One course from the approved Bioinformatics list of Computer Sciences core courses (http://wwwinformatics.illinois.edu/academics/bioinformatics-ms/bioinformatics-ms-core-courses)

One course from the approved Bioinformatics list of Biology core courses (http://wwwinformatics.illinois.edu/academics/bioinformatics-ms/bioinformatics-ms-core-courses)

One course from the approved Bioinformatics list of Bioinformatics core courses (http://wwwinformatics.illinois.edu/academics/bioinformatics-ms/bioinformatics-ms-core-courses)

One course in systems biology from departmental list (http://bioengineering.illinois.edu/graduate-programs/prospective-graduate-students/bioengineering-courses-illinois/#electives)

Elective Courses (http://bioengineering.illinois.edu/graduate-programs/prospective-graduate-students/bioengineering-courses-illinois/#electives)

**Total Hours:** 32

## Other Requirements and Conditions

Other Requirements and Conditions may overlap

A concentration is required.

A minimum of 12 500-level credit hours overall applied toward the degree, with 8 hours being Bioengineering courses; a maximum of 2 hours of seminar courses can be counted towards these 12 hours.

The non-thesis option is only available with permission of the advisor. Requirements include an additional 8 hours of elective courses which, with the approval of an advisor, may include supervised research experiences including internships and projects.

Minimum GPA: 3.0

---
