Course for advanced knowledge of spoken and written standard Modern Hebrew with emphasis on Modern Hebrew literature and language, Israeli newspapers and Israeli television programs. Communication skills are exercised by means of class discussions, oral presentations, compositions and written reports on stories. 3 undergraduate hours. 3 graduate hours. Prerequisite: HEBR 405 or equivalent.

HEBR 407 Topics Hebrew Lang & Lit credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HEBR/407/>)

Study of advanced topics in the Hebrew language, based upon a selection of Hebrew literature from either the Bible or the modern period. Historical and cultural background of the material will be stressed, together with literary analysis. In certain years, the course will be offered as a course using English translation of texts, with separate discussion section for students who want to read texts in the original. 3 undergraduate hours. 3 graduate hours. May be repeated in the same or subsequent semesters to a maximum of 9 hours, if topics vary. Prerequisite: HEBR 205 or HEBR 406 or consent of instructor.

HEBR 414 Advanced Biblical Hebrew credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HEBR/414/>)

Same as REL 414. See REL 414.

# HINDI (HNDI)

HNDI Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/HNDI/>)

## Courses

HNDI 115 Language and Culture in India credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HNDI/115/>)

Same as LING 115 and REL 115. See REL 115.

This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West

HNDI 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/HNDI/199/>)

May be repeated.

HNDI 201 Elementary Hindi-Urdu I credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/HNDI/201/>)

Introduction to the Hindi/Urdu language; includes conversation with a native Hindi/Urdu-speaking tutor under the direction of a linguist instructor, and a minimum of formal grammar and Devanagari writing; introduction to Arabic-Persian script by arrangement. Participation in the language laboratory is required.

HNDI 202 Elementary Hindi-Urdu II credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/HNDI/202/>)

Second term of spoken Hindi/Urdu; includes conversation with a native Hindi/Urdu-speaking tutor under the direction of a linguist instructor, formal grammar based on conversational materials, and work on written Hindi; concentration on written Urdu by arrangement. Participation in the language laboratory is required. Prerequisite: HNDI 201.

HNDI 403 Intermediate Hindi I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HNDI/403/>)

First term of second year of the Hindi language, including drill for more advanced conversational fluency; introduction to a greater variety of styles and levels of discourse and usage; and increasing study of the written language and more formal grammar. 4 undergraduate hours. 4 graduate hours. Prerequisite: HNDI 202 or equivalent.

HNDI 404 Intermediate Hindi II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HNDI/404/>)

Concentration on ability to engage in reasonably fluent discourse in Hindi, on comprehensive knowledge of formal grammar, and on ability to read ordinary texts in Hindi. 4 undergraduate hours. 4 graduate hours. Prerequisite: HNDI 403 or equivalent.

HNDI 405 Advanced Hindi I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HNDI/405/>)

Course for advanced knowledge of spoken and written Hindi. Participation in the language laboratory is required. 3 undergraduate hours. 3 graduate hours. Prerequisite: HNDI 404 or consent of instructor.

HNDI 406 Advanced Hindi II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HNDI/406/>)

Course for advanced knowledge of spoken and written Hindi with emphasis on modern Hindi literature and language. Participation in the language laboratory is required. 3 undergraduate hours. 3 graduate hours. Prerequisite: HNDI 405 or consent of instructor.

HNDI 408 Intro to South Asian Lit credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HNDI/408/>)

Introduces selected literatures of South Asia in a cross-cultural and comparative perspective: emphasizes relating literary texts and trends to the historical, sociocultural, political, and literary contexts of the subcontinent. Texts for South Asian languages are offered in English translation; in addition, there will be texts by South Asian authors written in English. Knowledge of a South Asian language not required. 3 undergraduate hours. 3 graduate hours. Prerequisite: Consent of course coordinator.

HNDI 412 Business Hindi credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HNDI/412/>)

Study and analysis of Business Hindi in a wide variety of contexts and settings (from Metropolitan to rural). 3 undergraduate hours. 3 graduate hours. Prerequisite: HNDI 403 or higher or consent of instructor.

# HISTORY (HIST)

HIST Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/HIST/>)

## Courses

HIST 100 Global History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/100/>)

Broad introduction to global history, by exploring the global structures and transnational forces that have shaped human history, from the emergence of agriculture and urban centers to our contemporary global village.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Non-West

HIST 101 History Now! credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/101/>)

Teaches students how to apply historical thinking to present day problems. Each version starts with contemporary headlines about a current issue, moves to an investigation of its historical roots and legacies, and pivots back to the present to assess the impact of past history on present reality and to capture those relationships in a collaborative student project. It aims to show, in short, how and why history matters NOW.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

HIST 103 A History of Everything: The Big Bang to Big Data credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/103/>)

This introductory survey in "Big History" explores different scales of time as it places human history in larger geological, ecological, and cosmic contexts. Topics include the big bang, planet formation, the origin and development of life, mass extinctions, the emergence of Homo sapiens, the development of agriculture and cities, wars, plagues, and natural disasters, the advent of religion and science, political revolutions, industrialization and globalization, and human impact on the environment.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

HIST 104 Black Music credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/104/>)

What is black music, and how do we know what we think we know about it? Together, we will examine musical creations pioneered by Africans and individuals of African descent over several centuries and across hemispheres. Doing so will allow us to consider the unity of the African Diaspora and its music, and also examine internal differences and diversity. Special focus is given to Latin America and the U.S., but, depending on the semester, we will also read about, listen to, and talk about music and musicians in Asia, Africa, and Europe.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - US Minority

HIST 105 Latin America to Independence credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/105/>)

Survey of Latin American history from the discovery of America to 1824.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Non-West

HIST 106 Modern Latin America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/106/>)

History of the Latin American republics from their independence to the present; emphasis on Argentina, Brazil, Chile, Colombia, Cuba, and Mexico.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Non-West

HIST 111 History of Africa to 1800 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/111/>)

Survey of African history to 1800, or rather African "histories." Along with historical knowledge, it seeks to give students a basic familiarity with the geography of the continent, as well as to provide an overview of African languages. Through the analysis of secondary as well as of primary sources, students will be introduced to and further examine the development of pre-colonial African societies. Same as AFST 111.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Non-West

HIST 112 History of Africa from 1800 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/112/>)

Survey of Africa's history from 1800 to the present day. Topics include the Atlantic slave trade, agricultural exchange, growth of Christianity, origins and effects of nineteenth-century European expansion culminating in the "Scramble for Africa," the transformations wrought by European colonial rule during the twentieth century, anticolonial nationalism, decolonization, and postcolonial political, economic, social, and cultural developments. Same as AFST 112.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Non-West

HIST 120 East Asian Civilizations credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/120/>)

Surveys the three major East Asian civilizations from ancient and classical times, through the period of Western influence, political revolution, and modernization, to the contemporary age and the emergence of East Asian superpowers. Same as EALC 120. Credit is not given for both HIST 120 and EALC 135.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Non-West

HIST 130 History of South Asia credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/130/>)

Multidisciplinary introduction to the history of modern South Asia from the consolidation of early modern state formations, the negotiation of religious, cultural and linguistic formations, European colonial interactions, and the rise of the modern nation states of Bangladesh, India, Pakistan and Sri Lanka. Same as ANTH 130.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Non-West

HIST 135 History of Islamic Middle East credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/135/>)  
Introduction to fourteen centuries of Middle East history from the rise of Islam to modern times. Examines the development of Islamic thought, and of religious, social, and political institutions; as well as the transformations of the 19th and 20th centuries in the area consisting of Egypt, the Fertile Crescent, Arabia, Turkey, and Iran.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

HIST 140 Western Civ to 1660-ACP credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/140/>)  
Course is identical to HIST 141 except for the additional writing component. See HIST 141. Credit is not given for both HIST 140 and HIST 141. Prerequisite: Completion of campus Composition I General Education requirement.  
This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 141 Western Civ to 1660 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/141/>)  
Fundamental developments in the history of Western societies from antiquity to early modern Europe; includes the Greek and Roman worlds, the influence of Christianity and Islam, the emergence of medieval monarchies, the rise of cities, the commercial and intellectual revolutions of the Middle Ages, the birth of the university, the conquest and colonization of the Atlantic world, the Renaissance and Reformation, the political and religious upheavals of the sixteenth and seventeenth centuries. Credit is not given for both HIST 141 and HIST 140.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 142 Western Civ Since 1660 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/142/>)  
Fundamental developments - social, economic, cultural, intellectual, and political - in the history of mankind and Western society since 1660; includes the rise of modern science, the French and Industrial revolutions, the Romantic movement, the growth of nationalism and socialism, imperialism, urbanization, the Russian Revolution, Nazi Germany, the world wars, and the West and the developing world. Credit is not given for both HIST 142 and HIST 143.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 143 Western Civ Since 1660-ACP credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/143/>)  
Course is identical to HIST 142 except for the additional writing component. Credit is not given for both HIST 143 and HIST 142. Prerequisite: Completion of campus Composition I General Education requirement.  
This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 164 The Automobile credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/164/>)  
Interdisciplinary examination of the automobile industry, its production systems, its marketing strategies, and the way automobiles reflect the changing landscapes of consumer tastes and value over time.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 168 A History of Judaism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/168/>)  
Same as JS 120 and REL 120. See REL 120.  
This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil

HIST 170 US History to 1877-ACP credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/170/>)  
Course is identical to HIST 171 except for the additional writing component. Credit is not given for both HIST 170 and HIST 171. Prerequisite: Completion of campus Composition I General Education requirement.  
This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 171 US History to 1877 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/171/>)  
U.S. history survey beginning with the diverse peoples who have populated North America since before the age of contact with Europeans and extending forward through the advent of European colonialism, the movement for independence, the foundation of the republic, the Civil War, and Reconstruction, ending in 1877. The course provides an introduction to historical interpretation, with particular attention to racialized and other forms of social, political, and economic inequality and struggles for freedom and democracy. Credit is not given for both HIST 171 and HIST 170.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 172 US History Since 1877 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/172/>)  
Survey of U.S. history from the end of the Civil War to the present, focusing on struggles to achieve a multiracial democracy, the evolution of an industrial, urbanized, and pluralistic society, the intersections between domestic and global affairs, and the practice of historical interpretation. Epoch-making events and elites are considered in light of their relation to the activities and lives of ordinary people, including people of color, immigrants, women, and the working and middle classes. Credit is not given for both HIST 172 and HIST 173.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 173 US History Since 1877-ACP credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/173/>)  
Course is identical to HIST 172 except for the additional writing component. Credit is not given for both HIST 173 and HIST 172.  
Prerequisite: Completion of campus Composition I General Education requirement.

This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 174 Black America, 1619-Present credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/174/>)  
Same as AFRO 101. See AFRO 101.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 191 Freshman Honors Tutorial credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/191/>)  
Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars and Associates. May be repeated once. Prerequisite: Consent of departmental honors advisor.

HIST 198 Freshman Seminar credit: 3 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/198/>)  
Through research, reports, and discussion in a selected field of historical study, the seminar provides a thorough understanding of the problems of that field and of the methods of history as a discipline. May be repeated to a maximum of 6 hours. Prerequisite: James Scholar standing or other designation as a superior student; consent of instructor.

HIST 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/199/>)  
May be repeated.

HIST 200 Intro Hist Interpretation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/200/>)  
Through the careful examination of a specific topic or theme, this course provides a thorough introduction to historical interpretation. Particular attention will be devoted to research strategies, writing practices, handling primary and secondary sources, and the analysis of historiography. May be repeated to a maximum of 6 hours with permission of the Director of Undergraduate Studies.

HIST 202 American Environmental History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/202/>)  
Introduction to the historical study of Americans' relationship with the natural world. Examination of the ways that "natural" forces have helped to shape American history; the ways that human beings have shaped, altered, and interacted with nature over time; and the ways that cultural, philosophical, scientific, and political attitudes toward the environment have changed from pre-history to the present. Same as ESE 202 and NRES 202.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 203 Reacting to the Past credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/203/>)  
An introduction to history through participation in role-playing games set in the past. Topics will vary each time the course is taught. Students will take on the roles of historical figures (famous or obscure) engaged in difficult and complicated situations, and will be obliged to adhere to the beliefs and circumstances of those figures while attempting to pursue a course of action that will help them win the game – and possibly alter the course of history.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

HIST 205 Lived Experience in Latin America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/205/>)  
Examining the history through the primary texts written by Latin Americans, this course introduces students to theories, contents and methods of historical inquiry, as well as the nuances and the complexities of Latin American history. Reading primary texts written by all strata of society, students will look through the eyes of the diverse populations in Latin America. Students will analyze the traditional narrative of Latin America and gain insight into the lived experience of Latin Americans. Together we will advance our individual and collective understanding of Latin America's rich and complex past.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

HIST 207 Digital Documentary Publishing credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/207/>)  
Introduction to the craft of publishing historical materials, with a special focus on how to publish the past in the digital age. Assignments will include historical and methodological readings, as well as hands-on instruction in digital publishing techniques. Skills taught include historical research, content development, project management, and copyright analysis.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

HIST 211 History of Southern Africa credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/211/>)  
Survey of major themes and events in Southern African history, with emphasis on the period after World War II: the inception and development of apartheid in South Africa, the growth of contests over African nationalism in the subcontinent, wars of liberation and the demise of white domination.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

HIST 212 History of Eastern Africa credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/212/>)  
Introduction to the history of Eastern Africa from the nineteenth century to the present. Attention to the region's pre-colonial history and institutions is stressed, in order to understand both the transformations brought by European colonialism as well as its limits. The final weeks of the course will examine the differing political, economic, and religious trajectories of the new nation-states since independence in the 1960s.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

HIST 213 African Muslim Societies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/213/>)  
Focuses on the history and historiography of Muslim societies in Africa. Investigates the dynamics of the spread of Islam in Africa, and explores differences in Islam in Africa from other areas of the Islamic world, with attention to the image in Western scholarship of Islam in Africa. Provides students with the knowledge and skills they need to understand this central phenomenon in modern world history. Same as AFST 213 and REL 215.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

HIST 219 History of the Prison credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/219/>)  
Same as AFRO 221 and LA 221. See LA 221.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 220 Traditional China credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/220/>)  
Historical background to the modern age, tracing the Chinese state and empire from the earliest times until 1644 A.D. Basic political, social, and economic patterns; cultural, intellectual, and technological achievements; and China's impact on Asia and the world. Same as EALC 220.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

HIST 221 Modern China credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/221/>)  
General introduction to the major themes of the Chinese Revolution from 1840 to the present, emphasizing the interplay between politics, ideas, and culture. Themes include the tension between cultural integrity and Western ideologies, between democratic participation and the tradition of centralized control, and the representation of cultural identity in high and mass cultures. Same as EALC 221.

This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West

HIST 222 Chinese Thought and Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/222/>)  
Same as EALC 222 and REL 224. See EALC 222.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

HIST 226 Premodern Japanese History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/226/>)  
Introduction to the history of the Japanese people, their social and cultural systems, politics, and economy, from the earliest times to the sixteenth century. Same as EALC 226.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

HIST 227 Modern Japanese History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/227/>)  
Introduction to the history of the Japanese people, their social and cultural systems, politics, and economy, from the mid-sixteenth century to the mid-twentieth century. Same as EALC 227.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

HIST 236 Madness and Modern Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/236/>)

This course provides a broad overview of the development of the mind sciences in modern Europe from the beginning of state-regulated asylums to the advent of pharmaceutical treatment and care in the community. Using a combination of primary sources and secondary texts, we will examine how the diagnosis and treatment of "madness" in its many forms has been shaped through the interaction of social, political, economic, and cultural factors from roughly 1750 to the 1990s. Same as PSYC 236.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 240 Ancient Greek Civilization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/240/>)

The history of ancient Greece and neighboring civilizations from the Archaic Period to the conquests of Alexander.

HIST 241 History of Ancient Rome credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/241/>)

Survey of the political, social, economic, military, institutional, religious and cultural development of Rome from 753 BCE until 480 CE.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 245 Wives, Workers and Witches in Pre-Modern Europe credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/245/>)

Examines the history of women and the evolution of concepts of gender in western Europe from roughly 400 to 1700. Topics include the interactions of class and ethnicity with women's experiences, the social construction of sexuality and gender, the misogynist tradition, and women's self-images. Same as GWS 245 and MDVL 245.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 247 Medieval Europe credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/247/>)

From the fragmentation of the Roman Empire to the formation of territorial monarchies, this course surveys the events, innovations, crises, and movements that shaped western Europe in a pivotal era known as "the Middle Ages." Topics will include the spread of Christianity, the migration of peoples, fundamental changes in economic and social structures, the development of political institutions, the role of women, and the cultural achievements of different communities (the monastery, the town, the court). Same as MDVL 247.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 251 Warfare Milit Insts & Soc credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/251/>)

History of warfare and its relationship to changing technologies, tactics, and political structures, with an emphasis on the ways that military institutions are integrated with society as a whole. Same as GLBL 251.

HIST 252 The Holocaust credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/252/>)

Exploration of the Holocaust in historical perspective by examining European anti-Semitism, political developments in Germany, the rise to power of the Nazis, and the origins of the Holocaust with first-hand accounts, films, and historical texts, concluding with the legacy of the Holocaust in the contemporary world. Same as JS 252.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

HIST 253 Enlightenment to Existentialism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/253/>)

Survey of the major authors, ideas, events, and styles in the cultural and intellectual history of Europe from the seventeenth to the mid-twentieth centuries, focusing on the intellectual traditions of France, Germany, and Great Britain.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

HIST 254 Vikings to Volvos: Scandinavia credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/254/>)

Same as SCAN 225. See SCAN 225.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Western

HIST 255 British Isles to 1688 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/255/>)

Survey of the political, social and economic, religious, and cultural history of the British people from the "prehistoric" era through the revolution of 1688. Same as MDVL 255.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

HIST 256 Britain and World Since 1688 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/256/>)

Historical survey of the British Isles and the British Empire since the late seventeenth century.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

HIST 257 Terrorism, Past and Present credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/257/>)

Explores the history of terrorism, its goals and practices. We recognize that it is not specific to any one ideology, religion, or people. Terrorism is political violence, psychological warfare meant to manipulate a large target audience. Same as GBLB 228.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

HIST 258 20thC World to Midcentury credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/258/>)

Economic, social, political, and cultural developments in twentieth-century world history from late nineteenth-century to Second World War era.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

HIST 259 20thC World from Midcentury credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/259/>)

Economic, social, political, and cultural developments in twentieth-century world history from Second World War era to the present.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

HIST 260 History of Russia credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/260/>)

Main themes and problems of Russian history from earliest times to the present.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

HIST 261 Intro Russian-Jewish Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/261/>)

Same as RUSS 261. See RUSS 261.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

HIST 262 Zionism: A Global History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/262/>)

Examines the history of the Zionist movement. The course is designed for students with no prior knowledge of Jewish, European, or Middle Eastern history. The goal is to survey how Zionism emerged as a widespread political movement and, in the process, helped create an independent state for the Jewish people. In addition to familiarizing students with the backstory of a globally significant movement, this class will teach students historical interpretation skills. Same as JS 262.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

HIST 263 History of Medicine in the United States credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/263/>)

Medicine and public health in the United States from the colonial period through the twentieth century. Topics include medical theories, therapeutic practices, and institutions as determined by science, culture, politics, law, and social structures. Additional attention will be paid to illness and epidemics; health care providers, patients, and public policy. Throughout, the course will highlight race, sex, (dis)ability, and other social categories that have affected medical care and been defined in medical terms. Same as GWS 263.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - US Minority

HIST 264 Technology in Western Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/264/>)

Explores the role of technology as a transforming social force; examines innovations from the stirrup and heavy plow to the airplane and computer, that restructured economic and political life and realigned values; examines cultural representations of technology.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

HIST 265 Science in Western Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/265/>)

Topics in the intellectual and social history of science in the West. This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 268 Biology and Society from Darwin to the Human Genome credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/268/>)

The ideas of Charles Darwin initiated a profound transformation in human thought, science, and culture. This course examines the intellectual origins, scientific content, and social, cultural, and religious context and impacts of Darwinian evolutionary theory. Topics include the conflict between science and religion, the eugenics movement and Social Darwinism, the biology of race and gender, and the rise of modern genetics and genomics.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 269 Jewish History Since 1700 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/269/>)

Explores how life was lived by Jewish women and men through the past three centuries. Will also focus on wider place of the Jews in European society, and the achievements and tragedies of the modern Jewish-non-Jewish relationship. Same as JS 269 and REL 269.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 270 United States History to 1815 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/270/>)

Social, economic, and political survey of the region and its relation to the evolving Atlantic community.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 271 Nineteenth Century America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/271/>)

History of the United States from 1815 to 1900.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 272 Twentieth Century America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/272/>)

One major emphasis on foreign policy, including the emergence of the United States as a great power after 1898; a second emphasis on the Progressive movement and recurrent attempts at the reform of American society; and racial and urban problems and the conservation of natural resources included.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 273 Illinois History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/273/>)

History of Chicago and Illinois from prehistoric times to the present, illustrating the jarring conflicts and great achievements of peoples from all over the world. Politics, economics, popular and high culture, education, mass media, racial problems, and ethnic diversity are especially featured. There is an emphasis on the relation of city, state, and region to one another.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

HIST 274 US Foreign Relations Since 1917 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/274/>)

Over the course of the twentieth century the United States rose to superpower status, in the process profoundly shaping world affairs. Students will study the connections between U.S. and global history in this pivotal period. Explores the impact of the United States on world affairs from roughly 1917 through the end of the Cold War. Attention given to the perspectives of people affected by U.S. policies and the limits of U.S. power in the face of developments such as anticolonial nationalism and great power rivalries.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 275 Afro-American History to 1877 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/275/>)

History of Africans in the Americas, surveying the African slave trade, slavery in the European colonies of the Americas, early United States slavery, and the Afro-American in the Civil War and Reconstruction. Same as AFRO 275.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 276 Afro-American Hist Since 1877 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/276/>)

History of Afro-Americans in the age of white supremacy; the rise of modern protest organizations; the era of integration; and the black power movement. Same as AFRO 276.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 277 Encounters in Native America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/277/>)

An examination of pivotal events in the history of Native peoples in North America. Students will explore the complexity of encounters between American Indians and others through a focus on key moments. These will include religious encounters, military confrontations, and legal struggles as well as social and artistic interactions. Same as AIS 277.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 278 Native American History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/278/>)

A survey of the Native American experience in North America from the time of first contact to the present. The course will examine the dynamics and consequences of Native dispossession as well as the continuities in American Indian life and culture. Course materials will include writing and testimony by Native people as well as historical narratives, court decisions and government documents. Same as AIS 278.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 279 Mexican-American History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/279/>)

Same as LLS 279. See LLS 279.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 280 Caribbean Latina/o Migration credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/280/>)

Study of the economic, political, and social forces which shaped migration, settlement, and community formation of Puerto Ricans, Cubans, and Dominicans living in the United States. Same as LLS 280.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 281 Constructing Race in America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/281/>)

Interdisciplinary examination of the historical, cultural, and social dimensions of race and ethnicity in the United States. Explores the complex and intricate pursuit of multiracial and multicultural democracy. Same as AAS 281, AFRO 281, and LLS 281.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 283 Asian American History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/283/>)

Exploration of the migrations of peoples from the Asian continent into the United States, their attempts to build family and community, and their subsequent impact on American history. Same as AAS 283.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 284 Af Am Urban Hist Since 1917 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/284/>)

Same as AFRO 290. See AFRO 290.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 285 US Gender History to 1877 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/285/>)

This course surveys the history of gender formations in the United States to 1877. Although it pays some attention to manhood and masculinity, it focuses on the history of women from a variety of social groups and on gender ideas pertaining to women. Throughout, it considers the ways gender intersected with categories such as race and class as it placed women of different backgrounds in differential positions. Same as GWS 285.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 286 US Gender History Since 1877 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/286/>)

This course examines the historical construction of gender in the United States since 1877 with particular attention to women's history. It considers how ideas about proper roles for men and women intersected with social categories such as class, race, (dis)ability, and ethnicity to shape lives, bodies, opportunities, politics, and power. Topics include work, family roles, leisure, political participation, health, sexuality, religion, popular culture, and struggles for influence, equality, self-expression, and rights. Same as GWS 286.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 287 African-American Women credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/287/>)

Examines the history of African American women, beginning with the West African background during the transatlantic slave trading era, emphasizing the experiences of black women in the United States during slavery and their political, civic, community and reform activities from slavery to the present, analyzed within the context of racism, sexism, and economic deprivation. African women in the diaspora, and the impact of feminism/womanism, Afrocentrism, and multicultural diversity on the African American woman are considered. Same as AFRO 287 and GWS 287.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 288 American Indians of Illinois credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/288/>)

Same as ANTH 288 and AIS 288. See ANTH 288.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

HIST 289 History of Religion in America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/289/>)

Same as REL 235. See REL 235.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

HIST 290 Religion, Violence & America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/290/>)

Same as REL 236. See REL 236.

This course satisfies the General Education Criteria for:  
Cultural Studies - Western

HIST 292 Latina/o Social Movements credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/292/>)

Same as LLS 238. See LLS 238.

HIST 293 The President and the People credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/293/>)

A chronological survey of the American presidency that examines individual presidents and the times in which they lived. Major themes include: The creation and development of the office of the president; the nature of presidential power; Americans' evolving relationship with presidents; the impact of party politics, campaigning, and the media on the office.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 295 Honors Colloquium credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/295/>)

Topics will vary. May be repeated. Prerequisite: Chancellor's Scholar or consent of department and director of Campus Honors Program.

HIST 300 Topics in Film and History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/300/>)

Examines films as a significant medium of commentary on society and history. Explores the motives and careers of moviemakers, the ways in which films are influenced by their audiences, and how audiences' perception of historical processes are affected by films. Topics will vary. Same as MACS 300. May be repeated to a maximum of 6 hours if topics vary. Students may register in more than one section per term. May be repeated to a maximum of 6 hours.

HIST 305 Andean Countries of S America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/305/>)

The history of Colombia, Ecuador, Peru, Bolivia, and Chile; emphasizes common problems and diverse responses, from European conquest in the sixteenth century to the struggles for development in the twentieth.

HIST 307 History of Mexico from 1519 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/307/>)

Development of Mexico from the conquest to the postrevolutionary present.

HIST 308 The Caribbean Since 1492: From Columbus to Castro credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/308/>)

Conquistadors – Planters – Pirates – Indigenous Peoples – Enslaved Africans – Religious Reformers – Independence Leaders – Radical Revolutionaries - US Marines - canal builders. Together these people built a new world – a world forged at the intersection of imperial ambitions and international contact, where the peoples and cultures of the Americas, Africa, and Europe collided. This class examines how colonialism, plantation slavery, the age of abolition, and the emergence of national independence movements made the modern Caribbean. Same as LAST 308.

HIST 310 Global Capitalism in History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/310/>)

Explores the historical relations between multinational corporations and host countries focusing on political and economic issues.

HIST 311 Global History of Intelligence credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/311/>)

Examines the role of both diplomatic and military intelligence in the political history of major global events and developments from the nineteenth century to the present day. Studies the histories of several major intelligence organizations, as well as the roles played by smaller and non-institutional actors in the global production of intelligence. Focuses on the interplay between intelligence, state policy, and information environments to understand not only the role intelligence played in major events, but also how intelligence practices shaped and reflected political cultures across the world.

HIST 312 Immigrant America credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/312/>)

History of immigration and immigrant groups in the United States from 1830 to 1980. Covers major waves of immigration and focuses on the diverse cultural heritage, social structure, and political activism of immigrants from Europe, the Americas, and Asia.

HIST 313 Cultural Histories of the University of Illinois credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/313/>)

This course explores the history of the University of Illinois from its establishment in 1867 to the present day. Developed around a theme chosen by the instructor, for example, the built environment, literary history, disability, sexuality, or crime, it will consider how the university, its student body, and local communities responded to and shaped local attitudes. The course will contextualize these attitudes within larger trends in United States history, specifically the history of race, sexuality, gender, and class. A research component will draw on the university's archives.

HIST 314 Material Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/314/>)

Historical and theoretical investigation of everyday objects, artifacts, structures, landscapes, built environments. Students will learn to question existing perceptions of material phenomena, will engage in the work of historicizing and contextualizing them, and will arrive at a more informed understanding of the ways that they influence, shape, and reflect human history.

HIST 325 History of Korea credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/325/>)

Same as EALC 367. See EALC 367.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

HIST 334 Modern Palestinian History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/334/>)

Examines the main themes of Palestinian history since 1800. The Israeli-Palestinian conflict frames the latter part of this history, but it is not the central issue. The focus of the course is Palestinian political, social, and cultural history.

HIST 335 Middle East 1566-1914 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/335/>)

Political, social, cultural, and ideological developments in Egypt, Arabia, the Fertile Crescent, Iran and Turkey from the mid 16th century to the eve of World War I. Premodern society and institutions, the question of "decline" and "awakening", encounters with Europe and self-strengthening reforms, relations between Muslims, Christians, and Jews, the role of women and the family, class formation, and religion and nationalism. Same as JS 335.

HIST 337 Middle East Since World War I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/337/>)

Political-economic, social and ideological developments in Egypt, Arabia, and Fertile Crescent (including Israel), Iran and Turkey since 1918 to the present, including U.S. involvement.

HIST 338 Egypt Since World War I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/338/>)

Examines the twentieth-century history of Egypt, emphasizing the internal social, political, economic, and ideological developments, with attention to Egypt's role in regional and international politics. Readings include novels and short stories to introduce students to modern Egyptian culture. Same as AFST 338.

HIST 339 The Early Russian Empire credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/339/>)

Introduction to one of the most transformative events in early modern world history: the creation of the Russian Empire. We will study how Moscow, a modest medieval kingdom, suddenly expanded into the world's largest state, fated to play an outsized role in world politics and culture. Chronologically, the course extends from 1500-1750, and considers topics ranging from religion and rebellion to material culture and everyday life.

HIST 344 Early Modern British Isles credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/344/>)

Social, economic, cultural and political history of the "four Kingdoms" of England, Scotland, Wales, and Ireland between 1450 and 1800. Covers the Tudor and Stuart dynasties, Shakespeare, the English Civil War, the development of British colonial holdings across the globe, and the effects of empire at home.

HIST 345 Medieval Civilization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/345/>)

The architectural, artistic, philosophical, political, and religious components of medieval culture, thought, and patterns of behavior; includes monasticism and society and the individual. Same as MDVL 345 and REL 345.

HIST 346 The Age of the Renaissance credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/346/>)

An introduction to the cultural history of Europe in the fifteenth and sixteenth centuries, embracing the Renaissance movements in Italy and in Northern Europe. Same as MDVL 346 and REL 346.

HIST 347 Protestant & Catholic Refs credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/347/>)

New sources of secular power and spiritual authority define the age of the Protestant and Catholic Reformations. In this advanced European history course students expand their knowledge of the people, events, and ideas of the fifteenth and sixteenth centuries while deepening their understanding of a wide range of primary sources created by theologians and peasants, nuns and monarchs, and artists and rebels. Key works by Luther, Calvin, and Loyola are placed in their intellectual and social contexts. Same as REL 347.

HIST 348 Early Euro Absolut & Expansion credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/348/>)

In the seventeenth and eighteenth centuries Europeans transformed political relations within Europe and their economic relationships with the wider world. This course examines continuities and change from 1600 to 1789, following the themes of authority and power. Topics include the rise of "absolute monarchy" and its alternatives in countries like, England and the Netherlands, as well as European trade and consumption, popular culture, the family, food, clothing, sexuality, and labor.

HIST 349 Age of Revolution, 1775-1815 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/349/>)

Comparative survey of domestic upheavals in the North Atlantic world: America, Haiti, England, Prussia, and France; the rise of Napoleon and the response of Europe; and the fate of innovation and reform in the immediate aftermath.

HIST 350 19thC Romanticism & Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/350/>)

Among the topics of this course will be Romanticism, which is still the basic form of modern culture today, with its emphasis on feeling, imagination, and self-expression; the nation-state, a new form of political organization; and the creation of a globalized world for the first time in human history.

HIST 352 Europe in the World credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/352/>)

Colonial encounters between Europe and today's Third World viewed in comparative historical perspective. Equal emphasis placed on (colonizing) Europe and colonial experience of Asia, Africa, and South America.

HIST 353 European History 1918 to 1939 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/353/>)

Survey of European society from 1918 to 1939, with emphasis on the impact of World War I, the Russian Revolution, fascism, and the intellectual trends of the twenties and thirties.

HIST 354 Twentieth Century Europe credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/354/>)

Cultural history of Europe in an age of global warfare and political, social, and economic upheaval.

HIST 355 Soviet Jewish History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/355/>)

An examination of how Jewish life and culture contributed to the creation of the world's first socialist society. Makes use of primary sources, scholarly essays and monographs, archival documents, literature, memoirs, film, and visual culture as a way of introducing students to Soviet Jewish History, from the reign of the last tsar, Nicholas II, to the dissolution of the Soviet Union in 1991. Special topics to be examined include: the breakup of the Pale of Settlement during the Great War; the role of Jews in revolution and revolutionary culture; Soviet nationality policy; shtetl culture; antisemitism; everyday life; the purges of the 1930s; the Jewish experience in World War II; the Holocaust; and mass emigration. Same as JS 355.

HIST 356 The Modern Balkans through Literature and Film credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/356/>)

History of the creation and development of the independent Balkan states during the 19th and 20th centuries. Special attention is given to Balkan nationalism, its roots, evolution and various manifestations. Other topics cover the modernization of the rural societies, ethnic conflict and/or accommodation, inter-Balkan relations, and the role of the great powers. Finally, a close look will be taken on contemporary developments in the Balkans, especially the Yugoslav crisis, the fall of communism and post-communist development. By discussing fictional work and films by Balkan authors, students will be introduced to the intellectual production of the region.

HIST 357 Modern France credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/357/>)

The development of modern France, with special attention to social and cultural phenomena.

HIST 358 History Harvest: Collaborative Digital Public History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/358/>)

Students work with instructor and community collaborators to host a "History Harvest," an event during which community members share personal stories about and artifacts related to a particular event, historical development, and/or place. The class will catalog the images and recordings gathered and use them to present digital exhibits. Readings include relevant historical works for context and methodological works on public and digital history skills needed for the project. Students will develop hands-on experience with these skills. May be repeated to a maximum of 6 undergraduate hours, if topics vary.

HIST 360 European Culture in a Global Context credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/360/>)

Railways, steamships, telegraph, quinine, machine guns: these were some of the European innovations that created a unified world between 1850 and 1914. The transforming force of new technologies, global commerce and Western imperialism also had a profound impact on the arts. We will study this globalization of culture in world spectacles, the visual arts, music, and literature.

HIST 361 Euro Thgt & Soc Since 1789 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/361/>)

Examines the reciprocal relationship between thought and society in western Europe from the French Revolution to the present.

HIST 364 The Science of Human Nature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/364/>)

Examines the history of scientific arguments about race, heredity, gender, and human biological difference. We will explore the historical, cultural, and ethical dimensions of biological thought through a discussion of topics including racial typology, eugenics, intelligence testing, modern genetic theory, sex and gender, and the human genome project.

HIST 365 Fict & Historical Imagination credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/365/>)

Explores the relationship between history and fiction by focusing on specific cultural locations.

HIST 367 History of Western Medicine credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/367/>)

Rise and development of medicine in the West since the sixteenth century; interrelations of physiology, pathology, and social demands with the theory and practice of medicine; pattern of professionalization; social role of the physician; conflict among ideas of medicine as an art, a science, and a social service; and problems of mental illness, medical ethics, and nontraditional forms of practice.

HIST 369 Spain and Portugal from 1808 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/369/>)

A modern history of Spain and Portugal.

HIST 370 Colonial America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/370/>)

An interpretive survey of American colonial history from 1492 through 1763. Themes include encounters between Natives and Europeans in the New World, contests for colonization, settler societies and the development of various colonial social patterns in North America and the Caribbean, the beginnings of slavery, and the gradual emergence of distinctive provincial cultures in the North American colonies of the British Empire. Throughout all of this, there is an examination of colonial American history as part of the larger Atlantic World, understanding early American history as a process of exchange and interaction which included Europe, Africa, the Caribbean, and North America.

HIST 371 The American Revolution credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/371/>)

Examines the momentous founding age of United States history. Explores the growing estrangement of the American colonies from Great Britain and the culmination of this process in the Declaration of Independence. It then examines the controversial process of creating a new nation, and the government of the United States. Intense focus on primary source materials from the period.

HIST 372 America's Republic, 1780-1880 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/372/>)

A study of political life in the U.S. during the century following the Revolution. The course covers the appearance and evolution of republican government, the Constitution, the expansion of voting rights, the rise and fall of political parties, and the relationship of all these things to the development of economic and social relationships.

HIST 373 Origins of the Civil War credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/373/>)

Examination of changes in economic, social, cultural, and political life in the United State that ultimately plunged the national into the bloodiest and most important war in its history. Particular attention is paid to the way in which diverse segments of the country's population - North and South, urban and rural, rich and poor, slave and free, black and white, male and female - affected and were affected by these changes.

HIST 374 Civil War and Reconstruction credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/374/>)

The United States' civil war (1861-1865) and the years of postwar "reconstruction" (conventionally dated as 1865-1877). During this period as a whole, the nation underwent its second revolution – a revolution more radical in its impact than the one that freed it from the British Empire. Much about U.S. history for the next century and more was decided during these critical years.

HIST 375 Soc History Indus Am to 1918 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/375/>)

The impact of industrialization, immigration, and urbanization on American society to the end of World War I.

HIST 376 Soc History Indus Am from 1918 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/376/>)

Study of the impact of industrial technology, business enterprise, immigration, and urbanization on American society.

HIST 377 United States since 1932 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/377/>)

Discusses the New Deal, the Cold War, Franklin D. Roosevelt and subsequent presidents, the structure of American imperialism, and America's role in world politics.

HIST 379 Latina/os and the City credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/379/>)

Same as LLS 379. See LLS 379.

HIST 380 US in an Age of Empire credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/380/>)

Study of the imperial dimensions of U.S. history from about 1877 to 1920. This was an era marked by an imperial world system, unprecedented levels of international trade and investments, massive labor migrations, significant missionary endeavors, and consolidation of U.S. power over Native Americans, and growing U.S. political and military assertion in the international arena. Considers how the United States and its peoples positioned themselves in an international context by investigating not only government policies but also commercial endeavors and cultural practices.

HIST 381 Urban History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/381/>)

Examines the history of urban centers, paying special attention to the relationship between the city and its surrounding territory, the impact of migration and immigration, the delineation of space and the transformation of the built environment, and the role of a city's inhabitants in creating social networks, political structures, and cultural institutions. May be repeated in separate terms to a maximum of 6 hours if topics vary.

HIST 382 Race and Migration in Chicago credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/382/>)  
Same as LLS 382. See LLS 382.

HIST 383 Hist of Blk Women's Activism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/383/>)  
Same as AFRO 383 and GWS 383. See AFRO 383.

HIST 384 Class Politics & Blk Community credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/384/>)  
Same as AFRO 372. See AFRO 372.

HIST 385 Transnational Sexualities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/385/>)  
Same as GWS 385. See GWS 385.

HIST 386 Public History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/386/>)

An examination of major genres historians have employed to present history in the public arena, including documentary films, public memorials, legal testimony and museum exhibits. Students will explore both the social dynamics of public commemoration and the techniques historians employ when communicating complex ideas and events to a general audience.

HIST 387 History of Sexuality in U.S. credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/387/>)  
Same as GWS 387. See GWS 387.

HIST 389 Race and Revolutions credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/389/>)  
Same as AFRO 378. See AFRO 378.

HIST 390 Sport and Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/390/>)  
In various societies, organized sport has operated as site of nation-building, the struggle for inclusion, and indicator of societal advancement. Examines the history of the roles that sport has played in society through a series of topical foci, as selected by the professor each semester. Course readings revisit popular and scholarly debates about sport and discuss the different actors and social forces that shaped those discussions. Same as KIN 345. May be repeated in separate terms to a maximum of 6 hours if topics vary.

HIST 391 Oral History Methods credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/391/>)  
Introduces students to the ethical discourses and practical methods in oral history. Its primary purpose is to prepare students with oral and archival research skills that are crucial for the examination of the history and memory of communities. Among the questions that the class will consider are: what is the connection between the historical record and the remembered past? How reliable are these memories and does reliability matter? How do people mobilize and manipulate accounts of the past for purposes of community building, historic preservation, and political development? Same as LLS 391.

HIST 392 The 1960s in the U.S. credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/392/>)

A study of the history of the 1960s, a tumultuous decade in the social and political history of the United States. The class has two main goals: 1) Provide a solid knowledge of the history of this period and its social and economic developments. 2) Develop skills as an analytic reader and writer in U.S. history.

HIST 393 The World of Jewish Sepharad credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/393/>)  
Same as ANTH 393 and REL 393. See ANTH 393.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

HIST 394 Hidden Political Figures credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/394/>)  
Examination of recent United States history with an emphasis on the presidential elections, public policy, popular culture, activism, and economic and social trends that helped define American life after 1964. The political contributions of lesser known figures will be highlighted to explore the development of American politics elicited by the civil rights movement and subsequent struggles to influence a newly transformed body politic. The course is designed as a topics course that may revolve around other "hidden figures" in political history. May be repeated once if topics vary.

HIST 395 Topics in Law and Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/395/>)  
Topics and problems in the history of laws, legal institutions, jurisprudence, concepts of justice, and their role(s) in shaping societies over time. Specific readings and foci will vary. May be repeated in the same or separate terms for a maximum of 6 hours if topics vary.

HIST 396 Special Topics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/396/>)  
Topics are given on an experimental one-time-only basis. May be repeated if topics vary.

HIST 397 Sexuality in Modern Europe credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/397/>)  
What is sexuality? How is it practiced, policed, represented, liberated and controlled? How do religion, the state, the law and the media influence sexual identities and practices? Focusing on modern Europe, we will examine the history of sexuality from the late eighteenth century to the present in order to explore how historians have answered these questions. We will investigate topics from pornography, prostitution, sex and totalitarianism, queer sexualities, sex and colonialism, and masturbation, to sex education, sexual revolutions, hermaphroditism, sex surveys and AIDS. Same as GWS 397.

HIST 398 Internship in Public History credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/398/>)  
With a faculty sponsor, a qualified students will develop a program of study or research related to an internship or other relevant employment opportunity. Consult departmental undergraduate advisor or Director of Undergraduate Studies. Approved for letter and S/U grading. May be repeated in separate terms to a maximum of 6 hours. Prerequisite: Consent of faculty sponsor and Director of Undergraduate Studies required.

HIST 399 Independent Study credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/399/>)

Readings in selected fields in consultation with the instructor resulting in a 20-30 page paper. May be repeated with permission of the Director of Undergraduate Studies. Prerequisite: Junior or senior standing pursuing a History major; written consent of instructor and History undergraduate advisor required.

HIST 400 War, Soc, Politics, & Culture credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/400/>)

Topics will be listed in the department's course guide at <http://www.history.illinois.edu>. 3 undergraduate hours. 2 to 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours in the same or subsequent terms if topics vary.

HIST 401 History of Terrorism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/401/>)

Historical examination of strategies of terror, their relationship to conventional warfare, and their political, social, cultural, and religious contexts. 3 undergraduate hours. 4 graduate hours.

HIST 405 History of Brazil from 1808 credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/405/>)

Problems of a neocolonial society; themes include family structure, slavery, imperialism, modernization, and the crisis of traditional institutions. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 407 Slavery & Race in Latin Am credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/407/>)

Selected topics on Indians and Spaniards, whites and blacks, emphasizing Mexico, the Caribbean, and Brazil. Same as AFRO 407. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 410 Decolonization in Africa credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/410/>)

Almost all African countries fell under European colonial rule by the beginning of the 20th century, but formal colonialism did not last the century. Surveys the crucial ideological, political, social, and military strategies enlisted by African people and movements to shed colonial rule. Also examines the paradox of the coupling of "flag independence" with continuing economic dependence on Europe. 3 undergraduate hours. 4 graduate hours.

HIST 411 20thC Africa Intellectual Hist credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/411/>)

The development of influential political and cultural ideas on the African continent over the course of the long 20th century, highlighting the interactions of individuals (as members of educated elites and of rural societies) and institutions (such as universities) in developing trademark African intellectualism. These concepts include: Pan-Africanism, the need for political independence, Negritude, feminism/womanism, calls for the promotion of indigenous languages and ubuntu; as well as the contested justifications for one-party rule. Students will gain an appreciation of the breadth, depth and creativity of African thought and activism. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 412 Southern Africa Race & Power credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/412/>)

Interdisciplinary survey of both the internal and international dimensions of the changing situation in Africa south of the Zambezi; focuses on the historical background - and a political, economic, and social analysis of - current events in the Republic of South Africa, Mozambique, Namibia, and Zimbabwe, emphasizing the central significance of race and power in this region. Same as AFST 425. 3 undergraduate hours. 4 graduate hours.

HIST 420 China Under the Qing Dynasty credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/420/>)

The period of Manchu domination in China (1644-1912); emphasis on Chinese reactions to Western influences during the nineteenth century. Same as EALC 420. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 422 Soc-Econ Hist Modern China credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/422/>)

Disintegration of traditional social and economic systems during the nineteenth and twentieth centuries, and the political effects of that disintegration; examines changes in the agricultural economy, changing rural elites, urbanization, and emergence of new social classes. It is recommended that students take HIST 420 before registration in HIST 422. Same as EALC 421. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 425 Classical Chinese Thought credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/425/>)

Same as CWL 478 and EALC 476. See EALC 476.

HIST 426 Early Modern Japan credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/426/>)

Study of the people, culture, and society from 1600 to 1868. Traces the rise of Japan's first truly national culture. Same as EALC 426. 3 undergraduate hours. 4 graduate hours.

HIST 427 Twentieth-Century Japan credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/427/>)

Study of the people, culture, and society of Japan from 1868 to the present. Traces Japan's transformation from an insular bastion of "centralized feudalism" into a cross-cultural crucible of post-industrial democracy. Same as EALC 427. 3 undergraduate hours. 4 graduate hours.

HIST 430 India from Colony to Nation credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/430/>)

Mughal Empire and British Raj, Indian national awakening, and struggle for independence under Gandhi and Nehru. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 432 History of Early Judaism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/432/>)

Same as JS 442 and REL 442. See REL 442.

HIST 433 History of Jews in Diaspora credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/433/>)

Deals with the history of the Jewish people from the destruction of the Jewish state by Rome to the reestablishment of a Jewish state in 1948. The emphasis is on the interaction between the Jewish and non-Jewish worlds as well as changes internal to the Jewish communities. Same as REL 434. 3 undergraduate hours. 4 graduate hours.

HIST 434 Women in Muslim Societies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/434/>)

Same as ANTH 403, GLBL 403, GWS 403, REL 403, and SAME 403. See REL 403.

HIST 436 Jewish Life-Writing credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/436/>)

Same as CWL 421, REL 420, SLAV 420, and YDSH 420. See YDSH 420.

HIST 439 The Ottoman Empire credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/439/>)

Economy, society, law, and government; the Ottomans and Mediterranean society; Ottoman culture and Islamic tradition; minorities; trade, diplomacy, and capitulations; "decline" and dismemberment; and traditional and westernizing attempts at revival. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 440 Roman Republic to 44 B C credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/440/>)

Examination of the political, social, economic, military, institutional, religious and cultural development of Rome from 753 BCE until 14 CE. Same as CLCV 440. 3 undergraduate hours. 4 graduate hours.

HIST 441 The Roman Empire credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/441/>)

Examination of the political, social, economic, military, institutional, religious and cultural development of the Roman Empire from the reign of Augustus (27 BCE - 14 CE) through the fall of the Western Roman Empire ca. 480 CE. 3 undergraduate hours. 4 graduate hours.

HIST 442 Roman Law and Legal Trad credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/442/>)

Examines Roman law and legal tradition in the context of historical, political, and social developments; origins of law in primitive and ancient classical societies; surveys development of precedent, codification, and preservation of Roman law, and the impact of Roman law on western legal traditions. 3 undergraduate hours. 4 graduate hours.

HIST 443 Byzantine Empire AD 284-717 credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/443/>)

Examination of the political, social, economic, military, institutional, religious and cultural development of the early Byzantine Empire from the reign of Diocletian (AD 284-305) through the Heraclian Dynasty (AD 610-717). Same as MDVL 443. 3 undergraduate hours. 4 graduate hours.

HIST 444 European Education to 1600 credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/444/>)

Same as EPS 403 and MDVL 403. See EPS 403.

This course satisfies the General Education Criteria for:  
Advanced Composition

Humanities - Hist Phil

Cultural Studies - Western

HIST 445 Medieval England credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/445/>)

Key sources and topics of English history, from the end of Roman rule in Britain (c. 410) to the fifteenth century. Recurrent themes include the development of law, the role of women, the status of commoners, intellectual trends, and the importance of public media for the dissemination of ideas (writing, performance). Same as MDVL 444. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 448 Modern Britain credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/448/>)

History of modern Britain's social, economic, cultural and political life with a special emphasis on the role of empire in shaping its career as a global power and its "domestic" national culture at home. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 449 British Imperialism credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/449/>)

Thematic approach to Britain's role as an imperial power, its impact on global issues and affairs, and the effect of colonies and colonial peoples on the history of its development as a Western "nation". 3 undergraduate hours. 2 or 4 graduate hours.

HIST 450 European Working Class History credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/450/>)

Comparative study of the rise of the working class in European countries; formation, culture, and daily life; stratification within the working class; workers in organized labor and revolutionary movements. Same as LER 450 and SOC 422. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 453 Sex and Science credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/453/>)

Examines how modern scientific knowledge has shaped understandings and experiences of bodily sex difference, gender, and sexuality over time. It also focuses on understanding the ways in which social, cultural, and political expressions and issues of gender and sexuality have influenced biomedical and public health knowledge and practices. Thematic areas for discussion will include homosexuality, hysteria, eugenics, sex education, gender reassignment, and the AIDS crisis. Same as GWS 453. 3 undergraduate hours. 4 graduate hours.

HIST 456 Twentieth-Century Germany credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/456/>)

Political upheavals of twentieth-century Germany; topics include the First World War's impact on German society, the war's revolutionary aftermath, the political struggles and cultural achievements of the Weimar Republic, the rise of Hitler, the Third Reich, the Holocaust, the Second World War, and the divided postwar Germanies; novels and films complement readings. 3 undergraduate hours. 4 graduate hours.

HIST 459 Postcolonial/Queer credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/459/>)

Same as GWS 459. See GWS 459.

HIST 461 Russia- Peter the Great to Rev credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/461/>)

Culture, society, and politics in Imperial Russia, focusing on power and resistance, the lives and culture of ordinary Russians, and competing ideas about the state, the individual, community, nation, religion, and morality. 3 undergraduate hours. 2 or 4 graduate hours. For higher credit, graduate students will be required to do more reading and to write an additional paper.

HIST 462 Soviet Union Since 1917 credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/462/>)

Political, social, and economic development of the USSR since the 1917 revolutions that brought the Bolsheviks to power; social change and social engineering; political struggles among Stalin and his rivals; the "Stalin revolution" from above and economic modernization; the USSR's emergence through World War II and the Cold War as a world power; "developed socialist" society. 3 undergraduate hours. 2 or 4 graduate hours. Graduate students will write an additional substantial paper and engage in special discussion sections.

HIST 466 The Balkans credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/466/>)

The political, economic, and cultural history of this region's peoples, including the Rumanians, South Slavs, Greeks, and Albanians; the impact of Ottoman rule; the rise of nationalism and the formation of national states; and the Orthodox Church. 3 undergraduate hours. 4 graduate hours.

HIST 467 Eastern Europe credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/467/>)

The political, economic, and cultural history of Poland, Czechoslovakia, Hungary, Rumania, Yugoslavia, Bulgaria, Greece, and Albania; particular emphasis upon the post-World War II era. 3 undergraduate hours. 4 graduate hours.

HIST 468 Locating Queer Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/468/>)

Same as GWS 467. See GWS 467.

HIST 470 Plantation Soc in Americas credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/470/>)

Same as AFRO 453. See AFRO 453.

HIST 473 Crises of Political Tolerance credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/473/>)

Investigates the character of American political tolerance and freedom in times of crisis, through a series of case studies: images of the American "enemy"; the Red Scare after World War I; the internment of Japanese-Americans in World War II; McCarthyism; and the resentments generated by protest movements in the late 1960's. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 475 Formation of US Public Health credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/475/>)

Introduction to the history of American public health and health policy. Emergence of modern public-health institutions in America; relation of public health to conceptions of disease, social order, and the role of government; emergence and development of public policy issues in public health and medical care, of the environment for the formulation of policy, and the relation of policy to broader issues of social development, incidence of disease, and assumptions about the proper distribution of public and private responsibility. 3 undergraduate hours. 4 graduate hours.

HIST 476 History of the American West credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/476/>)

Examines the changing image of the American West by focusing on the process of conquest and resistance present within the region's history. Same as LLS 475. 3 undergraduate hours. 4 graduate hours.

HIST 478 Black Freed Move, 1955-Present credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/478/>)

Same as AFRO 474. See AFRO 474.

This course satisfies the General Education Criteria for:  
Advanced Composition

HIST 479 19thC US Intel & Cultr Hist credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/479/>)

Examines diverse strains of cultural and intellectual life in the US from the early Republic through the 1890s. Emphasizes popular culture, religious revivalism, educational institutions, reform movements, art, science, and literature and the roles of cultural elites, women, working-classes, African Americans, Native Americans and immigrants in shaping national, regional and local cultures. Same as REL 478. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 480 US Work Class Hist Since 1780 credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/480/>)

Focuses on working class formation, culture, ideas, and organization; examines daily experience of work and community life; special emphasis on race, ethnicity, and gender in the process of class formation; labor relations and the changing patterns of working class protest and accommodation. Same as LER 480. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 481 20th Century US Culture Wars credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/481/>)

What ideas does "American Culture" include? How does it incorporate diverse religious traditions as well as new scientific perspectives? How are ethnicity, gender and race important? Topics of current "cultural wars", these and other questions about cultural conflict in the US have been hotly debated for over a century. This course explores such culture wars in the 20th century US and helps students evaluate contested cultural concepts they have produced, including pragmatism, pluralism, religious diversity, scientific objectivity, economic equality, as well as "popular," "high" and "democratic" culture. Same as REL 479. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 482 Slavery in the United States credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/482/>)

Same as AFRO 460. See AFRO 460.

This course satisfies the General Education Criteria for:  
Advanced Composition

HIST 483 Race, Science, and Medicine credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/483/>)

Same as AFRO 466. See AFRO 466.

HIST 486 Revivalism and Evangelicalism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/486/>)

Same as REL 435. See REL 435.

HIST 487 Great Books in History credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/487/>)

An approach to History through a selection of prize-winning, influential, and lasting books, the point being to consider the role of the book in History and its relation to other forms of historical interpretation, including essays, web sites, films, lectures, and exhibits. It will hone students' composition abilities through careful attention to writing, craft, and genre. Each iteration of this course will focus on a particular theme. 3 undergraduate hours. 4 graduate hours. May be repeated as topics vary to a maximum of 6 undergraduate hours or 8 graduate hours.

HIST 488 The American Political Divide credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/488/>)

Examines the diversity of political thought in the twentieth century by exploring the ways that Americans from diverse backgrounds have talked about, made sense of, and sought to influence change in modern American government. Throughout the course, students will examine the enduring debate about the proper role of the federal government, which has been central to some of the fiercest ideological divides in American history. 3 undergraduate hours. 4 graduate hours.

HIST 490 Honors Independent Study credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/490/>)

Independent reading, research, and writing under the supervision of an individual instructor. Seniors in the History Honors Program taking this course in place of the Honors Senior Thesis must complete a substantive research paper (25-30 pages). No graduate credit. May be repeated to a maximum of 6 hours. Each 3-hour class must be taken with a different instructor. Prerequisite: Admission to the History Honors Program; or junior or senior of high standing with the consent of the Director of Undergraduate Studies.

HIST 491 Directed Research in Digital History credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/491/>)

Advanced projects in Digital History undertaken with a faculty supervisor. 1 to 3 undergraduate hours. 1 to 4 graduate hours. Approved for Letter and S/U grading. May be repeated in separate terms to a maximum of 6 undergraduate hours or 4 graduate hours. Prerequisite: Consent of sponsoring faculty supervisor and Director of Undergraduate Studies or Director of Graduate Studies required for all students.

HIST 492 *Historiography and Methodology* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/492/>)

This is a seminar for all students in the History Honors Program and other advanced students interested in honors level study of historiography and methodology. Students intending to write a senior honors thesis should take it no later than the spring of the Junior year. Students will study the development of the historian's craft and will be exposed to new research methods and techniques. The course will culminate in the preparation of a research proposal, developed in consultation with an individual faculty advisor. The instructor of HIST 492 and the Director of Undergraduate Studies will assist students intending to write a thesis in the selection of an appropriate mentor. 3 undergraduate hours. No graduate credit. Prerequisite: Admission to the History Honors Program or consent of the Director of Undergraduate Studies.

This course satisfies the General Education Criteria for:  
Advanced Composition

HIST 493 *Honors Senior Thesis* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/493/>)

Two-term independent research and writing project under the supervision of a faculty advisor. Students enrolled in this course must submit a completed Honors Senior Thesis at the end of the second term, for evaluation by the faculty advisor and a second reader. 3 undergraduate hours. No graduate credit. Must be repeated for a total of 6 hours. Students will receive separate grades for each semester's work. Prerequisite: Admission to the History Honors Program and consent of supervising professor; HIST 492 and HIST 495; concurrent enrollment in HIST 499 is required.

HIST 497 *History of Historiography* credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/497/>)

An exploration of the different approaches to the conceptualization and narration of history in various times and places, with special emphasis on the social, cultural, and political role(s) of the historian. 3 undergraduate hours. 2 or 4 graduate hours.

HIST 498 *Research and Writing Seminar* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/498/>)

Capstone course required of all majors. Students will make history by researching and writing a work of original scholarship. Several of these seminars are offered each term and each focuses on a special topic, thus allowing students with similar interests to work through the process of gathering, interpreting, and organizing historical evidence under the direction of an expert in the field. The topics on offer each semester will be listed in the Class Schedule and described in the department's course guide at <http://www.history.illinois.edu>. 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours.

This course satisfies the General Education Criteria for:  
Advanced Composition

HIST 499 *Thesis Seminar* credit: 1 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/499/>)

A required seminar for all seniors writing Honor Theses in history, this course will meet throughout the year and will supplement individual students' meetings with their primary advisors. Provides an intellectually supportive environment in which students work together on common methodological problems, share the results of their research, and critique developing projects. 1 to 2 undergraduate hours. 1 to 2 graduate hours. Approved for S/U grading only. May be repeated in separate terms to a maximum of 3 hours. Prerequisite: Admission to the History Honors Program; HIST 492; and HIST 495. Concurrent enrollment in HIST 493 is required.

HIST 502 *Prob in Comparative History* credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/502/>)

Intensive comparative examinations of particular issues in the histories of multiple countries, cultures or periods; emphasizes methodology, the discipline of comparative history, and the nature of historiography in a cross-cultural and interdisciplinary context. May be repeated to a maximum of 12 hours.

HIST 503 *Prob in Comp Women's Hist* credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/503/>)

Examines major works in global women's history from about 1700 to 1950. Introduces students to major themes in women's history as well as major historiographical debates. Topics will be listed in the department's course guide at <http://www.history.illinois.edu>. Same as GWS 501. May be repeated to a maximum of 12 hours if topics vary.

HIST 504 *Problems in the History of Science and Medicine* credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/504/>)

Topics will be listed in the department's course guide at <https://www.history.illinois.edu>. 4 graduate hours. No professional credit. May be repeated to a maximum of 12 hours if topics vary. Prerequisite: Consent of instructor.

HIST 505 *Research Seminar: Science and Medicine* credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/505/>)

Topics will be listed in the department's course guide at <https://www.history.illinois.edu>. 4 graduate hours. No professional credit. May be repeated to a maximum of 12 hours if topics vary. Prerequisite: Consent of instructor.

HIST 507 *Prob in Latin American Hist* credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/507/>)

Topics will be listed in the department's course guide at <http://www.history.illinois.edu>. May be repeated to a maximum of 12 hours if topics vary.

HIST 508 *Research Seminar: Latin America* credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/508/>)

Topics will be listed in the department's course guide at <https://www.history.illinois.edu>. 4 graduate hours. No professional credit. May be repeated to a maximum of 12 hours if topics vary. Prerequisite: Consent of instructor.

HIST 510 *Problems in African History* credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/510/>)

Topics will be listed in the department's course guide at <http://www.history.illinois.edu>. Same as AFST 510. May be repeated to a maximum of 12 hours if topics vary.

HIST 511 *Research Seminar: Africa* credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/511/>)

Topics will be listed in the department's course guide at <https://www.history.illinois.edu>. Same as AFST 511. 4 graduate hours. No professional credit. May be repeated to a maximum of 12 hours if topics vary. Prerequisite: One upper-level African history course or consent of instructor.

HIST 519 *Colonialism & Postcolonialism* credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/519/>)

Same as ANTH 504. See ANTH 504.

HIST 520 *Problems in Chinese History* credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/520/>)

Topics will be listed in the department's course guide at <http://www.history.illinois.edu>. Same as EALC 520. May be repeated to a maximum of 12 hours if topics vary.

HIST 521 Research Seminar: China credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/521/>)

Research Seminar in Chinese history designed to provide training to graduate students in research skills with an emphasis on the use of source materials in Chinese language. Same as EALC 522. 4 graduate hours. No professional credit. May be repeated to a maximum of 8 graduate hours in separate terms. Prerequisite: Proficiency in written Classical or Modern Chinese, EALC 500 for EALC graduate students, and HIST 520 for History graduate students, or the consent of instructor.

HIST 526 Problems in Japanese History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/526/>)

Period covered will alternate between the Early Modern (1550 - 1850) and Modern (1850 - present) eras. Same as EALC 526. May be repeated to a maximum of 8 hours.

HIST 527 Research Seminar: Japan credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/527/>)

Period covered will alternate between the Early Modern (1550 - 1850) and Modern (1850 - present) eras. Same as EALC 527. May be repeated to a maximum of 8 hours if topics vary. Prerequisite: Graduate standing in HIST, EALC, or other related discipline and reading knowledge of Japanese, or consent of instructor. By permission of instructor. Same as EALC 527. 4 graduate hours. No professional credit. May be repeated to a maximum of 8 hours if topics vary. Prerequisite: Graduate standing in HIST, EALC, or other related discipline and reading knowledge of Japanese, or consent of instructor.

HIST 535 Prob Middle Eastern History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/535/>)

Covers, in depth, major problems of specific periods and areas and the relevant literature of Near and Middle Eastern History, which will vary from term to term. May be repeated to a maximum of 8 hours if topics vary.

HIST 536 Research Seminar: Middle East credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/536/>)

Investigates research topics in Near and Middle Eastern history in accordance with students' needs. Topics may vary from term to term. Students will prepare oral and written reports. 4 graduate hours. No professional credit. May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.

HIST 542 Problems in Medieval History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/542/>)

Topics will be listed in the department's course guide at <http://www.history.illinois.edu>. Same as MDVL 542. May be repeated to a maximum of 12 hours if topics vary.

HIST 543 Research Seminar: Medieval credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/543/>)

Topics will be listed in the department's course guide at <https://www.history.illinois.edu>. Same as MDVL 543. 4 graduate hours. No professional credit. May be repeated to a maximum of 12 hours if topics vary. Prerequisite: Consent of instructor.

HIST 545 Research Seminar: Early Modern Europe credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/545/>)

Topics will be listed in the department's course guide at <https://www.history.illinois.edu>. 4 graduate hours. No professional credit. May be repeated to a maximum of 12 hours if topics vary. Prerequisite: Consent of instructor.

HIST 546 Prob English Hist Since 1688 credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/546/>)

Topics will be listed in the department's course guide at <http://www.history.illinois.edu>. May be repeated to a maximum of 12 hours if topics vary.

HIST 549 Research Seminar: England & the British Empire credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/549/>)

Topics will be listed in the department's course guide at <https://www.history.illinois.edu>. 4 graduate hours. No professional credit. May be repeated to a maximum of 12 hours if topics vary. Prerequisite: Consent of instructor.

HIST 550 Prob Early Mod European Hist credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/550/>)

Topics will be listed in the department's course guide at <http://www.history.illinois.edu>. May be repeated to a maximum of 12 hours if topics vary.

HIST 551 Prob European Hist Since 1789 credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/551/>)

Topics will be listed in the department's course guide at <http://history.illinois.edu>. May be repeated in the same or subsequent terms as topics vary.

HIST 552 Research Seminar: Europe Since 1789 credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/552/>)

Topics will be listed in the department's course guide at <https://www.history.illinois.edu>. 4 graduate hours. No professional credit. May be repeated to a maximum of 12 hours if topics vary. Prerequisite: Consent of instructor.

HIST 560 Problems in Russian History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/560/>)

Topics will be listed in the department's course guide at <http://www.history.illinois.edu>. May be repeated to a maximum of 12 hours if topics vary.

HIST 561 Research Seminar: Russia credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/561/>)

Topics will be listed in the department's course guide at <https://www.history.illinois.edu>. 4 graduate hours. No professional credit. May be repeated to a maximum of 12 hours if topics vary. Prerequisite: Consent of instructor.

HIST 570 Prob in American Hist to 1830 credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/570/>)

Topics will be listed in the department's course guide at <http://www.history.illinois.edu>. May be repeated to a maximum of 12 hours if topics vary.

HIST 571 Research Seminar: America to 1789 credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/571/>)

Topics will be listed in the department's course guide at <https://www.history.illinois.edu>. 4 graduate hours. No professional credit. May be repeated to a maximum of 12 hours if topics vary. Prerequisite: Consent of instructor.

HIST 572 Prob in US Hist Since 1815 credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/572/>)

Topics will be listed in the department's course guide at <http://www.history.illinois.edu>. May be repeated in the same or subsequent terms as topics vary.

HIST 573 Research Seminar: America Since 1789 credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/573/>) Topics will be listed in the department's course guide at <https://www.history.illinois.edu>. 4 graduate hours. No professional credit. May be repeated to a maximum of 12 hours if topics vary. Prerequisite: Consent of instructor.

HIST 574 Historiography of Religion in America credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/574/>) Same as REL 535. See REL 535.

HIST 575 Problems African American Hist credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/575/>) Covers in depth, major problems in the African American experience and in the historiography of that experience, including historical periods, themes and paradigms. Same as AFRO 501. Approved for letter and S/U grading. May be repeated to a maximum of 8 hours.

HIST 591 History and Social Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/591/>) Introduces recent historical work drawing upon theories and concepts from the social sciences; considers fields of inquiry which include family history, demographic history, labor history, prosopographical and entrepreneurial studies, local and regional studies, and others.

HIST 593 Approaches to History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/593/>) Required course for entering history graduate students offering in initial foray into historiography, methods, and conceptual approaches for students in all fields. Provides experience dealing with three challenges that face all practitioners of the discipline: identifying the historical problem to be tackled, deciding what methodologies are best suited to that problem, and locating and then making use of the primary sources necessary for analyzing the subject at hand. Assigned materials, class discussions, and assignments will prepare students for the second semester required research seminar. Restricted to first-year graduate students in history.

HIST 594 Intro Historical Writing credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/594/>) Seminar for first-year graduate students and is the second half of the introductory graduate sequence. Focuses on the process of writing an original piece of historical scholarship. Topics to be discussed include: developing an argument, exploring sources, arriving at a research strategy, planning and structuring an article, presenting complex data, and producing scholarship that is a coherent representation of an author's perspective on the past. Over the course of the semester, each seminar participant will develop and write an original, article length research paper. Students will work with the assistance of the instructors and an advisor from her or his own research field. Prerequisite: HIST 593.

HIST 596 Individual Research Project credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/596/>) Directed research in special fields; may be taken in lieu of seminars in fields in which seminars are seldom offered. Topics will be listed in the department's course guide at <http://www.history.illinois.edu>. May be repeated to a maximum of 12 hours if topics vary.

HIST 597 Reading Course credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/597/>) Directed readings in special fields. Primarily, but not exclusively, for students with a master's degree or equivalent, who are preparing for the preliminary examination in history and who need instruction in areas not provided by current course offerings. Approved for letter and S/U grading. May be repeated in the same or subsequent terms as topics vary. Prerequisite: Consent of instructor.

HIST 598 Teaching of College History credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/598/>) Approved for S/U grading only. May be repeated. Prerequisite: Candidate for Ph.D. degree in history.

HIST 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/HIST/599/>) Individual direction in research and guidance in writing theses for advanced degrees. Approved for S/U grading only. May be repeated.

# HORTICULTURE (HORT)

HORT Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/HORT/>)

## Courses

HORT 100 Introduction to Horticulture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/100/>)

Basic principles of plant growth and development as they apply to the production, marketing, and utilization of fruits, vegetables, and ornamental plants. Additional fees may apply. See Class Schedule. Credit is not given for both HORT 100 and HORT 106.

HORT 105 Vegetable Gardening credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/105/>)

The science and art of growing vegetables and the connection between gardening and food. Topics include nutrient and pest management, history, folklore, growing requirements, and quality characteristics of vegetables. Lecture and laboratory. Additional fees may apply. See Class Schedule.

HORT 106 The Sustainable Home Garden credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/106/>)

Create inviting and sustainable indoor and outdoor living spaces with plants, whether your landscape is several acres or a few containers on an urban balcony. This blended-format class meets 1 hour per week for lecture and discussion with additional instruction presented through independent learning activities including virtual field trips, on-line lectures, and instructional videos. Learn the fundamentals of environmentally sound resource use when designing with and maintaining flowering, fruit and vegetable plants, lawns, trees and shrubs around your home. Become a savvy horticultural consumer and develop a healthy lifestyle that supports positive physical and mental well-being by including greenspace activities in your daily life. Additional fees may apply. See Class Schedule. Credit is not given for both HORT 106 and HORT 100.

HORT 107 Introduction to Floral Design credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/107/>)

Introduces the art of arranging flowers, foliages, and accessories according to the principles of design. Additional fees may apply. See Class Schedule.

HORT 180 Medicinal Plants and Herbology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/180/>)

The use of cultivated and wild plants in medicines and health products according to Eastern and Western medical traditions. Consideration of herbal medicine use from ancient times to the present, important medicinal chemicals produced by plants, and the evaluation of plant chemical products as potential human medicines. Same as CPSC 180.

HORT 199 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/199/>)

Experimental course on a special topic in horticulture. Approved for Letter and S/U grading. May be repeated as topics vary.

HORT 205 Local Food Networks credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/205/>)

Prepares students to be leaders and facilitators in local food networks. The focus is on providing the knowledge and skills to initiate and manage community food gardens, school gardens and curricula, institutional buying programs, farmers markets, community supported agriculture, and urban farm networks. Requires a group food network project and an experience with a local food organization. Prerequisite: An introductory course in HORT or CPSC or consent of instructor.

HORT 223 The Intelligent Behavior of Plants credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/223/>)

This course provides students with an introduction into the study of plant behavior, which focuses on how plants interact with and respond to the world around them. Topics include a basic overview of plant anatomy and physiology, a comparative examination of behavioral and communication mechanisms used by plants and animals, and an analysis of the controversial arguments regarding plant intelligence. This course satisfies the General Education Criteria for:

Advanced Composition  
Nat Sci Tech - Life Sciences

HORT 226 Introduction to Weed Science credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/226/>)

Same as CPSC 226. See CPSC 226.

HORT 240 Plant Propagation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/240/>)

Examines theories and methods employed in propagation of plants, emphasizing anatomical, physiological, and ecological principles involved in sexual propagation (seeds) and asexual propagation (division, cuttings, budding, grafting, tissue culture, etc.) Additional fees may apply. See Class Schedule. Prerequisite: IB 103.

HORT 261 Biotechnology in Agriculture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/261/>)

Same as CPSC 261. See CPSC 261.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences

HORT 301 Woody Landscape Plants credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/301/>)

Systematic approach to the identification, ornamental characters, culture, and use of woody landscape deciduous and evergreen trees, shrubs, vines and groundcovers, with special emphasis on cultivated varieties. Prerequisite: IB 103.

HORT 341 Greenhouse Mgmt and Production credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/341/>)

Focuses on how controlled environments can be managed to obtain optimal plant growth. Lectures cover greenhouse operations, management, and production, including: greenhouse design, location, glazing, heating, cooling, environmental control, irrigation systems, light control, root media, fertilization, watering, integrated pest management, and automation. The course also has a large laboratory component, in which students conduct experiments in the greenhouse. A required all-day field trip to nearby greenhouse operations rounds out the course experience. Additional fees may apply. See Class Schedule. Prerequisite: NRES 201 and HORT 100.

HORT 344 Planting for Biodiversity and Aesthetics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/344/>)

As the demand for food increases, plants in ornamental landscapes will need to provide not only beauty but also species biodiversity critical for supporting sustainable food production. Course emphasizes species identification (predominantly herbaceous perennials), management, and planting design principles. Designing for multiple contexts, such as residential and community gardens, and large scale production sites, to provide multiple ecosystem services, especially supporting human aesthetic preferences, and habitat for pollinators. Additional fees may apply. See Class Schedule. Prerequisite: IB 103.

HORT 360 Vegetable Crop Production credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/360/>)

Instruction on the commercial production of vegetable crops. The first part of the class focuses on broad issues important to all crops including methods of vegetable production, basic soil and nutritional management, irrigation, and weed, insect, and disease management. Both organic and conventional production are discussed with a focus on sustainability. Basic farm and business management topics, including postharvest handling, food safety, crop and farm budgets, business structures, marketing, insurance, and regulations are also discussed. The second part of the class focuses on specific crops, emphasizing their origin, production, growth and development, insects, and diseases as well as harvesting and postharvest handling. Prerequisite: HORT 100 or equivalent.

HORT 361 Small Fruit Production credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/361/>)

Technological application of biological principles to the culture of strawberry, grape, blueberry, raspberry, blackberry, currant, gooseberry, and miscellaneous small fruits. Prerequisite: HORT 100 or IB 103.

HORT 362 Tree Fruit Production credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/362/>)

Examines biological principles and cultural practices involved in the growth and production of apple, pear, peach, cherry, plum, apricot, almond, and miscellaneous citrus and nut crops. Offered every fall semester. Prerequisite: HORT 100 or IB 103.

HORT 363 Postharvest Handling Hort Crop credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/363/>)

Provides theoretical and practical experience in the principles and practices of postharvest handling of cut flowers, ornamentals, fruits, and vegetables, emphasizing factors that impact quality, shelf-life, and safety. Requires two field trips, one to a local produce warehouse and the other to local supermarkets. Offered every fall semester. Prerequisite: HORT 100, CHEM 102, CHEM 103, IB 103.

HORT 393 Horticulture Internship credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/393/>)

Supervised experience in a field directly pertaining to a subject matter in horticulture. Approved for S/U grading only. May be repeated in separate terms. Independent Study courses are limited to 12 hours total applying to a degree in ACES. For registration in this course students should contact the Department Undergraduate Program Coordinator. Prerequisite: Sophomore standing, cumulative GPA of 2.0 or above at the time the internship is arranged, and consent of instructor.

HORT 395 Undergrad Research or Thesis credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/395/>)

Independent research, special problems, thesis, development and/or design work under the supervision of an appropriate member of the faculty. May be repeated. Independent Study courses are limited to 12 hours total applying to a degree in ACES. Prerequisite: Cumulative GPA of 2.5 or above at the time the activity is arranged and consent of instructor.

HORT 396 Ug Honors Research or Thesis credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/396/>)

Individual research, special problems, thesis, development and/or design work under the direction of the Honors advisor. May be repeated. Independent Study courses are limited to 12 hours total applying to a degree in ACES. Prerequisite: Junior standing, admission to the ACES Honors Program, and consent of instructor.

HORT 421 Horticultural Physiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/421/>)

Horticultural crop growth is examined in relation to plant structure, environment, and cultural practices. Emphasizes environmental control of whole plant growth as influenced by the supply of the raw materials required for growth: water, carbon dioxide, radiant energy, including the influence of temperature and photoperiod on plant growth and development. The shoot and root interactions with the environment are characterized relative to cultural practices. 4 undergraduate hours. 4 graduate hours. Prerequisite: HORT 100 or IB 103 and junior standing.

HORT 430 Children and Nature credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/430/>)

Study of research theory and evidence suggesting the importance of children's contact with natural environments including, designed urban greenspaces, managed sustainable landscapes, and wilderness, for healthy child development, ecological literacy, and pro-environmental behavior as adults. Discussion of research implications and applications for redesigning our communities' outdoor spaces, societal values, public policies and education systems to foster children's access to, and bonding with, nature. Same as LA 430. 2 undergraduate hours. 2 graduate hours.

HORT 434 Designing Urban Agriculture credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/434/>)

Emphasizes the design process and principles related to food production in urban environments. Lecture topics will include assessing, planning, and transforming the landscape at multiple scales from regional to neighborhood to specific site. In group discussions students will critically review readings from peer-reviewed and popular literature. Students will engage in analysis and design of an existing site to integrate multiple functions, emphasizing the permanent infrastructure and perennial vegetation. Access to a computer that can be loaded with appropriate software (Sketchup) is necessary for mapping and design projects. Online lecture/discussion course. 2 undergraduate hours. 2 graduate hours. HORT 100 or CPSC 112 or equivalent introductory course in plant science, one course in Humanities & the Arts, and one course in Social & Behavioral Sciences. Prerequisite: Junior standing required.

HORT 435 Urban Food Production credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/435/>)  
Explore opportunities and challenges for maximizing the productivity and sustainability of urban food production systems, considering agricultural, environmental, energy, social, and economic issues. Students will examine the science and practice of urban agriculture through scientific and popular literature, case studies, online discussion, and service-learning opportunities. Production systems covered will include both outdoor (e.g., vacant lot urban farms) and controlled environment (e.g., hydroponics and aquaponics) agriculture. 3 undergraduate hours. 3 graduate hours. Prerequisite: HORT 100 or CPSC 112 or equivalent introductory course in plant science.

HORT 442 Plant Nutrition credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/442/>)  
Mechanisms and factors affecting the absorption, transport, distribution, and functions of the essential elements required by higher plants. 4 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: NRES 201 and IB 420.

HORT 447 Horticultural Plant Breeding credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/447/>)  
Methodology, objectives, and constraints of breeding for improved cultivars of flowers, woody ornamentals, turfgrasses, fruits, and vegetables. Emphasis on breeding objectives unique to horticultural commodities such as color, appearance, flavor, shelf-life, nutritional value, and other characteristics that determine product quality. 3 undergraduate hours. 3 graduate hours. Offered in alternate years. Prerequisite: CPSC 352.

HORT 453 Principles of Plant Breeding credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/453/>)  
Same as CPSC 453. See CPSC 453.

HORT 475 Permaculture & Agroforestry credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/475/>)  
Lecture/discussion course covering the scientific basis and design of permaculture (permanent agriculture) and temperate agroforestry systems. Lecture topics will include: permaculture principles, site assessment, soil remediation, water management, agroforestry case studies, urban food forests, and integration of livestock, among others. Education resources will be provided from peer-reviewed literature and popular sources. Students will work on projects to critically review the principles of permaculture and to design a multifunctional agroforestry system for a temperate site. 3 undergraduate hours. 3 graduate hours. Prerequisite: HORT 100 or CPSC 112 or equivalent introductory course in plant science and one course in ecology, environmental sciences, or natural resources. Junior standing required.

HORT 499 Advanced Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/499/>)  
Advanced experimental course on a special topic in horticulture. 1 to 4 undergraduate hours. 1 to 4 graduate hours. Approved for Letter and S/U grading. May be repeated if topics vary.

HORT 566 Plant Gene Regulation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/566/>)  
Same as CPSC 566. See CPSC 566.

HORT 588 Plant Biochemistry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/588/>)  
Same as CPSC 588 and IB 524. See CPSC 588.

HORT 598 Experimental Graduate Courses credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HORT/598/>)  
Experimental course on a special topic in Horticulture. May be repeated in the same or separate terms to a maximum of 12 hours as topics vary.

# HUMAN DEV AND FAMILY STUDIES (HDFS)

HDFS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/HDFS/>)

## Courses

HDFS 101 Issues & Careers in HDFS credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/HDFS/101/>)

Introduction to career opportunities related to human development and family studies, academic and other preparation for different fields, and emerging issues for practitioners and researchers.

HDFS 105 Intro to Human Development credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/105/>)

Systematic overview of the psychological, biological, familial, and cultural factors related to human growth and development across the life span.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

HDFS 108 Grief and Loss Across the Lifespan credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/108/>)

Educates students on the impact of grief and loss from the perspective of human development. Begins by exploring different types of grief and loss and the importance of studying this topic, especially for those students seeking professions in healthcare and social service settings. Utilizes developmental theories as we look across the lifespan at how individuals' approach and understand death, the coping strategies utilized to confront grief/loss and ways to support individuals experiencing the plethora of feelings that accompany grief/loss.

HDFS 120 Intro to Family Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/120/>)

Overview of current concepts, theories, and substantive issues in family studies from an interdisciplinary perspective. Gives attention to variation in family form and function across different social/cultural contexts and how family experience is structured by gender. Examines issues of family development (marriage, parenting, divorce, remarriage, aging family) and explores the links between families and other social institutions.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

HDFS 140 Intro Gender & Women's Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/140/>)

Same as GWS 100 and SOC 130. See GWS 100.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

HDFS 143 Biology of Human Behavior credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/143/>)

Same as ANTH 143. See ANTH 143.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences

HDFS 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/199/>)

Experimental course on a special topic in human development and family studies. Approved for Letter and S/U grading. May be repeated to a maximum of 12 hours in the same or subsequent terms, if topics vary. Credit is not given for more than a total of 12 hours of Independent Study (IND) courses applying to a degree in ACES.

HDFS 206 Early Childhood Curriculum Dev credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/206/>)

Introduces development of curriculum for children from birth to age five; integrates child development theory and principles with programming for young children in preschool and childcare setting. Prerequisite: HDFS 105.

HDFS 208 Child Fam with Special Needs credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/208/>)

Multi-disciplinary approach to the study of issues related to exceptional children and their families. Explores social, emotional, and economic aspects of exceptionality for both children and families; examines processes of identification, intervention, and integration of children who deviate significantly from developmental norms. Designed for students studying child development, early childhood education, special education, social work, nursing and other disciplines involved with children who have special needs and their families. Recommended for students preparing for internships and careers as Child Life Specialists. Prerequisite: HDFS 105.

HDFS 220 Families in Global Perspective credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/220/>)

Explores economic, political, cultural and social factors affecting families in different countries; examines variations among families in developed and developing nations and their historical, political and cultural contexts. Same as ANTH 210.

This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West  
Social Beh Sci - Soc Sci

HDFS 221 Asian Families in America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/221/>)

Same as AAS 297 and SOCW 297. See SOCW 297.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci  
Cultural Studies - US Minority

HDFS 225 Close Relationships credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/225/>)

Initiation, development, and dissolution of committed relationships with same- or opposite-sex partners within familial, cultural, and societal contexts. Prerequisite: Sophomore standing.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

HDFS 259 Motor Development and Control credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/259/>)

Same as KIN 259. See KIN 259.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

HDFS 261 Self-Help Group Dev & Process credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/261/>)

Defines nature and use of self-help groups in different contexts. Includes role of professionals in group formation and maintenance and develops group planning and management skills. Includes practice in group formation and visits to working groups in the community.

HDFS 262 Motor Develop, Growth & Form credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/262/>)

Same as KIN 262. See KIN 262.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

HDFS 263 Diversity in Recreation, Sport, and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/263/>)

Same as KIN 230 and RST 230. See RST 230.

This course satisfies the General Education Criteria for:  
Cultural Studies - US Minority

HDFS 290 Intro to Research Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/290/>)

Introduction to quantitative and qualitative research methods used to study human development and families. Provides experience conducting observations and survey interviews, evaluating research results, and writing research reports. Prerequisite: HDFS 105.

This course satisfies the General Education Criteria for:  
Advanced Composition

HDFS 291 HDFS Career Planning & Preparation credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/HDFS/291/>)

Overview of job opportunities, graduate, and professional school programs that prepare students for careers in health care, counseling, social work, higher education, policymaking and other fields related to Human Development and Family Studies. Examines types of jobs, graduate and professional opportunities and the preparation they require. Students develop personal job, graduate/professional school preparation plans. Approved for S/U grading only.

HDFS 293 Off-Campus Internship credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/293/>)

Supervised, off-campus experience in a field directly pertaining to subject matter in Human Development and Family Studies. Intended primarily for students seeking supervised internship experience needed for certification as a Child Life Specialist. Approved for Letter and S/U grading. May be repeated in separate terms to a maximum of 4 hours. Credit is not given for more than a total of 12 hours of Independent Study (IND) courses applying to a degree in ACES. Prerequisite: Prior or concurrent enrollment in HDFS 408 and consent of instructor.

HDFS 294 Research Internship credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/294/>)

Students work one-on-one or in a small group with a faculty member engaged in research. Students must arrange this research experience with a professor prior to registering for the course. A list of possible research projects can be found at: <http://hdfs.illinois.edu/undergraduate/research-opportunities>. Once you have found a project that interests you, email the professor and ask to participate in his or her research opportunity. Approved for Letter and S/U grading. May be repeated in the same or separate terms to a maximum of 12 hours. Prerequisite: Consent of instructor; not open to students on probation.

HDFS 295 Independent Study or Research credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/295/>)

Individual research, special problems, thesis, development and/or design work under the supervision of an appropriate member of the faculty. May be repeated in the same or separate terms to a maximum of 12 hours. Credit is not given for more than a total of 12 hours of Independent Study (IND) courses applying to a degree in ACES.

HDFS 301 Infancy & Early Childhood credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/301/>)

Reviews development during the first five years of life, including cognitive, social, and biological aspects of early development; includes first-hand observation of young children to supplement and extend lecture material. Prerequisite: HDFS 105 or PSYC 216.

HDFS 305 Middle Childhood credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/305/>)

Systematic overview of the normative changes that occur in the physical, cognitive, social, emotional, and moral domains during the middle childhood period as well as current social issues that confront many of today's children (such as school violence or poverty). Prerequisite: HDFS 105.

HDFS 310 Adult Development credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/310/>)

Focuses on adult development as a means for understanding the quality of family relationships and community functioning. Uses current theoretical approaches to understand adult development and evaluate each approach's usefulness for adults in the contexts of family, health, work, leisure and challenges over the life course. Prerequisite: HDFS 105 or equivalent.

HDFS 314 Introduction to Aging credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/314/>)

Same as CHLH 314, RST 314, PSYC 314, and REHB 314. See CHLH 314.

HDFS 322 US Latina and Latino Families credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/322/>)

Explores a variety of topics and provides a basic overview of issues relevant to the understanding of Latina/Latino families and children in the United States. Examines recent demographic changes in the U.S. population and their implications for the socialization and education of Latina/Latino children and their families. Course content looks at such areas as who are Latina/Latino families; how are those families different from others; what are the similarities and differences within Latinas/Latinos; how does acculturation and language fit into our understanding of these families; and what are the implications for the education success of current and future Latina/Latino children. Same as LLS 322. This course satisfies the General Education Criteria for:  
Cultural Studies - US Minority

HDFS 324 African Amer Families in Film credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/324/>)

Same as AFRO 382. See AFRO 382.

HDFS 340 Gender, Relationships & Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/340/>)

Explores the production of gender through social interaction within families and other specific interpersonal and institutional relationships that change over time. Gender is also linked to race, class, ability, and sexuality. Same as GWS 340 and SOC 322. Prerequisite: HDFS 105 or SOC 100.

HDFS 341 Asian American Youth credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/341/>)

Same as AAS 346. See AAS 346.

HDFS 361 Creative Dance for Children credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/361/>)

Same as ARTE 350 and DANC 350. See DANC 350.

HDFS 379 HDFS Study Abroad Experience credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/379/>)

International experience in areas related to human development and family studies involving foreign travel and study without enrollment in another institution. Experience must be planned and approved in advance via consultation with an HDFS faculty member. May be repeated in separate terms to a maximum of 8 hours if topics vary.

HDFS 396 Honors Research or Thesis credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/396/>)  
Individual research, special problems, thesis, development and/or design work under the direction of the Honors advisor. May be repeated in separate terms. Independent Study courses are limited to 12 hours total applying to a degree in ACES. Prerequisite: Junior standing, admission to the ACES Honors Program.

HDFS 398 Undergraduate Seminar credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/398/>)  
Special topics in a field of study directly pertaining to subject matter in human development and family studies. May be repeated in separate terms to a maximum of 12 hours. Prerequisite: Junior standing.

HDFS 401 Socialization and Development credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/401/>)  
Presents and uses theories of socialization to evaluate and analyze current issues and socialization practices; delineates historical and philosophical trends in socialization, and discusses the implications of these trends for generating social policy affecting the developing individual. 4 undergraduate hours. 4 graduate hours. Prerequisite: HDFS 301 and HDFS 290.

HDFS 404 Gerontology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/404/>)  
Same as CHLH 404. See CHLH 404.

HDFS 405 Adolescent Development credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/405/>)  
Examines paths of experience and individual development within the family, the peer group, and other domains through this socially-defined stage of life. 3 undergraduate hours. 3 graduate hours. Prerequisite: HDFS 105 or PSYC 100.

HDFS 406 Child Dev Class Supervision credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/406/>)  
Examines the relationships between child development theories and developmentally appropriate and individualized instruction techniques, discipline and guidance strategies, and the role of the family in child development programs. Emphasizes program supervision. Includes direct experience with children and families in a laboratory setting. 5 undergraduate hours. 5 graduate hours. Prerequisite: HDFS 206, HDFS 220, and junior standing.

HDFS 408 Hospitalized Children credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/408/>)  
Examines the developmental needs and stress reactions of children and families in a hospital/medical setting; examines responses of family and staff facing terminal illness and the death of a family member; familiarizes students with general hospital procedures, medical terms, and illnesses; introduces the role of Child Life programs and the Child Life Specialist. 3 undergraduate hours. 4 graduate hours. Prerequisite: HDFS 105 or consent of instructor.

HDFS 420 Inequality, Public Policy, and U.S. Families credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/420/>)  
Examines influence of economic, demographic and social changes on families in the U.S. and on the opportunities of individual family members. Explores interactions of social class, poverty, race and gender and their effects on family life and on child and adolescent development. Includes critical analysis of health care, employment, immigration, family leave, welfare and other social policy options that affect family life and well-being. 3 undergraduate hours. 4 graduate hours. Prerequisite: HDFS 120.

HDFS 424 Racial and Ethnic Families credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/424/>)  
Same as AFRO 421, EPOL 410, and EPS 421. See EPS 421.

HDFS 425 Family Stress and Change credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/425/>)  
Applies family theories (e.g. family systems, family stress, multigenerational developmental perspectives) to understand how families change and adapt to stress across time and diverse contexts. Attention is given to assessing intergenerational family dynamics and working with individuals and families to reduce negative patterns. 4 undergraduate hours. 4 graduate hours. Prerequisite: HDFS 120 and HDFS 290.

HDFS 426 Family Conflict Management credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/426/>)  
Examines processes of conflict management in family and community disputes; emphasizes negotiation and mediation as modes of dispute settlement. 3 undergraduate hours. 4 graduate hours. Prerequisite: HDFS 120.

HDFS 427 Family Adaptation & Resilience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/427/>)  
Examines complex factors, including culture, economy, and values conflicts, that challenge families and the range of adaptive strategies that families deploy amid various challenges and stressors. Activities include developing a research or action proposal related to developing family resiliency. 3 undergraduate hours. 3 graduate hours. Credit is not given for both HDFS 427 and HDFS 527. Prerequisite: HDFS 425 or consent of instructor.

HDFS 444 LGBT Indiv, Fam & Community credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/444/>)  
Examines contemporary sexual and gender minority experiences in the context of societal inequality. Of particular interest to students pursuing educational, human service, legal, and/or health profession careers. Same as CHLH 444. 3 undergraduate hours. 4 graduate hours. Prerequisite: SOC 100 or an introductory course on gender issues.

HDFS 450 Practicum in HDFS credit: 1 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/450/>)  
Supervised on- or off-campus learning experience related to human development or family studies, supervised in cooperation with an appropriate agency or institution. Not available to students on probation. 1 to 12 undergraduate hours. 1 to 12 graduate hours. May be repeated for up to 12 hours in separate semesters. Only 6 hours of the course may be applied to the total required for a graduate or undergraduate degree in Human Development and Family Studies. Prerequisite: Human Development and Family Studies major; junior standing.

HDFS 459 Physical Activity & Aging credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/459/>)  
Same as KIN 459. See KIN 459.

HDFS 461 Family Life Education credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/461/>)  
Examines the theory and practice of designing family life education programs for children, youth, and/or families. Introduces strategies for translating science-based information into learning experiences. Family life education topics such as parenting (including managing difficult children and children with special needs), relationships (dating, marriage), family transitions (becoming new parents, divorce, & stepfamilies), and health and well-being (obesity, stress) will be reviewed. Principles of effective program design will be explored along with online program delivery skills. 3 undergraduate hours. No graduate credit. Credit is not given for both HDFS 461 and HDFS 561. Prerequisite: HDFS 120 or consent of instructor.

HDFS 494 Applied Research Methods credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/494/>)  
Participation in faculty-supervised research as a member of a transdisciplinary team investigating questions related to the health and well-being of children and families. Students propose their own research questions and present findings developed from data gathered by the team. 1 to 4 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours in the same term or to a maximum of 12 hours in separate terms. Prerequisite: Consent of instructor.

HDFS 499 Seminar credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/499/>)  
Special topics in human development, family studies, or community development. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in separate terms to a maximum of 12 hours.

HDFS 500 Professional Development credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/HDFS/500/>)  
Overview of issues in professional development in the field of human development and family studies; focuses on both academic and applied career paths. Approved for S/U grading only. May be repeated to a maximum of 4 hours.

HDFS 501 Human Development Theories credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/501/>)  
Overview of basic theories and theoretical perspectives on human development; focuses on major concepts, issues, and questions in the field.

HDFS 503 Social-Emotional Development credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/503/>)  
Theory and research related to social and emotional development from infancy through middle childhood. Key topics include emotional regulation and social-emotional understanding, with special attention to the interpersonal contexts of social-emotional development, including parent-child, sibling and peer relationships. Prerequisite: HDFS 501.

HDFS 505 Advanced Adolescence credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/505/>)  
Advanced interdisciplinary examination of current research on adolescence as a life course stage and developmental period; focuses on principal contexts of adolescents' lives, such as family, peers and school, and examines how experience in these contexts relates to preparation for adulthood. Designed for students with prior course work on adolescence or related topics who plan to do research, teaching, or policy work pertinent to this age period. Prerequisite: Prior course work in human development, developmental psychology or life course sociology.

HDFS 521 Family Theories credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/521/>)  
Contemporary family theories and their application in family research.

HDFS 523 Ethnic Families credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/523/>)  
Historical, social, economic, contextual (neighborhood), and subcultural factors that influence the organization and dynamics of ethnic-racial family life in the United States: family and group immigration and migration histories, acculturation, identity development, family organization, gender roles, parent-child relations, family rituals, neighborhood influences on family life and child-adolescent development, and the relationship between social class and ethnicity-race. Particular emphasis is given to qualitative studies that detail the first-hand experiences of families.

HDFS 525 Family Interaction credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/525/>)  
Observation and qualitative analysis of the family as a system; how family organization emerges, is maintained, and changes through social interaction.

HDFS 526 Intimate Partner Violence credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/526/>)  
Extent, nature, causes, and consequences of intimate partner violence in the United States. Examines the complexities of intimate partner violence, including individual, societal, and historical factors that contribute to violence, the implications of making distinctions in types of violence and perpetrators, and the relationship between institutional responses and individual decision-making. Also examines theoretical methodological and ethical issues related to violence research.

HDFS 527 Family Resiliency credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/527/>)  
Examines complex factors, including culture, economy, and values conflicts, that challenge families and the range of adaptive strategies that families deploy amid various challenges and stressors. Activities include developing a research or action proposal related to developing family resiliency. Credit is not given for both HDFS 527 and HDFS 427. Prerequisite: HDFS 521 or HDFS 525 or equivalent.

HDFS 528 Parenting credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/528/>)  
Explores how parenthood has been conceptualized and investigated in human development, family studies, and related disciplines. Major theoretical perspectives and emerging line of research will be reviewed including parental style, beliefs and cognition, identity, fathering and diverse parenting contexts. Prerequisite: HDFS 501 or HDFS 521.

HDFS 529 Youth and Family Acculturation credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/529/>)  
Examines acculturation in youth and families related to immigration and globalization (e.g., via media, trade). Covers theory regarding individual acculturation styles such as assimilation or integration/biculturalism, and explores societal influences. Also examines how youth and families adapt, including psychological and social adjustment, parent-child acculturation gaps, and risk/protective factors for family resilience. Films and discussions cover different types of acculturating individuals (e.g., immigrants, refugees, non-migrants) and span several world regions. Prerequisite: Prior coursework in family studies, child/adolescent development or related topics, or consent of instructor.

HDFS 533 Community In American Society credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/533/>)

Classic U. S. community studies are paired with current journal articles to examine how people in rural, suburban, and urban places go about making, maintaining or losing "community" in the context of societal change. The community studies provide a window on change at the local level including: urbanization, suburbanization, ethnic group interactions, inner-city poverty concentration, household structure variation, economic restructuring, and environmental impacts. Community studies are also critically evaluated both theoretically and as a research strategy. Same as SOC 572 and UP 533. 4 graduate hours. No professional credit.

HDFS 534 Neighborhoods and Human Dev credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/534/>)

Theories, methodological issues, and current empirical research on the impact of neighborhoods on human development and family welfare across the life course including how neighborhoods characteristics, e.g., poverty, racial and ethnic composition, and geographic space, influence child and adolescent development, health, and employment opportunities and success in adulthood. Key mechanisms include: family conditions, local environment, social networks, and spatial mismatch. 4 graduate hours. No professional credit.

HDFS 539 Youth, Culture and Society credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/539/>)

Examines youth as a historically and culturally specific social formation; examines discursive and material positioning of youth within broader intersecting racial, cultural, socio-economic, gender and political contexts to situate youth and youth cultural practices within global and local processes. Specific topics include youth cultures, juvenile justice, education, labor, consumerism, politics, sexuality and activism, as well as methodological considerations of conducting research on youth. Same as AAS 539 and EPS 539. 4 graduate hours. No professional credit.

HDFS 540 Gender & Sexuality credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/540/>)

Highlights key approaches to gender and sexuality within the multidisciplinary field of family studies; examines how gender and sexuality organize the accomplishment of family life through both social structure and social performance, and their attendant historical, economic and political contexts.

HDFS 541 Inequalities In A Diverse Society credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/541/>)

Same as LLS 554 and SOCW 554. See SOCW 554.

HDFS 543 Ethnography Urban Communities credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/543/>)

Same as AFRO 552, SOC 578, and UP 578. See AFRO 552.

HDFS 550 Advanced Practicum in HDFS credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/550/>)

Practicum providing graduate students with supervised experience in the design, implementation, and/or evaluation of outreach programs, policy development, or consultation models designed to meet the needs of children, families and/or communities. Prerequisite: HDFS 450.

HDFS 551 Childhood Obesity I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/551/>)

Same as CHLH 530, FSHN 530, KIN 530, NUTR 530, SOCW 570. See NUTR 530.

HDFS 552 Childhood Obesity II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/552/>)

Same as CHLH 531, FSHN 531, KIN 531, NUTR 531, SOCW 571. See NUTR 531.

HDFS 561 Child and Family Program Dev credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/561/>)

Theoretical and practical aspects of planned efforts to influence the development of children, youth, and families in the context of communities, particularly efforts to promote competence and well-being of children and youth, positive parenting, and well-being and adjustment of adults. Examines literature from four approaches: family life education, youth development, prevention/applied developmental science, as well as health promotion and community health.

HDFS 562 Child & Family Program Eval credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/562/>)

Introduces practical skills for evaluating service, intervention, and educational programs, including needs assessment, program monitoring and impact assessment, with emphasis on outcome measure selection, randomized and quasi-experimental designs, statistical power analysis, and ethical issues.

HDFS 586 Health and Leisure in Recreation, Sport and Tourism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/586/>)

Same as RST 586. See RST 586.

HDFS 590 Advanced Research Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/590/>)

Overview of positivist, interpretive, and critical research paradigms and their quantitative and qualitative methodologies; critical evaluation of current social science literature; students develop their own research proposals. 4 graduate hours. No professional credit.

HDFS 591 Qualitative Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/591/>)

Qualitative methods in the social sciences: epistemological context; data collection and relationships with participants; data management, analysis and evaluation; writing strategies. Specific content emphasis alternates annually between field research and grounded theory. 4 graduate hours. No professional credit. May be repeated to a maximum of 8 hours.

HDFS 594 Intermed Statistical Analysis credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/594/>)

Overview of common quantitative research methods and statistical analyses used in human development, family, and community research; covers sampling, data management, bivariate analyses, multivariate regression. Students frame a research question and use a common data set and statistical analysis software to prepare methods and results sections of a manuscript suitable for publication. 4 graduate hours. No professional credit. Prerequisite: HDFS 590 or equivalent.

HDFS 595 Seminar credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/595/>)

Discussion and evaluation of current literature on selected topics in human and community development. 1 to 4 graduate hours. No professional credit. May be repeated in the same or subsequent terms.

HDFS 596 Advanced Studies in HDFS credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/596/>)

Library or experimental research on specific problems of limited scope. May be taken in addition to 32 hours required for a master's degree by students who do not write a thesis. For non-thesis students only. May be repeated to a maximum of 4 hours.

HDFS 597 Advanced Statistical Analysis credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/597/>)

Introduction to the conceptual bases and uses of advanced statistical techniques in human development and family research, including factor analysis, cluster analysis, multilevel modeling, and logistic regression. Special attention given to the longitudinal and dyadic analyses and to techniques for handling missing data. Students use common statistical packages and their own data set to produce a journal-style manuscript. 4 graduate hours. No professional credit. Credit is not given for both HDFS 592 and HDFS 597. Prerequisite: HDFS 594 or a graduate-level course in multivariate statistical analysis.

HDFS 598 Special Problems in HDFS credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/598/>)

Research or independent study on a special problem that is not part of thesis work. 1 to 4 graduate hours. No professional credit. May be repeated in the same or separate terms to a maximum of 8 hours.

HDFS 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/HDFS/599/>)

Individual thesis research under supervision of faculty in specialized fields of human and community development. 0 to 16 graduate hours. No professional credit. Approved for S/U grading only. May be repeated.

# HUMAN DIMENSIONS OF ENV SYS (HDES)

---

HDES Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/HDES/>)

## Courses

HDES 595 Res Sem Human Enviro credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HDES/595/>)

Trains students to propose, conduct, communicate, and evaluate research in the human dimensions of environmental systems.

Participants present and receive feedback on work in progress in formal seminars and in small multidisciplinary groups. May be repeated to a maximum of 20 hours. Prerequisite: HDES Scholar status or consent of instructor.

HDES 598 Special Topics in HDES credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HDES/598/>)

Special topics in the human dimensions of environmental systems (HDES), with a focus on contemporary environmental and sustainability issues. An introduction course for graduate students who wish to explore the interdisciplinary studies offered through the Program in HDES. Approved for both letter and S/U grading. May be repeated in the same term to a maximum of 8 hours as topics vary. May be repeated in separate terms to a maximum of 12 hours as topics vary.

# HUMAN RESOURCE DEVELOPMENT (HRD)

HRD Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/HRD/>)

## Courses

HRD 400 Principles of Human Resource Education credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/400/>)

Study of the basic concepts and practices of education for and about work: its philosophical foundations and historical development, mission and goals, structure and function, curricular areas of emphasis, learner audiences served and settings in which programs are conducted, and issues and trends affecting program change. Same as EPOL 470. 3 undergraduate hours. 4 graduate hours.

HRD 402 Business Principles for Human Resource Development credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/402/>)

Study of essential business understandings, knowledge, and skills required for HRD professionals to interact effectively with others in the business community. Same as EPOL 471. 3 undergraduate hours. 4 graduate hours.

HRD 411 Instructional and Training System Design credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/411/>)

Provides instruction and practice in the selection, organization, and preparation of content for instructional programs in business and technical settings. Provides students with a theoretical orientation to instructional design as well as the opportunity to experience the instructional design process as it applies to business and technical settings through the development of instructional materials. Same as EPOL 472. 3 undergraduate hours. 4 graduate hours.

HRD 414 Facilitation Skills credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/414/>)

Provides an in-depth examination into the body of research of effectively facilitating groups, including the nature of groups, the dynamics of individuals within groups, effective planning, role clarification, identification of intervention points in groups, and effective use of tools and techniques. The theoretical foundations for the course reside in theories of human values, group dynamics, decision-making, communication, managing conflicts, and effective group intervention. Course emphasis is on experiential learning, with students practicing self-reflection and self-directed facilitations. Same as EPOL 473. 3 undergraduate hours. 4 graduate hours.

HRD 415 Diversity in the Workplace credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/415/>)

Assists educators, as well as trainers and managers in business and industry, to effectively recognize and understand diversity in school and work settings. Activities focus on understanding the nature of diverse populations, their unique learning needs, and potential collaborative efforts between educators and work place personnel. Same as EPOL 474. 3 undergraduate hours. 4 graduate hours.

HRD 440 Work Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/440/>)

The ability to analyze work is a fundamental skill for individuals interested in human resource development. Work analysis is necessary for identifying job standards, designing training programs, performance support systems, evaluating work performance, and perhaps most importantly improving performance. This course will provide students with the opportunity to learn and use range of work analysis techniques and to apply this information in service to an organization. Same as EPOL 475. 3 undergraduate hours. 4 graduate hours. Prerequisite: HRD 400 or consent of instructor.

HRD 470 Designing and Evaluating eLearning Systems credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/470/>)

This course surveys and examines models and theories for designing eLearning systems across disciplines and organizations. Particular emphasis is given to topics on designing instructor-led and/or autonomous learning systems for individual learners and for organizations in contemporary technology-enabled environments. In addition, this course covers introductory methodologies for evaluating the efficacy of various eLearning systems. The guiding philosophy of the course is that intended learning outcomes by any eLearning system should be achieved through systematic and pedagogically grounded design and evaluation processes while considering various individuals' and organizations' needs. Same as EPOL 482. 3 undergraduate hours. 4 graduate hours.

HRD 472 Learning Technologies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/472/>)

The course addresses two important needs of educators. First, educators should be aware of recent developments in the area of instructional technology. Second, educators must be able to select, develop, and effectively use appropriate instructional technologies to enhance learning and communication. To meet these needs, this course covers a wide range of instructional technologies that are used for instructional and administrative purposes. Traditional instructional media are considered in the course although significant emphasis is placed on more recent developments that involve the use of the computer and its applications in education. Instructional technologies such as computer-based instruction, computer-based testing, distance learning, interactive video, and intelligent instructional technologies are covered. Through course readings, discussions, and projects, students in the course are expected to gain skills in choosing appropriate instructional technologies, designing effective presentations that rely on those technologies, and properly using instructional technologies to enhance communication with an audience. Same as CI 484 and EPOL 483. 3 undergraduate hours. 4 graduate hours.

HRD 474 Evaluating Learning Technology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/474/>)

Same as EPOL 484 and EPSY 474. See EPSY 474.

HRD 475 Project Management Principles and Applications credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/475/>)

Effective project management skills are essential for successful professional development. This course, in particular, studies the basic principles, techniques, and best practices related to managing personnel, time, and resources in education and training projects. Through a variety of learning activities, including case study review and project simulation, students will apply project management concepts and tools in various training and education-related project development. Same as EPOL 476. 3 undergraduate hours. 4 graduate hours.

HRD 480 Introduction to eLearning credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/480/>)

The course seeks to build foundational knowledge in areas associated with online teaching and learning and distance education in both higher education and workplace learning settings. Major areas of interest include the overview of online teaching and learning strategies, digital learning system design, digital media for learning, and evaluation online teaching and learning. Same as EPOL 485. 3 undergraduate hours. 4 graduate hours.

HRD 490 Issues and Developments in Human Resource Development credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/490/>)

Special course for experimentation or for seminar on topics not treated by regularly scheduled courses. Topics vary; consult Class Schedule for specific section offerings. Same as EPOL 477. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 8 hours.

HRD 492 Supervised Internship credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/492/>)

While employed in approved cooperating organizations, students observe the relationship between reform or innovations and organizational performance. Same as EPOL 491. 2 or 4 undergraduate hours. 2 or 4 graduate hours.

HRD 495 Special Study and Investigation credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/495/>)

Offers opportunity for an individual to study, on or off campus, selected problems, trends, and new developments in education or to conduct specialized investigations for the improvement of instructional programs. Same as EPOL 490. 2 or 4 undergraduate hours. 2 or 4 graduate hours. Approved for Letter and S/U grading. May be repeated to a maximum of 8 hours.

HRD 501 The Community College credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/501/>)

Same as EOL 573 and EPOL 558. See EOL 573.

HRD 509 Advanced Theories in Human Resource Development credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/509/>)

Provides a reading of advanced texts related to Human Resource Development from a variety of applied social science disciplines. Targeted towards doctoral students in the later stage of their course work who are interested in HRE theory and social science foundations. Same as EPOL 571. 4 graduate hours. No professional credit. Prerequisite: HRD 400, HRD 411, HRD 530.

HRD 530 Organization Development credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/530/>)

Addresses the history, concepts, theories, and techniques of Organization Development as applied in Human Resource Education; emphasis on creating, managing, and sustaining system-wide change in public and private organizations; organized around diagnosis, implementation, and evaluation of individual, team, and organization-wide interventions. Same as EPOL 570. 4 graduate hours. No professional credit.

HRD 531 Quality Process Improvement credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/531/>)

Examines quality and process improvement philosophies, theories, and strategies as they apply to the practice of professionals in human resource education. Based on a critical analysis of the historical antecedents, theoretical foundations, and empirical research results of Total Quality Management (TQM) and Continuous Process Improvement (CPI), students will be able to apply improvement strategies and evaluate the merits and limitations in public and private settings. Same as EOL 587 and EPOL 572. 4 graduate hours. No professional credit.

HRD 532 Strategic Human Resource Development credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/532/>)

Study of the theories, research, and applications of strategic human resource development in a variety of organizational settings. Same as EPOL 573. 2 or 4 graduate hours. No professional credit.

HRD 533 Management of Human Resource Development credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/533/>)

Study of management fundamentals related to planning, organizing, staffing, leading, and controlling the HRD function in organizations. Same as EPOL 574. 4 graduate hours. No professional credit.

HRD 534 Economics of Human Resources credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/534/>)

Same as EPOL 575 and LER 545. See LER 545.

HRD 535 Consulting in Human Resource Development credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/535/>)

Analysis of key elements of consulting in the human resource development profession. Emphasis is placed on subject matter expertise, consulting skills, marketing, organization, business management, communication, and life/work balance. The course examines both the internal and external consulting practices. Issues of education and training of consultants for work in industry, business, government, and non-profit sectors are covered in detail. Same as EPOL 576. 4 graduate hours. No professional credit.

HRD 536 International Human Resource Development credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/536/>)

Course is designed to provide insights into international HRD at macro and micro levels. Course will cover: cross-cultural issues in international HRD; design and delivery of international HRD programs; HRD practices and programs in different regions of the world; national HRD programs; expatriate training and training in multinational corporations. Same as EPOL 577. 4 graduate hours. No professional credit.

HRD 540 Learning on the Job credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/540/>)

Research and practice suggest that individuals learn most of what they know and can do while on-the-job, not in a corporate classroom or some other formal learning setting. This seminar will provide opportunity to examine the literature on this topic and consider how they also might contribute to the literature through their own research. The seminar will also provide the opportunity to experience how to design a workplace learning system, such as structured on-the-job training. Same as EPOL 578. 4 graduate hours. No professional credit.

HRD 550 Adult and Professional Education credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/550/>)

This course takes a broad look at the philosophy, theory, research, and practice of adult education, along with additional considerations for the development of professionals. The broad perspective includes the social, cultural, and political factors that affect the research, planning, development, and implementation of adult education. You may explore the major adult learning theories, the practice of adult education, and the aims and challenges of professional education that match you scholarly and practical interests. Same as EPOL 579. 4 graduate hours. No professional credit.

HRD 572 eLearning Ecologies credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/572/>)

An examination of emerging environments of eLearning, some setting out to emulate the heritage social relationships and discourses of the classroom, others attempting to create new forms of learning. Aims to push the imaginative boundaries of what might be possible in eLearning environments. Explores the ways in which assessments can be constructed and implemented which are integral to the learning process, with the assistance of today's new media, 'big data' and other information technologies. Same as EPOL 583. 4 graduate hours. No professional credit.

HRD 575 Innovation in eLearning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/575/>)

Designed to provide an in-depth look at ongoing innovations in Web-based electronic technologies that can be used to deliver eLearning content and to enhance learning experiences in eLearning environments. Students will acquire and synthesize advanced content knowledge and critically review research on ongoing innovations that are integrated with targeted content in today's eCommunication and eLearning environments. Same as EPOL 584. 4 graduate hours. No professional credit.

HRD 585 Program Evaluation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/585/>)

Same as EPOL 594. See EPOL 594.

HRD 592 Special Topics in EPOL credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HRD/592/>)

Same as EPOL 592. See EPOL 592.

# HUMANITIES COURSES (HUM)

HUM Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/HUM/>)

## Courses

**HUM 110** Introduction to the Humanities I: Philosophy & Art History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HUM/110/>)  
A foundation course in the humanities for adult learners in the Odyssey program. Team-taught by faculty in Philosophy and Art History, it focuses on close, attentive, and critical readings of key texts and images drawn from the history of the Western tradition, presented in chronological order. The course engages beginning students in the distinctive disciplinary forms of philosophical and art historical inquiry, and provides academic skill building, critical thinking, and writing. Approved for Letter and S/U grading. Prerequisite: Restricted to adult students in the Odyssey program.

**HUM 111** Introduction to the Humanities II: Literature & US History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/HUM/111/>)  
A foundation course in the humanities for adult learners in the Odyssey program. Team-taught by faculty in Literature and History, the course focuses on fiction, poetry, drama, and autobiography, as well as primary sources that make up the building blocks of historical interpretation. The course engages beginning students in the distinctive disciplinary forms of literary and historical inquiry, and provides academic skill building, critical thinking, and writing. Approved for Letter and S/U grading. Prerequisite: Restricted to adult students in the Odyssey program.

**HUM 191** Freshman Honors Tutorial credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/HUM/191/>)  
Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars. May be repeated one time. Prerequisite: Consent of departmental honors adviser.

**HUM 199** Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/HUM/199/>)  
May be repeated.

**HUM 275** Careers for Humanities Majors credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/HUM/275/>)  
Humanities majors will prepare for their professional lives while they explore the many forms those might take. Field trips to local organizations and businesses, networking opportunities, and invited speakers will expose students to the pathways between humanities fields and the postgraduate world. This course will prepare students to translate the skills they gain in their major to a wide range of careers. Students may not receive credit for both SLAV 300 and HUM 275. Prerequisite: Restricted to students with junior or senior standing in the following majors: African-American Studies, Art History, Asian American Studies, Classics, Comparative and World Lit, Creative Writing, East Asian Languages and Cultures, English, Gender and Women's Studies, German, History, French, Italian, Jewish Studies, Latino/Latina Studies, Linguistics, Philosophy, Portuguese, Religion, Russian Language and Literature, Slavic Studies, Spanish.

**HUM 390** Individual Study credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HUM/390/>)  
Supervised reading and research on interdisciplinary humanities topics chosen by the student in consultation with a faculty member. May be repeated to a maximum of 8 hours. Prerequisite: Consent of humanities adviser (An approved Learning Agreement must be submitted to 2002 Lincoln Hall, 702 S. Wright Street, Urbana, not later than the second week of the semester or the first week of the summer session).

**HUM 395** Special Topics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HUM/395/>)

Interdisciplinary topics in the humanities; topics vary, but are normally related to one of the options in the humanities major. May be repeated if topics vary. Students may register in more than one section per term.

**HUM 397** Special Topics Junior credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HUM/397/>)

Interdisciplinary seminar and tutorial in selected topics related to one of the options in the humanities major. May be repeated to a maximum of 6 hours. Prerequisite: Junior standing and consent of humanities adviser (Tutorial students must submit an Approved Learning Agreement to 2002 Lincoln Hall, 702 S. Wright Street, Urbana, not later than the second week of the semester or the first week of the summer session).

**HUM 492** Senior Thesis credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/HUM/492/>)

Individual research for majors in humanities leading to the completion of a thesis. 0 to 4 undergraduate hours. No graduate credit. May be repeated to a maximum of 8 hours. Prerequisite: Senior standing, a declared option in humanities major, and consent of advisor.

**HUM 495** Special Advanced Topics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/HUM/495/>)

Offers interdisciplinary topics in the humanities; topics vary, but normally relate to the interdisciplinary areas of study within the humanities major or to the special humanities facilities (e.g., the Language Learning Laboratory). 3 undergraduate hours. 4 graduate hours. May be repeated as topics vary to a maximum of 6 undergraduate hours or 8 graduate hours. Prerequisite: Will vary according to topic. See Class Schedule.

**HUM 498** Special Topics Senior credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/HUM/498/>)

Interdisciplinary seminar and tutorial in selected topics related to one of the options in the humanities major. 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. Prerequisite: Senior standing and consent of humanities adviser (Tutorial students must submit an approved Learning Agreement to 2002 Lincoln Hall, 702 S. Wright Street, Urbana, not later than the second week of the semester or the first week of the summer session).

# I-HEALTH (IHLT)

IHLT Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/IHLT/>)

## Courses

**IHLT 101** Introduction to i-Health credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IHLT/101/>)  
Introduction to the interdisciplinary major in Health. The course is designed to familiarize students with the concepts of interdisciplinary health, campus resources, academic policies, and program requirements.

**IHLT 102** Survey of Interdisc Health credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IHLT/102/>)  
Introduction to topics in interdisciplinary health with particular emphasis on the five dimensions of health: physical, emotional, social, intellectual and spiritual. Students will explore their personal health beliefs and patterns and discuss the benefits of studying health within an interdisciplinary curriculum.

**IHLT 230** Leadership in Health credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IHLT/230/>)  
Develops a framework to understand practices of exemplary leadership. Topics include: 1) Modeling behavior, 2) Inspiring a shared vision, 3) Challenging processes, 4) Enabling others to act, and 5) Encouraging passionate leadership. Case studies of individuals who are recognized leaders in health and well –being at local, regional, national and global levels will be explored. Through various assignments, students identify their own leadership style and understand the important role they can play as leaders to address local and global health challenges. This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci

**IHLT 232** Health Disparities in the U.S. credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IHLT/232/>)  
Provides an overview of health disparities in the United States, including existence and magnitude of health disparities, theories that explain health disparities, strategies to address their complexity, and solution required to eliminate them. Disparities are examined related to groups of diverse racial/ethnic backgrounds, socio-economic status, gender, age, and ability level. This course satisfies the General Education Criteria for: Cultural Studies - US Minority

**IHLT 240** Aging and Health Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IHLT/240/>)  
Provides an understanding of the policies that affect service delivery to older adults including key historical and current policies such as the Older Americans Act, Medicare, Medicaid, and Social Security. Theories of public policy and involvement of older adults in the political process will be introduced. Challenges of issues such as chronic disease prevention, housing, transportation, nutrition, and elder abuse will also be explored. This course satisfies the General Education Criteria for: Social Beh Sci - Beh Sci

**IHLT 375** Interdis Collab in Health Serv credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IHLT/375/>)  
Provides scholarly knowledge and field experiences for interdisciplinary collaboration in the health services. Topic include health service delivery systems, vulnerable populations, models of health and health promotion, communication, policy and ethics in health care. Emphasis on introducing students to the importance of working with individuals from a variety of health disciplines to best address issues of health in society.

**IHLT 385** Experience in Interdisciplinary Health Research credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/IHLT/385/>)  
Supervised laboratory experiences in health research; individual work under the supervision of members of the faculty in their respective fields. The student assists with data collection, processing, and analysis for research in progress. Approved for Letter and S/U grading. May be repeated up to a maximum of 12 hours in separate semesters. Prerequisite: Consent of the instructor.

**IHLT 391** Special Project-Problems credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/IHLT/391/>)  
Special projects in research and independent investigation in any phase of health, kinesiology, physical education, and related areas selected by the students. Approved for Letter and S/U grading. May be repeated to a maximum of 6 hours in separate semesters. Prerequisite: Grade-point average of 2.5; consent of instructor.

**IHLT 474** Pre-Field Experience in Health credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IHLT/474/>)  
This is an independent study course that expands student's knowledge of health professions and prepares them for field work in an applied setting with a variety of health professionals. 1 undergraduate hour. 1 graduate hour.

**IHLT 475** Field Experience in i-Health credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IHLT/475/>)  
Designed to emphasize field/research experiences that facilitate working with individuals from a variety of health disciplines. Field experience/research placements will be selected to best prepare students address issues of health within their concentrations areas. In class sessions will focus on interdisciplinary collaboration, professionalism and important global health issues. Serves as the capstone course for i-Health majors. 4 undergraduate hours. 4 graduate hours. Prerequisite: Restricted to senior i-Health majors.

**IHLT 498** Interdisciplinary Health Study Abroad credit: 1 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/IHLT/498/>)  
An advanced-level study abroad experience where students complete assigned scholarly readings; participate in facilitated discussions prior to, during, and/or after the trip; and write a final paper. The on-campus and abroad activities are supervised and facilitated by campus faculty. 1 to 6 undergraduate hours. No graduate credit. May be repeated in separate terms for a total of 12 undergraduate hours, if the countries differ between terms. Prerequisite: Social & Behavioral Sciences General Education requirement fulfilled, and sophomore or higher standing.

# INDUSTRIAL ENGINEERING (IE)

IE Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/IE/>)

## Courses

IE 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/IE/199/>)

May be repeated.

IE 297 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/297/>)

Individual investigations of any phase of Industrial Engineering. May be repeated in separate terms. Prerequisite: Consent of instructor.

IE 300 Analysis of Data credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IE/300/>)

Nature of probabilistic models for observed data; discrete and continuous distribution function models; inferences on universe parameters based on sample values; control charts, acceptance sampling, and measurement theory. Credit is not given for both IE 300 and CEE 202. Prerequisite: MATH 241.

IE 310 Deterministic Models in Optimization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IE/310/>)

Linear Optimization - Simplex method, duality, and sensitivity analysis, Transportation and Assignment Problems, Network Optimization Models, Dynamic Programming, Nonlinear optimization, and Discrete optimization. Credit is not given for both IE 310 and CEE 201. Prerequisite: Credit or concurrent registration in MATH 415.

IE 311 Operations Research Lab credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IE/311/>)

Applications of OR models with the use of software tools. Prerequisite: Concurrent registration in IE 310.

IE 330 Industrial Quality Control credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IE/330/>)

Contemporary concepts and methods for quality and productivity design and improvement; philosophies of Deming, Taguchi, and others leading the quality management and engineering movement; Shewhart's methods for statistical process control; process capability analysis; statistical methods for tolerance assessment; process control methods employing attribute data; design of experiments, concepts, and methods. Prerequisite: IE 300.

IE 340 Human Factors credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/340/>)

Introduction to human factors, ergonomics, engineering psychology, history of ergonomics, human-machine relations, displays and controls, human-computer interaction, industrial and aviation systems, physiology of work and anthropometrics, cognitive ergonomics, human reliability, human as manual controller, human-machine systems design, prototyping, professional practice and ethics, laboratory exercises. Same as PSYC 358. Prerequisite: PSYC 100, PSYC 103, or consent of instructor.

IE 360 Facilities Planning and Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IE/360/>)

Facility planning, plant layout design, and materials handling analysis; determination of facilities requirements, site selection, materials flow, use of analytical and computerized techniques including simulation, and applications to areas such as manufacturing, warehousing, and office planning. Prerequisite: Credit or concurrent enrollment in IE 310.

IE 361 Production Planning & Control credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IE/361/>)

Scope of production systems and activities involved in their design, establishment, management, operation, and maintenance; mathematical and computer models for planning and control of facilities, human resources, projects, products, material, and information in production systems. Prerequisite: IE 310.

IE 370 Stochastic Processes and Applications credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IE/370/>)

Introduction to stochastic processes with applications in decision-making under uncertainty. Topics include newsvendor problem, discrete-time Markov chain (including classification of states, stationary distribution, absorbing states), Poisson processes (including time-homogenous, time-nonhomogeneous, thinning Poisson), continuous-time Markov chain (including Markov property, generator matrix, stationary distribution), queuing theory (including M/M/k queue, open Jackson network), and Markov decision processes (including finite-horizon models, infinite-horizon models). Prerequisite: IE 300 and IE 310.

IE 397 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/397/>)

Individual investigations or studies of any phase of Industrial Engineering. May be repeated in separate terms. Prerequisite: Consent of instructor.

IE 398 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/398/>)

Subject offerings of new and developing areas of knowledge in industrial engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. May be repeated in the same or separate terms if topics vary.

IE 400 Design & Anlys of Experiments credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/400/>)

Concepts and methods of design of experiments for quality design, improvement and control. Simple comparative experiments, including concepts of randomization and blocking, and analysis of variance techniques; factorial and fractional factorial designs; Taguchi's concepts and methods; second-order designs; response surface methodology. Engineering applications and case studies. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: IE 300.

IE 405 Computing for ISE credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/405/>)

This course will introduce students to algorithm design, computer programming in C++, and database SQL queries. It will provide the fundamental methods, concepts and principles of these topics to give students enough breadth to use these techniques in their jobs and to prepare them to pursue advanced topics in these areas. There will be weekly programming assignments to implement algorithms and SQL covered in the class. 3 undergraduate hours. 4 graduate hours. Prerequisite: CS 101 or equivalent.

IE 410 Advanced Topics in Stochastic Processes & Applications credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/410/>)

Modeling and analysis of stochastic processes. Transient and steady-state behavior of continuous-time Markov chains; renewal processes; models of queuing systems (birth-and-death models, embedded-Markov-chain models, queuing networks); reliability models; inventory models. Familiarity with discrete-time Markov chains, Poisson processes, and birth-and-death processes is assumed. Same as CS 481. 3 undergraduate hours. 4 graduate hours. Prerequisite: IE 310.

IE 411 Optimization of Large Systems credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/411/>)

Practical methods of optimization of large-scale linear systems including extreme point algorithms, duality theory, parametric linear programming, generalized upper bounding technique, price-directive and resource-directive decomposition techniques, Lagrangian duality, Karmarkar's algorithm, applications in engineering systems, and use of state-of-the-art computer codes. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: IE 310 and MATH 415.

IE 412 OR Models for Mfg Systems credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/412/>)

Operations research techniques applied to problems in manufacturing and distribution. Single and multi-stage lot sizing problems, scheduling and sequencing problems, and performance evaluation of manufacturing systems. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: IE 310.

IE 413 Simulation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/413/>)

Use of discrete-event simulation in modeling and analysis of complex systems. Data structures and event-list management; verification and validation of simulation models; input modeling, including selection of probability distributions and random variate generation; statistical analysis of output data. Same as CS 482. 3 undergraduate hours. 4 graduate hours. Prerequisite: CS 101 and IE 310.

IE 420 Financial Engineering credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/420/>)

Introduction to the theory and practice of financial engineering: basics of derivative securities and risk management; Markowitz portfolio theory and capital asset pricing model; interest rate and bonds; forward and futures contracts, hedging using futures contracts; option contracts and arbitrage relationship; binomial model, no-arbitrage pricing, risk-neutral pricing, and American options pricing; Brownian motion, Black-Scholes-Merton model, delta hedging, Greek letters, implied volatility, and volatility smile. 3 undergraduate hours. 4 graduate hours. Prerequisite: IE 300.

IE 430 Economic Found of Quality Syst credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/430/>)

Total quality systems for planning, developing, and manufacturing world-class products. Economic foundations of total quality. Product value, cost, pricing, environmental quality, activity-based costing, design for assembly, organization structure, lead time, innovation, Taguchi methods, simulation-based significance testing, Strategic Quality Deployment, statistical process control, and conjoint analysis. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: IE 300.

IE 431 Design for Six Sigma credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IE/431/>)

Quality Engineering principles and the Six Sigma Define-Measure-Analyze-Improve-Control (DMAIC) process. Application of concepts and methods of statistical process control, designed experiments, and measurement systems analysis to cases of quality and productivity improvement; application of the fundamentals of quality engineering and the Six Sigma to areas of produce development, service enterprise, and manufacturing processes. 3 undergraduate hours. 3 graduate hours. Prerequisite: IE 300.

IE 445 Human Performance and Cognition in Context credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/445/>)

Same as EPSY 456 and PSYC 456. See EPSY 456.

IE 497 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/497/>)

Independent study of advanced problems related to industrial engineering. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated. Prerequisite: Consent of instructor.

IE 498 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/498/>)

Subject offerings of new and developing areas of knowledge in industrial engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in the same or separate terms if topics vary to a maximum of 9 hours.

IE 510 Applied Nonlinear Programming credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/510/>)

Optimization of nonlinear systems; survey of classical methods and concepts such as the Lagrangian method, the Jacobian method, and Kuhn-Tucker conditions; modern algorithms; numerical methods for digital computers; applications in engineering design; use of state-of-the-art computer codes. Prerequisite: IE 310.

IE 511 Integer Programming credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/511/>)

Optimization of linear systems over discrete decision domains. Topics to be covered include Modeling, Polyhedral theory, Integral Polyhedra, Totally Unimodular Matrices, Total Dual Integrality, Computational Complexity, Cutting plane method, Branch and Bound method, and Lagrangian Dual. Structured integer programs involving Matchings, Knapsack, Cuts and Matroids will be studied as applications. 4 graduate hours. No professional credit. Prerequisite: IE 411 or MATH 482.

IE 512 Network Analysis of Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/512/>)

Basic concepts, theories, and techniques of systems analysis, including modeling of large scale systems, forecasting, planning, control, and information handling; modeling of systems with network techniques, including distance, flow, and project networks; advanced network topics such as out-of-kilter algorithm and project resource analysis. Prerequisite: IE 361 or CEE 201.

IE 513 Optimal System Design credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/513/>)

This course is designed to address the fundamental mathematical theories for complex engineering system (product) design optimization in multidisciplinary environment. The course starts with the basics of nonlinear programming (continuous optimization), then expands to the area of multidisciplinary design optimization (MDO) in depth. Analytical Target Cascading (ATC) - a well-established hierarchical optimization method - is covered in-depth with assignments in written and programming forms. After a successful completion of the course, the students will be able to model and solve basic MDO problems and apply MDO in a research-based semester project. Prior experience in coding (in Matlab or similar) will be helpful but not required. 4 graduate hours. No professional credit. Prerequisite: IE 310.

IE 514 Optimization Methods for Large-Scale, Network-Based Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/514/>)  
The course will cover topics related to optimization over large-scale networks. We will look at data-driven methodologies by which very large-scale optimization problems, primarily integer programs, can be solved. We will consider motivations from application areas such as airline scheduling, vehicle routing, and communications. Topics covered include shortest paths; multi-commodity flows; decomposition techniques; Lagrangean relaxation; set-covering and set-partitioning problems (with special characteristics); column generation and branch-and-price and cut; composite variables; large-scale neighborhood search techniques; modeling robustness and uncertainty; stochastic modeling in large-scale integer programs; data-driven optimization. The course will include real-world modeling examples from applications including vehicle routing, freight logistics, and airline schedule planning. 4 graduate hours. No professional credit. Prerequisite: IE 411 or the equivalent.

IE 515 Stochastic Simulation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/515/>)  
Random variable generation; sample path generation; variance reduction; simulation optimization; introduction to Sequential Monte Carlo and MCMC; applications in finance. Prerequisite: IE 410 and STAT 410.

IE 516 Pricing and Revenue Management credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/516/>)  
Focuses on the theory and practice of pricing optimization and revenue management. Topics that will be covered include: Quantity-based revenue management; Demand estimation, forecasting, and learning; Dynamic pricing; Assortment optimization. 4 graduate hours. No professional credit. Prerequisite: IE 410, IE 411.

IE 517 Machine Learning in Finance Lab credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/IE/517/>)  
Machine Learning includes the design and the study of algorithms that can learn from experience, improve their performance and make predictions. This course is designed specifically and exclusively for MSFE first semester students. It features rigorous coding exercises in Python and acts as preparation for later courses. Students will learn the concepts behind different supervised machine learning algorithms and implement them in Python using advanced packages; pandas, NumPy, and scikit-learn. All the data for this course features unique real-world financial datasets. 2 graduate hours. No professional credit. Prerequisite: Credit or concurrent enrollment in IE 523. Restricted to MS: Financial Engineering.

IE 518 Queueing Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/518/>)  
An introduction to queueing systems and their applications in engineering. Topics include both classical single-stage models and queueing networks. Students will learn how to apply key ideas and methods of queueing theory, such as: Markov processes, embedded Markov chains, PASTA property, reversibility, productform stationary distributions, stochastic stability, asymptotic analysis. 4 graduate hours. No professional credit. Prerequisite: IE 410 or an equivalent graduate stochastic processes course.

IE 519 Combinatorial Optimization credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/519/>)  
The course will cover a series of topics in combinatorial optimization. The emphasis will be on polyhedral theory, structural results and their applications to designing algorithms. Specific topics to be covered include: Matchings, b-matchings, T-joins, T-cuts, Arborescences, Branchings, Matroids, Matroid Intersection, Polymatroids, Submodular Functions, Directed Cuts, Multi-flows. Same as CS 586. 4 graduate hours. No professional credit. Prerequisite: Familiarity with linear programs (IE 411 or equivalent), Algorithms (CS 374 or equivalent), and Graph Theory (MATH 412 or equivalent).

IE 520 Variational Inequalities credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/520/>)  
Finite dimensional variational inequality and complementarity problems; characterization of solutions; nonsmooth Newton methods; interior-point methods; projected gradient schemes; applications of variational inequalities in game theory. Prerequisite: One of ECE 490, IE 510, IE 521, MATH 484.

IE 521 Convex Optimization credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/521/>)  
Finite dimensional convex optimization problems; characterization of optimal solutions; iterative algorithms for differentiable and nondifferentiable problems; distributed optimization algorithms; robust problems and solutions; applications of convex optimization models. Prerequisite: ECE 490 or IE 411; MATH 415; MATH 444.

IE 522 Statistical Methods in Finance credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/522/>)  
Methods of statistical modeling of signals and systems with an emphasis on finance applications. Review of linear algebra, probability theory, and spectral analysis; Linear Time Invariant (LTI) and ARX models; least-squares, maximum-likelihood, non-parametric, and frequency-domain methods; convergence, consistency and identifiability of linear models; asymptotic distribution of parameter estimates; techniques of model validation; Principle Component Analysis (PCA) for dimension reduction; ARCH and GARCH processes and their related models; implementation, application, and case-studies of recursive identification; Monte Carlo simulation. Credit is not given for both IE 522 and GE 524. Prerequisite: MATH 415.

IE 523 Financial Computing credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/523/>)  
Review of C++ programming: structures, classes, I/O, C++ standard libraries, Recursion. Linear Algebra tools and MILP solvers in C++. Computational aspects of probability, statistics and simulation in C++. Methods: Root-finding, Taylor's Expansion, FFTs, Dynamic Programming, Monte Carlo Methods. Financial computing case studies in C++. 4 graduate hours. No professional credit. Prerequisite: CS 225.

IE 524 Optimization in Finance credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/IE/524/>)  
Basic optimization models, theory and methods for financial engineering including linear, quadratic, nonlinear, dynamic integer, and stochastic programming; applications to portfolio selection, index fund tracking, asset management, arbitrage detection, option pricing and risk management; optimization software for classes of optimization problems. Projects requiring building optimization models based on financial market data and solutions using optimization solvers. 2 graduate hours. No professional credit. May be repeated in the same or separate semesters to a maximum of 4 hours. Prerequisite: FIN 500 and MATH 415. Restricted to MS: Financial Engineering.

IE 525 Stochastic Calculus & Numerical Models in Finance credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/525/>)  
Basic theory of stochastic differential equations and numerical techniques for their analysis with applications to financial modeling. Brownian motion, martingales, stochastic integration, Ito's formula, stochastic differential equations, partial differential equations, simulation methods for derivatives pricing, finite-difference techniques for Black-Scholes equations and options pricing, Monte Carlo methods, variance reduction techniques, and sensitivity calculations. 4 graduate hours. No professional credit. Prerequisite: FIN 500. Restricted to MS: Financial Engineering.

IE 527 MSFE Professional Development credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IE/527/>)  
This course is required to encourage participation in professional development activities. Students will be required to be in attendance for at least 70% of the Practitioner Speaker Series in addition to other sanctioned MSFE Events. The Practitioner Speaker Series is an essential part of the MSFE curriculum. It allows firsthand interaction with Quantitative Practitioners. Exposure to insights on how the financial world is changing; regarding new products and needs, evolving data and information systems, and much more. Other events might include but are not limited to special seminars, workshops and conversation groups. 1 graduate hour. No professional credit. Approved for S/U grading only. May be repeated in separate terms up to 2 hours. Note that this course is for 1 credit hour during your first and second semester and will require a mandatory final paper. Prerequisite: Graduate MS: Financial Engineering Students only.

IE 528 Computing for Data Analytics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/528/>)  
Hands-on programming course on select topics in data science and big data with major emphasis on a semester long project. Course will cover a variety of topics and tools in big data including Hadoop MapReduce Framework, HBase, and Storm; Machine Learning; and Optimization. 4 graduate hours. No professional credit. Prerequisite: CS 242, CS 446. All ISE graduate students and students enrolled in the Master of Science in Advanced Analytics (MSAA) are eligible to take the course.

IE 529 Stats of Big Data & Clustering credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/529/>)  
This course will cover various foundational topics in data science. Parametric and non-parametric methods. Hypothesis testing; Regression; Classification; Dimension reduction; and Regularization. Unsupervised and semi-supervised learning, along with a few case studies. 4 graduate hours. No professional credit. Prerequisite: MATH 415 and IE 300 or equivalent. All ISE graduate students and students enrolled in the Master of Science in Advanced Analytics (MSAA) are eligible to take the course.

IE 530 Optimization for Data Analytics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/530/>)  
Basic optimization methods for data analytics, optimization modeling languages such as AMPL and GAMS, and optimization software including the NEOS server. Linear and integer, and their applications to compressed sensing, data mining, and pattern classification. 4 graduate hours. No professional credit. Prerequisite: IE 411. All ISE graduate students and students enrolled in the Master of Science in Advanced Analytics (MSAA) are eligible to take the course.

IE 531 Algorithms for Data Analytics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/531/>)  
This course will introduce the student to a set of algorithms for data analytics which include: hashing, indexes, caching; algorithms for structured datasets; streaming data modes; PageRank algorithms for market-basket models; clustering algorithms; and case studies. 4 graduate hours. No professional credit. Prerequisite: IE 411, CS 225. ISE graduate students and students enrolled in the Master of Science in Advanced Analytics (MCAA) are eligible to take the course.

IE 532 Analysis of Network Data credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/532/>)  
This course will focus on statistical aspects analyzing network data. It will review illustrative problems relating to aggregation of information, decision-making, and inference tasks over various graphical models and networks. 4 graduate hours. No professional credit. Prerequisite: MATH 412. ISE graduate students and students enrolled in the Master of Science in Advanced Analytics (MCAA) are eligible to take the course.

IE 533 Big Graphs and Social Networks credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/533/>)  
This course will cover the fundamentals of graph theory and network optimization. It will focus on algorithmic challenges associated with big graphs and intertwine the Hadoop Framework for solving example problems like shortest paths, link analysis, graph association and inexact graph matching. Applications in social network analysis will include study of network types, random graph models, exact and approximate computation of centrality measure, finding high value individuals, community detection, diffusion processes and cascading models, and influence maximization. 4 graduate hours. No professional credit. Prerequisite: MATH 213, IE 300, IE 411. ISE graduate students and students enrolled in the Master of Science in Advanced Analytics (MCAA) are eligible to take the course.

IE 534 Deep Learning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/534/>)  
This course provides an introduction to neural networks and recent advances in deep learning. Topics include training and implementation of neural networks, convolution neural networks, recurrent neural networks (LSTM and gated recurrent), residual networks, reinforcement learning, and Q-learning with neural networks. A part of the course will especially focus on recent work in deep reinforcement learning. The course will also cover deep learning libraries (e.g., Chainer, Tensorflow) and how to train neural networks using GPUs and GPU clusters. Same as CS 547. 4 graduate hours. No professional credit. Prerequisite: CS 446 or equivalent. Graduate students only.

IE 542 Cooperative Problem Solving credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/542/>)  
Advanced graduate seminar on problem-solving models and taxonomies, models of coordination of activity and communication among multiple agents, design of human-machine cooperative problem-solving systems, adaptive automation, and intelligent decision support. Readings drawn from work in pragmatics, distributed artificial intelligence, cognitive engineering, and related areas. 4 graduate hours. No professional credit. Prerequisite: Credit or concurrent registration in either CS 440 or PSYC 527.

IE 546 Human Factors in Health Care Engineering Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/546/>)  
Same as EPSY 546. See EPSY 546.

IE 547 Healthcare Operations and Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/547/>)

Delivers an introduction of healthcare systems and strategic issues in their operations, and a background of healthcare, health systems, hospitals and elements of care centers. The course blends quantitative and qualitative material, modeling and practical perspectives, and includes demand management, forecasting methods, workforce planning, inventory and materials planning, supply chain management in healthcare, process improvement and patient flow, facility design and planning, and operations scheduling. Financial performance and metrics, as well as case studies and project work will be included. 4 graduate hours. No professional credit. Prerequisite: The student should have a Bachelors Degree in Industrial Engineering, Operations Management, or closely related disciplines. Specifically, they should have: (1) Basic Calculus sequence (Calc I, II and III at UIUC these are MATH 220, MATH 231, and MATH 241; MATH 234 can also be used); (2) Elementary Probability and Statistics (IE 300 or STAT 400, MATH 463 or equivalent); (3) Notions or Linear Algebra (MATH 415) and preference for Linear Programming (IE 310/IE 311). Priority will be given to students enrolled in the Healthcare Engineering Systems Concentration of M.Eng. degree program.

IE 590 Seminar credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/IE/590/>)

Presentation and discussion of significant developments in industrial engineering. Approved for S/U grading only. May be repeated.

IE 597 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/597/>)

Independent study of advanced problems related to industrial engineering. May be repeated in the same or separate terms if topics vary to a maximum of 12 hours. Prerequisite: Consent of instructor.

IE 598 Special Topics credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IE/598/>)

Subject offerings of new and developing areas of knowledge in industrial engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. Approved for letter and S/U grading. May be repeated in the same or separate terms if topics vary.

IE 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/IE/599/>)

Approved for S/U grading only. May be repeated.

# INFORMATICS (INFO)

INFO Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/INFO/>)

## Courses

**INFO 102** Little Bits to Big Ideas credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/102/>)  
Broad introduction to the nature, capabilities, and limitations of computing. Topics range from the way data is represented and stored, to the way today's computers work, to the general ideas of algorithms and computational efficiency, to the future of computing. Covers "Great Ideas" across various areas of the field, including, for example, cryptography and internet security, problem solving, modeling and simulation, and artificial intelligence. Same as CS 102.

**INFO 199** Undergraduate Open Seminar credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/199/>)  
May be repeated in separate terms to a maximum of 6 hours.  
Prerequisite: Consent of instructor.

**INFO 202** Social Aspects Info Tech credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/202/>)  
Same as IS 202 and MACS 202. See IS 202.  
This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

**INFO 303** Writing Across Media credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/303/>)  
The ability to communicate effectively in multiple types of media is a crucial part of literacy in our society. In this course, students will explore the intersections of various media: print, film, images, sound, etc. Students will consider the ways in which writing—as an object and as a practice—is shaped by multimodal interactions. Also integrates practical activities with broader theoretical issues in order to provide effective strategies for designing multimedia presentations, projects, and texts that integrate photography, video, and sound. Same as WRIT 303.  
This course satisfies the General Education Criteria for:  
Advanced Composition

**INFO 310** Computing in the Humanities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/310/>)  
Same as IS 310. See IS 310.

**INFO 325** Social Media and Global Change credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/325/>)  
Same as AFST 325, ASST 325, EPOL 325, EPS 325, EURO 325, LAST 325, REES 325, and SAME 325. See EPS 325.

**INFO 326** New Media, Culture & Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/326/>)  
Same as MACS 326. See MACS 326.

**INFO 345** Digital & Gender Cultures credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/345/>)  
Same as GWS 345, MACS 345, and SOC 345. See GWS 345.

**INFO 390** Special Topics credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/390/>)  
Explores a variety of informatics topics. Topics and prerequisites vary by section; see current Class Schedule for details. May be repeated up to 6 hours if topics vary.

**INFO 399** Individual Study credit: 0 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/399/>)  
Individual study in a subject related to informatics not covered in normal course offerings. Approved for Letter and S/U grading. May be repeated in separate terms to a maximum of 6 hours. Prerequisite: Consent of instructor.

**INFO 403** An Introduction to Top Down Video Game Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/403/>)  
The emphasis of this course is on developing an understanding of top down video game design using the various design methodologies and tools introduced in class. Students will form small groups (4-6) and work on their own design within a selected genre (to be determined at the beginning of the semester). Areas of focus include high level design vision, audience evaluation, User Interface and its impact on the design, iteration of a series of design documents (high, medium and low level) and the team dynamics of communication, critique and integration. The goal of the class is to have the small teams use the concepts and the tools taught in class to create a complete design document that will be cataloged for later use. 3 undergraduate hours. 3 graduate hours.

**INFO 490** Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/490/>)  
Topics of current interest. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated if topics vary. Prerequisite: Consent of instructor. Other prerequisites as specified for each topic offering. See Class Schedule.

**INFO 491** Ugrad Bioinformatics Seminar credit: 0 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/491/>)  
Introduces the field of bioinformatics and computational biology. Same as CPSC 491. 0 to 2 undergraduate hours. No graduate credit. Approved for Letter and S/U grading. May be repeated in separate terms to maximum of 2 undergraduate hours. Prerequisite: Consent of instructor.

**INFO 500** Orientation Seminar credit: 0 or 1 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/500/>)  
A broad introduction to faculty research in each Informatics Area. Consists of weekly presentations by Informatics faculty highlighting their recent research, practice, and related concepts. Approved for S/U grading only. May be repeated in separate terms to a maximum of 2 hours. Prerequisite: Graduate standing in any field.

**INFO 510** Research Practicum credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/510/>)  
A one semester directed research project supervised by a member of the informatics faculty in the student's area of specialization or closely related area. These are intended to be practical research, not just literature surveys, and must have a definite output such as a paper or demonstration project. The research should be relevant to the thesis work or preparatory work to support the thesis. Informatics students must take two semesters, usually each semester should be under a different Informatics faculty member, but with the concurrence of their advising committee both may be taken under a single faculty member. Approved for S/U grading only. May be repeated in separate terms to a maximum of 8 hours. Prerequisite: Graduate standing in any Informatics.

**INFO 555** Advanced Educational Technologies for Engagement and Interactive Learning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/555/>)  
Same as CI 555 and EPSY 555. See EPSY 555.

INFO 590 Advanced Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/590/>)

Subject offerings of new and developing areas of knowledge in Informatics, intended to augment existing curriculum. See Class Schedule for specific topics and prerequisites. 1 to 4 graduate hours. No professional credit. May be repeated if topics vary. Prerequisite: Graduate Student Standing.

INFO 591 Grad Bioinformatics Seminar credit: 0 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/591/>)

This seminar series focuses on research in the field of bioinformatics and computational biology. Same as ANSC 591 and CPSC 591. 0 to 2 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated in separate terms to a maximum of 4 hours. Prerequisite: Consent of instructor.

INFO 597 Individual Study credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/597/>)

Individual study in a subject related to informatics not covered in normal course offerings. May be repeated in same term for a maximum of 8 hours or separate terms for a maximum of 16 hours if topics vary. Prerequisite: Consent of instructor.

INFO 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/INFO/599/>)

Research for Ph.D. thesis. May be repeated in separate terms. Prerequisite: Instructor approval required.

# INFORMATION SCIENCES (IS)

IS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/IS/>)

## Courses

IS 100 Exploring the iSchool with a Human-Centered Lens credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IS/100/>)  
This course introduces students to the School of Information Sciences (iSchool). Students will explore career and professional development within information sciences, building their leadership and collaborative skills, and building a network within and beyond the iSchool. Through a human centered design project focused on an information science problem, students will gain experience and a better understanding of the process to develop an innovative solution addressing a societal need. Prerequisite: Restricted to Majors Only; First Semester Freshman, Intercollegiate and Off-Campus Transfer Students Only.

IS 101 Introduction to Information Sciences credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/101/>)  
This course provides an introduction to the field of information science and the major. It offers both historical and contemporary context for understanding the role of information in society. Focus is placed upon critical analysis of information problems as well as understanding the creation, use, and distribution of information in business, policy, education, government, health, and other sectors.

IS 107 Data Science Discovery credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/107/>)  
Same as CS 107 and STAT 107. See STAT 107.  
This course satisfies the General Education Criteria for: Quantitative Reasoning I

IS 145 Mapping Inequalities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/145/>)  
Immerses students in the history of Inequality in the United States through mapping the geographic, historical, and/or social movement of minority cultures using quantitative and social science methods. Topics vary by section, but each section emphasizes experiential learning through community-engaged scholarship, field-trips, or computer programming projects. No previous computer programming experience is required. No previous computer programming experience is required. Prerequisite: This course is intended for first and second year students. This course satisfies the General Education Criteria for: Quantitative Reasoning II  
Social Beh Sci - Soc Sci  
Cultural Studies - US Minority

IS 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/IS/199/>)  
Undergraduate Open Seminar. May be repeated.

IS 202 Social Aspects Info Tech credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/202/>)  
Explores the way in which information technologies have and are transforming society and how these affect a range of social, political and economic issues from the individual to societal levels. Same as INFO 202 and MACS 202.

This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci

IS 203 Analytical Foundations for Information Problems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/203/>)  
A survey of mathematical topics for students in information sciences. Provides an introduction to sets, relations, graphs, grammars, probability, and propositional and predicate logic. These topics relate to applications in information modeling, representation and expression. Prerequisite: MATH 112 or Required ALEKS Score.

IS 204 Research Design for Information Sciences credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/204/>)  
This course provides an introduction to different approaches to research in the information sciences, including social science methods, data and text mining, digital humanities, historical approaches, and others. Topics include methods for evaluating research, developing research questions, selecting research methods, conducting research ethically, and communicating findings clearly and effectively through words, graphics, and other visualizations.

IS 205 Programming for Information Problems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/205/>)  
Covers common data processing methods and computing concepts used in the information sciences. Evaluates strengths and weaknesses of the techniques in the context of our discipline. No prior programming background is assumed. Course will use the Python programming language. Prerequisite: IS 203.

IS 206 Introduction to Database Concepts & Applications credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/206/>)  
Introduction to database technology concepts and architecture. Explore data types and reading/writing database layout descriptions. Discussion of database ethics and privacy concerns. Comparison of different database systems a user might encounter including RDBMS, XML/RDF/JSON, NOSQL, and Graph database systems. Labs involving common database tools and exercises in SQL. Prerequisite: IS 205, or CS 101, or CS 105, or CS 125, or ECE 120, or permission of instructor.

IS 226 Introduction to HCI credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/226/>)  
This course introduces students to fundamental theories and techniques in Human-Computer Interaction (HCI). This course presents basic tools and methods for creating, designing, prototyping, and evaluating user interfaces to computing applications and web sites. Students will explore course content by conducting individual and group hands-on projects. Assignments involving prototyping can be implemented by self-selected solutions, e.g. Axure, JavaScript. Students from all backgrounds are welcomed.

IS 229 Web Design Fundamentals credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/229/>)  
This course will teach students about building inclusive interactive systems. They will learn to gather and understand user requirements and needs for a wide range of user populations, especially those that are under-served (e.g., children, older adults, people with disabilities), apply inclusive design frameworks and principles, and design, develop, evaluate and improve interactive prototypes in an iterative manner. Prerequisite: IS 205, or IS 226, or equivalent course.

IS 236 User Research & Evaluation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/236/>)

This course will teach students about user research and evaluation. They will learn to apply various user research methods, gather and understand user requirements and needs for a wide range of user populations, especially those that are under-served (e.g., children, older adults, people with disabilities), conduct user evaluations of prototypes and interactive systems, and communicate effectively about the research insights and make actionable design suggestions. Prerequisite: IS 204, or IS 226, or equivalent course.

IS 249 BSIS Practicum credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/249/>)

A professional field experience program designed to provide the student with the opportunity to work in a professional environment under the supervision of an experienced information professional with the guidance of a faculty advisor. This opportunity allows students to integrate the theory and knowledge of course content with the application of principles and practices in a work environment, including these specific objectives Approved for S/U grading only. Prerequisite: IS 101 or IS 202. Restricted to BSIS students only.

IS 265 Innovation Illinois: From Accessible Design to Supercomputing Cultures credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/265/>)

Same as CS 265 and MACS 265. See MACS 265.

IS 266 Community Innovation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/266/>)

How do communities contribute to transformative, world-changing innovations? Why is their participation indispensable for fostering change? And what makes change ultimately transformative across diverse spaces and time? Community Innovation explores how engagement with interdisciplinary communities and collaborations, as well as histories of globally-changing local innovations from the Illinois were critical to fostering and sustaining new social and technical practices across space and time. Same as MACS 266.

IS 269 BSIS Internship credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/IS/269/>)

Designed to provide students an opportunity to apply the skills and concepts learned in Information Sciences classes to a work environment. Students will complete internships of their choosing under supervision and will be expected to complete activities online including a reflective paper and presentation. The goal of this course is to provide an experience that will form a connection between a student's academic career and career goals for the future. Approved for S/U grading only. May be repeated. Prerequisite: IS 101 or IS 202. Restricted to BSIS students only.

IS 304 Advanced Research Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/304/>)

This course is a practical, hands-on class in social science research methods in the field of information sciences. Students will learn both qualitative and quantitative methods, including survey design, interview techniques, and observation strategies. Examples and practical exercises will be geared towards future work as information professionals and will enable students to design and apply research strategies that help them understand the intersections between people, information, and technologies. Prerequisite: IS 204, or IS 236, or similar research course.

IS 305 Programming for Information Problems II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/305/>)

Continuing coverage of common data processing and computing methods in the information sciences. Building on programming skills from IS 205, additional programming patterns will be explored, and additional tools like the command line and version control will be explored in the context of information problems. Course will be in Python. Some Python review will be provided, but students without prior experience in Python should contact the school or instructor for review material. Prerequisite: IS 205, or CS 101, or CS 105, or CS 125, or ECE 120, or equivalent. Basic programming (Python) proficiency required.

IS 308 Race, Gender, and Information Technology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/308/>)

In this course we will critically examine the ways in which information and communication technologies (ICTs) are shaped by – and help to shape – social relations of race and gender; and we will extend our review to other categories of identity and exclusion as well, such as age, ability, geography and ethnicity. We will also explore the various benefits and burdens of the information society and how these are socially distributed, and conduct case-studies of policies, practices, and programs designed to enhance opportunities and/or mitigate disadvantages through the creative or disruptive use of ICTs. Directed and supervised investigation of selected topics in information studies that may include among others computers and culture; information policy; community information systems; production, retrieval and evaluation of scientific or social science knowledge; computer-mediated communication; and computer-supported cooperative work. Prerequisite: IS 202 Highly recommended. Sophomore standing.

IS 309 Computers and Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/309/>)

This course explores cultural ideas about computers, including hopes and fears about the effects of computers on our lives. We will analyze images of computers in fiction and movies. The course will also discuss hackers, online subcultures, and other computer-related subcultures, and the integration of computers into various cultural practices. The course will also explore the different uses of digital media. Prerequisite: IS 202 Highly recommended.

IS 310 Computing in the Humanities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/310/>)

Explores use and application of technology to scholarly activity in the humanities, including projects that put classic texts on the web or create multimedia application on humanities topics. Same as INFO 310. Prerequisite: Sophomore standing.

IS 311 History and Foundations of the Information Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/311/>)

Today's information society bespeaks a long history, exhibiting marked continuities with the past as well as some sharply defined new features. Yet the historical foundations of the information society remain poorly understood. This course develops such a framework, by examining emergent information institutions and practices from early modern Europe to the later 20th century. It examines the historical development of the information society through a number of important conceptual lenses, including: modernity and post-modernity; Fordist and post-Fordist capitalism; social class and information poverty; social and technological determinism; utopianism and dystopianism; and empire and globalization. Prerequisite: IS 202 Highly recommended.

IS 316 The Design of Usable Information Interfaces credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/316/>)

Examines issues of Human Computer Interaction and the design of better computer interfaces. Prerequisite: Sophomore standing.

IS 324 Social Network Analysis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/324/>)

Introduces theories of social networks (how they form, and how they influence thoughts, feelings, and behaviors), while also providing hands-on experience with some powerful tools and methods for analyzing networks on various scales, ranging from small groups, to communities, to populations. It will also explore the use of network analysis to reveal patterns in large-scale data from the humanities such as periods of literary narrative, or character development across vast narratives with multiple interweaving plot lines. Same as SOC 324.

IS 334 Usable Privacy and Security credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/334/>)

From passwords to email encryption to privacy settings on social media services, it is widely recognized that human factors, usability or user experience play a crucial role in effective privacy and security solutions. Designers of privacy and security solutions need to understand how people might use, interact or appropriate the mechanisms they develop. This course introduces various aspects of user experience (e.g., usability problems, user interface designs, conflicting needs) related to privacy and security systems. It is also designed to provide students with knowledge and opportunities to analyze and evaluate user experience of privacy and security systems. This course is suitable for students who are interested in privacy and security, or user experience, or both!

IS 357 Introduction to Data Storytelling credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/357/>)

Communicating with the right audience in the right way connotes creation of ways and approaches that can serve diverse populations within and beyond a particular or specific culture. In the context of our school, the iSchool at the University of Illinois, we propose to approach strategic communication from the perspective of storytelling thinking. The goal is to introduce students to the philosophical, social, and relational dynamics of "story" among people as all human storyteller as well as organizations of all sizes across a wide spectrum of fields including library as storytelling organizations. It also aims to draw students to explore how a story foregrounds bridge-building dialog, affects the power of information, and thus maximize human potential. Students will be exposed to a range of opportunities to apply storytelling thinking as a tool to identify the audience, design means to communicate with them, and develop dynamic triangle of people sharing stories, engaging in constructive dialogs and reinterpreting etc.

IS 358 Introduction to Literacies for Youth credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/358/>)

An overview of youth literacies covering: popular literacy myths, censorship, cognitive processes behind reading, visual and digital literacies, contemporary youth practices, government policies, and literacy education in schools. Course readings include fictional works and scholarship from the fields of education, library science, history, media studies, critical race studies, and literary and cultural studies. Students learn the history of marginalized youth in America in order to understand how literacies are defined, promoted, or stigmatized today.

IS 368 Youth Community Engagement credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/368/>)

This course examines youth services by surveying how youth serving organizations meet young people's developmental, informational, social, personal, and cultural needs through programs and services. The course will provide both practical experience and theoretical knowledge for understanding the value and impact of youth services programs; strategies, techniques, and resources for developing these programs; approaches for ensuring programs are relevant to service communities; and methods for assessment and evaluation of program success. Prerequisite: IS 358 Highly recommended.

IS 370 Concepts of Information Behavior Theory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/370/>)

This course will introduce students to the relationships between users and the information they encounter. Students will become familiar with the concepts of understanding the information needs and information behavior of users, as well as the methods of accessing and assimilating information employed by users. The course will also introduce a range of the major models and theories employed in exploring information needs and behavior. Prerequisite: IS 204, or equivalent course.

IS 378 Information Technology Services for Youth credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/378/>)

This course examines the intersections between youth, information, and technology from a socio-technical perspective. This course will provide both practical experience and theoretical knowledge for understanding the ways youth engage with information via technology, as well as various developmental, social, personal, and cultural contexts that inform those interactions. Students will evaluate examples of youth information and communication technology use and analyze factors including identities, educational and social structures, opportunities and risks, learning and literacy, and potential futures in these areas. Prerequisite: IS 358 Highly recommended.

IS 381 Introduction to Literacies for Youth credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/381/>)

An overview of youth literacies covering: popular literacy myths, censorship, cognitive processes behind reading, visual and digital literacies, contemporary youth practices, government policies, and literacy education in schools. Course readings include fictional works and scholarship from the fields of education, library science, history, media studies, critical race studies, and literary and cultural studies. Students learn the history of marginalized youth in America in order to understand how literacies are defined, promoted, or stigmatized today.

IS 390 Special Topics in Information Studies credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/390/>)

Directed and supervised investigation of selected topics in information studies that may include among others computers and culture; information policy; community information systems; production, retrieval and evaluation of scientific or social science knowledge; computer-mediated communication; and computer-supported cooperative work. May be repeated. Prerequisite: Sophomore standing.

IS 400 Colloquium credit: 0 or 1 Hours. (<https://courses.illinois.edu/schedule/terms/IS/400/>)

Venue for presentation and discussion of research and professional activities by faculty, students, staff, and guest speakers. 0 or 1 undergraduate hours. 0 or 1 graduate hours. Approved for S/U grading only. May be repeated in separate semesters.

IS 401 Introduction to Network Information Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/401/>)

This course provides a deep hands-on sociotechnical dive into technology including electronics, software, and networks culminating in a holistic understanding of networked information systems. The course also explores the methodological landscape of networked information systems including theoretical assumptions, research methods, and research techniques. Throughout, students will be introduced to, and make active use of, skillsets, frameworks, and standards employed by a wide range of information professionals in selecting, co-designing, appropriating, and innovating-in-use networked information systems. Additional fees may apply. See Class Schedule. 4 undergraduate hours. 4 graduate hours.

IS 403 Children's Materials credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/403/>)

Evaluation, selection and use of books and other resources for children (ages 0-14) in public libraries and school media centers; explores standard selection criteria for print and nonprint materials in all formats and develops the ability to evaluate and promote materials according to their various uses (personal and curricular) and according to children's various needs (intellectual, emotional, social and physical). 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: For undergraduates, junior or senior standing and consent of instructor.

IS 406 Cognition in the Wild credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/406/>)

Designed as a foundation for students who are interested in learning how to design human-centered information technologies. Students will learn basic principles in human cognition and behavior, and how these principles influence how we interact with information technologies. The course will prepare students to translate theories in human cognition and behavior to analyze, evaluate and rethink everyday design examples. 3 undergraduate hours. 4 graduate hours.

IS 407 Introduction to Data Science credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/407/>)

This course introduces students to data science approaches that have emerged from recent advances in programming and computing technology. They will learn to collect and use data from a variety of sources, including the web, in a modern statistical inference and visualization paradigm. The course will be based in the programming language R, but will also use HTML, regular expressions, basic unix tools, XML, and SQL. Supervised and unsupervised statistical learning techniques made possible by recent advances in computing power will also be covered. 4 undergraduate hours. 4 graduate hours.

IS 409 Web Technologies & Techniques credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/409/>)

This course provides an introduction to the technologies behind the Web. Topics covered include: hypertext, hypermedia, the history of the Web, the role of Web standards and their impact on the development of Web resources. The course introduces principles of Web design and usability. Students will gain an understanding how the Web works and how to design, construct, evaluate, and maintain Web-based materials. 3 undergraduate hours. 4 graduate hours. Priority is given to students pursuing a transfer into the BS/IS degree (<http://go.ischool.illinois.edu/BSIS>).

IS 410 Storytelling credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/410/>)

Fundamental principles of the art of storytelling including techniques of adaptation and presentation; content and sources of materials; methods of learning; practice in storytelling; planning the story hour for school and public libraries and other public information settings; and audio, video, and digital media. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: For undergraduates, junior or senior standing and consent of instructor.

IS 411 Information Systems Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/411/>)

This is an introductory course to Information Systems Analysis. Information Systems Analysts are typically involved in an entire information systems development life cycle from initial planning to final assessment. Several different approaches have been used. Students will gain experience in several aspects of Information Systems Analysis, including business process modeling, requirements gathering, data flow diagramming, and database design. This is a hands-on course with in-class exercises and group practical assignments. 3 undergraduate hours. 4 graduate hours.

IS 413 Teen Materials credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/413/>)

Evaluation, selection and use of books and other resources for young adults (ages 12-18) in public libraries and school media centers; explores standard selection criteria for print and nonprint materials in all formats and develops the ability to evaluate and promote materials according to their various uses (personal and curricular) and according to young adults' various needs (intellectual, emotional, social and physical). 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: For undergraduates, junior or senior standing and consent of instructor.

IS 416 Adaptive Minds and Computers credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/416/>)

Given the rapid changes in information environments, emerging research has shown how human adapts to the complex information environments through different self-regulated processes. This course will discuss the evolving theories of human performance in the contemporary information environments, including how people select, search, make sense and make decisions among a huge amount of information; how information environments shape individual and collective human performance; and how people adapt to information environments for forming coupling cognitive systems. 3 undergraduate hours. 4 graduate hours. Prerequisite: IS 406.

IS 417 Data Science in the Humanities credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/417/>)

Human culture provides an ideal testbed for students exploring data science, because the interpretive challenges that lurk beneath the surface in other domains become starkly visible here. For instance, cultural materials usually come to analysts as unstructured texts, images, or sound files, forcing explicit decisions about data modeling and feature extraction. Cultural questions also highlight the importance of interpreting statistical models in relation to a social context. Last but not least: songs, poems, and stories confront us with vivid problems that are inherently fun to explore. This course will start by reviewing descriptive and inferential statistics, and build up to applications of supervised and unsupervised machine learning. We will apply those methods to a range of cultural materials using them to model the pace of stylistic change in popular music, for instance, and the representation of gender in fiction. 3 undergraduate hours. 4 graduate hours.

IS 419 Entrepreneurial Information Technology Design credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/419/>) Introduces students to a range of rapid prototyping techniques and methods to analyze needs, opportunities and design spaces. Students will work in teams to develop ideas for novel computational devices or applications to meet identified needs. Covers the interlinked entrepreneurial skills of identifying an unmet need, exploiting technological opportunities, exploring a design space to refine an idea, and communicating a design vision through demonstrations with prototypes and proofs of concept. This enables developers to show how their envisaged working interactive technology will be used productively in a particular real-life context. Communicating the vision of computational devices is a challenge because dynamic use in context is hard for people other than the device's developers to imagine. The ability to produce convincing, clear, powerful demonstrations even at the early stages of a project is a highly valuable entrepreneurial skill, and also highly applicable within an organization. Directed and supervised investigation of selected topics in information studies that may include among others the social, political, and historical contexts of information creation and dissemination; computers and culture; information policy; community information systems; production, retrieval and evaluation of knowledge; computer-mediated communication. 3 undergraduate hours. 4 graduate hours. Prerequisite: Undergraduate students: Priority is given to students pursuing a transfer into the BS/IS degree (<http://go.ischool.illinois.edu/BSIS>).

IS 420 Community Informatics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IS/420/>) A survey of key concepts in an emerging field that studies how local, historical communities are using information and communications technologies. Covers key principles for work in the non-profit/public sector as people harness new technologies and media as individuals, students, families, community organizations, and so on. Overarching ideas prepare both professionals and researchers to understand and master this environment, whatever their technology background. Especially useful for those interested in public or community libraries, youth services, social work, education, and anyone interested in working with or studying underserved communities. 3 undergraduate hours. No graduate credit.

IS 423 Early Literacy credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/IS/423/>) Librarians fill a key role in the literacy development of young children with opportunities for interaction both in the library and through outreach programs. Key skills center on developing literacy-rich library environments, classroom instructional support, intentional embedding of essential skills and practices within daily activities and lessons, resources about early literacy strategies to share with families and caregivers. Practitioners will understand the importance of integration of technology to meet the diverse developmental, cultural, social and linguistic needs of children to ensure they are able to create meaning from text. No undergraduate credit. 2 graduate hours.

IS 424 Social Computing credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/424/>) This interdisciplinary course introduces students to fundamental theories, methods, technologies and applications of social computing. Students learn about this emerging discipline from two perspectives: First, basic principles of collective information production and processing, and methods for studying these principles. Topics include prediction markets, games with a purpose, open source software development, social media, social networks, information visualization, and online games. Second, socio-technical aspects of the design and usage of respective technologies. This includes participation, privacy and security. Students learn how to solve problems in social computing in a systematic and rigorous fashion. At the end of the course, students will be able to design, manage and execute social computing projects for scholarly and commercial use, and to critically assess work in this area. 3 undergraduate hours. 4 graduate hours.

IS 426 Museum Informatics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/426/>) The course examines various ways that information technologies are and might be used in museums and other cultural heritage settings. Museum websites, visitor apps, interactive exhibits, and uses of digitized and federated collections are explored. Students gain an introduction to Design Thinking by working on a final project that involves the development of a novel computational resource. Students are encouraged to approach class topics from their individual backgrounds in the humanities, sciences, or social sciences. 4 undergraduate hours. 4 graduate hours. Prerequisite: Junior or senior standing and consent of instructor for undergraduates; consent of instructor for non-iSchool graduate students for on-campus sections.

IS 427 Mathematical Foundations for Data Analytics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/427/>) An introduction to topics and techniques in transformational geometry, linear algebra, and calculus most relevant for the study of multivariate analysis, and demonstrates their roles as bases for solving data analytic problems in the information sciences. 3 undergraduate hours. 4 graduate hours. Prerequisite: Recommended IS 203; or IS 205; or IS 206; or equivalent course.

IS 429 Web Content Strategy and Management credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/429/>) This course focuses on the basics of web site design, content development, constructing web pages with standard HTML and CSS. We will also cover usability and accessibility, content management system options, multi-media and interactivity in the context of standard HTML and CSS, procedures and policies for organizations, with a concentration on public, academic and special libraries. Students will investigate, design, and draft a representative site. Students may work with non-profit and library clients in constructing and redesigning their web sites or design and construct their own personal professional pages. In this course we will learn how to design and deploy flexible websites that serve dynamically changing content, focusing in particular on the needs of public-service organizations such as libraries, associations, and other not-for-profit entities. No undergraduate credit. 4 graduate hours. Prerequisite: Laptop Required.

IS 430 Foundations of Information Processing credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/430/>)  
Covers common data, document processing, and programming constructs and concepts. Focuses on problem solving and abstraction with a programming language. By the end of the course students will be able to design, develop and test a moderately complex computer program to manage full text, bibliographic records or multimedia. The course prepares students for working with applications in data analytics, data science, digital libraries, text mining and knowledge management. No prior programming background is assumed. 4 undergraduate hours. 2 or 4 graduate hours.

IS 436 Playful Design Methods credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/436/>)  
In this immersive and experiential course, students consider "playfulness" as a key aspect of design methodologies and practices. Looking closely at the philosophical, social, and relational dynamics of play, we will explore how playful approaches to design thinking, game design, and other gameful methodologies can encourage collaboration, engagement, and emergent, transformative solutions to a range of challenges that face us in our rapidly-changing, information-based culture. The course aims to build student competency in design methods through a sequence of game design experiences arising from a broad consideration of play. 3 undergraduate hours. 4 graduate hours.

IS 439 Web Development Using Application Framework credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/439/>)  
A course in the use and evaluation of Web application frameworks for system architects, designers, and developers. Experience in creating static Web sites using HTML and CSS. 3 undergraduate hours. 4 graduate hours. Prerequisite: Experience in Python programming (IS 430 or equivalent). Experience in creating static Web sites using HTML and CSS. Experience in creating dynamic Web sites using tools like PHP is helpful but not required. Experience in using relational databases is helpful but not required.

IS 440 Community Informatics Studio credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/440/>)  
Studio-based learning methods, which are common in art and architectural education, are used to help students address a real-world problem or 'case'. Working in teams and mentored by the instructor and experts, students will learn how to 'be a professional' in an environment in which process is as important as project. During the term, students will participate in a cyclical process of design creation, presentation and critique culminating in a final presentation during the final day(s) of class of the finished proposal/design of how to address the case. Assumes experience in community engagement within a social justice framework. 3 undergraduate hours. 4 graduate hours.

IS 441 Strategic Communication credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/441/>)  
This course introduces students to collaborative approaches to strategic communication designed to persuade, influence and cause action through free and informed choices. There are many methods and tools at the disposal of the strategic communicator. This course will focus on the ethics, forms, techniques and practices of data storytelling as the centerpiece of strategic communications that are appropriate and effective for the information professional. Students learn to coordinate multiple aspects of human-centered information solutions such as information visualizations. Serving diverse information needs and ensuring those needs are met, future information professionals are expected to understand, support, and innovate dynamism of the relationships between people, information and technology. 3 undergraduate hours. 4 graduate hours.

IS 444 Legal Aspects of Information Systems credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/444/>)  
This course is intended to introduce students to principles, fundamental ideas, and cases in the Legal Aspects of Information Systems, with an emphasis on Intellectual Property Law and using scholarship as an exemplar information system, which is considered broadly. This course will be conducted in a seminar format and survey the literature and case law including copyright and open licensing, patents, and trademark law. We will discuss recent policy changes and their impact on the Intellectual Property rights. Where appropriate we will compare American jurisprudence to international Intellectual Property Law. 3 undergraduate hours. 4 graduate hours.

IS 445 Data Visualization credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/445/>)  
Data visualization is crucial to conveying information drawn from models, observations or investigations. This course will provide an overview of historical and modern techniques for visualizing data, drawing on quantitative, statistical, and network-focused datasets. Topics will include construction of communicative visualizations, the modern software ecosystem of visualization, and techniques for aggregation and interpretation of data through visualization. Particular attention will be paid to the Python ecosystem and multi-dimensional quantitative datasets. 3 undergraduate hours. 4 graduate hours.

IS 446 Systems Analysis and Design credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/446/>)  
Covers how to evaluate, select and manage information systems that will be used in the daily operation of libraries and information centers. Includes the systems used by technical staff and the information consumers. Course will focus on information as a product. Attention is given to the operation of an organization as a whole and the impact of change on the integration of resources, work flow and usability. Formal methods for modeling systems, and industry practice techniques of analysis are used to address these problems and opportunities. 3 undergraduate hours. 4 graduate hours.

IS 449 Web Application Development credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/449/>)  
This course focuses on concepts and skills needed to build full stack web applications. Topics include Model-View-Controller architecture, database access, business logic implementation, advanced client-side scripting, authentication, and application security. Students will use popular client-side and server-side web application frameworks, such as React.js and Django, to study how these concepts are implemented in practice and to apply design/development principles to build realistic web applications. 3 undergraduate hours. 4 graduate hours. Prerequisite: IS 205, IS 206, and IS 229.

IS 451 Bibliography of Africa credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/451/>)  
We will focus on the identification and evaluation of African studies reference sources and library techniques as a foundation for in-depth research. Sources covered will be in all formats, including print, microform and electronic resources. 3 undergraduate hours. 4 graduate hours.

IS 453 Information Books and Resources for Youth credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/453/>) Evaluation, selection and use of information books and other resources for young people (ages 0-18) in public libraries and school media centers; explores standard selection criteria for factual print and nonprint materials in all formats and develops the ability to evaluate and promote nonfiction books and resources according to their various uses (personal and curricular) and according to young people's various needs (intellectual, emotional, social and physical). 3 undergraduate hours. 2 or 4 graduate hours.

IS 455 Database Design and Prototyping credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/455/>) The course provides students with both theoretical and practical training in good database design. By the end of the course students will create a conceptual data model using entity-relationship diagrams, understand the importance of referential integrity and how to enforce data integrity constraints when creating a database. Students will be proficient in writing basic queries in the structured query language (SQL) and have a general understanding of relational database theory including normalization. 4 undergraduate hours. 4 graduate hours. Prerequisite: Junior Standing required.

IS 456 Information Storage and Retrieval credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/456/>) Introduces problems of document representation, information need specification, and query processing. Describes the theories, models, and current research aimed at solving those problems. Primary focus is on bibliographic, text, and multimedia records. 3 undergraduate hours. 4 graduate hours.

IS 457 Data Storytelling credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/457/>) An introduction to understanding data as a source for storytelling and to telling stories based on data. This process will include understanding and analyzing data sets to find informative aspects, changes, or contrasts that will provide the basic information for developing stories. Course participants will learn storytelling concepts, narrative theories, and performance techniques and develop stories in a collaborative workshop style. Students will work with data visualization toolkits, which will involve variable levels of coding and skill. By using storytelling techniques with data, students can develop, and tell well-evidenced stories, organizations can make better data-driven decisions. 3 undergraduate hours. 4 graduate hours.

IS 459 Mobile Applications credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/459/>) This course introduces students to the fundamental concepts, cutting edge technologies and state-of-the-art research in Human Computer Interaction areas of mobile computing and ubiquitous computing. The course presents major mobile application domains systems design challenges, and design opportunities. Students' understanding will be reinforced through practical work in mobile system design, e.g., applying a video prototyping tool to design and evaluate a mobile system. 3 undergraduate hours. 4 graduate hours.

IS 461 Russian, East European, and Eurasian Bibliography & Research Methods credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/461/>) With a focus on Russia, Eastern Europe, and Eurasia, students will investigate this fascinating part of the world, how it has been studied and represented by generations of scholars, scientists, writers, artists, government officials, and others, and how the many fruits of their labors are (or are not) accessible to us today. 3 undergraduate hours. 4 graduate hours.

IS 464 Information Assurance credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/464/>) The course provides an introduction to the concepts, technologies, practices and challenges of Information Assurance. It takes a broad view of Information Security and Privacy and covers the essential principles for the protection of information systems; the relevant technologies; organizational concerns; policies, human aspects; legal approaches; criminology; and ethical issues. Students will gain an appreciation for the difficulty of designing, developing, deploying and maintaining information systems, services and software products that are secure and comply with expectations of security and privacy. 3 undergraduate hours. 4 graduate hours.

IS 466 Accessible and Inclusive Technologies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/466/>) This course introduces students to various technology challenges and needs of under-served populations (e.g., people with disabilities). We will examine various accessible and inclusive technologies to understand how they were built to serve specific under-served user groups but can also benefit a wider range of users. This course will also cover various design frameworks, guidelines and processes to create more inclusive designs and technologies. 3 undergraduate hours. 4 graduate hours.

IS 467 Ethics and Policy for Data Science credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/467/>) The course will address common ethical challenges related to data including privacy, bias, and data access. These challenges will be explored through real-world cases of corporate settings, non-profits, governments, academic research, and healthcare. The course emphasizes the complexity of ethical decision-making and that trade-offs between priorities are often necessary. The course also considers how the burdens of addressing ethical concerns should be distributed among stakeholders. Students will be introduced to a range of relevant policy responses at the organizational, institutional, governmental, and supranational levels. 3 undergraduate hours. 4 graduate hours.

IS 471 Instructional Strategies and Techniques for Information Professionals credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/471/>) Provides an introduction to learning theories and instructional methods used in a variety of information settings, including libraries, archives, museums, online, and educational environments. Includes an overview of theoretical and applied research and discusses relevant issues and concepts. Students will have an opportunity to design and present an instructional program. 3 undergraduate hours. 2 or 4 graduate hours.

IS 477 Data Management, Curation & Reproducibility credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/477/>) This course addresses issues in Data Management, Curation & Reproducibility from a Data Science perspective. We discuss definitions of data science, and then introduce and use the Data Science Life Cycle as an intellectual foundation. Topics include Research Artifact Identification and Management, Metadata, Repositories, Economics of Artifact Preservation and Sustainability, and Data Management Plans. We use the case study to ground our discussions in both data sets and in specific data science research. This course requires a final project that applies course knowledge to a data science experiment and creates a data management plan for that experiment. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 107/CS 107/IS 107; STAT 207/CS 207/IS 207; CS 227/STAT 227.

IS 490 Topics in Info Foundations credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/490/>)

Directed and supervised investigation of selected topics in information studies that may include among others the social, political, and historical contexts of information creation and dissemination; computers and culture; information policy; community information systems; production, retrieval and evaluation of knowledge; computer-mediated communication. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated. Prerequisite: For undergraduates, junior standing and IS 202, or consent of instructor.

IS 491 Topics in Information Services credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/491/>)

Variety of newly developed and current topics courses within the field of information services, intended to augment the existing Information Sciences curricula. 3 undergraduate hours. 2 to 4 graduate hours. May be repeated if topics vary.

IS 492 Topics in Information Organizations & Social Contexts credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/492/>)

Variety of newly developed and current topics courses within the field of information organizations and social contexts, intended to augment the existing Information Sciences curricula. 3 undergraduate hours. 2 to 4 graduate hours. May be repeated if topics vary.

IS 493 Topics in Cultural Heritage, Collection Management & Preservation credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/493/>)

Variety of newly developed and current topics courses within the field of information cultural heritage, collection management and preservation, intended to augment the existing Information Sciences curricula. 3 undergraduate hours. 2 to 4 graduate hours. May be repeated if topics vary.

IS 494 Topics in Management, Ethics & Policy credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/494/>)

Variety of newly developed and current topics courses within the field of management ethics and policy, intended to augment the existing Information Sciences curricula. 3 undergraduate hours. 2 to 4 graduate hours. May be repeated if topics vary.

