

INFORMATION TECHNOLOGY & CONTROL GRADUATE MINOR

Gies College of Business
Gies College of Business website (<https://giesbusiness.illinois.edu/>)
College email (grad@business.illinois.edu)

for the Graduate Minor in Information Technology and Control

The minor in Information Technology and Control is designed to develop leaders in various business fields who understand

1. how to leverage information technology to create value for customers, external partners, and shareholders by designing better information systems to improve business processes and controls; and
2. how managers can assess the strategic, financial, and economic benefits of investing in advanced information systems.

The minor will provide not only a strong foundation in IS/IT area but could be tailored to fit the specific career needs of our students.

Admission

Admission to the minor requires an application to the Department of Business Administration and admission to one of the MS programs in the College of Business or a graduate program in a related discipline approved by the Department. Admission is limited and acceptance is on a competitive basis.

for the Graduate Minor in Information Technology and Control

In addition to the minor requirements, students must also complete the requirements of their major degree.

Please contact your department for more information regarding the addition of a minor to your program of study.

For additional details and requirements refer to the Graduate College Handbook (<http://www.grad.illinois.edu/gradhandbook/>).
