MSW students choose from one of these two concentrations: 

- In the Advanced Clinical Practice concentration, students prepare for clinical practice with individuals, families, and groups, and in one of the focus areas. These students’ Methods coursework has a clinical focus.

- Students in the Leadership & Social Change (LSC) concentration prepare for advanced macro practice which focuses on work with communities and organizations rather than work with individuals and families. In the LSC concentration students are prepared to work in either leadership/administration or advocacy/policy. Methods coursework for this concentration has a Macro focus.
