

MANAGEMENT, BS

for the degree of Bachelor of Science Major in Management

The Management Major is designed to enable business students to be leaders and innovators in their work teams and organizations. You'll be trained to analyze and solve managerial problems – be they around people, organizations, or markets - that every organization faces in its day-to-day operations. You'll take courses about leading individuals and teams, designing and managing organizations, effective negotiation, and strategic human resource management. You'll also choose from a variety of electives, including new product development, project management, entrepreneurship, and international business.