IS 495 Topics in Organization & Representation credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/495/>)

Variety of newly developed and current topics courses within the field of information organizations and representation, intended to augment the existing Information Sciences curricula. 3 undergraduate hours. 2 to 4 graduate hours. May be repeated if topics vary.

IS 496 Topics in Human-Centered Design & Systems credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/496/>)

Variety of newly developed and current topics courses within the field of human-centered design and systems, intended to augment the existing Information Sciences curricula. 3 undergraduate hours. 2 to 4 graduate hours. May be repeated if topics vary.

IS 497 Topics in Data Analytics & Data Science credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/497/>)

Variety of newly developed and topics courses within Data Analytics & Data Science, intended to augment the existing Information Sciences curricula. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated if topics vary.

IS 499 Topics in Web Design & Development credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/499/>)

Variety of newly developed and current topics courses within Web Design & Development, intended to augment the existing Information Sciences curricula. 3 undergraduate hours. 2 to 4 graduate hours. May be repeated if topics vary.

IS 500 Theories of Information credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/500/>)

A theory of information attempts to articulate clearly and precisely what information is, and what it means to become informed. Theories of information can contribute to the scientific foundations for many important research and practice activities in IS, including data curation, information modeling, information access, digital preservation, and informatics support for science and scholarship. This course, Theories of Information – A, takes a logic-based approach to investigating the nature of information. Methodologically we draw from a family of methods that might be called formal methods, in contrast to the empirical methods of social and nature science. Formal methods typically make use of concepts from logic, set theory, and discrete mathematics to construct and explore formal systems. Formal methods are widely used in linguistics, mathematics, philosophy, and computer science. Within the general area of formal methods our approach in this course might be more specifically referred to as conceptual analysis, as it takes the form of a systematic analysis of a concept, namely information. Most of the prior work that is relevant to our analysis is from analytic philosophy, linguistics (especially formal semantics), and computer science (especially knowledge representation and AI). 4 graduate hours. No professional credit. Prerequisite: Some familiarity with formal logic would be useful, but is not required. Some familiarity with conceptual modeling (ER or UML diagrams, or RDF/S for instance) would also be useful, but not required.

IS 501 Reference and Information Services credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/501/>)

Explores reference and information services in a variety of settings, introduces widely used print and online sources, and develops question negotiation skills and search strategies. 4 graduate hours. No professional credit.

IS 503 History of Children's Lit credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/503/>)

Interpretation of children's literature from the earliest times, including the impact of changing social and cultural patterns on books for children; attention to early printers and publishers of children's books and to magazines for children. 2 or 4 graduate hours. No professional credit.

IS 504 Sociotechnical Information Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/504/>)

The character, success, and costs/benefits of information technologies are socio-technical matters. Because of this, best practice for IT design and integration relies on participants' ability to understand and create for the totality of those settings, including social and technical dimensions. This course provides students with analytic tools for examining socio-technical settings and experience in applying that knowledge in IT modeling, design and management. 4 graduate hours. No professional credit.

IS 505 Information Organization and Access credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/505/>)

Emphasizes information organization and access in settings and systems of different kinds. Traces the information transfer process from the generation of knowledge through its storage and use in both print and non-print formats. Consideration will be given to the creation of information systems: the principles and practice of selection and preservation, methods of organizing information for retrieval and display, the operation of organizations that provide information services, and the information service needs of various user communities. 4 graduate hours. No professional credit.

IS 506 Human-Centered Information Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/506/>)

This course provides students the fundamental theory and skills necessary to design, develop, and evaluate human centered information systems. By the end of the course students will be able to gather user needs in light of existing sociotechnical systems, design effective human centered interfaces, implement interactive prototypes, and conduct unit testing and user studies of software. The course will employ lectures, mini projects and in-class hands-on activities to reinforce the ideas presented. 4 graduate hours. No professional credit.

IS 507 Data, Statistical Models and Information credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/507/>)

An introduction to statistical and probabilistic models as they pertain to quantifying information, assessing information quality, and principled application of information to decision making, with focus on model selection and gauging model quality. The course reviews relevant results from probability theory, parametric and non-parametric predictive models, as well as extensions of these models for unsupervised learning. Applications of statistical and probabilistic models to tasks in information management (e.g. prediction, ranking, and data reduction) are emphasized. 4 graduate hours. No professional credit. Prerequisite: Graduate standing.

IS 508 Seminar in Information Foundations credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/508/>)

This seminar course will offer an advanced graduate survey of research in areas related to information foundations, across a wide range of topics. This course is designed to incorporate multiple guest lectures. Weekly class meetings will be composed of both lectures and discussions. 4 graduate hours. No professional credit. May be repeated in the same or separate semesters to a maximum of 16 hours, if topics vary.

IS 509 History and Foundations of Information Science credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/509/>)

Provides an introduction to the historical foundations of IS. Examinations of the interactions of socio-cultural, technological and professional factors underlying the emergence of IS provide a basis for exploring more recent developments in theory and practice. Required IS Ph.D. course. 4 graduate hours. No professional credit.

IS 510 Libraries, Information and Society credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/510/>)

Explores major issues in the library and information science professions as they involve their communities of users and sponsors. Analyzes specific situations that reflect the professional agenda of these fields, including intellectual freedom, community service, professional ethics, social responsibilities, intellectual property, literacy, historical and international models, the socio-cultural role of libraries and information agencies and professionalism in general, focusing in particular on the interrelationships among these issues. 2 or 4 graduate hours. No professional credit. Prerequisite: Required M.S. in library and information science degree core course.

IS 511 Scholarly Communications credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/511/>)

A basic level of scholarly communication literacy and sophistication is an increasing requirement of academic librarians, both to inform their work and to make those librarians effective partners in the scholarly enterprise. This course is designed to cultivate and develop that literacy. It will address topics such as: the established modes of scholarly communication and the emergence of alternatives influenced by the growth of social media and other forms of networked communication; the divide between formal and informal modes of scholarly communication and the current state of flux as that divide begins to collapse; the varying economies of scholarship (the reputation and prestige economy, the financial economy both in the market and in the mission-driven research academy, and the economic impact of scholarly communication decisions upon library budgets); modes of credentialing scholarship and their impact upon professional advancement, with special attention to peer review and its (current?) discontents; scholarship as intellectual property and the most effective ways to manage that property and achieve scholarly goals; and issues in access and preservation as they relate to ensuring the future of the scholarly conversation. 4 graduate hours. No professional credit.

IS 512 History of Libraries credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/512/>)

The origins, development, and evolution of libraries and related institutions, from antiquity to the twentieth century, as a reflection of literacy, recognition of archival responsibility, humanistic achievement, scientific information needs, and service to society. Same as MDIA 512. 2 or 4 graduate hours. No professional credit.

IS 514 Applied Business Research credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/514/>)

As an experiential learning class, this course covers advanced techniques of business research with an emphasis on managing real-world client projects. Students will be assigned to teams and work with clients to identify research requirements and construct recommendations. Students will acquire critical skills in creating professional deliverables through client engagements. Students will build professional research portfolios at the conclusion of their projects. 4 graduate hours. No professional credit. May be repeated in separate terms up to 8 hours if topics vary. Prerequisite: Instructor approval required.

IS 515 Information Modeling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/515/>)

An introduction to the foundations of information modeling methods used in current digital library applications. The specific methods considered include relational database design, conceptual modeling, markup systems, and ontologies. The basic concepts underlying these methods are, respectively, relations, entities, grammars, and logic. Implementations include relational database design, ER/EER/UML diagrams, XML markup languages, and RDF/OWL semantic web languages. First order logic is emphasized throughout as the foundational framework for information modeling in general, and for contemporary web-based information management and delivery systems (including semantic web technologies) in particular. 4 graduate hours. No professional credit.

IS 516 Scalable Information Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/516/>)

Focuses on large-scale information systems and analyzes the design and development principles and infrastructures that make them scalable and reliable. Topics include issues in scalability and availability, distributed system design, virtualization, scalability testing, and popular frameworks and platforms, such as Hadoop/MapReduce, Apache Spark, Amazon Web Services. Real-world, large-scale information systems, such as those developed by Google, Amazon, and Facebook, etc., are discussed and analyzed as use cases. 4 graduate hours. No professional credit.

IS 517 Methods of Data Science credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/517/>)

A dramatic increase in computing power has enabled new areas of data science to develop in statistical modeling and analysis. These areas cover predictive and descriptive learning and bridge between ideas and theory in statistics, computer science, and artificial intelligence. We will cover methods including predictive learning: estimating models from data to predict future outcomes. Regression topics include linear regression with recent advances using large numbers of variables, smoothing techniques, additive models, and local regression. Classification topics include linear regression, regularization, logistic regression, discriminant analysis, splines, support vector machines, generalized additive models, naive Bayes, mixture models and nearest neighbor methods as time permits. Lastly we develop neural networks and deep learning techniques, bridging the theory introduced in the earlier parts of the class to purely empirical methods. We situate the course components in the "data science lifecycle" as part of the larger set of practices in the discovery and communication of scientific findings. 4 graduate hours. No professional credit. Prerequisite: IS 507 or equivalent (e.g. intro probability/stats STAT 100, CS 361, or ECON 202); and IS 490 IDS/CS 398 ID/STAT 490 or CS101 or equivalent; or consent of the instructor. Linear Algebra recommended at the level of MATH 125; Calculus recommended at the level of MATH 220.

IS 518 Seminar in Information Services credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/518/>)

This seminar course will offer an advanced graduate survey of research in areas related to information services, across a wide range of topics. This course is designed to benefit from guest lectures. This seminar course will be composed of both lectures and discussions. 4 graduate hours. No professional credit.

IS 519 Research Design in Information Science credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/519/>)

Provides an introduction to the design of IS research, beginning with an in-depth consideration of the philosophical and logical underpinnings of research. A brief survey of different methods used in IS research is followed by an exploration of research design issues through comparative hands-on exercises. Throughout the course, the emphasis will be on research design choices, especially the connections between research questions and research methods. Required IS Ph.D. course. 4 graduate hours. No professional credit.

IS 520 Community Informatics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/520/>)

A survey of key concepts in an emerging field that studies how local, historical communities are using information and communications technologies. Covers key principles for work in the non-profit/public sector as people harness new technologies and media as individuals, students, families, community organizations, and soon. Overarching ideas prepare both professionals and researchers to understand and master this environment, whatever their technology background. Especially useful for those interested in public or community libraries, youth services, social work, education, and anyone interested in working with or studying underserved communities. 4 graduate hours. No professional credit.

IS 521 Digital Libraries credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/521/>)

A comprehensive examination of the history and state-of-the-art in digital library research and practice. Focuses upon the theoretical, technological, human factors and evaluative components of digital library research and practice. Course includes an intensive reading of the literature, review of existing technologies and proof-of-concepts implementation projects. Students should have access to a personal computer on which they can experiment on their own with downloaded software tools. Students must be competent in basic computing including the installation and configuration of software packages. 4 graduate hours. No professional credit. Prerequisite: IS 501 or consent of instructor; previous or concurrent enrollment in IS 452 (either the 2 credit hours or the 4 credit hours of IS 452 are acceptable), or proof of competency in programming.

IS 522 Library Buildings credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/522/>)

Studies the library's physical plant in the light of changing concepts and patterns of library service; analyzes present-day library buildings (both new and remodeled), and their comparison with each other as well as with buildings of the past; examines the interrelationship of staff, collections, users, and physical plant; discussion supplemented by visits to new libraries and conference with their staffs. A two-day field trip is required. Additional fees may apply. See Class Schedule. 2 or 4 graduate hours. No professional credit.

IS 523 Preserving Info Resources credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/523/>)

Covers the broad range of library preservation and conservation for book and nonbook materials relating these efforts to the total library environment; emphasizes how the preservation of collections affects collection management and development, technical services, access to materials and service to users. 4 graduate hours. No professional credit.

IS 524 Data Governance credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/524/>)

The course will address issues of data governance, including data ethics, and design and implementation of policy responses and best practices. Topics include privacy, discrimination, data sharing, data quality, and building a diverse workforce. These topics will be explored through real-world cases in corporate settings, libraries, non-profits, healthcare, governments, and academe. The course will also cover principles and frameworks for analyzing and responding to issues. The course is suitable for anyone planning to work in a professional setting that will involve handling data or building information systems, or seeking a grounding for future study of data and information ethics. 2 or 4 graduate hours. No professional credit.

IS 525 Data Warehousing credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/525/>)

This course examines the construction of a data warehouse and business intelligence system. It will review the roles and requirements of building the system, including data modelling and business intelligence product design. This course will explore real-world case studies of data warehouse and business intelligence projects through hands-on experience with data modelling, Business Objects, Power BI and Tableau. The course culminates with a final project to design a solution for a business case. 4 graduate hours. No professional credit.

IS 526 Building Advanced Interactive Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/526/>)

This course will teach students about building inclusive interactive systems. They will learn to gather and understand user requirements and needs for a wide range of user populations, especially those that are under-served (e.g., children, older adults, people with disabilities), apply inclusive design frameworks and principles, and design, develop, evaluate and improve interactive prototypes in an iterative manner. 4 graduate hours. No professional credit.

IS 527 Network Analysis credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/527/>)

Network Analysis has become a widely adopted method for studying the interactions between social agents, information and infrastructures. The strong demand for expertise in network analysis has been fueled by the widespread acknowledgement that everything is connected and the popularity of social networking services. This interdisciplinary course introduces students to fundamental theories, concepts, methods and applications of network analysis in a practical manner. Students learn and practice hands-on skills in collecting, analyzing and visualizing network data. 4 graduate hours. No professional credit.

IS 528 Seminar in Information Organizations & Social Contexts credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/528/>)

This seminar course will offer an advanced graduate survey of research in areas related to information in Information Organizations & Social Contexts, across a wide range of topics. This course is designed to incorporate multiple guest lectures. Weekly class meetings will be composed of both lectures and discussions. 4 graduate hours. No professional credit.

IS 529 Doctoral ProSeminar credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IS/529/>)

A core course for all first year Information Science PhD students. The seminar serves as a venue for the development of a variety of skills and capacities to succeed as a scholar. Throughout the term, students will engage in a series of tasks designed as an initiation to the academic profession. The seminar offers a mix of sessions on progression through the Ph.D. degree program, the research process, guidance on the academic profession, and written and oral presentation of scholarly research. While students will receive feedback from the instructor, this is a seminar, meaning that active student participation and peer feedback is crucial. 1 graduate hour. No professional credit. Approved for S/U grading only. May be repeated in separate semesters to a maximum of 4 hours. Prerequisite: PhD Students in Information Sciences.

IS 530 Collection Development credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/530/>)

Examines issues affecting the development and management of collections for academic, public, special, and school libraries: collection development policies, collection assessment, the marketplace, publishing, legal issues, and budget allocation; document delivery; collaboration and cooperation. 4 graduate hours. No professional credit. Prerequisite: IS 505 - Information, Organization and Access (formerly IS 501 prior to FA 20), or concurrent enrollment in IS 505 and IS 530.

IS 532 School Library Management credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/532/>)

School Library Information Specialists serve children and young adults (ages 5-18) in K-12 school library media centers. Students will acquire specific knowledge, skills and competencies needed to design, develop, integrate and assess curriculum and instruction with an emphasis on the information needs of K-12 students. Readings and projects provide students with opportunities to apply the practical knowledge and skills they have learned about building reading literacy, teaching information literacy skills, collaborating with teachers and integrating resources into teaching and learning. 2 or 4 graduate hours. No professional credit.

IS 533 Oral History Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/533/>)

This methods seminar engages with the theory and practice of oral history through reading, discussion, and practice. Students will: gain hands-on experience with interviewing and transcription, be prepared to work with Institutional Review Boards, understand how to design consent and legal release forms, and will engage with relevant ethical and theoretical issues. 4 graduate hours. No professional credit.

IS 534 Information Consulting credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/534/>)

This course is designed to provide fundamental knowledge in providing research services and also introduce the latest trends and innovative approaches in research services. Information professionals are increasingly being challenged to provide not just data but insights and recommendations that are critical for strategic decision making. Using methodologies widely adopted by professional firms and researchers, this course will cover basics of research consulting including framing research problems, developing deliverables, and presenting professionally. 4 graduate hours. No professional credit.

IS 537 Theory & Practice of Data Cleaning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/537/>)

Data cleaning (also: cleansing) is the process of assessing and improving data quality for later analysis and use, and is a crucial part of data curation and analysis. This course identifies data quality issues throughout the data lifecycle, and reviews specific techniques and approaches for checking and improving data quality. Techniques are drawn primarily from the database community, using schema-level and instance-level information, and from different scientific communities, which are developing practical tools for data pre-processing and cleaning. Same as CS 513. 4 graduate hours. No professional credit.

IS 538 Seminar in Cultural Heritage, Collection Management, & Preservation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/538/>)

This seminar course will offer an advanced graduate survey of research in areas related to research in Cultural Heritage, Collection Management, & Preservation, across a wide range of topics. This course is designed to incorporate multiple guest lectures. Weekly class meetings will be composed of both lectures and discussions. 4 graduate hours. No professional credit.

IS 540 Social Justice in the Information Professions credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/IS/540/>)

This course is intended to provide a historic and contemporary overview of social justice and advocacy work in librarianship. The course will be primarily focused on activities in the United States, though international movements and perspectives will be addressed. Topics include: desegregation of libraries and professional associations; recruitment and retention of library workers from traditionally underrepresented populations; library outreach; intellectual freedom; and emerging critical theories and issues in the field. 2 graduate hours. No professional credit. Prerequisite: Graduate student.

IS 541 Copyright for Information Professions credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/541/>)

Copyright is a complicated legal concept that affects all information institutions, including corporations, libraries, archives, and museums whether they are online or off. This course will explore copyright from both a legal and information management perspective to demystify the concept and provide practical tools for working with copyrighted material. Topics discussed include the Constitutional underpinnings of copyright, copyright basics, copyright exceptions, fair use, the open access movement, licensing, data and copyright, and educational issues relating to copyright including issues related to K-12 teaching. This course is designed for students with a variety of backgrounds and interests. 2 or 4 graduate hours. No professional credit.

IS 542 Research and Inquiry for Youth credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/542/>)

This course is designed to prepare school librarians to serve as instructional leaders in their learning communities, positioned to transform teaching and learning in order to ensure students are college, career, and community ready. Participants will develop strategies and practices to support the school's curriculum through the roles of instructional partner, information specialist, and teacher. The school librarian has a leadership role in designing authentic learning activities in research and guided inquiry to prepare students in both the process and attitudes necessary to identify and meet their own lifelong information needs. 4 graduate hours. No professional credit.

IS 543 Digital Preservation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/543/>)

Examines current problems with and approaches to digital preservation that are fundamental to the long-term accessibility of digital materials. Examines the range of current research problems, along with emerging methods and tools, and assesses a variety of organizational scenarios to plan and implement a preservation plan. Topics include basic information theory, preservation of complex digital objects; standards and specifications; sustainability and risk assessment; authenticity, integrity, quality control, and certification; and management of preservation activities. 4 graduate hours. No professional credit.

IS 544 Administration & Management of Libraries and Information Centers credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/544/>)

Designed to explore the principles that govern how organizations and institutions work, this course provides a foundation for and introduction to the theories, practices and procedures involved in the management and administration of libraries and information centers. 4 graduate hours. No professional credit.

IS 545 Advanced Data Visualization credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/545/>)

This seminar-style course will cover advanced topics in visualization techniques. This will cover topics such as the history of visualization techniques, the perception and understanding of visual information, and new frontiers in displaying quantitative information. We will explore the modern technical stack for creating and sharing visualizations, including topics in javascript, python, and reactive frameworks. 4 graduate hours. No professional credit.

IS 547 Foundations of Data Curation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/547/>)

Data curation is the active and on-going management of data through its lifecycle of interest and usefulness to scholarship, science, and education; curation activities and policies enable data discovery and retrieval, maintain data quality and add value, and provide for re-use over time. This course provides an overview of a broad range of theoretical and practical problems in the emerging field, examining issues related to appraisal and selection, long-lived data collections, research lifecycles, workflows, metadata, and legal and intellectual property issues. 4 graduate hours. No professional credit.

IS 548 Seminar in Management, Ethics, & Policy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/548/>)

This seminar course will offer an advanced graduate survey of research in areas related to research in management, ethics, & policy, across a wide range of topics. This course is designed to incorporate multiple guest lectures. Weekly class meetings will be composed of both lectures and discussions. 4 graduate hours. No professional credit.

IS 549 Practicum credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/IS/549/>)

Supervised field experience of professional-level duties in an approved library or information center. 2 graduate hours. No professional credit. Approved for S/U grading only. A maximum of 2 hours may be applied toward a degree program. Prerequisite: Completion of 12 graduate hours of information sciences courses; submission of Practicum forms.

IS 551 Youth Services Librarianship credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/551/>)

Theory and techniques in planning, implementing and evaluating library programs/services for youth (age 0-18) in public and school libraries/media centers; the knowledge base, skills, and competencies needed by the library media professional in the development of all aspects of young people's reading/viewing/listening and information literacy skills. 4 graduate hours. No professional credit.

IS 555 Naming and Power credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/IS/555/>)

An advanced topics seminar in subject description and access that focuses upon representation in race, gender, sexuality and other contested categories. Critical intersections of bias, exclusion, and marginalization will be explored through a variety of case studies. Implications for how we construct search and discovery systems (e.g databases, archival and museum finding aids, taxonomies and catalogues), and other tools, are crucial considerations for those engaging in cultural heritage work. Open to masters and doctoral students. 2 graduate hours. No professional credit.

IS 556 Internet of Things credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/556/>)

Relying primarily on case studies, this course will help develop the students' understanding of how the IoT enables Business Data Analytics. Lectures and readings will be focused on the impact to a company's business model created by IoT data and analytics. Because of the disruptive nature of IoT sensors or data, IT Innovation will also be discussed. While the course will reflect a practitioner's view, the material will be presented on a solid academic underpinning. 4 graduate hours. No professional credit.

IS 557 Applied Machine Learning: Team Projects credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/557/>)

A comprehensive exploration of the applied machine learning workflow from inspiration to delivery of a machine learning solution broadly defined (i.e., from analytic finding to embedded machine learning application). This course is firmly grounded in a "learning-by-doing" teaching philosophy with pedagogical priority clearly placed on the application of machine learning to real-world data and problems. Ongoing and intense practical experiences in team-based project management and work are another cornerstone of this course. This course includes student-led reviews of existing data sources and machine learning technologies along with several team-based fact-finding and proof-of-concept implementation projects. This course is designed for students wishing to engage seriously in the practical world of machine learning implementation. 4 graduate hours. No professional credit. Prerequisite: Students should have demonstrated ability, and must have taken one of the following courses, IS 577 (formerly IS 590 DT), IS 517 (formerly IS 590 MD), CS 412, CS 446 or a course demonstrably equivalent.

IS 559 CAS Project credit: 0 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/IS/559/>)

Individual study of a problem in library and information science; forms the culmination of the Certificate of Advanced Study program. 0 to 8 graduate hours. No professional credit. Approved for S/U grading only. May be repeated. Only eight hours will apply to the Certificate of Advanced Study. Prerequisite: Admission to Certificate of Advanced Study program in library and information science; submission of "Request to Enroll in IS 559 - CAS Project" form.

IS 560 Soc Sc Research in LIS credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/560/>)

Introduces students to the fundamentals of doing social science research in LIS. Students will learn how to frame a research problem, choose an appropriate research method, apply it, and write up the research for presentation and publication. 4 graduate hours. No professional credit.

IS 561 Use and Users of Information credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/561/>)

Explores information needs and uses at a general level, addressing formal and informal information channels, barriers to information, issues of value, and impacts of technology. Examines information seeking practices of particular communities and within various environments, introducing recent approaches to user-centered system design and digital library development. Provides an overview of methods that can be used to study information needs, information seeking behavior, and related phenomena. 4 graduate hours. No professional credit. Prerequisite: IS 501.

IS 562 Administration and Use of Archival Materials credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/562/>)

Administration of archives and manuscript collections in various types of institutions. Theoretical principles and archival practices of appraisal, acquisition, accessioning, arrangement, description, preservation, and reference services. Topics will include: records management programs, collecting archives programs/special collections, legal and ethical issues, public programming and advocacy, and the impact of new information technologies for preservation and access. Lectures, discussion, internet demonstration, and field trips to the Special Collections Department and University Archives. 4 graduate hours. No professional credit.

IS 563 Advanced Topics in Literature, Media and Materials credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/563/>)

Variety of newly developed and advanced topics courses within Literature, Media and Materials, intended to augment the existing Information Sciences curricula. 2 to 4 graduate hours. No professional credit. May be repeated in the same or separate terms, to a maximum of 16 hours, if topics vary.

IS 565 Cataloging for School Libraries credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/IS/565/>)

This course will introduce the student to the principles, practices and standards for information representation and organization in school media centers. Course content will include an introduction to original cataloging of non-standard materials (such as realia and audiovisual materials), evaluation of bibliographic records, exposure to authority control and subject access systems with a special focus on the Dewey Decimal System and Sears Subject Headings. The course will also provide an overview and exploration of different library systems/OPACS. 2 graduate hours. No professional credit.

IS 567 Text Mining credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/567/>)

The goal of this project-based course is to provide students with first-hand experience with how to create a well-formed text mining problem and how to select, transform, and mine a collection of text. Prior programming knowledge (in any language) is required. As students work on their own project, they will draw from key concepts in text mining using perspectives from both the knowledge discovery and natural language processing research communities. 4 graduate hours. No professional credit.

IS 568 Seminar in Human-Centered Design & Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/568/>)

This seminar course will offer an advanced graduate survey of research in areas related to research in human-centered design and systems, across a wide range of topics. This course is designed to incorporate multiple guest lectures. Weekly class meetings will be composed of both lectures and discussions. 4 graduate hours. No professional credit.

IS 569 Internship credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/IS/569/>)

Supervised field experience designed for learning professional-level duties in an approved information-related organization or institution. 0 graduate hours. No professional credit. Approved for S/U grading only. May be repeated in separate terms.

IS 571 Advanced Topics in Use and Users of Information credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/571/>)

Variety of newly developed and advanced topics courses within the field of Use and Users of Information, intended to augment the existing Information Sciences curricula. 2 to 4 graduate hours. No professional credit.

IS 573 Advanced Topics in Collections credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/573/>)

Variety of newly developed and advanced topics courses within the field of Collections, intended to augment the existing Information Sciences curricula. 2 or 4 graduate hours. No professional credit.

IS 575 Metadata in Theory & Practice credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/575/>)

Combines theoretical examination of the design of metadata schema with their practical application in a variety of settings. Hands-on experience in the creation of descriptive, administrative, and structural metadata, along with their application in systems such as OAI harvesting, OpenURL resolution systems, metasearch systems and digital repositories, will help students develop a thorough understanding of current metadata standards as well as such issues as crosswalking, metadata schema, metadata's use in information retrieval and data management applications, and the role of standards bodies in metadata schema development. 4 graduate hours. No professional credit.

Prerequisite: IS 505 - Information, Organization and Access (formerly IS 501 prior to FA 20) or consent of the instructor.

IS 577 Data Mining credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/577/>)

Data mining refers to the process of exploring large datasets with the goal of uncovering interesting patterns. This process usually involves a number of tasks such as data collection, pre-processing, & characterization; model fitting, selection, & evaluation; classification, clustering, & prediction. Although data mining has its roots in database management, it has grown into a discipline that focuses on algorithm design (to ensure computational feasibility) & statistical modeling (to separate the signal from the noise). It draws heavily upon a variety of other disciplines including statistics, machine learning, operations research, & information retrieval. Will cover the major data mining concepts, principles, & techniques that every information scientist should know about. Lectures will introduce & discuss the major approaches to data mining; computer lab sessions coupled w/assignments will provide hands-on experience with these approaches; term projects offer the opportunity to use data mining in a novel way. Mathematical detail will be left to the students who are so inclined. 2 or 4 graduate hours. No professional credit.

IS 578 Seminar in Research Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/578/>)

This seminar course will offer an advanced graduate survey of research in areas related to research in research methods, across a wide range of topics. This course is designed to incorporate multiple guest lectures. 4 graduate hours. No professional credit.

IS 580 Information History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/580/>)

Drawing on research in varied historical specializations, information history has become a vibrant area of study, one that improves our understanding, moreover, of today's information universe. Information history covers diverse institutions and practices -- from libraries and the book to the telegraph and postal systems, from surveillance to cartography, from documentary culture to statistical surveys -- seeking to connect them with the major developmental processes of human history. Framed in a succession of major historical epochs, topics and trends, from Antiquity to the twentieth century, this course revises our sense of the historical record by situating information explicitly within it. 4 graduate hours. No professional credit.

IS 581 Advanced Topics in Youth Services credit: 2 to 4 Hours.

(<https://courses.illinois.edu/schedule/terms/IS/581/>)

Variety of newly developed and advanced topics courses within the field of Youth Services, intended to augment the existing Information Sciences curricula. 2 to 4 graduate hours. No professional credit. May be repeated in the same or separate semesters to a maximum of 16 hours, if topics vary.

IS 582 Advanced Topics in Librarianship credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/582/>)

Variety of newly developed and advanced topics courses within the field of Librarianship, intended to augment the existing Information Sciences curricula. 2 to 4 graduate hours. No professional credit. May be repeated in the same or separate semesters to a maximum of 16 hours, if topics vary.

IS 583 Advanced Topics in Book History credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/583/>)

Variety of newly developed and advanced topics courses within the field of Book History, intended to augment the existing Information Sciences curricula. Additional fees may apply. See Class Schedule. 2 to 4 graduate hours. No professional credit. May be repeated in the same or separate semesters to a maximum of 16 hours, if topics vary.

IS 584 Advanced Topics in Ethics and Privacy credit: 2 to 4 Hours.

(<https://courses.illinois.edu/schedule/terms/IS/584/>)

Variety of newly developed and advanced topics courses within the field of ethics and privacy, intended to augment the existing Information Sciences curricula. 2 to 4 graduate hours. No professional credit. May be repeated in the same or separate semesters to a maximum of 16 hours, if topics vary.

IS 585 Bibliographic Metadata credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/585/>)

Introduction to basic principles and concepts of descriptive and subject cataloging in the context of information service needs for various user communities. Explores principles, structures, standards, technologies and practices relating to organizing and creating access to print and non-print media. Includes coverage of subject analysis and descriptive practices. Introduces controlled vocabularies. 4 graduate hours. No professional credit. Prerequisite: Information Organization and Access; IS 505 for Fall 2020 (previously IS 501).

IS 586 Usability Engineering credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/586/>)

The course provides an introduction to: issues in Human Computer Interaction; analysis of interfaces and their use; the interface design process as an engineering activity; designing usable interfaces under constraints; and the rapid prototyping and evaluation cycle. The course covers interface design in multiple contexts including websites, web-based applications, smartphone apps, regular computer apps and new contexts of interacting with computers. Elective course for the CAS in Digital Libraries concentration. 4 graduate hours. No professional credit.

IS 587 Seminar in Data Analytics and Data Science credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/587/>)

This seminar course will offer an advanced graduate survey of data analytics and data science in the information fields, across a wide range of topics. This course is designed to incorporate multiple guest lectures. 4 graduate hours. No professional credit.

IS 588 Data Consulting Capstone credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/588/>)

This course will help to prepare students for a competitive job market in data consulting. They will build a portfolio including evidence of effective consulting abilities, database design, and knowledge of applying data to solve real world problems. Portfolios will demonstrate theoretical and practical understandings of areas such as entity-relationship modeling, creating tables, writing queries in SQL, and data analysis for decision making. 4 graduate hours. No professional credit.

IS 589 Independent Study credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/589/>)

Permits the intermediate or advanced student opportunity to undertake the study of a topic not otherwise offered in the curriculum or to pursue a topic beyond or in greater depth than is possible within the context of a regular course. 2 to 4 graduate hours. No professional credit. May be repeated by MS students to a maximum of 4 graduate hours. May be repeated by CAS students to a maximum of 8 graduate hours. May be repeated by PhD students to a maximum of 16 graduate hours. Prerequisite: Submission of "Request to Enroll in IS 592" form.

IS 590 Advanced Topics in Information Foundations credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/590/>)

Variety of newly developed and advanced topics courses within the field of information foundations, intended to augment the existing Information Sciences curricula. Additional fees may apply. See Class Schedule. 1 to 4 graduate hours. No professional credit. May be repeated.

IS 591 Advanced Topics in Information Services credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/591/>)

Variety of newly developed and advanced topics courses within the fields of Information Services, intended to augment the existing Information Sciences curricula. 0 to 4 graduate hours. No professional credit. May be repeated in the same or separate semesters to a maximum of 16 hours, if topics vary.

IS 592 Advanced Topics In Information Organizations credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/592/>)

Variety of newly developed and advanced topics courses within the fields of Information Organization, intended to augment the existing Information Sciences curricula. 2 to 4 graduate hours. No professional credit. May be repeated in the same or separate semesters to a maximum of 16 hours, if topics vary.

IS 593 Advanced Topics in Preservation & Tech Services credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/593/>)

Variety of newly developed and advanced topics courses within the fields of Preservation & Tech Services, intended to augment the existing Information Sciences curricula. 2 to 4 graduate hours. No professional credit. May be repeated in the same or separate semesters to a maximum of 16 hours, if topics vary.

IS 594 Advanced Topics in Management and Policy credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/594/>)

Variety of newly developed and advanced topics courses within the fields of Management and Policy, intended to augment the existing Information Sciences curricula. 2 to 4 graduate hours. No professional credit. May be repeated in the same or separate semesters to a maximum of 16 hours, if topics vary.

IS 595 Advanced Topics in Organization & Representation credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/595/>)

Variety of newly developed and advanced topics courses within the fields of Organization & Representation, intended to augment the existing Information Sciences curricula. 2 to 4 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated in the same or separate semesters to a maximum of 16 hours, if topics vary.

IS 596 Advanced Topics in Human-Centered Design & Systems credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/596/>)

Variety of newly developed and advanced topics courses within the field of Human-Centered Design & Systems, intended to augment the existing Information Sciences curricula. 2 to 4 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated in the same or separate semesters to a maximum of 16 hours, if topics vary.

IS 597 Advanced Topics in Data Analytics & Data Science credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/IS/597/>)

Variety of newly developed and advanced topics courses within the fields of Data Analytics & Data Science, intended to augment the existing Information Sciences curricula. 2 to 4 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated in the same or separate semesters to a maximum of 16 hours, if topics vary.

IS 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/IS/599/>)

Individual study and research. 0 to 16 graduate hours. No professional credit. Approved for S/U grading only. May be repeated. M.S. candidates, 0 to 8 hours. Doctoral candidates, 0 to 16 hours. Prerequisite: MS students must submit a "Request to Enroll in IS 599 - Master's Thesis" form.

# INTEGRATIVE BIOLOGY (IB)

IB Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/IB/>)

## Courses

**IB 100** Biology in Today's World credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/100/>)  
Introduction to biology for the non-major. In-depth focus on three contemporary problems-maintaining a livable environment, issues of human health, and evolution.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences

**IB 103** Introduction to Plant Biology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/103/>)  
Basic principles of growth and form, physiology, genetics, evolution, and ecology in plant biology. Lecture and laboratory.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences

**IB 104** Animal Biology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/104/>)  
Introductory zoological concepts with emphasis on the diversity and comparative anatomy of animals and the fundamentals of physiology, genetics, evolution, and behavior. Lecture and laboratory. The laboratory includes vertebrate dissection.

**IB 105** Environmental Biology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/105/>)  
Introduction to ecological principles in relation to understanding environmental problems; course emphasizes impacts upon ecosystems by human activities such as air and water pollution, usage of pesticides and pest control measures, expansion of agriculture in tropics and arid regions, harvesting the oceans, and development of energy sources.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences

**IB 108** The Biology of Dinosaurs credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/108/>)  
The origin, diversity, and extinction of dinosaurs will serve as a conceptual framework to explore fundamental principles of biology. We will consider dinosaurs as animals, examining evidence for their physiology and behavior, and how evolution and speciation produced the diversity of dinosaurs. We will relate the influence of Earth's changing environments on dinosaurs to environmental change on human timescales. We will emphasize how scientists collect and evaluate fossil data through an understanding of living organisms.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences

**IB 110** Race and Environmental Biology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/110/>)  
The environment each person experiences is created by cultural, biological, and political factors. We will explore how race and culture shape environment and the underlying biological processes that influence the people and organisms that occur in these environments. We will also explore how politics can further shape environments for various racial and ethnic groups.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences  
Cultural Studies - US Minority

**IB 150** Organismal & Evolutionary Biol credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/150/>)

Introduction to physiology, genetics, and evolution of organisms, and their ecology and diversity.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences

**IB 151** Organismal & Evol Biol Lab credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IB/151/>)

Topics follow lecture topics in IB 150 and include labs in ecology, plant and animal function, and genetics and evolution. Designed for non-majors needing a year of biology with lab. Credit is not given for IB 151 for Integrative Biology or Molecular and Cellular Biology majors. Prerequisite: Credit or concurrent registration in IB 150.

**IB 199** Undergraduate Open Seminar credit: 0 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/IB/199/>)

Approved for both letter and S/U grading. May be repeated to a maximum of 5 hours.

**IB 202** Physiology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/202/>)

How animals function in acquiring, processing, and allocating resources in the face of environmental constraints. The inquiry-based laboratory emphasizes testing of hypotheses related to functioning of physiological components of the basic systems of animals. Lecture only, 3 hours; with laboratory, 4 hours. Students must complete the laboratory portion of the course to receive 4 hours of credit. The laboratory includes vertebrate dissection. Prerequisite: IB 150 and MCB 150.

**IB 203** Ecology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/203/>)

The links between evolution and ecology, population dynamics, community structure and function, and ecosystem function on local and global scales. Basic ecology needed to understand environmental problems and to conserve biodiversity. Investigations in both field and laboratory included. Prerequisite: IB 150 and MCB 150.

This course satisfies the General Education Criteria for:  
Advanced Composition

**IB 204** Genetics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/204/>)

The fundamentals of inheritance, with an emphasis on eukaryotes. Major topics include transmission genetics, quantitative genetics, cytogenetics, genomics, genetics of development and behavior, and population genetics. Laboratory emphasizes an experimental, inquiry-based approach to modern and classical genetics. Lecture only, 3 hours; with laboratory, 4 hours. Students must complete the laboratory portion of the course to receive 4 hours of credit. Prerequisite: IB 150 and MCB 150.

**IB 220** Applied Entomology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/220/>)

Same as CPSC 270 and NRES 270. See CPSC 270.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences

**IB 270** Evolution of Molecules & Cells credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/IB/270/>)

The major evolutionary transitions of biomolecules and cells including: energy acquisition and metabolism; information inheritance, system regulation, and genomes; the origin of life and of the prokaryotic cell, eukaryotic cell, and multicellularity. Lecture and laboratory. Credit is not given for both IB 270 and IB 204. Prerequisite: Admission to the IB honors biology option; credit or concurrent registration in organic chemistry.

IB 271 Organismal Biology credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/IB/271/>)

Integrated study of the diversity and structure and function of plants and animals in evolutionary and environmental contexts. Conceptual themes and techniques of molecular and cellular levels of biological organization will be integrated as well. Lecture and laboratory. The laboratory includes vertebrate dissection. Credit is not given for both IB 271 and IB 202.

Prerequisite: IB 270; good standing in the honors biology option.

This course satisfies the General Education Criteria for:

Advanced Composition

IB 290 Introduction to Undergraduate Research in Integrative Biology credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/IB/290/>)

An introduction to the practice of scientific research through hands-on experience and direct faculty interaction. Through weekly discussions, students are exposed to a variety of research topics, methods and careers in Integrative Biology and practice the steps involved in devising, planning, executing and presenting a scientific research project. Students are also assigned to a faculty advisor and work three hours a week on a laboratory and/or field research project. Prerequisite: Restricted to IB majors only.

IB 292 Translating Your IB Degree Into Career Success credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IB/292/>)

An exploration into what career options are available to students interested in biology. Students will develop the skills to stand out as an applicant and how to break into competitive fields, even in a tough or uncertain job market. The resources and connections necessary to be successful in biology will be presented, and over 20 alumni who are professionals in many biology- and health-related fields will provide insight and commentary. All assignments are real-life applications of course material, with every component meant to further career goals. Approved for S/U grading only. Prerequisite: For students pursuing biology- or health-related careers.

IB 299 Undergraduate Special Course credit: 0 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/IB/299/>)

Approved for letter and S/U grading. May be repeated in the same term; may be repeated in separate terms to a maximum of 6 hours.

IB 302 Evolution credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/302/>)

Broad introduction to evolutionary biology, including natural selection and microevolution, phylogeny, speciation, molecular evolution, macroevolution and the fossil records. The laboratory emphasizes a survey of biodiversity and processes and patterns of evolution.

Prerequisite: IB 204 or consent of instructor.

IB 303 Anatomy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/303/>)

An overview of the body structure of vertebrate animals, with a special focus on mammals including humans. Body structure will be investigated from evolutionary, developmental, and human health perspectives through lectures, in-class activities, and required laboratory dissections. Through this course, students will develop a better understanding of anatomy vocabulary, the anatomical design of vertebrates, vertebrate development, and how vertebrate anatomy and development are related to each other, to organismal function, and to human health. Prerequisite: IB 150.

IB 329 Animal Behavior credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/329/>)

Introductory course emphasizing how patterns of behavior promote survival, change through evolution, and are modified by the environment. Same as ANSC 366, ANTH 342, and PSYC 329.

IB 335 Plant Systematics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/335/>)

Introduces the principles and methods of identifying, naming, and classifying flowering plants; provides an introduction to the natural history of flowering plants (pollination biology, dispersal mechanisms, breeding systems) and the use of phylogeny estimation in producing modern classifications; develops skills in using plant identification keys; and includes a survey of 40 of the most important plant families distributed worldwide.

IB 348 Fish and Wildlife Ecology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/348/>)

Same as NRES 348. See NRES 348.

IB 360 Evolution and Human Health credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/360/>)

Our health is inseparably tied to our evolutionary history. As a result, evolution is an important underpinning discipline for health professionals. This course first provides an overview of evolutionary processes, molecular evolution, human evolution, life history theory, and evolutionary-developmental biology. Second, it illustrates the application of these principles to our understanding of nutrition and metabolism, reproduction, disease and stress, and behavior. Third, it shows in practical terms how the principles of evolutionary medicine can be applied in medical practice and public health. Same as ANTH 360. Prerequisite: IB 302 or MCB 250 or MCB 244, or consent of instructor.

IB 361 Ecology and Human Health credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/361/>)

Exploration of the emergence of infectious diseases and other human health issues from an ecological perspective, including vector-borne diseases, diseases spread from wildlife in terrestrial and aquatic ecosystems, and the role of pathogens and parasites in community and population ecology, food webs, and ecosystem functioning. Attention will be placed on how current and future global change and biodiversity loss will contribute to the increasing prevalence of human emerging diseases. Same as ANTH 361.

IB 362 Marine Biology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/362/>)

Study of the major marine environments on earth, the huge diversity of organisms that live in them, and the ecological and functional reasons why these organisms live where they do. Also examines the impacts of human and their activities upon the sustainability of marine resources. Designed for students with some background in biology and evolution and interest in marine biodiversity, ecology, and conservation.

IB 364 Genomics and Human Health credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/364/>)

Highlights advances in understanding the human genome, by utilizing the latest techniques in bioinformatics, i.e. acquiring, analyzing, storing, and displaying the information from the entire genome and protein sequences. The course describes the theory and practices behind modern sequencing techniques and explores the genome with a particular emphasis on the use of extensive online databases and software. Students will analyze one human disorder using bioinformatics software and databases in order to update older published literature about the genomics underpinning the disorder. Prerequisite: IB 204 or consent of instructor.

IB 368 Vertebrate Natural History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/368/>)  
Introduction to the classification, life histories, adaptations, and ecology of fishes, amphibians, reptiles, birds, and mammals. Focus is on species of the Midwest region. Laboratory emphasizes identification and distribution of Illinois' vertebrate fauna. Some Saturday field trips are required. Same as NRES 368. Prerequisite: IB 203 or NRES 219 or consent of instructor.

IB 372 Ecology and Evolution credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/IB/372/>)  
Integrated study of ecology, population genetics, and evolution. Conceptual themes and techniques from the molecular, cellular, and organismal levels of biology will be integrated as well. Lecture, laboratory, and field work. Credit is not given for both IB 372 and either IB 203 or IB 302. Prerequisite: IB 271; good standing in the IB honors biology option.

IB 390 Undergraduate Research Experience credit: 0 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/IB/390/>)  
Laboratory and/or field research and/or reading supervised by faculty members in the School of Integrative Biology. Approved for S/U grading only. May be repeated in separate terms up to 10 hours, if topics vary. Credit is not given for more than a combined maximum of 10 hours of IB 390 or IB 490 towards graduation for IB majors. Prerequisite: Consent of instructor.

IB 401 Introduction to Entomology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/401/>)  
Integrated studies of the principal morphological, physiological, ecological and behavioral relationships among insects. Lecture and laboratory. 3 or 4 undergraduate hours. 3 or 4 graduate hours. An insect collection will be required for 4 hours credit. Prerequisite: IB 150; or consent of instructor.

IB 405 Evolution of Traits and Genomes credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/405/>)  
Study of the evolution of phenotypic traits and genetics of natural populations, stressing empirical observations and experiments. Emphasis on recent theories of genotype/environmental interactions and their relationship to evolutionary processes. Offered in alternate years. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 204; or consent of instructor.

IB 411 Bioinspiration credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/411/>)  
Focuses on how experts in biology and technological fields find inspiration in nature and use it as a model to make technological innovations and solve societal problems. In the future, our day-to-day living, health, and the environment will benefit from interdisciplinary teams using findings in basic biological research for technological innovation. Topics to be explored include human health, efficient architecture, cooperative control, robotics, swarm logic, and advanced biological materials. 3 undergraduate hours. 3 graduate hours.

IB 416 Population Genetics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/416/>)  
Same as ANSC 446. See ANSC 446.

IB 420 Plant Physiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/420/>)  
General course concerned with plant functions, including water relations, mineral nutrition, metabolism, growth, and reproduction. Same as CPSC 484. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 103 or IB 150 and MCB 150; CHEM 232; or consent of instructor.

IB 421 Photosynthesis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/421/>)  
Comprehensive description of photosynthesis. Topics include: the photosynthetic membranes, light absorption, electron and proton transfer, photophosphorylation, water oxidation, RUBP carboxylase/oxygenase, photorespiration, whole plant photosynthesis, gas exchange and atmospheric interactions, and impacts of global environmental change. Same as BIOP 432 and CPSC 489. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 420, MCB 354, MCB 450, BIOP 401, or equivalent; or consent of instructor.

IB 426 Env and Evol Physl of Animals credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/426/>)  
Physiological adaptations of invertebrate and vertebrate animals to diverse aquatic and terrestrial environments and the extreme habitats embodied therein. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 150; IB 202; CHEM 232; or consent of instructor.

IB 427 Insect Physiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/427/>)  
The principal physiological and biochemical functions of insects. Lecture and laboratory. Offered in alternate years. 4 undergraduate hours. 4 graduate hours. Prerequisite: IB 202 and IB 401; or consent of instructor.

IB 430 Animal Behavior Lab credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/430/>)  
Inquiry-driven laboratory course in animal behavior. Students work in groups to generate hypotheses, design experiments, collect and analyze data, and write up their results. Experiments will be carried out in both the field and lab. Discussions emphasize the scientific process, including hypothesis testing, and experimental design and statistics. 3 undergraduate hours. No graduate credit. Prerequisite: IB 329. For majors only.

IB 431 Behavioral Ecology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/431/>)  
In-depth examination of areas of current interest at the interface of behavior, ecology, and evolution; focuses on communication, foraging, and social behavior. 3 undergraduate hours. 3 graduate hours. Offered in alternate years. Prerequisite: IB 329; or consent of instructor.

IB 432 Genes and Behavior credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/432/>)  
Concepts, methods, and problems in the analysis of the relationship between genes and behavior, the complex neurobiological processes that mediate action on behavior, in appropriate ecological and evolutionary contexts. Same as ANTH 432, NEUR 432, and PSYC 432. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 150 and IB 204; or consent of instructor.

IB 434 Physical Principles in Biology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/434/>)  
Examines the interaction between biological processes and the fundamental laws of mechanics. Covers general topics, such as structural analyses of anatomy, kinematics of movement, the behavior of organisms in fluids, and the importance of scaling, as well as specific topics, such as bird flight, fluid flow in cardio-vascular systems, and high speed predation. Lab culminates in student-designed, group projects to collect novel biomechanical data to answer questions about the organism of the students' choice. 3 undergraduate hours. No graduate credit. Prerequisite: IB 202 or consent of instructor; Physics 101 is recommended.

IB 435 Critical Evaluation of Herbal Remedies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/435/>)

One-third of Americans use health care products derived from natural sources, particularly plants, but also animals, and fungi. This course examines the biological activity of natural products with respect to their ecological functions and their therapeutic uses. Principles of evidence-based medicine will be reviewed and students will evaluate natural remedies through lectures, in-class activities, discussions, and analyses of scientific papers. Overall, students develop skills useful for evaluating alternative remedies and for communicating their conclusions to the general public. 3 undergraduate hours. No graduate credit. Prerequisite: IB 202 or IB 203 or consent of instructor.

IB 436 Evolutionary Neuroscience credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/436/>)

Same as NEUR 433, PHIL 433 and PSYC 433. See PSYC 433.

IB 439 Biogeography credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/439/>)

Spatial and temporal patterns of biological diversity and the factors that govern the distribution and abundance of taxa. This course addresses two of its subfields: historical biogeography - the origin, dispersal, and extinction of taxa and biotas; and ecological biogeography - the role physical and biotic environments have played in determining taxonomic distributions. Also explores the ecological, evolutionary, climatological, and paleontological foundations for the distribution of species and biological communities. Includes a review of many of the field's classical papers, the current synthesis of biogeographic theory, and the relevance of biogeography to modern conservation goals. Offered in alternate years. Same as ANTH 436, ESE 439, GEOG 436, and NRES 441. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 150 or other introductory biology course, or consent of instructor.

IB 440 Plants and Global Change credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/440/>)

Same as CPSC 431 and NRES 431. See CPSC 431.

IB 442 Evolution of Infectious Disease credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/442/>)

Same as MCB 435. See MCB 435.

IB 443 Evolutionary Ecology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/443/>)

Emphasizes the evolution of life-history strategies in plants and animals (reproductive rates, life cycles, sex ratios, breeding and mating systems) and the coevolution of animals and plants (pollination, dispersal, and herbivory). 3 undergraduate hours. 3 graduate hours. Offered in alternate years. Prerequisite: IB 203 or equivalent; IB 302; or consent of instructor.

IB 444 Insect Ecology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/444/>)

Discussion of the practical and theoretical aspects of ecology in relation to insects as individuals, populations, and communities; emphasis on the role of insects in the environment. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Offered in alternate years. Lecture only, 3 hours; with laboratory, 4 hours. Prerequisite: IB 150 and MCB 150 or consent of instructor.

IB 447 Field Ecology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IB/447/>)

Study of habitats in various sections of North America during spring vacation or intersession. Outdoor cooking and camping; transportation in University cars. Additional fees may apply. See Class Schedule. 1 undergraduate hour. 1 graduate hour. May be repeated to a maximum of 3 hours. Prerequisite: IB 203; or consent of instructor.

IB 450 Stream Ecology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/450/>)

Same as CEE 432. See CEE 432.

IB 451 Conservation Biology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/451/>)

Synthesis of conservation biology with an emphasis on the preservation of biological diversity and its evolutionary potential. Laboratory includes an introduction to the use of modern molecular techniques in conservation biology, computer simulation modeling, and field conservation problem solving. Same as CPSC 436 and ENVS 420. 4 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: IB 203 or consent of instructor.

IB 452 Ecosystem Ecology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/452/>)

Distribution and structure of ecosystems on earth; integration of multiple disciplines to gain a holistic view of ecosystem function; ecosystem concepts as they apply to understand natural and anthropogenic environmental change. Offered in alternate years. Same as ESE 452 and NRES 462. 3 undergraduate hours. 3 graduate hours. Prerequisite: CHEM 102 and CHEM 104; or consent of instructor.

IB 453 Community Ecology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/453/>)

The direct and indirect interactions among species that determine the structure and composition of plant and animal communities. Emphasis will be on the maintenance of species diversity and its consequences at both local and regional scales. Offered in alternate years. Same as NRES 452. 3 undergraduate hours. 3 graduate hours. Prerequisite: IB 203 or consent of instructor.

IB 461 Ornithology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/461/>)

Structure, function, ecology, behavior, and evolution of the birds of the world; laboratory devoted to anatomy and identification; and field studies devoted to identification and behavior of birds. Independent research project and two optional weekend field trips. Same as NRES 461. 4 undergraduate hours. 4 graduate hours. Prerequisite: IB 203; or consent of instructor.

IB 462 Mammalogy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/462/>)

Classification, distribution, structure, function, life history, evolution and identification of mammals. Lecture/discussions, laboratory and field work. The laboratory includes vertebrate dissection. Same as NRES 442. 4 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: IB 202 and IB 203; or consent of instructor.

IB 463 Ichthyology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/463/>)

Classification, anatomy, ecology, behavior, distribution, and evolution of fishes of the world. Emphasis is on morphological, ecological, and behavioral diversification of fishes in a phylogenetic context. Laboratory devoted to anatomy and identification. Same as NRES 463. 4 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: IB 302; or consent of instructor.

IB 464 Herpetology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/464/>)

Classification, diversity, structure, function, ecology, behavior and evolution of amphibians and reptiles. Laboratory devoted to anatomy and identification. Offered in alternate years. Same as NRES 464. 4 undergraduate hours. 4 graduate hours. Prerequisite: IB 302; or consent of instructor.

IB 467 Principles of Systematics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/467/>)  
Comprehensive survey of the theory and methodology of systematics as they are applied today to all groups of organisms, with a practical experience in the acquisition and analysis of systematic data. 4 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: IB 302 and IB 335 or IB 468; or consent of instructor.

IB 468 Insect Classification and Evol credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/468/>)  
Analytical survey of the classification and evolution of the orders and principal families of insects, with practical experience in the identification of insects at these taxonomic levels; field trips required. Lecture and laboratory. 4 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: IB 401 or consent of instructor.

IB 471 General Mycology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/471/>)  
Structure, classification, and identification of fungi, including those of economic importance. Offered in alternate years. 4 undergraduate hours. 4 graduate hours. Prerequisite: IB 150 and MCB 150; IB 302 recommended; or consent of instructor.

IB 472 Plant Molecular Biology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IB/472/>)  
The basic concepts and methodologies of measuring plant gene expression and gene product activity and constructing transgenic plants are presented and discussed. Same as CPSC 462. 1 undergraduate hour. 1 graduate hour. Prerequisite: MCB 150 and IB 204; or consent of instructor.

IB 473 Plant Genomics credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IB/473/>)  
Provides broad overview of structural and functional genomics, including genetic and physical mapping, whole genome sequencing, comparative genomic analysis, evolution of gene families and repetitive sequences, genome-wide expression analysis. Emphasis on structural and comparative genomics with brief introduction to functional genomics and bioinformatics. Same as CPSC 467. 1 undergraduate hour. 1 graduate hour. Prerequisite: IB 204 or IB 270 or MCB 250 or consent of instructor.

IB 476 Applied GIS to Environ Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/476/>)  
Same as GEOG 476. See GEOG 476.

IB 477 Genomics for Plant Improvement credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/IB/477/>)  
Same as CPSC 466. See CPSC 466.

IB 478 Advanced Plant Genetics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/478/>)  
Same as CPSC 452. See CPSC 452.

IB 479 Plant Growth and Development credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/479/>)  
Same as CPSC 486. See CPSC 486.

IB 481 Vector-borne Diseases credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/481/>)  
Study of the major groups of arthropods and associated pathogens that affect the health and well-being of humans and other animals. Training will include ecology, evolutionary biology, and epidemiology of vector-borne diseases; taxonomy and identification of vector arthropods; practical skills in molecular and mathematical biology, spatial analysis and field research. Lecture will make use of technology-enhanced classroom for group-based active learning exercises to address critical challenges in vector-borne disease control. 4 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: IB 361 or IB 401 or consent of instructor.

IB 482 Insect Pest Management credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/482/>)  
The principles underlying the control of important insect pests of agriculture and of human and animal health; emphasis on integrated pest management involving a systems approach which combines biological, cultural, and chemical suppressive factors into ecologically sound and socially and economically acceptable technology. Lecture and laboratory. Same as CPSC 479. 3 undergraduate hours. 3 graduate hours. Offered in alternate years. Prerequisite: IB 150 or equivalent; or consent of department.

IB 483 Insect Pathology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/483/>)  
The general principles of pathology as they apply to insects; includes non-infectious and infectious diseases caused by viruses, bacteria, fungi, protozoa, and nematodes. Studies the epizootiology of naturally occurring insect disease and the use of insect pathogens as microbial control agents. Same as CPSC 475. 3 undergraduate hours. 3 graduate hours. Lecture in alternate years. Prerequisite: IB 150 and MCB 150 or consent of instructor.

IB 484 Paleoclimatology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/484/>)  
Same as GEOL 484. See GEOL 484.

IB 485 Environ Toxicology & Health credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/485/>)  
Explores toxicological, environmental, public health, occupational and ecological aspects of the use and release of toxic substances in the environment; features case histories of environmental contamination that illustrate ecological, health, and social aspects of pollution; emphasizes biochemical mechanisms and ecosystem consequences. Same as CHLH 461 and ENVS 431. 3 undergraduate hours. 3 graduate hours. Prerequisite: A college chemistry course and a college biology course; or consent of instructor.

IB 486 Pesticide Toxicology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/486/>)  
Examines the biological effects of major classes of insecticides and herbicides, and of selected individual fungicides, including: toxicity to nontarget organisms, persistence and fate in the environment, biotransformation, and ecological consequences. Current regulations on pesticide testing will also be presented. The mechanism of action on target species will be discussed only in relation to effects on nontarget organisms. Same as CB 434 and ENVS 433. 3 undergraduate hours. 4 graduate hours. Offered in alternate years. Prerequisite: One year of college chemistry and one year of college biology; or consent of instructor.

IB 487 Math Modeling in Life Sciences credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/487/>)  
Same as ANSC 448 and STAT 458. See ANSC 448.

IB 490 Independent Study credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/IB/490/>)

Laboratory and/or field research supervised by faculty members in the School of Integrative Biology. A written report is required. 1 to 5 undergraduate hours. No graduate credit. May be repeated. Credit is not given for more than a combined maximum of 10 hours of IB 390 or IB 490 towards graduation for IB majors. Prerequisite: Consent of instructor.

IB 491 Biological Modeling credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/491/>)

Same as ANSC 449, CPSC 448, and GEOG 468. See GEOG 468.

IB 492 Science Communication Skills credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/IB/492/>)

A successful career in scientific research, teaching and service requires tools and skills for communicating research. Students interested in going into science careers need to know how to write a competitive graduate school or job application, a thesis proposal for graduate research, a fellowship or grant proposal, and how to give a good scientific presentation. This course is designed to teach students these skills with targeted in and out of class exercises. 2 undergraduate hours. No graduate credit. Prerequisite: IB 203 or IB 271; AND one of the following: IB 299, IB 390, IB 490, or consent of instructor. Junior and Senior IB majors only.

IB 494 Theoretical Biology + Models credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/494/>)

Biologists are increasingly using mathematical and computer-based models to complement fieldwork and experimental data. These models provide a context in which to understand and answer existing questions, and also lead us to new questions and new insights. Students will encode biological mechanisms into mathematical models, develop the skills to find solutions to these models and relate them to biological data, and analyze and discuss relevant primary literature. Examples will be drawn largely from ecology and evolutionary biology. 4 undergraduate hours. 4 graduate hours. Prerequisite: MATH 220 or MATH 221; Introductory courses in Ecology and Evolution.

IB 496 Special Courses credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/IB/496/>)

Experimental and temporary courses. Additional fees may apply. See Class Schedule. 1 to 5 undergraduate hours. 1 to 4 graduate hours. Approved for letter and S/U grading. May be repeated as topics vary. Prerequisite: Consent of instructor.

IB 501 Programming for Genomics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/501/>)

Students will learn to think algorithmically by constructing a biological hypothesis, and implementing code or deploying an existing code implementation, to test that hypothesis. Students will learn to use UNIX and to program in Python, using biological data sets from high-throughput sequencing projects. We will cover major genomics approaches and the algorithms that underlie them, including K-mer analysis, genome and transcriptome assembly, databases and SQL, and visualization techniques. Same as CPSC 501. 4 graduate hours. No professional credit. Prerequisite: Courses in Ecology, Evolution, and Molecular Biology, or consent of instructor.

IB 502 Biological Networks credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/IB/502/>)

This taxon-neutral course prepares students to organize, integrate and analyze complex, multi-scale data that describe biological systems. It provides training, collecting, and processing "omic"-scale data (genomics, transcriptomics and proteomics) into network models, and analyzing these models using current in silico tools to determine biological significance and function of the resulting network interactions. Students will be introduced to Gene Ontology and open source tools for data integration and visualization, including Cytoscape, Multiple Experiment Viewer and STRING. 2 graduate hours. No professional credit. Prerequisite: Graduate student status or consent of instructor. At least one upper level undergraduate course in molecular biology or its equivalent.

IB 504 Genomic Analysis of Insects credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/IB/504/>)

Comprehensive and integrated presentation of insect genomic analysis from the molecular level to that of the population; concepts are applied to certain aspects of insect population regulation. Offered in alternate years. Prerequisite: IB 204 or consent of instructor.

IB 505 Bioinformatics & Systems Biol credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/505/>)

Same as CPSC 567. See CPSC 567.

IB 506 Applied Bioinformatics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/506/>)

Same as ANSC 542 and CPSC 569. See ANSC 542.

IB 507 Statistical Genomics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/507/>)

Same as ANSC 545 and CPSC 545. See ANSC 545.

IB 508 Multivariate Biostatistics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/508/>)

Same as PATH 528. See PATH 528.

IB 510 Discussions in Plant Biology credit: 0 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/IB/510/>)

All graduate students in plant biology, except those with conflicting teaching assignments, are required to register in and attend the general seminar. Approved for both letter and S/U grading. No credit given except to those students presenting the results of their Ph.D. thesis research or industry research projects in the PSM program.

IB 512 Plant Metabolomics credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/IB/512/>)

Plants are sessile organisms that must respond dynamically to environmental signals. Key to their response and survival is the intricate network of metabolic pathways that result in the differential accumulation of metabolites. This course will familiarize students with the fundamentals of plant metabolomics research. Metabolomics is presented in relation to plant development, nutrition, and response to stress, among other topics. Students will use online tools to analyze, organize, and visualize metabolomics data. Course goals include a critical evaluation of a current topic in plant metabolomics and how metabolomics technology can enhance their own research objectives. 2 graduate hours. No professional credit. Prerequisite: Graduate student status or consent of instructor; at least one upper level undergraduate course in biochemistry or its equivalent.

IB 513 Disc in Plant Physiology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IB/513/>)

Approved for letter and S/U grading. May be repeated.

IB 516 Ecosystem Biogeochemistry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/516/>)  
Same as NRES 516. See NRES 516.

IB 524 Plant Biochemistry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/524/>)  
Same as CPSC 588 and HORT 588. See CPSC 588.

IB 526 Seminar in Entomology credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/IB/526/>)  
Discussions, reviews, and appraisals of special topics in the field of entomology. Approved for both letter and S/U grading. May be repeated to a maximum of 4 hours.

IB 531 Emerging Infectious Diseases credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/531/>)  
Examines new human infectious diseases, such as Asian flu, West Nile virus, AIDS, and Lyme disease, that are a major threat to human health. Explores the historic links among human health, disease pathogens, and ecology, as well as the origin of each new disease and how it is regulated by specific environmental conditions. Also explores how global change and biodiversity loss will increase the possibility of future ecological epidemic and the steps needed to reduce their effects on human health. In this course, students also produce teaching materials for their classrooms.

IB 532 Sustainability & Global Change credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/532/>)  
Examines how on-going global change affects sustainability. Explores climate change, global warming, alternative biofuels, future food security, and conservation of biodiversity, and their effects on society. Examines how to make better use of the Earth's natural resources with little to no damage to the ecosystem, while taking into account ever mounting demands for energy resources and climate change. In this course, students also produce teaching materials for their classrooms.

IB 533 Human Genome & Bioinformatics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/533/>)  
Highlights advances in understanding the human genome, utilizing the latest techniques in bioinformatics, i.e. acquiring, analyzing, storing, and displaying the information from the entire genome and protein sequences. Explores the latest laboratory techniques, as well as the use of extensive online databases and software. Students explore the significance of sequencing the human genome, applying bioinformatics to the genome, and realizing its potential to understand human health, disease, and the place of humans in the large ecosystem. In this course, students also produce teaching materials for their classrooms.

IB 534 Evolution and Medicine credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/534/>)  
Explores how human health is inseparably tied to our evolutionary history. Principles that apply to human health include evolutionary processes, e.g. natural selections, as well as molecular evolution, human evolution, and evolutionary-developmental biology. Explores how these principles can be applied to understand human nutrition and metabolism, reproduction, disease and stress, and behavior. These principles assist physicians, researchers, and the general public in understanding how natural selection has acted on humans over time and left us vulnerable to disease and injury. In this course, students also produce teaching materials for their classrooms.

IB 535 Biology and Tech Innovation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/535/>)  
Focuses on how experts in biology and technological fields use bio-inspiration to create technology innovations to solve human problems. Classic examples, such as how the observation that seeds with barbs stick to animal fur led to Velcro, are explored. Students use and expand upon their current biological knowledge to explore new ways to create biologically-based sustainable innovations. Topics to be explored include nest building as inspiration for energy-efficient architecture, plant chemistry as inspiration for green manufacturing, animal locomotion and sensing as inspiration for robots, and the advances in understanding of biological nanostructures and nanoprocesses as inspiration for nanotechnology. In this course, students also produce teaching materials for their classrooms.

IB 536 Evolutionary Biology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/536/>)  
Examines fundamental topics for understanding evolution, the unifying principle for all of biology. Evidence for evolution is all around us, and learning how to view life through 'evolutionary tinted' lenses greatly changes our perspective. Emphasizes the creative ways that scientists are gaining insights into how and why life evolved as it is. Provides avenues to use in the classroom to provide scholarly evidence for the basis of evolution to refute non-academic arguments. Students will produce teaching materials for their classrooms. 4 graduate hours. No professional credit. Prerequisite: For graduate students in the Online Masters of Science Teaching Biology program (OMST).

IB 542 Environmental Plant Physiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/IB/542/>)  
The interaction of plants and environment at the level of the whole organism, extending to the cell and the community; emphasis on heat and mass transfer, plant and soil potentials, and effects of light on growth. Same as CPSC 538. Offered in alternate years. Prerequisite: IB 420; consent of instructor.

IB 546 Topics in Ecology & Evolution credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/IB/546/>)  
Speaker seminar series featuring discussion, review and critical analysis of general concepts and specific problems in ecology and evolution. Approved for both letter and S/U grading. May be repeated.

IB 590 Individual Topics credit: 2 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/IB/590/>)  
Individual topics in research conducted under the supervision of faculty members in the School of Integrative Biology. Designed for graduate students who would like to become more familiar with specialized fields of study prior to committing themselves to a specific area for their doctorate degree. Approved for S/U grading only. May be repeated to a maximum of 16 hours. Prerequisite: Consent of instructor.

# ITALIAN (ITAL)

ITAL Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/ITAL/>)

## Courses

ITAL 101 Elementary Italian I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/101/>)

For students who have no credit in Italian.

ITAL 102 Elementary Italian II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/102/>)

Continuation of ITAL 101. Prerequisite: ITAL 101 or one year of high school Italian.

ITAL 103 Intermediate Italian I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/103/>)

Rapid reading, review of grammar, composition, and conversation.

Prerequisite: ITAL 102 or two years of high school Italian.

ITAL 104 Intermediate Italian II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/104/>)

Continuation of ITAL 103. Prerequisite: ITAL 103 or three years of high school Italian.

ITAL 156 Exploring Rome: History and Culture of the Eternal City credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/156/>)

Examines Rome and its roles (religious, political, cultural) in Italian culture from ancient times to the present day. Through history, film, literature, painting and architecture, we will explore the Rome through its various historical and political developments and the effects the city has had on wider Italian and global perception of the "Eternal City". All readings and class meetings are in English.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Western

ITAL 191 Freshman Honors Tutorial credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/191/>)

Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars and Associates. May be repeated one time to a maximum of 6 hours. Prerequisite: Consent of departmental honors adviser in Italian.

ITAL 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/199/>)

Approved for letter and S/U grading. May be repeated to a maximum of 5 hours.

ITAL 200 Italian Studies in a Mediterranean Context credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/200/>)

Introduces students to the study of Italy and Italian culture, emphasizing Italy's central position in Mediterranean networks of cultural, economic and linguistic exchange. Prerequisite: ITAL 104 or consent of instructor.

ITAL 210 Practical Review Italian credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/210/>)

Reviews major challenges in Italian grammar, with particular emphasis on the verb system (major tenses and moods, morphology, and aspect) and areas of contrast with English. Prerequisite: Credit or concurrent enrollment in ITAL 104 or equivalent.

ITAL 220 Contemporary Italian, Oral and Written credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/220/>)

Training in oral-aural skill and in writing.

ITAL 240 Italy Middle Ages & Renaiss credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/240/>)

The development of Medieval Italian civilization in a literary context from the Sicilian School of love poetry to the early Renaissance in Florence; lectures and readings are in English. Same as CWL 240 and MDVL 240. This course satisfies the General Education Criteria for:

Humanities - Lit Arts

ITAL 250 Minority Identities in Film and Culture: The Italian American and African American Experience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/250/>)

Explores the complex relation between Italian Americans and African Americans in the 19th and 20th century. Were Italian Americans white? What is whiteness? How does identity politics define the relation between minority groups? By looking at the problem of the construction of whiteness among Italian American and at the representation of their relation with African Americans in literature, movies and social studies we will discuss the problem of the relation between two minorities with often conflictual relations in the American context.

This course satisfies the General Education Criteria for:

Cultural Studies - US Minority

ITAL 270 Introduction to Italian Cinema credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/270/>)

Introduction to major films, movements and directors in the Italian tradition, paying particular attention to questions of national identity, gender and political and social history. Knowledge of Italian not required. This course satisfies the General Education Criteria for:

Humanities - Lit Arts

ITAL 310 Advanced Grammar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/310/>)

Study of the structure of modern Italian in both its phonological and syntactic aspects for the student who already has a functional command of the language, with an emphasis on developing ability to analyze and interpret grammatical structures. Prerequisite: ITAL 210 or consent of instructor.

ITAL 380 Ital Business & Profess credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/380/>)

Builds preexisting language skills through the study of Italian business practices: financial systems, transactions, banking, import/export and commercial correspondence. Prerequisite: ITAL 210 or equivalent.

ITAL 390 Spec Topics Italian Studies credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/390/>)

Selected substantive readings for independent study on a given special topic of Italian literature, culture, language, or linguistics. May be repeated. Prerequisite: ITAL 104 and consent of instructor.

ITAL 406 Italian Culture and Globalization credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/406/>)

Introduction to factors that have shaped present-day Italy, with particular attention to globalization; basic concepts contributing to understanding its present social and cultural development in a European and global context; taught in Italian. 3 undergraduate hours. 4 graduate hours. Prerequisite: ITAL 200 or ITAL 220, or consent of instructor.

ITAL 413 Dante credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/413/>)

Interpretation of Dante's Divine Comedy with special attention to its position in the medieval world; a knowledge of Italian not required. Same as CWL 413 and MDVL 413. 3 undergraduate hours. 4 graduate hours.

ITAL 414 Petrarch & Boccaccio credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/414/>)  
 Studies in Petrarch and Boccaccio; nonmajors in Italian may read the works in translation; lectures are in English. Same as CWL 414 and MDVL 414. 3 undergraduate hours. 4 graduate hours. Prerequisite: Fulfillment of campus rhetoric requirement.

ITAL 415 Europe and the Mediterranean credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/415/>)  
 Same as EURO 415 and PS 415. See EURO 415.

ITAL 418 Language & Minorities in Europe credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/418/>)  
 Same as EURO 418, FR 418, GER 418, LING 418, PS 418, SLAV 418, and SPAN 418. See FR 418.

ITAL 420 Masterpieces Renaiss Lit credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/420/>)  
 Reading of masterpieces of the 1400 and 1500s and a study of their predecessors and influence; nonconcentrators in Italian may read the works in translation; lectures are in English. Content rotates. Same as CWL 420 and MDVL 420. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 8 hours with consent of instructor. Prerequisite: Fulfillment of campus rhetoric requirement.

ITAL 435 Introduction to Romance Linguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/435/>)  
 Same as FR 462, LING 462, PORT 435, RMLG 435 and SPAN 435. See SPAN 435.

ITAL 440 Modern Italian Novel credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/440/>)  
 An in-depth examination of a particular writer, genre, form or period in modern Italian literature (such as Italo Calvino, Italian detective fiction, or the contemporary Italian novel). See online schedule for specific topic. 3 undergraduate hours. 4 graduate hours. Prerequisite: ITAL 200 or consent of instructor.

ITAL 450 Italian Syntax & Phonology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/450/>)  
 Introduction to the essential syntactic and phonological structures of Modern Standard Italian in combination with appropriate discussion of corresponding linguistic concepts. 3 undergraduate hours. 3 graduate hours. Prerequisite: ITAL 310 or consent of instructor.

ITAL 460 Principles of Language Testing credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/460/>)  
 Same as EIL 460, EPSY 487, FR 460, GER 460, PORT 460, SLS 460, and SPAN 460. See EIL 460.

ITAL 470 Topics in Italian Cinema credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/470/>)  
 An in-depth examination of a particular director, genre or school from the Italian cinematic tradition (e.g., Fellini, Italian horror, or neorealism); topic will vary each semester. No knowledge of Italian is required. Same as MACS 470. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours.

ITAL 489 Theoretical Foundations of SLA credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/489/>)  
 Same as FR 481, GER 489, LING 489, PORT 489, and SPAN 489. See LING 489.

ITAL 490 Italian Critical Theory credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/490/>)  
 An advanced introduction to the critical theory of major Italian thinkers and philosophers (e.g., Gramsci, Negri, Agamben, Esposito). 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours if topic varies. Prerequisite: At least two 200-level courses in Italian, or consent of instructor.

ITAL 491 Honors Senior Thesis credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/491/>)  
 For candidates for honors in Italian. No graduate credit. May be repeated.

ITAL 505 Teaching College and Secondary Foreign Language credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/505/>)  
 Same as FR 505. See FR 505.

ITAL 510 Seminar in Italian Studies credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/510/>)  
 Graduate seminar in Italian culture, literature, linguistics, or critical theory. Topics vary. May be repeated in the same semester to a maximum of 8 hours as topics vary. May be repeated in separate semesters to a maximum of 16 hours as topics vary.

ITAL 530 Introduction to Research and Text Criticism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/530/>)  
 Same as FR 530. See FR 530.

ITAL 559 Sem Romance Ling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/559/>)  
 Same as FR 559, LING 559, PORT 559, RMLG 559, and SPAN 557. See SPAN 557.

ITAL 580 Classroom Language Acquisition credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/580/>)  
 Same as EIL 580, FR 580, GER 580, PORT 580, SLS 580, and SPAN 580. See SPAN 580.

ITAL 584 Theories in Second Language Acquisition credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/584/>)  
 Same as CI 584, EALC 584, EPSY 563, FR 584, GER 584, LING 584, PORT 584, and SPAN 584. See SPAN 584.

ITAL 588 Sem Second Lang Learn credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/588/>)  
 Same as EALC 588, FR 588, GER 588, LING 588, PORT 588, and SPAN 588. See SPAN 588.

ITAL 595 Spec Topics in Italian credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/595/>)  
 Independent study/research under the direction of a faculty member. May or may not fulfill requirements for a particular degree program in Spanish, Italian, and Portuguese. Consult graduate advisor. May be repeated in same or subsequent terms to a maximum of 8 hours.

ITAL 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/ITAL/599/>)  
 Approved for S/U grading only. May be repeated.

# JAPANESE (JAPN)

JAPN Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/JAPN/>)

## Courses

JAPN 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/JAPN/199/>)

May be repeated.

JAPN 201 Elementary Japanese I credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/JAPN/201/>)

Introduction to Japanese, spoken language skills and the reading and writing of hirigana, katakana, and kanji.

JAPN 202 Elementary Japanese II credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/JAPN/202/>)

Continuation of JAPN 201. Prerequisite: JAPN 201.

JAPN 203 Intermediate Japanese I credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/JAPN/203/>)

Prerequisite: JAPN 202 or equivalent.

JAPN 204 Intermediate Japanese II credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/JAPN/204/>)

Continuation of JAPN 203. Prerequisite: JAPN 203 or equivalent.

JAPN 305 Advanced Japanese I credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/JAPN/305/>)

Readings in graded Japanese texts with oral practice designed to help students acquire the sophisticated vocabulary and grammatical structures of written Japanese. Prerequisite: JAPN 204 or placement test for students who have Japanese background or who have previously taken a course(s) in Japanese.

JAPN 306 Advanced Japanese II credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/JAPN/306/>)

Continuation of JAPN 305. Prerequisite: JAPN 305 or placement test.

JAPN 407 Introduction to Classical Japanese credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/JAPN/407/>)

Introduction to the grammar, morphology, vocabulary, and style of classical Japanese language as found in premodern Japanese literary and historical writings. 3 undergraduate hours. 4 graduate hours.

Prerequisite: Three years of modern Japanese language or equivalent.

JAPN 408 Readings in Classical Japanese credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JAPN/408/>)

Readings in texts in classical Japanese selected from historical and literary sources of the premodern period. Attention is given to grammatical, morphological, and stylistic features and to problems in translation. Introduction to reading of classical syllabaries and manuscript texts. 3 undergraduate hours. 3 graduate hours. Prerequisite: JAPN 407 or equivalent.

JAPN 440 Fourth Year Japanese I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/JAPN/440/>)

Further developments of skills in sophisticated Japanese language use, including readings in authentic materials in a wide variety of writing styles, writing for formal occasions, and speaking appropriately according to the situation while using precise vocabulary in correct level of speech. 3 undergraduate hours. 4 graduate hours. Prerequisite: JAPN 306 or equivalent.

JAPN 441 Fourth Year Japanese II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/JAPN/441/>)

Continuation of JAPN 440. 3 undergraduate hours. 4 graduate hours.

Prerequisite: JAPN 440 or equivalent.

JAPN 499 Study Abroad credit: 0 to 18 Hours. (<https://courses.illinois.edu/schedule/terms/JAPN/499/>)

Lectures, seminars, and practical work in the Japanese language, literature, and civilization, and in other academic areas appropriate to the student's course of study. No graduate credit. Approved for letter and S/U grading. Prerequisite: Junior standing and a GPA of 3.00.

# JEWISH STUDIES (JS)

JS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/JS/>)

## Courses

JS 108 Religion & Society in West I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/108/>)

Same as ANTH 108, PHIL 108, and REL 108. See REL 108.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

JS 120 A History of Judaism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/120/>)

Same as HIST 168 and REL 120. See REL 120.

This course satisfies the General Education Criteria for:

Advanced Composition

Humanities - Hist Phil

JS 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/JS/199/>)

Faculty offer seminars in a range of areas that provide an opportunity for undergraduates to be exposed to key dimensions of Jewish Studies. May be repeated in the same or separate terms to a maximum of 10 hours.

JS 201 History of Antisemitism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/201/>)

Studies the negative representations of Judaism and Jews from antiquity to the modern world. Topics include: Greco-Roman concepts of the Jewish religion; medieval Christian symbolization of the demonic Jew; Jews and negative attitudes to capitalism; blood purity and blood libel; the rise of racial prejudice in the modern nation state; totalitarianism and genocide; antisemitism and anti-Zionism. Same as REL 212.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

JS 209 Jewish American and US Minority Literatures in Dialogue credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/209/>)

How does Jewish American Literature compare with/influence/be influenced by other U.S. Minority Literatures? What can we say about the similarities and differences between the Jewish American experience and that of many other US minority literatures? What does the dialogue between them sound like? By looking at some examples of Jewish American Literature and comparing and analyzing the dialogue between Jewish American Literature and myriad U.S. Minority literatures this course aims to grapple with these and other questions. We will explore the experiences, conditions, and perspectives of the U.S. Minority literatures we are able to peruse. We will encourage comparison across these different contexts while also preserving the distinctions inherent in each minority group. Same as CWL 209 and ENGL 222.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - US Minority

JS 211 The Arab-Israeli Conflict credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/211/>)

Same as CWL 211 and SAME 211. See CWL 211.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Western

JS 212 Israeli Cinema and Television credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/212/>)

Examination of Israeli cinema from its documentary beginnings to its internationally award winning feature films. First established as a way to record the developments of the Jewish community in Palestine, after Independence in 1948, it became a way to explore the ideals and values of the new state. Trapped between Eastern and Western cinematic tradition, we will view heroic cinema, new wave, and bourekas films. Through lectures, readings and film screenings this seminar examines the diversity of Israeli society, including religious/secular divisions, the Arab-Israeli Conflict, the Holocaust, gay cinema and the country's ethnic diversity including Palestinian, Russian, and Mizrachi identity. All films are subtitled and no previous knowledge of cinema or Israel is required. Same as CWL 212 and SAME 212.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Western

JS 220 Jewish Storytelling credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/220/>)

Same as CWL 221, ENGL 223, REL 220, and YDSH 220. See YDSH 220.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Western

JS 231 Development of Ancient Cities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/231/>)

Same as ARTH 217 and CLCV 231. See CLCV 231.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

JS 252 The Holocaust credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/252/>)

Same as HIST 252. See HIST 252.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

JS 261 The Holocaust in Context credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/261/>)

Same as CWL 273, ENGL 269, and GER 261. See GER 261.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Western

JS 262 Zionism: A Global History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/262/>)

Same as HIST 262. See HIST 262.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

JS 269 Jewish History Since 1700 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/269/>)

Same as HIST 269 and REL 269. See HIST 269.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

JS 284 Modern Jewish Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/284/>)

Surveys imaginative literature by Jewish authors from the Enlightenment to the present, including fiction, poetry, drama, and autobiography written in English or translated from other languages. Same as CWL 284, ENGL 284, and REL 284. Prerequisite: Completion of the Composition I requirement.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

JS 290 Jewish Cultures of the World credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/290/>)

Same as ANTH 290. See ANTH 290.

This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West

JS 300 Jewish Chicago credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/300/>)

The history of Jewish Chicago from 1820 to the present will be taught in Chicago during Summer I. The class includes excursions all over the city as well as class time at the Newberry Library. Topics of study include immigration, Jews in the labor movement, Jewish political activism, Jewish religious practice, Jewish art, literature, and Yiddish theater. The course will contextualize our study of Jewish Chicago in terms of American history, urban history, gender history, and labor history.

JS 320 Lit Responses to the Holocaust credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/320/>)

Same as CWL 320, ENGL 359, REL 320, and YDSH 320. See YDSH 320.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

Cultural Studies - Western

JS 335 Middle East 1566-1914 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/335/>)

Same as HIST 335. See HIST 335.

JS 341 Love & Sex in Hebrew Lit credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/341/>)

Same as CWL 341, REL 340 and SAME 341. See CWL 341.

JS 344 Medieval Jewish Thought credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/344/>)

Same as MDVL 344 and REL 344. See REL 344.

JS 355 Soviet Jewish History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/355/>)

Same as HIST 355. See HIST 355.

JS 399 Special Topics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JS/399/>)

Faculty offer special topics in their areas of expertise that provide an opportunity for undergraduates to be exposed to some of the most current developments in faculty research. May be repeated in the same or separate term to a maximum of 9 hours.

JS 442 History of Early Judaism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/JS/442/>)

Same as HIST 432 and REL 442. See REL 442.

JS 454 Topics in Israeli Lit & Culture credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/JS/454/>)

Same as CWL 454 and SAME 454. See CWL 454.

JS 495 Independent Study credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/JS/495/>)

Readings in selected fields in consultation with the instructor along with the completion of a specified writing assignment. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in the same term to a maximum of 4 undergraduate hours or 8 graduate hours. May be repeated in separate terms to a maximum of 8 undergraduate hours and 16 graduate hours. Prerequisite: Consent of instructor.

JS 496 Topics in History of Judaism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/JS/496/>)

Same as REL 496. See REL 496.

JS 501 Grad Intro to Jewish Culture credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JS/501/>)

Interdisciplinary graduate-level introduction to the study of Jewish culture and society. Focuses on the significations of Jewishness in modern history through a wide range of recent writings by historians, anthropologists, philosophers and cultural theorists. Key themes will include the relationship of Judaism to the other monotheistic religions, the varied pathways of Jewish modernization, the construction of Jewish Otherness in Europe and beyond, and responses to the Holocaust and the creation of the state of Israel.

JS 502 Holocaust Genocide Studies credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JS/502/>)

Interdisciplinary graduate-level introduction to Holocaust, Genocide, and Memory Studies, focusing on the origins and unfolding of genocidal violence and the legacies of genocide in collective memory, literature, and artistic representation. Key themes will include the relationship between perpetrators, victims, and bystanders; the problems of historical comparison; trauma and testimony; violence and representation.

JS 551 Seminar in Jewish Culture credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JS/551/>)

Analysis of selected topics of special interest in Jewish Studies. May be repeated in the same term to a maximum of 8 hours. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Consent of instructor.

JS 552 Seminar Holocaust & Genocide credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JS/552/>)

Analysis of selected topics of special interest in Holocaust, Genocide, Memory Studies. May be repeated in the same term to a maximum of 8 hours. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Consent of instructor.

# JOURNALISM (JOUR)

JOUR Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/JOUR/>)

## Courses

JOUR 199 Undergraduate Open Seminar credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/199/>)

A changing array of courses focusing on special topics in journalism. Approved for Letter and S/U grading. May be repeated to a maximum of 12 hours, if topics vary.

JOUR 200 Introduction to Journalism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/200/>)

Discussion of the history, freedom, technologies, ethics, and functions of the news media. Training in clear, descriptive writing techniques, using journalistic models. Prerequisite: Completion of Composition I general education requirement.

This course satisfies the General Education Criteria for: Advanced Composition

JOUR 205 History of American Journalism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/205/>)

Surveys the history of the field of journalism since pre-colonial times. Includes the evolution of the media in the United States and the evolution of cultural concepts concerning the media, including rights granted under the First Amendment.

This course satisfies the General Education Criteria for: Humanities - Hist Phil

JOUR 210 Newsgathering Across Platforms credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/210/>)

Fundamentals of journalistic reporting and writing across print, broadcast and digital platforms. Credit is not given for JOUR 210 if credit for JOUR 400 has been earned. Prerequisite: JOUR 200.

JOUR 215 Multimedia Reporting credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/215/>)

Designed to acquaint students with the fundamentals of digital photography, video, audio and multimedia as it applies to journalism. Instruction will include conceptual frameworks and techniques to create multimedia journalism content; the conception, planning and creation of multimedia projects; coverage of events with audio, video and photographs; the technical and creative aspects of digital photography, video, and multimedia; delivery platforms for multimedia content including the Web and evolving communication technologies. Credit is not given for JOUR 215 if credit for JOUR 410 has been earned. Prerequisite: JOUR 210 or consent of Journalism Department.

JOUR 217 Content Producing for UI7 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/217/>)

Students will learn videography, editing, writing, and producing video content for student programs Good Morning Illini and Illini Sports Night. Class will also include studio production jobs for Good Morning Illini's live Friday broadcasts and taped studio segments for Illini Sports Night. May be repeated for a maximum of 6 hours in separate semesters. JOUR 217 cannot substitute for JOUR 340 as a prerequisite for JOUR 445. Prerequisite: Students may not be concurrently enrolled in JOUR 340 or JOUR 445.

JOUR 220 News Editing credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/220/>)

Editing and headline writing, news judgment, ethics and leadership. Credit is not given for JOUR 220 if credit for JOUR 320 has been given.

JOUR 250 Journalism Ethics & Diversity credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/250/>)

Focuses on media decision-making and news judgment, specifically ethics and diversity in newsgathering with regard to scope, privacy, bias, economic concerns, and accountability. Examines real-life news decisions and the thoughts of journalists who lived through famous and infamous ethics situations. Key provisions in the Society of Professional Journalists Code of Ethics regarding use of diverse voices will be discussed and applied in practical ways, and both students and the instructor will find current examples of ethics issues to present to the class. Diversity education is part of the required standard for achieving journalism accreditation from the discipline's national accrediting body.

JOUR 280 Specialized Skills and Practices credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/280/>)

A changing array of courses addressing specialty writing, reporting, audio, video and multimedia skills, topics and projects. Approved for Letter and S/U grading. May be repeated up to 8 hours in the same semester and up to 12 hours in separate semesters, if topics vary.

JOUR 293 Digital Photography for Everyone credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/293/>)

Foundations of digital photography, techniques to produce photographs; the conception and planning of pictures; the pictorial coverage of locations, events and human interest situations; and the planning and execution of photos in print, on the web and other electronic media are the focus of this hands-on course. You will develop a practical understanding of the potentials and realities of photographic communication to better use them for full expression of your vision. Approved for Letter and S/U grading.

JOUR 311 Media Law credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/311/>)

Detailed analysis of the theories of freedom of expression, the legal doctrines of greatest concern to mass communicators, and contemporary issues related to free speech and press, including libel, copyright, and news-gathering in a digital age. Credit is not given for JOUR 311 if credit for JOUR 411 has been earned.

JOUR 315 Adv Public Affairs Reporting credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/315/>)

Study and extensive practice of in-depth public affairs reporting - its concepts, techniques, traditions, ethics, and social obligations. Credit is not given for JOUR 315 if credit for JOUR 415 has been earned. Prerequisite: JOUR 210.

JOUR 317 On-Camera Performance for UI7 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/317/>)

Students who have successfully completed JOUR 217 or JOUR 340 will learn advanced videography, editing and reporting skills to be on-air reporters for the Good Morning Illini show. Class will also include on-camera talent lab for Good Morning Illini's live broadcast on Fridays. May be repeated for a maximum of 6 hours in separate semesters. Prerequisite: JOUR 217 or JOUR 340. May be taken concurrently with JOUR 340 or JOUR 445.

JOUR 335 Audio Journalism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/335/>)

Reporting and writing news for audio programs and websites. Credit is not given for JOUR 335 if credit for JOUR 435 has been earned. Prerequisite: JOUR 210.

JOUR 340 Video Reporting & Storytelling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/340/>)  
Introduces field production and principles of field reporting and editing of news video; principles of planning, producing, and editing news stories. Prerequisite: JOUR 210. May not be taken concurrently with JOUR 217. May be taken concurrently with JOUR 317.

JOUR 360 The Media and You credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/360/>)  
The course will survey contemporary public relations to clarify several elements: publicity, advertising, branding, press agency, public affairs, issues management, lobbying, investor relations and development. Students will learn to work with the press and the ethical dimensions of the relationships that form. The course will employ real and hypothetical case studies. Teams will develop strategies to reach a PR goal. Each team will make presentations to be judged by real clients or the instructor and guest judges.

JOUR 361 Readings in Sports Journalism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/361/>)  
Books about sports and sports personalities are perennial best-sellers. Students in this course will read, analyze and discuss long-form sports journalism. Some of the books and stories are considered classics of the form; others may be fairly recent and news-worthy publications. All will represent varied approaches to sports journalism in books, magazines and digital experiments and forms.

JOUR 417 Producing for UI7 Programming credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/417/>)  
Students in this class will take leadership roles in producing live and live to tape programming to be aired on UI7 and master skills in pre-production, production and post-production. Students will oversee one of two UI7 programs: a live production of Good Morning Illini or a live-to-tape production of Illini Sports Night. Registration by instructor permission. 4 undergraduate hours. 4 graduate hours. Meets with JOUR 217 and JOUR 317. Prerequisite: JOUR 217 AND either JOUR 317 or JOUR 340. May not be taken concurrently with JOUR 445. Registration by instructor permission. Prospective students will submit a resume and writing sample. Finalists will be selected for interviews.

JOUR 421 Editing for Publication credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/421/>)  
Principles and practice of editing across disciplines. Content includes style, grammar, punctuation, word usage, clarity and brevity. Both print and digital environments are considered. Students will edit text and display copy such as headlines and photo captions. 3 undergraduate hours. 3 graduate hours. Credit is not given for both JOUR 421 and JOUR 320. Journalism majors should enroll in JOUR 320. Prerequisite: Advanced Composition.

JOUR 425 Multimedia Editing and Design credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/425/>)  
Principles of visual reporting and editing; seeks to instill application-level competency in a wide array of non-linear, non-narrative techniques of journalistic storytelling across various media. 4 undergraduate hours. 4 graduate hours. Prerequisite: JOUR 215.

JOUR 445 Video Storytelling 2-Producing credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/445/>)  
Advanced techniques for reporting, producing, writing, shooting, and editing video news stories and for producing and airing regularly scheduled news programs on deadline. 4 undergraduate hours. 4 graduate hours. Prerequisite: JOUR 340. May not be taken concurrently with JOUR 217 or JOUR 417. May be taken concurrently with JOUR 317.

JOUR 450 Media and Public Opinion credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/450/>)  
Theory of public opinion and communications; relation of communication systems to public opinion, social systems, and the political order. 3 undergraduate hours. 3 graduate hours. Prerequisite: Completion of Quantitative Reasoning I.

JOUR 451 Research Methods in Journalism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/451/>)  
Introduction to social science principles of measurement, sampling, statistical inferences and logic of research design in collection, analysis and interpretation of information used in journalism and mass media. 3 undergraduate hours. 3 graduate hours. Prerequisite: Completion of Quantitative Reasoning I requirement. JOUR 200 recommended, or graduate standing. This course satisfies the General Education Criteria for: Quantitative Reasoning II

JOUR 452 Great Books of Journalism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/452/>)  
Books written by journalists have had great impact on U.S. public policy and understanding, covering such topics as corporate power, political corruption, rural poverty, the atomic bombing of Japan, Watergate, and a soldiers-eye view of war. From hard-edged investigations to nonfiction literature, the readings broaden and deepen understanding of the power and purpose of journalism beyond breaking news and celebrities. Readings from eight groundbreaking books, assessment of social and professional impact, ethical issues, reporting and writing approaches, and extensive class discussion. 3 undergraduate hours. 3 graduate hours. This course satisfies the General Education Criteria for: Humanities - Lit Arts

JOUR 453 Crisis Communications credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/453/>)  
Students will take on the role of a public relations/public affairs officer to learn how to deal with the media when managing a crisis for a client, whether a multinational corporation or a professional athlete. Students will use case studies of actual events to examine how the media dealt with the crisis. Students will get a look at the inner workings of a major PR firm devoted to telling the truth while managing the message. 3 undergraduate hours. 3 graduate hours.

JOUR 454 Propaganda & the News Media credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/454/>)  
The course examines techniques and processes of propaganda in a democratic society. It draws from contemporary theories of influence and persuasion to identify propaganda in the context of modern journalism, to delineate differences between propaganda and information, and to assess the impact of propaganda on democratic decision making in the digital age. Particular attention is given to the news media practices and consumption patterns that unwittingly facilitate strategies of modern propagandists. 3 undergraduate hours. 4 graduate hours. Prerequisite: Junior, Senior or Graduate standing.

JOUR 460 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/460/>)  
A changing array of special projects, research or reading in journalism. Additional fees may apply. See Class Schedule. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated if topics vary.

JOUR 470 International Reporting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/470/>)

Role of international news in daily lives. Examines those who report it and those who pioneered it. Students monitor how U.S. and international media cover selected countries and learn how to write international news. In selected semesters, students may research issues and life in a foreign country in preparation for an international reporting trip. 3 undergraduate hours. 3 graduate hours.

JOUR 471 Science Journalism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/471/>)

Students will explore media coverage of science. They will examine the interconnections of scientific advances and public understanding. The seminar format will allow students to interview scientists and journalists, to discuss work, and to become science communicators. Subject matter of reporting projects will be determined by the background and interests of the students. Field trips and Illinois science will be featured. 3 undergraduate hours. 3 graduate hours.

JOUR 472 Business Reporting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/472/>)

Learning to follow the money is a key part of covering corporate America, professional sports or Hollywood. No need to fear financial statements: This course shows you easy methods to pick them apart and turn them into smart stories. Students learn to report and write stories using the Wall Street Journal's feature methods. 3 undergraduate hours. 3 graduate hours. Prerequisite: JOUR 210 or JOUR 400. Journalism or Agricultural Communications major(s). Restricted to students with Sophomore, Junior, Senior, or Graduate class standing.

JOUR 475 In-Depth Writing Styles credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/475/>)

Explores and produces feature, literary and longform writing and alternative forms of journalistic narratives. 3 undergraduate hours. 3 graduate hours. Prerequisite: JOUR 210.

JOUR 480 Advanced Reporting Topics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/480/>)

Advanced reporting projects or techniques, with separate sections for a varying array of topics such as investigative reporting, immersion journalism, literary journalism, business and financial journalism, online publishing, radio news features, sports writing, broadcast documentary production, digital journalism, and photo journalism. 3 undergraduate hours. 3 graduate hours. May be repeated in the same or subsequent semesters if topics vary. Prerequisite: JOUR 210.

JOUR 481 Literary Feature Writing credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/481/>)

Course focuses on concept, reporting practice, and ethics of literary approaches to create evocative, story-like journalism articles. Students report and write a single in-depth story that will be re-reported and re-written three times. Includes extensive readings illustrating the finest literary journalism. The class includes extensive self, class and professor criticism and editing. Articles for this class have been published in the News-Gazette and other publications. An archive of published stories can be found at [intimatejournalism.com](http://intimatejournalism.com). 3 undergraduate hours. 3 graduate hours. Prerequisite: JOUR 210. Journalism majors only.

JOUR 482 Immersion Journalism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/482/>)

The interview methodology students learn is seen as the best way to provide the ethnographer/writer/reporter with insight into social phenomena. The methodology can be used to examine living conditions, family history and attitudes of ethnic groups at any class level – wealthy, affluent, middle class, poor or underclass. Students with insatiable curiosity about behavior will be able to extract from participants surprising revelations about their needs, desires and motivations. Students will learn how personalities, circumstances, and choices made by participants' parents and forebears affect the participant's life today. Same as AFRO 482. 3 undergraduate hours. 4 graduate hours. Prerequisite: Juniors, Seniors and Graduate students of any discipline.

JOUR 483 Investigative Journalism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/483/>)

The investigative methodology students learn is seen as the best way to provide the producer/editor/reporter with insight into social issues, government and businesses practices and systems. The methodology can be used to examine and topics or issue. Students will use data, documents, interviews and field observation to collect information, do basic data analysis, test hypotheses, and produce stories in text, audio, or video or all. Students will learn how to do deep research, organize complex material, and produce presentations that are easy for the public to understand. 3 undergraduate hours. 3 graduate hours.

JOUR 490 Professional Project credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/490/>)

Individual and team-produced advanced enterprise projects in specialized fields. 3 undergraduate hours. 3 graduate hours. May be repeated in the same or subsequent semesters if topics vary.

JOUR 495 Internship Seminar credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/495/>)

Seminar based on internship experience. Offered for College of Media students who complete an approved professional, industry related internship. 0 to 1 undergraduate hours. 0 to 1 graduate hours. Approved for S/U grading only. May be repeated in the same term to a maximum of 2 undergraduate hours or 2 graduate hours. May be repeated in separate terms to a maximum of 3 undergraduate hours or 3 graduate hours. Prerequisite: Consent of instructor.

JOUR 500 Current Issues in Journalism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/500/>)

Seminar on issues of contemporary importance in journalism in their historical, multicultural contexts. Emphasis on ethical, legal, social, professional aspects of those issues. Aimed at helping students to develop their own journalism philosophies and high standards of conduct. Prerequisite: Consent of department.

JOUR 501 Multimedia Storytelling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/501/>)

The course is designed to equip graduate students who have little or no journalism experience to report in a multimedia environment. In the first part of the course, students learn where to find stories and how to develop story ideas, as well as basic research and interviewing techniques. Students will then be introduced to the various ways in which stories can be told using media platforms such as print, radio, television and the web. Prerequisite: Graduate students only.

JOUR 505 Journalism Proseminar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/505/>)

Introduction to scholarship and research in journalism and mass communication examining theoretical approaches to the meanings, uses, and effects of mass media in society; discussion of media freedom and accountability; humanistic and social scientific contributions to understanding mass communication. Prerequisite: Consent of department.

JOUR 515 Master's Project credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/515/>)

A professional journalism project demonstrating development of analytical and critical thinking abilities appropriate to the profession and effective application of journalism methodology. May be repeated up to 8 hours. Prerequisite: Consent of department.

JOUR 590 Advanced Topics in Journalism credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/JOUR/590/>)

Advanced special projects, research or reading in journalism at the master's and doctoral level. Approved for letter and S/U grading. May be repeated in the same term to a maximum of 8 hours; may be repeated in separate terms to a maximum of 24 hours.

# KINESIOLOGY (KIN)

KIN Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/KIN/>)

## Courses

**KIN 100** Development Activities credit: 1 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/100/>)  
Skills and knowledge essential for leisure-time activities which are classified as developmental activities. Prerequisites and descriptions for each developmental activity are provided in the Class Schedule. More than one activity (Sections A through Z) may be taken in the same term. Additional fees may apply. See Class Schedule. May be repeated to a maximum of 2 hours.

**KIN 101** Dance Activities credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/KIN/101/>)  
Skills and knowledge essential for leisure-time activities which are classified as dance activities. May be repeated; more than one activity (Sections A through Z) may be taken in the same term. Prerequisite: See Class Schedule for prerequisites for each dance activity.

**KIN 102** Individual and Dual Activities credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/KIN/102/>)  
Skills and knowledge essential for leisure-time activities which are classified as individual and dual activities. Prerequisites for each individual or dual activity are provided in the Class Schedule. More than one activity (Sections A through Z) may be taken in the same term. Additional fees may apply. See Class Schedule.

**KIN 103** Indoor Court Activities credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/KIN/103/>)  
Skills and knowledge essential for leisure-time activities which are classified as indoor court activities. Prerequisites for each indoor court activity are provided in the Class Schedule. More than one activity (Sections A through Z) may be taken in the same term.

**KIN 104** Skating Activities credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/KIN/104/>)  
Skills and knowledge essential for leisure-time activities which are classified as skating activities. Prerequisites for each skating activity are provided in the Class Schedule. Additional Ice Skating Rink Facility charges are required and provided in the Class Schedule. More than one activity (Sections A through Z) may be taken in the same term. Additional fees may apply. See Class Schedule.

**KIN 107** Aquatic Sport Activities credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/KIN/107/>)  
Skills and knowledge essential for leisure-time activities which are classified as aquatic sport activities. Prerequisites for each aquatic sport activity are provided in the Class Schedule. More than one activity (Sections A through Z) may be taken in the same term. Additional fees may apply. See Class Schedule.

**KIN 109** Team Sport Activities credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/KIN/109/>)  
Skills and knowledge essential for leisure-time activities which are classified as team sport activities. Prerequisites for each team sport activity are provided in the Class Schedule. More than one activity (Sections A through Z) may be taken in the same term.

**KIN 110** Intro to the Health Sciences credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/110/>)  
Same as CHLH 110. See CHLH 110.

**KIN 111** Prescribed Exercise credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/KIN/111/>)

Prescribed exercises adapted to individual needs, capacities, and interests; open to persons with paraplegia, permanently disabled, and individuals with significant temporary disabilities who will require long term rehabilitation. Students must be registered or eligible to register with DRES. May be repeated to a maximum of 4 hours. Prerequisite: Enrollment restricted to students with permanent disabilities or disabilities which are long-term in nature. Student should be registered or eligible to register with DRES.

**KIN 120** Injuries in Sport credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/120/>)

Emphasizes injury mechanisms, means of injury prevention, and emergency care applied to various types of sport injuries; laboratory sessions emphasize preventive and therapeutic taping and emergency first aid. Additional fees may apply. See Class Schedule.

**KIN 121** Survey of Sports Medicine credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/121/>)

Introduction to sports medicine for non-kinesiology majors; includes discussion of training, conditioning, preparation for sports, injury aspects of sports, and rehabilitation.

**KIN 122** Physical Activity and Health credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/122/>)

Provides the scientific evidence of physical activity in preventing disease and optimizing quality of life. Teaches behavioral change strategies to achieve an active lifestyle.

**KIN 125** Orientation KIN & Comm Health credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/KIN/125/>)

Serves as an introduction to the Kinesiology and Community Health Department and provides an overview of the Kinesiology and Community Health curricula, areas of study, and opportunities available for a career in the field. Enrollment required for Kinesiology freshmen and transfer students. Credit is not given for both KIN 125 and CHLH 125.

**KIN 130** Analysis of Basic Movement credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/130/>)

Introduction to human movement through development of skills and knowledge relative to structure and function of the human body in selected physical activities including: basic postural and locomotion patterns and fundamental throwing patterns; also studies developmental aspects of typical and atypical movement skills. Emphasizes performance and qualitative analysis of movement skills.

**KIN 140** Social Sci of Human Movement credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/140/>)

Introduction to the social scientific aspects of human movement including sport; particular emphasis on concepts derived from the social sciences (including psychology) that are appropriate to human movement. Additional fees may apply. See Class Schedule. This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci

**KIN 142** Contemporary Issues in Sport credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/142/>)

Examines current issues in sport relative to competition, economics, race, sex, youth, educational institutions, deviant behavior, religion, psychology, and the media.

KIN 150 Bioscience of Human Movement credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/150/>)

Integrates anatomical and physiological aspects of human movement; emphasizes how the body moves, physiological responses to exercise stress, physical conditioning and physical fitness. Additional fees may apply. See Class Schedule.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences

KIN 160 Introduction to Kinesiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/160/>)

Kinesiology is the interdisciplinary study of physical activity that includes a number of sub-disciplines. This course will examine these areas of study within Kinesiology from scientific, applied, and experiential perspectives. Students will study fundamental/introductory concepts associated with each area of Kinesiology, explore those concepts within research and applied contexts, and complete activities in which they experience various dimensions of those concepts.

KIN 199 Undergraduate Open Seminar credit: 0 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/199/>)

Additional fees may apply. See Class Schedule. Approved for letter and S/U grading. May be repeated.

KIN 201 Physical Activity Research Methods credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/201/>)

This course provides an introduction of physical activity measurement and methods. The course will focus on (a) defining physical activity and associated terms and concepts; (b) providing detailed understanding of approaches and tools for measuring physical activity; and (c) facilitating understanding of scientific methods for physical activity research (e.g., experimental and non-experimental designs).

This course satisfies the General Education Criteria for:  
Quantitative Reasoning II

KIN 230 Diversity in Recreation, Sport, and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/230/>)

Same as HDFS 263 and RST 230. See RST 230.

This course satisfies the General Education Criteria for:  
Cultural Studies - US Minority

KIN 247 Intro to Sport Psychology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/247/>)

Analysis of the competitive sport process, with study of how personality and situational variables affect motivation, anxiety, and aggression in sport. Attention is given to the psychological skills needed by coaches and athletes for successful and enjoyable sports participation.

KIN 249 Sport & Modern Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/249/>)

The sociological analysis of sport in modern societies with regard to social class, politics, community, education, and collective behavior.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

KIN 259 Motor Development and Control credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/259/>)

This course provides students with an overview of motor development across the life span as well as an introduction to the discipline of motor behavior/control. Specifically, it focuses on the concepts and principles of coordination, the control of movement, and development of skilled action throughout the life span. The course focuses on such topics as the development of fundamental movement activities; movement control processes; acquisition, retention and transfer skill; and the role of constraints to action. Same as HDFS 259. Additional fees may apply. See Class Schedule. Credit is not given for both KIN 259 and KIN 257.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

KIN 260 Teaching Activities I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/260/>)

An activity-based course focusing on skills, knowledge, and teaching progressions related to territorial and net sports for school age students. Students will develop knowledge of the basic skills and teaching progressions related to the activities covered in the class.

KIN 261 Teaching Activities II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/261/>)

An activity-based course focusing on skills, knowledge, and teaching progressions related to target sports, rhythms, dance and fitness activities, and adventure education activities for school age students. Students will develop knowledge of the basic skills and teaching progressions related to the activities covered in the class.

KIN 262 Motor Develop, Growth & Form credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/262/>)

Examination of the concepts of motor development, physical growth, and body form throughout the lifespan. Major emphasis is on the period of birth through adolescence. Same as HDFS 262.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

KIN 268 Children's Movement credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/268/>)

Introduction and overview of kinesiology principles and physical activity related to children. Laboratory portion of class focuses on the application of information to teaching physical activity to elementary school children. Prerequisite: For non-kinesiology majors.

KIN 340 Soc & Psych of Phys Activity credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/340/>)

Discusses how social and psychological processes and constraints affect human action in physical activity environments. Attention is given to socialization, personal dynamics, stratification, and ideological and economic constraints upon the manifestations of physical activity. Prerequisite: KIN 140 or PSYC 100 and completion of the Campus Composition I general education requirement.

This course satisfies the General Education Criteria for:  
Advanced Composition

KIN 345 Sport and Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/345/>)

Same as HIST 390. See HIST 390.

KIN 346 Case Study: Endless Summer credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/346/>)

The 1966 classic film –The Endless Summer– and related films and literature are used as lenses for the historical-cultural study of human movement in the form of riding waves of water. Surf culture and films are global phenomena and by using such as unique cases, students gain mastery in cultural-interpretive theories, themes, and vocabulary, and in articulating perspectives on social roles, knowledge, and power. Same as RST 346 and MACS 346.

KIN 352 Bioenergetics of Movement credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/352/>)

Study of the nature of energy transfer during physical activity; mechanisms of metabolic control, force production, cardiorespiratory support and adaptation relative to physical activity. Additional fees may apply. See Class Schedule.

KIN 355 Biomechanics of Human Movement credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/355/>)

Studies the biological and mechanical principles of human motor performance; analyzes selected movement skills in depth. Additional fees may apply. See Class Schedule.

KIN 360 Adapted Physical Education credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/360/>)

Organization, administration, and conduct of physical education programs for the most prevalent types of medical conditions found in school settings; emphasis on analyzing motoric needs and prescribing programs of motor activity for special populations, including individuals with mental retardation and learning disabilities Prerequisite: Junior standing or above and enrollment in the Teacher Certification program or consent of instructor.

KIN 361 Curriculum in Grades K-6 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/361/>)

Examines the theoretical and philosophic curricular principles necessary to the development of a sound, professionally grounded, and research-based curriculum for children in grades K-6. Requires planning a variety of developmentally appropriate learning activities that are taught to children during micro-teaching experiences in the field. Prerequisite: Junior standing or above and enrollment in the Teacher Certification program or consent of the instructor.

KIN 362 Curriculum in Grades 7-12 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/362/>)

Provides students with theoretical knowledge and professional practice in secondary physical education curriculum and instruction. This research-based course emphasizes effective teaching, development of content, and analysis of curricular models in grades 7-12. Prerequisite: Junior standing or above and enrollment in the Teacher Certification program or consent of instructor.

KIN 363 Instructional Strategies in PE credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/363/>)

Analyzes the teaching-learning process, emphasizing the identification of instructional strategies specific to the development of skilled performance in movement activities. Prerequisite: Junior standing or above and enrollment in the Teacher Certification program.

KIN 364 Exper in the Common School credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/364/>)

Supervised practice in observing, assisting, and teaching children in elementary, junior high school, and senior high school. Emphasis is on understanding motor behavior, teacher-learner behavior, and interrelatedness with other aspects of the learning environment. May be repeated to a maximum of 6 hours. Prerequisite: Junior standing or above and enrollment in the Teacher Certification program or consent of the instructor.

KIN 365 Civic Engagement in Wellness credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/365/>)

Provides scholarly knowledge and practical experience related to environmental, intellectual, physical, psychological, spiritual, and social wellness. Students acquire leadership and real-world skills while working in teams to develop and implement projects that facilitate health and well-being in the population of adults living in the community. Projects emphasize integrative learning and are showcased in both written and oral formats. Same as AHS 365, CHLH 365, RST 365, and SHS 370.

KIN 369 Coaching Strategies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/369/>)

Examination of philosophy, ethics, strategies, motivational techniques, performance analysis, program organization, contest administration, and equipment and facility management related to coaching.

KIN 375 Comm Partners & Health credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/375/>)

Same as AHS 375 and SHS 375. See SHS 375.

KIN 385 Exper in Kinesiology Research credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/385/>)

Supervised laboratory experiences in kinesiology research; individual work under the supervision of members of the faculty in their respective fields. The student assists with data collection, processing, and analysis for research in progress. May be repeated to a maximum of 12 hours. Prerequisite: Consent of instructor.

KIN 386 Exercise Instruction & Elderly credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/386/>)

This course is designed to offer practical experience opportunities to undergraduate Kinesiology students aspiring to work in applied exercise fields with a diverse aged population. It will entail extensive "on the job" training through the Lifetime Fitness Program, an older adult service program of the Department of Kinesiology. Additionally, students will gain training in current program management practices. May be repeated to a maximum of 6 hours. Prerequisite: KIN 352 or consent of instructor is required. A current CPR is required at the beginning of the term and certification must remain current.

KIN 387 Exper in the Agency Setting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/387/>)

Supervised practical experience in leadership roles in nonschool agency settings; emphasis on observing, planning, and conducting physical activity programs for children and/or adults in preschool, recreation, or other social agencies. May be repeated for a maximum of 6 hours.

KIN 390 Honors credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/390/>)

Course is restricted to James Scholars pursuing the Civic Commitment and Leadership Tracks. Designed to support completion of the James Scholar honors project. Same as CHLH 390 and RST 390. May be repeated to a maximum of 6 hours. Prerequisite: James Scholar standing.

KIN 391 Special Project-Problems credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/391/>)

Special projects in research and independent investigation in any phase of health, kinesiology, physical education, and related areas selected by the students. May be repeated to a maximum of 6 hours. Prerequisite: Junior or senior standing; grade-point average of 2.5; consent of instructor.

KIN 393 Honors Thesis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/393/>)

Planning, researching and writing of an honors thesis, under supervision of a faculty member, on a problem of appropriate scope and character. Paper will be presented at a suitable meeting and/or seminar. May be repeated to a maximum of 6 hours. Prerequisite: Senior standing when enrolling; minimum grade point average (total, University and Kinesiology prefix courses) of 3.25; a minimum of one full year (2 semesters) remaining at the University of Illinois, Urbana-Champaign campus; and submission of a written proposal.

KIN 401 Measure & Eval in Kinesiology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/401/>)

Examines the concepts of observation, measurement, and evaluation of human motor performance and functioning in physical activity contexts. 3 undergraduate hours. 4 graduate hours. Prerequisite: KIN 140 and KIN 150, or graduate standing, or consent of instructor.

This course satisfies the General Education Criteria for: Quantitative Reasoning II

KIN 407 Disability, Culture & Society credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/407/>)

Same as ANTH 404, CHLH 407, and REHB 407. See CHLH 407.

KIN 442 Body, Culture & Society credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/442/>)

Analysis of the significant social aspects of the human body including anthropological, historical, psychological and sociological perspectives. Places emphasis on cross-culture and cross-national studies of bodily behavior with particular stress on exercise, health and sport practices. Same as GWS 442. 3 undergraduate hours. 4 graduate hours. Prerequisite: KIN 249 or SOC 249, or graduate standing; or consent of instructor.

KIN 443 Psychophysiology in Ex & Sport credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/443/>)

Designed to give the student an understanding of the interaction between psychological processes and physiological parameters in exercise and sport. Examines psychophysiological exercise and sport research with particular attention to relevant models and theories. Same as PSYC 443. 3 undergraduate hours. 4 graduate hours. Prerequisite: Junior or senior standing, KIN 340, or graduate standing, or consent of instructor.

KIN 444 Physical Activity and Chronic Diseases credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/444/>)

Focuses on the scientific evidence regarding the health benefits of exercise, physical activity, and physical fitness in the prevention and management of chronic diseases. 3 undergraduate hours. 4 graduate hours.

KIN 447 Psych of Sport Performance credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/447/>)

Outlines the social psychological parameters which influence behavior and performance in sport; emphasizes the impact of social influences upon the individual within the sport context, including such factors as achievement motivation, competition, anxiety, aggression, and personality. Same as PSYC 447. 3 undergraduate hours. 4 graduate hours. Prerequisite: KIN 140, KIN 247, or PSYC 201, or graduate standing, or consent of instructor.

KIN 448 Exercise & Health Psychology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/448/>)

Examines the psychological determinants and consequences of exercise and physical activity as a health promoting behavioral process. Same as CHLH 448. 3 undergraduate hours. 4 graduate hours. Prerequisite: Junior standing or above, or graduate standing, or consent of instructor.

KIN 449 Rehabilitation Biomechanics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/449/>)

This course is for students who are interested in occupational therapy, physical therapy, and prosthetics and orthotics. General principles for application in injury prevention and rehabilitation will be taught. Students will learn how to use biomechanical models to estimate joint compression forces and muscle forces, and use this information to design training and rehabilitation programs for people with musculoskeletal and neuromuscular injury. 3 undergraduate hours. 4 graduate hours.

KIN 450 Biochemistry of Exercise credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/450/>)

Introduces the metabolic and biochemical adaptation of the body in response to acute and chronic physical activity. Primary focus is given to the subcellular and enzymatic regulation and integration during exercise. Substrate metabolism, bioenergetics, hormonal action and nutritional influences as related to exercise are emphasized. 3 undergraduate hours. 4 graduate hours. Prerequisite: KIN 352 or MCB 450; or consent of instructor.

KIN 451 Skeletal Muscle Physiology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/451/>)

Offers basic information on skeletal muscle anatomy, physiology and function which will provide a basis for understanding changes in muscle structure and function during periods of increased or decreased use. Knowledge gained in this course can be used in areas such as design of training programs, physical therapy, or injury prevention. 3 undergraduate hours. 4 graduate hours. Prerequisite: KIN 352 or prior consent of the instructor.

KIN 452 Clin & Applied Ex Physiology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/452/>)

Physical fitness appraisal and guidance in clinical and applied settings with emphasis on medical clearance, risk factor assessment, physical fitness assessment and exercise prescription. 3 undergraduate hours. 4 graduate hours. Prerequisite: KIN 352, or graduate standing, or consent of instructor.

KIN 453 Nutrition for Performance credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/453/>)

Nutrition for performance is the fusion of two disciplines, nutrition and exercise physiology, which provides the knowledge-base to support and optimize training, performance, and recovery. This course will provide information regarding the use of nutrition to increase performance in athletes training for strength or endurance. Same as FSHN 453. 3 undergraduate hours. 4 graduate hours.

KIN 457 Motor Learning & Control credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/457/>)

Discussion and analysis of scientific principles related to the learning and control of motor skills; review of related literature and research in motor learning and control. The focus of the course is on mechanisms for the control of movement and recent theories of how movements are acquired and performed. 3 undergraduate hours. 4 graduate hours. Prerequisite: Graduate standing or consent of instructor.

KIN 458 Neurobio of Aging credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/458/>)

Same as PSYC 451 and NEUR 451. See PSYC 451.

KIN 459 Physical Activity & Aging credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/459/>)

Examines aging and age-related changes in the cells, tissues, organs, and systems of the human body; emphasizes the role of physical activity and other lifestyle choices in modifying the aging process and in influencing the onset and progression of the chronic diseases which accompany aging. Same as HDFS 459. 3 undergraduate hours. 4 graduate hours. Prerequisite: Junior, Senior, or graduate standing or consent of instructor.

KIN 460 Technology & Pedagogical KINES credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/460/>)

Promotes mastery of technology skills and complex computer applications through the analysis of research and critical issues related to technology in Kinesiology. The completion of technology modules, requiring problem solving and the collection and analysis of assessment data, will culminate in an interactive, multimedia project. 3 undergraduate hours. 4 graduate hours. Prerequisite: Junior standing.

KIN 470 Exercise Endocrinology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/470/>)

The objective of this course is to gain a better understanding of the endocrine system and its response to physical exercise. Therefore, this course will provide a basic review of 1) the major glands and tissues that secrete chemical messengers, 2) the ability of acute exercise and exercise training to regulate chemical messengers, and 3) the physiological consequences of endocrine adaptation to exercise. Clinical disorders associated with endocrine dysfunction will also be discussed when relevant. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: KIN 352.

KIN 473 Skill Acquisition Strategies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/473/>)

Examines theory and practice related to structuring practice conditions to maximize the acquisition and performance of motor skills. The nature of skill, activities, and strategies for enhancing skill are discussed with particular emphasis placed on strategies that instructors, teachers, and/or coaches can use to enhance skill acquisition and performance. 3 undergraduate hours. 4 graduate hours. Prerequisite: KIN 257 or graduate standing or consent of instructor.

KIN 474 Tech-Driven Health Intervention credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/474/>)

Course will review and critique the state of the science of technology-driven health behavior interventions. A broad scope of technologies and health behaviors will be covered and students will acquire an understanding of current uses of technology for facilitating health behavior change and maintenance. Students will examine the efficacy and potential for large-scale adoption and dissemination; and develop skills necessary to apply technology-based solutions to address public health problems. 3 undergraduate hours. 4 graduate hours.

KIN 485 Clin Exper in Sports Medicine credit: 2 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/485/>)

Clinical experiences in medical supervision of sports programs, in the areas of therapeutic exercises, fitness programming, and cardiac rehabilitation. 2 to 8 undergraduate hours. 2 to 8 graduate hours. May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.

KIN 494 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/494/>)

Lecture course on topics of current interest; specific topics announced in the Class Schedule. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated.

KIN 501 Kinesiology Research Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/501/>)

Review and appraisal of common research procedures; application of statistical procedures, library methods, evaluation procedures, and experimental methods.

KIN 530 Childhood Obesity I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/530/>)

Same as CHLH 530, FSHN 530, HDFS 551, NUTR 530, SOCW 570. See NUTR 530.

KIN 531 Childhood Obesity II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/531/>)

Same as CHLH 531, FSHN 531, HDFS 552, NUTR 531, SOCW 571. See NUTR 531.

KIN 540 Health Behavior: Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/540/>)

Same as CHLH 540. See CHLH 540.

KIN 543 Physical Activity & Cognition credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/543/>)

Examines the relationship between physical activity and fitness on brain and cognition across the lifespan. The psychobiology of physical activity effects on cognition is emphasized. Other areas of study include aging, development, and psychosocial factors. Methodological issues as well as human and animal models of research will be studied.

KIN 551 Sci Basis of Phys Performance credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/551/>)

Contemporary trends in the study of human performance and exercise stress; analysis of the research literature, experimental strategies, and research instrumentation. Lecture-discussion and laboratory.

KIN 552 Adv Skeletal Muscle Physiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/552/>)

Course provides an in-depth understanding of skeletal muscle anatomy, cell biology, and physiology. Classroom discussions of primary literature and other activities will focus on muscle structure and function. Information will also be provided on the molecular and cellular basis for adaptations that occur with increased use, such as endurance or strength training, or periods of disuse, such as injury and disease.

KIN 553 Circulorespiratory Physiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/553/>)

Aerobic performance responses to short-term, intermittent, and prolonged physical activity; special consideration given to endurance training methods and assessment techniques, ergogenic aids, and problems associated with growth, environmental influences, and competitive sport. Prerequisite: KIN 551 or consent of instructor.

KIN 557 Stress Immunology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/557/>)

This course will examine the role of stress in modulating immune function and the pathobiological mechanisms resulting in disease. An emphasis will be placed upon the reciprocal communication pathways that exist between the central nervous, endocrine and immune systems. Prerequisite: Consent of the instructor. It will be assumed that students will have introductory knowledge in biochemistry, endocrinology, and immunology.

KIN 560 Research on Teacher Education credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/560/>)

Critically examines advanced theories, trends, problems, and implications of research on teacher education in Kinesiology. Students will complete a series of written assignments that are grounded in theory, illustrate critical thinking skills, and demonstrate extensive knowledge of the literature. Prerequisite: Graduate standing.

KIN 564 Qualitative Research Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/564/>)

Introduces students to qualitative methodology in the educational and health-related professions settings. Students will learn to interpret qualitative research, understand its theoretical underpinnings, acquire interviewing and observation skills, design and evaluate a community-based group research project, learn to collaborate with others, and critically assess the contributions to the project of self and peers.

KIN 565 Teaching in the Professoriate credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/565/>)

Provides scholarly knowledge and practical experience necessary for effectively assuming the roles of teaching, mentoring, and presenting in the professoriate. Students will team teach an undergraduate course with an assigned faculty mentor, give a scholarly research presentation, and attend a series of theoretically grounded lectures focusing on instructional design, learner characteristics, and successfully conveying information to others. Same as CHLH 565, RST 560, and SHS 565.

Prerequisite: Must be a PhD student in the College of Applied Health Sciences.

KIN 590 Independent Study credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/590/>)

Independent research on special projects. May be repeated.

KIN 591 Seminar credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/KIN/591/>)

Lectures, discussions, and critiques on kinesiology and community health related subjects by faculty members and visiting professional leaders; presentation and criticism of student research. Approved for S/U grading only. May be repeated in subsequent terms as topics vary.

KIN 594 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/594/>)

Lecture course in topics of current interest; specific subject matter announced in the Schedule. May be repeated.

KIN 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/KIN/599/>)

Preparation of theses in kinesiology. Approved for S/U grading only. May be repeated.

# KOREAN (KOR)

KOR Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/KOR/>)

## Courses

**KOR 201 Elementary Korean I** credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/KOR/201/>)  
First semester of Korean for students without any background of the Korean language, starting from the Korean alphabet (Hangul) and learning basic grammar, vocabulary, and commonly used expressions, to achieve beginning level of speaking, listening, reading, writing, and basic grammar skills in Korean. Credit is not given for KOR 201 if credit for KOR 221 has been earned.

**KOR 202 Elementary Korean II** credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/KOR/202/>)  
Continuation of KOR 201, and second semester of first year Korean. Students learn basic grammar, vocabulary, and commonly used expressions by practicing conversations and reading conversation based texts, to achieve beginning-intermediate levels of speaking, listening, reading, and writing in the Korean language. Credit is not given for KOR 202 if credit in KOR 222 has been earned. Prerequisite: KOR 201 or as determined by placement test and instructor. Students must have taken KOR 201 at this University. Otherwise, they must take the placement test given in January. Sign up for the test in the office of the EALC Department (244-2725).

**KOR 203 Intermediate Korean I** credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/KOR/203/>)  
Continuation of KOR 202 and first semester of the second year Korean. Students practice conversations, study grammar based on conversational materials with variety of styles and levels of discourse and usage, and learn about Korean culture, to achieve intermediate-level fluency. Credit is not given for KOR 203 if credit for KOR 222 has been earned; determination is based on the placement test. Prerequisite: KOR 202 or as determined by a placement exam and an instructor. Students must have taken KOR 202 at this University. Otherwise, they should take the placement exam in August. Sign up for the test in the office of the EALC Department (244-2725).

**KOR 204 Intermediate Korean II** credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/KOR/204/>)  
Continuation of KOR 203 and second semester of the second year Korean. Students practice conversations and study grammar based on conversational materials with variety of styles and levels of discourse and usage, to achieve intermediate-level fluency in speaking, listening, reading and writing in the Korean language. Credit is not given for KOR 204 if credit for KOR 241 has been earned. Prerequisite: KOR 203 or as determined by a placement exam and an instructor. Students must have taken KOR 203 at this University. Otherwise, they should take the placement exam in January. Sign up for the test in the office of the EALC Department (244-2725).

**KOR 221 Korean Reading and Writing I** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KOR/221/>)  
First semester of spoken and written Korean for students with background in spoken Korean. Starting from the Korean alphabet (Hangul) students learn basic grammar, vocabulary, and commonly used expressions, to achieve the beginning level proficiency in reading and writing as well as in speaking. Credit is not given for KOR 221 if credit for KOR 202 has been earned. Prerequisite: Ability to speak and understand spoken Korean as determined by a placement test and an instructor. Students with prior knowledge of Korean must take the placement test in August. Sign up for the test in the office of the EALC Department (244-2725).

**KOR 222 Korean Reading and Writing II** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KOR/222/>)  
Continuation of KOR 221 and second semester of spoken and written Korean for the students with background in Korean. Students learn basic grammar, vocabulary, and commonly used expressions, to achieve the beginning-intermediate level proficiency in reading and writing as well as in speaking of Korean. Credit is not given for KOR 222 if credit for KOR 202 has been earned; determination is based on the placement test. Prerequisite: KOR 221 or as determined by a placement test and an instructor. Students must have taken KOR 221 at this University. Otherwise, those with prior knowledge of Korean must take placement test in January. Sign up for the test in the office of the EALC Department (244-2725).

**KOR 241 Korean Reading and Writing III** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KOR/241/>)  
Continuation of KOR 222 and first semester of the second year of spoken and written Korean. Students learn grammar and vocabulary to achieve intermediate-level speaking, listening, reading and writing in Korean. Credit is not given for KOR 241 if credit for KOR 204 has been earned; determination is based on the placement exam. Prerequisite: KOR 222 or as determined by a placement exam and an instructor. Students must have taken KOR 222 at this University. Otherwise, those with prior knowledge of Korean must take the placement exam in August. Sign up for the test in the office of the EALC Department (244-2725).

**KOR 242 Korean Reading and Writing IV** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/KOR/242/>)  
Continuation of KOR 241 and second semester of the second year of spoken and written Korean. Students are exposed to theme-related passages and dialogues, practicing speaking, listening, reading, and writing, in order to achieve advanced-intermediate level proficiency in Korean. Credit is not given for KOR 242 if credit for KOR 306 has been earned. Prerequisite: KOR 241 or as determined by a placement exam and an instructor. Students must have taken KOR 241 at this University. Otherwise, those with prior knowledge of Korean must take the placement test in January. Sign up for the test in the office of the EALC Department (244-2725).

**KOR 305 Advanced Korean I** credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/KOR/305/>)  
Continuation of KOR 204 and first semester of third year Korean. Concentrates on enhancing the level of fluency in speaking, listening, reading and writing of Korean. Students learn more advanced-level vocabulary and expressions and read more authentic texts in Korean. Credit is not given for KOR 305 if credit for KOR 241 has been earned; determination is based on placement test. Prerequisite: KOR 204 or as determined by a placement exam and an instructor. Students must have taken KOR 204 at this University. Otherwise, they should take the placement test in August. Sign up for the test in the office of the EALC Department (244-2725).

KOR 306 Advanced Korean II credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/KOR/306/>)  
Continuation of KOR 305 and second semester of third year Korean. Concentrates on enhancing the level of fluency in speaking, listening, reading and writing of Korean. Students will learn about more advanced-level vocabulary and everyday expressions and read texts in Korean where Korean culture is introduced and discussed. Credit is not given for KOR 306 if credit for KOR 242 has been earned. Prerequisite: KOR 305 or as determined by a placement test and an instructor. Students must have taken KOR 305 at this University. Otherwise, they should take the placement text in January. Sign up for the exam in the office of the EALC Department (244-2725).

KOR 440 Fourth Year Korean I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KOR/440/>)  
Develop the ability to engage in fluent discourse, to understand authentic texts through the acquisition of advanced-level vocabulary and expressions, and to refine and improve their writing in Korean. Students are expected to engage in class discussions on various topics of Korean culture and society. 3 undergraduate hours. 4 graduate hours. Prerequisite: KOR 306 or KOR 242 or as determined by a placement test and an instructor. Students must have taken KOR 306 or KOR 242 at this University. Otherwise, those with prior knowledge of Korean should take the placement exam in August. Sign up for the test in the office of the EALC Department (244-2725).

KOR 441 Fourth Year Korean II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/KOR/441/>)  
Allows advanced students to further develop their reading comprehension of authentic texts through the acquisition of advanced-level vocabulary and expressions, and to discuss and write on various topics and issues related to contemporary Korea. 3 undergraduate hours. 4 graduate hours. Prerequisite: KOR 440 or as determined by a placement test and an instructor. Students must have taken KOR 440 at this University. Otherwise, those with prior knowledge of Korean should take the placement test in January. Sign up for the test in the office of the EALC Office (244-2725).

# LABOR AND EMPLOYMENT RELATIONS (LER)

LER Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/LER/>)

## Courses

LER 100 Introduction to Labor Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LER/100/>)

Provides an overview of workers and unions in American society. Looks at economic, political, and workplace issues facing working people, why and how workers join unions, how unions are structured and function, and how unions and management bargain a contract. Provides a historical overview of the American labor movement, and discusses the contemporary struggles workers and unions face in a rapidly changing global economy.

This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci

LER 110 Labor and Social Movements credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LER/110/>)

Explores the role of labor unions in American society. Discusses the role of labor unions in initiating actions on social issues that impact the U.S. working class, the economy, public policy, and politics. Analyzes the labor movement's interaction with the civil rights, women's, student, global justice, and living wage movements.

LER 120 Contemporary Labor Problems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LER/120/>)

Focuses on problems and challenges facing American workers and the U.S. labor movement. Topics include the deterioration of the labor-management "social contract" in recent decades; a review of labor and employment law; the health care crisis; globalization and cross-border union alliances; and union democracy.

LER 130 Intro Labr Wrkng Class History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LER/130/>)

Do working people have a history worth studying? What does the history of the U.S. look like when viewed from the point of view of those who built the country? Introduces U.S. labor and working class history. Examines the conditions of life and work of the various groups of working people: enslaved, indentured, small farmers, but especially wage workers and their families from the civil War to the present. Studies the main collective actions workers have taken to protect and improve their lives and the organizations and social movements they created to do this. Students who complete LER 130 and want a more in-depth look at the subject should enroll in HIST 480.

LER 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/LER/199/>)

May be repeated.

LER 200 Globalization and Workers credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LER/200/>)

Is globalization good for working people in the United States and around the world? Globalization is the driving force in the world economy but it is also provoking tremendous debate and popular resistance. Students will learn the basics about globalization and its institutions from the perspective of workers' right in the U.S. and the Third World. Analyzes the debate over free trade and sweatshops, trade agreements such as the North American Free Trade Agreement, and institutions such as the World Trade Organization and the International Monetary Fund. Closely examines working conditions in several Third World countries, and explores the role of the global justice movement.

LER 210 Images of Labor in Film credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LER/210/>)

Uses feature-length film to take an in-depth look at key labor strikes and organizing drives from the 1910s through the 1980s. Students will view some of the most powerful films on worker and labor themes ever produced. Studies the work lives and labor unions of miners; railroad porters; packinghouse workers; textile workers; and farm workers. Discusses the meaning of the events depicted in the films by situating them in historical context with detailed readings; engage the debates raised in the films about labor organizing methods and strike strategies that are relevant to today's labor movement; reflect on issues of race, gender, class consciousness, working conditions, union goals, anti-communism, and labor-management relations raised in the films and readings; analyze how effectively the films, and Hollywood in general, portray workers and unions; and compare and contrast the films.

LER 220 The Media, Workers, and Unions credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LER/220/>)

Workers, unions, and how the news media tells their stories. Looks at the past, the present and future. Analyzes how these stories are told in the mainstream and independent news media in the U.S., and examines the Internet's explosion and impact on these stories. Looks at how blogs, online videos, citizen journalism, and the fast changing world of Internet communication has given voice to workers and their issues. Compares the print and online media with the work done in documentaries and the cinema. Looks at the global telling of these stories. Lastly, examines the ways that unions can better tell their stories.

LER 240 China's Labor Relations credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LER/240/>)

This course analyzes how China is reshaping the world economy, labor markets, unions, forms of worker resistance, and the lives of workers around the globe. We will examine China's transition from socialism to state capitalism; working conditions facing Chinese workers; evolving labor and employment relations; the role and function of the All-China Federation of Trade Unions; and worker protests and strikes demanding improved conditions.

LER 290 Introduction to Employment Law credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LER/290/>)

Addresses and critiques the content, interpretation, and applications of the laws that govern employer-employee relations in the American workplace. Explores the historical sources, underlying ideology, and current content of anti-discrimination and civil rights laws, of laws that seek to guarantee a safe and healthy workplace for all Americans, of laws that guarantee minimum wages and overtime pay, of legal protections of privacy on the job, of unemployment insurance and workers' compensation laws, and of laws that guarantee workers the right to collective action and collective bargaining.

LER 300 Workers, Unions, and Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LER/300/>)

What is the meaning and impact of politics seen from the perspective of those at the bottom of the pyramid of political power rather than from the usual focus on the actions and perceptions of political elites? In what ways do workers become involved in politics? Under what circumstances are they likely to be successful in bringing about change? This course addresses these questions by exploring political power, political participation, and political change from a broad historical and cross-cultural perspective, but always focusing on a view of politics from the bottom up. The course analyzes the political economy of labor, and the labor movement's political influence in politics.

LER 320 Gender, Race, Class and Work credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LER/320/>)

Provides a historical and contemporary overview of the impact and interplay of gender, race, class and other issues of identity in the workplace. Topics include: pay gap, occupational segregation, workplace harassment, low wage work, and employment discrimination laws. The response of labor unions to identity issues will also be examined. Prerequisite: LER 100, LER 110 or one course that covers race or gender issues is required.

LER 330 Comparative Labor Relations credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LER/330/>)

Designed as an overview of comparative labor movements and labor relation systems. Develops a framework for understanding union formation and the development of industrial relations system in a variety of countries around the world. An emphasis will be placed on each country's interaction between unions and political organizations, national labor policies, the machinery for the resolution of workplace problems, the level of shop floor disturbances, bargaining coverage of employees, and the issues of workers' control. Also addresses how globalization has transformed the capacity of any nation's labor relations' system to respond to economic challenge and workplace conflicts. Examines the possibility of developing transnational union.

LER 410 Labor and the European Union credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/410/>)

Addresses the formation of European Union (EU) labor policy; the role of trade unions in EU member nations; worker immigration in the EU; diversity issues in the EU labor market and a comparative analysis of industrial relations in Europe. Same as EURO 410. 4 undergraduate hours. 4 graduate hours. Prerequisite: Consent of the instructor.

LER 440 Economics of Labor Markets credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/440/>)

Same as ECON 440. See ECON 440.

LER 450 European Working Class History credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/450/>)

Same as HIST 450 and SOC 422. See HIST 450.

LER 480 US Work Class Hist Since 1780 credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/480/>)

Same as HIST 480. See HIST 480.

LER 522 Government Regulation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/522/>)

Focuses on federal and state legislation, court and agency rulings, and executive orders that regulate a wide range of private and public employment practices including: Title VII and Affirmative Action Compliance; American with Disabilities Act; drug-, HIV-, and genetic testing; Fair Labor Standards Act; Civil Service procedures; Equal Pay Act, Family and Medical Leave Act, and employment-at-will; constitutional protection for employees, job-applicants, and others. Prerequisite: LER 547 or LER 591, or consent of instructor.

LER 523 Org Fundamentals for HR credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/523/>)

Increases students' effectiveness in analyzing and understanding organizations and the organizational context. It relies on the case method and focuses a number of important themes such as organization design; strategy; decision-making; and culture. In order to prepare students for the various transformations that they will experience in their careers, it examines many of these topics in the context of organizational change. Exposes students to basic ideas about key organizational topic - as well as a number of applications of these ideas - in order to give them a framework for organizing past experience. The topics covered do not offer a recipe for what to do in all situations, but rather give students a set of skills and different ways of thinking that can help them address novel problems they will face throughout their lives.

LER 530 Found of Ind Org Psych credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/530/>)

Same as PSYC 530. See PSYC 530.

LER 540 Labor Economics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/540/>)

Same as ECON 540. See ECON 540.

LER 541 Labor Economics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/541/>)

Same as ECON 541. See ECON 541.

LER 542 Collective Bargaining credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/542/>)

Examination of: social values and social science concepts to develop a framework for explaining the basis and shape of collective bargaining as it has been practiced in the United States; government and law, unions, and employers as part of the development of this framework; the environment of collective bargaining with respect to the role of economics and bargaining structure; the negotiating process as the interactive basis for union-management relations; conflict and conflict resolution as part of the negotiating process; wage and other effects of collective bargaining as bargaining outcomes; contemporary changes in union management relations. Case materials and exercises may be used to supplement course materials. Same as ECON 542. Prerequisite: Consent of instructor.

LER 543 Workplace Dispute Resolution credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/543/>)

Examination of the use of procedures to resolve employment disputes in both union and nonunion workplaces; comparative analysis of grievance arbitration, interest arbitration, mediation, fact-finding, and combinations of these procedures; special emphasis given to the role of third party intervention. Same as ECON 543 and LAW 665. 3 professional hours. 4 graduate hours.

LER 545 Economics of Human Resources credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/545/>)  
Study of the economics of personnel with the modern corporation. Topics include hiring, promotion, evaluation, discrimination, raiding, job definition, pay schemes, benefits, and design of work. Same as EPOL 575 and HRD 534. 4 graduate hours. No professional credit. Prerequisite: LER 593 or equivalent, or consent of instructor.

LER 547 Labor Law I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/547/>)  
Same as LAW 662. See LAW 662.

LER 556 Industrial Relations Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/556/>)  
Integrated analysis of the principles of industrial relations through the study of the works of the major theorists and their critics. Prerequisite: Consent of instructor.

LER 557 Human Resources Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/557/>)  
Continuation of LER 556. Focuses on contemporary research in human resource management and related fields.

LER 558 Faculty-Student Workshop credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/558/>)  
Training and experience for Ph.D. students in the application of social science and industrial relations theory and research methodology to contemporary industrial relations problems through presentation and discussion of faculty and student research. Ph.D. students are required to make presentations and to participate in workshop discussions during the entire period of their campus residency. Approved for letter and S/U grading.

LER 559 Micro Research Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/559/>)  
Provides doctoral students a foundation for conducting independent, scholarly micro research (i.e., individuals or small groups as the primary unit of analysis) by addressing the components of the research process. This foundation for conducting independent research is based on the research process as an open system of interconnected choices that unfold sequentially: (1) Choosing and framing a research question, (2) Choosing an hypothesis to address the research question, (3) Choosing a Strategy and Design, (4) Choosing modes for treating constructs, (5) Choosing Forms for Converting Data into Observations, (6) Choosing procedures to analyze data, and (7) Choosing conclusions for interpreting results. Prerequisite: Doctoral degree student in LER, Department of Psychology, Economics, College of Business, College of Education. Master's degree students who are considering a doctoral degree program subject to instructor approval.

LER 561 Compensation Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/561/>)  
Compensation theory and practice. Course addresses the theoretical and practical issues associated with the design of effective compensation systems. The design phases include establishing internal equity, external equity, and individual equity. Budgeting and administration are also addressed. Case analyses and computer simulations may be used to supplement course materials.

LER 562 HR Planning and Staffing credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/562/>)  
Examines conceptual issues, policies, and practices relating to the attraction, selection, development, and planning for the most effective utilization of human resources.

LER 564 HR Training and Development credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LER/564/>)  
Provides students a firm understanding of human resource training and development systems in today's business environment. A constant theme setting the back drop for this course will be on the various kinds of change facing organizations and how these changes relate to human resource training and development. Aspiring HR professionals will gain essential knowledge to effectively manage employee training and development systems in a variety of companies.

LER 565 HR Management and Strategy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/565/>)  
Designed to provide integration across the specific functional areas of the human resources management (HRM) field, while at the same time demonstrating the linkages horizontally within HRM and vertically with strategic management of the firm. This case-focused course places emphasis on human resources issues of strategic importance to the organization. Same as BADM 512. Prerequisite: One prior course from the Organizational Behavior and Personnel Management distribution subject area list (in the MHRIR degree requirements for the graduate degree in Labor and Employment Relations).

LER 566 International HR Management credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/566/>)  
Human resource management issues examined from the perspective of the multinational firm. Topics include globalization and human resource strategy, management and the structure of multinational firms, dealing with intercultural differences, selecting employees for foreign assignments, training and developing expatriate employees, evaluation and compensation of employees in international assignments. Individual and group projects. Prerequisite: Graduate standing.

LER 567 Negotiation in HR Decisions credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LER/567/>)  
General survey course concerning the strategies and tactics of bargaining and negotiation, with special emphasis on applications in human resource management contexts. Topics covered include: the structure of negotiated outcomes; integrative bargaining tactics; distributive bargaining tactics; negotiation planning; power, persuasion and influence; communication; negotiating in teams and groups; negotiating using 3rd parties (arbitrators, mediators, agents); cross-cultural negotiations. Students will discuss negotiation issues and build negotiation skills through a series of experiential exercises and cases. Credit is not given for both LER 567 and MBA 505 (Sections W1 and W2: Managerial Negotiations). Prerequisite: Graduate standing. An introductory course in social psychology or organizational behavior is preferred but not required.

LER 568 Firm Performance and HR credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/568/>)  
The purpose of this course is to enable students to understand some basic ideas about and measures of firm performance with heavy emphasis on the role of human resource managers. Students will gain an understanding of how human resource professionals fit into the organization, structure, and function of business firms. Many basic ideas from the field of finance will be studied. The course covers theoretical ideas and has many empirical, policy, and practitioner-relevant applications, all with the goal of providing human resource managers fundamental financial analysis tools to enable them to function effectively in their post-graduate corporate workplaces.

LER 569 Power & Influence in HRM credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LER/569/>)

Designed to help prospective human resource managers learn how to use power and influence as effective tools for understanding the surroundings in which they will be working with and managing people, and achieving the goals that they set for themselves. It provides frameworks and practical tools that allow students to make sense of on-the-job learning experiences and equip them with basic diagnostic and action-planning skills that they can use at different points in their careers - and to consider difficult ethical questions in the process. Prepares students to get things done in the real world, where personalities and office politics sometimes hinder rather than help them.

LER 570 Leadership for HR Managers credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LER/570/>)

In contemporary organizations, the HR function is often called on to serve a variety of leadership roles. Thus, HR managers will not only need to learn how to utilize and improve their leadership skills in different and changing contexts, but also how to help other employees become effective leaders. The goals of this course are (1) to analyze and discuss a number of key frameworks that will provide students with knowledge of leadership in different types of organizations, and (2) to provide students with practical tools to help them make sense of their own on-the-job experiences and equip them with basic action-planning skills that they can use on the job.

LER 580 Internship credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/LER/580/>)

Full or part-time practice of human resources or employment relations in an off-campus government, corporate or not-for-profit environment. Approved for S/U grading only. May be repeated in separate terms. Prerequisite: Must be a student in the LER program.

LER 590 Individual Topics credit: 0 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/LER/590/>)

Students in labor and industrial relations may register for this unit with the consent of the curriculum adviser and the adviser under whom the student will perform individual study or research. Such individual work may include special study in a subject matter for which no course is available or an individual research project, including on-the-job research in industry, which is not being undertaken for a thesis. 0 to 8 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated if topics vary; unlimited credit hours for graduate and professional students.

LER 591 Employment Relations Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/591/>)

General framework for the analysis of employment relationships. Topics include industrial relations theory, the American system of collective bargaining, intercountry system differences, and human resource management strategies and practices. Prerequisite: Graduate standing.

LER 593 Quantitative Methods in LER credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/593/>)

Application of statistical methods to problems in human resources and industrial relations. Analysis and presentation of results using computer software. Covers statistical techniques through analysis of variance and multiple regression. Prerequisite: Any elementary statistics course.

LER 594 Tutorial Seminar credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/594/>)

Research experience for Master's students in carrying out a problem solving project from formulation to written report in a chosen area of labor and industrial relations. Each student selects an individual topic with the approval and guidance of a faculty member and participates in a Tutorial Workshop. Approved for both letter and S/U grading. Prerequisite: Completion of no fewer than 24 graduate hours of LER course work.

LER 595 Managing Diversity Globally credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/595/>)

In a global economy workplace diversity is not a trend; it is a reality faced by corporate leaders, human resource professionals and management consultants. Within the US, immigration, migration, and gender and racial differences have been major trends shaping workplace composition. Globalization places additional pressures on managing workplace diversity effectively. In this setting, training managers and human resource professionals to manage differences and adapt to multiple national and cultural contexts is an imperative. Course provides an in-depth understanding of how managers and HR professionals can be effective in not only managing diversity in a global context, but also in leveraging global diversity as a competitive advantage. By the end of this course students will have a holistic appreciation of the tools necessary to implement effective diversity management practices for a globally inclusive workplace.

LER 597 Employee Motivation & Performance credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/597/>)

Managing and motivating employees effectively is one of the most complex and challenging issues facing companies today. While business leaders acknowledge the need for implementing effective performance management systems, recent studies indicate that an overwhelming majority of performance management systems are unsuccessful. Takes a strategic approach to employee motivation and performance starting with a firm level view to reviewing current approaches to employee motivation and performance management. Aims at providing students with practical and conceptual tools that will aid them in future endeavors to design and implement employee development and performance management systems. Format includes in-class discussions, case studies and individual assignments and papers.

LER 598 Impl High Perf Work Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LER/598/>)

Intensive analysis of all aspects of high performance work systems, including work design, reward systems, training, team operations, lean/six sigma systems, and labor-management partnership. Special focus on skills and principles for effective implementation, in ways that advance employee well-being and to organizational effectiveness.

LER 599 Thesis Seminar credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/LER/599/>)

For all students writing theses in LER at the MHRIR and Ph.D. levels. May be repeated. Approved for S/U grading only.

# LANDSCAPE ARCHITECTURE (LA)

LA Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/LA/>)

## Courses

LA 101 Introduction to Landscape Arch credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LA/101/>)

Introduction to primary concepts and methods of landscape inquiry as a means to understand experiential qualities of landscape and to guide landscape design and planning projects.

LA 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/LA/199/>)

Additional fees may apply. See Class Schedule. May be repeated.

LA 212 Water and Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/212/>)

A comparative investigation of built landscapes and hydraulic resources through history. Examines problems of water scarcity, abundance and changes in ecology, human social organization, economy, law, and cultural values related to natural water conditions and human management. Comparative case studies include the ancient Near East and modern Middle East, ancient and modern Egypt, the Roman empire, Peru, the Netherlands, South Asia, Illinois River basin, and the American West.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

LA 218 S Asian Cultural Landscapes credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/218/>)

Survey of Hindu, Buddhist, and Islamic landscapes of South Asia.

Examines urban structures, building typologies, and open space types through history as influenced by concepts of the natural, sacred, political, and social. Same as ASST 218.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Non-West

LA 220 Exploring African Cities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/220/>)

Examines the buildings, landscapes, and societies of pre-colonial, sub-Saharan African cities from the third century BCE until the nineteenth century CE. Same as ANTH 223.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Non-West

LA 221 History of the Prison credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/221/>)

History of prison architecture, landscapes, and carceral regimes from ancient times until the present. Topics include: philosophy of punishment, the invention of the modern prison, the advent of mass incarceration, and 21st century geographies of incarceration. The course focuses on the western experience, but also includes international examples, e.g. from China, East Africa, and Japan. Interdisciplinary approach includes readings in architectural history, urban planning, sociology, philosophy, psychology, history, and landscape studies. Same as AFRO 221 and HIST 219.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

LA 222 Islamic Gardens & Architecture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/222/>)

Study of the formation, history, and meaning of the landscape and architecture of the Islamic world. Same as ARCH 222 and ARTH 219.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Non-West

LA 233 Foundation Design Studio credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/LA/233/>)

Introduction to the fundamentals of design, including studies in two- and three-dimensional abstract and applied problems, basic elements and procedures of design, and principles of landscape composition.

Additional fees may apply. See Class Schedule. Open to Landscape Architecture majors only. Prerequisite: Credit or concurrent registration in LA 280 or consent of instructor.

LA 234 Site Design Studio credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/LA/234/>)

Site as the fundamental unit of landscape design. Involves ecological, cultural and experiential understanding of sites, and the creation of place-specific designs. Field trip required. Additional fees may apply. See Class Schedule. Prerequisite: LA 233 or consent of instructor.

LA 241 Landform Design & Construction credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/241/>)

Introduction to landform design, drainage, stormwater management, surveying, and materials. Prerequisite: MATH 014 or 016.

LA 242 Nature and American Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/242/>)

Same as RST 242, and NRES 242. See RST 242.

This course satisfies the General Education Criteria for:

Cultural Studies - Western

LA 250 Environmental Site Analysis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/250/>)

Principles and practices of identifying, analyzing, and recording landscape resources. Field trip required. Prerequisite: GEOL 100, 101, 103 or GEOG 103 or consent of instructor.

This course satisfies the General Education Criteria for:

Nat Sci Tech - Phys Sciences

LA 270 Behavioral Factors in Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/270/>)

Introduces the impacts of cultural and social factors, such as age, gender, physical ability, economic status, ethnicity and how people interact with the environment. Reading assignments, short exercises, field trips, and evaluation of space will enable students to evaluate and potentially design more socially and ecologically responsive environments.

- LA 280 Design Communications I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/280/>)  
Fundamentals of visual communication in the design process and presentation for landscape architecture. Includes freehand and constructed drawing, color, media, and models. Open to Landscape Architecture majors only. Prerequisite: Concurrent registration in LA 233.
- LA 281 Design Communications II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/281/>)  
Advanced principles and techniques of visual communication in landscape architectural rendering, emphasizing computer-based techniques. Open to Landscape Architecture majors only. Prerequisite: Concurrent registration in LA 234; completion of LA 280 and completion of campus Composition I general education requirement or consent of instructor.
- LA 301 Senior Honors credit: 1 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/LA/301/>)  
Independent guided study and research in a selected area of landscape architecture; for candidates for honors in landscape architecture. May be repeated to a maximum of 9 hours. Prerequisite: Senior standing in landscape architecture, a university grade-point average of 3.0, and consent of head of department.
- LA 314 History of World Landscapes credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/314/>)  
Analysis of the development of landscape architecture as a result of environmental and cultural influences. Same as ARCH 314. This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil  
Cultural Studies - Western
- LA 315 History of Modern Landscape Arch credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/315/>)  
A selected overview of developments in landscape architecture in the western world from 1900 to the present. Prerequisite: LA 314.
- LA 335 Community & Open Space Studio credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/LA/335/>)  
Development of design solutions at site and master plan scale relative to community, urban and open space problems; emphasizes development of analysis and design techniques to integrate physical context of place with social context. Field trip required. Additional fees may apply. See Class Schedule. Prerequisite: LA 234 or consent of instructor.
- LA 336 Design Workshop Studio I credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/LA/336/>)  
Project design at various scales utilizing problems of a wide range of complexity and subject matter; rural, community, and urban problems, housing, recreation, and natural areas; emphasizes problem analysis and generation of innovative design alternatives. Students select from several sections depending on specific interests. Additional fees may apply. See Class Schedule. Prerequisite: LA 335 or consent of instructor.
- LA 342 Site Engineering credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/342/>)  
Principles of site engineering including landform design, stormwater management, site surveying, circulation systems and site utility planning. Prerequisite: LA 241 and college trigonometry; or consent of instructor.
- LA 343 Landscape Construction credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/343/>)  
Construction methods, materials, and procedures related to the design of landscape structures; development of design details and cost estimating. Prerequisite: LA 342 or consent of instructor.
- LA 345 Professional Internship credit: 0 to 10 Hours. (<https://courses.illinois.edu/schedule/terms/LA/345/>)  
Professionally supervised field experience in design offices and public agencies intended to introduce students to practice. Students work in the department-approved firm or agency of their choice. Seventy five hours of employment is required for each one hour of course credit. Approved for S/U grading only. May be repeated to a maximum of 10 hours. Prerequisite: Upper division undergraduate standing or consent of instructor.
- LA 346 Professional Practice credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LA/346/>)  
Study of the profession of landscape architecture including an introduction to modes of practice, career evolution, organizational theory, office procedures, project management and professional ethics. Field trip required. Additional fees may apply. See Class Schedule. Prerequisite: Junior standing or consent of instructor.
- LA 370 Environmental Sustainability credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/370/>)  
Explores the challenges of creating a sustainable world. Examines: a) trends and conditions of the earth's major ecosystems, b) ways in which our economic system has created levels of consumption that threaten sustainability, c) the extent to which equity and justice contribute to sustainable systems, and d) evidence demonstrating how human creativity and innovation can create a more sustainable world. Same as ENSU 300 and NRES 370.
- LA 390 Independent Study credit: 1 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/LA/390/>)  
Supervised independent study, research, or special project in a selected area related to landscape architecture. Additional fees may apply. See Class Schedule. May be repeated to a maximum of 6 hours. Prerequisite: Junior or senior standing; consent of instructor and head of department prior to advance enrollment and registration.
- LA 399 Off-Campus Study credit: 0 to 15 Hours. (<https://courses.illinois.edu/schedule/terms/LA/399/>)  
Provides campus credit for off-campus study. Approved for letter and S/U grading. (Summer session, 0 to 6 undergraduate hours). Final determination of appropriate credit is made by a faculty review committee upon completion of the student's work. Maximum credit, 15 hours (summer session, 6 hours), all of which must be earned within one term. Prerequisite: Junior standing; prior review and approval of the student's written proposal by a faculty committee and the department head.
- LA 427 Amer Vernacular Cultural Land credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/427/>)  
Focuses on vernacular structures in the cultural landscape, especially common houses, barns, and commercial and industrial structures; examines origin and geographical diffusion of vernacular architecture in the United States. 4 undergraduate hours. 4 graduate hours.
- LA 430 Children and Nature credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LA/430/>)  
Same as HORT 430. See HORT 430.
- LA 437 Regional Design Studio credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/LA/437/>)  
Ecological design and planning studio emphasizing team approaches to design development and evaluation using current human and environmental research results. Projects require field work, analysis, problem-solving, and advanced design and presentation products. 5 undergraduate hours. 5 graduate hours. Prerequisite: LA 336 or consent of instructor.

LA 438 Design Workshop Studio II credit: 3 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/LA/438/>)  
Project design at various scales utilizing problems of a wide range of complexity and subject matter; rural, community, and urban problems, housing, recreation, and natural areas; and emphasizes problem analysis and generation of innovative design alternatives. The student selects from several sections depending on specific interests. Additional fees may apply. See Class Schedule. 5 undergraduate hours. 3 to 6 graduate hours. May be repeated. Prerequisite: LA 336 or consent of instructor.

LA 441 Land Resource Evaluation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/441/>)  
Examines concepts for the value of land, land resource problems and policy responses, methods for evaluating land resource development and policy alternatives, and case studies of land resource evaluation. Same as UP 441. 4 undergraduate hours. 4 graduate hours. Prerequisite: Graduate standing or consent of instructor.

LA 446 Sustainable Planning Seminar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/446/>)  
Examines sustainability issues of concern to planners, such as resource conservation, urban growth, environmental justice, industrial development, social equity, sustainable agriculture, and economic development. Presents holistic approaches ranging from theoretical concepts to detailed case studies that combine urban and regional land use, physical design, and policymaking. Same as GEOG 446, NRES 446, and UP 446. 4 undergraduate hours. 4 graduate hours.

LA 450 Ecology for Land Restoration credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/450/>)  
Ecological implications of alternative land use patterns; equipment, field techniques, and nomenclature in current use by environmental consultants; and elements of a baseline ecosystem study. 4 undergraduate hours. 4 graduate hours. Prerequisite: Consent of instructor.

LA 452 Natural Precedent in Planting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/452/>)  
Biogeography; identification of native species, uses of native plants in the landscape; and restoration and planting design projects. Field trips required. 3 undergraduate hours. 3 graduate hours. Additional fees may apply. See Class Schedule. Prerequisite: HORT 302 or consent of instructor.

LA 453 Cultural Precedent in Planting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/453/>)  
Planting design issues; historic precedent and contemporary comprehensive design projects; management practices; technical documents; and plant use and identification. Field trips required. 3 undergraduate hours. 3 graduate hours. Prerequisite: LA 452.

LA 454 Landscape Archaeology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/454/>)  
Same as ANTH 453. See ANTH 453.

LA 460 Heritage Management credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/460/>)  
Same as ANTH 460 and RST 459. See ANTH 460.

LA 466 Energy & the Built Environment credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/466/>)  
Focuses on the study of buildings, including their past and present uses, their place in the environment, and most importantly, how they can become more sustainable. Teaches students to think about and plan physical space from an energy-and climate-centric perspective. Uses climate mitigation and building energy systems-modeling techniques to analyze potential energy systems reductions and approaches to affect a building's carbon footprint. Same as UP 466. 4 undergraduate hours. 4 graduate hours.

LA 470 Social/Cultural Design Issues credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/470/>)  
Critical discussion of notions and theories pertaining to the reciprocal effects of landscape architectural design and human behavior. 3 undergraduate hours. 3 graduate hours.

LA 472 Museum Theory and Practice credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/472/>)  
Same as ANTH 462 and ARTH 462. See ANTH 462.

LA 480 Sustainable Design Principles credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LA/480/>)  
Introduction to key concepts for the sustainable design of buildings and landscapes, including concepts that form the core of the U.S Green Building Council rating system (LEED). Introduction to LEED accreditation. Same as UP 480. 2 undergraduate hours. 2 graduate hours.

LA 482 Advanced Communication in Urban Design credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/482/>)  
This intensive, advanced, representation course teaches the use of software and workflow procedures used to design urban settings, visualize design ideas for 21st-century urbanism, and communicate ideas about urban design to professionals and non-experts. Students will gain advanced skills for creating three-dimensional representation of urban designs. 4 undergraduate hours. 4 graduate hours. Prerequisite: Students should have skills at intermediate level representation and have the equivalent skills and knowledge of the material in LA 280 and LA 281. Concurrent enrollment in either LA 438 - Design Workshop Studio II or LA 538 - Urban Design Research Studio. Students must have at least Senior standing.

LA 501 Landscape Arch Theory & Prac credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LA/501/>)  
Seminar to introduce the discipline, profession, and practice of landscape architecture. Emphasis is on understanding the skills and knowledge base of the profession including environmental, social, and historical factors in design.

LA 505 Methods in Arch & LA History credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/505/>)  
Seminar on the historiography of architectural and landscape history, including an introduction to the major concepts and figures in the discipline, past and present. Students will learn of approaches historians have used for analyzing the built environment from traditional methods to newer interpretive frameworks, and examine how contemporary values determine or inform the writing of history.

LA 506 Landscape and Vision credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/506/>)  
A study of the major 20th-century texts on vision, perception, and perspective as applied to architecture and landscape. Prerequisite: Doctoral students only; master's level students must receive permission from instructor.

LA 513 History of World Landscapes credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/513/>)

Introduction to the landscape architectural heritage of the past in its social, environmental and historical context. Same as ARCH 510.

LA 515 Hist & Thry of Modrn Land Arch credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/515/>)

A selected overview of developments in landscape architecture in the western world from 1900 to the present. Prerequisite: LA 513 or approval of instructor.

LA 535 Local Policy & Immigration credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/535/>)

Same as UP 535 and SOCW 535. See UP 535.

LA 537 Landscape Plan & Design Studio credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/LA/537/>)

Ecological design and planning studio emphasizing design that reflects evaluation and integration of human and environmental research results. Detailed investigation of design options. Additional fees may apply. See Class Schedule. Prerequisite: LA 441 and LA 450, or consent of instructor.

LA 538 Urban Design Research Studio credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/LA/538/>)

This advanced studio broadens and strengthens students' understanding of urban design research methods and prepares students to conduct independent urban design work. Students learn research strategies and methods and examine research precedents and texts during the first portion of the course. In the second portion, students develop and carry out individual research design proposals. The semester ends with formal presentations of the findings from the design research projects. 5 graduate hours. No professional credit. Prerequisite: Concurrent enrollment in LA 482: Contemporary Representation in Urban Design required.

LA 562 Social Construction of Space credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/562/>)

Same as ANTH 557. See ANTH 557.

LA 563 Soc/Beh Research Designed Env credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/563/>)

Same as ARCH 563. See ARCH 563.

LA 570 Landscapes and Human Health credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/570/>)

We will explore the challenge of, and science behind, creating healthy, sustainable places. We will engage this topic by learning about four mechanisms through which places impact health. We will examine the empirical evidence in support of each of these mechanisms. Learning in this course grows from a series of readings, active participation in class discussion, and the development of a review paper or a research proposal. Same as CHLH 580 and GEOG 561. 3 graduate hours. No professional credit. Prerequisite: Graduate student standing.

LA 587 Graduate Seminar credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/587/>)

Preparation, presentation, and discussion of research papers on current and future areas of landscape architectural application. May be repeated. Prerequisite: Consent of instructor.

LA 589 Sustainable Urban Design Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/589/>)

This advanced theory seminar introduces students to key urban design theory literature that draw on a range of disciplines and subjects.

This seminar situates urban design at the overlap of architecture, landscape architecture, and urban planning, and examines the historic and contemporary influences of those environmental arts on urban design theory and practice. 4 graduate hours. No professional credit.

LA 590 Directed Research credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/LA/590/>)

Nature and scope of projects to be determined by consultation between student and faculty adviser; open to landscape architecture majors as well as those from other disciplines who wish to engage in interdisciplinary work. Additional fees may apply. See Class Schedule. Approved for letter and S/U grading. May be repeated. Prerequisite: Consent of instructor.

LA 592 Urban Design Capstone Studio credit: 6 Hours. (<https://courses.illinois.edu/schedule/terms/LA/592/>)

In this summer studio, students will work closely with their instructor to turn their design research strategies from LA 538 Urban Design Research Studio into solutions customized specifically for their particular site, client, and set of constraints. Students will draw upon previous coursework in theory, design, research, real estate, and representation to produce comprehensive and compelling design solutions and demonstrate how their solutions meet a variety of performance criteria. 6 graduate hours. No professional credit. Prerequisite: LA 538 Urban Design Research Studio. This course is open only to students enrolled in the Masters of Sustainable Urban Design program.

LA 593 Islamic & S Asian Landscapes credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/593/>)

Topics in Islamic and South Asian cultural landscape history, including historiography, methodology and recent scholarship. An advanced course that requires disciplinary familiarity with research on the built environment, material culture and visual culture. May be repeated to a maximum of 8 hours per semester; may be repeated to a maximum of 12 total hours.

LA 594 Cultural Heritage credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LA/594/>)

Topics in cultural landscape heritage, conservation planning and design. Investigates theories of landscape, heritage, and their intersections, with readings drawn from anthropology, geography, and landscape studies, as well as applied work on historical landscape conservation, preservation and management. Same as ANTH 594. May be repeated to a maximum of 10 hours per semester; may be repeated to a maximum of 16 total hours. Prerequisite: Concurrent enrollment in LA 438 may be required in the spring semester; check Class Schedule.

LA 597 Research Design & Methods credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LA/597/>)

This graduate-level course provides instruction and application of research and scholarly methods for landscape architecture and related fields. Students are introduced to the basic steps of inquiry and development of a thesis/research proposal. Course content includes: problem identification; choosing and articulating a research topic; synthesis of topical/theoretical background from literature; choice of research strategy; design of a plan for investigation; selection of data sources, methods and analysis; proof of concept; feasibility planning; and other necessary components of a successful research proposal. 3 graduate hours. No professional credit. Prerequisite: Second year or post-professional MLA students; graduate students in other majors may enroll with permission of instructor.

LA 598 Master's Project credit: 0 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/LA/598/>)

Major independent or small-group project synthesizing knowledge from previous coursework. Approved for letter and S/U grading. Prerequisite: Consent of instructor and program adviser.

LA 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/LA/599/>)

Research toward Doctoral or Master's thesis. 0 to 16 graduate hours. No professional credit. Approved for S/U grading only. May be repeated in separate semesters to a maximum of 10 hours for MLA and a maximum of 32 hours for PhD. Prerequisite: Graduate standing in landscape architecture.

# LATIN (LAT)

LAT Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/LAT/>)

## Courses

LAT 101 Elementary Latin I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/101/>)  
Grammar and reading for students who have had no work in Latin.

LAT 102 Elementary Latin II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/102/>)  
Grammar and reading of easy prose. Prerequisite: LAT 101 or one year of high school Latin.

LAT 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/199/>)  
May be repeated.

LAT 201 Intermediate Latin credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/201/>)  
Review of grammar; reading of easy narrative prose. Prerequisite: LAT 102 or two years of high school Latin.

LAT 202 Intro to Latin Literature credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/202/>)  
Continuation of LAT 201, with readings chiefly in Latin poetic literature.

LAT 401 Survey of Latin Literature credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/401/>)  
Advanced level readings in classical Latin literature. 3 undergraduate hours. 4 graduate hours. May be repeated for a total of 6 undergraduate hours or 8 graduate hours in separate semesters, if topics vary. Prerequisite: LAT 202 or four years of high school Latin.

LAT 411 Intermediate Prose Composition credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/411/>)  
Practice in the writing of Latin prose. 3 undergraduate hours. 3 graduate hours. Prerequisite: LAT 202 (formerly LAT 104) or the equivalent.

LAT 460 Medieval Latin credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/460/>)  
Literary and historical texts in prose and poetry will be read in the original; the course will also cover patristic writings. Same as MDVL 460. 3 undergraduate hours. 4 graduate hours. Prerequisite: Two years of college Latin or consent of instructor.

LAT 491 Readings in Latin Literature credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/491/>)  
Readings in authors or special topics chosen by the instructor from the entire extant literature in Latin. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated. Prerequisite: Three years of college Latin or equivalent; consent of instructor.

LAT 492 Senior Thesis credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/492/>)  
Thesis and honors. For candidates for honors in Latin and for other seniors. 2 or 4 undergraduate hours. No graduate credit. Prerequisite: Senior standing and consent of Classics Honors Program.

LAT 493 Independent Reading credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/493/>)  
See Department of the Classics for information. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in separate terms to a maximum of 8 undergraduate hours or 12 graduate hours. Prerequisite: LAT 401 and consent of instructor.

LAT 511 Advanced Prose Composition credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/LAT/511/>)  
Practice in writing Latin prose, with special attention to stylistic questions.

LAT 520 Proseminar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/520/>)  
Alternating poetry and prose, concentrates on a major author from one of the following areas: epic, oratory, lyric and elegiac poetry, history, drama, philosophy, satire, or epistolography. Areas normally follow this sequence in successive years. May be repeated to a maximum of 20 hours if topics vary. Prerequisite: LAT 491 or equivalent.

LAT 531 Special Disciplines credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/531/>)  
Same as GRK 531. See GRK 531.

LAT 580 Latin Seminar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/580/>)  
Research on special problems of Latin literature; required of all majors in classical philology. May be repeated if topics vary. Prerequisite: A Latin proseminar.

LAT 595 Intro to Classical Studies credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/595/>)  
Same as GRK 595. See GRK 595.

LAT 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/LAT/599/>)  
Guidance in writing theses for advanced degrees. Approved for S/U grading only. May be repeated.

# LATIN AMERICAN & CARIBBEAN ST (LAST)

LAST Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/LAST/>)

## Courses

LAST 170 Introduction to Latin America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/170/>)

Interdisciplinary introduction to the ways of life of Latin American peoples, their origins and current expressions; discusses social, economic issues, and domestic and international policies related to them in the context of other societies in developing countries.

This course satisfies the General Education Criteria for:

Cultural Studies - Non-West

Social Beh Sci - Soc Sci

LAST 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/199/>)

May be repeated.

LAST 210 Life in the Andes credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/210/>)

An overview of contemporary Andean culture, as practiced by the people in Peru, Bolivia, and Ecuador. This culture is the result of the resilience of the pre-Hispanic Andean heritage, and the continuous adaptation Andean people have practiced, first, to control their environment and, then, to survive and overcome colonial and postcolonial forms of subordination. No prior knowledge of Spanish, Quechua, or the Andes is required.

This course satisfies the General Education Criteria for:

Cultural Studies - Non-West

Social Beh Sci - Soc Sci

LAST 232 Spanish in the Community credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/232/>)

Same as SPAN 232. See SPAN 232.

This course satisfies the General Education Criteria for:

Cultural Studies - US Minority

LAST 240 Constr Afr and Carib Identity credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/240/>)

Same as AFST 209, CWL 225, and FR 240. See FR 240.

This course satisfies the General Education Criteria for:

Cultural Studies - Non-West

LAST 308 The Caribbean Since 1492: From Columbus to Castro credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/308/>)

Same as HIST 308. See HIST 308.

LAST 325 Social Media and Global Change credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/325/>)

Same as AFST 325, ASST 325, EPOL 325, EPS 325, EURO 325, INFO 325, REES 325, and SAME 325. See EPS 325.

LAST 342 Arts of Colonial Latin America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/342/>)

Same as ARTH 342. See ARTH 342.

LAST 343 Arts of Modern Latin America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/343/>)

Same as ARTH 343. See ARTH 343.

LAST 395 Special Topics credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/395/>)

Topical survey of cultural, social, economic, and political factors in Latin American life. Each term a particular topic is considered. Prerequisite: A basic course in a humanities or social science discipline.

LAST 440 International Water Project I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/440/>)

Same as ABE 450. See ABE 450.

LAST 441 International Water Project II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/441/>)

Same as ABE 451. See ABE 451.

LAST 445 Native Latin Amer Languages credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/445/>)

Upon the consent of the Director of the Center for Latin American and Caribbean Studies, tutorials are available in special native Latin American languages not regularly offered by the University (ie. Quechua, Kagchikel Mayan). Tutorials at the elementary, intermediate, and advanced levels may be arranged. Students registering for unit credit for the first two terms must first present satisfactory evidence of knowledge of the language at the elementary level, either in the form of credit earned at another institution or by passing a proficiency examination. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in 6 terms successively, to a maximum of 16 hours. Graduate credit is given only for work beyond the elementary level. Prerequisite: Consent of instructor.

LAST 490 Individual Study credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/490/>)

Major tutorial normally taken in the senior year. Students read the works from list devised in consultation with a faculty tutor and write a term paper. 1 to 5 undergraduate hours. 1 to 5 graduate hours. May be repeated as topics vary to a maximum of 6 hours. Prerequisite: LAST 170; a declared major in Latin American and Caribbean Studies; consent of instructor.

LAST 550 Interdisc Seminar Latin Am St credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/550/>)

Examines the interconnections among research approaches and problems in the field of Latin American and Caribbean Studies. May be repeated to a maximum of 8 hours if topics vary. Prerequisite: M.A. standing in Latin American and Caribbean Studies or consent of instructor.

LAST 597 M.A. Research credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/597/>)

Open to students who choose to complete their M.A. by submitting two departmental papers. May be repeated in the same or subsequent terms to a maximum of 8 hours. Prerequisite: M.A. standing in Latin American Studies and consent of instructor and advisor.

LAST 599 Thesis Research credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAST/599/>)

Preparation of M.A. thesis. Approved for S/U grading only. May be repeated to a maximum of 8 hours with approval. Students may register in more than one section per term. Prerequisite: M.A. standing in Latin American and Caribbean Studies and consent of instructor.

# LATINA/LATINO STUDIES (LLS)

LLS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/LLS/>)

## Courses

LLS 100 Intro Latina/Latino Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/100/>)

Interdisciplinary introduction to the basis for a Latina/Latino ethnicity in the United States. Topics include immigration and acculturation experiences and their commonalities and differences, comparison of Latina/Latino experiences to those of other racial, ethnic and immigrant groups, and the potential for a pan-ethnic identity.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

Cultural Studies - US Minority

LLS 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/199/>)

May be repeated.

LLS 200 U.S. Race and Empire credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/200/>)

Same as AAS 200. See AAS 200.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - US Minority

LLS 201 US Racial & Ethnic Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/201/>)

Same as AAS 201, AFRO 201, and PS 201. See PS 201.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

Cultural Studies - US Minority

LLS 215 US Citizenship Comparatively credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/215/>)

Same as AAS 215, AFRO 215, AIS 295, and GWS 215. See AAS 215.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - US Minority

LLS 220 Latina/o Migration credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/220/>)

General overview of international migration to the United States, using Latin American migration to the U.S. as the focal point. Topics discussed include the history of international migration to the United States, the relationship between history and the contemporary context, the development of U.S. immigration policy, the incorporation of Latino immigrants in U.S. society, and immigrant and community responses to migration. Same as SOC 221.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

Cultural Studies - US Minority

LLS 230 Latina/o Genders & Sexualities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/230/>)

Survey of major theories and debates surrounding the gendered and sexualized dimensions of the Latina/o experience in the United States. The course is comprised of three major units: Gender, Sexuality, and Sex. In these units, students will read about and discuss issues pertaining to femininity/marianismo, masculinity/machismo, family/familism, desire, sexual behavior, sex work, sexual and gendered violence, and gendered and sexualized representations in pop culture. Same as GWS 230.

This course satisfies the General Education Criteria for:

Cultural Studies - US Minority

LLS 235 Race and the Politics of Reproduction credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/235/>)

Interdisciplinary exploration of the racial politics of reproduction in the United States with an emphasis on how ideologies of race, class, and citizenship shape meanings and experiences of reproduction, pregnancy, and motherhood. Topics include contraception, sterilization abuse, and abortion. Students will also learn how women of color have both been affected by the racial politics of reproduction and how they have advanced the movement for reproductive rights and justice in the United States. Same as GWS 235.

LLS 238 Latina/o Social Movements credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/238/>)

Focuses on the history and theory of Latina/o social movements.

Topics include immigrant mobilizations, transnational organizing, agrarian and farm worker movements, political representation, feminisms and reproductive rights, environmental justice, labor and educational struggles, and urban social movements. Same as HIST 292.

LLS 240 Latina/o Popular Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/240/>)

Provides an introduction to Latina/o popular culture in the United States. Specific modes of popular culture might include mass media, music, film, video, performance, and other expressive forms. Lecture and readings are in English. Same as ENGL 224 and SPAN 240.

This course satisfies the General Education Criteria for:

Cultural Studies - US Minority

LLS 242 Intro to Latina/o Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/242/>)

Survey of literature by and about people of Mexican, Puerto Rican, Cuban, and other Latina/o descent in the United States. Taught in English. Same as ENGL 225 and SPAN 242.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - US Minority

LLS 246 Gender & Sexuality in Latina/o Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/246/>)

Same as SPAN 246. See SPAN 246.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - US Minority

LLS 250 *Latina/os on the Bronze Screen* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/250/>)  
Critical, historical, and theoretical exploration of Latina/o representations in U.S. film from the 1900s to the present. Examination of cinematic representations as well as the social, political, and cultural context in which those representations are produced. The focus is on Mexican American and Puerto Rican images, but Hollywood's treatment of other Latina/o communities and ethnic groups will be discussed. Students will be required to attend weekly movie screenings. Same as MACS 250.  
This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - US Minority

LLS 258 *Muslims in America* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/258/>)  
Same as AAS 258 and REL 258. See AAS 258.  
This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci  
Cultural Studies - US Minority

LLS 259 *Latina/o Anthropology* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/259/>)  
Same as ANTH 259. See ANTH 259.  
This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci  
Cultural Studies - US Minority

LLS 260 *Graffiti and Murals* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/260/>)  
Same as ARTH 260. See ARTH 260.  
This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

LLS 265 *Politics of Hip Hop* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/265/>)  
Examines hip hop as politics, culture, and commodity. Emphasis given to hip hop's relation to urban spaces deeply impacted by state surveillance, cuts in social welfare programs, immigration, and the global restructuring of capital. Also considers the viability of a "politics of hip hop" in the wake of the music's rising value as a global commodity and analyzes hip hop as a transnational site in which gendered and sexual identities are created, contested, and rearticulated. Same as AAS 265.  
This course satisfies the General Education Criteria for:  
Cultural Studies - US Minority

LLS 278 *Mapping Latina/o Inequalities* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/278/>)  
Explores contemporary structural forces that contribute to the concentration of Latinas/os in segregated neighborhoods, and the detrimental effects of housing inequality on Latina/o communities. Focuses on the influence of geographic context in creation and maintenance of racial inequalities as they affect urban, suburban, and small town locals. Further examines the role of space and place in the development and persistence of community identities. Same as SOC 278.

LLS 279 *Mexican-American History* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/279/>)  
Examination of the history of Mexican Americans living within the United States from the Spanish Conquest to the twentieth century. Explores the process of migration, settlement, assimilation, and discrimination with emphasis on continuity and change in Mexican cultural development. Same as HIST 279.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

LLS 280 *Caribbean Latina/o Migration* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/280/>)  
Same as HIST 280. See HIST 280.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

LLS 281 *Constructing Race in America* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/281/>)  
Same as AAS 281, AFRO 281, and HIST 281. See HIST 281.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

LLS 282 *Feminist and Queer Activisms* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/282/>)  
Same as AAS 282 and GWS 282. See GWS 282.  
This course satisfies the General Education Criteria for:  
Cultural Studies - US Minority

LLS 296 *Topics Latina/o Studies* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/296/>)  
Course examines specific topics in Latina/Latino Studies not addressed in regularly offered courses. Examples include theories of ethnic identity, historical foundations, cultural expression, and relevant topics in public policy studies of Latina/Latino communities. May be repeated in same or separate terms to a maximum of 6 hours.

LLS 301 *19thC US Latina/o Lit-ACP* credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/301/>)  
Focuses on the fiction (historical novels and poetry) as well as the critical essays of the 1848 Mexican-American War and the 1898 Spanish-American War, the two key 19th century events that determined the status of the people of the Caribbean and Mexican descent in the United States. Prerequisite: Completion of campus Composition I general education requirement.  
This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil  
Cultural Studies - US Minority

LLS 305 *Theories of Race, Gender, and Sexuality* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/305/>)  
Same as AAS 300 and GWS 305. See AAS 300.  
This course satisfies the General Education Criteria for:  
Advanced Composition

LLS 308 *Spanish in the United States* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/308/>)  
Same as SPAN 308. See SPAN 308.

