**KINESIOLOGY**

Department of Kinesiology & Community Health (http://kch.illinois.edu)
Department Head: Amy Woods
Director of Graduate Studies: Steven Petruzzello
Graduate Office: Julie Jenkins
906 South Goodwin Ave
112 Freer Hall MC-052
Urbana, IL 61801
(217) 333-1083
Email: jjenkins@illinois.edu

**Major:** Kinesiology

**Degrees Offered:** M.S., Ph.D.

**Graduate Degree Programs**

The Kinesiology Program in the Department of Kinesiology and Community Health offers graduate programs leading to the Master of Science and the Doctor of Philosophy degrees. Major areas of specialization at both the master’s and doctoral degree levels include:

- Biobehavioral Kinesiology (the study of biomechanics, exercise and sport psychology, kinesmetrics, motor control and learning, and motor development)
- Cultural Pedagogical & Interpretive Studies (the study of the interaction between physical activity and the individual from a variety of cultural, sociological and pedagogical perspectives)
- Exercise Physiology (the study of exercise stress on body systems).

**Admission**

Students may apply to either the M.S. or the Ph.D. program. Applications for Fall admission are due on January 15. Applications for Spring semester are due on October 1.

Admission to the M.S. degree program requires a baccalaureate degree from an accredited institution of higher education, a minimum grade point average of 3.0 (A = 4.0) for the last two years of undergraduate study and any graduate work completed, Graduate Record Examination (GRE) test scores, a statement of interest, and three letters of recommendation.

Admission to the Ph.D. degree program requires a minimum of a baccalaureate degree from an accredited institution of higher education with a minimum grade point average of 3.5 (A = 4.0) for the last two years of undergraduate study. Applicants who have a master’s degree should have a grade point average of 3.5 for previous graduate-level work. All applicants are required to submit Graduate Record Examination (GRE) test scores, a statement of interest, and three letters of recommendation.

International students whose native language is not English, must also score a minimum of 580 on the paper-based TOEFL test, 237 on the computer-based test, or 92 on the internet-based test (iBT). Applicants whose native language is not English and who are seeking a teaching assistantship must provide evidence of spoken English language proficiency by meeting minimum score requirements specified by the University (see www.grad.illinois.edu/admissions/taengprof.htm (http://www.grad.illinois.edu/admissions/taengprof.htm)).

**Medical Scholars Program**

Please note the Medical Scholars program is not accepting applications at this time.

The Medical Scholars Program permits highly qualified students to integrate the study of medicine with study for a graduate degree in a second discipline, including Kinesiology. Students may apply to the Medical Scholars Program prior to beginning graduate school or while in the graduate program. Applicants to the Medical Scholars Program must meet the admissions standards for and be accepted into both the doctoral graduate program and the College of Medicine. Students in the dual degree program must meet the specific requirements for both the medical and graduate degrees. On average, students take eight years to complete both degrees. Further information on this program is available by contacting the Medical Scholars Program, 125 Medical Sciences Building, (217) 333-8146 or at https://www.med.illinois.edu/mdphd/.

**Graduate Teaching Experience**

Although teaching is not a general Graduate College requirement, experience in teaching is considered an important part of the graduate experience in this program.

**Faculty Research Interests**

Kinesiology faculty conduct research and supervise graduate research in the following areas:

- Physical activity and aging
- Immune function
- Psychological, physical and cognitive function
- Fitness and health
- Psychophysiology
- Motor development
- Teacher education
- Teacher effectiveness
- Sport in society and culture
- Motor control

**Facilities and Resources**

The department facilities include laboratories for research in biomechanics, bone and body composition, cardiovascular function, exercise immunology, exercise psychology, exercise neuroscience, neurocognitive kinesiology, motor control, gait and balance, kinesmetrics, motor behavior, muscle physiology and pedagogical technology.

**Financial Aid**

A number of teaching assistantships are available in the department's instructional programs. A limited number of research assistantships are available to support the departmental research activities. Assistantships usually provide a stipend for services performed as well as a tuition and partial fee waiver.

**Master of Science in Kinesiology**

It is possible for a full-time student to complete this degree program in one academic year plus one summer session.

Public Health, M.P.H. and Kinesiology, Ph.D.

The M.P.H. can be earned jointly with the Kinesiology, Ph.D. In the joint program up to 12 hours of coursework may be applied to both degrees, and the degrees are conferred simultaneously at the completion of the program.

- Minimum GPA: 3.0

1 For additional details and requirements refer to the department’s graduate programs [link] and the Graduate College Handbook [link].

KIN Class Schedule [link]
KIN 560  Research on Teacher Education  credit: 4 Hours. ([https://courses.illinois.edu/schedule/terms/KIN/560](https://courses.illinois.edu/schedule/terms/KIN/560))
Critically examines advanced theories, trends, problems, and implications of research on teacher education in Kinesiology. Students will complete a series of written assignments that are grounded in theory, illustrate critical thinking skills, and demonstrate extensive knowledge of the literature. Prerequisite: Graduate standing.

KIN 564  Qualitative Research Methods  credit: 4 Hours. ([https://courses.illinois.edu/schedule/terms/KIN/564](https://courses.illinois.edu/schedule/terms/KIN/564))
Introduces students to qualitative methodology in the educational and health-related professions settings. Students will learn to interpret qualitative research, understand its theoretical underpinnings, acquire interviewing and observation skills, design and evaluate a community-based group research project, learn to collaborate with others, and critically assess the contributions to the project of self and peers.

KIN 565  Teaching in the Professoriate  credit: 4 Hours. ([https://courses.illinois.edu/schedule/terms/KIN/565](https://courses.illinois.edu/schedule/terms/KIN/565))
Provides scholarly knowledge and practical experience necessary for effectively assuming the roles of teaching, mentoring, and presenting in the professoriate. Students will team teach an undergraduate course with an assigned faculty mentor, give a scholarly research presentation, and attend a series of theoretically grounded lectures focusing on instructional design, learner characteristics, and successfully conveying information to others. Same as CHLH 565, RST 560, and SHS 565. Prerequisite: Must be a PhD student in the College of Applied Health Sciences.

KIN 590  Independent Study  credit: 2 or 4 Hours. ([https://courses.illinois.edu/schedule/terms/KIN/590](https://courses.illinois.edu/schedule/terms/KIN/590))
Independent research on special projects. May be repeated.

KIN 591  Seminar  credit: 1 Hour. ([https://courses.illinois.edu/schedule/terms/KIN/591](https://courses.illinois.edu/schedule/terms/KIN/591))
Lectures, discussions, and critiques on kinesiology and community health related subjects by faculty members and visiting professional leaders; presentation and criticism of student research. Approved for S/U grading only. May be repeated in subsequent terms as topics vary.

KIN 594  Special Topics  credit: 1 to 4 Hours. ([https://courses.illinois.edu/schedule/terms/KIN/594](https://courses.illinois.edu/schedule/terms/KIN/594))
Lecture course in topics of current interest; specific subject matter announced in the Schedule. May be repeated.

KIN 599  Thesis Research  credit: 0 to 16 Hours. ([https://courses.illinois.edu/schedule/terms/KIN/599](https://courses.illinois.edu/schedule/terms/KIN/599))
Preparation of theses in kinesiology. Approved for S/U grading only. May be repeated.
