SPECIAL EDUCATION (SPED)

SPED Class Schedule (https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SPED)

Courses

SPED 117  The Culture of Disability  credit: 3 Hours.
The purpose of this course is to provide an introduction to the culture of disability across the lifespan. The impact of disabilities on an individual across the lifespan will be explored, and the unique culture that is created by having a disability will be addressed. The historical basis for the disability movement and special education will be addressed, including legislation and litigation that has had a significant impact on the field. Students will also learn about the characteristics of individuals with diverse abilities as well as current trends in educational services. This course satisfies the General Education Criteria for: UIUC: HistPhilosoph Perspect

SPED 199  Undergraduate Open Seminar  credit: 1 to 5 Hours.
Additional fees may apply. See Class Schedule. May be repeated.

SPED 205  Introduction to Special Needs  credit: 1 Hour.
Topics include the history of services for students with special needs, the legal bases for special education, the characteristics of students with special needs, the referral process for students who may be eligible for special services, and the nature of learning disabilities.

SPED 312  Introduction to Educational Technology  credit: 2 Hours.
This course provides preservice teachers with the foundation for growth in technology integration through professional preparation, student teaching, and licensure. Major areas covered include the use of productivity tools, effective integration of the internet, and enhancing instruction through the use of multimedia. Additional topics include learning theories, professional development, evaluation, and technology use across multiple disciplines. Special equipment needed includes a USB-Flash Drive and SCD-R disks.

SPED 317  Characteristics & Eligibility  credit: 3 Hours.
The purpose of this course is to provide an introduction to issues associated with the identification and characteristics of students with disabilities, eligibility for special education, and placement to meet students' educational needs. Prerequisite: SPED 117 and admission into the teacher education program in special education.

SPED 322  Intro Intellectual Disability  credit: 3 Hours.
Study of the history and current status of the social, emotional, physical, and learning characteristics and problems of persons with an intellectual disability; identification and diagnosis; available services and provisions; and educational programs and lifelong processes of adaptation for these individuals and their families. Same as PSYC 322 and REHB 322. Prerequisite: PSYC 100 or SPED 117; or equivalent.
This course satisfies the General Education Criteria for: UIUC: Behavioral Sciences

SPED 391  Thesis  credit: 2 Hours.
Prerequisite: Senior standing.

SPED 395  Independent Study  credit: 2 Hours.
Study of problems not considered in other courses; designed for students who excel in self-direction and intellectual curiosity. Prerequisite: Upperclassman; upper five percent of class in grade-point average; demonstrated writing competence, research potential, scholarly attitude, and interest as attested to by instructors; consent of adviser and staff member who supervises the work.

SPED 405  Gen Educator's Role in SPED  credit: 2 or 3 Hours.
Examination of issues in educating students with special needs: service delivery models, roles of teachers and related service providers, student assessment, curriculum individualization, instructional strategies, management of problem behaviors, and program evaluation. 2 or 3 undergraduate hours. 2 or 3 graduate hours. Secondary education, foreign language, and agriculture teacher education programs must take the course for 2 hours credit with concurrent registration in SPED 205. Elementary education majors must take the course for 3 hours credit. The 3 hour course will include content on characteristics of students with disabilities, and eligibility and referral to special education. Prerequisite: SPED 117 for 3 hour course; concurrent registration in SPED 205 for the 2 hour course or consent of instructor. Must be registered in teachers certification program.

SPED 413  New Media & Learner Differences  credit: 4 Hours.
An investigation of the dimensions of learner diversity: material (class, locale), corporeal (age, race, sex and sexuality, and physical and mental characteristics) and symbolic (culture, language, gender, family, affinity and persona). Examines social-cultural theories of difference, as well as considering alternative responses to these differences in educational settings - ranging from broad, institutional responses to specific pedagogical responses within classes of students. No undergraduate credit. 4 graduate hours. Prerequisite: Acceptance into the Master of Education with an emphasis on New Learning and New Literacies program.

SPED 414  Assessment in ECSE  credit: 3 Hours.
Practice in designing and applying assessment devices and procedures and in using them to make educational decisions for children with special needs, birth through kindergarten age. 3 undergraduate hours. No graduate credit. Prerequisite: Credit or concurrent registration in SPED 524 or consent of instructor.