LLS 310 Race and Cultural Diversity credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/310/>)  
Same as AAS 310, AFRO 310, EPOL 310, and EPS 310. See EPS 310.  
This course satisfies the General Education Criteria for:  
Advanced Composition  
Cultural Studies - US Minority

LLS 316 Latina/Latino Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/316/>)  
Same as PS 316. See PS 316.

LLS 320 Gender & Latina/o Migration credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/320/>)  
Study of the gendered social process of international immigration, focusing on Latin American migration to the United States. Established theories of migration, the history of international immigration to the U.S., and historical and contemporary Mexico, Caribbean and Central American migration flows will be discussed in great detail. Primary focus on how gender shapes the migration experiences of immigrants and the gendered impact of migration on the economic, political, and social status of individuals. Same as SOC 321 and GWS 320. Prerequisite: LLS 100 or SOC 100.

LLS 322 US Latina and Latino Families credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/322/>)  
Same as HDFS 322. See HDFS 322.  
This course satisfies the General Education Criteria for:  
Cultural Studies - US Minority

LLS 343 Criminalization and Punishment credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/343/>)  
Examines how populations are criminalized due to race/ethnicity, gender, sexuality, class, and immigration status. Readings analyze how laws are created and normalized. In order to effectively engage in critical inquiry, students will be asked to suspend moral judgments so that they can analytically approach the study of crime, criminals, and criminal activity. Same as AAS 343, AFRO 343, AIS 343, and GWS 343.

LLS 355 Race and Mixed Race credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/355/>)  
Explores the history of racial classification in the U.S. with special attention to the census and the role of the state more generally in defining race. Emphasis on how race-mixing has been understood in American culture, and on the current literature on "multiracials" and the future of "race" in the U.S. Readings are drawn from interdisciplinary sources, but examined from a sociological perspective. Same as AAS 355 and SOC 355. Prerequisite: Any lower division LLS or SOC or AAS course.

LLS 357 Literatures of the Displaced credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/357/>)  
Examines Latina/o, Asian-American, African-American, and Indigenous stories of displacement, (im)migration, and settlement. We will analyze the negotiated and contested narratives about race, gender, and sexuality that the texts evidence in order to form interpretive arguments that address the ways in which the texts unsettle ideas about the nation, nation building, and national belonging. Same as AAS 357, AIS 357, ENGL 357, and GWS 357.

LLS 360 Contemporary US Latina/o Lit credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/360/>)  
Focuses on the major U.S. Latina/Latino writers and texts and their depictions of the events that have shaped 20th-and 21st-Century U.S. Latina/Latino cultures.  
This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - US Minority

LLS 365 Chicana/Latina Autobiography, Memoir, Testimonio credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/365/>)  
Focuses on how Chicanas/Latinas describe their own experiences and how they both understand and negotiate their sense of self, and centers on the new crop of memoir and autobiography, as represented in the most recent texts by well-established Chicana writers, such as Sandra Cisneros, Gloria Anzaldúa and Ana Castillo. We will also discuss the professionalization of the field of Latina/Latino Studies in the work of Tey Diana Rebolledo. Additionally, students will study the writing of self with a focus on gender, sexuality, and genre.

LLS 368 Latinas/os & Public Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/368/>)  
Examines the effectiveness of current U.S. public policies in addressing the social, economic, and political problems affecting Latina/o individuals and communities. Specifically, it evaluates current policy in the areas of public assistance, fair housing, criminal justice, immigration enforcement, and reproductive health. Although this interdisciplinary course primarily focuses on national policies and programs, it also addresses, as necessary, the particulars of public policy in the state of Illinois.

LLS 370 Latina/o Ethnography credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/370/>)  
Addresses the theoretical, methodological, and ultimately political implications and questions generated by a range of ethnographic materials on Latina/os. Specifically explores culture and power (e.g., racism, sexism, and activism) through ethnographic methods and modes of representation, including literature. Fundamental to the course is the requirement that students engage in ethnographic practice, producing ethnographic research on Latina/os at the University of Illinois. Same as ANTH 370. Prerequisite: Any lower division course in LLS or ANTH.

LLS 372 Immigration, Law, and Rights credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/372/>)  
Same as AAS 370. See AAS 370.  
This course satisfies the General Education Criteria for:  
Advanced Composition

LLS 375 Latina/o Media in the US credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/375/>)  
Same as MACS 375. See MACS 375.

LLS 377 Prisons, Race, and Terror credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/377/>)  
Same as AAS 375. See AAS 375.

LLS 379 Latina/os and the City credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/379/>)  
Examination of the migration and settlement of Latina/o populations (Mexicans, Puerto Ricans, Cubans, Dominicans, and Central and South Americans) in U.S. cities. Focus on the historic, economic, social and political factors that influenced these migrations and the choices migrants made to come to the United States and to urban areas in particular. Study of the regional variation among Latina/o groups, and coalition building and collaborative ventures between Latina/os and other communities of color in urban areas. Same as HIST 379.

LLS 382 Race and Migration in Chicago credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/382/>)

As the "Second City" located in the heartland of America, Chicago is central to many debates on urban space, race, and nation. Specifically, it is an influential site in which Latina/os, African-Americans, Asian-Americans, and ethnic whites have come to understand meanings of race in a highly segregated setting. This course takes an interdisciplinary approach to the study of racial and ethnic groups in this city, examining issues of migration, gender, segregation, labor, and education from the late nineteenth century to the present. Same as HIST 382. Prerequisite: One course in either LLS or HIST.

LLS 385 Theory and Methods in LLS credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/385/>)

Introduction to the interdisciplinary theories and methods of Latina/Latino Studies. Traditional approaches to the study of ethnicity and race will be interrogated through critical scholarship produced by Latina/Latino Studies scholars across a variety of approaches (anthropology, communications, literature, history, sociology, among others). By learning about a variety of methodological approaches, students will become proficient in conducting ethnic studies research projects about U.S. Latina/o populations. Prerequisite: LLS 100.

This course satisfies the General Education Criteria for:  
Advanced Composition

LLS 387 Race, Gender and the Body credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/387/>)

Focuses generally on the relation between power and the body. In western culture, the body is typically thought of as a natural, biological entity. However, as a number of social theorists have pointed out, the body can never be reduced to mere biology. It is also always a product of culture and therefore necessarily implicated in relations of dominance and subordination. Using this framework, the class is specifically concerned with how raced, gendered, and sexed bodies have been imagined in US culture (as abnormal, diseased, criminal, etc.) and with how such bodies have been rendered objects of surveillance, discipline, and regulation. Same as SOC 387. Prerequisite: LLS 100.

LLS 390 Independent Study credit: 0 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/390/>)

Special topics not treated in regularly scheduled courses; designed especially for advanced Undergraduates. Approved for letter and S/U grading. May be repeated in the same or subsequent terms as topics vary to a maximum of 6 hours. Prerequisite: One course in Latina/Latino Studies and consent of instructor.

LLS 391 Oral History Methods credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/391/>)

Same as HIST 391. See HIST 391.

LLS 392 Chicanas&Latinas: Self&Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/392/>)

Explores the experiences of Chicanas and Latinas through the lens of contemporary sociological research. Topics to be discussed include: community formation and activism, Chicana/Latina feminisms, sexuality, religion, health, family, immigration, education, work, media, and artistic expression. Readings emphasize the link between the structural inequalities of society, and the day-to-day lived experiences of Chicana/Latinas. Same as GWS 392 and SOC 392. Prerequisite: Any 100, 200, or 300-level LLS, GWS, or SOC course.

This course satisfies the General Education Criteria for:  
Advanced Composition

LLS 396 Adv Topics Latina/o Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/396/>)

Examines specific topics in Latina/Latino Studies not addressed in regularly offered courses. Examples include theories of ethnic identity, historical foundations, cultural expression, and relevant topics in public policy studies of Latina/Latino communities. May be repeated in the same or separate terms to a maximum of 6 hours.

LLS 410 Writing Latina/o Chicago credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/410/>)

Examination of novels, poetry, film and memoirs by Latinas and Latinos writing from and/or about Chicago. Through these texts, the course will simultaneously track a Chicago-based Latina/o literary history and analyze articulations of Latina/o everyday life and politics grounded in the city's distinct topographical and social contexts. Issues of migration, gentrification, segregation, youth culture, gender, sexuality, race, violence, poverty, class consciousness, and struggles for social justice will figure prominently in lectures and class discussions. 3 undergraduate hours. 4 graduate hours. Prerequisite: LLS 100.

LLS 412 Hispanics in the U.S. credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/412/>)

Same as SOCW 412. See SOCW 412.

LLS 433 Foundations of Bilingual Education credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/433/>)

Same as CI 433. See CI 433.

LLS 435 Commodifying Difference credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/435/>)

An interdisciplinary examination of how racial, ethnic and gender difference is negotiated through media and popular culture, and how racial, ethnic and gendered communities use cultural forms to express identity and difference. Among the theoretical questions explored are the politics of representation, ethnic/racial authenticity, cultural commodification and transnational popular culture. Some of the cultural forms examined are cultural festivals/parades, ethnic/race-based beauty pageants, cinematic and televisual texts and musical forms, such as Hip-Hop and Salsa. Same as AAS 435, AFRO 435, GWS 435, and MACS 432. 3 undergraduate hours. 4 graduate hours. Prerequisite: Any combination of 6 hours from Latina/o Studies, Asian American Studies, Afro-American Studies, Gender and Women Studies or Media and Cinema Studies; graduate standing, or consent of instructor.

LLS 442 Latina Literature credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/442/>)

Examines literary productions by and about women of Mexican, Puerto Rican, Cuban, and other Latina/o descent in the United States. Taught in English. Same as GWS 445 and SPAN 442. 3 undergraduate hours. 4 graduate hours. Prerequisite: At least one previous course in U.S. Latina/Latino Studies or Gender and Women's Studies, or consent of instructor.

LLS 449 Issues in Latina/o Education credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/449/>)

Same as CI 449. See CI 449.

LLS 458 Latina/o Performance credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/458/>)

Focuses on Latina/o performances to underscore the relationship between practices of everyday life and acts on stage. Pays particular attention to the material (human) body and bodies of work. Students will critically engage with performance theory and scripts, media works of performances, and theorizations of Latinidad and the body. Same as ENGL 458. 3 undergraduate hours. 4 graduate hours.

LLS 460 Critical Ethnic Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/460/>)  
Same as AAS 400. See AAS 400.

LLS 465 Race, Sex, and Deviance credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/465/>)  
Explores how racial stereotypes rely on sexual stereotypes by examining the intersections of ethnic studies, gender and women's studies, and queer studies. Interdisciplinary course that draws from critical legal studies, sociology, anthropology, literary criticism, and history. Same as AAS 465, AFRO 465, and GWS 465. 3 undergraduate hours. 4 graduate hours. Prerequisite: Any lower division course in LLS, AAS, AFRO, or GWS.

LLS 468 Latinas/os & the Law credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/468/>)  
Examines the Latina/Latino experience in the U.S. how and when the law, through the courts, has most often operated as an instrument of subordination and oppression, but has also at times been leveraged for positive social transformation. Students will come to understand that the law is a deeply contested social space that is central to U.S. social hierarchies based upon race, ethnicity, sexuality, gender, class, immigration status, and religion. 3 undergraduate hours. 4 graduate hours.

LLS 472 Border Latina, Latino Cultures credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/472/>)  
Same as ANTH 472. See ANTH 472.

LLS 473 Immigration, Health & Society credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/473/>)  
This interdisciplinary seminar examines the social determinants of US racial and ethnic health inequalities through the lens of (im)migration. Topics to be addressed include: conceptualizations of race and ethnicity, immigrant-adaptation theories, discrimination, place, and the intersections of race, ethnicity, poverty, immigration, gender and health. Same as CHLH 473, SOC 473, and SOCW 473. 3 undergraduate hours. 4 graduate hours.

LLS 475 History of the American West credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/475/>)  
Same as HIST 476. See HIST 476.

LLS 479 Race, Medicine, and Society credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/479/>)  
The idea of race has historically been central to how Western cultures conceptualize and think about human difference. This course examines the historical significance of race through one domain of knowledge: medicine. Specifically, it will be concerned with "race" as a central category in the medical construction and management of individuals and populations. Case studies might focus on colonial medicine, race and public health, sexuality and reproduction, global health disparities, and genetics and genomics. Same as AAS 479 and ANTH 479. 3 undergraduate hours. 4 graduate hours. Prerequisite: LLS 100 or consent of instructor.

LLS 490 Research and Writing Seminar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/490/>)  
This capstone seminar, designed for advanced majors in LLS, will guide students through the process of writing a senior research paper relevant to the field of Latina/Latino Studies. Students will develop research skills through discussions, writing exercises, and workshops. 4 undergraduate hours. No graduate credit. Prerequisite: LLS 385; senior standing; and enrollment as a major in Latina/Latino Studies.

LLS 495 Senior Honors Thesis credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/495/>)  
Research project leading to a thesis. 2 or 4 undergraduate hours. No graduate credit. May be repeated in separate terms to a maximum of 4 undergraduate hours. May be taken by honors students in partial fulfillment of department honors requirement. Prerequisite: Senior standing; enrollment as a major in Latina/Latino Studies; a cumulative grade point average of at least 3.25; a minimum 3.5 grade point average in the major; and consent of supervising professor.

LLS 496 Seminar in Latina/o Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/496/>)  
3 undergraduate hours. 4 graduate hours. May be repeated up to a maximum of 6 undergraduate hours or 12 graduate hours.

LLS 517 Bilingual and English as a Second Language Assessment credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/517/>)  
Same as CI 517. See CI 517.

LLS 554 Inequalities In A Diverse Society credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/554/>)  
Same as HDFS 541 and SOCW 554. See SOCW 554.

LLS 561 Race and Cultural Critique credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/561/>)  
Same as AAS 561, AFRO 531, ANTH 565, and GWS 561. See AAS 561.

LLS 577 Perspectives in LLS credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/577/>)  
Provides an overview of scholarly work and research in the field of Latina/o Studies. Prerequisite: One undergraduate or graduate course in Latina/Latino Studies or consent of instructor.

LLS 590 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/590/>)  
Independent study on special topics not treated in regularly scheduled courses. Approved for letter and S/U grading. May be repeated to a maximum of 8 hours.

LLS 596 Graduate Seminar in LLS credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LLS/596/>)  
Examination of specific topics in Latina/Latino Studies. Topics vary. May be repeated in the same or subsequent semesters to a maximum of 12 hours.

# LAW (LAW)

LAW Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/LAW/>)

## Courses

**LAW 199** Undergraduate Open Seminar credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/199/>)  
Approved for letter and S/U grading. May be repeated in the same term up to 6 hours, if topics vary; May be repeated in separate terms up to 12 hours, if topics vary.

**LAW 201** Basic Constitutional Law & Individual Rights credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/201/>)  
An introduction to the main themes of the American Constitution - with an emphasis on the First and Fourteenth Amendments - and to basic techniques of constitutional interpretation. Attention will be paid to the interplay of constitutional text, judicial doctrine, and constitutional decision-making outside the judiciary. No prerequisites.

**LAW 301** Introduction to Law credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/301/>)  
Guides the undergraduate student in an initial study of law and legal reasoning. Covers the nature and function of rules/law, the distinctiveness of legal reasoning, and the way in which law responds to social phenomena and contributes to the development of different social, business and economic institutions. Includes both criminal and civil proceedings. Serves as a general foundation course for those interested in applying to law school. Also of interest to students who are not interested in pursuing a more formal law education, but for whom general legal training will enhance their career aspirations. Develops skills that are transferable to virtually any career.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

**LAW 302** Transitional Justice credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/302/>)  
Wrongdoing is part of the history of many, if not most, political communities around the globe. This course examines the moral questions that dealing with past wrongdoing raise. Our focus is specifically on political wrongdoing, that is, wrongdoing inflicted on individuals by the state or groups contesting the state. Such wrongdoing has taken different forms, from slavery, to forced disappearances, to programs of torture and of land appropriation. We also focus on two specific political contexts: the United States and South Africa. In this course, we survey a range of legal measures including criminal punishment, truth commissions, reparations, and apology, that have been, and can be used, to deal with legacies of wrongdoing. Not available for Graduate or Professional credit.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - US Minority

**LAW 303** Living the Law credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/303/>)  
This course first applies the legal understanding developed in LAW 301 to situations in the real world, and then explores how the law is viewed through different social science lenses. Students interested in deepening their knowledge of how the law operates in today's world, and how the law is studied in the social sciences will benefit from this class.  
Prerequisite: LAW 301.

**LAW 304** Introduction to Legal Research credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/LAW/304/>)  
Introduction to tools and techniques essential for legal practice and scholarship. Students will be able to identify legal issues and relevant facts from a fact pattern, devise a research strategy, find and identify relevant legal information using free and proprietary sources, identify legal rules and principles from a series of authorities, and write a plain-English summary of findings that includes an explanation of the relevant rules. Approved for Letter and S/U grading.

**LAW 305** Art and Cultural Property Law credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/305/>)  
This course concerns the emergence of "art" and "cultural property" law as a distinct field of legal inquiry and practice. Still, this subject draws from nearly the entire spectrum of traditional legal subjects – intellectual property, free speech, contracts, crime, treaties, tax, etc. Art and Cultural Property Law deals with the relationships, rights, transactions and disputes among collectors, artists (and their heirs), dealers, auction houses, museums and other art world participants (including local and foreign governments, sovereign nations and indigenous peoples, the entertainment industry, sports franchises and social media). Among the dozens of important relevant issues in this field are the successes and failures of law in policing cultural heritage crimes, the rise of artistic nationalism, cultural heritage as a casualty of war, censorship, and provenance studies. Approved for Letter and S/U grading.

**LAW 499** LAW Study Abroad credit: 0 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/499/>)  
Provides campus credit for study at accredited foreign institutions or approved overseas programs. Final determination of credit granted is made after the student's successful completion of work. 0 to 8 undergraduate hours. 0 to 8 graduate hours. Approved for letter and S/U grading. Prerequisite: Full academic standing in the College of Law or Graduate College and consent of major department. Law students, successful completion of the year's requirements.

**LAW 500** LLM Legal Writing and Research credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/500/>)  
Designed and developed to equip incoming LL.M students with the necessary background in U.S. constitutional law, legal research, analysis, and writing for effective classroom performance. Approved for S/U grading only. Prerequisite: Admission to the U.S. LLM program.

**LAW 501** Professional Responsibility credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/501/>)  
This course concerns itself with the laws, regulations, and customs that govern the legal profession in the United States, and considers those matters in the context of an increasingly globalized legal profession. 3 or 4 graduate hours. No professional credit. Students will be expected to attend class, review the assigned reading before class, participate in class discussions and exercises, complete written assignments, and examinations.

LAW 598 Law Partner Scholar Notation credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/598/>)

Illinois Law Partner Scholars Program requirements provide designated students an opportunity to enhance their professional and personal competences in four areas: cultural awareness, leadership and team-building, academic excellence, and community involvement. The activities and contributions of designated students will advance the development of global law practice skills within the College of Law: 1) by providing points of comparison and contrast to U.S. Law; and 2) by understanding the social and business context of law outside the U.S. 0 graduate hours. No professional credit. Approved for S/U grading only. Prerequisite: For students who are identified by Illinois Law Partner schools for admission into the Illinois LL.M. program.

LAW 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/599/>)  
Approved for S/U grading only.

LAW 600 Pro Bono Service credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/600/>)

Course carries no academic credit, but recognizes law students who provide at least sixty hours of pro bono legal service to the community. The sixty hours of service may be performed at any time during the student's three years of law school, and must be documented through reports to the Associate Dean for Academic Affairs. 0 graduate hours. 0 professional hours. Approved for S/U grading only. Students may enroll only with permission of the Associate Dean for Academic Affairs. Prerequisite: Enrollment in the J.D. or LL.M. program at the College of Law.

LAW 601 Contracts credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/601/>)

Enforceability of promises including unjust enrichment and reliance, offer and acceptance, mistake, unfairness and overreaching, unconscionability, Statute of Frauds, interpretation of contract language, conditions, and third party beneficiaries. 4 graduate hours. 4 professional hours.

LAW 602 Property credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/602/>)

Basic first-year course in property law, required of all students. Provides an overview of law of the land, with incidental coverage of personal property; includes the concept of property, acquisition of private property, recognized property interests, and gratuitous transfer of property interests. 4 graduate hours. 4 professional hours.

LAW 603 Torts credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/603/>)

Basic course in civil wrongs, including intentional torts (such as assault and battery), negligence (duty, unreasonable risk analysis, actual and proximate cause), and strict liability. 4 graduate hours. 4 professional hours. Prerequisite: Law students only.

LAW 604 Criminal Law credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/604/>)

Sources and purposes of the criminal law; the meaning of criminal responsibility; and the characteristics of particular crimes. 4 graduate hours. 4 professional hours. Prerequisite: Law students only.

LAW 605 Criminal Proc: Investigation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/605/>)

Problems in the administration of criminal justice with emphasis on right to counsel, arrest, search, interrogation, lineups, and the scope and administration of exclusionary rules. 4 graduate hours. 3 professional hours.

LAW 606 Constitutional Law I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/606/>)

Basic first-year course provides an introduction to constitutional law, including the origins of judicial review, basic Article III limits on federal court jurisdiction, the nature and scope of federal legislative power, the Commerce Clause, and the relationship of the federal government to the states. 4 graduate hours. 4 professional hours.

LAW 607 Civil Procedure credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/607/>)

Role and importance of procedure in litigation, including jurisdiction, pleadings and parties, pretrial motions and discovery, trial practice (except evidence), relationship between judge and jury, the effect of a decision in one case on subsequent litigation between the same or different parties (res judicata), verdicts and judgments, and appellate review. 4 graduate hours. 4 professional hours.

LAW 609 Legal Writing & Analysis credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/609/>)

Emphasis on development and improvement of skills in legal writing, and training in legal bibliography. Assignments may include brief writing and preparation of legal memoranda and opinions. 3 graduate hours. 2 professional hours.

LAW 610 Introduction to Advocacy credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/610/>)

Continuation of LAW 609. Introduction to Advocacy is required in the second semester of the first year for further development of legal research skills persuasive writing and oral advocacy. Each student will work on the preparation of a summary judgment motion and an appellate brief relating to their first semester assignment, then argue their assigned case before a panel of local attorneys and faculty. 2 graduate hours. 3 professional hours. Approved for Letter and S/U grading.

LAW 612 Constitutional Law III credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/612/>)

This elective for second-and third-year law students is an intensive study of the First Amendment to the Constitution and its application to the states through the Fourteenth Amendment. Examines decisions of the U.S. Supreme Court in areas concerning freedom of speech, religion, and the press. Specific topics include punishment of criminal advocacy; regulation of picketing and public demonstrations; obscenity; commercial speech; regulation of news media; and religious exemptions from government regulation. 4 graduate hours. 3 professional hours. Prerequisite: LAW 606.

LAW 615 Administrative Law credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/615/>)

Functions of administrative tribunals in federal, state, and municipal government; the procedure before such administrative tribunals; and judicial relief from administrative decisions. 4 graduate hours. 3 professional hours.

LAW 616 Environmental Law and Pol I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/616/>)

Course is the basic introduction to Environment Law; it considers the principal legal approaches used to deal with environmental problems, including common-law, statutory, regulatory, and economic-incentive systems. 4 graduate hours. 3 professional hours.

LAW 618 Natural Resources credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/618/>)

Legal problems associated with the ownership and use of land, water, and mineral resources. 2 or 4 graduate hours. 3 professional hours.

LAW 619 Wildlife Law credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/619/>)

Covers a variety of legal issues relating to the status and treatment of wildlife and the management of natural areas for the conservation of biodiversity. 4 graduate hours. 3 professional hours.

LAW 620 Health Law Policy credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/620/>)

This course focuses on the profound legal and policy issues raised by changes in health law and the U.S. health care delivery system including: access to health law and the U.S. health care delivery system including: access to health services; the financing and organization of the health care system; development of legal standards to ensure quality of care; and issues of long-term care. In addition, we will focus on the process of making laws and policies; what entities, institutions, and individuals control decisions about the quality and cost of health care. We will also explore the need and basis for reform. 4 graduate hours. 3 professional hours.

LAW 622 Land Use Planning credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/622/>)

Examination of the legal and administrative aspects of land development and regulation in an urban society, including the techniques and problems of planning; the tools of plan effectuation, such as zoning, subdivision regulation, renewal and redevelopment, and housing programs; and the allocation of decision-making among various levels of government. 2 to 4 graduate hours. 2 to 3 professional hours.

LAW 624 Real Estate Finance credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/624/>)

Methods of financing land acquisition and residential and commercial development, including publicly owned and subsidized housing. 4 graduate hours. 3 professional hours.

LAW 625 State and Local Government credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/625/>)

The law governing the structure, powers, and operation of local governments in urban and suburban areas with analysis of political, economic, and social implications. 4 graduate hours. 3 professional hours. Prerequisite: LAW 606.

LAW 627 Legal Research credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/627/>)

Introduction to the basic tools and methodology used in conducting legal research and will develop the skills necessary to identify and locate relevant, complete and current legal information in both print and digital formats. Weekly problem-based research exercises will be assigned. 1 graduate hour. 1 or 2 professional hours. Approved for letter and S/U grading. Required in the first year, fall term.

LAW 629 Bankruptcy credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/629/>)

Study of the regulation of the relationship between debtors and creditors under the federal Bankruptcy Code. 4 graduate hours. 3 or 4 professional hours.

LAW 631 Secured Transactions credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/631/>)

Study of secured transactions under Article 9 of the Uniform Commercial Code. 2 to 4 graduate hours. 2 to 3 professional hours.

LAW 633 Business Associations I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/633/>)

Examines the basic legal consequences for individuals, organizations, and society of the formation, control, and financing of organizations. Surveys agency relationships, partnerships, and close and public corporations. 4 graduate hours. 3 or 4 professional hours.

LAW 634 Securities Regulation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/634/>)

Explores the federal securities laws governing issuance of securities in the primary markets. Emphasis on regulatory requirements governing corporate financing. 4 graduate hours. 3 professional hours. Prerequisite: LAW 633.

LAW 635 Securities Litigation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/635/>)

Focuses in detail on the substantive law and strategic considerations that are important in securities litigation, whether private suits by individual investors, private class actions under federal securities laws, or federal and state government enforcement proceedings. Topics include: 10(b) fraud suits under the 1934 Act, 11 and 12(a)(2) suits under the 1933 Act, insider trader liability, procedural issues in class actions, and litigation under federal proxy solicitation and tender offer regulations. 4 graduate hours. 3 professional hours. Prerequisite: LAW 633.

LAW 636 Business Associations II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/636/>)

The second course in the sequence. Covers derivative suits, corporate finance, introduction to securities regulation, insider trading and mergers and acquisitions. 4 graduate hours. 3 professional hours. Prerequisite: LAW 633.

LAW 638 White Collar Crime credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/638/>)

This course will focus on the federal statutes commonly invoked in corporate and white collar prosecutions, including those used in prosecutions for conspiracy, mail and wire fraud, RICO, extortion, bribery, tax offenses, obstruction of justice, and false statements. The class will investigate the theoretical and policy framework for individual and institutional responsibility in our criminal justice system and will also explore emerging theories of corporate criminal liability and the principles undergirding the sanctions imposed for white collar crime. 3 to 4 graduate hours. 2 to 4 professional hours. Prerequisite: This course is appropriate for law students who have completed introductory courses in criminal law and procedure. Some students have found it helpful to complete the course in LAW 633 before taking this course, but it is not a prerequisite.

LAW 639 Corporate Finance credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/639/>)

Analysis of corporate and securities law problems using the tools of modern financial theory. Emphases will typically include valuation, capital structure, and fundamental changes of public corporations. 4 graduate hours. 3 professional hours. Prerequisite: LAW 633.

LAW 642 Antitrust Law credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/642/>)

The limitations imposed by the Sherman Act, Clayton Act, and Federal Trade Commission Act on anticompetitive practices by business firms; emphasizes price fixing and other agreements among competitors, monopolization, mergers, exclusive dealing, tying arrangements. Considers applicability of traditional rules to intellectual property and new technologies. 4 graduate hours. 3 professional hours.

LAW 643 Trademark & Unfair Competition credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/643/>)  
Course introduces basic legal concepts relating to statutory and common-law trademark, interference with contractual relations and trade libel, the federalization of unfair competition law, and the role of the Federal Trade Commission in consumer protection activities. 4 graduate hours. 3 professional hours.

LAW 644 Copyright Law credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/644/>)  
Offers an in-depth look at the legal aspects of copyright with special emphasis on the application of traditional copyright principles to new technologies and media of expression. 4 graduate hours. 3 professional hours.

LAW 645 Patent Law credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/645/>)  
Historical development of protection of ideas, inventions, and discoveries; patentability; securing the patent; amendment and correction of patents; and infringement remedies, defenses, and procedure. 2 to 4 graduate hours. 2 to 3 professional hours.

LAW 647 Income Taxation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/647/>)  
The fundamental course in federal income taxation. Includes materials relating to income taxation of individuals and an introduction to taxation of corporations and shareholders. 4 graduate hours. 3 or 4 professional hours.

LAW 648 Corporate Taxation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/648/>)  
In-depth study of federal income tax law related to taxation of corporations, shareholders, partnerships, and partners. 4 graduate hours. 3 professional hours. Prerequisite: LAW 647.

LAW 649 Partnership Taxation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/649/>)  
Involves the study of Subchapter K of the Internal Revenue Code, including partnership formation, allocations, distributions, and liquidations. Also examines the tax treatment of Subchapter S corporations. 4 graduate hours. 3 professional hours. Prerequisite: LAW 647.

LAW 651 Tax Exempt Organizations credit: 3 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/651/>)  
Covers the rationale and technical tax requirements for exempting charities from federal and state taxes. Subjects will include the rationale for exemption (especially with respect to churches, schools, and hospitals), qualification rules under I.R.C. Section 5 (c) (3), the Unrelated Business Income Tax, and if time permits, the charitable contributions deduction. 4 graduate hours. 3 professional hours. Prerequisite: LAW 647 is a prerequisite, though it may be waived in appropriate cases.

LAW 653 International Business Trans credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/653/>)  
Doing business abroad: export-import regulations, use of foreign commission merchants, licensing of patents and know-how, investment and exchange problems, establishing a foreign operation (including forms of business organization available abroad), and application of United States and foreign antitrust law to the business operation. 4 graduate hours. 3 professional hours.

LAW 654 International Trade Policy credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/654/>)  
Analysis of the regulation of trade between nations by international agreement (e.g., the GATT), by multinational organizations (e.g., the European Communities), and by individual countries; emphasizes U.S. import restraints, export controls, and related laws. 4 graduate hours. 3 professional hours.

LAW 655 European Union Law credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/655/>)  
Intensive study of the European Common Market, particularly of its laws relating to trade barriers, establishment of companies, and antitrust; and United States legislation in the field of international trade. 2 to 4 graduate hours. 2 to 3 professional hours.

LAW 656 International Law credit: 3 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/656/>)  
The nature, sources, and subjects of international law and its place in the control of international society; includes an examination of the law of jurisdiction, territory, recognition and succession of states, rights and immunities of states in foreign courts, diplomatic immunities, treaties, protection of citizens abroad, settlement of international disputes, war and neutrality, the United Nations, and the International Court of Justice. 4 graduate hours. 3 professional hours.

LAW 657 International Human Rights Law credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/657/>)  
Studies established and developing legal rules and procedures governing the protection of international human rights, including Marxist and Third World, as well as Western, conceptions of those rights. 4 graduate hours. 3 professional hours.

LAW 660 Individual Employee Rights credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/660/>)  
This course investigates the legal rights and responsibilities of employees in the non-union workplace. The course will emphasize particularly the role of law in adjusting the balance of power between individual employees and employers. It will study the regulation of contract, tort, and statute of such areas as hiring, discharge, compensation, employee privacy and dignity and the like. 4 graduate hours. 3 professional hours.

LAW 662 Labor Law I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/662/>)  
Study of the National Labor Relations Act as amended, the pre-act history of the labor movement, and the judiciary's response thereto, with emphasis on understanding the problems, experiments, and forces leading to the enactment; includes the negotiation and administration of the collective bargaining agreement, especially the grievance arbitration procedure, its operation and place in national labor policy; and explores the relationship of the individual and the union. Same as LER 547. 4 graduate hours. 3 or 4 professional hours.

LAW 664 Employment Discrimination credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/664/>)  
Problems arising under federal statutory prohibitions of discrimination in employment, with particular emphasis on evidentiary problems and the use of statistical proofs; defining relevant labor pools, using statistical analyses of data, and establishing proof of test validation. 2 to 4 graduate hours. 2 to 3 professional hours.

LAW 665 Workplace Dispute Resolution credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/665/>)  
Same as ECON 543 and LER 543. See LER 543.

LAW 667 Family Law credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/667/>)

The creation and dissolution of the family, and legal relationships established by marriage, cohabitation and procreation. Covers the law of marriage, divorce, annulment, separation, unmarried cohabitation, illegitimacy, adoption and rights of child custody, parental property on divorce, inheritance, and related rights. Legal rules are placed into the social setting in which they operate, and emphasis is given to family policy as reflected in current developments in family law reform, including constitutional law. 4 graduate hours. 3 professional hours.

LAW 668 Decedents' Estates and Trusts credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/668/>)

Studies the means of transferring wealth, with primary emphasis on gratuitous transfers; the means available for making gratuitous transfers, including the validity and effect of testamentary instruments and trust deeds; and problems concerning the dispositive provisions of any type of instrument which transfers wealth. 4 graduate hours. 3 professional hours.

LAW 670 Elder Law credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/670/>)

Examines the various legal implications of people living longer, with special emphasis on public policies and programs affecting the financing of medical care, housing arrangements, and income maintenance of persons aged 60 years and older. 4 graduate hours. 3 professional hours.

LAW 673 Workers Compensation credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/673/>)

A general survey class on rules relating to workers compensation claims and litigation. Begins with an overview of the historical development of workers compensation laws, then surveys the general principles applicable to such laws, with particular emphasis on the Illinois Workers Compensation Act. Guest speakers will include an arbitrator, a petitioner's attorney, and a claims manager. 3 graduate hours. 2 professional hours.

LAW 675 Products Liability credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/675/>)

Substantive theories of products liability: negligence, breach of warranty, strict liability, and tortious misrepresentation; procedural and remedial problems with, and defenses to, each substantive theory. 2 to 4 graduate hours. 2 to 3 professional hours.

LAW 676 Insurance Law credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/676/>)

Covers principles generally applicable to insurance law and includes distinctive rules governing certain types of insurance coverage; objectives are to examine the nature of the insurance contract, marketing of insurance, principles of indemnity, individuals and entities protected by insurance rules, and risks that are shifted by insurance coverage. 4 graduate hours. 3 professional hours.

LAW 678 Anthropology and Law credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/678/>)

Same as ANTH 560. See ANTH 560.

LAW 679 Criminal Proc: Adjudication credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/679/>)

Problems in the administration of criminal justice, with emphasis upon the commencement of formal proceedings (bail, decision to prosecute, grand jury, preliminary hearing, location of prosecution, scope of prosecution, speedy trial); the adversary system (pleas, discovery, jury trials, prejudicial publicity, ethical problems, double jeopardy); and post-conviction review (post-trial motions, appeals, habeas corpus, related post-conviction remedies). 4 graduate hours. 3 professional hours.

LAW 680 Professional Responsibility credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/680/>)

Problem course analyzing ethical issues that arise in the practice of law and considering the approaches to such issues taken by the American Bar Association's Code of Professional Responsibility, Model Rules of Professional Conduct, and Code of Judicial Conduct. 2 to 4 graduate hours. 2 to 3 professional hours.

LAW 682 Evidence credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/682/>)

Law governing the proof of disputed issues of fact; function of the court and jury; competence and examination of witnesses; standards of relevancy; privileged communications; illegal evidence; hearsay rule; best evidence rule; presumptions; and judicial notice. 4 graduate hours. 3 or 4 professional hours.

LAW 683 Complex Litigation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/683/>)

Legal and practical issues in "complex" cases: problems of joinder in multi-party cases, consolidation of cases brought independently (including the activities of the Judicial Panel of Multidistrict Litigation), class actions, discovery issues including the assertion and waiver of evidentiary privileges and use of computers, consequences of active judicial "management" of litigation at the pretrial stage, settlement of complex cases, and res judicata problems. 4 graduate hours. 3 professional hours.

LAW 684 Federal Courts credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/684/>)

Examination of the relationship of federal courts to other organs of federal government and to the states, including an analysis of cases dealing with congressional control over jurisdiction, federal review of state court decisions (including the relationship between state and federal substantive and procedural law), and application of law to fact; the scope of the federal question of jurisdiction in federal courts; abstention; federal injunctions of state criminal proceedings; and problems of justiciability, advisory opinions, and mootness. 4 graduate hours. 3 professional hours.

LAW 685 Dispute Resolution credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/685/>)

Examination of the limitations, consequences, and costs, as well as the indispensability of some aspects of modern litigation; the possibilities, requirements, and legal problems of consensual and of court-annexed dispute resolution processes alternative to final judicial adjudication, including legal counseling, negotiation, mediation, arbitration, mini-trials, summary trials, summary jury trials, early neutral evaluation, private resolution providers, and settlement processes; current disputes used for illustration. 2 to 4 graduate hours. 2 to 3 professional hours.

LAW 686 Remedies credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/686/>)

Survey of legal and equitable remedies for the protection of personal and property rights. Procedural and substantive aspects of injunctions; restitution of unjust enrichment in the context of the receipt of unsolicited benefits, benefits derived from the commission of tortious acts, and the mistaken acquisition of benefits; alternative remedies arising from bargain transactions; and remedies for violations of civil rights. 2 or 4 graduate hours. 2 to 3 professional hours.

LAW 687 Jurisprudence credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/687/>)

The place of law in society; the nature, goals, and methods of law; and the relation of law and social science. 4 graduate hours. 3 professional hours.

LAW 688 American Legal History credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/688/>)

Studies selected topics in the development of law and legal institutions in the United States with particular emphasis on the history of the legal profession, legal education, and the role of lawyers and courts in U.S. society. 4 graduate hours. 3 professional hours. Prerequisite: Some prior study of U.S. history, particularly social and intellectual, is helpful but not required.

LAW 689 Law and Economics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/689/>)

Introduction to the economic analysis of law, including property, contracts, torts, criminal law, and related topics. 4 graduate hours. 3 professional hours.

LAW 692 Field Placements credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/692/>)

Several field placements offer practical legal education, through field work in various agencies. Students engage in legal work under the supervision of experienced attorneys; the work may include conducting client interviews, doing legal research and fact investigation, preparing legal documents, negotiating, and in some cases, engaging in real trials. 1 to 4 professional hours. May be repeated in the same or separate terms.

LAW 693 Clinical Training credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/693/>)

Several clinics offer practical legal education through a variety of in-house clinics. The clinics focus on specific lawyering skills that are relevant to a particular area of practice (e.g., litigation or family advocacy), and have a classroom component. Students engage in legal work under the supervision of experienced attorneys; the work may include conducting client interviews, doing legal research and fact investigation, preparing legal documents, negotiating, and in some cases, engaging in real trials. No graduate credit. 1 to 5 professional hours. Approved for Letter and S/U grading. May be repeated for up to 12 professional hours if topics vary.

LAW 694 Trial Advocacy credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/694/>)

Examination of the problems of advocacy and tactics at the trial level. Students engage in all aspects of actual trial work, including witness preparation, opening and closing statements, direct and cross examination, and jury instructions; culminates in student conduct of a full jury trial in late spring; demonstrations are conducted by staff and visiting judges and practitioners. 2 professional hours. 3 graduate hours. May be repeated to a total of 4 hours. Approved for both letter and S/U grading. Prerequisite: Completed or enrolled concurrently with LAW 682.

LAW 695 Fundamentals of Trial Practice credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/695/>)

Explores the theory and reality of trial practice, from developing a theory of the case through submission of jury instructions; topics include fact gathering, jury selection, opening statements, direct and cross-examination, exhibits, expert witnesses, and closing arguments. 3 professional hours. 4 graduate hours. Approved for both letter and S/U grading. Prerequisite: LAW 694 and completion or concurrent enrollment in LAW 682.

LAW 696 Legal Problems credit: 1 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/696/>)

Preparation of articles and notes for publication in the University of Illinois Law Review, Elder Law Journal, Journal of Law Technology and Policy, Illinois Law Update section of the Illinois Bar Journal. Teaching practicums and clinical assistantships for Law courses and clinics. No graduate credit. 1 to 2 professional hours. Approved for letter and S/U grading. May be repeated to a maximum of 8 hours in the same term and to a maximum of 22 hours in separate terms.

LAW 697 Moot Court credit: 1 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/697/>)

Preparation of an appellate brief; presentation of an appellate oral argument; participation in intramural, state, national, or international moot court competition. 1 to 3 graduate hours. 1 to 2 professional hours. Approved for S/U grading only. May be repeated to a maximum of 5 hours.

LAW 699 Independent Study credit: 0 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/699/>)

Individual research on a special problem selected in consultation with the instructor. 0 to 2 graduate hours. 0 to 2 professional hours. Approved for letter and S/U grading. May be repeated to a maximum of 2 hours.

LAW 792 Current Legal Problems credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/792/>)

This is an umbrella course listing for specialty topics of current legal issues of interest. Additional fees may apply. See Class Schedule. 2 to 4 graduate hours. 1 to 4 professional hours. Approved for letter and S/U grading. May be repeated.

LAW 793 Advanced Litigation Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/793/>)

This is an umbrella course listing for specialty topics of current interest in litigation. 1 to 4 graduate hours. 1 to 4 professional hours. Approved for letter and S/U grading. May be repeated if topics vary.

LAW 794 Adv Topics in Business Law credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/794/>)

This is an umbrella course listing in business law for specialty topics of current interest. 1 to 4 graduate hours. 1 to 4 professional hours. Approved for letter and S/U grading. May be repeated if topics vary.

LAW 795 Adv Topics in Criminal Law credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/795/>)

This is an umbrella course listing in criminal law for specialty topics of current interest. 1 to 4 graduate hours. 1 to 4 professional hours. May be repeated if topics vary.

LAW 796 Comparative Law Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/796/>)

This is an umbrella course listing in comparative law for specialty topics of current interest. 1 to 4 graduate hours. 1 to 4 professional hours. Approved for letter and S/U grading. May be repeated if topics vary.

LAW 797 Intellectual Property Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/797/>)

This is an umbrella course listing in intellectual property law for specialty topics of current interest. 1 to 4 graduate hours. 1 to 4 professional hours. May be repeated if topics vary.

LAW 798 Seminars credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAW/798/>)

This is an umbrella course listing for specialty topics of special interest. Approved for professional and graduate credit. May be repeated.

# **LESS COMMONLY TAUGHT LANGUAGES (LCTL)**

---

# LIBERAL ARTS AND SCIENCES (LAS)

LAS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/LAS/>)

## Courses

LAS 100 Success in LAS for International Students credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LAS/100/>)

Prepares international students for their transition to campus by examining expectations and focusing on the purpose and value of the higher education experience from a US perspective. Introduces critical concepts to know about academic programs, and engages students in planning their program of study as well as their personal and professional development. Serves as a complement to LAS 101/LAS 102/LAS 122 for students new to the US education system.

LAS 101 Design Your First Year Experience credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/LAS/101/>)

Design Your First Year Experience orients students to the academic environment at Illinois and establishes a useful framework for engaging in learning both inside and outside the classroom and articulating a purpose for their education. Using design-thinking, students explore campus resources, set goals for their academic, personal and professional development during their first year and make multiple (engagement) maps for reaching those goals. Prerequisite: Restricted to first-year students in LAS.

LAS 102 Transfer Advantage credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/LAS/102/>)

Introduction for first-term transfer students to the college and campus. Familiarizes transfer student with the resources available to them and helps them connect with other students and form a bond with the college. Prerequisite: For first-term LAS transfer students only.

LAS 110 Workshop-Tutorial credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAS/110/>)

Independent study and experimental seminars open to Unit One students and to others; specific offerings vary each term. Approved for letter and S/U grading. May be repeated if topics vary. Credit toward college or departmental requirements is contingent upon approval by the appropriate unit. A total of 12 hours of LAS 110 credit may be applied toward graduation in the College of Liberal Arts and Sciences. Prerequisite: Unit One students or consent of Unit One Director.

LAS 122 Leadership and Society credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/LAS/122/>)

Engages first-year LAS honors students in the realms of citizenship, stewardship and leadership for the 21st century. En route to becoming competent and agile learners, first-year honors students experience an orientation to Illinois that fosters greater awareness and knowledge of campus resources and an examination of scholarly and personal leadership, global issues, and civic engagement. The course serves as a means for students to enhance their independence, cultural awareness and connection to community. Students work with a small cohort of peer scholars in a one-hour weekly graded session led by an upper-level LAS James Scholar peer mentor. Students are expected to work together and individually on projects involving community partners and campus groups. Assignments will incorporate the concept of service in connection with civic engagement.

LAS 199 Undergraduate Open Seminar credit: 0 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/LAS/199/>)

Topics will vary. See class schedule. Additional fees may apply. See Class Schedule. Approved for Letter and S/U grading. May be repeated.

LAS 201 Design Your Illinois credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LAS/201/>)

Students reflect on and map out their Illinois experience to maximize life + career development. Topics include wellness and student success, career management, and design-thinking as a method for creating a life-career plan. Activities include both in-class and out-of-class engagement in reflection, information gathering, brainstorming, empathy-building, and problem-solving. Students are guided to identify how their undergraduate experiences relate to and advance their career development. Prerequisite: Restricted to first- and second-year undergraduate students.

LAS 250 Design Your Life + Career credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/LAS/250/>)

Guides students from career exploration to job attainment and future life and career planning. Topics include career development, today's work world and skills needed, job attainment skills, and storytelling for career success. Students use aspects of design-thinking to understand their interests, gather information, reflect, and imagine their future life and career. In-class workshops prepare students for out-of-class assignments that advance job search. Approved for S/U grading only. Prerequisite: Junior or Senior Standing.

LAS 289 Internship Experience credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/LAS/289/>)

Students follow a program of study and research through an approved internship. Written work report required. Approved for S/U grading only. May be repeated in separate semesters. Prerequisite: Consent of course instructor required. Restricted to students enrolled in the College of Liberal Arts and Sciences.

This course satisfies the General Education Criteria for: UIUC: Ugrad Zero Credit Intern

LAS 290 FLAS Seminar credit: 0 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/LAS/290/>)

Foreign Language and Area Studies Off-Campus Studies provides campus credit for off-campus study by undergraduate Foreign Language and Area Studies Fellows. Final determination of appropriate credit is made by a faculty review committee upon completion of the student's approved foreign language program. May be repeated in separate terms to a maximum of 12 hours. Prerequisite: Junior standing; intermediate or advanced study of a less-commonly taught language; awarding of FLAS fellowship by campus Title VI National Resource Center; prior review and approval of the student's program by Center's FLAS Fellowship Coordinator.

LAS 291 Global Perspectives for Intercultural Learning credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/LAS/291/>)

Prepares students who are going abroad for a semester or academic year for their transition through a) examining expectations, b) focusing on the purpose and value of the abroad experience, c) preparing students culturally and logistically, d) addressing issues of culture shock, e) helping students with articulating their experience for future personal and professional goals, f) enhancing intercultural communication and global understanding, and g) assisting with re-entry planning. Approved for S/U grading only. May be repeated in separate terms.

LAS 292 Global Perspectives in Cross-Cultural Contexts credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/LAS/292/>)

Provides an opportunity for students studying abroad to consider how their journey might be articulated as a global learning experience. Requires students to discuss what they are learning, reflect upon it, and discern ways to apply the knowledge gained through their experiences. May be repeated in separate terms. Prerequisite: LAS 291.

LAS 299 LAS Study Abroad credit: 0 to 18 Hours. (<https://courses.illinois.edu/schedule/terms/LAS/299/>)

Provides credit toward the undergraduate degree for study at accredited foreign institutions or approved overseas programs. Final determination of credit is made upon the student's completion of the work. Approved for letter and S/U grading. (Summer session, 0 to 8 hours). May be repeated to a maximum of 36 term hours per academic year or to a total of 44 term hours, all of which must be earned within one calendar year. Prerequisite: One year of residence at UIUC, good academic standing, and prior approval of the major department and the College of Liberal Arts and Sciences.

LAS 399 Leadership & Professional Development credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/LAS/399/>)

Leadership and professional development seminar for student interns. Interns will learn teaching, mentoring, leadership and professional skills that will enable them to lead a section of an LAS transition course or experience and share their successful academic experiences with undergraduate students who are new to the University. Interns will help their students develop the skills necessary to succeed at the U of I. May be repeated in separate terms to a maximum of 6 hours. Prerequisite: Instructor approval required.

LAS 490 LAS Advanced Seminar credit: 1 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/LAS/490/>)

See Class Schedule for current topics. 1 to 6 undergraduate hours. 1 to 6 graduate hours. Approved for letter and S/U grading. May be repeated in the same or separate terms to a maximum of 6 hours.

LAS 494 Senior Project credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LAS/494/>)

For students seeking graduation with distinction in IPS. 2 or 4 undergraduate hours. No graduate credit. May be repeated to a maximum of 4 undergraduate hours. Prerequisite: Consent of instructor and IPS Advisory Committee; open only to students whose major is IPS and who have a cumulative grade point average of at least 3.25.

# LINGALA (LGLA)

---

LGLA Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/LGLA/>)

## Courses

LGLA 408 Topics Lingala Lang & Lit II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LGLA/408/>)

Continuation of LGLA 407 with increased emphasis on the reading and comprehension of literary texts exemplified in advanced level novels, plays, and poetry, as well as on advanced mastery of expository writing skills. Same as AFST 418. Prerequisite: LGLA 407.

# LINGUISTICS (LING)

LING Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/LING/>)

## Courses

LING 100 Intro to Language Science credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/100/>)

Introduction to the theory and methodology of general linguistics; includes the various branches and applications of linguistics.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

LING 104 Talking Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/104/>)

Same as ANTH 104. See ANTH 104.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

LING 110 Cultural Experiences of the Muslim World credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/LING/110/>)

Explores the languages and cultures of the Muslim world through different co-curricular activities. Students will acquire a higher proficiency of the target language and exposure to other languages that are spoken within this region. They will expand their knowledge and gain a better understanding of the target culture as well as of those in the Muslim world. Only offered in conjunction with the Summer Institute for Languages of the Muslim World. Additional fees may apply. See Class Schedule. Approved for S/U grading only. May be repeated if SILMW language course varies.

LING 115 Language and Culture in India credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/115/>)

Examines the relationship between language and culture in the multilingual and multicultural context of India. Special topics of focus are: linguistic and cultural diversity in India, impact of the language and cultural contact on the structure and function of languages (convergence, diglossia, code-mixing, pidgins and creoles), language and identity, language of religion, language and gender, language in the media, literature and culture, language and power, language and globalization. Same as HNDI 115 and REL 115.

This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West

LING 191 Freshman Honors Tutorial credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/191/>)

Study of selected topics on an individually arranged basis. Open only to honors majors or to Cohn Scholars. May be repeated once. Prerequisite: Consent of departmental honors advisor.

LING 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/LING/199/>)

May be repeated.

LING 210 Language History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/210/>)

Addresses the question "Why does language change?" Specific topics include: the history and origin of writing; why pronunciation changes; change in vocabulary and what it tells us about change in culture and society; the relation between "language" and "dialect"; multilingualism and its consequences, including Pidgins and Creoles; genetic relationship between languages, with focus on the "Indo-European" family (English, German, French, Russia, Latin, Greek, and Sanskrit, etc.) and the relationships between human languages. Prerequisite: Fulfillment of the foreign language requirement of the College of Liberal Arts and Sciences.

LING 221 American Sign Language II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/221/>)

Same as SHS 221. See SHS 221.

LING 222 Language in Globalization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/222/>)

Introduction to the role of language in globalization by examining communication issues concerning language use across cultural, political and geographic boundaries. Explores the interaction of language and other cultural forms in the global context. Among the topics discussed are issues of identity, spread of English and its acculturation to local contexts of use, creativity in language mixing, language in global pop cultures, language in cyberspace, as well as minority language experiences, and loss of indigenous languages.

This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West

LING 225 Language, Mind, and Brain credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/225/>)

Introduction to the theory and methodology of psycholinguistics with emphasis on language acquisition and linguistic behavior.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

LING 240 Language in Human History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/240/>)

Role of language in the life of nations as a tool of communication, as a symbol of identity, and as a means of power. Scripts and orthographies, language planning, culture and language glossopolitics. Prerequisite: Three years of high school foreign language study or fulfillment of the foreign language requirement of Liberal Arts and Sciences.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

LING 250 American Voices: Linguistic Diversity in the US credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/250/>)

The United States has a vast and varied linguistic landscape that has been shaped by a unique medley of peoples and cultural practices. From the colonization of North America to contemporary politics and popular culture, language has helped to connect us in many ways, and has also served as a tool for making and maintaining difference. This course explores issues of standardization, language maintenance, linguistic discrimination, identity formation, and many others to consider the ways "diversity" is not only a multiplicity of different histories, beliefs, and practices, but can also become a means of interpersonal prejudice and structural inequity.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci  
Cultural Studies - US Minority

LING 270 Language, Technology & Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/270/>)

What technologies have humans developed to augment the quintessential human ability: language? We start with the development of writing, the first technology that was specifically designed for language, and trace its history through the invention of printing, and into the digital age. With the advent of computers the relevance of language for technology has broadened significantly. We review technologies such as automatic speech recognition, speech synthesis and automatic translation, and discuss their implications for present and future human-machine interaction. Prerequisite: LING 100 or consent of instructor. This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci  
Cultural Studies - Western

LING 290 Individual Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/290/>)

Individual readings and research reports on special topics dealing with the theoretical or applied aspects of the linguistic sciences. May be repeated to a maximum of 8 hours. Prerequisite: Written consent of instructor.

LING 291 Linguistics Laboratory Research Experience credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/291/>)

Supervised participation in laboratory or other research, usually as an assistant to a senior researcher. May be repeated up to a maximum of 9 hours. Prerequisite: Consent of instructor.

LING 300 Anat & Physiol Spch Mechanism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/300/>)

Same as SHS 300. See SHS 300.

LING 301 Elements of Syntax credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/301/>)

Introduction to concepts and techniques essential for syntactic analysis and description, with special attention to testing analyses and justifying them. Prerequisite: LING 100 or consent of instructor. This course satisfies the General Education Criteria for:  
Advanced Composition

LING 302 Elements of Phonology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/302/>)

Introduces elements of phonological theory and data analysis. Emphasis is placed on both Structuralist and Generative theories, introducing students to the principles of phonological contrast, allophony, neutralization, and markedness. Formal phonological models are considered, including both distinctive feature theory and prosodic theory. Equal emphasis is placed on linguistic data analysis. Prerequisite: LING 100 or consent of instructor.

LING 303 General Speech Science credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/303/>)

Same as SHS 301. See SHS 301.

LING 304 Elements of Morphology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/304/>)

An introduction to the concepts and methods of morphology, the linguistic study of word formation. We examine the smallest units of word structure—how they are arranged and organized, and how they interact with sentence structures (syntax) and sound patterns (phonology). Students will consider data from many different languages, and investigate how those languages are similar and different in terms of how they form their words. Prerequisite: LING 100.

LING 307 Elements Semantics & Pragmatics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/307/>)

Introduction to the theory of meaning for natural language, including techniques for the description of lexical meaning, compositional determination of phrase and sentence meaning, and pragmatic effects on interpretation in context. Same as PHIL 307. Prerequisite: LING 100 or consent of instructor.

LING 321 American Sign Language III credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/321/>)

Same as SHS 321. See SHS 321.

LING 357 Intro to Conversation Analysis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/357/>)

Analysis of everyday conversation and talk in institutional settings, including basic organizational features of talk such as turn-taking, sequences of actions, openings and closings, and repair; ways that participants use talk to perform social actions such as complimenting, inviting, arguing, blaming, and apologizing; and ways that talk is used in professional settings such as 911 emergency calls, courtroom interactions, and doctor-patient interviews to perform the work of these social institutions. Same as CMN 357.

LING 391 Honors Individual Study credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/391/>)

Study and research for honors thesis; open only to seniors in the linguistics major who are eligible for departmental distinction. May be repeated to a maximum of 8 hours. Prerequisite: Written consent of instructor and linguistics course average of 3.4.

LING 400 Intro to Linguistic Structure credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/400/>)

Introduction to the theory and methodology of the science of linguistics with special reference to phonology, morphology, syntax and semantics. Not intended for undergraduate majors in linguistics. 3 undergraduate hours. 4 graduate hours.

LING 401 Intro to General Phonetics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/401/>)

Introduction to the main branches of general phonetics and phonological theory; emphasis on analysis of non-Western languages and research techniques. 3 undergraduate hours. 4 graduate hours.

LING 402 Tools & Tech Spch & Lang Proc credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/402/>)

Introduction to aspects of the tools and methods of studies in speech and natural language processing (NLP), with a focus on programming for NLP and speech applications, statistical methods for data analysis, and tools for displaying and manipulating speech data. 3 undergraduate hours. 3 graduate hours.

LING 403 Introduction to Field Methods credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/403/>)  
Hands-on (learn-by-doing) practical course in elicitation of linguistic data, and theoretical analysis of that data, from an unfamiliar language. Students will elicit, record, and transcribe data collected in group interviews. The class as a whole will work on a language archive: (i) recordings collected throughout the semester and their transcriptions, (ii) a dictionary with vocabulary translated into English, (iii) the final projects. This course provides advanced undergraduate students with the opportunity to integrate their previous training with this practical experience. Class focus will depend on the experience students have with phonology, phonetics, morphology, syntax, and semantics. 3 undergraduate hours. No graduate credit. May be repeated in separate semesters for up to 6 hours, if topics vary or if a new language is in the focus of investigation. Prerequisite: LING 301, LING 302, and one of the following courses: LING 304, LING 307. Restricted to majors only.

LING 404 Tutorials in Non-Western Lang credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/LING/404/>)

Advanced or intensive language instruction in a selected non-Western language; excludes instruction in East or Southeast Asian languages. 1 to 5 undergraduate hours. 2 to 4 graduate hours. May be repeated with approval. Prerequisite: Consent of instructor.

LING 406 Introduction to Computational Linguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/406/>)  
Introduces the field of natural language processing and computational linguistics. Topics include finite-state methods, parsing, probabilistic methods, machine learning in NLP, computational semantics and applications of NLP technology. The course combines linguistic theory with computational modeling. 3 undergraduate hours. 4 graduate hours. Prerequisite: LING 100 or LING 400, and CS 225 or equivalent, and STAT 200 or STAT 212 or STAT 400 or CS 361 or equivalent.

LING 407 Logic and Linguistic Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/407/>)  
Introduction to the theory of logic as applied in linguistic analysis. Same as PHIL 407. 3 undergraduate hours. 4 graduate hours. Prerequisite: For undergraduate students: LING 307 or equivalent background with consent of instructor.

LING 410 Historical Linguistics credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/410/>)  
Introduction to historical and comparative linguistics with particular attention to theoretical issues. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: LING 401 (or concurrent registration), and either LING 301 and LING 302, or LING 400.

LING 412 Lang in African Culture & Soc credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/412/>)  
Introductory survey of the role of language in African cultures and societies, with particular emphasis on the study of indigenous African *linguae francae* in multilingual settings, their spread, and use as media of communication in various domains, and as tools of development. Same as AFST 412. 3 undergraduate hours. 4 graduate hours. Prerequisite: AFST 222 or consent of instructor.

LING 413 Corpus Linguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/413/>)  
An introduction to computational research methods applied to large natural language corpora (i.e. text analytics) which can uncover complexities in naturally occurring data and explore issues related to frequency of usage. Students will be introduced to corpus concepts, methods, and examples; computational skills needed to build, annotate, and search a corpus for patterns and phenomena of interest; and get hands-on corpus analysis experience. Topics may include syntax (i.e., patterns and alternations), lexical semantics, language variation, pragmatics / language use, discourse analysis, psycholinguistics, as well as descriptive and exploratory text analytics models. 3 or 4 undergraduate hours. 4 graduate hours. Prerequisite: LING 100 or LING 400, and CS 225 or equivalent, and STAT 200 or STAT 212 or STAT 400 or CS 361 or equivalent.

LING 415 Machine Translation: History and Applications credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/415/>)  
Same as TRST 415. See TRST 415.

LING 416 Structure of French Language credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LING/416/>)  
Same as FR 416. See FR 416.

LING 418 Language & Minorities in Europe credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/418/>)  
Same as EURO 418, FR 418, GER 418, ITAL 418, PS 418, SLAV 418, and SPAN 418. See FR 418.

LING 423 Language Acquisition credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/423/>)  
Same as MACS 423 and PSYC 423. See PSYC 423.

LING 425 Intro to Psycholinguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/425/>)  
Introductory survey of psychological and linguistic approaches to the study of communication. Same as MACS 425. 3 undergraduate hours. 4 graduate hours. Credit is not given for both LING 425 and PSYC 425. Prerequisite: An introductory course in linguistics or psychology.

LING 426 Child & Adult Lang Acquisition credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/426/>)  
The study of first and second language acquisition by children and adults. Course topics will include the following: first language acquisition, including signed and spoken languages; bilingualism and second language acquisition; the comparison of monolingual and bilingual language development. 3 undergraduate hours. 4 graduate hours. Prerequisite: An introductory course in linguistics or psychology.

LING 427 Language and the Brain credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/427/>)  
Same as PSYC 427 and SHS 427. See SHS 427.

LING 430 Intro to East Asian Ling credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/430/>)  
Introduction to the genetic relation of the Far Eastern languages with other languages; concentration on synchronic analysis of phonology and syntax. Same as EALC 430. 3 undergraduate hours. 4 graduate hours. Prerequisite: LING 400; consent of instructor.

LING 438 Philosophy of Language credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/438/>)  
Same as PHIL 438. See PHIL 438.

LING 450 Sociolinguistics I credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/450/>)

Introduction to the fundamental concepts, philosophy, and research methods of the study of language in its social contexts. Special attention to language spread, and language variation; language attitudes; language diversity; code-switching; language standardization; and language identity and loyalty. 3 undergraduate hours. 2 or 4 graduate hours.

LING 462 Introduction to Romance Linguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/462/>)

Same as FR 462, ITAL 435, PORT 435, RMLG 435, and SPAN 435. See SPAN 435.

LING 469 Structure of Semitic Languages credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/469/>)

In-depth survey of comparative issues in Semitic Linguistics, with particular emphasis on morphology, syntax, phonology and language change from the perspectives of current linguistic theories. Same as AFST 469. 3 undergraduate hours. 4 graduate hours. Prerequisite: LING 100, LING 400, or consent of instructor.

LING 480 Intro to Slavic Linguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/480/>)

Same as SLAV 480. See SLAV 480.

LING 489 Theoretical Foundations of SLA credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/489/>)

General introduction to second language acquisition (SLA) theory. Examines nativist, interactionist and cognitive approaches to SLA and explores the role of learner characteristics. Same as FR 481, GER 489, ITAL 489, PORT 489, and SPAN 489. 3 undergraduate hours. 4 graduate hours. Prerequisite: An introductory course in linguistics or consent of instructor.

LING 490 Special Topics in Linguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/490/>)

Course provides an opportunity to focus on various subfields of the linguistic sciences, depending on the interests of the faculty and student. 3 undergraduate hours. 4 graduate hours. May be repeated as topic varies to a maximum of 9 undergraduate hours or 12 graduate hours. Students may register for up to two sections in the same term. Prerequisite: LING 100, LING 400, or consent of instructor.

LING 501 Syntax I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/501/>)

Introduction to the fundamental concepts, philosophy, and methods of syntactic theory. Prerequisite: LING 400 or equivalent.

LING 502 Phonology I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/502/>)

Examination of language-specific phonological problems with a view toward formulating a language-independent theory of phonology. Prerequisite: LING 401 or consent of instructor.

LING 504 Practicum credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LING/504/>)

Supervised practical experience in extended linguistic research on individual topics of the student's choice. Concurrent enrollment in at least 2 hours of LING 590 is required. May be repeated to a maximum of 4 hours. Prerequisite: LING 501 and LING 502.

LING 506 Topics in Computational Ling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/506/>)

Provides an introduction to practical problems in computational linguistics in a laboratory setting. At the beginning of the semester, a substantial project will be assigned to the class, and the class will work as a team towards implementing a solution, and evaluating the final product against a test corpus, which will also be developed during the class. Topical readings will also be assigned and will be discussed. Approved for letter or S/U grading. May be repeated in more than one section per term to a maximum of 8 hours, if topics vary; may be repeated in subsequent terms to a maximum of 12 hours, if topics vary. Prerequisite: LING 406, and an introductory level Computer Science programming course, or consent of instructor.

LING 507 Formal Semantics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/507/>)

Introduction to formal semantic theory for natural language, with attention to quantification, anaphora, tense, intensionality, and related topics. Same as PHIL 507. Prerequisite: LING 407 or consent of the instructor.

LING 512 Language and Culture credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/512/>)

Same as ANTH 512. See ANTH 512.

LING 514 Design and Methodology in Linguistic Research credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/514/>)

Introduction to a quantitatively oriented approach to research design and methodology in language study, with emphasis on the construction of appropriate research designs for different subfields of linguistics (with a particular focus on designs for research in syntax/semantics and language acquisition / bilingualism). A variety of research methods are covered in detail, including both offline and online methodologies. Term paper required. 4 graduate hours. No professional credit. Prerequisite: LING 400 or equivalent; LING 425, or EIL 489 or consent of instructor.

LING 516 Field Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/516/>)

Analysis of the phonetic, phonological, and syntactic structure of an undescribed language through the elicitation of data from a native language consultant. The class develops a linguistic sketch of the language, including a computerized lexicon. Prerequisite: LING 501 and LING 502.

LING 518 Language in Culture II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/518/>)

Same as ANTH 518. See ANTH 518.

LING 520 Acoustic Phonetics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/520/>)

Explores advanced issues in acoustic theory and digital signal processing in the context of linguistic phonetics and phonological research. Emphasis is placed on the spectral properties of speech sounds and their instrumental documentation. A significant portion of the course will utilize the phonetics laboratory. Prerequisite: LING 401 and LING 502.

LING 522 Articulatory Phonetics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/522/>)

Explores advanced issues in sound production in the context of linguistic phonetics and phonological research. Three main areas of focus include an overview of vocal tract physiology and anatomy, laboratory/instrumental methodology, and linguistic patterns such as assimilations and coarticulations. Prerequisite: LING 401 or equivalent.

LING 524 Dev Psycholinguistics credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/524/>)  
Same as MDIA 524 and PSYC 524. See PSYC 524.

LING 525 Psycholinguistics credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/525/>)  
Same as MDIA 525 and PSYC 525. See PSYC 525.

LING 529 Second Lang Acq & Bilingualism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/529/>)  
Research seminar: students will design and execute a research project on second language acquisition and/or bilingualism. Same as PSYC 529.  
Prerequisite: Consent of instructor.

LING 541 Syntax II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/541/>)  
Issues in the theory and practice of syntactic description, with special attention to implications for universal grammar. Prerequisite: LING 501 or consent of instructor.

LING 542 Phonology II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/542/>)  
Continuation of LING 502. Prerequisite: LING 502.

LING 547 Formal Semantics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/547/>)  
A continuation of LING 507 covering advanced topics in formal semantic theory. Same as PHIL 547. Prerequisite: LING 507 or consent of instructor.

LING 550 Sociolinguistics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/550/>)  
Focus on a critical examination of issues in the theory and practice of sociolinguistics concerning the study of language variation from a cross-linguistic perspective, language diversity, multilingualism, language ideology and power. Prerequisite: LING 450 or equivalent.

LING 551 Pragmatics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/551/>)  
Examination of the major theoretical frameworks in Gricean and post-Gricean pragmatics with an emphasis on theories of implicature, speech acts and im/politeness. Same as PHIL 551. Prerequisite: LING 501 and LING 507, or consent of instructor.

LING 559 Sem Romance Ling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/559/>)  
Same as FR 559, ITAL 559, PORT 559, RMLG 559, and SPAN 557. See SPAN 557.

LING 560 Seminar in Bilingualism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/560/>)  
Research-oriented seminar on theoretical and applied aspects of bilingualism; critical evaluation of linguistic, neurological, sociolinguistic, and psycholinguistic approaches to bilingualism; and concentration on selected case studies from Western and non-Western societies, especially Asia and Africa. May be repeated if topics vary.  
Prerequisite: LING 450 or an introductory course in linguistics.

LING 570 Seminar in Cognitive Science credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/570/>)  
Same as PSYC 514, ANTH 514, CS 549, EPSY 551, and PHIL 514. See PSYC 514.

LING 575 Exper Phon I Spch Physiol credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/575/>)  
Same as SHS 500. See SHS 500.

LING 576 Exper Phon II Spch Acous Perc credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/576/>)  
Same as SHS 501. See SHS 501.

LING 582 Topics in Phonological Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/582/>)  
Recent developments in the theory of phonology. May be repeated if topics vary. Prerequisite: LING 542 or consent of instructor.

LING 584 Theories in Second Language Acquisition credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/584/>)  
Same as CI 584, EALC 584, EPSY 563, FR 584, GER 584, ITAL 584, PORT 584, and SPAN 584. See SPAN 584.

LING 587 Topics in Sociolinguistics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/587/>)  
Discussion of current topics in sociolinguistics that have relevance to contemporary societies. Approved for both letter and S/U grading. May be repeated in more than one section per term to a maximum of 8 hours. May be repeated in subsequent terms to a maximum of 12 hours.  
Prerequisite: LING 450.

LING 588 Sem Second Lang Learn credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/588/>)  
Same as EALC 588, FR 588, GER 588, ITAL 588, PORT 588, and SPAN 588. See SPAN 588.

LING 590 Special Topics in Linguistics credit: 2 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/LING/590/>)  
Individual studies in the areas of linguistics not covered by regular course offerings. May be repeated.

LING 591 Seminar in Linguistic Analysis credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LING/591/>)  
Discussion of advanced topics of current interest. May be repeated with approval. Prerequisite: LING 501 and LING 502.

LING 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/LING/599/>)  
Approved for S/U grading only. May be repeated.

# LITERATURES CULTURES LINGUISTICS (SLCL)

---

SLCL Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SLCL/>)

## Courses

SLCL 200 Topics in Global Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SLCL/200/>)

Explores the regional and global dimensions of a cultural theme or practice; topics vary and could include Global Languages and Cultures, Global Memory Studies, Global Cinema, Languages and Cultures of the Mediterranean, and Islands and Oceans. See Class Schedule for current topics. May be repeated in separate terms up to 9 hours if topics vary.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

SLCL 300 Languages and Literatures Career Preparation credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/SLCL/300/>)

Same as SLAV 300. See SLAV 300.

# MATERIALS SCIENCE & ENGR (MSE)

MSE Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MSE/>)

## Courses

MSE 101 Materials in Today's World credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/101/>)

Introduction to the field of materials science. Examination and demonstration of materials and their properties in the context of their use in everyday objects. Survey of the role materials have played and will continue to play in shaping society. Intended for non-engineering majors. Technical elective credit is not given to College of Engineering majors. This course satisfies the General Education Criteria for: Nat Sci Tech - Phys Sciences

MSE 182 Introduction to MatSE credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/182/>)

Overview of MatSE as a basis for understanding how structure, property, and processing relationships are developed and used for different types of materials. Case studies of advances in new materials and processes illustrating the role of materials in modern society. Laboratory-discussion demonstrations and experiments. Design-team analysis or synthesis of objects that use materials creatively.

MSE 183 Freshman Materials Laboratory credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MSE/183/>)

Team-based laboratory developing concepts introduced in MSE 182. Practical descriptions of materials concepts, literature research, experimental design, concept validation, teamwork, and presentation of results. Prerequisite: MSE 182.

MSE 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/199/>)

May be repeated to a maximum of 5 hours. May be repeated in the same term.

MSE 201 Phases and Phase Relations credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/201/>)

Understanding microstructure. Quantitative examination of phases (crystalline and non-crystalline structures) and the relationships between phases (phase diagrams). Commercial practices for producing desired microscopic phase configurations and macroscopic shapes (processing). Credit is not given for both MSE 201 and MSE 280. Prerequisite: MSE 182; credit or concurrent enrollment in CHEM 104, MATH 231 and PHYS 211.

MSE 206 Mechanics for MatSE credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/206/>)

Statics and mechanics of materials concepts pertinent to the fields of materials science and engineering: force resultants; stresses and strains produced in elastic bodies; microscopic effects of different loading states (tension, compression, torsion, and bending) on deformable bodies; beam stresses and deflections; three-dimensional stresses and strains. Credit is not given for both MSE 206 and TAM 251. Prerequisite: MATH 241 and PHYS 211. Credit or concurrent enrollment in CS 101 or CS 125, and MATH 225 or MATH 415, and MSE 201.

MSE 280 Engineering Materials credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/280/>)

Materials science and engineering of ceramics, electronic materials, metals and polymers. Bonding; crystallography; imperfections; processing and properties of semiconductors, polymers, metals, ceramics and composites; phase diagrams. Case studies. Credit is not given for both MSE 280 and any of CEE 300, ME 330, MSE 201. Prerequisite: CHEM 102 and PHYS 211.

MSE 304 Electronic Properties of Matls credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/304/>)

Electronic structure and bonding of materials, electrical conduction in metals and semiconductors, and dielectric and magnetic properties of solids. Credit is not given for both MSE 304 and PHYS 460. Prerequisite: PHYS 214.

MSE 307 Materials Laboratory I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/307/>)

Experiments using optical microscopy and various thermal and thermodynamic measuring techniques including differential scanning calorimetry. Experience with laboratory test instruments and technical communication, including reports and oral presentations. MSE 307 and MSE 308 are approved for General Education credit only as a sequence. Both courses must be completed to receive Advanced Composition credit. Prerequisite: Credit or concurrent registration in MSE 201 and MSE 401.

This course satisfies the General Education Criteria for: Advanced Composition

MSE 308 Materials Laboratory II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/308/>)

Experiments characterizing mechanical, transport, and electronic properties of materials and the use of optical microscopy, quartz crystal microbalance, and various mechanical testing equipment. Technical communication is refined through the use of lab reports and oral presentations. MSE 307 and MSE 308 are approved for General Education credit only as a sequence. Both courses must be completed to receive Advanced Composition credit. Prerequisite: Credit or concurrent registration in MSE 307 and MSE 406.

This course satisfies the General Education Criteria for: Advanced Composition

MSE 395 Materials Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/395/>)

Design of various engineering devices, objects, or systems. Team-based and faculty-guided projects directed toward the development of materials-based solutions to problems originating from student, faculty, and industrial suggestions. Solutions are based on the knowledge, skills, and design experience acquired in earlier course work and incorporate engineering standards and realistic constraints such as economic, environmental, sustainability, manufacturability, ethical, health and safety, social, and political concerns. Prerequisite: Credit or concurrent registration in MSE 404.

MSE 396 Introduction to Research credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/396/>)

Fundamental tenets of research including an introduction to laboratory safety, constructing a hypothesis, and the design of experiments to test the hypothesis. Basics of mathematical modeling and statistical analysis of data, including the analysis of research data. Emphasis on exposure to the basic procedures comprising engineering communication and the importance of verbal and written communication. Approved for Letter and S/U grading. May be repeated in separate terms.

MSE 397 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/397/>)

Individual study of any topic in materials science and engineering selected by the student and conducted under the supervision of a member of the faculty. May be repeated to a maximum of 4 hours. Prerequisite: Consent of instructor.

MSE 398 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/398/>)

Subject offerings of new and developing areas of knowledge in materials science and engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. May be repeated in the same or separate terms if topics vary.

MSE 401 Thermodynamics of Materials credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/401/>)

Basic thermodynamic principles including energy, entropy, and free energy; macroscopic properties of hard and soft materials systems, such as equilibrium states, phases, and phase transitions. Application of phase diagrams. Statistical interpretation of thermodynamics on the atomistic level. 3 undergraduate hours. 3 graduate hours. Credit is not given for both MSE 401 and CHEM 444 or PHYS 427. Prerequisite: MSE 201 or MSE 280; credit or concurrent registration in MATH 285.

MSE 402 Kinetic Processes in Materials credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/402/>)

Kinetics of chemical reactions; rate equations, reaction mechanisms; transport processes; diffusion equations, atomic and molecular diffusion; phase transformations; nucleation, crystallization, displacive, spinodal decomposition; surface and interface phenomena; sintering, grain growth, recovery, and recrystallization. 3 undergraduate hours. 3 graduate hours. Prerequisite: MSE 201 and MSE 401.

MSE 403 Synthesis of Materials credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/403/>)

Fundamentals of the synthesis of materials. Principles of synthesis; processes, approaches, synthetic methodology and probes; methodologies in materials synthesis; polymerization, sol-gel processes, liquid and vapor phase synthesis, materials coupling reactions, and precursor-derived, radiation-induced and asymmetric synthesis. 3 undergraduate hours. 3 graduate hours. Prerequisite: MSE 201; credit or concurrent registration in MSE 401.

MSE 404 Laboratory Studies in Materials Science and Engineering credit: 1.5 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/404/>)

Experiments include direct hands-on investigations or are performed through computational approaches. Laboratory experiences include both fundamental studies as well as investigations on more applied topics. 1.5 undergraduate hours. 1.5 graduate hours. May be repeated if topics vary. Prerequisite: MSE 307 and MSE 308 or permission of instructor. Senior standing.

MSE 405 Microstructure Determination credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/405/>)

Fundamentals and applications of various forms of microscopy and diffraction for characterization of physical microstructure of materials and of various forms of spectroscopy for characterization of chemical microstructure. 3 undergraduate hours. 3 graduate hours. Prerequisite: MSE 201, MATH 285 and PHYS 214.

MSE 406 Thermal-Mech Behavior of Matls credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/406/>)

Fundamentals of elastic, viscoelastic and plastic deformation of materials, elementary theory of statics and dynamics of dislocations; strengthening mechanisms; behavior of composites; fracture and fatigue behavior; fundamentals of thermal behavior: heat capacity, thermal expansion and conductivity; effects of thermal stress. 3 undergraduate hours. 3 graduate hours. Credit is not given for both MSE 406 and either ME 430 or TAM 424. Prerequisite: MSE 206; credit or concurrent registration in MSE 201 and 401.

MSE 420 Ceramic Materials & Properties credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/420/>)

Ceramic material fundamentals, emphasizing structure-property relations. Development, use, and control of the properties of a wide variety of ceramic materials from a physico-chemical point of view. 3 undergraduate hours. 3 graduate hours. Prerequisite: MSE 401. Credit or concurrent registration in MSE 405.

MSE 421 Ceramic Processing credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/421/>)

Microstructure development and processing of ceramic materials, with an emphasis on structure-property-processing relationships. Processing methodologies and their effects on microstructural development. Illustration and examination of several ceramic components within this context. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: MSE 420.

MSE 422 Electrical Ceramics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/422/>)

Electrical ceramics, from insulators to conductors, and magnetic and optical materials; the role of the processing cycle and microstructure development on the design and performance of electrical components; capacitors, resistors, and inductors; structure-property relations for pyro-, piezo-, and ferroelectric materials; perovskite and spinel based structures; varistors, thermistors, transducers, actuators, memory elements, multilayered components, and their applications. Design project. 3 undergraduate hours. 3 graduate hours. Prerequisite: MSE 420.

MSE 440 Mechanical Behavior of Metals credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/440/>)

Mechanical behavior of solids: crystal plasticity, dislocations, point defects and grain boundaries, creep and fatigue behavior, and fracture. 3 undergraduate hours. 3 graduate hours. Prerequisite: MSE 406.

MSE 441 Metals Processing credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/441/>)

Melt, mechanical, thermal, powder, and surface processing of metals. Extraction of metals, joining of metals, metal composites, and metal recycling. Relationships between the processing of metals, the microstructures that are produced, and the behavior of metal components. 3 undergraduate hours. 3 graduate hours. Prerequisite: MSE 406.

MSE 443 Design of Engineering Alloys credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/443/>)

Application of science and engineering principles to the design, selection, and performance of engineering alloys. Alloy classes, design, effect of alloying elements, relation to processing variables, and structure-property relationships; design project. 3 undergraduate hours. 3 graduate hours. Prerequisite: MSE 401 and MSE 402.

MSE 445 Corrosion of Metals credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/445/>)  
Electrochemistry, thermodynamics, and kinetics of corrosion; behavior of ferrous and nonferrous metals; corrosion rates; corrosion control; cathodic and anodic protection; high-temperature corrosion; corrosion testing; electrolytic machining methods. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: MSE 401.

MSE 450 Polymer Science & Engineering credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/450/>)  
Polymer solution properties, conformation, and molecular weight characterization. Rheological and viscoelastic behavior: relaxations and transitions, rubber elasticity. Crystallinity, morphology, and deformation of crystalline polymers. Blends and composites. Methods of fabrication. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: MSE 401.

MSE 453 Plastics Engineering credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/453/>)  
Engineering characteristics of plastics; viscoelasticity, viscosity, yield, and fracture; reinforced polymers; processing; environmental considerations; applicability of technical data sheets; design (project); current advances. 3 undergraduate hours. 3 graduate hours. Prerequisite: MSE 450.

MSE 454 Mechanics of Polymers credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/454/>)  
Same as AE 427 and TAM 427. See TAM 427.

MSE 455 Macromolecular Solids credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/455/>)  
Mechanical behavior of amorphous and semi-crystalline polymers; overview of polymer structure and characterization; polymer morphology; orientation effects, rubber elasticity, polymer linear viscoelasticity using Boltzmann superposition and mechanical models; measurement of viscoelastic properties; relaxation and transitions; polymeric yield phenomena and plastic flow; deformation mechanisms; fracture and craze formation; impact and fatigue. 3 undergraduate hours. 3 graduate hours. Prerequisite: MSE 206 or TAM 251.

MSE 456 Mechanics of Composites credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/456/>)  
Behavior of composite materials and their use in engineering structures: behavior and properties of the constituent fibers and matrices, micromechanical predictions of composite properties, anisotropic elasticity, behavior of composite laminae, and classical lamination theory; fracture mechanisms, failure theories; behavior of composite plates and beams. Same as AE 428 and TAM 428. 3 undergraduate hours. 3 graduate hours. Prerequisite: AE 321, CEE 300, ME 330, or MSE 206.

MSE 457 Polymer Chemistry credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/457/>)  
Methods used to make polymers including reaction mechanisms, kinetics, and analytical techniques. Emphasis on understanding how macromolecule structure, composition, and properties are controlled through a variety of synthetic approaches. Same as CHEM 480. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: CHEM 232.

MSE 458 Polymer Physics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/458/>)  
Physics of polymer systems. Equilibrium conformation, structure, properties and phase transitions of polymer solutions, dense melts, liquid crystals, mixtures, block copolymers, surfaces and interfaces, gels and rubbers, biopolymers, and electronic polymers. Same as CHEM 482. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: MSE 401.

MSE 460 Electronic Materials I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/460/>)  
Materials science, engineering, and processing of semiconductors. Semiconductor structure and chemistry relationships to electronic and optical properties. Control of processing to achieve desired properties; design and production of novel materials. 3 undergraduate hours. 3 graduate hours. Prerequisite: ECE 340; MSE 304 or PHYS 460.

MSE 461 Electronic Materials II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/461/>)  
Materials science, engineering, and processing of microlithographic materials, conductors, and dielectrics for electronic applications. Performance related to materials properties and processing. Processing commonly used in microelectronic circuit manufacture for metallization, dielectric formation, and lithography. 3 undergraduate hours. 3 graduate hours. Prerequisite: ECE 340.

MSE 466 Materials in Electrochem Syst credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/466/>)  
Materials issues in electrochemical systems including fundamental thermodynamics, kinetics and electrode processes in electrochemical systems and materials specific issues in the materials design, materials in energy storage and conversion systems, and electrochemical corrosion. Emphasis placed on issues of materials selection, microstructure, systems design, materials limitations, and data analysis. 3 undergraduate hours. 3 graduate hours. Credit is not given for both MSE 466 and CHEM 524.

MSE 470 Design and Use of Biomaterials credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/470/>)  
Characterization and use of biomaterials in medical applications. Concepts of biocompatibility in terms of structure and properties of materials and interactions between materials and proteins, cells, and tissue. Issues related to the design of biomaterials. Design of biomaterials to meet specific medical needs. 3 undergraduate hours. 3 graduate hours. Prerequisite: Credit or concurrent registration in both MCB 252 and either CHEM 232 or MSE 403.

MSE 473 Biomolecular Materials Science credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/473/>)  
Fundamental and unifying principles in biomolecular materials science. Nucleic acids, proteins, lipids, and sugars. Specific and non-specific interactions which govern biomolecular behavior in a wide range of contexts (e.g., self-assembly, cell adhesion). Present knowledge and empirical evidence integrated with discussions of experimental characterization and manipulation techniques in biotechnology. Application of course content and expository research into current literature via a case study term project. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 150; MSE 403 or CHEM 440 or CHEM 472.

MSE 474 Biomaterials and Nanomedicine credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/474/>)

Design and synthesis of polymeric biomaterials and nanobiomaterials for their applications in drug and gene delivery. Part (1) fundamental biopolymer synthesis: functional group protection and de-protection; bioconjugation; protein pegylation and design and synthesis of natural and synthetic non-degradable and degradable polymers, hydrogels, bio-inspired materials, and stimuli responsive biomaterials. Part (2) preparation of nanomedicines for drug and gene delivery: nanofabrication of micelles, nanoparticles, protein conjugates, drug conjugates, nanoencapsulates, and polymeric vesicles; in-vitro and in-vivo small-molecule, gene, and protein delivery. Impact of the chemical structures of biopolymers on the stability, biocompatibility, toxicity, and in-vitro and in-vivo efficacy; clinical translation of the resulting nanomedicines in drug delivery. 3 undergraduate hours. 3 graduate hours. Prerequisite: CHEM 236 or MSE 457; MCB 450.

MSE 480 Surfaces and Colloids credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/480/>)

Chemistry and physics of surfaces and interfaces, with emphasis on behavior in liquid media. Surface composition; surface and interfacial forces; colloidal stability and flocculation; amphiphilic molecules. Same as CHEM 488. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: MSE 401.

MSE 481 Electron Microscopy credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/481/>)

Theory and application of transmission electron microscopy and diffraction with emphasis on thin crystals; electron optics, interference phenomena, interpretation of images and diffraction patterns, specimen preparation. 3 undergraduate hours. 4 graduate hours. Prerequisite: MSE 405.

MSE 484 Composite Materials credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/484/>)

Metal, ceramic, and polymer matrix composites. Interrelationships between processing, microstructure, and properties. Selecting composite materials for different engineering applications. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: MSE 201 and MSE 206.

MSE 485 Atomic Scale Simulations credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/485/>)

Application of Monte Carlo and Molecular Dynamics techniques in primarily classical simulations to understand and predict properties of microscopic systems in materials science, physics, biology, and chemistry. Numerical algorithms, connections between simulation results and real properties of materials (structural or thermodynamic), and statistical and systematic error estimation using real simulation programs. Simulation project comprised of scientific research, algorithm development, and presentation. Same as CSE 485 and PHYS 466. 3 undergraduate hours. 4 graduate hours. Prerequisite: MSE 401; one of C, C++, or Fortran programming experience.

MSE 487 Materials for Nanotechnology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/487/>)

Survey of the synthesis, processing, structure properties and technological applications of materials with nanometer dimensions. Semiconductor nanocrystals and size-dependent optical properties; metal nanostructures and plasmonics; nanowires and nanotubes; electronics and optoelectronics; nanoscale heterostructures; assembly and fabrication. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: MSE 401 and PHYS 214.

MSE 488 Optical Materials credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/488/>)

Optical properties of materials of current and potential technological importance and application to devices. Applicable optics fundamentals based on Maxwell's equations. Liquid crystals for displays; photopolymers for holographic data storage; electro-optic materials for high speed light modulators; electroluminescent materials for light emitting diodes. Application of optics, materials and chemistry in design of practical devices. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: MATH 285 and PHYS 214.

MSE 489 Matl Select for Sustainability credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/489/>)

Quantitative methods to optimize the selection of materials including traditional (minimize mass or volume, maximize performance) and sustainability (minimize energy consumption and CO<sub>2</sub> emission during synthesis, maximize recyclability) goals. Tradeoff methods to optimize both via engineering design and materials selection for product lifetime, economic outlay and return, time dynamics and materials consumption, recycling, and disposal. Application of commercial software to optimize selections. For engineering and science majors only. 3 undergraduate hours. 4 graduate hours. Prerequisite: MSE 201.

MSE 492 Lab Safety Fundamentals credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MSE/492/>)

Key aspects of laboratory setups, operating procedures, and emergency preparedness measures necessary for the experimentalist. Same as CHEM 494. 1 undergraduate hour. 1 graduate hour. Approved for S/U grading only.

MSE 497 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/497/>)

Individual study of any topic in materials science and engineering under the supervision of a member of the faculty. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated to a maximum of 4 hours. Prerequisite: Consent of instructor.

MSE 498 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/498/>)

Subject offerings of new and developing areas of knowledge in materials science and engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in the same or separate terms if topics vary.

MSE 499 Senior Thesis credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/499/>)

Individual research in an area of materials science and engineering under the supervision of members of the staff. 1 to 5 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. Prerequisite: Grade point average of 3.0 and consent of instructor.

MSE 500 Statistical Thermodyn of Matls credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/500/>)

Atomistic concepts of statistical thermodynamics and their relationship to classical phenomenological thermodynamics. Application of the methods of statistical thermodynamics and statistical mechanics to describe the structure, phase behavior, and properties of both hard and soft materials. Prerequisite: MSE 401.

MSE 501 Kinetic Processes in Materials credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/501/>)

Fundamentals of rate processes in materials, both from a phenomenological and an atomistic point of view, with special emphasis on the kinetics of transformations and the transport of matter in solids. Prerequisite: MSE 500 or PHYS 560.

MSE 529 Hard Materials Seminar credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/529/>)

Seminar on current research in science and engineering of hard materials; presentations by visiting lecturers, staff, and students. Approved for S/U grading only. May be repeated.

MSE 559 Soft Materials Seminar credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/559/>)

Seminar on current research in the science and engineering of soft materials; presentations by visiting lecturers, staff, and students. Approved for S/U grading only. May be repeated.

MSE 565 Thin Film Materials credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/565/>)

Thin solid films bonded to relatively thick substrates such as microelectronic devices, thermal barrier coatings in gas turbine engines, mems devices, flexible electronics, and biomedical instruments. Quantitative understanding of the consequences of mechanical stress in film-substrate structures, arising from fabrication methods or service conditions: substrate curvature, film delamination, film fracture, dislocation formation, plastic flow and stress-driven evolution of surface morphology.

MSE 580 Diffraction Physics of Matls credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/580/>)

Quantitative treatment of the physical basis of X-ray, electron, and neutron diffraction instrumentation and use for structural characterization. Applications in materials science and condensed matter physics including structure of condensed matter, defects, phase transitions, disorder, surfaces, and interfaces. Prerequisite: MSE 405 or PHYS 436.

MSE 581 Advanced Electron Microscopy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/581/>)

Theory of electron microscopy and use for materials structure characterization and microanalysis. Physics of electron microscopes; kinematic and dynamic electron diffraction theory; defect image contrast; high resolution electron microscopy; electron probe formation; STEM; inelastic scattering and microanalysis. Practical experience via laboratory demonstrations and project assignments. Prerequisite: MSE 405 and MSE 481.

MSE 582 Surface Physics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/582/>)

Theory and experiment describing atomic behavior on crystal surfaces; thermodynamics of surfaces; surface energy; diffraction and structure; gas-solid collisions; Brownian motion, diffusion, and evaporation; electron and ion emission, tunneling; Van der Waals forces; theory of chemical interactions; kinetics and statistics of adsorption. Prerequisite: MSE 501 or PHYS 560.

MSE 583 Dynamics of Complex Fluids credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/583/>)

Microscopic statistical treatment of the structure and dynamics of polymers, colloids, gels, and other soft materials. Fundamental connections between molecular architecture, intermolecular forces, collective fluid structure, and time-dependent phenomena; Brownian motion, Langevin equation theory, and viscoelasticity; diffusion in colloidal suspensions, gels, and glasses; dynamics of polymer solutions and melts. Prerequisite: MSE 401.

MSE 584 Point and Line Defects credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/584/>)

Formation and interactions of point and line defects in solids including metals, semiconductors, dielectrics, and ionic conductors. Theoretical treatment of thermal equilibrium and non-equilibrium conditions.

Application to impurity diffusion, ion irradiation, dislocation generation and motion, ionic conductivity, and deep level electronic defects.

Prerequisite: MSE 401 or MSE 501; PHYS 460 or PHYS 560.

MSE 585 Materials Engrg Practicum credit: 0 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/585/>)

Internships or co-ops in industrial or governmental settings pre-approved by the department to foster engineering educational aspects and utilized prior MatSE course work. A paper describing the general area of the practicum, with appropriate references and, to the extent permitted by employer confidentiality, the student's contribution required. In addition to the paper, a report documenting work completed, verified by the work supervisor, to the extent permitted by confidentiality, and a questionnaire answered by the work supervisor form the basis for the grade. Approved for S/U grading only. May be repeated in separate terms to a maximum of 4 hours.

MSE 590 Research Seminars credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/590/>)

Discussions and lectures on current research under the direction of individual staff members. Approved for S/U grading only. May be repeated. Prerequisite: Consent of instructor.

MSE 595 Materials Colloquium credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/595/>)

Presentation of (i) cutting-edge materials research by visiting lectures from academia as well as national and industrial research laboratories and (ii) some of the current research conducted in the Department. Approved for S/U grading only. May be repeated.

MSE 597 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/597/>)

Individual study of any topic in materials science and engineering under the supervision of a member of the faculty. May be repeated to a maximum of 4 hours. Prerequisite: Consent of instructor.

MSE 598 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/598/>)

Subject offerings of new and developing areas of knowledge in materials science and engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. May be repeated in the same or separate terms if topics vary.

MSE 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/MSE/599/>)

Approved for S/U grading only. May be repeated.

# MATHEMATICS (MATH)

MATH Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MATH/>)

## Courses

MATH 101 Thinking Mathematically credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/101/>)

Designed for students in majors that do not specifically require a mathematics course beyond the level of precalculus. Focus is on critical thinking and applications. All topics are covered from a contextual standpoint. Topics include proportional reasoning and modeling, functions, sets, consumer math, probability, and statistics. Other topics may be covered as time permits. Prerequisite: Three years of high school mathematics. Undergraduates only.

MATH 103 Theory of Arithmetic credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/103/>)

Analyses of the mathematical issues and methodology underlying elementary mathematics in grades K-5. Topics include sets, arithmetic algorithms, elementary number theory, rational and irrational numbers, measurement, and probability. There is an emphasis on problem solving. Priority registration will be given to students enrolled in teacher education programs leading to certification in elementary or childhood education. Prerequisite: MATH 112 (formerly MATH 012) or equivalent.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

MATH 112 Algebra credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/112/>)

Rapid review of basic techniques of factoring, rational expressions, equations and inequalities; functions and graphs; exponential and logarithm functions; systems of equations; matrices and determinants; polynomials; and the binomial theorem. Prerequisite: An adequate ALEKS placement score as described at <http://math.illinois.edu/ALEKS/>, demonstrating knowledge of 1.5 units of high school algebra and 1 unit of high school geometry.

MATH 114 Trigonometry credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/114/>)

Studies degrees and radians, the trigonometric functions, identities and equations, inverse functions, oblique triangles and applications. Credit is not given for MATH 114 and either MATH 014 or MATH 115. Prerequisite: 1.5 units of high school algebra; 1 unit of high school geometry.

MATH 115 Preparation for Calculus credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/115/>)

Reviews trigonometric, rational, exponential, and logarithmic functions; provides a full treatment of limits, definition of derivative, and an introduction to finding area under a curve. Intended for students who need preparation for MATH 220, either because they lack the content background or because they are not prepared for the rigor of a university calculus course. Credit is not given for both MATH 115 and either MATH 014 or MATH 114. Credit is not given for MATH 115 if credit for either MATH 220 or MATH 221 has been earned. Prerequisite: An adequate ALEKS placement score as described at <http://math.illinois.edu/ALEKS/>, demonstrating knowledge of the topics of MATH 112.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

MATH 117 Elementary Mathematics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/117/>)

Analyses of the mathematical issues and methodology underlying elementary mathematics in grades 6-8. Topics include the Real number system and field axioms, sequences and series, functions and math modeling with technology, Euclidean and non-Euclidean geometry, probability and statistics. Priority registration will be given to students enrolled in teacher education programs leading to certification in elementary education. Prerequisite: MATH 112 (formerly MATH 012) or equivalent.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

MATH 119 Ideas in Geometry credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/119/>)

General education course in mathematics, for students who do not have mathematics as a central part of their studies. The goal is to convey the spirit of mathematical thinking through topics chosen mainly from plane geometry. Prerequisite: Two units of high school algebra; one unit of high school geometry; or equivalent.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

MATH 124 Finite Mathematics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/124/>)

Introduction to finite mathematics for students in the social sciences; introduces the student to the basic ideas of logic, set theory, probability, vectors and matrices, and Markov chains. Problems are selected from social sciences and business. Prerequisite: MATH 112 (formerly MATH 012) or an adequate ALEKS score.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

MATH 125 Elementary Linear Algebra credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/125/>)

Basic concepts and techniques of linear algebra; includes systems of linear equations, matrices, determinants, vectors in n-space, and eigenvectors, together with selected applications, such as Markov processes, linear programming, economic models, least squares, and population growth. Credit is not given for both MATH 125 and any of MATH 225, ASRM 406, or MATH 415. Prerequisite: MATH 112 (formerly MATH 012) or an adequate ALEKS score.

MATH 181 A Mathematical World credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/181/>)

Introduction to selected areas of mathematical sciences through application to modeling and solution of problems involving networks, circuits, trees, linear programming, random samples, regression, probability, inference, voting systems, game theory, symmetry and tilings, geometric growth, comparison of algorithms, codes and data management. Prerequisite: Three years of high school mathematics, including two years of algebra and one year of geometry.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

MATH 198 Freshman Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/198/>)

Guides the student in the study of selected topics not considered in standard courses. Prerequisite: Enrollment in the mathematics honors program; consent of department.

MATH 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/199/>)

Approved for both letter and S/U grading. May be repeated.

MATH 213 Basic Discrete Mathematics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/213/>)

Beginning course on discrete mathematics, including sets and relations, functions, basic counting techniques, recurrence relations, graphs and trees, and matrix algebra; emphasis throughout is on algorithms and their efficacy. Credit is not given for both MATH 213 and CS 173. Prerequisite: MATH 220 or MATH 221, or equivalent.

This course satisfies the General Education Criteria for: Quantitative Reasoning II

MATH 220 Calculus credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/220/>)

First course in calculus and analytic geometry; basic techniques of differentiation and integration with applications including curve sketching; antidifferentiation, the Riemann integral, fundamental theorem, exponential and trigonometric functions. Credit is not given for both MATH 220 and either MATH 221 or MATH 234. Prerequisite: An adequate ALEKS placement score as described at <http://math.illinois.edu/ALEKS/>, demonstrating knowledge of topics of MATH 115. Students with previous calculus experience should consider MATH 221.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

MATH 221 Calculus I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/221/>)

First course in calculus and analytic geometry for students with some calculus background; basic techniques of differentiation and integration with applications including curve sketching; antidifferentiation, the Riemann integral, fundamental theorem, exponential and trigonometric functions. Credit is not given for both MATH 221 and either MATH 220 or MATH 234. Prerequisite: An adequate ALEKS placement score as described at <http://math.illinois.edu/ALEKS/> and either one year of high school calculus or a minimum score of 2 on the AB Calculus AP exam.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

MATH 225 Introductory Matrix Theory credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/225/>)

Systems of linear equations, matrices and inverses, determinants, and a glimpse at vector spaces, eigenvalues and eigenvectors. Credit is not given for both MATH 225 and any of MATH 125, ASRM 406, or MATH 415. Prerequisite: MATH 220 or MATH 221; or equivalent.

MATH 227 Linear Algebra for Data Science credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/227/>)

Linear algebra is the main mathematical subject underlying the basic techniques of data science. Provides a practical computer-based introduction to linear algebra, emphasizing its uses in analyzing data, such as linear regression, principal component analysis, and network analysis. Students will also explore some of the strengths and limitations of linear methods. Students will learn how to implement linear algebra methods on a computer, making it possible to apply these techniques to large data sets. Credit is not given for both MATH 227 and any of MATH 125, MATH 225, Math 257, MATH 415, or ASRM 406. Prerequisite: Assumes an introductory knowledge of Python, such as students acquire in STAT 107.

MATH 231 Calculus II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/231/>)

Second course in calculus and analytic geometry: techniques of integration, conic sections, polar coordinates, and infinite series. Prerequisite: MATH 220 or MATH 221.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

MATH 234 Calculus for Business I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/234/>)

Introduction to the concept of functions and the basic ideas of the calculus. Credit is not given for both MATH 234 and either MATH 220 or MATH 221. Prerequisite: An adequate ALEKS placement score as described at <http://math.illinois.edu/ALEKS/>, demonstrating knowledge of the topics of MATH 112.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

MATH 241 Calculus III credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/241/>)

Third course in calculus and analytic geometry including vector analysis: Euclidean space, partial differentiation, multiple integrals, line integrals and surface integrals, the integral theorems of vector calculus. Credit is not given for both MATH 241 and MATH 292. Prerequisite: MATH 231.

This course satisfies the General Education Criteria for: Quantitative Reasoning II

MATH 249 Honors Supplement credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MATH/249/>)

Supplemental credit hour for honors courses with additional material or special projects. Prerequisite: Concurrent registration in a specially designated honors section and consent of department.

MATH 284 Intro Differential Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/284/>)

First order differential equations; mathematical models and numerical methods; linear systems and matrices; higher-order linear differential equations; eigenvalues and eigenvectors; linear systems of differential equations; Laplace transform methods. Credit is not given for both MATH 284 and either MATH 285 or MATH 286. Prerequisite: MATH 231 or equivalent.

MATH 285 Intro Differential Equations credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/285/>)

Techniques and applications of ordinary differential equations, including Fourier series and boundary value problems, and an introduction to partial differential equations. Intended for engineering majors and others who require a working knowledge of differential equations. Credit is not given for both MATH 285 and any of MATH 284, MATH 286, MATH 441. Prerequisite: MATH 241.

This course satisfies the General Education Criteria for: Quantitative Reasoning II

MATH 286 Intro to Differential Eq Plus credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/286/>)

Techniques and applications of ordinary differential equations, including Fourier series and boundary value problems, linear systems of differential equations, and an introduction to partial differential equations. Covers all the MATH 285 plus linear systems. Intended for engineering majors and other who require a working knowledge of differential equations. Credit is not given for both MATH 286 and any of MATH 284, MATH 285, MATH 441. Prerequisite: MATH 241.

This course satisfies the General Education Criteria for: Quantitative Reasoning II

MATH 292 Vector Calculus Supplement credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/292/>)

Course in multivariable calculus. Topics include gradient, divergence, and curl; line and surface integrals; and the theorems of Green, Stokes, and Gauss. Intended for transfer students whose multivariable calculus course did not include the integral theorems of vector calculus. Credit is not given for both MATH 292 and MATH 241. Prerequisite: Consent of instructor.

MATH 299 Topics in Mathematics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/299/>)  
Topics course; see Class Schedule or department office for current topics. May be repeated in the same or subsequent semesters to a maximum of 8 hours. Prerequisite: MATH 220 or MATH 221; consent of instructor.

MATH 347 Fundamental Mathematics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/347/>)  
Fundamental ideas used in many areas of mathematics. Topics will include: techniques of proof, mathematical induction, binomial coefficients, rational and irrational numbers, the least upper bound axiom for real numbers, and a rigorous treatment of convergence of sequences and series. This will be supplemented by the instructor from topics available in the various texts. Students will regularly write proofs emphasizing precise reasoning and clear exposition. Credit is not given for both MATH 347 and MATH 348. Prerequisite: MATH 231.  
This course satisfies the General Education Criteria for:  
Quantitative Reasoning II

MATH 348 Fundamental Mathematics-ACP credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/348/>)  
Course is identical to MATH 347 except for the additional writing component. Credit is not given for both MATH 348 and MATH 347. Prerequisite: MATH 231 and completion of the campus Composition I general education requirement.  
This course satisfies the General Education Criteria for:  
Advanced Composition  
Quantitative Reasoning II

MATH 357 Numerical Methods I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/357/>)  
Same as CS 357. See CS 357.

MATH 362 Probability with Engrg Applic credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/362/>)  
Same as ECE 313. See ECE 313.

MATH 390 Individual Study credit: 0 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/390/>)  
Guided individual study of advanced topics not covered in other courses. May be repeated to a maximum of 8 hours. Approved for both letter and S/U grading. Prerequisite: Consent of instructor.

MATH 399 Math/Actuarial Internship credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/399/>)  
Full-time or part-time practice of math or actuarial science in an off-campus government, industrial, or research laboratory environment. Summary report required. Approved for S/U grading only. May be repeated in separate terms. Prerequisite: After obtaining an internship, Mathematics majors must request entry from the Mathematics Director of Undergraduate Studies; Actuarial Science majors must request entry from the Director of the Actuarial Science Program.  
This course satisfies the General Education Criteria for:  
UIUC: Ugrad Zero Credit Intern

MATH 402 Non Euclidean Geometry credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/402/>)  
Historical development of geometry; includes tacit assumptions made by Euclid; the discovery of non-Euclidean geometries; geometry as a mathematical structure; and an axiomatic development of plane geometry. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241; MATH 347 or MATH 348, or equivalent; or consent of instructor.  
This course satisfies the General Education Criteria for:  
Quantitative Reasoning II

MATH 403 Euclidean Geometry credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/403/>)  
Selected topics from geometry, including the nine-point circle, theorems of Ceva and Menelaus, regular figures, isometries in the plane, ordered and affine geometries, and the inversive plane. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241; MATH 347 or 348, or equivalent; or consent of instructor.

MATH 405 Teacher's Course credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/405/>)  
In-depth, advanced perspective look at selected topics covered in the secondary curriculum. Connects mathematics learned at the university level to content introduced at the secondary level. Intended for students who plan to seek a secondary certificate in mathematics teaching. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241; MATH 347 or MATH 348, or equivalent; or consent of instructor.  
This course satisfies the General Education Criteria for:  
Quantitative Reasoning II

MATH 406 History of Calculus credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/406/>)  
Examination of the historical origins and genesis of the concepts of the calculus; includes mathematical developments from the ancient Greeks to the eighteenth century. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or equivalent.

MATH 412 Graph Theory credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/412/>)  
Examines basic concepts and applications of graph theory, where graph refers to a set of vertices and edges that join some pairs of vertices; topics include subgraphs, connectivity, trees, cycles, vertex and edge coloring, planar graphs and their colorings. Draws applications from computer science, operations research, chemistry, the social sciences, and other branches of mathematics, but emphasis is placed on theoretical aspects of graphs. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 347 or MATH 348 or equivalent experience or CS 374.

MATH 413 Intro to Combinatorics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/413/>)  
Permutations and combinations, generating functions, recurrence relations, inclusion and exclusion, Polya's theory of counting, and block designs. Same as CS 413. 3 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and completion of additional work of substance. Prerequisite: MATH 347 or MATH 348 or equivalent experience.

**MATH 414 Mathematical Logic** credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/414/>)  
Introduction to the formalization of mathematics and the study of axiomatic systems; expressive power of logical formulas; detailed treatment of propositional logical and predicate logic; compactness theorem and Godel completeness theorem, with applications to specific mathematical theories; algorithmic aspects of logical formulas. Proofs are emphasized in this course, which can serve as an introduction to abstract mathematics and rigorous proof; some ability to do mathematical reasoning required. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 347 or MATH 348 or equivalent experience. This course satisfies the General Education Criteria for: Quantitative Reasoning II

**MATH 415 Applied Linear Algebra** credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/415/>)  
Introductory course emphasizing techniques of linear algebra with applications to engineering; topics include matrix operations, determinants, linear equations, vector spaces, linear transformations, eigenvalues, and eigenvectors, inner products and norms, orthogonality, equilibrium, and linear dynamical systems. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 415 and any of MATH 125, MATH 225, ASRM 406, or MATH 416. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or consent of instructor.

**MATH 416 Abstract Linear Algebra** credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/416/>)  
Rigorous proof-oriented course in linear algebra. Topics include determinants, vector spaces over fields, linear transformations, inner product spaces, eigenvectors and eigenvalues, Hermitian matrices, Jordan Normal Form. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 416 and either ASRM 406 or MATH 415. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or consent of instructor; MATH 347 is recommended.

**MATH 417 Intro to Abstract Algebra** credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/417/>)  
Fundamental theorem of arithmetic, congruences. Permutations. Groups and subgroups, homomorphisms. Group actions with applications. Polynomials. Rings, subrings, and ideals. Integral domains and fields. Roots of polynomials. Maximal ideals, construction of fields. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: Either MATH 416 or one of ASRM 406, MATH 415 together with one of MATH 347, MATH 348, CS 374; or consent of instructor.

**MATH 418 Intro to Abstract Algebra II** credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/418/>)  
Rings of quotients of an integral domain. Euclidean domains, principal ideal domains. Unique factorization in polynomial rings. Fields extensions, ruler and compass constructions. Finite fields with applications. Modules. Structure theorem for finitely generated modules over principal ideal domains. Application to finitely generated abelian groups and canonical forms of matrices. Introduction to error-correcting codes. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 417 or consent of instructor.

**MATH 423 Differential Geometry** credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/423/>)  
Applications of the calculus to the study of the shape and curvature of curves and surfaces; introduction to vector fields, differential forms on Euclidean spaces, and the method of moving frames for low-dimensional differential geometry. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or equivalent.

**MATH 424 Honors Real Analysis** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/424/>)  
A rigorous treatment of basic real analysis via metric spaces recommended for those who intend to pursue programs heavily dependent upon graduate level Mathematics. Metric space topics include continuity, compactness, completeness, connectedness and uniform convergence. Analysis topics include the theory of differentiation, Riemann-Darboux integration, sequences and series of functions, and interchange of limiting operations. As part of the honors sequence, this course will be rigorous and abstract. 3 undergraduate hours. No graduate credit. Credit is not given for both MATH 424 and either MATH 444 or MATH 447. Approved for honors grading. Prerequisite: An honors section of MATH 347 or an honors section of MATH 416, and consent of the department.

**MATH 425 Honors Advanced Analysis** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/425/>)  
A theoretical treatment of differential and integral calculus in higher dimensions. Topics include inverse and implicit function theorems, submanifolds, the theorems of Green, Gauss and Stokes, differential forms, and applications. As part of the honors sequence, this course will be rigorous and abstract. 3 undergraduate hours. No graduate credit. Approved for honors grading. Prerequisite: MATH 424 and either MATH 415 or MATH 416, and consent of the department.

**MATH 427 Honors Abstract Algebra** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/427/>)  
Group theory, counting formulae, factorization, modules with applications to Abelian groups and linear operators. As part of the honors sequence, this course will be rigorous and abstract. 3 undergraduate hours. No graduate credit. Approved for honors grading. Credit is not given for both MATH 427 and MATH 417. Prerequisite: Consent of the department is required. Prerequisite courses are either an honors section of MATH 416, or MATH 415 together with an honors section of MATH 347.

**MATH 428 Honors Topics in Mathematics** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/428/>)  
A capstone course in the Mathematics Honors Sequences. Topics will vary. As part of the honors sequence, this course will be rigorous and abstract. 3 undergraduate hours. No graduate credit. May be repeated in the same or separate terms to a maximum of 12 hours. Prerequisite: Consent of the department.

**MATH 432 Set Theory and Topology** credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/432/>)  
Informal set theory, cardinal and ordinal numbers, and the axiom of choice; topology of metric spaces and introduction to general topological spaces. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 347 or MATH 348 or consent of instructor.

**MATH 439 Philosophy of Mathematics** credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/439/>)  
Same as PHIL 439. See PHIL 439.

MATH 441 Differential Equations credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/441/>)

Basic course in ordinary differential equations; topics include existence and uniqueness of solutions and the general theory of linear differential equations; treatment is more rigorous than that given in MATH 285. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 441 and any of MATH 284, MATH 285, MATH 286. 4 hours of credit requires approval of the instructor and completion of additional work of substance. Prerequisite: MATH 241; MATH 347 or MATH 348 is recommended.

MATH 442 Intro Partial Diff Equations credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/442/>)

Introduces partial differential equations, emphasizing the wave, diffusion and potential (Laplace) equations. Focuses on understanding the physical meaning and mathematical properties of solutions of partial differential equations. Includes fundamental solutions and transform methods for problems on the line, as well as separation of variables using orthogonal series for problems in regions with boundary. Covers convergence of Fourier series in detail. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and completion of additional work of substance. Prerequisite: One of MATH 284, MATH 285, MATH 286, MATH 441.

MATH 444 Elementary Real Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/444/>)

Careful treatment of the theoretical aspects of the calculus of functions of a real variable intended for those who do not plan to take graduate courses in Mathematics. Topics include the real number system, limits, continuity, derivatives, and the Riemann integral. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 444 and either MATH 424 or MATH 447. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241; MATH 347 or MATH 348, or equivalent.

MATH 446 Applied Complex Variables credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/446/>)

For students who desire a working knowledge of complex variables; covers the standard topics and gives an introduction to integration by residues, the argument principle, conformal maps, and potential fields. Students desiring a systematic development of the foundations of the subject should take MATH 448. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 446 and MATH 448. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241.

MATH 447 Real Variables credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/447/>)

Careful development of elementary real analysis for those who intend to take graduate courses in Mathematics. Topics include completeness property of the real number system; basic topological properties of  $n$ -dimensional space; convergence of numerical sequences and series of functions; properties of continuous functions; and basic theorems concerning differentiation and Riemann integration. 3 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 447 and either MATH 424 or MATH 444. 4 hours of credit requires approval of the instructor and completion of additional work of substance. Prerequisite: MATH 241 or equivalent; junior standing; MATH 347 or MATH 348, or equivalent experience; or consent of instructor.

MATH 448 Complex Variables credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/448/>)

For students who desire a rigorous introduction to the theory of functions of a complex variable; topics include Cauchy's theorem, the residue theorem, the maximum modulus theorem, Laurent series, the fundamental theorem of algebra, and the argument principle. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 448 and MATH 446. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 447.

MATH 450 Numerical Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/450/>)

Same as CS 450, CSE 401 and ECE 491. See CS 450.

MATH 453 Elementary Theory of Numbers credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/453/>)

Basic introduction to the theory of numbers. Core topics include divisibility, primes and factorization, congruences, arithmetic functions, quadratic residues and quadratic reciprocity, primitive roots and orders. Additional topics covered at the discretion of the instructor include sums of squares, Diophantine equations, continued fractions, Farey fractions, recurrences, and applications to primality testing and cryptography. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or equivalent. This course satisfies the General Education Criteria for Quantitative Reasoning II

MATH 461 Probability Theory credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/461/>)

Introduction to mathematical probability; includes the calculus of probability, combinatorial analysis, random variables, expectation, distribution functions, moment-generating functions, and central limit theorem. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both MATH 461 and either MATH 408 or ECE 313. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 or equivalent.

MATH 463 Statistics and Probability I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/463/>)

Same as STAT 400. See STAT 400.

MATH 464 Statistics and Probability II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/464/>)

Same as STAT 410. See STAT 410.

MATH 473 Algorithms credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/473/>)

Same as CS 473 and CSE 414. See CS 473.

MATH 475 Formal Models of Computation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/475/>)

Same as CS 475. See CS 475.

**MATH 481** Vector and Tensor Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/481/>)

Introductory course in modern differential geometry focusing on examples, broadly aimed at students in mathematics, the sciences, and engineering. Emphasis on rigorously presented concepts, tools and ideas rather than on proofs. The topics covered include differentiable manifolds, tangent spaces and orientability; vector and tensor fields; differential forms; integration on manifolds and Generalized Stokes Theorem; Riemannian metrics, Riemannian connections and geodesics. Applications to configuration and phase spaces, Maxwell equations and relativity theory will be discussed. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241 and one of MATH 415 or MATH 416 or equivalent.

**MATH 482** Linear Programming credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/482/>)

Rigorous introduction to a wide range of topics in optimization, including a thorough treatment of basic ideas of linear programming, with additional topics drawn from numerical considerations, linear complementarity, integer programming and networks, polyhedral methods. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: ASRM 406, MATH 415, or MATH 416.

**MATH 484** Nonlinear Programming credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/484/>)

Iterative and analytical solutions of constrained and unconstrained problems of optimization; gradient and conjugate gradient solution methods; Newton's method, Lagrange multipliers, duality and the Kuhn-Tucker theorem; and quadratic, convex, and geometric programming. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and department with completion of additional work of substance. Prerequisite: MATH 241; MATH 347 or MATH 348; or equivalent; MATH 415 or equivalent; or consent of instructor.

**MATH 487** Advanced Engineering Math credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/487/>)

Complex linear algebra, inner product spaces, Fourier transforms and analysis of boundary value problems, Sturm-Liouville theory. Same as ECE 493. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One of MATH 284, MATH 285, MATH 286, MATH 441.

**MATH 489** Dynamics & Differential Eqns credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/489/>)

Studies mathematical theory of dynamical systems, emphasizing both discrete-time dynamics and nonlinear systems of differential equations. Topics include: chaos, fractals, attractors, bifurcations, with application to areas such as population biology, fluid dynamics and classical physics. Basic knowledge of matrix theory will be assumed. 3 or 4 undergraduate hours. 3 or 4 graduate hours. 4 hours of credit requires approval of the instructor and completion of additional work of substance. Prerequisite: One of MATH 284, MATH 285, MATH 286, MATH 441.

**MATH 490** Advanced Topics in Mathematics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/490/>)

Deals with selected topics and applications of mathematics; see Class Schedule or department office for current topics. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated with approval. Prerequisite: Consent of instructor.

**MATH 492** Undergraduate Research in Math credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/492/>)

Work closely with department faculty on a well-defined research project. Topics and nature of assistance vary. Capstone paper or computational project required. 1 to 3 undergraduate hours. No graduate credit. Approved for Letter and S/U grading. May be repeated in separate terms up to 8 hours. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work; and approval of the department head.

**MATH 495** Models in Mathematical Biology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/495/>)

Research-motivated subject material from Mathematical Biology with emphasis on modeling. 3 undergraduate hours. 4 graduate hours. Prerequisite: MATH 220 or equivalent.

**MATH 496** Honors Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/496/>)

Careful study of a selected area of mathematics, carried out either deductively from axioms or inductively through problems; subject matter varies with instructor. 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. Prerequisite: Consent of Mathematics Honors Committee.

**MATH 499** Introduction Graduate Research credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MATH/499/>)

Seminar is required of all first-year graduate students in Mathematics. It provides a general introduction to the courses and research work in all of the areas of mathematics that are represented at the University of Illinois at Urbana-Champaign. 1 undergraduate hour. 1 graduate hour. Approved for S/U grading only. May be repeated to a maximum of 2 hours. Prerequisite: Graduate standing or consent of instructor.

**MATH 500** Abstract Algebra I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/500/>)

Isomorphism theorems for groups. Group actions. Composition series. Jordan-Holder theorem. Solvable and nilpotent groups. Field extensions. Algebraic and transcendental extensions. Algebraic closures. Fundamental theorem of Galois theory, and applications. Modules over commutative rings. Structure of finitely generated modules over a principal ideal domain. Applications to finite Abelian groups and matrix canonical forms. Prerequisite: MATH 417 and MATH 418.

**MATH 501** Abstract Algebra II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/501/>)

Modules over non commutative rings. Direct sums and products. Direct and inverse limits. Categories and functors. Projective and injective modules. Noetherian and Artinian rings and modules. Semisimple modules. Wedderburn's theorem on semisimple Artinian rings. Application to representation theory of groups. Multilinear algebra, tensor products and flat modules. Tensor, symmetric and exterior algebras. Additional advanced topics. Prerequisite: MATH 500.

**MATH 502** Commutative Algebra credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/502/>)

Commutative rings and modules, prime ideals, localization, noetherian rings, primary decomposition, integral extensions and Noether normalization, the Nullstellensatz, dimension, flatness, Hensel's lemma, graded rings, Hilbert polynomial, valuations, regular rings, singularities, unique factorization, homological dimension, depth, completion. Possible further topics: smooth and étale extensions, ramification, Cohen-Macaulay modules, complete intersections. Prerequisite: MATH 501 or consent of instructor.

**MATH 503** Intro Geometric Group Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/503/>)  
Free groups, groups given by generators and relations, van Kampen diagrams. Free product with amalgamations and HNN-extensions, Bass-Serre theory. Solvable and nilpotent groups. Quasi-isometries and geometric properties of groups. Prerequisite: MATH 500 or equivalent.

**MATH 505** Homological Algebra credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/505/>)  
Topics include: 1. Snake lemma, homology, long exact sequence in homology; 2. Projective and injective modules and resolutions; 3. Categories, functors and derived functors. Tor and Ext, local cohomology; 4. Group cohomology, bar resolution; 5. Spectral sequences, techniques of computation, Serre spectral sequence. Grothendieck spectral sequence of composite functors; 6. Time permitting: Derived categories, Gysin sequence, Kunnet formula, universal coefficient theorem, Eilenberg-Moore sequence. Prerequisite: MATH 501 or equivalent.

**MATH 506** Group Representation Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/506/>)  
Representation of groups by linear transformations, group algebras, character theory, and modular representations. Prerequisite: MATH 501 or equivalent.

**MATH 510** Riemann Surf & Algebraic Curv credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/510/>)  
An introduction to Riemann Surfaces from both the algebraic and function-theoretic points of view. Topics include holomorphic and meromorphic differential forms, integration of differential forms, divisors and linear equivalence, the genus of a compact Riemann surface, projective algebraic curves, the Riemann-Roch theorem, and applications. Prerequisite: MATH 542.

**MATH 511** Intro to Algebraic Geometry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/511/>)  
An introduction to the study of algebraic sets defined by polynomial equations; affine and projective space and their subvarieties; rational and regular functions and mappings; divisors, linear systems, and projective embeddings; birational geometry, blowing up; Grassmannians and other special varieties. Prerequisite: MATH 500.

**MATH 512** Modern Algebraic Geometry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/512/>)  
An introduction to the tools and ideas of contemporary algebraic geometry, with particular focus on the language of schemes. 4 graduate hours. No professional credit. Prerequisite: MATH 500, and one of MATH 510, MATH 511, or consent of instructor.

**MATH 514** Complex Algebraic Geometry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/514/>)  
Hodge theory of complex manifolds; examples, applications, and topological invariants. 4 graduate hours. No professional credit. Credit is not given for MATH 514 if credit for MATH 524 has been earned. Prerequisite: MATH 448 or consent of instructor.

**MATH 518** Differentiable Manifolds I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/518/>)  
Definitions and properties of differentiable manifolds and maps, (co)tangent bundles, vector fields and flows, Frobenius theorem, differential forms, exterior derivatives, integration and Stokes' theorem, DeRham cohomology, inverse function theorem, Sard's theorem, transversality and intersection theory. Prerequisite: MATH 423 or MATH 481, or consent of instructor.

**MATH 519** Differentiable Manifolds II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/519/>)  
Vector bundles, principal bundles, connections, parallel transport, curvature, Chern-Weyl theory, Hodge-DeRham theory. Other topics may include Riemannian geometry, symplectic geometry, spin geometry, and harmonic maps. Prerequisite: MATH 518 or consent of instructor.

**MATH 520** Symplectic Geometry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/520/>)  
Introduction to the foundational tools, ideas, examples and theorems of symplectic geometry. It is intended for PhD students studying symplectic geometry, Poisson geometry, and symplectic topology, as well as students in related areas such as dynamical systems, algebraic geometry, complex geometry and low dimensional topology. Covers the local and global structure of symplectic manifolds, their submanifolds, the special automorphisms they support (Hamiltonian flows), their natural boundaries (contact manifolds), their special geometric features (almost complex structures), and their symmetries. The last three weeks of the course will be devoted to a more advanced topic to be determined by the interests of both the instructor and the students. 4 graduate hours. No professional credit. Approved for Letter and S/U grading. Prerequisite: MATH 518.

**MATH 522** Lie Groups and Lie Algebras I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/522/>)  
A general introduction to Lie groups and algebras and their representation theory. Theory of finite group representations, Lie groups as matrix groups, and as differentiable manifolds, Lie algebras as tangent spaces and as abstract objects, and their representations. Examples of the classical groups. May be repeated up to 8 hours. Prerequisite: Undergraduate linear algebra, abstract algebra, point set topology, differentiation on manifolds.

**MATH 525** Algebraic Topology I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/525/>)  
Introduction to the study of topological spaces by means of algebraic invariants. Topics include the fundamental group, covering spaces and their classification, simplicial and singular homology, applications such as the Brouwer fixed point theorem and the Jordan curve theorem. Prerequisite: MATH 417 and MATH 448 or consent of instructor.

**MATH 526** Algebraic Topology II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/526/>)  
CW-complexes, relative homeomorphism theorem, cellular homology, cohomology, Kunnet theorem, Eilenberg-Zilber theorem, cup products, Poincare duality, examples. Prerequisite: MATH 525, MATH 500; or consent of instructor. MATH 501 is recommended but not required.

**MATH 527** Homotopy Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/527/>)  
Homotopy groups, fibrations and cofibrations, Hurewicz theorem, obstruction theory, Whitehead theorem and additional topics perhaps drawn from Postnikov towers, Freudenthal suspension theorem, Blakers-Massey theorem, spectra. Prerequisite: MATH 526. MATH 501 is recommended but not required.

**MATH 530** Algebraic Number Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/530/>)  
Further development of the theory of fields covering topics from valuation theory, ideal theory, units in algebraic number fields, ramification, function fields, and local class field theory. Prerequisite: MATH 500 or equivalent.

**MATH 531 Analytic Theory of Numbers I** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/531/>)  
Problems in number theory treated by methods of analysis; arithmetic functions, Dirichlet series, Riemann zeta function, L-functions, Dirichlet's theorem on primes in progressions, the prime number theorem.  
Prerequisite: MATH 448 and either MATH 417 or MATH 453.

**MATH 532 Analytic Theory of Numbers II** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/532/>)  
Development of themes from MATH 531 and further topics chosen from additive number theory, asymptotic properties of multiplicative functions, circle method, diophantine approximation, lattice point problems, metric theory, modular forms, sieve theory. May be repeated. Prerequisite: MATH 531.

**MATH 533 Fiber Spaces and Char Classes** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/533/>)  
Study of fiber bundles and their associated characteristic classes; applications to geometric problems. Prerequisite: MATH 526.

**MATH 535 General Topology** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/535/>)  
Study of topological spaces and maps, including Cartesian products, identifications, connectedness, compactness, uniform spaces, and function spaces. Prerequisite: Consent of instructor.

**MATH 540 Real Analysis** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/540/>)  
Lebesgue measure on the real line; integration and differentiation of real valued functions of a real variable; and additional topics at discretion of instructor. Prerequisite: MATH 447 or equivalent.

**MATH 541 Functional Analysis** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/541/>)  
Fundamental results in functional analysis; spectral theory of compact operators; further topics chosen by the instructor. Prerequisite: MATH 540.

**MATH 542 Complex Variables I** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/542/>)  
Topics include the Cauchy theory, harmonic functions, entire and meromorphic functions, and the Riemann mapping theorem. Prerequisite: MATH 446 and MATH 447, or MATH 448.

**MATH 543 Complex Variables II** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/543/>)  
Continuation of MATH 542. Topics include Riemann Surfaces, Hyperbolic Metric, Potential Theory and Quasiconformal Mappings. Prerequisite: MATH 542.

**MATH 545 Harmonic Analysis** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/545/>)  
Harmonic analysis on the circle, the line, and the integers, i.e., Fourier series and transforms; locally compact Abelian groups; convergence and summability; conjugate functions; Hardy spaces; uniqueness; Tauberian theorems; almost-periodic functions; commutative Banach algebras. Prerequisite: MATH 448 and MATH 541; knowledge of Banach spaces.

**MATH 546 Hilbert Spaces** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/546/>)  
Geometrical properties of Hilbert spaces, spectral theorems for compact, bounded and unbounded operators, basic theory of operator algebras, and additional material depending on the instructor. Prerequisite: MATH 541.

**MATH 547 Banach Spaces** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/547/>)  
Basic properties and fundamental theorems of Banach spaces and bounded linear maps, trace duality, absolutely summing maps, local theory, type and cotype, probabilistic techniques in Banach spaces, and further topics depending on the instructor. 4 graduate hours. No professional credit. Prerequisite: MATH 541.

**MATH 550 Dynamical Systems I** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/550/>)  
An introduction to the study of dynamical systems. Considers continuous and discrete dynamical systems at a sophisticated level: differential equations, flows and maps on Euclidean space and other manifolds. Emphasis will be placed on the fundamental theoretical concepts and the interaction between the geometry and topology of manifolds and global flows. Discrete dynamics includes Bernoulli shifts, elementary Anosov diffeomorphisms and surfaces of sections of flows. Bifurcation phenomena in both continuous and discrete dynamics will be studied. Prerequisite: MATH 489 or consent of instructor.

**MATH 552 Numerical Methods for PDEs** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/552/>)  
Same as CS 555 and CSE 510. See CS 555.

**MATH 553 Partial Differential Equations** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/553/>)  
Basic introduction to the study of partial differential equations; topics include: the Cauchy problem, power-series methods, characteristics, classification, canonical forms, well-posed problems, Riemann's method for hyperbolic equations, the Goursat problem, the wave equation, Sturm-Liouville problems and separation of variables, Fourier series, the heat equation, integral transforms, Laplace's equation, harmonic functions, potential theory, the Dirichlet and Neumann problems, and Green's functions. Prerequisite: Consent of instructor.

**MATH 554 Linear Analysis and Partial Differential Equations** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/554/>)  
Course will provide students with the basic background in linear analysis associated with partial differential equations. The specific topics chosen will be largely up to the instructor, but will cover such areas as linear partial differential operators, distribution theory and test functions, Fourier transforms, Sobolev spaces, pseudodifferential operators, microlocal analysis, and applications of the above topics. 4 graduate hours. No professional credit. Prerequisite: MATH 553 or consent of instructor.

**MATH 555 Nonlinear Analysis and Partial Differential Equations** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/555/>)  
Course will provide students with the basic background in nonlinear analysis associated with partial differential equations. The specific topics chosen will be largely up to the instructor, but will cover such areas as existence and uniqueness techniques, nonexistence and finite time blow-up results, hyperbolic conservation laws, weak solutions, stability theory, nonlinear elliptic theory, regularity theory. 4 graduate hours. No professional credit. May be repeated as topics vary. Prerequisite: Consent of instructor.

MATH 558 Methods of Applied Mathematics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/558/>)

Introduction to modern methods of applied mathematics, including nondimensionalization and scaling analysis, regular and singular asymptotics, analysis of multiscale systems, and analysis of complex systems. Each technique is illustrated with applications from science and engineering. The mathematical frameworks will include ordinary, partial and stochastic differential equations, point processes, and Markov chains. Prerequisite: Undergraduate background in ODEs, PDEs, and probability theory (MATH 441, MATH 442, and MATH 461, or equivalents), or consent of instructor.

MATH 561 Theory of Probability I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/561/>)

Mathematical foundations of probability and stochastic processes; probability measures, random variables, distribution functions, convergence theory, the Central Limit Theorem, conditional expectation, and martingale theory. Same as STAT 551. Prerequisite: MATH 541 or consent of instructor.

MATH 562 Theory of Probability II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/562/>)

Continuation of MATH 561. Same as STAT 552. Prerequisite: MATH 561.

MATH 563 Risk Modeling and Analysis credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/563/>)

Quantitative tools for measuring risks and modeling dependencies. Topics include risk measures, stochastic orders, copulas, dependence measures, and their statistical inferences. Same as STAT 558. 4 graduate hours. No professional credit. Prerequisite: MATH 408 or MATH 461.

MATH 564 Applied Stochastic Processes credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/564/>)

Introduction to topics such as spectral analysis, filtering theory, and prediction theory of stationary processes; Markov chains and Markov processes. Same as STAT 555. Prerequisite: MATH 446 and MATH 447.

MATH 570 Mathematical Logic credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/570/>)

Development of first order predicate logic; completeness theorem; formalized number theory and the Godel incompleteness theorem. Prerequisite: MATH 417 or consent of instructor.

MATH 571 Model Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/571/>)

Techniques for constructing models, including compactness and Lowenheim-Skolem theorems, unions of elementary chains, and omitting types construction; categorical theories; ultraproducts; saturated models; quantifier elimination; applications to algebraically closed fields, real closed fields, and other fundamental structures of mathematics. Prerequisite: MATH 570 or consent of instructor.

MATH 573 Recursive Function Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/573/>)

Various characterizations of the class of recursive (i.e., computable) functions; the Church-Turing thesis; unsolvability of the halting problem; the recursion theorem and the enumeration theorem; relative computability, the jump operation, and the arithmetical hierarchy; recursively enumerable sets; degrees of unsolvability; and the priority method. Prerequisite: MATH 570 or consent of instructor.

MATH 574 Set Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/574/>)

Zermelo-Fraenkel axiomatic set theory; basic concepts in set theory such as ordinal, cardinal, rank, and definition by transfinite recursion; Godel's constructible universe; introduction to forcing; Boolean valued universes; large cardinals; consistency and independence of the continuum hypothesis and the axiom of choice. Prerequisite: MATH 570 or consent of instructor.

MATH 580 Combinatorial Mathematics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/580/>)

Fundamental results on core topics of combinatorial mathematics: classical enumeration, basic graph theory, extremal problems on finite sets, probabilistic methods, design theory, discrete optimization. Same as CS 571. Prerequisite: Consent of instructor.

MATH 581 Extremal Graph Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/581/>)

Extremal problems and parameters for graphs. Distance and connectivity, matching and factors, vertex and edge colorings, perfect and imperfect graphs, intersection classes and intersection parameters, Turan's theorem, graph Ramsey theory, graph decomposition and other extremal problems. Same as CS 572. Prerequisite: MATH 580 or consent of instructor.

MATH 582 Structure of Graphs credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/582/>)

Structure of graphs and properties of special classes of graphs. Degree sequences and reconstruction, structure of  $k$ -connected graphs, Hamiltonian cycles and circumference, planar graphs and their properties, graph minors, cycle coverings, matroidal and algebraic aspects of graphs. Prerequisite: MATH 580 or consent of instructor.

MATH 583 Partial Orders and Comb Optim credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/583/>)

Combinatorial aspects of partially ordered sets and their relation to optimization problems. Structure of posets and lattices, Dilworth's theorem and generalizations, linear extensions and sorting, dimension of posets, order ideals, extremal set theory, integer programming and minmax relations, matroids and their applications. Prerequisite: MATH 580 or consent of instructor.

MATH 584 Methods of Combinatorics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/584/>)

Combinatorial methods and other mathematical methods for combinatorial problems. Enumeration by bijections and generating functions, probabilistic methods for existence proofs and asymptotic analysis, randomized algorithms, Ramsey's theorem and related topics, combinatorial designs and their applications, geometric problems and methods. Same as CS 575. Prerequisite: MATH 580 or consent of instructor.

MATH 585 Probabilistic Combinatorics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/585/>)

Techniques and applications of probabilistic methods in combinatorics. Draws applications from a variety of areas, but emphasizes theoretical aspects of random graphs, including connectivity, trees & cycles, planarity, and coloring problems. Techniques include the second moment method, Lovasz Local Lemma, martingales, Talgrand's Inequality, the Rodl Nibble, and Szemerédi's Regularity Lemma. Applications may come from discrete geometry, coding theory, algorithms & complexity, additive number theory, percolation, positional games, etc. Prerequisite: MATH 580 or consent of instructor.

MATH 586 Algebraic Combinatorics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/586/>)

Prepares students for research in modern algebraic combinatorics by focusing on its three principal components: enumerative techniques, symmetric functions, and multivariate polynomials. 4 graduate hours. No professional credit. Prerequisite: MATH 580 or consent of instructor.

MATH 589 Conjugate Duality and Optim credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/589/>)

Convex analysis for constrained extremum problems; convex sets, cones, and functions; separation; Fenchel transform; duality correspondences; differential theory; nonlinear programming; sensitivity; and perturbational duality for primal, dual, and Lagrangian problems. Prerequisite: MATH 415 and MATH 447, or consent of instructor.

MATH 593 Mathematical Internship credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/593/>)

Full-time or part-time practice of graduate-level mathematics in an off-campus government, industrial, or research laboratory environment. Summary report required. 0 graduate credit. No professional credit. Approved for S/U grading only. May be repeated in separate terms.

MATH 595 Advanced Topics in Mathematics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/595/>)

See Class Schedule for current topics. 1 to 4 graduate hours. No professional credit. May be repeated in the same or separate semesters. Prerequisite: Consent of instructor.

MATH 597 Reading Course credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/597/>)

Independent study in Mathematics. 1 to 8 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated in the same or separate terms, with a maximum of 8 hours per semester. Prerequisite: Consent of instructor.

MATH 598 Literature Seminar in Math credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/598/>)

Seminar on topics of current interest in mathematics. Students present seminars and discussions on various topics. See Class Schedule for current topics. Recommended for all Mathematics students. 0 to 4 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated in the same or separate semesters as topics vary. Prerequisite: Consent of instructor.

MATH 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/MATH/599/>)

Approved for S/U grading only. May be repeated. Prerequisite: Consent of instructor.

# MBA PROGRAM (MBA)

MBA Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MBA/>)

## Courses

MBA 500 Issues in Business credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/500/>)

MBA students are faced with a wide variety of issues in the work place. This course will introduce and encourage discussions related to careers transitions, leadership, ethics, and uses of technology in the work place. Guest lecturers and experts in their field will discuss different approaches to these issues and give students the opportunity to discuss strategies and practice skills that will prepare them for the business environment. 0 graduate hours. No professional credit. Approved for Letter and S/U grading. Prerequisite: Co-requisite MBA 501 and MBA 502.

MBA 501 Foundations of Business I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/501/>)

Provides foundations in the form of principles, concepts, tools, and skills important both to the study of business and to the development of business acumen. Specific foundation topics include planning and measuring firm resources, economic theory of the firm, decision making under uncertainty, consumer behavior, financial management, business communication and computing. May be repeated in the same term. Credit is not given for MBA 501 and either ACCY 500, BADM 520, BADM 572, or ECON 567. Prerequisite: Admission to the Master of Business Administration program.

MBA 502 Foundations of Business II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/502/>)

Provides additional foundations in the form of principles, concepts, tools, and skills important both to the study of business and to the development of business acumen. Specific foundation topics include organizational theory and design, financial accounting and reporting, manufacturing and services processes, marketing management, business communications and computing. May be repeated in the same term. Credit is not given for MBA 502 and either ACCY 500, BADM 509, BADM 520, or BADM 567. Prerequisite: Enrollment in good standing in the MBA program.

MBA 503 Prin & Proc of Management I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/503/>)

Presents management topics important to the study of business organizations and the economic landscapes within which they exist. Specific topics include financial resources management, human resources management, strategic management and management of technology. May be repeated in the same term. Students who receive credit for MBA 503 may not receive credit for the following courses: FIN 520, BADM 508, and BADM 544. Prerequisite: Enrollment in good standing in the MBA program.

MBA 504 Prin & Proc of Management II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/504/>)

Presents additional management topics important to the study of business organizations and the economic landscapes within which they exist. Specific topics include financial management, global strategy, decision and risk analysis, leadership, and ethics. May be repeated in the same term. Prerequisite: Enrollment in good standing in the MBA program.

MBA 505 Topics in Management credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/505/>)

Special topics important to the study of business and management. Examples of topics include international business, strategic thinking, operations analysis, project management, information technology, negotiations. May be repeated in the same term. Prerequisite: Enrollment in good standing in the MBA program.

MBA 520 Corporate and Global Strategy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/520/>)

Focuses on key issues in formulating and implementing corporate strategies with an emphasis on the international operations of firms. Issues are approached from the orientation of the general manager, whose job is to diagnose what is critical in complex business situations and find realistic solutions to strategic and organizational problems. Designed to integrate various functional areas and provide a "total business" perspective on issues pertaining to corporate and international strategy. Builds on learning experiences in previous modules, and acts as an integrative capstone module. Prerequisite: Completion of the first year of the Master of Business Administration Program, including MBA 501, MBA 502, MBA 503, MBA 504, and MBA 505.

MBA 530 Internship credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/530/>)

Approved for S/U grading only. May not be repeated for credit. Prerequisite: Completion of first year of Master of Business Administration program.

MBA 531 Special Projects credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/531/>)

Individual projects selected by the student in consultation with a faculty member and approved by the executive officer of the program. Approved for letter and S/U grading. May be repeated in the same or subsequent terms to a maximum of 12 hours. Prerequisite: Completion of first year of Master of Business Administration program.

MBA 541 Marketing in a Digital World credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/541/>)

Explores new digital tools and students will discuss the dynamic of power shifting from firms to consumers. Managers will learn how to use these tools to strengthen their marketing efforts, while consumers will learn how to use these tools to enhance their consumption experience. This course also reviews the foundations of marketing (i.e., product, promotion, placement, and price) and discusses how these foundations are being shifted by the rise of new digital tools. A variety of learning techniques will be used, including video lectures, case studies, and interviews with both digital marketers and digital consumers. The learning approach will be highly interactive; and students will have the opportunity to engage in a variety of hands on activities, such as offering new product ideas to various companies. 2 graduate hours. No professional credit. Credit is not given for both MBA 541 and BADM 590, Marketing in a Digital World.

MBA 542 Digital Marketing Analytics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/542/>)

Introduces students to the science of web analytics while casting a keen eye toward the artful use of numbers found in the digital space. The goal is to provide the foundation needed to apply data analytics to real-world challenges marketers confront daily. Students will learn to identify the web analytic tool right for their specific needs; understand valid and reliable ways to collect, analyze, and visualize data from the web; and utilize data in decision making for agencies, organizations or clients. 4 graduate hours. No professional credit. Credit is not given for both MBA 542 and BADM 590, Digital Marketing Analytics.

MBA 543 Digital Media & Marketing credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/543/>)

Aims to give students ample understanding of the critical role of digital media as the delivery channels of marketing communication and the impacts of digital revolution in marketing and the rise of marketing technology industry, through interaction with the instructor, the content, and other students in the course. 4 graduate hours. No professional credit. Credit is not given for both MBA 543 and BADM 590, Digital Media & Marketing.

MBA 544 Marketing in an Analog World credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/544/>)

Begins with an exploration of the key differences between the Analog and the Digital and then examine four ways in which the Analog World has been affected by the Digital Revolution: Domination, Resistance, Synergy, and Transformation. Several examples of each of these concepts and explore their implications for both marketers and consumers will be explored. This course will also employ a variety of learning techniques, including video lectures, case studies, hands-on exercises, and interviews with leading marketing scholars. The learning approach will be highly interactive. 2 graduate hours. No professional credit. Credit is not given for both MBA 544 and BADM 590, Marketing in an Analog World.

MBA 546 Global Business Horizons credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/546/>)

This course provokes an appreciation for the global challenges as well as opportunities that lie ahead and the important role that businesses can play in addressing these challenges. This course will consist of two immersive and interactive experiences organized around understanding global challenges and designing business solutions on the topics of poverty and environmental sustainability. 4 graduate hours. No professional credit. Credit is not given for both MBA 546 and BADM 590, Global Business Horizons.

MBA 547 Global Impact: Cultural Psychology & Business Ethics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/547/>)

This course enables students to understand how globalization changes consumers at a psychological level, and provides tools for infusing brands with cultural meanings—creating iconic brands—that can resonate with global consumers. The focus is on understanding that culture exists in the mind (e.g., values and beliefs) as well as in the environment (e.g., objects, brands, and institutions), and that globalization creates multi-cultural spaces in contemporary societies. In addition, this course seeks to examine some of the ways in which people evaluate problems associated with human conduct and moral conflict. This course in business ethics and corporate responsibility seeks to bridge the gap between the moral behavior of the individual as a private citizen and the challenges afforded by organized business activity in the marketplace. 4 graduate hours. No professional credit. Credit is not given for both MBA 547 and BADM 590, Global Impact: Cultural Psychology & Business Ethics.

MBA 548 Global Strategy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/548/>)

This course seeks to understand how firms adapt to, react towards, and shape the global economy. Students should be able to evaluate markets and the best strategies firms should follow when operating globally. 4 graduate hours. No professional credit. Credit is not given for both MBA 548 and BADM 590, Global Strategy.

MBA 551 Strategic Innovation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/551/>)

This course will cover the strategic perspective on innovation and the management side of innovation efforts – leadership and design of innovation initiatives such that employees are able to effectively execute them. It also covers how to successfully implement innovation efforts while working alongside established businesses at the same firm, the challenges of leading product development teams, the analysis of planning and evaluation systems for innovation initiatives, and how to manage innovation when the initiative spans organizational boundaries. 4 graduate hours. No professional credit. Credit is not given for both MBA 551 and BADM 590, Strategic Innovation.

MBA 552 Fostering Creative Thinking credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/552/>)

This course will examine what prompts us to be creative, how to navigate the process of generating creative ideas, how to help our teams be creative, how to evaluate the ideas we generate, and how to pitch ideas so that others appreciate them. The end result is that you will be able to think more flexible, make wiser decisions, generate more effective solutions, get more out of your teams, reject fewer good ideas, and communicate more effectively. 4 graduate hours. No professional credit. Credit is not given for both MBA 552 and BADM 590, Fostering Creative Thinking.

MBA 553 Entrepreneurship: From Startup to Growth credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/553/>)

Will explore the earlier stages of the entrepreneurial venture process. The course modules will be focused on practical ideas and techniques that entrepreneurs can use to evaluate the potential of market opportunities and make decisions about whether to pursue them in a startup company. This course will also build on concepts, outline strategies, and tactics for forming, financing, and launching the new venture. Topics to be addressed will include developing a go-to market strategy, selecting appropriate revenue and pricing strategies, preparing financial models, raising startup and initial growth financing, and preparing for and managing growth. 4 graduate hours. No professional credit. Credit is not given for both MBA 553 and BADM 590, Entrepreneurship: From Startup to Growth.

MBA 561 Introduction to Business Analytics: Data and the Firm credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/561/>)

Focuses on understanding key analytics concepts and the breadth of analytic possibilities. Explore dozens of real-world analytics problems and solutions across most major industries and business functions. Touches on analytic technologies, architectures, and roles from business intelligence to data science, and from data warehouses to data lakes. Will wrap up with a discussion of analytics trends and futures. 2 graduate hours. No professional credit. Credit is not given for both MBA 561 and BADM 590, Introduction to Business Analytics: Data and the Firm.

MBA 562 Introduction to Business Analytics: Communicating with Data credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/562/>)

Introduces students to the science of business analytics while casting a keen eye toward the artful use of numbers found in the digital space. The goal is to provide businesses and managers with the foundation needed to apply data analytics to real-world challenges they confront daily in their professional lives. Students will learn to identify the ideal analytic tool for their specific needs; understand valid and reliable ways to collect, analyze, and visualize data; and utilize data in decision making for their agencies, organizations or clients. 2 graduate hours. No professional credit. Credit is not given for both MBA 562 and BADM 590, Introduction to Business Analytics: Communicating with Data.

**MBA 563 Data Toolkit: Business Data Modeling & Predictive Analytics** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/563/>) Students will gain an understanding of the basic methods of business analytics by working with different tools and data sets. The course will emphasize applications over the mathematics of the methods. Students will apply the concepts to case studies to deepen their understanding of regression, logistic regression, feature selection and dimensionality reduction, clustering, decision trees, and recommender systems. Following which more advanced but related tools will be discussed such as SVM, Boosting, neural nets and introduction to text mining. 4 graduate hours. No professional credit. Credit is not given for both MBA 563 and BADM 590, Data Toolkit: Business Data Modeling & Predictive Analytics.

**MBA 564 Applying Analytics Across Business Functions** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/564/>) Covers analytics through the application of analytical techniques in the financial and marketing context. Topics covered include forecasting using time series models, modern portfolio theory, measurement and scaling, A/B testing, ANOVA, and conjoint analysis. The primary software tool used will be the R programming language. No prior programming experience is required. 4 graduate hours. No professional credit. Credit is not given for both MBA 564 and MBA 592, Applying Analytics Across Business Functions.

**MBA 565 Infonomics** credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/565/>) This course provides a non-technical perspective on and methods for monetizing, managing and measuring information as if it were any other kind of corporate asset. Topics also will include information's unique economic characteristics and legal status, the importance of alternative data sources, new and emerging information-related roles, and concerns surrounding information ownership, sovereignty, privacy, and ethics. 4 graduate hours. No professional credit. Credit is not given for both MBA 565 and ACCY 593, Infonomics.

**MBA 590 Specialization Capstone** credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/590/>) This course covers various topics from each iMBA Specialization. Group projects and individual assignments will be required. Students are required to take 2 Specialization Capstones for their iMBA degree. Additional fees may apply. See Class Schedule. 0 graduate hours. No professional credit. Approved for S/U grading only. May be repeated if topics vary; student cannot take the same section more than once.

**MBA 591 Program Capstone** credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/591/>) This course is the final course of the University of Illinois iMBA degree and is designed to bridge the 'knowing – doing' gap, challenging students to apply their iMBA courses, work experience, industry acumen, business knowledge and skills. Students will work through a case study in which the deliverables for each module will build upon one another. The course culminates with the final case presentation. 0 graduate hours. No professional credit. Approved for S/U grading only.

**MBA 592 Current Topics in Business** credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MBA/592/>) Subject offerings of new and developing areas of knowledge in Business. See Class Schedule or departmental course information for topics. 0 to 4 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated up if topics vary to a maximum of 20 hours in the same semester and a maximum of 30 hours in separate semesters.

# MECHANICAL ENGINEERING (ME)

ME Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/ME/>)

## Courses

ME 170 Computer-Aided Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ME/170/>)

Geometry and topology of engineered components: creation of engineering models and their presentation in standard 2D blueprint form and as 3D wire-frame and shaded solids; meshed topologies for engineering analysis and tool-path generation for component manufacture; ISO and ANSI standards for coordinate dimensioning and tolerancing; geometric dimensioning and tolerancing. Use of solid-modeling software for creating associative models at the component and assembly levels with automatic blueprint creation, interference checking, and linked bill of materials. Credit is not given for both ME 170 and GE 101 or SE 101.

ME 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/ME/199/>)  
May be repeated.

ME 200 Thermodynamics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ME/200/>)  
Classical thermodynamics through the second law; system and control-volume analyses of thermodynamic processes; irreversibility and availability; relations for ideal gas mixtures. Prerequisite: MATH 241.

ME 270 Design for Manufacturability credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ME/270/>)  
Introduction to DFM methodologies and tools; material selection (new and traditional materials); designing for primary manufacturing processes (cutting fundamentals, casting, forming, and shaping); designing with plastics (snap-fits, integral hinges, etc.); design for assembly (DFA); geometric dimensioning and tolerancing (GD&T). Same as TAM 270. Prerequisite: ME 170. ME and EM majors only.

ME 290 Seminar credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/ME/290/>)  
Lectures by faculty and invited authorities, concerning the ethics and practices of mechanical engineering/engineering mechanics, as well as its relationship to other fields of engineering, to economics, and to society. Offered fall term only. Approved for S/U grading only.

ME 297 Introductory Independent Study credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/ME/297/>)  
Independent study and/or individual projects related to mechanical engineering. Approved for Letter and S/U grading. May be repeated to a maximum of 6 credit hours for letter grade; no limit for S/U grade mode. Prerequisite: Consent of Instructor.

ME 310 Fundamentals of Fluid Dynamics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/310/>)  
Fundamentals of fluid mechanics with coverage of theory and applications of incompressible viscous and inviscid flows, and compressible high speed flows. Credit is not given for both ME 310 and TAM 335. Prerequisite: MATH 285 OR MATH 286 OR MATH 441; credit or concurrent registration in ME 200.

ME 320 Heat Transfer credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/320/>)

Fundamentals of fluid mechanics with coverage of theory and applications of incompressible viscous and inviscid flows, and compressible high speed flows. Prerequisite: MATH 285 or MATH 286 or MATH 441; ME 310 or TAM 335; credit or concurrent registration in ME 200.

ME 330 Engineering Materials credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/330/>)

Structures of polymers, metals, and ceramics as the basis for their mechanical behavior. Manipulation of structure through such processes as heat treatment and solidification. Mechanisms of material failure in service (yielding, fracture, fatigue, creep, corrosion, and wear) and simple design techniques to avoid these failures. Strategies for materials selection in design. Credit is not given for both ME 330 and either CEE 300 or MSE 280. Prerequisite: CHEM 102 and TAM 251.

ME 340 Dynamics of Mechanical Systems credit: 3.5 Hours. (<https://courses.illinois.edu/schedule/terms/ME/340/>)

Dynamic modeling of mechanical components and systems; time-domain and frequency-domain analyses of linear time-invariant systems; multi-degree-of-freedom systems; linearization of nonlinear systems. Credit is not given for both ME 340 and either SE 320 or AE 353. Prerequisite: MATH 285 OR MATH 286 OR MATH 441; TAM 212; credit or concurrent registration in ECE 205 and MATH 415.

ME 351 Analysis of Mfg Processes credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ME/351/>)

Mechanistic and empirical modeling of manufacturing processes including metal cutting theory, casting analysis, forging analysis, sheet metal forming, plastics molding, welding and mechanical joining assembly analysis. Also, hands-on exposure to manufacturing processes, CAD/CAM software (MasterCam), 5 axis machining (ShopBot), Wire EDM machining, statistical process control (SPC), and geometric dimensioning and tolerancing (GD&T) metrology principles using CMM. Prerequisite: ME 270.

ME 360 Signal Processing credit: 3.5 Hours. (<https://courses.illinois.edu/schedule/terms/ME/360/>)

Basic electromechanical techniques used in modern instrumentation and control systems. Use of transducers and actuators. Signal conditioning, grounding, and shielding. Analog and digital signal processing and feedback control methods with emphasis on frequency domain techniques. Frequency response of continuous and discrete systems. Credit is not given for both ME 360 and ABE 425. Prerequisite: ME 340.

ME 370 Mechanical Design I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ME/370/>)

Kinematics and dynamics of machinery, including introduction to user-centered design and design thinking, analytical and computer-aided design of kinematics, dynamic force analysis, principle of virtual work, cam and gear design, and balancing. Project-based learning of multi-mechanism system design, analysis, fabrication, and evaluation. Prerequisite: ME 270, TAM 212, and TAM 251.

ME 371 Mechanical Design II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ME/371/>)

Design and analysis of machinery for load-bearing and power transmission. Consideration of material failure modes, including yielding, fracture, and fatigue. Design and selection of machine elements: threaded fasteners, springs, rolling-element bearings, fluid film lubrication, gears and friction drives. Prerequisite: ME 330 OR CEE 300; ME 370.

ME 400 Energy Conversion Systems credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/400/>)  
Processes and systems for energy conversion, including power and refrigeration cycles, air conditioning, thermoelectrics and fuel cells; ideal gas mixtures and psychrometrics. 3 undergraduate hours. 4 graduate hours. Prerequisite: ME 200.

ME 401 Refrigeration and Cryogenics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/401/>)  
Theory of operation and design of equipment for production of low temperatures, from below ambient to near absolute zero; industrial, consumer, aerospace, medical, and research applications. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Credit or concurrent registration in ME 320.

ME 402 Design of Thermal Systems credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/402/>)  
Selection of components in fluid- and energy-processing systems to meet system-performance requirements; computer-aided design; system simulation; optimization techniques; investment economics and statistical combinations of operating conditions. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Credit or concurrent registration in ME 320.

ME 403 Internal Combustion Engines credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/403/>)  
Theory and analysis of reciprocating internal-combustion engines; fuels, carburetion, combustion, exhaust emissions, detonation, fuel injection, and factors affecting performance; laboratory work on variables that affect performance. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Credit or concurrent registration in ME 400 or ABE 466.

ME 404 Intermediate Thermodynamics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/404/>)  
Classical thermodynamics, including the TdS equations and the Maxwell relations; development of thermodynamic property relations, behavior of real gases, thermodynamics of mixtures, phase equilibrium and chemical reactions and equilibrium with an emphasis on combustion reactions; statistical thermodynamics including the effect of molecular and atomic structure, statistical concepts and distributions, calculation of thermodynamic properties of gas-phase atoms and molecules, kinetic theory of gases, and vibrations in crystals and the electron gas in metals; selected applications. 4 undergraduate hours. 4 graduate hours. Credit is not given for both ME 404 and any of PHYS 427, CHEM 442, or CHEM 444. Prerequisite: ME 200.

ME 410 Intermediate Gas Dynamics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/410/>)  
Solution of internal compressible-flow problems by one-dimensional techniques, both steady and unsteady; flows with smooth and abrupt area change, with friction, with heat addition, and with mass addition; flows with weak and strong waves, multiple confined streams, and shock waves. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: ME 200; ME 310, TAM 335 or AE 311.

ME 411 Viscous Flow & Heat Transfer credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/411/>)  
Same as AE 412. See AE 412.

ME 412 Numerical Thermo-Fluid Mechs credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/412/>)  
Numerical techniques for solving the equations governing conduction and convective heat transfer in steady and unsteady fluid flows: finite-difference and finite-volume techniques, basic algorithms, and applications to real-world fluid-flow and heat-transfer problems. Same as CSE 412. 2 or 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: ME 310 OR TAM 335; ME 320.

ME 420 Intermediate Heat Transfer credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/420/>)  
Conduction heat transfer, radiation heat transfer, mass transfer, phase change, heat exchangers; numerical methods. 4 undergraduate hours. 4 graduate hours. Prerequisite: ME 310 OR TAM 335; ME 320.

ME 430 Failure of Engrg Materials credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/430/>)  
Material anisotropy and elasto-plastic properties at the crystal level; microstructural basis for fatigue, fracture, and creep in metals, polymers, and ceramics; failure mechanisms and toughening in composites; structure and behavior of metal-matrix composites, ceramic-matrix composites, and polymer composites. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: ME 330 OR TAM 324.

ME 431 Mechanical Component Failure credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/431/>)  
Relationship of materials and mechanics concepts to the design of structures and components: elasticity, plasticity, thermal loading, creep, fatigue, fracture, and residual-life assessments as they relate to materials selection and design. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: ME 330 and ME 371; Recommended: ME 430.

ME 432 Fundamentals of Photovoltaics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/432/>)  
In this course, we will develop a fundamental understanding of how solar cells convert light to electricity, how solar cells are made, how solar cell performance is evaluated, and the photovoltaic technologies that are currently on the market and/or under development. Using thermodynamics, materials physics, and engineering analysis we will assess and critique the potential and drawbacks of modern photovoltaic technologies, including single- and multi- crystalline silicon, tandem cells, CdTe, CIGS, PVT, bulk heterojunctions (organic), Graetzel cells, nanostructure-based, and third generation PV. 3 undergraduate hours. 4 graduate hours. Approved for Letter and S/U grading. Prerequisite: PHYS 212 and ME 330 or equivalent.

ME 440 Kinem & Dynamics of Mech Syst credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/440/>)  
Kinematics and dynamics of constrained rigid-body mechanical systems; use of modern computer-based analysis software packages. 3 undergraduate hours. 4 graduate hours. Prerequisite: ME 370.

ME 445 Introduction to Robotics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/445/>)  
Same as AE 482 and ECE 470. See ECE 470.

ME 446 Robot Dynamics and Control credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/446/>)  
Same as ECE 489 and SE 422. See SE 422.

ME 450 Modeling Materials Processing credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ME/450/>)  
Manufacturing processes for metals and polymers; creation of process models based on momentum, heat, and mass transfer; model simplification by estimation and scaling; applications to casting, microstructure evolution, polymer molding and extrusion, and welding. 3 undergraduate hours. 3 graduate hours. Prerequisite: ME 320 and ME 330.

ME 451 Computer-Aided Mfg Systems credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/451/>)  
The application of computer technology and operations research to manufacturing systems. Use of microprocessors for direct numeric control of machine tools, adaptive control and optimization, and integrated manufacturing systems. Applications of industrial robots. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: ME 270.

ME 452 Num Control of Mfg Processes credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/452/>)  
Numerical control systems, manufacturing processes, principles and practices basic to numerical control, and programming methodology for numerical control. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: CS 101 and ME 270.

ME 453 Data Science in Manufacturing Quality Control credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/453/>)  
Manufacturing quality management in the big data era; quality improvement philosophies; statistical modeling of process quality; inferences about quality; statistical process control; control charts; machine learning and applications in quality engineering; quality classification/prediction with machine learning; design and implementation of quality monitoring systems based on supervised learning; measurement system analysis (gage R&R study); design of experiments. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Prerequisite: ME 270; IE 300 OR STAT 400; MATH 415.

ME 455 Micromanufacturing Process & Automation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/455/>)  
Scaling laws in miniaturization, Micro-machine tools design and characterization, Micromanufacturing process modeling, simulation and automation, Micro-metrology and Micro-assembly systems. 3 undergraduate hours. 4 graduate hours. Prerequisite: ME 270 or equivalent or consent of instructor.

ME 458 Additive Manufacturing and Product Design credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/458/>)  
Additive manufacturing fundamentals, how and why to design products using additive manufacturing, theory, and practice of product innovation, modern product design. 3 undergraduate hours. 4 graduate hours. Prerequisite: ME 371 or consent of instructor. Senior or graduate standing, or instructor permission.

ME 460 Industrial Control Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/460/>)  
Industrial control techniques; case studies of industrial systems; design, selection, and maintenance of industrial control systems, including electromechanical, pneumatic, thermal, and hydraulic systems. 4 undergraduate hours. 4 graduate hours. Credit is not given for both ME 460 and ECE 486. Prerequisite: ME 340 and ME 360.

ME 461 Computer Cntrl of Mech Systems credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/461/>)  
Microcomputer control of thermal and mechanical systems: sensors and transducers, signal transmission and conversion, and regulator actuation. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: ME 360 or ABE 425.

ME 465 Optics: Theory & Applications credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/465/>)  
Introduction to basic concepts in electromagnetic fields and waves as they pertain to measurement science and subsurface imaging. Related applications using wave-based probes, such as acoustic fields and waves with an emphasis on current phenomena and technologies. 4 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 212, MATH 285 OR MATH 286 OR MATH 441. Restricted to students with Senior or Graduate standing, or instructor permission.

ME 470 Senior Design Project credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ME/470/>)  
Solution of a real-world design problem: development, evaluation, and recommendation of alternative solutions subject to realistic constraints that include most of the following considerations: economics, environment, sustainability, manufacturability, ethics, health and safety, society, and politics. 3 undergraduate hours. No graduate credit. Departmental approval required. Prerequisite: Concurrent enrollment in no more than two required ME courses; completion of all required courses. This course satisfies the General Education Criteria for: Advanced Composition

ME 471 Finite Element Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/471/>)  
The finite element method and its application to engineering problems: truss and frame structures, heat conduction, and linear elasticity; use of application software; overview of advanced topics such as structural dynamics, fluid flow, and nonlinear structural analysis. Same as AE 420 and CSE 451. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Credit is not given for both ME 471 and CEE 470. Prerequisite: CS 101 and ME 371 or TAM 470. Alternatively, AE 370 for AE students.

ME 472 Introduction to Tribology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/472/>)  
Friction, wear, and lubrication; engineering surfaces; surface properties and surface topography; Hertzian contacts and contact of rough surfaces; friction of surfaces in contact; wear and surface failures; boundary lubrication; fluid properties; hydrodynamic lubrication; elastohydrodynamic lubrication; bearing selection; introductory micro- and nanotribology. 3 undergraduate hours. 3 or 4 graduate hours.

ME 481 Whole-Body Musculoskel Biomech credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/481/>)  
Exploration of the human musculoskeletal system with an emphasis on the whole-body or organism level; modeling and analysis techniques for examining human movement, such as rigid-body modeling techniques, forward and inverse dynamics, and Lagrangian mechanics; examination of current topics, such as orthopedic biomechanics, prosthetics and orthotics, postural control, and locomotion; use of computerized motion-capture equipment and software to examine, simulate, and analyze human movement. Same as BIOE 481. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: TAM 212 and TAM 251.

ME 482 Musculoskel Tissue Mechanics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/482/>)  
Composition-structure-function relationships for musculoskeletal tissues, including bone, tendon, ligament, cartilage, and muscle; hierarchical structure of tissues from the macro- to nano-scales; relation of composition to mechanical properties of health and diseased tissue; experimental methods used to obtain mechanical properties. Same as BIOE 482. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: TAM 251.

ME 483 Mechanobiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/483/>)

Integrative approach to mechanobiology; mechanics of cell adhesion; cytoskeletal structure and mechanics; mechanotransduction; mechanics of cell proliferation, apoptosis, cancer cells, and stem cells; aging; critical issues facing the mechanobiological sciences. 4 undergraduate hours. 4 graduate hours. Prerequisite: CHEM 102 and TAM 251.

ME 485 MEMS Devices & Systems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/ME/485/>)  
Same as ECE 485. See ECE 485.

ME 487 MEMS-NEMS Theory & Fabrication credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/487/>)  
Physical and chemical theory, design, and hands-on fabrication of micro- and nano-electromechanical systems (MEMS and NEMS); cleanroom fabrication theory, including general cleanroom safety, lithography, additive and subtractive processes, bulk and surface micromachining, deep reactive ion etching (DRIE), lithographic Galvanoformung Abformung (LIGA), packaging, scaling, actuators, and micro-nanofluids; fabrication of two take-home devices, such as piezoresistive sensors and microfluidic logic chips, that demonstrate advanced fabrication processing. 4 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 212.

ME 496 Honors Project credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/496/>)  
Special project or reading course for James Scholars in engineering. 1 to 4 undergraduate hours. No graduate credit. May be repeated. Prerequisite: Consent of instructor.

ME 497 Independent Study credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/ME/497/>)  
Independent study of advanced problems related to mechanical engineering. 1 to 3 undergraduate hours. No graduate credit. May be repeated in separate terms to a maximum of 6 hours, as topics vary. Prerequisite: Consent of Instructor. Students with Junior or Senior standing.

ME 498 Special Topics credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/498/>)  
Subject offerings of new and developing areas of knowledge in mechanical engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. 0 to 4 undergraduate hours. 0 to 4 graduate hours. May be repeated in the same or separate terms if topics vary to a maximum of 9 hours.

ME 501 Combustion Fundamentals credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/501/>)  
Fundamentals of kinetic theory, transport phenomena, chemical equilibria, and reaction kinetics; flames, their gross properties, structure, and gas dynamics including oscillatory and turbulent burning; solid and liquid propellant combustion; one-dimensional detonation theory including structure and initiation; three-dimensional and other complex detonation waves; supersonic burning. Same as AE 538. Prerequisite: AE 311 or ME 410.

ME 502 Thermal Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/502/>)  
Steady-state simulation and optimization of thermal systems, dynamic performance, and probabilities in system design. Prerequisite: ME 402.

ME 503 Design of IC Engines credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/503/>)  
Design of internal combustion engines, including gas forces, inertia loads, bearing analysis, torsional vibration, balance, lubrication, valve and cam design, and stress analysis of major engine components. Prerequisite: ME 403.

ME 504 Multiphase Systems & Processes credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/504/>)  
Dynamics and thermodynamics of multiphase and multicomponent systems with special relevance to air-pollution control and energy conversion; relaxation phenomena; general motion of systems of disparate elemental masses; diffusion in gravitational and electric fields, and boundary-layer motion with mass transport; dispersion and collection of particulate matter; transport with surface reactions. Prerequisite: ME 404.

ME 510 Advanced Gas Dynamics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/510/>)  
Theoretical gas dynamics; fundamental laws and basic equations for subsonic, transonic, and supersonic steady and unsteady flow processes. Same as AE 510. Prerequisite: ME 410.

ME 512 Physicochemical Hydrodynamics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/512/>)  
Introduces basic concepts of molecular diffusion in liquids with interactions due to stationary or flowing fluid. Uncharged and charged solutions/dispersions/suspensions of molecules, macromolecules, and particles are considered in enclosed and porous media flows. Particular emphasis is placed on analysis using the equations that govern concentration and velocity fields, flux and flow constitutive relations, driving forces, and transport properties and parameters. Applications are presented in energy, environmental, chemical, and biological systems. 4 graduate hours. No professional credit. Prerequisite: ME 420, ME 411, CEE 442, CEE 451, CHBE 421, or consent of instructor.

ME 520 Heat Conduction credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/520/>)  
Fundamentals of heat conduction in isotropic and anisotropic materials; methods of solution to steady and transient heat conduction problems in one, two, and three dimensions; internal heat sources; periodic flow of heat; problems involving phase change; approximate analytical techniques; numerical methods; study of current articles on the subject. Prerequisite: ME 420.

ME 521 Convective Heat Transfer credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/521/>)  
Fundamentals of convective heat transfer; calculation of heat transfer within ducts and over submerged objects for laminar and turbulent flow; natural convection; film condensation and boiling; liquid metals. Prerequisite: ME 411.

ME 522 Thermal Radiation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/522/>)  
Fundamentals of radiant-energy transport in absorbing and nonabsorbing media; pyrometry; applications to selected problems involving combined energy-transport mechanisms. Prerequisite: ME 420.

ME 523 Nanoscale Energy Transport credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/523/>)

An advanced treatment of diverse transport phenomena at the nanometer scale involving solids, liquids and gases emphasizing common features in transport by molecules, electrons, phonons, photons, and other quasi-particles of interest, oriented toward applied research in the areas of nanoscale heat transfer and nanoscale energy conversion. Topics include intermolecular forces at surfaces and in the bulk, momentum and species transport in microfluidics, linear response theory, free molecular flow in gases, electron and phonon transport in crystals, Boltzmann equation and its moments, ballistic and diffusive transport, thermoelectric energy conversion, interfacial transport, energy transport in nanostructures and radiative transport in the near-field. Approved for letter and S/U grading.

ME 530 Fatigue Analysis credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/530/>)

Fatigue analysis methods for the design of structures and components: stress-life, strain-life, and crack-propagation approaches; multiaxial and high-temperature fatigue; interrelationship among material properties, geometry, and design methodology appropriate for a wide range of mechanical engineering components. Prerequisite: ME 430.

ME 531 Inelastic Design Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/531/>)

Material deformation under combined mechanical and thermal loading; constitutive equations and their application in engineering design and in inelastic finite element methods; material and structural degradation under fatigue and creep conditions. Prerequisite: ME 471 and ME 430.

ME 532 Fracture Resistant Design credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/532/>)

Application of fracture mechanics and microstructural behavior to materials selection for design; practical approximation of linear and inelastic fracture parameters for evaluation of complex components; destructive and nondestructive tests for control of toughness in manufacture; residual life assessment involving time-dependent fracture (creep, fatigue, stress, corrosion); case studies; design project. Prerequisite: ME 430.

ME 533 Physical Basis for Plasticity credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/533/>)

Physical and mathematical foundation for plasticity in crystalline materials, with application to deformation processes. Metal forming; deformation processes in other materials, such as slip in geological materials and polymers; rate dependence of plastic flow, with underlying physical mechanisms; kinetics of dislocation motion, mechanisms of work hardening, and crystallographic texture; theoretical framework for modeling the constitutive response of rate-dependent materials undergoing crystallographic slip, and allied computational procedures. Prerequisite: TAM 445.

ME 540 Control System Theory & Design credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/540/>)

Same as ECE 515. See ECE 515.

ME 541 Control of Machine Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/541/>)

Modeling machining processes and machine tools. Mechanistic modeling of machining processes, machine-tool errors, characterization of machined surfaces, machine-tool system dynamics and stability, and topics in motion control. 4 graduate hours. No professional credit. Prerequisite: ME 340 and ME 270.

ME 544 Dynamic System Reliability credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/544/>)

Same as ECE 554. See ECE 554.

ME 546 Analysis of Nonlinear Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/546/>)

Same as ECE 528 and SE 520. See ECE 528.

ME 550 Solidification Processing credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/550/>)

Principles of control of structure, properties, and shape in processes involving liquid-solid transformations; stresses, heat flow, mass transport, solute redistribution, and nucleation and growth kinetics; relationship between process variables and structures and properties in the resultant material; examples are drawn from existing commercial and new developing processes. Prerequisite: ME 450.

ME 554 Computational Process Modeling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/554/>)

Development and application of computer models to solve practical problems involving fluid flow, heat transfer, and deformation phenomena. Advanced topics in computational methods for materials process modeling; case studies. Same as CSE 561. Prerequisite: ME 412 or ME 471; ME 450.

ME 561 Convex Methods in Control credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/561/>)

Use of convex optimization in analysis and control of dynamical systems; robust control methods and the use of semidefinite programming; linear matrix inequalities, operator theory, model reduction, H-2 and H-infinity optimal control, S-procedure and integral quadratic constraints, structured singular value and mu-synthesis, and Markovian jump systems; applications in control design. Prerequisite: ECE 515.

ME 562 Robust Adaptive Control credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/562/>)

Mathematical foundation for synthesis and analysis of adaptive control systems: Lyapunov stability theory; methods of direct and indirect model reference adaptive control; recent methods, such as L1 adaptive control, that enable adaptive control with desired transient and steady-stage performance specifications. Prerequisite: Any of ECE 486, ECE 515, ECE 528, GE 424, ME 460.

ME 570 Nonlinear Solid Mech Design credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/570/>)

Optimality conditions; finite element methods; design sensitivity analysis; nonlinear analysis; transient analysis; thermo-mechanical solid mechanics. Same as AE 524. 4 graduate hours. No professional credit. Prerequisite: One of AE 420, CEE 470, ME 471, TAM 470; TAM 445, TAM 551.

ME 586 Mechanics of MEMS credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/586/>)

Mechanics and dynamics of microelectromechanical systems (MEMS); scaling laws in electrostatics, magnetics, and fluidics; analytical models for thin-film growth and etching; effect of surface tension in small dimensions in relations to stability of MEMS during web fabrication; size effects on mechanical properties of MEMS materials; equations of motion for MEMS, involving coupled elastic and electric fields that give rise to nonlinear dynamical behavior; Mathieu behavior and chaotic systems. Prerequisite: ME 485.

ME 590 Seminar credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/ME/590/>)

Presentation and discussion of significant developments in mechanical engineering. Approved for S/U grading only. May be repeated.

ME 591 Interest Group Seminar credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/ME/591/>)  
Seminars on current topics in mechanical science and engineering. May be repeated in the same term if topics vary. May be repeated in separate terms.

ME 597 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/597/>)  
Independent study of advanced problems related to mechanical engineering. May be repeated in the same term or in separate terms if topics vary to a maximum of 12 hours. Prerequisite: Consent of instructor.

ME 598 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/ME/598/>)  
Subject offerings of new and developing areas of knowledge in mechanical engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. May be repeated in the same or separate terms if topics vary.

ME 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/ME/599/>)  
Approved for S/U grading only. May be repeated.

# MEDIA (MDIA)

MDIA Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MDIA/>)

## Courses

MDIA 100 College of Media Orientation credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MDIA/100/>)

College of Media Orientation is designed to build academic and social integrity and to give students the resources they need to be responsible members of the University of Illinois community who earn degrees in a timely manner.

MDIA 199 Special Topics credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/199/>)

Subject offerings of new and developing areas of knowledge and practice in the fields of media. The course is intended to augment the existing curriculum. See Class Schedule or college course information for topics and prerequisites. Approved for letter and S/U grading. May be repeated in the same term to a maximum of 6 hours if topics vary; may be repeated in separate terms to a maximum of 12 hours if topics vary.

MDIA 223 Watching the Environment credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/223/>)

This course examines how films portray the health environment and the need for environmental protection. The course focuses on series of questions including: To what extent does a film suggest that the world has environmental concerns? What are the constraints that narrative form, production routines, financing and distribution put on representing environmental problems and environmentalists? Is the information in the film to be trusted? In documentaries, are physical and social scientists' explanations of environmental problems and solutions reliable? What cues can we use from within and outside the film to evaluate the film for credibility? During the course participants will compare the science and economics of selected environmental issues with film presentations, examine what drives of environmental participation (and the limits of film in presenting science), and look at the constraints of producing special interest versus broad distribution films on presentations of the environment. Class includes viewing blockbuster, Oscar, and award-winning documentaries. Lecture attendance is mandatory. Same as NRES 223.

This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci

MDIA 290 Undergraduate Open Seminar credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/290/>)

Experimental course on special topics pertinent to the disciplines studied within the College of Media. Topics will vary. Approved for letter and S/U grading. May be repeated in the same or separate terms to a maximum of 6 hours if topics vary.

MDIA 299 Media Study Abroad credit: 0 to 18 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/299/>)

Provides credit toward the undergraduate degree for study at accredited foreign institutions or approved overseas programs. Final determination of credit is made upon the student's completion of the work. Approved for letter and S/U grading. May be repeated in separate terms to a maximum of 44 hours. Prerequisite: One year of residence at UIUC, good academic standing, and prior approval of the College of Media.

MDIA 390 Special Topics in Media credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/390/>)

Special topics course focusing on cultural, economic, historical, political, and social themes and issues that influence or are influenced by the media. Topics will vary. Additional fees may apply. See Class Schedule. Approved for Letter and S/U grading. May be repeated for a maximum of 6 hours if topics vary. Prerequisite: One year of Media courses, Junior or senior standing in the College of Media, or consent of instructor.

MDIA 400 Special Topics credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/400/>)

Varying topics including the cultural, social, historical, legal, economic, political, and other issues that influence or are influenced by Media. 1 to 3 undergraduate hours. 1 to 3 graduate hours. May be repeated in the same or separate terms to a maximum of 6 hours if topics vary. Prerequisite: Previous classes in either AGCM, ADV, JOUR, or MACS.

MDIA 512 History of Libraries credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/512/>)

Same as IS 512. See IS 512.

MDIA 524 Dev Psycholinguistics credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/524/>)

Same as LING 524 and PSYC 524. See PSYC 524.

MDIA 525 Psycholinguistics credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/525/>)

Same as LING 525 and PSYC 525. See PSYC 525.

MDIA 560 Feminist Media Studies credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/560/>)

Addresses major areas of theoretical debate or interest in the broad topic of "Feminist Media Studies" and looks in depth at a number of theoretical issues which define it. Develops an understanding of historical, psychoanalytic, interpretive, and social scientific approaches to the study of film and television texts, their reception, and their production. Readings are extensive and directed toward illustrating the range of theoretical and empirical approaches applied to addressing questions of central interest in the field. Viewings will emphasize some lesser-known historical texts central to theoretical debates in the field. Viewings and readings are focused on "popular" film and television. Same as GWS 560.

MDIA 568 Political Economy of Comm credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/568/>)

Analyzes the structure, policy, and behavior of such media of communication as newspapers, magazines, books, postal service, telegraph, telephone, broadcasting, and film; special emphasis on their relationships to the political order and the economy. Prerequisite: Consent of department.

MDIA 570 Popular Culture credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/570/>)

Examines problems of cultural analysis related to the media of communications and the social implications of communications research.

MDIA 571 Proseminar I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/571/>)

Addresses the mass media of communications, their role as social institutions, and their control and support. Examines evolution of research on mass media content, audience, and effects. Prerequisite: Consent of department.

MDIA 572 Proseminar II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/572/>)

Addresses the problems of communications, including the individual as a communicating system, symbolic processes, analysis of messages, psycholinguistics, and language as social behavior. Prerequisite: Consent of department.

MDIA 573 Freedom of Expression credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/573/>)

Examines the development of the Anglo-American press system and the idea of freedom of the press; explores contemporary mass media and their implications for freedom and democracy.

MDIA 575 Cultural Studies and Critical Interpretation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/575/>)

Same as EPOL 529 and EPS 575. See EPS 575.

MDIA 577 Philosophy of Technology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/577/>)

Introduces students to those thinkers who understand technology philosophically as a central component in modern culture. Examines major perspectives on the nature of technology, rooted in Norbert Weiner, Karl Marx, and Martin Heidegger. Links media technologies, information systems, and global communications background problems and basic issues to technology more generally. Develops instrumentalism, feminist and critical approaches, ethical concerns, and alternative technologies in the context of technology as a cultural activity.

MDIA 578 Communication Ethics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/578/>)

This course introduces the latest literature in, or directly relevant to, communication, media and information ethics. It examines current efforts in applied and professional ethics, feminist ethics, and social ethics to develop ethical models that are cross-cultural, gender inclusive and international. The major ethical issues are considered in such areas as global communication, new media technologies, information systems, news, and entertainment.

MDIA 580 Advanced Interpretive Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/580/>)

Same as SOC 580. See SOC 580.

MDIA 590 Special Topics credit: 2 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/590/>)

May be repeated in the same or in multiple semesters if topics vary.

MDIA 592 Quantitative Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/592/>)

Introduces the methods of empirical research in the behavioral sciences applicable to research problems in human communication, with emphasis on studies of mass communication. Lectures, readings, and laboratory practice.

MDIA 593 Qualitative Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/593/>)

Introduces qualitative concepts and strategies in the social sciences and humanities which apply to research problems in mass communications.

