

INTERDISCIPLINARY HEALTH SCIENCES, BS & EPIDEMIOLOGY, MPH

for the degrees of Bachelor of Science in Interdisciplinary Health Sciences and Master of Public Health in Epidemiology

Interdisciplinary Health Sciences (or I-Health) is a unique and innovative undergraduate program that reflects the trajectory of the healthcare industry. I-Health teaches students to look at health care more holistically and draw from the knowledge of several other fields to develop innovative new solutions to health-related problems. Graduates leave the program not only armed with a deep knowledge of biology and other sciences, but with the ability to comprehensively care for the whole person.

The Interdisciplinary Health Sciences, BS degree program includes a set of four concentrations, of which a student must complete at least one:

- Health & Aging Concentration (<http://catalog.illinois.edu/undergraduate/ahs/interdisciplinary-health-sciences-bs/health-aging/>)
- Health Behavior Change Concentration (<http://catalog.illinois.edu/undergraduate/ahs/interdisciplinary-health-sciences-bs/health-behavior-change/>)
- Health Diversity Concentration (<http://catalog.illinois.edu/undergraduate/ahs/interdisciplinary-health-sciences/health-diverse/>)
- Health Technology (<http://catalog.illinois.edu/undergraduate/ahs/interdisciplinary-health-sciences-bs/health-technology/>)

A 5 year BS MPH joint degree program is available for students majoring in Community Health, I-Health, or Kinesiology. Students apply for the program in the latter part of their third year (junior year) of study. Students accepted into the BS MPH joint degree program take 12 credit hours of coursework in their senior year that apply to both BS and MPH degrees. In the 5th year of study, students complete the remaining requirements for the MPH degree, and graduate simultaneously with both BS and MPH degrees. A summary of the requirements for the MPH degree is provided here (<http://catalog.illinois.edu/graduate/graduate-majors/community-health/master-pub-health/#degreerequirementstext>). The requirements are explained in more detail on the MPH program page (<http://www.mph.illinois.edu/Program/>). (<https://ahs.illinois.edu/how-to-apply-bs-mp/>)

for the degrees of Bachelor of Science in Interdisciplinary Health Sciences and Master of Public Health in Epidemiology

The curriculum requires certain existing courses from the approved lists be taken as noted below. The prescribed courses prepare the student for upper division study and may be used to satisfy General Education Requirements provided they are on the appropriate General Education List.

for the Interdisciplinary Health Science, BS Summary of Degree Requirements

Code	Title	Hours
General Education		36-39
Health Major Requirements		42
Concentration Requirements		22-23
Free Electives		24-28
Total Hours		128

The curriculum requires certain existing courses from the approved lists be taken as noted below. The prescribed courses prepare the student for upper division study and may be used to satisfy General Education Requirements provided they are on the appropriate General Education List.

General Education Requirements

Code	Title	Hours
Communication Arts		
Composition I		3-6
Advanced Composition		3
Quantitative Reasoning I & II		
From approved campus list		6
Humanities and the Arts		
From approved campus list		6
Social and Behavioral Sciences		
From approved campus list		6
Natural Sciences and Technology		
From approved campus list		6
Cultural Studies ¹		
From Western cultures approved campus list		3
From non-Western cultures approved campus list		3
From U.S. minority cultures approved campus list		3
Total Hours		39-42

¹ Courses in cultural studies may be completed through other categories where appropriate.

Electives	2 courses, 3-4 hours each	8
Total Hours	(minimum required)	48

Other Requirements

Required Courses:	Required Hours
Minimum 500-level hours Required	12 (8 within the unit)
Overall:	
Minimum GPA	3.0

for the degrees of Bachelor of Science in Interdisciplinary Health Sciences and Master of Public Health in Epidemiology

Sample Sequence

This sample sequence is intended to be used only as a guide for degree completion. All students should work individually with their academic advisors to decide the actual course selection and sequence that works best for them based on their academic preparation and goals. Enrichment programming such as study abroad, minors, internships, and so on may impact the structure of this plan. Course availability is not guaranteed during the semester indicated in the sample sequence.

Students must fulfill their Language Other Than English requirement by successfully completing a third level of a language other than English. For more information see the corresponding section on the Degree and General Education Requirements page (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).