SPED 416  Perspectives on Gifted Edu  credit: 3 or 4 Hours.
Consideration of persons in society exhibiting gifted behavior; who they are, their physical, psychological, social, and educational characteristics, and society's needs and provisions for them. The major portion of the course is devoted to the consideration and evaluation of instructional and administrative adjustments that should be made for the gifted in the educational structure. 3 undergraduate hours. 3 or 4 graduate hours.

SPED 424  Foundations of Assessment  credit: 3 Hours.
Course focuses on the theoretical and practical considerations in the psychological and educational assessment of individuals with disabilities. An emphasis will be placed on understanding the technical and practical aspects of current assessment procedures and their application to the education of children and youth with disabilities. 3 undergraduate hours. 3 graduate hours. Prerequisite: Admission to the Department of Special Education or consent of instructor.

SPED 426  Collaboration and Teaming  credit: 3 Hours.
Course is designed to provide participants with the information needed for effective collaboration and interactive teaming. Participants will learn effective models of collaboration and consultation, team member roles and responsibilities, collaborative practices for participating on teams, and strategies for securing appropriate resources for students with disabilities. Emphasis is placed on skills necessary for working collaboratively with parents, teachers, and other service providers. 3 undergraduate hours. 3 graduate hours. Prerequisite: Requires concurrent enrollment in SPED 524 or EDPR 420, or consent of instructor.
SPED 431 Assistive Tech & Phys Disab credit: 2 Hours.
Course focuses on specialized health care needs, policies, and procedures for working with students with disabilities. An overview is provided of methods for accommodating students including task or environmental modifications, assistive technology, and adaptive equipment options. 2 undergraduate hours. 2 graduate hours. Prerequisite: Admission to the Department of Special Education or consent of instructor.

SPED 432 Multiple Disabilities credit: 3 Hours.
Focuses upon the physical and educational characteristics of individuals with multiple disabilities, particularly those with physical disabilities and other health and sensory impairments; covers educational curricula, teaching methods, and other educational considerations such as working with parents, medical personnel, and support staff, and educational adaptations. 3 undergraduate hours. 3 graduate hours. Prerequisite: Admission to the Department of Special Education or consent of instructor.

SPED 435 Behavior Analysis in SPED credit: 3 Hours.
Remediation of behavior problems of exceptional students and adults using applied behavior analysis techniques; includes defining, observing, recording, charting, and evaluating behavior change and application of behavioral procedures to remediate behavior problems in the classroom. 3 undergraduate hours. 3 graduate hours. Prerequisite: Admission to the Department of Special Education or consent of instructor.

SPED 436 Systematic Instruction in SPED credit: 4 Hours.
Elements of data-based instruction emphasizing educational planning for individuals with special needs; includes task and developmental analysis, writing instructional programs, and individualization of instruction. Covers infancy to young adults; mild to severe disabilities. 4 undergraduate hours. 4 graduate hours. Prerequisite: Credit or concurrent registration in SPED 435, or consent of instructor.

SPED 437 Curriculum for Severe Disab credit: 4 Hours.
Curriculum design, development, and adaptation for students with moderate and severe disabilities; includes the following basic curriculum areas: domestic/home living, self-care, socialization, community living, leisure and recreation, and functional academics; a focus is on providing instruction in these areas in inclusive educational settings; and an emphasis throughout the course is on the evaluation of curriculum and program effectiveness. 4 undergraduate hours. 4 graduate hours. Prerequisite: SPED 436.

SPED 438 Collaborating with Families credit: 3 or 4 Hours.
The impact of children with special needs on their families; models for the study of family systems are applied to understanding families of children with special needs; emphasis on planning family-focused interventions and exploring strategies for working with parents in a variety of settings. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Practicum experience or consent of instructor.

SPED 440 Instructional Strategies I credit: 4 Hours.
Course is designed to provide participants with information on effective instructional practices for working with students with disabilities. Participants are provided with information on generic strategies and principles of learning, instructional formats and strategies for informal assessment. Throughout this course emphasis is placed on methods and strategies for instructing individuals and groups of students. Important consideration is given to legal and ethical issues and an understanding of diverse needs in instructional design and delivery. 4 undergraduate hours. 4 graduate hours. Prerequisite: SPED 317 and SPED 517 or consent of instructor.

