their research interests and potential Ph.D. thesis topics well in advance of
application deadlines. Admission for the spring semester is possible, in addition to the usual fall semester admissions.

Graduates of curricula in the physical sciences, mathematics, and computer science may be admitted if they are judged to have the necessary background to profit from graduate work in electrical and computer engineering.

All applicants whose native language is not English must submit a minimum TOEFL (http://www.toefl.org) score of 96 (iBT), 243 (CBT), or 590 (PBT); or minimum International English Language Testing System (IELTS) (http://www.ielts.org) academic exam scores of 6.5 overall and 6.0 in all subsections. Applicants may be exempt from the TOEFL if certain criteria (http://grad.illinois.edu/admissions/instructions/04c) are met. For those taking the TOEFL or IELTS, full admission status (http://grad.illinois.edu/admissions/instructions/04c) is granted for scores greater than 102 (TOEFL iBT), 253 (TOEFL CBT), 610 (TOEFL PBT), or 6.5 (IELTS). Limited status (http://grad.illinois.edu/admissions/instructions/04c) is granted for lesser scores and requires enrollment in English as a Second Language (ESL) courses (http://linguistics.illinois.edu/students/esl/guidelines) based on an ESL Placement Test (EPT) taken upon arrival on campus.

Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both Electrical and Computer Engineering and the College of Medicine. An application to the Medical Scholars Program will also serve as the application to the Electrical and Computer Engineering graduate program. Further information on this program is available by contacting:

Medical Scholars Program
125 Medical Sciences Building
(217) 333-8146
mspo@illinois.edu

Medical Scholars Program
Students in the Medical Scholars program must meet the specific requirements for both the medical (https://www.med.illinois.edu/mdphd) and graduate degrees. On average, students take eight years to complete both degrees. The first year of the combined program is typically spent meeting requirements of the Electrical and Computer Engineering graduate degree.

Faculty Research Interests
Research interests of the Electrical and Computer Engineering faculty include the broad areas of study described in the graduate programs section and more. Many faculty members hold affiliate status with other departments, and a number of faculty members from other departments hold affiliate status with the department. In addition, some faculty hold appointments in the Beckman Institute for Advanced Science and Technology, the Coordinated Science Laboratory, the Materials Research Laboratory, and the Micro and Nanotechnology Laboratory. All these affiliations provide opportunities for graduate student appointments to conduct research. For a detailed list of current research interests of the faculty, visit the department’s research Web site (http://ece.illinois.edu/research).

Centers, Programs, and Institutes
There are numerous interdisciplinary programs, laboratories, and centers for research within the department. These are described at the department’s research Web site (http://ece.illinois.edu/research).

Financial Aid
Fellowships, research assistantships, and teaching assistantships (all of which include tuition and partial fee waivers) are available for the majority of students who are admitted to the M.S. and Ph.D. programs. International applicants generally are not awarded teaching assistantships but are eligible for the other forms of financial aid. All applicants, regardless of U.S. citizenship, whose native language is not English and who wish to be considered for teaching assistantships must demonstrate spoken English language proficiency (http://grad.illinois.edu/admissions/taengprof.htm) by achieving a minimum score of 24 on the speaking subsection of the TOEFL iBT or 8 on the speaking subsection of the IELTS. For students who are unable to take the iBT or IELTS, a minimum score of 5 is required on the EPI test (http://cte.illinois.edu/testing/oral_eng/epi_overview.html), offered on campus. All new teaching assistants are required to participate in the Graduate Academy for College Teaching (http://cte.illinois.edu/programs/ta_train.html) conducted prior to the start of the semester.

Please see the financial aid eligibility for the M.Eng. in Electrical and Computer Engineering under the "Masters" tab.

• Master of Science in Electrical and Computer Engineering (p. 725)

Doctor of Philosophy in Electrical and Computer Engineering

| ECE 599 | Thesis Research (min-max applied toward degree) | 32-40 |
| ECE 500 | ECE Colloquium (registration for 0 hours every term while in residence) | 0 |
| 3 permanent 500-level courses in 3 different Ph.D. Breadth Requirement areas (http://www.ece.illinois.edu/students/grad/overview/#breadth) | 12 |
| Elective courses (subject to Other Requirements and Conditions below) | 12-20 |

Total Hours 64

Other Requirements and Conditions

Other Requirements and Conditions may overlap

Credit in ECE 411, ECE 415, ECE 445, ECE 590 (seminar), ECE 596, ECE 597 (individual study), PHYS 404, PHYS 435, and PHYS 436, STAT 400, or any other seminar or individual study course does not count toward the degree.

At least one ECE 500-level course must be taken.

No course used to fulfill any degree requirement may be taken using the "Credit/No Credit" option.

