Mathematics, BSLAS

for the degree of Bachelor of Science in Liberal Arts & Sciences Major in Mathematics

department website: https://www.math.illinois.edu/
department faculty: Mathematics Faculty (https://math.illinois.edu/
directory/faculty/)
advising: Math advising (https://math.illinois.edu/academics/
undergraduate-program/undergraduate-advising/)
overview of college admissions & requirements: Liberal Arts &
Sciences (http://catalog.illinois.edu/schools/las/academic-units/)
college website: https://las.illinois.edu/
email: mathadvising@illinois.edu

Students in the Mathematics major can choose one of the following to
complete the major:

Mathematics major (p. 1)
Mathematics major, Applied Mathematics concentration (http://
catalog.illinois.edu/undergraduate/las/mathematics-bslas/applied-
mathematics/)
Mathematics major, Graduate Preparation concentration (http://
catalog.illinois.edu/undergraduate/las/mathematics-bslas/
graduate-preparatory/)
Mathematics major, Mathematics Teaching concentration (http://
catalog.illinois.edu/undergraduate/las/mathematics-bslas/
teaching-mathematics/)
Mathematics major, Operations Research concentration (http://
catalog.illinois.edu/undergraduate/las/mathematics-bslas/
operations-research/)

Mathematics is a broad discipline that contains a range of areas of
specialization within it. The required core courses provide fundamental
background for mathematics in general. The concentrations allow the
student to broaden this background or begin to specialize. Students must
complete the core courses and a concentration.

An entering student in mathematics should have academic preparation
to enroll in MATH 220 (http://catalog.illinois.edu/search/?P=MATH
%20220) during the first semester. Admission to MATH 220 (http://
catalog.illinois.edu/search/?P=MATH%20220) requires an acceptable
ALEKS score. A student should attain grades of B in calculus in order to
complete the advanced courses successfully.

Undergraduate programs in Mathematics

for the degree of Bachelor of Science in Liberal Arts and Sciences Major in
Mathematics

A Major Plan of Study form, declaring concentration and supporting
coursework, must be completed and submitted to the LAS Student
Academic Affairs Office except for students in the Teaching of
Mathematics concentration. Please complete this form with an advisor
in the Mathematics Undergraduate Office within 1-2 semesters of
completing MATH 347 or MATH 348.

Departmental distinction: Distinction will be awarded on the basis of
selection of 400-level courses in mathematics and the grade point
average. Graduation with High Distinction or Highest Distinction in
Mathematics requires participation in the Program for Distinction in
Mathematics or Mathematics Education. Full details are available at the
departmental website.

General education: Students must complete the Campus General
Education (https://courses.illinois.edu/) requirements including the
campus general education language requirement.
Minimum required major and supporting course work: normally
equates to 46-57 hours including 27-35 hours of mathematics
beyond calculus, 3-4 hours of computer science, and 12 hours of
supporting coursework. Twelve (12) hours of 300- and 400-level
courses in the major must be taken on this campus.
Minimum hours required for graduation: 120 hours.

Total Hours                                           46-49

1 Students should have credit for MATH 220/MATH 221 and MATH 231
before enrolling in MATH 241.

Information listed in this catalog is current as of 03/2021
Beginning in Fall 2012, students may not receive credit for both MATH 416 and either ASRM 406 (formerly MATH 410) or MATH 415. However, if one course is taken prior to Fall 2012, credit may be earned for both MATH 416 and either of ASRM 406 (formerly MATH 410) or MATH 415.

If MATH 424 or MATH 447 is completed, a requirement for the Graduate Preparatory concentration has been satisfied.

If STAT 400 is completed, a requirement for the Operations Research concentration has been satisfied.