MDIA 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/MDIA/599/>)

Approved for S/U grading only. May be repeated to a maximum of 16 hours.

# MEDIA AND CINEMA STUDIES (MACS)

MACS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MACS/>)

## Courses

MACS 100 Intro to Popular TV & Movies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/100/>)

The goal of this course is for students to begin to develop a critical understanding of the role of popular movies and television in their own lives and in U.S. culture. The course looks at issues of the relationship of media to social violence, gender identities, sexual identities, adolescents, minority cultures, and the role of the U.S. media globally. It also considers some of the major media genres that characterize U.S. popular television and movies.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

MACS 101 Intro to the Media credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/101/>)

Introduces students to core issues in communication, ranging from the role of language in human history to political questions posed by electronic and digital technologies. Exploring key contemporary problems through timely readings, students learn and write about how the media affect everyday life. Prerequisite: Freshman or sophomore standing.

MACS 104 Introduction to Film credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/104/>)

Same as ENGL 104. See ENGL 104.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

MACS 117 Shakespeare on Film credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/117/>)

Same as ENGL 117. See ENGL 117.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

MACS 140 Smartphone Cinema credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/140/>)

Smartphone Cinema will give students an introduction to the basic components, strategies, methodology, vocabulary and techniques used to create short films and other media in a professional way using their own smartphones. Classwork will include viewing and discussion examples as well as practical instruction in video production from initial script through shooting and editing. Students will learn through practical exercises and will produce their own audiovisual projects. Lab work will consist of theoretical and practical case discussions, through a total of five different filming exercises. Students will work in groups of 2 to 5 people depending on the exercise, and they will complete those five projects outside of class time. In addition, class sessions will include training sessions in the lab, learning smart phone camera operation, and digital editing. Credit is not given for MACS 140 if credit for MACS 199: Smartphone Cinema has already been given.

MACS 150 Introduction to Digital Media Production credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/150/>)

An introduction to aesthetic, conceptual, and technical skills needed to create audiovisual media for digital distribution. Students will learn to communicate and creatively express themselves through new and emerging technologies while becoming more critical digital media consumers and producers. No prior media production experience or equipment is necessary to enroll. Additional fees may apply. See Class Schedule.

MACS 166 Contemporary Media Literacy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/166/>)

Develops critical media production skills to assess the importance of new media in contemporary culture. The course emphasizes both social and technical aspects of media. As part of the course, students prepare their own media and evaluate current media literacy projects.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

MACS 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/199/>)

May be repeated to a maximum of 12 hours in separate semesters if topics vary.

MACS 202 Social Aspects Info Tech credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/202/>)

Same as INFO 202 and IS 202. See IS 202.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

MACS 203 Contemporary Movies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/203/>)

Provides a critical context for recent international cinema by exploring several kinds of genres, aesthetics, and technologies. We will discuss transnational trends in cinema relating to the influence of other media such as gaming, social networking, and personal electronics, as well as consider impacts of economic structures of global filmmaking production and exhibition. We will view popular and art movies, and query longstanding categories such as the teen pic, "woman's" film, and documentary.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

MACS 204 Gender in Gaming credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/204/>)

Same as ENGL 277 and GWS 204. See GWS 204.

MACS 205 Introduction to Documentary credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/205/>)

This course introduces students to one of the fastest growing areas in media today: the documentary. It's designed for students who want to expand their knowledge and appreciation of documentaries in all their forms. Using weekly in-class screenings, discussion, readings, and writing, students will examine a wide variety of documentaries, looking at their styles, purposes, and storytelling "voices", as well as learning the language and other fundamentals of documentary. We will also cover some of the basic methods involved in planning and creating a documentary. Please note: this is NOT a hands-on production course. Prerequisite: Sophomore standing or above required.

MACS 207 Indian Cinema in Context credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/207/>)

Same as CWL 207. See CWL 207.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Non-West

MACS 211 Intro to African-American Film credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/211/>)

Examination of the history, theory, and aesthetics of African-American filmmaking from the silent era to the present. Films are analyzed within their sociocultural contexts, with particular attention to how constructions of race, identity, and community interact with class, gender, and sexuality; and the link between film and other forms of Black expressive culture. The impact of African-American film on popular culture, links to the African Diaspora, and relations with other communities of color will also be discussed. Same as AFRO 211. This course satisfies the General Education Criteria for: Cultural Studies - US Minority

MACS 224 Sportsmedia Technology & Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/224/>)

This course is designed for students who are curious about (a) how new technologies are changing sportsmedia cultures, and (b) the kinds of knowledges and skills needed to effectively engage with this powerful cultural and economic industry. We'll use four primary focal points (ESPN, Sport Fandom, Action-Sports, Data Production / Smart Stadiums) to help us understand today's sportsmedia cultural industry's challenges and possibilities, and the kinds of challenges and possibilities that the sportsmedia cultural industry creates for society. We'll also use our course focal points and related industry websites to concretize the key concepts (drawn from theoretical readings and applied studies in media studies, sociology, sport studies, and technology studies).

MACS 227 Studies in Black Television credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/227/>)  
Same as AFRO 227. See AFRO 227.

MACS 250 Latina/os on the Bronze Screen credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/250/>)  
Same as LLS 250. See LLS 250.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - US Minority

MACS 260 Film Production credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/260/>)

This course serves as an introduction to the many phases of narrative film production. Students will explore—through technical application—the formal qualities of motion pictures and the ways that film communicates space and time, stories, and experiences. Through lectures and labs, students will learn the technical skills and concepts that will enable them to complete a number of production projects outside of class. They will also gain a fundamental grounding in all of the essential skills of the film production workflow. This course is a prerequisite for all upper-level MACS cinema production courses. Additional fees may apply. See Class Schedule. Prerequisite: MACS 140 OR MACS 150 OR sophomore standing. Sophomore standing required unless credit has been given for MACS 140 or MACS 150.

MACS 261 Survey of World Cinema I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/261/>)

Survey of world cinema considered from stylistic, cultural, institutional, and technological perspectives. Covers the history of film from its origins through the 1940s. Lectures, discussions, and screenings of selected films.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

MACS 262 Survey of World Cinema II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/262/>)

Survey of world cinema considered from stylistic, cultural, institutional, and technological perspectives. Covers the history of film from the 1940s to the present day. Lectures, discussions, and screenings of selected films.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

MACS 264 Creative and Information Economies credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/264/>)

An introduction to the political economy of the media in the U.S. The purpose of the class is to acquaint students with a core understanding of how the media system operates, and with what effects, in a capitalist society. The course examines the role of advertising, public relations, corporate concentration, and government regulation upon journalism, entertainment, culture, and participatory democracy. The class also examines issues such as the Internet, globalization, and public broadcasting.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

MACS 265 Innovation Illinois: From Accessible Design to Supercomputing Cultures credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/265/>)

Innovation Illinois introduces the histories of UIUC interdisciplinary innovations that brought together students and researchers in engineering, humanities, sciences and the arts. We will explore how local histories of Illinois innovations help us understand today's innovation trends and processes, from the growth of new design centers on university campuses to contemporary accessibility design, online education, and electronic music. As part of a final research project, students will be introduced to the basics of video editing and will team produce a short-form video using various primary sources. Same as CS 265 and IS 265.

MACS 266 Community Innovation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/266/>)

Course information: Same as IS 266. See IS 266.

MACS 273 American Cinema, 1950-2000 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/273/>)

Same as ENGL 273. See ENGL 273.

MACS 275 Am Indian and Indigenous Film credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/275/>)

Same as AIS 275 and ENGL 275. See AIS 275.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - US Minority

MACS 282 *A World of Death and Blood: The Horror Movie* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/282/>)  
 MACS 282 offers a deep dive into the phenomenon of the Horror Movie. Through the semester we will explore the enduring fascination with the act of scaring one's self in public. Our class' first section will discuss tendencies within the narrative itself, the frequent stylistic flourishes deployed by its storytellers and the subtexts these experiences inevitably articulate. The next section will visit a few of the many discourses addressed by the Horror Movie while noting some of the reoccurring themes and motifs that emerge and intersect across the films we will screen. Finally, the Semester will close with a consideration of the Horror Spectacle: the tactics these pictures utilize to keep audiences in seats and eyes on the screen. Through the coming weeks we will discuss the social, political and cultural implications of the Horror Movie's expressions of gender, sexuality, race, religion, science, and philosophy.

MACS 284 *Animated Media from Mickey to GIFs* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/284/>)  
 This course examines the technological, stylistic, industrial, and cultural history of animated media from the late 19th century to the present day. Topics covered include animation in the silent era, Disney and Warner Bros., Japanese anime, television animation, abstract animation, cartoons and race, computer-generated animation, GIFs, and motion capture. Weekly required screenings. Using source footage and voiceover narration, students will create several video essays that offer an original analysis of animated works in a historical context.

MACS 295 *Intro Media/Cinema Topics* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/295/>)  
 Introduction to the study of special topics in media and cinema studies, including cultural, social, historical, economic, and/or political issues in media and/or cinema. Topics vary but may include: genres, stars, historical movements, thematic studies, television, convergence culture, new media. Additional fees may apply. See Class Schedule. May be repeated in the same or separate terms to a maximum of 6 hours if topics vary.

MACS 300 *Topics in Film and History* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/300/>)  
 Same as HIST 300. See HIST 300.

MACS 317 *Media History* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/317/>)  
 Presents the nature and development of communication systems; history of communication media; history of journalism, advertising, and broadcasting; and communications in the modern world.

MACS 320 *Popular Culture* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/320/>)  
 Examines the critical literature on mass media entertainment; reviews significant contemporary issues and develops perspectives for understanding popular culture.

MACS 321 *Film Culture* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/321/>)  
 Introduces students to key issues of, major theoretical approaches to, and current debates about the cultural function of films. Course addresses theories of spectatorship, the politics of pleasure, the culture of entertainment, and the cinematic construction of race, class, and gender.  
 This course satisfies the General Education Criteria for:  
 Cultural Studies - Western

MACS 322 *Politics and the Media* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/322/>)  
 Same as CMN 325 and PS 312. See PS 312.

MACS 323 *Studies Film/Media Production* credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/323/>)  
 Provides analytical framework for pursuing film/media production. Emphasizes critical analysis of various aspects of production: e.g., scriptwriting, storyboarding, cinematography, editing, set and costume design, location and studio shooting, sound. Covers theories of representation, narrative, meaning-making, experimentation, and audience in relation to film/media production practices. Does not, however, teach students how to do film and media production (e.g., how to work a camera, etc.). Therefore, students must come to the course with experience in film and/or media production (can be self-taught). Both individual and group projects are encouraged. Students should expect to work as crew for other students in class. Culminates in a public screening at which students present an analysis of their own project—both the process and the finished product. To apply for course, students (individually or in groups) must propose an idea or concept for a film/media project they would like to produce during the class. May be repeated in separate terms to a maximum of 6 hours. May be repeated by students who wish to pursue a longer project in two consecutive semesters (may include summer). Students may not repeat the course to pursue separate projects. Prerequisite: Consent of instructor.

MACS 326 *New Media, Culture & Society* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/326/>)  
 Digital media is an immensely pervasive and powerful form of communication that despite its rapid growth has yet to reach most of the world's population. This lecture-based survey course for undergraduates traces the history and formation of personal computing and the Internet, the development of virtual communities and virtual worlds, evolving forms of digital representation and communication, digital visual cultures, features of new media industries, and the rise of participatory media. Evaluation and assessment is based on written exams, quizzes, class discussion in section, and practice-based assignments using new media technologies such as wikis, blogs, games, and digital video. Emphasis is on mastering key concepts of digital media through theory and history, and on critical discussion of distinctive features of digital media objects. Lectures and discussion sections are held in computer-equipped classrooms. Same as INFO 326.

MACS 331 *Media and Democracy* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/331/>)  
 Studies the philosophical bases of the functions and the responsibilities of mass communications.

MACS 335 *Film, TV, and Gender* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/335/>)  
 Same as GWS 335. See GWS 335.

MACS 345 *Digital & Gender Cultures* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/345/>)  
 Same as GWS 345, INFO 345, and SOC 345. See GWS 345.

MACS 346 *Case Study: Endless Summer* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/346/>)  
 Same as KIN 346 and RST 346. See KIN 346.

MACS 351 *Social Aspects of Media* credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/351/>)  
 Explores media structures in relation to cultural content and social functions; examines problems of life and society as treated in mass-produced communications.  
 This course satisfies the General Education Criteria for:  
 Social Beh Sci - Soc Sci

MACS 352 Attitude Theory and Change credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/352/>)

Same as PSYC 352. See PSYC 352.

MACS 356 Sex & Gender in Popular Media credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/356/>)

Examines the notion that the mass media influence our development as gendered individuals, looking at those who argue for and against this notion. Considers different forms of feminist theory applied to the study of mass media, the history and scholarly criticisms of the media and their portrayal of women, and feminist attempts to create alternatives to mainstream media images. Throughout, the course considers representation of minorities in the dominant media and examines newly created alternative representations. Same as GWS 356.

This course satisfies the General Education Criteria for: Cultural Studies - Western

MACS 361 Film Theory and Criticism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/361/>)

Study of major aesthetic and critical theories about film; study of theory and practice of film criticism.

MACS 364 Topics in Media Business credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/364/>)

Addresses the business, industry, and economic implications of the interaction of Internet, television, radio, film, and print outlets through digitization-driven platform and interactive technologies. Explores historical and emergent business models, ownership and work patterns, and investment arrangement related to media convergence. Investigates novel forms of individual and collective labor structures and globally distributed modes of production and consumption. Includes attention to economic and scholarly models seeking to analyze media business structures. Specific topics vary by semester, but may include Google, Disney, and Hollywood studio system, or activist media organizations. May be repeated for a maximum of 6 hours if topics vary.

MACS 365 Asian American Media and Film credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/365/>)

Same as AAS 365. See AAS 365.

MACS 370 Cinematography and Sound credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/370/>)

This course will teach students advanced principles of sync-sound moving image production, including cinematography, lighting, sound recording, and production logistics. With an emphasis on dramatic visual storytelling, students will produce five scenes from existing scripts, rotating the production roles of director of photography, assistant camera, gaffer, mixer, and boom operator for each script. Directing, editing, and color grading will be covered, and students will be responsible for casting, location scouting, and set-building in order to successfully produce each scene. Students will leave the course knowing the interworking of a film crew, the operation of digital cinema technologies, and advanced visual and aural aesthetics and techniques for narrative filmmaking. This course is a prerequisite for MACS 480/481, the department's capstone seminar in advanced cinema production. Additional fees may apply. See Class Schedule. Prerequisite: MACS 260: Film Production.

MACS 371 Editing and Post-production for Cinema credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/371/>)

Students in this course focus on the theory and practice of video editing and post-production. Through weekly assignments and four larger projects, they gain a thorough understanding of narrative editing techniques, color correction, audio post-production and the requisite software. The class covers the art of post-production and how post-production affects narrative function in moving picture media (concentrating on cinema, but looking as well at music videos and television). Assignments include editing a short film, color correction, and sound editing/mixing, among others. Strongly suggested for students who wish to be considered for the editing and postproduction positions in MACS 480/481. Requires MACS 260 as prerequisite. Credit is not given for MACS 371 if credit for MACS 323: Video and Audio Postproduction has been given. Prerequisite: MACS 260: Film Production.

MACS 372 Screenwriting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/372/>)

This course examines the practice of writing for the screen. Students will better understand the fundamentals of visual storytelling and learn standard formats of screenwriting. In a classroom environment that combines lecture, screening, film analysis, and workshop discussion of students' work, the student will be exposed to a wide variety of concepts related to the preparation and writing of the screenplay. Special emphasis will be given to the ideas of plot structure and character development, the two pillars on which the screenplay is built. This intensive scriptwriting class is intended to 1.) help students create a variety of writing tools and short scenes that will serve as the building blocks for 2.) constructing, writing and revising a short narrative screenplay. Issues of industry professionalization with regard to screenwriting will also be covered. Prerequisite: MACS 260: Film Production.

MACS 373 Special Topics in Film Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/373/>)

Same as ENGL 373. See ENGL 373.

MACS 375 Latina/o Media in the US credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/375/>)

Examines the portrayal and participation of Latinas and Latinos in the U.S. media using a variety of interdisciplinary approaches. Addresses historical and political movements that have been critical to Latina/Latino print, broadcast, and electronic communication within the broader context of cultural diversity. Same as LLS 375.

MACS 377 Global Communications credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/377/>)

Introduces students to the multiple dimensions of cross-national and comparative communications. Specific topics will vary according to instructor's focus, but may include human dimensions of global communication, intercultural communication, media impact, structure and processes of institutional communication (i.e. propaganda, diplomacy).

MACS 380 21st Century Documentaries credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/380/>)

Documentary has exploded in the past decade, with more being created, screened and watched than at any time in history. But what has this growth meant to documentary, and how has it impacted what we see on screen and how documentary stories are being told? We will examine the changes and trends taking place in film and television documentaries over the past decade. We will watch and analyze a variety of contemporary documentaries, examining some of the different stylistic, production, and story-telling methods that have developed over this time. If you enjoy watching documentaries and want to learn more about them, you will find this an enjoyable and thought-provoking course.

MACS 381 Black Women and Film credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/381/>)  
Same as AFRO 381. See AFRO 381.

MACS 382 French & Comparative Cinema I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/382/>)  
Same as CWL 387 and FR 387. See FR 387.

MACS 383 French & Comparative Cinema II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/383/>)  
Same as CWL 389 and FR 389. See FR 389.

MACS 389 International Communications credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/389/>)  
Provides an interdisciplinary approach to international communications; its structure and content; the role of international communications in conflict and conflict resolution; the semantics of international communication; the technical and economic aspects of international mass communications; and government-industry relations in communications. Same as PS 389.

MACS 391 Individual Study credit: 0 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/391/>)  
Individual research and exploration of media and cinema studies topics under the guidance of a faculty advisor. May be repeated in the same or in multiple semesters, if topics vary. Prerequisite: Consent of instructor.

MACS 395 Special Media/Cinema Topics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/395/>)  
Cultural, social, historical, economic, and/or political issues in media and/or cinema; topics vary but may include: genres, historical movements, thematic studies, television, convergence culture, new media. May be repeated to a maximum of 6 hours if topics vary.

MACS 408 TV Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/408/>)  
Examines factors reshaping TV and its relationship to culture, including genres, industry practices (advertising, production, distribution), new media technologies (YouTube, Twitter, and newer developments), and computer gaming. Analyzes places/spaces of television, mobility, surveillance, television as instruction/guide (dating, cooking, fashion), citizenship, consumption, and TV in everyday life. Focuses on contemporary aspects of TV, with some attention to earlier forms and practices of television. Students required to view and analyze some television programs outside of class. 3 undergraduate hours. 4 graduate hours.

MACS 410 Media Ethics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/410/>)  
Surveys the major ethical problems in news, advertising, publications and entertainment media; includes case studies and moral reasoning on confidentiality, privacy, conflicts of interest, deception, violence, and pornography. 3 undergraduate hours. 4 graduate hours.

MACS 419 Russian & East European Film credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/419/>)  
Same as SLAV 419. See SLAV 419.

MACS 423 Language Acquisition credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/423/>)  
Same as LING 423 and PSYC 423. See PSYC 423.

MACS 425 Intro to Psycholinguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/425/>)  
Same as LING 425. See LING 425.

MACS 432 Commodifying Difference credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/432/>)  
Same as AAS 435, AFRO 435, GWS 435, and LLS 435. See LLS 435.

MACS 461 Politics of Popular Culture credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/461/>)  
Same as AIS 461. See AIS 461.

MACS 464 Film Festivals credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/464/>)  
Examines the history and significance of film festivals: What they mean for the film industry (marketing, distribution, production), audiences (both at the festival and beyond), film history, and the evolution of filmmaking. Covers specific local, national, and international festivals including festivals focused on particular issues (e.g., Chicago International Children's Film Festival, San Francisco International Asian American Film Festival, Miami Gay and Lesbian Film Festival, and our own local IUB 48-Hour Film Contest). Coordinated with Roger Ebert's Film Festival (which is held in Champaign every April) including internship/volunteer opportunities, screenings, and meetings with guests. Class culminates with a UIUC student film festival, organized, judged, and sponsored by the class. 3 undergraduate hours. 4 graduate hours.

MACS 466 Japanese Cinema credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/466/>)  
Examines the influence of Japan's traditional aesthetics on its cinema and surveys its major film movements, genres, and directors. Same as CWL 467 and EALC 466. 3 undergraduate hours. 4 graduate hours. Prerequisite: One course in the College of Media or East Asian Languages and Cultures, or consent of instructor.

MACS 470 Topics in Italian Cinema credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/470/>)  
Same as ITAL 470. See ITAL 470.

MACS 480 Advanced Filmmaking credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/480/>)  
This is an intensive pre-professional course in cinema production. It is designed to provide advanced film production students with a workshop opportunity to refine their skills by making a 30-minute narrative film over the course of the semester. The main focus of the class will involve the cinematic treatment of a selected screenplay—from script to final edited stage. The philosophy of the class is learning by doing. Students will be instructed in the finer points of professional film production, including casting, rehearsal, scheduling, blocking, assembly, rushes, and other aspects of the workflow of fiction filmmaking. There will be a division of labor on each project. The class will be divided into two crews consisting of assigned positions. These positions are assigned by the instructor based on a student's previous performance in MACS production courses (particularly MACS 370). The positions are: Producer (production manager/assistant director, location scout), Director, Production Designer (promotion and graphics, unit still photographer; script supervisor), Director of Photography (assistant sound mixer), Assistant Camera (colorist), Gaffer (assistant colorist), Sound Designer (recording/mixer), and Editor (production designer's assistant; boom operator). Each group will collectively choose a short film to produce from a series of selected scripts. The semester will culminate in a public screening of the class projects of both groups. Additional fees may apply. See Class Schedule. 3 undergraduate hours. No graduate credit. Prerequisite: MACS 370: Cinematography and Sound Recording. Concurrent enrollment in MACS 481: Advanced Filmmaking Studio is required. Junior or Senior standing recommended for this course.

MACS 481 Advanced Filmmaking Studio credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/481/>)

This is an intensive pre-professional course in cinema production. It is designed to provide advanced film production students with a workshop opportunity to refine their skills by making a 30-minute narrative film over the course of the semester. The main focus of the class will involve the cinematic treatment of a selected screenplay—from script to final edited stage. The philosophy of the class is learning by doing. Students will be instructed in the finer points of professional film production, including casting, rehearsal, scheduling, blocking, assembly, rushes, and other aspects of the workflow of fiction filmmaking. There will be a division of labor on each project. The class will be divided into two crews consisting of assigned positions. These positions are assigned by the instructor based on a student's previous performance in MACS production courses (particularly MACS 370). The positions are: Producer (production manager/assistant director, location scout), Director, Production Designer (promotion and graphics, unit still photographer; script supervisor), Director of Photography (assistant sound mixer), Assistant Camera (colorist), Gaffer (assistant colorist), Sound Designer (recording/mixer), and Editor (production designer's assistant; boom operator). Each group will collectively choose a short film to produce from a series of selected scripts. The semester will culminate in a public screening of the class projects of both groups. 3 undergraduate hours. No graduate credit. Prerequisite: MACS 370: Cinematography and Sound Recording. Concurrent enrollment in MACS 480: Advanced Filmmaking Studio is required. Junior or Senior standing recommended for this course.

MACS 485 Making Video Essays credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/485/>)

This course examines the theory and practice of videographic criticism, a burgeoning scholarly practice in media and cinema studies, in a workshop-style environment. Through weekly parameter-based videographic exercises using pre-existing media of their choice, students will learn how to conduct videographic research by critically exploring media texts using non-linear editing software (Adobe Premiere Pro). A diverse variety of explanatory, algorithmic, and poetic approaches to the video essay will be covered. Assignments will include several videographic projects as well as a final synoptic video essay. An intellectual curiosity for the videographic medium is crucial, but no prior experience in media production or non-linear editing is required. Students will be responsible for storing and backing up their data, but all coursework will be conducted using University equipment and software. 3 undergraduate hours. 4 graduate hours. Credit is not given for MACS 485 if credit for MACS 496: Making Video Essays has been given. Prerequisite: Junior standing required.

MACS 490 Green Screen: Film and Nature credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/490/>)  
Same as EURO 489 and SCAN 490. See SCAN 490.

MACS 492 Scandinavian Cinema credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/492/>)  
Same as SCAN 492. See SCAN 492.

MACS 493 German Cinema I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/493/>)  
Same as GER 493. See GER 493.

MACS 494 German Cinema II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/494/>)  
Same as GER 494. See GER 494.

MACS 495 Internship Seminar credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/495/>)

Seminar based on internship experience. Offered for College of Media students who complete an approved internship. 0 to 1 undergraduate hours. No graduate credit. Approved for S/U grading only. May be repeated in the same term to a maximum of 2 undergraduate hours. May be repeated in separate terms to a maximum of 3 undergraduate hours. Prerequisite: Consent of instructor.

MACS 496 Advanced Media/Cinema Topics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/496/>)

Advanced study of cultural, social, historical, economic, and/or political issues in media and/or cinema; topics vary but may include national and transnational cinemas, directors, genres, historical movements, social and political movements, thematic studies, television, convergence culture, new media and media production. 3 undergraduate hours. 4 graduate hours. May be repeated in separate terms to a maximum of 6 undergraduate hours or 8 graduate hours, if topics vary. Prerequisite: One College of Media course or consent of instructor.

MACS 499 Senior Project credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/499/>)

Required of Media and Cinema Studies majors, a senior project (0 credits) to be completed in conjunction with a 300- or 400-level MACS course taken in their senior year. 0 undergraduate hours. No graduate credit. Approved for S/U grading only. Prerequisite: Consent of instructor and a completed/submitted MACS Senior Project Learning Agreement. Restricted to Senior Media and Cinema Studies majors.

MACS 503 Historiography of Cinema credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/503/>)

Seminar on historical perspectives on cinema as an institution, a body of signifying practices, a product to be consumed, a phenomenon of modernity, and a cultural artifact, and on cinema in relation to other screen media. Same as CWL 503 and ENGL 503.

MACS 504 Theories of Cinema credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MACS/504/>)

Seminar on influential theories and accompanying debates about the textual/extra-textual mechanisms and cultural/political impact of cinema and related screen media. Same as CWL 504 and ENGL 504.

# MEDICAL SCHOLARS PROGRAM (MSP)

---

MSP Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MSP/>)

## **Courses**

MSP 600 MSP: Pre-M1 Completion credit: 0 to 20 Hours. (<https://courses.illinois.edu/schedule/terms/MSP/600/>)

MSP 601 MSP: Post-M1 Completion credit: 0 to 20 Hours. (<https://courses.illinois.edu/schedule/terms/MSP/601/>)

MSP 620 Nursing Holding Sections credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MSP/620/>)

# MEDIEVAL STUDIES (MDVL)

MDVL Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MDVL/>)

## Courses

MDVL 111 Ancient to Medieval Art credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/111/>)

Same as ARTH 111. See ARTH 111.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

MDVL 122 Swords, Sorcery & Sex: The Middle Ages in Popular Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/122/>)

Same as ENGL 122. See ENGL 122.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

MDVL 201 Medieval Literature and Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/201/>)

Same as CWL 253 and ENGL 202. See ENGL 202.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

MDVL 216 Legends of King Arthur credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/216/>)

Same as CWL 216 and ENGL 216. See ENGL 216.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

MDVL 222 Medieval Art credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/222/>)

Same as ARTH 222. See ARTH 222.

MDVL 231 Northern Renaissance Art credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/231/>)

Same as ARTH 231. See ARTH 231.

MDVL 240 Italy Middle Ages & Renaiss credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/240/>)

Same as CWL 240 and ITAL 240. See ITAL 240.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

MDVL 245 Wives, Workers and Witches in Pre-Modern Europe credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/245/>)

Same as GWS 245 and HIST 245. See HIST 245.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

MDVL 247 Medieval Europe credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/247/>)

Same as HIST 247. See HIST 247.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

MDVL 251 Viking Mythology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/251/>)

Same as CWL 251, REL 251, and SCAN 251. See SCAN 251.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

MDVL 252 Viking Sagas in Translation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/252/>)

Same as CWL 252 and SCAN 252. See SCAN 252.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

MDVL 255 British Isles to 1688 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/255/>)

Same as HIST 255. See HIST 255.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

MDVL 344 Medieval Jewish Thought credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/344/>)

Same as JS 344 and REL 344. See REL 344.

MDVL 345 Medieval Civilization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/345/>)

Same as HIST 345 and REL 345. See HIST 345.

MDVL 346 The Age of the Renaissance credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/346/>)

Same as HIST 346 and REL 346. See HIST 346.

MDVL 403 European Education to 1600 credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/403/>)

Same as EPS 403 and HIST 440. See EPS 403.

This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil  
Cultural Studies - Western

MDVL 407 Introduction to Old English credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/407/>)

Same as ENGL 407. See ENGL 407.

MDVL 410 Topics in Medieval British and Irish Literature credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/410/>)

Same as CWL 417 and ENGL 412. See ENGL 412.

MDVL 411 Chaucer credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/411/>)

Same as ENGL 411. See ENGL 411.

MDVL 412 Medieval Architecture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/412/>)

Same as ARCH 412. See ARCH 412.

MDVL 413 Dante credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/413/>)

Same as CWL 413 and ITAL 413. See ITAL 413.

MDVL 414 Petrarch & Boccaccio credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/414/>)

Same as CWL 414 and ITAL 414. See ITAL 414.

MDVL 415 Classical Rhetorics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/415/>)

Same as CLCV 415 and CMN 415. See CMN 415.

MDVL 417 Topics in the History of Romance Languages credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/417/>)

Same as FR 417 and RMLG 417. See FR 417.

MDVL 420 Masterpieces Renaiss Lit credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/420/>)

Same as CWL 420 and ITAL 420. See ITAL 420.

MDVL 423 Romanesque Art credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/423/>)  
Same as ARTH 423. See ARTH 423.

MDVL 424 Gothic Art credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/424/>)  
Same as ARTH 424. See ARTH 424.

MDVL 431 Topics: Northern Art 1300-1500 credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/431/>)  
Same as ARTH 431. See ARTH 431.

MDVL 433 Fifteenth-Century Italian Art credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/433/>)  
Same as ARTH 433. See ARTH 433.

MDVL 440 Early Christian Thought credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/440/>)  
Same as REL 440. See REL 440.

MDVL 443 Byzantine Empire AD 284-717 credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/443/>)  
Same as HIST 443. See HIST 443.

MDVL 444 Medieval England credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/444/>)  
Same as HIST 445. See HIST 445.

MDVL 460 Medieval Latin credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/460/>)  
Same as LAT 460. See LAT 460.

MDVL 470 Middle Ages to Baroque credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/470/>)  
Same as GER 470. See GER 470.

MDVL 500 Seminar in Medieval Studies credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/500/>)  
Team-taught, interdisciplinary seminar on varying topics in Medieval Studies drawing on faculty from UIUC and invited scholars from other universities. Approved for letter and S/U grading. May be repeated to a maximum of 12 hours.

MDVL 501 Topics in Medieval Studies credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/501/>)  
Experimental and Temporary Courses. May be repeated in separate terms as topics vary.

MDVL 504 Genesis in History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/504/>)  
Same as REL 504. See REL 504.

MDVL 505 Old Norse-Icelandic I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/505/>)  
Same as SCAN 505. See SCAN 505.

MDVL 506 Old Norse-Icelandic II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/506/>)  
Same as SCAN 506. See SCAN 506.

MDVL 512 Seminar in Medieval Architecture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/512/>)  
Same as ARCH 512. See ARCH 512.

MDVL 514 Seminar in Medieval Literature credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/514/>)  
Same as ENGL 514. See ENGL 514.

MDVL 515 Middle High German credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/515/>)  
Same as GER 515. See GER 515.

MDVL 522 Seminar in Medieval Art credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/522/>)  
Same as ARTH 522. See ARTH 522.

MDVL 530 Old High German credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/530/>)  
Same as GER 530. See GER 530.

MDVL 540 Seminar in N. Renaissance Art credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/540/>)  
Same as ARTH 531. See ARTH 531.

MDVL 542 Problems in Medieval History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/542/>)  
Same as HIST 542. See HIST 542.

MDVL 543 Research Seminar: Medieval credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/543/>)  
Same as HIST 543. See HIST 543.

MDVL 570 Seminar Old French Literature credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/570/>)  
Same as FR 570. See FR 570.

MDVL 571 Medieval German Studies credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MDVL/571/>)  
Same as GER 571. See GER 571.

# METROPOLITAN FOOD & ENVIRONMENTAL SYSTEMS (MFST)

---

MFST Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MFST/>)

## Courses

MFST 101 Experiencing Food Systems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MFST/101/>)

This course uses a guided, discovery-based learning approach designed for students to understand, apply, and analyze key principles of a food system: what food is, where it comes from, how it gets to our plate, and what happens to food waste. Students will develop an understanding of the interrelatedness and interdependence of the food system components. Students will also "experience the food system" through activities related to food production, processing, retail, and post-consumption operations.

MFST 198 Food Systems Reflection credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MFST/198/>)

This course is the final course in a series needed to obtain a Food Systems Certificate. In this course, the students will link and construct meaning from the individual Certificate courses by developing their own view of a food system based on the previously learned concepts. In addition, this course will guide student reflection on their role in the food system. Approved for S/U grading only. Prerequisite: MFST 101, NRES 102, HORT 100, FSHN 120, and ACE 100. Concurrent enrollment in any of the prerequisite courses is allowed. Restricted to students enrolled in the Food Systems Certificate program.

MFST 301 Experiential Learning Preparedness & Planning credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MFST/301/>)

First of a three part "plan-do-review" series with the goal of immersing students in a professional metropolitan food and environmental systems-related experience. Students will learn what experiential learning is and what defines the best practices of an experiential learning experience. Students will actively participate in developing their learning experience, including defining what they want to learn and how their learning will be assessed. Approved for S/U grading only. Prerequisite: Restricted to students majoring in MFST.

MFST 396 Honors Research or Thesis credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MFST/396/>)

Individual research, independent study, special problems, thesis, development and/or design work under the direction of the instructor/Honors advisor. May be repeated in the same or subsequent semesters to a maximum of 12 hours. No more than 12 hrs may be counted towards degree. Prerequisite: Junior standing, admission to the ACES Honors Program, consent of instructor. Restricted to students majoring in MFST.

MFST 397 Experiential Learning credit: 3 to 9 Hours. (<https://courses.illinois.edu/schedule/terms/MFST/397/>)

This course is the second of a three part "plan-do-review" series with the goal of immersing students in a professional metropolitan food and environmental systems-related experience. In this course, students will complete the learning experience developed in MFST 301, including the previously defined learning objectives, work product, and grading rubric. At least two weeks of full-time (40 hrs of work) or its equivalent is required for each term hour of credit. May be repeated in the same or separate terms for a total of 9 credit hours. Credit is not given for more than 12 combined credit hours of MFST 397 and MFST 450. Prerequisite: MFST 301. Restricted to students majoring in MFST.

MFST 401 Experiential Learning Review and Reflection credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MFST/401/>)

This is the third of a three part "plan-do-review" series with the goal of immersing students in a professional metropolitan food and environmental systems-related experience. In this course, students will review and reflect on their previous MFST 397 "on-the-job" learning experience in multiple ways. Students will learn how to effectively communicate what they did and why it matters, how this job relates to other jobs in a food system, and how this job impacts the food system. 3 undergraduate hours. No graduate credit. Prerequisite: MFST 301 and MFST 397. Restricted to MFST majors.

MFST 450 Social Impact Learning Experience credit: 3 to 9 Hours. (<https://courses.illinois.edu/schedule/terms/MFST/450/>)

The objective of this course is for students to understand the direct impact of a food system on society through a service-learning or community-based learning activity. Using skills gained in MFST 301 and 397, students will find an organization to work with and complete the social impact learning experience. Students will reflect on the service activity in such a way as to gain further understanding of metropolitan food and environmental systems concepts, a broader appreciation of the discipline, and an enhanced sense of civic responsibility. At least two weeks of full-time (40 hrs of work) or its equivalent is required for each term hour of credit. 3 to 9 undergraduate hours. No graduate credit. May be repeated in the same or separate terms for a total of 9 credit hours. Credit is not given for more than 12 combined credit hours of MFST 397 and MFST 450. Prerequisite: MFST 301, MFST 397. Restricted to students majoring in MFST.

MFST 498 Metropolitan Food & Environmental Systems Capstone credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MFST/498/>)

The students will work in groups to develop a Champaign-Urbana Food System Report that provides an assessment and recommendations for regional planning around local food. Individual and group field trips will be required for the students to be exposed to how and where policies and infrastructure decisions are made and to meet with additional people involved in those decisions. 3 undergraduate hours. No graduate credit. Prerequisite: Restricted to seniors majoring in MFST.

# MICROBIOLOGY (MICR)

---

MICR Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MICR/>)

## Courses

MICR 590 Individual Topics credit: 1 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/MICR/590/>)

Approved for S/U grading only. May be repeated. Prerequisite: Consent of instructor.

MICR 595 Microbiology Graduate Seminar credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/MICR/595/>)

Required of all graduate students whose major is microbiology. Approved for S/U grading only. May be repeated. Prerequisite: Consent of instructor.

MICR 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/MICR/599/>)

Approved for S/U grading only. May be repeated.

# MILITARY SCIENCE (MILS)

MILS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MILS/>)

## Courses

MILS 101 Introduction to the Army credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/101/>)

Introduces you to the professional challenges and competencies that are critical for effective leadership and are pertinent for effective execution of the Profession of Arms. Cadets learn how the personal development of life skills such as critical thinking, time management, goal setting, stress management, and comprehensive fitness relate to leadership, and the Army profession. The focus is on developing basic knowledge and comprehension of Army leadership dimensions while gaining an understanding of the Reserve Officers' Training Corps (ROTC) program, its purpose in the Army, and its advantages for the student. Topics for this course include: Army Leadership, Fitness, Basic Map Reading and Land Navigation. Prerequisite: Course is intended for students who have less than 60 credit hours.

MILS 102 Introduction to the Profession of Arms credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/102/>)

This course introduces you to the professional challenges and competencies that are needed for effective execution of the profession of arms and Army communication. Through this course, you will learn how Army ethics and values shape the U.S. Army and the specific ways that these factors are inculcated into Army culture. You will gain a better understanding of the Laws of the Land Warfare and the Principles of War and how they affect and Army Leader's decision making process. You will understand the fundamentals of military and USGS map reading including methods such as intersection and resection, terrain association, and orienteering.

MILS 112 Leadership Laboratory credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/112/>)

Introductory practical application of military skills and leadership; includes basic military mountaineering and rappelling, first aid, individual marching and weapons familiarization. Field trip may be required. Approved for S/U grading only. May be repeated.

MILS 114 Leadership Laboratory credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/114/>)

Continuation of MILS 112 to include actual firing of weapons. Field trip may be required. Approved for S/U grading only. May be repeated.

MILS 120 Intro to US Armed Forces credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/120/>)

Surveys the four major branches of the United States military (Army, Navy, Marines, and Air Force) and their historical development into "Professions of Arms." Topics include historical surveys of each branch highlighting key historical developments, organization, structure and customs. Other topics include a discussion of the United States National Command Authority, United States joint military operations and structure, the relationship of the United States Military with its civilian constituency and a survey of emerging Department of Defense issues. Same as AFAS 120 and NS 120.

This course satisfies the General Education Criteria for: Humanities - Hist Phil

MILS 201 Leadership and Ethics credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/201/>)

Focuses on leadership and ethics. The course adds depth to the Cadets' knowledge of the different leadership styles. Cadets will conduct a leadership analysis of famous leaders and self-assessment of their own leadership style. The Army Profession is also stressed through understanding values, ethics and how to apply both to different situations they may encounter as a leader. Army Values and Ethics and their relationship to the Law of Land Warfare and philosophy of military service are also stressed. Students are then required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during a weekly lab facilitated by MS III Cadets, supervised by MS IVs and Cadre. Prerequisite: Course is intended for students who have less than 60 credit hours.

MILS 202 Leadership and Teamwork credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/202/>)

Fundamentals of rifle marksmanship. Systematic study of the maintenance, operation, and employment of the U.S. Army's primary individual weapon system, the M16 rifle. Also includes instruction on weapons safety, military marksmanship techniques and tactics, an introduction to risk assessment and management, and an integration of a live-fire M16 range. Includes field trips. Prerequisite: Only available to students who have less than 60 credit hours.

MILS 212 Leadership Laboratory credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/212/>)

Intermediate level practical application of military skills and leadership; includes mountaineering and rappelling, first aid, small unit marching, weapons firing, and physical fitness. Field trip required. Approved for S/U grading only. May be repeated.

MILS 214 Leadership Laboratory credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/214/>)

Continuation of MILS 212 to include military radio communication procedures and small unit tactics. Field trip required. Approved for S/U grading only. May be repeated.

MILS 301 Training Management and the Warfighting Functions credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/301/>)

The first in a sequence of courses specifically designed for Army ROTC Advanced Course Cadets. This academically challenging class will require you to will study, practice, and apply the fundamentals of Army Leadership, Officership, Army Values and Ethics, Personal Development, and small unit tactics at the squad level. At the conclusion of this course, you will be capable of planning, coordinating, navigating, motivating and leading a squad in the execution of a mission during classroom practical exercises, Leadership Labs, and during a Field Training Exercises (FTX). You will be required to write peer evaluations and receive feedback on your abilities as a leader as well as how to improve those leader skills that can further develop you in to a successful officer. This course includes reading assignments, homework assignments, small group assignments, briefings, case studies, practical exercises, a mid-term exam, and a final exam. You will receive systematic and specific feedback on your leader attributes and core leader competencies from your instructor, other ROTC cadre, and MS IV Cadets who will evaluate you using the Cadet Officer Evaluation System. Successful completion of this course will help prepare you for the ROTC Advanced Camp, which you will attend in the summer at Fort Knox, KY. Prerequisite: Successful completion of MILS 101, MILS 102, MILS 201 and MILS 202 is required to enroll in MILS 301. This course is intended for Army ROTC Cadets who have successfully passed the Basic Course or Basic Camp and are contracted into the Advanced Course.

MILS 302 Leadership and Ethics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/302/>)  
Principles of leadership including management practices and their relationship to leadership, problem solving, decision making, human behavior and motivation, superior-subordinate relations, and leadership problems in the military environment. Includes field practical application. Prerequisite: Successful completion of MILS 301 is required to enroll in MILS 302.

MILS 312 Leadership Laboratory credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/312/>)  
Advanced level practical application of military skills and leadership with emphasis on the student's ability to direct and supervise others; includes advanced land navigation, advanced first aid, platoon and company drill and ceremonies, and advanced communications procedures. Field trip required. Approved for S/U grading only. May be repeated.

MILS 314 Leadership Laboratory credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/314/>)  
Continuation of MILS 312 to include small unit tactics and patrolling techniques. Field trip required. Approved for S/U grading only. May be repeated.

MILS 322 Leadership Laboratory credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/322/>)  
Unique opportunity for advanced course students to fully plan, execute, and supervise the military training and activities of other military science students. Emphasis is on leadership, organizing and managing activities, decision making, and effective instructional techniques. Field trip required. Approved for S/U grading only. May be repeated.

MILS 324 Leadership Laboratory credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/324/>)  
Continuation of MILS 322. Field trip required. Approved for S/U grading only. May be repeated.

MILS 325 Independent Study credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/325/>)  
Supervised reading and research in a selected area of Military Science. May be repeated to a maximum of 6 hours.

MILS 341 Leadership and Management credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/341/>)  
Fundamentals of military law including Law of Land Welfare, the application of federal law to the military, and the military justice system. Examines ethics, values, and professional standards through case studies. Includes introductory instruction on training management. Prerequisite: Successful completion of MILS 301 and MILS 302 is required to enroll in MILS 341.

MILS 342 Officership credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MILS/342/>)  
Basic examination of all military management systems: personnel, supply, logistics, training, maintenance, finance, and administration. Includes instruction on military administrative skills - written and verbal communications, meeting management, and briefing techniques. Discusses motivation and counseling techniques. Basic instruction on Army environmental protection policies. Prerequisite: Successful completion of MILS 341 required to enroll in MILS 342.

# MODERN GREEK (GRKM)

---

GRKM Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/GRKM/>)

## Courses

GRKM 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/GRKM/199/>)

May be repeated in separate terms.

GRKM 201 Elementary Modern Greek I credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/GRKM/201/>)

Develops elementary proficiency in spoken and written Modern Greek, and introduces elements of cultural knowledge. Familiarizes beginning students with the Greek alphabet and modern Greek pronunciation rules, and introduces Modern Greek morphology and syntax. Emphasizes listening comprehension, reading skills, and basic conversational skills. Online language laboratory and internet assignments required. Same as GRK 251.

GRKM 202 Elementary Modern Greek II credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/GRKM/202/>)

Develops elementary proficiency in spoken and written Modern Greek, including familiarity with elements of cultural knowledge and Modern Greek morphology and syntax. Emphasizes listening comprehension, reading skills, writing and conversational abilities. Online language laboratory and internet assignments required. Same as GRK 252. Prerequisite: GRKM 201.

GRKM 403 Intermediate Modern Greek I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/GRKM/403/>)

Advances students' knowledge of Modern Greek grammar and vocabulary and enables them to converse in Modern Greek by exposing them to different uses of Modern Greek in day-to-day communication, and to expand their knowledge of Modern Greek culture. Online language laboratory and internet assignments required. Same as GRK 403. 4 undergraduate hours. 4 graduate hours. Prerequisite: GRKM 202 or consent of the instructor.

GRKM 404 Intermediate Modern Greek II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/GRKM/404/>)

Consolidates students' knowledge of Modern Greek grammar and vocabulary and enables them to converse in Modern Greek by exposing them to different uses of Modern Greek in day-to-day communication. Also offers an introduction to aspects of Modern Greek literature. In addition to listening comprehension and reading skills, the course emphasizes writing and conversational abilities. Online language laboratory and internet assignments required. Same as GRK 404. 4 undergraduate hours. 4 graduate hours. Prerequisite: GRKM 403 or consent of instructor.

GRKM 453 Advanced Modern Greek I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/GRKM/453/>)

Practice to enable students to attain conversational fluency and to become independent users of the language who deal effectively and with a good deal of accuracy with familiar communication situations. 3 undergraduate hours. 3 graduate hours. Prerequisite: GRKM 404 or consent of instructor.

GRKM 454 Advanced Modern Greek II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/GRKM/454/>)

Continued practice to enable students to improve their fluency and use Modern Greek effectively in a variety of contexts. 4 undergraduate hours. 4 graduate hours. Offered Spring terms only. Prerequisite: GRKM 453 or consent of instructor.

# MOLECULAR AND CELL BIOLOGY (MCB)

MCB Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MCB/>)

## Courses

MCB 100 Introductory Microbiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/100/>)

Introduction to the principal activities and properties of microorganisms, including bacteria, yeasts, molds, and viruses; consideration of the role of natural processes, such as photosynthesis; and man's use and control of microorganisms in the production of antibodies and vaccines in industrial fermentations, in sanitation and public health, and in agriculture. Credit is not given for both MCB 100 and MCB 300. Prerequisite: There are no prerequisites for MCB 100, but some chemistry is recommended.

This course satisfies the General Education Criteria for:

Nat Sci Tech - Life Sciences

MCB 101 Intro Microbiology Laboratory credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/101/>)

Laboratory introduction to the techniques employed in the investigation of microbial activities and properties; experiments designed to familiarize the student with the handling, identification, and characterization of microorganisms and their activities, particularly those of interest to man. Credit is not given for both MCB 101 and MCB 301. Prerequisite: Credit or concurrent registration in MCB 100.

MCB 150 Molec & Cellular Basis of Life credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/150/>)

Introductory course focusing on the basic structure, metabolic, and molecular processes (including membranes, energy metabolism, genes) common to all cells. Emphasis on unique properties that differentiate the major sub-groups of organisms (Archaea, Bacteria, plants, and animals), and will discuss how cells are integrated into tissues and organs in multicellular organisms.

This course satisfies the General Education Criteria for:

Nat Sci Tech - Life Sciences

MCB 151 Molec & Cellular Laboratory credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/151/>)

Introductory laboratory course focusing on basic techniques in molecular and cellular biology. Credit is not given for MCB 151 for students majoring in Molecular and Cellular Biology, or Integrative Biology; Credit is not given for both MCB 151 and MCB 251. Prerequisite: Concurrent enrollment in MCB 150.

MCB 170 Society and the Brain credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/170/>)

Presents recent findings concerning the brain-society interaction. The facts will span many levels, from molecular and cellular interactions, to the functions of specific brain regions, and on to the behaviors of individuals, groups and societies. Intended to bring a broad range of neurobiological data and ideas into an interesting and relevant context.

This course satisfies the General Education Criteria for:

Nat Sci Tech - Life Sciences

MCB 180 Human Reproduction & Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/180/>)

Lectures and discussions on topics in human reproduction where technological and clinical advances are having economic, social, and ethical consequences.

This course satisfies the General Education Criteria for:

Nat Sci Tech - Life Sciences

MCB 198 Internship credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/198/>)

Full-time or part-time internship at another University or an off-campus medical facility, research institute or other approved institution. Approved for S/U grading only. May be repeated. Prerequisite: For MCB and Biochemistry majors only.

This course satisfies the General Education Criteria for:

UIUC: Ugrad Zero Credit Intern

MCB 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/199/>)

Approved for letter and S/U grading. May be repeated to a maximum of 10 hours.

MCB 215 Foundation in Mol & Cell Bio credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/215/>)

Online course that will provide transfer students with the essential bases in Molecular and Cellular Biology needed to succeed in the MCB core curriculum, when entering it at the sophomore level. Students will be exposed to the major concepts and the experimental aspects of MCB and be presented with an integrated view of a cell and its inner workings. In addition, a strong peer mentoring program will help students transitioning from their previous institutions by introducing them to the complex setting of a large undergraduate campus. Prerequisite: Successful completion of two semesters of college biology. Credit or concurrent enrollment in CHEM 101, CHEM 102, or equivalent, or consent of instructor.

MCB 244 Human Anatomy & Physiology I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/244/>)

Organ system biology with an emphasis on normal human anatomy and physiology, physiological processes and associated disease processes of the following systems; skeletal, muscle, nervous, sensory, and endocrine. Prerequisite: Credit or concurrent enrollment in CHEM 101, CHEM 102, or equivalent; or consent of instructor.

MCB 245 Human Anat & Physiol Lab I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/245/>)

Laboratory exploration of normal human anatomy and physiology and relevant disease processes for the following systems: tissue, skeletal, nervous, muscular, sensory, and endocrine. Previously dissected human cadavers are an important part of the learning experience in this course, but students will not dissect human cadavers. Neither animal dissection or animal use are elements of this course. Prerequisite: Credit or concurrent enrollment in CHEM 101, CHEM 102, or equivalent; or consent of instructor.

MCB 246 Human Anatomy & Physiology II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/246/>)

Organ system biology with an emphasis on normal human anatomy and physiology, physiological processes and associated disease processes of the following systems: digestion, cardiovascular, respiratory, renal, and reproductive. Prerequisite: MCB 244 and credit or concurrent enrollment in CHEM 101, CHEM 102, or equivalent or consent of instructor.

MCB 247 Human Anat & Physiol Lab II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/247/>)  
Laboratory exploration of normal human anatomy and physiology and relevant disease processes for the following systems: digestive, cardiovascular, respiratory, renal, and reproductive. Previously dissected human cadavers are an important part of the learning experience in this course, but students will not dissect human cadavers. Neither animal dissection or animal use are elements of this course. Prerequisite: MCB 245 and credit or concurrent enrollment in CHEM 101, CHEM 102, or equivalent; or consent of instructor.

MCB 250 Molecular Genetics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/250/>)  
Fundamentals of molecular biology including structure of DNA, RNA and proteins, mechanisms of DNA replication, transcription and translation, gene organization, genetic variation and repair, and regulation of gene expression in Bacteria, and Eukarya. Students who enter the University Fall 2011 or later are responsible for additional course-based tuition of \$300 unless they are already paying differential tuition during the term of course enrollment. Additional fees may apply. See Class Schedule. Prerequisite: MCB 150, CHEM 102 and CHEM 104, or equivalents or consent of instructor.

MCB 251 Exp Techniqs in Molecular Biol credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/251/>)  
Laboratory course emphasizing a range of molecular biology questions, and the experimental approaches and methodologies needed to answer these questions. Lectures will accompany labs to explain theoretical background and experimental rationale. Students who enter the University Fall 2011 or later are responsible for additional course-based tuition of \$300 unless they are already paying differential tuition during the term of course enrollment. Additional fees may apply. See Class Schedule. Credit is not given for both MCB 251 and MCB 151. Prerequisite: Concurrent or prior enrollment in MCB 250 or consent of instructor.

MCB 252 Cells, Tissues & Development credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/252/>)  
Functional organization and physiology of cells and tissues, including cellular signaling, cellular interactions, and developmental processes. Students who enter the University Fall 2011 or later are responsible for additional course-based tuition of \$300 unless they are already paying differential tuition during the term of course enrollment. Additional fees may apply. See Class Schedule. Prerequisite: MCB 250 or equivalent with consent of instructor.

MCB 253 Exp Techniqs in Cellular Biol credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/253/>)  
Laboratory course emphasizing experimental techniques in cellular biology, cellular physiology, and developmental biology. Students who enter the University Fall 2011 or later are responsible for additional course-based tuition of \$300 unless they are already paying differential tuition during the term of course enrollment. Additional fees may apply. See Class Schedule. Credit is not given for both MCB 253 and MCB 151. Prerequisite: Concurrent or prior enrollment in MCB 252 or consent of instructor.

MCB 270 Medical Genetics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/270/>)  
Addresses key issues in medical genetics, defined as human genetics for pre-health care professionals. The course covers basic principles of medical ethics, modes of inheritance, the molecular basis of genetic disorders, treatment approaches, gene therapy and emerging technologies like whole genome sequencing. Prerequisite: MCB 252 or equivalent or consent of instructor.

MCB 290 Undergraduate Research credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/290/>)  
Students assist in and /or conduct research under faculty supervision in an MCB research laboratory. The topics and nature of the work will vary but will be defined as work conducted in MCB research laboratories. For each hour of course credit in fall and spring terms, the student will be expected to complete 5 hours of work in the lab as directed. 75-80 total hours would be the expectation for 1 credit hour during 15-16 week terms. May be repeated to a maximum of 10 hours. Prerequisite: Consent of instructor.

MCB 292 Experiential Learning in MCB credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/292/>)  
Supervised experiential learning activity related to the major or career development within Molecular and Cellular Biology. Requires an Experiential Learning Proposal prior to the term, a minimum time commitment of 75 documented hours per credit hour within the term, regular documentation and reflection within the term, and a final culminating project at the end of the term. Approved for S/U grading only. Prerequisite: Restricted to declared undergraduates in any School of MCB major.

MCB 297 MCB Honors Discussion credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/297/>)  
Honors discussion section associated with MCB 250, MCB 252, and MCB 354. Concurrent enrollment in the appropriate lecture course is required. May be repeated in separate terms to a maximum of 3 hours.

MCB 298 MCB Honors Lab Discussion credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/298/>)  
Discussion section associated with the Honors lab sections of MCB 251 and MCB 253. Concurrent enrollment in the appropriate Honors lab section is required. May be repeated in separate terms to a maximum of 2 hours.

MCB 299 MCB Merit Program Discussion credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/299/>)  
Provides the extra earned credit hours for students enrolled in the Merit Program in MCB 250, MCB 252, or MCB 354. Approved for letter and S/U grading. May be repeated up to 6 hours in a semester, to a maximum of 10 total hours. Prerequisite: Consent of instructor.

MCB 300 Microbiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/300/>)  
Emphasizes fundamental concepts of microbiology, including nutrition, physiology, genetics, molecular biology, ecology and evolution of microorganisms, and their role in nature, human health and disease. Credit is not given for both MCB 300 and MCB 100. Prerequisite: MCB 250 and credit or concurrent registration in MCB 252 or consent of instructor.

MCB 301 Experimental Microbiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/301/>)  
Laboratory emphasizing the fundamentals of microbiology. Topics include growth, isolation, and identification of bacteria; restriction endonuclease analysis of DNA, genetic cloning, and gene transfer. Computer methods are used for the identification of microorganisms and for the analysis of recombinant DNA molecules. Prerequisite: MCB 250 and 251 and credit or concurrent registration in MCB 300, or consent of instructor.

MCB 314 Introduction to Neurobiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/314/>)  
Introduction to functional and organizational principles of the mammalian nervous system. Topics include the function of nerve cells, neural signaling, sensory and motor systems, learning and memory, attention, motivation, emotions, language, neural development and neurological disorders. A general introduction appropriate for all majors. Same as NEUR 314. Prerequisite: Junior or senior standing.

MCB 316 Genetics and Disease credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/316/>)  
Introduction of the structure, expression, and regulation of genes of higher eukaryotes with an emphasis upon animal cells. Specific topics will include chromatin structure and its relation to gene expression, regulation of gene expression during development, recombination, molecular genetic technologies, gene replacement therapy, and the molecular genetics of cancers. Credit is not given for both MCB 316 and MCB 317. Prerequisite: MCB 150 and credit or concurrent registration in MCB 250 or consent of instructor.

MCB 317 Genetics and Genomics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/317/>)  
Study of genetics as a discipline, genetic analysis as a tool to understand biology and the role of genome sciences in biology. Credit is not given for both MCB 317 and MCB 316. Prerequisite: MCB 250, MCB 251, MCB 252, and MCB 253; or consent of instructor.

MCB 320 Mechanisms of Human Disease credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/320/>)  
The advent of molecular biology and the Human Genome Project has dramatically increased our understanding of the mechanisms of human disease. The underlying molecular causes for many diseases have been elucidated. This course examines how abnormalities that occur at the molecular and cellular level manifest as pathologies affecting the structure and function of human tissues and organs. In addition, this course focuses on the pathophysiology of common human diseases and the environmental, genetic and epigenetic causes of specific disease types. Prerequisite: MCB 252 or consent of instructor.

MCB 354 Biochem & Phys Basis of Life credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/354/>)  
Introduction to biochemistry and structural biology emphasizing the physical and chemical properties of macromolecules. Credit is not given for both MCB 354 and MCB 450. Prerequisite: CHEM 232 or CHEM 236, and MCB 250 and MCB 252, or consent of instructor.

MCB 364 Eukaryotic Cell Biology Laboratory credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/364/>)  
Laboratory course emphasizing biochemical, immunological and molecular biological techniques used to probe the molecules and processes of eukaryotic cells. Special emphasis will be given to the cell cycle, intracellular trafficking, and cellular differentiation. Students will also learn proper data handling and reporting techniques. Prerequisite: MCB 252 and MCB 253 or consent of instructor. Priority is given to undergraduate MCB and Biochemistry majors.

MCB 395 Special Topics in Human Physiology credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/395/>)  
This course consists of 2 components: (1) a journal club, in which students explore current advances in the diagnosis, treatment, and understanding of human diseases by reading, presenting and discussing primary research articles; and (2) instructional support for MCB 244, in which students hold open office hours and make brief (10-15 minute) instructional videos that highlight advanced topics covered in journal club. Prerequisite: MCB 244 and MCB 246 and instructor approval.

MCB 400 Cancer Cell Biology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/400/>)  
Principles of eukaryotic cell biology with an emphasis on cancer cell biology; consideration of molecular and fine structural components of the cell with an emphasis on experimental analysis of the relationship of structure to function of gene, membrane, cytoskeleton, and extracellular matrix. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 250, MCB 251, MCB 252, MCB 253, and credit or concurrent registration in MCB 354 or MCB 450 or consent of instructor.

MCB 401 Cell & Membrane Physiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/401/>)  
Foundational principles of cellular physiology. Topics include solute/water transport, membrane bio electricity, action potentials, ion channel physiology, neuromuscular transmission, muscle physiology, and central neurophysiology and plasticity. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 252 or consent of instructor.

MCB 402 Sys & Integrative Physiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/402/>)  
Examines human systems physiology. Topics to be covered include the nervous and endocrine systems, muscle physiology, cardiac physiology, respiratory physiology, blood and immune homeostasis, renal physiology, and gastrointestinal physiology and energy homeostasis. Special emphasis is on homeostatic control and integration of body systems in both health and disease. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 252 or consent of instructor.

MCB 403 Cell & Membrane Physiology Lab credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/403/>)  
Experimental investigation of cellular functions common to most eukaryotic cells; emphasis on biochemical, electrical, and mechanical recording techniques. Some animal dissection and the use of animal tissues are required in this course. Alternatives are not available. Inquiries concerning the use of or the dissection of animal tissues can be directed to the Instructor or Head of the Department. 2 undergraduate hours. 1 graduate hour. Prerequisite: Credit or concurrent registration in MCB 401 and previous biology laboratory experience.

MCB 404 Sys & Integrative Physiol Lab credit: 1 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/404/>)  
Experimental investigation of organ systems of vertebrates with emphasis on biochemical, electrical and physical recording techniques. Some animal dissection and the use of animal tissues are required in this course. Alternatives are not available. Inquiries concerning the use of, or the dissection of animal tissues can be directed to the instructor or Head of the Department. 2 undergraduate hours. 1 graduate hour. Prerequisite: Credit or concurrent registration in MCB 402 and previous biology laboratory experience.

MCB 406 Gene Expression & Regulation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/406/>)  
Provides in-depth and up-to-date coverage of gene expression and regulation. Lectures are centered on the principles of regulating gene expression in eukaryotic cells. The course covers macromolecule structure and function in gene expression; molecular mechanisms of the key gene expression events including transcription, RNA processing, localization and translation. Applications of these principles in medicine and therapeutics such as aging, cancer and drug design are also discussed. Same as BIOC 406. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 354 or consent of instructor.

MCB 408 Immunology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/408/>)

Introduction to fundamentals of immunology with emphasis on biological application; basic background for understanding immunological responses and techniques applicable to biological research. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 250, MCB 251, MCB 252, MCB 253, and MCB 354; or consent of instructor.

MCB 410 Developmental Biology, Stem Cells and Regenerative Medicine credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/410/>)

Survey of molecular and cellular mechanisms involved in development and growth of animals, as well as recent advancement in stem cell and Regenerative medicine research. Topics to be covered include fertilization and early cell lineage, body axis formation, gastrulation, neural induction and patterning, segmentation, and other aspects of pattern formation including organogenesis and limb development, as well as embryonic stem cells, induced pluripotent stem cells, adult stem cells, regeneration and regenerative medicine. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 252 or consent of instructor.

MCB 413 Endocrinology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/413/>)

Physiology and biochemistry of the endocrine system and its hormones with special reference to vertebrates and to human endocrine disorders. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 252 or consent of instructor. One semester of biochemistry is recommended.

MCB 419 Brain, Behavior & Info Process credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/419/>)

Exploration of the neural basis of animal behavior. Emphasis on the information processing problems that animals face in complex natural environments and how nervous systems have evolved to solve these problems. Introduction to the use of computer modeling and simulation techniques for exploring principles of nervous system design and function. Current literature in computational neurobiology and neuroethology will be incorporated in readings and class discussion. Same as BIOP 419 and NEUR 419. 3 undergraduate hours. 3 graduate hours. Prerequisite: CS 101; and PHYS 102 or PHYS 212; and MCB 252; or equivalent or consent of instructor.

MCB 421 Microbial Genetics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/421/>)

Prokaryotic microbial genetic systems; emphasis on typical data analyses, together with the basic classes of genetic phenomena. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 or consent of instructor.

MCB 424 Microbial Biochemistry credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/424/>)

Examines the biochemical ecology of diverse microbial groups with emphasis on anaerobic systems. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 250 and MCB 354 or MCB 450, or consent of instructor.

MCB 426 Bacterial Pathogenesis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/426/>)

Emphasizes prokaryotes that cause important diseases in humans and other animals; host-parasite bacteriology; and chemistry and genetics of mechanisms of pathogenesis. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 and MCB 354, or consent of instructor.

MCB 428 Microbial Pathogens Laboratory credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/428/>)

Laboratory study of methods of recognition and differentiation, diagnostic tests, and mechanisms of bacterial and viral pathogenesis. Topics include infections of the urinary tract, respiratory tract, gastrointestinal tract, and sexually transmitted diseases. 2 undergraduate hours. 2 graduate hours. Prerequisite: MCB 300 and MCB 301 or consent of instructor.

MCB 429 Cellular Microbiology & Disease credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/429/>)

Emphasizes cell biology of infectious diseases, using cellular, molecular, and animal models. Will stress molecular cross-talk that drives host-pathogen interactions, state-of-the-art approaches for investigating host and microbial cell and molecular biology, latest paradigms in host cell biology, and, the evolutionary basis by which pathogens can manipulate host cell cytoskeleton, membranes, organelles, cell cycle, gene expression, and signaling in eukaryotic cells. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 and MCB 354 or consent of instructor.

MCB 430 Molecular Microbiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/430/>)

Modern contributions to the science of microbiology; emphasizes the structure, function, and synthesis of informational macromolecules and on the role microorganisms have played in molecular biology. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 and credit or concurrent registration in MCB 354, or consent of instructor.

MCB 431 Microbial Physiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/431/>)

Examines bacterial physiology, including discussions of energetics, regulation of metabolism, and cell structure. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 or equivalent; credit or concurrent registration in a biochemistry course.

MCB 432 Computing in Molecular Biology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/432/>)

Examination of computational aspects of biology with an emphasis on the relationships between biological questions and their recastings as mathematical or logical problems. Topics are drawn from biochemistry, genetics, molecular sequence analysis, and molecular structure. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 250, MCB 252, MCB 354, and calculus I (MATH 220 or MATH 221), and calculus II (MATH 231) or biostatistics (STAT 212); or consent of instructor.

MCB 433 Virology & Viral Pathogenesis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/433/>)

Same as PATH 433. See PATH 433.

MCB 434 Food & Industrial Microbiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/434/>)

Same as FSHN 471. See FSHN 471.

MCB 435 Evolution of Infectious Disease credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/435/>)

Understanding the evolution and ecology of the microbial world is of great importance to human health and the health of our planet. Students will explore the ecology and evolution principles that apply to viruses, microbial eukaryotes, archaea and bacteria. The primary literature on historical and emerging infectious diseases will be used to illustrate critical applications of these basic principles. Examples include applying genomics tools to understand the evolutionary basis for antibiotic resistance, the spread of emerging pathogens, and the ecology of probiotics and the human microbiome. The objective of this class is to better understand how humans shape the diversity and dynamics of the microbial world living in and around us every day. Same as IB 442. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 or consent of instructor.

MCB 436 Global Biosecurity credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/436/>)

Designed to provide students with broad coverage of key areas of scientific, legal, social, ethical, and political aspects of biosecurity, emphasizing current problems and research in the areas of biodefense, emerging infectious diseases, synthetic biology, and other topics. In combination with related reading assignments, the weekly special topics-based seminar will integrate knowledge of modern biomedical research, advances in biotechnology, and natural and manmade biological threats with the skills to analyze and develop public policies and strategies for enhancing global biosecurity. 1 undergraduate hour. 1 graduate hour. Prerequisite: MCB 150 or the equivalent or consent of instructor.

MCB 442 Comparative Immunobiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/442/>)

Same as ANSC 450 and PATH 410. See ANSC 450.

MCB 446 Physical Biochemistry credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/446/>)

Same as CHEM 472 and BIOC 446. See BIOC 446.

MCB 450 Introductory Biochemistry credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/450/>)

Chemistry and metabolism of carbohydrates, lipids, proteins, nucleic acids, vitamins, and coenzymes and their relation to the regulation and processes of organisms, cells, and subcellular components. Students who enter the University Fall 2011 or later are responsible for additional course-based tuition of \$300 unless they are already paying differential tuition during the term of course enrollment. Additional fees may apply. See Class Schedule. 3 undergraduate hours. 3 graduate hours. Credit is not given for both MCB 450 and MCB 354. Prerequisite: CHEM 232 or CHEM 236, or equivalent, or consent of instructor. Not intended for students in the MCB or biochemistry curricula.

MCB 458 Basic Human Pathology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/458/>)

Introduction to the basic mechanisms of human disease with a focus on the building blocks of pathological processes at the sub-organismal and organismal level. Basic biological processes will be stressed including tissue adaptation, injury, inflammation, repair and neoplasia. Pathology synthesizes cellular and molecular biology, biochemistry and immunology holistically so as to understand the body's limited responses to the cornucopia of experienced physiological insults. 3 undergraduate hours. No graduate credit. Prerequisite: MCB 354 or equivalent, or consent of instructor. For MCB and Biochemistry undergraduate majors only.

MCB 461 Cell & Molecular Neuroscience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/461/>)

Designed as an in-depth foundation course for graduate and undergraduate students with strong neuroscience interests. Covers up-to-date cellular and molecular neurobiology (including basic principles of neuronal function, signaling, and plasticity) and introductory brain anatomy that underlie brain function and animal behaviors. Pathogenic mechanisms of neurological diseases and disorders from the latest research will be heavily explored. Same as NEUR 461. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 252, MCB 250 or equivalent, or consent of instructor. May be taken concurrently with MCB 462.

MCB 462 Integrative Neuroscience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/462/>)

Employs integrative, multi-level systems approaches to nervous system and behavior. Focuses on neural circuits in sensory integration, pattern generation, the integration of sensation, internal states and learning in behavioral decision, the neuronal natures of pain, sleep, and biological rhythms, neuroeconomics, new vistas in neural modeling and interfacing brain and machine. Students are presented in neuroethological contexts of evolution and the economics of behavior and physiology. Same as NEUR 462. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 252 or consent of instructor. May be taken concurrently with MCB 461.

MCB 465 Human Metabolic Disease credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/465/>)

Examination of the molecular and physiological basis of human metabolic disease. Disruption of metabolic and energy homeostasis plays key roles leading to metabolic disorders. We will examine how lipid/glucose levels and energy balance are controlled in health and how they are abnormally regulated in disease states. In addition, we will cover current topics related to control of metabolism including aging and circadian rhythms. Methodologies leading to scientific discoveries and potential preventive and therapeutic agents will also be discussed. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 250, MCB 252, or consent of instructor.

MCB 471 Cell Structure and Dynamics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/471/>)

Molecular basis of cellular organization focusing on how cells secrete, move, adhere, divide, communicate, and die. Material will emphasize critical analysis of experiments, current controversies and hypothesis testing. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 250 and MCB 252 or consent of instructor. Prior or concurrent enrollment in MCB 354 desirable.

MCB 480 Eukaryotic Cell Signaling credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/480/>)

General principles of molecular signaling regulating membrane, cytoplasmic, and nuclear events in eukaryotic cells with emphasis on mammalian systems. Contemporary methods of investigation and the principles of identifying and solving problems related to signal transduction will be emphasized. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 252 or consent of instructor.

- MCB 492 Senior Thesis credit: 3 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/492/>)  
Research conducted under the direction of a faculty member in the School of Molecular and Cellular Biology. Normally, the student enrolls in MCB 492 during the last semester on campus prior to graduation. In the semester preceding enrollment, interested students should consult with their faculty advisors concerning enrollment procedures. A minimum of 3 credit hours is required, and a thesis must be presented for credit to be received. Successful completion of MCB 492 is required in order to be eligible for graduation with distinction in MCB. 3 to 5 undergraduate hours. No graduate credit. Prerequisite: Two consecutive semesters of at least 2 credit hours of MCB 290 under the guidance of the same faculty member, or consent of instructor.
- MCB 493 Special Topics Mol Cell Biol credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/493/>)  
Discussion of current topics of interest within the broad domain of molecular and cellular biology; seminar or lecture format. Topics vary. May be repeated to a maximum of 12 hours. Prerequisite: Junior standing and consent of instructor.
- MCB 501 Advanced Biochemistry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/501/>)  
Focuses upon structure-function analyses of biomolecules and the chemical and evolutionary foundations of metabolic networks. Emphasis is on research methodology and current problems.
- MCB 502 Advanced Molecular Genetics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/502/>)  
An advanced course in molecular genetics. Emphasis is on research methodology and current problems.
- MCB 509 Curr Topics Mol & Int Physiol credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/509/>)  
Advanced seminars in current physiological research. May be repeated once for credit. Prerequisite: Consent of instructor.
- MCB 511 Mol Bio of Microbe-Plant Inter credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/511/>)  
Same as PLPA 509. See PLPA 509.
- MCB 520 Advanced Molecular Biology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/520/>)  
Advanced graduate level, primary literature-based discussion course on molecular microbiology. Graduate level companion course for MCB 430. Prerequisite: Concurrent registration in MCB 430 or consent of instructor.
- MCB 521 Advanced Microbial Genetics credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/521/>)  
Advanced level, primary literature-based discussion course on microbial genetics. Graduate level companion course for MCB 421. Prerequisite: Concurrent or prior enrollment in MCB 421 or consent of instructor.
- MCB 526 Adv Bacterial Pathogenesis credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/526/>)  
Advanced primary literature-based discussion course on bacterial pathogenesis. Graduate level companion course for MCB 426. Prerequisite: Concurrent or prior enrollment in MCB 426 or consent of instructor.
- MCB 529 Special Topics Cell Devel Biol credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/529/>)  
Discussion of current topics of interest in higher eukaryotic cellular and molecular biology, development, neurobiology; seminar or lecture format. Topics vary. May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.
- MCB 530 Reproductive Physiol Seminar credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/530/>)  
Presentation and discussion of current literature as well as graduate student and staff research proposals and findings in reproductive physiology. May be repeated to a maximum of 4 hours. Prerequisite: Consent of instructor.
- MCB 532 Advanced Microbial Physiology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/532/>)  
Advanced primary literature-based discussion course on microbial physiology. Graduate level companion course for MCB 431. Prerequisite: Concurrent or prior registration in MCB 431 or consent of instructor.
- MCB 533 Repro Physiology Lab Methods credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/533/>)  
Same as ANSC 533 and CB 533. See ANSC 533.
- MCB 534 Advanced Microbial Metabolism credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/534/>)  
Advanced primary literature-based discussion course on microbial metabolism. Graduate level companion course for MCB 424. Prerequisite: Concurrent or prior enrollment in MCB 424 or consent of instructor.
- MCB 539 Advanced Cellular Microbiology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/539/>)  
Advanced primary literature-based discussion course on cellular microbiology and underlying infectious diseases. Graduate level companion course for MCB 429. Prerequisite: Concurrent or prior enrollment in MCB 429 or consent of instructor.
- MCB 540 Scientific Writing credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/540/>)  
Study of scientific communication, geared toward biologists. Topics include writing mechanics, grammar and sentence structure, abstracts for different audiences and purposes, grant writing, manuscript preparation, figure construction, oral presentations, and the grant-review process. Class consists of both lectures and time working in small groups to revise writing assignments. Assignments include weekly writing exercises, a full NIH-style grant proposal and grant reviews for a mock study section. 2 graduate hours. No professional credit.
- MCB 542 Interdisciplinary Approaches to Neuroscience I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/542/>)  
Same as NEUR 542 and PSYC 542. See NEUR 542.
- MCB 543 Interdisciplinary Approaches to Neuroscience II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/543/>)  
Same as NEUR 543 and PSYC 543. See NEUR 543.
- MCB 545 Functional Genomics in Principle and Practice credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/545/>)  
Experimental and analytical foundations of functional genomics, tailored to experimental biologists who are using high-throughput sequencing technologies to analyze function in animal genomes. Lectures cover experimental methods and tools available for bioinformatics analysis; students will gain experience in the use of online or command-line bioinformatics tools through weekly assignments. Advanced knowledge in eukaryotic molecular genetics is needed but bioinformatics skills are not required. 3 graduate hours. No professional credit. Students must have access to a networked computer on which they can load software in order to complete required assignments for the course. Prerequisite: MCB 502 or equivalent or consent of instructor.
- MCB 550 Biomolecular Physics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/550/>)  
Same as BIOP 550 and PHYS 550. See PHYS 550.

MCB 553 Enzyme Reaction Mechanisms credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/553/>)

Same as CHEM 572. See CHEM 572.

MCB 555 Anlys Biochemical Literature credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/555/>)

Discussions of current research and literature. Required of all graduate students whose major is biochemistry. Same as BIOC 555. Prerequisite: Second year graduate standing in biochemistry or consent of instructor.

MCB 561 Mechanisms Viral Pathogenesis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/561/>)

Same as PATH 519. See PATH 519.

MCB 571 Bioinformatics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/571/>)

Same as ANSC 543, CHBE 571, and STAT 530. See CHBE 571.

MCB 580 Res Ethics & Responsibilities credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/580/>)

Lecture/discussion course focusing on research ethics and a variety of related issues that can influence success in graduate school in the biological sciences, including scientific integrity and compliance with regulations for laboratory research. Approved for letter and S/U grading. Prerequisite: Consent of instructor.

MCB 581 Laboratory Rotation I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/581/>)

Laboratory research methods; familiarization of first-year graduate students with experimental methods used in molecular and cellular biology research. Required of all first-year students entering MCB. Meets first five weeks of each term. Approved for S/U grading only. Prerequisite: First-year graduate status and consent of MCB graduate programs; concurrent registration in MCB 582.

MCB 582 Laboratory Rotation II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/582/>)

Laboratory research methods; familiarization of first-year graduate students with experimental methods used in molecular and cellular biology research. Required of all first-year students entering MCB. Meets second five weeks of each term. Approved for S/U grading only. Prerequisite: First-year graduate status and consent of MCB graduate programs; concurrent registration in MCB 581.

MCB 583 Laboratory Rotation III credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/583/>)

Laboratory research methods; familiarization of first-year graduate students with experimental methods used in molecular and cellular biology research. Required of all first-year students entering MCB. Meets third five weeks of each term. Approved for S/U grading only. Prerequisite: First-year graduate status and consent of MCB graduate programs; concurrent registration in MCB 581 and MCB 582.

MCB 585 Current Topics in Microbiology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/585/>)

Discussions, reviews, and appraisal of special topics in microbiology and molecular biology; seminar or lecture. Topics vary. Approved for S/U grading only. May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.

MCB 586 Concepts/Topics Immunology credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MCB/586/>)

Same as PATH 518. See PATH 518.

MCB 595 MCB Graduate Seminar credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MCB/595/>)

Advanced seminars on current topics of interest in molecular and cellular biology. Approved for S/U grading only. May be repeated in separate terms to a maximum of 4 hours. Prerequisite: Consent of instructor.

# MOLECULAR & INTEGRATIVE PHYSIOLOGY (MIP)

---

MIP Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MIP/>)

## Courses

MIP 590 Individual Topics credit: 1 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/MIP/590/>)

For graduate students wishing to study individual problems or topics not assigned in other courses. Approved for S/U grading only. May be repeated. Prerequisite: Approval of department.

MIP 595 Seminars in Physiology credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/MIP/595/>)

Advanced seminars on current topics of interest in physiology. Approved for S/U grading only. May be repeated to a maximum of 8 hours.

Prerequisite: Consent of instructor.

MIP 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/MIP/599/>)

Research may be conducted under supervision of the thesis advisor in the following areas: (a) cellular and molecular physiology; (b) comparative physiology; (c) mammalian physiology; (d) human physiology; (e) endocrinology; (f) neurophysiology; (g) radiobiology; and (h) environmental and stress physiology. Approved for S/U grading only. May be repeated.

# MUSEUM STUDIES (MUSE)

MUSE Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MUSE/>)

## Courses

MUSE 200 Introduction to Museums credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUSE/200/>)

A broad introduction to the museum world, focusing on what a museum is, what differentiates various types of museums, and how museums function. Examines museums in terms of education, curation, exhibition, public relations, research, administration, ethical and legal obligations, funding and knowledge. Prerequisite: One year of college coursework.

MUSE 250 The World Through Museums credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUSE/250/>)

Examination of contemporary museums around the world, evaluating their roles as social institutions and communicators of heritage in increasingly global contexts. The first half of the course develops a framework for museum literacy (how to read museums) that incorporates anthropological, globalization, media and critical theories. The second half of the course is a virtual tour and evaluates museums using this analytical skill set. Same as ANTH 250.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci  
Cultural Studies - Western

MUSE 330 Learning in Museums credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUSE/330/>)

An applied course in the multiple responsibilities of professionals in the field of Museum Education. Examines how people, ideas and objects connect in museums; trends in interpretation and museum ethics; best practice and current learning theories; and exemplary programs involving highly varied audiences, community collaboration and advanced technology. Provides practical experience in program development, facilitation, documentation and assessment. Requires some in-museum work outside of regularly scheduled class hours. Includes field trips to local museums. Prerequisite: MUSE 200.

MUSE 389 Seminar in Museum Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUSE/389/>)

Study of special themes, selected topics or current issues in museum studies for undergraduate students with backgrounds in museology. Course may be in seminar or lecture format. May be repeated in separate terms to a maximum of 6 hours. Prerequisite: MUSE 200 and ANTH 462.

MUSE 390 Museum Internship credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUSE/390/>)

Supervised field experience in museums, both on and off-campus, designed to introduce students to professional practice. Builds on museum studies coursework, and provides opportunities for applying academic knowledge and analyzing personal development. Students work part-time (150 hours) in a program-approved museum under the guidance of an instructional team. Requires an internship contract before the term, regular reporting and documentation during the term, and compilation of a project portfolio at the end of the term. May be repeated in same and separate terms to a maximum of six hours. Prerequisite: Three courses (nine hours) within the undergraduate minor in Museum Studies. Requires approval of the Museum Studies program advisor.

MUSE 420 Collections Management credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSE/420/>)

An applied course in the preservation, documentation, and maintenance of the physical integrity of museum collections. Examines agents of deterioration and how to mitigate damage to collections; the chemical and physical properties of inorganic, organic, composite and textile materials; collections packing, shipping and storage methods; and collections hazards, safety and emergency planning. Provides practical experience and encourages skills development in collections management. Requires some in-museum work outside of regularly scheduled class hours. 3 undergraduate hours. 4 graduate hours. Prerequisite: MUSE 200 or MUSE 500.

MUSE 440 Museum Registration credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSE/440/>)

An applied course in the management and care of museum collections through registration and records. Examines legal and ethical issues of collections stewardship, and current professional practices and standards. Provides practical experience and encourages skills development in museum registration. Requires some in-museum work outside of regularly scheduled class hours. Includes a field trip to a local museum. 3 undergraduate hours. 4 graduate hours. Prerequisite: MUSE 200 or MUSE 500.

MUSE 500 Core Prob Museum Theory & Prac credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSE/500/>)

A critical examination of both historical and current theoretical issues in museum practice. Addresses the development of museums within varied social, cultural and intellectual contexts, and the conceptualizations and criticisms of museums in terms of paradigmatic, institutional, symbolic and other theories. In addition to surveying the broad range of theoretical frameworks adopted in contemporary museum scholarship, students will examine and evaluate curatorial and institutional strategies for responding to the myriad external pressure (including multiple constituencies, standards and best practices) currently placed on museums. Prerequisite: Graduate standing.

MUSE 589 Special Topics Museum Studies credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSE/589/>)

Intensive study of selected topics and problems of special interest in Museum Studies. May be repeated in separate terms to a maximum of 8 hours. Prerequisite: Consent of instructor.

MUSE 590 Museum Studies Capstone credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSE/590/>)

Supervised individual study involving a museum-based internship, museum-related project or museum-related research paper and fulfilling the capstone requirement for the Graduate Minor in Museum Studies. 0 to 4 graduate hours. No professional credit. Approved for Letter and S/U grading. Prerequisite: Approval of the Museum Studies Program Coordinator.

# MUSIC (MUS)

MUS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MUS/>)

## Courses

MUS 090 Seminar in Music Education credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/090/>)

Seminar for students preparing to enter student teaching. Students should enroll in the semester prior to student teaching. Approved for letter and S/U grading. Prerequisite: Music education majors or consent of instructor.

MUS 100 First-year Seminar for Music Majors credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/100/>)

This half-semester course is intended for music majors and addresses the physical health and mental well-being concerns that may arise in pursuing a music degree. The selection of material covered in this course is meant to lay a foundation to form healthy habits, practices, and attitudes that a student can utilize over both their academic and professional careers. Approved for S/U grading only.

MUS 101 Music Theory and Practice I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/101/>)

Fundamental theory including terminology and notation; visual analysis of music elements, procedures, and forms; written applications in short projects. Credit is not given for both MUS 101 and MUS 103. Prerequisite: First-year students must complete Harmonia.

MUS 102 Music Theory and Practice II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/102/>)

Continuation of MUS 101. Credit is not given for both MUS 102 and MUS 104. Prerequisite: MUS 101 or placement by examination.

MUS 103 Rudiments of Music Theory I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/103/>)

Introduces non-music majors to basic terminology, technology, notation and concepts of music, with a co-emphasis on digital audio. Credit is not given for both MUS 103 and MUS 101.

MUS 104 Rudiments of Music Theory II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/104/>)

Continuation of MUS 103. Includes study of modulation, chromatic harmony, form, and an introduction to twentieth-century composition and inter-disciplinary music techniques. Credit is not given for both MUS 104 and MUS 102. Prerequisite: MUS 103 or placement by examination; non-music majors only.

MUS 105 Computation and Music I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/105/>)

Applies foundational concepts in computer science to the composition and analysis of symbolic music information. Course proceeds in parallel with CS 125 (Introduction to Computer Science) and MUS 101 (Music Theory and Practice I) to integrate key CS techniques with music concepts. Course is run as a workshop presenting eight large programming projects in which students design and implement software systems that analyze and compose musical scores in different formats. Prerequisite: Concurrent enrollment with CS 125 and MUS 101. Restricted to entering CS+Music students and Music Technology students with strong programming experience, or consent of the instructor.

MUS 106 Beginning Composition credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/106/>)

Class instruction in contemporary compositional practice at the beginning stages. May be repeated to a maximum of 6 hours.

Prerequisite: Consent of instructor on the basis of a student portfolio of composition submitted to the composition-theory faculty and accepted after evaluation.

MUS 107 Musicianship I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/107/>)

Beginning aural skills training in the areas of intervals, scales, chords, rhythm, melody, and harmony.

MUS 108 Musicianship II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/108/>)

Continuation of aural skills training from MUS 107. Development of performance, notational, and listening skills in the areas of rhythm, melody, harmony, counterpoint, and formal aspects of musical structure; emphasizes tonal pitch structures. Prerequisite: MUS 101 and MUS 107, or placement by examination.

MUS 110 Introd Art Mus: Intl Perspect credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/110/>)

Surveys the history of European and American art music in an international context; examines major artistic styles, representative composers and works, and their relationship to pertinent non-western musical traditions and philosophies; reviews fundamental music concepts; strengthens aural analytical skills; familiarizes students with the music library, and research and writing techniques. Prerequisite: First year standing in music or consent of instructor.

MUS 120 English Diction credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/120/>)

Phonetics applied to English song literature; individual clinical analysis and practice. To be taken with MUS 181. Prerequisite: Freshman standing in voice or consent of instructor.

MUS 121 Italian Diction credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/121/>)

Phonetics applied to Italian song literature; class and individual clinical analysis and practice. To be taken with MUS 181. Prerequisite: Freshman standing in voice or consent of instructor.

MUS 122 German Diction credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/122/>)

German pronunciation applied to German vocal literature; class and individual clinical analysis and practice. To be taken with MUS 181. Prerequisite: Sophomore standing in voice or consent of instructor.

MUS 123 French Diction credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/123/>)

French pronunciation applied to French vocal literature; class and individual clinical analysis and practice. To be taken with MUS 181. Prerequisite: At least one semester of French or equivalent required, sophomore standing in voice, or consent of instructor.

MUS 130 Music Then and Now credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/130/>)

Provides non-music majors with basic listening skills, the ability to discuss music intelligently, and an acquaintance with many types of music. Prerequisite: For non-music majors only.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

MUS 132 Popular Music Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/132/>)  
Courses within this rubric provide an analytical and historical introduction to genres of popular music from the United States and around the world. Iterations of the course may focus on a specific genre, such as Rock, Reggae, or Afropop, or may deal with broader subjects, such as the continua of styles including R&B, Soul, Funk, and Hip Hop, or the pan-generic, international phenomenon of pop music globalization in the twentieth century.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - US Minority

MUS 133 Introduction to World Music credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/133/>)  
A survey of various musical traditions from different regions and peoples of the world.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Non-West

MUS 134 History of Musical Events credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/134/>)  
Focuses on seminal performances of musical works such as, but not limited to, premiere performances and/or recordings. Prerequisite: For non-music majors only.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

MUS 140 String Instrument Class credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/140/>)  
Class instruction to enable students to demonstrate proper technique and a characteristic sound on two bowed string instruments (violin or viola, and cello or double bass) in order to teach, via demonstration, beginning string students toward their maximum technical and musical development. May be repeated to a maximum of 4 hours. Prerequisite: For music education majors only, with two semesters required for music education string majors.

MUS 144 Supp WW Inst: Clarinet credit: .5 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/144/>)  
Class instruction in the fundamentals of playing and teaching the clarinet. Acquire knowledge on recommended instruments and equipment, maintenance procedures, and training materials. Prerequisite: Intended for woodwind majors in the BME instrumental concentration.

MUS 146 Supp WW Inst: Flute credit: .5 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/146/>)  
Class instruction in the fundamentals of playing and teaching the flute. Acquire knowledge on recommended instruments and equipment, maintenance procedures, and training materials. Prerequisite: Intended for music majors in the BME instrumental concentration.

MUS 147 Supp WW Inst: Oboe credit: .5 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/147/>)  
Class instruction in the fundamentals of playing and teaching the oboe. Acquire knowledge on recommended instruments and equipment, maintenance procedures, and training materials. Prerequisite: Oriented for music majors in the BME instrumental concentration.

MUS 148 Supp WW Inst: Saxophone credit: .5 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/148/>)  
Class instruction in the fundamentals of playing and teaching the saxophone. Acquire knowledge on recommended instruments and equipment, maintenance procedures, and training materials. Prerequisite: Intended for music majors in the BME instrumental concentration.

MUS 149 Supp WW Inst: Bassoon credit: .5 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/149/>)  
Class instruction in the fundamentals of playing and teaching the bassoon. Acquire knowledge on recommended instruments and equipment, maintenance procedures, and training materials. Prerequisite: Intended for music majors in the BME instrumental concentration.

MUS 151 Supp Brass Inst: Trumpet credit: .5 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/151/>)  
Class instruction in the fundamentals of playing and teaching the trumpet. Acquire knowledge on recommended instruments and equipment, maintenance procedures, and training materials. Prerequisite: Intended for brass majors in the BME instrumental concentration.

MUS 153 Supp Brass Inst: Horn credit: .5 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/153/>)  
Class instruction in the fundamentals of playing and teaching the horn. Acquire knowledge on recommended instruments and equipment, maintenance procedures, and training materials. Prerequisite: Intended for music majors in the BME instrumental concentration.

MUS 154 Supp Brass Inst: Trombone credit: .5 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/154/>)  
Class instruction in the fundamentals of playing and teaching the trombone. Acquire knowledge on recommended instruments and equipment, maintenance procedures, and training materials. Prerequisite: Intended for music majors in the BME instrumental concentration.

MUS 155 Supp Brass Inst: Euph/Tuba credit: .5 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/155/>)  
Class instruction in the fundamentals of playing and teaching the euphonium and tuba. Acquire knowledge on recommended instruments and equipment, maintenance procedures, and training materials. Prerequisite: Intended for music majors in the BME instrumental concentration.

MUS 158 Supp Percussion Instruments credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/158/>)  
Class instruction in the fundamentals of playing and teaching percussion instruments. Acquire knowledge on recommended instruments and equipment, maintenance procedures, and training materials. Prerequisite: Intended for music majors in the BME instrumental concentration.

MUS 160 Jazz Piano Improvisation I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/160/>)  
Study of jazz theory, harmony, and improvisational techniques at the piano; includes experience in solo and ensemble situations, and a historical survey of jazz development from about 1910. Prerequisite: Completion of MUS 174 or equivalent; MUS 202 and MUS 208 or equivalent; consent of instructor.

MUS 161 Jazz Piano Improvisation II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/161/>)  
Continuation of MUS 160. Study of jazz theory, harmony, and improvisational techniques at the piano; includes experience in solo and ensemble situations, and a historical survey of jazz development from about 1910. Prerequisite: MUS 160 or consent of instructor.

MUS 163 Jazz Keyboard Studies I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/163/>)

Prepares the student (through class participation) to perform one jazz standard on a functional level. Includes basic technique, chord voicing, comping, and lead sheet realization with functional fluency in all keys. Furnishes the student with class instruction on piano, focusing on jazz and improvisational idioms. An in-depth study of overall instrument technique, eminent styles, and other performance practices relevant to jazz piano and improvisation. Prerequisite: MUS 172 and MUS 173, or consent of the instructor.

MUS 164 Jazz Keyboard Studies II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/164/>)

Continuation of materials presented in MUS 163, focusing on improvisational idioms of jazz piano. Prepares the student (through class participation) to perform three jazz standards on a functional level. Emphasizes the blues form, minor II-V-I chord progressions with both hands, and introduces all major modes. Includes technique, chord voicing concepts, comping, and lead sheet realization with mid-level fluency in all keys. A continuing in-depth study of overall instrument technique, eminent styles, and other performance practices relevant to jazz piano and improvisation. Prerequisite: MUS 163, or placement exam, or consent of the instructor.

MUS 166 Class Jazz Improvisation I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/166/>)

Examines the dynamics of group improvisation at a fundamental level. Techniques of individual melodic development, group melodic development, and group contouring will be discussed and practiced. Requires preparation of group improvisations using the blues, a 32-bar song form, and a modal form, as well as class presentations and group demonstrations of basic group improvisational techniques.

MUS 167 Class Jazz Improvisation II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/167/>)

Continues to examine the dynamics of group improvisation as presented in MUS 166. Discussion and practical application of techniques of individual melodic development, group melodic development, and group contouring. Requires preparation of group improvisations using blues, 32-bar song form, and free group improvising forms, as well as class presentations and group demonstrations of more advanced improvisational techniques. Prerequisite: MUS 166.

MUS 169 Unit One Sem Instruct in Music credit: 0 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/169/>)

Experimental seminar courses to introduce non-music majors to contemporary ideas in music. Approved for letter and S/U grading. May be repeated to a maximum of 4 hours. Prerequisite: For non-music majors only.

MUS 170 Grp Instr Pno NonMus Maj I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/170/>)

Beginning piano for non-music majors. Includes fundamentals of reading, technique, and creative activities; study and performance of simple solo and ensemble repertoire.

MUS 171 Grp Instr Pno NonMus Maj II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/171/>)

Continuation of basic skills presented in MUS 170. Elementary piano for non-music majors. Includes reading, technique, creative activities; simple solo and ensemble repertoire. Prerequisite: MUS 170 or equivalent.

MUS 172 Grp Instr Pno for Mus Major I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/172/>)

Group instruction in beginning piano for music majors whose principal performing medium is voice, or an orchestral or band instrument. Study of simple piano literature, development of skills in technique, sight reading, harmonization, transposition, improvisation, and analysis. This is the first of two courses that addresses the keyboard competency policy for non-piano majors.

MUS 173 Grp Instr Pno for Mus Maj II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/173/>)

Continuation of skills introduced in MUS 172. Group instruction in elementary piano for music majors whose principal performing medium is voice, or an orchestral or band instrument. Sight-reading, harmonization, transposition, and improvisation. Easy solos from the main historical periods with appropriate technical development; introduction to piano ensemble literature. This is the second of two courses that addresses the keyboard competency policy for non-piano majors. Prerequisite: MUS 101 and MUS 107; MUS 172 or equivalent; or consent of instructor.

MUS 174 Grp Instr Pno for Mus Maj III credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/174/>)

Continuation of skills introduced in MUS 173. Group instruction in intermediate piano for music majors whose principal performing medium is voice, or an orchestral or band instrument. Study of intermediate level solos and ensemble compositions, harmonization with chromatic chords, sight reading, transposition of four-voice works, improvisation, and learning of patriotic songs. Prerequisite: MUS 102 and MUS 108; MUS 173 or equivalent; or consent of instructor.

MUS 175 Grp Instr Pno for Mus Maj IV credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/175/>)

Continuation of skills introduced in MUS 174. Group instruction in moderately advanced piano for music majors whose principal performing medium is voice, or an orchestral or band instrument. Emphasis on solos, ensemble compositions, technical development, and more advanced work in sight reading, harmonization, improvisation, transposition, and aural skills. Prerequisite: MUS 201 and MUS 207; MUS 174 or equivalent; or consent of instructor.

MUS 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/199/>)

May be repeated to a maximum of 12 hours.

MUS 201 Music Theory and Practice III credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/201/>)

Continuation of MUS 102. Gradually increased emphasis on contrapuntal techniques, dissonance in tonal music, and musical form. Prerequisite: MUS 102 and MUS 108, or placement by examination.

MUS 202 Music Theory and Practice IV credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/202/>)

Continuation of MUS 201. Study of twentieth century compositional methods. Prerequisite: MUS 201 and MUS 207, or placement by examination.

MUS 205 Computation and Music II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/205/>)

A follow-up course to Computation and Music I that introduces students to programming music applications with special emphasis on issues related to real-time audio system design. The class will begin by introducing students to the fundamentals of real-time audio synthesis using a graphical audio language such as Max/MSP, and then turn to hands-on design of real-time audio systems using an industry standard language such as C++. The course content reinforces materials presented in CS 126 (Software Design), including GUI frameworks, prototyping, user interface design, code refactoring and debugging. Prerequisite: CS 125, CS 126, and MUS 101, or consent of instructor. Restricted to CS+Music students and Music Technology students with strong programming experience, or by consent of the instructor.

MUS 206 Intermediate Composition credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/206/>)

Class instruction in contemporary compositional practice at the secondary stages. May be repeated to a maximum of 6 hours. Prerequisite: MUS 106 and consent of composition-theory faculty.

MUS 207 Musicianship III credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/207/>)

Continuation of MUS 108. Emphasis on extensions of tonality by means of changing tonal centers and altered chords. Prerequisite: MUS 102 and MUS 108, or placement by examination.

MUS 208 Musicianship IV credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/208/>)

Continuation of MUS 207. Emphasis on atonal pitch structures and complex rhythmic organization. Prerequisite: MUS 201 and MUS 207, or placement by examination.

MUS 209 Music, Sound, Technology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/209/>)

This course examines the role modern digital technology plays in musical performance, composition, listening, and analysis. The course is divided into three large subject areas each lasting approximately five weeks: (1) sound, sound fields, and digital recording, (2) digital technology in composition and performance, and (3) psychoacoustics and digitized music analysis. Within each subject area, students are first introduced to relevant acoustic and musical principles, then learn about their implementation in the digital domain, and lastly gain practical experience with the subject matter through hands-on projects involving the capture, creation, editing and analysis of musical sound using standard hardware and computer applications. Prerequisite: Restricted to Music Technology students, or by consent of instructor.

MUS 222 Singing in Musical Theatre credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/222/>)

This is a highly participatory class appropriate for all levels of singing experience and ability, and includes a final cabaret-style performance at the end of the semester to showcase in-class learning. Methods of instruction include vocal exercises, group somatic and vocal work, song memorization, and in-class performances. May be repeated in separate terms up to 4 hours. Prerequisite: Instructor approval required.

MUS 240 Orientation Mus Tchgr Lrng K-HS credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/240/>)

Provides guided practice in observing music teaching and learning in a variety of settings. Develops professional perspective and vocabulary for analyzing effective teaching, diverse learning styles, and patterns of music instruction in a variety of contexts. Includes early field experience hours. Must complete criminal background check prior to observing in schools. Prerequisite: Music education majors accepted into Teacher Certification Track.

MUS 242 Elements of Conducting credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/242/>)

Fundamental elements of conducting, score analysis and preparation, transcription and transposition for choral and instrumental ensembles. Focused on development of conducting skills appropriate for use in public school teaching. A special section is offered for music majors not majoring in music education. Prerequisite: Music majors or consent of instructor.

MUS 243 Introductory Music Ed Tech credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/243/>)

Overview and exploration of the ways that technology benefits music education. Opportunities for practical development of skills, work, and play with a variety of software and hardware, and group projects that tie multiple technologies together in larger curricular units. Recent research readings. Consideration of the appropriateness for technology with special learners, as well as in ensemble and early childhood settings. Prerequisite: MUS 240 or consent of instructor.

MUS 244 Social Foundations of Music Ed credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/244/>)

Explores the social and cultural contexts of music teaching and learning from multiple perspectives. Examines contemporary and historical American music education philosophy, practice, and policy as well as music education's place within broader systems of education. Special emphasis will be placed on issues of cultural diversity and social justice and problematizing dominant narratives and potential assumptions relevant to music education. Employs scholarship within and beyond music education concerned with critical theories, history, philosophy, and sociology. Prerequisite: MUS 240 or consent of instructor. This course satisfies the General Education Criteria for: Advanced Composition

MUS 253 Collegium Musicum credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/253/>)

Performs medieval, renaissance, and baroque music; various small groups formed for the performance of sonatas and cantatas of Bach and Handel, wind serenades of Mozart, etc. Interested students may play on lute, harpsichord, and other instruments from the University's collection. May be repeated. Prerequisite: Consent of instructor.

MUS 265 Opera credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/265/>)

Preparation and public performance of grand or light opera. Includes only singing and acting (students desiring experience in costuming, stage management, scenery, publicity, etc., should apply to the University Theatre Department, which cooperates in the opera productions). May be repeated. Prerequisite: Consent of instructor.

MUS 299 Thesis/Adv UG Honors in Music credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/299/>)  
Special individual research projects. Required of seniors in the history of music and music theory curricula; open also to advanced undergraduates, including James Scholars, who have achieved university or college honors and who desire to do research in specialized areas of music, including performance. May be repeated to a maximum of 4 hours. Counts for advanced hours in LAS. Prerequisite: Senior standing in the history of music or music theory curricula, or consent of instructor.

MUS 313 The History of Music I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/313/>)  
Survey of music and its development in Western civilization to about 1750. Emphasis on an acquaintance with representative musical works and style, and on understanding musical concepts in the light of their historical and general cultural context. Prerequisite: MUS 110 or consent of instructor.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

MUS 314 The History of Music II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/314/>)  
Survey of the development of music as an art in Western civilization from about 1750 to the present. Emphasizes an acquaintance with formal and stylistic problems through the study of representative works and on understanding specific musical concepts in the light of their historical and general cultural context. Prerequisite: MUS 313 or consent of instructor.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

MUS 317 Intro to Piano Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/317/>)  
Overview of representative works for the piano, from Scarlatti to the present. Prerequisite: MUS 314.

MUS 318 Introduction to Piano Literature II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/318/>)  
Provides an overview of the piano repertoire, with representative works from late 19th century to the present. The content of the course will include assigned readings, listening, and in-class lecture/discussions of musical and technical challenges of the works discussed. Prerequisite: MUS 317; or consent of instructor.

MUS 320 Pre-Student Tchng Experience credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/320/>)  
Early Field Experiences in music teacher education. Includes supervised practicum work in observation, co-teaching, and individual teaching in local public schools. Twenty-seven (27) clock hours of EFE required for each hour of credit. May be repeated to a maximum of 4 hours, but only 2 hours may be applied toward the degree. Prerequisite: Music education majors or consent of instructor.

MUS 326 Practicum in Piano Teaching credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/326/>)  
Coordinates lesson planning for teaching pre-college piano pupils with extensive teaching experience; gives close examination to beginning and intermediate teaching literature.

MUS 330 Advanced Choral Conducting I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/330/>)  
Laboratory/practicum course for review and development of choral conducting skills and their integration into the student's full complement of teaching skills and knowledge. Score analysis and preparation lead to the application of teaching and rehearsal skills. Prerequisite: Music education majors; MUS 242; concurrent registration in MUS 348 is required.

MUS 331 Advanced Choral Conducting II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/331/>)  
Practicum course emphasizing teaching and rehearsal techniques, score preparation, and interpretation. Focuses on the integration of aural, vocal, keyboard, and conducting skills for the choral teacher/conductor. Prerequisite: MUS 330; music education majors, or consent of instructor.

MUS 332 Advanced Wind Band Conducting and Rehearsal Strategies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/332/>)  
Develops skills in rehearsal techniques and aural skills. Application of teaching strategies and learning theory. Refinement of fundamental concepts of gesture; development of advanced conducting skills and score reading skills; development of score analysis techniques. Prerequisite: MUS 242; instrumental music education majors, or consent of instructor.

MUS 333 Cond/Teach Strings-Grp Setting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/333/>)  
Survey of concert and training literature for school orchestras; refinement of fundamental concepts of gesture; development of advanced skills in conducting, score reading, and score analysis. Prerequisite: MUS 242; music education majors, or consent of instructor.

MUS 335 Elem and Mid Sch Instrum Music credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/335/>)  
Examines pedagogical and organizational techniques for teaching elementary and middle school instrumental music. Must be taken concurrently with MUS 320 WP or MUS 320 S, an Early Field Experience. Prerequisite: May only be taken one or two semesters prior to student teaching; music education majors, or consent of instructor.

MUS 336 Service Learning in Music Education credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/336/>)  
Service Learning and participatory action research in music education. Students facilitate music learning in cooperation with community partners in Champaign-Urbana, Illinois and surrounding communities. Collaborative planning, learning through inquiry, engaged scholarship, and democratic teaching practices. Student teams develop or work on ongoing projects with community teachers, musicians, or organizations. May be repeated in separate terms.

MUS 339 Princpls and Technqs in Mus Ed credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/339/>)  
Overview of music education in K-12 settings, emphasizing philosophy and history of music education, jazz education, methodologies commonly utilized in school curricula, music in special education, and classroom/rehearsal management. Five weeks are devoted to content exploring basic statistical techniques and procedures. Prerequisite: Senior standing in music education, or consent of instructor, plus 80 hours of early field experiences in the teaching of music; completion of the Quantitative Reasoning I requirement.  
This course satisfies the General Education Criteria for:  
Quantitative Reasoning II

MUS 342 Music in Childhood credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/342/>)  
Provides a model of comprehensive musicianship in general music K-5. Considers musical and conceptual development of learners at various ages. Includes lesson planning and assessment strategies for classroom music instruction including listening, performing, and composing experiences. Prerequisite: MUS 240 or consent of instructor.

MUS 343 Music in Adolescence credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/343/>)  
Detailed consideration of the general music program in both middle school and high school. Emphasis on adolescent characteristics and alternative methods of instruction. Prerequisite: MUS 240 or consent of instructor.

MUS 344 Instrumental Methods for Secondary Ensembles credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/344/>)  
Surveys repertoire for secondary wind and string ensembles; develops administrative skills for organizing a school music program; increases skills in rehearsal techniques and addresses current issues in music education. Prerequisite: MUS 240, MUS 350; or approval of instructor.

MUS 345 Mus Methods in Early Childhood credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/345/>)  
Approaches for teaching music to children ages 2 through 8 in preschool and early elementary school settings. Focuses on understanding the role of music in early childhood, developing musical concepts, and organizing appropriate learning experiences.

MUS 346 Choral Methods for Secondary Ensembles credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/346/>)  
Lecture/discussion methods course that addresses curriculum development, organization/administration, repertoire, vocal pedagogy and the changing voice, diction, and additional topics typical of secondary school choral music program. Prerequisite: MUS 240, MUS 350; or consent of instructor.

MUS 348 Choral Literature credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/348/>)  
Exploration of choral literature appropriate for middle and high school music programs. Students carry out lesson plans through peer teaching/rehearsal sequences, culminating in public performance. May be repeated to a maximum of 2 hours. Prerequisite: MUS 242. Restricted to Music Education majors, or consent of instructor.

MUS 350 Music Teaching in Ensemble Settings credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/350/>)  
Emphasizing the collaborative nature of teaching and learning, this team-taught, comprehensive course engages students in teaching music through school ensembles of all kinds. Topics include comprehensive musicianship, creativity and composition, instructional planning, management structures and routines, and inclusive practices in music education. Prerequisite: MUS 240, MUS 342 or MUS 343; or consent of instructor.

MUS 352 Tchng Strings in Grp Settings credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/352/>)  
Organize and teach sequential string playing technique to students in a group setting to develop their aural skills and left hand and right hand technique; refresh and improve the string performance skills gained in MUS 140; survey materials for string classes; develop awareness of personal teaching delivery skills. Offered only in spring semesters. Prerequisite: Music Education major, completion of MUS 320S, or consent of instructor.

MUS 360 Jazz Improv:Theory and Prac I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/360/>)  
Fundamentals of jazz improvisation, with an emphasis on aural recognition of jazz chord voicings, harmonic progressions, and scales. Includes interactive software related to jazz improvisation ear-training. Application of melodic, harmonic, and rhythmic materials with regard to improvisation. Prerequisite: MUS 102 and MUS 108; MUS 167; or placement by exam with consent of instructor.

MUS 361 Jazz Improv:Theory and Prac II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/361/>)  
Continuation of MUS 360. Exploration of advanced harmonic procedures with an emphasis on aural recognition of advanced forms of jazz harmonic structures, scales, chord qualities, and chord progressions. Additional emphasis on scales, chord/scale relationships, and standard jazz harmonic forms such as blues, standard jazz tunes, and modal tunes. Prerequisite: MUS 360, or placement by exam with consent of instructor.

MUS 362 Jazz Arranging I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/362/>)  
Fundamentals of jazz arranging with an introduction to techniques such as schematic design, score layout, analysis, voicing, section writing, and orchestration. Emphasis on arranging for rhythm section, along with part layout and forms, voicing techniques, and basic harmonic concepts. Three major written projects are required. Prerequisite: MUS 166, or placement by exam/portfolio with consent of instructor.

MUS 363 Jazz Arranging II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/363/>)  
Advanced melodic, harmonic, and rhythmic arranging techniques as applied to jazz instrumentation. Emphasis on practice in analysis, voicing and orchestration techniques such as 4-way closed position double lead, 4-way closed-position drop-2 double lead, 4-way closed position drop-2, and 4-and 5-way closed position. Three major written projects are required. Prerequisite: MUS 362, or placement by exam/portfolio with consent of instructor.

MUS 364 Jazz Composition I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/364/>)  
Examines the basic elements of jazz composition from melodic, harmonic, rhythmic, and tone color perspectives focusing on distinctive styles of jazz. Promotes a better understanding of various jazz compositional styles, jazz composers, creative elements and abilities, melody writing, harmonic systems, rhythmic compositional devices, and jazz reharmonization techniques. Prerequisite: MUS 363.

MUS 365 Jazz Composition II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/365/>)  
Examines advanced elements of jazz composition such as melody construction, harmonic devices, and rhythmic devices used in modern jazz compositions as a continuation and expansion of materials presented in MUS 364. Melodic and harmonic contouring, asymmetrical forms, advanced chromatic-modal construction, and creative practices will be discussed and practiced through written assignments and projects. Prerequisite: MUS 364, or consent of instructor upon approval of a portfolio of jazz compositions.

MUS 368 Jazz Improvisation Styles I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/368/>)  
Survey of improvisational/jazz artists. Students write and present four papers over the course of the semester, accompanied by four transcriptions of four major improvisational/jazz artists representing four distinct improvisational/jazz styles. All presentations will be done in class. Prerequisite: Consent of instructor.

MUS 369 Jazz Improvisation Styles II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/369/>)

A continuation of the survey of improvisational/jazz artists at an advanced level. Students write and present four papers and associated recording transcriptions of four advanced improvisational/jazz artists representing four distinct and advanced improvisational/jazz styles. All presentations will be done in class. Prerequisite: MUS 368 or consent of instructor.

MUS 400 Counterpoint and Fugue credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/400/>)

Study of contrapuntal writing, including fugue, with emphasis on the works of J.S. Bach. Includes analysis of contrapuntal writing. 3 undergraduate hours. 3 graduate hours. Prerequisite: MUS 202 and MUS 208, or consent of instructor.

MUS 404 Contemp Compos Techniques credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/404/>)

Studies in specialized areas of composition for advanced undergraduates and graduates majoring in composition-theory. May be elected by others with consent of instructor. 2 undergraduate hours. 2 graduate hours. May be repeated. Prerequisite: MUS 106, MUS 202 and MUS 208, or consent of instructor.

MUS 405 Analytical Systems 20thC Mus credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/405/>)

Study of various analytical techniques developed for music written in the twentieth century based on compositional procedures other than those derived from the common practice period. 3 undergraduate hours. 3 graduate hours. Prerequisite: MUS 202 and MUS 208, or consent of instructor.

MUS 406 Advanced Composition credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/406/>)

Individual instruction in contemporary musical practice. Students submit scores of their compositions to the composition faculty in order to obtain consent to register; consent is granted on the basis of the quality of the music the student has composed and the level of skill demonstrated in the work submitted. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 12 hours. Prerequisite: For undergraduates, MUS 206 and consent of composition faculty; for graduate students, consent of composition faculty.

MUS 407 Elec Music Techniques I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/407/>)

Introduces electroacoustic music, including historical background, music literature, techniques of notation and realization, sound synthesis, analog and digital recording, mixing and processing, and compositional application in the areas of musique concrete, electronic music, and Musical Instrument Digital Interface (MIDI) technology as applied to electroacoustic concert art music. Weekly lab times assigned. 3 undergraduate hours. 3 graduate hours. Prerequisite: Junior standing in music, or consent of instructor.

MUS 408 Analysis of Musical Form credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/408/>)

Extensive study of the formal structure of representative musical compositions from various historical periods: (a) Renaissance and Baroque; (b) Viennese classical; (c) nineteenth century; (d) first half of twentieth century; and (e) since World War II. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 9 hours. Prerequisite: MUS 202 and MUS 208.

MUS 409 Elec Music Techniques II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/409/>)

Intermediate level study of Musical Instrument Digital Interface (MIDI) technology, sound design, digital audio engineering techniques, multi-track digital editing and audio processing in music composition, and the study of compositional, technical, and performance considerations as applied to electroacoustic concert art music. Weekly lab times are assigned. 2 undergraduate hours. 2 graduate hours. Prerequisite: MUS 407 or placement by examination.

MUS 410 Period Studies in Musicology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/410/>)

Intensive study of the music of a specific historical period. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 12 hours. Prerequisite: MUS 313 and MUS 314, junior standing in music or consent of instructor.

MUS 411 Genre Studies in Musicology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/411/>)

Examination of one or more aspects of musical genre defined by composer(s), historical era, region, performance issues, philosophy, etc. Can include the study of the relationship between genre and performance, genre and pedagogy, genre and the creative process, genre and reception, etc. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 12 hours if topic varies. Prerequisite: MUS 313 and MUS 314; junior standing; or consent of instructor.

MUS 412 Composer Studies in Musicology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/412/>)

Intensive study of the music of a specific composer or group of composers, and the practice of music authorship. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 6 hours if topic varies. Prerequisite: MUS 313 and MUS 314, junior standing in music or consent of instructor.

MUS 413 Music and Performance credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/413/>)

Examination of one or more aspects of musical performance defined by historical era, region, genre, philosophy, etc. Can include the study of the relationship between performance, improvisation and creative process; performance and publication; performance practices of a specific genre, period, or community; etc. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 12 hours if topic varies. Prerequisite: MUS 313 and MUS 314, junior standing; or consent of instructor.

MUS 414 Music and Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/414/>)

Examination of the social context, function and meaning of music/music-making in one or more communities, from one or more areas of the world, in one or more time periods. May address music in relation to such social issues as gender and sexualities, ethnicity, politics, etc. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 6 hours if topic varies. Prerequisite: MUS 313 and MUS 314, and junior standing in music; or consent of instructor.

MUS 415 Music and Media credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/415/>)

Intensive study of sound culture, media, and technologies, whether historical or contemporary. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 12 hours if topic varies. Prerequisite: MUS 313 and MUS 314; junior standing; or consent of instructor.

MUS 416 Anthropology of Music credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/416/>)

Introduction to the anthropological study of music, including the role of music in the world's societies and non-Western musical systems and cultures. Same as ANTH 416. 3 undergraduate hours. 3 graduate hours. Prerequisite: ANTH 103 or consent of instructor.

MUS 418 Regional Studies in Musicology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/418/>)

Seminar devoted to intensive study in the music of specific peoples, states, or geographic regions from around the world. 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 12 undergraduate hours if topic varies. Prerequisite: MUS 313 and MUS 314; junior standing; or consent of instructor.

MUS 419 Sr Seminar in Musicology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/419/>)

Intensive capstone seminar for musicology majors directed at graduate school preparation, senior thesis or project development, professional portfolio design, and the cultivation of scholarly writing skills. Introduces advanced research methods and analytical paradigms. Addresses special topics or issues tailored to student interests and faculty expertise, as well as contemporary developments in the discipline or current musical events, from diverse perspectives. 3 undergraduate hours. No graduate credit. Prerequisite: For senior musicology majors (BA or BM) with senior standing, or consent of instructor.

MUS 421 The Music of America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/421/>)

Study of chamber, choral, and orchestral music written by American composers from about 1850 to the present; jazz and its offshoots; folk and popular music; and experimental music in America. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 6 hours. Prerequisite: Senior standing in music or consent of instructor.

MUS 422 Musical Theatre Repertoire credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/422/>)

Musical Theatre Repertoire is a high-contact class, conducted in a studio setting. Methods of instruction include vocal exercises, studying and singing Musical Theatre repertoire, song memorization, studying and evaluating performances, and utilizing both class and individual evaluations. Vocal health and wellness are stressed as students become familiar with styles of singing in both classical and contemporary Musical Theatre. 2 undergraduate hours. 2 graduate hours. May be repeated in separate terms to a maximum of 8 undergraduate hours or 4 graduate hours. Prerequisite: Students must have two years of applied voice lessons (MUS 181) in order to register for this course. For Music majors, or by consent of instructor.

MUS 423 Intro to Piano Technology credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/423/>)

Introduction to the mechanism and operation of the modern piano, including the historical development of keyboard instruments. Introduction to tuning and regulation, theory, and practice. No previous experience tuning or regulating pianos is necessary. 2 undergraduate hours. 2 graduate hours.

MUS 424 Musical Informatics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/424/>)

A 21st century approach to music theory: fundamental elements of music illustrated through logical and mathematical concepts, unencumbered by stylistic considerations. Defines the internal structure of sounds and presents a few general methods of organizing them into complex compositions. Intended for musicians having limited familiarity with mathematics, as well as scientifically inclined students with little musical background. 3 undergraduate hours. 3 graduate hours. Prerequisite: Consent of instructor.

MUS 426 Orchestration credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/426/>)

A thorough study of writing for all of the orchestral instruments in combinations ranging from solo to varying sizes of chamber ensembles and full orchestra. Includes analysis of musical examples and composing short works for various instrumental ensembles. 3 undergraduate hours. 3 graduate hours. Prerequisite: MUS 202 and MUS 208.

MUS 430 Applied Music Pedagogy credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/430/>)

Survey of techniques, practices, and materials; presentation of group and individual instruction; an approach to teaching problems, tone production, musical styles, and interpretation for various age levels; actual teaching experience under faculty supervision. Required of performance majors in voice. 2 undergraduate hours. 2 graduate hours. May be repeated to a maximum of 4 hours. Prerequisite: Senior standing in music or consent of instructor.

MUS 431 Piano Pedagogy I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/431/>)

Objectives, techniques, literature, and materials for teaching piano to children from about ages five through ten (elementary level); observation of lessons and supervised student teaching experience. 2 undergraduate hours. 2 graduate hours. Required of piano performance majors. Prerequisite: Senior standing in music or music education, or consent of instructor.

MUS 432 Piano Pedagogy II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/432/>)

Objectives, techniques, literature, and materials for teaching the young pianist from about ages 11 through 18 (middle school to pre-college level); teaching the adult beginner; observation of lessons and supervised student teaching experience. 2 undergraduate hours. 2 graduate hours. Required of piano performance majors. Prerequisite: Senior standing in music or music education, or consent of instructor.

MUS 433 Music Interdisciplinary Curriculum credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/433/>)

This course focuses on the principles and processes of an interdisciplinary curriculum, with primary emphasis on music's relationship to other areas of study. The organizing framework for the course is grounded on the premise that music influences, and in turn is influenced by, complementary realms of human experience. The purpose is to enable music educators and other interested persons to create sound educative experiences in music built upon strong relationships among persons, ideas, artistic practices, and disciplines. 2 undergraduate hours. 2 or 4 graduate hours. Prerequisite: MUS 240, MUS 342, and MUS 343; or grad standing; or consent of instructor.

- MUS 434 Assessment and Evaluation in Music Education credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/434/>) Overview of assessment and evaluation techniques in music education, emphasizing the design of performance assessments, how to collect quality data in the music classroom, and how to use data to improve instruction. Five weeks devoted to context-exploring basic statistical techniques, including how to interpret data. 3 undergraduate hours. 4 graduate hours. Prerequisite: MUS 240, MUS 342, MUS 343; or grad standing; or consent of instructor.
- MUS 435 Jazz Aural Skills I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/435/>) Jazz Aural Skills I is the first of two courses designed to equip students for the rigorous demands of a professional jazz musician. The course is designed to strengthen the student's ability to recognize chord progressions, scales, chord alterations, and common forms in order to react and integrate them into solo improvisation and group playing. Students learn how to strengthen their own relative pitch recognition through singing/and or playing their instrument(s), including piano. 2 undergraduate hours. 2 graduate hours. Prerequisite: MUS 107, 108, 172 and 173, or by consent of instructor. This course is open to jazz majors, music majors, and interested students.
- MUS 436 Jazz Aural Skills II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/436/>) Jazz Aural Skills II is a continuation of ear training for the jazz musician and composer. The ability to hear all parts of a tune - chord changes, rhythmic patterns, and the harmonic implications of the chord extensions is considered a fundamental essential skill of the professional jazz and commercial musician. 2 undergraduate hours. 2 graduate hours. Prerequisite: MUS 107, 108, 17, 173 and 435, or by consent of instructor.
- MUS 437 Popular Music Pedagogy credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/437/>) Explores various vernacular, popular, and folk musical traditions. Experiences will focus on oral/aural creation and performance as well as responding to and connecting with relevant sociocultural issues and contexts. Special emphasis will include the potential application and inclusion of these musical traditions within school music settings. 2 undergraduate hours. 2 or 4 graduate hours. Prerequisite: MUS 240 and MUS 343; or grad standing; or consent of instructor.
- MUS 438 Designing Musical Experiences credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/438/>) Students develop their musicianship through reflective engagement with a variety of approaches to non-performance oriented music learning. Equal emphasis is placed on various kinds of music (literature and repertoire) and the ways in which teachers can structure experiences for students. Students will plan and lead experiences, sing and perform on a variety of instruments, and review recent research and scholarship in the field. 2 undergraduate hours. 2 graduate hours. Prerequisite: MUS 240.
- MUS 439 Differentiating Music Instruction credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/439/>) Strategies for adapting and modifying music instruction for students with disabilities in general, choral, and instrumental music classes. 3 undergraduate hours. 3 graduate hours. Prerequisite: MUS 240, MUS 342 or MUS 343; or grad standing; or consent of instructor.
- MUS 440 Marching Band Procedures credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/440/>) Detailed consideration of principles and procedures for preparing a marching band to participate in parades, ceremonies, and shows for sports events. 2 undergraduate hours. 2 graduate hours. Prerequisite: Junior standing in instrumental music education.
- MUS 441 Contemp Issues in Inst Mus Ed credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/441/>) Research-based investigation of concepts and principles of school band programs including repertoire and curriculum, score study and teaching strategies, and leadership and advocacy. 2 undergraduate hours. 2 graduate hours. Prerequisite: Completion of student teaching, graduate standing in music education, or consent of instructor.
- MUS 442 Band Arranging credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/442/>) Development of basic scoring and arranging skills for various small instrumental ensembles and marching band. 2 undergraduate hours. 2 graduate hours. Prerequisite: MUS 202 and MUS 208 or equivalent.
- MUS 443 Orchestral Repertory credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/443/>) Laboratory class designed for brass, woodwind, and percussion performance majors who wish to become more familiar with orchestral literature and a variety of interpretational orchestral techniques. Emphasis on individual and sectional parts of orchestral masterworks. 1 undergraduate hour. 1 graduate hour. May be repeated to a maximum of 4 undergraduate hours and 4 graduate hours. A maximum of 6 hours of credit is cumulative within either the BM or MM degree, or a combination of the two. Prerequisite: Consent of instructor in consultation with the appropriate studio teacher.
- MUS 444 Healthy Music Practices credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/444/>) This course is intended for the promotion of healthy musical and lifestyle habits and choices, as well as enhancement as a performer and teacher through knowledge of all aspects of their musical selves - physical, psychological, and spiritual. The course will focus on general self-care but will also cover the four target areas identified by the Health Promotion in Schools of Music Conference as crucial for musicians: musculoskeletal issues, hearing conservation, voice care, and psychological issues. 2 undergraduate hours. 2 graduate hours. Prerequisite: Music students, or instructor approval.
- MUS 446 Songwriting credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/446/>) Develops and refines music composition techniques and self-expression in popular, vernacular, and folk music genres. Students will write, record, and perform original songs for class, provide constructive feedback for their peers, reflect personally on their experiences through journaling, and will engage with readings and recordings relevant to class activities. Students should be comfortable singing and creating/performing on an accompanying instrument (e.g. guitar, piano, self-composed digital backing tracks). 2 undergraduate hours. 2 graduate hours.
- MUS 447 Advanced Music Ed Technology credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/447/>) A deepening of ideas and skills presented in MUS 243. Provides advanced exploration and construction of digital learning environments, as well as exploring the computer as a musical instrument. Students will work alone and in teams to create curricular materials grounded by historical, philosophical, and research in technology and education. 2 or 4 undergraduate hours. 2 or 4 graduate hours. Prerequisite: MUS 240, MUS 243; or grad standing; or consent of instructor.

MUS 448 Computer Music credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/448/>)

Introduction to the multiple ways computers are used in music, with an emphasis on digital sounds synthesis and composition. Elements of acoustics, psychoacoustics, and programming are introduced in order to allow students to use and modify the existing software DISSCO/Sound Maker developed at UIUC. 3 undergraduate hours. 3 graduate hours. Prerequisite: Consent of instructor.

MUS 449 Teaching Young Singers credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/449/>)

Provides music education students with techniques for implementing developmentally appropriate music-learning experiences with an emphasis on teaching young singers. Includes theoretical and research literature in the field of vocal development and early childhood music education. Learning goals of the course focus on strategies for supporting and remediating vocal development, integrating singing into general music curricula, identifying and selecting song literature for young singers that encompasses a wide range of genres and styles with attention to children's musical interests, assessing vocal development and growth, and selecting and programming choral literature for early elementary-aged singers. Early field experiences and peer teaching are included in the course work. 2 undergraduate hours. 2 graduate hours. Prerequisite: MUS 240, MUS 342, and MUS 343; or grad standing; or consent of instructor.

MUS 451 Basso Continuo credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/451/>)

Introduction to figured bass realization. Techniques of accompanying singers and instrumentalists from a figured bass. 2 undergraduate hours. 2 graduate hours. May be repeated. Prerequisite: Advanced standing in music as a piano, organ, harpsichord, or accompanying major, or consent of instructor.

MUS 452 Special Topics in Harpsichord credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/452/>)

Practical and theoretical studies in historical tuning and temperament; early fingerings, harpsichord tutors (treatises), styles of figured bass improvisation, harpsichord literature, and other topics related to harpsichord performance. 2 undergraduate hours. 2 graduate hours. May be repeated to a maximum of 4 hours. Prerequisite: Consent of instructor.

MUS 453 Special Topics in Organ credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/453/>)

Development of practical keyboard skills related primarily to the work of the church organist: transposition, score-reading, harmonization, modulation, hymn-playing, and solo and anthem accompaniment. 2 undergraduate hours. 2 graduate hours. May be repeated to a maximum of 4 hours. Prerequisite: Consent of instructor.

MUS 454 Advanced Keyboard Skills I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/454/>)

Comprehensive keyboard musicianship course for advanced pianists emphasizing the development of the following skills: sight reading, harmonization, transposition, improvisation, playing by ear, and vocal and instrumental score reading. Ensemble piano music is performed. This course addresses the keyboard competency policy for undergraduate piano performance majors. 2 undergraduate hours. 2 graduate hours. Prerequisite: MUS 180 (12 hours completed) or MUS 175; and MUS 202 and MUS 208 or equivalent; and consent of instructor.

MUS 455 Advanced Keyboard Skills II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/455/>)

Continuation of the topics introduced in MUS 454. 2 undergraduate hours. 2 graduate hours. Prerequisite: MUS 180 (12 hours completed) or MUS 175; MUS 202 and MUS 208 or equivalent; MUS 454 or equivalent; and consent of instructor.

MUS 456 Adv Jazz Piano Improvisation credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/456/>)

Study of solo jazz piano improvisation on an advanced level. Includes practical experience in traditional, modern, and abstract solo performance, as well as theoretical, stylistic, and historical background. 2 undergraduate hours. 2 graduate hours. May be repeated to a maximum of 4 hours. Prerequisite: MUS 161 or equivalent.

MUS 457 Organ History and Design credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/457/>)

Survey of the important national and historical styles of organ building and their relation to musical composition, performance practice, and modern organ design. Includes visits to regional organ installations chosen for their pertinent design features. 2 undergraduate hours. 2 graduate hours. Prerequisite: Consent of instructor.

MUS 459 Professional Internship credit: 0 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/459/>)

Professional work with an approved musical organization that is external to the School of Music, in an area related to the student's academic program; exposure to and participation in professional music-related activities. Full documentation and approval of internship activities required. The default credit will always be 0 credits unless a student, with the faculty advisor's support, petitions the appropriate academic committee (UG or Grad) with a detailed proposal outlining the academic nature, content, and scope of the internship. 0 to 12 undergraduate hours. 0 to 12 graduate hours. Approved for S/U grading only. May be repeated in separate terms to a maximum of 4 hours if topics vary.

MUS 462 Jazz Listening Seminar I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/462/>)

Examines the fundamental aural elements of improvisation in a jazz idiom. A chronological survey of jazz artists presented via recordings. Topics will vary with the introduction of each new artist or group. 2 undergraduate hours. 2 graduate hours. Prerequisite: Jazz majors or consent of instructor.

MUS 463 Jazz Listening Seminar II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/463/>)

A continuation in greater depth of material presented in MUS 462. Further examines the aural elements of improvisation in a jazz idiom. A chronological survey of jazz artists presented via recordings. Topics will vary with the introduction of each new artist or group. 2 undergraduate hours. 2 graduate hours. Prerequisite: Jazz majors or consent of instructor.

MUS 464 Jazz History I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/464/>)

Presents jazz music history chronologically while providing historical background information drawn from other disciplines to illuminate the many ways that jazz has influenced, and been influenced by, American and global societies. Explores the many ways that jazz has encountered other art forms. Unpacks the many issues deeply associated with jazz music's history – issues of race, class, mass media, gender, critical reception, etc. 3 undergraduate hours. 4 graduate hours. Prerequisite: Prior musical knowledge and training preferred but not required. Consent of instructor.

- MUS 465 Jazz History II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/465/>)  
A continuation of the materials presented in MUS 464. Allows the students to look both forward and backward to explore jazz music's unfolding in the twentieth century, beginning roughly in 1945 and continuing to the present. Looks at music and its creators using recorded music, film transcription, theory, and various other analytical and media techniques. 3 undergraduate hours. 4 graduate hours. Prerequisite: Prior musical knowledge and training preferred but not required. Consent of instructor.
- MUS 469 Lyric Theatre Production credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/469/>)  
Studies the problems of the lyric stage. Investigation of and practice with casting methods, program selection, production procedures, stage direction, coaching methods, and opera dramatics. 3 undergraduate hours. 2 graduate hours. May be repeated up to a maximum of 6 undergraduate hours or 4 graduate hours. Prerequisite: Consent of instructor.
- MUS 470 Opera Production II credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/470/>)  
Continuation of topics introduced in MUS 469. 3 undergraduate hours. 2 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 4 graduate hours. Prerequisite: MUS 469.
- MUS 471 Composer-Chor Workshop credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/471/>)  
Same as DANC 464. See DANC 464.
- MUS 472 Senior Project Showcase credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/472/>)  
Senior Project Showcase will be a sequenced, two semester course, culminating in a final performance(s) in the spring semester. Students will use class time for individual and team writing during the fall semester, presenting their work for faculty approval at the end of the first semester. Students will meet weekly in large and small groups, as well as frequent individual sessions with their advisors, receiving and providing feedback, working on staging, choreography and arrangements, and, later, assisting in the production design as well. Improvisation will play a central role in the development of concept and specific songs from character driven work. 1 undergraduate hour. No graduate credit. May be repeated to a maximum of 2 hours in separate terms. Prerequisite: Musical Theatre Repertoire (MUS 422). For BMA in Lyric Theatre majors only.
- MUS 474 Vocal Repertoire I credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/474/>)  
Study of the standard solo literature including solo excerpts from larger works, i.e., cantata, oratorio, and opera. Supplements the student's knowledge of the literature in his/her major field. 1 undergraduate hour. 1 graduate hour. Prerequisite: Junior standing in voice, or consent of instructor and concurrent registration in MUS 481.
- MUS 475 Vocal Repertoire II credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/475/>)  
Continuation of the study of the standard solo literature including solo excerpts from larger works, i.e., cantata, oratorio, and opera. Supplements the student's knowledge of the literature in his/her major field. 1 undergraduate hour. 1 graduate hour. Prerequisite: Junior standing in voice, or consent of instructor and concurrent registration in MUS 481.
- MUS 477 Principles of Accompanying credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/477/>)  
Principles of accompanying singers and instrumentalists. Practical experience in accompanying and facility in sight reading for keyboard performers. 2 or 4 undergraduate hours. 2 or 4 graduate hours. May be repeated. (Summer session, 2 undergraduate or graduate hours). Prerequisite: Advanced undergraduate or graduate standing in music or music education, and consent of instructor.
- MUS 499 Proseminar in Music credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/499/>)  
Special preparation in specialized fields of musicology, composition-theory, performance, and music education. 0 to 4 undergraduate hours. 0 to 4 graduate hours. Approved for Letter and S/U grading. May be repeated to a maximum of 16 hours. Prerequisite: Senior or graduate standing in music or music education; consent of instructor.
- MUS 500 Artist Diploma Recital credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUS/500/>)  
Recital presented in partial fulfillment of requirements for the Artist Diploma. Approved for S/U grading only. May be repeated in the same term to a maximum of 2 hours. May be repeated in separate terms to a maximum of 4 hours. Prerequisite: Admission to the Artist Diploma program on the basis of an audition.
- MUS 501 Grad Music History Review credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/501/>)  
Review of Western music history both before 1750 (MUS 501 section A) and after 1750 (MUS 501 section B). Refreshes knowledge and understanding of representative examples of repertoire as well as the historical context in which music was written. May be repeated up to 8 hours in separate terms.
- MUS 502 Graduate Theory Review credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/502/>)  
Review of concepts from undergraduate music theory, including materials from the common practice period (50xA) and the twentieth century (50xB). Concepts studied include compositional materials and basic form and analysis. May be repeated up to 6 hours in separate terms if topics vary. Credit is not given towards graduate degrees.
- MUS 504 Grad. Jazz Improv. I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/504/>)  
Practical application of mid- to upper level melodic, harmonic, and rhythmic principles used in jazz improvisation. Practice in the use of jazz chord qualities, upper extensions, and upper altered extensions used in jazz. Descriptions of mid-level improvisational sequences, modal improvising, symmetric/synthetic scale usage, symmetric chord usage, and approach-note/enclosure techniques. 4 graduate hours. No professional credit. Prerequisite: Graduate standing in Jazz Performance or consent of instructor. For Graduate Jazz Performance majors only.
- MUS 505 Individ Topics in Music Theory credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/505/>)  
Studies in specialized areas of analysis, theoretical systems, and aesthetics for composition and theory majors and cognates. May be repeated to a maximum of 12 hours. Prerequisite: Graduate standing in music and consent of instructor.
- MUS 506 Graduate Level Composition credit: 2 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/506/>)  
Advanced instruction in contemporary compositional practice. May be repeated to a maximum of 16 hours.

MUS 507 Sem in Music Comp and Theory credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/507/>) Intensive study of selected topics in the fields of music composition and theory. May be repeated. Prerequisite: Graduate standing in music composition-theory, or consent of instructor.

MUS 508 Grad. Jazz Improv. II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/508/>) The advanced application and examination of improvisational methods, device, and techniques. Study of advanced chord/scale relationships, modal harmonic concepts, harmonic analysis, patterns, linear/vertical approaches to improvising, and various jazz song forms including: advanced blues forms, asymmetrical standards, free improvisational forms, and advanced modal forms. 4 graduate hours. No professional credit. Prerequisite: MUS 504 or consent of instructor. Graduate Jazz Performance majors only.

MUS 509 Graduate Seminar in Band Conducting, History, and Literature credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/509/>)

This seminar will explore current topics facing the contemporary wind band conductor. Subject matter will include but not be limited to the exploration of new literature, works for chamber winds, and an historical survey of cornerstone repertoire. There will also be a conducting component, using a chamber ensemble. 2 graduate hours. No professional credit. May be repeated to a maximum of 8 hours in separate terms, if topics vary. Prerequisite: Graduate Band Conducting Majors and Admitted Cognate Program Members Only, or with Instructor permission.

MUS 510 History of Music Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/510/>)

The development of theoretical concepts from antiquity through the Renaissance; a study of selected theoretical treatises written before 1550. May be repeated to a maximum of 8 hours. Prerequisite: Graduate standing in musicology or composition-theory, or consent of instructor.

MUS 511 Fdns/Methods of Musicology I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/511/>)

Introduction to the field for graduate students in musicology. Includes a study of bibliographic resources and techniques; on-line and CD ROM resources; database creation and management; basic historical method; evidence and argumentation in historical research; critical reading and logical analysis; and the nature and taxonomy of musical sources. Students begin a project on the state of research on a particular subject of their choice, which is to be completed in MUS 512. Prerequisite: Graduate standing in musicology or consent of instructor.

MUS 512 Fdns/Methods of Musicology II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/512/>)

Continues materials introduced in MUS 511. Focuses on the major resources, intellectual history, theories and methodologies of ethnomusicology. Students pursue a state-of-research project on a topic relevant to their interests, selected in consultation with the instructor. 4 graduate hours. No professional credit. Prerequisite: MUS 511 or consent of instructor.

MUS 513 Topics in Opera History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/513/>)

Intensive study of a period or school of opera composition or of a particular aspect of the history of opera. Wide reading in the social and intellectual climate of the period concerned; literary, dramatic, and musical analysis; and work with primary sources, whenever possible. 4 graduate hours. No professional credit. May be repeated to a maximum of 8 hours if topics vary. Prerequisite: MUS 528A (consult Class Schedule for specific section information), graduate standing in musicology, or consent of instructor.

MUS 514 Musicology and Pedagogy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/514/>)

Seminar-style practicum in the teaching of undergraduate courses in Western and non-western music for musicology and non-musicology majors. Intensive review and discussion of pedagogical materials. Instruction in syllabus and lecture design, presentational and discussion styles, and use of multimedia and educational technology. Prerequisite: Graduate musicology majors or consent of instructor.

MUS 515 Topics in Vocal Music credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/515/>)

Intensive or comparative study of specific repertoires of vocal music, of particular genres or styles of vocal composition or performance practice, and/or of particular vocal artists. 4 graduate hours. No professional credit. May be repeated to a maximum of 8 hours. Prerequisite: MUS 528A, graduate standing in musicology, or consent of instructor. For graduate students in Music.

MUS 516 Fieldwork and Ethnography credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/516/>)

Prepares students for the various phases of preparing for and doing ethnomusicological fieldwork and ethnographic analysis and writing. Beginning with the project design and grand-writing stages, participants study and practice fieldwork techniques such as participant observations, interviewing, writing and analyzing field notes, and audio and video recording. The politics and ethics of fieldwork and ethnographic writing are considered through readings and discussion. Finally, a variety of approaches to ethnographic writing are considered through the study of finished musical ethnographies. Prerequisite: MUS 512 or consent of instructor.

MUS 517 Topics in Instrumental Music credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/517/>)

Intensive or comparative study of specific repertoires of instrumental music, or of particular genres or styles of instrumental composition and performance practice, and/or of particular instrumentalists. Includes broad reading in the social and intellectual climate of the musical practices at issue; pertinent analytical approaches or paradigms; and work with relevant source materials. 4 graduate hours. No professional credit. May be repeated to a maximum of 8 hours. Prerequisite: MUS 528A (consult Class Schedule for specific section information), or graduate standing in musicology, or consent of instructor.

MUS 518 Regional Studies in Musicology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/518/>)

Seminar devoted to intensive study in the music of specific peoples, states, or geographic regions from around the world. 4 graduate hours. No professional credit. May be repeated to a maximum of 16 graduate hours. Prerequisite: MUS 528 A (for DMA or MM performance or composition students); or consent of instructor.

MUS 519 Analytical Methods: Musicology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/519/>)

Practical, hands-on experience with and exposure to the transcription, analysis, theoretical constructs, and/or notation of music from any of the world's repertoires examined within a musicological framework and from both a synchronic and diachronic perspective. A series of case studies posing an array of technical problems encourage students to think critically about the place of theory and analysis in the history of musicology and their own work. May be repeated, as topics vary, in the same term to a maximum of 8 hours and in separate terms to a maximum of 12 hours. Students repeating should consult with the instructor before enrolling. Prerequisite: MUS 511 and MUS 512; or consent of instructor. Graduate students in music will be considered if they passed MUS 528A (consult Class Schedule for specific section information).

MUS 520 Soc Theory in Ethnomusicology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/520/>)

History of theoretical ideas and paradigms that have influenced ethnomusicology from the late 19th century through the early 21st century. Helps students to sharpen their own theoretical tools for conducting ethnomusicological research, teaching, and analysis of existing literature. Participants will study theoretical approaches from anthropology, folkloristics, sociology, semiotics, linguistics, communications, and ethnomusicology that have been influential in ethnomusicology. Participants will write a series of short papers to develop their theoretical thinking, writing, and argumentation. Prerequisite: MUS 512, or consent of instructor. Graduate students in music will be considered if they passed MUS 528A (consult Class Schedule for specific section information).

MUS 521 Hist Studies in 20thC Music credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/521/>)

Seminar in contemporary music, with emphasis on the historical foundations of current trends in musical composition. May be repeated to a maximum of 8 hours. Prerequisite: MUS 528A (consult Class Schedule for specific section information), or graduate standing in musicology, or consent of instructor.

MUS 522 Special Topics Seminar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/522/>)

Intensive study of special topics in musicology, whether historical, ethnomusicological, or interdisciplinary in approach; seminar format. 4 graduate hours. No professional credit. May be repeated to a maximum of 8 hours. Prerequisite: MUS 528A or consent of instructor. For graduate students in Music; this course is intended for performance and composition majors, especially DMA students seeking advanced musicology credit.

MUS 523 Seminar in Musicology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/523/>)

Problems in historical and systematic musicology or ethnomusicology; discussions of special problems and reports on individual research. May be repeated to a maximum of 8 hours. Prerequisite: Graduate standing in musicology or consent of instructor. Graduate students in music will be considered if they passed MUS 528A (consult Class Schedule for specific section information).

MUS 524 Sem in Wrks of Select Composer credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/524/>)

Intensive historical and analytical study of the works of important composers; each term devoted to one composer. May be repeated to a maximum of 16. (Summer session, 2 or 4 graduate hours). Prerequisite: Graduate standing in musicology or consent of instructor. Graduate students in music will be considered if they passed MUS 528A (consult Class Schedule for specific section information).

MUS 525 Rdgs in Musical and Mus Theory credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/525/>)

Individual guidance in intensive readings in the literature of musicology or music theory, selected in consultation with the instructor and in accordance with the needs and interests of the student. May be repeated. (Summer session, 2 graduate hours). Prerequisite: Graduate standing in musicology or music theory.

MUS 526 Baroque Performance Practice credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/526/>)

Study of musical performance from ca. 1600-1750; discussion of musical instruments, ornamentation, basso continuo, etc., supplemented by demonstration performances using the University's collection of instruments. Prerequisite: Graduate standing in music; for undergraduates, consent of instructor.

MUS 527 Classical Performance Practice credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/527/>)

Study of musical performance of the classical period, with an emphasis on the music of Haydn, Mozart, and early Beethoven; discussion of musical instruments, ornamentation, tempo, vibrato, etc., supplemented by demonstration performances using the University's collection of instruments. Prerequisite: Graduate standing in music; for undergraduates, consent of instructor.

MUS 528 Res & Bibliography in Music credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/528/>)

Introduction to basic research skills appropriate to graduate study in music. Topics include accessing library resources and online databases; citation formats and plagiarism issues; critical reading and writing; and critical editions of music. For DMA students additional topics include skills for planning and writing a large research paper; study strategies and resources; and professional skills. All DMA students will complete a draft of their proposal for a final DMA project by the conclusion of this class. Required of all incoming graduate students in the MM (2 hours of credit), except those majoring in musicology, and in the DMA (4 hours of credit). Prerequisite: If required, all remedial coursework in ESL and/or music history must be satisfied prior to enrollment.

MUS 529 Transformative Music Education credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/529/>)

Music educators in all settings operate in a crosscurrent of social, musical, educational, and personal values. In order to improve our professional practice and transform the profession, we need to examine society's expectations of schools, education, music and the arts as well as our own. In this course, students will learn how sociology can be used to identify and clarify these connections.

MUS 530 Critical Readings in Mus Ed credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/530/>)

Independent critical readings and reflections of topics not treated in regularly scheduled courses. Includes program of approved research that culminates in a written report and/or formal presentations. May be repeated to a maximum of 8 hours. Prerequisite: Graduate standing in music education.

MUS 531 Psychology of Music credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/531/>)

The practice of making, creating, and experiencing music studied from a psychological perspective. Covers a range of psychological issues of interest to musicians and music educator, with the aim of challenging students to consider new ways of thinking about and participating in music as a result of having developed informed approaches to their own musical development and that of others. Prerequisite: Graduate standing in music education.

MUS 532 Curricular Perspectives on Music Education credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/532/>)

Examines current issues and trends within music education from both a local and global perspective. Focuses on the status and role of the music curriculum in contemporary schools and includes a critical examination of a range of evidence-based principles and approaches that govern music teaching and learning in formal and informal settings. Prerequisite: Graduate standing in music education or consent of instructor.

MUS 533 Research in Music Education credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/533/>)

Examines the sources of research literature in music education, provides an overview of traditional research methodologies, and introduces terminology and procedures utilized in qualitative and quantitative research. The purpose of the course is to enable graduate students to become intelligent consumers and interpreters of the music education research literature. Prerequisite: Advanced undergraduate or graduate standing in music or music education, or consent of instructor.

MUS 534 Doctoral Research in Mus Ed credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/534/>)

Considers music education research within a wider political and social context and addresses some of the dilemma and choices faced when designing and conducting research. Explores different approaches and considers theoretical and methodological issues relevant to the design and conduct of music education research. Students are expected to design a research project that will make a distinct contribution to knowledge and afford evidence of originality, either by the discovery of new evidence, or by the exercise of independent critical judgments. Prerequisite: MUS 533 or equivalent, or consent of instructor.

MUS 535 Philosophic Inquiry in Mus Ed credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/535/>)

Consideration of the philosophical assumptions that have guided decisions regarding why, what, and how music is taught in schools. Assists students in placing their present values and beliefs about music learning in the context of scholarly ideas on this subject. Addresses questions such as: What is music? Why do people listen to, create, and perform music? What is music's value for individuals and society? Why teach music in school? How does music fit the large goals of schooling? How have answers to the foregoing changed over the past century? Prerequisite: Graduate standing in music or music education, or consent of instructor.

MUS 536 Soc-Cultur Inquiry Music Learn credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/536/>)

Consideration of the implications of developmental and socio-contextual inquiry for enhancing music education practice, with an examination of the implications of contemporary theory for the development of more effective teaching and learning processes. Prerequisite: Graduate standing in music or music education, or consent of instructor.

MUS 538 The General Music Program credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/538/>)

Concentration on contemporary practices and general music education. Overview of methodologies, historical approaches, and new trends. Additionally, students will explore and develop their own pedagogic content knowledge and general musicianship abilities (improvisation, composition, etc.) within the class setting. Prerequisite: Graduate standing in music education, or consent of instructor.

MUS 539 Music in Higher Education credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/539/>)

Provides an orientation to the organization, teaching and administration of music in the college or university. Includes topics such as preparing for and securing a college/university faculty position, promotion and tenure, faculty ethics and evaluation, and personnel/personal relations. Prerequisite: Graduate standing in music or music education.

MUS 540 Graduate Wind Band Conducting credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/540/>)

Examination of techniques of rehearsal, conducting, and preparation of wind band and chamber wind ensembles for concert performance. Emphasizes discussion, analysis, and preparation of selected scores for private and group lessons; as well as coaching/experience with live ensembles and select performance opportunities. May be repeated to a maximum of 16 hours. Prerequisite: MM wind band conducting students and/or consent of instructor.

MUS 541 Chor Prog in Secondary Schools credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/541/>)

In-depth study of the methods, materials and literature for teaching choral music in the secondary schools. Emphasis on curriculum development, musical literacy, and advanced rehearsal techniques. Prerequisite: Graduate standing in music or music education.

MUS 542 Technology in Music Education credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/542/>)

Critical exploration of technology in all aspects of music learning. Theoretical approaches, trends in software and hardware, and consideration of technologies as prosthetics of the mind are explored in a seminar format. Limited instruction in hardware and software are also included as needed. The higher amount of credit will require a major project outside of class in consultation with the instructor. Prerequisite: MUS 447; graduate standing, or consent of instructor.

MUS 543 Music Teacher Education credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/543/>)

This course focuses on the issues, concepts, and processes for the development of preservice music teachers. Intended for prospective university teachers of undergraduate music education majors. Covers educational philosophy, curriculum design, methods of teaching and evaluation, and student teaching and observational experiences as they relate to undergraduate music teacher programs. 4 graduate hours. No professional hours. Prerequisite: PhD Students in Music Education, or as approved by instructor.

MUS 544 Doctoral Seminar in Music Education credit: 0 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/544/>)

Weekly seminar involving special topic discussions on critical issues within the profession. Required each semester for all resident doctoral students in music education during their residency. 0 or 2 graduate hours. No professional credit. Prerequisite: Graduate standing in music education.

MUS 545 Topics in Music Education credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/545/>)

In-depth study of a topic or issue within music education. May be repeated. Prerequisite: Graduate standing in music education.

MUS 546 Orchestral Literature I credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/546/>)

Study of orchestral and symphonic literature from about 1700 to 1850. May be repeated up to 6 hours, Prerequisite: Graduate orchestral conducting majors only; consent of instructor.

MUS 547 Orchestral Literature II credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/547/>)  
Study of orchestral and symphonic literature from about 1850 to the present. May be repeated up to 6 hours. Prerequisite: Graduate orchestral conducting majors only; consent of instructor.

MUS 548 Advanced Jazz Harmony I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/548/>)  
A survey of advanced improvisational theory and its conception, use, and historical lineage. Examines synthetic, symmetric, and asymmetric scales and modes generated from each. Discussion and analysis of chord symbols and their functions in asymmetric song forms. In-class demonstration by students of linear and vertical approaches to improvising on uncommon chord functions. Prerequisite: MUS 361, or placement by exam with consent of instructor.

MUS 549 Advanced Jazz Harmony II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/549/>)  
Continuation of materials introduced in MUS 548. Surveys advanced improvisational theory and its conception, use, and historical lineage. Examines use of polychords, pentatonic scales, diminished scales, and the modes generated from each. Discussion and analysis of chord functions in all song forms. Students demonstrate in class a variety of linear and vertical approaches to improvising using harmonic major scales. Prerequisite: MUS 548, or placement by exam with consent of instructor.

MUS 550 Choral Literature I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/550/>)  
Survey of choral and vocal ensemble repertoire from the Middle Ages to about 1750. 2 graduate hours. No professional credit. Prerequisite: Graduate standing in music; consent of instructor.

MUS 551 Choral Literature II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/551/>)  
Survey of choral repertoire about 1750 to the present. Prerequisite: Graduate standing in music; consent of instructor.

MUS 553 Graduate Orchestral Conducting credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/553/>)  
Study of conducting techniques and problems related to standard orchestral literature. May be repeated to a maximum of 12 hours. Prerequisite: MUS 333 or equivalent, and consent of instructor.

MUS 555 Advanced Choral Techniques I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/555/>)  
Intensive laboratory approach to the development of advanced techniques necessary for working effectively with choral ensembles. Choral majors must enroll each term in residence. 2 graduate hours. No professional credit. Prerequisite: Graduate standing in choral music or consent of instructor.

MUS 556 Advanced Choral Techniques II credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/556/>)  
Intensive survey of choral literature with laboratory organization for reading, conducting, and interpreting choral music of all periods, styles, and voice arrangements. Prerequisite: Graduate standing in choral music or consent of instructor.

MUS 557 Piano Literature credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/557/>)  
May be repeated to a maximum of 8 hours. Prerequisite: Graduate standing in music or consent of instructor.

MUS 558 Vocal Literature credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/558/>)  
Study of solo song in larger works and solo art song. May be repeated to a maximum of 8 hours. Prerequisite: Graduate standing in music or consent of instructor.

MUS 559 Organ Literature credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/559/>)  
Intensive study of organ literature from Bach to the present; includes the music itself, recordings, and collateral readings. May be repeated to a maximum of 8 hours. Prerequisite: Graduate standing in music or consent of instructor.

MUS 560 String Instrument Literature credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/560/>)  
May be repeated to a maximum of 8 hours. Prerequisite: Graduate standing in music or consent of instructor.

MUS 561 Wind Instrument Literature credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/561/>)  
Survey of solo and ensemble wind literature; includes analysis and performance (when possible) of the music itself, recordings, and collateral readings. May be repeated to a maximum of 8 hours. Prerequisite: Graduate standing in music or consent of instructor.

MUS 562 Percussion Instruments Lit credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/562/>)  
Survey and analysis of the field of solo and ensemble percussion literature; includes analysis and performance (when possible) of the music itself, recordings, and collateral readings. May be repeated to a maximum of 8 hours. Prerequisite: Graduate standing in music or consent of instructor.

MUS 563 Hist of Voc Ens and Chor Music credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/563/>)  
Critical and analytical study of vocal ensemble and choral music from the Middle Ages to the present. May be repeated to a maximum of 8 hours. Prerequisite: MUS 551 or equivalent, or consent of instructor.

MUS 564 Choral Conducting Project credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/564/>)  
Participation in a graduate choral conducting laboratory and preparation of a choral ensemble for public performance. Required during the final term in residence for candidates in the Master of Music in choral music curriculum. Prerequisite: Consent of instructor.

MUS 565 Adv Choral Perform Techniques credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/565/>)  
Study of performance problems and musical analysis of choral music with techniques of preparation and rehearsal from the various style periods: Renaissance, Baroque, Classic-Romantic, and Contemporary. May be repeated to a maximum of 8 hours. Prerequisite: Admission into the Doctor of Musical Arts choral music program, or the equivalent background in other doctoral programs.

MUS 567 Adv Instrument: Chamber/Symph credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/567/>)  
Orchestration for chamber and symphony orchestras; works of Classical, Romantic, and Contemporary composers. Prerequisite: Undergraduate course in instrumentation.

MUS 569 Capstone Project Synthesis credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/569/>)  
Completion of Master of Music Education curriculum and inquiry capstone project in approved area(s) of study. MME students complete two capstone projects; MME with Licensure students complete one capstone project. 2 graduate hours. No professional credit. Prerequisite: MUS 532 and MUS 533.

MUS 570 Prac Pno Tchg Child and Teens credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/570/>)  
Student teaching of group piano and musicianship classes for elementary, middle school, and high school students; weekly seminar devoted to evaluation and improvement of teaching techniques. Prerequisite: Graduate standing in music or consent of instructor.

MUS 571 Practicum in Piano Tchg Adults credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/571/>)  
Student teaching of group piano for adults in the private studio, community college, and university; weekly seminar devoted to evaluation and improvement of teaching techniques. Prerequisite: Graduate standing in music or consent of instructor.

MUS 572 Doctoral Orchestral Conducting credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/572/>)  
Advanced study in orchestral conducting performance, pedagogy, score study/analysis, and rehearsal techniques. May be repeated to a maximum of 16 hours. Prerequisite: Admission into the doctoral concentration in orchestral conducting; consent of instructor.

MUS 573 Doctoral Wind Band Conducting credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/573/>)  
Advanced study in wind band conducting performance, pedagogy, score study/analysis, and rehearsal techniques. May be repeated to a maximum of 16 hours. Prerequisite: Admission into the doctoral concentration in wind band conducting; for doctoral cognate students, consent of instructor.

MUS 574 Jazz Arranging III credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/574/>)  
Advanced arranging styles and orchestration techniques, with emphasis on brass section arranging, saxophone section arranging, and big band arranging. Orchestration techniques with emphasis on band planing (parallelism), 5-part spread, cluster voicings, and line-writing. Study of jazz related re-harmonization techniques with emphasis on tonicization, secondary dominants, and passing chord re-harmonization. Prerequisite: MUS 363, or placement by exam/portfolio with consent of instructor.

MUS 575 Jazz Arranging IV credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/575/>)  
Continued practice and examination of arranging applications for advanced re-harmonization techniques, including tonicization, secondary dominant re-harmonizations, and passing chord re-harmonizations. Score study of advanced voicing techniques, including 5-part spread, whole and half-step planing (parallelism), and modal line-writing. Advanced notation software is introduced and applied in the classroom. Includes discussion of practical application of jazz arranging in a modern music business context. Prerequisite: MUS 574, or placement by exam/portfolio with consent of instructor.

MUS 576 Doctoral Projects credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/576/>)  
Special projects for candidates for the Doctor of Musical Arts degree. Open only to students in the Doctor of Musical Arts program. Approved for S/U grading only. May be repeated. (Summer session, 0 to 8 graduate hours). Prerequisite: Consent of instructor.

MUS 577 Advanced Accompanying credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/577/>)  
Principles of accompanying singers and instrumentalists, practical experience in accompanying, and facility in sight reading for keyboard performers. May be repeated to a maximum of 12 hours. Prerequisite: Graduate standing in music or consent of instructor.

MUS 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/MUS/599/>)  
Research in special projects. Approved for S/U grading only. May be repeated to a maximum of 16 hours. Prerequisite: Consent of instructor.

# MUSIC LESSONS AND ENSEMBLES (MUSC)

MUSC Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/MUSC/>)

## Courses

**MUSC 101 Piano** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/101/>)

Instruction in piano at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

**MUSC 102 Harpsichord** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/102/>)

Instruction in harpsichord at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

**MUSC 103 Organ** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/103/>)

Instruction in organ at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

**MUSC 105 Voice** credit: 2 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/105/>)

Instruction in voice at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

**MUSC 110 Violin** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/110/>)

Instruction in violin at the undergraduate level. Music majors must register concurrently in an approved university orchestra. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

**MUSC 111 Viola** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/111/>)

Instruction in viola at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course. Music majors must register concurrently in an approved university orchestra.

**MUSC 112 Cello** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/112/>)

Instruction in cello at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course. Music majors must register concurrently in an approved university orchestra.

**MUSC 113 Double Bass** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/113/>)

Instruction in double bass at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course. Music majors must register concurrently in an approved university orchestra.

**MUSC 114 Harp** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/114/>)

Instruction in harp at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

**MUSC 115 Guitar** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/115/>)

Instruction in guitar at the undergraduate level, predominantly classical. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

**MUSC 120 Flute** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/120/>)

Instruction in flute at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

**MUSC 121 Oboe** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/121/>)

Instruction in oboe at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

**MUSC 122 Bassoon** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/122/>)

Instruction in bassoon at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

**MUSC 123 Clarinet** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/123/>)

Instruction in clarinet at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

**MUSC 124 Saxophone** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/124/>)

Instruction in saxophone at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

**MUSC 125 Trumpet** credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/125/>)

Instruction in trumpet at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

MUSC 126 Horn credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/126/>)

Instruction in horn at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

MUSC 127 Trombone credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/127/>)

Instruction in trombone at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

MUSC 128 Euphonium credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/128/>)

Instruction in euphonium at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

MUSC 129 Tuba credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/129/>)

Instruction in tuba at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

MUSC 130 Percussion credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/130/>)

Instruction in percussion at the undergraduate level. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course.

MUSC 131 Jazz Voice credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/131/>)

Instruction at the undergraduate level in jazz voice normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition for the jazz faculty is required prior to the initial registration in any applied music course.

MUSC 132 Jazz Saxophone credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/132/>)

Instruction at the undergraduate level in jazz saxophone normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition for the jazz faculty is required prior to the initial registration in any applied music course.

MUSC 133 Jazz Trumpet credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/133/>)

Instruction at the undergraduate level in jazz trumpet normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition for the jazz faculty is required prior to the initial registration in any applied music course.

MUSC 134 Jazz Trombone credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/134/>)

Instruction at the undergraduate level in jazz trombone normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition for the jazz faculty is required prior to the initial registration in any applied music course.

MUSC 135 Jazz Piano credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/135/>)

Instruction at the undergraduate level in jazz piano normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition for the jazz faculty is required prior to the initial registration in any applied music course.

MUSC 136 Jazz Double Bass credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/136/>)

Instruction at the undergraduate level in jazz double bass normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition for the jazz faculty is required prior to the initial registration in any applied music course.

MUSC 137 Jazz Guitar credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/137/>)

Instruction at the undergraduate level in jazz guitar normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition for the jazz faculty is required prior to the initial registration in any applied music course.

MUSC 138 Jazz Percussion credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/138/>)

Instruction at the undergraduate level in jazz percussion normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition for the jazz faculty is required prior to the initial registration in any applied music course.

MUSC 139 Jazz Mallets credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/139/>)

Instruction at the undergraduate level in jazz mallets normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition for the jazz faculty is required prior to the initial registration in any applied music course.

MUSC 140 Jazz Woodwinds credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/140/>)

Instruction at the undergraduate level in jazz woodwinds normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition for the jazz faculty is required prior to the initial registration in any applied music course.

MUSC 141 Jazz Brass credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/141/>)

Instruction at the undergraduate level in jazz brass normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition for the jazz faculty is required prior to the initial registration in any applied music course.

MUSC 142 Jazz Strings credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/142/>)

Instruction at the undergraduate level in jazz strings normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Passing of a performance audition for the jazz faculty is required prior to the initial registration in any applied music course.

MUSC 401 Piano credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/401/>)

Instruction in piano at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 402 Harpsichord credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/402/>)

Instruction in harpsichord at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 403 Organ credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/403/>)

Instruction in organ at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 405 Voice credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/405/>)

Instruction in voice at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 or 3 undergraduate hours. 2 or 4 graduate hours. May be repeated to a maximum of 12 undergraduate or 16 graduate hours. Prerequisite: Primarily for music majors, junior standing and above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 406 Lyric Theatre Voice credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/406/>)

This is an individualized voice class setting where the student and teacher work exclusively with the technical, musical, and communicative aspects of Lyric Theatre repertoire in a weekly one-on-one setting. 2 undergraduate hours. No graduate credit. May be repeated to a maximum of 12 undergraduate hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course. Restricted to music majors; musical theatre minors; or by consent of instructor.

MUSC 410 Violin credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/410/>)

Instruction in violin at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 or 3 undergraduate hours. 2 or 4 graduate hours. May be repeated in separate semesters to a maximum of 12 undergraduate or 16 graduate hours. Prerequisite: Music majors must register concurrently in an approved university orchestra. Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 411 Viola credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/411/>)

Instruction in viola at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 or 3 undergraduate hours. 2 or 4 graduate hours. May be repeated in separate semesters to a maximum of 12 undergraduate or 16 graduate hours. Prerequisite: Music majors must register concurrently in an approved university orchestra. Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 412 Cello credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/412/>)

Instruction in cello at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 or 3 undergraduate hours. 2 or 4 graduate hours. May be repeated to a maximum of 12 undergraduate or 16 graduate hours. Prerequisite: Music majors must register concurrently in an approved university orchestra. Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 413 Double Bass credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/413/>)

Instruction in double bass at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 or 3 undergraduate hours. 2 or 4 graduate hours. May be repeated in separate semesters to a maximum of 12 undergraduate or 16 graduate hours. Prerequisite: Music majors must register concurrently in an approved university orchestra. Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 414 Harp credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/414/>)

Instruction in harp at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 415 Guitar credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/415/>)

Instruction in guitar at the advanced undergraduate and graduate levels, predominantly classical. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors; junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 420 Flute credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/420/>)

Instruction in flute at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 421 Oboe credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/421/>)

Instruction in oboe at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 422 Bassoon credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/422/>)

Instruction in bassoon at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 423 Clarinet credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/423/>)

Instruction in clarinet at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 424 Saxophone credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/424/>)

Instruction in saxophone at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 425 Trumpet credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/425/>)

Instruction in cornet and trumpet at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated to a maximum of 16 hours. Prerequisite: Primarily for music majors; junior standing. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music division.

MUSC 426 Horn credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/426/>)

Instruction in French horn at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 427 Trombone credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/427/>)

Instruction in trombone at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 428 Euphonium credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/428/>)

Instruction in euphonium at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 429 Tuba credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/429/>)

Instruction in tuba at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 430 Percussion credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/430/>)

Instruction in percussion at the advanced undergraduate and graduate level. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate semesters to a maximum of 16 hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 431 Jazz Voice credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/431/>)

Instruction at the advanced undergraduate or graduate level in jazz voice normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 undergraduate hours or 20 graduate hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 432 Jazz Saxophone credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/432/>)

Instruction at the advanced undergraduate or graduate level in jazz saxophone normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 undergraduate hours or 20 graduate hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 433 Jazz Trumpet credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/433/>)  
Instruction at the advanced undergraduate or graduate level in jazz trumpet normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 undergraduate hours or 20 graduate hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 434 Jazz Trombone credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/434/>)  
Instruction at the advanced undergraduate or graduate level in jazz trombone normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 undergraduate hours or 20 graduate hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 435 Jazz Piano credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/435/>)  
Instruction at the advanced undergraduate or graduate level in jazz piano normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 undergraduate hours or 20 graduate hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 436 Jazz Double Bass credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/436/>)  
Instruction at the advanced undergraduate or graduate level in jazz double bass normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 undergraduate hours or 20 graduate hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 437 Jazz Guitar credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/437/>)  
Instruction at the advanced undergraduate or graduate level in jazz guitar normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 undergraduate hours or 20 graduate hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 438 Jazz Percussion credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/438/>)  
Instruction at the advanced undergraduate or graduate level in jazz percussion normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 undergraduate hours or 20 graduate hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 439 Jazz Mallets credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/439/>)  
Instruction at the advanced undergraduate or graduate level in jazz mallets normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 undergraduate hours or 20 graduate hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 440 Jazz Woodwinds credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/440/>)  
Instruction at the advanced undergraduate or graduate level in jazz woodwinds normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 undergraduate hours or 20 graduate hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 441 Jazz Brass credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/441/>)  
Instruction at the advanced undergraduate or graduate level in jazz voice normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 undergraduate hours or 20 graduate hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 442 Jazz Strings credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/442/>)  
Instruction at the advanced undergraduate or graduate level in jazz strings normally associated with the jazz idiom. Additional fees may apply. See Class Schedule. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated in separate terms to a maximum of 16 undergraduate hours or 20 graduate hours. Prerequisite: Primarily for music majors, junior standing or above. Passing of an audition is required prior to initial registration in any applied music course as approved by the faculty of the appropriate applied music area.

MUSC 449 Ethnomusicology Performance Ensembles credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/449/>)  
Instruction and experience in the performance of various non-Western and vernacular music traditions such as African mbira, Andean panpipes, North American string band, Gamelan Kebyar, European and South American traditional music, etc. Topics vary according to available instructors. 1 undergraduate hour. 1 graduate hour. May be repeated to a maximum of 3 hours in the same term if topics vary for a total of 16 undergraduate hours, 12 graduate hours in separate terms. Prerequisite: Consent of instructor.

MUSC 450 Chamber Music credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/450/>)  
The study of music written for and performed by a small instrumental ensemble with one player per part. Students will be assigned to chamber groups that will be coached on a weekly basis by members of the faculty. At least one public performance per term may be required. 1 undergraduate hour. 1 graduate hour. May be repeated in the same semester up to 2 hours; in separate semesters to a maximum of 16 undergraduate hours and 12 graduate hours. Prerequisite: Music majors or consent of instructor.

MUSC 451 Piano Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/451/>)

Piano Ensemble comprises the study of the piano duet and piano duo literature, in addition to other works written for multiple pianos. 1 undergraduate hour. No graduate credit. May be repeated in separate semesters to a maximum of 8 undergraduate hours and 6 graduate hours. Prerequisite: Consent of instructor.

MUSC 452 Guitar Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/452/>)

The Guitar Ensemble is a chamber music group open to students who want to experience the practical essentials of music performance. The ensemble plays a wide array of styles and genres ranging from classical to jazz and rock arrangements, as well as several other forms of popular and commercial music. The guitar ensemble provides students with a unique opportunity to make music and connect with other students who share the same enthusiasm and passion for the guitar. 1 undergraduate hour. 1 graduate hour. May be repeated in separate semesters to a maximum of 12 undergraduate hours or 8 graduate hours. Prerequisite: Audition required and/or consent of instructor.

MUSC 453 Saxophone Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/453/>)

Saxophone ensembles of all types performing a mixture of traditional and 20th-century music for soprano, alto, tenor, baritone, and bass saxophone. 1 undergraduate hour. 1 graduate hour. May be repeated to a maximum of 3 hours in the same term if topics vary for a total of 16 undergraduate hours, 12 graduate hours in separate terms. Prerequisite: Consent of instructor.

MUSC 454 Brass Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/454/>)

The study of music written for and performed by brass ensembles with generally one player on each part. The repertoire includes original compositions as well as arrangements of music from different styles and genres written specifically for brass. Ensemble size is flexible, ranging from trios and quartets, to ensembles of 30 or more musicians. 1 undergraduate hour. 1 graduate hour. May be repeated in separate semesters to a maximum of 16 undergraduate hours or 12 graduate hours. Prerequisite: Audition required or consent of instructor.

MUSC 455 Percussion Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/455/>)

The University of Illinois Percussion Ensemble specializes in the performance of contemporary and traditional repertoire for small and large ensembles. Percussion majors are automatically accepted into the Percussion Ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate semesters to a maximum of 8 undergraduate hours or 6 graduate hours. Prerequisite: Audition and/or consent of instructor.

MUSC 456 Steel Band credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/456/>)

The University of Illinois Steel Band performs music from the calypso, soca, jazz, and popular repertoire. Percussion majors are automatically accepted into the Steel Band. 1 undergraduate hour. 1 graduate hour. May be repeated in separate semesters to a maximum of 8 undergraduate hours or 6 graduate hours. Prerequisite: Audition and/or consent of instructor.

MUSC 457 Hip-Hop Collective credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/457/>)

Open to all UIUC instrumentalists, rappers, vocalists, DJs, emcees, beatboxers, writers, composers, arrangers, dancers, videographers, audio engineers, producers, graffiti artists, and all other students interested in studying and performing hip hop, trip hop, R&B, dubstep, drum & bass, trap, jazz rap, salsa hop, rap metal, chillwave, gospel hip hop, and related genres. 1 undergraduate hour. 1 graduate hour. May be repeated in separate semesters to a maximum of 8 undergraduate hours or 6 graduate hours. Prerequisite: Consent of instructor.

MUSC 460 Chamber Singers credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/460/>)

A mixed-voice chorus for advanced singers that explores through study and performance a wide variety of choral music from various cultures, styles, and time periods. Open to all students who have been accepted by audition, with assignments made according to proficiency. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 461 Concert Choir credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/461/>)

A mixed-voice chorus for experienced singers that explores through study and performance a wide variety of choral music from various cultures, styles, and time periods. Open to all students who have been accepted by audition, with assignments made according to proficiency. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 462 University Chorus credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/462/>)

A mixed-voice chorus open to students from all majors and disciplines on campus. Explores through study and performance a wide variety of choral music from various cultures, styles, and time periods. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 463 Black Chorus credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/463/>)

A mixed-voice chorus of students from across campus performing the music of Black Americans, ranging from the Negro spiritual, anthems, and formal music, to traditional and contemporary gospel, jazz, and rhythm and blues. Open to all students with assignments made according to proficiency. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition may be required and/or consent of instructor.

MUSC 464 Women's Glee Club credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/464/>)

Practical experience in the rehearsal and public performance of choral music of various periods and styles. Open to all treble voices (soprano and alto) on campus who have been accepted by audition, with assignments made according to proficiency. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 465 Men's Glee Club credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/465/>)

Practical experience in the rehearsal and public performance of traditional music, innovative compositions, and songs of brotherhood of various periods and styles. Open to all tenor, baritone, and bass voices on campus who have been accepted by audition, with assignments made according to proficiency. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 466 Oratorio Society credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/466/>)

An advanced mixed-voice chorus open to students, faculty, and members of the community. Performance of oratorios and other major choral works in cooperation with the University Symphony Orchestra, Wind Symphony, or other select ensemble. Open to all who have been accepted by audition, with assignments made according to proficiency. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 467 Choral Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/467/>)

Choral ensemble is open to students from all majors and disciplines on campus. Explores through study and performance a wide variety of choral music from various cultures, styles, and time periods. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 468 LTI Studio credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/468/>)

Acquaints the student with a variety of opera, operetta, and musical theatre literature in contrasting styles and historical periods, culminating in a public performance of full sung theatre. Develops skills as both a solo and ensemble performer including, but not limited to, stage movement, mind-body awareness, diction, acting, and improvisational techniques. 2 undergraduate hours. 2 graduate hours. May be repeated in separate terms to a maximum of 12 undergraduate hours or 8 graduate hours. Prerequisite: Consent of instructor. Required for BMA majors; available to vocal performance majors and musical theatre minors; others by permission of instructor.

MUSC 469 LTI Main Stage credit: 1 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/469/>)

Portrayal of a named role in a Main Stage Lyric Theatre Illinois production. Culminates in public performances of sung theatre, developing and demonstrating skills in singing, acting, and movement. Rigorous rehearsal schedule. 1 to 2 undergraduate hours. 1 to 2 graduate hours. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 470 LTI Opera Scenes credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/470/>)

Advanced work in musical preparation and staging of operatic roles and scenes. Repertoire includes core repertoire especially chosen for the student, and workshops of emerging pieces with industry professionals. Culminates in a public performance. For graduate students in vocal performance and select upperclassmen in vocal performance or Lyric Theatre. Audition is required for repertoire assignment. 2 undergraduate hours. 2 graduate hours. May be repeated in separate terms to a maximum of 12 undergraduate hours or 8 graduate hours. Prerequisite: Audition required and/or consent of instructor.

MUSC 471 LTI Special Projects credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/471/>)

Participation in a production outside of the Lyric Theatre Illinois Main Stage season, culminating in a public performance. Could include off-campus productions, workshops, or special engagement projects. 2 undergraduate hours. 2 graduate hours. May be repeated in separate terms to a maximum of 12 undergraduate hours or 8 graduate hours. Prerequisite: Audition required and/or consent of instructor.

MUSC 472 LTI Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/472/>)

Participation as a singer or instrumentalist in the ensemble of a Lyric Theatre Illinois production. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performance. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms, but limited in the same term to a maximum of 3 hours. Prerequisite: Audition required and/or consent of instructor.

MUSC 473 Illinois Modern Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/473/>)

Advanced ensemble dedicated to the performance of contemporary and experimental music, from the masterworks of the 20th century to cutting-edge new compositions of today. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor; consent of applied teacher.

MUSC 474 Improvisors Exchange Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/474/>)

This performance ensemble investigates the field of music improvisation and is open to musicians of all genres who seek to explore omni-idiomatic improvisation, listening and performance strategies for the improviser, and engagement with visiting artists in the field. Open to all students on campus. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 475 Symphony Orchestra credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/475/>)

The Symphony Orchestra performs major literature from the 18th, 19th, 20th and 21st centuries. Student musicians include music majors, as well as exceptionally talented non-majors from across the University of Illinois campus. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 476 Philharmonia Orchestra credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/476/>)

The Philharmonia Orchestra performs major literature from the 18th, 19th, 20th and 21st centuries. Student musicians include music majors, as well as talented non-majors from across the University of Illinois campus. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 477 University Orchestra credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/477/>)

The University Orchestra performs major literature from the 18th, 19th, 20th and 21st centuries. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 478 Illini Strings credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/478/>)

This string orchestra performs music from the classics to music written in the 21st century. Musicians in the orchestra are comprised of non-music majors from all across the University of Illinois campus. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 480 Wind Symphony credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/480/>)

Maintains a complete large wind ensemble instrumentation for the study and performance of band/wind ensemble/chamber wind literature. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 481 Wind Orchestra credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/481/>)

Maintains a large wind ensemble instrumentation for the study and performance of all types of band literature. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 482 Hindsley Symphonic Band credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/482/>)

Maintains the instrumentation of a standard concert band. The literature studied and performed is of the highest caliber and technical difficulty. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the band. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 483 Harding Symphonic Band credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/483/>)

Maintains a complete symphonic band instrumentation for the study and performance of all types of band literature. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the band. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 484 Concert Band credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/484/>)

Maintains the instrumentation of a large concert band. Performs high quality band literature that is technically less difficult than that of the more advanced band ensembles. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the band. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 485 British Brass Band credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/485/>)

Maintains a complete British Brass Band instrumentation for the study and performance of all types and styles of brass band literature. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the band. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 486 Summer Band credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/486/>)

Maintains the instrumentation of the standard band for the study and performance of all types of band literature. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the band. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 487 Marching Illini credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/487/>)

Prepares and performs music of the highest available quality in at least six shows per football season. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the band. 1 to 3 undergraduate hours. 1 to 3 graduate hours. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 488 Basketball Band credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/488/>)

Prepares and performs music of the highest available quality for men's and women's basketball games. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the band. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Auditions for the basketball bands take place during the first week of classes in the fall semester. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation.

MUSC 489 Volleyball Band credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/489/>)

Prepares and performs music of the highest available quality for volleyball games. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the band. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Auditions for the volleyball band take place during the first week of classes in the fall semester. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation.

MUSC 490 Concert Jazz Band credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/490/>)

Upper level jazz ensemble designed to acquaint proficient instrumentalists with jazz compositions, arrangements, and improvisational procedures, and to promote a high degree of stylistic and technical competence in performance. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 491 Repertory Jazz Orchestra credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/491/>)

Upper level jazz ensemble designed to acquaint proficient instrumentalists with jazz compositions, arrangements, and improvisational procedures, and to promote a high degree of stylistic and technical competence in performance. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 492 Jazz Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/492/>)

This jazz ensemble course is designed to acquaint proficient instrumentalists with jazz compositions, arrangements, and improvisational procedures, and to promote a high degree of stylistic and technical competence in performance. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 493 Latin Jazz Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/493/>)

Upper level jazz ensemble designed to acquaint proficient instrumentalists with jazz compositions, arrangements, and improvisational procedures, and to promote a high degree of stylistic and technical competence in performance. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 494 Jazz Saxophone Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/494/>)

Ensemble designed to acquaint proficient instrumentalists with jazz compositions, arrangements, and improvisational procedures, and to promote a high degree of stylistic and technical competence in performance. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 495 Jazz Trombone Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/495/>)

Ensemble designed to acquaint proficient instrumentalists with jazz compositions, arrangements, and improvisational procedures, and to promote a high degree of stylistic and technical competence in performance. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 496 Jazz Guitar Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/496/>)

Ensemble designed to acquaint proficient instrumentalists with jazz compositions, arrangements, and improvisational procedures, and to promote a high degree of stylistic and technical competence in performance. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 497 Jazz Vocal Ensemble credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/497/>) Ensemble designed to acquaint proficient instrumentalists with jazz compositions, arrangements, and improvisational procedures, and to promote a high degree of stylistic and technical competence in performance. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 498 Jazz Combo credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/MUSC/498/>) Ensembles of various sizes designed to acquaint proficient instrumentalists with jazz compositions, arrangements, and improvisational procedures, and to promote a high degree of stylistic and technical competence in performance. Open to all students who have been accepted by audition, with assignments made according to proficiency and instrumentation. Completion of course involves, in addition to the regular schedule of rehearsals, participation in public performances by the ensemble. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms. Prerequisite: Audition required and/or consent of instructor.

MUSC 501 Graduate Level Piano credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/501/>) Study at the graduate level in piano; selected studies from the masterworks in piano literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate Keyboard faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate Keyboard faculty.

MUSC 502 Graduate Level Harpsichord credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/502/>) Study at the graduate level in harpsichord; selected studies from the masterworks in harpsichord literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate Keyboard faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate Keyboard faculty.

MUSC 503 Graduate Level Organ credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/503/>) Study at the graduate level in organ; selected studies from the masterworks in organ literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate Keyboard faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate Keyboard faculty.

MUSC 505 Graduate Level Voice credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/505/>) Study at the graduate level in voice; selected studies from the masterworks in vocal literature. Graduate standing in music, or successful completion of a qualifying audition for the Voice faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the Voice faculty.

MUSC 506 Graduate Level Lyric Theatre Voice credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/506/>) This is an individualized voice class setting where the student and teacher work exclusively with the technical, musical, and communicative aspects of Lyric Theatre repertoire in a weekly one-on-one setting. 2 graduate hours. No professional credit. May be repeated to a maximum of 12 hours. Prerequisite: Passing of a performance audition is required prior to the initial registration in any applied music course. Restricted to music majors at the graduate level or by consent of instructor.

