The minor in economics, administered by the Department of Economics,
is designed to provide students who are not majoring in economics
with a basic foundation in economic analysis. The minor offers
training in economic theory through the intermediate level, instruction
in quantitative methods of econometrics, and opportunity for
advanced work in a student’s particular area of interest following the
microeconomic, macroeconomic, or econometric track. Students
completing the minor in economics will enhance their major field of study
and prepare them for a career in their chosen field and/or for graduate
studies in a variety of fields. The minor consists of 18-21 hours within
economics. Students must complete the prerequisite mathematics
and economics courses with the required grade/GPA in order to apply.
Interested students should work with the Economics Undergraduate
Studies Office. Students must choose from the Microeconomics,
Macroeconomics, or Econometrics Track.

Prerequisite to applying for the Economics Minor:

Microeconomics and Macroeconomics tracks:

• MATH 220-Calculus or MATH 221- Calculus I with a grade of C or
higher. MATH 234 can substitute for MATH 220 or MATH 221, with a
grade of C or higher. Discuss your intended plan with the Department
of Economics Advising Office to ensure MATH 234 will prepare you for
advanced Economics coursework.

• ECON 102 and ECON 202 with a 2.33 or higher Illinois Economics
GPA. At least one ECON course must be taken on campus (please
see an Economics Academic Advisor if you have completed these
courses off-campus or have other credit).

Econometrics track:

• MATH 220-Calculus or MATH 221- Calculus I with a grade of C or
higher.

• MATH 225 with a grade of C or higher. (Recommended prior to
application, but not required)

• ECON 102, ECON 202 and ECON 203 with a 2.33 or higher Illinois
Economics GPA. At least one ECON course must be taken on campus
(please see an Economics Academic Advisor if you have completed
these courses off-campus or have other credit).