A Masters degree is required for admission to the Ph.D. program.
Ph.D. exam and dissertation requirements:

- Qualifying exam
- Preliminary exam
- Final exam or dissertation defense
- Dissertation deposit

Minimum GPA: 3.0

For additional details and requirements refer to the department’s Graduate Study Manual (http://www.ece.illinois.edu/academics/grad/overview) and the Graduate College Handbook (http://grad.illinois.edu/gradhandbook).

### English

http://www.english.illinois.edu

Head of the Department: Michael Rothberg

---

Director of Graduate Studies: Renée Trilling
210 English Building
608 South Wright Street
Urbana, IL 61801
(217) 333-3646
E-mail: engl_resources@ad.uiuc.edu

Major: English

Degrees Offered: M.A., Ph.D.

Graduate Concentrations: Medieval Studies (p. 801) (available to all degrees), Writing Studies (p. 887) (Ph.D. only)

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in English and Doctor of Medicine (M.D.) through the Medical Scholars Program (https://www.med.illinois.edu/mdphd)

Affiliated Programs offering certificates or minors:

- Department of African American Studies
- Gender and Women's Studies Program
- American Indian Studies
- Unit for Criticism and Theory
- Unit for Cinema Studies
- Asian American Studies Program

### Graduate Degree Programs

The Department of English offers programs of study leading to the Master of Arts and the Doctor of Philosophy degrees. We welcome qualified students who wish to pursue their interests in English, American, and Anglophone language, literature and film beyond the undergraduate level. The Ph.D. program is, in general, designed to educate and train teacher-scholars who will take positions in colleges and universities throughout the country. We consider the Master of Arts program to be the first step toward the Ph.D. degree; we expect students admitted to the M.A. program to receive the M.A. and go on to complete a Ph.D. Therefore we do not offer a formal terminal M.A. program.

Both the M.A. and Ph.D. may be earned with a specialization in Writing Studies. Also, doctoral students specializing in other fields may earn a graduate concentration in Writing Studies.

For information on the Master of Fine Arts (M.F.A.) program in Creative Writing, see Creative Writing (p. 696).

### Admission

A student who wishes to be considered for admission to graduate studies in English must present the equivalent of at least 20 semester hours of undergraduate work in English and American literature, excluding required work in rhetoric or composition. Graduate Record Examination (GRE) scores for the verbal and subject tests are required for those applying for the literature program. The GRE subject test for literature in English is not required of writing studies applicants. All applicants whose native language is not English are required to submit Test of English as a Foreign Language (TOEFL) scores. Currently, a minimum score of 550 on the paper-based test (213 on the computer-based test) is required. Before a teaching assistantship involving classroom instruction or student consultation can be awarded to a non-native speaker of English, the applicant must take the Test of Spoken English (TSE) and achieve a score of 50 or higher (230 or higher before 1996). Because applications for admission usually far exceed capacity, in recent years undergraduate grade point averages of students admitted have been significantly lower than the minimum average specified in the catalog.
higher than the 3.0 (A = 4.0) required by the Graduate College. The committee on admissions tends to select those applicants who have a solid array of undergraduate courses, knowledge of a foreign language, strong recommendations, and a compelling writing sample: in short, an academic record that shows promise of doing outstanding work in the field and earning degrees within a reasonable time. We do not admit part-time students. Applicants are considered only in spring for fall admission, and the deadline for submitting applications is noon on December 17th.

**Medical Scholars Program**

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including English. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting:

Medical Scholars Program  
125 Medical Sciences Building  
(217) 333-8146  
or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp)

**Graduate Teaching Experience**

Experience in teaching is considered a vital part of the graduate program and all M.A. and Ph.D. candidates will have ample opportunity to teach undergraduate writing classes.

**Financial Aid**

Financial aid is available to students in the form of fellowships, teaching assistantships, research assistantships, and waivers of tuition and service fees. For complete information about the program, prospective applicants should consult our website at www.english.illinois.edu/graduate/program/ or write to the above address.

**Master of Arts in English**

A full-time student can complete this program in two academic years. Students must choose to complete a specialization in Literature or Writing Studies.

Virtually every student will teach rhetoric classes, and is required to enroll in a teaching proseminar (ENGL 593).

At least two semesters or the equivalent in residence

Minimum Hours Overall Required 24 (12 at 500-level)

Overall:

Minimum 500-level Hours Required 16

Minimum GPA: 3.0

1 For additional details and requirements refer to the department's Graduate Studies in English (http://www.english.illinois.edu/graduate) Web site and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

**Course work listing for M.A. requirements for the Literature Specialization:**

Eight semester-long courses in British and American Literature and Critical Theory.