MUSC 507 Graduate Level Vocal Coaching credit: 1 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/507/>) Individualized instruction in musical expression, language, performance practice, recital, or other specialized repertoire for advanced vocal students by coaching and accompanying faculty. 1 to 2 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Permission of instructor.

MUSC 510 Graduate Level Violin credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/510/>) Study at the graduate level in violin; selected studies from the masterworks in violin literature. Graduate standing in music, or successful completion of a qualifying audition for the String faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the String faculty; concurrent registration in Symphony Orchestra for students in the Master of Music curriculum in strings.

MUSC 511 Graduate Level Viola credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/511/>) Study at the graduate level in viola; selected studies from the masterworks in viola literature. Graduate standing in music, or successful completion of a qualifying audition for the String faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the String faculty; concurrent registration in Symphony Orchestra for students in the Master of Music curriculum in strings.

MUSC 512 Graduate Level Cello credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/512/>) Study at the graduate level in cello; selected studies from the masterworks in cello literature. Graduate standing in music, or successful completion of a qualifying audition for the String faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the string faculty; concurrent registration in Symphony Orchestra for students in the Master of Music curriculum in strings.

MUSC 513 Graduate Level Double Bass credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/513/>) Study at the graduate level in double bass; selected studies from the masterworks in double bass literature. Graduate standing in music, or successful completion of a qualifying audition for the String faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the String faculty; concurrent registration in Symphony Orchestra for students in the Master of Music curriculum in strings.

MUSC 514 Graduate Level Harp credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/514/>)

Study at the graduate level in harp; selected studies from the masterworks in harp literature. Graduate standing in music, or successful completion of a qualifying audition for the String faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the String faculty.

MUSC 515 Graduate Level Guitar credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/515/>)

Study at the graduate level in guitar; selected studies from the masterworks in guitar literature. Graduate standing in music, or successful completion of a qualifying audition for the String faculty. 2 to 5 graduate hours. No professional credit. May be repeated in separate semesters to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the String faculty.

MUSC 520 Graduate Level Flute credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/520/>)

Study at the graduate level in flute; selected studies from the masterworks in flute literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty.

MUSC 521 Graduate Level Oboe credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/521/>)

Study at the graduate level in oboe; selected studies from the masterworks in oboe literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty.

MUSC 522 Graduate Level Bassoon credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/522/>)

Study at the graduate level in bassoon; selected studies from the masterworks in bassoon literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty.

MUSC 523 Graduate Level Clarinet credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/523/>)

Study at the graduate level in clarinet; selected studies from the masterworks in clarinet literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty.

MUSC 524 Graduate Level Saxophone credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/524/>)

Study at the graduate level in saxophone; selected studies from the masterworks in saxophone literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty.

MUSC 525 Graduate Level Trumpet credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/525/>)

Study at the graduate level in trumpet; selected studies from the masterworks in trumpet literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty.

MUSC 526 Graduate Level Horn credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/526/>)

Study at the graduate level in horn; selected studies from the masterworks in horn literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty.

MUSC 527 Graduate Level Trombone credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/527/>)

Study at the graduate level in trombone; selected studies from the masterworks in trombone literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty.

MUSC 528 Graduate Level Euphonium credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/528/>)

Study at the graduate level in euphonium; selected studies from the masterworks in euphonium literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty.

MUSC 529 Graduate Level Tuba credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/529/>)

Study at the graduate level in tuba; selected studies from the masterworks in tuba literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty.

MUSC 530 Graduate Level Percussion credit: 2 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/530/>)  
Study at the graduate level in percussion; selected studies from the masterworks in percussion literature. Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied music faculty. 2 to 5 graduate hours. No professional credit. May be repeated to a maximum of 20 hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the percussion faculty.

MUSC 531 Graduate Jazz Voice credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/531/>)  
Instruction at the graduate level in jazz voice normally associated with the jazz idiom. 2 to 4 graduate hours. No professional credit. May be repeated in separate terms to a maximum of 20 graduate hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate jazz faculty.

MUSC 532 Graduate Jazz Saxophone credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/532/>)  
Instruction at the graduate level in jazz saxophone normally associated with the jazz idiom. 2 to 4 graduate hours. No professional credit. May be repeated in separate terms to a maximum of 20 graduate hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate applied jazz faculty.

MUSC 533 Graduate Jazz Trumpet credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/533/>)  
Instruction at the graduate level in jazz trumpet normally associated with the jazz idiom. 2 to 4 graduate hours. No professional credit. May be repeated in separate terms to a maximum of 20 graduate hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate jazz faculty.

MUSC 534 Graduate Jazz Trombone credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/534/>)  
Instruction at the graduate level in jazz trombone normally associated with the jazz idiom. 2 to 4 graduate hours. No professional credit. May be repeated in separate terms to a maximum of 20 graduate hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate jazz faculty.

MUSC 535 Graduate Jazz Piano credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/535/>)  
Instruction at the graduate level in jazz piano normally associated with the jazz idiom. 2 to 4 graduate hours. No professional credit. May be repeated in separate terms to a maximum of 20 graduate hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate jazz faculty.

MUSC 536 Graduate Jazz Double Bass credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/536/>)  
Instruction at the graduate level in jazz double bass normally associated with the jazz idiom. 2 to 4 graduate hours. No professional credit. May be repeated in separate terms to a maximum of 20 graduate hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate jazz faculty.

MUSC 537 Graduate Jazz Guitar credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/537/>)  
Instruction at the graduate level in jazz guitar normally associated with the jazz idiom. 2 to 4 graduate hours. No professional credit. May be repeated in separate terms to a maximum of 20 graduate hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate jazz faculty.

MUSC 538 Graduate Jazz Percussion credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/538/>)  
Instruction at the graduate level in jazz percussion normally associated with the jazz idiom. 2 to 4 graduate hours. No professional credit. May be repeated in separate terms to a maximum of 20 graduate hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate jazz faculty.

MUSC 539 Graduate Jazz Mallets credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/539/>)  
Instruction at the graduate level in jazz mallets normally associated with the jazz idiom. 2 to 4 graduate hours. No professional credit. May be repeated in separate terms to a maximum of 20 graduate hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate jazz faculty.

MUSC 540 Graduate Jazz Woodwinds credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/540/>)  
Instruction at the graduate level in jazz woodwinds normally associated with the jazz idiom. 2 to 4 graduate hours. No professional credit. May be repeated in separate terms to a maximum of 20 graduate hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate jazz faculty.

MUSC 541 Graduate Jazz Brass credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/541/>)  
Instruction at the graduate level in jazz brass instruments normally associated with the jazz idiom. 2 to 4 graduate hours. No professional credit. May be repeated in separate terms to a maximum of 20 graduate hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate jazz faculty.

MUSC 542 Graduate Jazz Strings credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/MUSC/542/>)  
Instruction at the graduate level in jazz strings normally associated with the jazz idiom. 2 to 4 graduate hours. No professional credit. May be repeated in separate terms to a maximum of 20 graduate hours. Prerequisite: Graduate standing in music, or successful completion of a qualifying audition for the appropriate jazz faculty.

# NATURAL RESOURCES & ENVIRON SC (NRES)

NRES Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/NRES/>)

## Courses

**NRES 100** Fundamentals of Env Sci credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/100/>)

Introduction to environmental sciences and current environment issues. Topics include population growth, world food supplies, agriculture and the environment, biodiversity, fossil fuels and "green" energy issues, endangered and threatened species, water use, conservation and pollution, global warming, acid rain, ozone depletion, waste management and reduction, recycling, toxins and health, mineral resources, and environmental policies and regulations. Course addresses the complex relationships between the human race and the natural systems that contain our air, water, energy, and biotic and food resources. Credit is not given for both NRES 100 and NRES 102.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Phys Sciences

**NRES 101** Wildlife Conserv 21st Century credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/101/>)

This course is an introduction to the conservation, diversity and ecology of animals. The diversity of fish, reptiles, amphibians, mammals, and birds both around the world and in Illinois will be explored. The course will have a strong conservation component where students are introduced to a variety of threats facing animals. The students will be introduced to how to manage sustainable wildlife populations. The students will be exposed to current issues in Illinois to illustrate how people and animals can co-occur and a broad overview of the management, restoration, and conservation techniques.

**NRES 102** Introduction to NRES credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/102/>)

Introduction to natural resources (forests, fisheries, soils, aquatic systems) and environmental science. Emphasizes renewable natural resources, ecological concepts, energy use, biodiversity of species, biogeochemical cycles, and air, water, and soil pollution. Provides natural science basis for understanding contemporary environmental issues and natural resource management. Credit is not given for both NRES 100 and NRES 102.

**NRES 103** The Great Lakes - Freshwater Wonder at Risk credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/103/>)

Introduction to the ecology of freshwater systems, viewed through the lens of the Great Lakes and associated tributaries. The Great Lakes hold 20% of the world's freshwater and 95% of the freshwater in North America. They have sustained human and wildlife populations for at least 10,000 years. Now, the integrity of this unique and priceless resource is threatened as never before. This eight-week online course will enhance student understanding of the ecology of this imperiled system, as well as the historical events and policies that have led to the present crisis, and the men and women who have played key roles in this unfolding story.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences

**NRES 105** Climate Change Impacts on Ecological Systems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/105/>)

Examines the response of ecological systems to climate change by drawing on multiple lines of evidence from the past and present. Topics include species range shifts, timing of biological events, ecosystem function, and feedbacks. The implications for conservation, as well as approaches to mitigating and adapting to climate change, are also explored. Computer-based exercises are used to enhance quantitative reasoning skills and build climate and ecological literacy. Online only. This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences  
Quantitative Reasoning II

**NRES 108** Env Sc & Nat Resource Careers credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/NRES/108/>)

Explores career options in the fields of Natural Resource Management and Environmental Sciences. Students will improve understanding of their career goals, expand their knowledge of careers available in these fields, improve their job searching skills, and develop a plan for pursuing a career. Approved for S/U grading only.

**NRES 109** Global Environmental Issues credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/109/>)

Discussion course that focuses on analyzing opposing points of view on contemporary environmental issues. Students engage in role-playing activities, debates, and other participatory activities to explore the ecological and social dimensions of the issues.

**NRES 199** Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/199/>)

Experimental course on a special topic in natural resources and environmental sciences. Topic may not be repeated except in accordance with the Code. May be repeated in the same or subsequent terms. No more than 12 hours may be counted toward graduation.

**NRES 201** Introductory Soils credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/201/>)

The nature and properties of soil including origin, formation, and biological, chemical, and physical aspects. Prerequisite: Successful completion of MATH 115, MATH 234, or equivalent and CHEM 102 is required. CHEM 104 is recommended.

**NRES 202** American Environmental History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/202/>)

Same as ESE 202 and HIST 202. See HIST 202. This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

**NRES 210** Environmental Economics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/210/>)

Same as ACE 210, ECON 210, ENVS 210, and UP 210. See ACE 210. This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

NRES 219 Applied Ecology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/219/>)

Explores how organisms interact with each other and with their environment. Emphasis is placed on how these interactions lead to positive and negative outcomes in a human-dominated world. Students will learn the fundamental principles of population, community, and ecosystem ecology, and they will apply these principles to understand how ecological systems respond to human management decisions, environmental policy, climate change, and other anthropogenic influences. The goal of this course is to provide students with an ecological toolkit that can inform their decisions in conservation, ecosystem management, restoration, policy, and stewardship.

NRES 220 Communicating Agriculture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/220/>)

Same as AGCM 220 and ENVS 220. See AGCM 220.

This course satisfies the General Education Criteria for:  
Advanced Composition

NRES 223 Watching the Environment credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/223/>)

Same as MDIA 223. See MDIA 223.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

NRES 224 Social Justice and Environment credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/224/>)

Over the last 25 years, Environmental Justice (EJ) has expanded from its earliest focus combating environmental racism in the US to an influential global phenomenon. What is EJ and how do we realize it in public policy? Students in this course will examine environmental issues through the lens of social justice and human inequality. We explore how EJ makes connections between environmental (pollution, biodiversity, food, climate) and social justice issues (race, ethnicity, gender, class) in order to inform public policy and mitigate environmental problems.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

Cultural Studies - US Minority

NRES 242 Nature and American Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/242/>)

Same as LA 242 and RST 242. See RST 242.

This course satisfies the General Education Criteria for:  
Cultural Studies - Western

NRES 270 Applied Entomology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/270/>)

Same as CPSC 270 and IB 220. See CPSC 270.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences

NRES 276 Introduction to Field Pedology credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/276/>)

Laboratory and field course involving description, interpretation, and classification of soil profiles. Several day, overnight field trip required; fee required. Additional fees may apply. See Class Schedule. May be repeated to a maximum of 4 hours. Prerequisite: NRES 201.

NRES 285 Field Experience credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/285/>)

Field based course that exposes students to procedures and methods used in various resource settings in a hands-on manner. Includes weekly field trips to visit representative natural resource and environmental science settings with supporting laboratory exercises. Content of offerings vary by section, but all focus on resource management, environmental quality and assessment, and effects of consumption and use on the environment. Field trips required. Additional fees may apply. See Class Schedule. May be repeated in the same or subsequent semesters to a maximum of 6 hours. Prerequisite: NRES 201 and NRES 219.

NRES 287 Environment and Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/287/>)

Examination of the relationship between environment and society and implications for ecological and human well-being. Social science perspective covered on topics such as environmental change, environmental decision-making, natural resource management, agricultural systems, and environmental risks, hazards, and disasters. Students will build critical thinking skills focused on contemporary problems in the interface between people and the physical environment. Same as ESE 287, GEOG 287, and PS 273. Prerequisite: NRES 102 and sophomore or higher standing. Introductory social science course recommended.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

Cultural Studies - Western

NRES 293 Professional Internship credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/293/>)

Off-campus experience in a field directly pertaining to a subject matter in natural resources and environmental sciences. Approved for Letter and S/U grading. May be repeated in separate terms up to 4 hours. Credit is not given for more than a total of 12 hours of Independent Study (IND) courses applying to a degree in ACES. Prerequisite: Consent of academic advisor or Department Internship Coordinator.

NRES 294 Resident Internship credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/294/>)

Supervised, on-campus, learning experience with faculty engaged in research. Approved for Letter and S/U grading. May be repeated in separate terms to a maximum of 4 hours. Credit is not given for more than a total of 12 hours of Independent Study (IND) courses applying to a degree in ACES. Prerequisite: Consent of academic advisor or Department Internship Coordinator.

NRES 295 Undergrad Research or Thesis credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/295/>)

Individual research, special problems, thesis, development and/or design work under the supervision of an appropriate member of the faculty. May be repeated up to 4 hours in the same term to a maximum of 12 hours in separate terms. Credit is not given for more than a total of 12 hours of Independent Study (IND) courses applying to a degree in ACES. Prerequisite: Junior standing, cumulative GPA of 2.5 or above at the time the activity is arranged, and consent of instructor.

NRES 298 Undergraduate Seminar credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/298/>)

Group discussion on a special topic in a field of study directly pertaining to subject matter in natural resources and environment sciences. May be repeated to a maximum of 12 hours. Prerequisite: Junior standing.

NRES 302 Dendrology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/302/>)

Emphasizes nomenclature, classification, and the distinguishing morphological characteristics of the native and naturalized tree species of North America. Introduces disciplines related to the systematics of tree species, including: morphology, physiology, phenology, ecology, soil-site relationships, silviculture, geographic range and natural distribution, wood characteristics, economic uses, and natural history (including major diseases and insect pests). Incorporates tree and forest habitats that provide cover, breeding sites, and food for a variety of wildlife species. Serves as a basis for studies in natural resources management, environmental science, and for advanced studies of botany, genetics, and tree physiology. Field trips required. Additional fees may apply. See Class Schedule. Prerequisite: IB 103.

NRES 310 Natural Resource Economics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/310/>)

Same as ACE 310 and ENVS 310. See ACE 310.

NRES 325 Natural Resource Policy Mgmt credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/325/>)

Explores policy processes and institutions relating to allocation, utilization, and preservation of natural resources. Considers conceptual models of policy processes, and examines both historical examples and current issues. Prerequisite: ECON 102 or ACE 100.

NRES 330 Environmental Communications credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/330/>)

Same as AGCM 330 and ENVS 330. See AGCM 330.

NRES 340 Environ Social Sci Res Meth credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/340/>)

Introduction to social science research methods for addressing environmental issues. It provides basic information about social science concepts and methods (especially observation, surveys, focus groups, and interviews), helps students become informed users of social science research, and guides selection of appropriate social science tools to meet environmental challenges. A group focus on a local environmental issue offers a practical experience in which course content is applied within a specific community context. Field trips within the local community may be required. Additional fees may apply. See Class Schedule. Prerequisite: STAT 100 or equivalent.

NRES 348 Fish and Wildlife Ecology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/348/>)

Application of ecological principles and modeling to management of fish and wildlife populations; significance of abiotic and biotic factors, including life-history parameters in population growth and management; and techniques and procedures for the development of management strategies for animal populations, emphasizing vertebrates. A course in statistics is highly recommended. Same as IB 348. Prerequisite: IB 203 or NRES 219.

NRES 351 Introduction to Environmental Chemistry credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/351/>)

Introduces major inorganic and organic chemical pollutants, their sources and their fates in the atmosphere, hydrosphere and pedosphere. In particular, the course covers 1) translocation/distribution of chemicals in the environment, and 2) abiotic and biotic transformation of chemicals (e.g., photochemical reactions, hydrolysis, redox, adsorption and volatilization). Geared towards students in agricultural, natural, environmental and life science majors. Prerequisite: Successful completion of MATH 234 (or equivalent) and CHEM 104 is required. One semester of organic chemistry (CHEM 232 or CHEM 236) is recommended.

NRES 352 Plant Genetics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/352/>)

Same as CPSC 352. See CPSC 352.

NRES 362 Ecology of Invasive Species credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/362/>)

Focused on the ecology and management of biological invasions, with an emphasis on understanding the introduction, establishment, spread and impact stages of the invasion process. Students will identify the causes and impacts of biological invasions, as well as management strategies for preventing new invasions and mitigating impacts of established invaders in freshwater, marine, and terrestrial ecosystems. No special equipment will be required, and any optional, weekend field trips will occur on campus. Prerequisite: NRES 219 or similar introductory course in ecology.

NRES 368 Vertebrate Natural History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/368/>)

Same as IB 368. See IB 368.

NRES 370 Environmental Sustainability credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/370/>)

Same as ENSU 300 and LA 370. See LA 370.

NRES 396 UG Honors Research or Thesis credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/396/>)

Individual research, special problems, thesis, development and/or design work under the direction of the Honors advisor. May be repeated in the same or separate terms to a maximum of 12 hours. Credit is not given for more than 12 hours of special problems, research, thesis and/or individual studies may be counted toward degree. Prerequisite: This course is restricted to students who have junior or senior standing, admission to the ACES Honors Program, and consent of instructor.

NRES 401 Watershed Hydrology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/401/>)

Precipitation, evapotranspiration, stream flow, and other aspects of the hydrologic cycle are studied in a watershed context. Measurement techniques, statistical analyses of hydrologic data, and simulation modeling are discussed. Case studies that quantify water movement in specific watersheds are used to integrate course topics. Same as GEOG 401. 3 undergraduate hours. 3 graduate hours. Prerequisite: CHEM 102, completion of the Quantitative Reasoning I requirement, and completion of the statistics requirement.

NRES 402 Ecohydrology and Water Management credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/402/>)

Students will focus on understanding the processes of ecohydrology (e.g. physical hydrology, plant water use and stress response), the societal applications of ecohydrology (e.g. irrigation, drought monitoring, water sustainability for ecosystem), and the state-of-the-art methodology to study ecohydrology (e.g. satellite, numerical modeling). Students will gain background in broader applications of ecohydrology; early-stage graduate students will be able to adopt ecohydrology knowledge in their research. Additional fees may apply. See Class Schedule. 3 undergraduate hours. 3 graduate hours. Prerequisite: MATH 220 or 234.

NRES 403 Watersheds and Water Quality credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/403/>)

Examines water quality in streams, rivers, lakes, and wetlands. The responses of watershed systems to pollution and other human impacts will be described in terms of their biological, geochemical, and physical processes. The technical analyses necessary to establish policies aimed at preserving or restoring these natural resources will be emphasized. 3 undergraduate hours. 3 graduate hours. Prerequisite: One of CEE 330, CHEM 232, NRES 351; one of MATH 220, MATH 221, MATH 234.

NRES 406 Fluvial Geomorphology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/406/>)  
Same as GEOG 406 and GEOL 406. See GEOG 406.

NRES 407 Wildlife Population Ecology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/407/>)  
This course includes the application of principles of population biology to the analysis, management, and conservation of wildlife populations, models of population growth, spatio-temporal variation in abundances, estimation of demographic parameters and methods of decision-making. 4 undergraduate hours. 4 graduate hours. Prerequisite: NRES 348. One semester of calculus or statistics is recommended.

NRES 409 Fishery Ecol and Conservation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/409/>)  
Ecological and conservation concepts are applied to fisheries management practices. Will discuss current literature related to the interface between basic and applied aspects of fish populations, focusing on life history, conservation biology and genetics, growth and recruitment, competition, predation, trophic and community ecology, ecosystem management, and human dimensions. 4 undergraduate hours. 4 graduate hours. Prerequisite: NRES 348.

NRES 415 Native Plant ID and Floristics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/415/>)  
Focuses on gaining skills in identification of native vascular plants in the field and classroom. Methods of plot-based and plotless vegetation sampling methods will be introduced. Procedures and applications for botanical inventory and assessment will be covered. Field trips are required. Additional fees may apply. See Class Schedule. 4 undergraduate hours. 4 graduate hours. Credit is not given for NRES 415 if credit for CPSC 416 has been earned.

NRES 416 Forest Biology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/416/>)  
Interactions of biotic and abiotic components of forests as they relate to the health, structure and function of these ecosystems. The course is ecophysiological and organismic in approach, but includes biochemical concepts central to the understanding of forest biology. Lecture-discussion combined with assigned readings, field projects, and a paper. One Saturday field trip required. Additional fees may apply. See Class Schedule. 3 undergraduate hours. 3 graduate hours. Prerequisite: NRES 419 and NRES 302 or HORT 301.

NRES 418 Wetland Ecology & Management credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/418/>)  
Wetlands are important ecosystems that support high biodiversity and provide numerous benefits to society. This course provides a comprehensive examination of wetland science, management, and governance. Lectures, readings and class discussions will focus on the structure and processes of wetland ecosystems, wetland biota, wetland conservation and management, and U.S. and international wetland policies. Special emphasis will be placed on the application of wetland science to policy and restoration. Offered in alternate years. 3 undergraduate hours. 3 graduate hours. Prerequisite: NRES 201 and NRES 219, or consent of instructor.

NRES 419 Env and Plant Ecosystems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/419/>)  
Relationships among environmental factors and plant processes and functions; impact of human activities on the environment and the structure and function of plant ecosystems. Examples will be drawn from a variety of managed and unmanaged plant ecosystems. Field trip required. Additional fees may apply. See Class Schedule. 3 undergraduate hours. 3 graduate hours. Prerequisite: NRES 219 or LA 450 or IB 103 and CHEM 104 or NRES 201.  
This course satisfies the General Education Criteria for:  
Advanced Composition

NRES 420 Restoration Ecology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/420/>)  
Historical development of ecological restoration, its philosophical foundation, multi-disciplinary borrowings from the natural, applied, and social sciences, and varied practical applications, with emphasis on the application of ecological principles. Case studies, field trips, and laboratory activities on restoration planning. Field trip required. Additional fees may apply. See Class Schedule. 4 undergraduate hours. 4 graduate hours. Prerequisite: NRES 219 or LA 450.

NRES 421 Quantitative Methods in NRES credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/421/>)  
Explores the fundamental principles, procedures, and practices that underlie the most common statistical and sampling methods used in natural resources and environmental sciences. This course covers hypothesis testing, regression, and analysis of variance. There is also a strong focus on sampling theory and experimental design. Computer labs utilize the open source R statistical computing environment. 3 undergraduate hours. 3 graduate hours. Prerequisite: One of MATH 220, MATH 221, MATH 234; completion of the statistics requirement.

NRES 422 Earth Systems Modeling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/422/>)  
Same as ATMS 421, ESE 421, GEOG 421 and GEOL 481. See ATMS 421.

NRES 423 Politics of International Conservation and Development credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/423/>)  
Conserving the earth's rich biological heritage while enhancing the well-being of the poor stands as a critical global challenge. This course examines this complex issue using the lens of political science and allied fields. Readings, discussion, and written work will demonstrate how insights and approaches from these areas of scholarship can help understand and address the twin problems of biodiversity loss and human poverty in developing countries. Examples focus on forest and wildlife conservation and management. Same as GEOG 423. 3 undergraduate hours. 3 graduate hours. Prerequisite: One 200 or 300 level social science course or consent of instructor. Junior standing required.

NRES 424 US Environ, Justic & Policy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/424/>)  
In the course students will: (a) write about the roles that race, class, and other social differences play in shaping human-environment relationships, (b) understand the role of the Environmental Protection Agency in considering environmental justice in policy, and (3) identify ways that policies for ecological sustainability can be configured to improve the equity of environmental and natural resource decision-making. 4 undergraduate hours. 4 graduate hours. Prerequisite: Junior class standing.

NRES 425 Natural Resources Law & Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/425/>)

Using the case study method and discussion problems, students in this course will study how laws in the U.S. regulate the use of natural resources, including public ownership and preservation of natural resources through other federal and state public lands. Also examines major federal environmental statutes designed to protect natural resources, including the Clean Water Act, the Endangered Species Act, the National Environmental Policy Act, and federal acts related to forest, national parks, and wilderness protection. 3 undergraduate hours. 3 graduate hours. Prerequisite: Junior standing.

NRES 426 Renewable Energy Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/426/>)

Considers how policies can be designed to optimize economic, environmental, and social solutions to transforming the world's unsustainable energy production, distribution, and consumption paradigm. Provides an up-front primer on climate change policy in the U.S., Europe, and internationally, which have become the primary driver of sustainability initiatives in the energy sector. Examines policies that define "renewability" within various energy sectors including fossil fuels (e.g., coal, natural gas, petroleum), biofuels, nuclear power, hydropower, wind, solar, geothermal, and wave energy. 3 undergraduate hours. 3 graduate hours. Prerequisite: Junior standing.

NRES 427 Modeling Natural Resources credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/427/>)

Examines basic modeling concepts and methods. Modeling skills, model development, and natural resource issues and problems will be emphasized. Content areas include fisheries, forests, wildlife, economics, human dimensions, groundwater and surface water. 4 undergraduate hours. 4 graduate hours. Prerequisite: One of MATH 220, MATH 221, MATH 234.

NRES 428 Valuing Nature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/428/>)

Building sustainable communities and ecosystems requires an understanding of how and why people make decisions about the environment. This course will explore how values, attitudes, and concepts of place relate to environmental behavior. Students will transfer theoretical knowledge of behavior change science and state-of-the-art methodologies to resource management challenges, focusing particular attention on the human dimensions of fisheries management and conservation in parks and protected areas. 3 undergraduate hours. 3 graduate hours. Prerequisite: NRES 287.

NRES 429 Aquatic Ecosystem Conservation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/429/>)

Application of the principles of aquatic ecology to a broad range of conservation issues. The structure and function of aquatic systems are discussed from an ecosystem perspective, including the major threats and disturbances to aquatic ecosystems. 3 undergraduate hours. 3 graduate hours. Prerequisite: CHEM 102 and PHYS 101 or PHYS 140, and MATH 220 or MATH 221 or MATH 234, and IB 203 or NRES 219.

NRES 430 Comm in Env Social Movements credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/430/>)

Same as AGCM 430 and ENVS 430. See AGCM 430.

NRES 431 Plants and Global Change credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/431/>)

Same as CPSC 431 and IB 440. See CPSC 431.

NRES 438 Soil Nutrient Cycling credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/438/>)

The ecology of decomposition and plant nutrient acquisition in terrestrial soils will be addressed using applied ecology concepts. Discussion will focus on the scientific literature addressing biological, physical, and chemical controls over nutrient availability in soils. Writing assignments will teach students to summarize scientific literature. Students will learn about analytical and quantitative methods used in this field of study and gain the interpretive and communication skills needed to assess and/or carry out applied research in plant and soil science arenas. Same as CPSC 438. 3 undergraduate hours. 3 graduate hours. Offered in alternate years. Prerequisite: IB 203 or NRES 219, and NRES 201.

NRES 439 Env and Sustainable Dev credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/439/>)

Comprehensive overview and synthesis of global environmental problems and their relationships to human activities, with a focus on ecological and natural resource elements. Concerns include unsound ethics and concepts of development and modernization, the lack of motivation or funding to implement available technical solutions, the promotion of alternative development ethics, and a review of opportunities to maintain or improve the well-being of people, other organisms, and the environment. Same as CPSC 439. 3 undergraduate hours. 3 graduate hours. Prerequisite: NRES 219 or ACE 210.

NRES 440 Applied Statistical Methods I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/440/>)

Same as ABE 440, ANSC 440, CPSC 440, and FSHN 440. See CPSC 440.

NRES 441 Biogeography credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/441/>)

Same as ANTH 436, ESE 439, GEOG 436 and IB 439. See IB 439.

NRES 442 Mammalogy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/442/>)

Same as IB 462. See IB 462.

NRES 445 Statistical Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/445/>)

Same as ABE 445 and ANSC 445. See ANSC 445.

NRES 446 Sustainable Planning Seminar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/446/>)

Same as GEOG 446, LA 446, and UP 446. See LA 446.

NRES 452 Community Ecology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/452/>)

Same as IB 453. See IB 453.

NRES 454 GIS in Natural Resource Mgmt credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/454/>)

Geographic Information Systems (GIS) and remote sensing for natural resource management. Personal computers and GIS software are used to demonstrate the utility of these techniques for data acquisition, image processing, and map modeling. Exercises include problems relevant to the management of natural resources such as land cover mapping, monitoring, suitability and productivity assessment, landscape pattern analysis, land use change analysis, spatial modeling, and decision making. 4 undergraduate hours. 4 graduate hours.

NRES 455 Adv GIS for Nat Res Planning credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/455/>)  
Examines the application of Geographic Information Systems (GIS) to natural resource planning and decision making. Integrates principles of decision making in various contexts: public and private, single and multiple criteria, and various forms of management constraints. Management alternatives are then incorporated into a GIS system for further review and analysis. Course combines GIS software with computer-based optimization and quantitative decision making models. 2 undergraduate hours. 2 graduate hours. Offered in alternate years. Prerequisite: GEOG 479 or NRES 454.

NRES 456 Integrative Ecosystem Management credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/456/>)  
Examines ecological and human dimensions of ecosystem management, with a strong emphasis on national and international case studies. Capstone course for seniors in the NRES major. Additional fees may apply. See Class Schedule. 3 undergraduate hours. 3 graduate hours. Prerequisite: Senior standing; NRES 219 and NRES 287.

NRES 460 Aerial Photo Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/460/>)  
Same as GEOG 460. See GEOG 460.

NRES 461 Ornithology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/461/>)  
Same as IB 461. See IB 461.

NRES 462 Ecosystem Ecology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/462/>)  
Same as ESE 452 and IB 452. See IB 452.

NRES 463 Ichthyology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/463/>)  
Same as IB 463. See IB 463.

NRES 464 Herpetology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/464/>)  
Same as IB 464. See IB 464.

NRES 465 Landscape Ecology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/465/>)  
Introduction to the theory, methods, and application of landscape ecology, with an emphasis on characterizing heterogeneity and examining its consequences for ecological processes across a variety of spatial and temporal scales. Special attention will be given to the role of natural and human disturbances in shaping spatial patterns. Laboratory exercises are computer-based and focus on concepts and tools in landscape ecology. 3 undergraduate hours. 3 graduate hours. Prerequisite: NRES 219 or equivalent, NRES 454 or equivalent.

NRES 471 Pedology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/471/>)  
The science of soil genesis, classification, and morphology. Includes factors of soil formation, properties and methods used in distinguishing soils, interpretation of soil profiles and soil stratigraphy, causes of soil variability, and the impact of soil properties upon soil management, land-use decisions, and the environment. 3 undergraduate hours. 3 graduate hours. Prerequisite: NRES 201.

NRES 472 Environmental Psychology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/472/>)  
Theory and research in environmental psychology. Topics include environmental perception, cognition, experience, values and emotion, perceived environmental quality, environmental hazards and risk perception, and conservation attitudes and behavior. Same as PSYC 472. 4 undergraduate hours. 4 graduate hours. Prerequisite: Jr. standing; PSYC 100 or PSYC 103.

NRES 473 Soil Testing Practicum credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/473/>)  
Chemical procedures useful in assessing soil/plant relationships for field crops. Topics include agronomic principles, field sampling, performance of soil tests, interpretation of analytical results, and formulation of nutrient management programs. 2 or 3 undergraduate hours. 2 or 3 graduate hours. Field trip required. Additional laboratory work and consent of instructor required for 3 hours. Prerequisite: NRES 201.

NRES 474 Soil and Water Conservation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/474/>)  
Application of principles of soil conservation and management to the solution of land-use problems; influence of soil characteristics on erosion control, cropping intensity, water management, and land-use planning. Includes a field trip. Additional fees may apply. See Class Schedule. 3 undergraduate hours. 3 graduate hours. Prerequisite: NRES 201.

NRES 475 Environmental Microbiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/475/>)  
Introduction to the diversity of microbial populations and their important role in environmental processes in air, water, soils, and sediments. Microbial community ecology and interactions with plants and animals will also be discussed. Students will learn how microbial activities sustain natural ecosystems and contribute to environmental quality, and also how these functions are harnessed to support managed and artificial systems. Molecular biology techniques for investigating microbial communities and their activities will also be discussed. 3 undergraduate hours. 3 graduate hours. Prerequisite: NRES 201 and CHEM 104.

NRES 477 Introduction to Remote Sensing credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/477/>)  
Same as GEOG 477. See GEOG 477.

NRES 485 Stream Ecosystem Management credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/485/>)  
This course relates the structure and function of streams and rivers to challenges and opportunities in their conservation, management, and restoration using a combination of readings, discussions, and field trips to study sites. Students will develop an integrative understanding of stream and river ecosystem management from the site to watershed scale on issues spanning from nutrient pollution, to the natural flow regime, to the design and implementation of freshwater protected areas. No special equipment will be required. Three required field trips will occur on or near campus. Additional fees may apply. See Class Schedule. 4 undergraduate hours. 4 graduate hours. Prerequisite: NRES 219 or similar introductory course in ecology.

NRES 487 Soil Chemistry credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/487/>)  
Emphasizes inorganic reactions involved in soil development and plant nutrition in soils; topics include colloid systems, properties of water, ion exchange equilibria, plant nutrient forms, and methods of analyses. 3 undergraduate hours. 3 graduate hours. Prerequisite: NRES 201 and CHEM 104.

NRES 488 Soil Fertility and Fertilizers credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/488/>)

Provides a broad-based understanding of the basic principles of soil fertility and their application. Coverage includes the occurrence, cycling, and plant availability of the essential mineral nutrients in soils; fertilizer sources, soil reactions, and efficiency; evaluating fertilizer and lime needs; methods of fertilizer application; and the economics of fertilization. Same as CPSC 488. 3 undergraduate hours. 3 graduate hours. Prerequisite: NRES 201.

NRES 489 Physics of Plant Environments credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/489/>)

The physics of transport processes in the soil and aerial environment of plants; exchanges of energy and gases in crop canopies, and the retention and flow of water, gases, solutes, and heat in soils. 4 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 101 or PHYS 140; one of MATH 220, MATH 221, MATH 234; NRES 201.

NRES 490 Surface Water System Chemistry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/490/>)

Examines the interaction of chemical and biological processes that govern the chemistry of streams, lakes, and wetlands, and the response of aquatic organisms to pollution. Chemical equilibrium and kinetic principles are used to analyze the behavior of surface water systems through the use of models. Topics include modeling of field studies in environmental inorganic chemistry and biogeochemistry. The laboratory section will be devoted to instruction in the use of computer models and to their practical application. 4 undergraduate hours. 4 graduate hours. Credit not given for both NRES 490 and CEE 443. Prerequisite: CHEM 104; one of MATH 220, MATH 221, MATH 234.

NRES 499 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/499/>)

Experimental course on a special topic in natural resources and environmental sciences. Additional fees may apply. See Class Schedule. 1 to 4 undergraduate hours. 1 to 4 graduate hours. Approved for Letter and S/U grading. May be repeated in the same or separate terms to a maximum of 12 hours as topics vary.

NRES 500 Graduate Seminar credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/500/>)

Exposure to current research and specialized topics in natural resources and environmental sciences through attending/viewing and responding to the NRES seminar series. 0 to 1 graduate hours. No professional credit. Approved for S/U grading only. May be repeated.

NRES 501 Special Problems credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/501/>)

Individual studies or investigations in selected branches of horticulture, natural resources, and environmental sciences. Approved for letter and S/U grading. May be repeated. No more than 8 hours may be counted toward an MS degree.

NRES 502 Research Methods in NRES credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/502/>)

Theory and practice of research methods in natural resources, ecology, and environmental sciences. Provides an overview of experimental design and sampling techniques, and includes discussions of discipline-specific statistical methods. Prerequisite: One upper division course is recommended.

NRES 503 Capstone Research Project credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/503/>)

A supervised individual investigative study in selected areas of natural resources and environmental sciences relevant to the student's career preparation. Open only to NRES graduate students. A capstone paper and successful completion of an oral exam is required to earn credit for this course and also serves as the final requirement to complete the non-thesis master's program. 1 to 8 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated in separate terms to a maximum of 8 hours. Credit is not given for both NRES 503 and NRES 505 or NRES 507. Prerequisite: Consent of the Academic and Research Advisors.

NRES 504 Critical Issues Recreation Mgt credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/504/>)

Same as RST 502. See RST 502.

NRES 505 Capstone Internship Experience credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/505/>)

A formalized learning experience in an appropriate supervised internship related to the student's career preparation in natural resources and environmental sciences. Open only to NRES graduate students. A capstone paper and successful completion of an oral exam is required to earn credit for this course and also serves as the final requirement to complete the non-thesis master's program. 1 to 8 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated in separate terms to a maximum of 8 hours. Credit is not given for both NRES 505 and either NRES 503 or NRES 507. Prerequisite: Consent of Academic Advisor.

NRES 507 Capstone Group Research Project credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/507/>)

A supervised collaborative learning experience in which students work together to design, conduct, and present professional interdisciplinary research related to the students' career preparation in natural resources and environmental sciences. Group project may involve collaboration with outside clients, which include industry, government, and non-governmental organizations. Only open to NRES graduate students pursuing a non-thesis M.S. A capstone paper and successful completion of an oral exam is required of each student to earn credit for this course and also serves as the final requirement to complete the non-thesis master's program. 1 to 8 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated in separate terms to a maximum of 8 hours. Credit is not given for both NRES 507 and either NRES 503 or NRES 505. Prerequisite: Consent of the Academic and Research Advisors.

NRES 508 Community & Natural Resources credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/508/>)

Advanced discussion and analysis of theoretical and empirical approaches to the intersection of social and ecological processes at the human community level emphasizing change, conflict, management, and decision-making. Each student will complete a project applying community-related theory to a particular natural resource or environmental problem. Prerequisite: Upper-level undergraduate course or graduate course in social science related to natural resources or environmental issues in NRES, Geography, Human and Community Development, Political Science, Psychology, Recreation Sport and Tourism, Sociology, or related field.

NRES 510 Adv Natural Resource Economics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/510/>)

Same as ACE 510, ECON 548, and ENVS 510. See ACE 510.

NRES 511 Principles of Applied Ecology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/511/>)

Provides a thorough foundation of fundamental ecological principles that govern the distribution and abundance of organisms with extra attention to applied ecology as it pertains to current-day ecological problems. The approach will include lectures, discussions, hands-on evaluation and interpretation of data and experimental design presented in case studies, and design and implementation of an independent research project.

Prerequisite: At least one undergraduate or graduate course in biology or ecology.

NRES 512 Discussions in NRES credit: 1 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/512/>)

Discussion of recent developments and current literature in natural resources and environmental sciences, with a term-long emphasis on a particular aspect of the subject matter. Approved for Letter and S/U grading. May be repeated to a maximum of 4 hours.

NRES 516 Ecosystem Biogeochemistry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/516/>)

Biological, geological, and chemical processes of forest, agricultural, freshwater and marine ecosystems. The effects of pollutants and global change on each ecosystem are addressed along with the biogeochemical interactions among ecosystems. Each student completes a detailed biogeochemical study for a particular ecosystem. A 400-level course in two or more of the following areas are recommended: soil science, aquatic science, ecology, and hydrology. Same as IB 516.

NRES 522 Terrestrial Remote Sensing Applications credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/522/>)

This is an advanced course applying satellite remote sensing (RS) to terrestrial environmental issues. Students will gain a deep understanding of the physical mechanisms of remote sensing technology as well as the scientific contexts of how to best utilize remote sensing technology to address questions in natural resources, hydrology, and environmental monitoring. The course is intended for graduate students. The course does not require prior knowledge of remote sensing, but proficiency in one of the following programming languages is strongly recommended - Matlab, Python, or R. 3 graduate hours. No professional credit.

Prerequisite: The course does not require prior knowledge of remote sensing, but students need to satisfy the following prerequisites: proficiency in one of the following programming languages- Matlab, Python, or R.

NRES 565 Spatial Ecological Modeling credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/565/>)

Computer-based, spatially explicit models are useful for simulating the long-term dynamics and stability of complex ecological systems and can provide a basis for the development of tools for management support and policy advice. This course will build on landscape ecology principles and GIS skills to develop and analyze spatial ecological models. Emphasis will be on building and applying individual- and agent-based models to understand and predict how systems respond to environmental change. 2 graduate hours. No professional credit. Prerequisite: NRES 454, NRES 465, or equivalent. Graduate students only.

NRES 572 Chemistry of Soil Fertility credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/572/>)

The chemistry of essential plant nutrients in soils, and their quantitative relationships to plant growth. Offered in alternate years. Prerequisite: NRES 201 and CHEM 222.

NRES 580 Solute Transport in Soils credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/580/>)

Theoretical and practical aspects of modeling the fate and transport of chemicals through unsaturated soil. Topics include spatial variability (scaling theories, geostatistics), fate and coupled transport processes (adsorption, degradation, preferential flow, dispersion, advection, diffusion, volatility), and associated modeling (parameter estimation; screening, regulatory, and research models, including CDE, stochastic-convective, stream-tube, particle tracking, kinematic wave, stochastic continuum) using analytical and numerical methods. Offered in alternate years. Prerequisite: NRES 489 and MATH 342 or MATH 345.

NRES 586 Soil Organic Matter credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/586/>)

Explores soil organic matter as one of the most important and integrative characteristics of terrestrial ecosystems. Topics include the nature and origin of humic and non-humic substances in soils and sediments, their critical environmental functions (chemical reactivity and role in nutrient cycling), and the primary methods (elemental analysis, spectroscopy, isotopic methods, and C and N models) used to characterize organic matter and its dynamics. Offered in alternate years. Prerequisite: CHEM 232.

NRES 592 Sustainable Urban Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/592/>)

Same as CEE 592 and UP 576. See CEE 592.

NRES 593 Statistical Methods in Ecology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/593/>)

Focuses on statistical methods used to analyze ecological data. Includes application of general and generalized linear models including use of several probability distributions such as normal, binomial, Poisson, and negative binomial. Course also focuses on mixed models and approaches for imposing structure onto the variance-covariance matrix to account for non-independence or heterogeneous variance. Emphasis throughout is on evaluating and presenting results using both traditional (p-value) and information-theoretic (AIC) approaches. 4 graduate hours. No professional credit. Prerequisite: At least one course in ecology, including basic concepts of population and community ecology, and at least one course in statistics, including basic concepts of sampling, hypothesis testing, and techniques such as t-tests, linear regression, and ANOVA (e.g., CPSC/NRES 440 or equivalent). Graduate standing or permission of instructor required.

NRES 594 NRES Professional Orientation credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/NRES/594/>)

The philosophy and components of graduate education with development of the principles useful in teaching, research, and extension in horticulture, natural resources and environmental sciences. Students will be required to develop and submit a proposal describing planned research for their M.S. or Ph.D. thesis. Approved for S/U grading only.

NRES 595 Advanced Quantitative Techniques for Ecology and Conservation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/595/>)

This course is designed to provide the tools necessary to estimate population parameters in a rigorous and robust manner. Students will learn about the tools researchers and managers use to address questions in population ecology and conservation. The course covers five major topics in the estimation and management of wildlife populations: 1) Neutral models, 2) Presence/absence, 3) Abundance estimation, 4) Survival estimation, and 5) Bayesian Methodology. Emphasis is placed on the applied nature of these tools, including model building, selection, and inference. 4 graduate hours. No professional credit. Prerequisite: Successful completion of NRES 593 is recommended, or some prior familiarity with statistical data analysis is helpful.

NRES 598 Experimental Graduate Courses credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/598/>)

Experimental course on a special topic in natural resources and environmental sciences. May be repeated to a maximum of 12 hours.

NRES 599 Thesis Research credit: 0 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/NRES/599/>)

Research conducted in various phases of horticulture, natural resources, and environmental sciences leading to a thesis in natural resources and environmental sciences. Approved for S/U grading only. May be repeated.

# NAVAL SCIENCE (NS)

NS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/NS/>)

## Courses

NS 100 Leadership Laboratory credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/NS/100/>)  
Noncredit course designed to give the Naval ROTC student, through practical application, a better grasp of the naval science subjects taught in the classroom and a working knowledge of close order drill. Approved for S/U grading only. May be repeated.

NS 101 Introduction to Naval Science credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NS/101/>)  
Naval organization and management practices examined within the context of the naval service, command and control, organization for logistics, service and support, functions and services of major components of the Navy and Marine Corps, and shipboard organization with emphasis on management and leadership functions. Prerequisite: Consent of instructor. No prerequisite for non-NROTC students.

NS 102 Sea Power and Maritime Affairs credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NS/102/>)  
Investigates the characteristics of sea power and their impact on the affairs of our nation; discusses those characteristics with historical and modern applications to the United States and other world powers. Prerequisite: No prerequisite for non-NROTC students.

NS 120 Intro to US Armed Forces credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NS/120/>)  
Same as AFAS 120 and MILS 120. See MILS 120.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

NS 204 Navigation/Naval Operations I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NS/204/>)  
Introduces the basic concepts of marine navigation, international and inland rules for vessels at sea and the use of maneuvering boards in safe ship maneuvering. Explores principles of navigation and methods used to aid in navigation. Provides a solid foundation of the fundamentals of marine navigation and its importance to the United States Navy. Prerequisite: Consent of instructor.

NS 303 Leadership and Management credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NS/303/>)  
Leadership and Management is a study of organizational behavior and management with an emphasis on situational leadership. Students will explore a variety of leadership and management topics including the classical theories of management, motivation, and communication to help prepare students for leadership challenges in any environment and any industry. Prerequisite: No prerequisite for non-NROTC students.

NS 305 Introduction to Naval Engineering credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NS/305/>)  
Fundamentals of ship compartmentalization, propulsion systems, engine theory and turbine theory, and naval warship control. Examines elements of ship design, damage control, and ship stability. Thermodynamic processes and their application to conventional and nuclear power generation. Energy storage systems such as hydraulics and compressed air systems. Electrical theory and distribution applications. Applications and case studies of engineering documentation, maintenance, and material management. Prerequisite: Consent of instructor.

NS 306 Naval Weapons Systems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NS/306/>)  
Introduction to concepts and properties of electronic, physical, electromagnetic and mechanical systems and the underlying principles for operation of shipboard and aircraft weapons systems. Course emphasizes types of weapons and fire control systems, capabilities and limitations, theory of target acquisition, identification and tracking, trajectory and ballistics principles, and basic theory of radar and sonar  
Prerequisite: Consent of instructor.

NS 307 Navigation/Naval Operations II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NS/307/>)  
Explores numerous aspects related to the efficient and professional manner of U.S. Navy ship operations. Teaches the fundamentals of the U.S. Navy systems of communications used on sea-going vessels and Naval Warfare, Command and Control, and Joint Operations. Discusses the many issues relating to ship handling and Naval Officer responsibilities. Prerequisite: NS 204 Prerequisite: NS 204 or consent of instructor.

NS 308 Leadership and Ethics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NS/308/>)  
Leadership and Ethics prepares future leaders by exploring and applying a diverse range of leadership and ethical tools to enhance objective, sound, and timely decision-making in the most challenging environments. This course emphasizes the importance of leadership that adheres to the highest standards of character and integrity. It is a "Leadership Seminar" where fundamentals and applications of leadership and ethics will be discussed. The primary purpose of this course is to help you develop your personal leadership philosophy and style based on a solid ethical foundation. Prerequisite: NS 303 for NROTC students only. No prerequisite for non-NROTC students.

NS 321 Evolution of Warfare credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NS/321/>)  
Open to all students on campus, not just ROTC students. The course provides the student with a basic overview of Marine Corps history combined with its mission within the Department of Defense. To that end, three general topics are discussed: (1) Leadership and Ethics, (2) Seapower and Naval History, and (3) Technical Foundations of Naval Warfare. This course is well suited for anyone interested in learning more about what makes the Marine Corps so effective as a warfighting organization as well as students seeking to develop their leadership skills.

NS 323 Maneuver Warfare Fundamentals credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NS/323/>)  
Open to all students on campus, not just ROTC students. Throughout the course we will discuss modern tactical principles, current military developments, and other aspects of warfare along with their interactions with and influences on maneuver warfare doctrine. There is a specific focus on the United States Marine Corps as the premier maneuver warfighting organization. Additionally, study will include historical influences on tactical, operational, and strategic levels of maneuver warfare practices in the current and future operating environments. This course is well suited for anyone interested in learning more about what makes the Marine Corps so effective as a warfighting organization as well as students seeking to develop their leadership skills. Prerequisite: Advanced undergraduate standing or consent of instructor.

# NEUROSCIENCE (NEUR)

NEUR Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/NEUR/>)

## Courses

NEUR 302 Applied Neuroscience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/302/>)  
Same as PSYC 302. See PSYC 302.

NEUR 314 Introduction to Neurobiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/314/>)  
Same as MCB 314. See MCB 314.

NEUR 403 Memory and Amnesia credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/403/>)  
Same as PSYC 403. See PSYC 403.

NEUR 405 Cognitive Neuroscience credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/405/>)  
Same as PSYC 404. See PSYC 404.

NEUR 413 Psychopharmacology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/413/>)  
Same as PSYC 413. See PSYC 413.

NEUR 414 Brain, Learning, and Memory credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/414/>)  
Same as PSYC 414. See PSYC 414.

NEUR 417 Neuroscience of Eating & Drinking credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/417/>)  
Same as FSHN 417 and PSYC 417. See PSYC 417.

NEUR 419 Brain, Behavior & Info Process credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/419/>)  
Same as BIOP 419 and MCB 419. See MCB 419.

NEUR 421 Principles of Psychophysiology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/421/>)  
Same as PSYC 421. See PSYC 421.

NEUR 432 Genes and Behavior credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/432/>)  
Same as ANTH 432, IB 432, and PSYC 432. See IB 432.

NEUR 433 Evolutionary Neuroscience credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/433/>)  
Same as IB 436, PHIL 433 and PSYC 433. See PSYC 433.

NEUR 445 Cognitive Neuroscience Lab credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/445/>)  
Same as PSYC 445. See PSYC 445.

NEUR 450 Cognitive Psychophysiology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/450/>)  
Same as PSYC 450. See PSYC 450.

NEUR 451 Neurobio of Aging credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/451/>)  
Same as PSYC 451 and KIN 458. See PSYC 451.

NEUR 453 Cog Neuroscience of Vision credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/453/>)  
Same as PSYC 453. See PSYC 453.

NEUR 461 Cell & Molecular Neuroscience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/461/>)  
Same as MCB 461. See MCB 461.

NEUR 462 Integrative Neuroscience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/462/>)  
Same as MCB 462. See MCB 462.

NEUR 500 Topics in Neuroscience credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/NEUR/500/>)  
Critical reading and discussion of current papers from the neuroscience literature, and discussion of other relevant topics such as ethics and career and professional skills development. Grading based on attendance and participation. Approved for letter and S/U grading. May be repeated to a maximum of 2 hours. Prerequisite: Enrollment in Neuroscience Ph.D. program or consent of instructor.

NEUR 510 Advances in Behavioral Neuroscience credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/510/>)  
Same as PSYC 510. See PSYC 510.

NEUR 520 Advanced Topics in Neuroscience credit: 0 or 1 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/520/>)  
Survey of current research in modern neuroscience. 0 or 1 graduate hours. No professional credit. Approved for S/U grading only. May be repeated.

NEUR 530 Special Topics in Neuroscience credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/530/>)  
Discussion of current topics of interest in neuroscience; seminar or lecture format. 1 to 4 graduate hours. No professional credit. May be repeated up to 12 hours as topics vary. Prerequisite: Consent of instructor.

NEUR 542 Interdisciplinary Approaches to Neuroscience I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/542/>)  
Introduction for graduate students to the breadth and inter-disciplinary nature of Neuroscience, and to the topic areas investigated broadly by faculty of the Neuroscience Program (NSP). The course emphasizes concepts and methods rather than facts, and includes discussions and career development lectures. Team taught by multiple NSP faculty, senior students and postdocs, the course covers topics on the evolution of the nervous system, and cognitive, behavioral and clinical neuroscience. Same as MCB 542 and PSYC 542. 2 graduate hours. No professional credit.

NEUR 543 Interdisciplinary Approaches to Neuroscience II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/543/>)  
Introduction for graduate students to the breadth and inter-disciplinary nature of Neuroscience, and to the topic areas investigated broadly by faculty of the Neuroscience Program (NSP). The course emphasizes concepts and methods rather than facts, and includes discussions and career development lectures. Team taught by multiple NSP faculty, senior students and postdocs, the course covers topics in cellular, molecular, computational, behavioral and clinical neuroscience as well as neuroengineering. Same as MCB 543 and PSYC 543. 2 graduate hours. No professional credit. Prerequisite: NEUR 542 or consent of instructor.

NEUR 590 Indiv Topics Neuroscience credit: 1 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/590/>)  
Individual topics of research supervised by Neuroscience faculty. Usually taken in one of the eight Neuroscience concentration areas: 1) neuroanatomy, 2) neurophysiology, 3) cognitive and behavioral neuroscience, 4) neurochemistry, neuropharmacology and neurotoxicology, 5) neuroendocrinology and neuroimmunology, 6) developmental genetic and molecular neuroscience, 7) clinical and biomedical neuroscience, 8) computational neuroscience. Typically taken by students before they choose their thesis topic. Approved for S/U grading only. May be repeated in the same or subsequent terms. Prerequisite: Consent of instructor.

NEUR 598 Proseminar in Psychology credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/598/>)  
Same as PSYC 598. See PSYC 598.

NEUR 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/NEUR/599/>)  
Research on the thesis topic and preparation of the thesis. Approved for S/U grading only. May be repeated in the same or subsequent terms.  
Prerequisite: Consent of instructor.

# NUCLEAR, PLASMA, RADIOLOGICAL ENGINEERING (NPRE)

NPRE Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/NPRE/>)

## Courses

**NPRE 100** Orientation to NPRE credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/NPRE/100/>)  
Introduction to nuclear, plasma, and radiological engineering. Demonstrations and discussion of nuclear phenomena (reactor operation, plasma behavior, and others). Experiments on radioactive decay and radiation shielding with formal laboratory report and a student project.

**NPRE 101** Introduction to Energy Sources credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/101/>)  
Explanation of energy technologies using an elementary approach presupposing no prior scientific or technical background. Coverage of all energy sources including fossil fueled, solar, hydro, and nuclear power. Integral demonstrations and a tour of the University's power plant. Discussion of energy related incidents with emphasis on environmental, economic, and social impact. Same as ENV5 101.  
This course satisfies the General Education Criteria for:  
Nat Sci Tech - Phys Sciences  
Quantitative Reasoning II

**NPRE 199** Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/199/>)  
May be repeated in separate terms to a maximum of 2 times.

**NPRE 201** Energy Systems credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/201/>)  
Patterns of energy production and utilization and technical aspects of renewable energy resources, advanced fossil fuel systems, and advanced nuclear systems. Same as GBLB 201. Prerequisite: MATH 220 or MATH 221; one of PHYS 101, PHYS 211, CHEM 104, CHEM 204, ME 200.

**NPRE 241** Intro to Radiation Protection credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/241/>)  
Elements of radiation protection and health physics, emphasizing practical applications. Prerequisite: MATH 220 or MATH 221; one of CHEM 102, IB 150, MCB 150, PHYS 211.

**NPRE 247** Modeling Nuclear Energy System credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/247/>)  
Applications of elementary nuclear physics in nuclear engineering. Nuclear reactor materials and components. Steady-state and transient operation of nuclear reactors. Nuclear energy removal and conversion. Radiation shielding. Prerequisite: PHYS 212; credit or concurrent registration in MATH 285.

**NPRE 397** Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/397/>)  
Individual investigations or studies of any phase of nuclear engineering selected by the student and approved by the department. May be repeated. Prerequisite: Consent of instructor.

**NPRE 398** Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/398/>)  
Subject offerings of new and developing areas of knowledge in nuclear, plasma, and radiological engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. May be repeated in the same or separate terms if topics vary.

**NPRE 402** Nuclear Power Engineering credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/402/>)  
Principles of utilization of fission energy in nuclear power engineering; includes such topics as fission processes and controlled chain reactions; nuclear reactor types, design principles, and operational characteristics; power reactor design criteria; radiation hazards and radioactive waste treatment; economics; other applications such as propulsion and research reactors. 3 undergraduate hours. 4 graduate hours. Credit is not given for both NPRE 402 and NPRE 247.

**NPRE 412** Nuclear Power Econ & Fuel Mgmt credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/412/>)  
Quantitative analysis of the impact of the nuclear power industry; nuclear fuel cycle and capital costs for thermal and fast reactors; optimization of the use of nuclear fuels to provide the lowest energy costs and highest system performance; comparison between fossil fuel systems, fission systems, and controlled thermonuclear fusion systems. 3 undergraduate hours. 4 graduate hours. Prerequisite: NPRE 402 or NPRE 247. Junior standing is required.

**NPRE 421** Plasma and Fusion Science credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/421/>)  
Physics of plasmas, including particle and fluid descriptions, waves, collisions, stability, and confinement, with applications to controlled thermonuclear fusion reactors, problems in fusion engineering, and astrophysics. 3 undergraduate hours. 3 graduate hours. Prerequisite: For engineering or physical science majors with junior standing.

**NPRE 423** Plasma Laboratory credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/423/>)  
Experiments relating to plasma engineering and fusion energy. Topics in ultra-high vacuum technology rf and dc electric plasma probes, measurements of dc and pulsed magnetic fields, dynamics of a theta pinch, and laser interferometry to measure plasma density. 2 undergraduate hours. 2 graduate hours. Prerequisite: NPRE 421 and NPRE 451.

**NPRE 429** Plasma Engineering credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/429/>)  
Basic principles and examples for adapting and applying the plasma state to solve a number of modern engineering problems. Plasma processing of materials for microelectronics and other uses, lighting, plasma displays, and other technologies. 3 undergraduate hours. 3 graduate hours. Prerequisite: ECE 329 or PHYS 435.

**NPRE 431** Materials in Nuclear Engrg credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/431/>)  
Development of a materials engineering background in the context of nuclear systems and radiation applications; relation of structure of materials to their physical and mechanical properties; development of phase formation and reaction kinetics from basic thermodynamics principles; charged particle interactions with surfaces; transport concepts of neutral and charged particles in matter; materials performance in nuclear and radiation applications, including radiation damage and effects. 3 undergraduate hours. 3 graduate hours.

NPRE 432 Nuclear Engrg Materials Lab credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/432/>)

Experiments relating to materials applications in nuclear engineering and energy systems. Examination of topics in room and elevated temperature mechanical properties of structural materials, corrosion, physical properties, radiation damage and effects, and materials selection in design. 2 undergraduate hours. 2 graduate hours. Prerequisite: Credit or concurrent registration in NPRE 431.

NPRE 435 Radiological Imaging credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/435/>)

Physical, mathematical and experimental foundations of radiological imaging techniques, such as typical sources of ionizing radiation, the interactions of radiation with matter, image formation techniques, linear systems theory applied to radiological imaging, and the techniques for tomographic image reconstruction. Includes diagnostic radiological imaging modalities, such as X-ray computed tomography (CT), single photon computed emission tomography (SPECT), positron emission tomography (PET), as well as modern X-ray imaging techniques, such as phase contrast imaging and diffraction-enhanced X-ray imaging. Provides a solid foundation for understanding of modern radiological imaging techniques, and in-depth discussions on the strengths and limitations of various modalities in application to medical, physical, security and environmental imaging. 3 undergraduate hours. 3 graduate hours. Prerequisite: NPRE 446.

NPRE 441 Radiation Protection credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/441/>)

Sources of nuclear radiation; ionization and energy deposition in matter with an emphasis on biological systems; principles of dosimetry; determination of exposure and limits for internal and external emitters; basic shielding calculations. 4 undergraduate hours. 4 graduate hours. Prerequisite: NPRE 446.

NPRE 442 Radioactive Waste Management credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/442/>)

Radiation and radiological concepts and measurement, the fuel cycle and waste classification, Part 61, state and federal regulations and regulatory agencies, radiochemistry and the environmental fate of radionuclides, uranium-related wastes, low-level wastes, high-level wastes, used fuel reprocessing, private fuel storage, waste package stability, risk assessment, geologic repositories, transporting radioactive wastes, decommissioning wastes, transmutation, an international perspective on radioactive waste management, and the global nuclear energy partnership. 3 undergraduate hours. 3 graduate hours. Prerequisite: MATH 231; PHYS 102 or PHYS 212.

NPRE 444 Nuclear Analytical Methods Lab credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/444/>)

Experiments relating to nuclear analytical methods and techniques. Emphasis on neutron activation analysis, energy dispersive x-ray fluorescence and particle spectroscopy. Use of radiation for medical and materials imaging. 2 or 3 undergraduate hours. 2 or 3 graduate hours. Credit of 2 hours is given if NPRE 451 or equivalent has been taken. Prerequisite: CHEM 102 and NPRE 446.

NPRE 446 Radiation Interact w/Matter I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/446/>)

Experimental and theoretical foundations of interaction of neutrons, photons, and charged particles with matter. Emphasis on topics that underlie the following applications: radiation detection, biological effects and radiation dosimetry, radiation damage and nuclear materials, neutron activation analysis, and fission and fusion energy systems. Classical theory of charged particle cross sections. Introductory quantum mechanics. Exact and numerical solutions of the Schrodinger equation. Quantum theory of cross sections. Photon interactions with atomic electrons and nuclei. Radioactive-series decay. Computer assignments illustrate fundamental concepts. 3 undergraduate hours. 3 graduate hours. Credit is not given to NPRE majors for graduate hours. Prerequisite: MATH 285 and ME 200.

NPRE 447 Radiation Interact w/Matter II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/447/>)

Continuation of NPRE 446. Quantum theory of ionization of matter by charged particles. Nuclear models and structure. Alpha decay, fission and fusion reactions. Beta and gamma decay. Nuclear reactions. Radiation damage effects. Special topics. Computer assignments to illustrate fundamental concepts. 3 undergraduate hours. 3 graduate hours. Prerequisite: NPRE 446.

NPRE 448 Nuclear Syst Engrg & Design credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/448/>)

Engineering principles underling nuclear systems designed with emphasis on nuclear power reactors. Materials for nuclear systems. Energy generation and removal in single- and two-phase flows. Reactor and component control systems and nuclear fuel reloading patterns. 4 undergraduate hours. 4 graduate hours. Prerequisite: MATH 285, ME 200, and NPRE 455.

NPRE 451 NPPE Laboratory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/451/>)

Radiation detection and instrumentation; radiation dosimetry and shielding; basic measurements in nuclear engineering; engineering applications; micro computer data acquisition and experimental control. 3 undergraduate hours. 3 graduate hours. Prerequisite: NPRE 446.

NPRE 455 Neutron Diffusion & Transport credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/455/>)

Neutron migration, neutron slowing down and thermalization; neutron continuity equation, multigroup diffusion theory, homogeneous and heterogeneous medium, thermal and fast assemblies; numerical methods for multigroup diffusion equations; reactor dynamics perturbation theory; reactivity coefficients; introductory transport theory. 4 undergraduate hours. 4 graduate hours. Prerequisite: NPRE 247.

NPRE 457 Safety Anlys Nucl Reactor Syst credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/457/>)

Basic safety philosophy in nuclear reactor systems; brief review of nuclear reactor systems; regulatory processes; siting considerations; safety problems related to reactor dynamics; evaluation of postulated accidents; risks associated with nuclear fuel cycle; methods of systems safety analysis. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: NPRE 402 or NPRE 247.

NPRE 458 Design in NPPE credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/458/>)

Design in nuclear, plasma, and radiological engineering systems; basic principles of definition, organization, constraints, modeling and optimization of system design; case studies; class design projects applying these basic principles. 4 undergraduate hours. 4 graduate hours. Prerequisite: NPRE 448.

NPRE 461 Probabilistic Risk Assessment credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/461/>)

Multidisciplinary theories and techniques of risk, safety, and reliability of complex systems and state-of-the-art Probabilistic Risk Assessment (PRA), which provides input for risk-informed decision-making for design, operation, and regulatory oversight in diverse high-consequence industries such as nuclear power, aviation, space, chemical processes, oil and gas, and healthcare. Topics include: Systematic Risk Scenario Modeling, Consequence Analysis, Bayesian Updating, Bayesian Belief Network, Binary Decision Diagram, Uncertainty Propagation, Hardware Reliability, Human Error Modeling, Failure Causal Modeling, Maintenance and Repair Modeling, Risk Importance Ranking, and Data Analytics. PRA and Reliability Engineering software codes will be utilized for assignments. 3 undergraduate hours. 4 graduate hours. Prerequisite: Junior, Senior or Graduate Standing in any Engineering Department.

NPRE 470 Fuel Cells & Hydrogen Sources credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/470/>)

The role of hydrogen as a global energy form, hydrogen production by nuclear, fossil and renewable energy sources; hydrogen handling, safety; transportation and storage methods including high-pressure, cryogenic, metal hydrides and chemical hydrides; basic science and technology of fuel cells, including electrochemical processes; fuel cell thermodynamics; low- and high-temperature fuel cells; applications including portable electronics, automotive vehicles, distributed and back-up power, and space power. 3 undergraduate hours. 3 graduate hours. Prerequisite: CHEM 102, MATH 285, and PHYS 212.

NPRE 475 Wind Power Systems credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/475/>)

Overview of wind energy systems; historical development, safety aspect, environmental considerations, wind properties and measurement, site selection, and wind turbine design; transmission systems considerations; mechanical, electrical, control aerodynamic and environmental engineering of modern wind turbines; fatigue failure; annual power production; economics and environmental aspects and accident prevention and mitigation; computational fluid dynamics (CFD) analysis of wind flow and blade interactions; energy storage options; hydrogen production; electrical power transmission issues; licensing issues; alternative wind energy systems; design project involving a wind farm or the construction of a specific type of wind turbine based on a wind park site visit. 3 undergraduate hours. 4 graduate hours. Prerequisite: CS 101, MATH 241; one of CHBE 421, ECE 110, ECE 205, ME 310, TAM 335.

NPRE 480 Energy and Security credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/480/>)

Security and supplies of energy, mineral resources, and water. Evolution of the importance of various fuels in conflicts (including coal, oil, uranium, and natural gas) starting with the Franco-Prussian Wars. Theories of international conflict and examination of the role of individual leaders versus institutional factors in the precipitation and outcome of pivotal wars. Econometric analyses relevant to past and projected future energy use. Same as GBL 480 and PS 480. 3 undergraduate hours. 3 graduate hours. Prerequisite: Composition I and Quantitative Reasoning I.

NPRE 481 Writing on Technol & Security credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/481/>)

Development of writing skills in standard computer, desktop publishing, and electronic publishing formats. On themes such as, global and regional security environments, arms control, nuclear energy, and climate change. For graduate credit, writing projects include documentation of computational work using software appropriate for typesetting of mathematical formulas. Same as GBL 481. 3 undergraduate hours. 3 or 4 graduate hours. 4 graduate hours with consent of instructor. This course satisfies the General Education Criteria for: Advanced Composition

NPRE 483 Seminar on Security credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/NPRE/483/>)

Preparation of reports on a set of introductory lectures and student choices from various on-campus seminar series relevant to technology of domestic and international security and the regional and international contexts that influence the nature of security problems. Same as GBL 483. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms to a maximum of 2 hours. Prerequisite: Composition I.

NPRE 498 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/498/>)

Subject offerings of new and developing areas of knowledge in nuclear, plasma, and radiological engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in the same or separate terms if topics vary.

NPRE 501 Fundamentals of Nuclear Engrg credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/501/>)

Background for advanced work in nuclear engineering; problems in materials, heat transfer, and fluid flow; special emphasis on basic ideas and the mathematical similarity of problems in heat transfer, fluid flow, and neutron diffusion. Lecture-problem format. Prerequisite: NPRE 247; credit or concurrent registration in NPRE 446.

NPRE 511 Nuclear Reactor Heat Transfer credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/511/>)

Selected topics in nuclear reactor heat transfer: thermal analysis of fuel elements under steady and transient operation; convective energy transport from reactor cores; two-phase flow and boiling in reactor cores; liquid metal coolant systems. Prerequisite: NPRE 501.

NPRE 521 Interact of Radiation w/Matter credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/521/>)

Topics in the interaction of radiation with matter of interest to the nuclear engineering field: the kinematics, kinetics, and cross sections involved in the interaction of charged particles, electromagnetic radiation, and neutrons. Prerequisite: NPRE 446.

NPRE 522 Controlled Fusion Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/522/>)

Development of plasma models for fusion analysis; treatment of plasma heating and confinement with applications to current experiments; energy balances; energy extraction. Prerequisite: NPRE 421.

NPRE 523 Plasma Waves credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/523/>)

The course covers the fundamentals of plasma waves and plasma heating, including an overview of the techniques and the technologies used in thermonuclear fusion reactors for heating and current drive. The first part of the semester covers the linear theory of plasma waves, including: the cold plasma tensor, cold dispersion relation, normal modes, frequency plots, Clemmow-Mullaly-Allis diagram, acoustic modes, kinetic theory of plasma waves, hot tensor, Bernstein modes, electrostatic damping, cyclotron modes. The course then offers an introduction to non-linearities, with major emphasis on the quasi-linear theory as a natural extension from the kinetic theory of plasma waves. The final portion of the course provides a qualitative and quantitative description of the major techniques used to deliver energy and momentum to a plasma (heating and current drive), namely ion cyclotron heating, electron cyclotron, lower hybrid, electron Bernstein, and neutral beam injection. Examples of heating technologies are provided for both thermonuclear and industrial applications. The course comprises simple analytical and computational homework assignments. 4 graduate hours. No professional credit. Prerequisite: ECE 329 or PHYS 435; NPRE 421.

NPRE 526 Plasma-Material Interactions credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/526/>)

The course will introduce the student to fundamental concepts in plasma-materials interactions (PMI) and extend these concepts into practical methods for PMI. The course connects the concepts of surface science to irradiation-driven modification used in plasma nanosynthesis of advanced materials and PMI phenomena encountered in extreme environments (e.g. nuclear fusion, star and planetary formation, among others). The course is designed to lay the foundation of mastering selected techniques and methods for PMI. The organization of this course will: 1) prepare the student with the fundamentals aspects of plasma-surface interaction and surface science, 2) apply these fundamental concepts and expand into PMI of nanosynthesis and extreme plasma-based environments and 3) master methods and characterization techniques used in plasma-material interactions including: techniques for in-situ analysis and simulated plasma experiments. 4 graduate hours. No professional credit. Prerequisite: NPRE 429 or equivalent.

NPRE 527 Plasma Technology of Gaseous Electronics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/527/>)

This course will help students to develop an advanced theoretical understanding of Low-Temperature Plasma (LTP) processing systems, with an emphasis on system design. Whereas prerequisite coursework focused on developing a framework for the analysis of LTP systems, in this course students will build upon that foundation to develop more advanced theoretical models for LTP dynamics, including electron collisions, plasma transport, sheath dynamics, and plasma and surface chemistry. Students will be able to apply this advanced LTP theory for the design of systems for etching, advanced deposition, and others important in modern materials processing applications. Same as ECE 523. 4 graduate hours. No professional credit. Prerequisite: ECE 452 or PHYS 485 or NPRE 429.

NPRE 529 Interact of Rad w/Matter II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/529/>)

Continuation of NPRE 521. Multiple events and computational methods of the interaction of radiation (heavy and light charged particles, electromagnetic wave, photons, and neutral particles) with matter. Same as CSE 529. Prerequisite: NPRE 521 or MSE 500.

NPRE 531 Nuclear Materials credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/531/>)

Metallurgical principles applied to materials problems in nuclear engineering; topics in production of uranium, corrosion, radiation damage, fuel element fabrication, and fuel reprocessing. Prerequisite: NPRE 431.

NPRE 554 Independent Lab Investigations credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/554/>)

Individual experimental investigation in areas of nuclear, plasma, and radiological engineering. May be repeated. Prerequisite: Consent of instructor.

NPRE 555 Reactor Theory I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/555/>)

Advanced development of neutron transport theory; neutron slowing-down and resonance absorption; approximations to the transport equation; direct numerical methods and other techniques of approximation theory applied to the neutron transport equation; advanced topics. Prerequisite: NPRE 455 (waived for Physics majors).

NPRE 556 Reactor Theory II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/556/>)

Advanced treatment of the theory of slow-neutron scattering, neutron thermalization, Doppler broadening, fuel depletion and fuel loadings, properties of neutron migration operators, and mathematical neutron transport theory; interpretation of related experiments; advanced topics. Prerequisite: NPRE 521 and NPRE 555 (waived for Physics majors).

NPRE 558 Advanced Design in NPRE credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/558/>)

Classroom exercise in the conceptual design of a nuclear engineering system involving a synthesis of previous learning in the field of nuclear engineering and related disciplines. The design includes all necessary ingredients for the system, such as core, thermal-hydraulics, shielding, material selection, and control. Prerequisite: NPRE 448 and NPRE 501.

NPRE 560 Reactor Kinetics and Dynamics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/560/>)

Diffusion and transport neutron balances with delayed neutrons; formal development of the point reactor kinetics equations; analytic and numerical solutions of the point reactor kinetics equations; space-dependent, multigroup reactor kinetics; reactivity measurements; reactor noise analysis; advanced topics. Prerequisite: NPRE 555.

NPRE 561 Advanced Risk Analysis for Technological Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/561/>)

This course covers advanced modeling techniques for Probabilistic Risk Assessment (PRA), which provides input for risk-informed decision-making in design, operation, and regulatory oversight of complex technological systems such as nuclear power, space, chemical processes, oil and gas. Main topics: risk scenario modeling, common cause failure analysis, Bayesian updating, uncertainty analysis, Bayesian Belief Network, simulation-based PRA, probabilistic physics of failure, human reliability analysis, and expert elicitation & aggregation. PRA and Bayesian analysis software codes are utilized for assignments. 4 graduate hours. No professional credit. Prerequisite: NPRE 461 or NPRE 457 or GE 411 or CEE 491.

NPRE 595 Student Research Seminar credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/NPRE/595/>)

Seminar on current research and development activities in NPRE related fields, presented by students. 1 graduate hour. No professional credit. Approved for Letter and S/U grading. May be repeated in separate terms up to 2 hours.

NPRE 596 Seminar in Nuclear Sci & Engrg credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/NPRE/596/>)

Lectures and discussions on current work in research and development in nuclear engineering and related fields by staff, advanced students, and visiting lecturers. Approved for S/U grading only. May be repeated.

NPRE 597 Independent Study credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/597/>)

Individual study in areas of nuclear engineering and closely related fields not covered by regular course offerings. The work is carried out under the supervision of a member of the faculty. May be repeated. Prerequisite: Consent of instructor.

NPRE 598 Special Topics credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/598/>)

Subject offerings of new and developing areas of knowledge in nuclear, plasma, and radiological engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. May be repeated in the same or separate terms if topics vary.

NPRE 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/NPRE/599/>)

Approved for S/U grading only. May be repeated.

# NUTRITIONAL SCIENCES (NUTR)

NUTR Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/NUTR/>)

## Courses

NUTR 420 Nutritional Aspects of Disease credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/420/>)

Same as FSHN 420. See FSHN 420.

NUTR 426 Biochemical Nutrition I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/426/>)

Same as FSHN 426. See FSHN 426.

NUTR 427 Biochemical Nutrition II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/427/>)

Same as FSHN 427. See FSHN 427.

NUTR 428 Community Nutrition credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/428/>)

Same as FSHN 428. See FSHN 428.

NUTR 500 Nutritional Sciences Seminar credit: 0 or 1 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/500/>)

Discussions of current problems in nutritional sciences. Approved for S/U grading only. May be repeated. Required of all graduate students in the nutritional sciences program.

NUTR 510 Topics in Nutrition Research credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/510/>)

Current topics in nutritional sciences research. Same as ANSC 525 and FSHN 510. 1 to 3 graduate hours. No professional credit. May be repeated in the same term to a maximum of 3 hours and in separate terms to a maximum of 9 hours. Prerequisite: Advanced Biochemistry.

NUTR 511 Regulation of Metabolism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/511/>)

Biochemical and molecular regulatory mechanisms of macronutrient metabolism under various physiological conditions in mammalian species, including humans. Same as ANSC 521 and FSHN 511. 4 graduate hours. No professional credit. Prerequisite: MCB 450, MCB 244, MCB 246 and FSHN 426/ANSC 520 (or equivalent courses in biochemistry, physiology and nutrition). Second year graduate standing or above, or consent of instructor.

NUTR 520 Protein and Energy Nutrition credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/520/>)

Same as ANSC 520. See ANSC 520.

NUTR 521 Molecular Basis of Metabolic Syndrome and Weight Management credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/521/>)

Same as FSHN 521. See FSHN 521.

NUTR 522 Function and Metabolism of Essential Fatty Acids and Cholesterol credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/NUTR/522/>)

Same as FSHN 522. See FSHN 522.

NUTR 523 Techniques in Animal Nutrition credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/523/>)

Same as ANSC 523. See ANSC 523.

NUTR 524 Nonruminant Nutrition Concepts credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/524/>)

Same as ANSC 524. See ANSC 524.

NUTR 527 Advanced Vitamins and Minerals: Regulations of Metabolism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/527/>)

Same as FSHN 527. See FSHN 527.

NUTR 530 Childhood Obesity I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/530/>)

Introduction of scientific evidence underlying the multifactorial causes and consequences of childhood obesity in the U.S. and worldwide.

Examination of existing theories from transdisciplinary perspectives will be stressed. Same as CHLH 530, FSHN 530, HDFS 551, KIN 530, SOCW 570. Approved for letter and S/U grading.

NUTR 531 Childhood Obesity II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/531/>)

The current public health recommendations for the prevention of childhood obesity will be presented and the evidence for efficacy of existing interventions will be thoroughly examined. At the end of the semester, students will work in teams to synthesize the best practices and propose how they can be integrated into an intervention within a transdisciplinary context. Same as CHLH 531, FSHN 531, HDFS 552, KIN 531, SOCW 571. Approved for both letter and S/U grading. Prerequisite: NUTR 530.

NUTR 550 Grantsmanship and Ethics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/550/>)

Design and implementation of experimental protocols in nutrition. Examines the scientific, regulatory, and ethical context for conducting research in nutrition. The focus of the course will be the writing and evaluation of a simulated peer-reviewed grant proposal. Same as FSHN 550. 3 graduate hours. No professional credit. Prerequisite: Advanced nutritional biochemistry and statistics.

NUTR 561 Advanced Clinical Nutrition credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/561/>)

Basic pathophysiological changes associated with major organ system failure and appropriate nutritional support and treatment. Provides medical orientation needed for participating in medical nutritional rounds. Same as FSHN 520. 2 graduate hours. No professional credit. May be repeated in the same term up to 4 hours and separate terms up to 8 hours. Prerequisite: Upper division course in physiology and a course in clinical nutrition.

NUTR 580 Ethics in Research, IRB and IACUC credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/580/>)

Same as FSHN 580. See FSHN 580.

NUTR 590 Disciplinary Seminar credit: 0 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/590/>)

Discussions of current research, literature and careers pertaining to disciplinary specializations within the Division of Nutritional Sciences. 0 to 2 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated in the same or different terms, to a maximum of 2 hours for Masters students and 4 hours for PhD students.

NUTR 591 Animal Sciences Seminar credit: 0 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/591/>)

Same as ANSC 590. See ANSC 590.

NUTR 593 Individual Topics in Nutrition credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/593/>)

For students majoring in nutritional sciences who wish to undertake individual studies of a nonthesis nature in problems or topics not covered in other courses; may be taken under the direction of any member of the nutritional sciences faculty, with the exception of the student's own thesis adviser. 1 or 2 graduate hours. No professional credit. May be repeated within the same or different terms to a maximum of 2 hours per degree program. Prerequisite: Consent of instructor.

NUTR 599 Thesis Research credit: 0 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/NUTR/599/>)

Approved for S/U grading only. May be repeated.

# ORGANIZATIONAL & COMMUNITY LEADERSHIP (LEAD)

---

LEAD Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/LEAD/>)

## Courses

**LEAD 140** Harnessing Your Interpersonal Intelligence credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/140/>)

Students will expand their capacity for communication, collaboration and team leadership to navigate the complexities of the university and beyond. In this course, students will learn communication strategies to work with others and practice self-awareness, self-management, and interpersonal communication skills in a supportive setting to reach their personal potential as emerging leaders. Prerequisite: Freshman, Sophomore, or Junior Standing Required.

**LEAD 170** Leading Student Organizations credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/170/>)

Students will develop their capacity for leadership in university and volunteer organizations. In this course, students will learn about organizational structures, elements of effective organizations, strategies for leading other people, and applications beyond formal student organizations. Prerequisite: Freshman, Sophomore, or Junior Standing Required. Not for Agricultural Leadership Education majors or Leadership Studies minors (for non-majors and non-minors).

**LEAD 230** Leadership Communications credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/230/>)

Application of communication skills used in the dissemination of information by public or organizational leaders in contemporary times. Founded on empirical leadership studies and through use of experiential learning activities, presentations, projects, and examinations, students will consider how identity and the setting impact what they write, say, and do when communicating a message.

This course satisfies the General Education Criteria for:  
Advanced Composition  
Social Beh Sci - Soc Sci

**LEAD 260** Foundations of Leadership credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/260/>)

Study of leadership theories and their application to the development of leadership skills. Students develop a personal philosophy of leadership, prepare a development plan for enhancing leadership skills, and begin a portfolio to record their leadership growth. Explores topics concerning diversity, ethics, and leadership/follower roles.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

**LEAD 310** Prof Dev in Leadership Ed credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/310/>)

Provides agricultural leadership education students with non-formal professional experiences prior to enrollment in the student internship. A minimum of 32 hours of observation and participatory experiences with professionals in extension/outreach, business and industry, political and/or communications/human resources are required for satisfactory completion of this class.

**LEAD 320** Training Needs Assessment credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/320/>)

Students in this course will be equipped to analyze an employee and/or organization's performance to determine the training needs for a business or organization. Helps learners determine whether or not training is the solution to a job performance problem. Credit is not given for LEAD 320 if credit for AGED 280 or LEAD 280 has been given.

**LEAD 321** Training and Development credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/321/>)

Students will learn to assess, design, develop, implement, and evaluate a training program in agricultural and non-agricultural industries. Topics will emphasize the theory of training and development, methods of assessing training needs and learning styles, design of effective training, presentation skills, and program evaluation. Different types of training programs will be examined, including orientation, skills training, team building, management development, and diversity training. Students will create and present a training program for an actual client utilizing the training design process. Credit is not given for LEAD 321 if credit for AGED 300 or LEAD 300 has been given. N/A Prerequisite: AGED 280/LEAD 280/LEAD 320.

**LEAD 340** Leadership Ethics & Society: Addressing Contemporary Challenges credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/340/>)

Leadership is a relational process which engages social actors in an exchange of power, influence, and will. This exchange is not always equal—however—raising important questions such as: Why do some leaders misuse their power? What are the consequences of destructive leadership? Why are some groups afforded more power and privilege in U.S. society than others? Is it okay for a small group of powerful people to make decisions that affect everyone else?

This course satisfies the General Education Criteria for:  
Cultural Studies - US Minority

**LEAD 360** Advanced Leadership Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/360/>)

Examines current and emerging leadership theories and their practical application in real-world settings. Continues exploration of advanced leadership theories begun in AGED 260, and includes opportunities for self-assessment and personal leadership development. Same as AGED 360. Prerequisite: AGED 260.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

**LEAD 380** Leadership in Groups and Teams credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/380/>)

Theory and practice of group and team leadership, including leadership assessment, group dynamics, group process, goal-setting, conflict management and resolution, leadership skill development, and case study analyses. Students engage in group activities throughout the semester. Prerequisite: AGED 260 and completion of the General Education Composition I requirement.

LEAD 440 Interpersonal Intelligence for Professional Success credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/440/>) Students will learn theoretical elements and practical strategies to solve problems, negotiate, and navigate complex situations as an effective leader. This course is designed for students interested in developing their capacity for collaboration and team leadership by addressing the unique challenges facing professionals in business and academic research teams. Whether landing a professional internship, preparing for graduate school, or professional employment, students will develop the essential interpersonal intelligence skills to influence others. 2 undergraduate hours. 2 graduate hours. Prerequisite: Graduate Student or Senior Standing Required.

LEAD 460 Advanced Leadership Studies credit: 1 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/460/>) Same as AGED 460. See AGED 460.

LEAD 470 Leading Professional Organizations and Communities credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/470/>) Students will develop their capacity for leadership in their current and future professional positions in business and academic research teams, as well as within their broader community. This course's activities are designed to help students understand organizational structures, effective organizations, leading other people, and application of systems thinking beyond formal organizations to communities and society. Same as AGED 470. 2 undergraduate hours. 2 graduate hours. Prerequisite: Graduate Student or Senior Standing Required. Not intended for Agricultural Leadership Education majors or Leadership Studies minors (for non-majors and non-minors).

LEAD 480 Collaborative Leadership credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/480/>) Leadership operates within the context of community. The course will teach the research, theory, and practice of building effective community collaborations to deal with complex societal issues. A collaborative framework will be delivered by which students apply their knowledge of person, organizational, and community leadership to real-world problems. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: AGED 260 or equivalent.

LEAD 560 Developmental Leadership and Supervision in Professional Organizations credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/LEAD/560/>) Same as AGED 560. See AGED 560.

# PATHOBIOLOGY (PATH)

PATH Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PATH/>)

## Courses

PATH 190 Discovery Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/190/>)  
May be repeated.

PATH 290 Undergraduate Research credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/290/>)  
Laboratory and/or field studies selected in consultation with a faculty mentor. May be repeated to a maximum of 10 hours. Prerequisite: Consent of instructor.

PATH 394 Pathobiology credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/394/>)  
To be used to designate a trial or experimental course for five or more students. It is designed to be an undergraduate course. A course can be taught under this designation two times within a two-year period and cannot be renewed as PATH 394 course. May be repeated to a maximum of 8 hours if topics vary. Prerequisite: Consent of instructor.

PATH 410 Comparative Immunobiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/410/>)  
Same as ANSC 450 and MCB 442. See ANSC 450.

PATH 433 Virology & Viral Pathogenesis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/433/>)  
Emphasizes basic principles of virus structure and replication, virus-cell interactions and virus-host interactions that underlie the molecular biology, pathogenesis, and transmission of viral disease. Same as MCB 433. 3 undergraduate hours. 3 graduate hours. Prerequisite: MCB 300 or MCB 354, or consent of instructor.

PATH 439 Health Applications of GIS credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/439/>)  
Students use spatial technologies and data to address issues of health. Topics include disease outbreak surveillance and response, environmental factors such as climate and socio-economic context, and the medical and other data needed to spatial analysis of health information. Application-based learning and class lectures are complemented by readings, guest lectures and class discussions. Geographic information system and global positioning system use is covered with examples drawn from public and veterinary health. Same as GEOG 439 and CHLH 439. 3 undergraduate hours. 3 graduate hours. Approved for letter and S/U grading. Prerequisite: An introductory statistics course such as ACE 261, CHLH 244, ECON 202, GEOG 280 or equivalent.

PATH 460 Biology of Emerging Infect Dis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/460/>)  
Discusses the biology of emerging and re-emerging infectious disease pathogens; examples of various bacterial, parasitic, and viral pathogens are presented to characterize the diverse mechanisms and factors that enable these agents to emerge; possible corrective and/or preventative approaches are explored. No undergraduate credit. 3 graduate hours. Prerequisite: VM 607 or PATH 433; or consent of instructor.].

PATH 474 Principles of Epidemiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/474/>)  
Same as CHLH 474 and ENVS 474. See CHLH 474.

PATH 494 Pathobiology credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/494/>)

To be used to designate a trial or experimental course for five or more students. A course can be taught under this designation two times within a two-year period and cannot be renewed as a PATH 494 course. 1 to 4 undergraduate hours. 1 to 4 graduate hours. Approved for letter and S/U grading. May be repeated to a maximum of 8 hours if topics vary. Prerequisite: Consent of instructor.

PATH 511 Seminar in Prod/Pop Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/511/>)  
Discussion of selected topics and journal articles related to production and population medicine, i.e. health and disease control/prevention decisions that are based on improving productivity, profitability, and maintaining populations of animals. Requires presentation of a formal seminar to receive a letter grade. Same as VCM 511. 1 graduate hour. 1 professional hour. Approved for letter and S/U grading. May be repeated to a maximum of 4 hours. Prerequisite: Graduate standing in CVM; VM 608 or equivalent epidemiology course (requires third year standing in the professional curriculum) and consent of instructors; for graduate students outside CVM, consent of instructors required.

PATH 513 Biomed Grant Proposal Writing credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/513/>)  
The objective of this course is to develop skills in grant seeking and proposal writing. Topics include identification of funding sources, writing style, setting a timeline for proposal preparation, the components of a grant application, research compliance, scientific integrity, the review process, and strategies for dealing with critiques and proposal resubmission. Due to the nature of this course, enrollment will be limited. Prerequisite: Consent of instructor.

PATH 514 Molec Mech Bact Pathogenesis credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/514/>)  
Introduction of current research literature on host-microbe interactions. The molecular basis for disease arising from these interactions will be stressed. 2 graduate hours. 2 professional hours. Prerequisite: One or more 400- or 500-level courses in microbiology, immunology, or biochemistry, and consent of instructor.

PATH 515 Mechanisms Microbial Infection credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/515/>)  
Newer concepts of host-microorganism relations; emphasis on the dynamics and pathogenic mechanisms of microorganisms, immune responses and defense factors of the host, and pathogenesis of specific infections. Lectures, discussions, laboratory, and special problems. Prerequisite: MCB 426 or VM 605, or equivalent; consent of instructor.

PATH 516 Epidemiology Infectious Dis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/516/>)  
Ecology of infection and disease; spread of disease and modes of transmission; methods of control; socioeconomic consideration; selected diseases: malaria, Lyme disease, anaplasmosis, schistosomiasis, salmonellosis, pseudorabies, AIDS. Student presentations. Prerequisite: Epidemiology class (VM 608 or equivalent), or consent of instructor.

PATH 517 Principle/Method Epidemiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/517/>)

Course covers principles of theoretical and applied epidemiology, with examples from veterinary and human medicine. The aim of the course is to integrate epidemiologic concepts and quantitative methodology in order to evaluate disease risk and treatment options at the individual and population levels. Topics include causal inference, epidemiologic study design, evaluation of bias, outbreak investigation, and special areas within epidemiology. Same as CHLH 517. Prerequisite: Graduate student standing or consent of instructor.

PATH 518 Concepts/Topics Immunology credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/518/>)

Study of newer concepts and theories in the field of immunology, with major emphasis on critical review of the primary literature. Topics include: Innate immunity, MTTc, immune regulation, tolerance, autoimmunity, antibodies, and immunopathogenesis of infectious diseases. Lectures and discussion. Same as MCB 586. Prerequisite: Consent of instructor; MCB 408 recommended.

PATH 519 Mechanisms Viral Pathogenesis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/519/>)

Lecture-discussion on topics of molecular mechanisms of viral pathogenesis. Mechanisms of infection, virulence, viral spread, interaction with the immune system, persistence and other host-parasite interactions are covered using modern literature and in depth exploration of several animal virus systems. Same as MCB 561. Prerequisite: PATH 433 or VM 607 or consent of instructor.

PATH 520 Applied Epidemiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/520/>)

Same as CHLH 578. See CHLH 578.

PATH 521 Biophysics of Viruses credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/521/>)

This is an interdisciplinary graduate course. The course includes lectures and discussions of advanced topics in physical virology. The course integrates fundamentals in molecular virology with the latest accounts of relevant biophysics. Critical reviews of primary research literature, experimental approaches and design, and data interpretation are emphasized. 2 graduate hours. No professional credit. Prerequisite: Graduate standing.

PATH 524 Biostatistics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/524/>)

Application of statistical methods to epidemiology, clinical and diagnostic medicine, and laboratory biomedical experiments. Topics include descriptive statistics and graphics, reliability, sample size estimation, contingency table analysis, analysis of group differences, survival analysis, correlation and linear regression. Emphasizes use of computerized statistical software in biomedical data analysis. 4 graduate hours. 4 professional hours. Credit is not given for both PATH 524 and either CPSC 440 or EPSY 480.

PATH 525 Statistics in Epidemiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/525/>)

Same as CHLH 527 and ENVS 527. See CHLH 527.

PATH 527 Parasitology/Epidemiology Sem credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/527/>)

Discussion of selected historic and current literature related to parasitology. May be repeated to a maximum of 2 hours. Prerequisite: Credit or concurrent registration in VM 607.

PATH 528 Multivariate Biostatistics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/528/>)

The application of multivariate data analysis to biology, agriculture, and medicine. Includes principal components and factor analysis, multivariate analysis of variance, discriminate analysis, cluster analysis, and multidimensional scaling. Specific applications include clinical diagnosis, nutritional and physiological profile analysis, ecological niche analysis, and patterns of genetic relatedness using molecular genotyping. Computer exercises using standard statistical software are used throughout. Students will also have individual projects and report their analysis in class presentations. Same as IB 508. Prerequisite: A course in multiple linear regression (PATH 591 or equivalent).

PATH 541 Diseases Hemato & Lymph Tissue credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/541/>)

Course covers the benign reactive and neoplastic diseases of the bone marrow and lymphoid systems. A comparative approach will be taken with diseases considered from both human and animal aspects utilizing current information on causation, genetic, phenotypic, and morphologic characteristics. Prerequisite: Graduate student standing or consent of instructor. Preference for enrollment will be given to candidates with DVM degrees or medical scholars.

PATH 542 Ocular Pathology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/542/>)

This course is aimed at veterinary pathology and ophthalmology residents. The course would also be open to interested UIUC medical students. The course involves examination and discussion of microscopic lesions of clinical veterinary ophthalmology cases through examination of clinical images, glass slides, and digital microscopic images. Students meet weekly concurrently with pathologists and ophthalmologists and either present current diagnostic cases, mystery cases, or lead a topic discussion related to ocular pathology. Same as VCM 542. 1 graduate hour. No professional credit. May be repeated in separate terms up to 9 hours, if topics vary. Prerequisite: Veterinary anatomic pathology residents or veterinary ophthalmology residents and interested UIUC medical students.

PATH 543 Necropsy for Non Path Majors credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/543/>)

Course is designed to provide advanced training in veterinary diagnostic pathology for graduate students with majors other than pathology. Teaching material is drawn from diagnostic cases submitted to the Diagnostic Laboratory. Course is adapted individually for each student's major (clinical residency, laboratory animal residency, or graduate research using animals and animal samples). May be repeated to a maximum of 4 hours. Prerequisite: Graduate Veterinarian or residency status; or consent of instructor. Course restricted to graduate students or residents not majoring in pathology.

PATH 544 Immunobiological Methods credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/544/>)

A number of immunobiological methods and current immunological techniques are introduced in the context of various research designs with reference to their significance, their evolution and historical value. Detailed description of protocols includes optimization of parameters and modifications of conditions to satisfy different research situations and trouble shooting. Students are required to perform the techniques, collect data, analyze results and keep records. Lab reports including documented critical assessment of the attained conclusions are required for each technique. Same as ANSC 554. Approved for letter and S/U grading. Prerequisite: VM 605 or MCB 408 or ANSC 450 and consent of instructor.

PATH 545 Vet Diagnostic Path 1 credit: 0 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/545/>)

Instruction in diagnostic pathology for pathology majors. Instruction based on necropsy cases with emphasis on necropsy protocol; sample collection and submission; recognition, description, and interpretation of gross and microscopic lesions; and case diagnosis based on all test results. Approved for letter and S/U grading. May be repeated to a maximum of 10 hours. Prerequisite: Graduate veterinarian, graduate student with major in pathology, and consent of instructors.

PATH 546 Vet Diagnostic Path 2 credit: 0 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/546/>)

Instruction in diagnostic pathology for pathology majors. Instruction based on necropsy cases with emphasis on recognition, description, and interpretation of gross and microscopic lesions; evaluation of results of other diagnostic assays; disease pathogenesis; and final case diagnosis and comments. Approved for letter and S/U grading. May be repeated to a maximum of 10 hours. Prerequisite: PATH 545 and consent of instructors.

PATH 547 Pathology Seminar credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/547/>)

Review and discussion of selected pathologic and clinico-pathologic material. Students are required to participate in weekly discussions and present at least one formal seminar per semester, on a topic approved by Pathology faculty. Approved for letter and S/U grading. May be repeated to a maximum of 6 hours. Prerequisite: Credit or concurrent registration in PATH 545, and consent of instructor.

PATH 548 Toxicologic Pathology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/548/>)

Examines the morphological and biochemical aspects of cellular reactions to injury in acute and chronic toxicities; effect of selected toxic agents on target organs in relation to functional and structural changes induced. Prerequisite: VM 605 or equivalent.

PATH 549 Gross Pathology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/549/>)

This course is aimed at veterinary students and anatomic pathology residents. This is an imaged-based course where interpretation of gross lesions will be taught for organ systems of a variety of different veterinary species. Veterinary students will receive weekly orientation to gross lesions by system with an image and discussion based format, and then will take mock ACVP boards-style gross exams followed by a group discussion of the exam. Pathology residents will take mock ACVP board-style gross exams. Veterinary students meet twice a week for an 8 week block and pathology residents meet once a week for the semester. 1 graduate hour. 1 professional hour. Approved for letter or S/U grading. May be repeated in separate terms for unlimited graduate or professional hours.

PATH 550 Concepts in Pathology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/550/>)

Lectures and related discussions of selected topics in experimental and theoretical aspects of general pathology. Emphasis on interdisciplinary approach to the mechanisms of disease. Prerequisite: DVM degree or MS in Biology; consent of instructor.

PATH 551 Interpretive Cytopathology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/551/>)

Discusses selected cytologic material. Emphasizes recognition, interpretation, oral presentation, and written description of cytology case materials. May be repeated to a maximum of 8 hours.

PATH 552 Diagnostic Cytology credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/552/>)

Instruction in diagnostic cytology for clinical pathology majors. The course is for clinical pathology graduate students to advance their training in cytology. This is an intensive course with one-on-one training with the instructor. Clinical cytology cases and blood smears are evaluated microscopically and then a thorough written description and interpretation of each case is performed and reviewed. May be repeated in separate terms to a maximum of 30 graduate hours. Note that a maximum of 8 credit hours will count towards a graduate degree. Prerequisite: DVM degree or equivalent, clinical pathology graduate student or consent of instructor.

PATH 555 Comparative Oncology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/555/>)

Comparative study of the nature of mammalian and avian neoplasms based on general and special methods of tumor identification and classification; lectures, demonstrations, and laboratory. Prerequisite: VM 605 and VM 608, or equivalent.

PATH 556 Exotic/Wild Animal Diag Path 1 credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/556/>)

Instruction in the performance of necropsy examinations on exotic and wild animals; emphasizes recognition, interpretation, oral presentations and written descriptions of gross and histologic lesions; emphasizes histologic features of lesions. For pathology majors only. May be repeated to a maximum of 10 hours. Prerequisite: VM 605 and VM 608; consent of instructor.

PATH 557 Exotic/Wild Animal Diag Path 2 credit: 0 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/557/>)

Instruction in the use of supplemental diagnostic data in the areas of bacteriology, clinical pathology, immunology, parasitology, toxicology, and virology in arriving at differential and definitive diagnoses of wild and exotic animals. Pathogenesis of gross and histologic lesions and mechanisms of lesion development are emphasized. For pathology majors only. May be repeated to a maximum of 10 hours. Prerequisite: PATH 556 or equivalent or consent of instructor.

PATH 558 Exotic/Wild Animal Path Sem credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/558/>)

Discussion of selected pathologic and clinico-pathologic material pertaining to exotic and wild animals and presentation of a formal seminar. Approved for letter and S/U grading. May be repeated to a maximum of 6 hours. Prerequisite: Concurrent enrollment in PATH 556 or PATH 557 or consent of instructor.

PATH 559 Surgical Pathology credit: 0 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/559/>)

Discussion and interpretation of disease processes of domestic animals; emphasizes interpretation of pathologic changes in tissue specimens obtained during surgical procedures; correlates structure, function, and prognosis. Approved for letter and S/U grading. May be repeated to a maximum of 10 hours. Prerequisite: PATH 545 and PATH 546, or equivalent; consent of instructor.

PATH 560 Spatial Epidemiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/560/>)

Patterns of health and disease in place and time; application of geographic information systems; analysis of time-space relations; clusters and diffusion of disease; geographic epidemiology of selected infectious and noninfectious diseases. Same as GEOG 560. Prerequisite: CHLH 474 or equivalent, or VM 608 or PATH 517 or equivalent; PATH 524 or SOC 485 or equivalent.

PATH 561 Veterinary Clinical Chemistry credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/561/>)

Course will focus on the clinical interpretation and physiologic principles behind conventional clinical biochemical testing, and introduce newer concepts and procedures. The course is directed primarily to graduate veterinarians intending to seek board certification from specialty colleges that require basic knowledge of veterinary clinical pathology of their candidates. Approved for letter and S/U grading. Prerequisite: Graduate Veterinarian or consent of instructor.

PATH 575 Vet Info Tech/Computer App credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/575/>)

Veterinary applications of word processing, spreadsheet, database, statistical, and health management software packages and various methods of information access and retrieval will be complemented by lecture/discussion and computer laboratory sessions. Prerequisite: Two years of work experience as a veterinarian (post-graduate DVM) or consent of instructor; priority will be given to students enrolled in the Executive Veterinary Program.

PATH 576 Communication Vet Consultation credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/576/>)

Utilization of communication as a tool in veterinary consultation and management. Skills will be developed in oral and written communication through assigned presentations, technical reports, newsletters, and business letters. Veterinary applications will be emphasized. Prerequisite: Two years of work experience as a veterinarian (post-graduate DVM) or consent of instructor; priority will be given to students enrolled in the Executive Veterinary Program.

PATH 577 Vet Leadership Organ Behavior credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/577/>)

Leadership principles and organizational theory with practical application to veterinary management and consultation. Includes individual, interpersonal, and organizational influences focusing on current issues in the veterinary profession. Prerequisite: Two years of work experience as a veterinarian (post-graduate DVM) or consent of instructor; priority will be given to students enrolled in the Executive Veterinary Program.

PATH 578 Veterinary Business Management credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/578/>)

Instruction in and application of the principles of veterinary business management including economics, decision making, financial management, marketing, and legal issues. Emphasis on specific practice type (small animal, food animal, equine) depending on interest of students. Prerequisite: Two years of work experience as a veterinarian (post-graduate DVM) or consent of instructor; priority will be given to students enrolled in the Executive Veterinary Program.

PATH 579 Adv Concept Swine Health Med 1 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/579/>)

Instruction on the biostatistics involved in the effective analysis of swine production records, diagnostic tests, and clinical trials. Application of epidemiology principles in a swine production setting. Practical diagnostic, treatment, and preventive procedures for disease conditions related to swine production. Prerequisite: Two years of work experience as a veterinarian (post-graduate DVM) or consent of instructor; priority will be given to students enrolled in the Executive Veterinary Program.

PATH 580 Adv Concept Swine Health Med 2 credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/580/>)

Illustrate effective methods to monitor and analyze the effects environmental conditions have on swine health and productivity. Design and implementation of programs to ensure product quality and consumer safety. Swine nutrition and lean growth modeling for optimal use of rations and providing nutritional consultation to swine producers. Evaluation, development, and application of genetic programs for swine production. Prerequisite: Two years of work experience as a veterinarian (post-graduate DVM) or consent of instructor; priority will be given to students enrolled in the Executive Veterinary Program.

PATH 590 Seminar credit: 0 or 1 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/590/>)

Required of all graduate students whose major is veterinary pathobiology. Approved for letter and S/U grading.

PATH 591 Design/Analysis Biomed Exper credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/591/>)

Principles of sampling, treatment assignment, and statistical analysis applied to biomedical experiments; major emphasis include sample size determination, dose-response functions, single and multifactor designs, randomized blocks and repeated measures, and analysis of covariance. Prerequisite: CPSC 440 or PATH 524, or consent of instructor.

PATH 592 Special Problems credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/592/>)

Basic and applied study including orientation and research on pertinent initial and continuing problems in the student's area of interest. May be repeated to a maximum of 8 hours if topics vary. Prerequisite: Consent of instructor.

PATH 593 Econ of Food Animal Health credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/593/>)

Concepts and procedures for economically driven decision-making with special emphasis on veterinary medicine. Topics will include: partial budgeting, enterprise budgeting, break-even analysis, decision analysis, production economics, computer modeling and benefit-cost analysis. Published scientific literature will be reviewed to provide practical examples of economic decision-making in optimizing animal health management. 3 graduate hours. 3 professional hours. Prerequisite: Graduate Veterinarian; VM 608 or equivalent epidemiology course (requires third year standing in the professional curriculum); or consent of instructor.

PATH 594 Veterinary Pathobiology credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/594/>)

Course is to be used to designate a trial or experimental course for five or more students, designed to be an elective in the CVM graduate curriculum. A course can be taught under this designation two times within a two year period and cannot be renewed as a PATH 594 course. May be repeated to a maximum of 8 hours if topics vary. Prerequisite: Prerequisites for each experimental course may vary and must be stated in a course outline prior to departmental approval.

PATH 596 Interdisciplinary Tox Sem credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/596/>)

Same as ENV5 596 and CB 596. See CB 596.

PATH 598 Non-Thesis Research credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/598/>)

Independent research to fulfill requirement for non-thesis alternative in Master of Science program only. Approved for S/U grading only. May be repeated to a maximum of 8 hours if topics vary. Credit is not given for both PATH 598 and PATH 599. Prerequisite: Must be Graduate Veterinarian.

PATH 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/599/>)  
Approved for S/U grading only. May be repeated.

PATH 636 Advanced Clinical Pathology credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/636/>)  
A case-based approach to clinical pathology. Students are required to critically evaluate clinical case data, turn in a written description of the case and be a discussion leader for at least one class period. students will be provided with basic history and signalment of cases and with laboratory data including CBC, clinical chemistry, urinalysis and occasionally additional data. Focuses on the dog and cat, however horse and food animal cases will be presented.

PATH 639 Veterinary Forensic Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/639/>)  
This course is aimed at veterinary students. This is a small group lecture and discussion based class where we will discuss forensic veterinary medicine. Topics to be discussed include blunt force trauma, projectile injuries, record keeping and forensic entomology. Students will meet twice a week for an 8 week block. 1 professional hour. Approved for S/U grading only.

PATH 642 Geographic Methods for Health credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/642/>)  
An introduction to geographic information system software and applications through lectures and exercises. Uses application-based learning to address topics related to spatial analysis and mapping for animal and public health. Exercises include making maps of disease occurrence and disease rates, using census data for population estimates, and creating maps that combine environmental factors with patterns of illness. 1 graduate hour. 1 professional hour. Approved for letter and S/U grading. Credit is not given for both PATH 642 and PATH 439.

PATH 644 Bioscientific Writing credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/644/>)  
Instruction in communicating research results to a scientific audience. Assignments focus on writing an abstract, constructing a poster presentation, and completing a short manuscript. Intended for veterinary students who have some previous experience in a research setting and access to experimental data that can be used as a basis of writing exercises. Prerequisite: Enrollment in the veterinary curriculum and consent of instructor.

PATH 645 Outbreak Investigation credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PATH/645/>)  
Published cases of foodborne outbreaks and other outbreaks serve as the basic learning materials for the course. Details about particular diseases/illnesses, how outbreak investigation are conducted, how risk factors are identified in an outbreak, how these factors contribute to incidence of disease, and resolutions of outbreaks are examined. The course expands upon content in the core veterinary curriculum and allows student to hone and apply their epidemiology skills. This course is valuable for veterinary public practice and anyone interested in public health, food safety, and epidemiology. 1 graduate hour. 1 professional hour. May be repeated in separate terms up to 2 hours if topics vary. Prerequisite: DVM students: VM 608 or permission of instructor. Graduate students: None. Restricted to DVM or graduate students.

PATH 669 Veterinary Diagnostic Medicine credit: 1.5 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/669/>)  
For VM-4 professional students, a veterinary diagnostic medicine clerkship in the Veterinary Diagnostic Laboratory. 1.5 to 3 professional hours. Approved for S/U grading only. May be repeated in the same or separate terms to a maximum of 4.5 hours. Prerequisite: Fourth year standing or its equivalent in veterinary curriculum.

PATH 692 Special Problems credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/692/>)  
Individual research on a special problem chosen in consultation with the instructor and department head. Approved for both letter and S/U grading. May be repeated to a maximum of 6 hours if topics vary. 1 to 3 graduate hours. 1 to 3 professional hours. Prerequisite: Registration in veterinary curriculum with grade-point average of 3.0 or above, or consent of instructor.

PATH 694 Veterinary Pathobiology credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/PATH/694/>)  
To be used to designate a trial or experimental course for five or more students, designed to be an elective in the CVM professional curriculum. The course can be taught under this designation for two years or two offerings, whichever time is greater. Approved for letter and S/U grading. May be repeated to a maximum of 6 hours if topics vary. Prerequisite: Registration in the veterinary curriculum or consent of instructor.

# PERSIAN (PERS)

---

PERS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PERS/>)

## Courses

PERS 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/PERS/199/>)

May be repeated.

PERS 201 Elementary Persian I credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/PERS/201/>)

Introduction to Persian, including conversation with a native speaker under the direction of a linguist-instructor, and a minimum of formal grammar and writing.

PERS 202 Elementary Persian II credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/PERS/202/>)

Continuation of PERS 201, with introduction of more advanced grammar and with emphasis on more fluency in speaking and reading. Prerequisite: PERS 201 or equivalent.

PERS 403 Intermediate Persian I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PERS/403/>)

General review of the essentials of grammar, selected reading of materials emphasizing Iranian life and culture, compositions, and practice in speech. 4 undergraduate hours. 4 graduate hours. Prerequisite: PERS 202.

PERS 404 Intermediate Persian II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PERS/404/>)

General review of the essentials of grammar, selected reading of materials emphasizing Iranian life and culture, compositions, and practice in speech. 4 undergraduate hours. 4 graduate hours. Prerequisite: PERS 403.

PERS 453 Advanced Persian I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PERS/453/>)

Students will develop the ability to read and understand paragraph level text, expand on their oral skills, continue to refine Persian writing skills and expand knowledge on Persian-speaking cultures. 3 undergraduate hours. 4 graduate hours. Prerequisite: PERS 403 and PERS 404; or consent of Persian Studies Program Director (determined after placement test taken by student).

PERS 454 Advanced Persian II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PERS/454/>)

Continuation of PERS 453. Students will become independent users of the language by studying more complex structures and contexts such as stories, news reports and movies. Students will also learn details of Persian grammar and apply them in written tasks. 3 undergraduate hours. 4 graduate hours. Prerequisite: PERS 453; or consent of Persian Studies Program Director (determined after placement test taken by student).

# PHILOSOPHY (PHIL)

PHIL Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PHIL/>)

## Courses

PHIL 100 Intro to Philosophy-ACP credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/100/>)  
Consideration of some main problems of philosophy concerning, for example, knowledge, God, mind and body, and human freedom. Course is identical to PHIL 101 except for the additional writing component. Credit is not given for both PHIL 100 and PHIL 101. Prerequisite: Completion of campus Composition I general education requirement.

This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil

PHIL 101 Introduction to Philosophy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/101/>)  
Consideration of some main problems of philosophy concerning, for example, knowledge, God, mind and body, and human freedom. Credit is not given for both PHIL 101 and PHIL 100.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

PHIL 102 Logic and Reasoning credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/102/>)  
Practical study of logical reasoning; techniques for analyzing and criticizing arguments, with emphasis on assessing the logical coherence of what we read and write.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

PHIL 103 Logic and Reasoning QR II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/103/>)  
Practical study of logical reasoning; techniques for analyzing and criticizing arguments, with emphasis on assessing the logical coherence of what we read and write. Credit is not given for both PHIL 103 and PHIL 102.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Quantitative Reasoning II

PHIL 104 Intro to Ethics-ACP credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/104/>)  
Some basic questions of ethics, discussed in the light of influential ethical theories and with reference to specific moral problems, such as: What makes an action morally right? Are moral standards absolute or relative? What is relation between personal morality and social morality, and between social morality and law? Course is identical to PHIL 105 except for the additional writing component. Credit is not given for both PHIL 104 and either PHIL 105 or PHIL 106. Prerequisite: Completion of campus Composition I general education requirement.

This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil

PHIL 105 Introduction to Ethics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/105/>)

Some basic questions of ethics, discussed in the light of influential ethical theories and with reference to specific moral problems, such as: what makes an action morally right? are moral standards absolute or relative? what is the relation between personal morality and social morality, and between social morality and law? Credit is not given for both PHIL 105 and either PHIL 104 or PHIL 106.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

PHIL 106 Ethics and Social Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/106/>)

Examination of the moral aspects of social problems, and a survey of ethical principles formulated to validate social policy. Credit is not given for both PHIL 106 and either PHIL 104 or PHIL 105.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

PHIL 107 Intro to Political Philosophy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/107/>)

Introduction to core ideas in political and legal philosophy, for example, rights, equality, political obligations, legitimacy of states, nationalism, and oppression.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

PHIL 108 Religion & Society in West I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/108/>)

Same as ANTH 108, JS 108, and REL 108. See REL 108.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

PHIL 109 Religion & Society in West II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/109/>)

Same as ANTH 109 and REL 109. See REL 109.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

PHIL 110 World Religions credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/110/>)

Same as REL 110. See REL 110.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

PHIL 198 Freshman Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/198/>)

Investigation of selected fundamental topics of philosophical inquiry. See Schedule for current topics. Prerequisite: Freshman James Scholar.

PHIL 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/199/>)

Approved for letter and S/U grading. May be repeated.

PHIL 201 Philosophy in Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/201/>)

Consideration of the philosophical themes implicit in a variety of important literary works, both classical and modern; may include such authors as Sophocles, Shakespeare, Goethe, Dostoevsky, and Sartre.

- PHIL 202 Symbolic Logic credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/202/>)  
Introduction to the techniques of formal logic, dealing primarily with truth-functional logic and quantification theory.  
This course satisfies the General Education Criteria for:  
Quantitative Reasoning I
- PHIL 203 Ancient Philosophy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/203/>)  
Introduction to ancient philosophy, concentrating on Plato and Aristotle, dealing with such topics as metaphysics, ethics, and the theory of knowledge. Same as CLCV 203.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil
- PHIL 206 Early Modern Philosophy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/206/>)  
The history of philosophy from Descartes to Kant, concentrating on such topics as metaphysics, ethics, and the theory of knowledge.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil
- PHIL 210 Ethics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/210/>)  
Problems in ethical theory; the nature of right and wrong, justice, conscience, moral feelings, etc.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil
- PHIL 214 Biomedical Ethics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/214/>)  
Philosophical study of selected moral and social problems concerning medicine and biology, such as euthanasia, abortion, allocation of scarce medical resources, health care and rights, and genetic engineering.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil
- PHIL 222 Philosophical Foundations of Computer Science credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/222/>)  
Introduction to certain ideas and issues at the intersection of computer science and philosophy. Students will focus on foundational questions related to the birth of computer science as a discipline, philosophical issues regarding knowledge and reality that researchers face in the frontiers of contemporary computer science, and current ethical issues related to the uses of machines and computers in society.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil
- PHIL 223 Minds & Machines credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/223/>)  
Introduction to certain ideas and issues at the intersection of computer science and philosophy. Students will focus on the nature of human minds and brains in light of what we know about machine "minds" and "hardware" (and vice versa), as well as on philosophical considerations of the societal effects and implications of the rise of intelligent machines.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil
- PHIL 230 Philosophy of Religion Intro credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/230/>)  
Introduction to philosophical analysis of religious thought and experience. Same as REL 230.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil
- PHIL 231 Religion and Philosophy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/231/>)  
Same as REL 231. See REL 231.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil
- PHIL 250 Conceptions of Human Nature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/250/>)  
Comparative examination of important historical and contemporary conceptions of human nature.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil
- PHIL 270 Philosophy of Science credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/270/>)  
Investigation of the nature of scientific knowledge by examining archetypal examples from physical science (e.g., Ptolemaic and Copernican astronomy); nature of scientific truth, validation of theories, nature of scientific theories, evolution of theories, experimental procedure, role of presuppositions, scientific revolutions, etc.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil
- PHIL 307 Elmnts Semantics & Pragmatics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/307/>)  
Same as LING 307. See LING 307.
- PHIL 316 Ethics and Engineering credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/316/>)  
Same as ECE 316. See ECE 316.  
This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil
- PHIL 351 Thinking and Reasoning credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/351/>)  
Same as PSYC 351. See PSYC 351.
- PHIL 380 Current Controversies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/380/>)  
Philosophical examination of positions taken on some issue of current concern, for example, human sexuality, death and dying, feminism, race, intelligence, war, sociobiology, and environmental ethics. See Class Schedule for current topics. May be repeated with approval.
- PHIL 390 Individual Study credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/390/>)  
Readings in selected philosophical topics. Course may be taken by honors students in partial fulfillment of department honors requirements. May be repeated to a maximum of 6 hours in separate terms. Prerequisite: Open to juniors and seniors with a grade-point average of 3.0 only by prior arrangement with a member of the faculty and with consent of the department director of undergraduate studies or the chair.
- PHIL 404 Medieval Philosophy credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/404/>)  
History of philosophy from St. Augustine to William of Ockham. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: PHIL 101 or PHIL 203.
- PHIL 407 Logic and Linguistic Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/407/>)  
Same as LING 407. See LING 407.

PHIL 410 Classical Ancient Philosophers credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/410/>)

Intensive study of one ancient philosopher or the intensive study of a major philosophical problem through the consideration of a number of ancient philosophers; chief emphasis on Plato and/or Aristotle. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated with approval, if topics vary. Prerequisite: One course in philosophy, preferably PHIL 203.

PHIL 411 Nineteenth Century Philosophy credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/411/>)

Examination of the thought of such major figures as Hegel, Marx, and Nietzsche. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 412 Classical Modern Philosophers credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/412/>)

Intensive study of one classical modern philosopher or the intensive study of major philosophical problem through the consideration of a number of classical modern philosophers, e.g., Descartes, Leibniz, Locke, Hume, Kant, and Hegel. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated with approval, if topics vary. Prerequisite: One course in philosophy, preferably PHIL 206.

PHIL 414 Major Recent Philosophers credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/414/>)

Intensive study of one or two important philosophers of the present century, e.g., Wittgenstein, Dewey, Heidegger, or Quine. Topics vary; see Class Schedule. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated with approval, if topics vary. Prerequisite: One course in philosophy.

PHIL 419 Space, Time, and Matter-ACP credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/419/>)

Same as PHYS 419. See PHYS 419.

This course satisfies the General Education Criteria for: Advanced Composition

PHIL 420 Space, Time, and Matter credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/420/>)

Same as PHYS 420. See PHYS 420.

PHIL 421 Ethical Theories credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/421/>)

Systematic study of selected classics in moral philosophy by such philosophers as Aristotle, Hume, Mill, Kant, and Nietzsche. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 422 Recent Developments in Ethics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/422/>)

Intensive treatment of issues in contemporary ethical theory. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated one time with approval. Prerequisite: One course in ethics.

PHIL 424 Philosophy of Religion credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/424/>)

Considers central issues in the philosophy of religion, e.g., the justification of religious belief, the nature of God, religious experience, etc. Same as REL 424. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 425 Philosophy of Mind credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/425/>)

Philosophical problems arising in connection with mental phenomena; the relation of mind and body; free will and determinism; our knowledge of other minds; and the self and personal identity. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 426 Metaphysics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/426/>)

Investigation of various metaphysical issues concerning, for example, existence, particulars and universals, causation, laws of nature, time, personal identity, material objects, and modality. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 429 Value Theory credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/429/>)

Study of the nature and status of values, and of variable topics in value theory, e.g., different types of values, and problems of truth, justifiability, objectivity and relativism with respect to them. 3 undergraduate hours. 3 or 4 graduate hours. May be repeated as topics vary to a maximum of 6 undergraduate hours, or 8 graduate hours. Prerequisite: Junior standing.

PHIL 430 Theory of Knowledge credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/430/>)

Investigation of issues concerning, for example, the nature and possibility of knowledge; its forms and limits; its relation to belief, truth, and justification; and the nature of truth. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 433 Evolutionary Neuroscience credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/433/>)

Same as IB 436, NEUR 433 and PSYC 433. See PSYC 433.

PHIL 435 Social Philosophy credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/435/>)

Selected topics from the nature of social organization, nature and convention, utility, justice, equality, liberty, rights, and duties. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 436 Phil of Law and of the State credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/436/>)

Examination of issues in the philosophy of law, such as the nature of law, law and morality, justice, liberty and authority, punishment, and legal responsibility. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 438 Philosophy of Language credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/438/>)

Historical or comparative study of the philosophy of language. Same as LING 438. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 439 Philosophy of Mathematics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/439/>)

Introduction to some of the main philosophical problems and contemporary viewpoints concerning mathematical concepts, mathematical methods, and the nature of mathematical truth. Same as MATH 439. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 441 Existential Philosophy credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/441/>)

Study of a selection of the major writings of the more important existential philosophers, e.g., Kierkegaard, Nietzsche, Heidegger, Sartre, and de Beauvoir. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 443 Phenomenology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/443/>)  
Study of the development of phenomenology from Husserl to the present. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 453 Formal Logic and Philosophy credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/453/>)  
Techniques and results of symbolic logic, with special attention to topics of philosophical importance. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: PHIL 202 or consent of instructor.  
This course satisfies the General Education Criteria for: Quantitative Reasoning II

PHIL 454 Advanced Symbolic Logic credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/454/>)  
Completeness, compactness, and Lowenheim-Skolem theorems for first-order logic; incompleteness and undecidability of formal systems; and additional material on proof theory, model theory, or axiomatic set theory as time permits. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: PHIL 202 or consent of instructor.  
This course satisfies the General Education Criteria for: Quantitative Reasoning II

PHIL 458 Advances in Brain and Cognitive Science credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/458/>)  
Same as BCOG 458. See BCOG 458.

PHIL 471 Contemporary Phil of Science credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/471/>)  
Examines important developments and controversies in recent philosophy of science. 3 undergraduate hours. 4 graduate hours. Prerequisite: One course in philosophy.

PHIL 472 Kierkegaard and the Self credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/472/>)  
Same as CWL 472, REL 472, and SCAN 472. See SCAN 472.

PHIL 477 Philosophy of Psychology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/477/>)  
Psychology, broadly construed, is a cluster of disciplines devoted to the study of mind and behavior, including cognitive and developmental psychology, neuroscience, and artificial intelligence. Investigates the relationships that these disciplines bear to one another and of their overall potential to resolve age-old philosophical questions about the mind. Same as PSYC 477. 3 undergraduate hours. 4 graduate hours. Prerequisite: Two courses in philosophy or two courses in psychology or consent of instructor.

PHIL 492 Thesis credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/492/>)  
Special training in philosophical investigation. Course may be taken by students pursuing graduation with distinction in partial fulfillment of those requirements. 2 to 4 undergraduate hours. No graduate credit. May be repeated to a maximum of 4 undergraduate hours. Prerequisite: Open to seniors with a grade-point average of 3.5 in all philosophy courses only by prior arrangement with a member of the faculty and with consent of the department director of undergraduate studies or the chair.

PHIL 499 Capstone Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/499/>)  
Capstone course required for all philosophy majors. Students will explore in depth a specific topic either in the history of philosophy or in contemporary practical or theoretical philosophy and will write a substantial original essay appropriate for a senior thesis. Topics will differ by section and semester. 3 undergraduate hours. No graduate credit. Prerequisite: PHIL 202, PHIL 203, PHIL 206. For Philosophy Majors with Senior Standing Only.

PHIL 501 Seminar on the History of Philosophy credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/501/>)  
Study of selected major philosophers, movements, problems, or topics in the history of philosophy. 2 or 4 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated. Letter grading applies when offered for 4 hours of credit. For Stage 3 Philosophy PhD students this course is approved for S/U grading when offered for 2 hours of credit. Prerequisite: Consent of instructor for non-philosophy graduate students.

PHIL 507 Formal Semantics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/507/>)  
Same as LING 507. See LING 507.

PHIL 511 Seminar Ethical Theory credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/511/>)  
Intensive study of problems in ethical theory. Approved for letter and S/U grading. May be repeated. Letter grading applies when offered for 4 hours of credit. For Stage 3 Philosophy PhD students this course is approved for S/U grading when offered for 2 hours of credit. Prerequisite: Consent of instructor for non-philosophy graduate students.

PHIL 512 Seminar Social Philosophy credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/512/>)  
Seminar designed to study special problems in social philosophy. See Schedule for current topics. Approved for letter and S/U grading. May be repeated. Letter grading applies when offered for 4 hours of credit. For Stage 3 Philosophy PhD students this course is approved for S/U grading when offered for 2 hours of credit. Prerequisite: Consent of instructor for non-philosophy graduate students.

PHIL 513 Seminar Philosophy of Logic credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/513/>)  
Selected topics in contemporary logical theory. Approved for letter and S/U grading. May be repeated. Letter grading applies when offered for 4 hours of credit. For Stage 3 Philosophy PhD students this course is approved for S/U grading when offered for 2 hours of credit. Prerequisite: Consent of instructor for non-philosophy graduate students.

PHIL 514 Seminar in Cognitive Science credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/514/>)  
Same as PSYC 514, ANTH 514, CS 549, EPSY 551, and LING 570. See PSYC 514.

PHIL 517 Seminar Philosophy of Science credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/517/>)  
Various problems arising from specific studies in philosophy pertaining to science and vice versa. To be offered with varying topics. Course Information :Approved for letter and S/U grading. May be repeated. Letter grading applies when offered for 4 hours of credit. For Stage 3 Philosophy PhD students this course is approved for S/U grading when offered for 2 hours of credit. Prerequisite: Consent of instructor for non-philosophy graduate students.

PHIL 521 Seminar Contemporary Problems credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/521/>)  
Intensive study of selected problems or topics in contemporary philosophy. Approved for letter and S/U grading. May be repeated. Letter grading applies when offered for 4 hours of credit. For Stage 3 Philosophy PhD students this course is approved for S/U grading when offered for 2 hours of credit. Prerequisite: Consent of instructor for non-philosophy graduate students.

PHIL 523 Seminar Theory of Knowledge credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/523/>)  
Selected topics and writings of major importance in the contemporary philosophy of knowledge. Approved for letter and S/U grading. May be repeated. Letter grading applies when offered for 4 hours of credit. For Stage 3 Philosophy PhD students this course is approved for S/U grading when offered for 2 hours of credit. Prerequisite: Consent of instructor for non-philosophy graduate students.

PHIL 525 Seminar Philosophy of Mind credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/525/>)  
Selected topics from major writings in the philosophy of mind. Approved for letter and S/U grading. May be repeated in the same or separate terms. Approved for letter grading when offered for 4 hours; approved for S/U grading when offered for 2 hours - only available for Stage 3 Philosophy PhD students. Prerequisite: Consent of instructor for non-philosophy graduate students.

PHIL 530 Dissertation Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/530/>)  
Ongoing dissertation seminar required for all students who have passed the prelim requirement. Approved for S/U grading only. May be repeated in separate terms to a maximum of 24 hours. Prerequisite: Restricted to students satisfying requirements for the Ph.D. degree.

PHIL 547 Formal Semantics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/547/>)  
Same as LING 547. See LING 547.

PHIL 551 Pragmatics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/551/>)  
Same as LING 551. See LING 551.

PHIL 583 Individual Topics credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/583/>)  
Individual study and oral and written reports on topics not covered in other courses. Topics and plan of study must be approved by the candidate's adviser and by the staff member who directs the work. May be repeated. (Summer session, 2 to 8 hours).

PHIL 590 Directed Research credit: 0 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/590/>)  
Restricted to students satisfying requirements for the master's degree by writing a substantial essay. Approved for letter and S/U grading. May be repeated. Normally taken for 8 hours credit but may be taken for 12 hours credit with consent of department chair.

PHIL 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/PHIL/599/>)  
Approved for S/U grading only. May be repeated.

# PHYSICS (PHYS)

PHYS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PHYS/>)

## Courses

PHYS 100 Thinking About Physics credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/100/>)

Conceptual and problem solving skills in preparation for PHYS 211: –analysis and mathematical descriptions of physical situations – understanding the meaning of the solutions Prerequisite: Credit or concurrent registration in MATH 220 or MATH 221.

PHYS 101 College Physics: Mech & Heat credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/101/>)

Newton's Laws, work and energy, rotational motion, fluids, thermodynamics, and waves. A noncalculus-based approach for majors in the life sciences, preprofessional health programs, agriculture, and veterinary medicine. Credit is not given for both PHYS 101 and either PHYS 211 or PHYS 213. Prerequisite: Trigonometry.

This course satisfies the General Education Criteria for: Nat Sci Tech - Phys Sciences Quantitative Reasoning II

PHYS 102 College Physics: E&M & Modern credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/102/>)

Electric forces and fields, electric potential, electric circuits, magnetic forces and fields, geometrical optics, relativity, and modern physics. A noncalculus-based approach for majors in the life sciences, preprofessional health programs, agriculture, and veterinary medicine. Credit is not given for both PHYS 102 and either PHYS 212 or PHYS 214. Prerequisite: PHYS 101.

This course satisfies the General Education Criteria for: Nat Sci Tech - Phys Sciences Quantitative Reasoning II

PHYS 110 Physics Careers credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/110/>)

Exploration of careers founded on physics undergraduate training. Introduction to the Physics Department, faculty, research and curricula. Outside speaker presentations. Approved for S/U grading only.

PHYS 123 Physics Made Easy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/123/>)

Inquiry-based, nonmathematical, hands-on study of physics for elementary school teachers. Coverage of most of the National Science Education K-4 Content Standards. Additional fees may apply. See Class Schedule.

This course satisfies the General Education Criteria for: Nat Sci Tech - Phys Sciences

PHYS 140 How Things Work credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/140/>)

Nonmathematical approach underscoring the generality and ubiquity of basic physical laws in understanding commonplace phenomena: musical instruments, photography, electric and electronic circuits, television, motors, engines, etc. Credit is not given to engineering majors.

This course satisfies the General Education Criteria for: Nat Sci Tech - Phys Sciences Quantitative Reasoning II

PHYS 150 Physics of Societal Issues credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/150/>)

Physics topics and applications relevant in the modern world: energy, quantum mechanics, electricity and magnetism, nuclear physics, waves, light, and outer space. Application to satellites, alternative energy, medical imaging, radiation, nuclear weapons, climate change, and electronics. Emphasis on analytical thinking and the applicability to modern societal issues.

This course satisfies the General Education Criteria for: Nat Sci Tech - Phys Sciences Quantitative Reasoning II

PHYS 192 Science and Pseudoscience credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PHYS/192/>)

Extra-sensory perception, alien abduction, and psychic crime-solving from the standpoint of scientific inquiry and exploration; the scientific method, how science progresses, and the types of argumentative fallacies that pervade the pseudoscientific community; examples of good science and how the scientific method is self-correcting.

PHYS 193 Physics of Music credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/193/>)

Physics of music and musical instruments; acoustical physics, propagation of sound waves, the biological physics of human hearing, and the acoustical physics associated with all types of musical instruments.

PHYS 194 Behavior of Complex Systems credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PHYS/194/>)

Exploration of systems with simple rules that nevertheless exhibit complex behavior. Lecture demonstrations on fractal growth, chaos, catastrophes, self-assembly, lightning, turbulence, explosions, and human rhythms. Simple computer models which exhibit regular, irregular, symmetric, and self-similar patterns and dynamics. Dynamics of isolated and coupled complex systems and mathematical tools for quantifying complex behavior.

PHYS 199 Undergraduate Open Seminar credit: 0 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/199/>)

Approved for letter and S/U grading. May be repeated.

PHYS 211 University Physics: Mechanics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/211/>)

Newton's Laws, work and energy, static properties and fluids, oscillations, transverse waves, systems of particles, and rotations. A calculus-based approach for majors in engineering, mathematics, physics and chemistry. Credit is not given for both PHYS 211 and PHYS 101. Prerequisite: Credit or concurrent registration in MATH 231.

This course satisfies the General Education Criteria for: Nat Sci Tech - Phys Sciences Quantitative Reasoning II

PHYS 212 University Physics: Elec & Mag credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/212/>)

Coulomb's Law, electric fields, Gauss' Law, electric potential, capacitance, circuits, magnetic forces and fields, Ampere's law, induction, electromagnetic waves, polarization, and geometrical optics. A calculus-based approach for majors in engineering, mathematics, physics, and chemistry. Credit is not given for both PHYS 212 and PHYS 102.

Prerequisite: PHYS 211; credit or concurrent registration in MATH 241.

This course satisfies the General Education Criteria for: Nat Sci Tech - Phys Sciences Quantitative Reasoning II

PHYS 213 Univ Physics: Thermal Physics credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/213/>)  
First and second laws of thermodynamics including kinetic theory of gases, heat capacity, heat engines, introduction to entropy and statistical mechanics, and introduction to application of free energy and Boltzmann factor. A calculus-based approach for majors in engineering, mathematics, physics and chemistry. Credit is not given for both PHYS 213 and PHYS 101. Prerequisite: PHYS 211; credit or concurrent registration in MATH 241.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Phys Sciences  
Quantitative Reasoning II

PHYS 214 Univ Physics: Quantum Physics credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/214/>)  
Interference and diffraction, photons and matter waves, the Bohr atom, uncertainty principle, and wave mechanics. A calculus-based course for majors in engineering, mathematics, physics, and chemistry. Credit is not given for both PHYS 214 and PHYS 102. Prerequisite: PHYS 212.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Phys Sciences  
Quantitative Reasoning II

PHYS 221 Enrichment Mechanics credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PHYS/221/>)  
Supplement to PHYS 211 with a collaborative group learning approach to improving conceptual understanding and problem solving in introductory calculus-based mechanics. Prerequisite: PHYS 100; concurrent registration in PHYS 211.

PHYS 222 Enrichment E & M credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PHYS/222/>)  
Supplement to PHYS 212 with a collaborative group learning approach to improving conceptual understanding and problem solving in introductory calculus-based electricity & magnetism. Prerequisite: PHYS 100; concurrent registration in PHYS 212.

PHYS 225 Relativity & Math Applications credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/225/>)  
Theory of Special Relativity, with applications to kinematics and dynamics. Key mathematical methods as they apply to aspects of electromagnetic theory and classical mechanics, including vector analysis, series expansions, matrices, Fourier analysis, partial differentiation, three-dimensional calculus, and simple differential equations. Prerequisite: Credit or concurrent registration in PHYS 212.

PHYS 246 Physics on the Silicon Prairie: An Introduction to Modern Computational Physics credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/246/>)  
You will become a fearless code warrior, exploring the behaviors of systems that are too complicated for analytic characterization. You will calculate the trajectory of a relativistic starship and confirm an insight of Ramanujan, the "Man Who Knew Infinity." You will generate diagrams of spacetime curvature near black holes and confirm that General Relativity causes the non-Newtonian behavior of Mercury's orbit. You will calculate  $\Pi$  using simulated grains of sand. There will be chaos, Monte Carlo simulations, and adaptive numerical integrations. Approved for Letter and S/U grading. Prerequisite: Physics 211. Corequisites: MATH 231, Physics 212, and Physics 225. No prior programming experience is required. We welcome concurrent enrollment of high school students who meet the specified prerequisites.

PHYS 280 Nuclear Weapons & Arms Control credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/280/>)  
Nontechnical analysis of the physics of nuclear weapons, nuclear weapon effects, delivery systems, and defenses against nuclear attack; presentation of current issues; basis for making informed judgments about nuclear armaments and arms control. Same as GLBL 280. This course satisfies the General Education Criteria for:  
Advanced Composition

PHYS 298 Freshmen/Sophomore Special Topics in Physics credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/298/>)  
Topical offerings of technical interest, skills, and knowledge in physics, and its practice, intended to augment the existing curriculum at the introductory level. Approved for Letter and S/U grading. May be repeated in separate terms up to 12 credit hours if topics vary. Prerequisite: See Class Schedule or departmental course information for topics and prerequisites. For students with freshman or sophomore standing.

PHYS 325 Classical Mechanics I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/325/>)  
Kinematics and dynamics of classical systems, including a review of Newtonian kinematics and dynamics. Three dimensional motion, variable mass, and conservation laws; damped and periodically driven oscillations; gravitational potential of extended objects and motion in rotating frames of reference; Lagrangian and Hamiltonian mechanics. Prerequisite: PHYS 225; credit or concurrent registration in MATH 285 or MATH 286.

PHYS 326 Classical Mechanics II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/326/>)  
Continuation of PHYS 325. Central force motion, collisions and scattering, rotational motion, coupled oscillations, continuous media, and fluid dynamics. Prerequisite: PHYS 325.

PHYS 329 Atmospheric Dynamics I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/329/>)  
Same as ATMS 302. See ATMS 302.

PHYS 330 Atmospheric Dynamics II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/330/>)  
Same as ATMS 312. See ATMS 312.

PHYS 398 Sophomore/Junior Special Topics in Physics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/398/>)  
Topical offerings of technical interest, skills, and knowledge in physics, and its practice, intended to augment the existing curriculum at the intermediate level. Approved for Letter and S/U grading. May be repeated in separate terms up to 12 hours if topics vary. Prerequisite: See Class Schedule or departmental course information for topics and prerequisites. For students with sophomore or junior standing.

PHYS 401 Classical Physics Lab credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/401/>)  
Experiments and techniques in classical mechanics and electromagnetism. Dynamics of electrical and mechanical oscillators in the linear domain. Fourier analysis of system response. Measurements of electrostatic fields, transmission lines, waves, and radiation. Electromagnetic phenomena in dielectrics, conductors, and magnetic materials. Instruction in data analysis and report writing. 3 undergraduate hours. 3 graduate hours. Prerequisite: PHYS 325; credit or concurrent enrollment in PHYS 435 or ECE 329.

PHYS 402 Light credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/402/>)

Wave kinematics; geometrical optics: basic concepts, ray-tracing and matrix formalism, Gaussian imaging by thick lenses, stops, apertures, and intensity relations; interference; interference spectroscopy and coherence; diffraction: Fresnel-Kirchhoff formulation, Fraunhofer case, Fresnel case, and holography; polarized light. 4 undergraduate hours. 3 or 4 graduate hours. (3 hours without lab). Prerequisite: PHYS 214 and PHYS 435 or ECE 329.

PHYS 403 Modern Experimental Physics credit: 4 or 5 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/403/>)

Techniques and experiments in the physics of atoms, atomic nuclei, molecules, the solid state, and other areas of modern physical research. 5 undergraduate hours. 4 graduate hours. Prerequisite: Credit or concurrent registration in PHYS 486.

PHYS 404 Electronic Circuits credit: 4 or 5 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/404/>)

Physics of semiconductor devices; theory and application of discrete and integrated devices in linear circuits; use of operational amplifiers and feedback; regulation, oscillators, and modulation; emphasizes practical experience. 5 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 325.

PHYS 406 Acoustical Physics of Music credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/406/>)

Acoustical physics associated with music and musical instruments, propagation of sound waves in and from musical instruments, and the biological physics of human hearing. Investigation of topics via advanced laboratory and data acquisition techniques. 4 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 213 and PHYS 214.

PHYS 419 Space, Time, and Matter-ACP credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/419/>)

Identical to PHYS 420 except for the additional writing component including a final term paper. Same as PHIL 419. 3 undergraduate hours. 4 graduate hours. Credit is not given for both PHYS 419 and PHYS 420. Prerequisite: PHIL 101; PHYS 101 or PHYS 211.

This course satisfies the General Education Criteria for: Advanced Composition

PHYS 420 Space, Time, and Matter credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/420/>)

Philosophical examination of some fundamental concepts and theories of the physical world, such as time, matter, space, and geometry; interpretation of quantum theory. Same as PHIL 420. 2 undergraduate hours. 2 graduate hours. Credit is not given for both PHYS 420 and PHYS 419. Prerequisite: PHIL 101; PHYS 101 or PHYS 211.

PHYS 427 Thermal & Statistical Physics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/427/>)

Equilibrium thermodynamics, statistical mechanics, and kinetic theory of gases. A unified treatment is used in that the principles of heat and thermodynamics are discussed along with statistical postulates and the microscopic approach of introductory quantum mechanics. 4 undergraduate hours. 4 graduate hours. Credit is not given for both PHYS 427 and any of ME 404, CHEM 444, MSE 500. Prerequisite: PHYS 213, PHYS 214, and PHYS 435 or ECE 329.

PHYS 435 Electromagnetic Fields I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/435/>)

Static electric and magnetic fields, their interactions with electric charge and current, and their transformation properties; the effect of special relativity is incorporated. Macroscopic fields in material media are described. 3 undergraduate hours. 3 graduate hours. Prerequisite: MATH 285; credit for PHYS 325. Concurrent enrollment in MATH 415.

PHYS 436 Electromagnetic Fields II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/436/>)

Time-dependent fields. Electromagnetic induction, Maxwell's equations, electromagnetic wave propagation in various media and structures, and electromagnetic radiation from charge and current distributions. Relativistic covariance of Maxwell's equations. Course Information: 3 undergraduate hours. 3 graduate hours. Prerequisite: PHYS 435.

PHYS 460 Condensed Matter Physics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/460/>)

Bonding and structure of crystals; energy bands in insulators, semiconductors, and metals; electrical conductivity; optical properties; lattice vibrations; elasticity; point defects; dislocations. 4 undergraduate hours. 4 graduate hours. Credit is not given for both PHYS 460 and MSE 304. Prerequisite: PHYS 435; PHYS 485 or PHYS 486.

PHYS 466 Atomic Scale Simulations credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/466/>)

Same as CSE 485 and MSE 485. See MSE 485.

PHYS 470 Subatomic Physics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/470/>)

The nature and properties of nuclei and elementary particles, symmetries, interactions, nuclear models, tools and techniques of experimental subatomic physics, and applications to power generation, astrophysics, chemistry, medicine, and biology. 4 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 485 or PHYS 486.

PHYS 475 Introduction to Biophysics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/475/>)

Major concepts of physics inherent to biological systems. Basics of biology, including protein and DNA structure and their organization into cells with a focus on single molecule biophysics. Major experimental techniques including x-ray diffraction, optical and magnetic traps, and fluorescence microscopy, including new super-resolution techniques. Applications to cytoplasmic and nuclear molecular motors, bacterial motion, nerves, and vision. 3 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 213 and PHYS 214.

PHYS 485 Atomic Phys & Quantum Theory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/485/>)

Basic concepts of quantum theory which underlie modern theories of the properties of materials; elements of atomic and nuclear theory; kinetic theory and statistical mechanics; quantum theory and simple applications; atomic spectra and atomic structure; molecular structure and chemical binding. 3 undergraduate hours. 3 graduate hours. Credit is not given for both PHYS 485 and CHEM 442. Prerequisite: MATH 285 or MATH 286 and PHYS 214.

PHYS 486 Quantum Physics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/486/>)

Atomic phenomena integrated with an introduction to quantum theory; evidence for the atomic nature of matter and the properties of the Schrodinger equation, single particle solutions in one dimension, the hydrogen atom, perturbation theory, external fields, and atomic spectroscopy of outer electrons. 4 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 214 and PHYS 435 or ECE 329.

PHYS 487 Quantum Physics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/487/>)

Continuation of PHYS 486. Identical particles, spectral hyperfine structure, magnetic properties of matter, atomic spectroscopy of inner electrons, high-energy photon effects, molecular binding and spectra, emission and absorption of light, and symmetry principles. 4 undergraduate hours. 4 graduate hours. Prerequisite: PHYS 486.

PHYS 495 Where the Arts Meets Physics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/495/>)

Where Art Meets Physics is a project-based, cross-disciplinary course for students interested in both exposure to the frontiers of physics and experiences in the arts. Students will explore such physics topics while they actively participate in a broad range of artistic practices and expression. Students will explore the stunning creations that have emerged from synergies between the sciences and the arts. Identifying themes based on their exposure and interest, students will form interdisciplinary project teams. With collaboration and guidance from their instructors and across-campus experts, student projects will be taken from inception to completion. This process will include: Project design; independent study; team work; and dedicated assignments. The projects will be presented at a culminating event at the end of the semester. The event will be specific to each offering and may include activities such as physics-based museum exhibits and performance pieces. 3 undergraduate hours. No graduate credit. Prerequisite: Instructor Approval Required.

PHYS 496 Intro to Physics Research credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/496/>)

Examination of current research topics through extensive reading, writing, and oral-presentation activities. 3 undergraduate hours. No graduate credit.

This course satisfies the General Education Criteria for: Advanced Composition

PHYS 497 Individual Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/497/>)

Individual study at an advanced level in a subject not covered by course offerings. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated. Prerequisite: Consent of instructor.

PHYS 498 Special Topics in Physics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/498/>)

Subject offerings of new and developing areas of knowledge in physics intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in the same or separate terms if topics vary.

PHYS 499 Senior Thesis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/499/>)

Faculty-guided writing of a senior thesis involving independent research. Oral presentations of research and outside journal articles, proposal writing and reviewing, poster presentation, preparation of graduate school applications, and discussion of physics frontiers with outside experts. 3 undergraduate hours. No graduate credit. Prerequisite: PHYS 496.

PHYS 504 Statistical Physics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/504/>)

Single-particle distribution functions; classical and quantum mechanical systems, Boltzmann equation, virial theorem, and equations of state for gases; formal theory: ensembles, identical particles, thermodynamics of simple systems, and distribution functions; nonequilibrium problems; conservation laws and hydrodynamic equations, sound waves, and transport coefficients; plasmas, normal Fermi fluid, superfluids, and systems with internal degrees of freedom. Prerequisite: PHYS 427 and PHYS 486.

PHYS 505 Classical Electromagnetism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/505/>)

Review of Maxwell's equations; relativistic formulation of the electromagnetic field and the motion of charged particles; plane and guided waves; retarded potentials; radiation from simple antennas; radiation from accelerated charged particles; scattering and further topics. Prerequisite: PHYS 436.

PHYS 508 Mathematical Physics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/508/>)

Core techniques of mathematical physics widely used in the physical sciences. Calculus of variations and its applications; partial differential equations of mathematical physics (including classification and boundary conditions); separation of variables, series solutions of ordinary differential equations and Sturm-Liouville eigenproblems; Legendre polynomials, spherical harmonics, Bessel functions and their applications; normal mode eigenproblems (including the wave and diffusion equations); inhomogeneous ordinary differential equations (including variation of parameters); inhomogeneous partial differential equations and Green functions; potential theory; integral equations (including Fredholm theory). Prerequisite: MATH 285.

PHYS 509 Mathematical Physics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/509/>)

Continuation of PHYS 508. Further core techniques of mathematical physics widely used in the physical sciences. Complex variables; group theory in classical and quantum systems; tensors in physics; differential forms and their applications in mechanics; electromagnetism. Prerequisite: PHYS 508.

PHYS 510 Nonlinear Dynamics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/510/>)

Broad introduction to nonlinear dynamics of physical systems with varying degrees of complexity; survey of a variety of concepts associated with bifurcation phenomena, mappings, nonlinear oscillations, chaotic behavior, strange attractors, and solitons. Topics of current interest. Prerequisite: PHYS 326.

PHYS 513 Quantum Optics & Information credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/513/>)

Experimental and theoretical fundamentals of quantum information, using nonclassical features of quantum physics (wave-particle duality, superposition, and entanglement) to surpass the information-processing capabilities of classical systems. Underlying fundamental quantum phenomena, including tests of nonlocality, quantum erasers, the quantum Zeno effect, squeezed light, multi-particle interference, state transformations of the Bloch sphere, and decoherence; quantum cryptography and teleportation; quantum information theory; quantum computation algorithms and techniques for error correction; experimental "qubit" systems. Prerequisite: Recommended: PHYS 580.

PHYS 514 Modern Atomic Physics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/514/>)

Rigorous survey of modern atomic, molecular, and optical physics, including a functional approach to theory and an overview of experimental techniques. Atomic structure, including fine and hyperfine structure, multi-electron atoms, and relativistic effects; interaction of single atoms with dynamic and static electromagnetic fields, ultracold collisions between atoms; laser cooling, evaporative cooling, and magnetic trapping; Paul and Penning traps; quantum degenerate gases; atom interferometry. Prerequisite: PHYS 427, PHYS 436, and PHYS 487.

PHYS 515 General Relativity I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/515/>)

Systematic introduction to Einstein's theory, with emphasis on modern coordinate-free methods of computation. Review of special relativity, modern differential geometry, foundations of general relativity, laws of physics in the presence of a gravitational field, linearized theory, and experimental tests of gravitation theories. Same as ASTR 515. Prerequisite: PHYS 436.

PHYS 516 General Relativity II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/516/>)

Continuation of PHYS 515 with emphasis on applications to astrophysics and cosmology. Relativistic stars, gravitational collapse, black holes, gravitational waves, numerical relativity, and cosmology. Same as ASTR 516. Prerequisite: PHYS 515.

PHYS 540 Astrophysics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/540/>)

Fundamental aspect of astrophysics and cosmology and new developments in these fields. Basic physical concepts and principles, the key observational evidence, and illustrative calculations. Relativistic cosmological models, inflation, Big-Bang nucleosynthesis, and the cosmic microwave background; formation and evolution of galaxy clusters, galaxies, and stars; formation, structure, and evolution of white dwarfs, neutron stars, and black holes; rotation- and accretion-powered pulsars, X-ray and  $\gamma$ -ray stars, and gravitational radiation. Same as ASTR 540. Prerequisite: PHYS 435; PHYS 485 or PHYS 486.

PHYS 541 Physics of Compact Objects credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/541/>)

Rigorous survey of the physical properties of black holes, white dwarfs, and neutron stars. Formation of compact objects. Equilibrium configurations, equations of state, stability criteria, and mass limits: the influence of rotation and magnetic fields. Pulsar phenomena. Black hole spacetimes. Hawking radiation. Mass flow in binary systems; spherical and disk accretion; high-temperature radiation processes; pulsar spin-up. Compact x-ray sources and x-ray bursts. Supermassive black holes in star clusters and dense galactic nuclei. Gravitational and neutrino radiation from supernova collapse and binary coalescence. Same as ASTR 541. Prerequisite: PHYS 436.

PHYS 542 Theoretical Stellar Physics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/542/>)

Same as ASTR 504. See ASTR 504.

PHYS 550 Biomolecular Physics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/550/>)

Physical concepts governing the structure and function of biological macromolecules; general properties, spatial structure, energy levels, dynamics and functions, and relation to other complex physical systems such as glasses; recent research in biomolecular physics; physical techniques and concepts from theoretical physics emphasized. Same as BIOP 550 and MCB 550. Prerequisite: CHEM 104; PHYS 485 or PHYS 487.

PHYS 552 Optical Spectroscopy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/552/>)

Theoretical and experimental fundamentals of optical spectroscopy. Light-matter interaction (absorption of UV, visible, IR), emission spectroscopy (fluorescence, Raman and light scattering), theoretical backgrounds of molecular electronic and vibrational transitions, modern experimental techniques, and data analysis of the optical spectroscopy experiments. Laboratory exercises applying spectroscopy to a broad spectrum of disciplines, including biophysical examples. Prerequisite: PHYS 427 and PHYS 487.

PHYS 554 Nonequilibrium Stat Mechanics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/554/>)

Mathematical description of classical and quantum stochastic systems, thoroughly addressing the tools and the mode of thinking of non-equilibrium statistical mechanics. Equilibrium statistical mechanics (review); Einstein and Smoluchowski diffusion equation; generalized moment expansion of correlation functions; noise-induced limit cycles; time series analysis; diffusion-controlled reactions; classical dynamics under the influence of stochastic forces; observables connected with Brownian transport, echoes, and hysteresis; spin-boson model. Examples from biological physics and theoretical condensed matter physics. Prerequisite: PHYS 504.

PHYS 560 Condensed Matter Physics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/560/>)

Crystalline perfection, free-electron gas, screening, plasma oscillations, and dielectric response; Bloch electrons, Brillouin zones, and band structure; semiconductors, intrinsic and extrinsic, with applications; phonons, elasticity, and anharmonicity; ferromagnetism and second-order phase transitions; superconductivity. Prerequisite: PHYS 427 and PHYS 580.

PHYS 561 Condensed Matter Physics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/561/>)

Hartree-Fock theory and electron-electron interactions; electron-phonon interactions; electron dynamics and transport; BCS theory of superconductivity; elastic properties; thermal properties due to anharmonicity; defects in solids. Prerequisite: PHYS 560 and PHYS 581.

PHYS 563 Phase Transitions credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/563/>)

Phenomenology of phase transitions, scaling, critical behavior, and multicriticality; Landau theory of phase transitions; renormalization group methods, including lattice models and epsilon-expansion; numerical methods; critical dynamics; selected additional topics. Prerequisite: PHYS 504.

PHYS 565 Theory of Semicond & Devices credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/565/>)

Same as ECE 535. See ECE 535.

PHYS 569 Emergent States of Matter credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/569/>)

Consequences of broken symmetry in condensed matter, the emergence of novel ground states, and the nature of the excitations that arise. Examination of specific systems such as superconductivity, superfluidity, Bose-Einstein condensates, the quantum Hall states, liquid crystals, biological systems and patterns in Rayleigh-Benard convection. Prerequisite: PHYS 504 and PHYS 580.

PHYS 570 Subatomic Physics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/570/>)

Nuclear systematics, nucleon-nucleon interaction, shell model, and single-particle and collective excitations; hadron spectroscopy, hadronic quantum numbers, quark-parton model, and hadron dynamics; weak interactions. Prerequisite: PHYS 580; concurrent registration in PHYS 581.

PHYS 575 Particle Physics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/575/>)

Basic calculations in elementary particle theory. Quantum electrodynamics, quantum chromodynamics, and the Glashow-Weinberg-Salam theory of weak and electromagnetic interactions as applied to the phenomenology of particle decays and high energy reactions. Prerequisite: PHYS 570. Recommended: credit or concurrent registration in PHYS 582.

PHYS 576 Particle Physics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/576/>)

Continuation of PHYS 575. Current topics in particle theory. Typically three or four different subjects in depth which may change with each offering. Prerequisite: PHYS 575.

PHYS 580 Quantum Mechanics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/580/>)

Second course in quantum mechanics. Operators, state vectors, and the formal structure of quantum theory; operator treatments of simple systems; angular momentum and vector addition coefficients; stationary state perturbation theory; introduction to scattering theory for particles without spin, partial wave analysis, and Born approximation; examples taken from atomic, nuclear, and elementary particle physics. Prerequisite: PHYS 485 or PHYS 487.

PHYS 581 Quantum Mechanics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/581/>)

Spin and identical particles, simple many-particle systems and elements of second-quantization theory; time-dependent processes, radiative transitions, and quantization of the electromagnetic field; scattering of particles with spin; polarization; introduction to the Klein-Gordon and Dirac equations and properties of simple relativistic systems. Prerequisite: PHYS 580.

PHYS 582 General Field Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/582/>)

Standard techniques of field theory as used by experimenters and theorists; relativistic quantum mechanics of a single particle; Lagrangian field theories, perturbation theory, and calculation of lowest-order processes; introduction to Feynman diagrams and higher order processes; examples taken from quantum electrodynamics, solid-state and elementary particle physics, and many-body theory. Prerequisite: PHYS 581.

PHYS 583 Advanced Field Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/583/>)

Quantization and Feynman path integral; gauge theories and renormalization; renormalization group with applications to particle physics and critical phenomena; approximation methods and recent developments. Prerequisite: PHYS 582.

PHYS 596 Graduate Physics Orientation credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/PHYS/596/>)

Introduction to research in the Department of Physics. Advice on choosing a field of research and finding a research advisor. Faculty-presented overviews of the major areas of research available in the Physics Department. General discussions on instructional topics as well as ethics in teaching and sciences.

PHYS 597 Individual Study credit: 1 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/597/>)

Individual study in a subject not covered in course offerings may be arranged for credit by registration under this number. May be repeated. 2 to 16 hours for full term; 1 to 8 hours for half-term. Prerequisite: Consent of instructor.

PHYS 598 Special Topics in Physics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/598/>)

Subject offerings of new and developing areas of knowledge in physics intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. May be repeated in the same or separate terms if topics vary.

PHYS 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/PHYS/599/>)

Approved for S/U grading only. May be repeated.

# PLANT BIOLOGY (P BIO)

---

PBIO Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PBIO/>)

## Courses

PBIO 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/PBIO/599/>)

Individual work under supervision of members of the staff in their respective fields. Approved for S/U grading only. May be repeated.

# PLANT PATHOLOGY (PLPA)

PLPA Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PLPA/>)

## Courses

PLPA 200 Plants, Pathogens, and People credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PLPA/200/>)

Plant diseases and their impact on food supplies and human history are studied in lectures, demonstrations and discussions. Issues of food production and safety, pesticide use and human health, and the environment are considered. Includes the biology of pathogens that cause plant disease. Designed for non-science and science majors.

Prerequisite: RHET 105 or equivalent.

This course satisfies the General Education Criteria for:

Advanced Composition

Nat Sci Tech - Life Sciences

PLPA 204 Introductory Plant Pathology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PLPA/204/>)

Concepts relating to causal agents of representative plant diseases, symptoms and diagnosis, modes of infection and spread, effects of environment on disease development, and methods of control.

This course satisfies the General Education Criteria for:

Nat Sci Tech - Life Sciences

PLPA 395 Undergrad Research or Thesis credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PLPA/395/>)

Independent research, special problems, thesis, development and/or design work under the supervision of an appropriate member of the faculty. May be repeated. Independent Study courses are limited to 12 hours total applying to a degree in ACES. Prerequisite: Cumulative GPA of 2.5 or above at the time the activity is arranged and consent of instructor.

PLPA 403 Advanced Plant Pathology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PLPA/403/>)

This course provides students with advanced knowledge of major plant pathogens, including fungi, oomycetes, bacteria, nematodes and viruses as well as major diseases they cause in plants. Lecture topics include taxonomy, etiology, pathogenesis, molecular biology, epidemiology and management. The underlying mechanisms associated with pathogenicity and the complex nature of plants and their pathogens will be presented.

3 undergraduate hours. 3 graduate hours. Prerequisite: PLPA 204 or consent of instructors, or graduate student status. Junior standing required.

PLPA 405 Plant Disease Diagnosis & Mgmt credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PLPA/405/>)

Field and laboratory techniques in plant disease diagnosis and appraisal; identification of diseases of small grains, turf, corn, soybeans, forage crops, vegetables, fruit, forest and shade trees, and ornamentals, both on field trips and in laboratory exercises. Includes fundamentals of disease management. 3 undergraduate hours. 3 graduate hours. Prerequisite: PLPA 204 or equivalent.

PLPA 407 Diseases of Field Crops credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PLPA/407/>)

Studies the symptoms of major field crop diseases, life histories of causal organisms, and methods of control. Lecture and laboratory. Same as CPSC 407. Additional fees may apply. See Class Schedule. 3 undergraduate hours. 3 graduate hours. Prerequisite: PLPA 204 or PLPA 401.

PLPA 509 Mol Bio of Microbe-Plant Inter credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PLPA/509/>)

Detailed analysis of the microbe-plant interaction at the molecular level. Covers commensal, symbiotic, and pathogenic interactions from viewpoint of both plant and microbe. Emphasizes microbial and plant genes involved in the interactions, their organization, regulation of expression and the nature and function of the encoded gene products. Same as MCB 511. Offered in alternate years. Prerequisite: MCB 421 or PLPA 204 or equivalents.

PLPA 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/PLPA/599/>)

Individual study and basic and/or applied research related to plant disease; required of all students working toward the Master of Science or Doctor of Philosophy in Plant Pathology. 0 to 16 graduate hours. No professional credit. Approved for S/U grading only. May be repeated in separate semesters.

# POLISH (POL)

POL Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/POL/>)

## Courses

POL 101 Elementary Polish I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/POL/101/>)  
Oral and written work on basic pronunciation, grammar, and vocabulary. For students with no prior work in Polish.

POL 102 Elementary Polish II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/POL/102/>)  
Continuation of POL 101 Prerequisite: POL 101.

POL 115 Intro to Polish Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/POL/115/>)  
Introduction to Polish culture and literature from a broad historical perspective. Drawing on novels and plays, film, the visual arts, and works of historical research, the course provides students with the basic concepts, methodologies and theories of literary and cultural interpretation, with an emphasis on modern Polish culture (1800-2010) within a broader European context. Same as REES 115.  
This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

POL 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/POL/199/>)  
May be repeated.

POL 201 Second Yr Polish I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/POL/201/>)  
Grammar review, conversation practice, written exercises, and selected readings. Prerequisite: POL 102 or equivalent.

POL 202 Second Yr Polish II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/POL/202/>)  
Continuation of POL 201. Prerequisite: POL 201.

POL 245 Survey of Polish Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/POL/245/>)  
Critical survey, in translation, of Polish literature from the Middle Ages to the end of the nineteenth century; special attention given to the works in their cultural context. Same as CWL 245.

POL 301 Third-Year Polish I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/POL/301/>)  
Reading and discussion of representative prose and poetry works of Polish authors since 1863. All readings are in the original language; the course emphasis is in the development of language skills. Prerequisite: POL 202 or consent of instructor.

POL 302 Third-Year Polish II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/POL/302/>)  
Reading and discussion of representative prose and poetry works of Polish authors to 1863. All readings are in the original language; the course emphasis is in the development of language skills. Prerequisite: POL 301 or consent of instructor.

POL 401 Fourth-Year Polish I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/POL/401/>)  
Analysis of the sound system and grammar of the contemporary Polish language. 3 undergraduate hours. 3 graduate hours. Prerequisite: Knowledge of another Slavic language or consent of instructor.

POL 402 Fourth-Year Polish II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/POL/402/>)  
Reading and analysis of selected texts. 3 undergraduate hours. 3 graduate hours. Prerequisite: POL 401 or consent of instructor.

POL 446 Problems of Polish Literature credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/POL/446/>)  
Critical study, in translation, of modern Polish fiction, drama, poetry, and essay, from Young Poland to the "New Wave"; their contribution to literary styles and genres in Poland and abroad; special emphasis on Wyspianski, Witkiewicz, and Gombrowicz. Same as CWL 436. 3 undergraduate hours. 4 graduate hours.

# POLITICAL SCIENCE (PS)

PS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PS/>)

## Courses

PS 100 Intro to Political Science credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/100/>)

Surveys the major concepts and approaches employed in the study of politics. Credit is not given for both PS 100 and PS 200.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

PS 101 Intro to US Gov & Pol credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/101/>)

Examines the organization and development of national, state, and local governments in the U.S.; the federal system; the U.S. Constitutions; civil and political rights; the party system; and the nature, structure, powers, and procedures of national political institutions. This course may require limited participating as a subject in research.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

PS 125 Washington Experience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/125/>)

An examination of political Washington and policymaking. Through visits to think tanks, nonprofit organizations and agencies we will examine the policymaking world in Washington and get to know different participants in this process, what they do, and how they interact and work to affect policy and express their ideas. This course is a required component of the Illinois in Washington Program. Prerequisite: Acceptance to and enrollment in the Illinois in Washington Program.

PS 152 The New Middle East credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/152/>)

Discussion of contemporary sociopolitical change and current events in the Middle East. We will explore the background to these events, the factors that are driving them, and the short-term and long-term implications for the region and the world. Course reflects diverse fields of study, including cultural studies, economics, education, history, law, linguistics, literature, media, religion, political science, and sociology. Same as SAME 152.

This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West

Social Beh Sci - Soc Sci

PS 170 Power, Politics, and Protest credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/170/>)

Study of how political institutions and laws can be both the vehicle and target of social and political transformation. Situates ideas about freedom of speech, civil disobedience, and political protest in historical context, showing how the contemporary political landscape has come to be what it is. An entry level course, it provides students with the fundamentals of civic literacy and ideas and analytic tools needed to understand and engage political life.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

PS 180 IntroPolitics of Globalization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/180/>)

Introduction to the politics of globalization; identification of the principal actors, properties, and patterns of the politics of globalization that distinguish global politics from other forms of politics between and within groups, communities, states, and international organizations.

PS 191 Topics in Civic Leadership credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/PS/191/>)

Examines public and political life from the perspective of public and political leaders. Topics include professional development, career narratives, and/or development or selection of opportunities for civic or public service. May be repeated in separate terms if topics to vary to a maximum of 3 hours.

PS 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/PS/199/>)

May be repeated.

PS 201 US Racial & Ethnic Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/201/>)

Examines efforts by racial and ethnic communities to organize politically and by society to allocate resources based on race or ethnicity. Topical focus includes African Americans, Latinos, Asian Americans, Native Americans, and white ethnics. The primary goal of the course is to develop a more comprehensive understanding of racial and ethnic politics by identifying commonalities and differences among these groups and their relationship to the state. Same as AAS 201, AFRO 201, and LLS 201.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

Cultural Studies - US Minority

PS 202 Religion & Politics in the US credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/202/>)

Examines how religion and politics influence each other in the United States, both historically and in contemporary society.

PS 214 American Indian Law & Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/214/>)

Examines the role of American Indians and Indian law in the US political system. Beginning with the core concept of sovereignty, the course then looks at Indian political mobilizations, tribal political economy, tribal governance, relations between tribes and states and between tribes and the federal government, and laws governing religious freedom and environmental issues. Same as AIS 214.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

Cultural Studies - US Minority

PS 220 Intro to Public Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/220/>)

Surveys the policy process including adoption, implementation, and evaluation. Topics may include reviews of substantive policy issues such as crime, energy, environment, poverty, foreign policy, civil liberties, or economic regulation. Prerequisite: PS 100 or PS 101, or consent of instructor.

PS 224 Politics of the National Parks credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/224/>)

Examines the politics of national parks in the United States, including creation of parks, local support or opposition to parks, and park policy as well as policy questions such as the value of wilderness ecosystem management, endangered species protection, and role of parks in national identity and remembrance of events such as the Civil War, the Indian wars, or the civil rights movement. Same as RST 224. Additional fees may apply. See Class Schedule. May be repeated in separate terms to a maximum of 10 hours.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

PS 225 Environmental Politics & Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/225/>)

Examinations of the political, economic, ecological, and cultural trade-offs between the use and the preservation of the environment, with particular emphasis on the preservation of land and water resources in national parks, forests, and other reserved lands. Same as RST 225.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

PS 230 Intro to Pol Research credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/230/>)

Surveys the principles that guide empirical research in political science; emphasizes definition of research problems, principles and practices of measurement, use of data as evidence, and data analysis. Prerequisite: PS 100 or PS 101, or consent of instructor.

PS 231 Strategic Models credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/231/>)

Introduces strategic models of political behavior and their implications for our understanding of politics. Uses simple models, inspired by game theory, to examine fundamental political questions.

PS 240 Intro to Comp Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/240/>)

Surveys the basic concepts and principles of political analysis from a comparative perspective.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

PS 241 Comp Politics in Dev Nations credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/241/>)

Provides comparative and historical insights into the problems affecting the developing world by examining social, economic and political changes in Africa, Asia, and Latin America.

This course satisfies the General Education Criteria for:

Cultural Studies - Non-West

Social Beh Sci - Soc Sci

PS 242 Introduction to Modern Africa credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/242/>)

Same as AFST 222, ANTH 222, and SOC 222. See AFST 222.

This course satisfies the General Education Criteria for:

Cultural Studies - Non-West

PS 243 Pan Africanism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/243/>)

Same as AFRO 243 and AFST 243. See AFRO 243.

This course satisfies the General Education Criteria for:

Cultural Studies - Non-West

PS 270 Intro to Political Theory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/270/>)

Introduces the nature, structure, and purposes of political theory; examines major works on the problems of political order, obedience, justice, liberty, and representation to distinguish and clarify different theoretical approaches.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

PS 272 Women and Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/272/>)

Examines the political status and roles of women. Topics include women's political behavior; feminist and anti-feminist politics; and contemporary legislative and public policy issues, such as educational equity, equal rights legislation, and health care delivery for women. Same as GWS 272.

PS 273 Environment and Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/273/>)

Same as ESE 287, GEOG 287 and NRES 287. See NRES 287.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

Cultural Studies - Western

PS 280 Intro to Intl Relations credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/280/>)

Structure and processes of international relations, trends in international politics, and the future of the international system. Credit is not given for both PS 280 and PS 281.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

PS 281 Intro to Intl Relations-ACP credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/281/>)

This course is identical to PS 280 except for the additional writing component that fulfills the campus' advanced composition requirement. Credit is not given for both PS 280 and PS 281. Prerequisite: Completion of campus Composition I general education requirement.

This course satisfies the General Education Criteria for:

Advanced Composition

Social Beh Sci - Soc Sci

PS 282 Governing Globalization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/282/>)

Examines the historical, socio-economic, political, and moral dimensions associated with the rise of a global society and its governance.

Prerequisite: Completion of campus Composition I general education requirement; completion of one course in a social science or consent of instructor.

This course satisfies the General Education Criteria for:

Advanced Composition

Social Beh Sci - Soc Sci

PS 283 Intro to Intl Security credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/283/>)

Surveys the major issues associated with arms control, disarmament and international security. Also examines the military, socio-economic, and political dimensions of weapons systems, military strategy, the ethics of modern warfare, nuclear proliferation, and regional security issues. Same as GLOBL 283.

PS 291 Intro Internship Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/291/>)

Students will think deeply about their internship experience and how their academic training connects to their professional work and career goals. Students who complete this course will be able to present themselves professionally, interact in professional environments, engage in professional and career-related discussions through networking, and write professional emails and memos. Prerequisite: This course is restricted to students participating in the Illinois in Washington Program.

PS 292 Undergraduate Research Practicum credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/292/>)

Familiarize students with processes for producing, validating and analyzing political science data through experiential learning. Nature and topical focus of research projects vary. May be repeated up to 4 hours in separate terms. Prerequisite: Consent of faculty member supervising the practicum.

PS 299 Study Abroad credit: 0 to 18 Hours. (<https://courses.illinois.edu/schedule/terms/PS/299/>)

Lectures, seminars, and practical work in an approved study-abroad program in Political Science, appropriate to the student's course of study. Approved for letter and S/U grading. May be repeated to a maximum of 34 hours per academic year. Prerequisite: Overall GPA 2.75, 3.00 grade point average in Political Science, admission to approved program.

PS 300 Special Topics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/300/>)

Selected readings and research in political science. See Class Schedule for current topics. May be repeated to a maximum of 6 hours if topics vary. Prerequisite: Six hours of political science, or consent of instructor.

PS 301 The US Constitution I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/301/>)

Analyzes issues related to judicial interpretation of the constitution; the separation of governmental powers; federalism; checks and balances among the three branches of the national government; and the jurisdiction of federal courts. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 302 The US Constitution II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/302/>)

Analyzes issues involved in free speech, freedom of religion, rights of the criminally accused, and government's responsibility to protect persons from discrimination based on race or sexual preference. Pays special attention to the role of law and judges. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 303 The US Congress credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/303/>)

Examines the legislative function in government; the structure and organization of Congress; legislative procedures; pressure groups and lobbying; the relation of legislature to other branches of government; and problems of legislative reorganization. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 304 The US Presidency credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/304/>)

Examines the multiple roles of the president; the determinants and growth of presidential influence; presidential decision making; the president's role in the formulation and implementation of public policy; and the president's multiple constituencies. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 305 The US Supreme Court credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/305/>)

Examines how the modern Supreme Court resolves major issues in American constitutional politics. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor; PS 301 or PS 302.

PS 306 Judicial Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/306/>)

Introduction to the study of courts and judges as political institutions and actors. Focuses primarily on federal courts in the United States, but also covers courts in the American states. Addresses topics such as how judges are selected; who or what determines which cases are heard; the influence of ideology and the law on judges' decisions; the relationships that exist between the courts in the judiciary; the role of the president and the Senate in judicial decisions; and judges' decisions that run contrary to the public's wishes. Prerequisite: PS 101.

PS 307 Separation of Powers credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/307/>)

Explores how the checks and balances built into the US Constitution affect the interactions between the Executive, Legislative, and Judicial branches. Addresses topics such as whether Congress is less productive during times of divided government; why some presidential nominees sail through confirmation, while others take years to be confirmed; and whether Supreme Court justices pay attention to the preferences of the President and Congress when deciding cases. Prerequisite: PS 101.

PS 309 State Gov in the US credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/309/>)

Surveys the origins and evolution of state government in the United States. Topics include history, structure and dynamics of state governments, laws and the judiciary, state legislatures, political parties, organized interests, bureaucracies, demographic change and electoral patterns, and political conflicts, and coalitions. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 310 Politics of Organizations credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/310/>)

Introduction to the study of public organizations with a focus on formal political organizations including parties, legislatures, and bureaucracies. In-depth analysis of two of the main problems confronted by organizations: collective action problems and delegation problems. Students will acquire an understanding of these problems as well as different ways in which they can be addressed. A strong emphasis is also placed on developing the analytical skills necessary for informed analysis of political interactions involving formal organizations. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 311 Political Parties in the US credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/311/>)

Examines the organization and operation of the American party system; national, state, and local organizations and their interactions; the convention and primary systems; and campaign methods and finance. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

PS 312 Politics and the Media credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/312/>)

Examines the processes of mass-mediated political communication in democratic societies. Special emphasis will be given to the role of news media in democratic theory, factors shaping the construction of news such as journalism routines, media economics, and the strategic management of news by political elites. Same as CMN 325 and MACS 322.

PS 313 Congress and Foreign Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/313/>)

Examines cases of foreign-policy making over 100 years with a focus on the struggle between the legislative and executive branches, constitutional questions, explanations for changes in behavior, and the impact on democratic process. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.

- PS 314 Political Psychology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/314/>)  
Explores the psychological processes that underlie political attitudes and behaviors. Specifically, we will take theories from social, personality, cognitive, and evolutionary psychology and apply them to political phenomena. Topics will include how politics is affected by cognitive biases, emotions, persuasion, social influence, identity, prejudice and discrimination, personality, and evolution and genetics. We will also explore what we can learn about basic human psychology by studying politics carefully. Prerequisite: PS 101.
- PS 315 African American Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/315/>)  
Examines the role of race in stimulating change in American political life; types of strategies employed in the civil rights struggle; how race affects electoral participation and the broader political and economic conditions of African Americans. Same as AFRO 315. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.
- PS 316 Latina/Latino Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/316/>)  
Examines the role of Latino electorates in shaping state and national politics. Reviews the histories of Latino national origin groups, examines public policy issues of concern to Latinos, successes and failures of Latino empowerment strategies, and the electoral impact of Latino votes. Focus will be primarily on Mexican Americans, Puerto Ricans, and Cuban Americans and an assessment of the degree to which their political agendas are likely to merge over the coming years. Same as LLS 316. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.
- PS 317 Asian American Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/317/>)  
Provides an overview of the role of Asian Americans in the American political system. Topics include: the international context of emigration, the history of different Asian groups in the U.S., demographic patterns, issues of identity, classification, and pan-ethnicity, voting behavior, minority representation, and public policy. Same as AAS 317. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.
- PS 318 Interests Grps & Soc Movements credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/318/>)  
Focuses on two important forces in American politics that provide ways for citizens to affect public policy: interests groups and social movements. Examination of organized interest groups, including their organization, growth, activity, and impact in American politics. Examines the formation and role of social movements. Prerequisite: PS 101, or six hours of Political Science credit, or consent of instructor.
- PS 319 Campaigns and Elections credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/319/>)  
Examines the dynamics of United States congressional and presidential campaigns, including electoral rules, campaign organization and finance, candidate strategy, role of parties, interest groups, and the media, campaign effects, and proposals for reform. Prerequisite: PS 101 or six hours of Political Sciences credit.
- PS 320 Public Opinion credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/320/>)  
Examines the nature of public opinion in contemporary American politics. Considers the extent to which public opinion is organized by ideology, values, party identification and other group-related identities. Will analyze both the sources and consequences of public opinion and the nature of public support for democracy and democratic institutions. Will investigate the relationship between public opinion and policymaking. Prerequisite: PS 101.
- PS 321 Principles of Public Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/321/>)  
Examines different approaches to evaluating the performance of public sector organizations, including private sector accountability principles. Focuses on how to improve the performance of governmental agencies, as well as corporate social responsibility. Same as ACCY 321, ACE 321, and BADM 303. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.
- PS 322 Law and Public Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/322/>)  
Examines the nature of law, law makers, and law appliers; the determinants of law-making; and the societal impact of law. Prerequisite: PS 101, six hours of Political Science credit, or consent of instructor.
- PS 323 Law and Representation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/323/>)  
Examines political and legal policies related to electoral representation including constitutional protections of voting rights and related topics such as a gerrymandering, vote counting, majority minority districts, and the Voting Rights Act. Prerequisite: PS 101 or six hours of Political Science or consent of instructor.
- PS 328 Introduction to Biology and Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/328/>)  
Examines the biological processes that underlie political attitudes and behaviors. Specifically, we will take theories from behavioral and molecular genetics, psychophysiology, neuroscience, and evolutionary psychology and apply them to political attitudes and behaviors. Topics will include how evolutionary adaptations shape political life, how genes affect political traits, the effects of physiological differences on how people experience the political world, and what political insights can be drawn from studying differences in brain structures and functioning. Prerequisite: PS 101.
- PS 329 Immigration & Citizenship credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/329/>)  
Examination of the conceptual issues associated with citizenship and immigration, considering current political debates from a variety of perspectives: empirical, historical, and normative. Focuses on the United States but will also examine the immigration and citizenship processes of other nations as well. Among topics considered: why people migrate; consequences of migration; efforts to integrate immigrants; public opinion, citizenship traditions and rationales; membership; belonging, and national identity; post national citizenship. Prerequisites: PS 101, 6 hours of Political Science credit, or consent of instructor.
- PS 330 Intro to Political Behavior credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/330/>)  
Analyzes the relationship between political attitudes and public opinion formation. The course also discusses political participation, political tolerance, and attitudes toward political leaders. Prerequisite: POLS 101, six hours of Political Science credit, or consent of instructor.

PS 331 Intro to Electoral Behavior credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/331/>)  
Examines the social, psychological and institutional determinants of individual voting decisions. Prerequisite: POLS 101, six hours of Political Science credit, or consent of instructor.

PS 340 Politics in Intl Development credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/340/>)  
Examines the ways in which the wealthy countries of the world, international organizations and non-governmental organizations have tried to catalyze or facilitate economic and human development in the poorer countries of the world. Prerequisite: PS 240 or PS 241 or PS 281, or six hours of Political Science credit, or consent of instructor.

PS 341 Gov & Pol in Africa credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/341/>)  
Examines contemporary economic, social, and political processes in Africa, focusing on three basic explanatory themes: historical patterns of development; emerging patterns of class and interest; and leadership strategies. Same as AFRO 341. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 343 Gov & Pol of China credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/343/>)  
Introduces the government and politics of modern China. Same as EALC 343. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 344 Government and Politics of Japan credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/344/>)  
This course will examine a range of topics relevant to understanding the development of Japanese politics in the postwar era. A central theme of the course will be to understand the processes of continuity and change through various lenses, including but not limited to history, culture, and institutions. Same as EALC 344. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 345 Gov & Pol of SE Asia credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/345/>)  
Provides a comparative analysis of the political development of the countries of Southeast Asia. Emphasis is placed on differing approaches to the governance and public policy formation, as well as economic, social, historical, and cultural influences on political development. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 346 Gov & Pol of South Asia credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/346/>)  
Provides a comparative analysis of the political development of India, Pakistan, Sri Lanka, and other nations in South Asia. Emphasis is placed on the differing approaches to governance and public policy formation, as well as the economic, social, historical, geographical and cultural influences on political development. Same as ASST 346. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 347 Gov & Pol of Middle East credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/347/>)  
Analyzes the transformation of Middle Eastern society from Morocco to Iran, as case studies in political modernization. The politics of the area are studied with special reference to causes and character of modernization, role of leadership, ideologies and institutions, methods and theories for analyzing political systems undergoing fundamental transformation, and implications for U. S. policy. Same as ASST 347. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 348 Gov & Pol in Western Europe credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/348/>)  
Examines the major governmental systems of continental Europe; the evolution, structure, and functioning of the political institutions of France, Germany, Italy, Spain, Switzerland, and the Scandinavian countries. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 351 Gov & Pol Post-Soviet States credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/351/>)  
Examines the evolution, structure, and functioning of post-Soviet governments. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 352 Gov & Pol of East Europe credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/352/>)  
Examines the collapse of communism and efforts to develop capitalism and democracy. Special emphasis is given to national conflict and European integration. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 353 Gov & Pol of Latin America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/353/>)  
Examines the origin and development of Latin American political institutions. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 355 Democratization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/355/>)  
Examines the global process of democratization, with special attention to gains and failures in selected areas since 1974. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 356 Comparative Political Economy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/356/>)  
Examines the effect of domestic political processes on economic performance, including monetary, fiscal, and trade policies. Topics include partisan influences on policy, interest group intermediation, political accountability for economic outcomes, and consequences of product and capital market internationalization. Same as GLOBL 356. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.

