The Gies College of Business offers a degree program leading to the Master of Business Administration (M.B.A.) in 3 delivery modes. The traditional full-time MBA and the Professional MBA are offered on the Urbana campus. The residential MBA and Professional MBA programs are no longer accepting applications. The online program is offered for students who need more flexibility in their MBA programs.

All Illinois MBA programs require 72 hours of credit. Students graduate with a Masters of Business Administration from the University of Illinois at Urbana-Champaign. Student transcripts do not vary based upon program format.

The Full-time MBA is offered in a lockstep, face-to-face cohort format for the first-year core curriculum. The core consists of 40 hours of classwork that provide the foundation. During the second year, students have the flexibility to customize their area of concentration by taking 32 hours of business and non-business courses.