SPED 441 Instructional Strategies II credit: 4 Hours.
Course focuses the design of instruction based on diverse student characteristics, student performance data, curriculum goals, and the community context. Emphasis is placed on application of techniques and strategies to facilitate learning and on evaluating assessment information to modify methods, materials, or environments to enhance student success. 4 undergraduate hours. 4 graduate hours. Prerequisite: SPED 440 and concurrent enrollment in SPED 524 or EDPR 250, or consent of instructor.

SPED 444 Career Development and Transition credit: 3 Hours.
Course focuses on career developing transition plans and activities that prepare students with disabilities for adulthood, including post school employment, independent living, and post secondary education. Particular emphasis is placed on career development including determining job interests, career exploration, work experiences prior to graduation, job development, and job placement. 3 undergraduate hours. 3 graduate hours. Prerequisite: Admission to the Department of Special Education, or consent of instructor.

SPED 446 Curriculum Development I credit: 4 Hours.
Principles and practices for teaching students with disabilities. Topics include models of curriculum development, procedures for identifying curriculum priorities across content areas, and relationships between curriculum and instructional settings. Emphasis is on development of inclusive educational programs that are outcome-driven and on evaluation of program effectiveness. 4 undergraduate hours. 4 graduate hours. Prerequisite: Admission to the Department of Special Education, or consent of instructor.

SPED 447 Curriculum Development II credit: 4 Hours.
Course focus is on ensuring access for students with disabilities to the general education curriculum in English language arts, mathematics, science and social studies by considering the interaction among content area knowledge, pedagogical knowledge, and evidence-based practice. Construction of curriculum in academic content areas with a scope and sequence tailored to individual student characteristics in an area of emphasis. 4 undergraduate hours. 4 graduate hours. Prerequisite: SPED 446 and admission to the Department of Special Education, or consent of instructor.

SPED 448 Curriculum Development III credit: 4 Hours.
Review and application of curriculum development and adaptation principles and strategies to life skill domain areas. Curriculum areas addressed include domestic/home-living, leisure and recreation, community living, and vocational programs and job preparation. Emphasis on designing instruction to address life skill curriculum needs in inclusive educational programs and on critically evaluating curriculum and program effectiveness. 4 undergraduate hours. 4 graduate hours. Prerequisite: SPED 446 and admission to the Department of Special Education, or consent of instructor.

SPED 450 Introduction to ECSE credit: 2 Hours.
Overview of the history, trends, and issues of the field of Early Childhood Special Education (ECSE) with particular attention to federal and state policy, service system models, and professional roles and ethics. Emphasis is on current research, theory, and practice. 2 undergraduate hours. 2 graduate hours. Prerequisite: Junior standing.

SPED 460 Communication and Phys Disab credit: 4 Hours.
Focuses upon issues and intervention strategies that can impact the communication skills of persons with moderate or severe intellectual and/or physical disabilities. Specific assessment and intervention strategies are discussed as they relate to both verbal and augmentative communication. 4 undergraduate hours. 4 graduate hours.
SPED 461 Alternative and Augmentative Communication and Literacy credit: 3 Hours.
Course focuses on issues and strategies for teaching communication to persons with significant intellectual or physical disabilities. Specific assessment and intervention strategies are discussed as they relate to alternative and augmentative communication. 2 undergraduate hours. 2 graduate hours. Prerequisite: Concurrent enrollment or prior completion of SPED 440, and admission to the Department of Special Education, or consent of instructor.

SPED 465 Curriculum and Methods in ECSE credit: 3 Hours.
Introduction to the field of early childhood special education, including its history and major issues; instructional methods used in teaching and facilitating development in young children with disabilities are covered in depth. 3 undergraduate hours. 3 graduate hours. Prerequisite: Permission of instructor.

SPED 470 Learning Environments I credit: 3 Hours.
Course is designed to provide participants with an introduction to theories and interventions related to school climate and classroom management. Course will focus on using positive behavioral supports to create an effective classroom and school climate. 3 graduate hours. Prerequisite: Consent to registration in SPED 524 or consent of instructor.

