MASTER OF ENGINEERING IN ENGINEERING WITH A CONCENTRATION IN COMPUTATIONAL ENGINEERING

Requirements

Core Courses, complete minimum one course from each of the following:

- Applied math course chosen from approved list \(^1\)
- Computational Methods course chosen from approved list \(^1\)
- Parallel/Ubiquitous Computing course chosen from approved list \(^1\)
- Area of Specialization courses from approved list \(^1\) 12
- Professional development courses from approved list \(^1\) 4

Total credit hours for the degree: 32

\(^1\) Approved lists are available on the M.Eng. in Computational Engineering website (http://computationalmeng.engineering.illinois.edu/degree-requirements).

Other Requirements and Conditions \(^1\)

Other requirements and conditions may overlap.

- A minimum of 20 credit hours must be taken from the University of Illinois at Urbana-Champaign campus.
- A minimum of 12 500-level credit hours in the concentration, with at least 8 credit hours in the core concentration.
- No courses used to fulfill any degree requirement may be taken using the "Credit/No Credit" option.
- The minimum program GPA is 3.0.

\(^1\) For additional details and requirements, please refer to the web page of the concentration's home unit (http://computationalmeng.engineering.illinois.edu/program-administration) and the Graduate College Handbook (http://grad.illinois.edu/gradhandbook).
