

COMMUNITY HEALTH: HEALTH PLANNING & ADMINISTRATION, BS

for the Bachelor of Science Major in Community Health, Health Planning & Administration Concentration

The Community Health Program at the University of Illinois prepares students in the ever changing world of health care and health behavior as practitioners and offers three concentrations at the undergraduate level: Health Education (<http://catalog.illinois.edu/undergraduate/ahs/community-health-bs/health-education-promotion/>), Health Planning & Administration (p. 1), and Rehabilitation & Disability Studies (<http://catalog.illinois.edu/undergraduate/ahs/community-health-bs/rehabilitation-studies/>). All curricula are built on a foundation of general education courses which emphasize communication skills and critical thinking. The Professional Core courses are designed to help students develop skills in planning, implementation, and evaluation in the context of health services and programs. Students must complete an internship during their senior year in a setting related to the degree and their interests. Recent internship sites have included the American Heart Association, the American Red Cross, hospitals, nursing homes, fitness centers, work site health education programs, and substance abuse prevention centers.

Further information is available from the Academic Affairs Office, Department of Kinesiology & Community Health, University of Illinois Urbana-Champaign, 1206 S. Fourth Street, 2021 Khan Annex, Huff Hall, Champaign, IL 61820, (217) 333-2307.

A 5 year BS MPH joint degree program is available for students majoring in Community Health, I-Health, or Kinesiology. Students apply for the program in the latter part of their third year (junior year) of study. Students accepted into the BS MPH joint degree program take 12 credit hours of coursework in their senior year that apply to both BS and MPH degrees. In the 5th year of study, students complete the remaining requirements for the MPH degree, and graduate simultaneously with both BS and MPH degrees. Additional information regarding the joint degree program can be found on the College of Applied Health Sciences website (<https://ahs.illinois.edu/bs-mp/>).

for the Bachelor of Science Major in Community Health, Health Planning & Administration Concentration

The Community Health Program requires certain courses from the approved lists be taken as noted below. The prescribed courses prepare the student for upper division study and may be used to satisfy General Education Requirements provided they are on the appropriate General Education List.

A total of 128 hours is required for a degree in Community Health with all the above requirements met. There will be range of electives a student will be able to take depending on the general education number of hours.

Supporting Electives

General Education

| Code | Title | Hours |
|--|--|--------------|
| Communication Arts | | |
| | Composition I and an approved speech performance course; or CMN 111 and CMN 112 | 6-7 |
| | Advanced Composition (CHLH 304 fulfills requirement) | 3-4 |
| Quantitative Reasoning I & II | | |
| | From approved campus list (must include a course in statistics from approved campus list) (CHLH 244 and CHLH 421 fulfills requirement) | 6 |
| Humanities and the Arts | | |
| | From approved campus list (CHLH 260 fulfills 3 hours of requirement) | 9 |
| Social and Behavioral Sciences | | |
| | From approved campus list | 9 |
| Natural Sciences and Technology | | |
| | From approved campus list | 9 |
| Cultural Studies ¹ | | |
| | One course from Non-Western Cultures approved campus list. | 3 |
| | One course from U.S. Minority Cultures approved campus list | 3 |
| | One course from Western Cultures approved campus list | 3 |
| | Foreign Language: Completion through the third level of the same language in high school or college | |
| Total Hours | | 51-53 |

| Code | Title | Hours |

Supporting Electives

Community Health Supporting Electives

Guidelines for Choosing Supporting Electives:

- 18 credit hours (about 6 separate classes) are required in Supporting Electives for the major;
- 9 credit hours or more of Supporting Electives should be completed within the Department of Kinesiology and Community Health: CHLH, IHTL, KIN, or REHB courses;
- If you are taking a course as part of your primary concentration, it will not also count as a Supporting Elective;
- Your academic advisor will work with you to help determine what coursework is appropriate to count as your Supporting Electives and/ or you may select from this approved list of courses.

CHLH Courses

Sample Sequence

This sample sequence is intended to be used only as a guide for degree completion. All students should work individually with their academic advisors to decide the actual course selection and sequence that works best for them based on their academic preparation and goals. Enrichment programming such as study abroad, minors, internships, and so on may impact the structure of this four-year plan. Course availability is not guaranteed during the semester indicated in the sample sequence.

Students must fulfill their Language Other Than English requirement by successfully completing a third level of a language other than English. For more information, see the corresponding section on the Degree and General Education Requirements page (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).