SPED 471 Learning Environments II credit: 3 Hours.
Course is designed to provide participants with specific information on intervention and evaluation strategies related to designing and managing effective learning environments and to becoming a discriminating consumer of the professional literature related to behavior interventions. 3 graduate hours. Prerequisite: Consent in SPED 470, and admission to the Department of Special Education, or consent of instructor.

SPED 488 Ethics & Prof. Behavior credit: 3 Hours.
Designed to introduce students to ethical issues and challenges that teacher educators and other professionals, including Board Certified Behavior Analysts, may encounter in practice. The topics to be covered all revolve around ethical conduct in practice and research, as well as the decision-making foundations for resolving ethical issues. Students will obtain knowledge and skills through readings, class discussion, and case studies. Prerequisite: Consent to registration in SPED 470, and admission to the Department of Special Education, or consent of instructor.

SPED 510 Legal Aspects of Disabilities credit: 4 Hours.
Study of the legal rights of individuals with disabilities and their families, with emphasis on educational aspects; inter-relationships of constitutional, statute, administrative and case law at the federal, state and local levels. Case study simulations and mock due process hearings are included.

SPED 513 Intro to Diversity & Equity credit: 4 Hours.
This course, geared to education non-majors, offers an introduction to ways of thinking about educational theories, concepts, and practices as they relate to philosophical discussions surrounding social justice, especially as pertaining to race, class, gender and disability. Broadens students' reflective understanding of the development of educational institutions and practices and, through an emphasis on class discussion, promotes a critical and analytical approach to thinking about the evaluating these institutions and practices. Same as EPS 576. Prerequisite: Acceptance into the Master of Education with an emphasis on Diversity and Equity in Education.

SPED 514 Equity Issues in Spec Educatio credit: 4 Hours.
A graduate-level overview of issues in equity and access for students with disabilities. Historical and legal foundations are reviewed, but the course focus is issues related to characteristics of individuals with disabilities, challenges in instructional service delivery, including students with special needs in the general curriculum, and transition of students with disabilities to independent living. Participants reflect on issues in light of their own experiences. Prerequisite: Acceptance into the Master of Education with an emphasis on Diversity and Equity in Education Program or instructor approval.

SPED 517 Disability Issues in SPED credit: 4 Hours.
Overview of special education at the graduate level. Focus is placed on issues related to: assessment, identification, and characteristics across all disability areas. The greatest emphasis is placed on strategies for including students with disabilities in the general curriculum. Historical and legal perspectives that provide the foundation for special education are discussed.

SPED 520 Psycho-Social Aspects credit: 4 Hours.
Same as REHB 520. See REHB 520.

SPED 521 Admin & Supervision in SPED credit: 4 Hours.
Examination of administrative and supervisory practices in educating children with disabilities and gifted children in public and private schools; application of administrative theory to special education programs. Designed for graduate students in education administration or special education preparing to direct special education programs. Prerequisite: Consent to registration in SPED 524 or SPED 514.

SPED 524 Supervised Pract in SPED credit: 1 to 8 Hours.
Supervised practice in one or more settings in which students with mild to severe disabilities are served; practicum settings may include day, residential, special, and regular schools which serve students with disabilities. Additional fees may apply. See Class Schedule. Approved for S/U grading only. May be repeated in same or subsequent terms to a maximum of 8 hours. Prerequisite: Consent to registration in SPED 524 or consent of supervising faculty member.

SPED 526 Collaborative Leaders in SPED credit: 4 Hours.
Course provides special educators and other professionals with skills and strategies to assume a leader/change agent role in their schools. Participants focus on effective leadership, collaborative practices, and innovative programs in special education that create unique learning environments, ultimately impacting all stakeholders (student with and without disabilities, teachers, families). Course readings, lectures, and activities address how leaders in the field affect change in special education through grant writing, professional development, and the implementation and evaluation of innovative programs and practices. Prerequisite: Consent to registration in SPED 526.

