DISABILITY STUDIES MINOR

for the Undergraduate Minor in Disability Studies

The undergraduate Minor in Disability Studies focuses on the physical, behavioral, biological, and social aspects of disability and chronic health conditions. The minor can include coursework from a broad array of departments, thus accommodating students from different disciplines across the campus. There are no prerequisites for this minor. The curriculum blends cultural and clinical perspectives of disability in society to allow for multiple approaches to understanding disability and to enable individual tailoring to meet students’ varied career interests (e.g., medicine, nursing, physical therapy, occupational therapy, speech/hearing therapy).

Students must take at least six hours of advanced (300-level or 400-level courses) and six hours of coursework must be distinct from credit earned for the student’s major or another minor. Additional information can be found on the minor in Disability Studies (https://ahs.illinois.edu/disability-studies-minor/) website.

for the Undergraduate Minor in Disability Studies

The undergraduate Minor in Disability Studies focuses on the physical, behavioral, biological, and social aspects of disability and chronic health conditions. The minor can include coursework from a broad array of departments, thus accommodating students from different disciplines across the campus. There are no prerequisites for this minor. The curriculum blends cultural and clinical perspectives of disability in society to allow for multiple approaches to understanding disability and to enable individual tailoring to meet students’ varied career interests.

Please refer to the Provost’s Office policy (https://provost.illinois.edu/education/advising-resources/pursuing-undergraduate-minor/) for additional information related to undergraduate minors.

Minimum required course work: Students must take at least six hours of advanced (300-level or 400-level courses) and six hours of coursework must be distinct from credit earned for the student’s major or another minor.

Minimum hours required for completion: 19 hours.
