MAJOR IN INFORMATION SYSTEMS

For the Degree of Bachelor of Science in Information Systems

The Information Systems major provides students the skills necessary to understand and manage information, information technology development, systems analysis, e-business management and electronic commerce.

In addition to the Information Systems major's requirements, Business Administration students must also fulfill the Urbana-Champaign campus's General Education requirements and the College of Business's Core Courses requirements (for more detail, refer to the College of Business Undergraduate Section (http://catalog.illinois.edu/undergraduate/business)).