Courses (worth four hours of credit each) must be taken in six of the following nine areas:

- Medieval British Literature (beginning to 1485)
- Renaissance British Literature (1485-1660)
- Restoration/Eighteenth-Century British Literature (1660-1800)
- Nineteenth-Century British Literature (1800-1900)
- Twentieth-Century British Literature (1900-2000)
- Early American Literature (beginning to Civil War)
- Later American Literature (Civil War to present)
- Anglophone Literature (other than British and American)
- Critical Theory

Candidates may substitute another area (such as film) for one on the above list with the permission of the Director of English Graduate Studies. However, all students must take at least one course in a period before 1660, and one course in either Early or Later American Literature.

At least four of the eight courses must be in 500-level graduate seminars (limited to 14-18 students). The others may (but need not) be in 400-level courses (limited to 36 students) in which graduate students complete work beyond that expected of undergraduates.

In their first year of teaching, students are required to complete a Professional Seminar in the teaching of composition or business and technical writing for four hours of credit. (ENGL 593)

The Foreign Language Requirement may be satisfied by demonstrating a reading knowledge of an appropriate foreign language in one of the following three ways:

1. By completing the equivalent of three full years of undergraduate work
2. By passing a proficiency exam administered by a UIUC foreign language department
3. By passing a non-credit 501 language course with a grade of B or better

**Course work listing for M.A. requirements for the Writing Specialization:**

Eight semester-long courses in Writing Studies, Literature, and Theory.

Courses (worth four hours each) must be taken as follows:

At least 16 of the 32 required hours must be in 500-level courses. Eight of the 16 hours must be ENGL 505 and 1 course from the following list: ENGL 582, ENGL 583, ENGL 584. In addition, students must take two
Thesis Research (32 max applied toward degree)

At least four of the eight courses must be 500-level graduate seminars (limited to 14-18 students). The others may (but need not) be 400-level courses (limited to 36 students) in which graduate students complete work in addition to that expected of undergraduates.

In their first year of teaching, students are required to complete a Professional Seminar (ENGL 593) in the teaching of composition or the teaching of business and technical writing for four hours of credit.

The Foreign Language Requirement may be satisfied by demonstrating a reading knowledge of an appropriate foreign language in one of the following three ways:

1. By completing the equivalent of three full years of undergraduate work
2. By passing a proficiency exam administered by a University of Illinois foreign language department
3. By passing a non-credit 501 language course with a grade of B or better.

Doctor of Philosophy in English

Students in the program who have earned their master's degrees must apply formally to the Ph.D. program. Applicants who have completed their master's degrees elsewhere may also apply. Seldom are applicants accepted with graduate grade point averages below 3.5. Students must choose to complete a specialization in Literature or Writing Studies. In addition, students may choose to complete the graduate concentration in Writing Studies (p. 886).

Interdisciplinary work is encouraged. Students may take courses outside of English. The special field examination is taken as the student completes coursework and prepares to write the thesis. The student then goes on to complete and defend the thesis under the direction of a committee composed of four professors. A full-time student can complete this program in four years beyond the master's degree.

Virtually every student will teach rhetoric classes, and is required to enroll in a teaching proseminar (ENGL 593) if s/he has not taken such a class at the Master’s level.

Elective hours selected from the list below in consultation with advisor, to bring total course work hours to 32

Language Requirement: Students must demonstrate knowledge of one foreign language in a level equivalent to that required of master’s candidates in the English Department’s program.

Preliminary Exam Required Yes
Final Exam/Dissertation Defense Required Yes
Dissertation Deposit Required Yes
Minimum GPA: 3.0

1 For additional details and requirements refer to the department's Graduate Studies in English (http://www.english.illinois.edu/graduate) Website and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Course work listing for Ph.D. requirements for the Literature Specialization:

• Eight additional semester-long courses at the 400 and 500 level. These, selected in consultation with a faculty advisor, either focus on the proposed field of specialization and allied fields—in English or in other disciplines—or fill gaps in the student's background.
• Doctoral students in literature will either take a Professional Seminar in the teaching of literature or film or act as a teaching assistant for two semesters in a large lecture course before they teach literature courses. They are expected to teach at least one literature course during their Ph.D.
• The Foreign Language Requirement (if not already satisfied at the M.A. level) may be satisfied by demonstrating a reading knowledge of an appropriate foreign language in one of the following three ways: By completing the equivalent of three full years of undergraduate work; By passing a proficiency exam administered by a UIUC foreign language department; By passing a non-credit 501 language course with a grade of B or better.
• Completion of a Special Field Examination (oral, written, or both). The exam, administered by a committee of four faculty members selected by the student, is based upon the student’s approved Special Field list of primary and secondary sources, including a discussion of its rationale and relation to the proposed dissertation topic. Approved fields include historical periods, genres, film, and critical theory.
• Completion and two-hour oral defense of a dissertation. Students working on their dissertations are eligible for fellowship support or released time from teaching. All students in good standing and making good progress will ordinarily receive at least one semester free from teaching. A few students receive a year or more of fellowship aid to work full-time on their dissertations.

