Interim Head of Department: Michael Insana (mfi@illinois.edu)
Associate Head for Graduate Programs: Joseph Irudayaraj
(jirudaya@illinois.edu)
Graduate Programs Coordinator: Krista Smith (kristasm@illinois.edu)
1270 Digital Computer Laboratory
1304 West Springfield Avenue
Urbana, IL 61801
(217) 333-1867
E-mail: bioe-gradprograms@illinois.edu (bioengineering@illinois.edu)

Major: Bioengineering
Degrees Offered: M.Eng., M.S., Ph.D.

Graduate Concentrations: Biomechanics, Cancer Nanotechnology

Graduate Degree Programs

The Department of Bioengineering offers studies leading to the Master of
Engineering in Bioengineering (M.Eng.), the Master of Science
in Bioengineering (M.S.), and the Doctor of Philosophy (Ph.D.) in
Bioengineering. The Bioengineering Graduate Program provides
students with educational and research experiences that integrate the
sciences of biology and medicine with the practices and principles
of engineering. For the M.S. and Ph.D. programs, areas of focus
include Bio-imaging, Cell & Tissue Engineering, Micro and Molecular
Technologies, and Computational Biology. Opportunity also exists
for specializing in (1) computational science and engineering and (2)
energy and sustainability engineering via the Computational Science
and Engineering (CSE) t (http://cse.illinois.edu/education-programs/graduate-
program) transcriptable concentration and the Energy and Sustainability
Engineering (EaSE) Option (http://ease.illinois.edu).

Admission

For the M.S. and Ph.D. programs, applicants should have an
undergraduate or graduate degree, respectively, in a natural science,
computer science, or engineering. A minimum grade point average of
3.00 (A = 4.00) for the last two years of undergraduate study is required.
Applicants should show evidence of strong quantitative skills and of
serious interest in the life sciences. All applicants must submit results
from the Graduate Record Examination (GRE) (http://www.ets.org)
general test.

All applicants whose native language is not English must submit a
minimum TOEFL (http://www.toefl.org) score of 97 (iBT), 243 (CBT),
or 590 (PBT); or minimum International English Language Testing
System (IELTS) (http://www.ielts.org) academic exam scores of 6.5
overall and 6.0 in all subsections. Applicants may be exempt from
the TOEFL if certain criteria (http://grad.illinois.edu/admissions/
instructions/04c) are met. For those taking the TOEFL or IELTS, full
admission status (http://grad.illinois.edu/admissions/instructions/04c)
is granted for scores of 103 (TOEFL iBT) or greater, 253 (TOEFL CBT),
610 (TOEFL PBT), or 6.5 (IELTS). Limited status (http://grad.illinois.edu/
admissions/instructions/04c) is granted for lesser scores and requires
enrollment in English as a Second Language (ESL) courses (http://
linguistics.illinois.edu/students/esl/guidelines) based on an ESL
Placement Test (EPT) taken upon arrival to campus.

Please see the admission requirements for the M.Eng. in Bioengineering
under the “Masters” tab.

Degree Requirements

For additional details and requirements for all degrees, please refer
to the department's Graduate Studies Web site (http://
bioengineering.illinois.edu) and the Graduate College Handbook (http://
grad.illinois.edu/gradhandbook).

Faculty Research Interests

Bioengineering faculty perform research in the areas of Bio-Imaging
at Multi-Scale, Molecular, Cellular and Tissue Engineering, Bio-Micro
and Nanotechnology, Computational and Systems Bioengineering, and
Synthetic Bioengineering. In addition to Bioengineering faculty (http://
bioengineering.illinois.edu/directory), Department of Bioengineering
has more than 50 affiliate faculty (http://bioengineering.illinois.edu/
directory).

Financial Aid

For the M.S. and Ph.D. programs, qualified students may apply
for financial aid in the form of fellowships, teaching and research
assistantships, and waivers of tuition and service fees. All applicants,
regardless of U.S. citizenship, whose native language is not English and
who wish to be considered for teaching assistantships must demonstrate
spoken English language proficiency (http://grad.illinois.edu/
admissions/taengprof.htm) by achieving a minimum score of 24 on the
speaking subsection of the TOEFL iBT or 8 on the speaking subsection
of the IELTS. For students who are unable to take the iBT or IELTS, a
minimum score of 4CP is required on the EPI test (http://cte.illinois.edu/
testing/oral_eng/epi_overview.html), offered on campus. All new
teaching assistants are required to participate in the Graduate Academy
for College Teaching (http://cte.illinois.edu/programs/ta_train.html)
conducted prior to the start of the semester.

Please see the financial aid eligibility for the M.Eng. in Bioengineering
under the “Masters” tab.
