The Master of Science in Management (MSM) is for students who are
interested in pursuing a graduate degree in Management as the means to
enhance their undergraduate experience that is non-business related. The
program is targeted to students who have completed an undergraduate
degree in disciplines such as history, sociology, anthropology, psychology,
English, urban planning, etc.

The program is specifically designed as a graduate degree to help
students develop the knowledge, skills, and capabilities to prepare
students for a career in management. The educational objective of the
program is to provide talented undergraduate students without prior
training in business an opportunity to enhance their understanding of
management principles.