Course work listing for Ph.D. requirements for the Writing Studies Specialization:

• Eight additional semester-long courses at the 400 and 500 level. These selected in consultation with a faculty advisor, focus on the proposed field of specialization and allied fields—in English or in other disciplines—or fill gaps in the student's background and include ENGL 505 and 2 methodology courses (at least one of which is an ENGL 582; the second methodology course should be approved by the advisor and typically will be approved by the Center for Writing Studies for the methodology requirement in its Writing Studies Graduate Concentration). In addition, students must take one course in Literature or Theory. Specific courses taken at the MA level (ENGL 505 and ENGL 582) are counted as fulfilling those specific requirements at the PhD level.
• Students who enter the Ph.D. program with an M.A. from another institution must show demonstrated reading knowledge of a foreign language.
• Completion of a Special Field Examination (oral, written, or both). This exam, administered by a committee of four faculty members.

Information listed in this catalog is current as of 10/2015
selected by the student, is based upon the student’s approved special field list—which includes a discussion of its rationale and relation to the proposed dissertation topic. Lists are representative of the field of Writing Studies and include two or three concentrations within it. Approved fields include: Cognition and Composition, Computers and Composition Studies, Classical Rhetoric, Critical Theory, Discourse Processes, Gender and Writing, Literacy Studies, Technical Communication, Writing Across the Curriculum, Writing in the Disciplines, and Writing Assessment. Other combinations of fields are possible, including those that combine disciplines (e.g. African-American Studies, women’s studies, and literacy).

• Completion and two-hour oral defense of a dissertation. Students working on their dissertations are eligible for fellowship support or released time from teaching. All students in good standing and making good progress will ordinarily receive at least one semester free from teaching. A few students receive a year or more of fellowship aid to work full-time on their dissertations.

## Entomology

www.life.illinois.edu/entomology/ (http://www.life.illinois.edu/entomology)

Head of the Department: May R. Berenbaum
320 Morrill Hall
505 South Goodwin Avenue
Urbana, IL 61801
(217) 333-2910
E-mail: entowork@life.uiuc.edu

Major: Entomology
Degrees Offered: M.S., Ph.D.

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Entomology and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.illinois.edu/msp)

## Graduate Degree Programs

The Department of Entomology offers graduate programs leading to the Master of Science and Doctor of Philosophy degrees. The program is designed to accommodate incoming students with a wide range of entomological expertise. The goal of the program is to provide students with a strong background in basic biology as it relates to insects and to equip them with the specialized intellectual and technical skills to pursue a career in research, teaching, and service in entomology and related biological disciplines.

Major areas of specialization within the department include systematics, evolutionary biology, molecular genetics, genomics, phytochemical ecology, population biology, toxicology, neurophysiology, neuroanatomy, developmental biology, behavior, sociobiology, endocrinology, and integrated pest management.

## Admission

Graduate Record Examination (GRE) general and biology subject tests are not required, but strongly recommended. A Test of English as a Foreign Language (TOEFL) score of 550 or better is preferred. Previous training in entomology is unnecessary. It is recommended that students who intend to study for advanced degrees in entomology gain a thorough grounding in the physical and biological sciences, mathematics, and the liberal arts. Spring Admission is possible.

### Master of Science in Entomology

- A candidate for the M.S. degree is expected to become knowledgeable in entomology through coursework and independent research and to complete a research thesis in an area of interest chosen in consultation with an adviser.

European Union Studies

www.euc.illinois.edu (http://www.euc.illinois.edu)

Director of the European Union Center: Anna Westerstahl Stenport
European Union Center
International Programs and Studies
328 International Studies Building, MC-429
910 S. Fifth Street
Champaign, IL 61820
Contact: Matthew A. Rosenstein
(217) 265-7515
Email: eucenter@illinois.edu

Major: European Union Studies
Degrees Offered: M.A.
Graduate Minor: European Union Studies

Graduate Degree Programs

The European Union Center administers an interdisciplinary program of language and area courses leading to a Master of Arts degree. The program is intended to serve three constituencies of students: those seeking to combine area expertise with professional training; those proceeding to disciplinary-based doctoral work; and those seeking a stand-alone, professional degree.