PS 357 Ethnic Conflict credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/357/>)  
Explores the bases of nationalist and ethnic identities across a variety of different national and cultural contexts, and how these are related to conflict at the intrastate and interstate levels. Consideration is given to the characteristics and patterns of ethnic conflict with special emphasis on how and when ethnic tensions become manifested in violent conflict. The course concludes with consideration and evaluations of various domestic and international approaches to conflict management and resolution. Same as GLOBL 357. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor.  
This course satisfies the General Education Criteria for:  
Advanced Composition

PS 358 Comparative Political Behavior credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/358/>)  
Examines themes of political behavior such as political participation, electoral politics, political culture, and contentious politics from a cross-national perspective. Prerequisite: PS 240, or PS 241, or six hours of Political Science credit.

PS 370 Justice in the Law credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/370/>)

Explores fundamental questions about the ideal of a just society. Introduces students to the close connection between theories of justice and legal reasoning used by courts. Court cases and topics include enforcing sexual morality, protecting free expression, religious liberty, regulating labor markets, guaranteeing the rule of law, ensuring equal opportunities through schools and elections, establishing group rights, and regulating reproductive rights.

PS 371 Classical Political Theory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/371/>)

Considers the major works of Greek and Roman political theory, stressing their relevance to modern political analysis and action. Prerequisite: PS 270, six hours of Political Science credit, or consent of instructor.

PS 372 Modern Political Theory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/372/>)

Provides critical analysis of political theories from the fifteenth century to the present. The discussions focus on topics such as the development of conceptions of human nature, the role of the state, justice, legitimacy, obligation, individual rights, equality, and mechanisms of maintenance and change. Prerequisite: PS 270, six hours of Political Science credit, or consent of instructor.

PS 373 Democratic Theory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/373/>)

Examines theories of the nature and conditions of democracy; compares and analyzes contemporary democratic institutions. Prerequisite: PS 270, six hours of Political Science credit, or consent of instructor.

PS 374 Future Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/374/>)

Examines visions of the future drawn from science fiction literature as a way to engage with political and social theory and to cultivate the political imagination. Prerequisite: Six hours of political science credit or consent of instructor.

PS 375 Feminist Political Theory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/375/>)

Provides analysis of how insights from liberal, Marxist, and post-structural political theory traditions shape contemporary feminist political theory. Examines how different epistemological arguments shape political analysis and uses those insights to explore the political forces that make us into gendered and racialized people. Explores how different traditions of thinking in feminist political theory generate different accounts of justice and political transformation. Credit is not given for both PS 375 and GWS 350.

PS 376 American Political Theory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/376/>)

Surveys American political thought from colonial times to the present. Prerequisite: PS 270, six hours of Political Science credit, or consent of instructor.

PS 377 Topics Contemp Pol Theory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/377/>)

Examines specific topics and writers of contemporary political theory. Recent themes have included conceptions of power, rights, justice, and radical political thought. May be repeated to a maximum of 9 hours. Prerequisite: PS 270, six hours of Political Science credit, or consent of instructor.

PS 379 Intl Rel & Domestic Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/379/>)

Examines conceptual linkages between international relations and domestic politics. Emphasizes theoretical explanations of and empirical evidence for these linkages. Prerequisite: PS 280 or PS 281, or six hours of Political Science credit, or consent of instructor.

PS 380 International Cooperation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/380/>)

A study of cooperation among states. Cooperation dilemmas and their solutions, with focus on institutional arrangements that are aimed to facilitate cooperation among states. Prerequisite: PS 280 or PS 281, six hours of Political Science credit, or consent of instructor.

PS 382 Intl Political Economy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/382/>)

Examines the interaction between international politics and economics; locates ideologies and practices in the context of international economic relations. Considers such topics as international trade, the global monetary order, multi-national corporations, economic aid relationships, and food and energy politics. Prerequisite: PS 280 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 384 Politics of Globalization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/384/>)

Examines the basic concepts and politics associated with the emergence of the global society. This course evaluates divergent theoretical explanations for the emergence of global politics, as well as how and why the global society governs itself. It examines the strengths and shortcomings of the nation-state, markets, and democratization as responses to the imperatives of order, welfare, and legitimacy. Prerequisite: PS 280 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 385 Politics of the European Union credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/385/>)

Considers the history of the European Union and its current functions and operations. Focuses on the ongoing process of political and cultural integration. Consists of sections in Illinois and abroad, interacting extensively via the worldwide web. Same as EURO 385, FR 385, and GER 385. Prerequisite: PS 240 or PS 241, six hours of Political Science credit, or consent of instructor; cross-listings require language training appropriate for enrollment in the respective overseas programs.

PS 386 International Law credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/386/>)

Analyzes the concepts and bases of public international law. Topics include sources and subjects of international law, as well as issues of jurisdiction, territory, law of the sea, and use of military force. Prerequisite: PS 280 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 387 National Security Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/387/>)

Examines principal theories of international security and evaluates their capacity to explain the security behavior of states and other key international actors. Prerequisite: PS 280 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 389 International Communications credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/389/>)

Same as MACS 389. See MACS 389.

PS 390 American Foreign Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/390/>)  
 Considers the major foreign policy decisions currently confronting the United States government: analyzes their background, principal issues, and alternative actions, as well as the policy formulation process. Prerequisite: PS 280 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 391 Soviet & Post-Sov Foreign Pol credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/391/>)  
 Surveys Soviet and Post-Soviet foreign policy from 1917 to the present, with emphasis upon the forces shaping this policy; special attention to the interplay of ideology and national interest in policy formulation. Prerequisite: PS 280 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 392 Intl Organizations&Regionalism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/392/>)  
 Examines regionalism and regional international organizations and their consequences for multilateralism cooperation, and conflict. Prerequisite: PS 280.

PS 393 Diplomatic Studies Practicum credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/393/>)  
 Practical introduction to the study of international organizations, consisting of three parts: academic modules in Urbana-Champaign; guest lectures and site visits in Vienna, Austria, and field trips TBA; and a final research paper based on fieldwork in Vienna, extending into late June. Enrollment requires prior admission to the Vienna Diplomatic Program.

PS 394 Crisis Diplomacy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/394/>)  
 A comparative study of foreign policy decision-making and diplomacy among the major states from 1816-1948 with a focus on crisis bargaining, management, and escalation. Foreign relations of Britain, France, Germany, Russia, Italy, Japan, and the United States are covered in light of international relations theories. Emphasis is placed on how domestic political struggles, like those between hard liners and accommodationists, and external factors, like alliances and international norms, affect decision-making. Comparisons are made between those crises that are peacefully settled and those that escalate to war and/or get out of control. Prerequisite: PS 280, PS 281, PS 283, or consent of instructor.

PS 395 International Organization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/395/>)  
 Examines the development of basic principles underlying world organization; also considers the principles, structure, methods, and operation of international governmental institutions. Gives special attention to the United Nations and related agencies and to their evolution from the League of Nations system. Prerequisite: PS 280 or PS 281 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 396 International Conflict credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/396/>)  
 Examines the conditions that promote war and peace between states. General topics covered are: historical patterns in warfare; causes of war, including arms races and power distributions; outcomes of war; and approaches to peace. Prerequisite: PS 280 or PS 281 or PS 283, six hours of Political Science credit, or consent of instructor.

PS 397 Authoritarian Regimes credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/397/>)  
 Examines the various aspects of the politics in authoritarian regimes: their emergence and breakdown, the policy choices and institutions typically adopted, leadership change, and the theories that explain them. Historical case studies and statistical data will be used to examine real-world cases. Prerequisite: PS 240 or PS 241; or six hours of Political Sciences credit; or consent of instructor.

PS 398 Strategic Interntl Relations credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/398/>)  
 Examination of basic concepts and tools for analyzing foreign policy and understanding international politics and economy. Simple game-theoretic models will be used to explore the logic and the mechanisms behind key policy issues in international economy, cooperation, security, and institutions. Prerequisite: PS 280 or PS 281; or six hours of Political Sciences credit; or consent of instructor.

PS 399 Politics of International Treaties credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/399/>)  
 Treaties are agreements between sovereign states governed by international law. This course examines why countries commit to treaties and why they comply with them. It will provide advanced undergraduate students with the opportunity to read a range of scholarly works on international agreements and to conduct their own research on related topics. Prerequisite: PS 280.

PS 408 Islam & Politics in Mid. East credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/408/>)  
 Same as REL 408 and SAME 408. See REL 408.

PS 411 Campaigning to Win credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/411/>)  
 Same as CMN 424. See CMN 424.

PS 413 Sex, Power and Politics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/413/>)  
 Same as GWS 478. See GWS 478.

PS 415 Europe and the Mediterranean credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/415/>)  
 Same as EURO 415 and ITAL 415. See EURO 415.

PS 418 Language & Minorities in Europe credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/418/>)  
 Same as EURO 418, FR 418, GER 418, ITAL 418, LING 418, SLAV 418, and SPAN 418. See FR 418.

PS 456 Democracy and Identity credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/456/>)  
 A normative and empirical examination of the special issues surrounding the development and maintenance of democracy in plural societies. Analyzes the impact of racial, ethnic and religious diversity on citizenship, civil rights, political institutions and public policy, as well as on democratic stability more generally, in established and newly emergent democracies. 3 undergraduate hours. 4 graduate hours. Prerequisite: Consent of instructor.

- PS 457 Dem Gov in a Global Setting credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/457/>)  
Examination of the basic concepts and politics associated with the emergence of a global society. Students evaluate competing explanations for the emergence of this new politics and how and why the global society governs itself. It examines the strengths and weaknesses of the nation-state, markets, and democratization as responses, respectively, to the imperatives of order, welfare, and legitimacy in the governance of world's peoples and states. 3 undergraduate hours. 4 graduate hours.  
Prerequisite: Consent of instructor.
- PS 480 Energy and Security credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/480/>)  
Same as GBLB 480 and NPPE 480. See NPPE 480.
- PS 490 Individual Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/490/>)  
Special topics not treated in regularly scheduled courses; designed primarily for juniors and seniors. 1 to 4 undergraduate hours. No graduate credit. May be repeated. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work; and approval of the department head.
- PS 491 Internship credit: 0 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/PS/491/>)  
Students follow a program of study and research related to an approved internship under the direction of the internship director and/or a faculty sponsor. Consult departmental undergraduate advisor or internship director. 0 to 6 undergraduate hours. No graduate credit. Approved for Letter and S/U grading. May be repeated to a maximum of 12 undergraduate hours. Prerequisite: 45 credit hours completed, one year in residence at an institution of higher learning, minimum 2.5 grade point average, coursework related to the internship, and acceptance to the internship director or undergraduate director and by faculty sponsor. Students enrolled in internship courses may not register for more than 18 hours total for all courses during the semester of the internship course.
- PS 492 UG Research Assistance credit: 0 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/492/>)  
Assist departmental faculty in on-going research. Topics and nature of assistance vary. Capstone paper required. 0 to 3 undergraduate hours. No graduate credit. May be repeated in separate terms to a maximum of 6 hours. Credit is not given for more than nine hours toward completion of the political science major from any combination of PS 490, PS 491, and/or PS 492. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work; and approval of the department head.
- PS 494 Junior Honors Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/494/>)  
Research, reading, and discussion in selected topics and works in literature of political science. A major research project is required in preparation for PS 495. 3 undergraduate hours. No graduate credit. May be repeated in separate terms to a maximum of 6 hours if topics vary. Credit is not given for non-honors courses and honors seminar on the same topic. Prerequisite: Admission to Political Science Honors Program or consent of department.
- PS 495 Senior Honors Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PS/495/>)  
Provides an advanced overview of methodological issues in political science especially identification of research questions and design of research strategies in political science appropriate for a senior thesis. Requires completion of a substantial research proposal. 3 undergraduate hours. No graduate credit. Credit is not given for more than six hours towards any combination of PS 495 and PS 496. Neither PS 495 nor PS 496 counts towards the 30 hours required for completion of the political science major. Prerequisite: Admissions to Political Science Honors Program or consent of instructor.
- PS 496 Senior Honors Thesis credit: 2 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/PS/496/>)  
2 to 6 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. Prerequisite: Written consent of instructor of department approval; open only to seniors whose major is political science and who have a general University grade point of 3.0.
- PS 501 Democratic Political Inst I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/501/>)  
Involves intensive analysis of major institutions and processes of democratic politics (national, state, local); research on selected topics in American government.
- PS 502 Democratic Political Inst II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/502/>)  
Discusses contemporary theories about the impact of democratic institutions on politics and policy.
- PS 503 US Congress credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/503/>)  
Traces the development of Congress as an institution with special attention to the role of norms; considers intra-institutional aspects of Congress including committee decision-making, floor voting, and leadership; examines congressional relationships with other actors including the presidency and Supreme Court, interest groups, and constituents.
- PS 506 Pol Parties and Elections credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/506/>)  
Examines the role of political parties and elections in the political process; traces the evolution of American parties as a political institution, assesses their impact upon the policy-making processes, and considers macro-level influences upon the electoral process.
- PS 507 Collect Action & Interest Grps credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/507/>)  
Provides a broad analysis of collective action, interest groups, and politics; examines the meaning of political interests and the forms they take; reviews various approaches to the study of interest groups; analyzes the formation and operation of interest groups; examines innovation and change in interest group politics and research.
- PS 511 Proseminar Pol Behavior I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/511/>)  
Introduces interdisciplinary approaches to the analysis of political behavior; formation of opinions, interests, roles, and beliefs.
- PS 512 Proseminar Pol Behavior II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/512/>)  
Continuation of PS 511. Prerequisite: PS 511.
- PS 514 Founds of Organizational Behav credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/514/>)  
Same as BADM 510, PSYC 553, and SOC 575. See BADM 510.

PS 517 Civic Leadership Practicum I credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/517/>)

The practicum seminar is the capstone experience of the BA/MA Civic Leadership Program and serves as the principal bridge between the academic and multi-faceted practicum components of the program. The Fellows will engage in an in-depth exploration of a predetermined policy issue (health care, international trade, welfare reform, citizen engagement, for example). The practicum seminar members will, over two semesters, prepare a background paper and report with options and recommendations, which the seminar members will be expected to make a part of the public debate and policymaking process. Prerequisite: Graduate standing in the Civic Leadership Program.

PS 518 Civic Leadership Practicum II credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/518/>)

Continuation of PS 517. Prerequisite: Graduate standing in the Civic Leadership Program.

PS 519 Topics in American Politics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/519/>)

Selected research topics designed for graduate study in American Politics. May be repeated to a maximum of 12 hours.

PS 521 Phil Bases of Pol Inquiry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/521/>)

Reviews the scope and subject matter of political science; methodological issues in political science and major conceptions of methodology as embodied in the current literature.

PS 522 Research Design and Techniques credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/522/>)

Provides an overview of research techniques for answering questions of concern in political science; indicates the range of available tools; discusses problems in concept formation; and presents current methods of concept measurement. Prerequisite: PS 521 or consent of instructor.

PS 523 The Comparative Method credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/523/>)

Reviews strategies for systematic research based on small number of cases. Emphasis on problems of conceptualization, measurement, and analysis.

PS 524 Methods in Intl Rel credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/524/>)

Deals with major research methodologies in contemporary international relations; includes case studies, aggregate data, content analysis, survey research, gaming and simulations, and causal modeling; presumes knowledge of basic international relations theory. Prerequisite: PS 580.

PS 525 Formal Theory I: Game Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/525/>)

Introduction to game theory and its applications to the study of politics. Study of the central ideas and techniques of game theory.

PS 526 Formal Theory II: Applications credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/526/>)

Survey of major topics in formal political theory and the application of key game-theoretic methods to the study of politics. Prerequisite: PS 525 or consent of instructor.

PS 530 Quant Pol Analysis I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/530/>)

Introduction to data analysis and inferential statistics, including data collection, analysis and interpretation, sampling, and measures of statistical association and significance. Also introduces statistical software.

PS 531 Quant Pol Analysis II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/531/>)

Second class in inferential statistics, emphasizing the linear model and assumptions behind linear models. Prerequisite: PS 530 or consent of instructor.

PS 532 Quant Pol Analysis III credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/532/>)

Select topics in inferential statistics, including models for limited dependent variables. Topics vary by semester and may include spatial econometrics, bootstrap models, ecological inference, and causal inference. Prerequisite: PS 531 or consent of instructor.

PS 534 Modeling Heterogeneity credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/534/>)

Same as PSYC 548. See PSYC 548.

PS 540 Proseminar Comp Politics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/540/>)

Surveys the major works, theories, and approaches that define the field of comparative politics. The substantive focus of the course is on advanced industrial countries.

PS 541 Proseminar Comp Politics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/541/>)

Surveys the major works, theories, and approaches that define the field of comparative politics. The substantive focus of the course is on developing countries. Prerequisite: Completion of PS 540 is recommended.

PS 543 Global Democratization credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/543/>)

Examines the roles of domestic and international factors, modes of transition, institutional choices and economic reforms in the transition from authoritarian rule. Comparisons are made of cases in Southern and Eastern Europe, Latin America, East Asia, the former Soviet Union, and others. Prerequisite: Completion of PS 540 or PS 541 is recommended.

PS 546 Comparative Political Behavior credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/546/>)

Examines the political behaviors and opinions of common citizens in dissimilar national contexts, focusing on the theoretical literature and empirical research on topics such as political participation, political culture and contention politics from a cross-national perspective. Prerequisite: PS 540 or PS 541.

PS 548 Political Economy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/548/>)

Same as ECON 572. See ECON 572.

PS 549 Topics in Comparative Politics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/549/>)

Selected research topics designed for graduate study in Comparative Politics. May be repeated to a maximum of 12 hours.

PS 571 History of Pol Theories I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/571/>)

Reading, analysis and discussion of the leading political thinkers from the Greeks to the middle of the seventeenth century.

PS 572 History of Pol Theories II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/572/>)

Reading, analysis and discussion of the leading political thinkers from the middle of the seventeenth century to the present.

- PS 579 Topics in Pol Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/579/>)  
Reading, analysis, and discussion of selected topics of political theory. May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.
- PS 580 Proseminar Intl Rel I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/580/>)  
Examines major theories and approaches to the study of international relations.
- PS 581 International War credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/581/>)  
Focuses on the conditions that influence war and peace between nation-states. Considers various factors at different levels of analysis (individual, national, dyadic, and systematic) in an attempt to understand why nations go to war. Readings will consist of current research in this topic area-without ignoring "classical" works. Prerequisite: PS 580.
- PS 582 Intl Political Economy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/582/>)  
Comprehensive introduction to major traditions in contemporary thought on the political structure and workings of the global economy. Presumes background knowledge pertaining to the workings of the international economy and its institutions as well as familiarity with the assumptions and approaches of classical I. P. E. thought and International Relations theory. Prerequisite: PS 580.
- PS 583 International Organizations credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/583/>)  
Examines the development and operations of international organizations with special emphasis on United Nations and related agencies. Focuses on activities in security, economic, and social issue area. Prerequisite: PS 580.
- PS 584 International Cooperation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/584/>)  
Major theoretical perspectives and controversies in the literature of international cooperation and international institutions. Although broad spectrums of issues are covered, the focus is on basic logical questions, lines of reasoning, and analytical frameworks. Prerequisite: PS 580.
- PS 585 Conflict Management credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/585/>)  
Examines the conditions that influence the processes and outcomes of conflict management between nation-states. Assesses various approaches used in conflict management research with a special emphasis on the relationship between conflict management and theories of IR. Assumes some background knowledge regarding empirical studies of war. Prerequisite: PS 580.
- PS 586 Prosem Intl Relations II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/586/>)  
Part two of a two course sequence examining major theories and approaches to the study of international relations. Prerequisite: PS 580.
- PS 587 Research Seminar in IR credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/587/>)  
Advanced seminar in international relations, providing graduate students with original research experience. Students design and execute a research program, resulting in a major paper suitable for conference presentation and/or publication. The seminar will rotate among specific research topics in the area of international conflict, international law and organization, and international political economy respectively. May be repeated in separate terms to a maximum of 12 hours. Prerequisite: PS 580.
- PS 589 Topics in Intl Rel credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PS/589/>)  
Selected topics designed for graduate study in international relations. May be repeated under different instructors to a maximum of 12 hours. Prerequisite: PS 580 or PS 524, or consent of instructor.
- PS 590 Research in Selected Topics credit: 2 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/PS/590/>)  
Research in selected topics by arrangement with the instructor.
- PS 596 Evaluating New Research credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PS/596/>)  
Accompanies the Politics Workshop, which brings in speakers from outside the department to present their research. The goal is to expose graduate students to the practice of engaging critically with research presentations from all fields of political science. Students will learn "best practices" in providing feedback about ongoing research projects. They will have the opportunity to utilize these skills both in class discussions and as discussants for the speakers in the Workshop 2 graduate hours. No professional credit. Approved for S/U grading only. May be repeated for up to 4 graduate hours in separate semesters. Prerequisite: Graduate standing in political science required.
- PS 597 Preparing Future Faculty credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/PS/597/>)  
Provides graduate students an insight on the responsibilities and expectations of academic faculty. Core responsibilities - research, teaching and service - required of faculty is discussed, along with important resources and strategies to aid students in obtaining a faculty appointment and plotting a successful career path. Approved for S/U grading only. May be repeated in separate terms.
- PS 598 Dissertation Design Seminar credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/PS/598/>)  
Addresses the basic steps involved in the development of a dissertation proposal; aims to facilitate the completion of the dissertation proposal for students who have passed the qualifying examinations. Approved for S/U grading only. Prerequisite: Successful completion of required qualifying examinations.
- PS 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/PS/599/>)  
Approved for S/U grading only. May be repeated.

# PORTUGUESE (PORT)

PORT Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PORT/>)

## Courses

PORT 150 Writing Brazilians into the U.S. credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/150/>)

Explores ethnic and race relations, gendered and sexualized asymmetries, and class inequities for Brazilians in the US through an interdisciplinary approach grounded in anthropology, cultural studies, and ethnic studies. Students will learn how Brazilian identity in the US is not uniform or static, but rather historically contingent, plural, and contested, and how migrants and their descendants shape "minority" as well as "majority" categories in the US.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

Cultural Studies - US Minority

PORT 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/199/>)

Approved for letter and S/U grading. May be repeated.

PORT 400 Intensive Beginning Portuguese credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/400/>)

Accelerated language learning course designed for beginners, equivalent to two semesters. Early emphasis on production skills; comprehension-based skills will be introduced in rapid succession. Course designed for speakers and non-speakers of Romance languages. Some focus on those linguistics structures specific to Portuguese which differ significantly from equivalents in other Romance languages. 4 undergraduate hours. 4 graduate hours.

PORT 401 Intensive Intermediate Portuguese credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/401/>)

Continued development of reading, writing and conversational skills.

Completion of this course fulfills the third-semester level of Portuguese language instruction. Followed by PORT 402 or PORT 403, this course fulfills the fourth-semester level of Portuguese language instruction. 4 undergraduate hours. 4 graduate hours. Prerequisite: PORT 400 (formerly 201) or consent of instructor.

PORT 402 Advanced Grammar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/402/>)

The study of the structure of modern Portuguese in both its phonological and syntactic aspects for the student who already has a functional command of the language, with emphasis on developing ability to analyze and interpret grammatical structures. 3 undergraduate hours. 3 graduate hours. Prerequisite: PORT 401 (formerly 202) or consent of instructor.

PORT 403 Readings in Portuguese credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/403/>)

Readings and discussion in Portuguese of a variety of texts by leading Luso-Brazilian writers covering various genres and themes. Designed to emphasize reading skills and discussion, rather than literary criticism. 3 undergraduate hours. 4 graduate hours. May be repeated if topics vary. Prerequisite: PORT 401 (formerly 202) or equivalent.

PORT 404 Studies in Luso-Brazilian Culture credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/404/>)

Affords a broad understanding of Luso-Brazilian civilization and culture. May be offered in English (no prerequisites) or Portuguese (see prerequisite statement). See section description for details on the language of instruction each semester. 3 undergraduate hours. 4 graduate hours. May be repeated if topics vary. Prerequisite: If taught in Portuguese: PORT 403 (former 320) or equivalent or consent of instructor.

PORT 406 Brazilian Film credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/406/>)

Study of the evolution of Brazilian cinema through selected films to explore the nature and development of contemporary Brazilian aesthetics. May be offered in English (non prerequisites) or Portuguese (see prerequisite statement). See section description for details on the language of instruction each semester. 3 undergraduate hours. 4 graduate hours. Prerequisite: If taught in Portuguese: PORT 402 (former 200) or 403 (former 320) or equivalent.

PORT 410 Topics in Brazilian Literature credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/410/>)

May be offered in English (no prerequisites) or Portuguese (see prerequisite statement). See section description for details on the language of instruction each semester. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 Undergraduate hours or 8 Graduate hours in separate terms if topics vary. Prerequisite: If taught in Portuguese: PORT 402 (former 200) or 403 (former 320) or equivalent.

PORT 435 Introduction to Romance Linguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/435/>)

Same as FR 462, ITAL 435, LING 462, RMLG 435, and SPAN 435. See SPAN 435.

PORT 460 Principles of Language Testing credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/460/>)

Same as EIL 460, EPSY 487, FR 460, GER 460, ITAL 460, SLS 460, and SPAN 460. See EIL 460.

PORT 489 Theoretical Foundations of SLA credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/489/>)

Same as FR 481, GER 489, ITAL 489, LING 489 and SPAN 489. See LING 489.

PORT 559 Sem Romance Ling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/559/>)

Same as FR 559, ITAL 559, LING 559, RMLG 559, and SPAN 557. See SPAN 557.

PORT 571 Proseminar For Lang Tchg credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/571/>)

Same as SPAN 571. See SPAN 571.

PORT 572 Theory and Literary Criticism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/572/>)

Same as SPAN 572. See SPAN 572.

PORT 580 Classroom Language Acquisition credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/580/>)

Same as EIL 580, FR 580, GER 580, ITAL 580, SLS 580, and SPAN 580. See SPAN 580.

PORT 584 Theories in Second Language Acquisition credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/584/>)

Same as CI 584, EALC 584, EPSY 563, FR 584, GER 584, ITAL 584, LING 584, and SPAN 584. See SPAN 584.

PORT 588 Sem Second Lang Learn credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/588/>)  
Same as EALC 588, FR 588, GER 588, ITAL 588, LING 588, and SPAN 588.  
See SPAN 588.

PORT 595 Special Topics Port & Braz Lit credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/595/>)  
Independent study/research under the direction of a faculty member. May or may not fulfill requirements for a particular degree program in Spanish, Italian and Portuguese. Consult graduate advisor. May be repeated in same or subsequent terms to a maximum of 8 hours.

PORT 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/PORT/599/>)  
Approved for S/U grading only. May be repeated.

# PROFESSIONAL SCIENCE MASTER (PSM)

---

PSM Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PSM/>)

## Courses

PSM 501 PSM Industry Seminar I credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/PSM/501/>)

Engagement with students across science disciplines to address current developments in the science professions. Management and leadership challenges in science and issues facing science professionals in the workplace are addressed. Learning occurs through lecture and discussion with industry leaders. Taken in the first semester of the Professional Science Master's (PSM) cohort. Approved for letter and S/U grading; S/U grading only if taken for 0 hours credit; letter grade only if taken for 1 hour credit.

PSM 502 PSM Industry Seminar II credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/PSM/502/>)

Taken in the second semester of the PSM cohort, builds on the experience of the first semester industry seminar. Learning occurs through guest lectures by and discussions with industry leaders. Project management is explored. Engagement with students across science disciplines to address current developments in the science professions. Practical issues facing science professionals in the workplace are addressed. Approved for letter and S/U grading; S/U grading only if taken for 0 hours credit; letter grade only if taken for 1 hour credit. Prerequisite: PSM 501.

PSM 503 PSM Industry Seminar III credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/PSM/503/>)

Taken in the final semester of the PSM cohort, focuses on the shared experiences of the summer internship and on career development. Students present and critique, individual and in teams, the value and lessons learned from the internship. Discussions and exercises center on long-term career development and lifelong learning and commitment to science. Approved for letter and S/U grading; S/U grading only if taken for 0 hours credit; letter grade only if taken for 1 hour credit. Prerequisite: PSM 502.

PSM 520 Special Topics-Sci & Business credit: 0 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSM/520/>)

Special, emerging, or advanced topics in science and business. Topics will vary by offering. May be used to pilot course offerings before adding them to the PSM curriculum. Open to Illinois Professional Science Master's (PSM) students only. Approved for letter and S/U grading. May be repeated in the same term up to 6 hours or separate terms up to 9 hours; this is contingent on program approval and other requirements.

PSM 555 PSM Internship credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/PSM/555/>)

Practical learning experience in which business knowledge and skills are applied to science problems and opportunities. In consultation with program coordinators, students find internship companies and positions that match their individual career objectives and meet the learning goals of the program. Learning objectives, deliverables, and performance evaluation are determined for each student by the program coordinator. Completed in the summer after the first year of study. Open to Illinois Professional Sciences Master's (PSM) students only. Internationals holding student visas must have prior authorization from International Student and Scholar Services. Approved for letter and S/U grading. May be repeated in separate terms.

# PSYCHOLOGY (PSYC)

PSYC Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/PSYC/>)

## Courses

PSYC 100 Intro Psych credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/100/>)

Study of human behavior with special reference to perception, learning, memory, thinking, emotional life, and individual differences in intelligence, aptitude, and personality; emphasis on the scientific nature of psychological investigations; and discussion of research methods and the relation of their results to daily life and everyday problems. Lectures, discussions, and six hours of participation as a subject in psychological experiments. Credit is not given for both PSYC 100 and either PSYC 103 or PSYC 105.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

PSYC 102 Psych Orientation credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/102/>)

Lectures designed to acquaint the psychology major with the various specializations available in the field, career exploration procedures, and a wide range of opportunities of special interest to psychology students. Recommended for freshmen in psychology. Approved for S/U grading only.

PSYC 103 Intro Experimental Psych credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/103/>)

Surveys the field of psychology with an emphasis on experimental approaches to understanding the mind and human behavior; addresses perception, learning, memory, thinking, motivation, emotions, personality, development, intelligence, and other topics in psychology. Credit is not given for both PSYC 103 and either PSYC 100 or PSYC 105. Lectures with discussion, debates, and laboratory experiments in weekly sections.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

PSYC 144 Stereotypes, Prejudice & Discrimination credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/144/>)

Course in Inequality & Cultural Understanding provides an interdisciplinary introduction to questions related to societal inequality. Each section emphasizes experiential learning through, for example, field trips or hands-on, community-based research projects. Prerequisite: This course is intended for first and second year students.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci  
Cultural Studies - US Minority

PSYC 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/199/>)

Approved for letter and S/U grading. May be repeated.

PSYC 201 Intro to Social Psych credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/201/>)

Systematic study of social factors in individual and group behavior; attention to social perception, motivation, and learning; attitudes, norms, and social influence processes; the development and dynamics of groups; and the effects of social and cultural factors on the individual. Prerequisite: PSYC 100 or PSYC 103.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

PSYC 204 Intro to Brain and Cognition credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/204/>)

Introduction to the interdisciplinary field of cognitive neuroscience, which is concerned with how the cognitive systems supporting a broad range of capacities including memory, attention, and social and emotional processing, arise from the functioning of specific brain modules and brain mechanisms. Emphasizes how functional brain imaging and other cognitive neuroscience methods can be brought to bear on answering these questions. Prerequisite: PSYC 100 or PSYC 103 or PSYC 105.

PSYC 207 Psychology of Prejudice and Discrimination credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/207/>)

Examines the psychological causes and social consequences of prejudice and discrimination in society. Learn about the current state of prejudice and discrimination in the U.S., empirical methods for studying prejudice and discrimination, and psychological interventions for reducing prejudice and discrimination. Topics include stereotyping, cognitive biases, group conflict, ideology, implicit associations, subtle and benevolent forms of prejudice, and microaggressions.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

PSYC 210 Behavioral Neuroscience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/210/>)

Survey of current knowledge and speculation regarding the brain's role in perception, motivation, sexual behavior, thinking, memory, and learning, based upon human clinical data and research in animal models. Prerequisite: PSYC 100, PSYC 103, or consent of instructor.

This course satisfies the General Education Criteria for:  
Nat Sci Tech - Life Sciences

PSYC 216 Child Psych credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/216/>)

Study of the psychological development of the child. Credit is not given for both PSYC 216 and EPSY 236. Prerequisite: PSYC 100 or PSYC 103.

PSYC 220 Images of Mind credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/220/>)

Introduction to neuroimaging and cognitive neuroscience, with a particular emphasis on critically evaluating neuroscience in the media. In addition to surveying reports in the popular press and their corresponding science articles, covers basic neuroanatomy, neuroimaging techniques, and a range of topics from cognitive neuroscience. Prerequisite: PSYC 100, PSYC 103, PSYC 105 or consent of instructor.

PSYC 224 Cognitive Psych credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/224/>)

Introduction to the psychological study of human information processing and memory; acquisition, retrieval, and forgetting; and general knowledge, concepts, reasoning, and related issues in cognition. Prerequisite: PSYC 100 or PSYC 103.

PSYC 230 Perception & Sensory Processes credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/230/>)

Survey of the experimental psychology of sensory and perceptual processes and behavior; emphasis on the contribution of behavior science to understanding subjective experience of the physical and social environment.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

PSYC 235 Intro to Statistics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/235/>)  
Development of skill and understanding in the application of statistical methods to problems in psychological research; topics include descriptive statistics, probability theory and distributions, point and interval estimation, and hypothesis testing. Credit is not given for both PSYC 235 and any of STAT 100, ECON 202, EPSY 480, PSYC 301, SOC 485. Prerequisite: PSYC 100 or PSYC 103; college algebra or equivalent; or consent of academic advisor.  
This course satisfies the General Education Criteria for:  
Quantitative Reasoning I

PSYC 236 Madness and Modern Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/236/>)  
Same as HIST 236. See HIST 236.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

PSYC 238 Psychopathology and Problems in Living credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/238/>)  
Conceptions and facts about disordered behavior, including psychoses, neuroses, and other patterns of psychological disturbance. Prerequisite: PSYC 100 or PSYC 103.

PSYC 239 Community Psych credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/239/>)  
Redefines human and social problems and the implications for social programs and policies; reviews the historical antecedents, conceptual models, strategies and tactics of social and community programs; and employs examples from selected social systems (e.g., criminal justice, education, employment, and mental health). Prerequisite: PSYC 100 or PSYC 103.  
This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

PSYC 245 Industrial Org Psych credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/245/>)  
Systematic study of the application of psychological methods and principles in business and industry; emphasis on personnel selection and factors influencing efficiency. Prerequisite: PSYC 100 or PSYC 103; credit or concurrent registration in a statistics course.

PSYC 248 Learning and Memory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/248/>)  
Survey of basic phenomena in learning and memory emphasizing experimental data from animal and human research. Prerequisite: PSYC 100 or PSYC 103.

PSYC 250 Psych of Personality credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/250/>)  
Study of personality from various points of view: biological, experimental, social, and humanistic; surveys theory and empirical research in the study of personality. Prerequisite: PSYC 100 or PSYC 103.

PSYC 265 Power, Status, and Influence credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/265/>)  
Explores how individuals experience power, status, and influence. The course will focus on the personality and social factors that lead people to attain an elevated rank in society. We will examine how social position shapes basic psychological processes including social perception, relationship strategies, emotion, and well-being across the life course. Multiple forms of power and status will be studied, including those based on peer respect, class, race, gender, and physical dominance.

PSYC 290 Research Experience in Psych credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/290/>)  
Supervised participation in research and scholarly activities, usually as an assistant to an investigator. Approved for S/U grading only. May be repeated to a maximum of 9 hours. Prerequisite: Ten hours of psychology or cognate area, or written consent of instructor.

PSYC 296 Introduction to Current Topics in Psychology credit: 0 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/296/>)  
Introductory treatment of current topics in the field of psychology. May be repeated up to 6 hours in the same semester, to a total of 9 hours in subsequent semesters. Prerequisite: PSYC 100 or consent of instructor.

PSYC 301 Psychological Statistics credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/301/>)  
Development of skill and understanding of statistical methods for problems in psychological research; topics include descriptive statistics, probability theory and distributions, point and interval estimation, and hypothesis testing. The class also involves a computer laboratory. Strongly recommended to students who plan to pursue graduate studies in Psychology. Credit is not given for both PSYC 301 and any of STAT 100, ECON 202, EPSY 480, PSYC 235, SOC 485.  
This course satisfies the General Education Criteria for:  
Quantitative Reasoning I

PSYC 302 Applied Neuroscience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/302/>)  
Examines topics in neuroscience highly relevant to our daily lives, especially as it pertains to mental health. Topics include neurobiology related to anxiety, depression, addiction, exercise, learning, memory, and personality characteristics. Special attention will be paid to race, sex, and socioeconomic differences and their influence on both genetic risk and environmental stress. The class will emphasize critical thinking and conceptualization and will frequently include open discussions. Same as NEUR 302. Prerequisite: PSYC 100 or equivalent.

PSYC 306 Psychology of Morality credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/306/>)  
Presents an overview and analysis of historical and current theory and research on moral psychology. Explores development of morality, moral reasoning and decision-making, rational and biased inputs to moral judgments, moral emotions, moral impression formation and person perception. Emphasis is on the social psychology of morality, but other perspectives such as developmental, cognitive, political, and individual differences will be explored. Prerequisite: PSYC 100 or equivalent.

PSYC 308 Psychology of Religion and Spirituality credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/308/>)  
Examines major topics in the psychology of religion and spirituality to promote reflection on how religion shapes attitudes, behavior, and contemporary U.S. society. Through the lens of psychology, we explore questions such as: Why are some people religious and spiritual? How do we study religion and spirituality from a psychological perspective? What do religion and spirituality look like across the lifespan? Does religion shape prejudice, morality, violence, or altruism? What is the role of religion in promoting health? Overall, we will examine these and other questions to promote greater understanding regarding the role of religion and spirituality in the lives of individuals and larger society. Same as REL 308. Prerequisite: PSYC 100 or equivalent.

PSYC 311 Behavioral Neuroscience Lab credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/311/>)

Introduction to the research techniques used in behavioral neuroscience: includes behavioral analysis of drug effects, anatomy of the brain, hormones and behavior, neural circuits and related topics. Students will have direct experience working with laboratory rats to understand their importance in the advancement of our knowledge about how the brain functions. Prerequisite: Credit or concurrent registration in PSYC 210, or consent of instructor.

PSYC 312 Psychology of Race & Ethnicity credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/312/>)

Exploration of the theoretical, empirical, and experiential writings concerning the issues of race and ethnicity as they relate to human behavior from the perspective of the individual in various social contexts. Same as AFRO 312. Prerequisite: PSYC 100.

PSYC 314 Introduction to Aging credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/314/>)

Same as CHLH 314, HDFS 314, RST 314, and REHB 314. See CHLH 314.

PSYC 318 Psych of the Infant credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/318/>)

Early infant behavior, emphasizing critical evaluation of the various research techniques; prenatal and perinatal influences, ontogeny of psychological processes, environmental determinants, and infant assessment. Prerequisite: PSYC 216.

PSYC 320 The Teenage Years credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/320/>)

An introduction to development during the teenage years (12-18). The course will cover research on biological, cognitive, social, and emotional development. Topics will include pubertal development and its social consequences, changing relationships with parents, identity development, the increasingly important role of peers, school adjustment, the emergence of psychopathologies, and high risk behaviors such as substance use. The course will focus on normative development in the U.S., but it will also cover cross-cultural development. Prerequisite: PSYC 100 and PSYC 216.

PSYC 321 Human Memory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/321/>)

Advanced treatment of human memory. Examines basic theory and methodology; types of memory; semantic, episodic, procedural, memory for language, places, and events; knowledge and memory; autobiographical memory; exceptional memory; mnemonics. Prerequisite: Six hours in psychology at or above the 200 level, such as PSYC 224 or PSYC 248.

PSYC 322 Introduction to Intellectual Disability credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/322/>)

Same as REHB 322 and SPED 322. See SPED 322.

This course satisfies the General Education Criteria for: Social Beh Sci - Beh Sci

PSYC 324 Developmental Psychopathology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/324/>)

Overview of major theories and research in the field of developmental psychopathology. An emphasis will be placed on understanding how psychopathology is conceptualized from a developmental perspective. Topics will involve issues related to etiology, assessment, classification/diagnosis, and intervention. A range of psychological problems in childhood and adolescence will be discussed to illustrate the central themes. Prerequisite: PSYC 100 and either PSYC 216 or PSYC 238, or consent of instructor.

PSYC 326 Development and Relationships credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/326/>)

Advanced overview of theory and research on interpersonal relationships across the life course and their implications for emotion, cognition, and behavior. Particular emphasis is placed on close relationships, i.e., romantic partners, family members, and mentors. Same as EPSY 330. Prerequisite: PSYC 216.

PSYC 327 Psychology of Human Sexuality credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/327/>)

Presents a broad overview of psychological research, theory, and perspectives regarding human sexuality. Among other topics, the course covers historical and modern psychological perspectives on sexuality, development of sexuality, sexual anatomy and physiology, contraception and abortion, attraction, sexual coercion, polyamory, sexual "dysfunction," STIs, variations in sexual expression, sex work and pornography. Having an open mind and respectful attitude toward all forms of human sexuality are unofficial but necessary course prerequisites. Prerequisite: PSYC 100 or equivalent.

PSYC 328 Psychology of Gender credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/328/>)

Discusses the similarities and differences between males and females across the lifespan, looking at possible biological and social explanations. Some of the topics covered include how children learn gender roles, similarities and differences across cognitive and social abilities, mental and physical health, and gender in different settings, including at work, at school, and at home. The course will also focus on agents of socialization, including the media, peers, and family. Prerequisite: PSYC 100 or equivalent.

PSYC 329 Animal Behavior credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/329/>)

Same as ANSC 366, ANTH 342, and IB 329. See IB 329.

PSYC 331 Cognitive Psych Lab credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/331/>)

Examination of the methods used to study human thought processes, including attention, memory, decision-making, language and concepts. Students will learn to design, carry out, and report research in cognitive psychology. Prerequisite: PSYC 224 or PSYC 248; PSYC 235.

PSYC 332 Social Psych Methods Lab credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/332/>)

Lecture and laboratory in the methods and techniques of social psychology research in laboratory settings. Prerequisite: PSYC 201; PSYC 235 or equivalent.

PSYC 333 Social Psych in Society Lab credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/333/>)

Methods and techniques of social psychological research in natural settings. Students formulate and carry out research problems using procedures appropriate for research in natural settings. Prerequisite: PSYC 201; PSYC 235 or SOC 280.

PSYC 334 Perception Lab credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/334/>)

Examination of the research methods used to study human visual and spatial processes, including visual illusion, attention, imagery, navigation and spatial memory. Students will learn to design, carry out, and report psychological research. Prerequisite: PSYC 230 and statistics (PSYC 235 or equivalent).

PSYC 336 Topics in Clin/Comm Psych credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/336/>)  
Survey and critical review of subdisciplines in clinical/community psychology; concepts, methods, and assessments, intervention strategies and tactics. Subdisciplines addressed will vary. See Class Schedule for current titles. May be repeated with approval to a maximum of 6 undergraduate hours in same term, or to a maximum of 9 undergraduate hours in subsequent terms. Prerequisite: PSYC 238 or PSYC 239 or both depending on topic.

PSYC 340 Community Projects credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/340/>)  
Principles of psychology applied to service problems in the community; students serve as nonprofessional mental health workers in supervised experiences in schools, hospitals, and other nontraditional settings. May be repeated in the same or subsequent terms to a maximum of 8 undergraduate hours. Prerequisite: PSYC 100; junior or senior standing; and consent of instructor. Individual sections may require additional courses and prerequisites - consult the instructor.

PSYC 341 Advanced Community Projects credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/341/>)  
Advanced discussion and practicum on principles of psychology which may supplement mental health and other human services in a community. Students serve as nonprofessional mental health workers in supervised experiences in school hospitals and other nontraditional settings. May be repeated in the same or subsequent terms to a maximum of 8 undergraduate hours. Prerequisite: PSYC 340 and consent of instructor.

PSYC 350 Personality Lab credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/350/>)  
Study of personality emphasizing active participation in designing, conducting, analyzing, and presenting of research; lectures concern the practical aspects of research methodology and the philosophy of personality research; and laboratory involves conducting original research in small groups. Prerequisite: PSYC 235 or equivalent; and PSYC 250 or consent of instructor; completion of campus Composition I general education requirement.

PSYC 351 Thinking and Reasoning credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/351/>)  
An overview of historical and contemporary research on thinking, reasoning, and problem-solving. Topics will include normative systems of logic, defeasible/non-monotonic reasoning, psychological models of reasoning, heuristic problem-solving, insight and creativity, Bayesian decision-making, decision-making biases, and fast-and-frugal heuristics. Same as PHIL 351. Prerequisite: Either PSYC 100 and PSYC 224, or PHIL 101 and PHIL 102, or consent of instructor.

PSYC 352 Attitude Theory and Change credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/352/>)  
Comprehensive analysis of theories of attitude acquisition, organization, and change; emphasis on attitude change through communication and effects of persuasive communication on public opinion. Same as MACS 352. Prerequisite: PSYC 201 or equivalent.

PSYC 353 Social Cognition credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/353/>)  
Analysis of theory and research on problems related to the manner in which persons judge themselves and others on the basis of information received; topics include impression formation integration, determinants of interpersonal attractions, and attribution processes. Prerequisite: PSYC 201 and PSYC 235, or consent of instructor.

PSYC 358 Human Factors credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/358/>)  
Same as IE 340. See IE 340.

PSYC 361 The Psychology of Aging credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/361/>)  
Survey of changes in behavioral function in later adulthood, with emphasis on methodologies for studying aging, cognitive function, personality, social psychology, and psychopathology. Prerequisite: PSYC 100; Recommended: PSYC 216 or PSYC 224.

PSYC 363 Developmental Child Psych Lab credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/363/>)  
Provides students with a background in developmental research methodology, such as observational techniques used with children. Students will gain experience collecting data and learn how to write research papers. Prerequisite: PSYC 216 and PSYC 235, or equivalent.

PSYC 365 Stress, Trauma and Resilience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/365/>)  
Provides an overview of traumatic stress, with a particular emphasis on the biological and social factors that shape human responses to trauma. Students will become familiar with the definition and range of potentially traumatic events in various social contexts (e.g. military vs. civilian), as well as the genetic and environmental features that influence vulnerability vs. resilience to trauma. Prerequisite: PSYC 100 or equivalent.

PSYC 373 Culture & Psychology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/373/>)  
Centers on cross-cultural study of substantive areas such as personality, motivation, socialization, interpersonal behavior, psychological environments, cognition and cognitive development, ethnocentrism and stereotypes, and visual perception; emphasis on methodological limitations and contributions of cross-cultural study; and discussion of current problems and research. Same as ANTH 373. Prerequisite: Six hours of psychology or anthropology, or consent of instructor.

PSYC 379 Clinical/Abnormal Psych Lab credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/379/>)  
Introduction to research methods used in clinical psychology covering research concerned with psychopathology. Students will learn concepts and key terms; read and discuss research reports; and obtain first-hand experience designing, carrying out, and reporting on their own research. Students in the class will be the participants for all student-developed research. Prerequisite: PSYC 238.

PSYC 383 Adv Prac in Mental Hlth I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/383/>)  
Supervised practicum experiences in a community agency.

PSYC 385 Adv Prac in Mental Hlth II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/385/>)  
Supervised practicum experiences in a community agency.

PSYC 396 Intermediate Current Topics in Psychology credit: 0 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/396/>)  
Intermediate treatment of current topics in the field of psychology. May be repeated to a maximum of 6 hours in a semester, to a maximum of 12 hours in subsequent semesters. Prerequisite: PSYC 100 or consent of instructor; particular sections may have additional 200-level prerequisites.

PSYC 398 Junior Honors Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/398/>)  
Seminar on experimental methods and contemporary psychological research. Prerequisite: Junior standing and admission to departmental honors program.

PSYC 402 Intro Clin Neuropsych credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/402/>)  
Fundamental concepts of clinical neuropsychology will be introduced, and students will learn the neuropsychological measures that are typically employed in assessment. The course will take a developmental perspective, and readings will address assessment issues in children and adolescents as well as adults. The course will be conducted as a lecture/seminar, with a focus on class participation. Actual testing data will be distributed to the class, and discussion will focus on interpretation and case conceptualization. Students will also be required to learn about and administer tests. 4 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 210 and PSYC 238 or consent of instructor.

PSYC 403 Memory and Amnesia credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/403/>)  
Examination of the nature of amnesia and what it teaches us about the organization of normal human memory. Coverage will include studies of amnesia and other circumscribed memory impairments in human patients, taken from the scientific literature, which will be compared to the descriptions of amnesia in movies, literature, and the media. Same as NEUR 403. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 210 and/or PSYC 224, or consent of instructor.

PSYC 404 Cognitive Neuroscience credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/404/>)  
Examination of research concerned with identifying and characterizing the cognitive systems supporting such capacities as memory, attention, and visual processing, and with understanding how such cognitive activities arise from the functioning of specific brain modules and brain mechanisms. Same as NEUR 405. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 210 and/or PSYC 224, or consent of instructor.

PSYC 408 Human Behavior Genetics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/408/>)  
Human behavior is the result of many factors, including the independent and interactive effects of biological and social influences. The goals of this course are to understand how the basic principles of genetics can be used in the study of behavior in humans; evaluate the extent to which psychological characteristics are affected by genes; and consider the implications of genetic knowledge in psychology. Students will learn to evaluate evidence for and against genetic influences and gain an appreciation of the interrelationships of biological and social causes of behavior. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 100 or equivalent.

PSYC 410 Hate Crimes credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/410/>)  
Same as AFRO 410. See AFRO 410.

PSYC 413 Psychopharmacology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/413/>)  
Behavioral and physiological effects of chemicals either used therapeutically to treat psychological disorders or that may be abused for their psychotropic effects; emphasizes mechanisms and models for the study of drug action. Same as NEUR 413. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: PSYC 210, MCB 150, or consent of instructor.

PSYC 414 Brain, Learning, and Memory credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/414/>)  
Conveys a knowledge of current research on the physiological bases of learning and memory; considers a wide range of topics from molecular (e.g., cellular morphological and functional plasticity) to relatively molar (e.g., effects of clinical and experimental brain damage on learning and memory processes). Same as NEUR 414. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 210, MCB 150, or consent of instructor.

PSYC 416 African American Psychology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/416/>)  
Same as AFRO 411. See AFRO 411.

PSYC 417 Neuroscience of Eating & Drinking credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/417/>)  
Eating and drinking are critical to survival. Despite complex and redundant mechanisms, aberrant ingestive behaviors occur and can result in extreme body weights. This course is designed to critically probe and review the current understanding of neural and behavioral mechanisms of eating and drinking. Students will learn how eating and drinking are closely related to physical and mental health, and how to apply this knowledge to live a healthier life. Same as FSHN 417 and NEUR 417. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 100 or equivalent.

PSYC 420 Theories of Psychotherapy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/420/>)  
Same as EPSY 420. See EPSY 420.

PSYC 421 Principles of Psychophysiology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/421/>)  
Theoretical and practical aspects of human psychophysiology; measurement techniques and the application of psychophysiological principles to problems in developmental, clinical, social, and experimental psychology. Same as NEUR 421. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 235, six hours of psychology, and an introductory course in physiology.

PSYC 423 Language Acquisition credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/423/>)  
Survey of theory and research on the acquisition of language, concentrating on the acquisition of a first language by the young child. Same as LING 423 and MACS 423. 3 undergraduate hours. 4 graduate hours. Prerequisite: Six hours of psychology or linguistics above the 100-level, or consent of instructor.

PSYC 425 Psych of Language credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/425/>)  
Survey of theory and research in the psychology of language; topics include relation of linguistics and psychology, language development, and influence of language on perception, memory, and thought. 3 undergraduate hours. 4 graduate hours. Credit is not given for both PSYC 425 and LING 425. Prerequisite: Six hours of psychology or consent of instructor.

PSYC 427 Language and the Brain credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/427/>)  
Same as LING 427 and SHS 427. See SHS 427.

PSYC 432 Genes and Behavior credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/432/>)  
Same as ANTH 432, IB 432 and NEUR 432. See IB 432.

PSYC 433 Evolutionary Neuroscience credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/433/>)

Current methods, tools, and progress in evolutionary biology and quantitative genetics of brain and behavior of vertebrates. Same as IB 436, NEUR 433, and PHIL 433. 3 undergraduate hours. 4 graduate hours. Prerequisite: IB 150 or PSYC 210.

PSYC 437 Advanced Psychology Lab credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/437/>)

An advanced laboratory course in different areas of psychology. Detailed descriptions are provided under the individual sections. 4 undergraduate hours. No graduate credit. May be repeated in separate semesters to a maximum of 8 undergraduate hours. Prerequisite: PSYC 100, additional courses and prerequisites may be required depending on the lab.

PSYC 443 Psychophysiology in Ex & Sport credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/443/>)

Same as KIN 443. See KIN 443.

PSYC 445 Cognitive Neuroscience Lab credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/445/>)

Study of the basic principles underlying scanning of the brain using functional Magnetic Resonance Imaging (fMRI). The lectures introduce how to use an MRI scanner, the basic biophysics that makes functional imaging possible, experimental design for fMRI, and basic data analysis. During the labs, students will get hands on experience analyzing fMRI data. Same as NEUR 445. 4 undergraduate hours. 4 graduate hours. Prerequisite: One of the following: PSYC 204, PSYC 210, PSYC 220, or consent of the instructor. PSYC 235 or equivalent is recommended.

PSYC 447 Psych of Sport Performance credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/447/>)

Same as KIN 447. See KIN 447.

PSYC 450 Cognitive Psychophysiology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/450/>)

Survey of the theory and practice of using recordings of brain electrical activity to study normal and abnormal perception, attention, decision-making, memory, response preparation, and language. Same as NEUR 450. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 224 or equivalent; PSYC 210 recommended.

PSYC 451 Neurobio of Aging credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/451/>)

Study of the neurobiological consequences of aging with an emphasis on brain changes at the cellular and systems level, using animal models of healthy and pathological aging. Same as KIN 458 and NEUR 451. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 210 or related courses or consent of instructor.

PSYC 453 Cog Neuroscience of Vision credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/453/>)

Overview of the neuroscience of the visual system, the eye and subcortical structures, with a focus on the visual cortex and higher-level vision (e.g. attention and object perception). Same as NEUR 453. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 210, PSYC 220, PSYC 224, PSYC 230 or consent of instructor.

PSYC 455 Organizational Psych credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/455/>)

Social psychological research and theory applied to industrial problems; emphasis on interaction and communication theory, role theory, leadership theory, motivational and perceptual theory, and group structure theory as an aid in understanding and analyzing industrial problems. 3 undergraduate hours. 2 to 4 graduate hours. Prerequisite: PSYC 201 or PSYC 245.

PSYC 456 Human Performance and Cognition in Context credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/456/>)

Same as EPSY 456 and IE 445. See EPSY 456.

PSYC 462 How Children Think credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/462/>)

Examines the development of children's thinking from birth through the preschool and elementary school years. Addresses questions such as the following: What do babies know about the world? What can they perceive, and how do their perceptual abilities develop? How do children come to understand other people's actions and mental states? How do they think about biological categories (such as animals and plants) and social categories (such as boys and girls)? When and how do children learn what numbers mean? How is children's development influenced by culture? 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 216.

PSYC 465 Personality and Soc Dev credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/465/>)

Major theories of personality and social development, with attention to processes of social learning, individual differences in personality development, and outcomes of social development; applications to school, home, and other field settings. Same as EPSY 405. 3 undergraduate hours. 4 graduate hours. Prerequisite: PSYC 216 or EPSY 236 or equivalent.

PSYC 468 Psych and Law credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/468/>)

Examines relationship of the administrative, civil, and criminal justice systems to educational and mental health institutions; individual rights, social issues, and psychological well being. 3 undergraduate hours. 2 to 4 graduate hours. Prerequisite: Six hours of social science.

PSYC 472 Environmental Psychology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/472/>)

Same as NRES 472. See NRES 472.

PSYC 475 Personnel Psych credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/475/>)

Introduces problems and research relevant to personnel issues in organizations. Topics include: individual differences; selection of personnel; test theory; performance appraisal; equal employment opportunity legislation, regulation, and litigation; assessing bias in selection. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: PSYC 235 or equivalent, and either PSYC 245 or BADM 313.

PSYC 477 Philosophy of Psychology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/477/>)

Same as PHIL 477. See PHIL 477.

PSYC 489 Neural Network Modeling Lab credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/489/>)

Introduction to neural network modeling, the principles of neural computation, learning algorithms and the evaluation of neural networks as models of human perception and cognition. 3 undergraduate hours. 4 graduate hours. Prerequisite: College algebra or equivalent; computer programming experience, or consent of instructor.

PSYC 490 Measurement & Test Develop Lab credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/490/>)

The measurement of human behavior in psychological studies; the construction and use of psychological tests; introduction to tests of intelligence, achievement, personality, and interest; and practice in test construction, administration, and validation. Lectures and laboratory. 4 undergraduate hours. 4 graduate hours. Prerequisite: A knowledge of statistics equivalent to that from PSYC 235.

PSYC 492 Capstone Undergrad Research credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/492/>)

Capstone experience for undergraduate students doing advanced research in any area of psychology. Provides in-depth background knowledge of their research, and teaches students to make effective oral and written presentations of their findings. In conjunction with PSYC 494, will facilitate the preparation of a Bachelor's thesis that can be submitted for the awarding of the departmental distinction at graduation. May be taken for two semesters with the first semester emphasizing a review of the literature and the second semester concentrating on the presentation of the results. 3 undergraduate hours. No graduate credit. May be repeated in separate terms to a maximum of 6 hours. Prerequisite: Senior standing in Psychology, consent of instructor, and students must arrange to do a research project with a faculty member.

PSYC 494 Advanced Research in Psych credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/494/>)

Supervised independent investigation of special topics in psychology; requires a written report with a final copy submitted for departmental records. 1 to 4 undergraduate hours. No graduate credit. May be repeated to a maximum of 12 hours. Prerequisite: Ten hours of psychology or cognate area, or written consent of instructor.

PSYC 495 Internship Capstone Experience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/495/>)

This capstone seminar will connect students' summer internship experiences to their academic major in Psychology and to their career goals. Students will reflect, discuss and build on their internship experiences to help them identify the skills and abilities they have and need to be successful. They will participate in both individual assignments and team projects that will facilitate their ability to communicate in the many different careers available to students with a degree in psychology. 3 undergraduate hours. No graduate credit. Prerequisite: Completion of an internship during previous summer.

PSYC 496 Adv Current Topics in Psych credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/496/>)

Advanced treatment of current topics in the field of psychology. 2 to 4 undergraduate hours. 2 to 4 graduate hours. May be repeated to a maximum of 9 hours. Prerequisite: PSYC 100 and junior standing, or consent of instructor; particular sections may have additional 200-level and/or 300-level prerequisites.

PSYC 498 Senior Honors Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/498/>)

Continuation of PSYC 398, this course assists students in the Psychology Honors Program with the researching and writing of an undergraduate honors thesis, under supervision of a faculty member, on a problem of appropriate scope and character. 3 undergraduate hours. No graduate credit. Prerequisite: PSYC 398.

This course satisfies the General Education Criteria for:  
Advanced Composition

PSYC 499 Senior Honors Seminar II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/499/>)

The completion of writing of an undergraduate honors thesis, under supervision of a faculty member, on a problem of appropriate scope and character. Students also create posters describing their work for presentation at the Psychology Honors Poster Fair and the Campus Undergraduate Research Symposium. 3 undergraduate hours. No graduate credit. PSYC 398 and PSYC 499 are approved for General Education credit only as a sequence. All courses must be completed to receive Advanced Composition credit. Prerequisite: PSYC 498.

This course satisfies the General Education Criteria for:  
Advanced Composition

PSYC 500 Professional Develop for Psych credit: 1 to 4 Hours.

(<https://courses.illinois.edu/schedule/terms/PSYC/500/>)

Provides practical guidance to graduate students in psychology about a variety of professional issues, including topics such as publishing, speaking, writing, teaching, research ethics, mentoring, interviewing for jobs, and preparing for different career options. The course is discussion-based and provides a forum to address common questions and problems encountered by graduate students in psychology. 1 to 4 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated up to 8 credit hours if topics vary.

PSYC 501 Best Psych Research Practices credit: 2 to 4 Hours.

(<https://courses.illinois.edu/schedule/terms/PSYC/501/>)

Explores topics concerning the best research practices used in the different areas of psychology. Examination of recent advances in research design, analysis, and reporting will hone methodological and statistical intuitions. Students will investigate the growing literature on problematic practices, consider proposed solutions, and construct and evaluate simulations to enhance their understanding of the best methodologies so they can contribute to a more open and reproducible psychological science. 2 to 4 graduate hours. No professional credit. May be repeated up to 8 graduate hours, if topics vary.

PSYC 503 Categories and Concepts credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/503/>)

The psychology of human concepts, including concept learning, categorization, the structure of concepts in memory and conceptual development. Prerequisite: Graduate standing in psychology or consent of the instructor.

PSYC 504 Theories of Attention credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/504/>)

Systematic study of the psychology of attention, including focused and divided attention, dual-task performance, attention and memory, attention and automatization, and skilled performance. The emphasis is primarily theoretical, focusing on current approaches and the historical developments that led to them. Prerequisite: Graduate standing in Psychology or consent of instructor.

PSYC 506 Statistical Methods I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/506/>)

Techniques in applied statistics used in psychological research, including simple linear regression, partial and multiple correlation, and nonparametric methods; thorough review of statistical estimation and significance tests; emphasizes applied statistics and statistical computing. 4 graduate hours. No professional credit. Credit is not given for both PSYC 506 and SOC 586. Prerequisite: Graduate standing or consent of instructor.

PSYC 507 Statistical Methods II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/507/>)

Continuation of PSYC 506. Experimental design, including Latin Squares, factorials, and nested designs; expected mean squares; analysis of covariance; emphasizes the general linear model. 4 graduate hours. No professional credit. Credit is not given for both PSYC 507 and SOC 587. Prerequisite: PSYC 506.

PSYC 509 Psych Scaling Multidimen Meth credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/509/>)

Basic scaling theory; metric, non-metric, and individual differences multidimensional scaling models and methodology, emphasizing underlying assumptions and interpretation; and applications of scaling methods to measurement problems in social and personality psychology, perception, cognition, and sociology. Same as SOC 589. Prerequisite: PSYC 407, SOC 587, or equivalent course in quantitative methods.

PSYC 510 Advances in Behavioral Neuroscience credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/510/>)

Deals with the relevance of behavioral neuroscience to the subdisciplines of psychology; topics include behavioral genetics, hormones and sexuality, eating and drinking, human memory models and the brain, biorhythms in normal and abnormal behavior, physiology of sensing and perceiving, selective attention, and others. Same as NEUR 510. 3 or 4 graduate hours. No professional credit. Consent of instructor is required for more than 3 hours of credit.

PSYC 514 Seminar in Cognitive Science credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/514/>)

In-depth view of cognitive science: the study of mind and intelligence. Covers major areas of cognitive science including: anthropology, artificial intelligence, cognitive neuroscience, cognitive psychology, emotions, linguistics, and philosophy. Lectures focus on prominent questions and issues in each area highlighted by descriptions of current research. Also explores interconnections among these fields. Same as ANTH 514, CS 549, EPSY 551, LING 570, and PHIL 514. Prerequisite: Minimally second semester graduate standing in a cognitive science discipline including: anthropology, computer science, educational psychology, electrical engineering, linguistics, philosophy, psychology, or consent of instructor.

PSYC 515 Neurotoxicology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/515/>)

Same as CB 514 and ENVS 514. See CB 514.

PSYC 516 Perception credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/516/>)

Systematic study of methods and research findings in the field of human perception, together with an evaluation of theoretical interpretations. Prerequisite: Twelve hours of psychology.

PSYC 518 Exp Psych Human Learn credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/518/>)

Data and theories of verbal learning; verbal mediators and their functions in learning and retention; transfer of training; short-term and long-term memory; and conceptualizations of the forgetting process. Prerequisite: Twelve hours of psychology or consent of instructor.

PSYC 521 Knowledge Representation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/521/>)

Surveys theories and data about the representation of knowledge by human beings; examines images, concepts, semantic features, propositions, semantic nets, rules, parallel distributed, procedural, schemas, mental models, and theories. Prerequisite: Background in either cognitive psychology, linguistics, or artificial intelligence.

PSYC 523 Prob Solving and Cog Skill Acq credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/523/>)

Selected topics in how people solve problems and learn cognitive skills. A broad range of empirical findings will be discussed, along with psychological and computational accounts. Prerequisite: Consent of instructor.

PSYC 524 Dev Psycholinguistics credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/524/>)

Examination of empirical and theoretical literature on the acquisition of language; emphasis on universal patterns in the acquisition of a first language and on a consideration of explanations, both psychological and linguistic, for these patterns. Same as LING 524 and MDIA 524.

Prerequisite: LING 425, PSYC 425 or PSYC 462, or consent of instructor.

PSYC 525 Psycholinguistics credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/525/>)

Critical survey of psychological research on language and communication; emphasis on psychological processes that allow humans to produce and understand speech, writing, and gesture. Same as LING 525 and MDIA 525. Prerequisite: Consent of instructor.

PSYC 526 Adv Psycholinguistics credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/526/>)

Overview of psychological research investigating the perceptual, cognitive, neuropsychological, and behavioral events that accompany speaking, reading, or listening to language. Examines adult language processing as well as the development of specific language skills and the nature of related language disorders. Same as EPSY 566. May be repeated in the same or separate terms to a maximum of 12 hours. Prerequisite: PSYC 525 or consent of instructor.

PSYC 529 Second Lang Acq & Bilingualism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/529/>)

Same as LING 529. See LING 529.

PSYC 530 Found of Ind Org Psych credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/530/>)

Theoretical and empirical foundations of various content areas in industrial-organizational psychology; sample topics include employee selection and placement, training, human factors engineering, work motivation, employee attitudes, leadership, and organizational theory. Same as LER 530. Prerequisite: Twelve hours of psychology or consent of instructor.

PSYC 531 Psych Measurement in Indus credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/531/>)

Application of psychometric methods and the finding of differential psychology to the selection, classification, and performance evaluation of industrial personnel. Prerequisite: PSYC 407 or equivalent.

PSYC 532 Intro to Clin-Comm Psych III credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/532/>)

Part 3 of a 4 part sequence designed to provide clinical community graduate students with a broad overview of theories, approaches, and methods in clinical and community psychology. This set of courses includes coverage of all major domains in clinical-community psychology, including psychopathology/problems in living, clinical-community assessment, diagnosis, effective interventions and their evaluation, and prevention. These courses are also meant to engage graduate students in the process of critical inquiry in clinical-community psychology. Required of all entering graduate students in clinical-community psychology. Prerequisite: Consent of instructor required for all students not admitted to graduate program in clinical-community psychology.

PSYC 533 Intern in Ind Org Psych credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/533/>)

Supervised practice in organizational practice and research, implementation of programs, evaluation, feedback of survey results, applied assessments, assistance in EAP programs, and development of personnel guidelines; emphasizes applications of principles and procedures. Offered in special interest of graduate students in I/O psychology program. Prerequisite: Graduate standing in Psychology, credit or concurrent registration in PSYC 530, and consent of instructor.

PSYC 534 Models of Decision and Choice credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/534/>)

Survey of mathematical and other formal models of human judgment and decision processes. Emphasizes differences between normative and descriptive models. Same as ACCY 595. Prerequisite: PSYC 407.

PSYC 535 Cultural Psychology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/535/>)

Explores cultural influences on attitudes, cognition, and behavior. The focus is social psychological but the readings draw on work across several fields, both inside psychology and outside psychology. Subjects have included cultural influences on violence, analytic vs. holistic thinking styles, economic behavior, parenting and education, and the construction of self. Methodological issues in making cross-cultural comparisons will be discussed. 4 graduate hours. No professional credit.

PSYC 536 Dev Cultural Psychology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/536/>)

Analysis of current developments, trends, and controversies in developmental cultural psychology, with an emphasis on how child development unfolds in dynamic cultural contexts; detailed examination of contexts that shape children's development within and across cultures, social addresses, and historical eras; foregrounds theories and methods that treat children as meaning makers who actively navigate and transform complex cultural realities.

PSYC 537 Development & Psychopathology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/537/>)

Overview of major concepts, issues, and research in the field of developmental psychopathology, which is an interdisciplinary field influenced by psychology, medicine, neuroscience, and other disciplines. Explores youth psychopathology from a developmental perspective, focusing on the intersection between normative and atypical development. Introduces students to assessment and classification, key theories of etiology, and research design issues. Representative disorders will be discussed as examples of how these issues interface with specific types of youth psychopathology. Both pioneering and contemporary research in the field will be covered.

PSYC 538 Intro to Clin-Comm Psych I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/538/>)

Part 1 of a 4 part sequence designed to provide clinical-community graduate students with a broad overview of theories, approaches, and methods in clinical and community psychology. This set of courses includes coverage of all major domains in clinical-community psychology, including psychopathology/problems in living, clinical-community assessment, diagnosis, effective interventions and their evaluation, and prevention. These courses are also meant to engage graduate students in the process of critical inquiry in clinical-community psychology. Required of all entering graduate students in clinical-community psychology. Prerequisite: Consent of instructor required for all students not admitted to graduate program in clinical-community psychology.

PSYC 539 Intro to Clin-Comm Psych II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/539/>)

Part 2 of a 4 part sequence designed to provide clinical-community graduate students with a broad overview of theories, approaches, and methods in clinical and community psychology. This set of courses includes coverage of all major domains in clinical-community psychology, including psychopathology/problems in living, clinical-community assessment, diagnosis, effective interventions and their evaluation, and prevention. These courses are also meant to engage graduate students in the process of critical inquiry in clinical-community psychology. Required of all entering graduate students in clinical-community psychology. Prerequisite: Consent of instructor required for all students not admitted to graduate program in clinical-community psychology.

PSYC 540 Social Development credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/540/>)

Same as EPSY 530. See EPSY 530.

PSYC 541 Personality and Behav Dynamics credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/541/>)

Theory and research in personality, emphasizing personality as individual differences among persons and personality as attributed to persons by others; explores the measurement, antecedents, and consequences of such differences and attributions. Prerequisite: Twelve hours of psychology.

PSYC 542 Interdisciplinary Approaches to Neuroscience I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/542/>) Same as MCB 542 and NEUR 542. See NEUR 542.

PSYC 543 Interdisciplinary Approaches to Neuroscience II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/543/>) Same as MCB 543 and NEUR 543. See NEUR 543.

PSYC 544 Developmental Cognitive Neuroscience credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/544/>)

A survey of the contributions neuroscience is making or could potentially make toward understanding cognitive development. During the first part of the semester some class time will be dedicated to understanding how different neuroscience measures (e.g., fMRI, EEG, NIRS) are applied to developmental populations. In addition, each class will also focus on the application of neuroscience to a particular psychological topic of interest including language, literacy, mathematics, and social-cognitive development. 4 graduate hours. No professional credit. Prerequisite: Recommended, but not required: PSYC 569; PSYC 524.

PSYC 545 Intro to Clin-Comm Psych IV credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/545/>)

Part 4 of a 4 part sequence designed to provide clinical-community graduate students with a broad overview of theories, approaches, and methods in clinical and community psychology. This set of courses includes coverage of all major domains in clinical-community psychology, including psychopathology/problems in living, clinical-community assessment, diagnosis, effective interventions and their evaluation, and prevention. These courses are also meant to engage graduate students in the process of critical inquiry in clinical-community psychology. Required of all entering graduate students in clinical-community psychology. Prerequisite: Consent of instructor required for all students not admitted to graduate program in clinical-community psychology.

PSYC 546 Intervention & Assessment credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/546/>)

This two-semester course sequence covers research and methods of intervention, prevention, and assessment/diagnosis in clinical and community psychology. Includes scholarly readings and didactic discussions, as well as supervision of applied work in which the students engage. Instruction in ethical standards and professional development is provided. Emphasis is given to empirically-supported assessment, intervention, and supervision in clinical and community psychology. 2 to 4 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated up to 40 hours in separate semesters. Prerequisite: Credit or concurrent registration in PSYC 538, PSYC 539, PSYC 532, or PSYC 545, or consent of instructor.

PSYC 548 Modeling Heterogeneity credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/548/>)  
Conceptual, mathematical, and statistical framework to model heterogeneity of behavior. Students will learn to move beyond a psychology of averages and think of variability of behavior as a source of information for scientific inquiry rather than mere noise. This course provides a basic introduction to order-constrained inference methods. Student projects encourage applications to any area of the social and behavioral sciences or at their interface with other scientific disciplines. Students will learn to use open-source public-domain specialized software. Same as PS 534. 4 graduate hours. No professional credit. Prerequisite: PSYC 506 or equivalent, or permission of the instructor.

PSYC 550 Moral Psychology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/550/>)  
Intensive analysis of issues in the psychological study of morality. Among others topics, the course will cover development of moral judgment, classic and modern outlooks, major theories and recent advances, moral emotions, moral hypocrisy, morality and political ideology, morality and the law, morality and the environment, morality and religion, moral dilemmas, morality in consumer contexts, and the study of praise and blame. 4 graduate hours. No professional credit. Prerequisite: Graduate Students Only.

PSYC 551 Theory in Social Psychology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/551/>)  
Overview of the major theoretical perspectives in experimental social psychology, including theories of attitudes, motivation, emotion, interpersonal and intergroup relations, and the self. Prerequisite: Consent of instructor.

PSYC 552 Soc Psych Theory and Meth II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/552/>)  
Second of a two-course sequence for first-year graduate students in social psychology. Advanced theoretical and research approaches to a broad range of issues in social psychology; participation and seminar presentations by social psychology program faculty. Each student participates in seminar presentations and develops and conducts a research study in conjunction with one or more faculty members. Prerequisite: Consent of instructor.

PSYC 553 Founds of Organizational Behav credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/553/>)  
Same as BADM 510, PS 514, and SOC 575. See BADM 510.

PSYC 554 Classroom Learning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/554/>)  
Same as EPSY 552. See EPSY 552.

PSYC 558 Attitudes credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/558/>)  
Intensive analyses of recent developments in attitude theory and research; emphasis on the attitude-behavior relationship; and examination of theories of attitude and attitude change with respect to their utility in predicting and changing social behavior. Prerequisite: Consent of instructor.

PSYC 559 Small Groups credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/559/>)  
Intensive examination of current research and theory on structure, process, and performance of groups; critical examination of recent research and theoretical literature; and development of research designs for related issues in the field. Prerequisite: Consent of instructor.

PSYC 563 ResearchMethods:Clin/CommPsych credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/563/>)  
Examination of research methods and strategies in Clinical and Community Psychology and related fields; issues involved in casual inference from experimental and quasi-experimental designs; qualitative research methods. Prerequisite: PSYC 406.

PSYC 567 Personality Assessment credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/567/>)  
Methods and theory in the quantitative assessment of personality; review of research findings and trends. Same as EPSY 567. Prerequisite: PSYC 407 or equivalent.

PSYC 569 Cognitive Development credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/569/>)  
Intensive examination of current research on infant cognition. Topics include: object segregation, object permanence, physical reasoning, object individuation, number, and psychological reasoning. Prerequisite: Consent of instructor.

PSYC 570 Principles and Methods of Teaching Psychology credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/570/>)  
Designed for graduate students in psychology; areas considered include developing course objectives and content; developing and presenting teaching-learning situations; evaluating the attainment of course objectives; advising and counseling students; ethics in teaching; and research problems on the teaching of psychology. 0 to 4 graduate hours. No professional credit. Approved for S/U grading only. May be repeated in separate terms up to 12 hours. Prerequisite: Second-year graduate standing in psychology or consent of instructor.

PSYC 573 Clin/Comm: History & Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/573/>)  
One of a series of independent study courses to help Clinical/Community Psychology graduate students develop breadth of knowledge in the broader field of Psychology. Involves an overview of the history and systems of psychological thought and satisfies the breadth requirement in the area. Prerequisite: Before enrolling in this course, students must develop and maintain a portfolio of engagement with the breadth area of History and Systems demonstrating 45 hours effort. Students must first meet with the course instructor to present their portfolio. Instructor approval required. Clinical/Community Psychology graduate students only.

PSYC 574 Microskills & Prof Standards credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/574/>)  
This year-long course covers professional standards and ethics, which emphasizes applied skills for the practice of Clinical and Community Psychology. Students will learn basic skills in rapport-building, including initiating the first contact or session, reflective listening, and paying attention to affect, body language, and interpersonal process in session or interactions. Instruction in professional ethics, supervision, and consultation. Students may practice some of the learned skills by developing relationships with gatekeepers of local organizations and providing consultation and supervision or engaging in collaborations to improve the quality of life of community members. Approved for S/U grading only. May be repeated in separate terms to a maximum of 4 hours. Prerequisite: Clinical/Community Psychology graduate students only; or consent of instructor.

PSYC 575 Clinical/Community: Diversity credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/575/>)

Addresses issues of human diversity in the research and applied work of Clinical/Community Psychologists. Diversity is broadly defined and includes attention to, for example: national origin, culture, race, ethnicity, social class, physical ability, cognitive ability, sexual orientation, gender identity, and privilege/oppression. Utilizes both the scholarly literature on diversity, and experiential exercises to develop knowledge and cultural competence. Approved for S/U grading only. May be repeated in separate terms to a maximum of 4 hours. Prerequisite: Clinical/Community Psychology graduate students only; or consent of instructor.

PSYC 576 Clinical/Community: Biological credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/576/>)

One of a series of independent study courses to help Clinical/Community Psychology graduate students develop breadth of knowledge in the broader field of Psychology. Involves an overview of the research and theory in the major subdomains within the area of Biological Psychology and satisfies the breadth requirement in the area. Prerequisite: Before enrolling in the course, students must develop and maintain a portfolio of engagement with the breadth area of Biological Psychology demonstrating 45 hours of effort. Students must first meet with the course instructor to present their portfolio. Instructor approval required.

PSYC 577 Clinical/Community:Cog/Affect credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/577/>)

One of a series of independent study courses to help Clinical/Community Psychology graduate students develop breadth of knowledge in the broader field of Psychology. Involves an overview of the research and theory in the major subdomains within the area of Cognitive/Affective Psychology and satisfies the breadth requirement in the area. Prerequisite: Before enrolling in this course, students must develop and maintain a portfolio of engagement with the breadth area of Cognitive/Affective Psychology demonstrating 45 hours of effort. Students must first meet with the course instructor to present their portfolio. Instructor approval required.

PSYC 578 Clinical/Community:Development credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/578/>)

One of a series of independent study courses to help Clinical/Community Psychology graduate students develop breadth of knowledge in the broader field of Psychology. Involves an overview of the research and theory in the major subdomains within the area of Developmental Psychology and satisfies the breadth requirement in the area. Prerequisite: Before enrolling in this course, students must develop and maintain a portfolio of engagement with the breadth area of Developmental Psychology demonstrating 45 hours of effort. Students must first meet with the course instructor to present their portfolio. Instructor approval required.

PSYC 579 Clinical/Community: Social credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/579/>)

One of a series of independent study courses to help Clinical/Community Psychology graduate students develop breadth of knowledge in the broader field of Psychology. Involves an overview of the research and theory in the major subdomains within the area of Social Psychology and satisfies the breadth requirement in the area. Prerequisite: Before enrolling in this course, students must develop and maintain a portfolio of engagement with the breadth area of Social Psychology demonstrating 45 hours of effort. Students must first meet with the course instructor to present their portfolio. Instructor approval required.

PSYC 581 Applied Regression Analysis credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/581/>)

Same as EPSY 581. See EPSY 581.

PSYC 587 Hierarchical Linear Models credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/587/>)

Same as STAT 587 and EPSY 587. See EPSY 587.

PSYC 588 Covar Struct and Factor Models credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/588/>)

Introduction to covariance structure models, linear structural equations, and factor analysis; identification and parameter estimation problems; assessing goodness-of-fit; use of up-to-date computer software implementing current estimation methods; applications to a wide variety of social and behavioral science modeling problems. Same as EPSY 588, SOC 588, and STAT 588. Prerequisite: PSYC 594, STAT 571, or SOC 587.

PSYC 589 Categorical Data Analysis in Educational Psychology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/589/>)

Same as EPSY 589 and SOC 579. See EPSY 589.

PSYC 590 Individual Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/590/>)

For graduate students who wish to conduct research on special problems not included in graduate theses. Approved for S/U grading only. Prerequisite: Consent of instructor.

PSYC 593 Seminar credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/593/>)

Discussion of current topics in their historical setting, with special emphasis on research problems. 2 or 4 graduate hours. No professional credit. May be repeated if topics vary.

PSYC 594 Multivar Anlys in Psych and Ed credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/594/>)

Examines the principal methods of descriptive and inferential statistics used in the analysis of multiple measurements, emphasizing linear transformations, multiple regression, principal components, multivariate analysis of variance, canonical correlation and variates, discriminant functions and variates, and conventional procedures of factor analysis; involves both theory and applications. Same as EPSY 584 and SOC 584. Prerequisite: PSYC 407 or EPSY 581 or EPSY 582 or consent of instructor.

PSYC 595 Theories of Measurement I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/595/>)

Same as EPSY 585. See EPSY 585.

PSYC 596 Theories of Measurement II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/596/>)

Same as EPSY 586. See EPSY 586.

PSYC 598 Proseminar in Psychology credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/598/>)

Weekly presentation and discussions of current research by faculty, graduate students and visiting scholars. Sections of these proseminars are offered by each division in the Psychology Department. Requirements include attendance and participation in discussion. Same as NEUR 598. 0 to 4 graduate hours. Approved for S/U grading only. May be repeated.

PSYC 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/PSYC/599/>)

Approved for S/U grading only. May be repeated.

# RECREATION, SPORT, AND TOURISM (RST)

RST Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/RST/>)

## Courses

RST 100 Recreation, Sport, and Tourism in Modern Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/100/>)

This course examines central issues in defining leisure, recreation, sport, and tourism. Historical, philosophical, sociological, psychological, and economic approaches to understanding these areas, their behaviors and meanings, social contexts, and personal and social resources are examined. By the end of the semester, students should understand their history and evolution, as well as their impact on contemporary society. This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci

RST 101 Orientation to Recreation, Sport and Tourism credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/RST/101/>)

Introduction to Recreation, Sport and Tourism which provides an overview of the RST curriculum, areas of study, and opportunities available for a career in the field.

RST 110 Service Delivery in RST credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/RST/110/>)

Introduces students to the concepts, principles, and practices related to the provision of leisure services; description of the various fields of professional practices and basic elements of leisure service systems such as budgeting, planning, staffing, and characteristics of client populations.

RST 118 Illini Student-Athlete Transition Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/118/>)

Designed to expose student-athletes to the unique challenges and opportunities they will face throughout their time as student athletes. The course will explore their personal, academic, and athletic experiences. Students will learn strategies and techniques to be academically successful, develop leadership skills, explore careers and college majors, and gain insights to assist in the transition to higher education and the University of Illinois. Prerequisite: Restricted to first year student athletes.

RST 120 Parks, Recreation, and Environments credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/120/>)

This course focuses on the study of recreation behaviors in different environments—the great outdoors, cities, and specialized settings. In particular, students develop a deeper understanding of how these three different environments support or limit various recreation behaviors. The course employs a holistic definition of environment that includes physical settings, social norms, and policies, all of which impact recreation behaviors. To understand the complex relationships between environments and recreation, the course applies theories and methodologies developed in the field of environment and behavior—spanning psychology, sociology, urban planning, and landscape architecture. Throughout the course, students discuss how gender, race-ethnicity, and socio-economic status can contribute to shaping the relationships between environments and recreation behaviors.

This course satisfies the General Education Criteria for: Social Beh Sci - Beh Sci

RST 130 Foundations of Sport Mgt credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/130/>)

Examines career opportunities within the sport industry and provides knowledge relevant to the management, marketing, legal, and financial operations of sport organizations. Incorporates applications in a variety of sport entities including intercollegiate athletics, campus recreation, event and facility management, professional sport, management and marketing agencies, and international sport.

RST 140 Nature and Wilderness credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/RST/140/>)

Origins of the nature and wilderness preservation movements; philosophy behind nature conservation and outdoor activities; role of parks, outdoor recreation, and nature-tourism in contemporary life.

RST 150 Foundations of Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/150/>)

Survey of travel and tourism with emphasis upon tourist behavior, motivations, preferences, decision-making, attractions, transportation services, facilities and information sources. Examines travel and tourism as an element of leisure service delivery from an interdisciplinary perspective.

RST 180 Professional Applications credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/180/>)

This course examines elements of administration, programming, and facility planning and management to high profile recreation, sport, and tourism destinations. The course consists of 6 modules completed during the second 8 weeks and concludes with a 12-day domestic tour (offered in May/early June) of RST related destinations in Indiana, Ohio, New York, Massachusetts, and Pennsylvania. The course will provide students with a unique opportunity to engage with industry leaders at the destinations. The course allows students to explore, discuss, compare and contrast RST destinations, facilities, and professions and apply concepts from the classroom. Additional fees may apply. See Class Schedule.

RST 185 Professional Field Experiences credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/RST/185/>)

Provides students with professional career exploration experiences that involve developing networking knowledge and skills while engaging with recreation, sport, and tourism industry alumni and professionals in their offices, agencies, and facilities. Students are exposed to best practices and current challenges in the industry, and are given opportunities to make connections for internships, mentorship, and career advancement. Additional fees may apply. See Class Schedule. Approved for S/U grading only. May be repeated in separate terms to a maximum 3 hours.

RST 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/RST/199/>)

Covering various topics for undergraduates in Recreation, Sport & Tourism. Additional fees may apply. See Class Schedule. Approved for Letter and S/U grading. May be repeated, as topics vary.

RST 200 Leadership in Recreation, Sport and Tourism credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/RST/200/>)

Leadership theories and practices as related to design and delivery of leisure programs. Processes of group development and interpersonal communication in leisure service organizations.

RST 205 Issues in Intercollegiate Athletics: The Big Ten Conference credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/205/>) For more than 120 years THE BIG TEN has set the standard for college sports. This course will take an historical review of the important decisions and policies conference leaders have made to shape and define the league. With insights and analyses from Big Ten executives, the course will critically examine factors and variables that led to the Rose Bowl partnership, conference expansion, the Big Ten Network, and bold initiatives in growing women's sports. Prerequisite: RST 130 recommended but not required.

RST 210 Management in Recreation, Sport and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/210/>) This course will introduce students to management issues in the field of recreation, sport, and tourism. Students will be encouraged to begin thinking like a manager and to develop skills related to using management techniques and theories to solve problems that arise in the RST industry. The course will address foundational concepts related to: 1) the RST industry (e.g., sectoral differences, organizational structures and types); 2) management of RST organizations (e.g., leadership, ethics, management theory); and 3) skills to effectively manage human, financial, and marketing resources. This course is intended to prepare students for more advanced courses related to management in RST.

RST 216 Technology in Recreation, Sport and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/216/>) An 8-week online class that will assist students in understanding technological advances in recreation, sport and tourism behavior and management through virtual reality (VR) demonstrations and class debates; discussing technology adoption rates in eastern and western cultures and contexts by examining global trends in technology innovations; and critiquing technology's impacts on personal lives, experiences, and worldviews.

RST 218 Entrepreneurship credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/218/>) In-depth study of the delivery of leisure services in the for-profit sector. Covers the scope and administrative functions of recreation enterprises, including an analysis of planning, controlling, and developing recreation enterprises.

RST 224 Politics of the National Parks credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/224/>) Same as PS 224. See PS 224. This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci

RST 225 Environmental Politics & Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/225/>) Same as PS 225. See PS 225. This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci

RST 230 Diversity in Recreation, Sport, and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/230/>) Course is designed to increase awareness and knowledge of the needs of members of ethnic and racial minorities, people of lower socio-economic status, women, older adults, people of alternative lifestyles, and people with disabilities when it comes to recreation, sport, and tourism services. It introduces students to concepts and factors that influence the delivery of recreation, sport, and tourism services to diverse populations. Same as HDFS 263 and KIN 230. This course satisfies the General Education Criteria for: Cultural Studies - US Minority

RST 240 Financial Resource Management in Recreation, Sport and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/240/>)

This course examines financial concepts in the RST industry across public, private, for-profit, and not-for-profit sectors. It covers revenue management, pricing strategies, grantsmanship, fundraising, sponsorship, budgeting, and ratio analysis. Prerequisite: RST 100 and RST 210.

RST 242 Nature and American Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/242/>) Appreciation and critique of cultural meanings associated with American natural landscapes. Traditional perspectives including colonial American, romantic, and science-based conservation are characterized, as well as revisionist themes aligned with gender, cultural pluralism, and societal meanings of parks and protected areas. Implications of diversity in cultural meanings toward nature are developed and provide the basis for assessing tenets of contemporary environmental policy and supporting concepts associated with community-based conservation. Same as LA 242 and NRES 242.

This course satisfies the General Education Criteria for: Cultural Studies - Western

RST 255 Ethical Issues in Recreation, Sport and Tourism credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/RST/255/>) Explores ethical issues related to government, recreational sport, sport tourism and travel, journalism and media, education, coaching, and business. Students become familiar with concepts and principles of applied ethics and gain insight in to the complexity of ethical issues in recreation, sport and tourism.

RST 260 Disability in Recreation, Sport and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/260/>) This course explores issues affecting recreation, sport, tourism (RST) opportunities and access for people with physical, sensory, developmental, and cognitive disabilities. With the goal of increasing knowledge and skills necessary to enhance RST opportunities for people with disabilities, this course focuses on exploring disability characteristics and RST service provider strategies for reducing barriers to and providing accommodations for participation.

RST 265 Principles of Coaching Wheelchair Basketball credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/RST/265/>) This course focuses on the pedagogy, content, and expertise needed to teach and coach the sport of wheelchair basketball. The course will provide students with an understanding of the fundamental concepts of wheelchair basketball, the functional classification system as it relates to an athlete's ability, appropriate feedback for wheelchair basketball players of various levels, the concept of long-term athlete development, and the intricacies of developing a seasonal plan for a wheelchair basketball team. None Prerequisite: RST 260 - Disability in Recreation, Sport and Tourism is recommended, or consent of instructor.

RST 270 Sport and Sustainability credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/270/>) This course will analyze the impacts of sustainable activities on event and facility design, marketing strategies, and financial statements, and investigate the linkage between the environment and management in a sport context. Over 8 modules, students will identify theoretical perspectives and related empirical implications, develop specific program recommendations based on readings and dialogue, and apply concepts via online discussion, practical application, self-reflection, and program development exercises.

RST 280 Practicum in Recreation, Sport and Tourism credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/RST/280/>)

The practicum course is a 1-credit course that requires students to complete a minimum of 100 hours over the term/semester with an agency that relates to the field of recreation, sport, and tourism. The course enhances the practicum experience by leading students through assignments that will assist them in reflecting on their learning/working experience. The Job Description must be approved and the Site Confirmation Form and Affiliation Agreement must be in place prior to the start of the practicum experience. Students should contact the practicum coordinator for specific instructions and recommendations 3-weeks prior to the start date. Approved for S/U grading only. May be repeated if topics vary to a maximum of 3 credit hours.

RST 300 Leisure Programming credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/300/>)

Develops understanding of the process of leisure/recreation programming and the practical aspects of program design and delivery. Prerequisite: RST 100.

RST 301 Sport Brand Management credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/301/>)

Provides an in-depth study of sport brand management. Students will learn how to build and manage brands pursuant to the development of brand equity and how to brand architecture strategies and manage brands over time and across geographic boundaries. Students will apply theories and models of branding to sport branding scenarios and making sound business decisions. Student will gain an understanding of the importance of branding and its impact on consumer behavior. Prerequisite: RST 325 (Marketing in Recreation, Sport and Tourism) or equivalent marketing course or consent of instructor.

RST 314 Introduction to Aging credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/314/>)

Same as CHLH 314, HDFS 314, PSYC 314, and REHB 314. See CHLH 314.

RST 316 Human Development and Recreation, Sport and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/316/>)

This course will examine the impacts of recreation, sport and tourism activities on human development throughout the lifespan. We will discuss how these activities can promote and/or hinder development across the lifespan as well as how development influences individuals' participation in these activities over time. Building on these concepts, we will discuss applications for creating programs, services, and facilities that are appropriate and satisfying for people in different life stages.

RST 317 Designing Parks and Recreation Experiences credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/317/>)

This course will examine the roles of parks and recreation professionals in strategically creating optimal experiences for constituents. Parks and recreation professionals must consider the interplay between a range of factors including diverse individuals, communities, and the environment. This course will focus on how professionals create experiences that are meaningful and beneficial for individuals or groups, communities, and society. Students will explore historical and philosophical foundations of parks and recreation provision as well as the organizational structure and administrative approaches in the public, non-profit, and commercial sectors. Students will also learn strategies for designing optimal experiences in a variety of settings such as camps, aquatics, arts and culture programs, and health and fitness centers. Credit is not given for RST 217 and RST 317. Prerequisite: RST 120 or consent of instructor.

RST 325 Marketing in Recreation, Sport and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/325/>)

Application of marketing concepts to the delivery of leisure services. Introduces consumer decision theory analysis. Provides an integrative study of the methods and models for developing and evaluating alternative marketing strategies.

RST 335 Leisure and Consumer Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/335/>)

Examination of contemporary patterns and meanings of leisure in a consumer society. Understanding of the impact of consumption on expressions of identity, gender, social class, race and ethnicity. This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci Cultural Studies - Western

RST 340 Facility Management in Recreation, Sport and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/340/>)

Basic understanding of park operations, facility design, construction, and maintenance practices; staff allocations, job analysis, contract administration, organizational structures. Prerequisite: RST 100 and RST 110.

RST 346 Case Study: Endless Summer credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/346/>)

Same as KIN 346 and MACS 346. See KIN 346.

RST 350 Tourism and Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/350/>)

Studies the relationships that exist between tourists, hosts, their respective culture(s), and the cultural environments in which they interact. Studies tourism and its impacts across cultural boundaries, as well as concepts of cultural authenticity, modernity, image creation, social justice, diversity, and representation of social, racial and ethnic groups. Field trip required. Additional fees may apply. See Class Schedule. Prerequisite: Junior or Senior standing.

RST 354 Legal Aspects of Sport credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/354/>)

A study of legal principles and their impact on the sport industry; the course examines the application of different areas of law including tort, contract, constitutional, anti-trust, and intellectual property law to professional, amateur and recreational sport.

RST 360 Communication in Recreation, Sport & Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/360/>)

Problem-based service learning within recreation, sport and tourism (RST) is utilized to learn integrated marketing and communications (IMC) concepts and develop an IMC plan to solve organizational issues as they relate to RST. IMC concepts within the context of RST addressed in this course include audience analysis, assessing public opinion, message strategy (e.g., promotion, publicity), crisis communication, media relations, image & reputation management, corporate relations, sales, development & fundraising. Prerequisite: RST 210.

RST 365 Civic Engagement in Wellness credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/365/>)

Same as AHS 365, CHLH 365, KIN 365, and SHS 370. See KIN 365.

RST 370 Research Methods & Analysis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/370/>)  
Educates students in principles of research design, data collection, measurement, methods of statistical analysis, techniques in summarizing data, and the interpretation and application of research findings to the field of Leisure Studies.

This course satisfies the General Education Criteria for:  
Quantitative Reasoning II

RST 390 Honors credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/RST/390/>)

Same as CHLH 390 and KIN 390. See KIN 390.

RST 393 Special Problems credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/393/>)

Special projects in research and independent investigation in any phase of health, physical education, recreation, or related areas selected by the student. May be repeated to a maximum of 6 hours. Prerequisite: Junior or senior standing; grade-point average of 3.0; consent of academic advisor, instructor, and head of department.

RST 410 Strategic Thinking in Recreation, Sport and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/410/>)

In this capstone course, students integrate previous knowledge, including management, marketing, finance and budgeting, and RST operations and human resources, in the development of business strategy in a competitive business setting in recreation, sport and tourism industries. Students acquire in-depth knowledge and critical understanding of the environment in which RST organizations operate, the strategic management process, industry and competitive analysis, strategies to build competitive advantage, managing the internal organization and issues pertaining to the social responsibility of RST organizations. In the context of this course, students obtain practice in strategic management by running a simulated company. In this way, students gain in-depth insights into the strategic management of recreation, sport and tourism organizations. 3 undergraduate hours. No graduate credit. Prerequisite: RST 210, RST 240, and RST 325, or consent of instructor.

This course satisfies the General Education Criteria for:  
Advanced Composition

RST 429 Contemporary Issues in Recreation, Sport and Tourism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/429/>)

Provides a capstone experience to encourage critical and creative thinking regarding knowledge students accrued from prior courses. The first eight weeks students will meet as a whole and focus on leisure concepts in general, and the second eight weeks students will focus on their specific concentration, (Sport Management, Tourism, or Community Recreation). 4 undergraduate hours. 4 graduate hours. Prerequisite: RST 120, or RST 130, or RST 150, and senior status.

RST 430 Sport & Development credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/430/>)

This course will provide an overview of sport development and sport for development, and the linkages and intersections between the two concepts. Sport development is concerned with the creation and management of systems designed to optimize participation in sport, and the movement of athletes both vertically and horizontally through the sport system. Sport for development focuses on the use of sport to potentially achieve social change and development outcomes at the individual, community, and societal levels. Invariably, these concepts are linked, and one cannot exist without the other. Each module will take an integrative approach and examine sport development and sport for development concurrently, with focus on practical applications of all concepts. 3 undergraduate hours. No graduate credit. Prerequisite: RST 130 and RST 354 or consent of instructor.

RST 440 HR Management in RST credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/440/>)

Concepts, principles, and objectives of supervision; the nature of the supervisory relationship; supervisory functions and processes; identification and application of methods and techniques; organizational and operational patterns of supervision in recreation and park settings. 3 undergraduate hours. No graduate credit.

RST 441 Community Planning and Engagement credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/441/>)

This project-based course will provide students with a practical opportunity to serve a community in Illinois. This course focuses on the planning process related to outdoor recreational use of lands in the public domain and seeks to develop a deeper understanding of how to inventory, analyze, and create a strategic vision for recreational services in communities. We will build on the students' knowledge from other RST courses (e.g. RST 210: Management in RST, RST 240: Financial Resource Management, and RST 325: Leisure Service Marketing) and incorporate literature reflective of current research and past trends in leisure, psychology, sociology, urban planning, and landscape architecture. Additional fees may apply. See Class Schedule. 3 undergraduate hours. 4 graduate hours. Graduate-level coursework: This course may be taken as a 4-credit graduate level course. Graduate students enrolled in this class will be expected to take on additional responsibilities and leadership roles including the development and analysis of an electronic survey that will be used to better understand the needs of the community. Prerequisite: Junior standing; or consent of instructor.

RST 450 Tourism Planning & Development credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/450/>)

Tourism has become one of the world's largest business sectors, and consequently many industries rely on tourism to boost their businesses. Moreover, tourism is often an integral element in development policies and has been widely adopted as a catalyst of economic and community development. Students will examine and discuss current issues and future challenges regarding tourism development and destination management. In particular, students will be challenged to critically analyze the interdependence between tourism development and the economy, culture, society, the natural environment, globalization, new technology, and sustainability. In addition, students will be expected to understand and apply key principles of tourism planning and destination management to effectively address current issues and trends. 3 undergraduate hours. 3 graduate hours. Prerequisite: RST 150 or consent of instructor. Not intended for students with Freshman or Sophomore class standing.

RST 459 Heritage Management credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/459/>)

Same as ANTH 460 and LA 460. See ANTH 460.

RST 460 Event Management in Recreation, Sport and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/460/>)

This course will analyze event management and draw from the social sciences, finance, the arts, and related professional fields to examine the experiences and attributed meanings of planned events. In addition, students will acquire an in-depth knowledge of the specialized field of event management and become familiar with management techniques and strategies required for successful planning, promotion, implementation and evaluation of events within recreation, sport and tourism contexts. 3 undergraduate hours. No graduate credit. Prerequisite: RST 210, RST 240, RST 325 or consent of instructor.

RST 465 Event Implementation and Evaluation in Recreation, Sport and Tourism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RST/465/>)

This course is the second of a two course event capstone series. The first class (RST 460) examines the core basics from idea generation through initial planning stages. This course (RST 465) builds on material covered in the first course and includes an in-depth, thorough, and critical examination of the event experience including the roles of the event manager, event planning strategies, marketing and sponsorship concepts, legal aspects, staff management, budgeting, and evaluation. 3 undergraduate hours. No graduate credit. Prerequisite: RST 460.

RST 480 Orientation to Internship credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/RST/480/>)

Prepares and places students in the RST Internship (RST 485). Topics include placement requirements and policies, resume preparation, interviewing skills, acquiring letters of application, and the roles and issues of professional practice. 1 undergraduate hour. No graduate credit.

RST 485 Internship credit: 12 Hours. (<https://courses.illinois.edu/schedule/terms/RST/485/>)

The internship course requires you to complete a minimum of 400 hours over 10 weeks with an agency that relates to your major. The course is designed to enhance the internship experience by leading you through practical steps that empower you in the learning/working experience, practice skills and concepts presented in academic classes, explore areas of personal and professional interest, and by introducing problem and conflict solving techniques. 12 undergraduate hours. No graduate credit. Approved for S/U grading only. Prerequisite: RST 100, RST 101, RST 200, RST 255, RST 210, RST 240, RST 325, RST 480, and one of the following - RST 120, RST 130, or RST 150. Restricted to students with Junior or Senior standing.

RST 501 Concepts & Applications in Recreation, Sport & Tourism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/501/>) Basic philosophical, historical, and scientific foundations and developments in leisure and recreation; analyses of the significance of leisure in modern societies; critical review of major writings in the field with attention to particular special problem areas and current issues. Prerequisite: RST 100 or equivalent.

RST 502 Critical Issues Recreation Mgt credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/502/>)

In-depth study of the public administrative functions in large complex organizational structures; development of an understanding of change and evolution in leisure service agencies as related to the internal and external environments; study of various management styles and situations in leisure service agencies. Same as NRES 504. 4 graduate hours. No professional credit. Prerequisite: Basic course in administration or organization of leisure service agencies.

RST 503 Adv Leisure Research Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/503/>)

Examines methods and techniques of conducting and evaluating leisure research; experimental and survey designs and procedures; data collection, reduction and analysis. Prerequisite: RST 100 or equivalent; RST 370 or equivalent; a course in introductory statistics.

RST 512 Managing Recreation, Sport & Tourism Organizations credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/512/>)

Examines theoretical and technical principles of personnel managers in leisure service agencies; recruitment, training, selection, and evaluation of personnel with special emphasis on applied measurement concepts and legislation related to personnel administration in leisure services. Prerequisite: RST 410 or consent of instructor.

RST 515 Marketing in RST credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/515/>)

Examines quality service issues and service strategies needed to attain competitive advantage across leisure industries. Using a customer-focused management framework, the course focuses on customer satisfaction and retention, linking service quality, customer lifetime value, profitability segmentation, services mapping, understanding customer expectations and developing service and customer-focused relationship marketing strategies.

RST 516 Finance & Budgeting in RST credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/516/>)

Addresses the financial needs of organizations in recreation, sport and tourism. Students are introduced to the terminology and financial measurement tools used by academics and firms in the industry. Current economic issues, revenue streams, and budgeting are emphasized. Students develop the ability to critically assess the financial strengths and vulnerabilities of individual organizations and the field as a whole. An in-depth examination of an organization's internal and external environment in recreation, sport or tourism serves as the capstone.

RST 518 Event Management credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/518/>)

Analyze special events from theoretical and applied perspectives and draw from the social sciences, management, the arts, and related professional fields to analyze the experience and attributed meanings of planned events. Students will acquire an in-depth knowledge of the specialized field of event management and become familiar with techniques and strategies required for successful planning, promotion, implementation and evaluation of special events within recreation, sport and tourism contexts.

RST 519 Strategic Management in RST credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/519/>)

In this capstone module, students integrate previous knowledge, including management, marketing, finance, RST operations and human resources, in the development of business strategy in a competitive setting in recreation, sport and tourism industries. Students acquire in-depth knowledge and critical understanding of the environment in which RST organizations operate, the strategic management process, industry and competitive analysis, strategies to build competitive advantage, managing the internal organization and issues pertaining to the social responsibility of RST organizations. 4 graduate hours. No professional credit. Prerequisite: RST 512, RST 515, RST 516, or consent of instructor.

RST 520 Critical Issues Sport Mgt credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/520/>)

An analysis of the sport industry with special emphasis given to the role and function of the sport manager. Addresses advanced issues related to organizational theory, finance, marketing, sponsorship, contemporary management and leadership, decision making and strategic planning.

RST 530 Critical Issues Tourism Mgt credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/530/>)

Exposes students to advanced theories, methods, practices and principles that govern tourism behavior. Survey the body of literature on tourism, examining ongoing debates regarding how individuals travel and the structures of institutions that shape travel.

RST 550 Theory and Methods of Leisure credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/550/>)

Surveys concepts, methods, and problems of leisure research that are common to community recreation, sport and tourism. Histories of theoretical and methodological development are discussed, appreciated and critiqued. Examines the development of ideas through literature, with discussion centered on explaining the evolution of a given concept.

RST 551 Contemporary Issues in Leisure credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/551/>)

Provides students with a greater understanding and appreciation of the various disciplines that influence, and are related to, leisure. Examines how these disciplines might influence future research in leisure studies. Prerequisite: RST 550.

RST 555 Diversity in Leisure Behavior credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/555/>)

Examines diversity as it relates broadly to leisure behavior and services, and quality of life issues. Examines leisure diversity in terms of sexual identity, age, social class, gender, race, ethnicity, as well as mental and physical ability.

RST 560 Teaching in the Professoriate credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/560/>)

Same as CHLH 565, KIN 565, and SHS 565. See KIN 565.

RST 570 Cultural Aspects of Tourism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/570/>)

Develops an advanced understanding of relationships between tourists and the toured, including in-depth knowledge of the phenomenon of tourism and its consequences for individuals and societies. Examines the complexity of movement of peoples across cultural boundaries, coupled with theories related to authenticity, modernity, image creation, social justice, diversity, and representation of social, racial and ethnic groups. Same as ANTH 570. Prerequisite: Graduate standing.

RST 584 Management Internship credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/584/>)

Work-study experience in the management aspects of leisure service delivery systems. Students are assigned to agencies in their special fields of study and are closely supervised by University faculty. Prerequisite: RST 484 or graduate standing.

RST 586 Health and Leisure in Recreation, Sport and Tourism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/586/>)

In this graduate course, current issues and trends in research and practice on the topics of leisure, health and wellness across the lifespan are examined as they relate to RST. The variety of ways leisure/recreation affects health/well-being and how health/well-being affects leisure is examined from the perspectives of many disciplines. This course also emphasizes RST policy and program implications and approaches to research and program evaluation (e.g., methodologies, translational, transformative, community participatory). Same as HDFS 586. 4 graduate hours. No professional credit.

RST 590 Doctoral Research Seminar and Colloquium credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/RST/590/>)

Required of all doctoral students for four semesters. Presentations and discussions of current research by doctoral students, faculty members, visiting scholars, and professional leaders. Discussion of topics critical to the academic preparation of doctoral students will also be included, e.g., ethics of conducting research, publication process, grantsmanship, and academic job search. Approved for S/U grading only. May be repeated for up to 4 credit hours toward degree requirements.

RST 593 Special Problems credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/593/>)

Independent research on special projects. May be repeated. Prerequisite: Open only to students majoring in recreation, sport and tourism.

RST 594 Special Topics in Leisure credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/RST/594/>)

Lecture courses in topics of current interest; specific subject matter will be announced in the Class Schedule. Prerequisite: Will be determined for each section offered and will be indicated in the Class Schedule.

RST 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/RST/599/>)

Preparation of thesis in leisure studies. Approved for S/U grading only. May be repeated.

# REHABILITATION COUNSELING (REHB)

REHB Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/REHB/>)

## Courses

REHB 199 Undergraduate Open Seminar credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/199/>)

May be repeated to a maximum of 8 hours.

REHB 314 Introduction to Aging credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/314/>)

Same as CHLH 314, HDFS 314, RST 314, and PSYC 314. See CHLH 314.

REHB 322 Introduction to Intellectual Disability credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/322/>)

Same as PSYC 322 and SPED 322. See SPED 322.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

REHB 330 Disability in American Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/330/>)

Presents a range of issues pertaining to disability including demographics, disability rights, services, policies and current issues. Applies a disability studies perspective in which problems associated with individuals' impairments are seen to result from socially imposed barriers. Same as CHLH 330.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

REHB 401 Introduction to Rehabilitation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/401/>)

Orientation to general field of rehabilitation; includes foundations, resources, assessment, counseling, and placement. 4 undergraduate hours. 4 graduate hours.

REHB 402 Medical Aspects of Disability credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/402/>)

Examination of the scope of physical, mental and cognitive disabilities, their causes, complications, and treatment. 4 undergraduate hours. 4 graduate hours.

REHB 407 Disability, Culture & Society credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/407/>)

Same as ANTH 404, CHLH 407, and KIN 407. See CHLH 407.

REHB 419 Counseling Psychology Pre-Practicum credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/419/>)

Same as EPSY 419. See EPSY 419.

REHB 435 Work and Disability credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/435/>)

Examines theories of job placement, job seeking skills, and techniques for outreach with employees. Focuses on a systems approach to job placement for persons with disabilities. Topics include supported employment, labor market trends, and job restructuring. Lab time with disabled clients who are active in the job search process is required. 2 undergraduate hours. 2 graduate hours.

REHB 501 Rehabilitation Research credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/501/>)

This course has been designed for students who are interested in pursuing a career in rehabilitation and disability research. The course will cover major topics of research methods and techniques used in rehabilitation and disability research. A review of experimental designs and methods, human subject research, and disability related funding agencies will also be covered. 4 graduate hours. No professional credit.

REHB 520 Psycho-Social Aspects credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/520/>)

Study of the social and emotional adjustment of individuals with disabilities; evaluation of effects imposed by societal attitudes; analysis of the implications for rehabilitation professionals in dealing with individuals who have a disability; review of relevant research. Same as SPED 520.

REHB 536 Assessment in Rehabilitation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/536/>)

Theory and practice of vocational evaluation techniques for persons with disabilities. Reviews basic psychometric instruments and adds practical experience with work samples and computer-based testing. Includes hands-on experience in the evaluation of disabled clients. Prerequisite: REHB 401 or one basic course in testing.

REHB 545 Transition and Vocational Planning credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/545/>)

Same as SPED 545. See SPED 545.

REHB 583 Counseling Internship credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/583/>)

Development of individual counseling skills in a rehabilitation setting; emphasis on vocational evaluation and placement skills as developed in case management and planning experiences as well as adjustment to disability, vocational choice, and job placement techniques. May be repeated to a maximum of 8 hours. Prerequisite: REHB 401, REHB 520, REHB 536, and consent of instructor.

REHB 585 Rehabilitation Practicum credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/585/>)

Practical experience in a major area of rehabilitation; discussion/laboratory sections cover such practicum topics related to administration, counseling, or supported employment and other rehabilitation services. Prerequisite: REHB 301 and consent of instructor.

REHB 593 Special Problems credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/593/>)

Independent research on special projects. Open only to majors. May be repeated to a maximum of 8 hours. Prerequisite: REHB 401; consent of instructor.

REHB 594 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/594/>)

Lecture course on topics of current interest; specific subject matter announced in Schedule. May be repeated to a maximum of 8 hours. Prerequisite: Will be determined for each topic and will be indicated in Schedule; REHB 401; consent of instructor.

REHB 599 Thesis Research credit: 0 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/REHB/599/>)

Preparation of thesis in rehabilitation. Approved for S/U grading only. May be repeated to a maximum of 8 hours. Prerequisite: Satisfactory standing in the master's program.

# RELIGION (REL)

REL Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/REL/>)

## Courses

REL 101 Bible as Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/101/>)  
Themes and literary genres in the Bible, emphasizing content important in Western culture. Same as CWL 111 and ENGL 114.  
This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

REL 104 Asian Mythology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/104/>)  
Introductory survey of the mythologies of India, China, and Japan. Same as ASST 104.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

REL 106 Archaeology and the Bible credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/106/>)  
Examination of archaeological evidence, especially from Syria-Palestine, and discussion of its use in the interpretation of Biblical literature.  
This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil

REL 108 Religion & Society in West I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/108/>)  
Introduction to classic writers and texts in Western religious and social thought from antiquity to the Enlightenment, with emphasis on their social and historical contexts. Same as JS 108, ANTH 108, and PHIL 108.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

REL 109 Religion & Society in West II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/109/>)  
Introduction to classic writers and texts in Western religious and social thought from the Enlightenment to the present, with emphasis on their social and historical contexts. Same as ANTH 109 and PHIL 109..  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

REL 110 World Religions credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/110/>)  
Survey of the leading living religions, including Hinduism, Buddhism, Confucianism, Taoism, Judaism, Christianity, and Islam; examination of basic texts and of philosophic theological elaborations of each religion. Same as PHIL 110.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

REL 111 Elementary Greek I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/111/>)  
Same as GRK 101. See GRK 101.

REL 112 Elementary Greek II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/112/>)  
Same as GRK 102. See GRK 102.

REL 115 Language and Culture in India credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/115/>)  
Same as HNDI 115 and LING 115. See LING 115.  
This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West

REL 116 Faith & Self in Global Context credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/116/>)  
Whether in fourth-century North African, tenth-century Japan, fourteenth-century Spain, or twentieth-century America, men and women have wrestled with the question of who they are and how they are to relate to the world. Through autobiographic writings, by reading the words of women and men attempting to make sense of the world and their place in it, we hope to focus attention on the personal dimensions of faith and of cross cultural contact at the same time that we provide an introduction to the worlds' major religions.  
This course satisfies the General Education Criteria for:  
Cultural Studies - Western

REL 120 A History of Judaism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/120/>)  
Examines the social, political, economic, and intellectual history of the Jews from Abraham to the present-day, with particular attention to Jewish thought and society. Same as HIST 168 and JS 120.  
This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil

REL 121 Introduction to Christianity credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/121/>)  
Typological and historical approaches to major forms of Christianity: Eastern Orthodoxy, Catholicism, and Protestantism.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

REL 122 History East Asian Religions credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/122/>)  
Same as EALC 122. See EALC 122.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

REL 132 Zen credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/132/>)  
Introduces the history, teachings, and practice of Zen Buddhism in China and Japan. Same as EALC 132.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

REL 134 Religion, Race, and Resistance credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/134/>)  
Examination of religiously-informed responses to and rejections of racialized oppression in the history of North America, focusing on Native American, African American, and Muslim American experiences. Same as AFRO 134.  
This course satisfies the General Education Criteria for:  
Cultural Studies - US Minority

REL 160 Ancient Greek & Roman Religion credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/160/>)  
Same as CLCV 160. See CLCV 160.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

REL 170 Nature Religion credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/170/>)

Introductory survey of religious traditions that locate sacred realities in the natural world, and of ecological traditions that attribute spiritual significance to nature. Same as ESE 170.

REL 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/REL/199/>)

Undergraduate Open Seminar. May be repeated.

REL 200 Classical & Koine Greek I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/200/>)

Same as GRK 201. See GRK 201.

REL 201 Hebrew Bible in English credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/201/>)

Analyzes the critical issues in the interpretation of the literature of the Hebrew Bible/Old Testament; surveys the history and religion of Ancient Israel with special reference to Israel's setting in the ancient Near East.

Prerequisite: Sophomore standing or consent of instructor.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

REL 202 New Testament in English credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/202/>)

Analyzes the literature of the New Testament in its social and religious setting, with special reference to the ministry and teaching of Jesus, the emergence of the church as a sect within ancient Judaism, and the development of Christian institutions in the Graeco-Roman world.

Prerequisite: Sophomore standing or consent of instructor.

REL 204 Classical & Koine Greek II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/204/>)

Same as GRK 202. See GRK 202.

REL 205 Intensive Biblical Hebrew credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/REL/205/>)

Acquisition of reading knowledge of biblical Hebrew and a familiarity with all major aspects of biblical Hebrew grammar. Same as HEBR 205.

REL 208 Cultures & Literatures of South Asia credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/208/>)

Introduction to the literary traditions of South Asia from the beginnings to the end of the Mughal era. Students will read - in translation - selections from a wide range of texts beginning with the earliest Vedic Hymns to the seventeenth and eighteenth century Sufi poetry and songs. Provides students an understanding of the heterogeneous and rich literary and cultural past of the region. Same as ASST 208, CWL 208, and SAME 208.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Non-West

REL 212 History of Antisemitism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/212/>)

Same as JS 201. See JS 201.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

REL 214 Introduction to Islam credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/214/>)

History of Islamic thought from the time of Muhammad to the present, including the prophethood of Muhammad, the Qur'an, theology and law, mysticism and philosophy, sectarian movements, modernism and legal reform, and contemporary resurgence. Same as SAME 214. Credit is not given for both REL 213 and REL 214.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Non-West

REL 215 African Muslim Societies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/215/>)

Same as AFST 213 and HIST 213. See HIST 213.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Non-West

REL 220 Jewish Storytelling credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/220/>)

Same as CWL 221, ENGL 223, JS 220, and YDSH 220. See YDSH 220.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Western

REL 223 The Qur'an (Koran) credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/223/>)

Introduction to the Qur'an (Koran), the holy scripture of Islam, examining its major doctrines, thematic development, literary style, and its relationship to pre-Qur'anic, especially Biblical, traditions. Special attention is given to various methods Muslims have used to interpret the Qur'an. Same as CWL 223 and SAME 223. Prerequisite: REL 213 or REL 214.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Non-West

REL 224 Chinese Thought and Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/224/>)

Same as EALC 222 and HIST 222. See EALC 222.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Non-West

REL 230 Philosophy of Religion Intro credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/230/>)

Same as PHIL 230. See PHIL 230.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

REL 231 Religion and Philosophy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/231/>)

Introduces students to philosophical and theological perspectives and methodologies by focusing on one or two key thinkers, books, or topics. Study and critical assessment will attend to the larger historical context. Same as PHIL 231.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

REL 232 Ancient Greek Sanctuaries credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/232/>)

Same as ARTH 218, and CLCV 232. See CLCV 232.

REL 235 History of Religion in America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/235/>)  
Examines the religious history of the lands that have become the United States and the people who have become known as Americans through texts written by and about people of all races and creeds. From the precontact era through the twentieth century, this course emphasizes the diversity of American religion, the discord caused by and present in American religion, and the many instances of dialogue that have been a part of America's religious history. Same as HIST 289.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

REL 236 Religion, Violence & America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/236/>)  
Examination of the interactions among religion, violence, and American culture from the colonial period to the twenty-first century. Using a wide range of primary and secondary texts, students will study the perspectives of the perpetrators and victims of religiously motivated and/or religiously justified violence, both in domestic and international affairs. Same as HIST 290.  
This course satisfies the General Education Criteria for:  
Cultural Studies - Western

REL 251 Viking Mythology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/251/>)  
Same as CWL 251, MDVL 251, and SCAN 251. See SCAN 251.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

REL 258 Muslims in America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/258/>)  
Same as AAS 258 and LLS 258. See AAS 258.  
This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci  
Cultural Studies - US Minority

REL 260 Mystics and Saints in Islam credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/260/>)  
Examines mystical concepts and practices in Islam through the ages, through the lives and writings of important mystics and Sufi holy men and women, as well as the integration of mysticism and the Sufi Orders into Muslim society and Islamic orthodoxy. Same as SAME 260. No knowledge of Islam or foreign language is required.  
This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Non-West

REL 269 Jewish History Since 1700 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/269/>)  
Same as HIST 269 and JS 269. See HIST 269.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

REL 270 Religion, Ethics, Environment credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/270/>)  
Introduction to various religious and philosophical perspectives on environmental ethics. Asks whether the religious traditions can provide us with any resources that can help us to deal with contemporary environmental problems. Religious and philosophical perspectives on these topics will be central to the course: attitudes to individual animals, to other species, and in general to non-human nature; the place of human beings in nature; the relative importance of human development and environmental protection; relations between rich and poor; whether we might need to change our conception of what it is to live successfully; and the concepts of stewardship and sustainability.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

REL 283 Jewish Sacred Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/283/>)  
Literary study of the major post-biblical sacred texts of Judaism; includes readings in translation from Mishnah, Tosefta, Talmudim, midrashim, piyyutim, and mystical treatises. Emphasizes nature, history, function, and development of literary patterns and forms and the relationships between form and content in these texts. Same as CWL 283.  
This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

REL 284 Modern Jewish Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/284/>)  
Same as CWL 284, ENGL 284, and JS 284. See JS 284.  
This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

REL 286 Introduction to Hinduism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/286/>)  
Elements of Hindu thought and practice; selected topics presented in historical order and in the context of Indian cultural history (including the present).  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

REL 287 Introduction to Buddhism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/287/>)  
Thematic approach to the history of Buddhism from its origin in India to its spread throughout China and Japan; explores how the doctrinal and social development of Buddhism in East Asia is related to the process of cultural adaptation. Same as EALC 287.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

REL 291 Hinduism in the United States credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/291/>)  
Introduction to the historical, religious, and socio-cultural aspects of Hinduism in the US. The role of Hinduism in the maintenance of the ethnic identity of Indians in the US will be examined in the context of the rituals, languages, temples, family, and other social organizations. The maintenance and/or shift of the features of traditional (Indian) Hinduism in the transplanted counterpart in the US will be examined. Same as AAS 291. Prerequisite: REL 104 or REL 286 or consent of instructor.

REL 308 Psychology of Religion and Spirituality credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/308/>)  
Same as PSYC 308. See PSYC 308.

REL 320 Lit Responses to the Holocaust credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/320/>)  
Same as CWL 320, ENGL 359, JS 320, and YDSH 320. See YDSH 320.  
This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

REL 332 Interfaith Service and Theory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/332/>)  
Students will work for a semester with a partner organization and study academic issues that pertain to interfaith studies and interfaith activities.

REL 335 Religion in Contemp America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/335/>)  
Examines the religious dynamics of the twenty-first century United States. Tasks will be to map the religious landscape of contemporary America, to learn something of the history of the many traditions being practiced and lived in our communities, and then to study a series of salient issues involving people of faith; the emergence of new religions, expressions of religious intolerance, religion and politics, race and religion, and religious interpretations of economics and the market.

REL 340 Love & Sex in Hebrew Lit credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/340/>)  
Same as CWL 341, JS 341, and SAME 341. See CWL 341.

REL 341 Native People and Christianity credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/341/>)  
An interdisciplinary survey of the native religious experience, focusing on the native encounter with Christianity. Charts the cultural context for native religious history and explores native religious diversity in the contemporary period, particularly the relationship between tribal and Christian traditions in reservation and urban communities. Class discussions address the broader theoretical and practical questions raised by the intersections of religion, culture, and politics in a diverse and conflicted world, and are supplemented by audiovisual materials and guest speakers. Same as ANTH 341. Prerequisite: Sophomore standing or consent of instructor.

REL 342 Archaeology of Religion credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/342/>)  
Same as ANTH 340. See ANTH 340.

REL 343 Islamic Philosophy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/343/>)  
Survey of major developments within Islamic philosophy from the early classical to the early modern period. Focuses on the ideas and figures that have shaped Islamic philosophy through the centuries, as well as the contexts in which those ideas were produced. Topics covered include the transmission of Greek philosophy into Arabic. Islamic Peripatetic philosophy, Illuminationism, Shi'ite philosophy, and philosophical Sufism, including the great synthesis of Mulla Sadra.

REL 344 Medieval Jewish Thought credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/344/>)  
Study of the distinctive religious ideas, movements, and figures of Medieval Judaism [500 CE-1700 CE]. Topics include theology, philosophy, Talmudic and Biblical exegesis, mysticism, Jewish-Christian polemics, and law. Emphasis will be placed not only on content and form, but also on historical and social context. Same as JS 344 and MDVL 344.

REL 345 Medieval Civilization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/345/>)  
Same as HIST 345 and MDVL 345. See HIST 345.

REL 346 The Age of the Renaissance credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/346/>)  
Same as HIST 346 and MDVL 346. See HIST 346.

REL 347 Protestant & Catholic Refs credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/347/>)  
Same as HIST 347. See HIST 347.

REL 350 South Asian Goddesses credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/350/>)  
Introduction to the most well-known Hindu goddesses, at both the pan-Hindu and local level, and explores their mythical narratives, associated powers, iconography, and rituals of worship. Presents different methodological approaches scholars employ in the interpretation of goddess worship in South Asia and abroad. Materials are drawn from textual, historical sources as well as contemporary ethnographic research, and seek to include representative figures from different regions throughout India and the Himalayan region. Same as CWL 350 and SAME 350.

REL 390 Independent Study credit: 1 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/REL/390/>)  
Special topics not treated in regularly scheduled courses; designed primarily for upperclassmen. May be repeated. Prerequisite: Evidence of adequate preparation for such study; consent of staff member supervising the work.

REL 393 The World of Jewish Sepharad credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/393/>)  
Same as ANTH 393 and HIST 393. See ANTH 393.  
This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Western

REL 401 Gender and Hinduism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/401/>)  
Exploration of the traditional identities, role and expectations of Hindu women and men, as well as popular Hindu beliefs and lived practices informed by understandings of gender, from the ancient period through the present day. Further, the course assesses the way in which these normative ideologies and gendered practices are being perpetuated and/or challenged in the modern world. Sources will include traditionally authoritative texts and treatises, myths and other historical narratives, contemporary ethnographies, and film. Same as SAME 410. 3 undergraduate hours. 4 graduate hours.

REL 403 Women in Muslim Societies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/403/>)  
Examination of gender ideologies and social realities affecting the lives of women in various Muslim countries. Same as ANTH 403, GLOBL 403, GWS 403, HIST 434, and SAME 403. 3 undergraduate hours. 4 graduate hours. Prerequisite: A course in Islam or the Middle East, or consent of instructor.

REL 405 Jihad and Just War credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/405/>)  
Historical and conceptual overview of jihad and just war. The first half of the course focuses on the origins of these two doctrines and their roles in medieval Islamic and Christian civilizations. The second half focuses on the shifting modern understanding of the relationship of religion to the state and violence, European colonialism, the rise of terrorism, and the War on Terror. 3 undergraduate hours. 4 graduate hours.

- REL 408 Islam & Politics in Mid. East credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/408/>)  
Examines the role of Islam in contemporary politics, the contemporary resurgence of Islam, and the articulation of Islamic approaches to the new economic order, nationalism, and the changing role of women. Same as PS 408 and SAME 408. 3 undergraduate hours. 4 graduate hours.  
Prerequisite: Junior standing or consent of instructor.
- REL 409 Transnational Islam, Europe-US credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/409/>)  
Same as ANTH 402 and ASST 402. See ANTH 402.
- REL 412 Readings in Sanskrit I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/412/>)  
Same as SNSK 403. See SNSK 403.
- REL 413 Readings in Sanskrit II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/413/>)  
Same as SNSK 404. See SNSK 404.
- REL 414 Advanced Biblical Hebrew credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/414/>)  
In-depth study of the grammar and syntax of selected texts from the Hebrew Bible. Texts to be studied will change from year to year. Selections will cover the full range of biblical genres and styles, including prophecy, law, historical narrative, psalms, and wisdom literature. Same as HEBR 414. 3 undergraduate hours. 4 graduate hours. May be repeated for a maximum of 6 undergraduate hours or 8 graduate hours in separate terms. Prerequisite: REL 205, or demonstrated proficiency at the 205 level.
- REL 416 Readings in Rabbinic Midrash credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/416/>)  
Seminar on the foundational text of Judaism- the Midrashic collections (3rd c. - 8th C.E.). We will consider the distinctiveness of Midrashic form and content, and also reflect upon the central methodological issues and problems for the study of this classic corpus. 3 undergraduate hours. 3 graduate hours.
- REL 420 Jewish Life-Writing credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/420/>)  
Same as CWL 421, HIST 436, SLAV 420, and YDSH 420. See YDSH 420.
- REL 424 Philosophy of Religion credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/424/>)  
Same as PHIL 424. See PHIL 424.
- REL 432 Approaches to the Study of Religion credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/432/>)  
Introduction to the principal themes and debates that have animated the academic study of religion since the late nineteenth century. The relationship of religion to society, the economy, the state, culture, tradition, colonialism, and secularism are all considered, drawing on several different disciplines, including anthropology, sociology, philosophy and history. 3 undergraduate hours. 4 graduate hours.
- REL 434 History of Jews in Diaspora credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/434/>)  
Same as HIST 433. See HIST 433.
- REL 435 Revivalism and Evangelicalism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/435/>)  
Examination of the history of revivalistic and evangelical Christianities in North America from the colonial period to the twenty-first century. A combination of primary texts and scholarly studies will focus on religious, social, and political legacies, and the current shape of evangelical Christianity in America. Same as HIST 486. 3 undergraduate hours. 4 graduate hours.
- REL 436 Religion in America: 1900-1941 credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/436/>)  
An exploration of the religious lives and thoughts of Americans in the first four decades of the twentieth century and the many overlapping issues confronting American society and American religion during that time. Focuses on four themes: debates over the meaning of modernity, understandings of the relationship between religion and society, the gendering of faith, and the relationship between religion and American identity. 3 undergraduate hours. 4 graduate hours. Prerequisite: REL 235 or REL 236.
- REL 437 Religion in American Cinema credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/437/>)  
By using films from the 1940s-2010s we will examine the changing religious dynamics of modern American society. We will also use the conceptual tools of religious studies to describe Americans' changing relationships to cinema. 3 undergraduate hours. 4 graduate hours.  
Prerequisite: Course work in the religious history of the United States or in film studies.
- REL 439 Catholicism in the United States credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/439/>)  
Examines Catholic experiences in America from the colonial period to the present day. Mindful of the institutions that make Catholicism a credibly global community and of the diversity that has always characterized Catholic thought and practice, we will seek to highlight distinctive features of Catholicism in the United States and to chart changes in "American" Catholicism over time. 3 undergraduate hours. 4 graduate hours.
- REL 440 Early Christian Thought credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/440/>)  
Study of major developments in early Christian thought (first four centuries) through discussion of primary texts in translation. Same as MDVL 440. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: REL 121 or REL 202, or consent of instructor.
- REL 442 History of Early Judaism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/442/>)  
The history of Judaism from Ezra to the rise of Islam: Hellenism and Judaism, varieties of Judaism, Palestinian Judaism and its documents, Babylonian Judaism, the rabbis, and popular Jewish culture. Same as HIST 432 and JS 442. 3 undergraduate hours. 4 graduate hours.  
Prerequisite: Credit in one course in religion at the 200-, 300-, or 400-level, or consent of instructor.
- REL 461 Indigenous Traditions credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/461/>)  
Interdisciplinary seminar on indigenous religious traditions, focusing especially on the study of native North American religions. 3 undergraduate hours. 4 graduate hours.
- REL 463 Religion and Society credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/463/>)  
Same as ANTH 463. See ANTH 463.
- REL 464 Theories & Theologies of Liberation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/464/>)  
Same as AAS 464, ANTH 464, and GWS 464. See GWS 464.
- REL 472 Kierkegaard and the Self credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/472/>)  
Same as CWL 472, PHIL 472, and SCAN 472. See SCAN 472.
- REL 478 19thC US Intel & Cultr Hist credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/478/>)  
Same as HIST 479. See HIST 479.

REL 479 20th Century US Culture Wars credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/479/>)  
Same as HIST 481. See HIST 481.

REL 480 Islamic Law credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/480/>)

Introduction to Islamic legal philosophy and the historical evolution of Islamic legal and jurisprudential system. Begins by studying the origins, nature, sources and interpretive methodologies of classical Islamic law, and the main institutions for upholding this law, the madhhab, or school of law, examining its development from the formative to the post-formative periods and highlighting important controversies generated along the way. Then looks at the early encounter of Islamic law with modernity. Followed by an exploration of several contemporary topics that have served as catalysts for new tensions and alternative approaches and interpretive theories. 3 undergraduate hours. 4 graduate hours. Prerequisite: Previous coursework on Islam or consent of instructor.

REL 481 Muslim Ethics in Global Age credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/481/>)

Exploration of contemporary, often revisionist Muslim ideas on a broad range of ethical issues that face societies today, such as human rights, democracy, gender equality, just war, pluralism, and bioethics. Same as SAME 481. 3 undergraduate hours. 4 graduate hours. Prerequisite: Previous coursework on Islam or the Middle East.

REL 482 Muslim-Christian Interactions credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/482/>)

Explores the complexity of Muslim-Christian interactions since early Islam, including theological and philosophical exchanges, debates, polemics, interfaith dialogue, perceptions of each other, Muslim minorities in the West, and Christian minorities in the Muslim world, and the relationship of religion to culture. 3 undergraduate hours. 4 graduate hours.

REL 484 Buddhist Meditation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/484/>)

Examines classical systems of Buddhist meditation and their relation to Buddhist psychology and world view. Same as EALC 484. 3 undergraduate hours. 3 graduate hours. Prerequisite: REL 287 or consent of instructor.

REL 488 History of Chinese Buddhism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/488/>)  
Same as EALC 488. See EALC 488.

REL 493 Honors Senior Thesis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REL/493/>)

Two-term research project. 3 undergraduate hours. No graduate credit. May be repeated in separate terms for a total of 6 undergraduate hours. Prerequisite: Senior majors in religion who are eligible for graduating with distinction from the program.

REL 494 Topics in Religious Thought credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/494/>)

Various topics in religious thought. 3 undergraduate hours. 4 graduate hours. May be repeated as topics vary.

REL 495 Topics in Asian Religions credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/495/>)

Topics in Hinduism, Buddhism, Taoism, and other Asian religious traditions. Same as EALC 495. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours as topics vary. Prerequisite: Sophomore standing or consent of instructor.

REL 496 Topics in History of Judaism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/496/>)

Examination of two or three of the most important practices, beliefs, icons, texts, myths, and spiritual encounters that have and continue to shape Judaism as a religion. Same as JS 496. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours.

REL 498 Topics in Biblical Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/498/>)

Detailed interpretation of selected books of the Bible. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours as topics vary.

REL 504 Genesis in History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/504/>)

Survey of Jewish and Christian cultural reception of Genesis in the ancient and medieval worlds. Examines techniques of exegesis and strategies of interpretation in the ancient world, such as allegory, narrative expansion, and retelling. Engages with foundational studies of modern scholarship on biblical reception. While focusing on the initial chapters of Genesis, we will also explore the appropriation of Abraham traditions and the Joseph story. Same as MDVL 504.

REL 510 Graduate Intro to Religion credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/510/>)

Introduction for first semester graduate students to selected methods and techniques for conducting research in the area of Religion. Students will receive general guidance on strategies for conducting bibliographic research and designing research projects. Includes study of some currently salient issues and areas of inquiry in a number of disciplines pertaining to the study of religion. The course will be supervised by one professor and will offer a series of presentations on several methodologies and historical issues by experts in various fields. 4 graduate hours. No professional credit.

REL 511 Seminar in Study of Religion credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/511/>)

Intensive study of select topics or issues in the study of religion. May be repeated in the same or separates terms as topics vary.

REL 514 Islamic Theology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/514/>)

Study of the language, arguments and schools of classical Islamic theology, mainly through direct study of English translations of theological texts from two different theological schools. Same as SAME 514.

REL 515 History of Jewish Theology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/515/>)

Study of Israelite and Jewish thought from the biblical to modern period. Particular attention will be paid to theological matters and to the historical, cultural and intellectual challenges that engendered a re-thinking and re-conceptualization of the Jewish faith.

REL 520 Hindu Pilgrimage, Power & Place credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REL/520/>)

This course undertakes a critical examination of the nature and practices of Hindu pilgrims, pilgrimages, and pilgrimage sites. We will examine central beliefs and practices of lived religion in the Hindu tradition and situate Hindu pilgrimage within the broader context of pilgrimage and related discussions of power and place. Same as SAME 520. 4 graduate hours. No professional credit.

REL 535 Historiography of Religion in America credit: 4 Hours.

(<https://courses.illinois.edu/schedule/terms/REL/535/>)

Immerses students in major works of recent American religious history. Written from multiple disciplinary perspectives and wrestling with the knotty problems in which religion has been interwoven, these books will give the student a solid foundation in American religious history. Same as HIST 574. 4 graduate hours. No professional credit.

REL 564 Global Religion and Politics credit: 4 Hours. ([https://](https://courses.illinois.edu/schedule/terms/REL/564/)

[courses.illinois.edu/schedule/terms/REL/564/](https://courses.illinois.edu/schedule/terms/REL/564/))

Same as SAME 564 and SOC 564. See SOC 564.

REL 567 Mahayana Buddhism credit: 4 Hours. ([https://](https://courses.illinois.edu/schedule/terms/REL/567/)

[courses.illinois.edu/schedule/terms/REL/567/](https://courses.illinois.edu/schedule/terms/REL/567/))

An investigation of Buddhist core notions as conceived from the point of view of the three Major Mahayana traditions with an examination of the ways in which these Mahayana traditions are presented in modern and early modern scholarship. At stake is the fundamental hermeneutic issue of the ways in which the "moderns" look at pre-modern thought, that is, the questions of the historical situatedness of thought. Prerequisite: At least one previous course in Buddhism or consent of instructor.

REL 568 Popular Religion in East Asia credit: 4 Hours. ([https://](https://courses.illinois.edu/schedule/terms/REL/568/)

[courses.illinois.edu/schedule/terms/REL/568/](https://courses.illinois.edu/schedule/terms/REL/568/))

Study of the history of East Asian religions through primary and secondary sources primarily focusing on Buddhism and indigenous faiths. Students will gain an understanding of the social and historical character of popular religion through East Asia. Same as EALC 567. Prerequisites: Graduate Students majoring in East Asian religions must be prepared to read some primary sources written in the original language; graduate students in the other majors are not required to read in the original language.

REL 590 Independent Study credit: 2 to 6 Hours. ([https://](https://courses.illinois.edu/schedule/terms/REL/590/)

[courses.illinois.edu/schedule/terms/REL/590/](https://courses.illinois.edu/schedule/terms/REL/590/))

Special topics not treated in regularly scheduled courses; for graduates. 2 to 6 graduate hours. No professional credit. May be repeated. Prerequisite: Evidence of adequate preparation for such study and consent of staff member supervising the work.

REL 599 Thesis Research credit: 0 to 16 Hours. ([https://](https://courses.illinois.edu/schedule/terms/REL/599/)

[courses.illinois.edu/schedule/terms/REL/599/](https://courses.illinois.edu/schedule/terms/REL/599/))

Researching and writing a thesis in consultation with a faculty adviser. 0 to 16 graduate hours. No professional credit. Approved for S/U grading only. May be repeated. The M.A. program in Religion allows students to receive a maximum of 8 hours for the M.A.

# RHETORIC AND COMPOSITION (RHET)

---

RHET Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/RHET/>)

## Courses

RHET 101 Principles of Writing credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RHET/101/>)

Instruction in structuring academic, argumentative essays, including how to develop thesis statements and use evidence across different types of writing. This course is the first semester of a two-semester sequence (RHET 101 - RHET 102) that fulfills the campus Composition I general education requirement. This course includes weekly individual tutorials. Credit is not given for both RHET 101 and RHET 105. Prerequisite: Placement in RHET 101.

This course satisfies the General Education Criteria for:  
Composition I

RHET 102 Principles of Research credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RHET/102/>)

Continued instruction in structuring academic, argumentative essays; concentrating on the use of primary and secondary sources as evidence in research-based arguments. Second semester of a two-semester sequence (RHET 101 - RHET 102) that fulfills the campus Composition I general education requirement. This course includes weekly individual tutorials. Credit is not given for both RHET 102 and RHET 105. Prerequisite: RHET 101.

This course satisfies the General Education Criteria for:  
Composition I

RHET 105 Writing and Research credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RHET/105/>)

Introduction in research-based writing and the construction of academic, argumentative essays that use primary and secondary sources as evidence. This course fulfills the Campus Composition I general education requirement. Credit is not given for both RHET 105 and any of these other Comp I courses: RHET 101, RHET 102, CMN 111 or CMN 112. This course satisfies the General Education Criteria for:  
Composition I

RHET 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/RHET/199/>)

May be repeated.

RHET 233 Adv Rhetoric & Composition credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RHET/233/>)

Instruction in developing research-based arguments of moderate complexity within a special topics format. Introduction to the use of multimodal or other non-print resources as evidence in written arguments. Prerequisite: Completion of campus Composition I general education requirement.

This course satisfies the General Education Criteria for:  
Advanced Composition

# ROMANCE LINGUISTICS (RMLG)

---

RMLG Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/RMLG/>)

## Courses

RMLG 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/RMLG/199/>)

May be repeated.

RMLG 417 Topics in the History of Romance Languages credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RMLG/417/>)

Same as FR 417 and MDVL 417. See FR 417.

RMLG 435 Introduction to Romance Linguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RMLG/435/>)

Same as FR 462, ITAL 435, LING 462, PORT 435, and SPAN 435. See SPAN 435.

RMLG 559 Sem Romance Ling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RMLG/559/>)

Same as FR 559, ITAL 559, LING 559, PORT 559, and SPAN 557. See SPAN 557.

# RURAL SOCIOLOGY (RSOC)

---

RSOC Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/RSOC/>)

## Courses

RSOC 110 Intro to Rural Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RSOC/110/>)

Basic concepts for understanding and analyzing rural society; topics include changes in major rural institutions, impacts of technological change on rural people and communities, demographic patterns and trends, migration, rural minorities and subcultures, the city-countryside relationship, emerging controversies and conflicts in rural areas, and cross-cultural comparisons of rural life.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

RSOC 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/RSOC/199/>)

May be repeated.

RSOC 270 Global Demography credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RSOC/270/>)

Same as SOC 270. See SOC 270.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

RSOC 447 Environmental Sociology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RSOC/447/>)

Same as ENVS 447 and SOC 447. See SOC 447.

# RUSSIAN (RUSS)

RUSS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/RUSS/>)

## Courses

RUSS 101 First-Year Russian I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/101/>)

Oral-aural practice and elements of grammar, reading, and writing. For students who have no credit in Russian.

RUSS 102 First-Year Russian II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/102/>)

Continuation of RUSS 101. Oral-aural practice and elements of grammar, reading, and writing. Prerequisite: RUSS 101.

RUSS 115 Intro to Russian Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/115/>)

Introduction to the culture of Russia and the USSR. Course addresses two central themes. First, the very distinctiveness of Russian culture, and the functions of that notion within Russia and for outsiders; Second, Russia as a cultural space between East and West. We will explore Russian culture through the following, the language(s); foundational narratives of collective memory going back to the medieval times; the cultural impact of colonial subjugation both by and of peoples to the East, South, and West; Russian Orthodoxy's connection with the political and cultural spheres; peak achievements in literature, music, architecture and visual arts. Same as REES 116.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Western

RUSS 122 Russia and Black America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/122/>)

A survey of the interactions and intersections between key African American figures and cultural practices, and Russian imperial, Soviet, and post-Soviet culture, in a historical, social, and political context, with emphasis on Russian-sourced cultural transfers that influenced and sometimes shaped the Black American experience and which functioned as the currency and medium of the African American–Russian connection. Same as CWL 122.

This course satisfies the General Education Criteria for:

Cultural Studies - US Minority

RUSS 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/199/>)

May be repeated.

RUSS 201 Second-Year Russian I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/201/>)

Oral-aural practice, systematic functional grammar, reading, and writing. Prerequisite: RUSS 102 or equivalent.

RUSS 202 Second-Year Russian II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/202/>)

Systematic review of the structure of Russian covered in RUSS 101, RUSS 102, and RUSS 201 through class lectures, drills, and homework exercises. Prerequisite: RUSS 201.

RUSS 219 Russian Cinema Survey credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/219/>)

Survey of Russian and Soviet film, from Eisenstein to the present. Weekly film screenings. No knowledge of Russian required.

RUSS 220 Golden Age of Russian Lit credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/220/>)

Survey of Russian literature in the long 19th century; romanticism, realism, nationalism, orientalism, empire; writers may include Pushkin, Gogol, Lermontov, Pavlova, Turgenev, Dostoevsky, Tolstoy, Chekhov, and others; reading and discussion in English. Same as CWL 227.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

RUSS 225 Russian Lit and Revolution credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/225/>)

Major works from 1900 to the present; futurism, modernism, Stalinism, post-modernism, and after; writers may include Mayakovsky, Babel, Olesha, Akhmatova, Bulgakov, Nabokov, Solzhenitsyn, Tolstaya, and others; readings and discussion in English. Same as CWL 249.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

RUSS 260 Medicine & Russian Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/260/>)

Examines cultural significance of medicine and the figure of the physician, and understandings of illness and health, primarily in literature of Russia and the USSR from the 1860s to present. Asks what larger issues are at stake in the literary representation of medical practice by physicians and non-physicians alike in the Russian and Soviet contexts; investigates what medicine and literature offer each other, and the bearing on this of the latter's formal, aesthetic qualities. Considers how medical practice is conditioned by the broader culture, how medical discourse, knowingly or unknowingly, 'borrows' from, is conditioned by, or otherwise reciprocally involved with other greater or peripheral discursive spheres. Reads fiction by leading literary figures who were physicians (Chekhov, Bulgakov, Veresaev, and Aksyonov); fiction by "lay" authors about doctors and medical practice (such as Solzhenitsyn); memoirs by physicians (tales of training and practice, apologies, denunciations); memoirs by patients; 'real' and fictional case histories; theoretical and methodological readings.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

RUSS 261 Intro Russian-Jewish Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/261/>)

Introduction to the interaction of the intellectual, artistic, political, social, and religious life of the Jewish community in Russia through film, literature, art and historical record. Same as HIST 261.

This course satisfies the General Education Criteria for:

Humanities - Hist Phil

Cultural Studies - Western

RUSS 290 Readings in Russian credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/290/>)

Individual topics or projects chosen in consultation with a Slavic Department representative. May be repeated to a maximum of 8 hours. Prerequisite: RUSS 202 or equivalent proficiency.

RUSS 301 Third Year Russian I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/301/>)

Grammar review; training in writing Russian; translation from English and free composition. Prerequisite: RUSS 202 or consent of instructor.

**RUSS 302** Third Year Russian II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/302/>)  
Practice in intermediate-level speaking, listening, reading, and writing, based upon advanced grammar and conversation topics and upon readings from current fiction and non-fiction. Students are expected to write essays and give oral reports based on in-class assignments and outside interests. Prerequisite: RUSS 301 or consent of department.

**RUSS 305** Business Russian credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/305/>)  
Basic tools and skills for conducting business in Russian, including introduction to Russian economy, banking, insurance, media, internet technology, advertising, law and culture, practicum in writing the c.v and business correspondence in Russian. Prerequisite: Successful completion of RUSS 301 or consent of instructor.

**RUSS 320** Russian Writers credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/320/>)  
Focused study of the work of a single Russian writer, or the comparison of that writer with another major author, in translation. No Russian required. Same as CWL 321. May be repeated in separate terms to a maximum of 6 hours, if topics vary. Prerequisite: At least one other college literature course or consent of instructor.

**RUSS 322** Dostoevsky credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/322/>)  
Introduction to the major works of Fyodor Mikhailovich Dostoevsky. No Russian required. Same as CWL 324 and ENGL 322. May be repeated up to 6 credit hours in separate terms. Prerequisite: At least one other college literature course or consent of instructor.

**RUSS 323** Tolstoy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/323/>)  
Introduction to the major works of Lev Tolstoy. No Russian required. Same as CWL 323 and ENGL 323. May be repeated up to 6 credit hours in separate terms, if topics vary. Prerequisite: One other college literature course or consent of instructor.

**RUSS 325** Chekhov credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/325/>)  
Introduction to the major works of playwright and author Anton Chekhov. Same as CWL 325 and THEA 362. Prerequisite: At least one other literature course or consent of instructor.

**RUSS 335** Nabokov credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/335/>)  
Nabokov's Russian and American novels read in a comparative context. All works in English, no knowledge of Russian is required. Same as CWL 335. Prerequisite: At least one other college-level literature course or consent of instructor.

**RUSS 401** Fourth Year Russian I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/401/>)  
Practice in advanced speaking, listening, reading, and writing, based upon reading selected from current fiction and non-fiction, and covering a wide variety of styles: literary, conversational, scientific, etc. Course taught in Russian. Students are expected to write essays and give oral reports based on what they read in class and on their outside interests. 3 undergraduate hours. 3 graduate hours. Prerequisite: Three years of college Russian or consent of instructor.

**RUSS 402** Fourth Year Russian II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/402/>)  
Practice in advanced speaking, listening, reading, and writing, based upon reading selected from current fiction and non-fiction, and covering a wide variety of styles: literary, conversational, scientific, etc. Course taught in Russian. Students are expected to write essays and give oral reports based on what they read in class and on their outside interests. 3 undergraduate hours. 3 graduate hours. Prerequisite: RUSS 401 or consent of instructor.

**RUSS 418** 18th Century Literature credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/418/>)  
Reading of texts; historical and literary background of the period. 3 undergraduate hours. 4 graduate hours.

**RUSS 424** Russian Modernism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/424/>)  
Representative works of the period 1880 to 1917, with emphasis on Chekhov, Gorky, and Blok; readings for non-majors and class discussions in English. Same as CWL 457. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing or consent of instructor.

**RUSS 438** Modern Russian Poetry credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/438/>)  
Study of major Russian poets and their works from romanticism to the present. Historical background, textual analysis and connections with Western European poetry. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Consent of instructor.

**RUSS 444** Problems in Romanticism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/444/>)  
Study of major authors of the romantic period, and some lesser authors. Historical background, textual analysis, and connections with Western European romanticism. Same as CWL 444. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Consent of instructor.

**RUSS 445** Problems in Realism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/445/>)  
Study of the major texts of nineteenth century Russian realism, including works by Turgenev, Goncharov, Nekrasov, Dostoevsky, and Tolstoy. Historical background, relevant intellectual currents, textual analysis, and connections with Western European realist authors. Same as CWL 445. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Consent of instructor.

**RUSS 460** Russian Culture Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/460/>)  
Role of Russian literature in the social, political, and intellectual life of Russia from the 1840s to the present. Same as CWL 440. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Junior standing.

**RUSS 461** Russia and the Other credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/461/>)  
Interdisciplinary and comparative topics including, but not limited to: Russia and the West, Russia and the East, the Cold War, and post-Soviet cultural studies. Same as CWL 466. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours. Prerequisite: Russian course at the 200 or 300 level or consent of instructor.

RUSS 465 Russian-Jewish Culture credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/465/>)

Study of Russian-Jewish cultural, social, and political life through literature and film. No Russian required. 3 undergraduate hours. 4 graduate hours. Prerequisite: One literature course in the Slavic department at the 200 or 300 level, or consent of instructor.

RUSS 466 Russian Women's Writing credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/466/>)

Study of fiction and non-fiction writing by Russian women, including discussion of historical context and feminist theory. 3 undergraduate hours. 4 graduate hours. Prerequisite: One literature course in the Slavic department at the 200 or 300 level, or consent of instructor.

RUSS 474 Russian Translation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/474/>)

Theory and practice of translation in Russia from the eighteenth century to the present; "literal" versus "creative" translation; and practical work in translation into English of various Russian texts. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: RUSS 302 or equivalent.

RUSS 493 Honors Senior Thesis credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/493/>)

Intended primarily for candidates for honors in Russian but open to other seniors. 2 undergraduate hours. No graduate credit. May be repeated. Prerequisite: Senior standing.

RUSS 501 Russian for Grad Students I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/501/>)

Provides training in academic Russian for graduate students in social sciences and humanities. Designed for advanced learners of Russian who are interested in developing more specialized language skills. The content of the course will be tailored to the needs of the specific group. May be repeated to a maximum of 8 hours. Prerequisite: RUSS 402 or consent of instructor.

RUSS 502 Russian for Grad Students II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/502/>)

Continuation of Russian 501. Provides training in academic Russian for graduate students in social sciences and humanities. Designed for advanced learners of Russian who are interested in developing more specialized language skills. The content of the course will be tailored to the needs of the specific group. May be repeated to a maximum of 8 hours. Prerequisite: RUSS 501 or consent of instructor.

RUSS 511 Russian Literature 1800-1855 credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/511/>)

Graduate-level study of major literary trends and developments in Russian literature from 1800-1855, from early romanticism to the emergence of a realist tradition, in criticism, drama, poetry, and prose. Prerequisite: Ability to read in Russian.

RUSS 512 Russian Literature 1855-1905 credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/512/>)

Graduate-level survey of Russian literature of the second half of the nineteenth century, tracing the emergence, blossom, and decline of the great Russian realist novel, as well as the social and ideological debates of the 1850s and 1860s that were that form's most significant context. Explores the emergence and varied meanings of the term "realism" in Russian literature and criticism of the nineteenth century and will cover the rise of the short form in the 1880s and then, of Russian Decadence/Symbolism in the 1890s. Key developments in Russian drama will also be covered: Ostrovskii, Sukhovo-Kobylin, Chekhov and the Moscow Art Theater. Prerequisite: Ability to read in Russian.

RUSS 520 Russian Writers credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/520/>)

Study of a Russian author's works in the original Russian, historical and philosophical contexts, current critical approaches. May be repeated to a maximum of 8 hours.

RUSS 521 Gogol credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/521/>)

Study of Nikolai Gogol's works in the original Russian, historical contexts, and current critical approaches. 4 graduate hours. No professional credit.

RUSS 522 Dostoevsky credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/522/>)

Study of Dostoevsky's works in the original Russian, historical and philosophical contexts, current critical approaches. May be repeated to a maximum of 8 hours.

RUSS 523 Tolstoy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/523/>)

Study of Tolstoy's works in the original Russian, of their historical and philosophical context, and of current critical approaches to Tolstoy's works. 4 graduate hours. No professional credit.

RUSS 524 Pushkin credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/524/>)

Study of Alexander Pushkin's works in the original Russian, of their historical context, and of current critical approaches to Pushkin's works. 4 graduate hours. No professional credit.

RUSS 535 Nabokov credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/RUSS/535/>)

Study of Nabokov's Russian and American novels in the original Russian and English, read in a comparative and theoretical context. Same as CWL 535. Prerequisite: Knowledge of Russian or consent of instructor.

# RUSSIAN, EAST EUROPEAN AND EURASIAN STUDIES (REES)

REES Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/REES/>)

## Courses

REES 115 Intro to Polish Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REES/115/>)

Same as POL 115. See POL 115.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Western

REES 116 Intro to Russian Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REES/116/>)

Same as RUSS 115. See RUSS 115.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Western

REES 200 Intro to Russia and Eurasia credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REES/200/>)

Survey of the societies and states formerly constituted as the Soviet Union. Interdisciplinary and team-taught. Combines lectures, discussions, and films covering the history, political science, economics, sociology, and culture of the area.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

REES 201 Introduction to Eastern Europe credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REES/201/>)

Interdisciplinary survey of Eastern Europe focusing mostly on the 20th century to the present, exploring issues of nationalism, socialism, post socialism and EU accession. Focuses on Central Europe and the Balkans, but also references the Baltic States, Belarus, Ukraine, and Russia. Students will learn about the region using perspectives and methodology from historical, economic, political, sociological and anthropological texts.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

REES 265 Central Asian Societies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REES/265/>)

Same as SAME 265 and SOC 265. See SOC 265.

REES 296 Special Topics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REES/296/>)

Topics in the interdisciplinary study of Russia, Eastern Europe, and Eurasia. Approved for letter and S/U grading. May be repeated in separate terms to a maximum of 6 hours.

REES 325 Social Media and Global Change credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REES/325/>)

Same as AFST 325, ASST 325, EPOL 325, EPS 325, EURO 325, INFO 325, LAST 325, and SAME 325. See EPS 325.

REES 390 Individual Study or Research credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REES/390/>)

Directed reading or research on selected topics. May be repeated to a maximum of 6 hours. Prerequisite: Consent of instructor supervising the work.

REES 477 Post-Communist Fiction credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REES/477/>)

Same as SLAV 477 and CWL 477. See SLAV 477.

REES 493 Honors Senior Thesis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REES/493/>)

Undergraduate honors thesis. 3 undergraduate hours. No graduate credit.

May be repeated to a maximum of 6 hours. Prerequisite: REES major with senior standing and 3.5 grade-point average; consent of instructor supervising the work and the REEC director.

REES 495 Senior Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/REES/495/>)

Interdisciplinary seminar normally taken in the senior year. Involving faculty in a number of disciplines, this course approaches understanding Russia, Eastern Europe, and Eurasia and the methodologies of its study through questions of identities, cultural values, and change. Taught in conjunction with REES 550. 3 undergraduate hours. No graduate credit. Prerequisite: Declared major in Russian, East European, and Eurasian Studies or consent of instructor; junior or senior standing.

REES 496 Topics in REEE Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/REES/496/>)

Topics in the interdisciplinary study of Russia, Eastern Europe, and Eurasia. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 9 undergraduate hours or 12 graduate hours.

REES 550 Seminar in REEE Studies credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REES/550/>)

Interdisciplinary seminar involving faculty in a number of disciplines.

The course examines Russia, Eastern Europe, and Eurasia and the methodologies of its study through questions of identities, cultural values, and change.

REES 590 Individual Study or Research credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/REES/590/>)

Directed reading or research on selected topics for graduate students.

May be repeated in the same or separate terms to a maximum of 8 graduate hours. Prerequisite: Consent of instructor supervising the work.

REES 596 Topics in REEE Studies credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/REES/596/>)

Topics in the interdisciplinary study of Russia, Eastern Europe, and Eurasia. May be repeated to a maximum of 12 graduate hours.

REES 599 Thesis Research credit: 0 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/REES/599/>)

Designed to meet the thesis requirement for the M.A. in Russian, East European, and Eurasian Studies; taken under supervision of a faculty member in the Russian, East European, and Eurasian Center. Approved for S/U grading only. May be repeated to a maximum of 8 hours. Prerequisite: Enrollment in the M.A. program in REES and consent of the Director of the Russian, East European, and Eurasian Center.

## S. ASIAN & MIDDLE EASTERN (SAME)

SAME Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SAME/>)

### Courses

SAME 150 Lang&Culture of Arab World credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/150/>)

Same as ARAB 150. See ARAB 150.

This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West

SAME 152 The New Middle East credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/152/>)

Same as PS 152. See PS 152.

This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West  
Social Beh Sci - Soc Sci

SAME 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/199/>)

Special topics in Middle Eastern or South Asian studies; content is variable. May be repeated in the same or separate terms if topics vary.

SAME 208 Cultures & Literatures of South Asia credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/208/>)

Same as ASST 208, CWL 208 and REL 208. See REL 208.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Non-West

SAME 211 The Arab-Israeli Conflict credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/211/>)

Same as CWL 211 and JS 211. See CWL 211.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

SAME 212 Israeli Cinema and Television credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/212/>)

Same as CWL 212 and JS 212. See JS 212.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

SAME 214 Introduction to Islam credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/214/>)

Same as REL 214. See REL 214.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil  
Cultural Studies - Non-West

SAME 223 The Qur'an (Koran) credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/223/>)

Same as CWL 223, REL 223. See REL 223.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Non-West

SAME 250 Introduction to Middle East Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/250/>)

Introduction to the study of the region known as the "Middle East." Students will gain an appreciation of the variety of cultures, ethnicities, and religious traditions in the region, as well as how recent history has changed long standing norms, and the resulting challenges.

This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West

SAME 260 Mystics and Saints in Islam credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/260/>)

Same as REL 260. See REL 260.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Non-West

SAME 265 Central Asian Societies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/265/>)

Same as REES 265 and SOC 265. See SOC 265.

SAME 272 Language and Culture in Turkey credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/272/>)

Same as ANTH 272, GLOBL 272, and TURK 270. See TURK 270.

This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West

SAME 325 Social Media and Global Change credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/325/>)

Same as AFST 325, ASST 325, EPOL 325, EPS 325, EURO 325, INFO 325, LAST 325, and REES 325. See EPS 325.

SAME 341 Love & Sex in Hebrew Lit credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/341/>)

Same as CWL 341, JS 341 and REL 340. See CWL 341.

SAME 350 South Asian Goddesses credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/350/>)

Same as CWL 350 and REL 350. See REL 350.

SAME 403 Women in Muslim Societies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/403/>)

Same as ANTH 403, GLOBL 403, GWS 403, HIST 434, and REL 403. See REL 403.

SAME 408 Islam & Politics in Mid. East credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/408/>)

Same as PS 408 and REL 408. See REL 408.

SAME 410 Gender and Hinduism credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/410/>)

Same as REL 401. See REL 401.

SAME 454 Topics in Israeli Lit & Culture credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/454/>)

Same as CWL 454 and JS 454. See CWL 454.

SAME 481 Muslim Ethics in Global Age credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/481/>)

Same as REL 481. See REL 481.

SAME 490 Special Topics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/490/>)

Study of selected topics in Middle Eastern studies; content is variable. Check Class Schedule for specific topics each semester. 3 undergraduate hours. 4 graduate hour. May be repeated in separate terms as topics vary to a maximum of 6 undergraduate hours or 12 graduate hours.

SAME 514 Islamic Theology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/514/>)

Same as REL 514. See REL 514.

SAME 520 Hindu Pilgrimage, Power & Place credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/520/>)  
Same as REL 520. See REL 520.

SAME 564 Global Religion and Politics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/564/>)  
Same as REL 564 and SOC 564. See SOC 564.

SAME 590 Independent Study credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/590/>)  
Directed reading or research on selected topics for graduate students. 0 to 4 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated in separate terms up to 8 hours. Prerequisite: Graduate standing and consent of instructor supervising the work.

SAME 599 Thesis Research credit: 0 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SAME/599/>)  
Researching and writing a thesis in consultation with a faculty adviser. 0 to 8 graduate hours. No professional credit. Approved for S/U grading only. May be repeated in separate semesters to a maximum of 8 hours. Prerequisite: Enrollment in the M.A. program in Middle Eastern or South Asian Studies and consent of the Director of the Center for South Asian and Middle Eastern Studies.

# SANSKRIT (SNSK)

---

SNSK Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SNSK/>)

## Courses

SNSK 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/SNSK/199/>)

May be repeated.

SNSK 201 Elementary Sanskrit I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SNSK/201/>)

Introduction to Sanskrit, treating in full the grammar of the language as preparation for reading.

SNSK 202 Elementary Sanskrit II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SNSK/202/>)

Continuation of SNSK 201. Prerequisite: SNSK 201.

SNSK 403 Readings in Sanskrit I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SNSK/403/>)

Introduction to the reading of Sanskrit texts. Same as REL 412. 3 undergraduate hours. 4 graduate hours. Prerequisite: SNSK 202.

SNSK 404 Readings in Sanskrit II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SNSK/404/>)

Readings in Sanskrit texts. Topics may vary according to students' needs; they may include religious texts, classical literature, or a general survey of texts. Same as REL 413. 3 undergraduate hours. 4 graduate hours.

May be repeated if topics vary. Prerequisite: SNSK 403 and consent of instructor.

# SCANDINAVIAN (SCAN)

SCAN Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SCAN/>)

## Courses

SCAN 101 Beginning Scandinavian I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/101/>)

First course in the Scandinavian language sequence (usually Swedish). Instruction is by immersion, emphasis is on basic skills: reading, writing, speaking, and aural comprehension.

SCAN 102 Beginning Scandinavian II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/102/>)

Second course in the Scandinavian language sequence (usually Swedish). Instruction is by immersion, emphasis is on further developing basic skills: reading, writing, speaking, and aural comprehension. Prerequisite: SCAN 101 or consent of instructor.

SCAN 103 Intermediate Scandinavian I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/103/>)

Third course in the Scandinavian language sequence (usually Swedish). Emphasis is on conversational skills, discussion techniques and aural comprehension through the study of authentic texts, television and films, with emphasis on learning about contemporary issues in Sweden, including its relationship to the European Union. Instruction is by immersion. Prerequisite: SCAN 102 or consent of instructor.

SCAN 104 Intermediate Scandinavian II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/104/>)

Fourth course in the Scandinavian language sequence (usually Swedish). Emphasis is on close reading, translation and analysis of authentic texts, such as novels and drama in the target language. Instruction is by immersion. Prerequisite: SCAN 103 or consent of instructor.

SCAN 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/199/>)

May be repeated.

SCAN 215 Madness, Myth, and Murder credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/215/>)

Focuses on the achievements of major Scandinavian writers of prose fiction, from 1850 to today. Explores topics of madness, myth, and murder in literature. All reading, discussion, and writing in English. Same as CWL 215.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

SCAN 225 Vikings to Volvos: Scandinavia credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/225/>)

An introduction to the history, literature, and culture of Scandinavia and the Nordic region, from the Viking age until the modern era (700s-present). Includes discussion of Denmark, Norway, Sweden, Finland, Iceland, Faroe Islands, Svalbard, and Greenland. All readings in English. Same as HIST 254.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

SCAN 251 Viking Mythology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/251/>)

Studies pre-Christian beliefs of the Germanic peoples as reflected primarily in medieval Icelandic prose and poetry (in translation). Same as CWL 251, MDVL 251, and REL 251.

This course satisfies the General Education Criteria for:  
Humanities - Hist Phil

Cultural Studies - Western

SCAN 252 Viking Sagas in Translation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/252/>)

Studies Old Norse-Icelandic literature: kings' sagas, family sagas, mythical-heroic sagas, and romances. Texts and lectures in English. Same as CWL 252 and MDVL 252.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

Cultural Studies - Western

SCAN 305 Old Norse - Icelandic I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/305/>)

Provides a solid proficiency in reading texts in Old Norse, the language of the Viking sagas and mythology. Prerequisite: Any SCAN course or knowledge of one other foreign language.

SCAN 306 Old Norse - Icelandic II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/306/>)

Assumes general competence in reading Old Norse. Readings and exploration of a wide assortment of essential text in the original language. Prerequisite: SCAN 305 or consent of instructor.

SCAN 376 Children and Youth Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/376/>)

Explores the understanding of childhood and youth in Scandinavia, with comparative focus on the US and the UK through children's literature and classic accounts of childhood in fiction, film, and related media. Will investigate how childhood is construed in books self-described as children's literature as well as in adult-audience fiction and memoirs; and how representations of childhood correlate with evolving ideas about family formation, child-rearing, the welfare state, and education in twentieth- and twenty-first century Scandinavia. This is put in comparative context with British and/or US children's literature. Same as CWL 376, EURO 376, and GWS 376. Credit is not given for both SCAN 376 and SCAN 576.

SCAN 463 Modern Scandinavian Drama credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/463/>)

Thematic and conceptual study of the Scandinavian dramatic tradition, from the late-nineteenth century classics of Henrik Ibsen and August Strindberg, to mid-century intermediality in works by Ingmar Bergman, and to hyperrealism, postmodernism, and digital performativity by contemporary playwrights. Interpretive contexts include text-image studies, performativity, socio-cultural aspects of the Nordic region, theatre and production history, and gender and sexuality studies. Same as CWL 463 and THEA 483. 3 undergraduate hours. 4 graduate hours. Prerequisite: One college-level literature or theatre course, or consent of instructor.

SCAN 470 Imagining the Welfare State credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/470/>)

Investigate conceptions of the Nordic and West-European welfare state from the early twentieth-century to today from critical interpretive, historical, and cultural studies perspectives. Building on close analysis of influential works in literature, film, arts, and architecture from primarily Denmark, Sweden, and Norway, the course will address historical factors and characteristics of the socio-cultural imaginary surrounding the rise and, some argue, subsequent dismantling of the Nordic welfare state. Same as CWL 470 and EURO 470. 3 undergraduate hours. 4 graduate hours. Prerequisite: At least one course in literature, film, or the arts; or consent of the instructor.

SCAN 472 Kierkegaard and the Self credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/472/>)

Soren Kierkegaard is an early author who wrestled with the concept of the individual self and championed subjective experience as a counterbalance to objective rationalism. Students in this seminar-style course will gain extensive familiarity with Kierkegaard's major works, as well as how they relate to two currents in 19th century society, existentialism and pietism. These works will be evaluated within their particular Nordic literary context, through critical analysis of related novels, plays and films by Andersen, Ibsen, Bremer, Strindberg, Lagerlof, Blixen, and Bergman (readings in English translation). Same as CWL 472, PHIL 472, and REL 472. 3 undergraduate hours. 4 graduate hours.

SCAN 490 Green Screen: Film and Nature credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/490/>)

Provides a thorough examination of documentary and feature film in relation to the natural environment, sustainability studies, ecocriticism, and landscape representation especially in the Scandinavian film tradition. Incorporates theory, film culture and production analysis, and thematic interpretation. Films by Victor Sjöström, Ingmar Bergman, Mai Zetterling, Lars von Trier, Susanne Bier, Jan Troell, and others. Same as EURO 489 and MACS 490. 3 undergraduate hours. 4 graduate hours.

SCAN 492 Scandinavian Cinema credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/492/>)

Covers major directors, traditions, genres, themes, and production and distribution contexts of Scandinavian cinema and media industries. Addressing early cinema, fiction feature, documentary, shorts, experimental, and new and emergent artistic forms, the course will provide students with an in depth understanding of the rich culture of Scandinavian cinema since its inception. Same as MACS 492. 3 undergraduate hours. 4 graduate hours.

SCAN 493 Honors Senior Thesis credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/493/>)

2 to 4 undergraduate hours. No graduate credit. May be repeated to a maximum of 4 hours. Prerequisite: Senior standing; consent of instructor.

SCAN 494 Topics in Scan Languages credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/494/>)

Advanced Scandinavian languages instruction. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in separate terms to a maximum of 9 undergraduate or 9 graduate hours if topics vary. Prerequisite: SCAN 104 or equivalent as approved by instructor.

SCAN 496 Special Topics in Scan Studies credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/496/>)

Individual study in selected topics, such as individual authors, literary movements, periods, genres, or themes, and Scandinavian culture. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated. Prerequisite: Consent of instructor.

SCAN 505 Old Norse-Icelandic I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/505/>)

Grammar and selected readings. Same as MDVL 505. Offered in alternate years.

SCAN 506 Old Norse-Icelandic II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/506/>)

Readings; selections from the Elder Edda and the sagas. Same as MDVL 506. Offered in alternate years. Prerequisite: SCAN 505.

SCAN 576 Children and Youth Literature credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/576/>)

Explores the understanding and youth in Scandinavia, with comparative focus on the US and the UK, through children's literature and classic accounts of childhood in fiction, film and related media. Will investigate how childhood is construed in books self-described as children's literature as well as in adult-audience fiction and memoirs; and how representations of childhood correlate with evolving ideas about family formation, child-rearing, the welfare state, and education in twentieth- and twenty-first century Scandinavia. This is put in comparative context with British and/or US children's literature and society. Same as CWL 586, EURO 576, and GWS 576. 4 graduate hours. No professional credit.

SCAN 593 Research in Special Topics credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SCAN/593/>)

Research seminar or research topic. Content varies in consultation with instructor. May be repeated in separate terms to a maximum of 8 hours.

# SECOND LANGUAGE STUDIES (SLS)

---

SLS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SLS/>)

## **Courses**

SLS 460 Principles of Language Testing credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLS/460/>)

Same as EIL 460, EPSY 487, FR 460, GER 460, ITAL 460, PORT 460, and SPAN 460. See EIL 460.

SLS 580 Classroom Language Acquisition credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLS/580/>)

Same as EIL 580, FR 580, GER 580, ITAL 580, PORT 580, and SPAN 580. See SPAN 580.

# SLAVIC (SLAV)

SLAV Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SLAV/>)

## Courses

SLAV 117 Russ & E Euro Science Fiction credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/117/>)

Survey of the science fiction writing of Russia and the countries of Eastern Europe since 1750, with particular emphasis on the post-World War II period. The role of the Science Fiction tradition in the respective national cultures. The influence on Russian and East European Science Fiction of Anglo-American Science Fiction. All readings are in English. Same as CWL 117.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

SLAV 120 Russian & E Euro Folktales credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/120/>)

Introduction to Russian and East European folktales, focusing on folk beliefs, fairy tales, and folk narratives in Slavic languages from a comparative perspective, with an emphasis on methods of analysis and the role of gender.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

SLAV 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/199/>)

May be repeated.

SLAV 277 Slavic Literature Survey credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/277/>)

Examines masterpieces of Czech, Polish, and Yugoslav literatures from medieval times to the present in English translation. Representative works are by Capek, Kundera, Mickiewicz, Milosz, Andric and others. Attention given to the European context and national traditions. Same as CWL 277. Prerequisite: One course in Slavic literature.

SLAV 300 Languages and Literatures Career Preparation credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/SLAV/300/>)

Explores career and educational opportunities for foreign language and literature majors; the skills gained in the major; long-term career planning and preparation; researching jobs and organizations, graduate school options; resume preparation and interviewing skills. Career fair participation. Same as SLCL 300. Students may not receive credit for both SLAV 300 and HUM 275.

SLAV 399 Advanced Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/399/>)

Topics will vary. May be repeated, if topics vary.

SLAV 417 11th-17thC Russ Lit & Lang credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/417/>)

Historical grammar, origin, and development of the East Slavic/Russian literary language, survey of literary genres of Old Russian Literature. 3 undergraduate hours. 4 graduate hours. Credit is not given for both SLAV 417 and RUSS 517. Prerequisite: Graduate standing; for undergraduates, completion of or placement beyond RUSS 301-RUSS 302; or, consent of instructor.

SLAV 418 Language & Minorities in Europe credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/418/>)

Same as EURO 418, FR 418, GER 418, ITAL 418, LING 418, PS 418, and SPAN 418. See FR 418.

SLAV 419 Russian & East European Film credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/419/>)

Study and analysis of major film makers, genres, trends, and theories, including the 1920's Soviet avant garde and the Polish and Czech "New Wave" since 1953; lectures, discussions, screenings, term paper. No reading knowledge of Russian required, except for majors in Slavic Languages and Literatures. Same as MACS 419. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: RUSS 219; or a college level course REES or in CINE; or consent of instructor.

SLAV 420 Jewish Life-Writing credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/420/>)

Same as CWL 421, HIST 436, REL 420, and YDSH 420. See YDSH 420.

SLAV 430 History of Translation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/430/>)

Study of the historical development of translation ideas and practices in Europe and in particular cases across major global regions. Reading and analysis of key texts in the development of translation theory and case studies of practices and roles played by translation in different periods and geographical regions. Same as CLCV 430, CWL 430, ENGL 486, GER 405, SPAN 436, and TRST 431. 3 undergraduate hours. 4 graduate hours.

SLAV 452 Slavic Cultural Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/452/>)

Selected topics in the literatures of Russia and Eastern Europe. Topics covered will range from in-depth studies of specific authors, time periods, and thematic discussions of specific genre and literary traditions. Readings in English unless specified. Same as CWL 453. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours in same term; or 9 undergraduate hours or 12 graduate hours in separate terms. Prerequisite: Two years of literature, preferably Russian or East European; or consent of instructor.

SLAV 477 Post-Communist Fiction credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/477/>)

Survey of the central and east European novel in the postcommunist period. Explores how fiction has responded to and creatively figured the period of the so-called "transition" to capitalism and the continuities and discontinuities in literary traditions in these societies, as well as the relevance of theories of postmodernism and postmodern literary analysis to these literatures. Same as CWL 477 and REES 477. 3 undergraduate hours. 4 graduate hours. Prerequisite: Two courses in Slavic literature including one at the 300-level or consent of the instructor.

SLAV 480 Intro to Slavic Linguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/480/>)

The development of Common Slavic from Indo-European and its relationship to contemporary Slavic languages. Same as LING 480. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Knowledge of a Slavic language.

SLAV 501 Applied Literary Translation I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/501/>)

Same as CWL 511, EALC 511, GER 511, and TRST 501. See TRST 501.

SLAV 502 Applied Literary Translation II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/502/>)

Same as CWL 512, EALC 512, GER 512, and TRST 502. See TRST 502.

SLAV 505 Old Church Slavonic credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/505/>)

Analysis of grammar and reading of texts. Prerequisite: Knowledge of a Slavic language.

SLAV 525 Problems in Slavic Literature credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/525/>)

Selected subjects in Russian and Slavic prose, poetry, drama, and literary criticism. Topics vary. May be repeated to a maximum of 12 hours.

SLAV 576 Methods in Slavic Grad Study credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/576/>)

Comparative, interdisciplinary methods and theoretical issues crucial to studies in Slavic literature, history, and culture. Theoretical bookshelf followed by specific case studies from Slavic. Same as CWL 576. May be repeated to a maximum of 8 hours as topics vary.

SLAV 577 Slavic Languages Pedagogy Seminar credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/577/>)

Seminar for graduate students who are currently teaching (or preparing to teach) languages in the Department of Slavic Languages and Literatures. The seminar will help participants develop expertise in language pedagogy by discussing both theoretical and practical aspects of teaching and learning and by adopting a hands-on approach to communicative language teaching through micro-teaching, classroom presentations, discussion, self-reflection, and peer-reviewing. 2 graduate hours. No professional credit. May be repeated to a maximum of 4 graduate hours if topics vary. Prerequisite: Enrollment restricted to Department of Slavic Languages and Literatures Graduate Students.

SLAV 591 Individual Topics credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/591/>)

May be repeated. Prerequisite: Graduate standing with a major or minor in Russian; consent of department.

SLAV 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/SLAV/599/>)

Approved for S/U grading only. May be repeated.

# SOCIAL WORK (SOCW)

SOCW Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SOCW/>)

## Courses

SOCW 101 SOCW Orientation Seminar credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/101/>)  
Informational orientation seminar for Social Work majors to enhance their understanding of college life and social work as a profession.

SOCW 199 Undergraduate Open Seminar credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/199/>)  
Approved for letter and S/U grading. May be repeated.

SOCW 200 Introduction to Social Work credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/200/>)  
Broad survey of the field of social work; introduction to social services, social welfare organizations, major social problems and target population groups, and the methods used in working with individuals, groups, and communities; includes the range of personnel and skills in social work agencies, and the means of education and training for social work professionals.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

SOCW 210 Queer Visibility credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/210/>)  
Examines a broad scope of key LGBTQ topics from a social science perspective, and addresses such themes as identity development, critical social movements, community characteristics, sub-cultures, public policy, resilience, and health disparities within queer communities. Applies a social justice, sex-positive, and health promotion lens to the topics addressed. Also explores issues related to intersectional identities (i.e., the overlap of multiple [often marginalized] group membership, such as race/ethnicity, gender identity, age, ability, sexual orientation, etc.) within this population. Students will learn the ways in which the helping professions (e.g. social work, public health, etc.) engage with the LGBTQ community using both research and practice, in order to promote the health and wellbeing of LGBTQ persons.

SOCW 225 Social Work Statistics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/225/>)  
Introduction of basic concepts in statistics with emphasis on the application of statistical methods in social work research. Topics include: descriptive statistics, probability theory and distributions, point and interval estimation, hypothesis testing, central tendency, variability, independence, contrasts, correlation and regression, non-parametrics, concepts of levels of measurements, and statistical vs. practical significance. Priority will be given to Social Work majors. Credit is not given for SOCW 225 if credit for a college level introductory statistics course has already been earned.

This course satisfies the General Education Criteria for:  
Quantitative Reasoning I

SOCW 240 Death & Dying credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/240/>)

This course will focus on various aspects of death and dying. Content will examine different types of death, impact of death throughout the lifespan, cultural beliefs and practices regarding death and dying, grief, healing after loss, legal and ethical issues related to death, and the roll of social workers at the end of life. Students will be encouraged to examine their own thoughts, values, feeling, and beliefs about death and dying.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

SOCW 245 Doing Good through the Nonprofit Sector credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/245/>)  
Study of the nonprofit sector theory, activity and structures in the US and abroad. Challenges students to think critically about the role and value of the nonprofit/voluntary sector in society, to understand ethical principles and values that guide nonprofit work, and to assess research evidence about effectiveness and impact. Helps inform students' thinking about future career choices and/or volunteer activities in the "third sector".