SPED 538 Interdisciplinary Teaming credit: 4 Hours.
Course provides special educators and other professionals with skills and strategies to assume a leader/change agent role in their schools. Participants focus on effective leadership, collaborative practices, and innovative programs in special education that create unique learning environments, ultimately impacting all stakeholders (student with and without disabilities, teachers, families). Course readings, lectures, and activities address how leaders in the field affect change in special education through grant writing, professional development, and the implementation and evaluation of innovative programs and practices. Prerequisite: Consent to registration in SPED 538 or equivalent.

SPED 545 Transition and Voc Planning credit: 3 Hours.
Provides an orientation to transition planning and vocational training as integrated components of secondary-level education curriculum. Topics include transition planning practices and participants, vocational assessment methods, supported employment concepts and issues, and vocational training strategies and programs. Same as EPS 545.
SPED 550  Methods of Educational Inquiry  credit: 4 Hours.
Same as CI 550 and EPSY 573. See CI 550.

SPED 556  Prob and Trends in SPED  credit: 4 to 8 Hours.
Introduction to significant problems, points of view, and trends in the
field concerned; explores significant research related to organization,
content, and techniques in the field in question. Students are encouraged
to design/propose/conduct special studies in approved areas.

SPED 565  Atypical Development: B to 6  credit: 2 or 4 Hours.
Examines characteristics of children with major biological risk conditions
and disabilities, birth - six, with a focus on the impact of these conditions
on development; briefly examines interventions used by a variety of
professionals in addressing specific developmental needs of children
with a variety of disabilities Prerequisite: EPSY 236 or equivalent.

SPED 566  Leadership in ECSE  credit: 4 Hours.
Program issues and research on the efficacy of various program models
for young children with special needs from infancy to six; implications
for program organization variables such as space, personnel roles,
and curriculum Prerequisite: SPED 465 and concurrent enrollment in
SPED 524, or consent of instructor.

SPED 583  Single Case Experimtnl Design  credit: 4 Hours.
Study of the analysis of behavior in one or a few subjects using
advanced time series designs; includes making accurate and reliable
assessment of objective behaviors and designing experiments that
feature interpretable comparisons among interventions and credible
generalizability to subjects, settings, and time periods other than those
specifically studied. Classic and current exemplars of these designs are
studied and critiqued in depth. Same as EPSY 583.

SPED 585  Individual Differences: B to 6  credit: 4 Hours.
Examines major developmental themes in young children from birth to
six. Emphasizes individual differences resulting from environmental and
biological factors that influence development, including those resulting
from disabilities. Focuses on integration among multiple domains of
development. Prerequisite: Graduate standing or consent of instructor.

SPED 590  Seminar for Advanced Students  credit: 0 to 8 Hours.
Seminar in the education of individuals with special needs; open only to
persons who have been admitted for graduate study. Additional fees may
apply. See Class Schedule. Approved for letter and S/U grading.

SPED 591  Field Study and Thesis Seminar  credit: 1 to 8 Hours.
Planning field studies and thesis problems by graduate students;
students present their studies at each of four stages: (1) the inception,
delimitation, tentative design stage; (2) the proposed design stage; (3)
the revised design stage; and (4) the final design stage. Students are
expected to analyze all presentations critically. May be repeated up to 8
hours. Prerequisite: Admission to graduate studies in Special Education
or consent of instructor.

SPED 592  Concepts and Issues in SPED I  credit: 4 Hours.
Roles and competencies for special education leadership positions;
includes literature critique, and preparation and presentation of a major
review paper in an area of research interest. Prerequisite: Admission to
doctoral studies in Special Education or consent of instructor.

SPED 593  Concepts and Issues in SPED II  credit: 4 Hours.
Seminar in current concepts and issues relating to all children with
special needs; introduction to grant proposal writing; and introduction to
journal reviewing; requires critical review of key readings and preparation
of a literature review of a topic of current research in special education.
Prerequisite: SPED 592 or consent of instructor.

SPED 595  Independent Study  credit: 1 to 4 Hours.
Self-directive, independent study, that is, develops the individual's ability
as an independent student and enables the student to pursue needed
study in a field in which appropriate courses are not being offered during
a given term. May be repeated with approval. Prerequisite: Approval of
study outline by advisor and the department head prior to enrollment.

SPED 599  Thesis Research  credit: 0 to 16 Hours.
Individual direction of research and thesis writing. Approved for S/U
grading only. May be repeated.