Admission

Applicants for admission to the Master of Arts program should have completed at least two years of a language of the European Union and hold a bachelor’s degree from an accredited institution of higher education. The Graduate Record Examination (GRE) is required. Admission requirements of the Graduate College also apply. The minimum paper-based Test of English as a Foreign Language (TOEFL) score is 550 (213 on the computer-based test or 79 on the iBT).

Applicants must submit the Graduate College application for admission, certified transcripts of all undergraduate and graduate work, Graduate Record Examination (GRE) scores (verbal, quantitative, and written), a writing sample, and three letters of reference. Applicants must also submit to the European Union Center a statement of purpose showing how the M.A. degree in European Union Studies fits into their educational and career plans. This statement must show that the interdisciplinary nature of the MA in EU Studies will serve the student better than a
disciplined degree. Admission is ordinarily limited to the fall semester, but exceptions are made for spring and summer admission.

Master of Arts in European Union Studies

Students pursuing the thesis option are required to conduct an oral thesis defense before an MA thesis committee. The thesis committee must consist of at least two individuals, with at least one member drawn from the EU Center Executive Staff. The thesis advisor (committee chair) must be a member of the Graduate Faculty.

Other Requirements

Other requirements may overlap

- Minimum 500-level Hours Required: 12
- Coursework must come from at least three different academic units
- Up to twelve hours may be credited for MA-equivalent study abroad courses or eight hours for internship placement.
- Minimum GPA: 2.75

1 For additional details and requirements refer to the department’s graduate degree requirements (http://euc.illinois.edu/academic/degree.html) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Graduate Minor in European Union Studies

The graduate minor in European Union Studies complements PhD programs in many departments and provides an opportunity for students to pursue an area studies program as well as their primary field. Graduate students may also come from professional schools, such as law, business, and education, and departments with professional degree programs, such as urban and regional planning.

Graduate students seeking admission to the graduate minor in European Union Studies program should check with an academic advisor in their major degree-granting school or department to confirm eligibility prior to pursuing an application. Students must submit a graduate minor application, available from the Center, and if approved, a petition to the Graduate College requesting to add the European Union Studies minor.

Students in the European Union Studies graduate minor program must earn at least 16 hours of graduate credit in approved courses in at least two departments. Two of the courses must be EURO 501 and EURO 502.

The graduate minor requires that students demonstrate the equivalent of two years of college-level study of a language of the European Union other than English, to support development of a technical vocabulary in fields such as business, law, and agriculture. A list of courses fulfilling the minor is available from the Center.

Note: Students within the major can not minor in the same program.

Graduate Degree Programs
The Department of Finance offers graduate work leading to the Master of Science and Doctor of Philosophy degrees. The following fields are available for specialization: banking and financial institutions, corporate finance, insurance and risk management, investments, and real estate and urban land economics.

Admission
The minimum required grade point average for admission is 3.0 (A = 4.0). To be admitted without deficiencies, the applicant should have completed one undergraduate course each in computer science, financial accounting, managerial accounting, and principles of economics as well as two courses each in calculus, probability and statistics, and financial management. Courses to remove deficiencies may be taken after beginning the program, but such courses will not count toward the departmental requirements for graduation. All applicants are required to submit Graduate Management Admission Test (GMAT) or GRE scores. Most international applicants are also required to submit Test of English as a Foreign Language (TOEFL) IELTS or iBT scores. The test scores will be used by the Admissions Committee, along with other information, in evaluating the applicant’s qualifications for graduate study.

Master of Science in Finance
Terminal masters: The Master of Science in Finance (terminal master’s) is a one-year program designed primarily for practitioners in finance-related positions. The program is designed to be completed in 12 months, beginning in early June.

Admission requirements and other details about the program can be found at www.business.illinois.edu/msf (http://www.business.illinois.edu/msf).

Minimum GPA: 3.0

Ph.D. only option
For Ph.D. students: A Master of Science degree is available for students in the Ph.D. program. Ph.D. students may earn a masters degree as they work toward the Ph.D. degree. Students interested in a terminal masters degree are not admitted to the Ph.D. program. Options available at this University for a terminal masters degree in finance include the M.S. in Finance (terminal masters) described above, and the MBA with a track in finance as described under the section on Business Administration - MBA.

Total Hours 32

Other Requirements 1
Other Requirements may overlap
Minimum 500-level Hours Required 12
Overall
Minimum GPA: 3.0

1 For additional details and requirements refer to the department’s graduate programs (http://www.business.illinois.edu/finance/program.aspx) and the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Doctor of Philosophy in Finance
The first stage toward the degree of Doctor of Philosophy ends when the candidate receives a master’s degree in finance or earns the equivalent credit (a minimum of 32 graduate hours at this University or 32 semester hours or 48 quarter hours of acceptable work at another recognized university). The second stage comprises certain minimum coursework, fulfillment of other departmental requirements, and successful completion of qualifying and preliminary examinations. The third stage includes research, preparation of the dissertation, and the final examination. The minimum number of graduate hours required for the second and third stages combined is 64. A student plans courses and research with his or her adviser. Consideration is given to previous academic training, career objective, and the general requirements of the Graduate College and the department. The student should become familiar with these requirements and satisfy them as soon as possible.

