

CROP SCIENCES: PLANT BIOTECHNOLOGY AND MOLECULAR BIOLOGY, BS

for the degree of Bachelor of Science Major in Crop Sciences, Plant Biotechnology and Molecular Biology Concentration

department website: <https://cropsciences.illinois.edu/>

department faculty: <https://cropsciences.illinois.edu/people/faculty> (<https://cropsciences.illinois.edu/people/faculty/>)

overview of college admissions & requirements: Agricultural, Consumer & Environmental Sciences (<http://catalog.illinois.edu/schools/aces/academic-units/#text>)

college website: <https://aces.illinois.edu/>

This program will no longer accept applications: Spring 2022

Please see our new major: Plant Biotechnology, BS (<http://catalog.illinois.edu/undergraduate/aces/plant-biotechnology-bs/>)

The plant biotechnology and molecular biology concentration provides a curriculum that prepares students for careers in biotechnology or for entrance into graduate or professional school. The basic sciences are emphasized, including a strong foundation in biology and genetics. Students are encouraged to participate in undergraduate independent study in a molecular biology laboratory. For those who wish to pursue graduate work later, adequate preparation may be obtained by suitable choices of electives within the framework of this concentration.
