

MUSIC MINOR, UG

for the Minor in Music

The School of Music offers non-music majors an exposure to music through courses in musicology and ethnomusicology, music theory, music composition, music technology, jazz history and studies, and performance studies (through applied lessons and ensemble). The Music Minor is intended for student musicians with previously established, fundamental musical experiences - individuals who wish to expand upon already obtained musical skills and related study - and is not intended to be an introduction to music.

for the Minor in Music

The Music Minor requires the successful completion of 18 semester hours of courses in music according to the following requirements:

Any MUS or MUSC course may satisfy elective credits, however, only three (3) credit hours of ensemble courses (MUSC 447 through 498) may be used for elective credit.		
Registering for non-major applied lessons requires communicating with the appropriate music professor and the availability of teaching staff. It also requires a nominal semester fee for weekly lessons.