Information listed in this catalog is current as of 10/2015
To enter the third stage of the doctoral program, a candidate must pass the qualifying examinations to test his or her qualifications for further advanced study and research, as well as teaching. The examinations are written and oral. A written preliminary examination is required for the field of finance. An oral defense of the proposal for the dissertation is the final step in the second stage.

The Doctor of Philosophy is primarily a research degree, and the candidate must demonstrate the capacity for independent research by producing an original thesis on a topic within his or her major field of study. The subject of the thesis must be reported to the doctoral committee and to the Graduate College at the time of the preliminary examination. The candidate is admitted to the final oral examination by the dean of the Graduate College upon completion of the dissertation and the recommendation of the department.

The doctoral program generally begins in the fall semester. The application period typically runs the beginning of October through the beginning of February.

Additional details on the program may be found at [www.business.illinois.edu/finance/phd/default.aspx](http://www.business.illinois.edu/finance/phd/default.aspx).

**Minimum GPA:** 3.0

For additional details and requirements refer to the department’s graduate programs ([http://www.business.illinois.edu/finance/program.aspx](http://www.business.illinois.edu/finance/program.aspx)) and the Graduate College Handbook ([http://www.grad.illinois.edu/gradhandbook](http://www.grad.illinois.edu/gradhandbook)).

**Graduate Minor in Finance**

The graduate minor in Finance is reserved for students admitted to the Master of Accounting Science program. Accountants with expertise in finance are increasingly highly valued by many employers. The graduate minor in Finance is designed to allow students in the MAS program to demonstrate substantive competency in the field of Finance. Counting the prerequisite requirement, the graduate minor is the equivalent of four graduate courses. Admission is limited and acceptance is on a competitive basis.

**Prerequisites for the Minor**

Admission to the minor requires the completion of either FIN 221 and FIN 300 or FIN 520 as a prerequisite. All courses must have been taken for a grade.

**Admission to the Minor**

Admitted MAS students should first consult with the MAS Program Advisor to determine if the minor is appropriate for the student. Information on how to apply will be available through the MAS Program Advisor. Students admitted to the MAS program may also email finance@illinois.edu for more information on the Finance Minor.

**Advising Notes**

The graduate minor can only be completed within the Fall semester of the fifth year of the MAS program. The three required graduate courses are not available in the Spring semester. Students who drop any of the three required courses in Fall will be treated as having dropped the minor.

Students should have already completed FIN 300 before enrolling in the graduate minor. Students may apply while enrolled in FIN 300; however, the application decision may be deferred until successful completion of FIN 300. FIN 300 must be taken on this campus. Students who plan to take the graduate minor SHOULD NOT register for FIN 321, FIN 411, or FIN 412 as undergraduates. Students who have completed any of the following courses are not eligible to pursue the minor: FIN 411, FIN 321, or FIN 412.

Note: Students within the major can not minor in the same program.

| Total Hours | 12 |

**Other Requirements**

The Finance minor consists of these 3 courses, designated for the MAS students, completed during the Fall semester. There are no substitute courses.
In addition to the minor requirements, students must also complete the requirements of their major degree.

Please contact your department for more information regarding the addition of a minor to your program of study.

1 For additional details and requirements refer to the Graduate College Handbook (http://www.grad.illinois.edu/gradhandbook).

Graduate Concentrations

- Finance (p. 733)
- Business and Public Policy (p. 733)

Graduate Concentration in Business and Public Policy

Today's business leaders must make strategic decisions in an extremely complex world. In addition to navigating the rapidly changing market forces in their industry, companies operate in an environment that is strongly influenced by regulatory and public policy considerations. Furthermore, our public sector leaders must also understand how market forces can help or hinder alternative solutions to society's most pressing problems. The business and public policy graduate concentration is designed to provide graduate business students a framework for evaluating the impact of public policy on firms and the markets in which they operate.

The concentration is open to all master's programs (Master of Accountancy Science, Master of Science in Accountancy, Master of Science in Finance, Master of Science in Business Administration, Master of Science in Technology Management, and Master of Science in Business Administration (International Management) in the College of Business but required of none.

Candidates will apply to the Department of Finance for admission into the concentration. Students wishing to be admitted to the concentration should consult with their program advisor before applying.