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

SOCW 297 Asian Families in America credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/297/>)  
Offers a comparative analysis of Asian families as they cope and adapt to American society. Examines: 1) how families from four major Asian-American groups (Chinese, Indian, Japanese and Korean) function in American society; 2) how these families compare to families in their country of origin; and 3) how these families are similar to or different from the 'typical American' family. Includes visits to Asian cultural institutions and with Asian families. Same as AAS 297 and HDFS 221.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci  
Cultural Studies - US Minority

SOCW 298 Social Work Experiential Learning Fees credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/298/>)  
This is a shell course to assess fees to support the cost of providing student learning experiences in social work practice settings. Additional fees may apply. See Class Schedule. Approved for S/U grading only. Prerequisite: The SOCW Admissions and Records Officer will manually add this course to student schedules.

SOCW 299 Study Abroad credit: 0 to 18 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/299/>)  
Lectures, seminars, and practical work in an approved study-abroad program in Social Work appropriate to the student's course of study. Approved for letter and S/U grading.

SOCW 300 Diversity: Identities & Issues credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/300/>)

This introductory course explores multiple dimensions of diversity in a pluralistic and increasingly globalized society. Using a social work strengths perspective as well as historical, constructivist, and critical conceptual frameworks; the course examines issues of identity, culture, privilege stigma, prejudice, and discrimination. The social construction and implications of race, class, gender, sexual orientation, and other dimensions of difference is examined at individual, interpersonal, and systems levels. Students are expected to use the course material to explore their personal values, biases, family backgrounds, culture, and formative experiences in order to deepen their self-awareness and develop interpersonal skills in bridging differences. Finally, students apply learning from the course to identify characteristics of effective social work and other health and human service provision among people culturally different themselves; and to identify opportunities for change contributing to prejudice reduction and cross-cultural acceptance at home, work and in society.

This course satisfies the General Education Criteria for:

Advanced Composition  
Cultural Studies - US Minority

SOCW 310 UG Research Assistance credit: 0 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/310/>)

Assist departmental faculty in on-going research. Topics and nature of assistance vary. Capstone paper required. Approved for Letter and S/U grading. May be repeated in separate terms up to 6 hours. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work; and approval of the department head. Restricted to Majors and Minors.

SOCW 315 Social Work Services for Older Adults credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/315/>)

Focus on the aging process, special needs of older adults, and the role of social work in addressing these needs. All levels of social work intervention are considered, direct practice with older persons and their families, service delivery systems in local communities, and state and national policies. Special attention is given to the needs of caregivers, person-centered care, diverse vulnerable populations and resources for older adults to age in place.

SOCW 321 Social Entre & Social Change credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/321/>)

Intended for undergraduates who have an interest in creating programs and products that have social values for communities. Features social entrepreneurship as an approach to social development and will consider its application and related change strategies to a wide array of social problems. Social entrepreneurship has emerged as a change approach that features the application of entrepreneurial practices to social ventures. Social entrepreneurship is similar to business entrepreneurship in its emphasis on selected program development and management principles and processes, but social entrepreneurs have the primary goal of creating social value in communities rather than personal or shareholder wealth. The initial part of the class will emphasize instructing students in broad concepts and principles related to entrepreneurship, while the latter portion of the course will feature students working on teams to design social projects.

SOCW 325 International Development with Grassroots Organizations credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/325/>)

This course engages students to think critically about international aid and development by cultivating an awareness of moral and ethical dilemmas that often go unconsidered by young professionals. It intends to help students develop greater cultural awareness and humility by recognizing differences in equity and global social, economic, and political structures. The course is a second eight-week offering and uses a blended learning approach with asynchronous online content combined with in-person classroom educational activities. Students apply the knowledge learned through the course by working directly with an international grassroots social organization during a 4-8 week immersion experience abroad. Course is an 8 week pre-departure training is required. Students complete a service learning placement in summer with an international grassroots organization.

SOCW 330 International Perspectives credit: 3 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/330/>)

This course provides cross-cultural learning experiences within the context of international community-based service learning. Students will explore human service delivery through direct involvement with international social service institutions. This cultural immersion course is a collaborative partnership between the University of Illinois School of Social Work and selected international universities. Countries visited, varies by semester. May be repeated in separate terms up to 12 undergrad hours if topics vary.

SOCW 335 Cities and Immigrants credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/335/>)

Same as UP 335. See UP 335.

SOCW 350 Health Promotion Practicum credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/350/>)

Same as CHLH 340. See CHLH 340.

SOCW 360 Social Work and the Military credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/360/>)

This course provides an overview of military social work practice including: military culture, issues and needs of soldiers and their families, ethical considerations, and the roll of social workers. Prerequisite: For majors only.

SOCW 370 Social Work and Disability Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/370/>)

This course provides a foundation for generalist practice and promotes social justice, inclusion, and ability when working with all people. Skills and knowledge will be gained to help empower individuals with disabilities and to intervene in various systems to ameliorate bias. The course examines key policies, historic legislation, service delivery, education, and social issues that impact individuals with disabilities. Through projects and assignments completed in-class and in the community, students will learn about the varying abilities and strengths of people with a variety of different needs. Applications of social work values and ethics are stressed in relation to working with people with disabilities.

SOCW 375 Social Enterprise Lab credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/375/>)

Enables students to launch and scale social enterprises spanning a wide range of organizations focused on technological innovations, human services, and the performing and visual arts. It couples structured lectures with interactive modules, field trips, guest speakers, and workgroup labs to discuss and troubleshoot startup challenges and opportunities. Modular topics include strategic plans, business models, mapping the external environment, market segmentation, partnership and the value chain, organizational governance, incorporation, the operating plan, human resources, financing, marketing and outreach, branding and identity, legal and liability issues, and monitoring and evaluation. The course develops entrepreneurial and management skillsets through deep engagement with entrepreneurial action.

SOCW 380 Current Topics in Social Work credit: 3 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/380/>)

Presents and analyzes special topics related to current social work practice, policy and research. Topics vary; see Class Schedule for current offering. May be repeated in the same or separate terms.

SOCW 400 Generalist SW Practice Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/400/>)

Foundation methods course that is a prerequisite for all advanced methods courses. Overview of generalist social work practice and intervention with individuals, groups, organizations and communities; introduction to core concepts, value base and ethical principles of the profession. Emphasis is given to the bio-ecological framework, person-in-environment and systems theory. Skills in developing beginning professional relationships are addressed via a skills lab component. Students begin the process of professional self-awareness to begin to identify how the personal values and beliefs they hold impact upon their interactions. 4 undergraduate hours. 4 graduate hours. Prerequisite: Admission to MSW program.

SOCW 401 Practice I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/401/>)

Overview of generalist social work practice with individuals, families, groups, organizations, and communities. Designed to introduce core concepts, values, and ethical principles of the profession as well as to provide basic skills, and knowledge related to generalist social work practice with a broad array of client systems. Emphasis is given to the biological-psychological-social-spiritual framework, person-in-environment, strengths perspective, and system theory. Skills in developing beginning professional relationships, which are characterized by mutuality, collaboration, empowerment, and client self determination within the problem-solving process are addressed. 3 undergraduate hours. No graduate credit. Prerequisite: SOCW 200.

SOCW 402 Practice II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/402/>)

Provides students with culturally responsive, micro-level skills development for working with and on behalf of individuals, families, and groups. Builds on the basic helping skills learned in SOCW 401 and offers further practice on interviewing skills, more emphasis on ethical decision-making, assessment, and intervention, evaluation applied to individuals, families, and groups. 3 undergraduate hours. No graduate credit. Prerequisite: SOCW 401.

SOCW 403 Practice III credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/403/>)

Provides knowledge and skills about the theory and practice of planned change in communities and organizations using a generalist model of social work practice. Builds on the foundation knowledge and skills gained in SOCW 401 with emphasis on assessment, planning, intervention, and evaluation skills for macro-level practice. 3 undergraduate hours. No graduate credit. Prerequisite: SOCW 401.

SOCW 404 Social Work Case Management Practice credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/404/>)

This course builds upon and extends generalist social work theories, knowledge and clinical skills required for case management practice. Content focuses on inter-professional collaborative team-based approaches for patient/client assessment, care planning, service delivery coordination, and evaluating outcomes. Emphasis is on organizational context, theoretical models, social work roles, culturally sensitive approaches, biopsychosocial assessments, triage, advocacy, interdisciplinary and inter-organizational collaboration and record keeping. 3 undergraduate hours. No graduate credit. Prerequisite: SOCW 401. Restricted to Social Work majors only.

SOCW 410 Social Welfare Pol and Svcs credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/410/>)

Examination of social welfare within a historical context, addressing the economic, political, social and ideological influences that have shaped the social welfare system and programs. Critical study of the income maintenance system in the United States as a response to the problems of inequality of opportunity and income, poverty, and income security; consideration of alternative approaches with discussion of the social worker's role in the system. 3 undergraduate hours. 4 graduate hours.

SOCW 412 Hispanics in the U.S. credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/412/>)

Hispanics constitute a growing population in the United States. The size and heterogeneity of Hispanics raises complex issues in crafting public policy and in designing and delivering social services. This course offers an extensive portrait of Hispanics in the United States. Students will explore questions and demographic characteristics, language and religious practices, education, criminal justice, neighborhood and economic restructuring, immigration, social service systems, and community action in the context of creating an effective public policy agenda. Same as LLS 412. 3 or 4 undergraduate hours. 3 or 4 graduate hours.

SOCW 416 Child Welfare Issues & Trends credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/416/>)

This course examines theoretical and programmatic aspects for child welfare practice. Emphasis is placed on the roles and functions of child welfare workers, including engagement, assessment, intervention and permanency planning. 4 undergraduate hours. 4 graduate hours. Prerequisite: SOCW major. For majors only.

SOCW 417 Dementia Care for Older Adults credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/417/>)

This course will equip students with a body of knowledge to supervise, participate in, and facilitate care for persons with dementia throughout the lifespan. Upon completion of the course, students will be eligible for certification as approved dementia trained practitioners. The course will introduce and develop social work practice skills on all levels and choices of dementia care interventions and assessments. Special attention is given to practice skills for working with vulnerable populations and their caregivers through service learning site opportunities and assignments. The course uses an integrated health and person-center care approach with special attention to multi-cultural backgrounds and new family lifestyles related to dementia care. 3 undergraduate hours. 4 graduate hours. Prerequisite: Prior completion of SOCW 315 or other Introduction to Aging course is strongly recommended. BSW majors and MSW students only.

SOCW 418 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/418/>)

Independent study of a topic of special interest in the field of social work. 1 to 3 undergraduate hours. 4 graduate hours. Prerequisite: Consent of instructor.

SOCW 420 Subst Use in Social Context credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/420/>)

Introduces students to the problem of substance abuse and its impact on society. Examines the physiological, psychological, social, and cultural aspects of substance abuse. At the individual and familial levels, the course examines the causes, development, prevention, and treatment of substance abuse. At the societal level, the course examines public policy efforts to regular and control substance use from both historical and contemporary perspective. Implications for social and economic justice are also examined. 3 undergraduate hours. No graduate credit.

SOCW 427 Social Work Research Methods credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/427/>)

Basic principles of social science research and importance for social work practice: overview of research principles including the stages of a research project, design of research; quantitative and qualitative methodologies, design of questionnaires, methods of data collection and preparation of reports. Introduction to various research designs such as the survey, program evaluation, single subject design, quasi-experiments, and experimental design. Enrollment preference given to students in the MSW program. 3 undergraduate hours. 4 graduate hours.

SOCW 436 Intl SW & Development credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/436/>)

This online course introduces students to policy and practice issues associated with international social work. It emphasizes ethical dilemmas, with the goal of sensitizing students to the importance of culturally sensitive practice for marginalized populations in global contexts. Weekly online discussion sessions use the Blackboard Online Platform. Students must have high speed internet connection and headset with microphone for course interaction. 3 undergraduate hours. 4 graduate hours.

SOCW 451 HBSE I: Human Development credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/451/>)

Examination of the major theories that inform social work's understanding of human behavior in a variety of social contexts. A bio-ecological systems framework, together with a developmental approach in understanding the ways in which individuals, families, groups, organizations, institutions, and communities interact, is presented. Issues of gender, race, ethnicity, socioeconomic status, disability and sexual orientation are introduced so students can gain understanding of how these components affect and influence development across the lifespan. 3 undergraduate hours. 4 graduate hours.

SOCW 455 Social Work with Women credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/455/>)

Focuses on women and now cultural belief systems related to gender are instantiated through the differential treatment of females and males in our education, mental health, social welfare and health care systems; and the consequences of such practices through the lifespan. Includes consideration of policies and practices that support women emphasizing issues of special concern to women of color, lesbians, older women, impoverished women and disabled women. Same as GWS 454. 3 undergraduate hours. 4 graduate hours.

SOCW 457 Health Planning credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/457/>)

Same as CHLH 457. See CHLH 457.

SOCW 461 Professional Practice Seminar I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/461/>)

The goal of this course is to begin the process of integrating all the foundation knowledge of generalist social work that students have learned and begin applying it to real life situations. Students will complete a portfolio and a service learning experience that will help them being to make the connection between the core competencies, theories and applications to real life experiences. During this course students will begin the process of being matched with the agency where they will serve their internship during the last semester of their senior year. 4 undergraduate hours. No graduate credit. Prerequisite: SOCW 401.

SOCW 470 Field Practicum & Professional Seminar II credit: 15 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/470/>)

This course is a supervised field practice experience and seminar where students apply knowledge and skills in social work engagement, assessment, planning and interventions to individuals, groups, families, organizations, and communities. Students are expected to promote sustainable social change through planned problem solving and empowerment to enhance the well-being of others. The practicum consists of 32 hours/week for 16 weeks. 15 undergraduate hours. No graduate credit. May be repeated; instructor approval required. Prerequisite: SOCW 461. SOCW majors only.

SOCW 473 Immigration, Health & Society credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/473/>)

Same as CHLH 473, LLS 473, and SOC 473. See LLS 473.

SOCW 475 Undergraduate Research Abroad credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/475/>)

Students assist in research under faculty supervision at a location outside of the United States. Topics and type of assistance vary. 1 to 4 undergraduate hours. No graduate credit. May be repeated in separate terms up to 6 hours. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work (who will have examined the proposed research plan); and approval of department. Not available to freshman.

SOCW 480 UG Research Project credit: 0 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/480/>)  
Conduct research study under the supervision of a departmental faculty member. Topics and nature of assistance vary. Capstone paper required. 0 to 3 undergraduate hours. No graduate credit. Approved for letter and S/U grading. May be repeated in separate terms up to 6 hours. Prerequisite: Evidence of adequate preparation for such study; consent of faculty member supervising the work; and approval of the department head. Majors only. Not available to freshman and sophomores.

SOCW 500 SW Practice with Indiv and Fam credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/500/>)  
Systematically and critically examines the theory, procedures, and techniques of selected practice models within four main approaches to social work: cognitive-behavioral, systemic (family and ecological systems; crisis intervention), task-centered, and radical-structural (structural; feminist). Uses selected criteria to analyze and assess those models, examines outcome research, and identifies current practice issues. Prerequisite: SOCW 400.

SOCW 501 SW Practice with Groups credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/501/>)  
Social work practice theory in social group work through comparative study of various practice approaches and research about those approaches, including the use of group work method in contemporary social work practice, practice principles, and the use of group process as applied in the student's area of specialization. Looks at group work for children, adolescents, and adults considering developmental and environmental issues; also includes investigation of practice strategies and models of group therapy and task group leadership across diverse populations. Prerequisite: SOCW 400.

SOCW 502 Brief Motivational Interventions for Substance Use credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/502/>)  
This course prepares social workers to deliver brief interventions that build motivation for change among individuals that use substances. Students participate in hands-on skill development activities for two empirically supported treatments, Screening Brief Intervention and Referral to Treatment (SBIRT) and Motivational Interviewing. Students are expected to reach beginning competency in delivering these two clinical models. 4 graduate hours. No professional credit. Prerequisite: SOCW 400. MSW: Social Work - UIUC.

SOCW 503 Trauma Informed Social Work with Children and Adolescents credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/503/>)  
This course uses a case study and inquiry based approach to foster student learning of the core concepts of trauma (theory and foundational knowledge) and evidence-based practice interventions effective in treating children, youth, and families that experience trauma. Cases discussed include children, youth, and families exposed to traumatic events (i.e. abuse, neglect, domestic violence, community violence and natural disasters). Strength-based practice interventions that build on existing child and family strengths that enhance growth and resiliency after trauma are studied. Prerequisite: SOCW 400.

SOCW 504 SUD Treatment in S W credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/504/>)  
Introduces selected counseling approaches for substance use disorders. Begins with an overview of the causes of substance use disorders, assessment, diagnosis, and treatment planning. Focuses on treatment theories and techniques applied to counseling substance abusers. Selected theories include 12 Step approaches, cognitive and behavioral theories, family systems theory, harm reduction, and motivational interviewing. Special attention is devoted to apply substance abuse treatment models with diverse populations. Prerequisite: SOCW 400.

SOCW 505 Behav and Cogn Methods for SW credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/505/>)  
Students are introduced to brief behavioral and cognitive methods for treating a wide range of human problems, crises, and mental disorders. Content includes: (1) conceptualizing and assessing client problems; (2) identifying appropriate treatment goals; (3) developing comprehensive and differential treatment plans; (4) conducting brief interventions; and (5) evaluating client outcomes using research, consultation, and supervision. Prerequisite: SOCW 400.

SOCW 506 SW Practice with Child/Adol credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/506/>)  
Examination and critical evaluation of selected methods/approaches of intervention; research on their effectiveness and application to specific problems of children and adolescents that come to the attention of social workers and other helping professionals; attention given to remediation and prevention. The course provides opportunities for students to develop skills through participation in a service learning project. Prerequisite: SOCW 400.

SOCW 507 School Social Work Practice credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/507/>)  
Examination of the design and delivery of school social work interventions with special emphasis given to students with physical/mental disabilities and vulnerable populations. Course content provides a foundation for the development of a comprehensive and in-depth understanding of an ecological systems approach to social work practice based upon a foundation of professional values and ethics. Prerequisite: SOCW 400.

SOCW 508 Family Therapy Seminar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/508/>)  
Advanced seminar providing in-depth exposure to the principles, values, ethics, issues and practice of family therapy in social work. Focuses on family therapy process, the practitioner role, issues in assessment, intervention and evaluation; how discrimination and oppression impact intervention strategies; skills that advance social and economic justice; presentation of cases; use of supervision and consultation, and family therapy with diverse populations. Combines lecture/discussion with taped observations of noted family therapists and participation in a family therapy practicum. Prerequisite: SOCW 400.

SOCW 509 Adv Clin Assess & Interviewing credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/509/>)  
Advanced practice class designed to enhance students' understanding of clinical assessment and interviewing methods. Includes methods for therapeutically intervening with clients who are highly distressed, angry or agitated, resistant or involuntarily mandated for treatment, experiencing severe symptoms, or who have unique and complex problems. Clinical interviewing skills taught in this class will build upon knowledge and skills acquired in previous direct practice classes. Prerequisite: SOCW 400 and SOCW 552.

SOCW 513 Delivery of Health Care credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/513/>)

Delivery of health care in the United States is examined from a multidisciplinary perspective including social, cultural, political, economic, ethical and legal issues. Health care services are described in relation to various definitions of health, health status and access to care. Current problems and issues in health care including government responsibility and source of authority, policy development and analysis, proposals for reforms, and financing and cost containment are discussed and analyzed. Prerequisite: Admission to MSW program or consent of instructor.

SOCW 514 Mental Health Pol and Svcs credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/514/>)

Examination of comprehensive community mental health services as they evolve from definitions of the problems and changes in federal and state social policy; the concept of normalization and its criteria for program evaluation; and changing roles of mental health professionals, paraprofessionals, and consumers in policy making and service delivery. Presents the history of mental health policy and services in the U.S.; current policies and activities of the mental health delivery system are critically analyzed. Prerequisite: SOCW 410.

SOCW 515 Integrated Health Care Policy and Services credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/515/>)

Integrated Health Care Policy and Services is examined from a multidisciplinary perspective including social, cultural, political, economic, ethical and legal issues. Integrated health care services are described in relation to various definitions of health and mental health conditions and access to care. Current problems and issues in integrated health care including government responsibility and source of authority, policy development and analysis, proposals for reforms, and financing and cost containment are discussed and analyzed. 4 graduate hours. No professional credit. Prerequisite: Admission to MSW program or consent of instructor. Restricted to those in the MSW and iMSW program.

SOCW 516 Child, Youth and Family Svcs credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/516/>)

Examines a range of direct service and public policy issues that social workers encounter when working with vulnerable children, adolescents, and families. Focuses particular attention on the families involved with child protection. Addresses the following questions: What factors help explain the etiology of violence and neglect in the family home? Once vulnerable families are identified and become involved with social service agencies, what interventions are most effective with regard to decreasing risks and strengthening protective factors? How can social service systems best prepare vulnerable adolescent for the transition to adulthood? Prerequisite: SOCW 410.

SOCW 519 Public School Policy/Services credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/519/>)

Presents content on children with physical and mental disabilities, educational policies related to vulnerable populations, and federal and state legislation, with particular emphasis given to the Individuals with Disabilities Act (IDEA). The following topics are highlighted: eligibility requirements, general characteristics of the disabling conditions, education as a continuum from early childhood to adulthood, school finance, and current educational issues. Content is presented pertaining to meeting the needs of exceptional children, students with other special needs, and their families in public schools and the community. Prerequisite: SOCW 410.

SOCW 520 Social Welfare Planning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/520/>)

Introduces students to the theory and practice of social welfare planning. The course is designed to help students apply concepts and methods to their specific social work fields of interest. Content includes a review of policy analysis, needs assessment, establishing goals and objectives, program design, budgeting, management information systems, and program evaluation. Prerequisite: Admission to MSW program or consent of instructor.

SOCW 521 Leadership and Social Change credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/521/>)

Introduces MSW students to a broad range of strategies for creating social change. Several overarching concepts that are useful in undertaking a wide range of social change efforts are introduced. These concepts are applied to different change strategies. This includes attention to the role of leadership in social change, as the quality of leadership is critical to the success of most social change efforts. The importance of policy or social entrepreneurs in creating social change will also be examined. These entrepreneurs play critical roles by both identifying and implementing new ideas and by diffusing them on a wider scale after initial experimentation. Finally, social workers often tend to be uninformed about sound business practices as they engage in social change efforts, yet knowledge of basic business concepts can be critical to the success or failure of a social venture. Therefore, the course addresses issues such as opportunity recognition and risk assessment, sustainability and scalability of projects, and attention to both fiscal management and outcome accountability. Prerequisite: SOCW 400 or by consent of instructor for non Social Work majors.

SOCW 522 SW Practice with Communities credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/522/>)

Examines principles and methods that characterize identifiable approaches used in community organization practice at neighborhood, community, state, and other levels. This course is an in-depth study of how citizens can organize. Questions discussed include: What institutions aid communities in their organizing and self-improvement efforts? What circumstances encourage the erosion of civil society, civic involvement, and community institutions? What role should the social worker and the human service or social service agency play in organizing communities? Prerequisite: SOCW 400.

SOCW 525 Supervision/Staff Development credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/525/>)

Course focuses on the acquisition of the essential knowledge and skills needed to work with people to achieve desired client outcomes. Includes management and organizational theories, and research and theory regarding the practice of supervision. Addresses understanding of the agency context and purposes, interpersonal insights and skills, the importance of procedural and technical expertise, communication skills, mastery of the functions of management and leadership ability. Examines supervisory process in terms of interpersonal sensitivity and interaction skills including influence techniques. Prerequisite: Admission to MSW program or consent of instructor.

SOCW 526 Managing Human Service Orgs credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/526/>)

Focus on the design, administration and management of social programs from a social work perspective. Content includes: principles and process of administration and management, history of social welfare administration and how this relates to the design of current programs, review of administration Organizational and leadership theories, policy formulation, agency structure, staff organization, budgeting and evaluation of management practice. Prerequisite: SOCW 400 or by consent of instructor for non Social Work majors.

SOCW 531 Field Practicum and Integrative Seminar I credit: 8 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/531/>)

This course is comprised of a field practicum and integrative seminar. The field practicum is educationally directed and supervised by an approved field instructor. The seminar component assists students with the integration of knowledge, skills, values and attitudes of social work practice acquired in the classroom with the hands-on practice experience in the field practicum setting. Learning experiences emphasize the application of knowledge and practice in the areas of ethical and professional behavior, diversity and difference, human rights and social, economic and environmental justice, research informed practice, policy practice, and engagement, assessment, intervention and evaluation with individuals, families, groups, organizations and communities. 8 to 12 graduate hours. No professional credit. May be repeated in separate terms.

SOCW 532 Field Practicum and Integrative Seminar II credit: 8 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/532/>)

This course builds on the learning of SOCW 531 and is comprised of a field practicum and integrative seminar. Learning is directed at the development and demonstration of advanced competency skills. The field practicum is educationally directed and supervised by an approved field instructor. The seminar component assists students with the integration of advanced knowledge, skills, values and attitudes of social work practice acquired in the classroom with the hands-on practice experience in the field practicum setting. The advanced learning experiences emphasize the application of knowledge and practice in the areas of ethical and professional behavior, diversity and difference, human rights and social, economic and environmental justice, research informed practice, policy practice, and engagement, assessment, intervention and evaluation with individuals, families, groups, organizations and communities. 8 to 12 graduate hours. No professional credit. May be repeated in separate terms. Prerequisite: Successful Completion of SOCW 531.

SOCW 533 Field Practicum III credit: 4 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/533/>)

This course is for students completing a part-time field practicum and is the final semester of the practicum experience. Learning is directed at the development and demonstration of advanced competency skills. The field practicum is educationally directed and supervised by an approved field instructor. The advanced learning experiences emphasize the application of knowledge and practice in the areas of ethical and professional behavior, diversity and difference, human rights and social, economic and environmental justice, research informed practice, policy practice, and engagement, assessment, intervention and evaluation with individuals, families, groups, organizations and communities. 4 to 6 graduate hours. No professional credit. Approved for S/U grading only. May be repeated in separate terms. Prerequisite: Successful completion of SOCW 532. Restricted to Master of Social Work students.

SOCW 535 Local Policy & Immigration credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/535/>)

Same as LA 535 and UP 535. See UP 535.

SOCW 541 Clinical Research Seminar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/541/>)

Develops skills for assessing effectiveness of social work interventions using research methods. The course assumes students have had prior courses in research methods and statistical analysis. Building on these courses, this course will focus on the use of research methods in examining important aspects of social work interventions. Students will also develop skills necessary to evaluate social work research practice and practice evidence, as well as skills in grant writing and data analysis. Prerequisite: SOCW 427 or equivalent.

SOCW 542 Program Evaluation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/542/>)

An advanced research course that develops skills for evaluating social service programs. The course assumes students have had prior courses in research methods and statistical analysis. This course provides an understanding of theoretical concepts, techniques, and research findings for evaluating a specific program, its implementation, and its effectiveness. It systematically analyzes program evaluation models and critically examines application of these models in the context of social work practice and social welfare policy. Prerequisite: SOCW 427 and a college level statistics course.

SOCW 552 HBSE II: Mental Disorders credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/552/>)

Interrelationship of biological, emotional, learning and social aspects of mental disorders, and implications for the patient/client, family, and community. Focus on diagnostic assessment and biopsychosocial treatment methods including psychosocial treatment methods, medications, and social work interventions. Students also learn to recognize the potential for bias that can result when assessments are applied across cultural, ethnic, racial, socioeconomic, gender and other groups. Prerequisite: SOCW 451.

SOCW 553 Integrated Behavioral Health & Health Care credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/553/>)

Students will learn therapeutic approaches, brief interventions and bioethical frameworks to help patients/family navigate illness, disability, and healthcare systems and promote health and wellness. Students will learn roles and functions of clinical social workers in healthcare settings with special attention to Integrated Care models and roles of the behavioral health consultant/provider and medical social worker on healthcare teams. Holistic biopsychosocial models that are patient/family centered, team-based, collaborative, and that integrate physical and behavioral health care to address social determinants of health and health equity will be emphasized. Common chronic and acute health conditions and medical terminology are discussed as well as evidence-based psychosocial interventions in hospital, primary care, and other outpatient settings. 4 graduate hours. No professional credit. Prerequisite: Admission to MSW program.

SOCW 554 Inequalities In A Diverse Society credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/554/>)

In contemporary American society, not all inequality leads to inequity. In this course, we will explore structural and cultural disparities that proceed from race, ethnicity, and class. Such critical inquiry enables students to understand the factors that contribute to the creation and implementation of public policy and guide the delivery of social goods such as adequate housing, safe communities, efficient transportation, affordable health care, quality education, and other public services. Therefore, we emphasize processes of analysis and the application of social entrepreneurial principles as important tools to generate policies and interventions that lead to a more equitable society. Same as HDFS 541 and LLS 554. 4 graduate hours. No professional credit. Prerequisite: SOCW 451 or consent of instructor for non Social Work majors.

SOCW 561 Special Studies in Soc Work I credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/561/>)

Independent or group study in areas of special interest; application of social work principles to special problems or settings. May be repeated in the same or subsequent terms as topics vary. Prerequisite: Consent of instructor.

SOCW 562 Special Studies in Soc Work II credit: 2 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/562/>)

Independent or group study in areas of special interest; application of social work principles to special problems or settings. Prerequisite: Consent of instructor.

SOCW 570 Childhood Obesity I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/570/>)

Same as CHLH 530, FSHN 530, HDFS 551, KIN 530, NUTR 530. See NUTR 530.

SOCW 571 Childhood Obesity II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/571/>)

Same as CHLH 531, FSHN 531, HDFS 552, KIN 531, NUTR 531. See NUTR 531.

SOCW 575 Social Work Teaching Seminar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/575/>)

Doctoral seminar on social work education and the pedagogy of college teaching. Topics include history of social work education, competencies for social work education, course development, principles of active learning, use of diverse instructional methods for teaching and assessing learning, and the scholarship of teaching and learning. The course has a required practicum component where students receive structured mentoring in some aspect of teaching in a social work class.

SOCW 576 Teaching Practicum credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/576/>)

This course is designed to provide doctoral students with supervised, hands-on teaching training and experience with a faculty member after they complete the required Social Work Teaching Seminar. The primary objective of the teaching practicum is to strengthen the students' teaching ability and experiences for their entry into the job market. The purpose is for students to be involved in as many aspects of the teaching process as possible (e.g. syllabus development, class preparation, classroom time, office hours, assignment review/grading, meetings with faculty supervisor and any other relevant activities). Approved for S/U grading only. Prerequisite: SOCW 575.

SOCW 579 Social Work Practice Theories credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/579/>)

Presents theories for social work interventions with individuals, families, groups, and communities and organizations; critically analyzes different theoretical frameworks for such interventions; and examines the conceptual links between theory, process, outcome, and evaluations. This course is intended for students in the Ph.D. program in Social Work.

SOCW 580 Advanced Child Welfare credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/580/>)

Examines laws, scientific concepts, ethical dilemmas, and new practice directions with respect to protecting children, preserving families, regulating foster care, achieving family permanency, and assisting foster youth in transitioning to independence. Review of legislative, court, and administrative frameworks for promoting these outcomes at the city, state, and federal levels. The course analyzes and critiques historical and contemporary social science, public policy, community organization, and legal advocacy perspectives on child protection and child welfare. Contemporary topics and issues are discussed and debated. Prerequisite: SOCW 516 or consent of instructor.

SOCW 581 Gender Relations & Intl Dev credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/581/>)

Same as GWS 512 and WGGP 581. See WGGP 581.

SOCW 584 Policy Practice and Advocacy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/584/>)

Examines approaches for analyzing social policy development, implementation and advocacy in the United States; and development of skills to become effective policy practitioners. Involves ability to formulate viable policy options as well as skills in advocating for adoption of desired policies. Content includes knowledge about the political processes associated with policy development, the technologies needed to develop policies, communication skills need for policy advocacy, and knowledge in a specialized area. Course builds on policy material presented in SOCW 410. Prerequisite: SOCW 410 or consent of MSW Program Director.

SOCW 585 National Social Welfare Policy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/585/>)

This seminar focuses on social policy development, implementation, evaluation, and research. The class will analyze theories of governmental policy intervention, both from substantive and procedural standpoints. Because the social policy arena is heavily politicized, political factors affecting policy development and implementation will be stressed. In addition, policy implementation discussions will attend both to program administration and intergovernmental relations issues. The growing importance of globalization in social policy development also will receive attention, as will selected issues in the evaluation of social policy interventions. 4 graduate hours. No professional hours.

SOCW 589 Social Work and the Law credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/589/>)

Legal procedures and issues of special relevance to social work practice; includes legal provisions related to poverty, family development and crises, racial and ethnic minorities, institutionalized persons, crime and delinquency, legal authority of social agencies, and regulation of the profession. Prerequisite: Admission to the MSW program or consent of instructor.

SOCW 593 Applied Qualitative Research credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/593/>)

Provides a doctoral level overview of contemporary qualitative research with an emphasis on applications. Through readings, discussions, and assignments students will be introduced to: the history and philosophical underpinnings of qualitative research; research designs, methods and analysis used in qualitative research; criteria for rigor in qualitative research; the application of qualitative research to addressing contemporary social issues; technical and professional issues including the use of computer programs in qualitative research and grant writing. Students will begin to elaborate their own research interests through critical reading, discussion and various applied and written assignments. Prerequisite: Admission to Ph.D. program.

SOCW 594 Individual Research credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/594/>)

Course is designed to enhance the research skills of Doctoral students in social work through research collaboration with a faculty member. May be repeated to a maximum of 8 hours. Prerequisite: SOCW 593.

SOCW 595 Quantitative Research Designs credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/595/>)

Provides a doctoral level overview of quantitative designs and conceptual issues in social work research. It presents a framework for structuring the statistical analysis and systematic evaluation of the efficacy and effectiveness of social interventions in achieving desired outcomes for diverse populations. Although the purpose is not to emphasize statistical training, the course will reinforce the learning of basic concepts, mathematical foundations, and assumptions underlying advanced applications of statistical description and causal inference. Prerequisite: Admission to the Ph.D. program.

SOCW 599 Dissertation Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/SOCW/599/>)

Research and writing of doctoral thesis in social work. Approved for S/U grading only. May be repeated.

# SOCIOLOGY (SOC)

SOC Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SOC/>)

## Courses

SOC 100 Introduction to Sociology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/100/>)

Sociology offers a unique lens through which we can examine the world around us. In this course you will develop a perspective that will allow you to analyze the social world in a way that reveals the hidden and/or overlooked social forces that shape our lives. This approach, the sociological imagination, will enable you to explore how social forces influence the ways we view and navigate our social world. We will discuss how sociologists use theory and research to better understand important social issues such as inequalities of race, class, gender, sexualities and how social order and social change are possible. We will discuss how society affects individuals and in turn how individuals can affect society. This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

SOC 101 Sociology of Gender credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/101/>)

An exploration of current questions of gender and their applications to students today. The course will focus primarily on the United States emphasizing individual, interactional, and institutional aspects of the social world. Topics for study include sociological research on femininities, masculinities, gendered bodies, socialization, work, family, politics, sport, and sexualities.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

SOC 122 Africa in World Perspective credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/122/>)

This course provides an introduction to Africa, focusing on the different ways in which the continent has been perceived and impacted by the outside world and the consequences of these (mis)understandings and (mis)treatment. Our aim this semester is to comprehend how external views and interests have shaped, and continue to shape, conditions on the ground in Africa, as well as its peoples' relations with one another and the outside world.

This course satisfies the General Education Criteria for:

Cultural Studies - Non-West

Social Beh Sci - Soc Sci

SOC 130 Intro Gender & Women's Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/130/>)

Same as GWS 100 and HDFS 140. See GWS 100.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

SOC 160 Global Ineq and Social Change credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/160/>)

Introduces sociological concepts of poverty, inequality, and social change within a global context. Themes explored include basic food security, poverty and hunger; population and resource distribution; foreign aid and development institutions; and social policies and movements for change. Course approach is historical and transnational, and typically includes case studies from Africa, Asia, Latin America, and the United States.

This course satisfies the General Education Criteria for:

Cultural Studies - Non-West

Social Beh Sci - Soc Sci

SOC 161 Introduction to Poverty credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/161/>)

Introduction to sociological research about the views, experiences, causes, and consequences of poverty in both advanced and developing countries. The purpose of the course is to set the facts straight about who experiences poverty, why poverty remains pervasive, and what is being done, at home and abroad, to alleviate poverty.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

Cultural Studies - Western

SOC 162 Intro to Intl Health Policy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/162/>)

Introduces students to international health policy. Students will learn about data sources, basic analytical techniques, and theoretical frameworks for understanding international health policy. From a sociological perspective, students will explore why health issues are essential components to discussion of globalization, immigration, and migration. Students also will learn how health policy and foreign policy decisions in the developed world influence health policy and health care delivery in the developing world.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

Cultural Studies - Western

SOC 163 Social Problems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/163/>)

A study of social problems in the United States necessarily entails a discussion of global issues. To that end, this course will examine many contemporary social issues such as crime, war and terrorism, the environment, inequality, poverty, discrimination, the economic recession, and others, through a global framework. Many of the topics we will cover could motivate an entire semester's study in their own right; indeed, some scholars devote their entire careers to but one of these topics. However, this breadth allows us to think broadly about the issues that are identified as social problems and the ways in which individuals and groups attempt to resolve those problems; both processes are revealing about the time and society in which we live. One of the main objectives of this class is to learn about how sociologists examine social problems through analysis and research. Alongside that process, you will improve your critical thinking skills and become a better/more informed consumer of information.

SOC 170 Integration, Assimilation and Multiculturalism: America's Immigrant Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/170/>)

How has the United States welcomed immigrants over the past century? Provided and denied opportunities for immigrant integration? Pursued programs to encourage assimilation, or supported multiculturalism?

This course examines the structural and attitudinal barriers immigrants navigate on their paths to finding their place in US society over the past century. Using texts, films, memoirs, we will gain insight into the challenges faced by immigrant groups, gain familiarity with how immigrants are classified, and develop basic understandings of core theories, measures, and methods relating to immigrant flows, acceptance and socio-cultural equality.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

Cultural Studies - US Minority

SOC 179 Social Organization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/179/>)  
Beginning with an examination of various examples of organizing, from street gangs to industrial corporations and modern universities, this course will discuss common patterns in organizational phenomena. Basic conceptual frameworks will be provided in the context of contemporary and local problems, illustrating the core issues. This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

SOC 196 Issues in Sociology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/196/>)  
Origin of problems; consequences of ameliorative strategies. Typical topics include crime, mental illness, drug use, suicide, sexual behavior, violence, and intergroup conflict. May be repeated as topics vary.

SOC 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/199/>)  
Approved for both letter and S/U grading. May be repeated.

SOC 200 Introduction to Sociological Theory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/200/>)  
This course is an introduction to the foundations of sociological theory. Topics may include the problem of social order and the nature of social conflict; capitalism and bureaucracy; the relationship between social structure and politics; and the evolution of modern societies. Prerequisite: Sophomore standing.

SOC 201 Race, Gender & Power credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/201/>)  
Same as GWS 201. See GWS 201.  
This course satisfies the General Education Criteria for:  
Cultural Studies - Western

SOC 202 Sexualities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/202/>)  
Same as GWS 202. See GWS 202.  
This course satisfies the General Education Criteria for:  
Cultural Studies - Western

SOC 221 Latina/o Migration credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/221/>)  
Same as LLS 220. See LLS 220.  
This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci  
Cultural Studies - US Minority

SOC 222 Introduction to Modern Africa credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/222/>)  
Same as AFST 222, ANTH 222, and PS 242. See AFST 222.  
This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West

SOC 223 Black Women Contemp US Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/223/>)  
Same as AFRO 226 and GWS 226. See AFRO 226.

SOC 225 Race and Ethnicity credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/225/>)  
Sociological and social-psychological analysis of minority groups; illustrative material drawn from representative racial, ethnic, and status groups. Prerequisite: SOC 100, SOC 101, OR SOC 163.  
This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci  
Cultural Studies - US Minority

SOC 226 Political Sociology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/226/>)  
This course provides an introduction to the study of political sociology, which, broadly conceived, is concerned with the social bases of power and the social consequences of the organization of power. If politics is, as famously suggested by Howard Lasswell, "who gets what, when, how," then our primary aim is to explain the emergence, reproduction, and transformation of different forms of political ordering.

SOC 230 The Sociology of Political Polarization: Bigots and Snowflakes credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/230/>)  
Communicating across ideological and political divides has become increasingly difficult and conversations that touch sensitive topics (like race, gender, or immigration) often lead nowhere. This is, in part, due to a collective tendency to oversimplify problems that are anything but simple. In this course, we examine the prevalence, nature, and sources of these communication breakdowns. Our class is an informed exploration of the kind of society we want to live in, where we currently stand, and how we might get closer to where we want to be.

SOC 255 Queer Lives, Queer Politics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/255/>)  
Same as GWS 255. See GWS 255.

SOC 265 Central Asian Societies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/265/>)  
Through the theoretical lens of Sociology, this course examines issues of ethnicity, religion, health, gender, demography and social stability within the nations of Central Asia (Afghanistan, Pakistan, Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan, and Uzbekistan). Examining these will improve our understanding of the complex nature of identity in Central Asian societies. Through a combination of texts, films, and lectures, students will gain familiarity with the region and a solid understanding of sociological theory, measures, and methods. Same as REES 265 and SAME 265.

SOC 270 Global Demography credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/270/>)  
Critically examines the meaning and measurement of demographic change across time, levels of socio-economic development, national boundaries, and socio-cultural groups. Discussions focus on theories, trends, and measurement of mortality, fertility, migration and the relationship of these core demographic issues to macro and micro level trends in stress, inequality, infrastructure, and global warming. Same as RSOC 270.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

SOC 273 Social Perspectives on the Family credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/273/>)  
Examines the societal forces shaping aspects of stable and changing family relations in the U. S. and other countries; focuses on social-structural factors affecting marriage, divorce, co-habitation, child-bearing, the division of work and authority, and other features of life. Prerequisite: One of the following: SOC 100, SOC 101, or SOC 163.  
This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

SOC 274 Health, Illness and Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/274/>)

What do you do when you get sick? Where do you go? Who provides your medical care? In this course we will discuss why the answers to these basic questions are actually quite complex. This course is designed to introduce students to medical sociology and will examine issues surrounding health, illness and healing from a sociological perspective. Throughout the course we will cover numerous topics including: the social construction of health and illness, healthcare providers, healthcare systems - including contemporary debates regarding healthcare reform - and the social determinants of health inequalities. Additionally, this course offers an introduction to sociological theories and concepts that may be particularly useful for those interested in pursuing medical school or any career in a health-related field.

SOC 275 Criminology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/275/>)

Nature and extent of crime; past and present theories of crime causation; criminal behavior in the United States and abroad, and its relation to personal, structural and cultural conditions; the nature of the criminal justice system and the influences of the exercise of discretion among actors in the criminal justice system. Prerequisite: One of the following: SOC 100, SOC 101, SOC 163 or equivalent.

SOC 278 Mapping Latina/o Inequalities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/278/>)

Same as LLS 278. See LLS 278.

SOC 280 Intro to Social Statistics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/280/>)

First course in social statistics for students without mathematics beyond the high school level; topics include the role of statistics in social science inquiry, measures of central tendency and dispersion, simple correlation techniques, contingency analysis, and introduction to statistical inference; includes the statistical analysis of social science data using personal computers. Same as GEOG 280. Credit is not given for SOC 280 if credit for a college level introductory statistics course has been earned.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

SOC 310 Sociology of Deviance credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/310/>)

Study of traits, conditions, actions, and behaviors that violate social norms and elicit negative societal reactions. Explores social, cultural and individual factors in the etiology of deviance; the establishment and maintenance of deviant categories; the motivations behind deviant behavior; the identification as deviant of individuals and of particular segments of society, by formal and informal means; the effects of institutionalization and social control upon the deviant; and the efforts of deviants to eradicate the label society has placed upon them. Prerequisite: One of the following: SOC 100, SOC 101, or SOC 163.

SOC 320 Queer Theory credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/320/>)

Same as GWS 370. See GWS 370.

SOC 321 Gender & Latina/o Migration credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/321/>)

Same as LLS 320 and GWS 320. See LLS 320.

SOC 322 Gender, Relationships & Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/322/>)

Same as GWS 340 and HDFS 340. See HDFS 340.

SOC 324 Social Network Analysis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/324/>)

Same as IS 324. See IS 324.

SOC 325 Black Men and Masculinities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/325/>)

Same as AFRO 342. See AFRO 342.

SOC 328 Asian Americans & Inequalities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/328/>)

An examination of various forms of social inequality between Asian Americans and other groups as well as among Asian Americans, including those based on race, gender, class, citizenship and sexuality. Same as AAS 328. Prerequisite: SOC 100 and/or AAS 100 are recommended.

SOC 345 Digital & Gender Cultures credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/345/>)

Same as GWS 345, INFO 345, and MACS 345. See GWS 345.

SOC 350 Technology and Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/350/>)

Examines the social and cultural origins of modern technology and technological innovation; the effects of technology and its change on society. Topics include the impact of technology on beliefs and values, accommodation and resistance to change, and technology and the Third World.

This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci

SOC 355 Race and Mixed Race credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/355/>)

Same as AAS 355 and LLS 355. See LLS 355.

SOC 364 Impacts of Globalization credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/364/>)

In this course, we seek to make sense of the impacts of globalization. Is the freer flow of trade, people, and capital around the world responsible for the world's economic, social, and political ills, or are we inclined to say that, on balance, it is still a good thing? As more people become more connected across larger distances in different ways, are they following more of the same norms and growing aware of what they share, or are they more aware of cultural differences and see integration as a threat to social cohesion? Upon completion of this course, students should be able to demonstrate content expertise using both written and verbal communication skills. They will do so by: identifying the different drivers of the phenomenon widely described as globalization; distinguishing between the social, cultural, political, and economic processes of globalization and give examples of how they interact in specific and contingent ways; analyzing the advantages and disadvantages of further global integration; combining the different aspects of globalization into a coherent narrative; designing and defending their own alter-globalization campaign. Prerequisite: One of the following: SOC 100, SOC 101, SOC 163, or consent of instructor.

SOC 366 Postsocialism Eastern Europe credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/366/>)

Examines the sociological realities of state socialism and postsocialism in Eastern Europe and the former Soviet Union. Prerequisite: One of the following: SOC 100, SOC 101, SOC 163, HIST 142, PS 100, or any REES course.

SOC 373 Social Inequality credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/373/>)

Who gets what, and why? How are power, privilege, and prestige distributed across individuals and groups, and why is it that some enjoy more than others? We consider how different dimensions of inequality have evolved over time, with special focus on inequalities across race, class, and gender. We assess how inequality shapes the lives of individuals in society, how and why inequality persists, and how people have worked to both challenge and reproduce their places in society. We approach social inequality from a variety of angles, developing an understanding of how inequality works in and through schooling, labor markets, employment, identity and prejudice, social mobility, and the role of major social institutions such as work, family, education, politics and law. We examine core statements of social stratification from sociology and engage with contemporary theories from sociology, psychology, political science, and economics. By the end of this course, you will have a clearer understanding of the types of inequality that exist in society, how inequality operates through the broader social context, and the constraints and opportunities faced by individuals in different positions in society. Prerequisite: One of the following: SOC 100, SOC 101, or SOC 163. This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci

SOC 375 Criminal Justice System credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/375/>)

Exploration of the actors, institutions, and processes that make up the criminal justice system. We review sociological and other social scientific research on topics including the police, prosecutors, the courtroom work-group, forensic evidence, juries, sentencing, and the impact of mass incarceration. Grades are based on exams, research exercises, and ethnographic observations of criminal courtrooms. Prerequisite: SOC 275 is recommended.

SOC 378 Sociology of Law credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/378/>)

Examination of law and legal institutions sociologically. We begin with an introduction to theoretical perspectives on the problem of order, illustrated by juxtaposing formal law with other means of achieving order. Next, we consider law and legal systems in action, including relations between law and the economy, stratification, culture, ideology and social change. Finally, we investigate the relationship between law's aims and principles, and law's real-world implementation.

SOC 380 Social Research Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/380/>)

Introduction to the foundations of social research and to the major types of research methods employed in sociology. Provides exposure to the major tools and terminology of social research, including the use of computers in sociology. Topics include: research design, finding and using sociology literature, measurement, sampling, survey research, field methods, use of available data, quantitative data analysis and presentation, and computer resources for research. Prerequisite: SOC 280 and one of the following: SOC 100, SOC 101, or SOC 163. This course satisfies the General Education Criteria for: Quantitative Reasoning II

SOC 387 Race, Gender and the Body credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/387/>)

Same as LLS 387. See LLS 387.

SOC 390 Individual Study credit: 1 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/390/>)

Individual study or research project. May be repeated. Prerequisite: Six hours of sociology; written consent of instructor on form available in the Sociology Department Office.

SOC 392 Chicanas&Latinas: Self&Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/392/>)

Same as GWS 392 and LLS 392. See LLS 392.

This course satisfies the General Education Criteria for: Advanced Composition

SOC 396 Topics in Sociology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/396/>)

Explores topics not covered in regularly scheduled Sociology courses. See Class Schedule for topics. May be repeated if topics vary. Prerequisite: One of the following: SOC 100, SOC 101, SOC 163, or consent of instructor.

SOC 400 Internships credit: 0 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/400/>)

Selected internship opportunities in which student and faculty member develop a program of study and research related to internship. Consult departmental undergraduate advisor. 0 to 3 undergraduate hours. No graduate credit. Approved for Letter and S/U grading. May be repeated to a maximum of 6 hours. Prerequisite: Junior or senior standing; and SOC 100 or SOC 101 or SOC 163; and six additional hours in Sociology or acceptance of faculty member and Director of Undergraduate Studies.

SOC 422 European Working Class History credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/422/>)

Same as HIST 450 and LER 450. See HIST 450.

SOC 426 Race, Educational Policy, and Sociology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/426/>)

Examination of the origins and development of sociology as a discipline, as related to the sociology of education, and the reproduction of social and racial inequality. The course focuses on four issues: the production of racial inequality in social scientific knowledge, the role that social science plays in reproducing societal patterns of race, class, and gender inequality, the development of sociology and education in the United States and Africa, and the development of American social science and the reproduction of global inequality. Same as EPOL 411 and EPS 422. 3 undergraduate hours. 4 graduate hours. Prerequisite: SOC 100 or SOC 101 or SOC 163 or consent of instructor.

SOC 447 Environmental Sociology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/447/>)

Examination of historical and modern consequences of environmental alteration and pollution and resource limitations on human populations in the context of various social change theories. Explores the environmental movement, population explosion, the "limits to growth debate," and the impacts of environmental change on food production, land, and water quality. Same as ENVS 447 and RSOC 447. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: SOC 380 or equivalent; and one of the following: SOC 100, SOC 101, SOC 163, RSOC 110, or equivalent; or consent of instructor.

SOC 450 Senior Capstone Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/450/>)

Over the course of the semester, students will conceive and execute an original sociological research project, using their knowledge of the sociological literature developed in substantive courses and their skills in data collection and analysis developed in methods courses. In parallel, students will explore professional opportunities in sociology and engage in professional development activities, including exploring opportunities for graduate education and learning skills in job search, and resume, c.v., personal statement and cover letter development. 3 undergraduate hours. No graduate credit. Prerequisite: One of the following: SOC 100, SOC 101 or SOC 163; and SOC 380. For Sociology majors only.

SOC 451 Climate & Social Vulnerability credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/451/>)  
Same as ATMS 446 and GEOG 496. See GEOG 496.

SOC 470 Social Movements credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/470/>)  
Origins and development of groups in promoting and resisting change, resource mobilization, strategies and tactics, individual and social consequences. 3 undergraduate hours. 2 or 4 graduate hours.  
Prerequisite: One of the following: SOC 100, SOC 101, SOC 163, or six hours of anthropology, social geography, political science, or sociology.

SOC 471 Collective Action & Revolution credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/471/>)  
Contemporary theory and research on the life course of social gatherings ranging from small scale and local to nationwide collective actions by people in pursuit of social and political change. Discusses the logic of practice in political, religious and street crowds; collective action of disperse people; and broad-based revolutionary mobilizations. Cases include pre-modern and modern movements from the western and non-western societies. 3 undergraduate hours. 4 graduate hours. Prerequisite: SOC 200, or equivalent, or consent of instructor.

SOC 472 Urban Communities & Public Pol credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/472/>)  
Same as AFRO 481 and UP 481. See AFRO 481.

SOC 473 Immigration, Health & Society credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/473/>)  
Same as CHLH 473, LLS 473, and SOCW 473. See LLS 473.

SOC 474 Population Trends and Patterns credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/474/>)  
Introduction to contemporary demographic patterns and their historical development; transition theory and other models of demographic change; components of population growth and distribution; and trends and differentials in mortality and fertility. 3 undergraduate hours. 4 graduate hours.

SOC 477 Law and Society- ACP credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/477/>)  
Course is identical to SOC 479 except for the additional writing component. Examination of the social and political organization of the legal system, including the development of disputes, the role of gatekeepers to the legal system, and the political significance of litigation. Examines the role of law in sustaining and dismantling structural forms of inequality, as well as the relationship between law and social change. 3 undergraduate hours. No graduate credit. Credit is not given for both SOC 477 and SOC 479. Prerequisite: One of the following: SOC 100, SOC 101, SOC 163, or six hours of anthropology, social geography, political science, or sociology.  
This course satisfies the General Education Criteria for:  
Advanced Composition

SOC 478 Geography of Health Care credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/478/>)  
Same as GEOG 438. See GEOG 438.

SOC 479 Law and Society credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/479/>)  
Examination of the social and political organization of the legal system, including the development of disputes, the role of gatekeepers to the legal system, and the political significance of litigation. Examines the role of law in sustaining and dismantling structural forms of inequality, as well as the relationship between law and social change. 3 undergraduate hours. 4 graduate hours. Credit is not given for both SOC 477 and SOC 479. Prerequisite: One of the following: SOC 100, SOC 101, SOC 163, or six hours of anthropology, social geography, political science, or sociology.

SOC 480 Methods of Field Research credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/480/>)  
Instruction, training, and supervised practice in methods of field research as a basic tool of sociology; emphasis on the role of the field researcher as participant, observer, and interviewer in various kinds of research settings, and on approaches to and applications of field data. 3 undergraduate hours. 2 or 4 graduate hours. Prerequisite: SOC 380 or consent of instructor.

SOC 481 Survey Research credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/481/>)  
Principles and applications of social science survey research methods; class project designing and conducting a sample survey; training and experience in analysis of survey data; sampling, questionnaire construction, interviewing and data reduction, and file management; and direct use of the computer in survey data analysis. 3 undergraduate hours. 4 graduate hours. Prerequisite: SOC 380 or consent of instructor.

SOC 483 Middle Eastern Societies & Cultures credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/483/>)  
Overview of the contemporary Middle East from social, political, and cultural perspectives. Explores how the internal dynamics together with the forces of globalization shape the societies of the Middle East today. Topics include social structure, political dynamics, family, gender, urban life Islam, social and religious movements. 3 undergraduate hours. 3 graduate hours. Prerequisite: One of the following: SOC 100, SOC 101, SOC 163, or six hours of Anthropology, Social Geography, Politics, or Sociology.

SOC 485 Intermediate Social Statistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/485/>)  
Intermediate course in the theory and application of statistical methods to social science data. Coverage includes overviews of measurement issues, the logic of hypothesis testing and estimation, the general linear model, one-way analysis of variance, correlation and regression. The core of the course is multiple regression analysis and its extensions. Topics include dummy variable analysis, statistical interaction, model assumptions and violations, non-linear and logistic regression, and an introduction to path analysis. Emphasis on the application of statistical computing packages (e. g. SPSS) and the substantive interpretation of results. 3 undergraduate hours. 4 graduate hours. Credit is not given for both SOC 485 and another course with a primary focus on applied multiple regression analysis such as ECON 203, STAT 420, or PSYC 406. Graduate students must incorporate research literature involving statistical analysis from their discipline into their assignments and class discussions. Prerequisite: SOC 280 or equivalent.

SOC 488 Demographic Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/488/>)

Focuses upon initial and intermediate techniques for the assessment of demographic data including quality assessment procedures, calculating core demographic metrics, gaining familiarity with approaches to population projection and estimation, and mastering risk assessment techniques linked to single and multi-decrement life tables. 3 undergraduate hours. 4 graduate hours. Prerequisite: SOC 270. This course satisfies the General Education Criteria for: Quantitative Reasoning II

SOC 490 Advanced Independent Study credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/490/>)

3 undergraduate hours. No graduate credit. May be repeated. Prerequisite: Open only to seniors in the sociology major who have an overall GPA of 3.25 or higher and therefore may be eligible for departmental distinction; obtain written consent of instructor on form available in the Sociology Department Office.

SOC 495 Senior Honors Seminar credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/495/>)

Intensive scrutiny of current literature on one selected topic. Critical reading and discussion followed by writing essays and research proposals. Subject will shift yearly. There may be community work as an aspect of this course; consult the Class Schedule for details. 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. Prerequisite: For sociology majors only. Student must have at least 3.5 grade-point average in sociology courses and consent of instructor.

SOC 496 Advanced Topics in Sociology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/496/>)

Explores topics not covered in regularly scheduled Sociology courses. See Class Schedule for topics. 3 undergraduate hours. No graduate credit. May be repeated if topics vary. Prerequisite: One of the following: SOC 100, SOC 101, SOC 163, or consent of instructor.

SOC 500 Classical Sociological Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/500/>)

Analysis of major classical sociological theorists of the nineteenth and early twentieth centuries, stressing the social, historical, and philosophic foundations of sociological theory; primary emphasis on Marx, Durkheim, and Weber. Prerequisite: SOC 200 or equivalent.

SOC 501 Contemp Sociological Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/501/>)

Major theorists and schools of thought since World War I with emphasis on the contemporary period; includes functionalism, exchange theory, conflict theory, symbolic interaction, and phenomenology. Prerequisite: SOC 500 or equivalent.

SOC 510 Professionalization Seminar credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/510/>)

Introduction to the graduate program in Sociology and to graduate study in the discipline of Sociology. Approved for S/U grading only. May be repeated in separate terms to a maximum of 4 hours. Prerequisite: Graduate standing in Sociology and consent of the Director of Graduate Studies.

SOC 521 Sociology of Race and Racism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/521/>)

Examination of the social construction of race and racism, in various cultural contexts and historical moments and in relation to various groups and research problems.

SOC 561 Development Theories credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/561/>)

Discussion of major trends in development thinking and policy, and development theories from the classics in political economy through modernization theory, dependency, alternative development, neoliberalism, human development and post-development. Addresses ongoing challenges and debates such as globalization and democratization, and trends in social science, such as discourse analysis. Enables participants to assess development theories in a historical context and from the viewpoint of sociology of development knowledge.

SOC 562 Sem in Transnational Studies credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/562/>)

Intensive study of a selected area in transnational sociology, e.g., diasporas, global political economy, global environmental studies, transnational racial stratification, etc. May be repeated in the same or separate terms to a maximum of 8 hours as topics vary. Prerequisite: Consent of instructor.

SOC 564 Global Religion and Politics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/564/>)

Explores the reasons behind the world-wide rise of religion as a key player in the public sphere, and the implications for politics in the contemporary world. The major religions of the world are considered, but with a focus on the Islamic revival and Muslim societies. Students will learn about the secularization debate, religious revivals and globalization, global fundamentalisms, religion and democracy, and post-secular and post-Islamist societies. Same as REL 564 and SAME 564.

SOC 565 Megacities of Global South credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/565/>)

Exploration of the dynamics of urban life in the megacities of the Global South. Studies the ways in which the global, social, and economic restructuring is affecting urban space and people and how urban inhabitants respond to these merging circumstances. Focuses on the way in which politics is articulated in the megacities of the Global South. The course discusses cases from the Middle East, Latin America, Africa and South Asia. Prerequisite: Consent of the instructor.

SOC 572 Community In American Society credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/572/>)

Same as HDF5 533 and UP 533. See HDF5 533.

SOC 575 Founds of Organizational Behav credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/575/>)

Same as BADM 510, PS 514, and PSYC 553. See BADM 510.

SOC 576 Survey Methods in Mkt Res credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/576/>)

Same as BADM 531. See BADM 531.

SOC 578 Ethnography Urban Communities credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/578/>)

Same as AFRO 552, HDF5 543, and UP 578. See AFRO 552.

SOC 579 Categorical Data Analysis in Educational Psychology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/579/>)

Same as EPSY 589 and PSYC 589. See EPSY 589.

SOC 580 Advanced Interpretive Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/580/>)

Analysis of social interaction based on the social psychology of C. H. Cooley, G. H. Mead, and W. I. Thomas; presentation of problems of theory, concepts, and method. Same as MDIA 580. Prerequisite: 4 hours graduate credit in sociology.

SOC 581 Survey Research Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/581/>)

Advanced course in the design of social surveys and collection of social survey data; covers stages from questionnaire construction to preparing data for statistical analysis; issues in survey design involving cross-national, longitudinal and multi-group research. Prerequisite: SOC 485 or equivalent.

SOC 583 Qualitative Research Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/583/>)

Introduction to field and qualitative methods in social science research, in terms of both the practical issues of conducting this type of research and the conceptual debates in the field. Methods include interviewing, participant observation, unobtrusive observation, historical/archival methods, content analysis, and/or global ethnography. 4 graduate hours. No professional credit. May be repeated in separate terms up to 4 hours, as topics vary.

SOC 584 Multivar Anlyns in Psych and Ed credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/584/>)

Same as EPSY 584 and PSYC 594. See PSYC 594.

SOC 586 Adv Social Statistics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/586/>)

Examines social science applications of the general linear model and its extensions; topics include: model specification; ordinary and generalized least squares; multicollinearity; selection of predictors; interaction of variables and non-linear regression; panel and time-series data; measurement error; path analysis; recursive and non-recursive structural equation models. Applies statistical computing packages (e.g., SPSS) to social science data. Credit is not given for both SOC 586 and PSYC 406. Prerequisite: SOC 485 or equivalent.

SOC 587 Adv Social Statistics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/587/>)

Examines social science applications of discrete and continuous multivariate analysis; topics include: analysis of categorical data (loglinear modelling, probit analysis, etc.); geometric interpretation of matrices; factor analysis and index construction; canonical analysis; discriminant analysis; unobserved variables and structural equation models; issues in model specification and estimation. Applies statistical computing programs such as ECTA and LISREL to social science data. Credit is not given for both SOC 587 and PSYC 407. Prerequisite: SOC 586 or equivalent.

SOC 588 Covar Struct and Factor Models credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/588/>)

Same as EPSY 588, PSYC 588, and STAT 588. See PSYC 588.

SOC 589 Psych Scaling Multidimen Meth credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/589/>)

Same as PSYC 509. See PSYC 509.

SOC 590 Individual Topics in Sociology credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/590/>)

Supervised individual investigation or study of a topic not covered by regular courses; topic selected by the student and the proposed plan of study must be approved by the adviser and the staff member who supervises the work. Approved for letter and S/U grading. May be repeated.

SOC 596 Recent Developments in Soc credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/596/>)

Intensive study of selected topics based on contemporary works of major importance in the development of sociological theory. May be repeated if topics vary.

SOC 597 Readings in Sociology credit: 2 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/597/>)

Individual guidance in intensive readings in the literature of one or more subdivisions of the field of sociology, selected in consultation with the student's advisor, in preparation for the specialization examination. Approved for S/U grading only. May be repeated in separate terms to a maximum of 12 hours. Prerequisite: Graduate standing in Sociology and consent of advisor.

SOC 598 Thesis Proposal credit: 2 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/598/>)

Individual guidance in designing a doctoral research project and writing a thesis proposal. Focuses on developing a cogent theoretical framework, articulating significance of the project, identifying appropriate research methods, and considering ethical issues. Approved for S/U grading only. May be repeated in the same or separate terms to a maximum of 12 hours. Prerequisite: Graduate standing in Sociology and consent of advisor.

SOC 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/SOC/599/>)

Approved for S/U grading only. May be repeated. Prerequisite: SOC 598.

# SPANISH (SPAN)

SPAN Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SPAN/>)

## Courses

SPAN 101 Elementary Spanish I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/101/>)

Intensive course for beginner students of Spanish. Students will develop basic listening, speaking, reading and writing skills in Spanish to a novice high level, based on the proficiency scale stipulated by the American Council for the Teaching of Foreign Languages (ACTFL) and to provide them with an introduction to the various cultures of the Spanish-speaking world and Hispanics in the United States.

SPAN 102 Elementary Spanish II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/102/>)

Continuation of SPAN 101. Students continue developing basic listening, speaking, reading and writing skills in Spanish to an intermediate low level, based on the ACTFL proficiency and provides introduction to the various cultures of the Spanish-speaking world and Hispanics in the United States. Credit is not given for both SPAN 102 and SPAN 122. Prerequisite: SPAN 101 or equivalent.

SPAN 122 Intensive Elementary Spanish credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/122/>)

Intensive beginning Spanish, equivalent to the first two semesters, for students with little or no experience in Spanish or whose skills need refreshing. This is considered a second level course for purposes of fulfilling the University General Education Language requirement. Prerequisite: None or assignment by placement exam. Students who have the equivalent of four or more years credit in Spanish at the secondary level will not receive credit for SPAN 122.

SPAN 130 Intermediate Spanish credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/130/>)

Continued development of reading, writing and conversational skills. This is considered a third level course for purposes of fulfilling the University General Education Language requirement. Credit is not given for both SPAN 130 and SPAN 103. Prerequisite: SPAN 102, SPAN 122 or equivalent placement score.

SPAN 141 Introduction to Spanish Grammar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/141/>)

Introduction to the major structures of Spanish, from a linguistic perspective and will develop students' formal knowledge of Spanish grammar. This is considered a fourth level course for purposes of fulfilling the University General Education Language requirement. Credit is not given for both SPAN 141 and SPAN 142. Prerequisite: SPAN 130 (previously numbered 103), equivalent course, or placement score.

SPAN 142 Spanish in the Professions credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/142/>)

Introduction to Spanish in business, law, medical, education & social service fields, with a focus on the importance of bilingualism in the U.S., strategies for lifelong learning, and culture considerations. The development of functional use of Spanish within the professional context is the major focus of the course. This is considered a fourth level course for purposes of fulfilling the University General Education Language requirement. Credit is not given for both SPAN 141 and SPAN 142. Prerequisite: SPAN 130 (formerly numbered 103), equivalent course, or placement score.

SPAN 150 Language and Identity in Latinx Communities in the US credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/150/>)

Exploration of the complicated relationship between language and identity among Latinx in the US. You will develop an understanding of why there is a continuum of language ability in English and Spanish and why language shift to English is a natural phenomenon. You will learn about bilingualism at an individual, cognitive, and social level, and understand how language and identity are interconnected. In addition, you will learn the role that culture plays in the manner in which language is approached and practiced and how that interaction impacts identity constructions as related to race and gender.

This course satisfies the General Education Criteria for:

Social Beh Sci - Soc Sci

Cultural Studies - US Minority

SPAN 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/199/>)

Approved for both letter and S/U grading. May be repeated.

SPAN 200 Readings in Hispanic Texts credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/200/>)

Readings and discussion in Spanish of a variety of texts by leading Hispanic and Hispanic-American writers covering genres and themes; designed to emphasize reading, discussion, and enjoyment rather than literary criticism. Open to non-Spanish majors. Credit may be received by Advanced Placement "Language" or "Literature" examination. Prerequisite: SPAN 141, SPAN 142, or equivalent.

SPAN 202 Spanish for Business credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/202/>)

Introduction to vocabulary of Hispanic commerce; composition of business letters and similar texts. Prerequisite: SPAN 141, SPAN 142, or equivalent.

SPAN 204 Advanced Spanish Grammar in Context credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/204/>)

Overview of Spanish grammar, with emphasis on major challenges and areas of contrast with English. The overall goal of the course is to help students gain a greater understanding of some key aspects of Spanish grammar, which will lead to greater accuracy in their written and oral production. Prerequisite: SPAN 141 or equivalent.

SPAN 208 Oral Spanish credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/208/>)

Practice in speaking Spanish. Prerequisite: SPAN 141, SPAN 142, or equivalent. To be taken concurrently with or subsequent to SPAN 204.

SPAN 228 Spanish Composition credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/228/>)

Basic composition course; problems of written Spanish and principles of Spanish stylistic patterns; weekly written exercises. Prerequisite: SPAN 141, SPAN 142, or equivalent.

SPAN 232 Spanish in the Community credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/232/>)

Introduction to Spanish-speaking communities in the Champaign-Urbana area, focusing on issues of particular interest to the local Hispanic community, developing contextualized oral proficiency, and facilitating student civic engagement. Active student reflection is structured throughout the course. Meets two hours a week in class and two hours a week in community-based service work. In their interactions with community members and organizations students both learn from and contribute to the community. Same as LAST 232. Prerequisite: SPAN 141, SPAN 142, or equivalent.

This course satisfies the General Education Criteria for:

Cultural Studies - US Minority

SPAN 240 Latina/o Popular Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/240/>)  
Same as ENGL 224 and LLS 240. See LLS 240.

This course satisfies the General Education Criteria for:  
Cultural Studies - US Minority

SPAN 242 Intro to Latina/o Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/242/>)  
Same as ENGL 225 and LLS 242. See LLS 242.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - US Minority

SPAN 246 Gender & Sexuality in Latina/o Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/246/>)

Examination of questions of gender, sexuality, and identity in contemporary Latina/Latino culture through a discussion of novels, performance pieces, essays and films. Spanish majors must complete writing assignments in Spanish. Same as LLS 246.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - US Minority

SPAN 248 Latin American Diaspora through Film: Beyond Braceros, Narcos, and Latin Lovers credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/248/>)

Study of the relationships between Latinx and Latin American culture through film, focusing on sociohistorical processes (migrations, assimilation, political struggles, nationalism, globalization). It goes beyond onscreen stereotypes about Latinx and Latin Americans (narcotraffickers, undocumented migrants and Latin lovers) promoting nuanced perspectives on issues affecting Latinas/os and Latin Americans in their relationship with US culture. 40% of the films are Latin American and 60% Latinx (made in the US). Taught in English.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - US Minority

SPAN 250 Introduction to Literary Analysis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/250/>)

An introduction to literary analysis and interpretation. Emphasis will be placed upon close reading and critical analysis of texts representing different genres and periods in Spain and Spanish America. Prerequisite: SPAN 228.

SPAN 252 Introduction to Hispanic Linguistics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/252/>)

Introduction to Spanish phonology, morphology, syntax, and at least one of the following areas: issues in Spanish semantics and pragmatics, variation in Spanish, Spanish in the U.S., history of Spanish, or acquisition of Spanish. Prerequisite: SPAN 228 or consent of instructor.

SPAN 254 Introduction to Cultural Analysis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/254/>)

Introduction to the analysis of culture as concept, practice and representation, including consideration of the debates that the idea of culture has provoked in different contexts. Provides analytical and methodological tools to discuss a full range of cultural forms. Special emphasis on issues of culture and representation, as well as on the notion of cultural difference(s). The theoretical and critical texts studies will represent diverse geographical and cultural locations. Examples and discussion will emphasize cultural issues in the context of Spain, Latin America and U.S. Latinas/os. Prerequisite: SPAN 228.

SPAN 295 Topics in Literature and Cultural Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/295/>)

Selected topics in Spanish, Latin American and/or Latina/o literature and cultural studies. Specific topics may vary depending on the instructor. Course taught in Spanish. May be repeated in the same or separate terms to a maximum of 6 hours if topics vary. Prerequisite: SPAN 228.

SPAN 299 Study Abroad credit: 0 to 18 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/299/>)

Non-advanced level course in Spanish language, literature, history, culture, and/or civilization completed in a Study Abroad program in Spain or Latin America. May be repeated in the same term to a maximum of 18 hours. May be repeated in separate terms to a maximum of 36 hours. Prerequisite: SPAN 141, SPAN 142 or equivalent.

SPAN 303 The Sounds of Spanish credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/303/>)

Practical, introductory course to Spanish phonetics, stressing practice in pronunciation. May be offered as intensive eight-week course. Prerequisite: SPAN 228 or consent of instructor.

SPAN 305 The Structure of Spanish credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/305/>)

An in-depth investigation of the structure of Spanish, with a secondary focus on syntactic variation, especially structural differences with English. Introduces concepts and techniques essential for syntactic analysis and description. Taught in Spanish. Prerequisite: SPAN 252 or consent of instructor. May be taken concurrently with SPAN 252.

SPAN 307 Bilingualism credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/307/>)

Introduction to the fundamental issues in the study of bilingualism as an individual and social phenomenon, with special emphasis on Spanish bilingual communities in the United States, Spain and Latin America. Taught in Spanish. Prerequisite: SPAN 252 or consent of instructor. May be taken concurrently with SPAN 252.

SPAN 308 Spanish in the United States credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/308/>)

Descriptive and critical overview of the linguistic practices of the different Spanish-speaking communities in the U.S. The main objective of the course is to develop critical and linguistic awareness about the relationship among language, individual, and society. Special emphasis on historical migration patterns and settlements, characteristics of Spanish in contact with English, and language use and attitude patterns. Same as LLS 308. Prerequisite: SPAN 228 or consent of instructor.

SPAN 309 Varieties of Spoken Spanish credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/309/>)

Relationship between language, individual and society in the context of the spread of Spanish in the world, concentrating on Spanish varieties spoken in Spain and Latin America, including the United States, but will also give an overview of Spanish in Africa (Equatorial Guinea, Morocco), and other parts of the world (Israel, Turkey, the Philippines). Prerequisite: SPAN 252 or consent of instructor. May be taken concurrently with SPAN 252.

SPAN 310 Premodern Spanish Literatures & Cultures credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/310/>)

A critical analysis of selected texts and authors representative of the Medieval and Early Modern periods in the context of Iberian cultures. Particular emphasis on the relationship between cultural practices and the construction of national identities prior to 1700, as well as on the plurality of cultures that shaped what is now Spain. Specific sections may emphasize critical topics such as gender, ideology, literary form, nationalisms, race, and sexuality, among others. Prerequisite: SPAN 228.

SPAN 312 Modern Spanish Literatures & Cultures credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/312/>)

Critical analysis of selected texts and periods representative of Spain's literary production from the 18th century to the present, with special attention paid to broader literary and cultural contexts. Specific sections may emphasize critical topics such as gender, ideology, literary form, nationalisms, race, and sexuality, among others. Prerequisite: SPAN 228.

SPAN 316 Latin American Literatures & Cultures from 1800 credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/316/>)

Critical analysis of selected texts and periods representative of Latin American literary and cultural production from 1800 to present, with special attention paid to broader literary and cultural contexts. Specific sections may emphasize critical topics such as gender, ideology, literary form, nationalisms, race, and sexuality, among others. Prerequisite: SPAN 228.

SPAN 318 Spanish Cultural Studies I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/318/>)

A critical analysis of historical events, institutions, artistic production, symbols and values representative of Spanish (Iberian) cultures. Particular emphasis on the relationship between specific cultural practices and/or values and the construction of national identities prior to 1700. May be repeated in separate terms to a maximum of 6 hours, if topics vary. Prerequisite: SPAN 228.

SPAN 320 Spanish Cultural Studies II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/320/>)

Critical analysis of selected historical events, artistic production, debates, symbols and values representative of Spanish (Iberian) cultures in the modern and contemporary periods. Particular emphasis on the relationship between cultural practices and national identities, as well as on contextualized analysis of different types of cultural phenomena. May be repeated in separate terms to a maximum of 6 hours, if topics vary. Prerequisite: SPAN 228.

SPAN 324 Latin America Cultural Studies I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/324/>)

Examination of the complexities, ramifications and ambiguities of the cultural encounters, processes and expressions which took place in Latin America between different racial and ethnic groups from Pre-Columbian times to the 1800. Particular emphasis will be placed on the critical analysis of major cultural events, periods and issues that influenced the formation of identities in these territories. May be repeated in separate terms to a maximum of 6 hours. Prerequisite: SPAN 228.

SPAN 326 Latin America Cultural Studies II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/326/>)

Panoramic view of Latin American cultures since the end of the colonial period (roughly 1820) to the present. Examination of the major debates, authors and cultural issues that shaped those cultures or that were shaped by them. Specific themes may vary by semester, and may include the following: slavery, colonialism and neocolonialism, revolution, mestizaje, gender, the state, and modernization. Analysis will include diverse cultural phenomena, as well as consideration of cultural perspectives and practices. May be repeated in separate terms to a maximum of 6 hours, if topics vary. Prerequisite: SPAN 228.

SPAN 332 Spanish and Entrepreneurship credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/332/>)

Entrepreneurship means more than starting a business. This course emphasizes social entrepreneurship, in which the basic process of entrepreneurship-opportunity recognition, resource gathering and value creation is used to address social issues, not to create profits. Students do community-based learning in non-profits serving the local Spanish-speaking community, thereby building their language skills, acquiring cultural knowledge and gaining hands-on experience with social entrepreneurship (theory and practice). Each week class meets two hours in class and two hours in community-based service work. Prerequisite: SPAN 228.

SPAN 395 Advanced Topics in Literature & Cultural Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/395/>)

Selected topics in Spanish, Latin American and/or Latina/o literatures and cultural studies. Specific topics may vary. May be repeated in separate terms to a maximum of 6 hours, if topics vary. Prerequisite: Two 300-level courses in Spanish/Latin American literature or cultural studies.

SPAN 399 Advanced Study Abroad credit: 0 to 18 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/399/>)

Advanced level course in Spanish language, literature, history, culture, and/or civilization completed in a Study Abroad program taking place in Spain and Latin America. Approved for Letter and S/U grading. May be repeated to a maximum of 36 hours. Prerequisite: SPAN 228. May be taken concurrently with SPAN 228.

SPAN 410 Spanish/English Translation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/410/>)

Review of current translation theory and analysis and practice of the translation from Spanish to English (and vice versa) of a variety of text types, ranging from short literary texts to everyday commercial discourse such as that found on product labels. Emphasis on linguistic and cultural aspects of literary discourses as well as non-literary texts. Conducted in Spanish. Same as TRST 412. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 250, SPAN 252, and SPAN 254; or consent of instructor.

SPAN 418 Language & Minorities in Europe credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/418/>)

Same as EURO 418, FR 418, GER 418, ITAL 418, LING 418, PS 418, and SLAV 418. See FR 418.

SPAN 430 Spanish Phonology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/430/>)

Systematic introduction to the sound structures of Spanish, concentrating on recent contributions of theoretical linguistics to the understanding of the phonology of Spanish in its standard and selected dialectal varieties. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 252 or SPAN 303 or consent of instructor.

SPAN 431 Spanish Morphology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/431/>)

Introductory course to basic concepts of morphological structure and word formation from a functional perspective. The course centers around the specific morphological characteristics of Spanish, considering historical and dialectal variation. Taught in Spanish. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 305 or equivalent; or consent of instructor.

SPAN 432 Spanish Syntax credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/432/>)

Systematic introduction to the foundations of Spanish syntax based on standard and more recent treatments of Spanish and syntactic theory. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 305 or consent of instructor.

SPAN 433 Spanish Sociolinguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/433/>)

Introduction to the sociolinguistic variation (social, historical, and dialectal) of Spanish-speaking communities, and to the basic theoretical and methodological concepts of sociolinguistic research. Taught in Spanish. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 307 or SPAN 309; or consent of instructor.

SPAN 434 History of the Spanish Language credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/434/>)

Study of the historical evolution of the Spanish language, from its origins in Latin to its spread and development in Spain and Latin America, considering also the influence of other languages on Spanish. Both internal history (changes in phonology, morphology, syntax and lexicon) and external history are examined. Taught in Spanish. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 252 or equivalent introduction to Spanish or General Linguistics or consent of instructor.

SPAN 435 Introduction to Romance Linguistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/435/>)

Comparative and historical analysis of the Romance languages. Same as FR 462, ITAL 435, LING 462, PORT 435, and RMLG 435. 3 undergraduate hours. 4 graduate hours. Prerequisite: Four semesters of a Romance language or Latin, or equivalent; LING 100, SPAN 252, FR 416, or equivalent; or consent of instructor.

SPAN 436 History of Translation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/436/>)

Same as CLCV 430, CWL 430, ENGL 486, GER 405, SLAV 430, and TRST 431. See SLAV 430.

SPAN 437 The Acquisition of Spanish credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/437/>)

Examination of the acquisition of Spanish by monolinguals, bilinguals, and second language learners. After a general introduction to theories of language acquisition, the focus of the course is on empirical investigations of the acquisition of the phonology, lexicon, morphology and syntax of Spanish by each to the learner groups listed above. Taught in Spanish. 3 undergraduate hours. 4 graduate hours. Prerequisite: SPAN 303 and SPAN 305 or equivalent, or consent of instructor.

SPAN 442 Latina Literature credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/442/>)

Same as LLS 442 and GWS 445. See LLS 442.

SPAN 460 Principles of Language Testing credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/460/>)

Same as EIL 460, EPSY 487, FR 460, GER 460, ITAL 460, PORT 460, and SLS 460. See EIL 460.

SPAN 462 Early Modern Spanish Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/462/>)

Study of the major authors and texts of the early modern period (Renaissance and Baroque) with particular attention to the cultural and political contexts of sixteenth and seventeenth century Span. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours if topic varies. Prerequisite: SPAN 310 and SPAN 318.

SPAN 463 18-19thC Spanish Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/463/>)

Selected literary and non-literary texts published in Spain during the 18th and 19th centuries. Focus on analysis of literary and other manifestations of major cultural movements and artistic currents and preoccupations. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours as topic varies. Prerequisite: SPAN 312 and SPAN 320.

SPAN 464 Spanish Studies 1898-1960 credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/464/>)

Selected literary and non-literary texts published in Spain between 1898-1960. Focus on analysis of literary and other manifestations of major cultural movements and artistic currents and preoccupations. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours as topic varies. Prerequisite: SPAN 312 and SPAN 320.

SPAN 465 20th-21stC Spanish Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/465/>)

Examines the cultural production of 20th and 21st century Spain, with emphasis on major works, critical movements and debates. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours if topic varies. Prerequisite: SPAN 312 and SPAN 320.

SPAN 466 Colonial Span Amer Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/466/>)

In-depth study of colonial Spanish American discursive and cultural production from Pre-Hispanic times to the eighteenth century. Emphasis is placed upon the intellectual and cultural climate from which these texts emerged. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours if topic varies. Prerequisite: SPAN 314 and SPAN 324.

SPAN 467 19thC Sp American Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/467/>)

Provides a panoramic view of literary and cultural production in Spanish America between 1810 and 1900. Special attention paid to the emergence of "national literatures" within specific historical and political contexts. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours if topic varies. Prerequisite: SPAN 316 and SPAN 326.

SPAN 468 20th-21stC Span Am Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/468/>)

Examines major works, critical movements and/or theoretical issues in the 20th and 21st century Spanish American literary and cultural studies. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 8 graduate hours if topic varies. Prerequisite: SPAN 316 and SPAN 326.

SPAN 477 Spanish Grammar and Communicative Language Teaching credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/477/>)

Survey of major Spanish syntactic and morphological patterns with particular emphasis on the acquisition of Spanish grammar by non-native speakers. Students will develop a sensitivity for appropriate teaching of Spanish grammar. 3 undergraduate hours. No graduate credit. Required for teacher education. Prerequisite: FLTE 475 or consent of instructor.

SPAN 489 Theoretical Foundations of SLA credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/489/>)

Same as FR 481, GER 489, ITAL 489, LING 489, and PORT 489. See LING 489.

SPAN 490 Advanced Readings in Spanish credit: 0 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/490/>) Directed reading course intended to develop an advanced student's interest in a special area of Hispanic linguistics or literature (author, genre, period, group of works, etc.). Topics to be chosen in consultation with an advisor. Only topics not covered in regular offerings will be considered. 0 to 3 undergraduate hours. No graduate credit. May be repeated if topics vary. Prerequisite: SPAN 252 for linguistics topics; and any two of SPAN 310, SPAN 312, SPAN 314, or SPAN 316 for literature topics.

SPAN 491 Topics for Honors Students credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/491/>) For candidates for honors in Spanish; intensive study of topics in Hispanic literature or linguistics. 1 to 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours. Prerequisite: Consent of instructor and of departmental honors advisor.

SPAN 528 Sem 20thC Spanish Lit credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/528/>) Investigation of literary problems presented by the Spanish novel, drama, poetry and/or essay since 1900. May be repeated to a maximum of 8 hours if topics vary. Prerequisite: SPAN 465 or equivalent.

SPAN 535 Sem Spanish-American Lit credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/535/>) Special problems in methodology and research; includes other prose fiction. Same as CWL 562. May be repeated to a maximum of 8 hours if topics vary. Prerequisite: A related 400-level course in Spanish American Studies or consent of instructor.

SPAN 557 Sem Romance Ling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/557/>) Selected topics in comparative Romance linguistics. Same as FR 559, ITAL 559, LING 559, PORT 559, and RMLG 559. May be repeated if topics vary. Prerequisite: SPAN 435 and consent of instructor.

SPAN 558 Sem Spanish Synchronic Ling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/558/>) Selected topics of Spanish phonology, syntax and sociolinguistics in the light of present-day linguistic theory. May be repeated to a maximum of 16 hours if topics vary. Prerequisite: Graduate standing in Spanish or consent of instructor.

SPAN 559 Sem Spanish Diachronic Ling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/559/>) Selected topics on the development of Spanish and its dialects in the light of present-day historical methods. May be repeated to a maximum of 8 hours if topics vary. Prerequisite: Consent of instructor.

SPAN 571 Proseminar For Lang Tchg credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/571/>) In-depth exploration of fundamental concepts in foreign language teaching; designed for departmental Teaching Assistants; topics include classroom discourse, teaching approaches, reading, listening, writing, and principles of language testing. Same as PORT 571. 4 graduate hours. No professional credit. Prerequisite: Teaching assistantship in the Department of Spanish and Portuguese or consent of instructor.

SPAN 572 Theory and Literary Criticism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/572/>) Presentation of major critical theories for the analysis of literary and cultural texts since the mid-20th century. Hispanic, Luso-Brasilian, and U.S. Latina/o critical theory will be studied. Students will demonstrate their understanding of these theories by critically engaging texts written in Spanish, Portuguese, or the foreign language of their specialization. Same as PORT 572. 4 graduate hours. No professional credit. Prerequisite: Graduate standing in the Department of Spanish and Portuguese or consent of instructor.

SPAN 580 Classroom Language Acquisition credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/580/>) Provides for an introduction to the context, process(es), and product of classroom language acquisition; emphasis is placed upon research, research findings, and implications of research. Same as EIL 580, FR 580, GER 580, ITAL 580, PORT 580, and SLS 580. 4 graduate hours. No professional credit. Prerequisite: FLTE 471 or equivalent, or consent of instructor.

SPAN 584 Theories in Second Language Acquisition credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/584/>) Course introduces doctoral students to current mainstream theories (e.g., linguistic, psycholinguistic, cognitive, and social) used in SLA research. Emphasis is on gaining fundamental understanding of how theories work in SLA, how to evaluate them, and what they attempt to explain. Same as CI 584, EALC 584, EPSY 563, FR 584, GER 584, ITAL 584, LING 584, and PORT 584. 4 graduate hours. No professional credit. Prerequisite: LING 489 or equivalent or consent of instructor.

SPAN 588 Sem Second Lang Learn credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/588/>) Treats specific topics in second language learning that are of current research and/or theoretical interest. Topics vary from term to term. Same as EALC 588, FR 588, GER 588, ITAL 588, LING 588, and PORT 588. May be repeated to a maximum of 16 hours if topics vary. Prerequisite: SPAN 580 or equivalent or consent of instructor.

SPAN 590 Topics in Hispanic Studies credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/590/>) Topical studies of Hispanic literature or linguistics beyond the scope of regular offerings at the 400- or 500-level. May be repeated to a maximum of 12 hours if topics vary. Prerequisite: Corresponding introductory course at the 400-level, or consent of instructor.

SPAN 595 Special Topics in Spanish credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/595/>) Independent study/research under the direction of a faculty member. May or may not fulfill requirements for a particular degree program in SIP. Consult Graduate Advisor. Approved for letter and S/U grading. May be repeated to a maximum of 8 hours.

SPAN 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/SPAN/599/>) Approved for S/U grading only. May be repeated.

# SPECIAL EDUCATION (SPED)

SPED Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SPED/>)

## Courses

SPED 117 The Culture of Disability credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/117/>)

The purpose of this course is to provide an introduction to the culture of disability across the lifespan. The impact of disabilities on an individual across the lifespan will be explored, and the unique culture that is created by having a disability will be addressed. The historical basis for the disability movement and special education will be addressed, including legislation and litigation that has had a significant impact on the field. Students also will learn about the characteristics of individuals with diverse abilities as well as current trends in educational services. This course satisfies the General Education Criteria for: Humanities - Hist Phil

SPED 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/199/>)

Additional fees may apply. See Class Schedule. May be repeated.

SPED 312 Introduction to Educational Technology credit: 2 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/312/>)

This course provides preservice teachers with the foundation for growth in technology integration through professional preparation, student teaching, and licensure. Major areas covered include the use of productivity tools, effective integration of the internet, and enhancing instruction through the use of multimedia. Additional topics include learning theories, professional development, evaluation, and technology use across multiple disciplines. Special equipment needed includes a USB-Flash Drive and SCD-R disks.

SPED 317 Characteristics & Eligibility credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/317/>)

The purpose of this course is to provide an introduction to issues associated with the identification and characteristics of students with disabilities, eligibility for special education, and placement to meet students' educational needs. Prerequisite: SPED 117 and admission into the teacher education program in special education.

SPED 322 Introduction to Intellectual Disability credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/322/>)

Study of the history and current status of the social, emotional, physical, and learning characteristics and problems of persons with an intellectual disability; identification and diagnosis; available services and provisions; and educational programs and lifelong processes of adaptation for these individuals and their families. Same as PSYC 322 and REHB 322. Prerequisite: PSYC 100 or SPED 117; or equivalent.

This course satisfies the General Education Criteria for: Social Beh Sci - Beh Sci

SPED 391 Thesis credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/391/>)

Prerequisite: Senior standing.

SPED 395 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/395/>)

Study of problems not considered in other courses; designed for students who excel in self-direction and intellectual curiosity. Prerequisite: Upperclassman; upper five percent of class in grade-point average; demonstrated writing competence, research potential, scholarly attitude, and interest as attested to by instructors; consent of adviser and staff member who supervises the work.

SPED 405 General Educator's Role in Special Education credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/405/>)

Examination of issues in educating students with special needs: service delivery models, roles of teachers and related service providers, student assessment, curriculum individualization, instructional strategies, management of problem behaviors, and program evaluation. 3 undergraduate hours. 3 graduate hours. Prerequisite: Must be registered in teacher licensure program.

SPED 413 New Media & Learner Differences credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/413/>)

An investigation of the dimensions of learner diversity: material (class, locale), corporeal (age, race, sex and sexuality, and physical and mental characteristics) and symbolic (culture, language, gender, family, affinity and persona). Examines social-cultural theories of difference, as well as considering alternative responses to these differences in educational settings - ranging from broad, institutional responses to specific pedagogical responses within classes of students. No undergraduate credit. 4 graduate hours. Prerequisite: Acceptance into the Master of Education with an emphasis on New Learning and New Literacies program.

SPED 414 Assessment in Early Childhood Special Education credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/414/>)

Practice in designing and applying assessment devices and procedures and in using them to make educational decisions for children with special needs, birth through kindergarten age. 3 undergraduate hours. No graduate credit. Prerequisite: Credit or concurrent registration in SPED 524 or consent of instructor.

SPED 416 Perspectives on Gifted Education credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/416/>)

Consideration of persons in society exhibiting gifted behavior; who they are, their physical, psychological, social, and educational characteristics, and society's needs and provisions for them. The major portion of the course is devoted to the consideration and evaluation of instructional and administrative adjustments that should be made for the gifted in the educational structure. 3 undergraduate hours. 3 or 4 graduate hours.

SPED 424 Foundations of Assessment credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/424/>)

Course focuses on the theoretical and practical considerations in the psychological and educational assessment of individuals with disabilities. An emphasis will be placed on understanding the technical and practical aspects of current assessment procedures and their application to the education of children and youth with disabilities. 3 undergraduate hours. 3 graduate hours. Prerequisite: Admission to the Department of Special Education or consent of instructor.

SPED 426 Collaboration and Teaming credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/426/>)

Course is designed to provide participants with the information needed for effective collaboration and interactive teaming. Participants will learn effective models of collaboration and consultation, team member roles and responsibilities, collaborative practices for participating on teams, and strategies for securing appropriate resources for students with disabilities. Emphasis is placed on skills necessary for working collaboratively with parents, teachers, and other service providers. 3 undergraduate hours. 3 graduate hours. Prerequisite: Requires concurrent enrollment in SPED 524 or EDPR 420, or consent of instructor.

SPED 431 Assistive Technology and Physical Disabilities credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/431/>)

Course focuses on specialized health care needs, policies, and procedures for working with students with disabilities. An overview is provided of methods for accommodating students including task or environmental modifications, assistive technology, and adaptive equipment options. 2 undergraduate hours. 2 graduate hours. Prerequisite: Admission to the Department of Special Education or consent of instructor.

SPED 432 Multiple Disabilities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/432/>)

Focuses upon the physical and educational characteristics of individuals with multiple disabilities, particularly those with physical disabilities and other health and sensory impairments; covers educational curricula, teaching methods, and other educational considerations such as working with parents, medical personnel, and support staff, and educational adaptations. 3 undergraduate hours. 3 graduate hours. Prerequisite: Admission to the Department of Special Education or consent of instructor.

SPED 435 Behavior Analysis in Special Education credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/435/>)

Remediation of behavior problems of exceptional students and adults using applied behavior analysis techniques; includes defining, observing, recording, charting, and evaluating behavior change and application of behavioral procedures to remediate behavior problems in the classroom. 3 undergraduate hours. 3 graduate hours. Prerequisite: Admission to the Department of Special Education or consent of instructor.

SPED 436 Systematic Instruction in Special Education credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/436/>)

Elements of data-based instruction emphasizing educational planning for individuals with special needs; includes task and developmental analysis, writing instructional programs, and individualization of instruction. Covers infancy to young adults; mild to severe disabilities. 4 undergraduate hours. 4 graduate hours. Prerequisite: Credit or concurrent registration in SPED 435, or consent of instructor.

SPED 437 Curriculum for Severe Disabilities credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/437/>)

Curriculum design, development, and adaptation for students with moderate and severe disabilities; includes the following basic curriculum areas: domestic/home living, self-care, socialization, community living, leisure and recreation, and functional academics; a focus is on providing instruction in these areas in inclusive educational settings; and an emphasis throughout the course is on the evaluation of curriculum and program effectiveness. 4 undergraduate hours. 4 graduate hours. Prerequisite: SPED 436.

SPED 438 Collaborating with Families credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/438/>)

The impact of children with special needs on their families; models for the study of family systems are applied to understanding families of children with special needs; emphasis on planning family-focused interventions and exploring strategies for working with parents in a variety of settings. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Prerequisite: Practicum experience or consent of instructor.

SPED 440 Instructional Strategies I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/440/>)

Course is designed to provide participants with information on effective instructional practices for working with students with disabilities. Participants are provided with information on generic strategies and principles of learning, instructional formats and strategies for informal assessment. Throughout this course emphasis is placed on methods and strategies for instructing individuals and groups of students. Important consideration is given to legal and ethical issues and an understanding of diverse needs in instructional design and delivery. 4 undergraduate hours. 4 graduate hours. Prerequisite: SPED 317 and SPED 517 or consent of instructor.

SPED 441 Instructional Strategies II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/441/>)

Course focuses the design of instruction based on diverse student characteristics, student performance data, curriculum goals, and the community context. Emphasis is placed on application of techniques and strategies to facilitate learning and on evaluating assessment information to modify methods, materials, or environments to enhance student success. 4 undergraduate hours. 4 graduate hours. Prerequisite: SPED 440 and concurrent enrollment in SPED 524 or EDPR 250, or consent of instructor.

SPED 444 Career Development and Transition credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/444/>)

Course focuses on developing transition plans and activities that prepare students with disabilities for adulthood, including post school employment, independent living, and postsecondary education. Particular emphasis is placed on career development including determining job interests, career exploration, work experiences prior to graduation, job development, and job placement. 3 undergraduate hours. 3 graduate hours. Prerequisite: Admission to the Department of Special Education, or consent of instructor.

SPED 446 Curriculum Development I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/446/>)

Principles and practices for teaching students with disabilities. Topics include models of curriculum development, procedures for identifying curriculum priorities across content areas, and relationships between curriculum and instructional settings. Emphasis is on development of inclusive educational programs that are outcome-driven and on evaluation of program effectiveness. 4 undergraduate hours. 4 graduate hours. Prerequisite: Admission to the Department of Special Education, or consent of instructor.

SPED 447 Curriculum Development II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/447/>)

Course focus is on ensuring access for students with disabilities to the general education curriculum in English language arts, mathematics, science and social studies by considering the interaction among content area knowledge, pedagogical knowledge, and evidence-based practice. Construction of curriculum in academic content areas with a scope and sequence tailored to individual student characteristics in an area of emphasis. 4 undergraduate hours. 4 graduate hours. Prerequisite: SPED 446 and admission to the Department of Special Education, or consent of instructor.

SPED 448 Curriculum Development III credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/448/>)

Review and application of curriculum development and adaptation principles and strategies to life skill domain areas. Curriculum areas addressed include domestic/home-living, leisure and recreation, community living, and vocational programs and job preparation. Emphasis on designing instruction to address life skill curriculum needs in inclusive educational programs and on critically evaluating curriculum and program effectiveness. 4 undergraduate hours. 4 graduate hours. Prerequisite: SPED 446 and admission to the Department of Special Education, or consent of instructor.

SPED 450 Introduction to Early Childhood Special Education credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/450/>)

Overview of the history, trends, and issues of the field of Early Childhood Special Education (ECSE) with particular attention to federal and state policy, service system models, and professional roles and ethics. Emphasis is on current research, theory, and practice. 2 undergraduate hours. 2 graduate hours. Prerequisite: Junior standing.

SPED 460 Communication and Physical Disabilities credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/460/>)

Focuses upon issues and intervention strategies that can impact the communication skills of persons with moderate or severe intellectual and/or physical disabilities. Specific assessment and intervention strategies are discussed as they relate to both verbal and augmentative communication. 4 undergraduate hours. 4 graduate hours.

SPED 461 Alternative and Augmentative Communication and Literacy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/461/>)

Course focuses on issues and strategies for teaching communication and literacy to individuals with significant intellectual or physical disabilities. Specific assessment and intervention strategies are discussed as they relate to alternative and augmentative communication (AAC) and the development of beginning literacy skills. 3 undergraduate hours. 3 graduate hours. Prerequisite: Concurrent enrollment or prior completion of SPED 440, and admission to the Department of Special Education, or consent of instructor.

SPED 465 Curriculum and Methods in Early Childhood Special Education credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/465/>)

Introduction to the field of early childhood special education, including its history and major issues; instructional methods used in teaching and facilitating development in young children with disabilities are covered in depth. 3 undergraduate hours. 3 graduate hours. Prerequisite: Concurrent registration in SPED 524 or consent of instructor.

SPED 470 Learning Environments I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/470/>)

Course is designed to provide participants with an introduction to theories and interventions related to school climate and classroom management. Course will focus on using positive behavioral supports to create an effective classroom and school climate. 3 undergraduate hours. 3 graduate hours. Prerequisite: Admission to the Department of Special Education, or consent of instructor.

SPED 471 Learning Environments II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/471/>)

Course is designed to provide participants with specific information on intervention and evaluation strategies related to designing and managing effective learning environments and to becoming a discriminating consumer of the professional literature related to behavior interventions. 3 undergraduate hours. 3 graduate hours. Prerequisite: SPED 470, and admission to the Department of Special Education, or consent of instructor.

SPED 488 Ethics and Professional Behavior credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/488/>)

Designed to introduce students to ethical issues and challenges that teacher educators and other professionals, including Board Certified Behavior Analysts, may encounter in practice. The topics to be covered all revolve around ethical conduct in practice and research, as well as the decision-making foundations for resolving ethical issues. Students will obtain knowledge and skills through readings, discussion and various case scenarios, reflections, and discussion of the concepts of issues addressed in the reading and assignments. 3 undergraduate hours. 3 graduate hours. Prerequisite: Graduate standing. Undergraduate Seniors (with permission).

SPED 510 Legal Aspects of Disabilities credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/510/>)

Study of the legal rights of individuals with disabilities and their families, with emphasis on educational aspects; inter-relationship of constitutional, statute, administrative and case law at the federal, state and local levels. Case study simulations and mock due process hearings are included.

SPED 513 Introduction to Diversity & Equity credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/513/>)

This course, geared to education non-majors, offers an introduction to ways of thinking about educational theories, concepts, and practices as they relate to philosophical discussions surrounding social justice, especially as pertaining to race, class, gender and disability. Broadens students' reflective understanding of the development of educational institutions and practices and, through an emphasis on class discussion, promotes a critical and analytical approach to thinking about the evaluating these institutions and practices. Same as EPOL 515 and EPS 576. 4 graduate hours. No professional credit.

SPED 514 Equity Issues in Special Education credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/514/>)

A graduate-level overview of issues in equity and access for students with disabilities. Historical and legal foundations are reviewed, but the course focus is issues related to characteristics of individuals with disabilities, challenges in instructional service delivery, including of students with special needs in the general curriculum, and transition of students with disabilities to independent living. Participants reflect on issues in light of their own experiences. Prerequisite: Acceptance into the Master of Education with an emphasis on Diversity and Equity in Education Program or instructor approval.

SPED 517 Disability Issues in Special Education credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/517/>)

Overview of special education at the graduate level. Focus is placed on issues related to: assessment, identification, and characteristics across all disability areas. The greatest emphasis is placed on strategies for including students with disabilities in the general curriculum. Historical and legal perspectives that provide the foundation for special education are discussed.

SPED 520 Psycho-Social Aspects credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/520/>)  
Same as REHB 520. See REHB 520.

SPED 521 Administration and Supervision in Special Education credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/521/>)  
Examination of administrative and supervisory practices in educating children with disabilities and gifted children in public and private schools; application of administrative theory to special education programs. Designed for graduate students in education administration or special education preparing to direct special education programs. 4 graduate hours. No professional credit. Prerequisite: SPED 517 or consent of instructor.

SPED 524 Supervised Practice in Special Education credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/524/>)  
Supervised practice in one or more settings in which students with mild to severe disabilities are served; practicum settings may include day, residential, special, and regular schools which serve students with disabilities. Additional fees may apply. See Class Schedule. Approved for S/U grading only. May be repeated in same or subsequent terms to a maximum of 8 hours. Prerequisite: Admission to the graduate program in special education; consent of supervising faculty member.

SPED 526 Collaborative Leaders in Special Education credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/526/>)  
Course provides special educators and other professionals with skills and strategies to assume a leader/change agent role in their schools. Participants focus on effective leadership, collaborative practices, and innovative programs in special education that create unique learning environments, ultimately impacting all stakeholders (student with and without disabilities, teachers, families). Course readings, lectures, and activities address how leaders in the field affect change in special education through grant writing, professional development, and the implementation and evaluation of innovative programs and practices. 4 graduate hours. No professional credit. Prerequisite: SPED 426 or equivalent.

SPED 538 Interdisciplinary Teaming credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/538/>)  
Study of roles and functions of teams in early intervention and special education service delivery; considers models of team process within and between service settings; explores dynamics of interaction on teams, including approaches to decision-making, communication, and conflict resolution; examines professional roles and tasks of team members in the intervention process.

SPED 545 Transition and Vocational Planning credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/545/>)  
Provides an orientation to transition planning and vocational training as integrated components of secondary-level education curriculum. Topics include transition planning practices and participants, vocational assessment methods, supported employment concepts and issues, and vocational training strategies and programs Same as REHB 545.

SPED 550 Methods of Educational Inquiry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/550/>)  
Same as CI 550, EPOL 550, and EPSY 550. See CI 550.

SPED 556 Problems and Trends in Special Education credit: 4 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/556/>)  
Introduction to significant problems, points of view, and trends in the field concerned; explores significant research related to organization, content, and techniques in the field in question. Students are encouraged to design/propose/conduct special studies in approved areas.

SPED 565 Atypical Development: B to 6 credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/565/>)  
Examines characteristics of children with major biological risk conditions and disabilities, birth - six, with a focus on the impact of these conditions on development; briefly examines interventions used by a variety of professionals in addressing specific developmental needs of children with a variety of disabilities Prerequisite: EPSY 236 or equivalent.

SPED 566 Leadership in Early Childhood Special Education credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/566/>)  
Program issues and research on the efficacy of various program models for young children with special needs from infancy to six; implications for program organization variables such as space, personnel roles, and curriculum Prerequisite: SPED 465 and concurrent enrollment in SPED 524, or consent of instructor.

SPED 575 Mixed Method Inquiry credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/575/>)  
Same as EPSY 575. See EPSY 575.

SPED 583 Single Case Experimental Design credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/583/>)  
Study of the analysis of behavior in one or a few subjects using advanced time series designs; includes making accurate and reliable assessment of objective behaviors and designing experiments that feature interpretable comparisons among interventions and credible generalizability to subjects, settings, and time periods other than those specifically studied. Classic and current exemplars of these designs are studied and critiqued in depth. Same as EPSY 583.

SPED 585 Individual Differences: B to 6 credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/585/>)  
Examines major developmental themes in young children from birth to six. Emphasizes individual differences resulting from environmental and biological factors that influence development, including those resulting from disabilities. Focuses on integration among multiple domains of development. Prerequisite: Graduate standing or consent of instructor.

SPED 590 Seminar for Advanced Students credit: 0 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/590/>)  
Seminar in the education of individuals with special needs; open only to persons who have been admitted for graduate study. Additional fees may apply. See Class Schedule. Approved for letter and S/U grading.

SPED 591 Field Study and Thesis Seminar credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/591/>)  
Planning field studies and thesis problems by graduate students; students present their studies at each of four stages: (1) the inception, delimitation, tentative design stage; (2) the proposed design stage; (3) the revised design stage; and (4) the final design stage. Students are expected to analyze all presentations critically. May be repeated up to 8 hours. Prerequisite: Admission to graduate studies in Special Education or consent of instructor.

SPED 592 Concepts and Issues in Special Education I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/592/>)  
Roles and competencies for special education leadership positions; includes literature critique, and preparation and presentation of a major review paper in an area of research interest. Prerequisite: Admission to doctoral studies in Special Education or consent of instructor.

SPED 593 Concepts and Issues in Special Education II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/593/>)  
Seminar in current concepts and issues relating to all children with special needs; introduction to grant proposal writing; and introduction to journal reviewing; requires critical review of key readings and preparation of a literature review of a topic of current research in special education. Prerequisite: SPED 592 or consent of instructor.

SPED 595 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/595/>)  
Self-directive, independent study, that is, develops the individual's ability as an independent student and enables the student to pursue needed study in a field in which appropriate courses are not being offered during a given term. May be repeated with approval. Prerequisite: Approval of study outline by advisor and the department head prior to enrollment.

SPED 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/SPED/599/>)  
Individual direction of research and thesis writing. Approved for S/U grading only. May be repeated.

# SPEECH AND HEARING SCIENCE (SHS)

SHS Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SHS/>)

## Courses

SHS 111 Living-Learning ASL Part 1 credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/111/>)

An introductory course in American Sign Language (ASL); no previous knowledge or skills are needed. It is offered through the Living in Residence Program at Allen Hall. The focus is on the acquisition of beginning-level vocabulary items and grammar of ASL. ASL is a non-Indo-European language that uses the visual/manual rather than spoken/auditory modality. Students develop a core vocabulary and basic grammar to enable you to communicate using ASL. The Deaf Community, like other cultural groups, defines a population that shares both a language and pattern of transmission of beliefs and values. The course provides an introduction to the culture, traditions, and values of the Deaf Community.

SHS 112 Living-Learning ASL Part 2 credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/112/>)

The second part of an introductory course in American Sign Language (ASL); some knowledge of and skills in ASL are required. It is offered through the Living in Residence Program at Allen Hall. The focus is on the continued acquisition of beginning-level vocabulary items and grammar of ASL. ASL is a non-Indo-European languages that uses the visual/manual rather than spoken/auditory modality. Students develop core vocabulary and grammar to enable you to communicate using ASL. The Deaf Community, like other cultural groups, defines a population that shares both a language and pattern of transmission of beliefs and values. The course provides further information of the culture, traditions, and values of the Deaf Community.

SHS 120 Child, Comm, & Lang Ability credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/120/>)

Provides an introduction to the study of the human communication and language capacity and includes an overview of three areas of inquiry: language science, language development in children, and language disability in children.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Beh Sci

SHS 121 American Sign Language I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/121/>)

This is an introductory course in American Sign Language (ASL). No prior experience with the language is necessary. Students will learn vocabulary, elementary-level grammatical structures, and elements of U.S. Deaf Culture in order to engage in entry-level conversations in ASL. Basic social and communication skills associated with the use of ASL will be emphasized. This course is part of a sequence of courses that will fulfill the foreign language requirement for UIUC undergraduate students. Approved for Letter and S/U grading.

SHS 150 Hearing Processes & Disorders credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/150/>)

An introduction to basic and clinical aspects of audition and their relevance to communication processes and communication disabilities from biological, humanistic, and technological perspectives. Communication processes and development are explored within historical, behavioral, and scientific frameworks. Hearing disabilities are described according to prevention etiology, manifestation, evaluation and treatment. The effects of disability on individuals and families across the lifespan are also addressed.

SHS 170 Intro Hum Comm Sys & Disorders credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/170/>)

Examines broad perspectives of theories and information regarding normal and abnormal communication: how speech and language develop, how people hear, how they produce speech and what can go wrong; addresses the impact of speech and hearing science on society, culture, and modern technologies.

SHS 191 Freshmen Seminar credit: 0 to 9 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/191/>)

Special experimental seminar or independent study course intended to cover topics not treated by regular course offerings; open to undergraduates at any level. Requests for activation of this course may be made by students or by faculty and should be directed to the head of the academic department concerned. Although credit toward graduation is normally granted, credit toward satisfying specific college or departmental requirements is contingent upon approval by the appropriate college or departmental committee. Approved for S/U grading only.

SHS 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/199/>)

Approved for letter and S/U grading. May be repeated, if topics vary.

SHS 200 General Phonetics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/200/>)

Basic principles of phonetic study; includes observation and representation of pronunciation, ear training, and practice in transcription.

SHS 221 American Sign Language II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/221/>)

This intermediate course in American Sign Language (ASL) is part of a sequence to fulfill the foreign language requirement. Students must have successfully completed SHS 121 or should be able to demonstrate advanced beginner ASL skills. Students will continue to learn vocabulary items and intermediate-level grammatical structures in order to improve conversation skills. As compared to SHS 121, a greater focus is placed on ASL constructions involving the complex use of space (e.g., verb inflections, so-called "classifiers", and constructed action). Same as LING 221. Approved for letter and S/U grading. Prerequisite: SHS 121 or equivalent language skills.

SHS 222 Language & Culture of Deaf Communities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/222/>) Students will learn about culture and how it is manifested in various subgroups of society with a particular focus on the culture and language of Deaf people in the United States. Themes include: the linguistics of American Sign Language, aspects of social unity for Deaf people, common experiences of Deaf individuals, the educational system and Deaf students, and current issues that affect the Deaf community. For those students requiring 4 semesters of language other than English credit (LAS or BUS), SHS 222 can be used as the fourth course in the American Sign Language sequence that includes SHS 121, 221, and 321 to fulfill that requirement but cannot also then be used for Gen Ed requirements. Same as EPSY 222.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci  
Cultural Studies - US Minority

SHS 231 Lang Diff Dis: American Persp credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/231/>) Same as AFRO 231. See AFRO 231.

This course satisfies the General Education Criteria for:  
Cultural Studies - US Minority

SHS 240 Intro Sound & Hearing Science credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/240/>) Acoustics, anatomy, and physiology of the auditory system; psychophysical methods; and a consideration of auditory theories and mechanics.

SHS 270 Comm Disability in the Media credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/270/>) Introduction to the study of human communication disability across the lifespan as depicted in the media and includes an overview of three areas of inquiry: behavioral/psychosocial impact of communication disability, ethical decisions in rehabilitation interventions, and disability rights. This course satisfies the General Education Criteria for:  
Advanced Composition  
Social Beh Sci - Soc Sci

SHS 271 Communication and Aging credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/271/>) Course introduces social and physical issues of communication and aging, with particular emphasis on intergenerational interactions and on the physical disabilities of aging (e.g., hearing loss, Parkinson's disease, strokes, dementia). Discourse analysis techniques are used to integrate the social and physical aspects of aging and communication that are discussed in class.

This course satisfies the General Education Criteria for:  
Social Beh Sci - Soc Sci

SHS 280 Communication Neuroscience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/280/>) This course provides an overview of neuroscience with emphasis on human communication, moving from general concepts in neuroanatomy and neurophysiology to the specifics of the neuroscience of hearing, speech and language.

SHS 291 Research Lab Experience in SHS credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/291/>) Supervised participation in research laboratory and scholarly activities, usually as an assistant to an investigator. Approved for S/U grading only. May be repeated in the same or separate terms to a maximum of 6 hours.

SHS 300 Anat & Physiol Spch Mechanism credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/300/>) Introduction to the anatomic and physiologic characteristics of the normal speech mechanism. Same as LING 300.

SHS 301 General Speech Science credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/301/>) Consideration of the physiology of the speaking act, and the acoustical and perceptual aspects of speech. Same as LING 303.

SHS 320 Development of Spoken Language credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/320/>) Study of the correlates of language development from the prelinguistic period to adulthood.

SHS 321 American Sign Language III credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/321/>) This advanced-intermediate course in American Sign Language (ASL) is part of a sequence to fulfill the foreign language requirement. Students must have successfully completed SHS 221 or should be able to demonstrate intermediate ASL conversation skills. Students will learn technical vocabulary items and complex elements of ASL narratives. In this course, students will focus on the fluid use of ASL across various registers and situations. Special emphasis will be placed on receptive fluency of complex constructions in ASL. Same as LING 321. Approved for letter and S/U grading. Prerequisite: SHS 221 or equivalent language skills.

SHS 333 Children with Neurodevelopmental Disorders Across Communication Contexts credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/333/>) This course introduces students to the developmental issues involved in supporting communication for children with neurodevelopmental disorders (NDDs), with emphasis on the needs of children with autism spectrum disorders (ASD), fragile X syndrome (FXS), Down syndrome (DS), and Williams syndrome (WS), in family, educational and community contexts.

SHS 352 Hearing Health and Society credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/352/>) An analysis of how hearing loss influences behavior of individuals and interactions among individuals within larger social/societal groups across the lifespan. Considers issues associated with early detection of hearing loss and promoting hearing conservation in different environments. Approaches to promoting behaviors that enhance communication in the presence of hearing loss will be explored. Philosophical, policy, and cultural controversies for defining hearing loss as a disability will be examined. Each of these topics will be considered within the interplay between the individual person, culture, age, disability, educational environment, community, and social/family interactions.

SHS 370 Civic Engagement in Wellness credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/370/>) Same as AHS 365, CHLH 365, KIN 365, and RST 365. See KIN 365.

SHS 375 Comm Partners & Health credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/375/>)

Combines a community-based volunteer experience with class-based readings/discussion to introduce students to the study of communication in context. Students will use learning journals to document their volunteer experiences, describe the characteristics of conversational interactions they observe, and reflect on their own skills as flexible communication partners with people of various backgrounds and abilities and in a variety of clinical and professional settings. Includes a one-hour weekly discussion section (taught by SHS faculty/instructional staff) and three-four hour weekly community volunteer experiences (supervised by volunteer site employees). Same as AHS 375 and KIN 375. May be repeated in separate terms to a maximum of 6 hours.

SHS 380 Comm Competence and Disorders credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/380/>)

This course explores ways of defining and documenting communicative competence for individuals with communication disorders in everyday interactions. It introduces students to theories of communication-in-context and methods of discourse analysis. Students will critically review research on discourse of individuals with communication disorders across the lifespan and discuss its relevance to clinical practice. Prerequisite: Minimum sophomore standing or consent of instructor.

SHS 383 Special Topics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/383/>)

Lecture course in topics of current interest in speech and hearing science; specific subject matter announced in the Class Schedule. May be repeated if topics vary.

SHS 385 Evidence-Based Practice in Communication Sciences and Disorders credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/385/>)

This course is designed to examine how the field of Speech and Hearing Science creates knowledge or evidence to support the assessment and intervention for individuals with communication disorders. Students will gain an introductory understanding of clinical research methodology and become familiar with the process of selecting evidence-based practices. Prerequisite: Sophomore standing or consent of instructor.

SHS 389 Neuroplasticity and Communication credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/389/>)

The human brain adapts and changes continually throughout the human lifespan. This phenomenon is known as neuroplasticity. In this course, we will come to a better understanding of the principles of neuroplasticity, including during development, critical periods, learning and skill mastery, and reorganization/rehabilitation of functional abilities following brain damage. We will draw heavily on current research pertaining to neuroplasticity involving brain structures and functions important for communication.

SHS 390 Individual Study credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/390/>)

Individual investigation of special problems. May be repeated to a maximum of 6 hours. Prerequisite: Ten hours of speech and hearing science, and written approval by the faculty members who will supervise the student's work.

SHS 395 Honors Individual Study credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/395/>)

Individual study leading either to a thesis or to departmental honors. May be repeated to a maximum of 4 hours. Prerequisite: Senior standing; a cumulative grade point of 3.5 or consent of the head of the department.

SHS 410 Stuttering: Theory & Practice credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/410/>)

Study of the theoretical and research literature concerning the causes, diagnosis, and treatment of stuttering and an analysis of clinical procedures in stuttering therapy. 3 undergraduate hours. 4 graduate hours. Prerequisite: For undergraduate credit, students must have senior level status in the SHS Program or consent of instructor. For graduate credit, students must have graduate level status in SHS Program or consent of instructor. Additional work involved.

SHS 411 Normal and Disordered Voice credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/411/>)

Study of the biomechanics of normal and disordered voice production with application to both clinical and pedagogical voice training and care. 3 undergraduate hours. 4 graduate hours. Additional work is involved for 4 credit hours.

SHS 427 Language and the Brain credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/427/>)

How the human brain supports production and comprehension of language. Topics covered include: neuroanatomy of language; neuroimaging of language; language disorders; brain lateralization for language; bilingualism and the brain; sign language and the brain. Same as LING 427 and PSYC 427. 3 undergraduate hours. 4 graduate hours. Prerequisite: One of PSYC 210, PSYC 224, PSYC 248, LING 225, SHS 170, or consent of instructor.

SHS 430 Devel & Disorders Phonol Artic credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/430/>)

Survey of basic knowledge concerning normal and deviant phonological development, and principles for applying this knowledge to the assessment and remediation of phonological disorders. 3 undergraduate hours. 4 graduate hours. Prerequisite: For undergraduate credit, students must have senior level status in the SHS Program or consent of instructor. Additional work is involved for 3 hours. For graduate credit, students must have graduate level status in the SHS Program or consent of instructor. Additional work involved for 4 hours.

SHS 431 Lang Disorders Preschool Child credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/431/>)

Advanced study of early language milestones, processes, and theories; examination of the nature and character of disordered language acquisition in preschool children, and evaluation of current theory and intervention research in the area. 3 undergraduate hours. 4 graduate hours. Prerequisite: For undergraduate credit, students must have senior level status in the SHS program or consent of instructor. For graduate credit, students must have graduate level status in the SHS Program or consent of instructor. Additional work involved for 4 hours credit.

SHS 450 Intro Audiol & Hear Disorders credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/450/>)

Review of the history of audiology as a profession; study of symptoms, causes, and treatment of hearing losses; and principles and application of basic audiometry. 4 undergraduate hours. 4 graduate hours. Prerequisite: Consent of Instructor.

SHS 451 Aural Rehab Children to Adults credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/451/>)

Principles and methods of clinical and classroom retraining of the hard-of-hearing; includes lip reading, auditory training, speech disorders and conservation, and counseling. 2 to 4 undergraduate hours. 2 to 4 graduate hours. Prerequisite: Consent of instructor.

SHS 470 Neural Bases Spch Lang credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/470/>)

Advanced study of neuroanatomy and neurophysiology with emphasis on current research pertaining to nervous system structures and functions important for speech and language. Critical analyses of current theories of the function of neural mechanisms utilized in speech and language. 4 undergraduate hours. 4 graduate hours. Prerequisite: SHS 300 and SHS 301, or equivalent, or consent of instructor.

SHS 473 Augmentative & Alt Comm credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/473/>)

Introduces students to the field of augmentative and alternative communication (AAC), to the range of assistive technologies, and to diagnostic and treatment approaches used by speech-language pathologists. Focuses on the communicative needs of adults and children with acquired communication disorders in a variety of settings (e.g., hospital, school, home, work). 2 to 4 undergraduate hours. 2 to 4 graduate hours. Prerequisite: For undergraduate credit, 2 or 3 hours, students must have senior level status in the SHS Program, or consent of instructor. Additional work is involved for 3 hours. For graduate credit, 2 to 4 hours, students must have graduate level status in the SHS Program, or consent of instructor. Additional work involved for 4 hours.

SHS 475 Prepracticum in SHS credit: 1 to 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/475/>)

A mentoring experience in which students will be paired with clinical instructors in SHS and provided opportunities to observe clinical speech-language pathology and audiology sessions in a variety of settings. Prepracticum is designed to provide students: 1) initial opportunities to integrate course work with clinical practice; 2) supported experiences in documentation/data collection skills used in clinical settings; and 3) supervised observation hours required by the American Speech-Language and Hearing Association (ASHA) for certification as a Speech-Language Pathologist or Audiologist. 1 to 2 undergraduate hours. No graduate credit. Approved for S/U grading only. May be repeated in the same or separate terms to a maximum of 2 hours.

SHS 477 Beginning Practicum in SHS credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/477/>)

Mentored experience in which students are paired with a clinical instructor in SHS and provided opportunities to assist in the ongoing management of clinical cases in a variety of settings. The beginning practicum is designed for students with less than a year of supervised clinical experience (i.e. 100 or fewer contact hours as defined by the American Speech-Language Hearing Assoc.-ASHA). Working with the clinical team, the beginning practicum will provide students with: 1) supported opportunities to assist in all aspects of clinical practice (e.g., diagnosis, intervention, documentation, team meetings/planning); 2) opportunities to obtain supervised contact hours required by ASHA for certification in Speech-Language Pathology or Audiology. 1 to 3 undergraduate hours. 1 to 3 graduate hours. May be repeated in same term to a maximum of 3 undergraduate or 4 graduate hours. May be repeated in separate terms to a maximum of 3 undergraduate or 6 graduate hours. Prerequisite: For students pursuing clinical preparation in speech-language pathology and/or audiology.

SHS 500 Exper Phon I Spch Physiol credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/500/>)

Theoretical consideration of speech as motor behavior, special reference to physiological investigations of normal respiration, phonation, and supralaryngeal articulation; and survey of the experimental literature in articulatory phonetics. Same as LING 575. Prerequisite: Consent of instructor.

SHS 501 Exper Phon II Spch Acous Perc credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/501/>)

Theoretical consideration of speech as an acoustical phenomenon; special reference to acoustical investigations of the laryngeal source and radiated speech signal; and survey of the experimental literature in acoustic phonetics and speech perception. Same as LING 576. Prerequisite: Consent of instructor.

SHS 510 Advanced Seminar in Stuttering credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/510/>)

Advanced study of stuttering disorders; topics vary, but emphasis is placed on research, measurement, evaluation, and methods. Prerequisite: SHS 410 or consent of instructor.

SHS 511 Assessment and Management of Voice Disorders credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/511/>)

Study of the anatomy, pathophysiology, etiology, acoustics, and perception of abnormal voice production, including foundational skills for assessment, differential diagnosis, and management of voice disorders. 4 graduate hours. No professional credit. Prerequisite: SHS 300, SHS 301, SHS 411 or equivalent or consent of instructor.

SHS 512 Orofacial Anomalies credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/512/>)

Evaluation of current theories and intervention research associated with cleft palate and orofacial anomalies. Advanced study and critical analysis of speech, dental, and surgical treatment procedures. Prerequisite: SHS 300, SHS 301 or equivalent or consent of instructor.

SHS 513 Assessment and Management of Dysphagia credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/513/>)

Study of the anatomy, physiology, and pathophysiology of the oral and pharyngeal stages of swallowing and critical review of the research literature pertaining to methods for diagnosis and treatment of dysphagia. Prerequisite: SHS 300 or equivalent and SHS 470, or consent of instructor.

SHS 514 Motor Speech Disorders credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/514/>)

Study of the etiology and symptomatology of pediatric and adult speech problems resulting from neurological impairment, and critical review of the research literature pertaining to methods for assessment and treatment of these disorders. Prerequisite: SHS 300 or equivalent and SHS 470, or consent of instructor.

SHS 520 Language Science credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/520/>)

Study of recent research and theory in neurolinguistics, psycholinguistics, and sociolinguistics. Intensive examination of data collection and analysis procedures in language acquisition, and interpretation of research results relative to different age groups. Implications for clinical practice and clinical research in language disorders are addressed. Prerequisite: SHS 320 or equivalent, or consent of instructor.

SHS 532 Lang Disorders Schl-Age Child credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/532/>)

Advanced study of the nature of language impairments and language/learning disabilities found in the school-age population, and ramifications for academic success and social development; critical review of theoretical models and empirical evidence of language learning in older children; evaluation of research in the diagnosis and treatment of language impairments in older children. Prerequisite: SHS 320 or equivalent, or consent of instructor.

SHS 533 Advanced Language Diagnostics credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/533/>)

Advanced study of the diagnosis of language disorders in children from infancy through adolescence; particular emphasis on critical evaluation of current methods in assessment, the development of problem-solving skills, and the application of computer technology in language analysis  
Prerequisite: SHS 520 or equivalent, or consent of instructor.

SHS 534 Aphasia and Related Disorders credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/534/>)

Advanced study of the communication disorders resulting from neurological impairments in adults: critical analysis of the research literature, examination of current theories regarding aphasia and related disorders; evaluation of existing paradigms of diagnosis and intervention.  
Prerequisite: SHS 470 or consent of instructor.

SHS 540 Psychoacoustics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/540/>)

Advanced study of physical nature of sound and its measurement; theory and practice of psychophysics, including the various aspects of psychoacoustics (sensitivity, masking, loudness, pitch, binaural hearing, speech perception) and the nonlinear nature of the auditory system.  
Prerequisite: SHS 240 or equivalent.

SHS 541 Clinical Auditory Anat & Phys credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/541/>)

The objective of the course is for students to gain an understanding of the structure and function of the peripheral and central auditory system from a clinically oriented perspective. Clinically relevant topics on the pathophysiology of the auditory system will be presented. Prerequisite: SHS 240, SHS 450 or equivalent, or consent of instructor.

SHS 542 Signals and Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/542/>)

Provides an overview of the fundamental theory of signals and systems analysis with applications to hearing and speech sciences. Topics include: Introduction to MATLAB, time and frequency domain characterizations of signals and of systems, analyses of signals through systems, time/frequency relations, spectrograms, applications to hearing (e.g., hearing aid and cochlear implant signal processing), applications to speech, and digital signal processing. Practical experience with signal processing (primarily in MATLAB) will supplement lectures. No explicit background in signal processing or MATLAB is assumed. 4 graduate hours. No professional credit.

SHS 550 Assess Audition & Aud Disorder credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/550/>)

Study of technical and clinical aspects of audiological assessment and auditory disorders; critical analysis of clinical and experimental literature; laboratory experience in audiological assessment techniques.  
Prerequisite: SHS 240, SHS 450, or equivalent, or consent of instructor.

SHS 551 Electrophys Indices Audition credit: 4 or 5 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/551/>)

Study of technical and clinical aspects of electrophysiologic measures of audition; critical analysis of clinical and experimental literature; laboratory experience in electrophysiologic techniques. 4 or 5 graduate hours. No professional credit. Prerequisite: SHS 550 or consent of instructor.

SHS 552 Diag Hear Impair Infants Child credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/552/>)

Study of the major etiologies underlying hearing impairments encountered in the pediatric population, program models for infants and young children at risk for hearing impairment, behavioral and physiologic issues in assessment and evaluation of residual hearing, and selection of hearing aids and other sensory prosthetic devices. Prerequisite: SHS 550.

SHS 553 Hearing Aids and Amplification credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/553/>)

Study of technical and clinical aspects of personal hearing aids and amplification devices; survey of clinical and experimental literature; laboratory experience in electroacoustic and real-ear measurement, earmold impressions and modification procedures, and solving fitting problems. Prerequisite: SHS 550.

SHS 554 Advanced Audiological Assess credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/554/>)

Seminar on current research in advanced audiology, with emphasis on experimental and clinical protocols involving electrophysiologic and behavioral measures in areas including newborn auditory screening using evoked potentials, intraoperative and intensive care unit monitoring, brain-mapping, event-related potentials, central auditory assessment, and computerized assessment of balance function. Prerequisite: SHS 551 or equivalent, or consent of instructor.

SHS 555 Comm Lang Probs Hear Impaired credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/555/>)

Advanced course in the problems and procedures involved in the acquisition of language and communication by persons with severe hearing impairment, particularly those with profound prelingual deafness; emphasis on research and measurement in the development of speech, speechreading, residual hearing, reading, written language, and manual communication, including finger spelling and the language of signs; and stress on the applications of recent approaches in linguistics and psycholinguistics to language development. Prerequisite: Consent of instructor.

SHS 556 Sens Prosth Devices Hear Loss credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/556/>)

Seminar on current research in signal processing approaches and experimental protocols for the development and fitting of hearing aids, tactile aids, cochlear implants, and assistive listening devices. Prerequisite: SHS 553 or consent of instructor.

SHS 557 Adv Clin Prac Aud Assess Rehab credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/557/>)

Supervised assessment and management of patients. Includes audiological evaluation techniques; treatment counseling; hearing aid selection, evaluation, and dispensing; and aural rehabilitation therapy. External placement in a variety of sites is available as well as in the departmental Audiology Clinic. May be repeated with approval. Prerequisite: Graduate standing, plus SHS 240, SHS 450, SHS 451, or equivalent coursework and consent of instructor.

SHS 558 Tinnitus credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/558/>)

This advanced seminar on tinnitus covers the types of tinnitus, pathophysiology of chronic subjective/sensorineural tinnitus, latest research involving both animal and human studies, assessment of tinnitus, and management of tinnitus. It examines the complexity of tinnitus, its consequences for individuals and societies, and how health-care providers, specifically audiologists, may mitigate its impact. 2 graduate hours. No professional credit. Prerequisite: SHS 541 or consent of instructor. Graduate student status in Speech and Hearing Science or consent of instructor.

SHS 559 Hearing Conservation credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/559/>)

Study of hearing conservation programs in various settings; study of auditory and non-auditory effects of noise; study of standards and regulations for hearing conservation programs. 2 graduate hours. No professional credit. Prerequisite: Consent of instructor. Restricted to graduate students only.

SHS 560 Audiological Assessment Lab credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/560/>)

Clinical laboratory experience in audiological assessment including the evaluation, identification, diagnosis and treatment of hearing loss. Patient counseling and case history intake skills are addressed. Prerequisite: SHS 550 or concurrent enrollment in SHS 550.

SHS 561 Medical Audiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/561/>)

Students will gain in-depth knowledge of the etiology, prevention, identification, diagnosis, and management of auditory disorders, with focus on pathophysiology, ototoxicity, and genetic influences. 4 graduate hours. No professional credit. Prerequisite: SHS 541 and SHS 550 or consent of instructor. Graduate students only.

SHS 563 Amplification Lab credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/563/>)

Clinical laboratory experience in the selection, testing, fitting and maintenance of current technology amplification devices. Prerequisite: Concurrent enrollment in SHS 553.

SHS 564 Vestibular Assessment and Rehabilitation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/564/>)

This course on vestibular assessment and rehabilitation covers the anatomy and physiology of the vestibular system, common vestibular disorders and other causes of dizziness, bedside examination of the dizzy patient, administration and interpretation of vestibular tests including videonystagmography (VNG) and electronystagmography (ENG). It will also cover the role of audiologists and other health care professionals in the assessment and management of dizzy patients, and vestibular rehabilitation. 4 graduate hours. No professional credit. Prerequisite: Graduate student status or consent of instructor.

SHS 565 Teaching in the Professoriate credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/565/>)

Same as CHLH 565, KIN 565, RST 560. See KIN 565.

SHS 570 Quant Reasoning Spch Hear Sci credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/570/>)

Introduction to experimental designs and methods of statistical analysis in speech and hearing research. Prerequisite: Consent of instructor.

SHS 571 Clinical Sociolinguistics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/571/>)

Clinical application of sociolinguistic concepts for communicatively impaired populations. Focuses on language difference, and utilizes technological strategies needed for assessment and intervention with linguistically diverse populations. Includes computer analysis of talk data from language disordered and linguistically different speakers. Prerequisite: Consent of instructor.

SHS 572 Counseling in Comm Disorders credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/572/>)

Focuses on counseling principles, theories, and methods useful to the speech-language pathologist and audiologist when working with communication disordered individuals and their families. Issues related to ethics, values, grief, culture, family systems, the impact of disability, referral sources and techniques for interviewing and counseling are discussed. Prerequisite: Consent of instructor.

SHS 574 Communication in Individuals with Autism Spectrum Disorders credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/574/>)

This is a graduate-level course on foundational issues in autism spectrum disorder (ASD) for speech-language pathologists and other professionals. It is intended to prepare them to understand this neurodevelopmental disorder and serve this unique population as key team members in assessment and intervention. Ninety percent of school-based professionals serve students with ASD. Content areas include diagnostic criteria (signs & symptoms), etiology, language and communication patterns, assessment, and interventions for individuals with ASD. 2 graduate hours. No professional credit. Prerequisite: Restricted to Graduate Students.

SHS 575 School Spch-Lang Clin Methods credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/575/>)

Study of methods and materials used in the schools by the speech and language clinician. Approved for S/U grading only. Prerequisite: Consent of instructor.

SHS 576 School Intrnshp Spch-Lang Path credit: 4 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/576/>)

The student is assigned to a school-based speech-language pathologist for a practical learning experience in P-12 schools full-time for 8-16 weeks. The student is expected to apply knowledge learned in the academic and clinical portions of their program to the entire school caseload by the end of this experience. Approved for letter and S/U grading. May be repeated to a maximum of 8 graduate hours. Prerequisite: Forty graduate hours of coursework including a minimum of 6 graduate hours of clinical practicum in SHS 475 C, D, or E, or consent of instructor.

SHS 577 Advanced Practicum in SHS credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/577/>)

A mentored experience in which students are paired with a clinical instructor in SHS and provided opportunities to assist and take leadership roles in the ongoing management of clinical cases in a variety of settings. The advanced practicum is designed for students with more than a year of supervised clinical experience (i.e., more than 100 contact hours as defined by the American Speech-Language and Hearing Association-ASHA). Working within a clinical team, the advanced practicum will provide students with: 1) supported opportunities to assist in all aspects of clinical practice (e.g., diagnosis, intervention, documentation, team meetings/planning); 2) take lead clinician and/or case management roles for some cases; 3) opportunities to obtain supervised contact hours required by the ASHA for certification in Speech-Language Pathology or Audiology. May be repeated with approval. Prerequisite: SHS 477.

SHS 579 Prof/Eth/Legal Issues AuD/SLP credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/579/>)

Emphasis will be placed on issues on ethical and professional integrity in speech and hearing clinical practice, including certification and licensure, quality assurance, evidence based practice, and health care and reimbursement. Prerequisite: SHS 555 or SHS 557.

SHS 580 Cochlear Implants credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/580/>)

Focuses on current cochlear implant technologies, principles of evidence-based practice of cochlear implant assessment and intervention by audiologists and speech-language pathologists, and empirical outcomes for children and adults. 4 graduate hours. No professional credit. Prerequisite: Graduate standing in the Department of Speech and Hearing Science.

SHS 581 Auditory Processing Disorders credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/581/>)

Study of experimental and clinical aspects of auditory processing disorders; critical analysis of clinical and experimental literature; laboratory experience in auditory processing assessment techniques. 3 graduate hours. No professional credit. Prerequisite: Consent of instructor. Restricted to graduate students.

SHS 586 Adv Sem Development Com Dis credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/586/>)

Study of theoretical and empirical research in typical and atypical developmental aspects of children's communication. Students will critically analyze and interpret the extant literature; lead seminar discussions and write scholarly reviews; and/or design original research projects. Specific topics will vary and be announced in the Class Schedule. 2 graduate hours. No professional credit. Approved for letter and S/U grading. May be repeated in separate terms, if topics vary.

SHS 587 Advanced Seminar in Acquired Communication Disorders credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/587/>)

Study of theoretical and empirical research in acquired communication disorders in adulthood. Students will critically analyze and interpret the extant literature; lead seminar discussions and write scholarly reviews; and/or design original research projects. Specific topics will vary and be announced in the Class Schedule. 2 graduate hours. No professional credit. Approved for letter and S/U grading. May be repeated in separate terms, if topics vary.

SHS 588 Adv Sem Neural Bases Com Dis credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/588/>)

Study of theoretical and empirical research in the neural bases of speech, language, hearing, cognitive, and/or swallowing disorders in pediatric and adult populations. Students will critically analyze and interpret the extant literature; lead seminar discussions and write scholarly reviews; and/or design original research projects. Specific topics will vary and be announced in the Class Schedule. 2 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated in separate terms, if topics vary.

SHS 590 History of CSD credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/590/>)

This doctoral seminar explores the evolution of the field of Communication Sciences and Disorders (CSD) by examining: 1) the historical research base of the field; 2) critical research and practice issues that have emerged across the history of field; and 3) the contributions of key figures in the field. The course is designed to help students understand how the discipline has been organized and where their own research interests fit with the respect to the history of the discipline. Prerequisite: Doctoral students in SHS or consent of instructor.

SHS 592 Prosem Spch & Hear Sci credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/592/>)

Required seminar for all graduate students; involves reporting of ongoing research of faculty, visiting researchers, and students as well as discussion of topics related to professional and academic research careers. Approved for S/U grading only. May be repeated up to 4 credit hours toward degree requirements as topics vary.

SHS 593 Special Problems credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/593/>)

Investigative projects in speech and hearing not including theses. 1 to 8 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.

SHS 594 PhD Early Research Project credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/594/>)

This mentored research experience provides individualized opportunities for PhD students to conduct research projects under the direction of their faculty mentors/advisors. Approved for S/U grading only. May be repeated in separate terms to a maximum of 8 hours.

SHS 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/SHS/599/>)

Individual research in the various areas of speech and hearing science. Approved for S/U grading only. May be repeated.

# STATISTICS (STAT)

STAT Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/STAT/>)

## Courses

STAT 100 Statistics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/100/>)

First course in probability and statistics at a precalculus level; emphasizes basic concepts, including descriptive statistics, elementary probability, estimation, and hypothesis testing in both nonparametric and normal models. Credit is not given for both STAT 100 and any one of the following: ECON 202, PSYC 235, or SOC 485. Prerequisite: MATH 112.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

STAT 107 Data Science Discovery credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/107/>)

Data Science Discovery is the intersection of statistics, computation, and real-world relevance. As a project-driven course, students perform hands-on-analysis of real-world datasets to analyze and discover the impact of the data. Throughout each experience, students reflect on the social issues surrounding data analysis such as privacy and design. Same as CS 107 and IS 107.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

STAT 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/199/>)

See course schedule for topics. Approved for Letter and S/U grading. May be repeated if topics vary.

STAT 200 Statistical Analysis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/200/>)

Survey of statistical concepts, data analysis, designed and observational studies and statistical models. Statistical computing using a statistical package such as R or a spreadsheet. Topics to be covered include data summary and visualization, study design, elementary probability, categorical data, comparative experiments, multiple linear regression, analysis of variance, statistical inferences and model diagnostics. May be taken as a first statistics course for quantitatively oriented students, or as a second course to follow a basic concepts course. Credit is not given for both STAT 200 and STAT 212.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

STAT 212 Biostatistics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/212/>)

Application of statistical reasoning and statistical methodology to biology. Topics include descriptive statistics, graphical methods, experimental design, probability, statistical inference and regression. In addition, techniques of statistical computing are covered. Credit is not given for both STAT 212 and STAT 200.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

STAT 361 Probability & Statistics for Computer Science credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/361/>)

Same as CS 361. See CS 361.

STAT 385 Statistics Programming Methods credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/385/>)

Statisticians must be savvy in programming methods useful to the wide variety of analysis that they will be expected to perform. This course provides the foundation for writing and packaging statistical algorithms through the creation of functions and object oriented programming. Fundamental programming techniques and considerations will be emphasized. Students will also create dynamic reports that encapsulate their implemented algorithms. Students must have access to a computer on which they can install software. Prerequisite: STAT 200 or STAT 212.

STAT 390 Individual Study credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/390/>)

May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.

STAT 391 Honors Individual Study credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/391/>)

May be repeated to a maximum of 8 hours. Prerequisite: Consent of instructor.

STAT 400 Statistics and Probability I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/400/>)

Introduction to mathematical statistics that develops probability as needed; includes the calculus of probability, random variables, expectation, distribution functions, central limit theorem, point estimation, confidence intervals, and hypothesis testing. Offers a basic one-term introduction to statistics and also prepares students for STAT 410. Same as MATH 463. 4 undergraduate hours. 4 graduate hours. Prerequisite: MATH 241 or equivalent.

STAT 408 Actuarial Statistics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/408/>)

Examines elementary theory of probability, including independence, conditional probability, and Bayes' theorem; combinations and permutations; random variables, expectations, and probability distributions; joint and conditional distributions; functions of random variables; sampling; central limit theorem. Same as ASRM 401. 4 undergraduate hours. 4 graduate hours. Credit is not given for both STAT 408 and either MATH 461 or STAT 400. Prerequisite: MATH 241 or equivalent.

STAT 409 Actuarial Statistics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/409/>)

Continuation of STAT 408. Examines parametric point and interval estimation, including maximum likelihood estimation, sufficiency, completeness, and Bayesian estimation; hypothesis testing; linear models; regression and correlation. Same as ASRM 402. 4 undergraduate hours. 4 graduate hours. Credit is not given for both STAT 409 and STAT 410. Prerequisite: STAT 408.

STAT 410 Statistics and Probability II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/410/>)

Continuation of STAT 400. Includes moment-generating functions, transformations of random variables, normal sampling theory, sufficiency, best estimators, maximum likelihood estimators, confidence intervals, most powerful tests, unbiased tests, and chi-square tests. Same as MATH 464. 3 undergraduate hours. 4 graduate hours. Credit is not given for both STAT 410 and STAT 409. Prerequisite: STAT 400; or STAT 100 and MATH 461.

STAT 420 Methods of Applied Statistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/420/>)

Systematic, calculus-based coverage of the more widely used methods of applied statistics, including simple and multiple regression, correlation, analysis of variance and covariance, multiple comparisons, goodness of fit tests, contingency tables, nonparametric procedures, and power of tests; emphasizes when and why various tests are appropriate and how they are used. Same as ASRM 450. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 408 or STAT 400; MATH 231 or equivalent; knowledge of basic matrix manipulations; or consent of instructor.

STAT 424 Analysis of Variance credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/424/>)

Estimation and hypotheses testing in linear models; one-, two-, and higher-way layouts; incomplete layouts; analysis of covariance; and random effects models and mixed models. 3 undergraduate hours. 4 graduate hours. Prerequisite: Credit or concurrent registration in MATH 415 and STAT 410.

STAT 425 Applied Regression and Design credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/425/>)

Explores linear regression, least squares estimates, F-tests, analysis of residuals, regression diagnostics, transformations, model building, factorial designs, randomized complete block designs, Latin squares, split plot designs. Computer work is an integral part of the course. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410.

STAT 426 Sampling and Categorical Data credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/426/>)

Sampling: simple random, stratified, systematic, cluster, and multi-stage sampling. Categorical data: multiway contingency tables, maximum likelihood estimation, goodness-of-fit tests, model selection, logistic regression. Computer work is an integral part of the course. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410.

STAT 427 Statistical Consulting credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/427/>)

Students, working in groups under the supervision of the instructor, consult with faculty and graduate students through the Statistical Consulting Service; readings from literature on consulting. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 425 or consent of instructor.

STAT 428 Statistical Computing credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/428/>)

Examines statistical packages, numerical analysis for linear and nonlinear models, graphics, and random number generation and Monte Carlo methods. Same as CSE 428. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410 or equivalent; knowledge of a programming language.

STAT 429 Time Series Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/429/>)

Studies theory and data analysis for time series; examines autoregressive moving average model building and statistical techniques; and discusses spectral model building and statistical analysis using windowed periodograms and Fast Fourier Transformations. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410.

STAT 430 Topics in Applied Statistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/430/>)

Formulation and analysis of mathematical models for random phenomena; extensive involvement with the analysis of real data; and instruction in statistical and computing techniques as needed. 3 undergraduate hours. 4 graduate hours. May be repeated with approval. Prerequisite: STAT 410 or STAT 420; or consent of instructor.

STAT 431 Applied Bayesian Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/431/>)

Introduction to the concepts and methodology of Bayesian statistics, for students with fundamental knowledge of mathematical statistics. Topics include Bayes' rule, prior and posterior distributions, conjugacy, Bayesian point estimates and intervals, Bayesian hypothesis testing, noninformative priors, practical Markov chain Monte Carlo, hierarchical models and model graphs, and more advanced topics as time permits. Implementations in R and specialized simulation software. Same as ASRM 453. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410 and knowledge of R.

STAT 432 Basics of Statistical Learning credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/432/>)

Topics in supervised and unsupervised learning are covered, including logistic regression, support vector machines, classification trees and nonparametric regression. Model building and feature selection are discussed for these techniques, with a focus on regularization methods, such as lasso and ridge regression, as well as methods for model selection and assessment using cross validation. Cluster analysis and principal components analysis are introduced as examples of unsupervised learning. Same as ASRM 451. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 400, and either STAT 420 or STAT 425.

STAT 433 Stochastic Processes credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/433/>)

A stochastic process is a random process that represents the evolution of some system over time. Topics may include discrete-time and continuous-time Markov chains, birth-and-death chains, branching chains, stationary distributions, random walks, Markov pure jump processes, birth-and-death processes, renewal processes, Poisson process, queues, second order processes, Brownian motion (Wiener process), and Ito's lemma. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 400 required, STAT 410 preferred, and MATH 225 (or equivalent knowledge of Linear Algebra) highly recommended.

STAT 434 Survival Analysis credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/434/>)

Introduction to the analysis of time-to-event outcomes. Topics center around three main procedures: the Kaplan-Meier estimator, the log-rank test, and Cox regression. Emphasis on big-picture concepts, basic methodological understanding, and practical implementation in R. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 410, STAT 420, and knowledge of R at the level of STAT 420.

STAT 440 Statistical Data Management credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/440/>)

The critical elements of data storage, data cleaning, and data extractions that ultimately lead to data analysis are presented. Includes basic theory and methods of databases, auditing and querying databases, as well as data management and data preparation using standard large-scale statistical software. Students will gain competency in the skills required in storing, cleaning, and managing data, all of which are required prior to data analysis. Same as CSE 440. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 400 or STAT 409.

STAT 443 Professional Statistics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/443/>)

This project-based course emphasizes written, visual, and oral communication of statistical results and conclusions. An introduction to statistical consulting is also provided. Additional topics include introductions to statistical methodologies in industry and aspects of careers in statistics. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 420 or consent of instructor.

STAT 448 Advanced Data Analysis credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/448/>)  
Several of the most widely used techniques of data analysis are discussed with an emphasis on statistical computing. Topics include linear regression, analysis of variance, generalized linear models, and analysis of categorical data. In addition, an introduction to data mining is provided considering classification, model building, decision trees, and cluster analysis. Same as CSE 448. 4 undergraduate hours. 4 graduate hours. Prerequisite: STAT 400 or STAT 409, and credit for or concurrent registration in STAT 410.

STAT 458 Math Modeling in Life Sciences credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/458/>)  
Same as ANSC 448 and IB 487. See ANSC 448.

STAT 480 Data Science Foundations credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/480/>)  
Examines the methods of data management and analysis for "big data", characterized by high volume, variety, velocity, and veracity. Attention will be focused on advanced statistical analysis and visualization in data science applications employing parallel processing, storage and distribution techniques necessary for analysis of massive data sets. Data mining techniques, machine learning methods, and streaming technologies will be utilized for real-time analysis. Students must have access to a computer on which they can install software. 3 undergraduate hours. 4 graduate hours. Prerequisite: STAT 425 and familiarity with high-level language (e.g. Python, Java, C, F#), and command line programming.

STAT 510 Mathematical Statistics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/510/>)  
Distributions, transformations, order-statistics, exponential families, sufficiency, delta-method, Edgeworth expansions; uniformly minimum variance unbiased estimators, Rao-Blackwell theorem, Cramer-Rao lower bound, information inequality; equivariance. Prerequisite: STAT 410.

STAT 511 Mathematical Statistics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/511/>)  
Bayes estimates, minimaxity, admissibility; maximum likelihood estimation, consistency, asymptotic efficiency; testing and confidence intervals; Neyman-Pearson lemma, uniformly most powerful tests; likelihood ratio tests and large-sample approximation; nonparametrics. Prerequisite: STAT 510.

STAT 525 Computational Statistics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/525/>)  
Various topics, such as ridge regression; robust regression; jackknife, bootstrap, cross-validation and resampling plans; E-M algorithm; projection pursuit; all with a strong computational flavor. Same as CSE 525. May be repeated if topics vary. Prerequisite: STAT 425, STAT 426, and STAT 511; or consent of instructor.

STAT 527 Advanced Regression Analysis credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/527/>)  
An advanced introduction to regression analysis with applications to analysing data from disciplines such as biostatistics and economics. The course will introduce classical as well as modern regression methods and goes into the depths of those techniques to understand the motivation, justification, implementation of those methods. An emphasis will be given to understand the statistical properties of those methods along with their practical advantages and limitations. Both theoretical and applied aspects of regression analysis will be discussed. 4 graduate hours. No professional credit. Prerequisite: STAT 410, STAT 510 (concurrent enrollment is sufficient), and knowledge of R. For Graduate Students Only.

STAT 530 Bioinformatics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/530/>)  
Same as ANSC 543, CHBE 571, and MCB 571. See CHBE 571.

STAT 534 Advanced Survival Analysis credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/534/>)  
Introduction to the analysis of time-to-event outcomes. Topics include censoring, discrete survival, parametric models, nonparametric one- and K-sample methods, Cox regression, regression diagnostics, time-dependent covariates, and multivariate survival outcomes. Emphasis on key underlying concepts. Counting process-based theoretical justification and practical implementation will also be discussed. 4 graduate hours. No professional credit. Prerequisite: STAT 410, STAT 425, and knowledge of R.

STAT 538 Clinical Trials Methodology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/538/>)  
The topics of the course focus on clinical trials designs and inferential techniques that are commonly used in the pharmaceutical industry. Topics include fixed sample designs for normal and survival data, two-sided group sequential design, Pocock's and O'Brien-Fleming boundaries, general theory of group sequential design, alpha and beta spending functions, one-sided designs with early stopping to accept the null hypothesis, non-inferiority designs, and inferential techniques. Computing in SAS will be emphasized. 4 graduate hours. No professional credit. Prerequisite: STAT 410, STAT 425, and familiarity with SAS.

STAT 541 Predictive Analytics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/541/>)  
Same as ASRM 552. See ASRM 552.

STAT 542 Statistical Learning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/542/>)  
Modern techniques of predictive modeling, classification, and clustering are discussed. Examples of these are linear regression, nonparametric regression, kernel methods, regularization, cluster analysis, classification trees, neural networks, boosting, discrimination, support vector machines, and model selection. Applications are discussed as well as computation and theory. Same as ASRM 551 and CSE 542. 4 graduate hours. No professional credit. Prerequisite: STAT 410 and STAT 425.

STAT 543 Appl. Multivariate Statistics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/543/>)  
Same as CPSC 543. See CPSC 543.

STAT 545 Spatial Statistics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/545/>)  
Theory and methods for analyzing univariate and multivariate spatial and spatio-temporal data. Covers both fundamental theories and cutting-edge research advances for geostatistics, and statistical methods for aggregated data and point processes. Real data examples will be provided in class and statistical software will be used to illustrate the data analysis. 4 graduate hours. No professional credit. Prerequisite: STAT 425 or equivalent.

STAT 546 Machine Learning in Data Science credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/546/>)

Trains students to analyze large complex data using advanced statistical learning methods and algorithms. The main topics in the course include: data exploration and interpretation in data science; large data processing; regularization methods; optimization tools; deep learning; recommender systems; network and graphical models; text mining; and imaging analyses. Students will gain practical skills of data mining and knowledge discovery in various applications such as business, political science, biology and medicine. 4 graduate hours. No professional credit. Prerequisite: STAT 510 or STAT 410 (students must have taken either STAT 510 or STAT 410) and STAT 425.

STAT 551 Theory of Probability I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/551/>)

Same as MATH 561. See MATH 561.

STAT 552 Theory of Probability II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/552/>)

Same as MATH 562. See MATH 562.

STAT 553 Probability and Measure I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/553/>)

Measures and probabilities; integration and expectation; convergence theorems and inequalities for integrals and expectations; independence; convergence in probability, almost surely, and mean; Three Series Theorem; laws of large numbers. Prerequisite: MATH 447 or consent of instructor.

STAT 554 Probability and Measure II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/554/>)

Measure extensions, Lebesgue-Stieltjes measure, Kolmogorov consistency theorem; conditional expectation, conditional probability, martingales; distribution functions and characteristic functions; convergence in distribution; Central Limit Theorem; Brownian Motion. Credit is not given for both STAT 554 and either MATH 561 or MATH 562.

STAT 555 Applied Stochastic Processes credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/555/>)

Same as MATH 564. See MATH 564.

STAT 558 Risk Modeling and Analysis credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/558/>)

Same as MATH 563. See MATH 563.

STAT 571 Multivariate Analysis credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/571/>)

Inference in multivariate statistical populations emphasizing the multivariate normal distribution; derivation of tests, estimates, and sampling distributions; and examples from the natural and social sciences. Prerequisite: STAT 410 and MATH 415, or consent of instructor.

STAT 575 Large Sample Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/575/>)

Limiting distribution of maximum likelihood estimators, likelihood ratio test statistics, U-statistics, M-, L-, and R-estimators, nonparametric test statistics, Von Mises differentiable statistical functions; asymptotic relative efficiencies; asymptotic expansions. Same as ECON 578. Prerequisite: STAT 511 and either MATH 561 or STAT 554.

STAT 578 Topics in Statistics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/578/>)

May be repeated if topics vary. Prerequisite: Consent of instructor.

STAT 587 Hierarchical Linear Models credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/587/>)

Same as PSYC 587 and EPSY 587. See EPSY 587.

STAT 588 Covar Struct and Factor Models credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/588/>)

Same as EPSY 588, PSYC 588, and SOC 588. See PSYC 588.

STAT 590 Individual Study and Research credit: 0 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/590/>)

Directed reading and research. Approved for letter and S/U grading. May be repeated with approval. Prerequisite: Consent of instructor.

STAT 593 STAT Internship credit: 0 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/593/>)

Supervised, off-campus experience in a field in which statistical science plays an important role. Approved for letter and S/U grading. Prerequisite: STAT 425 and consent of instructor.

STAT 595 Preparing Future Faculty credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/595/>)

Prepares Ph.D. students who are interested in an academic career to develop a successful academic career path, and to prepare graduate students for their future roles as teachers, and researchers. The course will focus on profession, job search, research, teaching and service. The course will involve guest panels, small and large group presentations and interactive Q&A with student participation.

STAT 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/STAT/599/>)

Approved for S/U grading only. May be repeated. Prerequisite: Consent of instructor.

# STRATEGIC BRAND COMMUNICATION (SBC)

SBC Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SBC/>)

## Courses

SBC 500 Strategic Brand Communication Essentials credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/500/>)

This course provides an overview of marketing and brand management: consumer analysis; brand positioning, integration, metrics and value. 2 graduate hours. No professional credit. Prerequisite: Restricted to MS: SBC students.

SBC 501 Strategic Branding: Global Perspectives credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/501/>)

Within the context of globalization, the course underscores the importance of understanding consumers' values, attitudes, and behaviors for effective product positioning, brand value and effective marketing communications across borders. Focus on consumer behavior and brand positioning across local, regional, and global contexts. This course is designed to provide students with an advanced understanding of consumer behavior in a global context. 2 graduate hours. No professional credit. Prerequisite: Restricted to MS SBC students.

SBC 502 Essentials of Business Management credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/502/>)

This course provides an understanding of theoretical and historical perspectives on business and capitalism. Covers basic principles of business strategy; understanding of financial accounting and budgeting; the importance of ethics; principles of leadership; and the importance of the global business environment. 3 graduate hours. No professional credit. Approved for Letter and S/U grading. Prerequisite: Restricted to MS: SBC Students.

SBC 503 Consumer Insights I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/503/>)

The course explores how cultural, sociological and psychological factors shape consumer behavior. It will provide an overview of the key concepts of the discipline of consumer behavior and enable students to put into practice the new found understanding of consumer behavior to shape branding strategies. 3 graduate hours. No professional credit. Approved for Letter and S/U grading. Prerequisite: Restricted to MS: SBC students.

SBC 504 Managing Projects & Teams credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/504/>)

Successful Strategic Brand Communication requires working on a series of projects. This course provides a socio-technical perspective to the management of projects. The technical dimensions deal with needs analysis, work breakdown, scheduling, resource allocation, risk management, and performance tracking and evaluation - within the allocated time frame and cost. The sociocultural dimensions include attributes of sound leadership, formation and management of teams, and managing customer expectations in order to formulate consistent, integrated campaigns across channels. 3 graduate hours. No professional credit. Approved for Letter and S/U grading. Prerequisite: Restricted to MS: SBC students.

SBC 505 Consumer Insights II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/505/>)

The course will provide an overview of the key qualitative methods used to gain strategic insights into consumer behavior and to provide practice in planning research projects, data collection, and analysis. 3 graduate hours. No professional credit. Approved for Letter and S/U grading. Prerequisite: Restricted to MS: SBC students.

SBC 506 Measurement and Evaluation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/506/>)

This course will focus on the method and analysis for consumer insights but also for measuring effectiveness of various promotional strategies and campaign effectiveness. This includes an overview of quantitative research methods with emphasis on analysis and interpretation of data, and application to evaluating effectiveness of promotional strategies. 3 graduate hours. No professional credit. Prerequisite: Restricted to MS: SBC students.

SBC 507 Promotional Strategy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/507/>)

This course will familiarize students with the topic of marketing communications and promotion management, and will teach students the steps for strategically planning a strategic brand communications campaign. The culmination of this course will be a campaign for a real-world client. 3 graduate hours. No professional credit. Prerequisite: Restricted to MS: SBC students.

SBC 508 Messaging Strategy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/508/>)

Creating and executing successful messages across communication channels. Explores the development of persuasive messaging through theories of persuasion, consumer-information processing and theories of creativity. The course examines the relationship between creative strategy and creative executions while allowing students to practice creating content for traditional and non-traditional media. Strategic brand communication manages every message and contact point within an organization. Audiences include not only consumers, but employees, stockholders, the media, and others. 3 graduate hours. No professional credit. Prerequisite: SBC 507.

SBC 509 Strategic Media Management credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/509/>)

Analyzes the markets served by various advertising media and factors to consider in the selection and evaluation of media. Markets include investors, employees, and consumer segments. This course will also cover managing media in a global context. This course is designed to provide students with an advanced understanding of media analysis, planning, buying and optimization. 3 graduate hours. No professional credit. Prerequisite: SBC 502, SBC 507. Restricted to MS: SBC students.

SBC 510 Messaging Strategy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/510/>)

Creating and executing successful messages across communication channels. Explores the development of persuasive messaging through theories of persuasion, consumer-information processing and theories of creativity. The course examines the relationship between creative strategy and creative executions while allowing students to practice creating content for traditional and non-traditional media. Strategic brand communication manages every message and contact point within an organization. Audiences include not only consumers, but employees, stockholders, the media, and others. 3 graduate hours. No professional credit. Students may not earn credit for SBC 510, Messaging Strategy, if credit was earned for SBC 508, Messaging Strategy, prior to Spring 2021. Prerequisite: SBC 507.

SBC 511 Strategic Analytics & Data Visual credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/511/>)

This course will prepare students to utilize data for targeting and building customer and brand relationships, with an emphasis on new and emerging media. The students will get exposure to principles of working with structured data using relational databases and data warehouses. They will understand how to work with unstructured data from the web. They will also get exposure to select data mining methods relevant to data commonly worked on by marketing and communication executives and apply these concepts with cases/exercises during each of these modules. 2 graduate hours. No professional credit. Approved for Letter and S/U grading. Prerequisite: Restricted to MS: SBC student.

SBC 512 Professional SBC Capstone Project credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SBC/512/>)

This course serves as a capstone, requiring the student to demonstrate a mastery of knowledge in the primary areas of Strategic Brand Communication. The project is designed to allow the student to demonstrate his/her mastery of strategic brand communication, focused on Creating and Executing a Research Plan; Repositioning Analysis and Strategy; Strategic Brand Communication Strategy & Tactics; Media Strategy & Tactics; Campaign Monitoring and Evaluation. 2 graduate hours. No professional credit. Prerequisite: SBC 511. Restricted to MS: SBC students.

# SWAHILI (SWAH)

SWAH Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SWAH/>)

## Courses

SWAH 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/SWAH/199/>)

Topics in Swahili language and culture. Specific topic varies by semester. May be repeated in separate semesters up to a maximum of 6 undergraduate hours if topics vary.

SWAH 201 Elementary Swahili I credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/SWAH/201/>)

Beginning standard Swahili; emphasizes grammar, pronunciation, reading and conversation in standard Swahili. Same as AFST 231. Participation in language laboratory required.

SWAH 202 Elementary Swahili II credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/SWAH/202/>)

Continuation of elementary Swahili, with introduction of more advanced grammar; emphasizes more fluency in speaking, reading, and writing simple sentences in standard Swahili. Same as AFST 232. Participation in language laboratory required. Prerequisite: SWAH 201.

SWAH 403 Intermediate Swahili I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SWAH/403/>)

Second-year Swahili with emphasis on developing conversational fluency; some readings on Swahili culture and customs. Same as AFST 433. 4 undergraduate hours. 4 graduate hours. Prerequisite: One year of Swahili.

SWAH 404 Intermediate Swahili II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SWAH/404/>)

Continuation of SWAH 403; emphasis on the development of appropriate reading, writing, speaking, and comprehension skills in Standard Swahili, and understanding of East African culture. Same as AFST 434. 4 undergraduate hours. 4 graduate hours. Prerequisite: SWAH 403 or equivalent.

SWAH 405 Advanced Swahili I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SWAH/405/>)

Third-year Swahili with emphasis on conversational fluency and on increased facility in reading Swahili texts, including current newspaper prose and (East) African culture materials. Same as AFST 435. 3 undergraduate hours. 3 graduate hours. Prerequisite: SWAH 404 or equivalent.

SWAH 406 Advanced Swahili II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SWAH/406/>)

Third-year Swahili with emphasis on conversational fluency and on increased facility in reading Swahili texts, including current newspaper prose and (East) African culture materials. Same as AFST 436. 3 undergraduate hours. 3 graduate hours. Prerequisite: SWAH 405 or equivalent.

SWAH 407 Topics Swahili Lang & Lit I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SWAH/407/>)

Selected readings from modern Kiswahili authors, with a focus on novels, plays, and basic poetry illustrative of East African cultural issues and advanced level Kiswahili grammar, as well as development of expository writing skills. Same as AFST 405. 3 undergraduate hours. 3 graduate hours. Prerequisite: SWAH 406.

SWAH 408 Topics Swahili Lang & Lit II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SWAH/408/>)

Continuation of SWAH 407 with increased emphasis on the reading and comprehension of literary texts exemplified in advanced level novels, plays, and poetry, as well as on advanced mastery of expository writing skills. Same as AFST 406. 3 undergraduate hours. 3 graduate hours. Prerequisite: SWAH 407.

SWAH 409 Adv Topics Swahili Lang&Lit I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SWAH/409/>)

Introduction to Kiswahili in the professions as documented in selected newspapers, educational radio and TV programs, works of fiction, biographies, anthologies, and professional journals. Students will be introduced to argumentative writing in Kiswahili, expected to make oral presentations, and to write a research paper in their field. Same as AFST 407. 3 undergraduate hours. 4 graduate hours. Prerequisite: SWAH 408.

SWAH 410 Adv Topics Swahili Lang&Lit II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SWAH/410/>)

Continuation of SWAH 409 with increased emphasis on the development of comprehension and writing of professional language. Same as AFST 408. 3 undergraduate hours. 4 graduate hours. Prerequisite: SWAH 409.

# SYSTEMS ENGINEERING AND DESIGN (SE)

SE Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/SE/>)

## Courses

SE 100 Introduction to ISE credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/SE/100/>)

Overview of the engineering profession, the Industrial & Enterprise Systems Engineering Department, and the curricula in Industrial Engineering and Systems Engineering and Design.

SE 101 Engineering Graphics & Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SE/101/>)

Computer-aided design (CAD) software modeling of parts and assemblies. Parametric and non-parametric solid, surface, and wireframe models. Part editing and two-dimensional documentation of models. Planar projection theory, including sketching of perspective, isometric, multiview, auxiliary, and section views. Spatial visualization exercises. Dimensioning guidelines, tolerancing techniques. Team design project. Credit is not given for both SE 101 and ME 170.

SE 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/SE/199/>)

Undergraduate Open Seminar. May be repeated.

SE 261 Business Side of Engineering credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/SE/261/>)

Important elements and metrics of business and contemporary engineering economics: wealth creation, cash flow diagrams, internal rate of return, net present value, breakeven analysis, companies, corporations, profits, prices, balance sheets, income statements, and the basics of business plan writing. Particular emphasis is given to preparation for the economic analysis component of engineering practice.

SE 290 ISE Undergraduate Seminar credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/SE/290/>)

Lecture-discussion series by department faculty and visiting professional engineers addressing ethics, professional registration, the role of technical societies, and the relation of engineering to such disciplines as economics, sociology, and government. Approved for Letter and S/U grading.

SE 297 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/297/>)

Individual investigations of any phase of Systems Engineering and Design selected by the students and approved by the department. May be repeated. Prerequisite: Consent of instructor.

SE 298 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/298/>)

Subject offerings of new and developing areas of knowledge in general engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites.

SE 310 Design of Structures and Mechanisms credit: 3 Hours.

(<https://courses.illinois.edu/schedule/terms/SE/310/>)

Fundamental concepts in the classical and computer-based analysis and design of structural and machine components and assemblies. External loads, internal forces, and displacements in statically determinate and indeterminate configurations: kinematics of linkages, gears, and cams; static forces in machines. Prerequisite: CS 101, TAM 212, and TAM 251. Credit or concurrent enrollment in MATH 415.

SE 311 Engineering Design Analysis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SE/311/>)

Stress-strain conditions; analytical and numerical (CAD) solution techniques; analysis of various engineering materials and configurations as applied to the development and application of design analysis criteria. Prerequisite: SE 310; concurrent registration in SE 312.

SE 312 Instrumentation and Test Lab credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/SE/312/>)

Preparation for experimental projects; mechanical and electrical instruments; mechanical testing of materials; experimental stress analysis and photoelastic methods. Prerequisite: SE 310; concurrent registration in SE 311.

SE 320 Control Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/320/>)

Fundamental control systems and control systems technology. Sensors, actuators, modeling of physical systems, design and implementation of feedback controllers; operational techniques used in describing, analyzing and designing linear continuous systems; Laplace transforms; response via transfer functions; stability; performance specifications; controller design via transfer functions; frequency response; simple nonlinearities. Credit is not given for both SE 320 and either AE 353 or ME 340. Prerequisite: CS 101, MATH 285, and TAM 212; credit or concurrent registration in ECE 211.

SE 361 Emotional Intelligence Skills credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SE/361/>)

Understanding emotions in ourselves and others. Assessment and improvement of interpersonal skills and emotional intelligence competencies including self-regulation, motivation, empathetic listening, communication, influence collaboration and cooperation, conflict management, leadership, teamwork, and managing change. Includes one Saturday laboratory session.

SE 397 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/397/>)

Individual investigations or studies of any phase of General Engineering selected by the students and approved by the department. May be repeated in same term. Prerequisite: Consent of instructor.

SE 398 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/398/>)

Subject offerings of new and developing areas of knowledge in general engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites.

SE 400 Engineering Law credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/400/>)

Nature and development of the legal system; legal rights and duties important to engineers in their professions; contracts, uniform commercial code and sales of goods, torts, agency, worker's compensation, labor law, property, environmental law, intellectual property. 3 undergraduate hours. 4 graduate hours. Prerequisite: RHET 105.

SE 402 Comp-Aided Product Realization credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/402/>)

Computer-aided design, analysis, and prototyping tools used in the produce development process. Principles of computer graphics and geometric modeling, including transformations, coordinate systems, parametric solid modeling, spline curves, and surface modeling. Finite element and kinematics analyses. Rapid prototyping, product dissection, CAD-CAM-CAE operability issues, and CAD collaboration tools. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: SE 101 and SE 311.

SE 410 Component Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SE/410/>)

Design of basic engineering components: structural members, machine parts, and connections. Principles applied include: material failure (yield, fracture, fatigue); buckling and other instabilities; design reliability; analytical simulation. 3 undergraduate hours. 3 graduate hours. This course is an approved Design Elective in the SE Undergraduate curriculum. Prerequisite: SE 311 and SE 320.

SE 411 Reliability Engineering credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/411/>)

Concepts in engineering design, testing, and management for highly reliable components and systems. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: IE 300.

SE 412 Nondestructive Evaluation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/412/>)

Nondestructive Evaluation (NDE) principles and the role of NDE in design, manufacturing, and maintenance. Primary Nondestructive Testing and Evaluation (NDT&E) techniques, introduced from the fundamental laws of physics, including visual, ultrasonic, acoustic emission, acousto-ultrasonic, radiology, electro-magnetic, eddy-current, penetrant, thermal, and holographic. Industrial applications of probability of flaw detection, material properties characterization, impact and fatigue damage evaluation, adhesion, etc. Current literature. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Prerequisite: CEE 300.

SE 413 Engineering Design Optimization credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/413/>)

Application of optimization techniques to engineering design problems. Emphasis on problem formulation, including applications in structural, mechanical, and other design domains. Important theoretical results and numerical optimization methods. Matlab programming assignments to develop software for solving nonlinear mathematical programming problems. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Prerequisite: MATH 241 and MATH 415.

SE 420 Digital Control Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/420/>)

Theory and techniques for control of dynamic processes by digital computer; linear discrete systems, digital filters, sampling signal reconstruction, digital design, state space methods, computers, state estimators, and laboratory techniques. 4 undergraduate hours. 4 graduate hours. Prerequisite: SE 320.

SE 422 Robot Dynamics and Control credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/422/>)

Fundamental concepts and analytical methods for analysis and design of robot systems. Laboratory experiments complement theoretical development. Same as ECE 489 and ME 446. 4 undergraduate hours. 4 graduate hours. Prerequisite: SE 320. Recommended: ECE 470.

SE 423 Mechatronics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SE/423/>)

Mechatronics concepts and practice: computer interfacing of physical devices (sensors, actuators); data acquisition; real time programming and real time control; human-machine interfaces; design principles of mechatronics in manufacturing systems and in consumer systems. 3 undergraduate hours. 3 graduate hours. Prerequisite: SE 320.

SE 424 State Space Design for Control credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SE/424/>)

Design methods; time domain modeling; trajectories and phase plane analysis; similarity transforms; controllability and observability; pole placement and observers; linear quadratic optimal control; Lyapunov stability and describing functions; simulation. 3 undergraduate hours. 3 graduate hours. Prerequisite: SE 320 and MATH 415.

SE 450 Decision Analysis I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/450/>)

Rules of thought that transform complex decision situations into simpler ones where the course of action is clear. Practical application of decision analysis in large organizations; methods to generate insights into real-life decision problems, avoid the common pitfalls in decision processes, and overcome the possible barriers to implementing a high-quality decision-making process for individual and organizational decision making; graphical representations of decision problems such as decision diagrams and utility diagrams. 3 or 4 undergraduate hours. 3 or 4 graduate hours. Prerequisite: IE 300.

SE 494 Senior Engineering Project I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/SE/494/>)

Senior engineering project - team component. Student teams of three or four, guided by faculty advisors, develop solutions to real-world engineering problems provided by industry-partnering companies, subject to realistic constraints and supported by economic analyses and recommendations for implementation. Prototype solutions fabricated where practical. Multiple reports and presentations throughout the term. Several trips to company typical. Common project grade for all team members. SE 494 and SE 495 taken concurrently fulfill the Advanced Composition Requirement. Approval of the department is required to register. 3 undergraduate hours. No graduate credit. Prerequisite: SE 261, SE 290 and; SE 311, IE 300, IE 310, and TAM 335; or IE 310, IE 311, and IE Technical Elective; credit or concurrent registration in a SE Design Elective and IE Engineering Science Elective. Must enroll concurrently in SE 495.

This course satisfies the General Education Criteria for: Advanced Composition

SE 495 Senior Engineering Project II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/SE/495/>)

Adjunct to SE 494. Senior engineering project – individual component. Individual grade for each team member. SE 494 and SE 495 taken concurrently fulfill the Advanced Composition Requirement. 2 undergraduate hours. No graduate credit. Prerequisite: Concurrent registration in SE 494.

This course satisfies the General Education Criteria for: Advanced Composition

SE 497 Independent Study credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/497/>)

Advanced problems related to General Engineering. 0 to 4 undergraduate hours. 0 to 4 graduate hours. Approved for Letter and S/U grading. May be repeated in same term. Prerequisite: Consent of instructor.

SE 498 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/498/>)  
Subject offerings of new and developing areas of knowledge in general engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. 1 to 4 undergraduate hours. 1 to 4 graduate hours.

SE 520 Analysis of Nonlinear Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/520/>)  
Same as ECE 528 and ME 546. See ECE 528.

SE 521 Multivariable Control Design credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/521/>)  
Same as AE 555. See AE 555.

SE 523 Discrete Event Dynamic Systems credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/523/>)  
Modeling, analysis, control, and performance evaluation of discrete event dynamic systems (DEDS), which are characterized by state changes only at discrete points in time in response to the occurrence of particular events. Discrete-state and discrete-event models decidability, computational issues, forbidden-state problems, forbidden-string problems, enforcing safety and liveness properties via supervision, generalized semi-Markov processes, sensitivity analysis via likelihood ratio and infinitesimal perturbation methods. 3 or 4 graduate hours. No professional credit. Prerequisite: CS 173 or MATH 213; CS 225; MATH 415; MATH 461.

SE 524 Data-Based Systems Modeling credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/524/>)  
Identification and building of mathematical and computational models directly from data. Systems and model types, such as state-space and distributed-parameter; parametric estimation methods, such as regression and least-squares recent subspace identification methods; data preprocessing techniques; model validation methods. Assignment applications to a wide range of dynamical systems, including biological, electro-mechanical, and economic. 4 graduate hours. No professional credit. Prerequisite: SE 424 and IE 300.

SE 525 Control of Complex Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/525/>)  
Control methodologies for complex (i.e., interconnected) dynamic systems. A unified framework based on the vector Liapunov functions concept is used to examine various methodologies: decentralized overlapping control; optimal control of interconnected systems; multi-player differential game theory; decentralized optimization and its link with the multi-criteria optimization. Illustrative examples in areas such as control of groups of unmanned vehicles, control of power systems, and coverage control. 4 graduate hours. No professional credit. Prerequisite: SE 424.

SE 530 Multiattribute Decision Making credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/530/>)  
Tools for subjective multiple attribute decision making when present or future states of nature are uncertain. Exploration of current research in developing computer aids to decision making. Issues in descriptive versus normative approaches in the context of the interface between operations research and artificial intelligence. Multiattribute utility analysis from theoretical foundations through assessment procedures, practice, and pitfalls of potential cognitive bases. 4 graduate hours. No professional credit. Prerequisite: CEE 202 or IE 300.

SE 550 Decision Analysis II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/550/>)  
Continuation of SE 450. Fundamental requirements of a decision-making system; comparison of different decision-making methods; "paradoxes" in decision making; foundations and history of probability as a degree of belief; Bayesian vs. classical statistics; entropy of a random variable; experimentation and optimal stopping; invariance formulations in utility and probability; one-switch preferences; graph-based methods to incorporate dependence in multiattribute utility functions. 3 or 4 graduate hours. No professional credit. Prerequisite: SE 450.

SE 590 Seminar credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/SE/590/>)  
Presentations by graduate students, staff, and guest lecturers of current topics in research and development in Systems and Entrepreneurial Engineering. 0 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated. Prerequisite: Required of all graduate students each term.

SE 594 Project Design credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/SE/594/>)  
Engineering design projects emphasizing advanced engineering analysis, synthesis, optimization, and engineering economics. 1 to 8 graduate hours. No professional credit. May be repeated to a maximum of 8 hours for credit toward the Master's degree.

SE 597 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/597/>)  
Advanced problems related to Systems and Entrepreneurial Engineering. 1 to 4 graduate hours. No professional credit. May be repeated. Prerequisite: Consent of instructor.

SE 598 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/SE/598/>)  
Subject offerings of new and developing areas of knowledge in general engineering intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. 1 to 4 graduate hours. No professional credit. May be repeated in the same or separate terms if topics vary to a maximum of 12 hours.

SE 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/SE/599/>)  
Thesis Research. 0 to 16 graduate hours. No professional credit. Approved for S/U grading only. May be repeated to a maximum of 16 hours for credit toward the Master's or PhD degree.

# TECHNICAL SYSTEMS MANAGEMENT (TSM)

TSM Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/TSM/>)

## Courses

TSM 100 Technical Systems in Agr credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/100/>)

Examples, problems, discussions, and laboratory exercises pointing to present and potential engineering applications in agriculture; emphasis on power and machinery, soil and water control, electricity, and structures.

TSM 103 Agricultural Machinery and Technology credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/103/>)

Provides an exploratory experience in modern agricultural machinery and technology. It covers the fundamentals of modern agriculture as a system including markets, plant and soil science, and operations. Agricultural machinery and its integration with advanced technologies will be introduced. Topics include seeders, combine harvesters, GPS and navigation, field robotics, remote sensing, and a global perspective of agricultural technology. Content is designed for any academic discipline or experience level.

TSM 130 Basics of CAD credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TSM/130/>)

Introduction to Computer Aided Drawing and Design (CAD). Application of two and three dimensional CAD tools in construction systems for creating project plans, structures and building floor plans with fixtures and layers representing electrical and plumbing configurations. Self-paced learning through on-line tutorials with instructor guidance.

TSM 132 Basics of Project Management credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TSM/132/>)

Covers the basic concepts of project management software. Students will learn introductory features of project management software and utilize these features to complete class projects.

TSM 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/199/>)

Open seminar or experimental course on a topic in technical systems management. May be repeated to a maximum of 12 hours.

TSM 232 Materials and Construction Sys credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/232/>)

Selection, use, and maintenance of hand and power tools; shop safety; selection of building and roofing materials; concrete masonry construction; and site preparation. Includes laboratory. Priority is given to technical systems management majors.

TSM 233 Metallurgy & Welding Process credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/233/>)

Selecting and using metal-arc, inert-gas, submerged arc, oxyacetylene welding and plasma cutting processes for construction and maintenance. Includes laboratory. Additional fees may apply. See Class Schedule.

TSM 234 Wiring, Motors and Control Sys credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/234/>)

Selecting and using wiring materials, electric motors and controls in lighting, heating, ventilation, and materials handling problems. Includes laboratory. Prerequisite: TSM 100.

TSM 262 Off-Road Equipment Management credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/262/>)

Performance, costs, application, selection, and replacement of off-road machinery and field implements; analysis of mechanized field operations. Includes laboratory. Prerequisite: TSM 100.

TSM 293 Off-Campus Internship credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/293/>)

Supervised off-campus experience in a field directly pertaining to technical systems management. May be repeated to a maximum of 6 hours. Prerequisite: Sophomore standing and consent of instructor.

TSM 295 Undergrad Research or Thesis credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/295/>)

Individual research, special problems, thesis, development and/or design work under the supervision of an appropriate member of the faculty. May be repeated to a maximum of 12 hours. Prerequisite: Sophomore standing, cumulative GPA of 2.5 or above at the time the activity is arranged, and consent of instructor.

TSM 311 Humanity in the Food Web credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/311/>)

The human food web is the complex network of technologies, environments, people, and social institutions that produces, processes, and distributes the world's food supply. Students will study the food webs of the past, present, and future and will explore various human roles, including their own, in the global technology-environment-society-food system. Course topics include domestication, mechanization, urbanization, the green revolution, biotechnology, food safety, the environment, and appropriate technologies for developing countries. Additional fees may apply. See Class Schedule.

This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Hist Phil

TSM 352 Land and Water Mgt Systems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/352/>)

Principles of planning, implementing and utilizing land and water practices for Illinois land uses, especially agriculture. Includes laboratory. Prerequisite: Completion of Quantitative Reasoning requirement.

