# COMPUTER SCIENCE + CROP SCIENCES, BS 

for the degree of Bachelor of Science Major in Computer Science + Crop Sciences

#### Abstract

Computer Science + Crop Sciences (CS+CPSC) is a first-of-its-kind partnership between The Grainger College of Engineering's Department of Computer Science and the Department of Crop Sciences in the College of Agricultural, Consumer and Environmental Sciences.

Our growing population and changing climate demand out-of-thebox, multidisciplinary thinkers who can handle increasingly rich data sets. CS+CPSC students fill this crucial gap in the agriculture sector, combining a strong technical background with crop sciences expertise powerful enough to change the world.

Students will be among the first to analyze robotics-enabled soil and field measurements, predict weather and climate impacts on food supplies, and accelerate plant improvement through the simultaneous analysis of genetics, environment, and management. for the degree of Bachelor of Science Major in Computer Science + Crop Sciences

Please see the Computer Science advisor in 1210 Siebel Center, as well as the Crop Sciences advisor in AE-116 Turner Hall.

To graduate from the Computer Science and Crop Sciences curriculum, a student must complete the following courses, all of which must be taken for a traditional letter grade.

| Code | Title | Hours |
| :---: | :---: | :---: |
| Composition I and Speech |  | 6-7 |
| RHET 105 <br> \& CMN 101 | Writing and Research and Public Speaking |  |
| OR |  |  |
| CMN 111 <br> \& CMN 112 | Oral \& Written Comm I and Oral \& Written Comm II |  |
| Advanced Composition |  |  |
| Select from campus-approved list. |  | 3-4 |
| Cultural Studies |  |  |
| Select one course from Western culture, one from non-Western culture, and one from U.S. minority culture from campus approved lists. |  | 9 |
| Foreign Language |  |  |
| Coursework at or above the third level is required for graduation. |  | 0-15 |
| Quantitative Reasoning I |  |  |
| See Mathematical Foundations for specific requirement. |  | 3 |
| Quantitative Reasoning II |  |  |
| See Mathematical Foundations for specific requirement. |  | 3 |
| Natural Sciences and Technology |  |  |

## Sample Sequence

This sample sequence is intended to be used only as a guide for degree completion. All students should work individually with their academic advisors to decide the actual course selection and sequence that works best for them based on their academic preparation and goals. Enrichment programming such as study abroad, minors, internships, and so on may impact the structure of this four-year plan. Course availability is not guaranteed during the semester indicated in the sample sequence.

Students must fulfill their Language Other Than English requirement by successfully completing a third level of a language other than English. CPSC 112 will count as one of the natural sciences and technology general education requirements. See the corresponding section on the Degree General and Education Requirements page (http:// catalog.illinois.edu/general-information/degree-general-educationrequirements/).