Complete 12 hours from the following list: 12

- FIN 536 Government Insurance Programs
- FIN 571 Retirement Policy
- FIN 572 Health Care Policy
- FIN 573 Competition Policy
- FIN 574 Individual Tax Policy
- FIN 575 Business Tax Policy
- FIN 576 Domestic Environmental Policy
- FIN 577 International Environmental Policy
- FIN 578 Govt Market Economy

Total Hours 12

Other Requirements

In addition to the concentration requirements, students must also complete the requirements of their major degree.

Graduate Concentration in Finance

This concentration is only available to students enrolled in the Master of Accounting Science program. Students admitted into the concentration must have successfully completed Finance 300. The Finance concentration consists of these 3 courses, with sections designated for the MAS students, completed during the Fall semester. There are no substitute courses.

Admitted MAS students should first consult with the MAS Program Advisor to determine if the concentration is appropriate for the student. Information on how to apply will be available through the MAS Program Advisor. Students admitted to the MAS program may also email finance@illinois.edu for more information on the Finance Concentration.

Degree offered: M.S.

Graduate Degree Programs

This Master of Science in Financial Engineering (MSFE) degree program is jointly sponsored by the Department of Industrial and Enterprise Systems Engineering (IESE) in the College of Engineering and the Department of Finance in the College of Business. Graduates from this program receive the MSFE degree awarded by the Graduate College. The MSFE program complements other Finance (http://www.business.illinois.edu/finance) and IESE (http://www.iee.illinois.edu) graduate programs offered by the sponsoring departments.
Financial Engineering (FE) is a relatively young, multidisciplinary field that pertains to the application of engineering approaches and methods to the analysis and management of financial problems, particularly in the financial asset arena. Common problems involve identifying and managing financial risk in asset portfolios and asset positions and pricing of financial derivatives. Other applications exist in proprietary security trading operations, as well as in practically all practical domains where risk is an important concern. The field has emerged as the result of the ever growing complexity required in describing and solving these business problems whose resolution requires fundamental economic principles and finance theory coupled with state-of-the-art mathematical methods, computational tools, and computer programming expertise.

Admission

Successful applicants to the MSFE Program will have a Bachelor’s degree with one year of calculus, one semester of linear algebra and differential equations, one semester of programming (preferably in C/C++), and one semester of probability and statistics. Knowledge of basic finance and economics is helpful but not necessary. Given its technical emphasis, applicants to this program typically will have completed a Bachelor's degree in an engineering field, mathematics, physics, computer science, or economics that provides sufficient preparation to facilitate a fast-paced, in-depth learning environment.

All applicants are expected to have a minimum grade point average of at least 3.25 (A=4.00) for the last two years of undergraduate study and a 3.50 for any previous graduate work completed. Scores on the Graduate Record Examination (GRE) general test are required of all applicants. All applicants whose native language is not English must submit a minimum Test of English as a Foreign Language (TOEFL) score of at least 103 (iBT), 257 (CBT), or 613 (PBT); or minimum International English Language Testing System (IELTS) academic exam scores of 7.0 overall and 6.0 in all subsections.

Master of Science in Financial Engineering

Covering topics in finance, economics, numerical methods, stochastic calculus, and computer programming, the MSFE is a rigorous, three-semester, 48-credit, resident degree program with a summer internship opportunity. Twelve courses each of 4 graduate credits are required for graduation; they are expected to be taken in sequence in the respective semesters. Details on the program may be found at msfe.illinois.edu.

| Core Courses | 40 |
| Project | 4 |
| Elective Graduate Coursework, may be 400 or 500 level | 4 |
| **Total Hours** | **48** |

Other Requirements

Minimum 500-level Hours Required Overall: 44
Minimum GPA: 2.75

For additional details and requirements refer to the program’s Web site (http://msfe.illinois.edu/academics/curriculum.aspx) and the Graduate (http://www.grad.illinois.edu/gradhandbook) College (http://www.grad.illinois.edu/gradhandbook) Handbook (http://www.grad.illinois.edu/gradhandbook).

Food Science and Human Nutrition

www.fshn.illinois.edu (http://www.fshn.illinois.edu)

Head of the Department: Sharon Nickols-Richardson
Correspondence and Admission Information: Terri Cummings
264 Bevier Hall
905 South Goodwin Avenue
Urbana, IL 61801
(217) 244-4405
E-mail: FSHN-General@ad.uiuc.edu

Major: Food Science and Human Nutrition

Degrees Offered: M.S., Ph.D.
Graduate Concentrations: Food Science (all degrees), Human Nutrition (all degrees), Professional Science Master’s (p. 739) (M.S. only)

Off-Campus Program: Food Science and Human Nutrition
Degree Offered: M.S.