TSM 363 Fluid Power Systems credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/363/>)

Emphasizes basic principles of fluid power systems related to off-road vehicles. Topics include fundamentals of fluid power systems, principles of key fluid power components, and maintenance of fluid power systems. Credit is not given for both TSM 363 and ABE 223.

TSM 371 Residential Housing Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/371/>)

Principles and practices in residential housing; space planning, house types, structures, materials, utilities, environmental control, energy conservation, remodeling, and economic influences. Includes laboratory.

TSM 372 Environ Control & HVAC Systems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/372/>)

Introduction to heating, ventilating, and air-conditioning (HVAC) systems for building environment control. Topics include: psychrometrics, basic calculation of heating and cooling loads, human comfort and ventilation requirements, typical HVAC and control systems.

TSM 381 Grain Drying & Storage Systems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/381/>)

Grain drying fundamentals, air-moisture relationships, grain drying systems for efficient energy use, fans, grain-handling devices and systems, planning of grain handling systems, grain standards, moisture measurement, grain storage, fungi and insect problems, aeration, processing and milling of corn and soybeans. Includes laboratory.

TSM 396 UG Honors Research or Thesis credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/396/>)

Individual research, special problems, thesis, development and/or design work under the direction of the Honors advisor. May be repeated to a maximum of 12 hours. Prerequisite: Junior standing, admission to the ACES Honors Program, and consent of instructor.

TSM 421 Ag Safety-Injury Prevention credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/421/>)

Issues associated with agricultural injuries and their prevention. Areas include: agricultural injury situation; injury causation; injury intervention strategies and their applications to agricultural issues; and, specific safety issues in the areas of farm machinery, grain and forage systems, animals, materials handling, electricity, fire safety, special populations, and emergency preparedness. Course Information: 3 undergraduate hours. 3 graduate hours.

TSM 422 Ag Health-Illnesses Prevention credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/422/>)

Overview of occupational illnesses and diseases in the agricultural industry and its practices. Hazards within agricultural production are examined and potential hazards to non-farm populations and those interacting with production personnel are explored. Agricultural industry practices are summarized and potential human health effects of specific practices identified. Specific preventative measures are outlined to reduce exposures and remediate exposure symptoms. Interaction with health/medical professionals is on-going during the semester to familiarize students with medical procedures pertinent to agricultural occupational medicine. 3 undergraduate hours. 3 graduate hours.

TSM 425 Managing Ag Safety Risk credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/425/>)

Management aspects of farm and agriculturally related business safety and health. Topics include: orientation to farm and agricultural related business safety and health issues, legal and ethical responsibilities, liability issues, injury/illness incident investigation, agricultural safety and health resources, how to approach and organize a safety and health management plan, and safety and health worker education and training. Case study approach to devise a safety and health management plan for an existing farm or agricultural related business. Team work to emulate development of safety management programs in general industry. Student exposure through class discussion exercises to recent agricultural safety and health research studies conducted in North America and Europe. 3 undergraduate hours. 3 graduate hours. Prerequisite: Credit or concurrent registration in TSM 421 or TSM 422, or consent of instructor.

TSM 430 Project Management credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/430/>)

Same as ABE 430. See ABE 430.

TSM 435 Elec Computer Ctrl Sys credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/435/>)

Microcomputer and electrical control applications; electrical fundamentals; solid-state devices; relays; biosensors; motor types and characteristics; three-phase power; logic devices; analog/digital convertors; and interfacing for agricultural control applications. Includes laboratory. 3 undergraduate hours. 3 graduate hours.

TSM 438 Renewable Energy Applications credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/438/>)

Renewable energy sources and applications, including solar, geothermal, wind, and biomass. Environmental consequences of energy conversion including how renewable energy can reduce air pollution and global climate change. Economics of alternative energy systems. 3 undergraduate hours. 3 graduate hours. Credit is not given for both TSM 438 and ABE 436. Prerequisite: Junior, senior, or graduate standing required.

TSM 464 Engine and Tractor Power credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/464/>)

Construction, performance and maintenance of internal combustion engines, power trains, and hydraulic systems for off-road equipment; methods and equipment for performance testing; and weight transfer and traction. Includes laboratory. 3 undergraduate hours. 3 graduate hours. Credit is not given for both TSM 464 and ABE 466.

TSM 465 Chemical Applications Systems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/465/>)

Hydraulic principles; liquid application systems including pumps, controls, and spray nozzles; granular application systems; safe storage, handling, and disposal of pesticides and fertilizers; federal and state legal requirements. Includes laboratory. 3 undergraduate hours. 3 graduate hours.

TSM 467 Precision Agric Technology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/467/>)

Practices and equipment used in precision agriculture. Global positioning systems; geographic information systems; mapping; grid sampling of soil fertility and physical properties; yield monitoring; remote sensing; variable-rate technologies. 3 undergraduate hours. 3 graduate hours.

TSM 486 Grain Bioprocessing Coproducts credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/486/>)

Bioprocessing of cereals and oilseeds by milling, fermentation and extraction processes in the production of a wide variety of coproducts used in animal foods. Includes the effects of the process variables and bioprocess on coproduct quality and the post-processing of coproducts. 3 undergraduate hours. 3 graduate hours. Bioprocessing of cereals and oilseeds by milling, fermentation and extraction processes in the production of a wide variety of coproducts used in animal foods. Includes the effects of the process variables and bioprocess on coproduct quality and the post-processing of coproducts. Course Information: 3 undergraduate hours. 3 graduate hours. Credit is not given for both TSM 486 and TSM 586.

TSM 496 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/496/>)

Individual research, special problems, thesis, development and/or design work under the supervision of a faculty member. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated to a maximum of 6 hours. Prerequisite: consent of instructor.

TSM 499 Seminar credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/499/>)

Group discussion or an experimental course on a special topic in technical systems management. 1 to 3 undergraduate hours. 1 to 3 graduate hours. May be repeated to a maximum of 12 hours.

TSM 501 Graduate Research I credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TSM/501/>)

First of a two-course sequence (with TSM 502) for graduate students in Technical Systems Management. Prepares students to perform successfully in a research environment and to develop skills in teaching. Topics to be covered include research methodology, teaching methods, lecture preparation and delivery, critical review of scientific articles, peer review and publishing, mentoring and peer relationships, time management, and intellectual property.

TSM 502 Graduate Research II credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TSM/502/>)

Second of a two-course sequence (with TSM 501) for graduate students in Technical Systems Management. Prepares students to perform successfully in a research environment and to develop skills in teaching. Topics to be covered include research methodology, teaching methods, lecture preparation and delivery, critical review of scientific articles, peer review and publishing, mentoring and peer relationships, time management, and intellectual property.

TSM 586 Advanced Bioprocess Coproducts credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/586/>)

Bioprocessing of cereals and oilseeds by milling, fermentation and extraction processes in the production of a wide variety of coproducts used in animal foods. Includes the effects of the process variables and bioprocesses on coproduct quality and the post-processing of coproducts; also analysis of current literature and issues relating to coproducts. 3 graduate hours. No professional credit. Credit is not be given for both TSM 486 and 586. Prerequisite: Graduate standing or consent of instructor.

TSM 594 Graduate Seminar credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/594/>)

Presentations of thesis research by graduate students; other presentations on teaching or current research issues related to technical systems management. Approved for S/U grading only. May be repeated to a maximum of six times.

TSM 596 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/596/>)

Individual investigations or studies of any phases of technical systems management selected by the student and approved by the advisor and the faculty member who will supervise the study. May be repeated in the same or separate terms if topics vary to a maximum of 6 hours. Prerequisite: Consent of instructor.

TSM 598 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/598/>)

Group discussion or an experimental course on a special topic in technical systems management. May be repeated in the same term to a maximum of 8 hours. May be repeated in separate terms to a maximum of 12 hours. Prerequisite: As specified for each topic offering; see Class Schedule or departmental course information.

TSM 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/TSM/599/>)

Individual research in the various areas of technical systems management under the supervision of faculty members. Approved for S/U grading only. May be repeated in separate terms.

# TECHNOLOGY AND MANAGEMENT (TMGT)

---

TMGT Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/TMGT/>)

## Courses

TMGT 366 Product Design and Development credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TMGT/366/>)

Same as BADM 366. See BADM 366.

TMGT 367 Mgmt of Innov and Technology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TMGT/367/>)

Same as BADM 367. See BADM 367.

TMGT 460 Business Process Modeling credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TMGT/460/>)

Same as BADM 460. See BADM 460.

TMGT 461 Tech, Eng, & Mgt Final Project credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/TMGT/461/>)

Same as BADM 461. See BADM 461.

# TECHNOLOGY ENTREPRENEURSHIP (TE)

TE Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/TE/>)

## Courses

TE 100 Introduction to Innovation, Leadership and Engineering Entrepreneurship credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TE/100/>)

Students will learn about innovation, identify key attributes of innovation leadership, and practice innovation leadership personally and professionally. Students will identify opportunities and work in teams to address them, practicing leadership and followership and honing their written and verbal presentation skills. Students also complete a personal plan for continuing to develop their innovation leadership skills. Open to all majors.

TE 110 Communicating and Presenting in Engineering credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/TE/110/>)

Same as ENG 110. See ENG 110.

TE 200 Introduction to Innovation credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TE/200/>)

Fundamental concepts of entrepreneurship, creativity and innovation will be explored within the context of new and existing businesses. Creative thinking and inventive problem solving will be emphasized. Prerequisite: Restricted to Innovation LLC students.

TE 230 Design Thinking/Need-Finding credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TE/230/>)

Same as ARTD 230. See ARTD 230.

TE 250 From Idea to Enterprise credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/TE/250/>)

Examines the fundamentals of technology entrepreneurship and addresses critical areas of the entrepreneurial process such as: problem and solution identification; validation of product-market fit; market assessment; team formation; product development; intellectual property; financing a technology-based startup. This class combines lecture, discussion & case studies, and is built around a hands-on group project leveraging the lean startup methodology from the National Science Foundation I-Corps program. The class is intended for all students of all disciplines interested in technology entrepreneurship.

TE 298 Special Topics I credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/TE/298/>)

Subject offerings of innovation, creativity, technology and entrepreneurship intended to augment the existing curriculum. See class schedule or departmental course information for topics and prerequisites. May be repeated in the same or separate terms if topics vary.

TE 333 Creativity, Innovation, Vision credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TE/333/>)

Personal creativity enhancement via exploration of the nature of creativity, how creativity works, and how to envision what others may not. Practice of techniques and processes to enhance personal and group creativity and to nurture a creative lifestyle. Application to a major term project providing the opportunity to move an idea, product, process or service from vision to reality.

TE 360 Lectures in Engineering Entrepreneurship credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TE/360/>)

Fundamental concepts of entrepreneurship and commercialization of new technology in new and existing businesses. Guest speaker topics vary, but typically include: evaluation of technologies and business ideas in general; commercializing new technologies; financing through private and public sources; legal issues; product development; marketing; international business issues. May be repeated in separate terms to a maximum of 2 hours, if topics vary; instructor approval required.

Prerequisite: For undergraduate students only.

TE 398 Special Topics II credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TE/398/>)

Subject offerings of innovation, creativity, technology and entrepreneurship intended to augment the existing curriculum. See class schedule or departmental course information for topics and prerequisites. May be repeated in the same or separate term if topics vary.

TE 401 Developing Breakthrough Projects credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TE/401/>)

Project-based exploration with teams of students working together in a large innovation and entrepreneurial context. Encourage development of innovative, leadership, and entrepreneurial skill sets, including financing, marketing, sales, operations, business plans, and management. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated.

TE 450 Startups: Incorporation, Funding, Contracts, & Intellectual Property credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TE/450/>)

Explores how legal tools may be used in the construction and successful operation of your company to deliver the next great product to market. Topics covered in the class include: issues with business formation, funding, intellectual property, non-disclosure agreements, contracts, and other corporate legal issues particularly impacting startups. 3 undergraduate hours. 3 graduate hours.

TE 460 Lectures in Engineering Entrepreneurship credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TE/460/>)

Fundamental concepts of entrepreneurship and commercialization of new technology in new and existing engineering and high-tech businesses. Guest speaker topics vary, but typically include: evaluation of technologies and business ideas in general; commercializing new technologies; financing through private and public sources; legal issues; product development; marketing; international business issues. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms to a maximum of 2 hours, if topics vary; instructor approval required. Credit is not given for both TE 360 and TE 460.

TE 461 Technology Entrepreneurship credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TE/461/>)

Critical factors affecting technology-based ventures: opportunity assessment; the entrepreneurial process; founders and team building; preparation of a business plan including market research, marketing and sales, finance, and manufacturing considerations. Students must have an idea for a new venture to participate in the course, and must be prepared to develop this new venture idea as part of the course. 3 undergraduate hours. 3 graduate hours.

TE 466 High-Tech Venture Marketing credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/TE/466/>)  
Cornerstone marketing concepts for innovators and engineers to enable analysis of products and technologies from a marketing perspective: engineering product development and adoption life cycle; objectives and strategies; marketing management; communication skills; sales process and tactics; special considerations for new high-tech engineering products and innovations. 2 undergraduate hours. 2 graduate hours. Credit is not given for both TE 466 and BADM 365.

TE 497 Independent Study credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TE/497/>)  
Advanced projects related to Technology Entrepreneurship. Approved for S/U grading only. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated to a maximum of 3 undergraduate hours or 4 graduate hours in the same term if topics vary; may be repeated for an unlimited number of hours in separate terms. Prerequisite: Consent of instructor.

TE 498 Special Topics III credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TE/498/>)  
Subject offerings of innovation, creativity, technology and entrepreneurship intended to augment the existing curriculum. See class schedule or departmental course information for topics and prerequisites. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in the same or separate term if topics vary.

TE 560 Managing Advanced Technol I credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TE/560/>)  
Business perspective of managing advanced technology in industry: strategic context of advanced technology; analytical financial tools used to estimate its potential value; legal concepts important in its management; interpersonal issues related to leading and advocating on behalf of advanced technology groups. 1 graduate hour. No professional credit.

TE 565 Technol Innovation & Strategy credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/TE/565/>)  
Concepts and frameworks for analyzing how firms can create, commercialize and capture value from technology-based products and services. Business, commercialization, and management aspects of technology. Emphasis on reasons that existing firms or startups which have successfully commercialized products or services fail to sustain their success as technology changes and evolves. 2 graduate hours. No professional credit.

TE 566 Finance for Engineering Mgmt credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/TE/566/>)  
Cornerstone financial concepts for engineering management to enable analysis of engineering projects from a financial perspective: income statements; the balance sheet; cash flow statements; corporate organization; the time value of money; net present value; discounted cash flow analysis; portfolio theory. 2 graduate hours. No professional credit.

TE 567 Venture Funded Startups credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TE/567/>)  
Concepts, tools, and language used by venture capitalists (VCs). Venture-scale opportunity assessment and articulation; venture capital financing and valuation; deal structure; term sheets; financial plans for startups; customer development and marketing; product iterations; sales execution. 1 graduate hour. No professional credit. Prerequisite: TE 566.

TE 598 Special Topics IV credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TE/598/>)  
Subject offerings of innovation, creativity, technology and entrepreneurship intended to augment the existing curriculum. See class schedule or departmental course information for topics and prerequisites. May be repeated in the same or separate terms for unlimited graduate hours if topics vary.

# THEATRE (THEA)

THEA Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/THEA/>)

## Courses

**THEA 100 Practicum I** credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/100/>)  
Practical work in the design, construction, and handling of scenery, lighting, sound, properties, costumes, and makeup for public performance. A minimum of forty hours of production activity to be arranged for each credit hour. May be repeated to a maximum of 12 hours. Prerequisite: Consent of instructor required for non-theatre majors.

**THEA 101 Introduction to Theatre Arts** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/101/>)  
Introduction to the arts of theater for non-majors, including acting, design, directing, dramaturgy, and playwriting, together with a survey of theatrical history, minority theater, and plays by women. Attendance at Department of Theater productions (ticket fee required). Credit not given for both THEA 101 and THEA 102.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

**THEA 110 Broadway Musicals** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/110/>)  
A cultural context of the uniquely "American" Broadway musical through an introduction to the art form, an analysis of the pertinent time period, and historical and critical placement of the work as a reflection (and development) of the identity of the United States. This course will introduce the collaborative artistry of the musical, survey specific iconic works, and explore the socio-economic impacts of the Broadway musical. Attendance at selected performances is required.  
This course satisfies the General Education Criteria for:  
Humanities - Lit Arts  
Cultural Studies - Western

**THEA 119 BFA Production Seminar** credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/THEA/119/>)  
A seminar class for undergraduate theatre majors in the following 6 concentrations: Lighting Design and Technology; Sound Design and Technology; Costume Design and Technology; Scenic Design; Scenic Technology; Arts and Entertainment Technology. The course provides an opportunity for students studying technical and design aspects of live performance to investigate topics in production and/or design as related to their particular field of study. Course activities vary per section but include analysis of production and design approaches/techniques, skills development and practice, and reviews of student and professional production work. The course provides an open, collaborative environment that allows for all students to participate in the exchange of ideas, promote analytical thinking, and to work with principles that may be applied to practical production and design scenarios. Guest artists and special topics may be included. May be repeated to a maximum of 8 hours in separate semesters. Credit is not given for THEA 119 if credit for the corresponding section of THEA 199 has been given. Prerequisite: Restricted to BFA Theatre students in the following 6 concentrations: Lighting Design and Technology; Sound Design and Technology; Costume Design and Technology; Scenic Design; Scenic Technology; Arts and Entertainment Technology.

**THEA 121 Theatre Foundations: Performance** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/121/>)

Practical exploration of the foundations of performance for Theatre Majors with emphasis on ensemble building, self-expression, performance of "self," acting explorations, script analysis, and professional standards. Attendance at Department of Theatre productions required. Prerequisite: Restricted to BFA Theatre Majors Only.

**THEA 122 Theatre Foundations: Theory and Practice** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/122/>)  
Focuses on understanding the historical and contemporary creative practices of playwrights, directors, and dramaturgs. Provides a brief overview of theatre history and theory for understanding critical concepts and approaches that inform contemporary theatrical practices. Students will develop creative projects as well as critical analyses in support of course objectives. Credit not given for both THEA 122 and THEA 101. Credit not given for both THEA 122 and THEA 102.  
This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

**THEA 123 Theatre Foundations: Production** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/123/>)  
Provides an overview of historical and contemporary production practices focused on designing, building and managing a theatrical performance. Students will consider what performance production means within its social and historical context and develop a theatrical vocabulary essential to participating in the production process and in conducting research into production practices. Credit is not given for both THEA 103 and THEA 123. Prerequisite: BFA Theatre Majors Only.

**THEA 125 Designer Skills** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/125/>)  
Introduction to principles and elements of design and non-verbal communication techniques, focusing specifically on drawings, sketches, color theory, models and technical drafting. Drawing and drafting supplies are required. Prerequisite: Enrollment limited to Theatre majors only.

**THEA 126 Stagecraft** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/126/>)  
Studies and training in the materials, techniques, and processes used while executing scenery for the theatre. Includes both classroom lectures and practical laboratory work in the Krannert Center Scene Shop.  
Prerequisite: THEA 103.

**THEA 151 Introduction to Digital Audio Workstations** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/151/>)  
Develop understanding and beginning mastery of digital audio workstations and equipment. Topics include the physics of sound and acoustics, familiarization with and utilization of studio equipment, and developing skills with a range of production techniques. Students will enhance their understanding and appreciation of audio technology and recording.

**THEA 153 Introduction to Theatre Sound** credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/153/>)  
Exploration of audio production techniques, software, and equipment as related to theatrical sound. Students will actively engage in recording, script analysis, sound effect creation, utilization of playback software and other audio equipment. This course is specifically for undergraduate students. Prerequisite: For Undergraduate students only.

THEA 170 Fundamentals of Acting I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/170/>)

Study of the methods of acting, with emphasis on basic acting techniques; role of character in relation to the play as a whole, the play's internal and emotional values, and their interpretation through voice and action.

THEA 175 Fundamentals of Acting II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/175/>)

Exploration and communication of experience through speech and action on the stage. Prerequisite: THEA 170.

THEA 180 Violence as a Narrative Tool credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/180/>)

This course will examine the use of violence as a key element in the creation of narrative for theatre and film. Students will learn to identify and critique specific choices that directors, performers, and filmmakers use in developing scenes of violence to evoke specific responses from their audiences. In addition, this course will interrogate the relationship between theatrical violence and society. Using examples from works of theatre and cinema, students will examine, analyze, and critique the genres of "violence design," while gaining insight to the creative process of fight direction.

THEA 199 Undergraduate Open Seminar credit: 0 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/199/>)

Approved for letter and S/U grading. May be repeated to a maximum of 12 hours.

THEA 200 Practicum II credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/200/>)

This course is designed for students to acquire an introductory understanding of technical theatre roles, learn new skills and apply new knowledge in a hands-on, experiential learning setting. Students will work on a live performance project in a supporting position on productions of varying scope and scale to both gain an opportunity to practice new skills and an opportunity to learn more about the various areas of technical theater production. Practicum II serves as a foundational course for students in the design, technical or management areas who are progressing to more advanced study in technical theatre and are preparing for roles as lead or assistant designers, artisans, engineers and managers. Practicum II roles include serving as crew leaders, assistants and run crew for various resident productions at Krannert Center and as technical leads and crew in various Krannert Center shops. The course supports practical work in the student's area of concentration by continued emphasis in backstage technical work for public performance. A minimum of forty hours of production activity to be arranged for each credit hour. May be repeated to a maximum of 12 hours.

THEA 203 Theatre of Black Experience credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/203/>)

Surveys the history and literature, and studies dramatic works focused on the black experience through the rehearsal and performance of representative works of black dramatists. May be repeated to a maximum of 9 hours.

THEA 204 Introduction to Contemporary Performance Practice credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/204/>)

This practice-based course explores how to collaboratively create performances. Devised performance creates theatre "from scratch," often through improvisation and ensemble exercises. Focus on developing skills for working with an ensemble to create and adapt text, design, technology, and performance through in-class workshops and a final project. Prerequisite: THEA 102, THEA 103.

THEA 208 21st Century Dramaturgy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/208/>)

Introduction to the research, communication, and analytical skills of the dramaturg through study of contemporary trends in theatre, including immersive theatre, documentary/verbatim theatre, approaches to adaptation, new play development, solo performance, and devised theatre. Requires written assignments exploring dramatic structure and historical and contemporary cultural contexts and performance practices. Prerequisite: THEA 101 or THEA 122 or consent of instructor.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

THEA 210 Introduction to Greek and Roman Theater credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/210/>)

Same as CLCV 222 and CWL 264. See CLCV 222.

This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Lit Arts  
Cultural Studies - Western

THEA 211 Introduction to Playwriting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/211/>)

Practical course in writing for the stage, including a study of basic dramatic construction, focusing on structure, style, and imagination, culminating in a final project of a ten-minute play. Creative writing prompts and individual ideas will be the inspiration for weekly writing assignments. Prerequisite: THEA 208 or consent of instructor.

THEA 212 Introduction to Directing credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/212/>)

Practical course in directing for the stage, focusing on script analysis, script preparation, casting, staging techniques, and design strategies, culminating in a directorial concept presentation of a contemporary play. Prerequisite: THEA 208.

THEA 218 Intro to Social Issues Theatre credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/218/>)

An introductory exploration/survey of the rich histories, theories, and practices of community-based and social issues theatre. Through discussion, participation, lecture, and performance, representative works, movement, and artists will be explored. Lively connections will be made to an array of social issues in today's world. Same as GWS 218.

THEA 220 Survey of Theatrical Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/220/>)

Survey of design elements in theatrical production including the function of scenery, costuming, lighting, and sound in conveying directorial concepts, style, and dramatic meaning. Intended for students not concentrating on theatrical design, this course requires both theoretical and practical projects. Prerequisite: THEA 102, THEA 208, or consent of instructor.

THEA 222 Introduction to Scenic Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/222/>)

Projects and lectures addressing basic technical and aesthetic skills of scene design. Enrollment limited to Theatre majors. Prerequisite: THEA 125.

THEA 223 Introduction to Stage Rigging credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/223/>)

This course serves as an introduction to theatrical rigging materials, approaches, and techniques. The class will examine the basics of rigging in both traditional proscenium and black box theatrical spaces. Prerequisite: THEA 126.

THEA 225 Scenographic Drafting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/225/>)

Lecture/Studio course focused on the basic skills of creating scenographic drafting for theatrical stage productions. Lectures will introduce students to underlying concepts of two-dimensional representation of three-dimensional space. Studio time develops traditional hand drafting and computer aided drafting techniques. Prerequisite: THEA 125 or permission of instructor.

THEA 231 Intro to Lighting Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/231/>)

Develop an understanding of the basic aspects of lighting design and stage electrics for live performance.

THEA 242 Introduction to Costume Production credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/242/>)

This course goes beyond the design process and delves into the next steps of moving a designed show through a costume shop. Students will obtain a basic knowledge of the role of costumer as well as organizational techniques and costume construction skills.

THEA 243 Introduction to Costume Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/243/>)

Introduces the principles and terminology used in the process of designing costumes for the stage. Class assignments will develop skills in costume design and focus on specific elements of design, variety, characterization, and stylization. Assignments and projects will emphasize different aspects of costume design, focusing on research, character exploration and visual concept, as well as learning practical aspects of production: use of fabric and crafts, costume construction, paper work, and effective communication skills in design presentations.

THEA 260 Intro Asian American Theatre credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/260/>)

Introduction to Asian American theatre, with emphasis on theatre companies, actors, playwrights, and audiences, through the reading of major dramatic works, examining production histories, and viewing Asian American performances and film. Same as AAS 260.

This course satisfies the General Education Criteria for:  
Cultural Studies - US Minority

THEA 262 Literature of Modern Theatre credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/262/>)

Introduction to the principal modes of dramatic expression from around 1870 to the present day. Prerequisite: Completion of campus Composition I general education requirement and THEA 208; or consent of instructor.

This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Lit Arts

THEA 263 Intro African American Theat credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/263/>)

Focuses on theatre artists, theatre companies, and the role of Historically Black Colleges and Universities (HBCU's). Students will read plays, view productions, screen documentaries, and examine various primary sources. Same as AFRO 212.

This course satisfies the General Education Criteria for:  
Cultural Studies - US Minority

THEA 270 Relationships in Acting I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/270/>)

Behavior in stage performance explored on the basis of the actor's relationship with self, with objects, and with other players; emphasizes analysis of playscript to discover action, environment, and relationships. Prerequisite: THEA 175 or consent of instructor.

THEA 271 Voice and Movement I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/271/>)

Fundamental development of vocal production as connected to body awareness and movement for the actor. Various exercised, conditioning, and training methods are used. Prerequisite: THEA 175 or consent of instructor.

THEA 275 Relationships in Acting II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/275/>)

Beginning scene work with special emphasis on analysis of plays, roles, characterization, and application of skills learned through improvisation and relationships in acting. Prerequisite: THEA 270 or consent of instructor.

THEA 276 Voice and Movement II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/276/>)

Further development of the interconnected vocal production and movement processes for the actor. Various exercised, conditioning, and training methods are used. Prerequisite: Enrollment limited to Theatre majors only.

THEA 300 Practicum III credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/300/>)

The objective of this course is for students to demonstrate an understanding of the principles of theatre design/technology/management, acting or theatre studies – and implement acquired skills and apply acquired knowledge in a hands-on, experiential learning setting progressing toward more independent work at a larger scope and scale. Students work on a live performance project in a lead position on a smaller scale production or as an assistant on a large or small scale production such as: Designer or Assistant Designer, Technical Director, Assistant Technical Director, Stage Manager, Assistant Stage Manager, Scenic Charge, Crafts Head, Stage Carpenter, Actor, Dramaturg or Assistant Dramaturg, Assistant Director etc. THEA 300 projects are assigned either faculty/professional advisor or faculty/professional mentor, depending on the nature and needs of the project and the individual learning objectives for the student. May be repeated to a maximum of 12 hours. Prerequisite: Enrollment limited to Theatre majors.

THEA 304 Global Theatre Performance credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/304/>)

Explores distinctive historical and contemporary theatrical events from performance sites primarily in Africa, Asia, and Latin America, as well as performance in diaspora. Investigating theatre and performance as forms of cultural production and public practice, the course will review a range of influential developments in global theatrical performance and interpretive practices. Using case studies for exploration, the course will focus on developing historical understanding through a variety of analytical lenses such as post-colonialism, transnationalism and adaptation, diaspora studies, etc. Prerequisite: THEA 208 or consent of instructor.

This course satisfies the General Education Criteria for:  
Advanced Composition

THEA 323 The Comic Imagination credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/323/>)

Same as CLCV 323 and CWL 322. See CLCV 323.

This course satisfies the General Education Criteria for:  
Advanced Composition  
Humanities - Lit Arts  
Cultural Studies - Western

THEA 359 Professional Stage Management credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/359/>)

In depth review of principles, techniques and practices related to professional stage management. Each semester will explore a different aspect of stage management and live performance through a series of readings, activities and class discussions. May be repeated to a maximum of 12 hours in separate semesters. Prerequisite: BFA Stage Management Majors Only.

THEA 360 History of Theatre I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/360/>)

History of the drama and theatre of ancient Greece and Rome, the Middle Ages, and the Italian and English Renaissance. Prerequisite: Junior standing or consent of instructor.

THEA 361 History of Theatre II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/361/>)

History of the drama and theatre of the Spanish Renaissance, seventeenth-century France, the English Restoration, the eighteenth and nineteenth centuries in Europe and America, and Asia. Prerequisite: THEA 360 or consent of instructor.

THEA 362 Chekhov credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/362/>)

Same as RUSS 325 and CWL 325. See RUSS 325.

THEA 364 Topics in Theatre History credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/364/>)

Survey of the methods for producing theatre history through a focus on a specific topic. Course will cover a broad range of time periods, styles and genres, geographic region organized around a central topic. Projects and papers will offer instruction in theatre history methods. May be repeated in the same term to a maximum of 6 hours, if topics vary and in separate terms to a maximum of 12 hours, if topics vary. Prerequisite: THEA 102, THEA 103.

THEA 371 Acting Studio I: Dynamics credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/THEA/371/>)

Development of movement and voice skills for actors. Enrollment limited to Theatre majors. Prerequisite: THEA 275, consent of chair of Acting Program, and concurrent registration in THEA 372, THEA 373, and THEA 374.

THEA 372 Acting Studio I: Voice credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/372/>)

Concentrated training in standard speech for the stage and the International Phonetic Alphabet. Enrollment limited to Theatre majors. Prerequisite: THEA 275, consent of chair of Acting Program, and concurrent registration in THEA 371, THEA 373, and THEA 374.

THEA 373 Acting Studio I: Movement credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/373/>)

Concentrated training in movement skills and mask characterization. Enrollment limited to Theatre majors. Prerequisite: THEA 275, consent of chair of Acting Program, and concurrent registration in THEA 371, THEA 372, and THEA 374.

THEA 374 Acting Studio I: Acting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/374/>)

Acting in realistic and naturalistic plays. A performance is given at the end of the term. Enrollment limited to Theatre majors. Prerequisite: THEA 275, consent of chair of Acting Program, and concurrent registration in THEA 371, THEA 372, and THEA 373.

THEA 375 Acting Studio II: Dynamics credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/THEA/375/>)

Continuing development of movement and voice skills for actors. Enrollment limited to Theatre majors. Prerequisite: THEA 371, THEA 372, THEA 373 and THEA 374, and concurrent registration in THEA 376, THEA 377 and THEA 378.

THEA 376 Acting Studio II: Voice credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/376/>)

Continued training in standard speech for the stage and the International Phonetic Alphabet. Enrollment limited to Theatre majors. Prerequisite: THEA 371, THEA 372, THEA 373, and THEA 374, and concurrent registration in THEA 375, THEA 377 and THEA 378.

THEA 377 Acting Studio II: Movement credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/377/>)

Concentrated training in movement for the stage, body alignment and awareness. Enrollment limited to Theatre majors. Prerequisite: THEA 371, THEA 372, THEA 373, and THEA 374; and concurrent registration in THEA 375, THEA 376 and THEA 378.

THEA 378 Acting Studio II: Acting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/378/>)

Development of acting skills for musical theatre including dance, singing, and the analysis of British and American musical theatre materials. A performance is given at the end of the term. Enrollment limited to Theatre majors. Prerequisite: THEA 371, THEA 372, THEA 373, and THEA 374, and concurrent registration in THEA 375, THEA 376 and THEA 377.

THEA 391 Individual Topics credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/391/>)

Individual projects and problems. Prerequisite: Consent of instructor.

THEA 392 Individual Topics credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/392/>)

Individual projects and problems. Prerequisite: Consent of instructor.

THEA 399 Undergraduate Group Seminar credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/399/>)

Group exploration of specialized topics. May be repeated in the same term to a maximum of 8 hours. May be repeated in subsequent terms to a maximum of 12 hours.

THEA 400 Practicum IV credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/400/>)

The objective of this course is for students to demonstrate an advanced understanding of the principles of theatre design, technology or management, implement acquired skills and apply acquired knowledge in a hands-on, experiential learning setting. Students work on a live performance project in a lead position such as: Scene Designer, Lighting Designer, Costume Designer, Technical Director, Assistant Technical Director, Production Stage Manager, Stage Manager, Assistant Stage Manager, Assistant Production Manager, Actor, Dramaturg or Assistant Dramaturg, Assistant Director etc. THEA 400 projects are assigned either faculty/professional advisor or faculty/professional mentor, depending on the nature and needs of the project and the individual learning objectives for the student. 1 to 3 undergraduate hours. 1 to 3 graduate hours. May be repeated to a maximum of 12 hours. Prerequisite: Enrollment limited to Theatre majors.

THEA 404 Professional Career Development credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/THEA/404/>)

This course is for senior BFA Theatre majors and is designed to prepare students to enter the professional world. Resumes, online presence, social media, website, agents/managers, unions, entertainment taxes, and other topics will be explored. 1 undergraduate hour. No graduate credit. Prerequisite: For senior BFA Theatre Majors only.

THEA 406 Opera/Dance Stage Management credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/406/>)

Explores the professional practice of opera and dance stage management including understanding producing models, rehearsal and performance practices, and management techniques. Emphasis on building skills to prepare opera and dance prompt-books and production paperwork. 3 undergraduate hours. 4 graduate hours. In the BFA Stage Management Curriculum, this course would replace 3 credits of THEA 409 Stage Management Workshop. Prerequisite: Stage Management Majors only unless approved by instructor.

THEA 407 Production Management credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/407/>)

Lecture and seminar course focusing on advanced topics of professional practice in operations and design, management and leadership, and collaborative process for theatre practitioners. Participants in this course will explore current trends in production management. Students will develop an understanding of the production manager role within an organization, the responsibilities of a production manager, and the tools of the production manager. Assignments are designed to enhance knowledge and develop skills. 2 undergraduate hours. 2 graduate hours. Prerequisite: Theatre majors only.

THEA 408 AEA Union Stage Management credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/408/>)

Exploration of the Actors' Equity Association LORT contract: practices and concerns. Emphasis on practical use an application of union contracts with particular focus on workplace rules and regulations. 3 undergraduate hours. 4 graduate hours. Prerequisite: THEA 451.

THEA 409 Stage Management Workshop credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/409/>)

Explores advanced topics in stage management focusing on practical applications of principles learned in earlier courses. Possible topics include: Touring Stage Management, Stage Managing Opera and Dance, and Production Management. 3 undergraduate hours. 4 graduate hours. May be repeated in the same or separate terms to a maximum of 6 undergraduate hours or 8 graduate hours as topics vary. Prerequisite: THEA 445 and THEA 446.

THEA 410 Dramaturgs Workshop credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/410/>)

Seminar course focusing on the role of the dramaturg in the collaborative process. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate hours and 12 graduate hours, if topics vary.

THEA 411 Playwrights' Workshop credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/411/>)

Advanced level seminar course focusing on the key elements of writing for the theatre, including character, structure and dialogue. Writers may focus on a draft of a one-act, full-length or series of ten-minute plays connected by a theme or a solo performance piece. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 6 undergraduate hours or 9 graduate hours. Prerequisite: THEA 211.

THEA 412 Directors Workshop credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/412/>)

Seminar course exploring the role of the director in the collaborative process. Course may be repeated as topics will vary. 3 undergraduate hours. 3 graduate hours. May be repeated to maximum of 6 undergraduate hours or 9 graduate hours. Prerequisite: THEA 212.

THEA 413 Advanced Costume Design credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/413/>)

An intermediate class designed for students who have a basic understanding of the principles of theatrical design. Students explore in more depth through lectures and focused projects components of costume design process, such as script and character analysis, concept development, research, sources of inspiration, psychology of clothing, rendering as a communication tool, fabric and texture, collaboration principles, and then implement this knowledge in a finished project of costume design for a play/movie and/or musical. 4 undergraduate hours. 4 graduate hours. Prerequisite: Restricted to BFA/MFA students only or consent of instructor.

THEA 414 Figure Drawing for Theatre Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/414/>)

Figure Drawing as a foundation for theatrical design is a somewhat different animal: we may not need to accurately render subtle nuances of the human figure to the extent required for portraiture, but it is imperative to explore and understand fundamental aspects of drawing such as anatomy, volume, proportion, value, negative/positive space, etc. In addition to these skills, students will develop an ability to describe design concept and intention more accurately and expressively. This course strengthens observational and drawing skills while encouraging freedom and experimentation, which are crucial to all design processes. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 9 undergraduate hours and 6 graduate hours in separate semesters. Prerequisite: Consent of instructor. For theatre majors only.

THEA 415 Scenic Design I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/415/>)

In-depth focus on the scenic design process exploring dramaturgy, research, collaboration, and deliverables. 3 undergraduate hours. 4 graduate hours. Prerequisite: For undergraduates, THEA 222 or permission of instructor.

THEA 416 Scenic Design II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/416/>)

Advanced problems in scene design for period and style plays and development of professional portfolio. 3 undergraduate hours. 4 graduate hours. May be repeated to a maximum of 6 undergraduate or 8 graduate hours, if topics vary. Prerequisite: THEA 415 or consent of instructor. Restricted to Theatre majors only.

THEA 417 Leading Post-Perform Dialog credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/417/>)

Study of the history, processes, and methods of leading discussions with social issues theatre audiences. Emphasis on the skills and techniques of facilitators/peer educators; artistic considerations; function and application of the dramaturg; and practical experience through facilitation of social issues theatre dialog. Same as GWS 417. 4 undergraduate hours. 4 graduate hours. Prerequisite: Junior standing or above or consent of instructor.

THEA 418 Devising Social Issues Theatre credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/418/>)

Focuses on the role of the artist as 'cultural worker' through devising theatre in a community-based context that is explicitly concerned with social and/or health-related issues. While there is substantial research, reading and critique involved, the overall experience will be that of rigorously composing theatrical work vital to the community. Same as GWS 418. 3 undergraduate hours. 4 graduate hours.

THEA 419 Theatrical CAD Drafting credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/419/>)

A functional, working knowledge of computer assisted design (CAD) is required for most advanced theatre technicians working in the field today. This course is a multilevel exploration into various CAD programs. Students will gain a basic familiarity with the capability of programs and how to apply gained knowledge to the creation of technical drawings used in the Entertainment Industry. 2 undergraduate hours. 2 graduate hours. May be repeated to a maximum of 4 undergraduate or graduate hours in the same semester and to 8 undergraduate hours in separate semesters. Prerequisite: THEA 126. Enrollment limited to Theatre majors or by consent of instructor.

THEA 420 Shop Practice credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/420/>)

This course is an exploration of techniques and tooling for wood and plastic fabrication. The course provides hands-on training to develop fabrication skills and problem solving abilities. A strong sense of craft, accuracy, and quality will be emphasized throughout this course. 4 undergraduate hours. 4 graduate hours. Prerequisite: THEA 126.

THEA 421 Welding for the Stage credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/421/>)

This course is an introduction and training in materials, techniques, and processes used in metalworking and MIG Welding. The course will provide both classroom and hands-on training and experience. This course is primarily project-based and will focus on developing metalworking and welding skill, but also provide the means to analyze and manage other metalworkers and their projects. 4 undergraduate hours. 4 graduate hours.

THEA 422 Structures for the Stage credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/422/>)

The incorporation of structural analysis into the technical design of theatrical scenery has become a necessary tool for every Technical Director. This course is a study of the foundational vocabulary, the mathematical equations, and the graphical representations that are used to assist in solving these design challenges. Knowledge of these foundational ideas will help students to make more informed and structurally sound technical designs. 3 undergraduate hours. 3 graduate hours. May be repeated to a maximum of 6 undergraduate hours in separate semesters. Prerequisite: THEA 126. Enrollment limited to Theatre majors or by consent of instructor.

THEA 423 Advanced Lighting Design credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/423/>)

A study of lighting design as it relates to color, intensity, distribution, and movement. Material covered includes: script analysis, scenic breakdowns, photometrics and lighting for live performance. 3 undergraduate hours. 4 graduate hours. Prerequisite: THEA 231.

THEA 424 Automation for the Stage credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/424/>)

The addition of automation to the Entertainment Industry was a major turning point in the capabilities of live theatre. This course begins the study of the equipment and processes commonly used to move scenery onstage. We will be covering the vocabulary, the typical components and machines used, safety requirements of using automation, and will involve hands-on practice in assembling and disassembling various scenic effects. The knowledge gained will build a foundation for students to identify and select appropriate equipment for use, and will aid in communicating automated-movement concepts and practice with artistic collaborators. 3 undergraduate hours. 3 graduate hours. Prerequisite: THEA 126. Enrollment limited to Theatre majors or by consent of instructor.

THEA 425 Advanced Scenographic Drafting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/425/>)

Advanced drafting techniques for scenic design, lighting design, and technical production. 3 undergraduate hours. 3 graduate hours. Prerequisite: THEA 225 or permission of the instructor. Restricted to Theatre majors only.

THEA 426 History of Decor credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/426/>)

Historical and comparative survey of designs, motifs, and forms of decor in the West. Emphasis on the relation between research and design for the stage. Enrollment limited to Theatre majors. 3 undergraduate hours. 3 graduate hours. May be repeated in separate terms to a max of 6 hours if topics vary.

THEA 427 Scenic Painting I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/427/>)

Techniques and practice of scenic painting; lab time required. 3 undergraduate hours. 3 graduate hours. Prerequisite: Consent of instructor.

THEA 428 Scenic Painting II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/428/>)

In this course, students will study and apply advanced materials, techniques, and skills of scenic painting. Over the semester, students will work to improve their own skills and techniques, with an emphasis on techniques, mediums, surfaces, and process. 3 undergraduate hours. 3 graduate hours. May be repeated in separate terms to a maximum of 3 hours if topics vary. Prerequisite: THEA 427.

THEA 429 Scenic Technology Topics credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/429/>)

The study of Scenic Technology includes assembling a toolkit that creates a broad and diverse skill set. This course provides the opportunity to delve into and explore a wide range of Scenic Technology topics while providing students the foundation needed to seek more advanced learning. 2 undergraduate hours. 2 graduate hours. May be repeated to a maximum of 4 hours in the same semester and a total of 16 hours in separate semesters, if topics vary. Prerequisite: Consent of instructor. Restricted to theatre majors only.

THEA 430 Technical Direction I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/430/>)

Introduces the students to various aspects of working on a production at Krannert Center and to the resources available to them. The remainder of the semester will focus on the foundations of theatrical technical design and the production process typical of a professional regional theatre. Students will put this knowledge to practical use by working through necessary steps for theoretical productions, from beginning to end during the second half of the semester. In addition, there will be discussions on topics related to the other duties and responsibilities of a Technical Director. 3 undergraduate hours. 3 graduate hours. Prerequisite: THEA 223 and THEA 419. Restricted to Theatre majors or by consent of instructor.

THEA 431 The Lighting Laboratory credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/431/>)

The investigation of lighting design theories through paper projects and practical experimentation in the lighting lab. 3 undergraduate hours. 4 graduate hours. Prerequisite: THEA 231, THEA 423, or graduate standing.

THEA 432 Lighting for Non-Theatrical Spaces and Styles credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/432/>)

A strong focus on lighting for architecture, landscape architecture, special events, theme parks, museums, concerts and site-specific venues. 3 undergraduate hours. 4 graduate hours. Prerequisite: THEA 231, THEA 423, THEA 431.

THEA 433 Business of Entertainment Design credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/433/>)

Practical approaches to working as a professional designer. Material covered includes: unions and union membership, contract negotiation and execution, how to get an agent, the difference between assistant and associate designers, urban survival, creating personal websites, touring, residencies, etc. 2 undergraduate hours. 2 graduate hours.

THEA 434 Advanced Lighting Seminar credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/THEA/434/>)

An open discussion of current shows and trends in the lighting industry including Skype interviews with business professionals. 1 undergraduate hour. 1 graduate hour. Prerequisite: Theatre Majors Only.

THEA 435 Professional Lighting Systems credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/435/>)

Practical study of state-of-the-art lighting technology for the theatre, using the facilities of the Krannert Center for the Performing Arts. In-depth study of lighting control systems and programming, instrument maintenance, special effects, and the role of the master electrician in production. 2 undergraduate hours. 2 graduate hours. May not be repeated for credit.

THEA 437 Software for Lighting Design credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/437/>)

Practical study of lighting design software currently used in the professional theatre and the entertainment industry. As technology evolves and new software developed, software programs will be added. Accommodating upgrades may necessitate offering the course every other year. 2 undergraduate hours. 2 graduate hours. May be repeated to a maximum of 4 hours. Prerequisite: THEA 231 and THEA 425.

THEA 438 Traditional Rendering Techniques credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/438/>)

Lecture and studio course focused on the basic skills of creating hand renderings of scenographic ideas for theatrical stage productions using traditional materials, tools, and techniques. The course will be divided into two parts: 1) Introduction to traditional rendering materials and techniques, and 2) Creation of technically and materially accurate final renderings based on scaled drawings. 3 undergraduate hours. 3 graduate hours. Prerequisite: THEA 125 is required for undergraduates.

THEA 441 Advanced Costume Construction credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/441/>)

Focuses on advanced costume construction and organizational practice. Students will learn to efficiently and expertly cut and construct garments and complex assembly processes according to theatrical standards. Students will also gain experience planning the execution of costume designs from rendering to reality, to enhance an understanding of appropriate scope and scale of designs. 4 undergraduate hours. 4 graduate hours. Prerequisite: THEA 242 is required for undergraduates. For MFA Costume Technology and MFA Costume Design majors. BFA Costume Design and Technology majors may be admitted with junior standing.

THEA 442 Introduction to Costume Patterning and Draping credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/442/>)

Methods of draping and drafting patterns for period theatrical costumes. 3 undergraduate hours. 4 graduate hours. Prerequisite: Consent of instructor.

THEA 443 Flat Pattern Drafting credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/443/>)

Building on Introduction to Costume Patterning, Flat Pattern Drafting is focuses on mathematical drafting systems and paper manipulation to achieve the desired garment shape. 4 undergraduate hours. 4 graduate hours. Prerequisite: THEA 442. Restricted to BFA/MFA students only or consent of instructor.

THEA 444 Costume Draping credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/444/>)

Development of patterns for theatrical costumes through advanced draping techniques. Extensive lab work culminating in draping and constructing. 4 undergraduate hours. 4 graduate hours. Prerequisite: THEA 442.

THEA 445 Costume History I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/445/>)

Surveys theatrical costume and fashion of major periods. The course emphasizes relationships between styles of art, dramaturgy, social milieu, and production design. 3 undergraduate hours. 3 graduate hours. Prerequisite: BFA/MFA Majors or consent of instructor.

THEA 446 Costume History II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/446/>)

Continuation of THEA 445 Costume History I. 3 undergraduate hours. 3 graduate hours. Prerequisite: BFA/MFA Students or approval of instructor.

THEA 447 Costume Rendering credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/447/>)

Studio course in costume rendering techniques: analysis of costume figure, rendering of fabrics, exploration of various rendering media. Enrollment limited to Theatre majors. 3 undergraduate hours. 4 graduate hours. Prerequisite: Consent of instructor.

THEA 448 Costume Crafts credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/448/>)

The research, rendering, and execution of armor, millinery, jewelry, and masks; dyeing with natural substances and with chemical dyes and the art of distressing clothing to achieve an aged, worn, tired or tattered look. Student is responsible for providing all materials used to complete the various projects. 3 undergraduate hours. 3 graduate hours.

THEA 449 Technology and Costume Crafts credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/449/>)

This is a mixed-level course for students who are exploring costume technology in depth. Modern technologies such as 3D printing, use of programmable LED lights, fiber optics, laser cutting, and other innovations are the new resources available to create cutting-edge costumes. During the course students will learn the theory and foundations of these technologies and their practical implementation. 4 undergraduate hours. 4 graduate hours. Prerequisite: Theatre majors only.

THEA 450 Management Seminar credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/THEA/450/>)

Addresses production and management issues surrounding Theater Department and KCPA productions. Guest speakers provide professional points of view on various management topics. 1 undergraduate hour. 1 graduate hour. May be repeated in separate terms to a maximum of 8 undergraduate or 6 graduate hours.

THEA 451 Principles of Stage Management credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/451/>)

Studies in the principles and the craft of stage management. Enrollment limited to Theatre majors. 3 undergraduate hours. 4 graduate hours. Prerequisite: Minimum of sophomore standing in a Theatre curriculum.

THEA 452 Principles of Arts Management credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/452/>)

Introduction to the basic practices of theatre and arts management with emphasis on facilities management, arts marketing, and financial planning in the performing arts. 3 undergraduate hours. 4 graduate hours. Prerequisite: Junior, senior or graduate standing.

THEA 453 Introduction to Theatre Sound credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/453/>)

Exploration of audio production techniques, software, and equipment as related to theatrical sound. Students will actively engage in recording, script analysis, sound effect creation, utilization of playback software and other audio equipment. 3 undergraduate hours. 3 graduate hours. Each graduate student is required to create 2 sound stories in addition to normal requirements of the course.

THEA 454 Sound Design I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/454/>)

Introduction to concepts of theatrical sound design and basic sound system design as applied to the modern theatre. 3 undergraduate hours. 3 graduate hours. Graduate students do an additional in-depth audio mixing project and an additional sound effects creative project. Prerequisite: Thea 351 Introduction to Digital Audio Workstations and THEA 453 Introduction to Theatre Sound.

THEA 455 Sound Design II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/455/>)

Rotating Topics Course: Multi-semester study of project-based advanced sound design concepts and techniques in audio recording. Projects focus on mixing and editing for music, theatre and film production, and utilization of current digital technology. 3 undergraduate hours. 3 graduate hours. May be repeated in separate terms to a maximum of 18 hours, as topics vary. Prerequisite: THEA 454 Sound Design I.

THEA 456 Properties Design credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/456/>)

Principles of stage property design, planning and management. 3 undergraduate hours. 3 graduate hours.

THEA 457 Model Making for the Stage credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/457/>)

Familiarizes students with diverse techniques, materials, and tools available to model makers, especially in theatre design. Focuses work on traditional craftsmanship of 1/4" scale and 1/2" scale models including sculpting, casting, and soldering. Also address issues of scale, texture, color, and specialty finishes. Open to all designers, artists, and technicians, including students in Museum Studies. Prior knowledge of studio art helpful but not required. 2 undergraduate hours. 2 graduate hours. Prerequisite: Contact instructor for approval.

THEA 458 Digital Rendering Techniques credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/458/>)

Introduce students to techniques for manipulating images and creating renderings using computer rendering and drafting programs. 3 undergraduate hours. 3 graduate hours. Prerequisite: THEA 125 or permission of instructor.

THEA 459 Sound Systems credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/459/>)

Project-based study of professional techniques in sound system applications and design for sound reinforcement in music, theatre, and architectural applications. 2 undergraduate hours. 2 graduate hours. May be repeated to a maximum of 6 hours. Prerequisite: THEA 453.

THEA 460 Multi-Ethnic Theatre credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/460/>)

Focuses on the history and aesthetics of African, Asian, African American, Asian American, Latino/Latina, and Native American plays and productions. 4 undergraduate hours. 4 graduate hours. Prerequisite: THEA 102.

THEA 461 Introduction to Media Design credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/461/>)

Lecture/Studio Course focused on the skill of creating programmed images for live performance of dance, theatre and music theatre. Students will acquire technical skills as well as be introduced to the relationship of projected images to text, performer, space and time. Lecture and classroom projects develop skills with digital technology, images and projections in live performance. 3 undergraduate hours. 4 graduate hours.

THEA 462 Advanced Media Design credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/462/>)

Lecture/Studio Course focused on the advanced tools and skills of creating programmed images for live performance of dance, theatre and music theatre. Students will acquire advanced technical skills as well as continue to explore to the relationship of projected images to text, performer, space and time. Lectures and projects develop advanced skills with digital technology, images and projections in live performance. 3 undergraduate hours. 4 graduate hours.

THEA 463 American Theatre History I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/463/>)

Survey of the development of American theatre as a cultural, social, political, and economic institution from the colonial era to 1900. 3 undergraduate hours. 4 graduate hours. Prerequisite: Junior, senior, or graduate standing.

THEA 464 American Theatre History II credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/464/>)  
Survey of the development of American theatre as a cultural, social, political, and economic institution from the late nineteenth century to the present. 3 undergraduate hours. 4 graduate hours. Prerequisite: Junior, senior or graduate standing.

THEA 465 Musical Theatre History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/465/>)  
History of the American musical in the twentieth century, studied through the contributions of major composers, lyricists, directors, and choreographers. 4 undergraduate hours. 4 graduate hours. Prerequisite: Junior standing or above, or consent of instructor.

THEA 467 Contemporary Theatrical Forms credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/467/>)  
Study of post-World War I theatre, including the New Stagecraft, expressionism, Brecht and epic theatre, theatre of the absurd, and later developments. 3 undergraduate hours. 4 graduate hours. Prerequisite: THEA 208, and junior, senior or graduate standing.

THEA 471 Acting Studio III: Dynamics credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/THEA/471/>)  
Continuing development of movement and voice skills for actors. Enrollment limited to Theatre majors. 1 undergraduate hour. No graduate credit. Prerequisite: THEA 375, THEA 376, THEA 377 and THEA 378, and concurrent registration in THEA 472, THEA 473 and THEA 474.

THEA 472 Acting Studio III: Voice credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/472/>)  
Advanced training in voice and speech for the stage with emphasis on classic texts. Enrollment limited to Theatre majors. 2 undergraduate hours. No graduate credit. Prerequisite: THEA 375, THEA 376, THEA 377 and THEA 378, and concurrent registration in THEA 471, THEA 473 and THEA 474.

THEA 473 Acting Studio III: Movement credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/473/>)  
Training in stage combat, sword, and rapier. Enrollment limited to Theatre majors. Additional fees may apply. See Class Schedule. 2 undergraduate hours. No graduate credit. Prerequisite: THEA 375, THEA 376, THEA 377 and THEA 378, and concurrent registration in THEA 471, THEA 472 and THEA 474.

THEA 474 Acting Studio III: Acting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/474/>)  
Acting in Shakespearean and other Elizabethan, Jacobean, and Caroline drama. A performance is given at the end of the term. Enrollment limited to Theatre majors. 3 undergraduate hours. No graduate credit. Prerequisite: THEA 375, THEA 376, THEA 377 and THEA 378, and concurrent enrollment in THEA 471, THEA 472 and THEA 473.

THEA 475 Acting Studio IV: Dynamics credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/THEA/475/>)  
Continuing development of movement and voice skills for actors. Enrollment limited to Theatre majors. 1 undergraduate hour. No graduate credit. Prerequisite: THEA 471, THEA 472, THEA 473 and THEA 474, and concurrent enrollment in THEA 476, THEA 477 and THEA 478.

THEA 476 Acting Studio IV: Voice credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/476/>)  
Advanced training in voice and speech for the stage with emphasis on dialects. Enrollment limited to Theatre majors. 2 undergraduate hours. No graduate credit. Prerequisite: THEA 471, THEA 472, THEA 473 and THEA 474, and concurrent enrollment in THEA 475, THEA 477 and THEA 478.

THEA 477 Acting Studio IV: Movement credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/477/>)  
Advanced training in unarmed stage combat and quarterstaff. Enrollment limited to Theatre majors. 2 undergraduate hours. No graduate credit. Prerequisite: THEA 471, THEA 472, THEA 473 and THEA 474, and concurrent enrollment in THEA 475, THEA 476 and THEA 478.

THEA 478 Acting Studio IV: Acting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/478/>)  
Studies in the techniques of acting for the camera and cold readings; analysis of distinguished film acting. Scenes are recorded in the television studio. Enrollment limited to Theatre majors. 3 undergraduate hours. No graduate credit. Prerequisite: THEA 471, THEA 472, THEA 473 and THEA 474, and concurrent enrollment in THEA 475, THEA 476 and THEA 477.

THEA 479 Preparation for Auditions credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/479/>)  
Each actor, through extensive research, prepares a portfolio of audition pieces for the opportunities imminent before and after graduation for resident companies, commercial productions, and film, or professional graduate schools. Enrollment limited to Theatre majors. 2 undergraduate hours. 2 graduate hours. Prerequisite: THEA 375, THEA 376, THEA 377, THEA 378.

THEA 480 Upholstery Techniques credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/480/>)  
This course is an introduction to the techniques, tools, and materials commonly used when upholstering furniture for the stage. Students will have the opportunity to learn a variety of skills and complete several sewing and upholstery samples, building basic upholstery skills into advanced techniques through class projects. All of these skills are paramount for anyone considering a career in the performing arts as a crafts person. 3 undergraduate hours. 4 graduate hours. Prerequisite: Students talking this class should have prior sewing experience and a familiarity with common soft craft tools such as a serger, sewing machine, foam cutter, and various glues and adhesives. For Theatre Majors only. Only MFA and upper level BFA Technical/Design Theatre Students may take this class.

THEA 481 Content Creation 1: Camera and Editing for Media Design credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/481/>)  
Lecture/Studio Course focused on creating original video content. There is special emphasis on producing media assets to be used as a part of live performance of dance, theatre and music theatre. Lecture and classwork projects develop skills in developing image ideas from text to storyboards to camera images to completed motion video. 3 undergraduate hours. 4 graduate hours.

THEA 482 Content Creation 2: Motion Graphics & VFX for Media Design credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/482/>)  
Lecture/Studio Course focused on creating motion graphics & video special effects content. There is special emphasis on producing media assets to be used as a part of live performance of dance, theatre and music theatre. Lecture and classwork projects are intended to explore and develop skills in preparing still images and animating them into motion video. 3 undergraduate hours. 4 graduate hours.

THEA 483 Modern Scandinavian Drama credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/483/>)  
Same as CWL 463 and SCAN 463. See SCAN 463.

THEA 485 Prop Furniture Construction credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/485/>)

This course explores the skills and tools commonly used for furniture construction. Students will learn a variety of fine woodworking techniques while constructing samples that will ultimately lead to a realized piece of furniture. In this advanced course of study, students will focus on joinery, the properties of finer lumber choices, programming the CNC for automated cutting assistance, the use of a wood lathe, and natural fiber upholstery techniques such as rushing and caning. 3 undergraduate hours. 4 graduate hours. Prerequisite: Students taking this class should have prior carpentry and woodworking experience and a familiarity with bench tools, hand tools, various glues, and common construction materials.

THEA 489 Leatherworking Techniques credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/489/>)

Leatherworking is a class designed to introduce students to the many tools and techniques involved in working with a variety of leathers, either for crafts or costumes. We will mainly focus on projects incorporating leather inlay and overlay, patterning, skiving, and using a roller-wheel presser foot. A class trip to a local leather merchant is also a required part of this course. 3 undergraduate hours. 3 graduate hours. Prerequisite: Restricted to Costume Technology and Properties Design & Management majors.

THEA 490 Professional Internship credit: 0 to 14 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/490/>)

Professional work with an approved host theatre or institution in an area related to the student's academic program; exposure to and participation in professional theatre. Full documentation and approval of internship activities required. 0 to 14 undergraduate hours. 0 to 12 graduate hours. Approved for S/U grading only. May be repeated in the same or subsequent terms, if topics vary. Prerequisite: Junior, senior, or graduate standing in Theatre; consent of Internship Coordinator.

THEA 491 Advanced CAD Drafting for Lighting Designers credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/491/>)

Advanced practical study of CAD drafting for lighting designers and technicians utilizing current industry software. 3 undergraduate hours. 4 graduate hours. Prerequisite: THEA 437.

THEA 492 Digital Rendering for Lighting credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/492/>)

An exploration of 3-D rendering techniques for live performance using software specific to the lighting industry. Teach skills necessary to create an artistic representation of a design and to imagine a production. 3 undergraduate hours. 4 graduate hours.

THEA 493 Lighting Opera & Musicals credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/493/>)

An advanced study of techniques used for lighting musicals and operas through paper projects and various lectures. 3 undergraduate hours. 4 graduate hours.

THEA 494 Advanced Problem Solving for Lighting Designers credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/494/>)

Practical projects to help lighting designers and technicians prepare for unforeseen problems that arise in professional situations when dealing with various lighting projects and gear. Topics addressed include storytelling, plot, practical lighting, and repertory. 3 undergraduate hours. 4 graduate hours.

THEA 495 Capstone Project credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/THEA/495/>)

This course is intended for students to demonstrate their proficiency, creativity, ability, and authority as a professional in their specific area of study. Students will implement the knowledge gained in courses taken and production to prove their understanding and skills in a culminating project. 1 undergraduate hour. No graduate credit. May be repeated to a maximum of 2 hours in separate terms. Prerequisite: Enrollment by permission of area chair.

THEA 496 Professional Exploration credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/THEA/496/>)

This course is intended to provide an opportunity for students to broaden their understanding of the entertainment field and network with working professionals. It will also serve to gain more experience in a specific area of expertise and receive certification in those areas making candidates more marketable and well positioned to enter the industry upon graduation. 1 undergraduate hour. No graduate credit. May be repeated in the same or separate semesters to a maximum of 2 hours, if topics vary. Prerequisite: Restricted to theatre majors with Junior or Senior standing only.

THEA 497 Audio Engineering I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/497/>)

Introduction to audio engineering and system design concepts through exploration of audio consoles, amplification, loudspeaker manufacturing and design. 3 undergraduate hours. 3 graduate hours. Prerequisite: THEA 153.

THEA 498 Audio Engineering II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/498/>)

Rotating Topics: Project-based study of professional techniques in sound system applications and design for sound reinforcement in music, theatre and architectural applications. 3 undergraduate hours. 3 graduate hours. May be repeated in separate semesters for up to 12 hours for undergraduate students and up to 18 hours for graduate students. Prerequisite: THEA 497: Audio Engineering I.

THEA 505 Proseminar in Theatre Practice credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/505/>)

Orientation to production activity at the Krannert Center for the Performing Arts, review of contemporary theatre practice in the United States, survey of methods in production research, and selected projects in theatre specialties. Prerequisite: Enrollment limited to Theatre majors.

THEA 519 Theatrical CAD Drafting II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/519/>)

Extensive knowledge of various drafting software programs is a valuable skill is becoming a more commonplace tool in Entertainment technical design and mechanics. Knowledge of the software available is a valuable asset to any student who wishes to pursue a career within the commercial side of the industry. This course will extend and enhance student skills and mastery of CAD techniques. 2 graduate hours. No professional credit. Prerequisite: THEA 419. Restricted to Theatre majors or by consent of instructor.

THEA 522 Structures for the Stage II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/522/>)

The incorporation of structural analysis into the technical design of theatrical scenery has become a necessary tool of every Technical Director. This course continues the study from THEA 422 Structures for the Stage I. More advanced vocabulary and mathematical equations are examined in depth. Topics such as complex structural steel design, structural aluminum design, plywood design, and truss design will be covered. 3 graduate hours. No professional credit. Prerequisite: THEA 422.

THEA 524 Automation for the Stage credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/524/>)

This course builds upon knowledge acquired in THEA 424 and applies it to practical applications when using automation onstage. The course incorporates problem-identification and solving skills in the student's work and various other scenarios to design proper theatrical machines as solutions. Hands-on lab work will also be included. 3 graduate hours. No professional credit. Prerequisite: THEA 424.

THEA 530 Technical Direction II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/530/>)

This course builds on the acquired knowledge from THEA 430. The course revolves around the discussion of advanced topics in Technical Direction. The students will examine more in-depth technical design problems and find solutions to the problems both individually and as a group. The students will also be able to apply the knowledge and skills acquired from other previous courses. 3 graduate hours. No professional credit. Prerequisite: THEA 430. Enrollment limited to Theatre majors.

THEA 550 Colloquium Design & Theat Tech credit: 4 or 8 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/550/>)

Projects in design for the theatre or in theatre technology, including stage scenery, costuming, lighting, makeup, projections, and sound and stage systems. May be repeated to a maximum of 32 hours. Prerequisite: Enrollment limited to graduate students in theatre design and technology.

THEA 559 Topics in Stage Management credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/559/>)

This course surveys advanced topics in stage management focusing on skill building and development for graduate students preparing to enter the professional world. Advanced stage management techniques are discussed with an eye to promoting innovation. Assignments are designed to provide a laboratory experience where students can apply critical thinking, scholarly research, experimentation, collaboration and writing skills relevant to real-world scenarios and often with practical outcomes or applications. 2 graduate hours. No professional credit. May be repeated to a maximum of 12 hours. Prerequisite: MFA Stage Management majors only.

THEA 560 Seminar in Theatre History credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/560/>)

Studies in the history of the theatre. May be repeated to a maximum of 16 hours. Prerequisite: Consent of instructor.

THEA 561 Seminar in Dramatic Literature credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/561/>)

Advanced studies of plays as dramatic literature in historical and theoretical contexts. Selection of plays may vary each semester. May be repeated in separate terms to a maximum of 16 graduate hours.

THEA 562 Seminar in Theatre Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/562/>)

Studies in theories of drama, theatre, and performance. Examination of major theorists in both theatre scholarship and critical theory. Emphasis placed on studies in methodology. Specific topics may vary. May be repeated in separate terms to a maximum of 16 hours.

THEA 564 Stud Theatre Hist 20th Century credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/564/>)

Examines selected movements and contributors to the theatre from the late nineteenth-century to the contemporary period. May be repeated to a maximum of 8 hours with approval. Prerequisite: Consent of instructor.

THEA 571 Colloquium in Acting: Dynamics credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/THEA/571/>)

Intensive professional training in voice and movement skills for the actor. May be repeated to a maximum of 6 hours. Prerequisite: Enrollment limited to graduate acting students; concurrent registration in THEA 572, THEA 573 and THEA 574.

THEA 572 Colloquium in Acting: Voice credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/572/>)

Intensive professional training in voice and speech for the actor. May be repeated to a maximum of 12 hours. Prerequisite: Enrollment limited to graduate acting students; concurrent registration in THEA 571, THEA 573 and THEA 574.

THEA 573 Colloquium in Acting: Movement credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/573/>)

Intensive professional training in movement and stage combat for the actor. Additional fees may apply. See Class Schedule. 2 graduate hours. No professional credit. May be repeated to a maximum of 12 hours. Prerequisite: Enrollment limited to graduate acting students; concurrent registration in THEA 571, THEA 572 and THEA 574.

THEA 574 Colloquium in Acting: Acting credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/574/>)

Intensive professional training in acting with a different focus each term on a particular style of dramatic literature. May be repeated to a maximum of 18 hours. Prerequisite: Enrollment limited to graduate acting students; concurrent registration in THEA 571, THEA 572 and THEA 573.

THEA 591 Special Problems credit: 0 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/591/>)

Individual research in selected topics by arrangement with the instructor. 0 to 8 graduate hours. No professional credit. Approved for Letter and S/U grading. May be repeated up to 72 hours if topics vary. Prerequisite: Consent of instructor.

THEA 595 Creative Project credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/595/>)

Open to MFA, MA, and PhD in Theatre 1 to 8 graduate hours. No professional credit. May be repeated up to 20 hours in the same term or 72 hours in separate terms, if topics vary. Prerequisite: Consent of instructor.

THEA 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/THEA/599/>)

Approved for S/U grading only. May be repeated. Prerequisite: Consent of instructor.

# THEORETICAL AND APPL MECHANICS (TAM)

TAM Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/TAM/>)

## Courses

TAM 195 Mechanics in the Modern World credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TAM/195/>)

Freshman introduction to engineering mechanics and its role in modern engineering analysis and design. Project activity.

TAM 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/199/>)

May be repeated.

TAM 201 Mechanics for Technol & Mgmt credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/201/>)

Engineering mechanics (statics, dynamics, solid mechanics, and fluid mechanics) and the role that mechanics plays in engineering analysis and design. For Technology and Management majors only.

TAM 210 Introduction to Statics credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/210/>)

Forces, moments, couples; resultants of force systems; equilibrium analysis and free-body diagrams; analysis of forces acting on members of trusses, frames, etc.; shear-force and bending-moment distributions; Coulomb friction; centroids and center of mass; applications of statics in design. Credit is not given for both TAM 210 and TAM 211. Prerequisite: PHYS 211; credit or concurrent registration in MATH 241.

TAM 211 Statics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/211/>)

Forces, moments, and couples; resultants of force systems; equilibrium analysis and free-body diagrams; analysis of forces acting on members of trusses, frames, etc.; shear-force and bending-moment distributions; Coulomb friction; centroids, center of mass, moment of inertia, polar moment of inertia, and product of inertia; virtual work; hydrostatic pressure; applications of statics in design. Credit is not given for both TAM 211 and TAM 210. Prerequisite: PHYS 211; credit or concurrent registration in MATH 241.

TAM 212 Introductory Dynamics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/212/>)

Kinematics and dynamics of the three-dimensional motion of particles; kinematics and dynamics of the plane motion of rigid bodies; methods of work energy and impulse momentum; moving reference frames. Prerequisite: TAM 210 or TAM 211.

TAM 251 Introductory Solid Mechanics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/251/>)

Relationship between internal stresses and deformations produced by external forces acting on deformable bodies, and design principles based on mechanics of solids: normal stresses, shear stresses, and deformations produced by tensile, compressive, torsional, and bending loading of members; beam deflections; elastic energy and impact; multi-dimensional stress states; buckling of columns. Prerequisite: TAM 210 or TAM 211.

TAM 252 Solid Mechanics Design credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TAM/252/>)

Design problems and projects intended to accompany TAM 251.

Prerequisite: Credit or concurrent registration in TAM 251.

TAM 270 Design for Manufacturability credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/270/>)

Same as ME 270. See ME 270.

TAM 297 Introductory Independent Study credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/297/>)

Independent study and/or individual projects related to engineering mechanics. Approved for Letter and S/U grading. May be repeated to a maximum of 6 credit hours for letter grade; no limit for S/U grade mode. Prerequisite: Consent of Instructor.

TAM 302 Engineering Design Principles credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/302/>)

Examples of mechanical design problems that occur in engineering practice and the procedures and issues involved in solving them; technical aspects and societal ramifications of the design process; intellectual property, ethics, and contemporary issues; probability and statistics; computational mechanics; case studies; student discussion of design-related issues at different levels; design project reports and presentations; student teams.

TAM 324 Behavior of Materials credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/324/>)

Same as CEE 300. See CEE 300.

TAM 335 Introductory Fluid Mechanics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/335/>)

Fluid statics; continuity, momentum, and energy principles via control volumes; ideal and real fluid flow; introduction to the Navier-Stokes equation; similitude; laminar and turbulent boundary layers; closed-conduit flow, open-channel flow, and turbomachinery. Credit is not given for both ME 310 and TAM 335. Prerequisite: TAM 212.

TAM 412 Intermediate Dynamics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/412/>)

Lagrangian mechanics of dynamical systems with an emphasis on vibrations; constraints and generalized coordinates; motion in accelerating frames; conservation laws and invariance of the Lagrangian; particle motion in one dimension, the two-body problem, and central-force motion; free and forced vibration of linearized single-degree-of-freedom and multi-degree-of-freedom discrete systems; weakly nonlinear vibrations; parametric resonance; introduction to Hamiltonian dynamics; rigid-body motions. 4 undergraduate hours. 4 graduate hours. Credit is not given for both TAM 412 and AE 352. Prerequisite: MATH 225 or MATH 415; MATH 285 or MATH 441; TAM 212.

TAM 413 Fund of Engrg Acoustics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/413/>)

Same as ECE 473. See ECE 473.

TAM 416 Introduction to Nonlinear Dynamics and Vibrations credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/416/>)

Single- and multi-degree-of-freedom oscillators; asymptotic methods; forced, internal and combination resonances; time-discrete dynamical systems (maps); complex dynamics; parametric vibrations and resonances; introduction to nonlinear localization and nonlinear targeted energy transfer; nonlinear vibrations of elastic continua; application in mechanics and engineering. Same as AE 452. 4 undergraduate hours. 4 graduate hours. Prerequisite: TAM 412, ME 340, or AE 352.

- TAM 424 Mechanics of Structural Metals credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/424/>)  
Micromechanisms at the atomic, single-crystal, and polycrystal levels and their use in explaining the deformation and failure characteristics of metals; elastic deformation, dislocation mechanics, plastic deformation and strengthening mechanisms, fracture mechanics and fracture mechanisms, fatigue, and creep; design criteria; special topics. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: CEE 300 or ME 330.
- TAM 427 Mechanics of Polymers credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/427/>)  
Mechanical behavior of amorphous and semi-crystalline polymers; overview of polymer structure, properties, and processing; polymer linear viscoelasticity using Boltzmann superposition and mechanical models; measurement of viscoelastic properties; polymeric yield phenomena; fracture and craze formation; impact and fatigue. Same as AE 427 and MSE 454. 3 undergraduate hours. 3 graduate hours. Prerequisite: CEE 300 or ME 330.
- TAM 428 Mechanics of Composites credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/428/>)  
Same as AE 428 and MSE 456. See MSE 456.
- TAM 435 Intermediate Fluid Mechanics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/435/>)  
Analytical solution methods for problems involving ideal and real fluids: potential flow theory, boundary-layer theory; surface waves, vortex dynamics, and compressible flows. 4 undergraduate hours. 4 graduate hours. Prerequisite: One of AE 312, ME 310, TAM 335.
- TAM 445 Continuum Mechanics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/445/>)  
Tensor algebra and analysis; kinematics of continua; mass, force, stress, and the general balance laws of continuum mechanics; introduction to constitutive equations. 4 undergraduate hours. 4 graduate hours. Prerequisite: TAM 251.
- TAM 451 Intermediate Solid Mechanics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/451/>)  
Analysis of stress and strain (definitions, transformation of axes, equilibrium equations, and symmetry of the stress tensor); linear materials, Hooke's law; strain energy, potential energy, energy principles and methods; two-dimensional problems in elasticity (torsion, axisymmetric problems); the finite-element method for two- and three-dimensional boundary-value problems in linear elasticity; plasticity (introduction, yield criteria, elastic-plastic behavior, and limit-load calculations); linear-elastic fracture mechanics (introduction, Griffith's approach, stress intensity factor, and energy release rate). 4 undergraduate hours. 4 graduate hours. Prerequisite: TAM 251.
- TAM 456 Experimental Stress Analysis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/456/>)  
Basic theories for measuring stresses and deformations in load-carrying engineering components; use of optical, electrical, and mechanical instrumentation; laboratory sessions on brittle coatings, electrical resistance strain gages, photoelasticity, and moire interferometry. 3 undergraduate hours. 3 graduate hours. Prerequisite: TAM 251.
- TAM 461 Cellular Biomechanics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/461/>)  
Mechanics of biological cells and tissues: cell structure; mechanics of biomembranes; the cytoskeleton and cortex; dynamic cell processes; cell motility and control of cell shape and proliferation; experimental approaches and theoretical models. Same as BIOE 461. 4 undergraduate hours. 4 graduate hours. Prerequisite: TAM 251.
- TAM 470 Computational Mechanics credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/470/>)  
Moderate computational mechanics: mappings and iterative methods; stability; convergence; consistency; numerical and symbolic solutions of ordinary and partial differential equations; finite-difference methods; the finite-element method; spectral methods. Applications to problems in solid mechanics, fluid mechanics, and dynamics. Same as CSE 450. 3 undergraduate hours. 3 or 4 graduate hours. Prerequisite: CS 101; MATH 285 OR MATH 286 OR MATH 441.
- TAM 497 Independent Study credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/497/>)  
Individual studies in any area of theoretical and applied mechanics. 1 to 3 undergraduate hours. No graduate credit. May be repeated to a maximum of 6 hours in separate terms as topics vary. Prerequisite: Consent of Instructor. Students with Junior or Senior standing.
- TAM 498 Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/498/>)  
Subject offerings of new and developing areas of knowledge in theoretical and applied mechanics intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. 1 to 4 undergraduate hours. 1 to 4 graduate hours. May be repeated in the same or separate terms if topics vary to a maximum of 9 undergraduate hours or 12 graduate hours.
- TAM 499 Senior Thesis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/499/>)  
Thesis investigation of special subjects in mechanics, including theoretical or experimental research. 3 undergraduate hours. No graduate credit. Prerequisite: Department and instructor approval required.
- TAM 500 Seminar credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TAM/500/>)  
Lectures and discussion on current topics in theoretical and applied mechanics. Approved for S/U grading only.
- TAM 514 Elastodynamics and Vibrations credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/514/>)  
Review of theory of multi-degree-of-freedom systems; problems in the free and forced vibration of continuous linear elastic structures, rods, beams, membranes, plates, and three-dimensional solid and fluid bodies; Lagrangian densities, Sturm-Liouville problems, time and frequency domains, damping, Green's functions, and elastic waves; propagation and modal analysis; modeling of damping in structures; response of complex structures. Same as AE 551. 4 graduate hours. No professional credit. Prerequisite: TAM 412, TAM 542, and TAM 551.
- TAM 516 Dynamical Systems Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/516/>)  
Same as AE 554. See AE 554.
- TAM 518 Wave Motion credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/518/>)  
Linear waves in one-dimensional homogeneous and inhomogeneous media (both solids and fluids), linear elastic waves in a homogeneous halfspace, scalar waves in a layer and in a layered halfspace, nonlinear diffusive waves, nonlinear dispersive waves, and the inverse scattering transform. Prerequisite: TAM 541 or MATH 556; one of TAM 514, TAM 531, TAM 551.

TAM 524 Micromechanics of Materials credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/524/>)

Advanced analysis of modern engineering materials with emphasis on relating microstructural phenomena to the mechanics of material behavior: prediction of elastic and thermal properties of materials with heterogeneous microstructure (such as composites), micromechanics of failure and damage, toughening mechanisms, mechanics of phase transformations; current topics in materials research (such as high-temperature response and ferroelasticity). Prerequisite: CEE 300 or ME 330; TAM 551.

TAM 529 Viscoelasticity Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/529/>)

Same as AE 529. See AE 529.

TAM 531 Inviscid Flow credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/531/>)

Dynamics of fluids in the limit of zero viscosity: governing equations of motion, kinematics, and vorticity transport; general theory of irrotational flow, including two-dimensional potential flow, the complex potential, and three-dimensional potential flow; applications to thin airfoil theory and free streamline theory; inviscid flows with vorticity; vortex dynamics; water wave theory; aspects of inviscid compressible flow. 4 graduate hours. No professional credit. Prerequisite: MATH 285 OR MATH 286 OR MATH 441; TAM 435.

TAM 532 Viscous Flow credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/532/>)

Dynamics of flow in which viscosity is significant or dominant, and the development and use of theoretical and numerical tools for practitioners of modern fluid mechanics; physics of viscous layers that arise in both high- and low-Reynolds-number flows; dimensional analysis, exact solutions to the Navier-Stokes equations; jets and wakes; microhydrodynamics; fluid stability; turbulence. Prerequisite: MATH 285 and TAM 435.

TAM 534 Non-Newtonian Fluid Mechanics & Rheology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/534/>)

Mechanics of complex fluids exhibiting non-Newtonian behavior including shear-thinning, viscoelasticity, extensional thickening, and thixotropy. Key ideas include rheological property measurement, tensorial constitutive models, flow calculations, and basic structure-property relations. Concepts apply to a diverse range of materials such as polymer solutions and melts, colloidal suspensions, gels, emulsions, foams, pastes, biomaterials, and other soft materials. This interdisciplinary material requires previous intermediate level coursework in at least one of the core areas of fluid mechanics, or solid mechanics, or polymer physics, or colloid physics. 4 graduate hours. No professional credit. Prerequisite: TAM 435 OR TAM 451 OR MSE 450 OR MSE 480.

TAM 536 Instability and Transition credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/536/>)

Stability of fluid motion: linearized flow equations and normal-mode analysis, Kelvin-Helmholtz instability, inviscid and viscous theory of parallel shear flow, Squire's and Rayleigh's inflection-point theorems, secondary instability theory; critical layers; boundary-layer stability; Orr-Sommerfeld equations, Tollmien-Schlichting waves; non-parallel theory, centrifugal instabilities, and Benard convection; nonlinear theory and transition to turbulence; bifurcations, Landau's theory; routes to chaos, strange attractors; transition modeling, prediction, and control; boundary-layer receptivity, experimental evidence. Prerequisite: TAM 532.

TAM 537 Experimental Fluid Mechanics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/537/>)

Methods and techniques for measurement and analysis of data used in experimental fluid mechanics: signal processing, electronics, and electro-optics; fluid mechanical properties; experimental signal processing; random data and signal analysis; analog and digital data processing; dynamic similarity, self-preservation; pressure measurement, thermal anemometry, and laser-Doppler velocimetry; flow visualization, particle-image velocimetry. Prerequisite: TAM 531 or TAM 532.

TAM 538 Turbulence credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/538/>)

Instability and origins of chaotic motion in fluid flow; Reynolds averaging and statistical description of turbulence, correlations and spectral dynamics of homogeneous turbulence, anisotropic flows, coherent structures, inhomogeneous turbulence, transport models, and large-eddy simulations. Prerequisite: TAM 532.

TAM 539 Fluid Mechanics Seminar credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/TAM/539/>)

Weekly seminar on current research topics in turbulent and other complex flows: theoretical modeling, numerical analysis, computational techniques, and experimental investigations. Approved for S/U grading only.

TAM 541 Mathematical Methods I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/541/>)

Vector and tensor algebra and complex-variable methods; ordinary differential equations, qualitative questions of existence and uniqueness; analytic solution methods, numerical methods, power-series solution and special functions; eigenvalue problems, Green's functions, Laplace transforms, stability of solutions; engineering applications drawn from mechanics. 4 graduate hours. No professional credit. Prerequisite: MATH 285 OR MATH 286 OR MATH 441; TAM 251.

TAM 542 Mathematical Methods II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/542/>)

Continuation of TAM 541. Modeling, inequalities, elements of functional analysis; partial differential equations, existence and uniqueness, second-order equations; hyperbolic conservation laws; numerical methods, eigenfunction expansions, integral transforms, and fundamental solutions; engineering applications drawn from mechanics. Prerequisite: TAM 541.

TAM 545 Advanced Continuum Mechanics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/545/>)

Unified treatment of modern continuum mechanics: mathematical preliminaries; review of kinematics and general balance laws; general theory of mechanical constitutive equations, including material constraints and material symmetry. Prerequisite: TAM 551.

TAM 549 Asymptotic Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/549/>)

Advanced methods of perturbation theory and asymptotic analysis, with examples drawn from classical dynamics, fluid mechanics, and wave propagation: asymptotics of integrals, singular perturbation theory (boundary layers, matched asymptotic expansions, and composite expansions), multiple scales, summation of series; special topics. Prerequisite: MATH 446 and TAM 541.

TAM 551 Solid Mechanics I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/551/>)  
Mechanics of elastic deformable bodies, based on the fundamental concepts of modern continuum mechanics: kinematics, balance laws, constitutive equations; classical small-deformation theory; formulation of initial boundary-value problems of linear elastodynamics and boundary-value problems of linear elastostatics; variational formulations, minimum principles; applications of theory to engineering problems. 4 graduate hours. No professional credit. Prerequisite: MATH 285 OR MATH 286 OR MATH 441.

TAM 552 Solid Mechanics II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/552/>)  
Continuation of TAM 551. Selected topics in linear elasticity (including St. Venant beam theory and plane problems of elastostatics), plasticity (including yield surfaces, von Mises and Tresca yield criteria, Drucker's stability postulate, J-flow theory, perfect plasticity, limit analysis, and slip-line theory), and fracture mechanics (including linear elastic analysis, fracture criteria for elastic brittle fracture, and elastic-plastic fracture). Prerequisite: TAM 551.

TAM 554 Plasticity credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/554/>)  
Phenomenological and mathematical formulation of the constitutive laws of plasticity; yield criteria and their experimental verification; plastic stress-strain relations and their associated flow rules; correspondence between rate-independent and rate-dependent plasticity; solutions to basic boundary-value problems, including plane problems and those involving cylindrical and spherical symmetries; variational and minimum principles; limit analysis; plane-strain problems and crystal plasticity; finite-strain theory. Prerequisite: TAM 552.

TAM 555 Fracture Mechanics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/555/>)  
Unified analytical treatment of modern fracture problems: macroscopic theories used to determine the static strength of bodies containing cracks; Griffith criterion, linear-elastic fracture mechanics, elastic-plastic fracture mechanics models; small-scale yielding results and their implications; general yielding; interfacial fracture; fracture control; micromechanisms of fracture. Prerequisite: TAM 424 or MSE 440; TAM 541; TAM 552.

TAM 557 Mechanics of Random Media credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/557/>)  
Methods to study mechanics of complex/random microstructures involving several scales: random geometry and stochastic processes and fields, including spatial point processes, mathematical morphology, geodesics, ergodicity, entropy; (non)stationary and (an)isotropic tensor random fields for fluids (turbulence) and solids (microstructures), representations and spectra; truss- and beam-lattices and corresponding (non-)classical continua for modeling crystals, cellular media (e.g. metallic foams), and granular matter; geometric and rigidity percolation; plasticity, fracture, slip statistics, and fractals in disordered media; scaling to Representative Volume Element (RVE) in conductivity, (non)linear elasticity, elasto-plasticity, flow in porous media, and coupled field phenomena; statistical continuum theories for problems without RVE (i.e., lacking separation of scales); stochastic finite elements; effects of microscale randomness on waves and wavefronts in (non)linear elastic/dissipative solid or fluid media; fractional calculus and mechanics of fractal media. Prerequisite: TAM 445 or TAM 551; MATH 362.

TAM 570 Computational Fluid Mechanics credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/570/>)  
Highly accurate and reliable techniques for large-scale numerical simulations of fluid flows: spectral numerical methods, including Fourier and other functional expansions, Galerkin and collocation projections, domain decompositions and the solution of partial differential equations, especially the Navier-Stokes equations; high-resolution methods for the solution of hyperbolic conservation laws with discontinuous solutions, and issues related to implementation on supercomputers. Same as CSE 560. Prerequisite: TAM 470 and TAM 542.

TAM 574 Adv Finite Element Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/574/>)  
Advanced theory and applications of the finite-element method, as needed for research in computational science and engineering: applications to mechanics of solids and fluids, thermal problems, etc.; variational foundations of the finite-element method, error estimates, and adaptive analysis; finite-element methods for parabolic and hyperbolic problems; mixed finite-element methods; applications to systems of equations. Same as CSE 517. Prerequisite: One of TAM 470, CEE 570, CS 555, ME 471.

TAM 597 Advanced Independent Study credit: 1 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/597/>)  
Analytical, experimental, or computational studies in one or more areas of theoretical and applied mechanics, including solid mechanics, behavior of materials, fluid mechanics, dynamics, applied mathematics, and computational science and engineering. May be repeated. (Summer session, 1 to 4 hours). Prerequisite: Consent of instructor.

TAM 598 Advanced Special Topics credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/598/>)  
Subject offerings of new and developing areas of knowledge in theoretical and applied mechanics intended to augment the existing curriculum. See Class Schedule or departmental course information for topics and prerequisites. May be repeated in the same or separate terms if topics vary to a maximum of 12 hours.

TAM 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/TAM/599/>)  
Approved for S/U grading only. May be repeated.

# TRANSLATION STUDIES (TRST)

TRST Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/TRST/>)

## Courses

TRST 201 Intro to Translation Studies credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/201/>)

Introduction to translation as an academic discipline and professional field through a series of texts in translation. Explores the ways in which texts, images, and ideas move across cultures, across time, across languages, and through different art forms; to elevate the students' appreciation of literature and other art forms; and get acquainted with the complexities of a work of art as a cultural manifestation and with the ways in which various artists, writers and translators have attempted to recreate these complexities in other languages and cultures. Prerequisite: Students must have met the University of Illinois foreign language requirement.

This course satisfies the General Education Criteria for:  
Humanities - Lit Arts

TRST 403 German-English Translation: Theory & Practice credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/403/>)  
Same as GER 403. See GER 403.

TRST 405 Commercial & Technical Trans credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/405/>)  
Theoretical and practical aspects of commercial and technical translation resulting in a portfolio of business and technical documents relating to a fictional business. 3 undergraduate hours. 4 graduate hours. Prerequisite: Departmental approval. Six semesters of foreign language study.

TRST 406 Translation for Professions credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/406/>)  
Develop the practice of "instrumental" translation skills in a variety of technical domains, including translation for new media, medical and legal translation, and localization. Focuses on the technical, cultural and terminological problems that characterize localization and globalization as governing criteria of translation in today's knowledge economy. 3 undergraduate hours. 4 graduate hours. Prerequisite: Departmental approval. Six semesters of foreign language study.

TRST 407 Terminology credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/407/>)  
Provides a foundation in terminology management theory and practice. Key principles, including concept orientation, term autonomy, data granularity, and interchange standards are emphasized. Practical skills learned include performing term extraction, creating a terminology database (termbase), using the termbase as an aid when translating a text, and developing interpreter-oriented formats. Requires access to a computer running Windows. Prerequisite: Six semesters of study of a non-English language or equivalent competence. 3 undergraduate hours. 4 graduate hours. Prerequisite: Six semesters of study of a non-English language or equivalent competence.

TRST 410 Translation and Interpreting Theory & Practice credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/410/>)  
Study of the theory and methods of translation and interpreting. Emphasis is on contemporary theoretical trends in the translation and interpreting fields, and practical application of theoretical models. 3 undergraduate hours. 4 graduate hours. Prerequisite: Departmental approval.

TRST 412 Spanish/English Translation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/412/>)  
Same as SPAN 410. See SPAN 410.

TRST 413 Arabic-English Translation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/413/>)  
Same as ARAB 413. See ARAB 413.

TRST 415 Machine Translation: History and Applications credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/415/>)  
Explores the 60-year history of using computers to translate human languages, from the 1954 Georgetown experiment to the present. Explores the dominant symbolic and statistical paradigms that have defined machine translation, and the positive and negative dynamics that human translators have experienced when interacting with machine translation systems. Provides hands-on experience with machine translation today. Same as LING 415. 3 undergraduate hours. 4 graduate hours.

TRST 419 Techniques in Translation I credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/419/>)  
Same as FR 419. See FR 419.

TRST 430 Chinese Poetry and Translation credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/430/>)  
Same as EALC 425. See EALC 425.

TRST 431 History of Translation credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/431/>)  
Same as CLCV 430, CWL 430, ENGL 486, GER 405, SLAV 430, and SPAN 436. See SLAV 430.

TRST 432 Audio Visual Translation Studies credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/432/>)  
Examination of how subtitles are produced, how multimodal translation works, the growing discipline of audiovisual translation, as well as hands-on training in subtitling. Students will review the history of audiovisual translation, practice using subtitling software, and produce their own subtitles for segments of films they select. Students may work from any other language into English. Access to a PC computer strongly encouraged. 3 undergraduate hours. 4 graduate hours. Prerequisite: Six semesters of foreign language study at the college level, or equivalent competence.

TRST 440 Translation Studies Capstone credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/440/>)  
Capstone project in translation done under the supervision of a mentor or instructor in a specialized area of translation according to the student's area of interest and language pair. Possible specializations include literary, technical, commercial, legal, medical, or translation for new media. The student may combine the project with an internship or apprenticeship in an appropriate organization, such as a health center, courthouse, international corporation, government or non-governmental agency, or a publishing house. Students must complete a contract with the instructor or mentor prior to initiating the project and meet with the advisor weekly. 3 undergraduate hours. 4 graduate hours. Prerequisite: TRST 407 and TRST 410. Six semesters of foreign language study.

TRST 500 Translation and Interpretation: Reflective Practice credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/500/>)  
Exploration of the ethical and epistemological dimensions of translation and interpreting. Through discussion of primary texts and case studies, this course aims to take students beyond codified codes of professional ethics to discover the intellectual traditions (e.g., hermeneutics and philosophy of language, critical social theory, virtue ethics, etc.) that frame reflective practice. Topics include the nature of language, dialogue across difference, and the crafting of a personally fulfilling and morally responsive life of practice. 4 graduate hours. No professional credit. Prerequisite: TRST 410 or consent of instructor.

TRST 501 Applied Literary Translation I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/501/>)  
Focuses on both the theory and the practice of literary translation, as well as the business aspect of how to negotiate a translation proposal through the US publishing market. Students will produce a completed translation of a short story or a selection of poems. Same as CWL 511, EALC 511, GER 511, and SLAV 501. 4 graduate hours. No professional credit.

TRST 502 Applied Literary Translation II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/502/>)  
Focuses on the practice and strategies of literary translation through the study of what prominent and successful translators have written about their own experience and through comparative analysis of prize-winning translations. Students will be exposed to reader response theory and the role of the translator as cultural agent while learning how to produce paratext for their translations (prefaces, notes, etc.) and developing skills in translation, editing, grant-writing, and participation in professional associations. Same as CWL 512, EALC 512, GER 512, and SLAV 502. 4 graduate hours. No professional credit. Prerequisite: TRST 501 or consent of unit.

TRST 503 Computer-Assisted Translation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/503/>)  
A foundation course in the history, technical underpinnings and functionality of computer-assisted translation (CAT), a central component of the translation industry. Students work with several CAT tools, including SDL Trados Studio, the recognized industry standard. Students learn the functions and features of CAT including Project set-up, Translation Memory, Termbase, Alignment, File filters, Quality Assurance, Reports, Review files, Machine Translation, and Autosuggest dictionaries. Certification in SDL Trados Studio and memoQ is optional. All students require a computer running Windows, with administrator access for installing software. For campus students, this should be a laptop that can be brought to class. 4 graduate hours. No professional credit.

TRST 508 Localization credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/508/>)  
Combines theories of localization with hands-on activities using a range of computer-assisted translation (CAT) and localization tools. Students explore and reflect on the issues that translators face when adapting content from one language and culture to another. Students also learn state-of-the-art tools and techniques for localizing software, mobile apps, SEO keywords, and web sites. Markup languages, localization project management, and standards for the language industry are also introduced. 4 graduate hours. No professional credit. Prerequisite: TRST 503. Students must be enrolled in the MA in Translation and Interpreting or in the program in Translation Studies (certificate or planned minor).

TRST 540 Translation Capstone credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/540/>)  
Graduate level capstone project in translation done under the supervision of a mentor or instructor in a specialized area of translation according to the student's area of interest and language pair. The possible specializations include literary, technical, commercial, legal, medical, or translation for film and new media. The student may combine the project with an internship or apprenticeship in an appropriate organization, such as a health center, courthouse, international corporation, governmental or non-governmental organization, or a publishing house. Students must complete a contract with the instructor or mentor prior to initiating the project and must meet weekly with the advisor. Prerequisites: TRST 407, 410, and 500. Students must be in the final stages of their graduate work in translation studies.

TRST 541 Community Interpreting credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/541/>)  
Introduction to community interpreting and its main theoretical concepts, including what is interpreting, interpreting as process, and what is community interpreting. The major areas of community interpreting will be introduced, including interpreting in the medical and legal contexts. The interpreter code of ethics and ethical dilemmas of the interpreter will be introduced and analyzed. Prerequisite: Admission to the MA program in Translation and Interpreting or consent of instructor. 4 graduate hours. No professional credit. Prerequisite: Admission to the MA in Translation and Interpreting or instructor's permission.

TRST 542 Conference Interpreting credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/542/>)  
Introduction to conference interpreting and its main theoretical concepts, including what is interpreting, interpreting as process, and what is conference interpreting. Core skills will be introduced and practiced, such as understanding the spoken language and language analysis techniques, acquisition of subject matter knowledge, terminology management, verbal expression skills, interpreting in practice, and mastery of the technology of the interpreter booth. Interpreting practice in the students' language pairs will be a part of the course. Prerequisite: Admission to the MA program in Translation and Interpreting or consent of instructor. 4 graduate hours. No professional credit. Prerequisite: Admission to the MA in Translation and Interpreting or instructor's permission.

TRST 580 Special Topics in Translation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TRST/580/>)  
Covers topics of special interests to rising professional translators in the three areas of specialization of the MA in Translation and Interpreting: Applied Literary Translation, Translation for the Professions and Interpreting. Examples of topics may include: Translation for Government, Literary Translation, Translation and Digital Humanities. May be repeated in separate terms for a maximum of 8 hours.

# TURKISH (TURK)

TURK Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/TURK/>)

## Courses

TURK 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/TURK/199/>)

Approved for letter and S/U grading. May be repeated in separate terms to a maximum of 10 hours.

TURK 201 Elementary Turkish I credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/TURK/201/>)

Mastery of Turkish alphabet and phonetics; elementary formal grammar and the development of reading and writing skills; and conversation in the formal noncolloquial style. Participation in the laboratory is required.

TURK 202 Elementary Turkish II credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/TURK/202/>)

Continuation of TURK 201, with introduction of more advanced grammar; emphasis on more fluency in speaking, reading, and writing simple sentences in standard Turkish. Participation in the language laboratory required. Prerequisite: TURK 201 or equivalent.

TURK 270 Language and Culture in Turkey credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TURK/270/>)

As a country located at the crossroads of Asia, Europe and Africa, Turkey has always been under the spotlight. In this course, we will study the dynamic relationship between language and culture in Ottoman and modern Turkey through a timely analysis of its transition from a long-lasting empire to a young "secular" nation-state. We will examine the complexities of Turkish modernity from a holistic perspective to better comprehend how central Asian and Middle Eastern cultural influences, continuities, and transformations gave birth to modern Turkish language. The course should help you not only in developing an understanding of the Turkish language within a cultural framework, but also in gaining insight into Turkey's history, politics, literature, and media. No former knowledge of Turkey or the Turkish language is required. Same as ANTH 272, GLBL 272, and SAME 272.

This course satisfies the General Education Criteria for:  
Cultural Studies - Non-West

TURK 403 Intermediate Turkish I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TURK/403/>)

Continuation of TURK 202; emphasis on the development of appropriate reading, writing, speaking, and comprehension skills in Standard and Colloquial Turkish, with increased attention to ordinary written texts. 4 undergraduate hours. 4 graduate hours. Prerequisite: TURK 202 or equivalent.

TURK 404 Intermediate Turkish II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/TURK/404/>)

Continuation of TURK 403; emphasis on the development of better receptive and productive language skills in Standard and Colloquial Turkish, with increased attention to both written and spoken texts. 4 undergraduate hours. 4 graduate hours. Prerequisite: TURK 403 or equivalent.

TURK 405 Advanced Turkish I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TURK/405/>)

Third-year Turkish with emphasis on conversational fluency and on increased ability in reading and comprehending texts, including newspaper prose and Turkish cultural materials. Course will also deal with the advanced level grammar found in such texts. 3 undergraduate hours. 3 graduate hours. Prerequisite: TURK 404 or equivalent.

TURK 406 Advanced Turkish II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/TURK/406/>)

Continuation of TURK 405 with increased emphasis on conversational fluency and comprehension of advanced level grammar in the reading of a variety of prose texts on current cultural issues. 3 undergraduate hours. 3 graduate hours. Prerequisite: TURK 405 or equivalent.

TURK 490 Special Topics in Turkish credit: 2 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/TURK/490/>)

Provides an opportunity to focus on various aspects of Turkish language, culture, and society. 2 to 4 undergraduate hours. 2 to 4 graduate hours. Approved for letter and S/U grading. May be repeated in separate terms.

# UKRAINIAN (UKR)

---

UKR Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/UKR/>)

## Courses

UKR 101 Basic Ukrainian I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UKR/101/>)

Oral and written work on basic pronunciation, grammar, and vocabulary. For students with no previous study of Ukrainian.

UKR 102 Basic Ukrainian II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UKR/102/>)

Continuation of UKR 101. Prerequisite: UKR 101 or equivalent proficiency.

UKR 113 Ukrainian Culture credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UKR/113/>)

Course situates Ukrainian culture in the broad context of Slavic nations. Acquaints students with Ukrainian culture from the origins of Kievan Rus' in the Middle Ages to the present. Includes highlights of historical-cultural events, an overview of literature and of the arts, as well as an outline of Ukrainian folklore. No knowledge of Ukrainian required.

This course satisfies the General Education Criteria for:

Humanities - Lit Arts

Cultural Studies - Western

UKR 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/UKR/199/>)

May be repeated.

UKR 201 Second-Year Ukrainian I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UKR/201/>)

Completion of grammar, oral drills, and written exercises. Prerequisite: UKR 102 or equivalent.

UKR 202 Second-Year Ukrainian II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UKR/202/>)

Selected readings in contemporary Ukrainian literature. Prerequisite: UKR 201 or equivalent.

UKR 218 Survey of Ukrainian Literature credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UKR/218/>)

Critical survey of major works in Ukrainian literature from the beginnings to the modern period in light of their historical and cultural background; lectures and readings in English. Same as CWL 218.

UKR 498 Problems in Ukrainian Lit credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/UKR/498/>)

Critical survey of major works in Ukrainian literature from the beginnings to the modern period in light of their historical and cultural background; lectures and readings in English. 3 undergraduate hours. 3 or 4 graduate hours.

# URBAN AND REGIONAL PLANNING (UP)

UP Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/UP/>)

## Courses

UP 101 Introduction to City Planning credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/101/>)

Provides an introduction to urban and regional planning by examining the history of American urbanization, the evolution of American planning thought and practice, and contemporary issues and planning approaches.

UP 116 Urban Informatics I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/116/>)

Introduces students to basic analytical techniques used to better understand how cities work. Topics include the foundational statistical concepts of data, variation, and inference. Students formulate a research question about an urban studies or planning issue, collect data, use statistical software to analyze data, and communicate the findings.

This course satisfies the General Education Criteria for: Quantitative Reasoning I

UP 136 Urban Sustainability credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/136/>)

Provides students with a basic understanding of how to make cities more sustainable by connecting how and where we live to environmental issues. Emphasis on green infrastructure and urban systems, vulnerability and resilience, green design and construction methods, energy production and consumption, and water conservation.

This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci

UP 160 Race, Social Justice, and Cities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/160/>)

Study of the history and politics of American cities as sites of everyday struggles against systemic racialized exclusions rooted in patterns of residential segregation. Frame everyday racial encounters as surface symptoms of submerged and systematic forms of racism rooted in centuries of genocide, land theft, racial slavery and decades of Jim Crow segregation and neoliberal exclusions. Explore everyday racial conflicts in selected cities as expressions of historical struggles for social and spatial justice, across multiple scales. Focus on the governance of routine social practices ranging from policing, to education, to gentrification and memorialization in public places. Final student projects will focus on social struggles against systemic and everyday racisms in a self-selected city of their choice. Credit is not given for UP 160 if UP 199 section - "Race," Social Justice and the City has been taken.

This course satisfies the General Education Criteria for: Cultural Studies - US Minority

UP 185 Cities in a Global Perspective credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/185/>)

Introduction to the process of urbanization from a global perspective by exploring the social, political, cultural and economic forces that shape urban life. Students will learn to analyze urban development in a range of cities including those in the Middle East and South Asia, Latin America and Africa.

This course satisfies the General Education Criteria for: Cultural Studies - Non-West  
Social Beh Sci - Soc Sci

UP 199 Undergraduate Open Seminar credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/UP/199/>)

May be repeated.

UP 201 Planning in Action credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/201/>)

Introduces students to different career paths open to urban studies and planning majors. Students interact with professionals and take part in hands-on activities related to different concentration areas: sustainability, policy & planning, social justice and global cities.

UP 203 Cities: Planning & Urban Life credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/203/>)

Provides a broad introduction to social science theories and analysis methods to examine how people, communities, and governments plan a city. Draws upon theories and methods of several social science disciplines including economics, geography, political science, anthropology and sociology. Includes hands-on application of fundamental analysis techniques. Credit is not given for both UP 203 and UP 204. Prerequisite: UP 101.

UP 204 Chicago: Planning & Urban Life credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/204/>)

Provides a broad introduction to social science theories and analysis methods, and uses the City of Chicago as a semester-long case study to examine how people, communities, and governments plan a city. Draws upon theories and methods of several social science disciplines including economics, geography, political science, anthropology, and sociology. Balances themes and concepts from the assigned readings with discussion of Chicago-specific case studies and hands-on application of fundamental analysis techniques. Credit is not given for both UP 204 and UP 203. Prerequisite: UP 101.

UP 205 Ecology & Environmental Sustainability credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/205/>)

Basic ecological principles underlying environmental sustainability. Examination of problems that arise from inadequate consideration of structure and function of ecological systems, and approaches to ecological restoration and environmentally sound planning. Applications of principles to case studies drawn from urban planning, natural resource management and sustainable development.

This course satisfies the General Education Criteria for: Nat Sci Tech - Life Sciences

UP 210 Environmental Economics credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/210/>)

Same as ACE 210, ECON 210, ENVS 210, and NRES 210. See ACE 210. This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci

UP 211 Local Planning, Gov't and Law credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/211/>)

Provides students with a basic understanding of the governmental structure, legal aspects, and practice of local municipal planning, with special emphasis on case law, constitutional principles, zoning, subdivision regulations and comprehensive planning. Gives an introduction for students interested in pursuing more advanced studies in land use law and local government planning.

- UP 246 International Environmental Planning and Governance credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/246/>) Examines the environmental pressures affecting and created by cities and urbanization in the global South. Students will learn about the historical and contemporary drivers of environmental change and the potential implications of new planning approaches to current and future environmental challenges. Activities include interactive class discussions, small group exercises, and a team-based project in which students design collaborative planning interventions to address specific environmental issues in an international city of their choice. Credit will not be given for UP 246 if credit was given for UP 199-SK in Fall 2019.
- UP 260 Social Inequality and Planning credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/260/>) How are inequalities produced and contested in an urban environment? This course examines this question by analyzing how the urban landscape shapes and is shaped by race, class, and gender inequalities. Uses comparative cases to explore successful intervention, both from formal and informal, across multiple scales from the local to the global. This course satisfies the General Education Criteria for: Social Beh Sci - Soc Sci
- UP 301 Capstone Preparation credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/UP/301/>) Students work with capstone advisor to develop a plan to meet the capstone experience requirement. Students submit a proposal at the end of the semester. Approved for S/U grading only. Prerequisite: Junior standing.
- UP 312 Communication for Planners credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/312/>) Integrates written, verbal, and graphic communication techniques into planning and analysis. Activities simulate professional situations where students develop skills and pieces of broader arguments and synthesize them into final products. Prerequisite: Completion of campus Composition I general education requirement. This course satisfies the General Education Criteria for: Advanced Composition
- UP 316 Urban Informatics II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/316/>) Provides an introduction to formal methods for collecting and analyzing data required in various planning processes. Methods include survey research, regional demographic and economic analysis, forecasting techniques, benefit-cost analysis, and decision analysis. Prerequisite: UP 116 or an introductory statistics course. This course satisfies the General Education Criteria for: Quantitative Reasoning II
- UP 330 The Modern American City credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/330/>) The Modern American City investigates the changing social and economic composition of cities, and the changing status of cities in U.S. society. The course focuses on the propulsive role race plays in three separate periods: The post-war period of African-American migration from the South and white flight, the post-1990 revival of cities and the amplification of their social inequalities, and the current period of pro-equity politics interracial coalitions of voters and organizers. Each course section explicitly considers the role that racial difference and other forms of difference play in first creating and second responding to the inequalities that characterize U.S. cities and society. This course satisfies the General Education Criteria for: Cultural Studies - US Minority
- UP 335 Cities and Immigrants credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/335/>) Focuses on the experiences of United States cities and towns undergoing rapid demographic economic, social, and cultural changes and the local responses to those changes, including local policy making, land-use regulations, community controversy, and grassroots activism. Same as SOCW 335.
- UP 340 Planning for Healthy Cities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/340/>) Explores the evolving role of health in urban planning. Historical and current theories on the relationship between public health and the built environment are highlighted, as are prescriptions for healthy urban design. Community health planning, health disparities, and the needs of special populations in the city are also examined, along with some of the major policy issues affecting urban health care today.
- UP 345 Economic Development Planning credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/345/>) Public-private-partnerships in urban economic development, including study of potentials, problems, and projects; financing urban economic development through federal grant programs, tax increment financing, and other means.
- UP 347 Junior Planning Workshop credit: 6 Hours. (<https://courses.illinois.edu/schedule/terms/UP/347/>) Introduction to planning practice, with an emphasis on physical planning skills. Includes field observation, spatial data analysis, professional communication, and design. Prerequisite: UP 205, UP 312, UP 260 and UP 316.
- UP 357 The Land Development Process credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/357/>) The planning practice requires an understanding of the land development process. In this course students will learn about the decision process used for land development and the technical skills required for reading site plans. The course provides the essential skills necessary in the field of public-sector planning. Developers are required to make key determinations in the decision process for developing land. Planners are required to understand these decisions and they must possess the ability to interpret proposed site plans for development. This includes an understanding of existing conditions of land proposed for development and the impact of new development on the site and surrounding areas. This course contains three primary components in teaching an understanding of the land development process. They are: Understanding Market Decision for Developing Land; Reading Site Plans; and Assembling a Development Plan. Credit is not given for UP 357 if credit for UP 347 has already been given. Prerequisite: UP 312-Communication for Planners is highly recommended or basic familiarity with InDesign, Illustrator, and SketchUp.
- UP 390 Planning Internship credit: 0 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/390/>) Professionally supervised field experience in public and private planning or development agencies. Designed to introduce students to professional employment and actual planning practice. Students work in an agency of their own choice, subject to departmental approval, either during the summer session or part-time during a regular term. At least two weeks of full-time employment or its equivalent is required for each term hour of credit to a maximum of 4 hours. Summary reports are submitted by both employer and student. Approved for S/U grading only. May be repeated. Counts toward the Capstone Experience Requirement. Prerequisite: Upper division undergraduate standing in urban planning.

UP 397 Undergraduate Project credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/397/>)

Special projects and applied research related to real world urban problems and professional practice. One credit hour requires approximately 80 hours of work. May be repeated up to 3 hours. Counts toward the Capstone Experience Requirement. Prerequisite: Upper division standing in Urban Planning and consent of Capstone advisor.

UP 401 Undergraduate Capstone Seminar credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/UP/401/>)

Seminar for peer discussion about the capstone experience and required capstone experience presentation. Students will attend lectures and workshops about career opportunities, resume writing, interviewing, and networking. Meets on a monthly basis. 1 undergraduate hour. No graduate credit. Approved for S/U grading only. May be repeated in separate terms up to 2 hours. Prerequisite: Senior standing.

UP 405 Watershed Ecology and Planning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/405/>)

Uses the watershed as the basic organizing concept in environmental planning and management; methods for assessing watershed boundaries, soils, land use, and groundwater system processes and developing plans for watershed protection. Emphasizes ecological implications of patterns of land use on functional and qualitative aspects of watershed systems. All-day field trip required. 4 undergraduate hours. 4 graduate hours. Prerequisite: Should have a previous course in environmental science.

UP 406 Urban Ecology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/406/>)

Examines cities as natural systems, combining ecological analyses with historical, anthropological, and sociological studies of urban nature. Addresses ecological sustainability, growth management, biodiversity, restoration, and environmental justice. Required field trip. Same as ENV 406. 4 undergraduate hours. 4 graduate hours.

UP 407 State and Local Public Finance credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/407/>)

Provides students with an understanding of the fundamental concepts of fiscal planning at the state and local levels of government. Addresses both the theory and methods of state and local finance, focused on state and local fiscal policy. Addresses emerging policy issues involving land use and taxation, spending and budgeting, intergovernmental cooperation, debt financing, financing for economic development, and privatization. 4 undergraduate hours. 4 graduate hours.

UP 418 GIS for Planners credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/418/>)

Detailed introduction to the design and use of computerized geographic information systems, focusing on their significance for planning. Emphasizes GIS within an institutional setting, covering not only fundamental technical concepts, but also organizational, management, and legal issues. Students will be introduced to GIS applications and products through readings, videos, demonstrations, and exercises. Computer laboratory work is included. 4 undergraduate hours. 4 graduate hours. Prerequisite: Upper division undergraduate or graduate standing.

UP 420 Plng for Historic Preservation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/420/>)

Historic preservation in the context of urban planning, including legal issues and ordinances, economic incentives, comprehensive plans and preservation plans, public participation, media relations, and more. Students will conduct a building survey including research and architectural descriptions for an on-going project in Urbana. Tours of local preservation projects. 4 undergraduate hours. 4 graduate hours. Prerequisite: At least junior standing.

UP 423 Community Development in the Global South credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/423/>)

Introduces students to the main theoretical frameworks and conceptual building blocks of urban and community development in the Global South. It helps students to develop critical grassroots focused understanding of the approaches to development planning, the notion of community participation and empowerment, and the role of various actors including the non-government organizations and the community-based groups. 4 undergraduate hours. 4 graduate hours.

UP 426 Urban Design and Planning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/426/>)

Concepts and techniques of urban analysis, plan making, and implementation essential for effective interdisciplinary work in urban design. 4 undergraduate hours. 4 graduate hours. Prerequisite: Senior standing.

UP 428 International Planning Studio credit: 3 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/UP/428/>)

Involves multidisciplinary student teams developing design or policy proposals for urban development of sites in international contexts. The studio combines seminar and studio/workshop formats to apply critical analysis, define planning problems, and propose solutions that integrate the social, economic, physical, and cultural aspects of site development. 3 to 6 undergraduate hours. 3 to 6 graduate hours. May be repeated to a maximum of 12 hours. Prerequisite: Consent of instructor.

UP 430 Urban Transportation Planning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/430/>)

Role of transportation in urban development and planning; characteristics of urban-person transportation systems and methods of analysis and forecasting of urban-person transportation demand; transportation systems management and capital improvement programming; and emphasis on the needs and activities of metropolitan planning organizations. Same as CEE 417. 4 undergraduate hours. 4 graduate hours.

UP 431 Travel Behavior Analysis credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/431/>)

This course provides the basic skills needed to understand how planners and decision makers use information about travel behavior to plan transportation investments. Students will gain applied experience with travel demand modeling software. Additional course topics include an introduction to travel behavior theory, travel model evaluation, and emerging modeling applications. 3 undergraduate hours. 3 graduate hours. Prerequisite: UP 430 or CEE 417, or consent of instructor. Junior standing required.

UP 432 Transportation Equity credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/432/>)

This course explores principles of justice and equity in transportation policy and planning. Students will learn about foundations of equity, laws and policies governing equity and environmental justice, assessment metrics, and the role of public planners and advocates in creating equitable transportation systems. Emphasis is on the United States experience, but will include some international content. Course activities include discussion and a practicum component. Students taking the course for graduate credit will lead additional discussions and a longer final paper. 3 undergraduate hours. 3 graduate hours. Credit is not given for UP 432 and UP 494 JB: Transportation Equity.

UP 434 Pedestrian and Bicycle Planning credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/434/>)

This course introduces the fundamentals of planning for pedestrian and bicycle transportation. Students will learn about the benefits and challenges of planning for walking and cycling; the roles of plans, policies, and infrastructure in supporting active travel; key elements of infrastructure design; methods to assess safety and access; and processes to create, implement, and evaluate plans and programs. Activities will include interactive discussions, hands-on exercises such as safety audits and site analyses, and a client-based project addressing real-world community needs. 3 undergraduate hours. 3 graduate hours. Credit will not be given for UP 434 if credit was given for UP 494-LB in Fall 2018.

UP 436 Urban Design Workshop credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/436/>)

Examines urban design theory and principles, and evaluates the built environment in a lab-based setting. Working in teams, students become immersed in real work examples and propose design interventions for specific places, including socially diverse neighborhoods in small cities and major metropolitan urban centers. Normally includes active engagement with community residents. 4 undergraduate hours. 4 graduate hours. Prerequisite: UP 426, senior or graduate standing, or consent of instructor.

UP 438 Disasters and Urban Planning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/438/>)

Introduction to the role of urban planners in preparing for and rebuilding after disasters. Emphasizes U.S. planning practice, with particular attention to the role of local government. Includes basic U.S. emergency management laws and framework, local mitigation planning, and post-disaster recovery planning. 4 undergraduate hours. 4 graduate hours. Prerequisite: Graduate standing, senior in Urban Planning, or consent of instructor.

UP 441 Land Resource Evaluation credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/441/>)

Same as LA 441. See LA 441.

UP 443 Scenarios, Plans & Future Cities credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/UP/443/>)

This course teaches theories and tools of scenario analysis, a set of techniques useful for making plans and creating more sustainable future cities. Scenario analysis can be used to think about multiple facets of a problem simultaneously and for addressing the uncertain future in light of the limited cognitive and computational capacity of individuals and organizations. Urban planners and policymakers are adopting and extending scenario approaches to envision the future, analyze decisions, and identify robust strategies in situations as varied as comparing projected outcomes of alternative routes for highway investment, to making decisions in situations when formal regulatory mechanisms may be lacking. The need for knowledge and skills in this area is reflected in (1) the growing use of scenario analysis as a required method in many government-funded planning initiative in the United States and around the world, (2) new courses and workshops offered by urban planning programs and professional trainers, such as the American Planning Association and Planetizen, and (3) the sprouting of scenario planning support tools, such as Envision Tomorrow and Index PlanBuilder. 3 undergraduate hours. 3 graduate hours. Prerequisite: A completion of an urban planning class would be useful. Junior standing is required.

UP 446 Sustainable Planning Seminar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/446/>)

Same as LA 446, GEOG 446, and NRES 446. See LA 446.

UP 447 Land Use Planning Workshop credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/447/>)

Small group field work applying principles and techniques to specific land use problems in selected jurisdictions. 4 undergraduate hours. 4 graduate hours. Prerequisite: UP 211, senior or graduate standing, or consent of instructor.

UP 455 Economic Development Workshop credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/455/>)

Small group field work applying principles and techniques of economic development planning and policy analysis to specific problems in selected cities, regions, or states. 4 undergraduate hours. 4 graduate hours. Prerequisite: UP 345 or consent of instructor.

UP 456 Sustainable Planning Workshop credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/456/>)

Focuses on applying sustainable planning principles in a real world setting. Readings and research into indices of sustainable development, sustainable urbanism, and related literature help establish parameters for resolving a local planning project. Course is a hybrid workshop with portions of the semester spent on reading, research, and application working with a local planning agency. 4 undergraduate hours. 4 graduate hours. Prerequisite: UP 136 and UP 205, senior or graduate standing, or consent of instructor.

UP 457 Small Town/Rural Planning Workshop credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/457/>)

What is rural and why does it matter? This workshop focuses on small towns and rural communities using Central Illinois communities in local case studies. Students will apply concepts and skills from prior courses and work extensively in teams to compile, synthesize, and communicate information that furthers planning and placemaking efforts. Archival research techniques; analysis of demographic, social, and economic trends; qualitative interviewing; and documentary film production are examples of the kinds of skills students will develop and refine. 4 undergraduate hours. 4 graduate hours. Prerequisite: UP 211, senior or graduate standing, or consent of instructor.

UP 460 Transportation/Land Use Policy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/460/>)

Provides an integrated perspective and analytical framework for understanding urban transportation and land use policies. Emphasizes the interplay between the built environment and transportation by focusing on: fundamental travel demand theories; performance measures of urban transportation systems; impacts of transportation on land use and urban form; impacts of land use and urban form on travel patterns; congestion pricing; public transportation and active transportation; and transit oriented development (TOD). 4 undergraduate hours. 4 graduate hours.

UP 466 Energy & the Built Environment credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/466/>)

Same as LA 466. See LA 466.

UP 470 Shrinking Cities credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/470/>)

This seminar examines urban shrinkage—a phenomenon typically associated with population loss, but also characterized by obsolescence, disinvestment, and abandonment. While some cities thrive and struggle to house the global urban majority, other cities face the stark reality of shrinkage and decline. What should we do to envision and enact a viable future for our shrinking cities? This course will be taught as a seminar, using readings, student facilitated discussions, and lectures as a means for creating a shared understanding around urban shrinkage. Literature from Planning, Economics, Sociology, and other areas will contribute to discussions of the meaning of urban decline as a set of social, economic, and spatial phenomena. Some seminar sessions will be "lab" sessions, focused on developing your analytical skillset via qualitative and quantitative methods. 4 undergraduate hours. 4 graduate hours. Credit is not given for UP 470 if credit for UP 494-AG has been given. Prerequisite: Students must have at least a junior standing.

UP 473 Housing & Urban Policy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/473/>)

The role of housing in American social policy planning: the history of public and private intervention in housing, regulation of supply and demand within housing markets and market imperfections; analysis of public policies for housing as they affect special populations (for example, the poor, the elderly, the disabled, homeless, and minorities). 4 undergraduate hours. 4 graduate hours.

UP 474 Neighborhood Revitalization credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/474/>)

Examines rationale and techniques for planning at the neighborhood level; the major social, political, and economic issues that confound public and private sector efforts to revitalize distressed neighborhoods. 4 undergraduate hours. 4 graduate hours.

UP 475 Real Estate Development Fundamentals credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/475/>)

This course will provide an introduction to the fundamental concepts and techniques applied in the real estate development process. In addition, this course will examine both the broader economic and social context in which real estate development is situated as well as how various professions interact within this context. Course assessments will include several case study assignments and a group project using an actual development site that will provide students with the chance to apply the concepts and techniques learned in the course, culminating in a final report and presentation. The overall objective of the course is to provide students with a useful framework for understanding the real estate development process, allowing them to identify viable development opportunities and analyze real estate development projects, while weighing the economic, social, and environmental costs and benefits for a community. 4 undergraduate hours. 4 graduate hours. Credit is not given for UP 475 if credit was already given for UP 494-RE. Prerequisite: This course has no prerequisites, however, having had at least an introductory urban planning class would be helpful. Upper-level or graduate standing is recommended.

UP 478 Community Development Workshop credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/478/>)

Application of community development principles and techniques to the solution of environmental, economic and social problems facing low income urban communities. Involves small group projects and off-campus field work in collaboration with community leaders. 4 undergraduate hours. 4 graduate hours. Prerequisite: UP 260, senior or graduate standing, or consent of instructor.

UP 479 Community Engagement in Planning credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/479/>)

Students will explore in theory, policy and practice community engagement through a case study, and observe actual planning and decision-making processes at different scales and contexts. Students will learn different tools and strategies that bring people together, particularly in low-income neighborhoods and culturally diverse metropolitan regions. Collectively, students will design a participatory process. Throughout the semester, students will make field trips to stakeholder communities and planning agencies, and grapple with the myriad challenges and dilemmas faced by nonprofit advocates, community activists, and equity-oriented public planners. 3 undergraduate hours. 4 graduate hours. Credit is not given for UP 479 if credit has already been received for UP 494-LT.

UP 480 Sustainable Design Principles credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/UP/480/>)

Same as LA 480. See LA 480.

UP 481 Urban Communities & Public Pol credit: 3 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/481/>)

Same as AFRO 481 and SOC 472. See AFRO 481.

UP 486 Planning with Climate Change credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/486/>)

This junior/senior/graduate level course introduces the role of planning in addressing the climate crisis, through the lens of social and environment justice. Topics include the science of climate change, climate justice, greenhouse gas emissions reductions strategies, and adaptation planning. In addition to weekly in-class and on-line assignments, students will work in small teams to conduct a climate action plan for a local small business. 4 undergraduate hours. 4 graduate hours. Credit is not given if credit has already been given for UP 494-SK.

UP 494 Special Topics in Planning credit: 1 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/UP/494/>)  
Seminar on topics of current interest, as announced in the Schedule. 1 to 6 undergraduate hours. 1 to 6 graduate hours. May be repeated to a maximum of 16 hours.

UP 501 Planning History and Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/501/>)  
Offers students a survey of classic and contemporary theories of planning. Students will gain a deeper appreciation for the profession's roots as well as be introduced to some of "the theoretical tools" used to analyze planning. An important aspect of the course is intellectual dialogue through critical reading, informed discussion and writing assignments. Prerequisite: Graduate standing in Urban Planning or consent of instructor.

UP 503 Physical Planning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/503/>)  
Provides grounding in the issues and principles underlying physical planning; lecture and discussion sessions are complemented by project work that applies principles and methods. Prerequisite: Graduate standing in Urban Planning or consent of instructor.

UP 504 Urban History and Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/504/>)  
Historical and international comparison of the origins and evolution of cities, the process of urbanization, and the human endeavor to effect urban growth and change. Includes history of urban physical form and of planning efforts, emphasizing planning origins in the nineteenth century and transnational influences. Includes equity issues of urban spatial arrangement, including racial segregation and housing market differentiation. Covers elements of urban physical form, including grid and organic structure, commercial city forms, the urban skyline, and urban sprawl. Prerequisite: Graduate standing in Urban Planning or consent of instructor.

UP 505 Urban and Regional Analysis credit: 2 or 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/505/>)  
Techniques, data sources, and skills for analyzing regions as economic, social, and spatial systems. The first half of the course focuses on understanding current conditions and trends, and the second half on forecasting most likely and alternative futures. Students may opt to enroll for only the first 8 weeks and receive 2 hours of credit. Prerequisite: Graduate standing in Urban Planning or consent of instructor.

UP 508 Survey Design and Analysis credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/UP/508/>)  
Design of primary data collection instruments, focusing on the large sample survey. Discusses techniques for implementing qualitative and physical data collection by mail, web, and phone. Students learn multivariate statistical techniques for analyzing survey results.

UP 509 Economics for Planners credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/509/>)  
Exploration of how economics can contribute to understanding and solving urban problems. Application of economic analysis and reasoning to the important issues that planners confront, including zoning, land use, housing investment, and transportation. Focuses also on skills to use economic methods effectively.

UP 510 Plan Making credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/510/>)  
Provides skills to develop a wide range of plans and an understanding of the processes to implement them. Topics covered include planning analysis, political constraints of planning and planning ethics, techniques of negotiation, facilitation, mediation, and presentation to the public. Uses a general framework for plan making that includes plan review, problem framing, information gathering, alternative modeling, scenarios development, impact assessment, and alternatives evaluation. Students will work on applied tasks individually and in groups. Prerequisite: Graduate standing or consent of instructor.

UP 511 Law and Planning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/511/>)  
Examines the legal framework within which planning takes place in urban areas of this country. Emphasizes the role of law in structuring local government responses to social, economic and physical planning issues and in allocating power among local governments, between local governments and state and federal governments, and between governments and the private sectors of society. Course may not be repeated for credit.

UP 512 Urban Skills & Applications I: Colloquium credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/512/>)  
Addresses urban management challenges, based on students' professional experiences, current urban issues and challenges, and practical lessons from faculty and practitioners. Sessions rely on diverse faculty expertise on a variety of topical themes, and will often include practitioner guests. Students develop an urban management topic to research in UP 513. 4 graduate hours. No professional credit. Prerequisite: Enrollment in Sustainable Urban Management degree program or consent of instructor. For graduate students in the Sustainable Urban Management degree program.

UP 513 Urban Skills & Applications II: Chicago Practicum credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/513/>)  
Application of skills and concepts learned in UP 512. Students undertake a field project in close collaboration with a faculty advisor. Students work in teams on the selected project, and weekly meetings explore urban issues and fieldwork challenges. 4 graduate hours. No professional credit. Prerequisite: UP 512. For graduate students in the Sustainable Urban Management degree program.

UP 519 Advanced Applications of GIS credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/519/>)  
Advanced course in geographic information systems emphasizing application of GIS to problems involving spatial analysis. Building upon fundamental concepts, students learn to use GIS software frequently found in planning practice. Also prepares students to use GIS in research requiring management and analysis of geographic data. Extensive use of computing workstations. Prerequisite: UP 418 or consent of instructor.

UP 521 International Planning Seminar credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/521/>)  
Advanced graduate seminar concerning urban and regional development processes in a global context. Closely examines critical issues and select topics in international development planning based upon individual research readings. Prerequisite: Consent of instructor.

UP 533 Community In American Society credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/533/>)  
Same as HDFS 533 and SOC 572. See HDFS 533.

UP 535 Local Policy & Immigration credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/535/>)

Explores major issues confronting urban planners, administrators, elected officials and community activists working in highly diverse communities that are undergoing rapid demographic, economic, social, and cultural change. Focuses specifically on local policy-making in communities with large numbers of immigrants, particularly in cities and regions in the United States, Canada, Australia and Europe. Same as LA 535 and SOCW 535.

UP 543 Environmental Policy & Planning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/543/>)

Examines environmental policy and planning from both theoretical and applied perspectives. Provides an overview of the elements of environmental policy at national and state levels and investigates local implementation of environmental policies. Students will learn how local environmental planning practice fits within the broader context of environmental policies. Intended for graduate students in Urban and Regional Planning, but also open to graduate students with appropriate background and interests from Landscape Architecture, Geography, and relevant social sciences. Prerequisite: Graduate standing in Urban and Regional Planning or consent of instructor.

UP 545 Economic Development Policy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/545/>)

Explores and evaluates urban and regional economic development policy in the U.S. Taking the twin lenses of cities and urbanized regions, it asks why the public sector engages in economic development; how the goals of economic development are defined; and how different policies attempt to steer economic activity and jobs to particular places. The course pays special attention to the question of equity, asking who will benefit from different policies.

UP 546 Land Use Policy and Planning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/546/>)

Examines a variety of approaches to land use policy and planning, from both a theoretical and an applied perspective. Explores different values in American land use policy, recent evolution of land use policy. Taught as a seminar.

UP 547 Regional Planning and Policy credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/547/>)

When are regional approaches more common and why? This course builds knowledge of principles and practices to tackle challenges that go beyond the geographical or disciplinary domain of a single agency. Through readings, seminar discussions, and assignments, students will develop an understanding of problems and settings that involve multiple jurisdictions and actors. Topics will address crosscutting issues such as affordable housing, foreclosures, fiscal stability, and spatial inequality. Prerequisite: Intended for graduate students in Urban and Regional Planning, and others with appropriate background and interests from Public Administration, Political Science, Natural Resources, Civil Engineering, Landscape Architecture, Geography, and relevant social sciences.

UP 552 Regional Development Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/552/>)

Covers fundamental concepts and theories of regional economic development including export base, neoclassical and endogenous growth, regional convergence, core-periphery, interregional trade, product cycle, industrial districts, entrepreneurship, and regional innovation systems theories. Also discusses policy and planning frameworks for applying regional theory to spatial development problems. Same as ACE 552. Prerequisite: UP 445 and UP 407, or consent of instructor.

UP 555 Economic Impact Analysis credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/UP/555/>)

Same as ACE 555. See ACE 555.

UP 576 Sustainable Urban Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/576/>)

Same as CEE 592 and NRES 592. See CEE 592.

UP 578 Ethnography Urban Communities credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/578/>)

Same as AFRO 552, HDFS 543, and SOC 578. See AFRO 552.

UP 580 Advanced Planning Theory credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/580/>)

Recent advances in planning, policy-making and decision-making theories as they relate to the efficient use of land and to the complex interrelationships among the major uses of land, i.e., housing, transportation, agriculture; specific applications vary annually, reflecting the students' dissertation research topics. Prerequisite: UP 501 or consent of instructor.

UP 585 Advanced Modeling in Planning credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/585/>)

Seminar on formal models used to analyze planning problems and planning behavior. Includes static and dynamic, linear and non-linear, and deterministic and stochastic optimization models. Derivations of models and methods for solution treated in depth, but the emphasis is on applications to planning problems such as transportation, land use, and environmental management. Specific themes change from year to year. Prerequisite: UP 505 and UP 508, or consent of instructor.

UP 587 Qualitative Research Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/587/>)

Students use individual research to practice qualitative methods of studying social interaction. Includes field research and historical/archival research methods; project areas include community development, environment, and landscape. Discussion is divided between 1) readings on issues such as techniques and research design, social theory, ethnocentrism, and combining qualitative with quantitative research and 2) student research reports. Same as GEOG 587.

UP 589 Research Design and Methods credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/589/>)

Prepares students to embark on thesis research and independent grant proposals. Introduces the phases of research design process, including literature review, identification of the research problem, statement of research objectives and questions, establishment of the conceptual framework, and selection of methods, sampling strategies, measurements, and analyses that are most suitable to address the research questions. Provides an overview of the commonly used quantitative and qualitative research methods, e.g., survey, quasi-experiment, and case study. Guides students through the process of writing and reviewing a research proposal and providing feedback to others. Prerequisite: Enrollment in a PhD program or consent of instructor.

UP 590 Professional Internship credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/UP/590/>)

Summer, part-time, or other professional-level employment in the field of planning, usually in an area of concentration; exposure to the social, political, and institutional setting in which planning operates; and full documentation of internship activities required. Approved for S/U grading only. Prerequisite: Consent of instructor.

UP 591 Capstone Seminar credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/UP/591/>)  
Provides general capstone advising to MUP students. Seminar is used for peer discussion and feedback about work in progress, as well as to organize for the capstone poster session held each spring semester. Meets on a monthly basis. Approved for S/U grading only. May be repeated in separate terms.

UP 592 Doctoral Urban Planning Seminar credit: 0 Hours. (<https://courses.illinois.edu/schedule/terms/UP/592/>)  
The Doctoral Students in Urban Planning (DSUP) seminar is an invaluable platform of intellectual development for PhD students in the Department of Urban & Regional Planning (DURP) and an effective medium in building a community of scholars. The seminars facilitate exchange of ideas and perspectives among DSUP members as well as the faculty. It serves as a support system for all members of DSUP, who are at different stages in their research and doctoral studies, and provides a shared space for students to present their research and to solicit critical, yet constructive, peer reviews and advice. 0 graduate hours. No professional credit. Approved for S/U grading only. Prerequisite: For PhD students in Regional Planning only.

UP 594 Seminar credit: 1 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/UP/594/>)  
Selected topics in urban and regional planning; several sections each term. May be repeated.

UP 596 Independent Study credit: 0 to 8 Hours. (<https://courses.illinois.edu/schedule/terms/UP/596/>)  
Independent study in selected urban and regional planning topics under the supervision of an appropriate member of the faculty. Can be used by doctoral students for synthesis paper requirement. Approved for both letter and S/U grading. May be repeated to a maximum of 8 hours if topics vary.

UP 597 Urban Planning Research credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/UP/597/>)  
Individual research work under the supervision of an appropriate member of the faculty. Approved for S/U grading only. May be repeated to a maximum of 8 hours. May be used by doctoral students for the research paper requirement. Prerequisite: Graduate Standing in Urban and Regional Planning, consent of instructor, and consent of the Department.

UP 598 Master's Project credit: 4 or 8 Hours. (<https://courses.illinois.edu/schedule/terms/UP/598/>)  
Major independent or small group project applying planning principles and methods to a current problem in urban and regional planning resulting in a final professional product. Approved for S/U grading only. Prerequisite: Graduate standing in Urban and Regional Planning, consent of instructor, and consent of the Department.

UP 599 Thesis Research credit: 0 to 16 Hours. (<https://courses.illinois.edu/schedule/terms/UP/599/>)  
Approved for S/U grading only. May be repeated to a maximum of 8 hours for Master's students. May be repeated to a maximum of 16 hours for PhD students. Prerequisite: Graduate standing in Urban and Regional Planning, consent of instructor, and consent of the Department.

# VETERINARY CLINICAL MEDICINE (VCM)

VCM Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/VCM/>)

## Courses

VCM 290 Undergraduate Independent Research credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/290/>)

Supervised scholarly laboratory/field work and/or reading in fields selected in consultation with an appropriate faculty member. Approved for Letter and S/U grading. May be repeated in separate terms.

VCM 501 Zoological Medicine Seminar credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/501/>)

Discussion of selected topics and literature pertaining to zoological, wildlife and aquatic animal medicine and presentation of a formal seminar. May be repeated to a maximum of 6 hours. Prerequisite: Post DVM and enrolled in the Zoological and Aquatic Animal Residency Program.

VCM 503 Current Lit in Equine Med Surg credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/503/>)

This course will use current primary literature in the fields of equine medicine and surgery as a gateway to discussion. Current literature will be reviewed, critiqued, and discussed in the context of current equine clinical practice. Students are expected to be graduate veterinarians with a thorough understanding of equine medical and surgical concepts before enrolling in the course. May be repeated to a maximum of 6 hours. Prerequisite: Graduate Veterinarian or consent of instructor.

VCM 506 Topics in Pathophysiology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/506/>)

Current basic and advanced concepts in hemostasis (primary hemostasis, secondary hemostasis, fibrinolysis, normal and abnormal endothelium, natural anticoagulants, anticoagulant drugs and their mechanisms of action) and respiratory physiology and pathophysiology (including acid base and strong ion difference). Prerequisite: DVM degree.

VCM 508 Trans Mol Path Veterinary Dz credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/508/>)

Translation Molecular Pathogenesis of Veterinary Disease (Trans Mol Path Veterinary Dz) equips graduate students with knowledge and skills needed to understand molecular pathologic processes and determine how they translate to clinical manifestations of disease. The pathologic processes to be covered including those involved in cellular response to stress, inflammation, tissue repair, circulation and hemodynamics, immunity, cancer, and infectious disease. Translational associations that link pathologic mechanisms with disease manifestations commonly encountered in companion animal veterinary practice will be emphasized and will promote comprehensive bench-to-bedside learning.

VCM 511 Seminar in Prod/Pop Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/511/>)

Same as PATH 511. See PATH 511.

VCM 522 Adv Comp Theriogenology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/522/>)

Advanced study on the principles and practice of theriogenology in domestic and non-domestic animals. May be repeated to a maximum of 6 hours. Prerequisite: Graduate Veterinarian and consent of instructor.

VCM 524 Effective Biomedical Teacher credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/524/>)

Provides current or future university-level biomedical educators with the knowledge, motivation and proficiencies needed to apply the most recent developments in higher education to their teaching. The overall aim of the course is to cultivate an informed, passionate and adventurous approach to teaching and learning in participants. This will be achieved by fostering new thinking about teaching and learning, and by encouraging collaborative and cooperative learning between the class members. May be repeated in separate terms if topics vary.

VCM 528 Comparative Veterinary Physiology credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/528/>)

This graduate level physiology course covers advanced physiology of all the major organ systems. Enrolled graduate students are assumed to have a knowledge of basic physiology (such as what is obtained during veterinary school). This advanced graduate level course emphasizes the requirements for normal physiology by discussion of pathologies affecting the organ systems. The overall aim is to increase the clinician-scientist-graduate student's merging of physiology into their day to day practice on the clinic floor and research endeavors. 3 graduate hours. 3 professional hours. Prerequisite: Graduate Veterinarian or consent of instructor.

VCM 535 Small Animal Internal Medicine Book Club credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/535/>)

Read and review a veterinary medical textbook in preparation for the ACVIM General and Specialty Exams. At each class meeting, we will discuss the material in the assigned chapters. At the last meeting, a practice examination will be given. 1 graduate hour. No professional credit. May be repeated in separate semesters up to 6 hours if topics vary. Prerequisite: Restricted to residents in small animal specialties.

VCM 536 ECC Journal Topics credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/536/>)

This is a weekly course aimed at evaluating journals specific to the requirements of the American College of Veterinary Emergency and Critical Care. Seminars of selected articles will be presented to the group every week. 1 graduate hour. Approved for S/U grading only.

VCM 542 Ocular Pathology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/542/>)

Same as PATH 542. See PATH 542.

VCM 547 Global One Health credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/547/>)

Students will be exposed through lectures from visiting and invited guests, small group discussions, readings, and projects to various facets and health problems in both public and veterinary health globally with emphasis on low-income countries. Emphasis will be on how to understand and work within the frameworks at the national and international level to address the biggest challenges and coming threats of the health of people and animals. The survey of topics will provide a foundational understanding for further in-depth study and work in international health. 3 graduate hours. 3 professional hours. Approved for Letter and S/U grading. Prerequisite: In good standing as graduate student or DVM student.

VCM 553 Advanced Diagnostic Imaging credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/553/>)

Reviews the physics, clinical indications and technical aspects of advanced diagnostic imaging. The course will utilize clinical case examples. Studies are required to prepare one lecture and take a final examination. Attendance at 80% of the classes is required. May be repeated in separate terms for unlimited graduate credit.

VCM 560 Infectious Disease in Livestock Systems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/560/>)

This is an 8-week graduate level course that covers the components and determinants of a healthy livestock system. The course will allow students to understand the interaction between animals (hosts), microorganisms (infectious disease) and the environment. The instructors assume that enrolled students have a foundational knowledge of pathogens and livestock system design and operations. 3 graduate hours. No professional credit. Prerequisite: DVM or equivalent. Restricted to graduate students only.

VCM 561 Biosecurity in Livestock Systems credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/561/>)

This is an 8-week graduate level course that covers the principles of biosecurity. The course will allow students to design a comprehensive protocol for a given site. This course emphasizes how to optimize interventions in swine production systems to minimize the economic impact of infectious disease. The instructors assume that enrolled students have foundational knowledge of pathogens and swine system design and operations. 4 graduate hours. No professional credit. Prerequisite: DVM or equivalent. Restricted to graduate students only.

VCM 562 Understanding the Host Response to Infection credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/562/>)

This is an 8-week graduate level course that provides a framework for understanding the anatomical, physiological, immunological, microbiological, and pathological basis of health maintenance in the major body systems impacted by infectious disease. The course will use a case-based approach to train students how to apply the basic principles of health science in solving clinical problems in individual animal and livestock systems. The instructors assume that enrolled students have a foundational knowledge in microbiology and livestock system operations. 3 graduate hours. No professional credit. Prerequisite: Restricted to graduate students.

VCM 563 Infectious Respiratory Diseases of Swine credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/563/>)

This is an 8-week graduate level course. In this course you will learn to clinically apply your understanding of pathogen biology, pathology, host responses, and interventions to address important respiratory diseases of swine. The course will allow students to do comprehensive health improvement analysis for swine respiratory diseases. This course covers the topics of porcine reproductive and respiratory syndrome virus (PRRSV), influenza A virus in swine (IAV-S), *Actinobacillus pleuropneumoniae* (APP), *Mycoplasma hyopneumoniae* (Mhp), *Pasteurella* and *Bordetella*, pseudorabies virus (PRV), and other minor viruses. 3 graduate hours. No professional credit. Prerequisite: VCM 560. Restricted to graduate students only.

VCM 564 Introduction to Livestock Business Strategy credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/564/>)

This is an 8-week graduate level course designed to provide students with basic business strategy concepts taught in business schools adapted to the livestock production industry. The purpose of this course is to guide learners through a complete analysis of their current business and develop a strategic plan to earn superior returns in the future. The analysis will include the internal and external environment, performance measures, and existing strategies to compete in the livestock industry. On-demand, business concept lectures are given by a business school professor, Professor Peter Foreman. Weekly reality-checks with Dr. Jim Lowe apply the concepts to the livestock industry. 3 graduate hours. No professional credit. Prerequisite: Restricted to graduate students.

VCM 565 Biostatistics, Information Management, and Data Analytics for Livestock Production Systems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/565/>)

Application of statistical methods to epidemiology, clinical and diagnostic medicine, and laboratory biomedical experiments. Topics include data collection and organization, data cleaning, data visualization, descriptive statistics, reliability, sample size estimation, analysis of group differences, correlation and linear regression. Emphasizes use of computerized statistical software in biomedical data analysis. 3 graduate hours. No professional credit. Prerequisite: Restricted to graduate students.

VCM 566 Applications of Data Science to Livestock Systems credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/566/>)

Develops skills in collection, organization, wrangling, dashboarding and advanced analytics of data in animal-based food production systems. The course will focus on building skills through problem assignments which require the integration of skills and knowledge to real world problems. 3 graduate hours. No professional credit. Prerequisite: Restricted to graduate students.

VCM 568 A Systems-Based Approach to the Operation of Livestock-Based Food Production Systems I credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/568/>)

In this course you will explore how structured, systems-based thinking – Thinking Process techniques - can be applied to the operations of livestock production systems. Eli Goldratt's approach to problem solving through his "Theory of Constraints" has been applied in businesses in many industries around the world. In this class you will explore both the theories that Goldratt has developed and how they might be applied to livestock production systems. You will, by the end of the course, be able to apply the TOC to livestock systems to improve both biological and economic performance. 3 graduate hours. No professional credit. Prerequisite: Restricted to graduate students.

VCM 569 A Systems-Based Approach to the Operation of Livestock-Based Food Production Systems II credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/569/>)

In this course you will continue to learn how structured, systems-based thinking – Thinking Process techniques - can be applied to the management of the supply chain for livestock-based food systems. The theories that Goldratt has developed and how they might be applied to supply chain management are explored in this course. You will, by the end of the course, be able to apply the TOC to a livestock-based supply chain to improve economic performance of the entire supply chain. 3 graduate hours. No professional credit. Prerequisite: Restricted to graduate students.

VCM 572 Clinical Epidemiology credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/572/>)

Reviews the common epidemiologic and statistical methods used to design studies, analyze data, and interpret diagnostic tests and research findings. 4 graduate hours.

VCM 577 Advanced Large Animal Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/577/>)

A seminar series devoted to intense study of pathophysiologic and current therapeutic aspects of selected topics in large animal internal medicine. May be repeated to a maximum of 6 hours. Prerequisite: Graduate Veterinarian or consent of instructor.

VCM 581 Emergency Diagnostic Imaging credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/581/>)

Provides graduate students in emergency medicine, small animal surgery and diagnostic imaging the opportunity to share principles of diagnostic imaging based on recent case examples. Students will be expected to present at least two cases demonstrating competence in reviewing radiographic findings, formulating a list of differential diagnoses and discussing additional imaging modalities, as appropriate. 1 graduate hour. May be repeated in separate terms to a maximum of 9 graduate hours.

VCM 584 Current Concepts Comp Surgery credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/584/>)

Advanced study of topics concerning the pathophysiology, diagnosis, and current therapy of diseases which are treated with surgical procedures. May be repeated to a maximum of 4 hours. Prerequisite: Graduate Veterinarian or consent of instructor.

VCM 585 Current Lit Sm Anim Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/585/>)

Participants will discuss and analyze current veterinary journal articles which pertain to small animal internal medicine. May be repeated to a maximum of 6 hours. Prerequisite: Graduate Veterinarian.

VCM 588 Advances in Vet Dermatology credit: 1 or 2 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/588/>)

A series of lectures, seminars and discussions devoted to the intense study of pathophysiologic aspects of the integument and related systems including: structure and functions, endocrinology, immunology, microbiology, virology, parasitology, pharmacology, oncology, and miscellaneous disorders. Students enrolling for graduate credit will also participate in weekly critiques of current literature. May be repeated to a maximum of 8 hours; duplicate registration is permitted up to 4 hours. Prerequisite: Graduate Veterinarian and consent of instructor.

VCM 590 Seminar credit: 0 to 1 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/590/>)

Required of all graduate students whose major is Veterinary Clinical Medicine. Approved for S/U grading. May be repeated.

VCM 591 Advances in Vet Internal Med credit: 0 or 1 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/591/>)

A series of lectures, seminars, and discussions devoted to intense study of new pathophysiologic aspects of selected topics in veterinary internal medicine. Each term is devoted to three topics. Approved for letter and S/U grading. May be repeated to a maximum of 6 hours. Prerequisite: Graduate Veterinarian and consent of instructor.

VCM 592 Special Problems credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/592/>)

Basic and applied study including orientation and research on pertinent initial and continuing problems in the student's area of interest. May be repeated. Prerequisite: Consent of instructor.

VCM 593 Adv Topics Vet Clin Med credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/593/>)

Instruction in advanced diagnosis, therapeutic modalities, and research methodologies in the areas of small animal internal medicine, small animal surgery, equine and food animal medicine and surgery, ophthalmology, theriogenology, radiology, and clinical pharmacology. May be repeated to a maximum of 8 hours. Prerequisite: Graduate Veterinarian and consent of instructor.

VCM 598 Manuscript Research credit: 0 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/598/>)

Independent research to fulfill requirement for non-thesis alternative in Master of Science Program. Credit is not given for both VCM 598 and VCM 599. (Summer Session, 1 to 2 hours.) Prerequisite: Must be enrolled in the departmental graduate program.

VCM 599 Thesis Research credit: 0 to 12 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/599/>)

Approved for S/U grading only. May be repeated.

VCM 601 Clinical/Laboratory Practice credit: 1.5 to 6 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/601/>)

Individual customized clerkship in clinical medicine and surgery for VM-4 professional students. Approved for S/U grading only. May be repeated to a maximum of 9 hours. Prerequisite: Fourth-year standing in the veterinary medicine professional curriculum.

VCM 604 Equine Medicine and Surgery credit: 1.5 to 4.5 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/604/>)

Clerkship in equine medicine and surgery for VM-4 professional students. Approved for S/U grading only. May be repeated to a maximum of 12 hours. Prerequisite: Fourth-year standing in the veterinary medicine professional curriculum.

VCM 608 Equine Veterinary Husbandry credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/608/>)

Designed to familiarize veterinary students with the basic principles of equine husbandry, including biosecurity, infectious disease prevention, anti-parasite programs, dental care, transport, and nutrition. Approved for both letter and S/U grading. Prerequisite: Good standing in the veterinary professional curriculum, Graduate College, or consent of instructor.

VCM 624 Bereavement Issues credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/624/>)

Theoretical and clinical perspectives on the concepts of attachment, bonding, grief and loss will be discussed. The course also includes instruction in basic counseling and crisis intervention skills. Students will answer calls on the CVM C.A.R.E. Helpline under the supervision of the instructor.

VCM 625 Zoological Companion Mammal Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/625/>)

Zoological Companion Mammal Medicine is an elective course for veterinary students in their third year of the veterinary curriculum or graduate students. Students will learn clinical aspects of comparative anatomy, physiology, husbandry and handling of zoological companion mammal species encountered in companion zoological practice including rodents (Guinea Pigs, rats, hamsters, chinchillas), lagomorph (domestic rabbit), marsupials (sugar glider), carnivores (ferret), and more (African pygmy hedgehogs). The most commonly encountered diseases of these species will also be discussed. 1 graduate hour. 1 professional hour. Approved for Letter and S/U grading. Prerequisite: Enrollment in the 3rd year veterinary curriculum.

VCM 626 Shelter Medicine I credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/626/>)

Introduction to the field of Shelter Animal Medicine and is intended to create a pool of well-informed veterinarians that will become an important resource for shelter managers nationwide. This course is a prerequisite for the more advanced Shelter Medicine II (offered in the third year). Course will foster veterinarian participation in community service and encourage personal responsibility in the area of animal welfare. Offered for S/U grading only.

VCM 627 Equine Infectious Disease credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/627/>)  
Provides an in-depth review of common equine infectious diseases (viral, bacterial, parasitic) according to body systems. Primarily uses a lecture-based format to review the key aspects of disease pathogenesis, common clinical signs and most appropriate diagnostic test(s) for pathogen identification. Lectures are followed by several (3-4) cases that the lecturer will review in class with the students. These cases will be designed to emphasize the essential aspects of the different infectious diseases and generate critical thinking by the students with regards to developing an appropriate diagnostic plan. Approved for S/U grading only.

VCM 634 GP Surg. Oncology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/634/>)  
A five-week course focusing on the theory and practice of small animal surgical oncology for general practice. This course will provide students with the theory and practical skills required to diagnose and treat surgical oncology cases at a primary care level. The module includes lectures and cadaver laboratories pertaining to the principles of surgical oncology and the diagnosis, treatment and prognosis of specific neoplasms. In the laboratories, students will practice a variety of biopsy techniques, cutaneous and subcutaneous tumor resection, intestinal resection and anastomosis, visceral tumor resection and limb amputations. No graduate credit. 1 professional hour. Prerequisite: VM 608. DVM professional students only.

VCM 635 Advanced Soft Tissue Surgery credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/635/>)  
Seven-week course during the second half of the Fall semester focusing on the theory and practice of small animal soft tissue surgery. This course covers many of the soft tissue surgical procedures which new veterinary graduates are expected to competently perform. Procedures to be covered include bandaging and wound management, drain placement, declaw, dewclaw removal, tendonectomy, aural hematoma repair, pinna repairs, biopsies, surgery of the integument, gastrointestinal surgery, limb amputations and mastectomy. Approved for S/U grading only. Prerequisites: VM 605, VM 606, VM 607 and VM 608.

VCM 636 Advanced Clinical Pathology credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/636/>)  
A case-based approach to clinical pathology. Students are required to critically evaluate clinical case data, turn in a written description of the case and be a discussion leader for at least one class period. Students will be provided with basic history and signalment of cases and with laboratory data including CBC, clinical chemistry, urinalysis and occasionally additional data. Focuses on the dog and cat, however horse and food animal cases will be presented. No graduate credit. 2 professional hours. Approved for S/U grading only. Prerequisite: Successful completion of VM 608 or permission of instructor. Third year veterinary students only.

VCM 637 Advanced Clinical Cardiology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/637/>)  
This course is designed to familiarize veterinary students with advanced veterinary cardiology, from history and physical examination findings to diagnostics and treatments. Lectures will be based on clinical cases assigned prior to class and case-based discussions. This is an interactive course and each student will be expected to answer questions regarding problem and differential lists, as well as diagnostic interpretation and treatment plans. No graduate credit. 1 professional hour. Approved for S/U grading only. none Prerequisite: VM 609. Restricted to VM3 veterinary students.

VCM 639 Forensic Veterinary Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/639/>)  
This is a small group discussion and lecture-style course discussing different aspects of veterinary forensic medicine. Each session is devoted to a different aspect of veterinary forensic medicine. Classes are lecture style with periods of group discussion. Each session is 1 hour in length. No graduate credit. 1 professional hour. Approved for S/U grading only. Prerequisite: VM1 or VM2 standing.

VCM 640 Advanced Orthopedic Surgery credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/640/>)  
This course will provide hands-on training in fracture fixation and common knee and hip procedures to veterinary students with an interest in orthopedic surgery. This hands-on training is not available in the core course. Approved for S/U grading only. Prerequisite: Third year standing in the veterinary curriculum.

VCM 641 Equine Neonatology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/641/>)  
Designed to familiarize the veterinary student with the basic and advanced principles of equine neonatology. Topics include normal and abnormal physiology, problems of the mare that impact the foal, prematurity, sepsis, uremia, musculoskeletal problems, and therapy. 1 graduate hour. 1 professional hour. Approved for letter and S/U grading. Prerequisite: VM 606.

VCM 642 Equine Critical Care credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/642/>)  
Familiarizes the veterinary student with the basic and advanced principles of equine critical medicine. Topic include normal and abnormal physiology particularly as it relates to shock and systemic inflammatory response syndrome (SIRS); point-of-care testing, clinical pathology and other testing techniques, including cardiovascular and imaging, for assessment and monitoring of critically ill horses; responsible antimicrobial use in critically ill horses; and end of life conversations. 1 graduate hour. 1 professional hour. Prerequisite: VM 606.

VCM 643 Equine Emergency Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/643/>)  
Familiarizes the veterinary student with the basic and advanced principles of emergency care for adult horses. Topics include gastrointestinal, musculoskeletal, respiratory, central nervous system, ophthalmic, and urogenital emergency problems of the horse. Particular attention will be paid to gastrointestinal disease of the horse that present as an emergency, such as colic, enteritis, and typhlocolitis. 1 graduate hour. 1 professional hour. Approved for letter and S/U grading. Prerequisite: VM 606.

VCM 644 Veterinary Pain Management credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/644/>)  
This course will serve to increase a student's knowledge base on many aspects of pain management of the veterinary patient. Subjects covered in this course will include in depth review of neuroanatomy and physiology of pain, pathophysiology of pain, pharmacology of medications used for pain management, non-pharmacologic treatments for pain, and specific pain management strategies for various domestic species, and exotic and zoo animals. No graduate credit. 1 professional hour. Approved for S/U grading only. Prerequisite: For students in the veterinary professional program only.

VCM 645 Equine Surgery Laboratory credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/645/>) Provides introductory laboratory experiences in common and basic equine surgical techniques. Topics include normal and cryptorchid equine castration, distal limb surgeries, casting techniques, and joint injections. Approved for S/U grading only. Prerequisite: VM 606.

VCM 646 Lab Animal Science I credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/646/>) Addresses fundamental issues in Laboratory Animal Sciences including career options, occupational health and safety, regulations, animal welfare, IACUC review, and rodent biology, husbandry, and medicine. 1 graduate hour. 1 professional hour. Approved for Letter and S/U grading. Prerequisite: Second or third-year standing in the veterinary medicine curriculum, registration in the graduate college, or consent of instructor.

VCM 648 One Medicine: One Health credit: 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/648/>) Explores the interrelatedness of human, animal, and environmental health with a focus on policy development. Through a combination of lecture, class discussion, and small group papers, students will learn how human, animal, and ecosystem health are all affected by many of the same factors and how the health of one affects the health of the others. Students will examine topics such as emerging and infectious diseases; overweight/obesity; food and water security; public health law; climate change; and antimicrobial resistance. 3 graduate hours. 3 professional hours. Approved for Letter and S/U grading. Prerequisite: Restricted to first, second, or third year standing in the veterinary medicine curriculum, registration in the graduate college, or consent of the instructor.

VCM 649 Avian Medicine and Surgery credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/649/>) Avian species represent a significant segment of the companion animal population. Their anatomy, physiology, and behavior are substantially different from traditional species. Intended to provide students with the knowledge and skills required a practice clinical avian medicine and surgery. Diagnostic and therapeutic principles, as well as diseases of companion avian species are included. 2 graduate hours. 2 professional hours. Approved for letter and S/U grading.

VCM 656 Lab Animal Science II credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/656/>) Continuation of VCM 646. Additional topics in laboratory animal science including the biology, husbandry, and medicine of commonly studied laboratory animal species, researcher presentations on their animal studies, and student-led animal model presentations 1 graduate hour. 1 professional hour. Approved for Letter and S/U grading. Prerequisite: VCM 646 or equivalent, or consent of instructor.

VCM 657 Shelter Medicine II credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/657/>) Shelter Medicine is a broad discipline within veterinary medicine that requires a thorough knowledge of population medicine, surgery, epidemiology, preventive medicine, infectious disease control, policy development, facility design, public health, animal behavior, and veterinary forensics. This course will discuss select topics within Shelter Medicine to give the student a better understanding of the discipline. No graduate credit. 1 professional hour. Approved for S/U grading only. Prerequisite: VCM 626.

VCM 660 Advanced Equine Anatomy credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/660/>) Designed to provide an in-depth assessment of the unique anatomical characteristics of the horse with focused attention to clinically important aspects of equine anatomy. The material will cover the anatomy of the head, larynx and pharynx, gastrointestinal anatomy and function, and musculoskeletal anatomy in particular detail, relating equine anatomy to the diagnostic and surgical approaches used in the management of diseases involving these body systems. Prerequisite: VM 604.

VCM 661 Advanced Equine Lameness credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/661/>) Covers equine lameness from a clinician's perspective. Offers an in-depth integrative approach to the diagnosis of equine lameness using the presenting complaint as a starting point. Rather than approaching equine musculoskeletal disease from the perspective of specific injuries, students will be guided through the lameness examination process. Active student participation in class discussion is expected. 2 professional hours. May not be repeated for credit. Prerequisite: Third year veterinary student.

VCM 663 Small Animal Dermatology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/663/>) First half of the course presents a systematic approach to small animal dermatologic diagnoses and therapeutics; the second half deals with immunological disorders, seborrheic syndromes, hereditary disorders, cutaneous neoplasms, and feline dermatology. Prerequisite: VCM 631 or equivalent, or consent of instructor.

VCM 667 Ethics and Conflict in Zoological Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/667/>) Provides students with an analytical framework and critical thinking tools to better understand both sides of charismatic and hotly debated issues in Zoological Medicine. An emphasis will be placed on the broader social contexts and the influence of the media on the public perception of these issues. By building these tools early in their career, students will be equipped to better understand and critique arguments for future issues as they develop. Course topics will include maintenance of zoological species as companion animals, management of zoological species in an institution, zoo animal advocacy, intervention of free ranging wildlife, and how a zoo veterinarian is portrayed in public platforms. No graduate credit. 1 professional hour. Approved for S/U grading only. Prerequisite: Restricted to VM1 or VM2 students.

VCM 671 International Vet Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/671/>) Discussion of selected topics relevant to animal welfare and disease in the global society and, with guest speakers, of political issues of different continents. Students present a short seminar on a topic of choice. Prerequisite: DVM student.

VCM 672 Food Supply Disease Prevention credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/672/>) This course is designed to familiarize the student with the basic principles of food supply disease control. The first half of the course is designed to enhance the student's ability to detect disease with observation of necropsy lesions at the gross level. The second half of the course will cover immunizations and the judicious use of antimicrobials. 1 graduate hour. 1 professional hour. Prerequisites: VCM 690 or permission of the instructor if a graduate student or house officer.

VCM 673 Companion Animal Rehab credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/673/>)  
Series of lectures/discussions focusing on the proper application of companion animal rehabilitation modalities. Designed to give an understanding of the basics of rehabilitation and begin the thought process of implementing rehabilitation in to veterinary medicine. Prerequisite: Registration in the veterinary curriculum or consent of the instructor.

VCM 674 Equine Exercise Physiology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/674/>)  
Designed to familiarize veterinary students with the basic principles of equine exercise, physiology and sports medicine. Topics include physiology, energetics, thermoregulation, fatigue, conventional and alternate training techniques, and drugs and medications used in equine athletes. Approved for letter and S/U grading. Prerequisite: Good standing in the veterinary professional curriculum, Graduate College, or consent of instructor.

VCM 677 Study Abroad Germany credit: 1.5 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/677/>)  
Study Abroad Program to learn about public health issues and regulations in Germany. Approved for S/U grading only.

VCM 678 Reptile Medicine & Surgery credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/678/>)  
Provides an introduction to reptile medicine and surgery. Specific topics to be addressed include non-infectious and infectious diseases, diagnostic sampling techniques, anesthesia and analgesia, and common surgical procedures for reptiles. Approved for S/U grading only.

VCM 679 Adv Veterinary Ophthalmology credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/679/>)  
Anatomic, physiologic, pathologic, and pharmacologic considerations in eye diseases and their treatments; instrumentation and methods of study of ocular structure, physiology, and diseases; and laboratories devoted to techniques of examination of the eye and surgical procedures used in treatment of eye diseases. No graduate credit. 1 professional hour. Approved for S/U grading only. Prerequisite: Third-year standing in veterinary medicine curriculum.

VCM 681 Advanced Equine Internal Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/681/>)  
Advanced instruction in case management, laboratory data interpretation, decision-making regarding therapeutics, and advanced diagnostic techniques. No graduate credit. 1 professional hour. Approved for Letter and S/U grading. none Prerequisite: Consent of instructor. Available to VM3 students only.

VCM 682 Wildlife Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/682/>)  
An 8-week elective course for veterinary students offered in their second or third year of the veterinary curriculum. Participation in weekly rounds and team meetings, for the purpose of independent study and training, is required. Students will be required to create a blog style report of an interesting case managed by the student's WMC team or a topic that relates to wildlife medicine, rehabilitation, or conservation. Available to VM2 students during the first 8-week terms of the fall term. Available to VM3 students during the first 8-week terms of the spring term. No graduate credit. 1 professional hour. Approved for Letter and S/U grading. May be repeated in separate terms to a maximum of 2 hours. Prerequisite: Enrolled students must be an active member assigned to a treatment team in the Wildlife Medical Clinic.

VCM 684 Client Relations credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/684/>)  
Introduction to client relations, including techniques of effective verbal and nonverbal communication and applications of these techniques for veterinary students.

VCM 685 Advanced Diagnostic Imaging credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/685/>)  
Stresses imaging principles and comparative anatomy, using clinical cases as examples for echocardiography, diagnostic ultrasound, nuclear medicine, CT and MRI. Prerequisite: First, second or third year veterinary students or by consent of instructor.

VCM 686 ZooMed: What is Your Diagnosis credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/686/>)  
A series of interactive, non-domestic animal cases will be discusses during each meeting. Expands a veterinary student's confidence and diagnostic skill when working with these species. No graduate credit. 1 professional hour. Approved for Letter and S/U grading.

VCM 687 Canine Occupational Health I credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/687/>)  
This course will address the most common occupations for working and performance dogs and how these occupational activities may impact health. Subjects covered in this course will include handling of working dogs, breed predisposition to disease, equipment and its proper use, nutrition, rehabilitation and physical therapy, pain management, alternative therapies and prevention strategies in managing occupation-related illnesses in working and performance dogs. The course will be presented in lecture format. No graduate credit. 1 professional hour. Prerequisite: First, Second or Third year standing in the DVM curriculum or permission of instructor.

VCM 688 Food Supply Disease Management credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/688/>)  
This course is designed to familiarize the veterinary student with the principles of disease management of the major body systems in herd situations. The student will be given case examples and opportunities to evaluate and treat diseases of the respiratory and enteric systems as well as multiple periparturient diseases. 1 graduate hour. 1 professional hour. Approved for letter and S/U grading. Prerequisite: VCM 672 or permission of the instructor if a graduate student or house officer. Class Scheduled Information: DVM graduate students or house officers in food animal related training programs.

VCM 690 Intro to Food Supply Medicine credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/690/>)  
This course is designed to familiarize the student with the basic principles of food supply veterinary medicine. Topics include epidemiologic investigation, veterinary inputs into food supply systems, reproductive aspects associated with production systems and therapeutic standards in food production. 1 graduate hour. 1 professional hour. Approved for letter and S/U grading. Prerequisite: VM 601 or permission of the instructor.

VCM 692 Special Problems credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/692/>)  
Individual research on a special problem chosen in consultation with the instructor and department head. 1 to 3 graduate hours. 1 to 3 professional hours. Approved for letter and S/U grading. May be repeated to a maximum of 6 hours. Prerequisite: Enrollment in veterinary medicine curriculum with grade point average of 3.0 or above, or consent of instructor.

VCM 693 Comparative Anatomy - Zoo credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/693/>)

The comparative anatomy of zoological species commonly encountered in clinical practice will be discussed in lecture format followed by laboratory dissection of cadavers. Additionally, radiographic anatomy of these species will be discussed. Species covered include representatives of the taxonomic Classes Chondrichthyes, Osteichthyes, Amphibia, Reptilia, Aves, Mammalia. Cadaver specimens include bony fish, sharks, frogs, iguana, turtles, snakes, birds (pigeons), rats and rabbits. Emphasis will be placed on anatomical differences as related to domestic species. Meets for one hour of lecture and two hours of laboratory, one or two times each week during the eight weeks of the course for a total of eight lecture hours and 16 laboratory hours. Approved for S/U grading only.

VCM 694 Veterinary Clinical Medicine credit: 1 to 3 Hours. (<https://courses.illinois.edu/schedule/terms/VCM/694/>)

To be used to designate a trial or experimental course for five or more students, designed to be an elective in the CVM professional curriculum. The course can be taught under this designation for two years or two offerings, whichever time is greater. 1 to 3 graduate hours. 1 to 3 professional hours. Approved for letter and S/U grading. May be repeated to a maximum of 6 hours. Prerequisite: Registration in the veterinary medicine curriculum or consent of instructor.

VCM 695 Food Supply Decision Making credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/695/>)

This course is designed to enhance veterinary student knowledge of case management and allow them to utilize case information to make decisions. The course will be laboratory and problem based with the opportunity to use antemortem and postmortem samples of animals with disease to evaluate therapeutic and management outcomes. 1 professional hour. Approved for S/U grading only. Prerequisite: VCM 688.

VCM 696 Fish Medicine and Surgery credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/696/>)

Introduction to ornamental fish medicine and surgery. Specific topics to be addressed in this course include non-infectious and infectious diseases, diagnostic sampling techniques, anesthesia and analgesia, and common surgical procedures for fish. 1 graduate hour. 1 professional hour. Approved for letter and S/U grading.

VCM 698 Adv Small Animal Dentistry credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VCM/698/>)

The recognition and appropriate treatment of various types of feline and canine dental diseases will be discussed. The laboratories will be utilized to assist students in the determination of the appropriate diagnosis based on dental radiographs, photographs and models. Oral surgery, periodontic and endodontic therapy will also be performed in the laboratory. 1 graduate hour. 1 professional hour. Approved for S/U grading only.

# VETERINARY MEDICINE COURSES (VM)

VM Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/VM/>)

## Courses

VM 290 Undergraduate Research credit: 1 to 5 Hours. (<https://courses.illinois.edu/schedule/terms/VM/290/>)

Scholarly activities (laboratory work, field studies, clinical case analyses, evaluation of scientific literature) conducted under the supervision of a faculty mentor. Approved for Letter and S/U grading. May be repeated in separate terms for up to 10 total hours of credit.

VM 601 Clinical Practice I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/VM/601/>)

Teaches clinical skills, practices, and procedures used in the Veterinary Teaching Hospital and the Veterinary Diagnostic Laboratory and provides hands-on exposure to the methodologies used to diagnose, treat, and prevent disease in animals. No graduate credit. 4 professional hours. Approved for S/U grading only.

VM 602 Structure and Function I credit: 9.5 Hours. (<https://courses.illinois.edu/schedule/terms/VM/602/>)

Teaches gross anatomy of the limbs of the dog, cat, horse, and ox; histology of basic tissues, and endocrines, immune, integumentary, and musculoskeletal systems; early development; cell physiology and endocrinology; neurobiology of excitable tissues including brain, nerves, and muscles; and clinical correlations between these subjects and the clinical experiences of VM 601. No graduate credit. 9.5 professional hours.

VM 603 Structure and Function II credit: 9 Hours. (<https://courses.illinois.edu/schedule/terms/VM/603/>)

Teaches gross anatomy of the thoracic and abdominal cavity of the dog, cat, horse, ox, sheep, goat and pig; histology and physiology of the cardiovascular, respiratory and gastrointestinal systems; neurobiology of the autonomic system and pain; and clinical correlations between these subjects and the clinical experiences of VM 601. No graduate credit. 9 professional hours. Prerequisite: VCM 602 and good-standing in the veterinary professional curriculum or consent of instructor.

VM 604 Structure and Function III credit: 9.5 Hours. (<https://courses.illinois.edu/schedule/terms/VM/604/>)

Teaches gross anatomy of the pelvic cavity and head of the dog, cat, horse, ox, sheep, goat and pig; histology of the reproductive, urinary, and special senses systems; reproductive and renal physiology; neurobiology of cranial nerves and special senses; basic animal nutrition; and clinical correlations between these subjects and the clinical experiences of VM 601. Course Information: No graduate credit. 9.5 professional hours. Prerequisite: VM 603 and good-standing in the veterinary professional curriculum, or consent of instructor.

VM 605 Pathobiology I credit: 9.5 Hours. (<https://courses.illinois.edu/schedule/terms/VM/605/>)

Teaches principles of pharmacology; general pathology; immunology; medical genetics; and mechanistic toxicology. No graduate credit. 9.5 professional hours. Prerequisite: VM 604 and good standing in the veterinary professional curriculum, or consent of instructor.

VM 606 Clinical Practice II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/VM/606/>)

Teaches in greater depth the clinical skills, practices, and procedures used in the Veterinary Teaching Hospital and the Veterinary Diagnostic Laboratory and provides hands-on exposure to the methodologies used to diagnose, treat, and prevent disease in animals. No graduate credit. 4 professional hours. Approved for S/U grading only. Prerequisite: VM 601, VM 604, and good standing in the veterinary professional curriculum, or consent of instructor.

VM 607 Pathobiology II credit: 10 Hours. (<https://courses.illinois.edu/schedule/terms/VM/607/>)

Infectious disease concepts in parasitology, protozoology, bacteriology, mycology, and virology; and introduces basic antimicrobial pharmacology. No graduate credit. 10 professional hours. Prerequisite: VM 605, VM 606, and good standing in the veterinary professional curriculum; or consent of instructor.

VM 608 Pathobiology III credit: 9 Hours. (<https://courses.illinois.edu/schedule/terms/VM/608/>)

Pathology, clinical pathology, and imaging of organ systems; epidemiology and food safety; and includes an integrative laboratory covering commonly encountered problems in infectious diseases. No graduate credit. 9 professional hours. Prerequisite: VM 607 and good standing in the veterinary professional curriculum, or consent of instructor.

VM 609 Medicine and Surgery I credit: 10.5 Hours. (<https://courses.illinois.edu/schedule/terms/VM/609/>)

Teaches the practice of medicine and surgery of anesthesiology, cardiology, reproduction, neonatology, and respiratory diseases. Surgery and Theriogenology laboratories occur throughout this course. No graduate credit. 10.5 professional hours. Prerequisite: VM 608 and good-standing in the veterinary professional curriculum, or consent of instructor. Restricted to Veterinary Medicine DVM students.

VM 610 Medicine and Surgery II credit: 10.5 Hours. (<https://courses.illinois.edu/schedule/terms/VM/610/>)

Teaches and practice of medicine and surgery of dermatology, endocrinology, gastroenterology, and urology. Surgery and Theriogenology laboratories continue throughout this course. No graduate credit. 10.5 professional hours. Prerequisite: VM 609 and good-standing in the veterinary professional curriculum, or consent of instructor.

VM 611 Medicine and Surgery III credit: 9.5 Hours. (<https://courses.illinois.edu/schedule/terms/VM/611/>)

Teaches the practice of medicine and surgery of animal behavior, clinical toxicology, imaging, musculoskeletal diseases, neurology, ophthalmology, and oncology/hematology/immune-related diseases. Surgery laboratories continue throughout the course. No graduate credit. 9.5 professional hours. Prerequisite: VM 610 and good standing in the veterinary professional curriculum, or consent of instructor. Restricted to Veterinary Medicine DVM students.

VM 612 Clinical Practice III credit: 8 Hours. (<https://courses.illinois.edu/schedule/terms/VM/612/>)

Teaches clinical skills, practices, and procedures used in the Veterinary Teaching Hospital and the Veterinary Diagnostic Laboratory and provides hands-on experience in the methodologies used to diagnose, treat, and prevent disease in animals. No graduate credit. 8 professional hours. Approved for S/U grading only. Prerequisite: VM 611.

- VM 613 Clinical Practice IV credit: 13 Hours. (<https://courses.illinois.edu/schedule/terms/VM/613/>)  
Teaches clinical skills, practices, and procedures used in the Veterinary Teaching Hospital and the Veterinary Diagnostic Laboratory and provides hands-on experience in the methodologies used to diagnose, treat, and prevent disease in animals. No graduate credit. 13 professional hours. Approved for S/U grading only. Prerequisite: VM 611.
- VM 614 Clinical Practice V credit: 8 Hours. (<https://courses.illinois.edu/schedule/terms/VM/614/>)  
Teaches clinical skills, practices, and procedures used in the Veterinary Teaching Hospital and the Veterinary Diagnostic Laboratory and provides hands-on experience in the methodologies used to diagnose, treat, and prevent disease in animals. No graduate credit. 8 professional hours. Approved for S/U grading only. Prerequisite: VM 611.
- VM 615 Clinical Practice VI credit: 8 Hours. (<https://courses.illinois.edu/schedule/terms/VM/615/>)  
Teaches clinical skills, practices, and procedures used in the Veterinary Teaching Hospital and the Veterinary Diagnostic Laboratory and provides hands-on experience in the methodologies used to diagnose, treat, and prevent disease in animals. No graduate credit. 8 professional hours. Approved for S/U grading only. Prerequisite: VM 611.
- VM 616 Clinical Practice VII credit: 8 Hours. (<https://courses.illinois.edu/schedule/terms/VM/616/>)  
Teaches clinical skills, practices, and procedures used in the Veterinary Teaching Hospital and the Veterinary Diagnostic Laboratory and provides hands-on experience in the methodologies used to diagnose, treat, and prevent disease in animals. No graduate credit. 8 professional hours. Approved for S/U grading only. Prerequisite: VM 611.
- VM 617 Professional Development credit: 8 Hours. (<https://courses.illinois.edu/schedule/terms/VM/617/>)  
Provides students with a capstone experience near graduation to enhance their educations with advanced professional experiences tailored to their career needs and/or to strengthen perceived areas of weakness in their professional education and development. No graduate credit. 8 professional hours. Approved for S/U grading only. Prerequisite: VM 616 and good-standing in the veterinary professional curriculum.
- VM 620 Canine Feline Behavior credit: 1 or 3 Hours. (<https://courses.illinois.edu/schedule/terms/VM/620/>)  
This lecture/discussion course examines the evolutionary histories, domestication process, development behavior social behavior and problem behavior of the dog and the cat. Topics also include learning theory, training methods, and behavior modification approaches for companion animals. Analysis and discussion of behavior/training case studies are included, and lectures and discussions focus on issues that are relevant to the involved in-depth analysis of behavior problem case studies. No graduate credit. 1 or 3 professional hours.
- VM 622 Research Project I credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/VM/622/>)  
In this lecture/discussion course, students will work in groups, each led by a faculty mentor. Each group will develop a research question, design experiments to answer the question, and write a project proposal. No graduate credit. 2 professional hours. Approved for S/U grading only. Prerequisite: Good standing in the veterinary curriculum.
- VM 623 Research Project II credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/VM/623/>)  
In this lecture/discussion course, which is a continuation of VM 622, students will work in groups, each led by a faculty mentor. The groups will conduct the research project that was planned and proposed in VM 622, analyze the data, and prepare a scientific manuscript for publication. No graduate credit. 2 professional hours. Approved for S/U grading only. Prerequisite: Good standing in the veterinary curriculum.
- VM 626 The Basics of Business credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VM/626/>)  
Business principles related to managing a veterinary practice including economics, negotiations, finance, communication and interpersonal skills, accounting, and management. 1 graduate hour. 1 professional hour. Prerequisite: Third year standing in the veterinary curriculum or consent of instructor.
- VM 627 Fundamentals of Finance credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VM/627/>)  
Provides students with a strong introductory background in the basic aspects of personal and corporate finance. Topics addressed include financial statements, budgeting, debt management, interest rates, personal investment strategies, developing and managing a portfolio of investments, time value of money, financial decision making, and managing financial risk. No graduate credit. 1 professional hour. Approved for S/U grading only.
- VM 635 Veterinary Medical Spanish credit: 2 Hours. (<https://courses.illinois.edu/schedule/terms/VM/635/>)  
In this course second year veterinary students will learn basic veterinary Spanish terminology to enable them to communicate effectively with clients. This involves language skills necessary to describe diseases of various animals and discuss treatment options, their benefits and side effects, and cost of treatment with the client. No graduate credit. 2 professional hours. Approved for S/U grading only. Prerequisites: Students should have basic writing, reading, and speaking skills in Spanish. Second year students only.
- VM 642 Contemporary Issues in Vet Med credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VM/642/>)  
An introductory course for first year veterinary students that will explore issues affecting the profession and practice of veterinary medicine, as well as career opportunities. Approved for S/U grading only.
- VM 643 Fundamentals of Management credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VM/643/>)  
An introductory course for second year veterinary students that explores the aspects of managing people in a business setting. Compliance, motivation, engagement, persuading, developing, and retaining employees will be covered as well as cross generational issues in the work place. No graduate credit. 1 professional hour. Approved for S/U grading only.
- VM 645 Communications in Practice credit: 1 Hour. (<https://courses.illinois.edu/schedule/terms/VM/645/>)  
An introductory course for third year veterinary students that will explore the service and communication side of veterinary medicine as well as facilitate in educating students on personal finance, resume development, interviewing contracts and negotiation, and intra and interpersonal communication. No graduate credit. 1 professional hour. Approved for S/U grading only.

VM 694 Veterinary Medicine credit: 1 to 4 Hours. (<https://courses.illinois.edu/schedule/terms/VM/694/>)

To be used to designate a trial or experimental course for five or more students. It is designed to be an elective in the CVM professional curriculum. A course can be taught under this designation two times within a two-year period and cannot be renewed as a VM 694 course. No graduate credit. 1 to 4 professional hours. May be repeated to a maximum of 8 hours if topics vary. Prerequisite: Registration in the veterinary medicine curriculum or consent of instructor.

# WLOF (WLOF)

---

WLOF Class Schedule (<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT/WLOF/>)

## Courses

WLOF 201 Elementary Wolof I credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/WLOF/201/>)  
Introduction to Wolof; emphasizes grammar, pronunciation, reading, and conversation in standard Wolof. Same as AFST 241. Participation in language laboratory required.

WLOF 202 Elementary Wolof II credit: 5 Hours. (<https://courses.illinois.edu/schedule/terms/WLOF/202/>)  
Continuation of elementary Wolof, with introduction of more advanced grammar; emphasizes more fluency in speaking, reading, and writing simple sentences in standard Wolof. Same as AFST 242. Prerequisite: WLOF 201. Participation in language laboratory required.

WLOF 403 Intermediate Wolof I credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/WLOF/403/>)  
Survey of more advanced grammar, with emphasis on increasing conversational fluency, composition skills, study of written texts in standard and Dakar Wolof, and discussion of grammatical variations. Same as AFST 443. 4 undergraduate hours. 4 graduate hours. Prerequisite: WLOF 202.

WLOF 404 Intermediate Wolof II credit: 4 Hours. (<https://courses.illinois.edu/schedule/terms/WLOF/404/>)  
Continuation of WLOF 403. Emphasizes ability to engage in reasonably fluent discourse in Wolof, comprehensive knowledge of formal grammar, and ability to read ordinary texts in standard and Dakar Wolof. Same as AFST 444. 4 undergraduate hours. 4 graduate hours. Prerequisite: WLOF 403.
