The Department of Dance, a unit in the College of Fine and Applied Arts, offers a small, personalized program within the context of a large university setting. The resident faculty of eleven full-time members is augmented by part-time faculty and artists-in-residence. The teaching staff includes ten graduate teaching assistants who teach dance in the general education program. The department is an accredited institutional member of the National Association of Schools of Dance.

Program focus in the MFA and the BFA is on the professional preparation of performers, choreographers, and teachers with a breadth of understanding in the discipline. The choreographic and performance emphasis is in contemporary dance; ballet is included as an integral component of training. Classes in yoga, jazz, tap, and world dance forms are offered in the major curriculum. The field of dance science is addressed through courses in Bartenieff movement fundamentals, Laban movement analysis, dance kinesiology, and the Alexander Technique. Additional courses are taught in dance for the camera, dance technology, and other topics of current import. The BA in Dance has a broader, more interdisciplinary scope and is geared toward students who wish to explore careers related to dance and/or create interdisciplinary performance works.

The performance component of the department is housed in the Krannert Center for the Performing Arts, utilizing the exceptional performing, production, and teaching resources of this world-class facility. Additional studio and classroom facilities and the faculty and administrative offices are housed in two adjacent buildings in close proximity to the Krannert Center. Four department concerts per year are produced in the theatres of the Krannert Center, including two concerts of student choreography. The resident lecture-demonstration company performs in community schools, and additional performing opportunities are provided in concerts presented in the dance studio/theatre, in operas and music performances, in University and community musicals, and in regional and national college dance festivals.

Bachelor of Arts in Dance

The BA curriculum in dance is designed to provide an integrated and individualized approach to undergraduate studies of dance. The degree is designed for students who want to explore interdisciplinary approaches to art-making, and/or simultaneously pursue a minor or major in another discipline. Students will study three core areas in Dance: Technique, Creative Process, and Dance Academics. Students will identify at least one other key area of interest such as Theater, Music, Anthropology, Business, Art & Design, Environment, Film, Gender Studies, Cultural Studies, etc., and will choose a Major, Minor or Focused Electives in this area of study under consultation with an advisor. Under the mentorship of a faculty member, students will create a BA Capstone Project in their senior year as a synthesis of the studies within dance and another area of study.

Students pursuing a Dance degree at the University of Illinois must be admitted to the BFA in Dance (audition required). Once admitted, those desiring a broader education may choose to enroll in the BA in Dance, rather than continuing in the BFA.

A total of 120 hours is required for this degree.