Joint Degree Program: Doctor of Philosophy in Food Science and Human Nutrition and Master of Public Health (p. 688)
Degrees Offered: Ph.D. and M.P.H.

Medical Scholars Program: Doctor of Philosophy (Ph.D.) in Food Science and Human Nutrition and Doctor of Medicine (M.D.) through the Medical Scholars Program (http://www.med.illinois.edu/mdphd)

Graduate Degree Programs

The Department of Food Science and Human Nutrition offers traditional graduate programs leading to the Master of Science and Doctor of Philosophy degrees with either a food science and/or human nutrition concentration. In addition to receiving training in the general field of food science or human nutrition, students have the opportunity to conduct research in the following areas of specialization:

- food processing and food engineering
- food packaging
- food chemistry
- food biochemistry
- food microbiology
- food safety
- biotechnology
- human nutrition through the life cycle
- nutritional aspects of exercise
- nutrient metabolism
- nutrition and disease interactions
- nutrient composition of foods
- sensory and instrumental evaluation of food quality
- community nutrition
- clinical nutrition

For additional information go to fshn.illinois.edu/graduate (http://fshn.illinois.edu/graduate).

The department also offers a Professional Science Master’s (PSM) concentration. The PSM involves rigorous scientific training in the area of food science and/or human nutrition; additionally, instruction is provided in applied business knowledge and skills. This program is
designed for those who seek careers in a science-based setting with significant managerial and leadership responsibilities. For additional information go to psm.illinois.edu/prospectivestudents/programs/foodscience.htm (http://psm.illinois.edu/prospectivestudents/programs/foodscience.htm).

**Admission**

In addition to meeting the Graduate College admission requirements, a student planning to pursue a graduate degree in the department should have a baccalaureate degree in a recognized field of biological, physical, agricultural, or engineering science. Background deficiencies may be removed with graduate credit courses designed for this purpose. Graduate Record Examination (GRE) scores are required of all applicants, and those whose native language is not English are required to submit the results of the TOEFL or IELTS as evidence of English proficiency. Minimum TOEFL and IELTS scores can be found at grad.illinois.edu/admissions/instructions/04c (http://www.grad.illinois.edu/admissions/instructions/04c). Students can be admitted to start in fall, spring, or summer semesters except for the PSM concentration, which admits fall semester only. For information on the role faculty have in the admissions process go to fshn.illinois.edu/graduate/applying (http://www.fshn.illinois.edu/graduate/applying).

**Internship in Dietetics**

The Department of Food Science and Human Nutrition offers a dietetic internship for master’s and doctoral students specializing in human nutrition. Completion of the degree and the internship qualifies the student to take the Academy of Nutrition and Dietetics registration examination administered by the Commission on Dietetic Registration. For information on our dietetic internship program please contact Dr. Sharon Donovan (sdonovan@illinois.edu).

**Off-Campus Program**

A Master of Science in Food Science and Human Nutrition degree program is offered online in live, synchronous sessions using distance education technology. Courses are typically offered in the evening or on Saturdays. Most students in this program choose the non-thesis option. For requirements, see table above and for additional information, please contact Dr. Dawn Bohn at dbrehart@illinois.edu.

**Medical Scholars Program**

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Food Science and Human Nutrition. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at www.med.illinois.edu/msp (http://www.med.illinois.edu/msp).

**Graduate Teaching Experience**

Teaching is neither a Graduate College nor a FSHN requirement. A limited number of teaching assistantships are available to FSHN graduate students. Students are selected to be Graduate Teaching Assistants by the Department Head in consultation with the course instructor.

**Financial Aid**

Illinois PSM students may not hold assistantships or other tuition and fee waiver-generating appointments; statutory waivers and tuition scholarships are accepted. Financial aid for non-PSM graduate students is available in the form of fellowships, teaching and research assistantships, and tuition and partial fee waivers. Qualified candidates are considered for financial support upon application. Additional information on financial aid for graduate students can be found at fshn.illinois.edu/graduate/financial-assistance (http://fshn.illinois.edu/graduate/financial-assistance).

Doctor of Philosophy in Food Science and Human Nutrition, Food Science Concentration

If a candidate has a master’s degree in a related area, a minimum of 64 graduate hours, including up to 38 graduate hours of thesis research, must be completed. In consultation with the adviser and advisory committee, the remainder of the 64 graduate hours required for the degree consists of courses selected from inside or outside the department that are appropriate for training in the student’s field of specialization. Upon completion of all necessary formal courses and special options, the student is required to take an oral preliminary examination. After passage of the preliminary examination, the student’s activities are primarily devoted to thesis research. Upon submission of the dissertation, the candidate is required to pass a final oral examination before a graduate faculty committee. The Ph.D. degree may be combined with an M.D. in the Medical Scholars Program.
