The concentration in Supply Chain Management is designed to develop
leaders who understand (1) how to assess the trade-offs and make the
decisions necessary to sustain high quality products and services at
lower costs while maintaining the flexibility necessary to adapt and
to respond to evolving market trends; and (2) how to coordinate and
integrate supply chain solutions across various intra-organizational and
inter-organizational interfaces in any business or organization. The minor
or concentration not only will provide a strong foundation in supply chain
management principles and practices, but also can be tailored to fit the
specific needs of students interested in careers across a wide variety of
industries. This minor or concentration requires submission of twelve
graduate hours of Supply Chain Management coursework. Successful
completion of the minor or concentration assumes certain knowledge of
business and prior coursework.
